Changes in the sensitivity to hypoxia and glucose deprivation in the isolated perfused **rabbit** *heart* during perinatal development. 096496
Method for the analysis of the entrainment between *heart* **rate** and ventilation rate [Rabbits]. 096499
Quantitative morphological studies into heart of Berlin miniature swine. 1. Absolute and **relative** *heart* weight. 096214
Phlebia chrysocrea causes a *heart* **rot** of oaks [Quercus] andother hardwoods. 101558
Farming in the *heart* of the **USA.** Large proportion [of land] under plow. 094745

HEARTWOODS
Flavanoids of Acacia **suma** *heartwood* quercetin and hyperin 3', 7-dimethyl ether. 098204

HEAT
Snow damage prevention: *heat,* **adequate** structure [Ornamental plants]. 101898
An empirical equation for thin layer drying of rough rice with *heated* **air.** 095826
Solar radiation and *heat* **balance** in animals and man. 096562
The role of alpha-lactalbumin in the primary phase of chymosin action on *heated* **casein** micelles. 095589
Alkaline solubilization of *heat-precipitated* **cheese** whey protein. 095561
Effects of various ambient temperatures and of *heating* and **cooling** the hypothalamus and cervical spinal cord on antidiuretic hormone secretion and urinary osmolality in pigs. 096466
Response pattern of cutaneous postganglionic neurones to the hindlimb on spinal **cord** *heating* and cooling in the cat. 096501
Trials on artificial insemination in Cameroon. I. Artificial insemination of Zebu **cows** in *heat.* 097035
Breakfast is refreshing and cool on a *hot* **day.** 095102
Evaluation of the collection of tomato entries for *heat* and **drought** resistance in the western Kazakhstan. 100384
Standardization of **dry** *heat* [meat] cookery methods. 095201
Fertility of Merino ewes. 1. The effect of ram-ewe ratio and paddock size. 2. Ram-seeking activity and the **duration** of *heat.* 096997
Electric *heating*—a reliable method of protecting citrus trees from frosts. 102035
Power regulator for an **electrode** *water-heater.* 103374
Methodology for **estimating** *heat* losses in food processing plants. 095531
Changes of the body temperature, pulse and respiration frequencies of pigs after an **extreme** *heat* load with respect to the breed. 096506
Raw and *heated* full **fat** soybeans in laying diets [poultry]. 096761
N-nitrosopyrrolidine collected as a volatile during *heat-induced* **formation** in nitrite-containing pork. 095689
Lipids of spores from Phycomyces [blakesleeanus, Fungi] in relation to *heat-induced* **germination.** 099532
Analysis of oscillation effects arising at **glucose** *heating* in alkali. 098295
The temperture and duration of *heating* the **grain** of popcorn when popping it. 095774
Heating **grapes** and sulfur dioxide [Wine making]. 095944
OARDC's [Ohio Agricultural Research & Development Center] *solar-heated* **greenhouse** [Solar pond]. 103321
The problem of efficient utilization of electric energy for **heating** *hot* beds. 103378
Reduced symptoms of anaphylaxis in chickens by ACTH [adrenocorticotropic **hormone**] or *heat.* 097748
The problem of efficient utilization of electric energy for *heating* **hot** beds. 103378
Solar energy [Poultry **houses,** *heating].* 103385
Analysis of stylar self-incompatibility competence by use of *heat* **induced** inactivation [Lilium longiflorum]. 099410
Degradation of sucrose during *heating* and **influence** of amino acids on the pyrolytic process [Cognac]. 095873
Drained weight **issue** *heats* up; industry, consumers disagree. 095275

Kiln *heating* and heat recovery from wood waste. 098182
Investigations of operating conditions of sources of general and **local** *heating* in a breeding piggery. 103371
Flight energetics in sphinx moths: heat production and *heat* **loss** in Hyles lineata during free flight. 102980
Heat **losses** and beehive humidity. 103298
On the occurrence of isopeptide bonds in *heat* **milk** protein. 095665
Role of acid-basic catalysis in formation of polymer products at *heating* **model** compounds of lignin structural unit. 098353
Physical and functional properties of *heat* **pasteurized** mechanically deboned poultry meat. 095744
Effect of moisture content and porosity in compost at filling on the fermentation of compost during **peak** *heating* and yield of cultivated mushroom, Agaricus bisporus (Lange) Sing. 104125
Pepper weevil [Anthonomus eugenii] control on *hot* **pepper.** 102432
Changes in the ultrastructure of *hot-water-treated* **pine** wood during sulphate cooking process. 098299
Radish growing in *unheated* **polyethylene** [plastic] greenhouses in the Sandanski-Petrich region. 101151
The experience of operating a line of *hot* **process** bottling with the productivity of 20,000 bottles per hour. 095966
Flight energetics in sphinx moths: *heat* **production** and heat loss in Hyles lineata during free flight. 102980
Prospects of using new indices of *heat* **provision** rate for programming yields of farm crops. 094245
Kiln heating and *heat* **recovery** from wood waste. 098182
Chemical manipulation of the *heat* **resistance** of Clostridiumbotulinum spores [Bacterial contamination of foods]. 094802
About the methods of evaluating collection material of cucumbers and redpeppers for *heat* **resistance.** 099076
Sugar and polyol permeability of Salmonella and osmophilic yeast [Saccharomyces rouxii, Schizosaccharomyces pombe] cell membranes measured by turbidimetry, and its relation to *heat* **resistance.** 099805
The effect of sugars and polyols on the *heat* **resistance** and morphology of osmophilic yeasts [Saccharomyces rouxii and Schizosaccharomyces pombe]. 099806
Heat **resistance** of plum varieties in the foothill region of Crimea. 100389
Heat **resistance** of Calliphoridae larvae in relation to develoment of rearing temperature [Callitroga macellaria, Lucilia cuprina, Calliphora vinina]. 103001
Economic evaluation of **selected** *hot* air driers in the SouthBohemian region [Feed processing, costs]. 094435
Is **solar** *heating* feasible for livestock housing? 103332
Sunpower dries soybeans [**Solar** *heat].* 103574
A note on the effect of *heat* on the **solubility** and in vitro breakdown of groundnut-cake proteins [Ruminant rations]. 096010
Plasmodium berghei: *heat-treated* **sporozoite** vaccination of A/J mice: comparison of routes of injection. 097625
Heat **stability** of forewarmed milks: influence of kappa-casein, serum proteins and divalent cations. 095583
Heat **steals** protein from silage. 096000
If you can't stand the *heat* [**Stress,** apples]. 101830
Empirical comparison between cold soda chemi-groundwood pulp (C-CGP) and *hot* **sulfite** chemi-groundwood pulp (H-CGP) in the newsprint mill. 098244
The determination of hemoglobin and myoglobin residues as a parameter for **testing** *heat* exposure in back bacon. 094822
A study of *heat* **tolerance,** growth rate and the onset of puberty in Brahman, Santa Gertrudis and Hereford heifers in a humid tropical climate: Fiji. 096362
Heat **transfer** in meat. 095710
Heat **transfer** characteristics of rectangular [carton-packed spinach] products. 095945
Effect of infrared transparency on the *heat* **transfer** through windows: a clarification of the greenhouse effect. 103393
A modified method for determining available lysine in protein recovered from *heat* **treated** potato juice. 095866
Changes of free amino acids in milk by *heat* **treatment,** deepfreezing, and refrigeration. 095560
Effect of *heat* **treatment** on the ATPase [adenosine triphosphatase] activity of various sarcoplasmic reticulum preparations [Rabbit skeletal muscle]. 096343
Chlorine, acid, and *heat* **treatments** to eliminate Salmonellaon broiler carcasses. 094897
Rennet clotting time of buffalo milk as affected by *heat* **treatments.** 095626
Programming the corm raised freesia (Freesia X hybrida) crop. I. *Heat* **treatments,** duration of cooling treatment and irradiation during cooling treatment. 100591
Development of *heating* and **ventilation** equipment for premises for breeding silkworms [Bombyx mori]. 103366
Effect of *heated* **waters** on the phytoplankton in the Ivan'kovo Reservoir. 100021
Vegetation from the lower reaches of the Ivan'kovo Reservoir and the effect of *heated* **waters** from the Konakovo State Regional Power Station on it. 100022

HEATHER
Seasonal fluctuation of nutrients in soil and leaf tissue of the *heather,* **Calluna** vulgaris (Hull) L. 099801

HECTARES
Estimating the income and expenses of 1 *hectare* of **black** currant plantings. 094399

HEDERA
Changes in the amount of complex lipids in the seeds and in the pericarp during the development of ivy **fruit** *(Hedera* helix). 100525

HEDGES
Protective plantings [of *hedges]* in the **cultivated** landscape. 100910
Ornamental *hedges* for Idaho [Culture]. 101114
Hedging and **topping:** growers have differing views [Citrus groves]. 101105

HEIFERS *see* CATTLE

HEIGHT
Evaluation of double thickness of bark of individual Paranapines (Araucaria angustifolia (Bert.) O. Ktze.) at **breast** *height.* 098046
A-Rest as a substitute for B-Nine in pot **Chrysanthemum** *height* control [Growth regulators]. 100419
Environmental variables influencing the increment of Pinus radiata. 2. Effects of seasonal drought on *height* and **diameter** increment. 098010
Effect of topping and nitrogen on flue-cured tobacco. III. Suckers, **plant** *height* and time of flowering. 100699
Growth and productivity of leaf surface of the bolgar [grape] variety relative to **stem** *height.* 100435
Comparative studies of magnesium-bisulphite and sulphate cooking processes of Larix dahurica. I. Comparative cooks of wood from different parts of a **tree** along its *height.* 098301
Performance of Red X Rock sex-linked females in reverse and conventional laying cages of **varying** *heights* [Layers]. 096118
Forcing tulips in various substrates and in boxes of **varying** *height* [Growth]. 100589

HELA
Morphology, morphometry and electron microscopy of *HeLa* **cells** infected with bovine Mycoplasma. 097300

HELENIEAE
Flora of Guatemala: Vernonieae, Astereae, Inuleae, Heliantheae, Anthemideae, Cynareae, Mutisieae, Cichorieae, Eupatorieae, *Helenieae,* **Senecioneae.** XII. 098605

HELENIUM
Mammalian toxicity of helenalin, the toxic principle of *Helenium* **microcephalum** DC (smallhead sneezeweed) [Sheep, laboratory animals]. 097779
Structure and stereochemistry of microlenin, a novel antitumour dimeric sesquiterpene lactone from *Helenium* **microcephalum;** X-ray crystal structure. 099661

HELIANTHEAE
Flora of Guatemala: Vernonieae, Astereae, Inuleae, *Heliantheae,* **Anthemideae,** Cynareae, Mutisieae, Cichorieae, Eupatorieae, Helenieae, Senecioneae. XII. 098605
Alkaloid-like compounds in the plants from the family Compositae (Asteraceae). II. The **tribe** *Heliantheae.* 099726

HELIANTHUS
Rapid propagation of changes in velocity of translocation among the phloem pathway of *Helianthus* **annuus** L. [Sunflowers]. 100095
The peculiarity of the respiratory metabolism of the Jerusalem **artichoke** *(Helianthus* tuberosus L.) leaves in case of combined effect of the inhibitors. 100611
Response of sunflower **plants** *(Helianthus* annuus L.) to different regimes of humidity in the soil and effects of irrigation in critical periods of development. 104269
Chromatin subunits visualized in common ultrathin sections of *Helianthus* **[sunflower]** nuclei. 098973
Transfer of restorer genes over a new genetic background in **sunflower** *(Helianthus* annuus L.). 099154
Effects of periods of drought during different phases of growth of **sunflower** *(Helianthus* annuus L.) cultivated in the greenhouse. 100164
Correlation and path coefficient analysis of the characters affecting the yield of the **sunflower** *(Helianthus* annuus L.) [Varieties]. 100976

HELICHRYSUM
Blindness and encephalopathy caused by *Helichrysum* **argyrosphaerum** DC. (Compositae) in sheep and cattle. 097836

HELICONIUS
Postmating female odor in *Heliconius* **butterflies:** a male-contributed antiaphrodisiac? 103094

HELIOTHIS
Varietal responses of grain sorghum to infestation by *Heliothis* **armigera.** 102305
Activity of insect growth regulators (juvenile hormone analogues) against the cotton bollworm, *Heliothis* **armigera** Hbn. (Lepidoptera; Noctuidae) [Integrated control programmes]. 102375
Development of methods for field distribution of eggs of the insect predator Chrysopa carnea Stephens [Biological control of Heliothis zea and *Heliothis* **virescens,** cotton]. 102287
Baculovirus-like particles in the reproductive tracts of female parasitoid wasps [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, *Heliothis* **virescens].** 102295
Para-hemigossypolone: a sequiterpenoid aldehyde quinone from Gossypium hirsutum [Cotton, *Heliothis* **virescens,** Heliothis zea]. 102296
Science's goal: make tobacco budworm *[Heliothis* **virescens]** a vanishing species. 102359
Mating tables: a method of studying the mating and the competitive behavior of Lepidoptera and Diptera in the field *[Heliothis* **virescens,** Heliothis zea, Cochliomyia hominivorax]. 102801
Moth activity of *Heliothis* **zea** (Boddie) in Wisconsin (Lepidoptera: Noctuidae). 102247
Development of methods for field distribution of eggs of the insect predator Chrysopa carnea Stephens [Biological control of *Heliothis* **zea** and Heliothis virescens, cotton]. 102287
Para-hemigossypolone: a sequiterpenoid aldehyde quinone from Gossypium hirsutum [Cotton, Heliothis virescens, *Heliothis* **zea].** 102296
Mating tables: a method of studying the mating and the competitive behavior of Lepidoptera and Diptera in the field [Heliothis virescens, *Heliothis* **zea,** Cochliomyia hominivorax]. 102801
Selection for a diapause strain of the bollworm, *Heliothis* **zea.** 102986

HELIOTROPIUM
A mosaic [virus] disease of *Heliotropium* **indicum** L. [A common weed in cultivated fields]. 101819

HELIX
Changes in the amount of complex lipids in the seeds and in the pericarp during the development of ivy fruit **(Hedera** *helix).* 100525
Reconstitution of *helical* **viruses** other than TMV [tobacco rattle virus, barley stripe mosaic virus, winter wheat mosaic virus, potato virus]. 101743

HELLEBORUS
Observations on the proteinoplasts of *Helleborus* **corsicus** Willd. 099031

HELMINTHOSPORIUM
Pathogenicity of **Bipolaris** *(Helminthosporium)* setariae and Bipolaris maydis races T and O to carnation, geranium and snapdragon [Dianthus caryophyllus, Pelargonium domesticum, Antirrhinum majus]. 101557
Helminthosporium **[gossypii]** leaf spot on cotton. 101402
Chloris gayana, an additional host for *Helminthosporium* **maydis.** 101551
Yield losses in corn caused by *Helminthosporium* **maydis** raceT. 101570
Herbicide (2,4-D) [2,4-dichlorophenoxyacetic acid] increases insect and pathogen pests on corn [Ostrinia nubilalis, *Helminthosporium* **maydis].** 102367
Level of amino acids and post-infectional formation of antifungal substances in relation to susceptibility of rice plants against *Helminthosporium* **oryzae** at different. 101668
Chemical and enzymatic degradation of the cell walls of *Helminthosporium* **spiciferum** [Fungi]. The protective role of pigments. 099628
Interactions among roots of oat populations heterogeneous for reaction to *Helminthosporium* **victoriae.** 101501

HELMINTHS
On the *helminth* **fauna** of the moufflon (Ovis aries musimon) compared with those of domestic sheep (Ovis aries dom.) and deer (Capreolus capreolus, Cervus elaphus) in the Netherlands. 097346
Helminth **infections** in cattle [Parasitic worms]. 097325
A survey of **intestinal** *helminths* in stray and domestic dogs of Rutherford County, Tennessee. 097422
Polar lipids of **parasitic** *helminths.* I. Polar lipids of Fasciola hepatica and Paramphistomum microbothrium [From slaughtered animals]. 097643
Polar lipids of **parasitic** *helminths.* II. Polar lipids of Echinococcus granulosus larvae and Moniezia benedeni. 097644

HEMAGGLUTINATION
Hemagglutination and **hemagglutination-inhibition** tests with Newcastle disease virus-microtiter technique. 097522
Application of counterimmunoelectrophoresis and **indirect** *hemagglutination* tests in the study of bovine mycoplasmatales. 097506

Attenuation of pathogenicity of fowl plague virus by recombination with other influenza A viruses nonpathogenic for fowl: nonexclusive dependence of pathogenicity on *hemagglutinin* and **neuraminidase** of the virus. 097423
Hemagglutination and *hemagglutination-inhibition* **tests** with Newcastle disease virus-microtiter technique. 097522

HEMATOLOGY
Hematological **changes** in irradiated cattle: a twelve-year study. 096529
Accessory spleens in domestic rabbits (Oryctolagus cuniculus). II. Increased frequency in *hematological* **diseases** and experimental induction with phenylhydrazine. 096567
Feeding of rats with SCP concentrations (Toprina BP) [dried yeast protein]: *hematological* and **hematochemical** observations. 096670
Study on the hereditary variation in native aboriginal breeds of farm animals. I. Mutability in the activity of some plasma enzymes and *hematologic* **indexes** in Bulgarian Grey cattle of southeast Bulgaria. 097086

HEMATOPOIESIS
Hematopoiesis in the **yolk** sac in some representatives of Sauropsida [Chick embryos]. 096220

HEME
Complete amino acid sequence of the *heme-binding* **core** in bakers' yeast [Saccharomyces cerevisiae] cytochrome b2 (L-(+)-lactate dehydrogenase. 099553

HEMEROCAMPA
Progress on integrated pest management: Douglas-fir tussockmoth, gypsy moth, and southern pine beetle *[Hemerocampa* **pseudotsugata,** Porthetria dispar, Dendroctonus frontalis]. 102508

HEMICELLULASES
Fractionation of a *hemicellulase* **preparation** of a culture of the fungus Aspergillus awamori strain 16 by gel filtrationon Sephadex. 099503

HEMICELLULOSES
Investigation of fermentative hydrolysis of *hemicelluloses.* III. **Fermentative** hydrolysis of hemicelluloses in wood at different delignification stages. 098326
Note on the isolation of sorghum husk polysaccharides and fractionation of *hemicellulose* B. 095787
Investigation of fermentative hydrolysis of hemicelluloses. III. Fermentative hydrolysis of *hemicelluloses* in **wood** at different delignification stages. 098326

HEMILEIA
Determination of total sugars, sucrose and reducing sugars in coffee plants inoculated with *Hemileia* **vastatrix** Berk. And Br. [Rust]. 101624

HEMIPTERA
Neotropical Miridae. 192. Description of two new subgenera and species of the genus Notholopus **Bergroth** *(Hemiptera).* 103196
Male brooding behavior of the water bug Abedus **herberti** *(Hemiptera:* Belostomatidae). 102800
Life cycle, host plants and symptoms of damage of the tomato bug, Nesidiocoris tenuis Reut. *(Hemiptera:* **Miridae),** in Egypt. 102477
Body weight and blood meal size in Triatoma **protracta** *(Hemiptera:* Reduviidae) [Mammal hosts]. 102550
The African genus Hyalonysius **Slater** *(Hemiptera,* Heteroptera: Lygaeidae) [New Taxa]. 103173
Hemiptera of the **Sudan,** with remarks on some species of theadjacent countries. 5. Pentatomidae [New taxa]. 103148
Effects of photoperiod on a population of Euschistus **tristigmus** *(Hemiptera:* Pentatomidae) from Storrs, Connecticut. 102793

HEMLOCKS
Effect of temperature on growth rate and survival of Fomes annosus in **western** *hemlock* [Tsuga heterophylla] stumps. 098235
The brightening response of **western** *hemlock* [Tsuga heterophylla] refiner groundwood to hydrogen peroxide. 098268

HEMOCYTES
Haemopoiesis in Lepidoptera. I. The multiplication of **circulating** *haemocytes.* 102872
Production of heteroagglutinins in *haemocytes* of **Leucophaeamaderae** L. 102934

HEMOGLOBINS
Changes in the *hemoglobin* **level** of the whole blood, in the iron and copper levels of the plasma as well as the changes in the iron contents of the liver and the breast muscle matter of fattening turkeys. 096593
The determination of *hemoglobin* and **myoglobin** residues as a parameter for testing heat exposure in back bacon. 094822
Chromosomes, *hemoglobins,* and **transferrins** of Iranian domestic sheep. 096946
Studies on *hemoglobin* **variants** in Korean cattle. 096193

HEMOLYMPHS
Some metabolic disorders affecting the **carotenoid-linked** *haemolymph* proteins in Rhynchosciara americana (Diptera, Sciaridae). 102935
Changes in the free amino acid pattern of *haemolymph* of the **common** Indian scorpion Palamnaeus bengalensis during moulting. 102925
Haemolymphal activation of protyrosinase and the site of synthesis of *haemolymph* **protoyrosinase** in larvae of the fleshfly, Sarcophaga barbata. 103000

HEMOPROTEUS
Prevalence and distribution of Leucocytozoon smithi and *Haemoproteus* **meleagridis** in wild turkeys in South Carolina. 097435

HEMORRHAGE
Bovine *hemorrhagic* syndrome related to T-2 mycotoxin [Fusarium tricinctum]. 097843
Plaque neutralization test reactors to bluetongue and EHD **[epizootic** *hemorrhagic* disease] viruses in the southeastern U.S.a. 097348
Clinical and serological findings on the distribution of bluetongue and **epizootic** *hemorrhagic* disease viruse in Oregon. 097512
Identification of bluetongue and **epizootic** *hemorrhagic* disease viruses by the indirect fluorescent antibody procedure. 097524
Isolation of bluetongue and **epizootic** *hemorrhagic* disease viruses in cell culture. 097526
Serotyping bluetongue and **epizootic** *hemorrhagic* disease virus strains. 097548
Meningeal *haemorrhage* and congestion associated with the perinatal mortality of foals. 097768

HEMP
Effectiveness of defoliation and **desiccation** of *hemp.* 100881
Geographical variability of **flax** and *hemp.* 099446
Variations in cellulose content of *hemp* during its **growth** stage. 100143
Effect of nitrogen fertilization and harvesting season on the fiber and cellulose production of a cultivar and hybrids of *hemp.* I. 100750
Effect of nitrogenous fertilizers on the yield of *hemp* on **leached** Chernozem in the central foothill region of the Caucasus. 104070
Effect of the duration and conditions of storage on the germination percentage and yielding properties of *hemp* **seeds.** 100974

HENBANE
Rhizosphere and nonrhizosphere microflora of **Egyptian** *henbane* [Hyoscyamus muticus] under saline conditions. I. Microbial density and activity as affected by salinization level and duration. 098762
Microflora of **Egyptian** *henbane* [Hyoscyamus muticus] under saline conditions. II. Physiological activity of Actinomycetes as affected by salinization and duration. 099490

HENS *see* **CHICKENS**

HEPATIC
Hepatic **7alpha-hydroxylation** of cholesterol in ascorbate-supplemented **guinea pigs.** 095144
The reaction of sulfhydryl reagents with **bovine** *hepatic* monoamine oxidase: evidence for the presence of two cysteine residues essential for activity. 096255
Comparative properties of **canine** *hepatic* and pancreatic amylase. 096275
Influence of diet on the induction of *hepatic* **ceroid** pigment in rats by polychlorinated biphenyls. 097863
Hepatic **circulatory** anatomy and its role in liver disease. 097694
Studies on the appearance of a *hepatic* **copper-binding** protein in normal and zinc-deficient rats. 095026
Effect of temperature acclimation on activities of serum and *hepatic* **enzymes** of the rat [Biochemical and physiological metabolism]. 096198
Hepatic **gluconeogenesis** in the rabbit. 096397
Species dependent regulation of *hepatic* **gluconeogenesis** in higher animals. 096405
A possible role for pyrophosphate in the control of *hepatic* **glucose** metabolism. 096394
Contribution to the study of the *hepatic* **lesions** causec by Distomum magnum (Fascioloides magna) in the deer (Cervus elaphus) [Fasciolíasis]. 097302
Polarity and localization of auxin movement in the *hepatic,* **Marchantia** polymorpha. 099477
The influence of *hepatic* **microsomal** amidopyrine demethylase activity on halothane hepatotoxicity in the horse. 097817
Influence of starvation and *hepatic* **microsomal** enzyme. Induction on the mobilization of DDT residues in rats. 102775
Functional change in *hepatic* **mitochondria** of swine fed ethylchlorophenoxyisobutyrate. 097862
Localization of vitellogenin and serum albumin in *hepatic* **parenchymal** cells of normal and estradiol treated immature chickens. 096244
The effect of cycloheximide on *hepatic* **RNA** synthesis and nucleolar size in rats force-fed a threonine-devoid diet. 095151

HEPATICAE
The genus Fossombronia in Portugal, Madeira and **Azores** *[Hepaticae].* 098576
Studies of spermatogenesis in the *Hepaticae.* V. **Blepharoplast** development in Marchantia polymorpha. 099478
Sporophyte development and taxonomic position of the genus Odontoschisma **Dum.** *[Hepaticae].* 098572
Chloroplastid modifications in Marchantia polymorpha induced by a light **excess** *[Hepaticae].* 099593
Effect of light upon membrane potential, conductance, and ion fluxes in Riccia **fluitans** *[Hepaticae].* 099840
Sex chromosomes of Plagiochila praemorsa Stephani and the status of structural sex chromosomes in **hepatics** *[Hepaticae].* 099125
Bryophytes and overevolution: comparative study of Ephemeropsis (Musci) and **Metzgeriopsis** *[Hepaticae].* 098567
Chloramphenicol and rifampicine effect on Marchantia **polymorpha** L. *[Hepaticae].* 099592
New and **rare** *liverwort* [Hepaticae] species of the Sadecki Beskid mountains. 098502
Cutin acids from bryophytes: an omega-1 hydroxy alkanoic acid in **two** *liverwort* species [Conocephalum conicum, Astarella lindenbergiana, Sphagnum moss]. 099904

HEPATITIS
Inclusion **body** *hepatitis* in chickens in Greece. 097327
Hepatitis in skunks caused by the virus of infectious **canine** *hepatitis.* 097430
Encephalomyelitis in young dogs after vaccination against distemper and infectious **canine** *hepatitis.* 097490
Serum *hepatitis* in a horse. 097388
Hepatitis in **skunks** caused by the virus of infectious canine hepatitis. 097430

HEPATOZOON
Observations on naturally acquired hepatozoonosis of wild carnivores and dogs in the Republic of South Africa *[Hepatozoon,* **Rhipicephalus,** vectors]. 097462
Hepatozoon **sp.** Infection in mink from southwestern Ontario. 097431

HEPTACHLOR
Heptachlor **metabolism** and the dynamics of its residues in soil and plants. 102737

HEPTANE
Pycnometer method for obtaining wood and bark chip densities *[Heptane* **displacement,** pulpwood]. 098227

HERBACEOUS
Register of **Australian** *herbage* plant cultivars [Varieties]. B. Legumes. 12. Stylo, Stylosanthes hamata (L) Taub (Caribbean stylo) cv. Verano. 100878
Estimation of *herbage* **consumption** by grazing cattle using measurements of eating behaviour. 096702
Sowing **forage** *herbaceous* plants on abandoned open-mining sites [Hungarian sainfoin]. 100901
Studies on the irrigation for *herbage* **grass.** III. On the efficiency of water use by Sawa millet [Panicum crusgalli]. 104397
Seasonal dynamics of the phytomass of a *herbaceous* **ground** cover in a forest-steppe oak forest in relation to the dynamics of photosynthesis and ecologic factors. 100023
Isolation of infective Dictyocaulus larvae from *herbage* **[Livestock** parasites]. 097657
Relationship between digestibility and faecal nitrogen in sheep and cows **offered** *herbage* ad libitum. 096703
Water storage in leaves of *herbaceous* **plants** in the humid zone. 099985
The peculiarities of vegetative regeneration of *herbaceous* **plants** on plowed slices [on clearcut forest sites]. 100301
Application of fertilizers and the productivity of *herbaceous* **plants** in the establishment of a vegetation cover on gully slopes. 103903

HERBARIUMS
The **type** *herbarium* of the Flora boreali-americana. 098693

HERBICIDES
Effectiveness of *herbicide* **action** in relation to the peculiarities of the soil and meteorological conditions. 102197
Effect of fertilizers on the *herbicidal* **activity** of triazine preparations when applied in combination. 102086
Catalase activity in the soil under a tea plantation as **affected** by *herbicides.* 103830
Dependence of the effectiveness of *herbicides* from the **[application]** rate. 102136
The role of the agrochemical service in increasing the effectiveness of *herbicide* **application.** 102146
Spring spray programmes for **cereals** *[Herbicides].* 102082
Application of *herbicides* in **cereals.** 102133
Economic effectiveness of the system of *herbicides* in a **cereals-grass-row** crops and cereals-grass rotations in the Central Urals. 102137
Effect of systematic application of *herbicides* on the **change** in the weediness of a cotton field and the yield of cotton. 102196

Effect of **combined** *herbicides* on the weediness, yield and quality of spring wheat grain. 102138
The effectiveness of *herbicides* in the **control** of silky bentgrass (Apera spica-venti P.b.) in winter wheat. 102178
Effectiveness of *herbicides* in the **control** of weeds in cotton plantings in relation to the level of applied nitrogen on soddy-sierozem soils in the Samarkand Region. 102198
Herbicides to **control** annual weeds in cotton plantings in the Fergana Region. 102202
Efficacy of *herbicides* in **controlling** various weed species in wheat. 102118
Efficacy of *herbicides* in **controlling** weeds in wheat. 102119
Herbicides. I. **Crystal** structure of 2,4-D (2,4-dichlorophenoxyacetic acid). 102126
Analysis of [the *herbicide,* **defoliant** and dessicant] bipyridyl phosphate. 102129
Herbicides and **defoliation** in cotton growing. 102201
Rating effectiveness of *herbicides* in **desiccating** woody vegetation. 102207
Teratogenic and toxicological effects of 2,4,5—trichlorophenoxyacetic acid *[herbicide]* in **developing** chick embryos. 097795
Investigations on the influence of the *herbicide* **Diallate** on some cereal diseases. 102170
Herbicide (2,4-D) **[2,4-dichlorophenoxyacetic** acid] increases insect and pathogen pests on corn [Ostrinia nubilalis, Helminthosporium maydis]. 102367
The effect of sodium 2,4-dichlorophenocyacetic acid *[Herbicide]* on **domesticated** plants. 102072
Colorimetric and spectrophotometric methods of determining some *herbicides* in **environmental** objects. 102776
Glyphosphate—a solution to the weed problem in **forestry?** *[Herbicides].* 102166
Regulation of *herbicides:* the **future.** 094796
Economic effectiveness of using *herbicides* in a **grain-producing** farm [Costs, returns]. 094415
Application of *herbicides* for the **improvement** of tussock floodplain meadows of the Ob' River. 102132
The intensity of carbon dioxide release as an indicator of alterations of soil biological activities under the **influence** of *herbicides.* 102773
Differential susceptibility of potato cultivars to four *herbicides* **[Injury].** 101838
Protect [1,8-naphthalic anhydride, to protect the corn plant from *herbicidal* **injury,** residue analysis]. 101839
Herbicide **X insecticide** interaction varies with variety, soil type [Peanuts]. 102106
[The *herbicide]* **Kotoran** against a noctuid [Scotia segetum, pest of cotton, weeds as intermediate host plants]. 102374
Effect of simazine and atrazine *[herbicides]* on **maize** and their residual effects on succeeding rabi crops. 102117
Gas chromatographic separation of *herbicides* of **major** interest in Canada, with electrolytic conductivity detection in the nitrogen and chlorine modes [Residue analysis]. 102127
Study of the *herbicide* **metribuzin** used for different tomato varieties grown by use of transplants. 102103
Use of *herbicidal* **mixtures** in tomatoes grown directly from seed. 102104
Herbicide **mixtures** in sugarbeet planting. 102142
Metabolism of a **new** *herbicide,* tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in mouse, rat, rabbit, dog, duck, and fish. 097824
New *herbicides* for cotton stands in the Samarkand Region. 102143
Research on **new** *herbicides* for the control of dicotyledonous weeds in winter wheat. 102177
Some results of testing **new** *herbicides* on cotton crops against annual weeds. 102204
New *herbicides* [Methazole, trademark PROBE]. 102212
Adsorbents and antidotes [of *herbicides]* **offer** a breakthrough in weed control. 102217
Studies of the *herbicide* **paraquat.** I. Effects on the cell cycle and DNA synthesis in Vicia faba [Broadbeans]. 102096
Metabolism in human embryonic lung cell cultures of three **phenylurea** *herbicides;* chlorotoluron, fluometuron, and metobromuron. 102712
Effect of some *herbicides* on **photosynthesis** of Spirodela polyrrhiza (Lemnaceae). 102071
Influx of *herbicides* and their **physiological** effect on cotton varieties. 102203
Determinaton of [the *herbicide]* **picloram** residues in water and fruit by the method of thin-layer chromatography. 102735
The effect of *herbicide* **poisoning** on higher aquatic plants. 102216
Application of **preemergence** *herbicides* in Scorsonera cultivation. 102187
Effect of paraquat [a *herbicide* and **preharvest** desiccant] on carbon assimilation and transport by sugarcane leaves in white light and darkness. 102171
Effect of inorganic fertilizers and *herbicides* on the **productivity** of maize under irrigation. 100729
Residues of *herbicide* **products** in milk. 094914
Virus-like injury to soybean induced by **residual** *herbicide* components present in cow manure. 102045
Balan [N-butyl-N-ethyl-alpha,alpha,alpha-trifluoro-2,6-dinitro-p-toluidine, *herbicides,* **residues].** 102627
Devrinol [2-(alpha-naphthoxy)-N,N-diethyl propionamide, *herbicides,* **residues].** 102629
MCPB [2-methyl-4-chlorophenoxybutyric acid, *herbicides,* **residues].** 102636
Sencor [Metribuzin, *herbicides,* **residues].** 102649
Determination of Ronite [S-ethylcyclohexyl-N-ethyltiocarbamate] in water, air, plants and biological objects *[Herbicides,* **residues].** 102733
Pesticides and the environent: simm-triazines *[Herbicides,* **residues].** 104593
Effects of trifluralin *[herbicide]* on **root** meristems of Allium sativum L. [Garlic]. 102099
Chronic toxicity of atrazine *[herbicide]* to **selected** aquatic invertebrates and fishes [Residue analysis, water pollution]. 102680
Up-to-date possibilities of improving the chemical method of forest care *[Herbicides,* **silvicides].** 102190
Decomposition of the *herbicide* **simazine** in cultures of algae [Chlorella vulgaris, Chloridella simplex, Anabaena variabilis, Phormidium foveolarium]. 102159
Herbicides for **site** preparation with [forest] stand establishment. 102113
Effect of *herbicides* on the **soil** microflora. 102139
Effect of mixtures of *herbicides* on the **soil** microflora and yield of sugarbeets. 102140
Mosaic-like distribution of potassium trichloroacetate residues in **soil** *[Herbicides].* 102772
The function of water in the sprinkler used in **spraying** *herbicides.* 102081
Model study with pheasants on the carry over of the fungicide hexachlorobenzene, the insecticide lindane and the *herbicide* **terbutryn.** 102694
Testing *herbicides* in cotton plantings in the conditions of the Bekabad District. 102205
Application of *herbicides* and **theoptimization** of soil tillage. 102135
Anatomical aspect of 2,4,5-trichorophenoxyacetic acid] and dalapon *[herbicides]* **toxic** action on Norway spruce (Picea abies seedlings. 102095
Dinitramine *[Herbicides,* **toxicity,** residues]. 102630
Isopropalin *[Herbicides,* **toxicity,** residues]. 102634
Karbutilate *[Herbicides,* **toxicity,** residues]. 102635
Metoxuron *[Herbicides,* **toxicity,** residues]. 102640
Oryzalin *[Herbicides,* **toxicity,** residues]. 102641
Pronamide *[Herbicides,* **toxicity,** residues]. 102646
On biochemical mechanism of **triazine** *herbicides* toxicity: effect on the gluconeogenic activity in poultry liver. 097867
Susceptibility of alfalfa cultivars to **triazine** *herbicides.* 102076
Tolerance of cotton to five **triazine** *herbicides.* 102169
Aerial distribution of a *herbicide:* **2,4,5-trichlorophenoxyacetic** acid. 102093
The effect of some *herbicides* on the **weed** flora and soil microflora in the onion crop (Allium cepa L.), and the persistence of their residues in the soil. 102121
Aftereffect of *herbicides* on the **weediness** of forest tree plantings. 102128

HERBS

Studies on the optimum conditions of extraction of silicon species from plants with water. III. On the stability of silicon species in extracts from Equisetum **arvense** *Herb.* 099940
Variability of the chemical composition of some *herbs* [and] **flavoring** vegetables] from the region north of the Arctic Circle [Parsley, dill, parsnip, celery]. 099573
Study of reproduction biology of **forest** *herbs* for the purpose of improving the chemical care of forest and preserving useful plant species. 100300
Effect of nitrogenous fertilizers on the **fresh** *herb,* oil yield and oil content of Mentha [piperita vulgaris]. 103980
The effect of N & P [nitrogen, phosphorus] fertilization on the yield of **green** *herb* and alkaloid content of Belladona [Atropa belladonna]. 104030
Alkaloids of the *herb* **Sedum** acre L. I. Chromatographic analysis. 099674

HERDS

The **big** *herds-buildings.* 103330
An investigation of factors related to the dominance order of a *herd* of **dairy** cows of similar age and breed. 096202
Factors affecting calving interval in **dairy** *herds.* 096939
45/20 vaccination in a Brucella **infected** *herd* [of cattle]. 097584
The big [cattle] *herds-management* and **labour.** 094218
How using records can improve a **large** *herd* [Dairy cows, estrus detection]. 096896
Studies on the effect of calving age, calving month and *herd* **level** on the first lactation yield [Dairy cattle sire evaluation]. 096984
Notes about cattle demography in Sahel. I. Theoretic representation and plan of a *herd* by a **mathematical** pattern. 096123
Notes about cattle demography in Sahel. II. Theoretic representation and plan of a *herd* by a **mathematical** pattern after a catastrophe. 096124
Prearranged *herd* health program—cow-calf enterprise [Beef cattle]. 097185
Exotic breeds for beef [cattle] *herds:* **preliminary** results. 097015
Mechanization and rearing moduli for milk **producing** *herds:* optimization study [for lower costs]. 103584
Relationship of the relative pedigree quality of milk yield to various standards of *herd* **productivity.** 096109
Blod profiling in cattle—the Pennsylvania experience [attempting to evaluate **selected** *herd* health problems]. 097191
Importance and establishment of *herds* with **sound** legs and hoofs in industrial dairy units. 096133
Experimental studies of Arizona bacteria and their distribution with Salmonella typhimurium in breeding **turkey** *herds.* 097363

HEREDITY

Enzymological studies on *hereditary* **avian** muscular dystrophy [Chickens]. 096423
Floristic *heritage* of N. V. Pavlov [List of discovered plants species]. 098614
Ecological science and the expansion of our **forest** *heritage.* 098843
Heritability and **genetic** correlations in cotton. 099403
Lethal trait A 46 in [Black Pied Danish] cattle. Intestinal zinc absorption *[Hereditary* **parakeratosis].** 097835
The use of genome of rye in the transformation of **plant** *heredity.* 099398
Sensing our **prairie** *heritage:* environmental education and community visions. 104509
Breeding of sunflower plants based on variation in germination velocity at low **temperatures** *[Heredity].* 099148
Heritability of **testicular** size and consistency in Holsteinbulls. 096934
Mutability and *heritability* of **udder** dimensions and milkability in the Bulgarian Red cattle. 097084
Study on the *hereditary* **variation** in native aboriginal breeds of farm animals. I. Mutability in the activity of some plasma enzymes and hematologic indexes in Bulgarian Grey cattle of southeast Bulgaria. 097086

HERITAGE *see* HEREDITY

HERNIA

Diaphragmatic *hernia* in horses. 097802

HERPES

Cytological and histochemical studies on cell cultures infected with **bovine** *herpes* virus 2. 097234

HERPESVIRUSES

Herpesvirus-induced **autoantibodies** in animals. 097240
The isolation and characterization of a new **bovine** *herpesvirus* associated with abortion [Cattle]. 097631
Immune interferon production by lymphoid cells: role in the inhibition of *herpesviruses* **[Cattle].** 097379
Relation between common antigen and membrane antigens associated with Marek's **disease** *herpesvirus* and turkey herpesvirus infections. 097241
A possible association between plaque type and pathogenicity of Marek's **disease** *herpesvirus* [Chicken embryo fibroblast. 097244
In vitro biological differences between the pathogenic and apathogenic Marek's **disease** *herpesvirus* [Chick and duck embryos]. 097261
Herpesvirus **encephalitis** in range calves. 097523
Pathogenicity and host range of the **falcon** *herpesvirus* [Includes poultry]. 097347
Relation between common antigen and membrane antigens associated with Marek's disease herpesvirus and **turkey** *herpesvirus* infections. 097241
Reticuloendotheliosis group virus pathogenic to chicken isolated from material infected with **turkey** *herpesvirus* (HVT). 097265
Isolation and characterization of a *herpesvirus* from **wild** turkeys (Meleagris gallopavo osceola) in Florida. 097432

HERPETOMONAS

Demonstration that Leptomonas pessoai Galvao, Oliveira, Carvalho & Veiga, 1970 [isolated from the reduviid Zelus **leucogrammus],** is a *Herpetomonas.* 103040

HERRING

Dynamics of storage of organochlorine pollutants [pesticides] in *herring* **gulls.** 102683
Dimethylnitrosamine levels in **untreated** *herring* meals. 095482

HETEROCHROMATIN

Chromosome structure in Chilocorus (Coleoptera: Coccinellidae). II. The asynchronous replication of **constitutive** *heterochromatin.* 102860
Effects of **extra** *heterochromatin* on the expression of genes producing chlorophyll variegation in the tomato. 099325

HETEROCHROMATIZATION

Differential Giemsa staining of *heterochromatic* **regions** in the chromosomes of Vicia faba [broadbeans], Allium cepa [onions] and Paeonia tenuifolia. 099044

HETEROCYCLES

Studies on the syntheses of *heterocyclic* **compounds.** 657. Total synthesis of angustine, nauclefine, and gentianine [Strychnos angustiflora, Nauclea Latifolia]. 099841
Pesticides and the environment: *Heterocyclic* **compounds** (analytic review). 102739

HETERODERA

Cereal cyst nematode, *Heterodera* **avenae** Woll., in France: damage, biological characteristics and prospects of control. 101868
Cereal cyst nematode *[Heterodera* **avenae]** and N [nitrogen] fertilization. 101869

Influence of DD [dichloropropane, dichloropropene] nematocide [used to **control** *Heterodera* schachtii] on biological value of some vegetables [Cabbage, Brussels sprouts and red beets]. 101853
Dichloropropene-dichloropropane to **control** *Heterodera* carotae [Nematodes, carrots]. 101962
Characters and specificity of two biological races of [the nematode] *Heterodera* on **Dianthus** caryophyllus. 101961
Preliminary field experiments on the use of Nefusan [dazomet] in potato root **eelworm** *(Heterodera* rostochiensis Woll.) control [Nematodes]. 102023
[The nematode] *Heterodera* **fici** on Ficus carica [figs] in Basilicata. 101990
Asperula arvensis L., new host for *Heterodera* **gottingiana** Liebscher [Nematodes]. 101957
Efficacy of systemic nematicides in the control of *Heterodera* **gottingiana** on peas. 101964
Heterodera **hordecalis**—a cyst forming nematode that attacks grain and grasses—found in Sweden. 102054
Experiments for the control of the cereal cyst **nematode** *(Heterodera* avenae) with nematocides. 101904
Breeding potato varieties resistant to nematodes *[Heterodera* **rostochiensis].** 099269
Role of amino acids in plant tissue response to *Heterodera* **rostochiensis.** II. Effect of proline and hydroxyproline [Potatoes, nematodes]. 101980
Parasitism of Beta vulgaris [beets] by Meloidogyne hapla and *Heterodera* **schachtii** alone and in combination [Nematodes]. 101934

HETEROGENEITY

Interactions among roots of oat **populations** *heterogeneous* for reaction to Helminthosporium victoriae. 101501
Heterogeneity of **recording** weather conditions for programming yields of farm crops in various soil and climatic zones of the USSR. 094047
Heterogeneity of **Staphylococcus** aureus enterotoxin B as a function of growth stage: implications for surveillance of foods [Bacterial contamination]. 094807
Investigation of *heterogenous* **surface** reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657
Virulence *heterogeneity* of a predominantly avirulent western equine encephalitis virus population [Duck embryo cell cultures]. 097411

HETEROKARYONS

Evidence for nuclear restriction of supersuppressor gene products in Neurospora [crassa, **Fungi**] *heterokaryons.* 099139

HETEROLOGY

Synthesis of functional aldolase tetramers in a *heterologous* **cell-free** system [Chickens]. 096430
Aminoacylation of Phaseolus vulgaris [kidney beans] cytoplasmic, chloroplastic and mitochondrial tRNAsPro and tRNAsLys by homologous and *heterologous* **enzymes.** 100368

HETERONYCHUS

THe influence of maltose and other carbohydrates on the feeding behaviour of *Heteronychus* **arator** (Scarabaeidae: Coleoptera). 102938

HETEROPTERA

The African genus Hyalonysius Slater (Hemiptera, *Heteroptera:* **Lygaeidae**) [New Taxa]. 103173
Habitat and phenetic variation in Phymata americana **Melin** *(Heteroptera:* Phymatidae). II. Climate and temporal variation in color pattern. 103201
Bionomy and morphology of the development instars of Copiumclavicorne (L.), *Heteroptera,* **Tingidae.** 102817
Changes in body weight and reproductive organs of Tingis ampliata H.-S. *(Heteroptera:* **Tingidae).** 103034

HETEROSIS

Heterosis and combining **ability** in pea. 099223
New methods of seed production of *heterotic* **cucumber** hybrids. 101270
Heterotic **effect** in diploid rye. 099085
Heterotic **hybrids** of cucumbers obtained from complex maternal forms. 099086
Readily soluble proteins and peroxidase of the *heterotic* **hybrids,** sterile and fertile analogs of onions. 099101
Study of *heterosis* in **intervarietal** hybrids of winter rye. 099108
About the presence of **intravariatal** *heterosis* in wheat. 099284
Study of *heterosis* and **male** sterility in winter rye. 099109
Significance of *heterosis* as a **method** of breeding [Rye]. 099105
Creation of forms with cytoplasmic male sterility for **obtaining** *heterotic* hybrids of rye. 099081
Problems of breeding rye in Czechoslovakia and prospects **ofusing** *heterosis.* 099098
Heterosis in **onions** grown in the conditions of intensive irrigation in the Lower Volga Region. 099084
Comparative characteristics of the electrophoretic spectrum of protein of blood serum in *heterosis* of **poultry** hybrids. 096555
Problems of using *heterosis* in **rye** in Hungary. 099099
Utilization of *heterosis* in **rye** in Germany (Democratic Republic). 099116
Somatic *heterosis* in winter rye hybrids. 099107
Results of **studying** *heterosis* in sunflower. 099453
Display of *heterosis* and **transgression** in certain characteristics determining the productivity in pea hybridization. 099303
Heterosis of **wheat** and gene effects. 099251
Interaction "genotype-environment" and *heterosis* **[Wheat].** 099255
Manifestation of *heterosis* in **winter** rye. 099094
The possibility of using *heterosis* in **winter** rye in the Leningrad Region. 099113

HETEROTROPHY

Changes in the reactivity of the photosynthetic apparatus in *heterotrophic* **ageing** cultures of Scenedesmus obliquus. I. Changes in the photochemical activities [Algae]. 099889
Changes in the reactivity of the photosynthetic apparatus in *heterotrophic* **ageing** cultures of Scenedesmus obliquus. II. Changes in ultrastructure and pigment composition [Algae]. 099890
Changes in the reactivity of the photosynthetic apparatus in *heterotrophic* **ageing** cultures of Scenedesmus obliquus. III. Recovery of the photosynthetic capacity in aged cells [Algae]. 099891
Heterotrophic **complexes** and the structure of the underlying peat deposits in slope mires [Vegetation, Leningrad-Novgorod regions boundary]. 098873
Studies on the origin of some hydrolytic enzymes associated with the leaves and tentacles of Drosera species and their role in *heterotrophic* **nutrition.** 099881

HETEROZYGOTES

Relationship between *heterozygosity* and **performance** in respect of yield factors in pearlmillet. 099225
Effect of envorinomental fluctuations on the pollen sterility in homo- and *heterozygotes* of **radish** (Raphanus sativus L. Var. Radicola pers.). 099150
A histological study of embryonic death caused by *heterozygosity* for the T26H **reciprocal** mouse translocation. 096943
Effect of different types of mutations on the development of the organism in the homo- and *heterozygous* **states** (taking as an example mutants of Pisum sativum L.) [Peas]. 099400
Sterility and lethality in crosses involving two **translocation** *heterozygotes* [for control] of the German cockroach, Blattella germanica (L.). 102528

HEVEA

Factors affecting discharge, germination and viability of spores of Microcyclus ulei [Agent leaf blight of *Hevea* **brasiliensis].** 101647
Recovery of Phytophthora species from old, badly decayed, infected tissues of *Hevea* **brasiliensis.** 101655
Conservation of gene **pool** in *Hevea.* 099317

HEXACHLOROBENZENE

Photolysis of *hexachlorobenzene* [an **environmental** contaminant]. 104524
Model study with pheasants on the carry over of the **fungicide** *hexachlorobenzene,* the insecticide lindane and the herbicide terbutryn. 102694
Effect of *hexachlorobenzene* on some **growth** parameters of chlorella pyrenoidosa [Algae]. 101866
A unique intracellular aberration related to *hexachlorobenzene* **ingestion** [Rats]. 097776

HEXAPLOIDS

Genetic analysis of *hexaploid* **wheat,** Triticum aestivum using intervarietal chromosome substitution lines—protein content and grain weight. 099182

HIBERNATION

Study on the amount of endogenous phytohormones in sap exudation and *hibernating* **buds** of grapevines. 100445
Method of sequential counting of the number of *hibernating* **bugs** of Eurygaster integriceps. 103105

HIBISCUS

Cytotaxonomy of Malvaceae. I. Chromosome number and karyotype analysis of *Hibiscus,* **Azanza** and Urena. 098962
Mosaic [virus] disease of Chinese shoe **flower** *(Hibiscus* rosa-sinensis L.). 101823
A non-citrus host for citrus mosaic virus *[Hibiscus* **rosasinensis].** 101745
Composition and characteristics of *Hibiscus* **sabdariffa** seedoil. 095434
Observations on the mode of infection of Phytophthora parasitica var nicotianae on young roselle *[Hibiscus* **sabdariffa]** roots. 101504

HICKORY

Foliar insecticides for control of pecan weevil [Curculio caryae] and *hickory* **shuckworm** [Laspeyresia caryana]. 102448

HIERACIUM

Occurrence of transfer cells in vascular parenchyma of *Hieracium* **florentinum** roots. 098929

HIERARCHY

An *hierarchical* **goal** programming approach to environmental-land use management. 094150

HIGHLANDS

Symbiosis between coccids (Coccoidea, Margarodidae) and other insects. 1. Components of the symbiotic system in the *highland* of **Costa** Rica [Quercus]. 102835
Some morphological peculiarities of the pollen from *highland* **grasses** [Phleum pratense, Dactylis glomerata, Bromus inermis]. 098892
Revision of Vernonia (Compositae), subsection Paniculatae, series Umbelliformes of the **Mexican** *highlands.* 098698
Feed intake, metabolism and thermal insulation of bison, yak, **Scottish** *Highland* and Hereford calves during winter. 096631

HIGHWAYS

The effects of agricultural colonisation along the **Amazonian** *highway* system. 094124
Observations of noise absorption by [forest] stands **located** along *highways.* 097942

HIKING

European Community **council** *hikes* 1976/77 prices. 094516
Microwave **system** *hikes* hospital production 150%. 095345

HILLS

Sulphur nutrition of maize in *hill* **application** of fertilizers on common Chernozem. 100135
Sheep and **beef** on the *hill.* 096074
Classification of quaking aspen [Populus tremuloides] stands in the **Black** *Hills* and Bear Lodge Mountains. 098064
U.K experimental unit helps **boost** *hill-farm* output. 093992
History, present situation and prospects in utilisation of *hilly,* **erosion-reclaimed** soils in southern Moravia [Erosion control]. 104210
Hill-country **grazing** management. 1. Principles. 100922
Hill-country **grazing** management. 2. Practice. 100923
ABRO [Animal Breeding Research Organization] farms—Rhydyglafes. The potential for improvement of *hill* **land** [Pasture management, sheep stocking]. 100956
Present problems of **mechanized** *hillside* ploughing in Czechoslovakia. 104211
Effect of preceding winter crops, level of nitrogen fertilizer, distance between *hills* and **method** of harvesting on the yield of maize plants. 100713
The viable seed contents of *ant-hill* and **pasture** soil. 099884
Land development practices restricted on Christchurch's **Port** *Hills.* 104226
Potentialities for the exploitation of citrus wealth in Uttar **Pradesh** *Hills,* India. 101135
Additions to the Jurassic flora of Dhokuti in the **Rajmahal** *Hills,* India. 098482
Lunch is a learning experience at **River** *Hills.* 095308
Growing spruce on Pseudogley soils in the **Saxon** *hill* country [Silviculture]. 098176
Estimating minimum temperature and climatological freeze risk in *hilly* **terrain.** 093963
Water-soluble organic components of the litter in the coniferous forests of the **Valdai** *hills.* 103810

HIP

Amputation at the *hip* **[Dogs].** 097092

HIPPOCASTANUM

Evidence for chlorophyll esterified with geranyl-geraniol in newly greened leaves **[Aesculus** *hippocastanum].* 100366

HIPPURIS

Origin of internodal air spaces in *Hippuris* **vulgaris** L. 099880

HISSING

Exoskeletal anatomy of the **Madagascar** *hissing* cockroach Gromphadorhina portentosa. 102795
Gross internal anatomy of the **Madagascar** *hissing* cockroach Gromphadorhina portentosa. 102797

HISTAMINE

Blockade of *histamine-induced* **contractions** of guinea pig ileum by beta-haloalkylamines. 096294
The storage of mackerel (Scomber scombrus). Development of *histamine* and **rancidity.** 094881

HISTOCHEMISTRY

Histochemical and **autoradiographic** investigations on the nucleolus in chicken ovopoesis. 096195
Fluroescence *histochemistry* and autoradiography of adrenergic nerves in the renal juxtaglomerular complex of mammals and man, with special regard to the efferent arteriole. 096305
Histochemical **investigations** of wheat varieties different in their resistance to brown leaf rust [Puccinia triticina Erikss.]. 101461
Periarteritis in experimental Border disease of sheep. II. Morphology and *histochemistry* of the **lesion.** 097399

Application of *histochemistry* to a **living** organ: Polyglucose histochemically synthesized in the paraboloid of the chickaccessory cone in vivo by phosphorylase and branching glycosyltransferase. 096370
Histochemical **observations** of the mycetomes of Idiocerus clypealis Leth. 102781
Application of histochemistry to a living organ: **Polyglucose** *histochemically* synthesized in the paraboloid of the chickaccessory cone in vivo by phosphorylase and branching glycosyltransferase. 096370
Histochemical **studies** on steroid dehydrogenases in hamster eggs during the early development. 096974
Cytological and *histochemical* **studies** on cell cultures infected with bovine herpes virus 2. 097234
Histochemical **studies** on cotyledon of soybean during germination. 098964
Clinical, histologic, and *histochemical* **study** of imidocarb diproprionate toxicosis in goats [used against Babesia rodhaini]. 097777
A *histochemical* **study** of some post-fertilization development stages in Dipcadi montanum Dalz. 098949
Histochemical **study** of incompatibility in hybridization of barley with rye. 099389
Histochemical **study** of the stalked glandular hairs of the female Cannabis plants, using fast blue salt. 099935
Experimental studies on (I) serum biochemical, (II) **tissue** *histochemical* changes inexperimentally infected chickens by different developmental stages of Ascaridia galli (Schrank, 1788). 097216

HISTOGENESIS

Embryonic *histogenesis* of the esophageal epithelium in swine. 096577
A comparative study of the *histogenesis* of **placenta** in wild sheep (Ovis ammon cycloceros L.) and the domestic Romanov breed. 096572

HISTOGENETIC

Reproductive behaviour and physiology of Tenebrio molitor (Coleoptera: Tenebrionidae). III. *Histogenetic* **changes** in the internal genitalia, mesenteron, and cuticle during sexual maturation. 102874

HISTOLOGY

Clinical, *histologic,* and **histochemical** study of imidocarb diproprionate toxicosis in goats [used against Babesia rodhaini]. 097777
Histological **observations** on the developing intestine of the bovine fetus. 096540
Anatomy, *histology,* and **post-larval** development of the reproductive systems of the sugarbeet root maggot [Tetanops myopaeformis, pest control]. 102278
Histological **studies** on calcification and decalcification of the bone [Goats]. 096480
A *histological* **study** of embryonic death caused by heterozygosity for the T26H reciprocal mouse translocation. 096943
Cellular studies of mammary tissue from cows hormonally induced into lactation: *histology* and **ultrastructure.** 096441

HISTONES

Species variability of N-terminal sequence of avian **erythrocyte-specific** *histone* H5. 096226
Effect of histone on morphogenesis of chick embryonic constituents. III. The *histone* **fractions.** 096363
Histones of **Neurospora** crassa [Fungi]. 099818
Phosphorylation and protein kinase activities of chromosomal **non** *histone* proteins from chick embryo fibroblasts. 096260
Methods of fractionation of **plant** *histones.* 099570
Nature of the change of the component composition of *histones* as a **result** of hardening winter wheat to frost and the effect of drought. 100309
The occurrence of *histone* H3 and H4 in **yeast.** 099722
Synthesis of **yeast** *histones* in the cell cycle [Saccharomyces cerevisiae]. 099958

HISTOPATHOLOGY

Histopathologic **alterations** in shell gland accompanying DDT-induced thinning of eggshell [Ducks]. 102684
Incidence of hydatid cyst [due to larval form of Echinococcus granulosus] in bovines and *histopathological* **changes** of pulmonary tissue in hydatidosis. 097374
The development of Blepharipa pratensis [a tachinid parasite] and its *histopathological* **effects** on the gypsy moth, Lymantria dispar [Biological control]. 102481
Life cycle, pathogenicity, *histopathology,* and **host** range of race 5 of the barley root-know nematode [Meloidogyne naasi]. 101931
Occurrence, host range and *histopathology* of **Radopholus** similis in ginger (Zingiber officinale) [Nematodes]. 102017
Observations on the effects of weaning in the young pig. Clinical and *histopathological* **studies** of intestinal function and morphology [Acute inflammatory response and a reduction in plasma cell population]. 097762

HISTORY

History and **activity** of the Geneva Mycological Society. 098471
Cotton the "elegant white rose" of colonial **America** *[History].* 100947
A brief *history* of the **AVMA** [American Veterinary Medical Association]. 097162
Antiquities and *history* **[Cambrian** Forests]. 097882
Sierra **club** *history* [Natural resources conservation]. 104623
The St. Regis [Paper] **company** *history* program [of its management policies]. 098395
The *history* and **development** of floral art [Flower arrangement]. 098457
The *history* of **development** and cytology of Helvella crispa (Pers.) Fr. [Fungi]. 098546
The *history* and **development** of bee disease control programs in the U.s. 103214
Forest degree of the government in the communities in Aargau; a contribution to the *history* of **forestry** in Aargau. 097962
Forests in the municipal jurisdiction of Granichen (Aargau); a description of forest laws and management to 1809; a contribution to the *history* of **forestry** in Aargau. 097963
Studies on the epidermis of recent and fossil fruits of Carpinus and Ostrya and its significance in the systematics and *history* of these **genera.** 098487
History, **geography** and flora of the "Great Swamps" of Geneva. 098705
[Forest] *history:* **how** it is done. 097935
[Forest] *history:* **how** it's done. 097936
[Forest] *history:* **how** it's done. 097937
So proudly we are hailed! [Farm **implements,** *history].* 103428
Preliminary investigation of the **life** *history* of Filaroideshirthi Georgi and Anderson, 1975 [Lungworm infection of dogs]. 097317
The occurrence of a porphyrodiscus simulans batt. Phase in the **life** *history* of Ahnfeltia plicata (Huds.) Fries [Algae]. 099584
Derbesia stage in the **life** *history* of Halicystis boergesenii Iyengar and Raman (Chlorophyceae, Derbesiales). 099609
The [veterinary] **medical** *history* redefined: idealism vs realism. 097129
The **natural** *history* of a Michigan field [Forest and pasture ecology]. 098807
The entomology library at the U. S. National Museum of **Natural** *History* Smithsonian Institution, Washington, D. C. 102789
[Forest] *history:* the **neglected** tool. 097934
Objectives, motives, business style, and **personal** *history*—how they relate to managerial success. 094329
History of **plant** pathology in Brazil. 102039
History, **present** situation and prospects in utilisation of hilly, erosion-reclaimed soils in southern Moravia [Erosion control]. 104210
History of **scientific** study on a larval color polymorphism in the genus Chlosyne (Nymphalidae). 103042
History of **studying** carrots in Central Asia [USSR]. 101082
[Geographic] distribution and the *history* of **systematics** ofthe genus Allium L. 098724
Meat [industry] in the **U.S.A.** *[History].* 095700
Studies in the **vegetational** *history* of mid Wales. IV. Pollen analyses of some Pingo basins. 098830
History of **veterinary** pharmacotherapeutics in the United States. 097168
Great Plain **windbreak** *history:* an overview. 097910
Then to now: ASFSA celebrates its **30-year** *history.* 095273
The Botanical Conservatory of Geneva: 150 **years** of *history.* 098472
The prairie and its people: **yesterday's** *history* and today's challenges [Socioeconomic aspects]. 094045

HIVES

When should a beginner open a *hive?* **[Apiculture].** 103241
Usefulness of honeybee worker samples from different parts of the *hive* for **characterization** of the bee colony in the summer season. 103278
The effect on the foraging behaviour of honeybees of the relative locations of the *hive* **entrance** and brood combs. 103221
Preliminary results on wintering of honeybees in Langstrothsingle **walled** *hives.* 103272

HOEING

The effect of *hoeing* on **grain** corn yield. 100971

HOGS *see* SWINE

HOLARRHENA

Holacetine, a new steroid alkaloid from *Holarrhena* **antidysenterica.** 099908

HOLCUS

Seedling growth of four grasses [Lolium perenne, Festuca arundinaceae, *Holcus* **lanatus,** Poa trivialis]. 100218

HOLES

A study of plate shear strength on plate of plywood, particleboard and **hardboard** with a *hole.* 098409
Chip quality evaluation: comparison of a combination slot screen-round hole screen with a *round-hole* **screen** classifier. 098399

HOLIDAYS

On the atheistic education of the rural population and the observance of **Soviet** *holidays* and ceremonies. 094027

HOLOCENE

The *Holocene-Betsy* **cove** (Kerguelen island) [Pollen]. 098591
Climatic variations of Upper *Holocene* in **Kerguelen** Islands: from a peat section of the Dante Plain (south coast) [Pollen]. 098587
An attempt to define the differentiation in loess soil processes on the Lublin **Upland** during the *Holocene.* 103700

HOLSTEIN *see* CATTLE

HOME

The **American** *home* in another perspective. 095240
Ventilation and *home* **blending** of feed [Swine]. 096791
Wood damaging insects in the *home* **[Camponotus,** termites]. 102483
Nutrition and family planning: concepts and approaches for *home* **economics** teachers. 095079
Systems view of the International Federation for *Home* **Economics.** 095236
Miss Thelma Sewell 1927-1976 *[Home* **economists].** 095235
Home **food** production: Why? When? 094142
Insect and disease control for *home-grown* **fruits** and nuts. 101916
Housing: colors and interiors *[Home* **furnishings].** 095243
Window fashion: cornice and valance boards *[Home* **furnishings].** 095251
Window fashion: valances, swags, and jabots *[Home* **furnishings].** 095252
Disease control in the *home* **garden.** 102026
Control of insect and mite pests of *home* and **garden.** 102394
Home **gardening** & canning versus buying canned goods: costs for green beans and tomatoes. 095060
The right plant for the right place *[Home* **gardening].** 101213
Are *home* **gardens** having an impact on the vegetable industry? 101055
Drying vegetables at *home.* 1. 095104
Fertilizing pecan trees in the *home* **lawn.** 104035
Study of the balanced nutrition of forage plants according to *Homes* **method** [Fertilizers]. 103887
Demand for Hungarian poultry rising at *home,* **overseas.** 094528
Control of insect and mite pests of ornamental trees, shrubs, and lawns for *home* **owners.** 102396
Cluster flies [Pollenia **rudis,** *homes].* 102529
Housing: **simple** *home* maintenance. 095245

HOMEMADE

Homemade **building** elements [Prefabrication of cow sheds]. 103396

HOMEOSTASIS

Quantitative aspects of calcium metabolism and *homeostasis* **[Rats].** 096384

HOMESTEADS

Coleus [parviflorus] for *homestead* **gardens** [Tuber crop]. 101178

HOMING

Foraging and *homing* **flight** of the honeybee [Apis mellifera]: some general problems of orientation. 103286

HOMOGENEITY

Homogeneous **selective** catalytic hydrogenation of soybean oil. 095797
The incorporation of long-chain fatty acids into glycerides in the liver and mammary **tissue** *homogenates* of lactating goats. 096535

HOMOGENIZATION

Adenylyl cyclase activities in ovarian tissues. I. *Homogenization* and **conditions** of assay in graafian follicles and corpora lutea of rabbits, rats, and pigs: regulation by ATP [adenosine triphosphate], and some comparative properties. 096328
Controversy on *homogenized* **milk.** 095566

HOMOGRAFTS

Influence of protein restriction [diets] on immune response to alloantigens and *homograft* **rejection.** 095174

HOMOLOGY

Cytochemical analysis of spontaneous asynapsis of *homologous* **chromosomes** of Drosophila melanogaster saliva glands. 103123
Aminoacylation of Phaseolus vulgaris [kidney beans] cytoplasmic, chloroplastic and mitochondrial tRNAsPro and tRNAsLys by *homologous* and **heterologous** enzymes. 100368
Homologous **inhibitors** from potato tubers of serine endopeptidases and metallocarboxypeptidases. 100558
Spontaneous formation of translocation and *nonhomologous* **pairing** of chromosomes in Drosophila melanogaster. I. Production and genetic analysis of females containing Y-2 semitranslocations. 103098
Spontaneous formation of translocations and *nonhomologous* **pairing** of chromosomes in Drosophila melanogaster. II. Genetic analysis of b pr individuals and study of distribution over the cultures of individuals with semitranslocations Y2. 103099

HOMOPTERA

Effects of antibiotics on feeding and development of the pea aphid, Acyrthosiphon pisum (Harris) *(Homoptera,* **Aphididae).** 102388
Effects of salicylic acid on probing and oviposition of the rice plant- and leafhoppers [Nilaparvata lugens] *(Homoptera:* **Delphacidae** and Deltocephalidae). 102283
On the black scales [Saissetia] of southern **Europe** *(Homoptera:* Coccoidea: Coccidae). 103170
Sucking inhibitory action of aromatic amines for the rice plant- and **leafhoppers** *(Homoptera:* Delphacidae, Deltocephalidae). 102284
Effects of nutrient compounds on sucking response of the brown planthopper, Nilaparvata **lugens** *(Homoptera:* Delphacidae). 102825
A new type of stridulating apparatus of the Cicadoidea, revision of the higher classification of the **superfamily** *(Homoptera).* 103176

HONEY

Vertical distribution of **Armillaria** *mellea* [Fungi] rhizomorphs in soil. 100034
Is **bee** *honey* a "health food"? 095051
Honey **bee** problems in the Rio Grande Valley of Texas. 103210
More information is needed about disappearing disease. You can help! *[Honey* **Bee** Pesticides/Diseases Research Laboratory]. 103212
Resistance of the *honey* **bee** to Nosema disease in relation to chimozine. 103220
Artificial insemination of *[honey]* **bee** queens. 103287
The future of *[honey]* **bee** disease control. 103288
Manufacture of the **beehive** *honey* chamber. 103302
Bicentennial bees: early records of *honey* **bees** in the eastern United States. IV. 103208
Preliminary studies on certain breeds of the *honey* **bees,** Apis mellifera L., in Egypt (Hymenoptera, Apidae). 103218
Food extenders for *honey* **bees.** 103223
Chalk brood, a fungus disease [Phycomycetes] of *[honey]* **bees.** 103228
Chalk brood [Phycomycetes]: possible method of control and its consequences *[Honey* **bees].** 103229
What kind of *[honey]* **bees** do we raise in Norway? 103231
Temperature maintenance and CO2 [carbon dioxide] concentration in a swarm cluster of *honey* **bees,** Apis mellifera. 103235
Protection of *honey* **bees** from pesticides [Residues]. 103245
The dance-language controversy [of *honey* **bees].** 103279
Using chemicals to protect Utah's *[honey]* **bees.** 103289
Survey of some Micrococcaceae in **commercial** *honey.* 094817
The aggressivity of the Monilinia cinerea (Schroet.) *Honey* and **Monilinia** fructigena (Schroet.) Honey populations in the center of origin of fruit trees from the family Rosaceae and on the borders of areas. 101470
A beekeepers dream comes true [Sweet clover as a *honey* **plant,** cultivation]. 101291
Use of *honey* **plant** resources in Karelia. 101306
Honey **plants.** 101286
Honey **plants** [Euphorbia humifusa, Buxus sempervirens, Linaria spuria, Verbascum thapsus]. 101287
Milk sugar **poisons** *honey* bees. 103211
Honey and **pollen** plants of N.S.W. [New South Wales]. 16. 098447
Improvement of *[honey]bees* for **pollination** of red clover. 103230
The aggressivity of the Monilinia cinerea (Schroet.) Honey and Monilinia fructigena (Schroet.) *Honey* **populations** in the center of origin of fruit trees from the family Rosaceae and on the borders of areas. 101470
Honey **production** in Tennessee: market outlets and problems. 094630
Study on the nectar and *honey* **productivity** of red raspberry (Rubus idaeus L.) and European blackberry (Rubus fructicosus L.). 101158
Evaluation of *honey* **productivity.** 103256

HONEYBEES *see* BEES

HONEYDEW

Control of the *honeydew* **moth,** Cryptoblabes gnidiella Mill. (Lepidoptera: Phycitidae), with Bacillus thuringiensis Berliner in avocado plantations. 102457

HONEYLOCUST

Metaxenia in **interspecific** *honeylocust* [Gleditsia] crosses. 099329

HOPLOLAIMUS

Comparative population dynamics of Pratylenchus zeae and *Hoplolaimus* **aegypti** on maize, Zea mays [Nematodes]. 101840
Host plants, distribution, and ecological associations of *Hoplolaimus* **columbus** [Nematodes]. 101930

HOPS

The biology of the *hop* **aphid** (Phorodon humuli Schr.). 102258
Hop industry advisory committee: analysis of *hops* of the 1975 **crop.** 095473
Columbia and Willamette—two newly **developed** *hop* varieties. 101292
Studies on the yield increase of *hop* in **Gang** Won-Do. I. The effects of potassium on the growth and yield. 104130
Hop **industry** advisory committee: analysis of hops of the 1975 crop. 095473

HORDEUM

Morphological peculiarities of the embryo in wild species of **barley** *[Hordeum].* 098890
Study of amylases of germinating bajra (Pennisetum typhoides) [pearlmillet] and **barley** *(Hordeum* vulgare) varieties. 100109

HORIZONTAL

Experimental verification of two calculation methods for **relating** *horizontal* infiltration to soil-water diffusivity. 103746

HORMONES

Effect of *hormones* on the **activity** of acetyl-coenzyme A carboxylase in explants of mammary gland from mid-pregnant rabbits. 096588
Quantitative studies on the release of locust [Locusta migratoria migratorioides] **adipokinetic** *hormone.* 103079
Adrenal cortex and avitaminosis A. II. Complementary in vivo and in vitro studies about inhibition of corticoidogenesis in the rat. III. ACTH **[adrenocorticotropic** *hormone]-glycemia* response as a test of adrenal activity. 095016
Reduced symptoms of anaphylaxis in chickens by ACTH **[adrenocorticotropic** *hormone]* or heat. 097748
Effect of altozar, a *juvenile-hormone* **analogue,** on Coccinella septempunctata Linnaeus [Predator of Lipaphis erysimi, biological control]. 102390
Effects of various ambient temperatures and of heating and cooling the hypothalamus and cervical spinal cord on **antidiuretic** *hormone* secretion and urinary osmolality in pigs. 096466
Hormonal **changes** associated with experimentally produced cystic ovaries in the cow [Luteinizing hormones, sterility]. 096959
Hormonal **control** of vitellogenin synthesis in avian liver [Chickens]. 096485
Hormonal **control** of germinaton under saline conditions of three halophytic taxa in the genus Suaeda. 099895
Hormonal **control** of the nymphal instar in Choleva angustataFab. (Coleoptera, Catopidae). 102845
Hormonal **control** of diglyceride metabolism during vitellogenesis in the cockroach, Eublaberus posticus. 103002
Diapause *hormone* B: its selective extraction and isolation from the silkworm, Bombyx mori. 103207
Effects of intravenous injection of FSH **[follicle-stimulating** *hormone]* on ovarian follicular cysts in dairy cows. 097740
A comparison of the metabolic effects of bovine **growth** *hormone* and growth factor from Spirometra mansonoides on rat liver in vivo. 096475
Decreased dietary protein or energy intake and plasma **growth** *hormone* levels of the pregnant pig, its fetuses and developing progeny. 096713
Immunoreactive **growth** *hormone* levels in pigs fed protein or energy restricted diets during the postweaning period. 096715
Plasma insulin and **growth** *hormone* concentrations in pregnant sheep. I. Diurnal variations in mid and late pregnancy. 096844
Plasma insulin and **growth** *hormone* concentrations in pregnant sheep. II. Post-absorptive levels in mid and late pregnancy. 096845
Effect of different *hormones* on the **growth** and sporulaton of Botryodiplodia theobromaee Pat. in culture [Fungi]. 099977
Ultrastructural immunocytochemical localization of luteinizing **hormone-releasing** *hormone* (LH-RH) in the median eminence of the guinea pig. 096311
Increase in ovulation rate in sheep following administration of an LHRH [luteinizing **hormone-releasing** *hormone]* analogue. 096881
A review of *hormonal* **influence** on growth and fattening of livestock. 095704
The effects of cyclic AMP [adenosine monophosphate], *hormones* and **ions** on the conversion of 25-hydroxycholecalciferol (25-HCC) to 1,25-dihydroxycholecalciferol (1,25-DHCC) in isolated chick kidney tubules. 096388
Discovery of insect anti—**juvenile** *hormones* in plants. 102267
The role of **juvenile** *hormone* in larval duration and spermiogenesis in relation to phase variation in the tobacco cutworm, Spodoptera litura (Lepidoptera: Noctuidae). 102285
Juvenile *hormone* activity of ethyl 7,11, dichloro farnesoate on Dysdercus cingulatus F. [Cotton]. 102345
Activity of insect growth regulators **(juvenile** *hormone* analogues) against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera; Noctuidae) [Integrated control programmes]. 102375
Sensitivity to insect growth regulators **(juvenile** *hormone* analogues) in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Age-related susceptibility of Tribolium castaneum (Herbst) to synthetic C18 **juvenile** *hormone.* 102534
Synthesis of bioactive compounds. A structure-activity study of aryl terpenes **as juvenile** *hormone* mimics [Oulema melanopus, oviposition]. 102960
A novel method for the quantitative extraction of **juvenile** *hormones* from insects including the silverfish, Thermobia domestica. 102990
Juvenile *hormone* regulation of cyclic AMP [adenosine monophosphate] and cAMP phosphodiesterase activity in Oncopeltus fasciatus. 103006
Effects of seasonal and social factors on testicular activity and *hormone* **levels** in domestic pigeons. 096945
Effect of *hormones* on **lipogenesis** in mammary explants taken from rabbits at different stages of pregnancy and lactation. 096587
Immunoreactive LRF **[luteinizing** *hormone-releasing* factor] neurosecretory pathways in mammals [Guinea pigs, rats, cats, mice]. 096146
Ultrastructural immunocytochemical localization of **luteinizing** *hormone-releasing* hormone (LH-RH) in the median eminence of the guinea pig. 096311
Inhibition of tonic secretion of **luteinizing** *hormone* by progesterone in immature female sheep. 096330
Plasma LH **[luteinizing** *hormone]* and progesterone concentrations in the turkey hen during the ovulatory cycle. 096513
Increase in ovulation rate in sheep following administration of an LHRH **[luteinizing** *hormone-releasing* hormone] analogue. 096881
The rectal temperature and serum **luteinizing** *hormone* concentration of heifers during **estrus.** 096887
Serum LH **[luteinizing** *hormone]* concentration following castration, steroid hormone and gonadotropin releasing hormone treatment in the male bovine. 096937
Plasma progestins, estradiol, and **luteinizing** *hormone* following prostaglandin F2 alpha injection [Dairy cattle]. 096941
Hormonal changes associated with experimentally produced cystic ovaries in the cow **[Luteinizing** *hormones,* sterility]. 096959
Secretion of LH **[luteinizing** *hormone]* in rams exposed to two different photoperiods. 096964
Immunohistochemical localization of LH **[lutenizing** *hormone]-producing* cells in the adenohypophysis of the Japanese Quail, Coturnix coturnix japonica. 096307
Bilateral adrenalectomy of lambs in utero: effects on **maternal** *hormone* levels at induced parturition. 096944
Effect of pH [hydrogen-ion concentration] on the elution ofcytokinins from polyvinylpyrrolidone columns [Extraction **ofplant** *hormones].* 099829
Studies on pituitary prolactin, 39. Reaction of the **ovine** *hormone* with hydrogen peroxide. 096250
Chemical and biologic studies of **parathyroid** *hormone,* proparathyroid hormone, and fragments of parathyroid hormone [Bovine, porcine, human]. 096376
Chronic effects of **parathyroid** *hormone* infused in dogs at near-physiological rates [Calcium metabolism]. 096377
Parathyroid *hormone:* structure and immunoheterogeneity [Bovine, porcine, human]. 096383
Effect of guanyl nucleotides on **parathyroid** *hormone-responsive* adenylate cyclase in chick kidney. 096452
Intestinal calcium transport: **parathyroid** *hormone* and adaptation to dietary calcium [Rats]. 096643
Production of **plant** *hormones* by [soil] microorganisms. 099484
Chemical conversion of C20 gibberellins into C19 gibberellins **[Plant** *hormones].* 099657
Gibberellins. XLIII. Fractionation of gibberellins, gibberellin conjugates and other **plant** *hormones* by dextran Sephadex chromatography. 099830
Comparison of **plant** *hormones,* plant density and tomato varieties cultivated in the greenhouse. 101043
Growth in sheep. Pre- and **post-weaning** *hormone* changes and muscle and liver development. 096418
Chemical and biologic studies of parathyroid hormone, **proparathyroid** *hormone,* and fragments of parathyroid hormone [Bovine, porcine, human]. 096376
Hormonal **regulation** of phosphoenolpyruvate carboxykinase (GTP) in mammalian tissues. 096398
Hormonal **regulation** of the secretion of mucoproteins by cells of the salivary glands of Drosophila melanogaster larvae during the period of metamorphosis. 103102
Hormone-pheromone **relationships** of male Tenebrio molitor. 103003
Serum LH [luteinizing hormone] concentration following castration, steroid hormone and gonadotropin **releasing** *hormone* treatment in the male bovine. 096937
Chromatographic analysis of *hormone* **residues** in food. 094874
Biotransformation, **sex** *hormones,* and toxicity of two volatile anesthetics in mice. 097820
Steroid *hormone* action in animal cells [Chicks]. 096407
Serum LH [luteinizing hormone] concentration following castration, **steroid** *hormone* and gonadotropin releasing hormone treatment in the male bovine. 096937
Alterations in RNA and protein synthesis associated with **steroid** *hormone-induced* sexual morphogenesis in the water mold Achlya [Ambisexualis]. 099692
Investigation on some **steroid** *hormones* and their conjugates in pollen of Pinus nigra Ar. Separating steroids by thin-layer chromatography. 100626
Thyroid **stimulating** *hormone* in the chicken. III. Serum glycoproteins. 096152
Role of follicle **stimulating** *hormone* and testosterone in the early stage of spermatocytogenesis in rats. 096975

On the effects in vitro of follicle **stimulating** *hormone* (FSH) and actinomycin D on the amounts of nucleic acids of the immature mouse ovaries. 097037
Influence of **thyroid** *hormone* on norepinephrine metabolism in rat brain during maturation. 096538
Thyroid-stimulating *hormone* binding to beef thyroid membranes. Role of N-acetylneuraminic acid. 096431
Studies of the **thyrotropin-releasing** *hormone*. I. CNDO/2 studies of the conformations of the residues [in vertebrates]. 096474
Influence of *hormonal* **treatments** on the growth of two halophytic species of Suaeda. 099475

HORNS
Calcium chloride for prevention of *horn* **bud** growth in calves. 097733

HORNWORMS
Ecdysone 20-hydroxylase from the midgut of the **tobacco** *hornworm* (Manduca sexta L.). 102929

HORSEBEANS
Horsebean **plant** [broadbeans] as affected by some agricultural practices. 101045

HORSERADISH
Influence of naphthoquinones on the in vitro activity of the peroxidase of *horseradish* [**Armoracia** rusticana]. 099504
Horseradish **peroxidase** localization of masticatory muscle motoneurons in cat. 096469

HORSES
Rise and fall of blood level of tranexamic **acid** in *horses*. 096459
Laboratory diagnosis of *equine* **adenoviral** infections. 097529
A possible case of *equine* **aflatoxicosis** [Horses]. 097798
Adaptation of the microtechnique complement fixation test for the diagnosis of **African** *horse* sickness. 097611
Blood meal variations within and between the east Asian **andEuropean** *horse* populations [Genetics]. 097076
Separation of mononuclear leukocytes and polymorphonuclear leukocytes from *equine* **blood.** 096286
Bacteriological examinations of cervical mucus samples of mares within the framework of a survey on breeding hygiene in the warm **blooded** *horses* of the Hanover race, 1971-1975. 097488
Horse **breeding** and sports, an integral component in the social development of the German Democratic Republic. 096132
Structure of *horse* **carbonmonoxyhaemoglobin.** 096463
Horsemanship and *horse* **care.** 096068
Cryosurgical treatment of cancerous and noncancerous diseases of dogs, *horses,* and **cats.** 097734
Veterinary cytogenetics [Chromosomal aberrations, **cattle,** *horses].* 097072
Tyzzer's disease in *foals* [**caused** by Bacillus piliformis]-occurrence in California. 097284
Fluprostenol in *mares:* **clinical** trials for the treatment of infertility. 097071
Myodegeneration and suspected selenium/vitamin E **deficiencyin** *horses*. 097735
Diffusion and distribution of Sarcosporidia in slaughtered animals in Sardinia [Cattle, sheep, swine, *horses,* **donkeys].** 097313
Viability of *horse* **embryos** after storage and long-distance transport in the rabbit. 096972
An epizootic of eastern **encephalomyelitis** in *horses*. 097502
Comparison of three techniques for intestinal anastomosis in **Equidae** *[Horses].* 097165
Bacteriological examinations of cervical mucus samples of *mares* within the **framework** of a survey on breeding hygiene in the warm blooded horses of the Hanover race, 1971-1975. 097488
Structural effects on cytochrome electron transfer; properties of HP1-65 from *horse* **heart** cytochrome C. 096264
Serum **hepatitis** in a *horse*. 097388
The influence of hepatic microsomal amidopyrine demethylase activity on halothane **hepatotoxicity** in the *horse*. 097817
Diaphragmatic **hernia** in *horses*. 097802
Studies on the development and chemotherapy of larvae of Parascaris equorum (Nematoda: Ascaridoidea) in experimentally and naturally **infected** *foals*. 097419
Occurrence of rabies virus in the medulla and medulla oblongata of naturally **infected** *horses* and its absence from other areas of the central nervous system and other tissues. 097471
Eimeria leuckarti **infection** in *foals*. 097452
Contribution to the immunological study of *equine* **infectious** anemia. 097277
Equine **infectious** anemia (EIA) [Virus diseases]. 097319
Protocol for the immunodiffusion (Coggins) test for *equine* **infectious** anemia. 097543
Florida's program against *equine* **infectious** anemia. 097562
Hyperlipidemia in *ponies;* a **literature** survey. 097745
Removal of the parotid and mandibular salivary glands from a *pony* **mare.** 097769
The October horse (October equus) explained by Mr. Georges Dumezil [Ancient Roman sacrifice of **military** *horses).* 096077
The *horse* as a **model** for national individual identification of animals [for disease control]. 097197
Listeria **monocytogenes** in the *equine*. 097533
Meningeal haemorrhage and congestion associated with the perinatal **mortality** of *foals*. 097768
Arbovirus surveillance in six states during 1972 *[Equines,* **mosquitoes,** biting flies]. 097217
Production of antiserums in *horses* to **mycoplasmas** of bovine origin and their use in growth-inhibition and fluorescent-antibody tests. 097542
Equine **neoplasia,** a ten year survey. 097753
Routine and emergency treatment of **newborn** *foals*. 097152
The **October** *horse* (October equus) explained by Mr. Georges Dumezil [Ancient Roman sacrifice of military horses). 096077
A *horse* with **one** kidney, partially obstructed ureter, and contralateral urogenital anomalies. 097732
Adrenal medulla gangliosides. A comparative study of some mammals *[Horse,* **ox,** sheep, swine]. 096315
Normal **parturition** in the *mare*. 096894
Subcutaneous zygomycosis in *horses* [**Phycomycosis,** Hyphomyces destruens]. 097473
Chronic lead **poisoning** in *horses*. 097844
Copper sulphate **poisoning** in *horses*. 097866
Removal of the parotid and mandibular salivary glands from a **pony** *mare*. 097769
Single stage groundwood from a 12,000 H.P. *[Horse* **power],** 1500 and 1800 R.p.m. [Revolutions per minute] refiner. 098264
Equine **practice.** 097105
Experiences with a depot-glucocorticoid in *equine* **practice.** 097188
Experimental biological engineering to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [**pregnant** *mare* serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867
Experimental biological engineering to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS [**pregnant** *mare* serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868
Sex ratio of offspring in domestic animals: **race** *horses* in Japan. 096976
Technique of tendon transplantation by insertion in the **race** *horse*. 097134
Strongylus vulgaris in the *horse:* a **review.** 097621
Antileptospiral agglutinins in *equine* **sera** of Minas Gerais [Leptospirosis]. 097469
Cryopreservation of Trypanosoma equiperdum and the production of immune **serum** in *horses*. 097513
Salmonella [enteritidis] in *horses:* a **source** of contamination of horsemeat in a packing plant under federal inspection. 094809
Anatomy and development of the somatic musculature of the nematode Ascaris [**Swine,** *horses].* 097407
Venezuelan *equine* encephalitis virus: comparison of infectivity and virulence of strains V-38 and P676 in donkeys [Aedes triannulatus, vectors]. 097220
Development of *equine* **veterinary** medicine in the United States. 097166
Virulence heterogeneity of a predominantly avirulent **western** *equine* encephalitis virus population [Duck embryo cell cultures]. 097411
Plaque neutralization test to assay serums for eastern and **western** *equine* encephalomyelitis antibody titer. 097541
Diurnal variation of plasma testosterone in **wild** *stallions*. 096877

HORTICULTURE
A study of *horticultural* **crops** as a supplement to the farm income. 094451
Experience of developing programming of yields for the north-western zone of the Russian Soviet Federative Socialist Republic [Field and *horticultural* **crops].** 100795
Experiments for providing planned yields of farm [field and *horticultural]* **crops** in the north-western region. 100798
The **Geneva** *Horticulture* Society. 101254
Energy report indicates encouragement for Norwegian **growersof** *horticultural* plants [Outlook]. 094692
The **Lullier** *horticultural* center. 101255
Undertaking of public security for credit in agricultural and *horticultural* **operations** in the Netherlands. 094382
Set guns for voles is not a matter of luck *[Horticulture,* **pests].** 101950
Research results from the *Horticultural* **Plant** Protection Committee [Fruit]. 101901
Costs of *horticultural* and **plant** protection products. 102691
The nursery in Maine-et-Loire. Angers: first French center for the production of young **plants** *[Horticulture].* 101227
Equipment to aid in manual sorting of adult codling moths [Laspeyresia pomonella] by sex *[Horticultural* **plants].** 102385
Horticultural **potentialities** of the northeastern region [India]. 101180
Transport and storage of *horticultural* **products.** 095882
Laboratory for agricultural and *horticultural* **techniques.** 094108

HOSPITALS
Microwave system **hikes** *hospital* production 150%. 095345
A successful **new** *hospital* feeding system. 095323

HOST
Fine structure of the rice blast. XIII. Ultrastructure of **Pyricularia** *oryzae-nonhost* interfaces. 101595

HOSTS
Trehalase, invertase, and amylase activities in the black scale, Saissetia oleae, and their relation to *host* **adaptability** [Pest of olives and atrus]. 102435
Chloris gayana, an **additional** *host* for Helminthosporium maydis. 101551
Additional *host* records of the root-knot nematode, Meloidogyne incognita in north India. 101885
The effect of *host* **aggregation** on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
Revealing immunochemically similar protein components of the causal agent of potato blight [Phytophthora infestans] **andits** *host-plant* by using monospecific sera. 101466
Host **animal** efficacy and laboratory potency tests for non specific bacterins, mixed bacterins, and bacterial antiserums. 097564
Host **animal** efficacy studies using a multivalent Leptospirabacterin [Cattle, swine]. 097565
Potential [plant] *hosts* of **burrowing** nematode [Radopholus similis] in Fiji. 101897
Studies on the local distribution and on the methods of host location of some Rhodesian Tabanidae (Diptera) [Ecology, **cattle** *hosts].* 102974
Fine anatomy of Cercosporella herpotrichoides Fron in leaf sheathes of wheat. Observations on the penetration points of *host* **cell** walls. 101363
Ultrastructural aspects of maize mosaic virus in the *host* **cells.** 101777
Relation of tape-like inclusions of pea mosaic virus with the endoplasmatic reticulum and dictyosomas of the **cells** of a *host-plant*. 101808
Evaluation of citrus, hybrids, and relatives as hosts of [the nematode] Pratylenchus coffeae, with **comments** on other *hosts*. 101965
The female gonad of [the nematode] Longidorus africanus Merny and the influence of the [plant] *host* on its **development.** 101985
The [spermatophyte] *hosts* and **distribution** of British thrips. 102233
The role of *hosts* and **environmental** factors in the natural dissemination of ticks: studies on a Swiss population of Ixodes ricinus (Linne, 1758). 102570
Host-pathogen **equilibrium** between rice (Oryza sativa L.) and its pathogen Pyricularia oryzae Cav. 101403
Copepods as **essential** *hosts* for the development of a Coelomomyces [fungi] parasitizing mosquito larvae [Opifex fuscus, Aedes australis]. 102581
New research on ultrastructure and biology of some symbiotic flagellates of termites [Kalotermes **flavicollis** *host* of Microrhopalodina inflata]. 102816
Cephalosporium stripe of wheat in Virginia [Dactylis **glomerata** as *host].* 101550
The ultrastructure of the *host-parasite* **interface** in the needles of Pinus nigra infected with Lophodermella sulcigena. 101316
[The herbicide] Kotoran against a noctuid [Scotia segetum, pest of cotton, weeds as **intermediate** *host* plants]. 102374
The effect of mebendazole on the development of Hymenolepsis diminuta in [its **intermediate** *host,* the flour beetle] Tribolium confusum. 102877
Some aspects of *pathogen-host* **interrelations** in cotton wilt [Verticillium dahliae]. 101468
New example of correlation between the presence of a gregarine belonging to the genus Ancyrophora Leger 1892 and alimentation of the *host* [in **larvae** of Perlidae: Dinocras megacephala]. 102847
On the *host-symbiont-cycle* of a **leafhopper** (Euscelis plebejus) endosymbiosis. 102933
Studies on the local distribution and on the methods of *host* **location** of some Rhodesian Tabanidae (Diptera) [Ecology, cattle hosts]. 102974
Body weight and blood meal size in Triatoma protracta (Hemiptera: Reduviidae) [**Mammal** *hosts].* 102550
Evaluation of citrus, hybrids, and relatives as *hosts* of [the **nematode**] Pratylenchus coffeae, with comments on other hosts. 101965
The *hosts* of **Nemeritis** canescens, a problem in the host specificity of insect parasitoids. 102917
A **new** *host* record of Pringsheimia sp. On sannhemp (Crotalaria juncea L.). 101397
Polygonum dumetorum L. A **new** *host* for Puccinia polygoni-ambibii Pers. 101412
New *host* records for powdery mildews [Oidium, Oidiopsis] in Israel. 101526
Asperula arvensis L., **new** *host* for Heterodera gottingiana Liebscher [Nematodes]. 101957
American chestnut [Castanea dentata], a **new** *host* in California for the mistletoe Phoradendron villosum. 102172
A **non-citrus** *host* for citrus mosaic virus [Hibiscus rosasinensis]. 101745
Infectivity and pathogenicity of three Italian population of [the nematode] Tylenchulus semipenetrans Cobb on citrus and other *hosts* [**Olive,** grapevine]. 101967
Some problems of *host* and **parasite** interactions in the coccidia [Eimeria, Isospora]. 097421

Problems of the gene and evolutional and genetic bases of interrelations of *plant-hosts* with their **parasites** and symbionts. 099278
Partial resistance of barley to leaf rust, Puccinia hordei. III. The inheritance of the *host* **plant** effect on latent period in four cultivars. 099202
Morphological variation in Pratylenchus penetrans [Nematodes, **plant** *host* effects]. 101932
Tracer techniques for the study of *host* **[plant]-parasite** relations [Infection by Uromyces phaseoli, viruses, breeding of disease resistant varieties]. 101914
Host **plants** and parasitism in some middle-European Rhinanthoideae (Scrophulariaceae). 098675
Fine structure of the rice blast. XII. The mode of pseudoinfection of Pyricularia oryzae Cav. to the *non-host* **plants.** 101594
Host **plants** of Fomes annosus in Great Britain. 101651
Host **plants,** distribution, and ecological associations of Hoplolaimus columbus [Nematodes]. 101930
Efficiency of methyl bromide and ethylene oxide in elimination of root-knot nematodes [Meloidogyne javanica, Meloidogyne hapla] on *host* **plants** [Tomatoes]. 102016
Consumption and utilization of various *host* **plants** by Melanoplus bivittatus (Say) and Melanoplus femurrubrum (DeGeer) (Orthoptera: Acrididae). 102230
Effects of temperature and *host* **plants** on population dynamics of the cotton fleahopper, Pseudatomoscelis seriatus. 102294
Life cycle, *host* **plants** and symptoms of damage of the tomato bug, Nesidiocoris tenuis Reut. (Hemiptera: Miridae), in Egypt. 102477
Current studies on hydatid disease in Utah [Dogs and sheep are the **predominant** *hosts* in the pastoral cycle]. 097560
Pathogenicity and *host* **range** of the falcon herpesvirus [Includes poultry]. 097347
Host **range** and thermal inactivation of a cowpea isolate of Sclerotium rolfsii. 101500
Host **range** of maize chlorotic dwarf virus [Graminella nigrifrons, insect vectors]. 101785
Life cycle, pathogenicity, histopathology, and *host* **range** of race 5 of the barley root-know nematode [Meloidogyne naasi]. 101931
Occurrence, *host* **range** and histopathology of Radopholus similis in ginger (Zingiber officinale) [Nematodes]. 102017
The *host-parasite* **relationship** between Vigna sesquipedalis [summer vegetable in southern China] and Uromyces appendiculatus. I. Development of parasitic colonies and the pattern of photosynthesis. 101543
Host-parasite **relationship.** 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Host-parasite **relationship.** 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
Natural and acquired resistance in **rodent** *hosts* to myiasis by Cuterebra fontinella (Diptera: Cuterebridae). 102585
Investigations of the *host* **specificity** of gastro-intestinal nematodes of roe deer, sheep, and cattle. 097344
Neochetina bruchi, a biological control agent of waterhyacinth [Eichhornia crassipes]: *host* **specificity** in Argentina [Acquatic weeds]. 102223
The hosts of Nemeritis canescens, a problem in the *host* **specificity** of insect parasitoids. 102917
Tests of *hosts* of some **stocks** and fruit varieties in relation to Pratylenchus vulnus Allen and Jensen. 101826
Weed *hosts* of [the nematode] Ditylenchus dipsaci in Apulia. 101988
Plant bugs [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of infestation time, types of cotton injury, and significance of **wild** *hosts* near cotton. 102363
Role of **wildlife** *hosts* in the epizootiology of Lacrosse virus in Wisconsin. 097349

HOUSE

Two gardens in one. The Dower House, **Boughton** *House,* Northampton. 098454
Housing: **buying** carpets. 095242
Research with **cattle** *housing.* 096107
Housing: **colors** and interiors [Home furnishings]. 095243
Loose *housing* for **dairy** cows. 103349
Analyzing the feasibility of rural rental apartments in the Great Plains: a guide for local **decisionmakers** *[Housing].* 093953
Housing **decisions.** 095254
Two gardens in one. The **Dower** *House,* Boughton House, Northampton. 098454
About the rate of development and loss of resistence of *house* **flies** [Musca domestica] to chlorophos. 102598
Study of the effect of admixtures on the toxicity of technical chlorophos for *house* **flies.** 102599
Control of *house* **fly** [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in rhinoceros dung with an insect growth regulator used as a feed additive. 102597
The large pigment cell of the compound eye of the *house* **fly** Musca domestica, fine structure and cytoarchitectural associations. 102883
Abrasive wear of wood-based materials for interior finish in wooden **[frame]** *house.* 098188
About temperature conditions in soil in boundary areas of block-type **green** *houses.* 103361
Is solar heating feasible for **livestock** *housing?* 103332
Thoughts on cleaning in reference to choice of construction material for **livestock** *housing.* 103337
Economic evaluation of fruits and vegetables **packing** *house* project Assiut. 095867
Pole *house* for sheep—build it yourself. 103326
Technologic equipment for the management of laying hens effects favourably the share of eggs with damaged shell **[Poultry,** *housing].* 096100
Automatic regulation of hydraulic outwash of droppings and the microclimate in **poultry** *houses.* 103363
Poultry *housing:* how important. 103383
Solar energy **[Poultry** *houses,* heating]. 103385
Housing: **removing** stains from upholstery and carpets. 095244
Housing: **simple** home maintenance. 095245
Wood moisture and decay problems in recently constructed, **single-family** *houses.* 098430
Seasonal distribution of fungi on *house* **sparrows.** 098868
The storage of shale ash in **store** *houses* of a silo type. 104092
Housing: **tender** loving care of furniture. 095246
Clean, dry, **ventilated** *housing* for the young dairy calf. 103335
The mechanization of transport in **vinyl** *house.* VII. Automatic operation of the inter-row transporting car. 103469
Housing: **walls** and wallcoverings. 095247

HOUSEFLIES

High voltage electron microscopy of th optic meuropile of the *housefly,* **Musca** domestica. 102881

HOUSEHOLDS

An analysis of *household* **consumption** of dairy products. 094920
The *household* **demand** for major dairy products in the Southern region. 094620
Food stamp participation among **low-income** *households:* theoretical considerations of the impact on the demand for food. 094782
Household **solid** waste associated with food consumption activities. 104638
Development of family and *household* **structures** in ten villages formerly settled by small farmers in the German Federal Republic—a contribution to social changes. 093984
Survey on the cultivation and *household* **uses** [consumption] of coconut in Ernakulam District. 101108

HOUSEKEEPING

Good *housekeeping* in **commercial** kitchens. 095349

HULLING

Biological ativity of extracts from Calluna vulgaris (L.) *Hull.* on the **growth** and germination [of red clover and Phleum pratense seedlings]. 100080
Phenolic compounds in extracts from Calluna **vulgaris** (L.) *Hull.* 099482
Seasonal fluctuation of nutrients in soil and leaf tissue of the heather, Calluna **vulgaris** *(Hull)* L. 099801

HUMIDITY

Study of the rate of flowering, fruiting and flower shedding of the Bolgar variety [of grapes] relative to *humidity* of the **air** and method of viticulture. 101157
Increased **atmospheric** *humidity* post pollination: a possible aid to the production of inbred line seed from mature flowers in the Brussels sprout (Brassica oleracea var. gemmifer. 099190
Heat losses and **beehive** *humidity.* 103298
Analysis and estimation of the net radiation above a Panicum maximum culture in a *humid* **equatorial** zone. 098832
Insects—pests of young stands and understory of pines under conditions of **excessive** *humidity.* 102509
Manganese and structuration of the photosynthetic apparatus in **Funaria** *hygrometrica* [Musci]. 098909
Ultrastructure and maturation of the spores of **Funaria** *hygrometrica* and Bryum capillare [Musci]. 098917
Regulation of the differentiation in the moss protonema **[Funaria** *hygrometrica,* Musci]. 099596
The influence of temperature and *humidity* on the **life-cycle** of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae [Insect pests of citrus trees, nuts and stored products]. 102437
Recognition and prediction of runoff-producing zones in *humid* **regions.** 104263
The single-scattering albedo of atmospheric aerosol particleas a function of **relative** *humidity.* 094060
The relationship between moisture content and equilibrium **relative** *humidity* of dried figs. 095933
Response of sunflower plants (Helianthus annuus L.) to different regimes of *humidity* in the **soil** and effects of irrigation in critical periods of development. 104269
Effect of temperature and *humidity* on the **trapping** of alate mustard aphid, Lipaphis erysimi (Kaltenbach). 102430
A study of heat tolerance, growth rate and the onset of puberty in Brahman, Santa Gertrudis and Hereford heifers in a *humid* **tropical** climate: Fiji. 096362
Foresters and the Faustian bargain—a note on some possiblehazards of omnispecific woodchip harvesting in the *humid* **tropics** [Total forest harvesting and whole tree utilisation]. 097879
Plasma infusion—a pedological process of significance in the *humid* **tropics** [Soil mineralogy]. 103683
Soil acidity and liming in the *humid* **tropics.** 103935
Influence of temperature and *humidity* on **ureolysis** and ammonia volatilization in a forest humus soil. 103813
Water storage in leaves of herbaceous plants in the *humid* **zone.** 099985
Soils of the *humid* **zone** of Spain. VIII. Soils with fragipan. 1. Morphology and general characteristics. 103689
Soils of the *humid* **zone** of Spain. VIII. Soil with fragipan. 2. Mineralogy. 103690

HUMOR

Effect of feline panleukopenia virus infection and development of *humoral* and **cellular** immunity. 097314
Humoral **immunity** in the pig. 097663

HUMUS

Study of the effect on maize plants of *humic* **acid** obtained from manure by two extractants. I. Effect on the aerial parts. 100081
Study of the effect on maize plants of *humic* **acid** obtained from manture by two extractants. II. Effect on the roots. 100082
A method for determination of the group **composition** of *humus.* 103802
The nature of compost H *[hydrogen]-humus* **extracted** by differnt salts of sodium and magnesium. 103890
Influence of temperature and humidity on ureolysis and ammonia volatilization in a **forest** *humus* soil. 103813
Study of *humic* and **fulvic** acids extracted from a Podzol. I. Analytical characteristics. 103691
Integrated investigation of *humus* on **granite** of the Karkonosze Massif in Poland. 103677
Infrared spectroscopy of pyrolyzates of **soil** *humic* and fulvic acids. 103823
Role of *humic* **substances** in soil structure and soil aggregation. 103720
Adsorption of **synthetic** *humic* acids at air-water and oil-water interfaces. II. 103652
Characterization of the *[humic* **type]** pigment from [the soil fungus] Eurotium echinula Delacr. II. Physical methods. 099479
Characterization of the *[humic* **type]** pigment from [the soil fungus] Eurotium echinulatum Delacr. III. Degradative methods. 099480
Characterization of the *[humic* **type]** pigment from [the soil fungus] Eurotium echinulatum Delacr. I. Analytical data. 103672

HUNGER

Is *hunger* **inevitable?** 095268
A right to food **[World** *hunger].* 094746

HUNTING

A contribution to a new agricultural system in marginal agricultural **lands** *[Hunting].* 094133
Occurrence of the yeast Rhodosporidium dibovatum Newell et *Hunter* on **plants.** 098822

HUSBANDRY

Organization and management of **animal** *husbandry* within a cooperating region. 094318
Objectives of **animal** *husbandry* in the period of the 5th Five Year Plan [Hungary]. 094668
Some trends in the economic status of **animal** *husbandry* in the USSR and foreign countries [Productive capacity, programs, forecast]. 094757
Etiology and epizootology of salmonellosis in Bulgaria within the 1966-1970 period [Hygiene in **animal** *husbandry* and the food industry]. 094851
The relationship between the animal hygienics and technical development of large-scale **animal** *husbandry.* 096072
Centenary of the Italian immigration to Rio Grande do Sul (Brazil) and problems of the Brazilian **animal** *husbandry.* 096080
Brief review of the results of investigations of the problem "Microelements in plant and **animal** *husbandry"* in 1974. Physiology and biochemistry of microelements in plants. 099862
Brief review of the results of investigations of the problem "Microelements in plant and **animal** *husbandry"* in 1973. Physiology and biochemistry of microelements; participation of microelements in the metabolism of plants. 099863
Electric fans and devices for their automation for **animal** *husbandry* prenuises in foreign countries. 103382
Some problems of water management in the German Democratic Republic [including water requirements for **animal** *husbandry].* 104432
Experiments in *husbandry* **conditions** of Oxfendazole, a new anthelmintic for controlling gastrointestinal strongylosis oflambs on pasture. 097617
Production management in **swine** *husbandry.* 094356

HUSKS

Wrinkled rachis and *husk*—an **EMS** induced true breeding panicle mutation in rice. 101797
Derivatives of Plantago ovata **seed** *husk.* II. Methoxyl derivatives. 100649

Note on the isolation of **sorghum** *husk* polysaccharides and fractionation of hemicellulose B. 095787

HYACINTHS

Perspectives of breeding for resistance to 'yellow disease', Xanthomonas hyacinthi (Wakker) Dowson, in *hyacinths* (**Hyacinthus** L.). 099203

HYACINTHUS

Perspectives of breeding for resistance to 'yellow disease', Xanthomonas hyacinthi (Wakker) Dowson, in **hyacinths** *(Hyacinthus* L.). 099203
Propagation of *Hyacinthus* **orientalis** by means of in vitro culture. 100568
Study on the root and rhizosphere microflora of some flowering bulbs *[Hyacinthus* **orientalis,** Tulipa gesneriana, Narcisus poeticus]. 103750

HYALOMMA

Electron microscope studies on developmental stages of Theileria parva (Theiler, 1904) in the intestine of the **tick** *Hyalomma* anatolicum excavatum (Koch, 1844). 102616

HYALOPHORA

Characterization of the DNA of *Hyalophora* **cecropia.** 102992
Selectivity of yolk protein uptake: comparison of vitellogenins of two insects *[Hyalophora* **cecropia,** Blattella germanica]. 103015

HYALURONIDASE

Inhibition of fertilization in vitro by treatment of rabbit spermatozoa with univalent isoantibodies to rabbit **sperm** *hyaluronidase.* 096960

HYBRID

Significance of selection in **advanced** *hybrid* generations and means of increasing the effectiveness of developing valuable winter rye populations. 099259
Cyto-embryological studies in a garden Aloe (a *hybrid* between **Aloe** abyssinica Lam. and Aloe ferox Mill.?). II. Karyotype and mitotic anomalies [Chromosomes]. 098953
Utilization of detached leaves in benzimidazole for *hybrid* **analysis** of the resistance of wheat to brown rust. 099117
Contribution to the cytotaxonomic study of Mediterranean species of **Anemone** and their *hybrids.* 099138
Histochemical study of incompatibility in *hybridization* of **barley** with rye. 099389
Lilium X 'Black Beauty'—a potential **bridging** *hybrid* in Lilium [Overcoming hybrid sterility]. 099197
Inbred lines with dominant incompatibility alleles for use as parents of F1 *hybrid* **Brussels** sprouts. 099189
Spring wheat varieties evaluated for breeding purposes according to their *hybrid* **characteristics.** 099406
Survival, growth, and resistance to chestnut blight [Endothia parasitica] of **chestnut** *hybrids* and selected families of Chinese chestnut, 20 years after establishment. 101589
Hybrid **cocoa:** progress report on trials, seed gardens and extension. 101296
Selection and development of inbred material for use in early maturing **corn** *hybrids.* 099370
Performance of **corn** *hybrids* exposed to corn viruses in Ohioin 1974. 101718
Performance of **corn** *hybrids* exposed to corn viruses in Ohioin 1975. 101719
Effects of domestication on prey catching and killing in Beagles, **coyotes** and F2 *hybrids.* 096203
Programming the corm raised freesia (Freesia X *hybrida)* **crop.** I. Heat treatments, duration of cooling treatment and irradiation during cooling treatment. 100591
New methods of seed production of heterotic **cucumber** *hybrids.* 101270
Promising varieties and *hybrids* of **cucumbers** and tomatoes for growing in winter-type and plastic covered greenhouses. 101085
Studies on the organisation of the chicken genome and its expression during myogenesis in vitro [DNA reassociation, **DNA-RNA** *hybridization].* 096901
The results of line combination testing in ducks at the Wriezen duck combine on the Frankfurt on the Oder Inland Fishery State Farm. I-II. **[Effects** of *hybridization].* 097059
Agronomic and biological characteristics of maize and teosinte **[Euchlaena]** *hybrids.* 099078
Study of the *hybrids* of the **first** generation from the combination Lycopersicon esculentum Mill. X Solanum pennelli Corr. 099111
Inheritance of fruit coloring in the **first** *hybrid* progeny of some peach varieties. 099236
Inheritance of fruit size and shape in the **first** *hybrid* progeny of Jonathan, Delicious and Golden Delicious apple varieties. 099237
Genetic transformation and *"Graft-hybridization"* in **flowering** plants [Tobacco]. 099413
Effect of planting date on the development of **Freesia** *hybrida.* 101140
Accessory chromosomes and their meiotic behaviour in *hybrids* of **grain** sorghum and Johnson grass [Sorghum halepense]. 098950
Hybrid **grain** sorghum response to magnesium fertilization. 103944
The Maritsa (I-2-48) **grape** *hybrid.* 101160
Results of studying the content of diglycosides in the berries of different varieties and *hybrids* of **grapevines.** 095979
Hybrid **grass-clump** dwarfness in wheat: physiology and genetics. 099187
Effect of nitrogen fertilization and harvesting season on the fiber and cellulose production of a cultivar and *hybrids* of **hemp.** I. 100750
Creation of forms with cytoplasmic male sterility for obtaining **heterotic** *hybrids* of rye. 099081
Heterotic *hybrids* of cucumbers obtained from complex maternal forms. 099086
Readily soluble proteins and peroxidase of the **heterotic** *hybrids,* sterile and fertile analogs of onions. 099101
Structure of yield in *hybrid,* **high-bred** and local sorghums as influenced by nitrogen and population levels. 100865
Studies on some **intergeneric** *hybridization* in date palm, (Phoenix dactylifera L.). 099064
Intergeneric *hybrids* [of wheat and rye]. 099422
Variability of vegetative organs of some **interspecies** *hybrids* of birch [Betula] in the first generation. 098163
Interspecies *hybrids* of cotton [Gossypium] species with a different number of chromosomes and the reasons of their sterility. 099450
Interspecific *hybridization* between Phaseolus vulgaris and Phaseolus coccineus [Kidney beans, scarlet runner beans]. 099071
Interspecific *hybrids* in Brassica. 099160
Results of breeding sunflower for group immunity to the major [fungal] pathogens by the method of **interspecific** *hybridization.* 099279
Interspecific *hybridization* by protoplast fusion in Nicotiana [Tobacco]. Confirmation and extension. 099328
Productivity of intra- and **interspecific** *hybrids* of spring wheat. 099394
Mitosis and meiosis in **interspecific** *hybrids* of wheat. 099423
Technological and biochemical features of **interspecific** *hybrids* of wheat from reciprocal crossings. 099430
The aromatic substances in grapes of the Vitis vinifera andsome **interspecific** *hybrid* varieties. 100447
Uromyces nerviphilus on **interspecific** *hybrids* of Trifolium repens [white clover] in Virginia. 101569
Late labelled regions in polytene chromosomes of salivary gland cells in some speciesof the virilis group of Drosophilaand their **interspecific** *hybrids.* 102947
Study of heterosis in **intervarietal** *hybrids* of winter rye. 099108
Study of the phenomenon of genetic complementation for the feature of alkaloid content in compound **intervarietal** *hybrids* of forage lupine. 099298
The role of **introgressive** *hybridization* in the formation of new species of poplars. 098162
Inheritance of morphology characters of **kenaf** *hybrids* depending on the choosing of pairs. 099447
Character of displaying selective fertilization in self-fertilized lines and *hybrids* of **Lathyrus** sativus. 099388
Forage properties of the silage made from Dneprovskii 320 MV **maize** *hybrid.* 095996
Simple **maize** *hybrids* synthesized from mutant sub-lines. 099429
Peculiarities of the structure and development of the root system in **maize** *hybrids* of different maturation period. 100130
Utilization of the major nutrients by **maize** *hybrids* in relation to applied fertilizers. 100139
Performance of **maize** *hybrids* grown in conventional row and randomly distributed planting patterns. 100707
Productivity of early domestic and foreign **maize** *hybrids.* 100735
Effect of dates of sowing, rates of nitrogen and planting densities on grain yield of *hybrid* **maize** 'Ganga 101'. 100832
Performance of **maize** *hybrids* in southern Rajasthan. 100854
Field and laboratory evaluation of the resistance of self-pollinated lines and *hybrids* of **maize** to European corn borer [Ostrinia nubilalis]. 102310
Response of *hybrid* **maize** to different levels of nitrogen under varied soil moisture conditions. 104010
Seventh supplementary list of wheat varieties classified according to their genotype for *hybrid* **necrosis** and geographical distribution of Ne-genes. 099210
Response of different bajra [pearlmillet] *hybrids* to **nitrogen.** 104005
Maturity interaction and black layer occurrence in opaque-2 and **normal** *hybrids* in maize (Zea mays L.). 099198
Breeding and testing pitch [Pinus rigida] X loblolly pine [Pinus taeda] *hybrids* for the **northeast.** 098122
Registration of **orchid** *hybrids*—the name of the game [Orchidaceae]. 099354
Yield and growth responses of **[orchid** *hybrid]* Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, potassium] and sawdust mulch. 104136
Lilium X 'Black Beauty'—a potential bridging hybrid in Lilium **[Overcoming** *hybrid* sterility]. 099197
Studies of various behavior patterns in the *hybrid* between **Papilio** xuthus Linne and Papilio machaon hippocrates C. et R. Felder (Lepidoptera: Papilionidae). 102828
Isolation, fusion and multiplication of sugarcane protoplasts and comparison of sexual and **parasexual** *hybridization.* 099194
Display of heterosis and transgression in certain characteristics determining the productivity in **pea** *hybridization.* 099303
Effect of nitrogen fertilization and row spacing on the yield of *hybrid* **pearlmillet.** 103981
Studies on the split application of nitrogen to *hybrid* **pearlmillet** under rainfed conditions. 104027
Studies on overcoming self-incompatibility by means of testtube fertilization and development of fertilized ovules into viable seeds in **Petunia** *hybrida.* 099339
Synergic action of sulfur dioxide and nitrogen oxides on some plants: study in artificial conditions [Tomatoes, **Petunia** *hybrida,* Pelargonium hortorum]. 099461
Fusiform rust [Cronartium fusiforme] resistance of progeny from natural Loblolly [Pinus taeda] X Shortleaf [Pinus echinata] **pine** *hybrids.* 101587
Polyploid *hybrids* of industrial yeast races and prospects for their practical application [Saccharomyces cerevisiae, Saccharomyces carlsbergensis]. 099861
Comparative characteristics of the electrophoretic spectrum of protein of blood serum in heterosis of **poultry** *hybrids.* 096555
Study of *hybridization* **processes** in the forest flora from Siberia. 098160
Theoretical prerequisites for selecting **productive** *hybrids* and families of winter **rye.** 099264
Do we need a *hybrid* **program?** [Swine]. 097039
Studies of chloroplasts in the inbred lines of radish (Raphanus sativus L. var. **radicola** Pers.) and their *hybrid.* 099162
The measurement of plant polyadenylic acid by *hybridisation* with **radioactive** polyuridylic acid [Acer pseudoplatanus]. 100676
Evaluation of citrus, *hybrids,* and **relatives** as hosts of [the nematode] Pratylenchus coffeae, with comments on other hosts. 101965
New cultivars and *hybrids* **released** by the All-Union Scientific-Research Institute of Maize. 100733
Screening soybean varieties and *hybrids* for **resistance** to soybean mosaic virus. 101801
Somatic heterosis in winter **rye** *hybrids.* 099107
Chemically induced sterility in wheat for *hybrid* **seed** production. 099172
Progress of cytoplasmic and genetic sterility in *hybrid* **seed** corn production. 099367
Simple *hybrids* of maize. 099428
Barriers to *hybridization* of **Solanum** bulbo castanum Dun. And Solanum verrucosum Schlechtd. and structural hybridity in their F1 plants. 099168
The culture and feeding with Sudangrass and grain **sorghum** *hybrids.* 100987
Dry matter accumulation in **spring** *hybrid* maize as affected by N P K [nitrogen, phosphorus, potassium] fertilization. 103966
Barriers to hybridization of Solanum bulbo castanum Dun. And Solanum verrucosum Schlechtd. and **structural** *hybridity* in their F1 plants. 099168
Effect of *hybridization* on **structure** and function of the photosynthesis apparatus in cotton. 100313
Resistance of F1 *hybrids* of **sweet** corn and their parental forms to common smut [Ustilago zeae]. 099102
Hybrid **swine** breeding program in the Leipzig district [East Germany]. 097051
Selection of *Hybrid* **Tea-rose** seedlings for cut flower yield. 101116
Juvenility in *Hybrid* **Tea-roses.** 099195
Transcriptional origin of Euglena chloroplast tRNAs [Algae, **tRNA-DNA** *hybridization].* 099376
Major results obtained in the comparison of various **turkey** *hybrids.* 096872
1974 West **Virginia** *hybrid* corn trials [Varieties, yields]. 100766
1975 West **Virginia** *hybrid* corn trials [Varieties, yields]. 100767
Inheritance of protein features in the grain of interspecific **wheat** *hybrids.* 099253
About the resistance of winter **wheat** *hybrids* to rust fungi [Puccinia]. 099417
Cytochemical characteristic of the embryogenesis of interspecific **wheat** *hybrids.* 099418
Hybrids of **wheat** and Triticale. 099420
Technological and biochemical characteristic of *hybrids*—**wheat** mutants. 099431
Yield and quality of grain of spring **wheat** *hybrids* and mutants. 099433
Studies on the forage sorghum breeding utilizing the cytoplasmic malesterile lines. I. Effect of the parental lines on the green forage **yield** of *hybrids.* 099124

HYDATIDOSIS

Incidence of hydatid cyst [due to larval form of Echinococcus granulosus] in bovines and histopathological changes of pulmonary **tissue** in *hydatidosis.* 097374

HYDATIDS

Incidence of *hydatid* **cyst** [due to larval form of Echinococcus granulosus] in bovines and histopathological changes of pulmonary tissue in hydatidosis. 097374
Hydatid **disease** [Dogs]. 097458
Current studies on *hydatid* **disease** in Utah [Dogs and sheep are the predominant hosts in the pastoral cycle]. 097560
Formal aspect of a campaign against the **echinococcosis** *hydatid* cyst [Dogs, cats]. 097619

HYDRANGEA

Hydrangea **[polonica]** L. (Saxifragaceae) and Schefflera [dorofeevii] Forst. (Araliaceae) in the Tertiary of Poland. 098485

HYDRATION

Neonatal Escherichia coli infections in calves. I. **Appraisal** of *rehydration.* 097677
Effects of temperature shocks, *hydration* and **leaching** on the subsequent germination of uredospores of Puccinia striiformis [Fungi]. 100026

Study of the structure of **photochemical** *hydration* products of chlorophyll and its derivatives. 099701

HYDRAULICS

Studies on the *hydraulic* **characteristics** of the chute type dissipator: hydraulic model test of spillway of Fuwahokubu flood control dam. 103392
Evaluating ground-water paths using *hydraulic* **conductivities.** 104293
Analusis of the effect of a *hydraulic* **magnifier** of hitching weight of a tractor on the power indices of a unitized implement. 103607
Studies on the hydraulic characteristics of the chute type dissipator: *hydraulic* **model** test of spillway of Fuwahokubu flood control dam. 103392
Automatic regulation of *hydraulic* **outwash** of droppings and the microclimate in poultry houses. 103363
Saturated *hydraulic* conductivity in pedogenetic characterization of Podzols with fragipans in Quebec. 103748
Agricultural high-lift trailer NZ 700 H with *hydraulic* **tipping** mechanism. 103493

HYDRAZIDES

Effects of boron and succinic acid **2,2-dimethyl** *hydrazide* (SADH) on fruitfulness and storage behavior of 'Magness' pears. 100422

HYDRILLA

Effect of sugar-factory effluent on the growth of *Hydrilla* **verticillata** Royle [Algae]. 104518

HYDROCARBONS

Pesticide residues in eggs and chicks from laying hens fed low levels of several **chlorinated** *hydrocarbon* pesticides. 096759
Chlorinated *hydrocarbon* residues in the fish of Lake Tanganyika. 102667
Residue studies on **chlorinated** *hydrocarbons* in eggs of wild birds. 102696
Residue studies on **chlorinated** *hydrocarbons* in carrion and healthy shot domestic wildlife [West Germany]. 102697
Residues of **chlorinated** *hydrocarbons* in organs of wildlife species. 102698
Acute oral toxicity of hexachlorocyclohexane (BHC) in albino rats [**Chlorinated** *hydrocarbon* insecticide]. 102700
Chlorinated *hydrocarbons* in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in reserve fat of fattening geese [Contamination]. 102778
Composition of free intracelular amino acids in Cunninghamella elegans [Fungi] during its growth on **media** with *hydrocarbons.* 099859
Environmental factors influencing the rate of *hydrocarbon* **oxidation** in temperate lakes [Oil pollution]. 104447
In vitro inhibition of lactic acid dehydrogenase by insecticidal **polychlorinated** *hydrocarbons.* 2. Inhibition by dieldrin and related compounds. 102710
Sesquiterpene *hydrocarbons* from grapes. 095984
The mode of interaction between the substrate and cell surface of the *hydrocarbon-utilizing* **yeast** Candida tropicalis. 099566

HYDROCHLORIC

Variations of PTA *[hydrochloric* **phosphotungstic]-retaining** cell coat components on bursal stem cells during chicken ontogeny. 096462

HYDROCHLORIDE

Application of Padan [S,S1-[2-(dimethylamino)trimethylene] bis (thiocarbamate) *hydrochloride]* against the **image** of sugarbeet weevils [Tanymecus palliatus, Bothynoderes punctiventris]. 102338
Studies on the electroencephalogram in ruminants. VI. Electroencephalographic studies on the anesthesia with pentobarbital and **ketamine** *hydrochloride* in goats. 097176

HYDROCORTISONE

Influence of *hydrocortisone* on the **chick** thymus. 096197

HYDROCYANIC

Cyanogenetic glycosides and enzymes: detection and estimation of *hydrocyanic* **acid** in several species [of plants], distribution of linamarase. 099608

HYDRODYNAMICS

Kinematics of liquid movement in the reservoir of a *hydrodynamic* **mixer** [Sprayers]. 103529

HYDROELECTRIC

Hydrometeorological research during the decade 1964-1974 [Flood control, *hydroelectric* **power,** irrigation, water resources]. 104370

HYDROGEN

Counteraction of phytochrome to the IAA [indole-acetic **acid]-induced** *hydrogen* ion excretion in Avena coleoptile cylinders [Oats]. 100281
Formation of organic peroxides from methyl beta-D-glucopyranoside in **alkaline** *hydrogen* peroxide solutions [Degradation of cellulose]. 098202
Interaction of glucose and *hydrogen* **chloride** in water solutions [Cellulose]. 098322
Synthetic peptides for chymosin and pepsin assays: pH *[hydrogen-ion* **concentration]** effect and pepsin independent-determination in mixtures [Assay of milk clotting enzymes]. 095592
Effect of albumen pH *[hydrogen-ion* **concentration]** on yolk mottling. 095741
Changes in resident bacteria, pH *[hydrogen-ion* **concentration],** sucrose, and invert sugar levels in sugarbeet roots during storage. 095767
Effect of temperature and *hydrogen-ion* **concentration** value on the rate of oxygen absorption and on the dynamics of oxidation-reduction potential during maturing of wine materials. 095973
A note on the pH *[hydrogen-ion* **concentration]** of silages. 096011
A catheptic protease active in ultimate pH *[hydrogen-ion* **concentration]** of [rabbit] muscle. 096171
Ultrastructural localization of acid phosphatase and thiamine pyrophosphatase activities and of phosphotungstic staining at low pH *[hydrogen-ion* **concentration]** in the placental labyrinth of the cat. 096372
Diet calcium and pH *[hydrogen-ion* **concentration]** versus mineral balance in Holstein cows 84 days pre- to 2 days postpartum. 096706
Uptake of exogenous metabolites by virus-transformed cells: changes induced by temperature and pH *[hydrogen-ion* **concentration,** chick embryos]. 097233
In vitro differentiation ane pH *[hydrogen-ion* **concentration]** sensitivity of field and cell culture-attenuated strains of transmissible gastroenteritis virus [Piglets]. 097381
Dependence of [polymer] celnovocaine solution viscosity on *hydrogen-ion* **concentration** of medium. 098310
Influence of pH *[hydrogen-ion* **concentration]** on the rate ofribosomal ribonucleic acid synthesis during sporulation in Saccharomyces cerevisiae [Yeasts]. 099809
Effect of pH *[hydrogen-ion* **concentration]** on the elution ofcytokinins from polyvinylpyrrolidone columns [Extraction ofplant hormones]. 099829
Effect of pH *[hydrogen-ion* **concentration]** of the medium on the rate of assimilation of carbon and activity of certain enzymes of photosynthesis in Spirulina [platensis, Algae]. 099990
Primary reactions of photosystem II at low pH *[hydrogen-ion* **concentration].** 2. Light-induced changes of absorbance and electron spin resonance in spinach chloroplasts. 100375
Neutral red response as a measure of the pH *[hydrogen-ion* **concentration]** gradient across chloroplast membranes in the light [Lettuce]. 100416
Response of tomato to pH *[hydrogen-ion* **concentration]** of a coastal plain soil. 100482
Influence of temperature, pH *[hydrogen-ion* **concentration]** and nutrients on the growth of Fomes annosus isolates [Pinus pinaster]. 101442
Formation of dimethylnitrosamine from pesticides carrying methylated tertiary aminogroups in the presence of nitrite at pH 3 *[hydrogen-ion* **concentration].** 102690
Effect of the *hydrogen-ion* **concentration** of applied solution on radioactive sorption of iodide by soils. 103816
Buffer pH *[hydrogen-ion* **concentration]** acidity in relation to nature of soil acidity and expression of lime requirement. 103922
Effects of three nitrogen fertilizers and lime on pH *[hydrogen-ion* **concentration]** and exchangeable catton content at different depths in cropped soils at two sites in the Nigerian savanna. 104157
The nature of compost H *[hydrogen]-humus* **extracted** by differnt salts of sodium and magnesium. 103890
Chloride transport in Chara corallina [Algae] and the electrochemical potential difference for *hydrogen* **ions.** 099832
Temperature-jump-induced release of *hydrogen* **ions** from chloroplasts and its relaxation characteristics in the presence of ionophores [Spinach]. 100376
The preparation of 2,3 (3H)-GA29 *[hydrogen* **isotope,** gibberellic acid] and its metabolism by etiolated seedlings and germinating seeds of dwarf Pisum sativum (Meteor) [Peas]. 100492
Endogenous gibberellins of pine pollen. III. Conversion of 1,2-[3H]GA4 *[hydrogen* **isotope,** gibberellic acid] to gibberellins A1 and A34 in germinating pollen of Pinus attenuata Lemm. 100672
Ulltrastructural autoradiographic study of the intracellular fixation of 3H *[hydrogen* **isotope]-acrolein** [in a unicellular alga, Dunaliella bioculata]. 099715
Uptake, distribution and metabolic fate of 3H *[hydrogen* **isotope]-triforine** in plants. I. Short-term experiments [Bean, tomato and barley seedlings]. 101516
Uptake, distribution and metabolic fate of 3H- *[hydrogen* **isotope]-triforine** in plants. II. Long-term experiments [Tomato and barley seedlings]. 101517
Studies on pituitary prolactin, 39. Reaction of the ovine hormone with *hydrogen* **peroxide.** 096250
The brightening response of western hemlock [Tsuga heterophylla] refiner groundwood to *hydrogen* **peroxide.** 098268
Hydrogen **peroxide** and acetic acid for preparing epidermal peels from conifer leaves. 099042
Effect of *hydrogen* **sulfide** on fish and invertebrates. I. Acute and chronic toxicity studies. 094830
Study of meat volatiles associated with aroma generated in a *D-glucose-hydrogen* **sulfide-ammonia** model system. 095690

HYDROGENATION

Homogeneous selective **catalytic** *hydrogenation* of soybean oil. 095797
Mass transfer and scale-up in **fat** *hydrogenation.* 095466
Nickel-catalyzed *hydrogenation:* a study of the poisoning effect of halogen-containing compounds [Mackerel oil]. 095468
Sperm oil replacements from **selectively** *hydrogenated* soybean and linseed esters: special lubricants. 095815

HYDROGEOLOGY

The *hydrogeology* and **water** supply problems in noth-central Chile. 104359

HYDROLASES

Acrosomal *hydrolases* in buffalo spermatozoa. 096903

HYDROLOGY

The IHD **[International** *Hydrological* Decade]—ten years of progress. 104379
Hydrologic **relationships** to land capability evaluations [Watersheds]. 097929
Nile **waters**—*hydrology* past and present. 104355

HYDROLYSIS

Kinetics of **alkaline** *hydrolysis* of ester bons in wood. 098333
Galactomannans and a galactoglucomannan in legume seed endosperms: structural requirements for **beta-mannanase** *hydrolysis.* 099907
Identification of methylated and ethylated **cellulose** *hydrolysis* products as its alditolacetates by gas-liquid chromatograhy. 098313
Enzymatic *hydrolysis* of cellulosic wastes to glucose [for the production of food, fuel, and chemicals, Trichoderma viride, fungal fermetative agent]. 095489
Studies on the origin of some *hydrolytic* **enzymes** associated with the leaves and tentacles of Drosera species and their role in heterotrophic nutrition. 099881
Investigation of **fermentative** *hydrolysis* of hemicelluloses. III. Fermentative hydrolysis of hemicelluloses in wood at different delignification stages. 098326
Preparation and use of beta-D-galactosidase for *hydrolysis* of **lactose** in milk. 095672
Role of water in the *hydrolysis* of **parathion** and methylparathion [insecticide] on kaolinite. 102715
Hydrolysis of **pentosans** in bagasse pith [Sugarcane]. 095817

HYDROLYZATES

Characterization of the proteolytic activity and fractionation of the dipeptidases and aminopeptidases from Streptococcus thermophilus **[Casein** *hydrolysates].* 095593
Cultivation of fodder yeasts on top **peat** *hydrolysates* [Candida, Sporobolomyces pararoseus, Lipomyces lipoferus]. 095993

HYDROPEROXIDES

Peroxyferolide: a cytotoxic **germacranolide** *hydroperoxide* from Liriodendron tulipifera. 099660

HYDROPHOBIC

Hydrophobic **affinity** partition of spinach chloroplasts in aqueous two-phase systems. 100370

HYDROPONICS

Application of magnesium sulfate to correct the effects of salinity produced by sodium chloride on the tomato plant [in *soilless* **culture].** 100348
Correction of iron deficiency in tomatoes **grown** *hydroponically* in sewage water. 101876
Regulation of growth character and productivity of potato under the mineral nutrition **programming** in *hydroponics.* 100609

HYDROSTATICS

Electrical system for automatic regulation of the engine and *hydrostatic* **transmission** of MT3 tractor. 103524

HYDROXAMIC

N alpha-acetylfusarinines: isolation, characterization, and properties [Penicillium sp., *hydroxamic* **acids,** Fungi]. 099537

HYDROXIDES

The behavior of various starch granules in KOH **[potassium** *hydroxide]* solutions [Rice, corn, potatoes]. 095842

HYDROXYCHOLECALCIFEROL

A study of the effects of 25 *hydroxycholecalciferol* and **calcium** source on egg shell quality. 096747
The effects of cyclic AMP [adenosine monophosphate], hormones and ions on the conversion of *25-hydroxycholecalciferol* **(25-HCC)** to 1,25-dihydroxycholecalciferol (1,25-DHCC) in isolated chick kidney tubules. 096388

HYDROXYETHYL

Repellency of N,N-diethyl-M-toluamide (DEET) and *2-hydroxyethyl* **cyclohexanecarboxylate** against the deer flies Chrysops atlanticus Pechuman and Chrysops flavidus Wiedemann. 102587

HYDROXYLASE
Ecdysone *20-hydroxylase* from the midgut of the tobacco hornworm (Manduca sexta L.). 102929
Isolation of chick renal mitochondrial ferredoxin active in the **25-hydroxyvitamin** *D3-1alpha-hydroxylase* system. 096424
Lysyl *hydroxylase:* Further purification and characterization of the enzyme from chick embryos and chick embryo cartilage. 096245
Study of the effect of calcium on the *procollagen-proline-hydroxylase* **stage** of collagen metabolism [Chick enbryos]. 096262

HYDROXYLATION
Influence of the solvents used for the crystallization of steroid on the process of *hydroxylation* of the **21-acetate** of Reichstein's substance S by a culture of the fungus Tieghemella orchidis. 099505
Hydroxylation of **beta-carotene** on Micro-Cel C. 095457
Hepatic *7alpha-hydroxylation* of cholesterol in ascorbate-supplemented guinea pigs. 095144
Synthesis and reactions of *hydroxylated* **stilbenes** and their possible occurrence as chromophore precursor structures in lignin. 098376
Synthesis and reactions of *hydroxylated* **stilbenes** and their possible occurrence as chromophore precursor structures in lignin. 098377

HYDROXYPHENYLACETIC
Comparison of the effects of high levels of DTPA [diethylene triamine pentaacetic acid] and EDDHA [**ethylenediamine** *di(o-hydroxyphenylacetic* acid] on microelement uptake in bush beans. 100151
Excess EDDHA [**ethylenediamine** *di(o-hydroxyphenylacetic* acid] in the nutrient solution on iron uptake by bush bean plants. 100152

HYDROXYPROLINE
Hydroxyproline **content** in cell walls of plants with different boron requirements [Broadbeans, sunflowers, maize, wheat]. 100315
A possible role of *hydroxyproline-protein* in **oxygen-sensitive** growth [Oats]. 100270
Role of amino acids in plant tissue response to Heterodera rostochiensis. II. Effect of proline and *hydroxyproline* [**Potatoes,** nematodes]. 101980
Wall *hydroxyproline* and growth of georeactive roots (Zea mays L.) [Maize]. 100180

HYGIENE
Etiology and epizootology of salmonellosis in Bulgaria within the 1966-1970 period *[Hygiene* in **animal** husbandry and the food industry]. 094851
Bacteriological examinations of cervical mucus samples of mares within the framework of a survey on **breeding** *hygiene* in the warm blooded horses of the Hanover race, 1971-1975. 097488
Some aspects of **chemical** *hygiene* of milk and dairy products. 094915
Agricultural waste products, fertilizers, and chemical additives as factors of **environmental** *hygiene.* I. 104473
Agricultural waste products, fertilizers, and chemical additives as factors of **environmental** *hygiene.* II. 104474
Milk and **food** *hygiene.* 094886
The situation is alarming. **Forest** *hygiene*—a term that is here to stay [Storm damage]. 097903
Meat *hygiene* regulations and the farmer. 094911
Mastitis—**milking**—*hygiene.* 097177
Hygienic **norm** setting for pesticides in the soil [Residue limits]. 104592
Application of modified nitrate test for evaluation of *hygienic* **quality** of milk [Contamination]. 094948
Flour and semolina production with *hygienic* **regulations.** 094929
Norms used for the *hygiene* and the **techonology** of milk [Grading]. 094829
The preparation and testing of industrial livestock units from the viewpoint of **veterinary** *hygiene.* 097206
The development of pesticide use and the *hygienic* **work** conditions [Toxicity hazards, safety measures]. 102665

HYGROSCOPY
The *hygroscopic* **movement** of the leaves of Dawsonia and someother Polytrichaceae [Musci]. 098915

HYLEMYA
Fly [Allograpta, *Hylemya* **alcathoe**] pollination of Penstemon davidsonii and Penstemon procerus (Scrophulariaceae). 103047
Research on the residues and dynamics of disappearance of trichloronat in onion after application of Phytosol in the form of seed dressing *[Hylemya* **antiqua,** control]. 102461
Study of the effectiveness of new Polish insecticides for control of the cabbage maggot, *Hylemya* **(Phorbia)** brassicae Bche. 102465

HYLOBIUS
Interaction of the systemic insecticide BI-58 and the plant in the treatment of coniferous trees to control the pine weevil *[Hylobius* **abietis].** 102510

HYLOCOMIUM
Productivity and persistence of over-stocked young spruce [Picea] stands in a *Hylocomium* **type** forest plant [community]. 097989

HYLURGOPINUS
Sanitation: a practical protection against Dutch elm disease in Fredericton, New Brunswick [Ceratocystis ulmi, Ulmus americana, Scolytus multistriatus and *Hylurgopinus* **rufipes** as insect vectors]. 101562

HYMENOPTERA
On the species of Euxanthellus Silvestri in South **Africa** *(Hymenoptera:* Aphelinidae) [New taxa]. 103171
On a collection of Banchinae from **Australia** *(Hymenoptera:* Ichneumonidae). I. Genus Leptobatopsis Ashmead [New taxa]. 103177
On a collection of Banchinae from **Australia** *(Hymenoptera:* Ichneumonidae). II. Genus Syzeuctus Foerster [New taxa]. 103178
On a collection of Banchinae from **Australia** *(Hymenoptera:* Ichneumonidae). III. Genus Lissonota Gravenhorst [New taxa]. 103179
Mating behaviour in halictine **bees** *(Hymenoptera:* halictidae). II. Microterritorial and patrolling behavior in males of Lasioglossum robweri. 103125
Biological and ecological studies of the parasitoid Chelonus inanitus (L) *(Hymenoptera:* **Braconidae)** in Israel. II. releases of adults in a cotton field. 102330
Ichneumonoidea (Hymenoptera) parasitic upon leaf-mining insects of the orders Lepidoptera, *Hymenoptera* and **Coleoptera.** 102913
Preliminary studies on certain breeds of the honey bees, Apis mellifera L., in **Egypt** *(Hymenoptera,* Apidae). 103218
Predaceous ants [Crematogaster clariventris, Crematogaster buchneri] *(Hymenoptera:* **Formicidae)** phytophagous on Theobroma cacao in Nigeria. 102254
Regional distribution of three ultrastructural retinula types in the retina of Cataglyphis bicolor Fabr. **(Formicidae,** *Hymenoptera).* 102882
Courtship behaviour in Meraporus **graminicola** *(Hymenoptera)* and other Pteromalinae. 103073
Biology of Siteroptes cerealium Kirchner (Acarina, Pyemotidae), associated with sweet bees nests, Halictus senilis Ev. *(Hymenoptera,* **Halictidae).** 102790
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon **hebetor** *(Hymenoptera:* Braconidae) [Biological control]. 102303
Ichneumonoidea *(Hymenoptera)* parasitic upon leaf-mining insects of the orders Lepidoptera, Hymenoptera and Coleoptera. 102913
A new name for Brachygrammatella indica **Khan** *(Hymenoptera:* Trichogrammatidae). 103154
Interactions between Pleolophus basizonus and Lophyroplectus **luteator** *(Hymenoptera:* Ichneumonidae), two parasites of Neodiprion sertifer (Hymenoptera: Diprionidae) [Forest pests, biological control]. 102482
Biosystematic status of three allopatric populations of Aphytis **maculicornis** *(Hymenoptera:* Aphelinidae). 103158
Biosystematic and evolutionary statuses of two sympatric populations of Aphytis **mytilaspidis** *(Hymenoptera:* Aphelinidae). 103157
The effect of host aggregation on parasitism by Trichogramma papilionis **Nagarkatti** *(Hymenoptera:* Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
African **Pteromalidae** *(Hymenoptera):* new taxa, synonymies and combinations. 103167
Toxicity of pesticides sprayed over plant aerial parts to Diaeretiella **rapae** *(Hymenoptera:* Aphididae) under laboratory conditions. 102235
A new Podagrion species of the Argentine **Republic** *(Hymenoptera,* Torymidae) [Podagrion insolens]. 103146
Two new Eurytomidae of the Argentine **Republic** *(Hymenoptera,* Chalcidoidea) [Pseudosystole bugbeei, Boucekiana tetracampoides]. 103147
Revisionary notes and keys to world genera of **Scelionidae** *(Hymenoptera:* Proctotrupoidea). 103192
Interactions between Pleolophus basizonus and Lophyroplectus luteator (Hymenoptera: Ichneumonidae), two parasites of Neodiprion **sertifer** *(Hymenoptera:* Diprionidae) [Forest pests, biological control]. 102482
Optimization of a method for counting the cocoons of the rusty pine sawfly Neodiprion **sertifer** *(Hymenoptera,* Diprionidae). 102518
Causes and role of diapause of rape sawfly (Athalia colibriChrist., *Hymenoptera* **Tenthredinidae).** 102350
Life cycle and behavior of [the parasitoid] Muscidifurax **zaraptor** *(Hymenoptera:* Pteromalidae) [Musca domestica, biological control]. 102551

HYOSCYAMUS
Rhizosphere and nonrhizosphere microflora of Egyptian henbane *[Hyoscyamus* **muticus]** under saline conditions. I. Microbial density and activity as affected by salinization level and duration. 098762
Microflora of Egyptian henbane *[Hyoscyamus* **muticus]** under saline conditions. II. Physiological activity of Actinomycetes as affected by salinization and duration. 099490

HYPERA
Alfalfa weevil *[Hypera* **postica]** effects on root reserves, development rate, and canopy structure of alfalfa. 102277
Effects of photoperiod and temperature regimens on the biology of European and United States alfalfa weevil *[Hypera* **postica]** populations. 102281

HYPERBOREA
Light and the ecology of **Laminaria** *hyperborea.* II. [Algae]. 098861

HYPERCAPNIA
Glucose consumption in rat cerebral cortex in normoxia, **hypoxia** and *hypercapnia.* 096155

HYPERCOLESTEROLEMIA
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in swine by *hypercholesterolemic* **diet** and intimal trauma. 096674

HYPERGLYCEMIA
Regulation of the blood sugar content in **experimental** *hyperglycemia* in chick embryos. 096456
Effects of limited food intake on the *obese-hyperglycemic* **syndrome** [Mice]. 094977

HYPERICACEAE
Thornea *(Hypericaceae),* a new genus from Mexico and Guatemala [Thornea matudae, Thornea calcicola]. 098652

HYPERICUM
Contribution to the cytotaxonomic study of **Mediterranean** *Hypericum.* 098517

HYPERLIPEMIA
Atherogenic *hyperlipoproteinemia* induced by cholesterol feeding in the Patas monkey. 095022

HYPERPARASITES
Artificial infection of the causative agent of stem rust [Puccinia graminis tritici] of wheat with the *hyperparasite* **Darluca** filum (Fr.) Cast. 101493

HYPERSENSITIVITY
Secondary **bacterial** *hypersensitivity* reactions in canine skin [Dogs]. 097703
The role of **delayed-type** *hypersensitivity* and cell-mediated immunity in bovine staphylococcal mastitis. 097577
Hypersensitivity **pneumonitis:** experimental production in calves with antigens of Micropolyspora faeni. 097289
The variability of *hypersensitivity* **reaction** of the Solanumtubersum [potato] tubers to Phytophthora infestans. 101666
Hypersensitive **reaction** of cowpea leaves to cucumber mosaic virus. 101806

HYPERTROPHY
The influence of fiber in the diet on **dilation** *(hypertrophy)* of the proventriculus in chickens. 096648

HYPERVITAMINOSIS
Bone pathology in *hypervitaminosis* D. An **experimental** study in young pigs. 097717

HYPHAE
Hyphal **fungi** from Southern [Soviet] Georgia. 098748

HYPHANTRIA
Role of insect sex pheromone in mating behavior. I. Theoretical consideration on release and diffusion of sex pheromone in the air *[Hyphantria* **cunea].** 102826

HYPHOMYCETES
Kamatia [indica], a new genus of *Hyphomycetes* **[Fungi].** 098727
An addition to **Indian** *hyphomycetes* [Fungi]. 098593

HYPNEA
The mass outdoor culture of macroscopic marine algae [Gracilaria sp., *Hypnea* **musciformis].** 101289

HYPNOSIS
Effects of 1,1,1-trichloroethane administered by different routes and in different solvents on **barbiturate** *hypnosis* and metabolism in mice. 097822

HYPOCALCEMIA
Relationship between electric systole (QT time) and *hypocalcaemia* in **cattle.** 097709

HYPOCOTYLS
Properties of [mung] **bean** *hypocotyl* mitochondria isolated in a sucrose-phosphate medium. 100580
Production of phenols and phytoalexins in *hypocotyls* of **bean** infected with Fusarium solani f. phaseoli (Burk.) Snyd. and Hans. 101630

Biphasic response of **cucumber** *hypocotyl* sections to auxin. 100539

HYPODERMIS
Ion uptake in relation to the development of a **root** *hypodermis* [Maize seedlings]. 100247

HYPOGYMNIA
Ecological physiology of the **lichen** *Hypogymnia* physodes. I. Some effects of constant water saturation. 099877
Ecological physiology of the **lichen** *Hypogymnia* physodes. II. Effects of wetting and drying cycles and the concept of 'physiological buffering'. 099878
Ecological physiology of the **lichen** *Hypogymnia* physodes. III. The importance of the rewetting phase. 099879
The uptake and metabolism of phosphate by the **lichen** *hypogymnia* physodes. 099883
Influence of certain ecological factors on the content of various compounds in lichens [Cladonia alpestris, Cladonia mitis, Cladonia rangiferina, *Hypogymnia* **physodes**]. 098854

HYPOPHYSECTOMY
Inhibition of multiple ovulation in *hypophysectomized* **hens** treated with gonadotrophins. 096961

HYPOTHALAMUS
Electrophysiological evidence for sexual dimorphism and synaptic convergence in the preoptic and **anterior** *hypothalamic* areas of the rat. 096524
Effects of various ambient temperatures and of heating and cooling the *hypothalamus* and **cervical** spinal cord on antidiuretic hormone secretion and urinary osmolality in pigs. 096466
Interaction between the *hypothalamic* **defence** reaction and cardiac ventricular receptor reflexes [Cats]. 096158

HYPOTHENEMUS
Campaign for the control of the coffee berry borer *[Hypothenemus* **hampei**] in the countries of the area of the International Organization of Agricultural Health (Central Ameri. 102263
Project for a campaign for controlling the coffee berry borer *[Hypothenemus* **hampei**] in the countries of the area of the International Organization of Agricultural Health (Cen. 102264

HYPOXIA
Changes in the sensitivity to *hypoxia* and **glucose** deprivation in the isolated perfused rabbit heart during perinatal development. 096496
Glucose consumption in rat cerebral cortex in normoxia, *hypoxia* and **hypercapnia.** 096155
Hypoxia **increases** potassium efflux fom mammalian myocardium [Cat and guinea-pig papillary muscles, bovine Purkinje fibres]. 096348
Reparation of the enzyme activity of the pathways or respiration in the roots of wheat and rice seedlings after **influence** of *anoxia.* 100330
An additive effect of cold exposure and *hypoxia* on **pulmonary** artery pressure in sheep. 096539

HYPOXIDACEAE
Cytological observations on some West Himalayan monocots. IV. Several families [Amaryllidaceae, Iridaceae, *Hypoxidaceae,* **Dioscoreaceae,** Juncaceae, Commelinaceae, Eriocaulaceae and Zingiberaceae]. 098958

HYPOXYLON
Hypoxylon **mammatum** ascospore germination and mycelial growth on bark and wood media from young branches of trembling aspen [Populus tremuloides]. 101377

HYSTERECTOMY
Acupuncture analgesia for *ovario-hysterectomy* of **bitches.** Account of a year clinical experimentation. 097200

HYSTERESIS
Relationship between thermal treatments of milk and **molecular** *hysteresis* of the milk protein system. 095666

ICE
Water and *ice* [**Contents** of various foods]. 095507
Are your *ice* **machines** safe? 095339

ICHNEUMONIDAE
On a collection of Banchinae from Australia (Hymenoptera: *Ichneumonidae).* I. **Genus** Leptobatopsis Ashmead [New taxa]. 103177
On a collection of Banchinae from Australia (Hymenoptera: *Ichneumonidae).* II. **Genus** Syzeuctus Foerster [New taxa]. 103178
On a collection of Banchinae from Australia (Hymenoptera: *Ichneumonidae).* III. **Genus** Lissonota Gravenhorst [New taxa]. 103179
Interactions between Pleolophus basizonus and Lophyroplectus luteator (Hymenoptera: *Ichneumonidae),* **two** parasites of Neodiprion sertifer (Hymenoptera: Diprionidae) [Forest pests, biological control]. 102482

ICHNEUMONOIDEA
Ichneumonoidea **(Hymenoptera)** parasitic upon leaf-mining insects of the orders Lepidoptera, Hymenoptera and Coleoptera. 102913

IDIOBLASTS
Intoxications of forages in the Irno valley and new relations between *idioblast* **[cell]** function and tumors [Polluted irrigation water toxicity]. 101828

IDIOCERUS
Histochemical observations of the mycetomes of *Idiocerus* **clypealis** Leth. 102781

ILEUM
Experimental canine atherosclerosis and its pevention. The dietary induction of severe coronary, cerebral, aortic, and *iliac* **atherosclerosis** and its prevention by safflower oil. 097741
Blockade of histamine-induced contractions of guinea **pig** *ileum* by beta-haloalkylamines. 096294
Torsion of the *ileum* **reflex** of the spermatic funicle in the dog. 097719

ILEX
Light-mediated inhibition of in vitro development of rudimentary embryos of *Ilex* **opaca.** 099476

ILLUMINATION
Effect of different duration of *illumination* on **chlorophyll** content in leaves of short, medium, and long-day plants. 099699
Changes in the lower levels of a forest phytocenosis under the influence of a slight **increase** in *illumination.* 098821

IMAGINAL
Acetamide incorporation into the **developing** *imaginal* bar eye discs in Drosophila melanogaster. 102822

IMBIBITION
The character of radiosensitivity change of seeds [of peas] in the process of *imbibition* and **germination** [Radiation injuries]. 100596

IMMATURITY
Differentiation of cholesterol compartments in the *immature* **chick** testis. 096952
Inhibition of tonic secretion of luteinizing hormone by progesterone in *immature* **female** sheep. 096330
On the effects in vitro of follicle stimulating hormone (FSH) and actinomycin D on the amounts of nucleic acids of the *immature* **mouse** ovaries. 097037
The influence of some carbohydrate diets as adult food or group interaction during *immature* **stages** on the programming of oviposition in the spotted bollworm, Earias fabia Stoll (Lepidoptera: Noctuidae). 102354
Density effect on survival of *immature* **stages** of Culex pipiens fatigans in breeding sites in Delhi villages. 102576
The *immature* **stages** of Alluaudomyia paraspina (Diptera: Ceratopogonidae) Wirth with notes on its biology. 102812
Localization of vitellogenin and serum albumin in hepatic parenchymal cells of normal and estradiol **treated** *immature* chickens. 096244

IMMIGRANTS
The [European] *immigrant* and **American** agriculture in the nineteenth century. 094081

IMMIGRATION
Centenary of the **Italian** *immigration* to Rio Grande do Sul (Brazil) and problems of the Brazilian animal husbandry. 096080
Synoptic weather conditions inducing **long-distance** *immigration* of planthoppers, Sogatella furcifera Horvath and Nilaparvata lugens Stal [Pest of growing rice]. 102297

IMMOBILIZATION
Exoenzymic activity of **alpha-amylase** *immobilized* on a phenol-formaldehyde **resin.** 095425
The movement of 2,4-dichlorophenoxy acetic acid in root segments of Pisum sativum L. [Peas]. II. *Immobilisation* and **oscillations** in uptake and transport. 100552
Relative efficiencies of a soluble and *immobilized* **two-enzyme** system of glucose oxidase and catalase [Aspergillus niger, Fungi]. 099551

IMMUNITY
About the common theory of the **antimicrobial** *immunity* of plants (conjugated evolution of the pathogen and plant). 101456
Infection and *immunity* in **bovine** infectious rhinotracheitis. 097415
An anamnestic response to challenge with virulent Mycoplasma mycoides subsp. mycoides of **cattle** *immune* to contagious bovine pleuropneumonia. 097395
Studies on Pasteurella multocida. III. In vitro assay for **cell-mediated** *immunity* [Turkeys]. 097268
The antigen-inexperienced thymic suppressor cells: a class of lymphocytes in the young chicken thymus that inhibits antibody production and **cell-mediated** *immune* responses. 097331
The role of delayed-type hypersensitivity and **cell-mediated** *immunity* in bovine staphylococcal mastitis. 097577
Effect of feline panleukopenia virus infection and development of humoral and **cellular** *immunity.* 097314
Detection of *immune* **complexes** in the serum of dogs infected with canine adenovirus. 097598
Grapevine *immunity* to Phylloxera and pathogens of root rots. 102425
Results of breeding sunflower for **group** *immunity* to the major [fungal] pathogens by the method of interspecific hybridization. 099279
Humoral *immunity* in the pig. 097663
Immune **interferon** production by lymphoid cells: role in the inhibition of herpesviruses [Cattle]. 097379
Plasma and organ counts of 3H in normal or *immune* **mice** and sheep injected with 3H-epsilon-dinitrophenyl-lysine. 097604
Condition of the **non-specific** *immunity* in cattle in connection with the adrenocortical reactivity. 097627
Influence of environment on **passive** *immunity* in calves. 097406
Genetical sources of **plant** *immunity* to diseases. 099274
Double induction—a new hypothesis of **plant** *immunity* (membrane aspects of interrelations between potato and Phytophthora infestans (Mont.) de Bary) [causal agent of blight]. 101460
Problems of **plant** *immunity* to virus diseases. 101757
Physiological and biochemical bases of **plant** *immunity* to [insect] pests. 102240
Problems of the biochemistry of pathogenesis and the *immunity* of **plants.** 099786
Principal problems of the *immunity* of **plants** of pests and diseases. 102030
Immunity of **plants** to insect pests and problems of the strategy and tactics of plant protection. 102269
Coccidiosis: *immunity* and the **prospects** for prophylactic immunisation [Chickens, Eimeria]. 097662
Influence of protein restriction [diets] on *immune* **response** to alloantigens and homograft rejection. 095174
Study of *immune* **response** of chickens to Newcastle (Ranikhet) disease vaccine. 097476
Effects of early cyclophosphamide treatment on lymphoid organs and its *immune* **response** in ducks [Salmonella pullorum]. 097478
Ruminant immunology: The selection of healthier cattle and sheep by measuring their *immune* **response** [Antibodies]. 097593
Immune **response** to genital mycoplasmosis in bulls. 097630
The cestocidal effect of complement in normal and *immune* **sera** in vitro [Livestock]. 097467
Cryopreservation of Trypanosoma equiperdum and the production of *immune* **serum** in horses. 097513
Study of the *immunity* of **sunflower** to charcoal rot (Sclerotium bataticola Taub.]. 101469
Ronidazole in low concentrations in drinking water for treatment and development of *immunity* to **swine** dysentery. 097228
Application of *immuno-peroxidase* **techniques** for the detection of foot-and-mouth disease virus antigens. 097557
East Coast fever. 2. *Cross-immunity* **trials** with a Kenya strain of Theileria lawrencei [Cattle]. 097653
Results of studying the genetics of **wheat** *immunity* to rust. 099280

IMMUNIZATION
East Coast fevers. 1. **Chemoprophylactic** *immunization* of cattle against Theileria parva (Muguga) and five theilerial strains. 097652
East Coast fever. 3. **Chemoprophylactic** *immunization* of cattle using oxytetracycline and a combination of theilerial strains. 097654
Role of the phagocytose and evocation of soluble antibacterial factors in **experimental** *immunization* of Locusta migratoria. 102855
Increased resistance in the rat to Strongyloides ratti **following** *immunization* against Trichinella spiralis. 097416
Preliminary results using metabolites and in vitro grown larvae of Ostertagia circumcincta to *immunise* **lambs** against oral challenge. 097605
Chemical methods of **plant** *immunization.* 101910
Coccidiosis: immunity and the prospects for **prophylactic** *immunisation* [Chickens, Eimeria]. 097662
Effect of *immunizing* **substances** on pathological changes caused by the fungus Phoma tracheinhila in the tissues of Gruzinskii lemon [Mal secco disease]. 101616

IMMUNOCHEMISTRY
The place of Pisum formosum (Stev.) Alef. In the tribe Vicieae Bronn according to the data of the *immunochemical* **analysis** of proteins [Peas]. 098521
Differentiation of the first genomes from polyploid wheat species according to the data of the *immunochemical* **analysis** of the alcoholic fraction of grain protein. 099082
Spermatophore of the mealworm beetle [Tenebrio molitor]: *immunochemical* **characteristics** suggest affinities with male accessory gland. 103017
Immunochemistry of **serum** albumin. II. Isolation and characterization of a fragment from the first third of bovine serum albumin carrying almost all the antigenic reactivity of the protein. 097337

IMMUNODIFFUSION
Protocol for the *immunodiffusion* **(Coggins)** test for equine infectious anemia. 097543

IMMUNOFLUORESCENCE
Location of the source of the soluble skin surface proteins of **cattle** by *immunofluorescence.* 096541
Use of *immunofluorescence* to **elucidate** microepidemiology and to carry out microplaque titration of virus of infectious bovine rhinotracheitis on primary calf kidney cells. 097239

IMMUNOGLOBULINS
An IgG1 *[immunoglobulin* G] **allotype** in cattle. 096856
Methods of isolation, purification and quantitation of **bovine** *immunoglobulins.* A technical review. 097674
Immunoglobulin **classes** in genital secretions of mycoplasma-infected and normal heifers. 097380
Carotene and *immunoglobulin* **concentrations** in the colostrum and milk of pasture-fed cows. 096439
Immunoglobulin **concentrations** and bovine enterovirus inhibitors in fetal bovine fluids. 097315
Fractionation of **fowl** *immunoglobulins.* 097601
Study of A100 allotypic specificity of **rabbit** *immunoglobulins.* The cross-reactivity between A100, a1 and a3. 097330

IMMUNOHISTOCHEMISTRY
Immunohistochemical **localization** of LH [lutenizing hormone]-producing cells in the adenohypophysis of the Japanese Quail, Coturnix coturnix japonica. 096307

IMMUNOLOGY
Attempts at **creating** *immunologic* tolerance in hens to Salmonella gallinarum-pullorum. 097359
Immunologic **evidence** that the gene for L-gulono-gamma-lactone oxidase is not expressed in animals subject to scurvy [Ascorbic acid]. 095202
Lipoproteins in serum of rat, mouse, gerbil, rabbit, pig and man studies by electrophoretical and *immunological* **methods.** 096317
Some biochemical and *immunological* **properties** of proteins of bull and ram seminal plasma, and possibilities of their practical utilization in animal reproduction. 097082
Immunological **relations** between cattle and ticks, most particularly between cattle and Boophilus microplus. 102545
Ruminant *immunology:* The selection of healthier cattle and sheep by measuring their immune response [Antibodies]. 097593
Comparison of fungal glucose oxidases [Aspergillus niger, Penicillium glaucum]. Chemical, physicochemical and *immunological* **studies.** 099540
Contribution to the *immunological* **study** of equine infectious anemia. 097277
Immunological **study** of the initial material for breeding peas, peavine and forage vetch in the conditions of the TambovRegion. 099088

IMMUNOSUPPRESSION
Transfer of hypogammaglobulinemia in two inbred chicken strains by spleen cells from bursectomized **donors** *[Immunosuppression].* 097413

IMPATIENS
On some correlations between the development of the root system and overground part of a plant *[Impatiens* **parviflora].** 099052
Effects of the spectral composition of light sources on the growth of a higher plant *[Impatiens* **parviflora].** 100000

IMPLANTS
Induction of egg diapause by *implantation* of **corpora** cardiaca and corpora allata in Bombyx mori. 103248
Preparation of teaser bulls and *steroid-implanted* **steers** and their effectiveness in detecting estrus [Dairy cattle]. 097048

IMPORTS
Bolivian *imports* of U.S. Wheat up in 1976. 094522
Spain's **farm** *imports* up despite rise in production. 094544
A mechanism of pathogenicity of Beauveria brassiana [Fungi] on larvae of the *imported* **fire** ant, Solenopsis richteri. 102246
Control of a mobile pest: the *imported* **fire** ant [Solenopsisgeminata]. 102270
The exploitation of the forestry resources of Brazilian Amazonia and Colombia, and the medium-term outlook for *imports* of **logs** and sawn timber from these countries on the Frenctropical wood market. 097964
Egypt to boost sugar output, but will still **need** *imports.* 094531
Japan boosts tobacco **output,** *imports.* 094538
Mildew (Plasmopara) of the sunflower: a policy to be followed in **seed** *imports* and improved products. 101391
Regional input-output models adjusted by *import-export* **survey** data. 094618
Techniques for the isolation of viruses from exotic birds submitted for *importation* into the **United** States. 097550
Experiment on drying schedules of *imported* **wood.** I. Red meranti (Shorea spp.). 2. Ramin (Gonystylus spp.). 098194
USSR's meat output down; last **year's** *imports* high. 094547

IMPREGNATION
The effect of **chemical** *pre-impregnation* on thermomechanical pulping of hardwoods. 098269
Calving rate of cows following insemination after a 12-day treatment with silastic **coils** *impregnated* with progesterone. 096928
Study on the optimal age and liveweight for **sow** *impregnation* with reference to their reproductive capacities. III. Study on the fattening and slaughter qualities of pigs born during different seasons of the year. 097087
Discriminating method of difficulty for *impregnation* **treatment** of wood with synthetic resin by air comparison pycnometer. 096886
Studies on the production of *impregnated* **wood** with synthetic resin by an accelerator. 098191
Influence of preliminary alkali treatment on birch **wood** *impregnation* and solubility of its components in acid sulphite pulping. 098319

IMPRINTING
Leaf **surface** *imprinting*—a new, easy and cheap method. 098455

IMPULSES
Effect of *impulsive* **concentrated** light on the alteration of some characters in wheat [Radiomutants]. 099250
A small-size generator of **current** *impulses* in an electrohydraulic device [Disinfection and dehelminthization of pig manure]. 103360
Generator of **current** *impulses* for the process of manure dehelminthization. 103527
Counter of **discharge** *impulses* in electrohydraulic devices [for processing agricultural materials and products]. 103364
The origin of *impulses* **recorded** from dentinal cavities in the tooth of the cat. 096167

IMPURITIES
Impurities in **cue-lure** attractive to female Tephritidae [Dacus cucurbitae, Ceratitis capitata]. 102433

INACTIVATION
Observations on the response of cattle to a skin test using infectious bovine rhinotracheitis (IBR) *inactivated* **antigen.** 097540
Metabolic changes in plastome **dependent** *inactivated* pollen from Oenothera. 100044
A factor in cell-free **extracts** *inactivating* sexual agglutinability of a mating type in [the yeast] Saccharomyces cerevisiae. 099917
Analysis of stylar self-incompatibility competence by use of heat **induced** *inactivation* [Lilium longiflorum]. 099410
Phenol-induced *inactivation* of phosphoglucomutase (EC 2.7. 5.1) in extracts from different organs of the potato plant. 100367
Thermal *inactivation* data for swine vesicular disease virus. 097580
Host range and **thermal** *inactivation* of a cowpea isolate of Sclerotium rolfsii. 101500
Determination of *inactivation* **time** for dalapon and sodium trichloroacetate in soil. 102777
Inactivation of **yeast** enzymes by proteinase A and B and carboxypeptidase from yeast [Saccharomyces cerevisiae]. 099740

INACTIVE
The fractionation of active and *inactive* **chromatins** from erythroid cells of chicken. 096358

INBREEDING
Effect of *inbreeding* on the **alteration** of some biochemical features of self-pollinated maize lines of different origin. 099289
Ability of an iron-efficient and an iron-inefficient **corn** *inbred* to take up 59Fe and FeSO4 [iron isotope, ferric sulfate] added to Yolo loam soil. 100148
Phosphorous levels on the ability of an iron-inefficient and an iron-efficient **corn** *inbred* to take up iron from nutrient solution. 100156
The incidence of dwarfing in *inbred* **Douglas** fir [Pseudotsuga menziesii]. 098135
Inborn **errors** of metabolism. 095065
Special diets for **infants** *inborn* errors of amino acid metabolism. 095194
Increased atmospheric humidity post pollination: a possible aid to the production of *inbred* **line** seed from mature flowers in the Brussels sprout (Brassica oleracea var. gemmifer. 099190
Studies of chloroplasts in the *inbred* **lines** of radish (Raphanus sativus L. var. radicola Pers.) and their hybrid. 099162
Inbred **lines** with dominant incompatibility alleles for use as parents of F1 hybrid Brussels sprouts. 099189
Development of *inbreeding* **lines** of potatoes with high starch content and resistant to late blight [Phytophthora infestans]. 099288
Comparative biochemical studies on populations, *inbreds* and **lines** of Phaseolus vulgaris [kidney beans]. 2. Multiple molecular forms of acid phosphatase and esterase. 100562
Genetics effects and genetic effect X year interactions at three gene loci in sublines of a **maize** *inbred* line. 099141
Selection and development of *inbred* **material** for use in early maturing corn hybrids. 099370
Comparative biochemical studies on **populations** *inbreds* and lines of Phaseolus vulgaris [kidney beans]. Activity and multiple molecular forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Alteration of yield structure components in maize as a **result** of *inbreeding.* 099386
Carbohydrate and enzymic characterization of a high sucrose **sugary** *inbred* line of sweetcorn. 100544
Transfer of hypogammaglobulinemia in **two** *inbred* chicken strains by spleen cells from bursectomized donors [Immunosuppression]. 097413
Effect of *inbreeding* on **variability** of cucurbits (Cucurbitamaxima Duch. and Cucurbita pepo L.) [Winter squash, pumpkins]. 099228

INCENTIVES
Forestry *incentives* program: cost sharing as an incentive for small private woodland owners. 098026

INCOME
The impact of urban-industrial development on **agricultural** *incomes* and productivity in Finland. 094418
Assessed *income* and expenditures of farmers during 1974. 094413
Estimating the *income* and **expenses** of 1 hectare of black currant plantings. 094399
Ups and downs in net **farm** *incomes.* 094385
Farm *income* stabilisation. 094433
A study of horticultural crops as a supplement to the **farm** *income.* 094451
Farm *income* statistics. 094649
The impact of the direct peanut price support program on **farm** *income* and government cost. 094785
Food stamp participation among *low-income* **households:** theoretical considerations of the impact on the demand for food. 094782
Nutritional status of expectant mothers belonging to two different *income* **levels.** 095097
Biochemical assessment of the nutritional status of **low** *income* pregnant women of Mexican descent. 094981
The significance of capital gains to farmers and some effects of eliminating their **preferred** *income* tax treatment. 094446
Effect of nutrition education on the nutritional status of *low-income* **pregnant** women of Mexican descent. 094985
A bioeconomic simulation analysis of regulating groundwater irrigation **[Tax,** *income].* 104252

INCOMPATIBILITY
Self-incompatibility in the **Cactaceae.** 099130
Inbred lines with **dominant** *incompatibility* alleles for use as parents of F1 hybrid Brussels sprouts. 099189
Intravarietal variation of wheat plants in the **feature** of *self-incompatibility.* 099294
Histochemical study of *incompatibility* in **hybridization** of barley with rye. 099389
Elements of embryological methodology of analysing buckwheat plants for **illegitimate** *incompatibility.* 099290
Attempts to overcome **interspecific** *incompatibility* in Sesamum [indicum] by using recognition pollen [Sesame]. 099065
Studies on **overcoming** *self-incompatibility* by means of testtube fertilization and development of fertilized ovules into viable seeds in Petunia hybrida. 099339
Effect of growth substances on fruit-set in a **partly** *self-incompatible* olive cultivar [Variety]. 100472
Incompatibility of the **pollen** of Pistachia lentiscus for the pollination of Pistachia vera. 100424
Analysis of **stylar** *self-incompatibility* competence by use of heat induced inactivation [Lilium longiflorum]. 099410
Levels of *self-incompatibility* in **wallflower,** Cheiranthus cheiri L. 099196

INCORPORATION
Acetamide *incorporation* into the developing imaginal bar eye discs in Drosophila melanogaster. 102822
In vitro transcription by isolated nuclei of Rhynchosciara americana salivary glands. Characteristics of *incorporation* and **inhibition** by alpha-amanitin. 102890
A rough determination of sulphate reduction intensity compared with cystein-35S [sulfur isotopes] *incorporation* in **leaves** of soybean, peas and sunflower and in a mushroom mycelium culture. 100007
Leucine *incorporation* in the ganglia of praying mantids [Stagmatoptera biocellata] during a learning process. 103007
Application of 15N [nitrogen isotope] pulsed fourier transform nuclear magnetic resonance spectroscopy to biosynthetic studies; *incorporation* of **L-15N]** valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
The *incorporation* of **long-chain** fatty acids into glycerides in the liver and mammary tissue homogenates of lactating goats. 096535
Light-reactivation of (Tris-washed)-DPIP [2,6-dichlorophenol indophenol]-treated chloroplasts: **manganese** *incorporation,* chlorphyll fluorescence, action spectrum and oxygen evolution. 099920

Mechanical *incorporation* in soil of surface-applied pesticide granules. 102746
Bromodeoxyuridine **5'-monophosphate** *incorporation* into yeast nuclear and mitochondrial deoxyribonucleic acid. 099807
Practical aspects of fatliquoring *[Incorporating* **oils** into the leather]. 095694
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The **photosynthetic** *incorporation* of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Cell concentration as a factor in **precursor** *incorporation* by tobacco leaf protoplasts or separated cells. 100284
Metabolism of Na2 75SeO4 [sodium selenate] in Astragalus bisulcatus lima bean, and wheat: a comparative study *[Incorporation* of **selenium**]. 099834

INCREMENTS

Environmental variables influencing the increment of Pinus radiata. 2. Effects of seasonal drought on height and **diameter** *increment.* 098010
About the effect of inorganic fertilizers on the *increment* of **spruce** [Picea] and pine [Pinus]. 103952

INCUBATION

The mouse inoculation test in rabies diagnosis: early diagnosis in mice during the *incubation* **period.** 097295
The effects of cuprizone toxidity on the *incubation* **period** of scrapie in mice. 097404

INDEX

Indices of **agricultural** production for the Far East and Oceania, average 1961-65 and annual 1966-75 [Statistics]. 094651
Balance of the major nutrients in cropping and the alteration of **agrochemical** *indices* of soils. 099846
Additive effect of some **agrochemical** *indices* in mixing individual samples of soddy-podzolic soils. 103784
Agrotechnical *indices* of tractors of the 5ts class of draft in general farm operations. 103605
Index to **American** botanical literature. 098452
Biochemical *indices* of the potential productivity of soft winter wheat variety. 100184
Nitrogenous and **biological** *index* of soil fertility and the programming of wheat yield. 100196
A **computer-assisted** *indexing* procedure based on the AGRIS [International Information System for the Agricultural Sciences and Technology] input format. 094100
Effects of practical castration in prepuberal age in buffaloes: research on the increase in weight and feed **conversion** *index* of steers of more than 600 kg live weight. 096604
Developing *indices* of nutritional level from anthropometric measurements on women and young children. 094978
Diagnostic *indices* of the level of cultivation of soddy-podzolic sandy and loamy-sandy soils. 103754
Variation of **harvest** *index* in several wheat crosses. 099217
Study on the hereditary variation in native aboriginal breeds of farm animals. I. Mutability in the activity of some plasma enzymes and **hematologic** *indexes* in Bulgarian Grey cattle of southeast Bulgaria. 097086
Sulfite stability—an **important** *index* for selection of yeasts for wine making. 095965
The *cow-index:* a **means** of reducing the odds [Dairy cattle, genetic evaluation]. 097025
Occurrence on rose of a virus belonging to Prunus necrotic ringspot group (NRSV), *indexing* **methods** on indicators. 101773
Evolutionary and **morphological** *indices* of the cutaneous covering of sheep and their use in selection. 097061
Breeding of spring wheat for resistance to spring-summer drought considering some **morpho-physiological** *indices.* 099247
Prospects of using **new** *indices* of heat provision rate for programming yields of farm crops. 094245
CAIN [Cataloging and *Indexing]* **online** testing and assistance at Colorado State University [Computerized bibliographies]. 093955
Screening quotient—an *index* of **performance** for screening evaluation [Pulp mill]. 098263
Preliminary observations on transplanting and a **phenological** *index* of seagrasses. 101290
Agricultural Stabilization and Conservation Service aerial photography—**photo** *indexes* [at the National Agricultural Library]. 093954
Change of some **physiological** *indices* in wheat varieties with different resistance under extreme conditions. 100113
Southern **pine** *site-index* computing program. 098061
Analusis of the effect of a hydraulic magnifier of hitching weight of a tractor on the **power** *indices* of a unitized implement. 103607
Phenolics and indol derivatives as **preselection** *indices* for the growth of Prunus trees. 100616
Investigations of the variability of some *indices* of **productivity** of spruces [Picea] with different timing of flushing. 097988
Index of the **proportional** effect of action factors upon plants and its utilization for a complex plant productivity study. 099789
Repeatability of regression **stability** *indexes* for grain yield of oats (Avena sativa L.) [Genetic crosses]. 099206
Dependence of **tractive** *indices* of a caterpillar tractor from unit pressure on the soil when operating on slopes. 103611
Experimental study of the effect of weight on **tractive** *indices* of a model of a caterpillar tractor of 50 KN class. 103619
Effect of kinematic parameters of a mounted device on the *indices* of a **unit** including a wheel tractor. 103616
Equations and Fortran IV program for the 1976 metric version of the forest fire **weather** *index.* 097887
Preliminary studies on the ultrastructure of the female gonad of **Xiphinema** *index* and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on grapevine and olive tree respectively]. 101976

INDICATORS

The intensity of carbon dioxide release as an *indicator* of **alterations** of soil biological activities under the influence of herbicides. 102773
Upper arm **anthropometric** *indicators* of nutritional status. 095011
2-deoxy-D-glucose uptake by chick embryo cells: a **biochemical** *indicator* of genetic susceptibility to RNA tumour viruses. 097412
Rhytisma acerinum [the cause of tar spot disease of platanus, Acer pseudoplatanus] as a **biological** *indicator* of [sulphur dioxide] pollution. 104481
Use of feeding rate as an *indicator* of **caloric** value in some lepidopterous larvae. 103061
Mosses as gradual **ecological** *indicators* of sulfur dioxide pollution in the industrial area between the Rhine and the Ruhr. 104465
Technical and **economic** *indicators* of selective cutting [of forest stands]. 098049
Bryophytes as *indicators* of **environmental** factors in forest phytocoenoses. 098780
Pesticide residues in wildlife as an *indicator* of **environmental** pollution. 102695
Pathogenic fungi as *indicators* for the **identification** of diversification in plants [Forest trees]. 101640
Mapping of some **lichen** *indicators* of air pollution in Geneva. 104632
Occurrence on rose of a virus belonging to Prunus necrotic ringspot group (NRSV), indexing **methods** on *indicators.* 101773
Incidence of Salmonella spp., Clostridium botulinum, and Vibrio parahaemolyticus in an estuary [**Microbiological** *indicators* of pollution]. 104448
The I-D fluorescence transient: An *indicator* of **rapid** energy distribution changes in photosynthesis [Kidney beans]. 100378
Uncoupling of electron transport by anionic quinonoid **redox** *indicator* dyes [Spinach]. 100517
The chlorogonoplasts in the seeds and tubers of potato, solanum tuberosum L., as *indicator* of **resistance** to the Streptomyces [Scabies] infection. 101310
Nematodes as *indicators* of **river** pollution [in Italy]. 104601
The determination of **strength** *indicators* of soil, characterizing its natural firmness. 103855
Spruce bark as an *indicator* of **sulfur** dioxide immission [for air pollution control]. 104655
The trustworthiness of deciphering **taxation** *indicators* of northern forests according to spectral and panchromatic aerial photographs. 098053
ICMSF [International Commission on Microbiological Specificatons for Foods] methods studies. VII. *Indicator* **tests** as substitutes for direct testing of dried foods and feeds for Salmonella. 094823
Toxic heavy metal effects in submerged plants [as an *indicator* of **water** pollution]. 104656

INDIGENOUS

A register of rare and **endangered** *indigenous* plants in New Zealand. 098661
Evaluation of *indigenous* and **exotic** varieties of sesame (Sesamum indicum L.) for oil and protein content. 100990
Indigenous **paddy** varieties in eastern Rajasthan. 100821
The relationship of laboratory algal assays to measurements of *indigenous* **phytoplankton** in Long Lake, Washington [Water pollution]. 104497
Indigenous **sheep** of Malaysia. 096994

INDIGOFERA

Effect of *Indigofera* **hirsuta** on Belonolaimus longicaudatus, Meloidogyne incognita, and Meloidogyne javanica and subsequent crop yields [Biological control of nematodes, cover crops]. 102014

INDOLE

Esters of *indole-3-acetic* **acid** from Avena [oat] seeds. 100277
Metabolism of *indole-3-acetic* **acid.** II. Oxindole pathway in Parthenocissus tricuspidata crown-gall tissue cultures. 101708
Activity of *indolyl-3-acetic* **acid** oxidase and peroxidase in roots of carrot infested with Meloidogyne hapla Chitw. 101827
Counteraction of phytochrome to the IAA *[indole-acetic* **acid]-induced** hydrogen ion excretion in Avena coleoptile cylinders [Oats]. 100281
Indole **alkaloids** in plant hallucinogens. 099936
Phenolics and *indol* **derivatives** as preselection indices for the growth of Prunus trees. 100616

INDOLEACETIC

Metabolism of IAA *[indoleacetic* **acid]** in normal and autonomous cultures of plant tissues. 099993
On the biological activity of IAA *[indoleacetic* **acid]** conjugates [using tissues of tobacco, potato and soybean]. 100108
Experiments on root formation. The effects of IAA *[indoleacetic* **acid]** and kinetin on the anatomy of the petiole of Phaseolus vulgaris [Kidney beans]. 100557
Hyper-auxin induced by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA *[indoleacetic* **acid]** oxidase, peroxidase and polyphenoloxidase [Loose smut]. 101602
Manipulation of IAA *[indoleacetic* **acid]-oxidase** activity and auxin-deficiency symptoms in intact cotton plants with manganese nutrition. 100256

INDOPHENOL

Light-reactivation of (Tris-washed)-DPIP **[2,6-dichlorophenol** *indophenol]-treated* chloroplasts: manganese incorporation, chlorphyll fluorescence, action spectrum and oxygen evolution. 099920

INDUCTION

Induction of **abnormal** fatty acid metabolism and essential fatty acid deficiency in rats by dietary DDT. 102656
Histopathologic alterations in shell gland **accompanying** *DDT-induced* thinning of **eggshell** [Ducks]. 102684
Cyclic AMP **[adenosine** *monophosphate]-induced* elongation of pollen tubes in Tradescantia paludosa. 099528
The *inducement* and **administration** of change in agricultural systems. 094194
Changes in amino acids and **amides** *induced* by papaya mosaic virus in papaya plants. 101746
Androgen *induction* of intersexuality in sheep. 097045
Induced **androgenesis** in vitro—a new method for obtaining haploid plants. 099404
Cytogenetical studies of **artificially** *induced* autohexaploids of Tabernaemontana divaricata. 098955
Further notes on the behavior of *induced* **asymmetric** in dyads in the male of Drosophila melanogaster. 103055
Herpesvirus-induced **autoantibodies** in animals. 097240
Studies on the occurrence, cytology, fertility and breeding behaviour of aneuploids in *induced* **autotetraploid** Job's tears [Coix lacryma-jobi]. 099163
Induced **autotetraploidy** in Zinnia elegans Jacq. 099159
Negative water **balance** *induced* by intracerebroventricular infusion of deuterium **[Goats]**. 096162
Induction of **basidiocarp** formation of three strains of Fomes durissimus Lloyd in culture [Fungi]. 099687
The *induced* **biosynthesis** of 7-dehydrocholesterols in yeast [Saccharomyces cerevisiae]: potential sources of new provitamin D3 analogs. 099622
A newly recorded Alternaria [citri] *induced* **brown** spot disease on Dancy tangerines in Florida. 101545
Induced **budding** in root-tips and attached leaves of Heloniopsis orientalis (Liliaceae). 100549
Callus *induction* by (2-chloroethyl) phosphonic acid on cultured cotton ovules. 100250
Callus *induction* and plant regeneration from mesophyll protoplasts of Nicotiana sylvestris [Tobacco]. 100333
Effect of cycloheximide on the process of reorganization of the biosynthesis of Chlorella [Algae] **cells** *induced* by nitrogen starvation. 099989
Effect of vitamin B6 on *leucine-induced* **changes** in human subjects. 094986
Food-induced **changes** in UV [ultraviolet]-absorption spectra of isolated chromatin from liver of rats under controlled feeding schedules. 095058
Uptake of exogenous metabolites by virus-transformed cells: **changes** *induced* by temperature and pH [hydrogen-ion concentration, chick embryos]. 097233
Primary reactions of photosystem II at low pH [hydrogen-ion concentration]. 2. *Light-induced* **changes** of absorbance and electron spin resonance in spinach chloroplasts. 100375
Phytochrome-induced **changes** of beta-fructosidase activity in radish cotyledons. 100551
Chemically *induced* sterility in wheat for hybrid seed production. 099172
Cation-anion balance in *lime-induced* **chlorosis** [Soybeans]. 101875
Lime-induced **chlorosis** caused by excess irrigation water [Soybeans]. 101880
Effects of pre-and simulaneous treatment with urea on the *induction* of **chromatid** aberrations in Vicia faba [Broadbeans]. 100179
Relationship between black locust [Robinia pseudoacacia] seedling age and *induction* of **cold** hardiness. 100637
Synoptic weather **conditions** *inducing* long-distance immigration of planthoppers, Sogatella furcifera Horvath and Nilaparvata lugens Stal [Pest of growing rice]. 102297
Blockade of *histamine-induced* **contractions** of guinea pig ileum by beta-haloalkylamines. 096294
Gibberellic acid protection against EMS [ethyl methane sulphonate] and MMS [methyl methane sulphonate] *induced* **damage** to chromosomes in Pisum sativum L. [Peas, mutation]. 099158
Mitochondrial genetic **damage** *induced* in yeast [Saccharomyces cerevisiae]. 099343
Factors governing the *induction* of **diapause** in Ephestia elutella and Plodia interpunctella (Lepidoptera). 103074
Experimental canine atherosclerosis and its pevention. The **dietary** *induction* of severe coronary, cerebral, aortic, and iliac atherosclerosis and its prevention by safflower oil. 097741

Studies on the **disease** *inducing* experiments by using a shaking culture apparatus of Nori (Porphyra) [Algae] with controlled-atmospheric exposure. On the relationships between the exposure and the occurrence of disease and its process. 101867
An EMS [ethyl methanesulfonate] *induced* **dominant** mutation for pollen sterility in Petunia. 099127
Double *induction*—a new hypothesis of plant immunity (membrane aspects of interrelations between potato and Phytophthora infestans (Mont.) de Bary) [causal agent of blight]. 101460
Ecdysterone *induced* proteins in in vitro cultured sensitive clones of Drosophila melanogaster. 102841
Induction of **egg** diapause by implantation of corpora cardiaca and corpora allata in Bombyx mori. 103248
Estimation of the *light-induced* **electrical** potential at the functional membrane of photosynthesis using a voltage-dependent ionophore [spinach chloroplasts]. 100414
Wrinkled rachis and husk—an **EMS** *induced* true breeding panicle mutation in rice. 101797
Accessory spleens in domestic rabbits (Oryctolagus cuniculus). II. Increased frequency in hematological diseases and **experimental** *induction* with phenylhydrazine. 096567
RNA synthesis of puff 2-48BC after **experimental** *induction* in Drosophila hydei [Chromosomes]. 102879
Clinical serologic, and pathologic changes in calves with **experimentally** *induced* Trypanosoma brucei infection. 097222
Adenosine and related nucleotides as *sporulation-inducing* **factors** in Alternaria tomato [Pathogenic fungi]. 099465
Temporal changesin circulating steroids during prostaglandin **F2alpha** *induced* abortion in the rat and rabbit. 097018
Studies on the ses expression of **flowers** *induced* by day-length and temperature in pumpkin and watermelon. 100510
N-nitrosopyrrolidine collected as a volatile during *heat-induced* **formation** in nitrite-containing pork. 095689
Body temperature of **fowls** *induced* by intracerebroventricular infusion of TAB [typhus and paratyphus A and B] vaccine and O somatic antigen of Shigella dysenteriae. 097213
Induction of **furano-terpene** production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato root tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572
Zearalenone production by isolates of **Fusarium** *inducing* foot rot disease of wheat in Italy. 101539
Lipids of spores from Phycomyces [blakesleeanus, Fungi] in relation to *heat-induced* **germination.** 099532
Morphogenesis of the chick embryo foot as studied by Janus **green** *B-induced* malformations. 096448
Some studies on the *induction* of **haploid** parthenogensis in maize. 099063
Serum-induced **head-to-head** agglutination of bovine spermatozoa. 096965
Analysis of stylar self-incompatibility competence by use of **heat** *induced* inactivation [Lilium longiflorum]. 099410
Influence of diet on the *induction* of **hepatic** ceroid pigment in rats by polychlorinated biphenyls. 097863
Characterisation of *induced* **high** protein and high lysine mutants in barley. 099335
Cellular studies of mammary tissue form cows **hormonally** *induced* into lactation: lactose and fatty acid synthesis. 096440
Cellular studies of mammary tissue from cows **hormonally** *induced* into lactation: histology and ultrastructure. 096441
Hyper-auxin *induced* by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA [indoleacetic acid] oxidase, peroxidase and polyphenoloxidase [Loose smut]. 101602
Atherogenic **hyperlipoproteinemia** *induced* by cholesterol feeding in the Patas monkey. 095022
Phenol-induced **inactivation** of phosphoglucomutase (EC 2.7. 5.1) in extracts from different organs of the potato plant. 100367
Counteraction of phytochrome to the IAA [**indole-acetic** *acid]-induced* hydrogen ion excretion in Avena coleoptile cylinders [Oats]. 100281
Changes in lymphatic fluid draining an area of **inflammation** *induced* by feeding Rhipicephalus sanguineus (Acarina: Ixodidae) on the dog. 102580
Intracellular ATP [adenosine triphosphates] level and *light-induced* **inhibition** of respiration in a blue-green alga, Anabaena variabilis. 099919
EMS [ethyl methane sulphonate] and MMS [mehtyl methane sulphonate] *induced* **leaf** mutations in peas. 099151
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic **lesions** *induced* in swine by hypercholesterolemic diet and intimal trauma. 096674
UV *[ultraviolet]-induced* **lethal** sectoring and pure mutant clones in yeast [Saccharomyces cerevisiae]. 099350
Virus diseases of vegetable crops in Apulia. XVII. A yellow mosaic of **lettuce** *induced* by chicory yellow mottle virus. 101778
Light *induction* of polar growth in enucleated fragments of Acetabularia mediterranea [Algae]. 099984
Cytogenetic effects of 5-fluorouracil. V. *Induced* **meiotic** abnormalities in Tradescantia paludosa. 099126
Partial purification of a *progesterone-inducible* **messenger** RNA (avidin) from hen oviduct. 096331
Partial purification of a *progesterone-inducible* **messenger** RNA (avidin) from hen oviduct. 096902
The chemistry of some **microbially** *induced* flavor defects in milk and dairy foods [Streptococcus lactis var. maltigenes]. 094814
[Wind] *barrier-induced* **microclimate** and its influence on growth and yield of winter wheat. 100942
Influence of starvation and hepatic microsomal enzyme. *Induction* on the **mobilization** of DDT residues in rats. 102775
Genetic control of nutation process in Aspergillus nidulans[Fungi]. II. Study of *ultraviolet-induced* **mutagenesis** in uvs strains. 099229
Use of X-ray and *gamma-induced* **mutants** of lactic acid bacteria in the manufacture of dairy products. 095632
N-nitroso-N-methylurea resistance of sunflower cytoplasmic chlorophyll **mutants** *induced* by this agent. 099405
Quality of grain of *induced* **mutants** of wheat. 099426
Induced **mutation** in [kidney] beans (Phaseolus vulgaris) to obtain varieties resistant to golden mosaic virus. 2. 101722
Visible **mutation** *induction* in Mormoniella by low frequency ultrasonic energy. 102987
Effect of different concentrations of F-57 on the frequencyof **mutations** *induced* by irradiation (300 roentgens) in mice. 096920
Protection of Drosophila spermatogonia from *radiation-induced* **mutations.** 102955
Studies on eucalypt mycorrhizas. I. A method of **Mycorrhiza** *induction* in Eucalyptus gummifera (Gaertn. & Hochr.) by Pisolithus tinctorius (Pers.) Coker & Couch [Fungi]. 100625
Endosulfan-induced **neurotoxicity** in rats and mice. 102669
Comparison of ultraviolet and blacklight for the *induction* of **nutritional** independence at two loci in Neurospora crassa[Fungi, genetics]. 099349
Percentage of ecdysone circulating in last larval ages and *induction* of **nymphal** diapause in Pieris brassicae. 102849
Bilateral adrenalectomy of lambs in utero: effects on maternal hormone levels at *induced* **parturition.** 096944
Induction of **parturition** in ewes with a single injection of oestradol benzoate. 097046
Mutants of sweet **pepper** *induced* by chemical mutagens. 099232
Effects of **peripherally** *induced* anosmia on the selectivity of maternal behaviour in the ewe. 096280
The possible role of auxin in reversing **photoperiodic** *induction* of flowering in a short-day plant, Chenopodium rubrum L. 100047
Chloroplastid modifications in Marchantia **polymorpha** *induced* by a light excess [Hepaticae]. 099593
Induced **polyploidy** in legumes. III. Phaseolus vulgaris L. [Kidney beans, varieties, meiotic chromosomes]. 098965
Effect of F-14 indene compound on the mutation **process** *induced* by irradiation in mice spermatogonia. 096921
German cockroach [Blattella germanica] resistance: **propoxurselection** *induces* the same resistance spectrum as diazinon selection. 102255
Temperature-jump-induced **release** of hydrogen ions from chloroplasts and its relaxation characteristics in the presence of ionophores [Spinach]. 100376
Genetic and *vaccination-induced* **resistance** of chickens to lymphoid tumor transplants. 1. Marek's disease tumor transplant (JMV). 097259
Genetic and *vaccination-induced* **resistance** of chickens to lymphoid tumor transplants. 2. Transmissible lymphoid tumor of Olson. 097260
Induction of **resting** spore germination in Entomophthora aphidis [Fungi] by long-day light conditions. 099623
Allergic bronchoconstriction and its *drug-induced* **reversal** in anesthetized, ovalbumin-sensitized cats. 096537
Halothane-induced **rigidity** and associated glycolytic and energy phosphate changes in red and white fibres of skeletal muscle of the pig. 096437
Plantlet morphogenesis and the control of callus growth and **root** *induction* of Phaseolus vulgaris [kidney beans] with the addition of a bean seed extract. 100617
Investigations on radio-sensitive and radio-resistant populations of Drosophila melanogaster. VII. High relative radio resistance to the *induction* of **sex-linked** recessive lethals in stage-7 oocytes of RO 14 [irradiation]. 103056
Virus-like injury to **soybean** *induced* by residual herbicide components present in cow manure. 102045
Alterations in RNA and protein synthesis associated with **steroid** *hormone-induced* sexual morphogenesis in the water mold Achlya [Ambisexualis]. 099692
Water **stress** *induced* alterations of the stomatal response to decreases in leaf water potential [Cotton]. 100265
Weevil [Pissodes **strobi**]—*induced* resin crystallization related to resin acids in eastern white pine [Pinus strobus]. 102506
Terpenoid *induction* in sweetpotato roots by cyclic-3',5'-adenosine monophosphate. 100343
Inhibition of casein proteolysis by **thermally** *induced* complex of kappa-casein with beta-lactoglobulin. 095669
Calcium ions protect beet root cell membranes against **thermally** *induced* changes. 100524
Light-induced **transformations** of methoxychlor [insecticide] in aquatic systems. 102711
Fibrillation of **tropoelastin** *induced* by proteoglycan [Bovine nasal cartilage]. 096346
Kinetin-induced **tuberization** of potato in vitro: on the mode of action of kinetin. 100541
Effect of dietary selenium on **tumor** *induction* by an oncogenic virus [Mice]. 097799
Cytomorphology and stability of *induced* **variants** in Zinnia linearis. 098961
Marble spleen [**virus** *induced]* disease in pheasants in Michigan. 097535
Oligogynophoria, a **virus** *induced* lesion in the groundnut, Arachis hypogaea L. 101749
Zinc *induced* iron deficiency in soybeans. 101881

INDUCTORS

Phenols as *inductors* of some **Basidiomycetes** oxidases. II. Electrophoresis on polyacrylamide gel of soluble protein and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497

INEFFICIENCY

Ability of an iron-efficient and an *iron-inefficient* **corn** inbred to take up 59Fe and FeSO4 [iron isotope, ferric sulfate] added to Yolo loam soil. 100148
Phosphorous levels on the ability of an *iron-inefficient* and an **iron-efficient** corn inbred to take up iron from nutrient solution. 100156
Behavior of *iron-inefficient* **plants** when grown in combinations of calcareous and noncalcareous soils [Maize, soybeans]. 100149
Banding of sulfur and sulfuric acid in soil in which *iron-inefficient* **plants** were grown [Field crops]. 103921
Lime chlorosis on photosynthesis and transpiration of *iron-inefficient* **soybeans.** 101879

INFANCY

Nutrition, *infant* **behavior,** and maternal characteristics: a pilot study in West Bengal, India. 094995
The effects of dietary fatty acids and cholesterol on the milk lipids of lactating women and the plasma cholesterol of **breast-fed** *infants.* 095009
Childhood antecedents of adult obesity - do **chubby** *infants* become obese adults? 095168
Chemical composition and some properties of modified buffaloes' milk for *infant* **feeding.** 095617
Vitamin E and C levels in *infants* during the **first** year of life. 094972
Vitamin E and C levels in *infants* during the **first** year of life. 095014
Special diets for *infants* **inborn** errors of amino acid metabolism. 095194
Enterocolitis in **low-birth-weight** *infants* associated with milk and soy protein intolerance. 095157
Milk protein quantity and quality in **low-birthweight** *infants* = 1. Metabolic responses and effects on growth. 095193
Current concepts in *infant* **nutrition.** 095044
Human milk in **premature** *infant* feeding: summary of a workshop. 095191
Bioavailability of zinc in milk and soy **protein-based** *infant* formulas. 095146
Essential fatty acid **requirements** in *infancy.* 094989
The fatty acid pattern of *infants* and **small** children under the influence of oral nutrition. 095233

INFARCTION

Coffee, **myocardial** *infarction,* and sudden death. 095164

INFECTION

Laboratory diagnosis of equine **adenoviral** *infections.* 097529
Adenovirus *infection* in lambs. I. Epizootiology of the disease. 097673
Effects of temperature and time on the infectivity of cryogenically preserved samples of **Anaplasma** *mariginal-infected* erythrocytes [Calves]. 097224
The effect of Fomes **annosus** *infection* on diameter growth ofPinus taeda L: an initial report. 101451
Ultrastructure of the leaves of Chenopodium quinoa Willd. *Infected* with **apple** chlorotic leaf spot virus. 101729
Artificial *infection* of the causative agent of stem rust [Puccinia graminis tritici] of wheat with the hyperparasite Darluca filum (Fr.) Cast. 101493
Influence of Fortigro (Carbadox) [in the feed] on the reduction of **ascarid** *infection* in rats and piglets. 097440
Prevention of *infectious* **atrophic** rhinitis in swine with the vaccination of sows with Bordetella bronchiseptica [Bacterial infections]. 097326
Control of group B streptococcal mastitis [Dairy cattle, **bacterial** *infections].* 097323
Prevention of infectious atrophic rhinitis in swine with the vaccination of sows with Bordetella bronchiseptica [**Bacterial** *infections].* 097326
Coordinating laboratory mastitis inspection [**Bacterial** *infections].* 097446
Vaccination research involving Escherichia coli and neonatal swine; a literature survey [**Bacterial** *infections].* 097460

Pseudomonas aeruginosa. II. Occurrence in Arctic foxes (Alopex lagopus) on a Danish fur farm [**Bacterial** *infections].* 097461
Fetal serology as an aid to diagnosis of bovine abortion [**Bacterial** *infections].* 097521
Site of bacterial RNA synthesis in eggplant [Escherichia coli, Agrobacterium tumefaciens] protophloem after a **bacterial** *infection.* 101710
Production of phenols and phytoalexins in hypocotyls of **bean** *infected* with Fusarium solani f. phaseoli (Burk.) Snyd. and Hans. 101630
Effect of *infection* with **bean** yellow mosaic virus on nucleic acid content of azak treated broadbean (Vicia faba L.) plants. 101720
Occurrence of short particles in **beans** *infected* with the cowpea strain of TMV [tobacco mosaic virus]. I. Purification and characterization of short particles. 101814
Occurrence of short particles in **beans** *infected* with the cowpea strain of TMV [tobacco mosaic virus]. II. Evidence that short particles contain the cistron for coal-protein. 101815
Transmission of hog cholera virus by flies: recovery of virus from flies following exposure to *infective* **blood.** 097581
Radiographic diagnosis of bone tumors and **bone** *infection* in the dog. 097118
Bacteriologic and vaccination studies in a field epizootic of *infectious* **bovine** keratoconjunctivitis in calves. 097221
Use of immunofluorescence to elucidate microepidemiology and to carry out microplaque titration of virus of *infectious* **bovine** rhinotracheitis on primary calf kidney cells. 097239
Infectious **bovine** rhinotracheitis/infectious pustular vulvovaginitis infectious [Cattle]. 097271
The isolation and characterization of a strain of *infectious* **bovine** rhinotracheitis virus from stillbirth in swine. 097294
Infection and immunity in **bovine** *infectious* rhinotracheitis. 097415
Observations on the response of cattle to a skin test using *infectious* **bovine** rhinotracheitis (IBR) inactivated antigen. 097540
Strains of *infectious* **bronchitis** virus on the Delmarva peninsula and in Arkansas [Chickens]. 097267
Vaccination and revaccination with a Holland (H) strain of *infectious* **bronchitis** virus [Chickens]. 097270
Clinical serologic, and pathologic changes in calves with experimentally induced Trypanosoma **brucei** *infection.* 097222
Blood hyperviscosity during Trypanosoma (Trypanozoon) **brucei** *infections* of rabbits. 097396
45/20 vaccination in a **Brucella** *infected* herd [of cattle]. 097584
Studies on the anemia in experimental African trypanosomiasis. II. The pathogenesis of the anemia in **calves** *infected* with Trypanosoma congolense. 097219
Hepatitis in skunks caused by the virus of *infectious* **canine** hepatitis. 097430
Encephalomyelitis in young dogs after vaccination against distemper and *infectious* **canine** hepatitis. 097490
Vertical transmission as an unrecognized problem in transmission of *infection* [using **cattle** as a model]. 097353
Infection **caused** by Salmonella typhimurium of fattening lambs. 097364
Morphology, morphometry and electron microscopy of HeLa **cells** *infected* with bovine Mycoplasma. 097300
Suppression of interferon production [by L **cells** *infected* with Newcastle disease virus] by vitamin A. 097409
Chromosomal DNA replication: retarded fork progression and altered initiation in **cells** *infected* with mengovirus or Newcastle disease virus [Infection of mouse L cells]. 097668
Post-infection **changes** in apples due to Aspergillus niger van Tiegh. II. Organic acids. 101534
Early synthesis of Semliki forest virus-specific proteins in *infected* **chicken** cells. 097424
Effect of route of Newcastle disease vaccination on the incidence of airsacculitis in **chickens** *infected* with Mycoplasma synoviae. 097254
Ostertagia **circumcincta** *infection* in lambs originating from larvae which survived the winter. 097658
Neonatal Escherichia **coli** *infections* in calves. I. Appraisal of rehydration. 097677
Comparison of indirect fluorescent antibody (IFA) with complement fixation (CF) tests for diagnosis of Babesia spp *infections* in **Colombian** cattle. 097637
Compound *infections* on the farm. 097272
About the creation of *infectious* **conditions** for stinking smut [Tilletia caries, Tilletia foetida] and [Fusarium] root rots of wheat [Evaluation of varietal disease resistance]. 101457
Aflatoxin contamination, fluorescence, and insect [Sitophilus oryzae] damage in **corn** *infected* with Aspergillus flavus before harvest. 101389
Effects of temperature and time on the *infectivity* of **cryogenically** preserved samples of Anaplasma mariginal-infected erythrocytes [Calves]. 097224
Cytological and histochemical studies on cell **cultures** *infected* with bovine herpes virus 2. 097234
Chlorophyll content of tomato yellow leaf **curl** *virus-infected* tomatoes in relation to virus resistance. 101770
A simple technique for mass cultivation of Campylobacter fetus [for agglutination tests in **diagnosing** *infection* in animals and for vaccine preparation]. 097286
Isolation of *infective* **Dictyocaulus** larvae from herbage [Livestock parasites]. 097657
The Minnesota *[infectious]* **disease** reporting system for food producing animals. 097575
Infectious **diseases** common to animal and man of occupational significance to agricultural workers. 097338
Use of vaccines in the production of baby pigs *[Infectious* **diseases],** 097444
Laboratory diagnosis of bovine abortion *[Infectious* **diseases].** 097530
Summer vaccinations *[Infectious* **diseases,** minks]. 097641
The problem of resistance of tomatoes to *infectious* **diseases.** 099454
Detection of immune complexes in the serum of **dogs** *infected* with canine adenovirus. 097598
Salmonella **Dublin** *infection* in feedlot calves. 097328
Electrophoretic mobility and **enhanced** *infectivity* of a mutant of cowpea mosaic virus. 101812
Electron microscope study of experimental **enteric** *infection* in neonatal dogs with a canine coronavirus. 097441
Laboratory confirmation of porcine **enterovirus** *infections.* 097527
Eperythrozoon *infection* in sheep. 097589
Infectious **epidiymitis** in rams and its control. 097386
Contribution to the immunological study of **equine** *infectious* anemia. 097277
Equine *infectious* anemia (EIA) [Virus diseases]. 097319
Protocol for the immunodiffusion (Coggins) test for **equine** *infectious* anemia. 097543
Florida's program against **equine** *infectious* anemia. 097562
Experimental *infection* of white-tailed deer with rinderpest virus. 097427
The **experimental** *infection* of specific pathogen free lambs with Mycoplasma ovipneumoniae. 097606
Transplacental migration of Toxocara canis larvae in **experimentally** *infected* mice. 097420
Pathology of goats and sheep **experimentally** *infected* with Mycoplasma mycoides var. capri. 097454
Studies on leptospirosis in animals in Croatia. XIII. Incidence of carriers of Leptospira in **experimentally** *infected* pigs. 097649
Infected **feather** follicles in cage reared broilers. 097482
Feline *infectious* peritonitis: diagnosis and experimental reproduction of the disease. 097592
Sporulation from Eutypella [parasitica]-cankered maples [Acer saccharum] reduced by **felling** *infected* trees. 101564
Comparative studies of the *infection* of **flag** leaves and seedling leaves of wheat by Erysiphe graminis. 101540
Protein synthesis **following** *infection* of the blue-green alga Plectonema boryanum with the temperate virus SPI and its ts mutants. 101816
Relative susceptibility of slash, loblolly and longleaf pines [Pinus elliottii, Pinus taeda, Pinus palustris] to *infection* by **Fomes** annosus. 101447
Variation in *infection* [**Fomes** annosus] of loblolly pine [Pinus taeda] roots on high and low hazard sites in the southeastern United States. 101455
Growth of broilers and quail fed Fusarium **(Gibberella** *zeae)-infected* corn and zearalenone (F-2). 096755
Studies on the development of the root system of **grapevines** *infected* with yellow mosaic [Fanleaf]. 101752
Helminth *infections* in cattle [Parasitic worms]. 097325
Relation between common antigen and membrane antigens associated with Marek's disease herpesvirus and turkey **herpesvirus** *infections.* 097241
Veterinary regulations and liquidation of centers of **honeybee** *infections.* 103316
Infection and **immunity** in bovine infectious rhinotracheitis. 097415
Studies on the epizootiology of nasal schistosomiasis [Schistosoma nasale] of bovines. 1. Prevalence and **incidence** of *infection.* 097451
Experimental studies on (I) serum biochemical, (II) tissue histochemical changes **inexperimentally** *infected* chickens by different developmental stages of Ascaridia galli (Schrank, 1788). 097216
Variations in the susceptibility of lactating and non-lactating bovine udders to *infection* when **infused** with Escherichia coli. 097405
Differentiation of streptococci recovered from bovine **intramammary** *infections.* 097519
Experimental investigation of the postparturient rise of faecal egg count of Ostertagia circumcincta as a source of *infection* for **lambs.** 097655
Nutrient reserves in starving black carpet beetle [Attagenus megatoma] **larvae** *infected* with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
The effect of *infectious* **laryngotracheitis** virus on the bursa of Fabricius of young chickens. 097403
Application of systemic fungicides against **leaf** *infection* with wilt [Verticillium dahliae] simultaneously with defoliation of cotton. 101644
Physiology of powdery mildew [Erysiphe cichoracearum] *infected* **leaves** of Abelmoschus esculentus. I. Respiration and photosynthesis. 101541
Changes in ribonuclease activity in oat **leaves** *infected* with Puccinia coronata avenae. 101633
Proof of interactions between *infections* with **lettuce** mosaic virus and cucumber mosaic virus in fields of lettuce plants. 101780
Eimeria **leuckarti** *infection* in foals. 097452
How to **limit** *infectious* respiratory diseases of calves. 097445
Preliminary investigation of the life history of Filaroideshirthi Georgi and Anderson, 1975 [**Lungworm** *infection* of dogs]. 097317
Avian reservoirs of Newcastle disease [a **major** *infection* ofpoultry]. 097341
Infection of **man** by swine vesicular disease virus. 097398
Reticuloendotheliosis group virus pathogenic to chicken isolated from **material** *infected* with turkey herpesvirus (HVT). 097265
Infection rate of vetch by leaf spot [Ascochyta punctata] with various **methods** of *infection.* 101345
Hepatozoon sp. *Infection* in **mink** from southwestern Ontario. 097431
Eimeria acervulina, Eimeria brunetti, and Eimeria maxima: pathogenic effects of single or **mixed** *infections* with low doses of oocysts in chickens. 097332
Mixed *infections* by lettuce and cucumber mosaic viruses in Lactuca spp. in Sicily. 101771
Monitoring *infectious* bursal disease (IBD) antibodies by agar gel precipitin (AGP): a comparative study [Virus diseases, chickens]. 097594
Effect of dose of cytoplasmic polyhedrosis virus on *infection,* **mortality,** development rate, and larval and pupal weights of the pink bollworm [Pectinophora gossypiella]. 102335
Ultrastructural changes in the cell surface of Coelomomycespunctatus [Fungi] *infecting* **mosquito** larvae [Anopheles quadrimaculatus, biological control]. 098930
Plasmodium berghei: antibody mediated reduction of oxygen consumption by *infected* **mouse** bone marrow cells. 097624
Chromosomal DNA replication: retarded fork progression and altered initiation in cells infected with mengovirus or Newcastle disease virus *[Infection* of **mouse** L cells]. 097668
Bovine infertility associated with **Mycoplasma** *infection.* 097301
The biology of mycorrhiza in the Ericaceae. VI. The effects of **mycorrhizal** *infection* and concentration of ammonium nitrogen on growth of cranberry (Vaccinium macrocarpon Ait.) in sand culture. 100515
Development of **mycorrhizal** *infections* from Endogone spores and infected root segments. 101645
Studies on the development and chemotherapy of larvae of Parascaris equorum (Nematoda: Ascaridoidea) in experimentally and **naturally** *infected* foals. 097419
Occurrence of rabies virus in the medulla and medulla oblongata of **naturally** *infected* horses and its absence from other areas of the central nervous system and other tissues. 097471
Plasma steroid tendency, social environment and Eimeria **necatrix** *infection* [Chickens]. 097483
The ultrastructure of the host-parasite interface in the needles of Pinus **nigra** *infected* with Lophodermella sulcigena. 101316
Immunoglobulin classes in genital secretions of *mycoplasma-infected* and **normal** heifers. 097380
Effects of Aureo-S-700R on sporulation, viability and *infectivity* of **ovine** coccidial oocysts. 097464
The economically most important **ovine** *infectious* abortions and their control. 097494
Treponema **pallidum** *infection* in subcutaneous polyethylene chambers in rabbits. 097383
Severity of natural Endothia **parasitica** *infection* on Chinese chestnut [Castanea mollissima]. 101563
Reaction of chemomutants of cotton to *infection* by the **pathogen** of Verticillium [dahliae] wilt. 101614
Infectivity and **pathogenicity** of three Italian population of [the nematode] Tylenchulus semipenetrans Cobb on citrus and other hosts [Olive, grapevine]. 101967
The threshold value of *infection* with **Pectobacterium** carotovorum var. atrospeticum (van Hall) Dowson for producing latent and acute soft rot infection of potato stalks and tubers. 101677
Alteration in the composition of proteins in onions (Alliumcepa L.) as a result of *infection* with **Peronospora** destructor [Downy mildew]. 101339
Role of temperature-sensitive mutants in **persistent** *infections* initiated with vesicular stomatitis virus. 097425
Observations on the mode of *infection* of **Phytophthora** parasitica var nicotianae on young roselle [Hibiscus sabdariffa] roots. 101504
Intestinal plasma and blood loss in **piglets** *infected* with Strongyloides ransomi. 097656
Studies on Fomes annosus and the *infection* of **pine** seedlings. 101450
Isoelectrofocusing of peroxidases of the leaves and roots of wheat **plants** *infected* with stem rust. 101615
Ultrastructure of leaf cells of some cultivated **plants** *infected* with plant viruses. 101734
Formation of antivirus substances in tomato **plants** *infected* with tobacco mosaic virus. 101807
The influence of pre-sprouting, spraying and defoliating of potatoes on the *infection* with **potato** late blight [Phytophthora infestans]. 101582
Cystine aminopeptidase (oxytocinase) activity in plasma and tissues of normal and *infected* **pregnant** cattle [with Aspergillus fumigatus]. 097223
The *infection* **process** and ultrastructure of the Gunnera-Nostoc [Algae] symbiosis. 099882
Infection **rate** of vetch by leaf spot [Ascochyta punctata] with various methods of infection. 101345
Infection **rate** of peavine [Lathyrus] by Ascochyta depending on the phase of development of plants and on the utilization of provocative conditions. 101346
Infection **rate** of spring wheat by rust fungi [Puccinia]. 101639
Inhibition of Colletotrichum coccodes (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon [tomato] species in response to *infection* by the **root** parasitic complex. 101371
Development of mycorrhizal infections from Endogone spores and *infected* **root** segments. 101645

The threshold value of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for producing latent and acute soft **rot** *infection* of potato stalks and tubers. 101677
Effect of restriction endonucleases on *infectivity* of **Rous** sarcoma virus DNA. 097459
Attempts at curing a selected poultry flock from typhus-pullorosis **[Salmonella** *infections].* 097360
Professional risk of **Salmonella** *infection* in a poultry combine. 097368
Development of a serum-plate antigen for detection of **Salmonella** *infections* in turkeys. 097515
The control system in **salmonellosis** *infection* of domestic animals in Czechoslovakia. 097371
The chlorogonoplasts in the seeds and tubers of potato, solanum tuberosum L., as indicator of resistance to the Streptomyces **[Scabies]** *infection.* 101310
The fate of ME7 **scrapie** *infection* in rats, guinea-pigs and rabbits. 097607
Moraxella **septicaemiae** *infection* in geese. 097676
Absence of antibodies to double-stranded RNA and DNA in the sera of *scrapie-infected* **sheep** and mice. 097414
Effects of the Bi locus in cucumber on reproduction, attraction, and response of the plant to *infection* by the **southernroot-knot** nematode [Meloidogyne incognita]. 101921
Tobacco mosaic virus (TMV). Effects of *infection* with **strains** of TMV on the yields of unproctected tomato plants and of plants protected with attenuated strains of TMV as compared to varieties resistant to TMV. 101805
Subcutaneous *infection* with Dermatophilus congolensis in a cat. 097402
The nature of inhibitory activity of pentachloronitrobenzene to sclerotia of Sclerotium rolfsii Sacc. [Isolated from *infected* **sugarbeet** roots]. 101672
A comparison of the acquired resistance to Dipetalonema viteae stimulated in hamsters by trickle versus **tertiary** *infections.* 097636
Separation of potato spindle tuber viroid ribonucleic acid from Scopolia sinensis into **three** *infectious* forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737
Recovery of Phytophthora species from old, badly decayed, *infected* **tissues** of Hevea brasiliensis. 101655
RNA polymerase from tobacco necrosis virus infected and *uninfected* **tobacco.** Purification of the membrane-associated enzyme. 101817
Evaluation of anti-bacterial action of some medicinal plants used in the treatment of urinary **tract** *infections.* 099732
Delineation of La Crosse virus in developmental stages of **transovarially** *infected* Aedes triseriatus [Vectors]. 102546
Effect of aerial chemical care of young stands [with 2,4-dichlorophenoxyacetic acid] on the incidence of pine **trees** *infected* with trunk rust, Melampsora lini (A. Br.) Rostr. 101605
Biological controls in mixed **trichostrongyle** *infections* [Lambs]. 097463
Tracer techniques for the study of host [plant]-parasite relations *[Infection* by **Uromyces** phaseoli, viruses, breeding of disease resistant varieties]. 101914
Yeasts in bovine semen [reservoir for bovine **uterine** *infection].* 097318
Variant *infectious* bronchitis virus isolated from Indiana chickens. 097485
Hyper-auxin induced by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. *Post-infection* **variations** in IAA [indoleacetic acid] oxidase, peroxidase and polyphenoloxidase [Loose smut]. 101602
A diagnostic survey of bovine **viral** *infections* in the Northern Plains states. 097498
Lymphocyte immunostimulation in the diagnosis of mycobacterial and **viral** *infections* of cattle and swine. 097534
Venezuelan equine encephalitis virus: comparison of *infectivity* and **virulence** of strains V-38 and P676 in donkeys [Aedes triannulatus, vectors]. 097220
An occurrence of avian influenza **virus** *infection* in laying chickens. 097248
A comparison of some serological tests [from cattle, sheep and deer] for bluetongue **virus** *infection.* 097285
Effect of feline panleukopenia **virus** *infection* and development of humoral and cellular immunity. 097314
A comparison of methods for monitoring viremia in a bluetongue **virus** *infected* bovine. 097497
The laboratory diagnosis of bovine leukemia **virus** *infection.* 097552
Effect of **virus** *infection* on the resistance of potatoes to late blight [Phytophthora infestans]. 101754
A Moroccan isolate of turnip mosaic **virus** *infectious* to garden pea and other legumes [Aphids as insect disease vectors]. 101781
RNA polymerase from tobacco necrosis **virus** *infected* and uninfected tobacco. Purification of the membrane-associated enzyme. 101817
Keterah **virus** *infections* in four species of Argas ticks (Ixodoidea: Argasidae). 102583
Effects of different temperatures on Tipula iridescent **virus** *infection* in galleria mellonella larvae. 103027
Infectious bovine rhinotracheitis/infectious pustular **vulvovaginitis** *infectious* [Cattle]. 097271
Alteration of the quantity and quality of proteins in the leaves of winter **wheat** *infected* with the pathogen of brown leaf rust [Puccinia triticina]. 101611
Influence of the nutritional state of cotton plants on the response to *infection* with **Xanthomonas** malvacearum (E.f. Smith) Dowson [Angular leaf spot]. 101714

INFERENTIAL

Results and experiences in the 1975 socialist competition of the Gressow Cooperative Farm and *inferences* for its **continuance** up to the IXth Congress of the Socialist Union Party of the German Democratic Republic [Agriculture productive capacity]. 094791

INFERIORITY

Los olvidados: peasants, the forgotten class, are kept in a position of *inferiority* by **powerful** interests, which fear their organization [Rural development]. 093960

INFERTILITY *see* FERTILITY

INFESTATION

Activity of indolyl-3-acetic acid oxidase and peroxidase in roots of **carrot** *infested* with Meloidogyne hapla Chitw. 101827
Modern controls of the frequency of **dog** *infestations* with Echinococcus granulosus (Batsch, 1786) in Apulia. 097214
Response of [tobacco] root cells to the feeding by the **ectoparasitic** *root-infesting* nematode Trichodorus similis [a vector of tobacco rattle virus]. 102067
Forecasting *infestations* of tropical migrant pests: the Desert Locust [Schistocerca gregaria] and the African Armyworm [Spodoptera exempta]. 102272
Field accumulation of aflatoxin [by Aspergillus flavus] in cottonseed as influenced by irrigation termination dates andpink bollworm [Pectinophora **gossypiella]** *infestation.* 104258
The synoptic weather in relation to an outbreak of the African armyworm, Spodoptera exempta (Wlk.) *[Infestation* of **grasslands** in Rhodesia]. 102333
Varietal responses of grain sorghum to *infestation* by **Heliothis** armigera. 102305
Insect *infestations* in no-tillage corn cropping systems. 102307
Weight losses of groundnuts (Arachis hypogaea L.) from *infestation* by the **mites** Acarus siro L. and Tyrophagus putrescentiae (Schrank). 102539
Influence of three rootstocks on the yield and on the *infestation* of [the **nematode]** Tylenchulus semipenetrans on two citrus varieties in Algeria. 101968
Propects of development of rootstock cultivation of grapevines in the conditions of *infestation* with **Phylloxera.** 102420
Development of inbreeding lines of potatoes with high starch content and resistant to late blight **[Phytophthora** *infestans].* 099288
Double induction—a new hypothesis of plant immunity (membrane aspects of interrelations between potato and **Phytophthora** *infestans* (Mont.) de Bary) [causal agent of blight]. 101460
Revealing immunochemically similar protein components of the causal agent of potato blight **[Phytophthora** *infestans]* andits host-plant by using monospecific sera. 101466
The character of late blight **[Phytophthora** *infestans]* resistance display in potato tubers. 101471
Vertical resistance of potatoes to the pathogen of late blight **[Phytophthora** *infestans]* and the formation of phytoalexins. 101474
The influence of pre-sprouting, spraying and defoliating of potatoes on the infection with potato late blight **[Phytophthora** *infestans].* 101582
Role of environmental factors in the change of the resistance of potato phytophtorosis **[Phytophthora** *infestans].* 101613
The variability of hypersensitivity reaction of the Solanumtubersum [potato] tubers to **Phytophthora** *infestans.* 101666
Effect of virus infection on the resistance of potatoes to late blight **[Phytophthora** *infestans].* 101754
Corchorus acutangulus: a new **plant** *infested* by cotton grey weevil Myllocerus undecimpustulatus maculosus Desb. [Weed control, natural]. 102266
Occurrence and significance of nasal bot [Cephenemyia stimulator] *infestation* in **roe** bucks (Capreolus capreolus). 102569
Performance of selected snap bean varieties under **rust** *infestation.* 101323
A trial to combat mixed louse and **tick** *infestation* in poultry using Sumithion (R). 102610
Plant bugs [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of *infestation* **time,** types of cotton injury, and significance of wild hosts near cotton. 102363
Research on the species composition of weevils (Ceuthorrhynchus spp.) and on the causes of increase of *infestation* of **winter** rape by these pests on the territory of Rzeszow province. 102290

INFILTRATION

Calibration of selected [water] *infiltration* **equations** for the Georgia Coastal Plain [Soils]. 103709
Experimental verification of two calculation methods for relating **horizontal** *infiltration* to soil-water diffusivity. 103746

INFLAMMABILITY

Flammability and **combustibility** of the main species of the garrigues in the French Mediterranean region [Forest fires]. 097904

INFLAMMATION

Observations on the effects of weaning in the young pig. Clinical and histopathological studies of intestinal function and morphology **[Acute** *inflammatory* response and a reduction in plasma cell population]. 097762
Changes in lymphatic fluid draining an area of *inflammation* **induced** by feeding Rhipicephalus sanguineus (Acarina: Ixodidae) on the dog. 102580

INFLATION

Inflation, **accounting** and farming. 094384

INFLORESCENCE

Developmental morphology of the *inflorescence* and **perigynium** in Coix. 099018
Ablation of the *inflorescences* on **young** oil palms. Special case of dry zones. 101305

INFLUENZA

An occurrence of **avian** *influenza* virus infection in laying chickens. 097248
Report of the subcommittee on **avian** *influenza* to the committee on transmissible diseases of poultry. 097572
Attenuation of pathogenicity of fowl plague virus by recombination with other *influenza* A **viruses** nonpathogenic for fowl: nonexclusive dependence of pathogenicity on hemagglutinin and neuraminidase of the virus. 097423

INFORMATION

Evolution of **agricultural** *information* services in the world: general trends and the present situation. 094102
Information and **bibliographical** service to agricultural specialists in the USSR. 094103
Compilation of analyses of rocks taken from the mountain region for the purpose of assessing forest site **capacity** *(information* article with reference data) [East Germany]. 098175
Current *information* on Swedish food legislation. 094748
Study of flows of **documented** *information* in the management of mechanized production in a farm. 103545
Information about the **effect** of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473
[Polish] studies on the **genetic** *information* in microorganisms, plants, and animals for the improvement of their useful characteristics. 099355
A computer-assisted indexing procedure based on the AGRIS **[International** *Information* System for the Agricultural Sciences and Technology] input format. 094100
Management *information* systems: a look at the dairy processing industry. 094143
Management *information* systems for the individual farm firm. 094201
More *information* is **needed** about disappearing disease. You can help! [Honey Bee Pesticides/-Diseases Research Laboratory]. 103212
Study and proving of the composition of **non-documented** *information* for operational management of the machine-and-tractor fleet in a farm. 103543
Political *information* of rural workers. 094032
Information **retrieval** system "introduction" on manual punched cards [for the world collection of entries in the All-Union Institute of Plant Industry]. 098479
An *information* **science** approach to the study of communication system in the BIC [Bean Improvement Cooperative]. 101047
Sources of technical and **scientific** *information* in the field of water resources. 104376
Improving **secondary** *information* services for entomologists. 102787
Examples of the establishment of spatial arrangement as a measure for increasing the resistance of spruce **stands** *(information* article with reference data) [Storm injuries]. 097955
A system for summarizing superior tree records and **status** *information.* 098019
Information from a **study** tour into Romania [Forest technology, logging equipment]. 098372
Studies on the methods of managing forest operations. I. An approach to *information* **theory.** 097970
For a more **up-to-date** *information* system [in forestry]. 097974
Rx [prescription] for **veterinary** *information:* storage and retrieval. 097120

INFRARED

Relation of **certain** *infrared* bands to conformational changes of cellulose and cellulose oligosaccharides. 095426
Study of the process of fixation of tea leaves by *infrared* **rays** in a moisture-saturated environment. 095534
Changes in *infrared* **spectra** of lignin at its modification. III. Changes in infrared-spectrum of spruce MWL at methylation (within the range of 1500-1000 cm-1). 098297
Characterization of gentically different soil types by *infrared* **spectrophotometry.** 103653
Studies and observations on the influence of insecticides on the process of autoxidation. IX. *Infrared* **spectroscopic** evaluation of lipid autoxidation. 102689
Infrared **spectroscopy** of wood and its main components. VI. Determination of lignin content an sulphate cellulose samples. 098320
Revealing of active centres of lignin preparations interacting with water and aliphatic alcohols by *infrared* **spectroscopy.** 098351
Infrared **spectroscopy** of wood and its main components. VII. Determination of lignin content in birch wood samples damaged by the fungus Fomitopsis pinicola. I. 101486
Infrared **spectroscopy** of pyrolyzates of soil humic and fulvic acids. 103823

Changes in infrared spectra of lignin at its modification. III. Changes in *infrared-spectrum* of **spruce** MWL at methylation (within the range of 1500-1000 cm-1). 098297
Measurement of crop temperature by leaf thermocouple, *infrared* **thermometry** and remotely sensed thermal imagery [Alfalfa, maize]. 100066
Effect of *infrared* **transparency** on the heat transfer through windows: a clarification of the greenhouse effect. 103393
Infrared-spectroscopy of **wood** and its main components. 098321

INFRASTRUCTURE
Infrastructural **developments** and their causes as exemplified by ten villages in the German Federal Republic [Sociology]. 093986

INFUSION
Response of lactating dairy cows to **abomasal** *infusion* of amino acids. 096445
Metabolic effect of a carbohydrate mixture during amino **acid** *infusions* [Nutrition study]. 095229
Dermatophilus congolensis. II. A **brain** *infusion* medium for its isolation and culture. 102605
Studies on the central venous pressure in the dog. II. Changes of central venous pressure following fluid transfusion. 1. *Infusion* of **dextran** 70 and lactated Ringer's solution to normal dogs. 096534
Variations in the susceptibility of lactating and non-lactating bovine udders to infection when *infused* with **Escherichia** coli. 097405
Chronic effects of parathyroid **hormone** *infused* in dogs at near-physiological rates [Calcium metabolism]. 096377
Negative water balance induced by **intracerebroventricular** *infusion* of deuterium [Goats]. 096162
Body temperature of fowls induced by **intracerebroventricular** *infusion* of TAB [typhus and paratyphus A and B] vaccine and O somatic antigen of Shigella dysenteriae. 097213
Effects of **intrauterine** *infusion* of gentamicin sulfate on bovine fertility [Metritis, dairy cattle]. 097764
Plasma *infusion*—a pedological process of significance in the humid tropics [Soil mineralogy]. 103683

INGESTION
A note on changes in *ingestive* **behaviour** of sheep following shearing [grazing at four stocking rates]. 096641
Urine fluoride levels **following** *ingestion* of fluoridated domestic salt over three years. 095089
A unique intracellular aberration related to **hexachlorobenzene** *ingestion* [Rats]. 097776
Boll weevil [Anthonomus grandis]: **square** *ingestion* and utilization studies. 102279

INGREDIENTS
Evaluation of activated citrus sludge as a poultry **feed** *ingredient*. 096038
Evaluation of waste activated sludge (citrus) as a poultry **feed** *ingredient*. 2. Quality and flavor of broilers, egg yolk color and egg flavor. 096754
Toxic effect of **feed** *ingredients* [Poultry]. 097815
High energy forage; the **necessary** *ingredient* in beef finishing on grass. 096734

INHABITING
Competing and parasitic fungi [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of **edible** *wood-inhabiting* mushrooms [grown on straw and sawdust substrates]. 101673

INHERITANCE
Inheritance of **carboxylation** efficiency in the tomato. 099320
Inheritance of **certain** colour characters in gram (Cicer arietinum L.). VII. [Chickpeas]. 099121
Theoretical analysis of the *inheritance* of **characters** in autotetraploids with gene linkage. 099299
Inheritance of **cytoplasmic** male sterility in closely related crossings of winter rye. 099391
Inheritance of the **duration** of the vegetation period and the elements of barley yield structure in crossing varieties of different ecological and geographic origin. 099252
Inheritance of **fruit** coloring in the first hybrid progeny of some peach varieties. 099236
Inheritance of **fruit** size and shape in the first hybrid progeny of Jonathan, Delicious and Golden Delicious apple varieties. 099237
Inheritance of the **gene** of "single flower on the main stem" in tomatoes and its pleiotropic effects. 099089
Partial resistance of barley to leaf rust, Puccinia hordei. III. The *inheritance* of the **host** plant effect on latent period in four cultivars. 099202
Inheritance of **leaf** angle in Triticum aestivum L. [Wheat]. 099191
A comparison of apple and pear seedlings with reference to the juvenile period. II. **Mode** of *inheritance*. 099164
Inheritance of **morphology** characters of kenaf hybrids depending on the choosing of pairs. 099447
Inheritance of a **naturally** occurring mutation in a giant water bug [Abedus herberti]. 102985
Inheritance of **peach** anther color. 099235
Inheritance of **Pelshenke** value in C 273 X S 308 wheat cross. 099351
inheritance of **protein** features in the grain of interspecific wheat hybrids. 099253
Distribution of essential oils in leaf tissue of an F2 population of Citrus [as **related** to *inheritance]*. 099176
Inheritance of **resin** acids in an interspecific white pine cross [Pinus strobus X Pinus griffithii]. 099377
The problem of *inheritance* of **resistance** to loose smut [Ustilago nuda (Jens.) Kell. et Sw.] by barley. 099114
Inheritance of **resistance** to angular leaf spot [Isariopsis griseola] in Phaseolus vulgaris L [Kidney beans]. 101322
Inheritance of **winter** wheat characters in monogamic crossings. 099254

INHIBITION
The *inhibitory* **action** of cycloheximide on respiration of coleoptiles is relieved by light [Triticum, Avena]. 100263
Occurrence of multiple forms of bull and ram acrosin during proenzyme activation and *inhibition* of **activation** by p-nitrophenyl p'-guanidinobenzoate. 096915
The nature of *inhibitory* **activity** of pentachloronitrobenzene to sclerotia of Sclerotium rolfsii Sacc. [Isolated from infected sugarbeet roots]. 101672
N-Serve and its potential use in northern Idaho [for the conversion of ammonium nitrogen to nitrate nitrogen by *inhibiting* the **activity** of Nitrosomonas soil bacteria]. 103938
Effect of troponin component TN-C [rabbit skeletal muscle] on the *inhibition* of **adenosine** triphosphatase activities of mitochondria and chloroplasts by troponin component TN-1 [beef heart mitochondria]. 099719
In vitro transcription by isolated nuclei of Rhynchosciara americana salivary glands. Characteristics of incorporation and *inhibition* by **alpha-amanitin.** 102890
Bovine factor Xa and bovine trypsin: a comparison with respect to *inhibition* by some **amidines** and guanidines. 096210
Inhibition by **ammonium** chloride of the oxygen yield of photosynthesis [Spinach, Chlorella pyrenoidosa, Algae]. 099543
The antigen-inexperienced thymic suppressor cells: a class of lymphocytes in the young chicken thymus that *inhibits* **antibody** production and cell-mediated immune responses. 097331
Inhibition of **avian** sarcoma virus replication by glucosamine: a specific effect on the synthesis and processing of viral proteins [Chicken fibroblasts]. 097670
Inhibition of **casein** proteolysis by thermally induced complex of kappa-casein with beta-lactoglobulin. 095669
Inhibition of **chloroplast** photochemical reactions with 2-chloromercuri 4,6-dinitrophenol [Euphorbia hirta]. 099518
Inhibition of **Colletotrichum** coccodes (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon [tomato] species in response to infection by the root parasitic complex. 101371
Adrenal cortex and avitaminosis A. II. Complementary in vivo and in vitro studies about *inhibition* of **corticoidogenesis** in the rat. III. ACTH [adrenocorticotropic hormone]-glycemia response as a test of adrenal activity. 095016
The effects of *inhibition* of **cotyledon** photosynthesis on seedling development in Cucumis sativus L. [Cucumbers]. 100357
Inhibition of the **development** of Dictyostelium discoideum [Fungi] by isolated plasma membranes. 099694
In vitro inhibition of lactic acid dehydrogenase by insecticidal polychlorinated hydrocarbons. 2. *Inhibition* by **dieldrin** and related compounds. 102710
A method for the study of the *inhibition* of **DNA** synthesis by rabbit tissue extracts. 096293
Inhibitory **effect** at the bladder-urethral junction [Cats]. 096157
Analysis of *inhibitory* **effect** of dopamine on carotid body chemoreceptors in cats. 096178
Inhibition of **ethylene** production by cobaltous ion [Mung beans, apples]. 100546
Inhibition of **extensor** gamma motoneurons by antagonistic primary and secondary spindle afferents [Cats]. 096497
Prolactin-releasing and *release-inhibiting* **factor** activities in the bovine, rat, and human pineal gland: in vitro and in vivo studies. 096332
Inhibition of **fertilization** in vitro by treatment of rabbit spermatozoa with univalent isoantibodies to rabbit sperm hyaluronidase. 096960
A new agglutinating activity from wheat **flour** *inhibited* by tryptophan. 095771
Production of antiserums in horses to mycoplasmas of bovine origin and their use in *growth-inhibition* and **fluorescent-antibody** tests. 097542
Inhibition of **growth** and aflatoxin production of Aspergillus parasiticus [Fungi] by citrus oils. 094940
Immune interferon production by lymphoid cells: role in the *inhibition* of **herpesviruses** [Cattle]. 097379
A kinetic study of the *inhibition* of **human** and bovine trypsins and chymotrypsins by the inter-alpha-inhibitor from human plasma. 096231
Intracellular ATP [adenosine triphosphates] level and **light-induced** *inhibition* of respiration in a blue-green alga, Anabaena variabilis. 099919
Light-mediated *inhibition* of in vitro development of rudimentary embryos of Ilex opaca. 099476
Agarose droplet method of **macrophage** *migration-inhibition* test for Newcastle disease virus in chickens. 097247
Partial characterization of a protease inhibitor which *inhibits* the **major** endopeptidase present in the cotyledons of mung beans. 100548
Inhibition of **Mallard** [duck] salt gland function by DDE [dichlorodiphenyldichloroethylene] and organophosphates. 102693
Correlations between various pathways of carbohydrates metabolism under conditions of in vivo administration of metabolis inhibitors. II. **Metabolic** *inhibition* by malonate [Rabbits]. 096549
A comparison of the *inhibition* of the **metabolism** of ram and rabbit spermatozoa by alpha-chlorohydrin in vitro. 097044
Inhibition of the **metabolism** of phytomacetous fungi [Aspergillus niger] and yeast fungi by natrium dehydrated acetate and by preventol. 099954
Inhibition of **methane** production in the rumen: a review. 096546
Isolation of stimulatory modulator of guanosine 3':5'-monophosphate-dependent protein kinase from mammalian heart devoid of *inhibitory* **modulator** of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Inhibition of **multiple** ovulation in hypophysectomized hens treated with gonadotrophins. 096961
Phosphoenolpyruvate carboxylase from Setaria italica: *inhibition* by **oxalacetate** and malate). 100045
Effects of adenosine on adrenergic neurotransmission; **prejunctional** *inhibition* and postjunctional enhancement [Rabbits]. 096490
Prostaglandin-mediated *inhibition* of noradrenaline release: its resistance to variations in rate or prostaglandin synthesis [Rabbits]. 096165
MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methyl propionamide] action: degradative effects on polyribosomes from wheat roots and the *inhibition* of **protein** initiation. 100220
A non-penetrating thiol reagent mimics cytochalasin A *inhibition* of **secretory** protein synthesis [Achlya ambisexualis, Myxomycetes]. 099523
Inhibition of **sodium** transport by antiotensin II in the main duct of the rabbit mandibular gland isolated and perfused in vitro. 096498
Sucking *inhibitory* action of aromatic amines for the rice plant- and leafhoppers (Homoptera: Delphacidae, Deltocephalidae). 102284
Hemagglutination and *hemagglutination-inhibition* **tests** with Newcastle disease virus-microtiter technique. 097522
Regulation of the utilization of exogenous thyumidine by cells of the Chinese hamster in vitro. I. *Inhibition* of **thymidine** utilization under the action of extracts from cells in different stages of the cell-divison cycle. 096487
Inhibition of **tonic** secretion of luteinizing hormone by progesterone in immature female sheep. 096330
Studies on the nature of the *inhibition* of the **tumour** forming ability of Walker carcinosarcoma cells in rats by chick interferon. 097727
In **vitro** *inhibition* of spermatogenesis by chemosterilants in the cabbage armyworm, Mamestra brassicae L. 102381
In **vitro** *inhibition* of lactic acid dehydrogenase by insecticidal polychlorinated hydrocarbons. 2. Inhibition by dieldrin and related compounds. 102710

INHIBITORS
Effect of **antibacterial** *inhibitors* on protein synthesis in isolated flight muscle mitochondria of the blowfly Lucilia cuprina: phylogenetic implications. 102942
Studies on the occurrence of *inhibitors* in **cheese.** 095629
Cholinesterase *inhibitors* [Pesticides]. 097780
Effects of some insect **development** *inhibitors* on mosquito larvae [Culex pipiens fatigans, Anopheles gambiae, Aedes aegypti, Anopheles quadrimaculatus]. 102609
The peculiarity of the respiratory metabolism of the Jerusalem artichoke (Helianthus tuberosus L.) leaves in case of combined **effect** of the *inhibitors*. 100611
Immunoglobulin concentrations and bovine **enterovirus** *inhibitors* in fetal bovine fluids. 097315
Isolation, identification and biological activities of **growth** *inhibitors* in peanut. 100058
Effects of gravity on the **growth** *inhibitors* of geo-stimulated roots of Zea mays L. [Maize]. 100286
Homologous *inhibitors* from potato tubers of serine endopeptidases and metallocarboxypeptidases. 100558
A kinetic study of the inhibition of human and bovine trypsins and chymotrypsins by the *inter-alpha-inhibitor* from **human** plasma. 096231
Effects of medium composition and **metabilic** *inhibitors* on glycosaminoglycan synthesis in chick embryo cartilage and its stimulation by serum and tiriiodothyronine. 096237
Correlations between various pathways of carbohydrates metabolism under conditions of in vivo administration of **metabolis** *inhibitors*. II. Metabolic inhibition by malonate [Rabbits]. 096549
Gibberellin antagonists and antigibberellins **[Plant** *inhibitors]*. 099775
Partial characterization of a **protease** *inhibitor* which inhibits the major endopeptidase present in the cotyledons of mung beans. 100548
Milk proteinases. VII. Fractionation of components of the **proteinase** *inhibitor* in milk. 095622
Studies on the **proteinase-A** *inhibitor* I A/3 from yeast [Saccharomyces cerevisiae]. 099742

Effect of **selected** *inhibitors* and methylene-blue on a possible phosphogluconate pathway in washed boar sperm. 096930
Carboxins [systemic fungicides]: powerful **selective** *inhibitors* of sucinate oxidation in animal tissues. 102659
Delayed senescence in [Festuca pratensis] leaves treated with the protein **synthesis** *inhibitor* MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methylpropionamide]. 100282
Development of rust fungi [Puccinia coronata] in oat leavestreated with blasticidin S, a protein **synthesis** *inhibitor.* 101634
Analysis of protein bodies isolated from Lablab purpureus (L.) Sweet: Intracellular localisation of globulins, proteases and **trypsin** *inhibitors.* 099952
Effect of **volatile** *inhibitors* from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that causes charcoal rot on corn, sorghum, soybean, and other economic crop plants]. 101380

INJECTION

Plasma progestins, estradiol, and luteinizing hormone following prostaglandin F2 **alpha** *injection* [Dairy cattle]. 096941
Studies on the in vivo cellular reactions and fate of *injected* **bacteria** in Galleria mellonella and Pieris brassicae larvae. 103032
Chemical *injections* for thinning pole-size hardwoods in the Ozarks [Picloram, 2,4-dichlorophenoxyacetic acid]. 102209
Calcium and phosphorus metabolism in steers when fed a supplement of melted calcium polyphosphate and receiving **intramuscular** *injections* of vitamins A,D and E. 096722
Anticancer effect of aflatoxin B1 after **intratumor** *injection* in the T8 epithelioma of Wistar rats. 097711
Effects of **intravenous** *injection* of FSH [follicle-stimulating hormone] on ovarian follicular cysts in dairy cows. 097740
The effects of **intravenous** *injection* of small amounts of copper sulphate in Nubian goats [Toxicity of inorganic copper]. 097816
Comparative effects of p,p'-DDT and commercial DDT, in **intravitellin** *injections,* on the germ population of avian embryonic gonads [Chicks, quails]. 102673
Plasmodium berghei: heat-treated sporozoite vaccination of A/J mice: comparison of **routes** of *injection.* 097625
Effects on body temperature produced by *micro-injection* of **Salmonella** typhimurium lipopolysaccharide into the third cerebral ventricle of the chicken. 097480
Plasma and organ counts of 3H in normal or immune mice and **sheep** *injected* with 3H-epsilon-dinitrophenyl-lysine. 097604
Studies on shortening of the estrous cycle in 4-day cyclic mice. V. Occurrence of 3-day estrous cycle after the **single** *injection* of estradiol. 096977
Induction of parturition in ewes with a **single** *injection* of oestradol benzoate. 097046

INJURY

The storage loss of fodder beets as influenced by harvesting, handling, and **cleaning** *[Injuries].* 102050
Condensate *injury* from black plastic [used to control day length in producing cut and potted Chrysanthemums]. 101899
Plant bugs [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of infestation time, types of **cotton** *injury,* and significance of wild hosts near cotton. 102363
A system for exposing plants [Lolium perenne] to atmospheres contaning low concentrations of sulphur **dioxide** *[Injury].* 101926
Injuries and **diseases** of beef cattle at the time of calving and breeding. 097141
Injuries and **diseases** of dairy cattle at the time of calving and breeding. 097142
Quality of sweetpotatoes *[Injuries,* **diseases].** 101946
Risk of *injury* from **[Dutch]** elm disease [Ceratocystis ulmi] in Denmark [Scolytus laevis as insect vector, Ulmus]. 101662
[Injurious] **effect** of soil salinization on the osmotic regime of maize. 101863
Studies on the *injurious* **effect** of the grain aphid Macrosiphum (Sitobion) avenae (F.) on winter wheat. 102286
Injuries from **feeding** feeds containing nitrates and their prevention [Toxicity to cattle]. 097857
Principles on the environmentaly correct restoration of the privately cultivated **forest** *injured* by a storm in northwestern Germany [Conservation and management]. 098003
Some approaches to the control of **freeze** *injury* in stone fruits. 102027
Degree of **frost** *injuries* and the character of the restoration of the root system of grapevine bushes in various methods of irrigation. 102059
Protect [1,8-naphthalic anhydride, to protect the corn plant from **herbicidal** *injury,* residue analysis]. 101839
Differential susceptibility of potato cultivars to four **herbicides** *[Injury].* 101838
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the **leaf** *injuries* of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by wheat and barley **leaves** *injured* by fumigation with sulphur dioxide. 101995
Veterinary public health [Dog bites to **people,** *injuries].* 097805
Reducing severity of ozone damage to tobacco and beans by combining benomyl or carboxin with contact nematicides [Air **pollution** *injuries].* 102019
Response of ornamental plants to chlorine contamination in the atmosphere [Air **pollution** *injuries].* 102020
Sensitivity of pea cultivars to ozone [Air **pollution** *injuries].* 102021
How to proceed in the event of [honeybee] *injuries* **produced** by chemicals [Legal aspects]. 103300
Woody plants selected by beavers in the Appalachian Ridge and Valley **Province** *[Injuries].* 102058
The character of radiosensitivity change of seeds [of peas] in the process of imbibition and germination **[Radiation** *injuries].* 100596
About the possibility of stimulating the system of restoration [after **radiation** *injury]* by low levels of ionizing irradiation [Experiments on pea seeds]. 102051
Biological action of strontium-90 [isotope] on the seedlings of pine (Pinus sylvestris L.) in relation to vertical distribution of radionuclide in soil **[Radiation** *injuries].* 104643
Aporphine alkaloids and lignans formed in response to *injury* of **sapwood** in Liriodendron tulipifera. 102008
Examples of the establishment of spatial arrangement as a measure for increasing the resistance of spruce stands (information article with reference data) **[Storm** *injuries].* 097955
The rate of *injury* of **sunflower** plants during the mechanized care of the crops. 101864
Clouded and tarnished plant bugs [Neurocolpus nibulus, Lygus lineolaris] on cotton: a comparison of *injury* **symptoms** and damage on fruit parts. 102362
Minimal medium recovery of **thermally** *injured* Salmonella senftenberg 4969 [Food contamination]. 094873
Carbohydrate metabolism and frost hardiness in pine and spruce [Pinus sylvestris, Picea abies] seedlings grown at differnt photoperiods and **thermoperiods** *[Injuries].* 100666
Rate of metabolite accumulation into latex of lettuce and proposed association with **tipburn** *injury.* 101924
Dermoplasty and wound healing of soft **tissue** *injuries.* 097782
Induction of furano-terpene production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato root **tissue** *injured* by Ceratocystis fimbriata and by toxic chemicals. 101572
Hidden costs of mechanized [timber] harvesting *[Injuries* **totrees].** 102046
Resistence of several potato varieties against black leg, Erwinia carotovora, after *injuring* the **tubers** and inoculation. 101684
Virus-like *injury* to soybean induced by residual herbicide components present in cow manure. 102045
Winter *injury* or winter drought of evergreens in Idaho. 101884
Analysis of farm **work** *injuries* in Hokkaido by place and type of accident. 103343
Injuries to **young** pine stand caused by elks in the Leningrad province. 097941

INNOVATION

Experiences gained in the management and planning of the activity of *innovators* in the **field** of livestock breeding and production [East Germany]. 094346
Trends and *innovations* in **rumen** microbiology. 096563
Food development - *innovation* or **stagnation.** 095282
Innovation **technology** transfer and nomadic pastoral societies [Land use, rangeland management]. 094248
Pork Automation—an *innovation* **useful** for swine feeding [Equipment]. 103596

INOCULATION

Inoculation of **barley** with mixtures of buff and brown teliospores as an aid to screening for resistance to Ustilago nuda. 101556
Tests with the ERA rabies virus in Brazil. I. Distribtuion of the virus in *inoculated* **cattle** and inclusion formation in the central nervous system. 097474
Effectiveness of **cross** *inoculation* of clover with various strains of nodular bacteria. 100238
Microapplicator and micropipette for *inoculation* of the **embryonated** chicken egg [in the bioassay of aflatoxins]. 097788
Serologic studies with Mycoplasma synoviae in **experimentally** *inoculated* chickens. 097266
Counting techniques for Trichoderma viride conidia dispersed in barley **flour** *inoculants* [Biological control of parasitic fungi]. 101552
The increased resistance of mice to experimental staphylococcal mastitis **following** *inoculation* of endotoxin. 097608
Pneumonia and arthritis in gnotobiotic calves **following** *inoculation* with Mycoplasma agalactiae subsp bovis. 097665
Effect of eosin Y on the formation of local lesions and on the accumulation of callose in 'Samsun NN' tobacco and French bean **leaves** *inoculated* with tobacco mosaic virus. 101764
Mixed *inoculations* with effective and ineffective strains of Rhizobium leguminosarum. 103771
The **mouse** *inoculation* test in rabies diagnosis: early diagnosis in mice during the incubation period. 097295
Response to *inoculation* **[nitrogen** fixation] in soybean and its residual effect on wheat. 103764
Surveys and control of Salmonella contamination of chicken meat. VIII. Experiments on **oral** *inoculation* of chicks with Salmonella sofia culture. 094879
Changes in polygalacturonase, pectin lyase and cellulase in tomato plants, associated with Fusarium **[oxysporum]** *inoculation.* 101525
Response of pigeonpea to *inoculation* and **pelleting.** 101190
Determination of total sugars, sucrose and reducing sugars in coffee **plants** *inoculated* with Hemileia vastatrix Berk. And Br. [Rust]. 101624
Effect of P, N [phosphorus, nitrogen] and *inoculum* on **root,** nodulation and yield of gram [Mungo beans]. 103984
Symptoms in roots **rub** *inoculated* with ten different viruses. 101820
Reaction of strawberry **seedlings** *inoculated* with race composites of Phytophthora fragariae Hickman. 101484
Inoculum of the **take-all** fungus [Gaeumannomyces graminis tritici]: nature, measurement, distribution and survival. 101365
An *inoculation* **technique** for identifying resistance to sorghum downy mildew [Sclerospora sorghi]. 101546
Accumulation of phenols and phytoalexins in citrus **tissues** *inoculated* with Phytophthora citrophthora (Sm & Sm.) Leoniam. 101619
Resistence of several potato varieties against black leg, Erwinia carotovora, after injuring the **tubers** and *inoculation.* 101684

INOCYBE

Transmission electron microspore study of the spore wall architecture in the **genus** *Inocybe* (Agaricales, Basidiomycetes) [Fungi]. 098924

INORGANIC

Economic effectiveness of **applying** *inorganic* fertilizers in potatoes in the farms of the Moscow Region. 104064
About a possible contamination of the environment as a result of **applying** *inorganic* fertilizers (review of literature). 104591
Response of soybean cultivars to *inorganic* and **bacterial** fertilizers. 100133
Comparative effectiveness of simple and **compound** *inorganic* fertilizers applied at different timing and by different ways. 103904
Developments in the removal of *inorganic* **constituents** in water [Wastewater treatment]. 104618
The effects of intravenous injection of small amounts of copper sulphate in Nubian goats [Toxicity of *inorganic* **copper].** 097816
Effect of the ratios of mono- and bivalent cations with chloride and sulfate salinization on the development of plants and the content of *inorganic* **elements** in cotton. 103843
Effect of sowing density and levels of *inorganic* **fertilizers** on the anatomical structure of spring wheat stem. 099038
Effect of *inorganic* **fertilizers** and herbicides on the productivity of maize under irrigation. 100729
Improvement of the technology and means for the application of *inorganic* **fertilizers.** 103528
Methodology of calculating economic effectiveness of broadcasters of *inorganic* **fertilizers.** 103531
Effectiveness of *inorganic* **fertilizers** in presowing application in maize sown after different precursors. 103906
About the effect of *inorganic* **fertilizers** on the increment of spruce [Picea] and pine [Pinus]. 103952
Calculated levels of *inorganic* **fertilizers** for forecasting a planned yield of sugarbeets in the conditions of the western regions of the Ukrainian SSR. 103958
Application of *inorganic* **fertilizers:** quality of yield and environment protection. 104046
Application of *inorganic* **fertilizers** in East Siberia. 104047
Comparison of the effectiveness of *inorganic* **fertilizers** and manure in a four-field crop rotation including a clover-grass mixture (experiments of 1931-1974). 104058
Economic effectiveness of higher levels of *inorganic* **fertilizers** in the collective farms of the Cherkassy Region. 104065
Mechanized application of *inorganic* **fertilizers** in field experiments [Potatoes, wheat]. 104078
Effect of *inorganic* **fertilizers** on the yield and quality of the seeds of Italian ryegrass [Lolium multiflorum] in the conditions of the Carpathian foothills. 104135
Effect of *inorganic* **fertilizers** on the growth of the forest stand of the European planetree (Platanus orientalis L.) on slightley waterlogged soils from the Colchis Lowland. 104137
Effect of *inorganic* **fertilizers** on the microflora as related to the quality and degree of soil salinization. 104150
Effect of various levels of *inorganic* **fertilizers** in cotton crops with different degrees of salinization and concentration of soil solution. 104151
Effect of *inorganic* and **organic** fertilizers on the yield of early potatoes on sandy soils in the Bryansk Region. 104066
The influence of *inorganic* **salts,** sucrose and CEPA [2-chloroethylphosphonic acid] on rooting of willow [Salix] cuttings. 100621
Effects of decomposition rate of compost materials on the change of organic and *inorganic* **substances** and growth status of Chinese cabbage. 104127
Relation between methionine and *inorganic* **sulphate** in broiler rations. 096762

INOSITOL

Studies on the biosynthesis of cyclitols. 33. Preparation of highly **purified** *myo-Inositol-1-phosphate* synthase from bull testicles; comparison with the corresponding enzyme from rat testicles. 096995

INPUT

Significance of leaf orientation for **energy** *input* in sunflower. 100242
Economics as an *input* in **environmental** law: Anderson v. Atlas Chemical Industries, Inc. 104596
A computer-assisted indexing procedure based on the AGRIS [International Information System for the Agricultural Sciences and Technology] *input* **format.** 094100
High *input* potato growing pays best [Profits]. 094393
The temperature variation of the canopy and trunk of Scots pine [Pinus sylvestris] and its relation to the **net** *input* of radiation and to air temperature. 097943
Flight energetics of sphinx moths: **power** *input* during hovering flight [Manduca sexta, Manduca quinquimaculata, Deilephila elpenor, Hyles lineata]. 102979
Regional *input-output* models adjusted by import-export survey data. 094618
On returns to scale and *input* **substitutability** in slave agriculture. 094226

INSECTICIDES

Synthesis and *insecticidal* and **acaricidal** properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl phosphorus esters. III. [Musca domestica, Calandra granaria, Aphis fabae, Tetranychus urticae]. 102256
Synthesis, *insecticidal* and **acaricidal** properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and 6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl phosphorus esters. II. [Musca domestica, Aphis fabae, Tetranychus urticae]. 102257
Methidathion *[Insecticide,* **acaricide,** residues]. 102639
Experiments with *insecticides,* **acaricides,** fungicides and bactericides in fruit crops, 1973-74. 102049
Studies on the ovicidal activity of some *insecticides* and **acaricides** on the winter eggs of the European red fruit mite (Panonychus ulmi (Koch) Ehara). 102414
Some toxicological properties of **alternative** *insecticides* in Colorado potato beetle [Leptinotarsa decemlineata] control in the light of laboratory experiments. 102463
ULV [ultra low volume] equipment and method of use *[Insecticide* **application].** 103441
Light-induced transformations of methoxychlor *[insecticide]* in **aquatic** systems. 102711
Correlation between the exoprotease activity, sporulation, crystal-formation, and virulence of local Bacillus thuringiensis strains **[Bacterial** *insecticides,* biological control]. 102237
Microbial degration of 1-naphthol [the major chemical and biological breakdown product of the *insecticide* **carbaryl].** 102662
Toxicity of *insecticides* for the **caterpillars** of the beet webworm [Loxostege sticticalis, pest of various crops, trees and shrubs]. 102250
Toxicity of *insecticides* for the **caterpillars** of the beet webworm [Toxostege sticticalis]. 102339
Efficiency of **certain** *insecticides* in controlling leaf curl disease in chillies. 102468
Contamination of the habitat and animals with **chlororganic** *insecticides,* chlorodiphenyls and mercury. 102661
Development of resistance to some *insecticides* in the **Colorado** potato beetle [Leptinotarsa decemlineata]. 102441
Biological properties of Sumithion **[Contact** *insecticide].* 102262
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide *[insecticide]* **content** in reserve fat of fattening geese [Contamination]. 102778
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves *[Insecticides,* **control** of citrus Aleyrodidae moth]. 102473
Effectiveness of some *insecticides* in **controlling** the yellow seed weevil [Tychius flavus] on alfalfa seed crops. 102291
Toxicity of some *insecticides* to **Daphnia** carinata King, an important link in the food chain in the freshwater ecosystems. 102699
One-stage method for isolation of [the *insecticides]* of **DDT,** DDE and DDD [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane] from fat of maturing cheese [Contamination]. 102779
Chromatographic determination of [the *insecticide]* **Famophos[O,** O-dimethyl-O-(4-dimethylsulfsamoyl)-thiophosphate] in the tissues and organs of animals. 102726
Effectiveness of new kinds and forms of microfertilizers (on the basis of research work of the laboratory of microelements of the Scientific-Research Institute of **Fertilizers** and *Insecticides-fungicides).* 104106
Foliar *insecticides* for control of pecan weevil [Curculio caryae] and hickory shuckworm [Laspeyresia caryana]. 102448
Effect of soil application of aldrin and gammexane *[insecticides]* on **germination,** grain yield and quality of soybean (Glycine max). 100296
Evaluation of some systemic **granular** *insecticides* against Myzus persicae Sulzer on potatoes [Vectors of viruses]. 102458
Defoliants and **granulated** *insecticides* for the control of cotton pests. 102373
Acute oral toxicity of hexachlorocyclohexane (BHC) in albino rats [Chlorinated **hydrocarbon** *insecticide].* 102700
Persistence of endrin *[insecticide]* in **Indian** rice soils under flooded conditions. 102713
Herbicide X *insecticide* **interaction** varies with variety, soil type [Peanuts]. 102106
Results of investigations on the enolophosphates: the *insecticides* **Ipofos** (IPO-62) nad Polfos (IPO-63). 102228
Role of water in the hydrolysis of parathion and methylparathion *[insecticide]* on **kaolinite.** 102715
Testing the susceptibility of Simulium damnosum (Diptera: Simuliidae) to *insecticides* in the **laboratory** and in the field. 102558
Model study with pheasants on the carry over of the fungicide hexachlorobenzene, the *insecticide* **lindane** and the herbicide terbutryn. 102694
Nonoxidative enzymes in the **metabolism** of *insecticides.* 102678
Dioxathion [acaricide and *insecticide]* **metabolites,** photoproducts, and oxidative degradation products. 102705
Estimation of combined residues of carbofuran (furadan) and its toxic metabolites by enzymatic **method** *[Insecticides].* 102759
Fog as a vehicle for dispersal of a **microbial** *insecticide* [the entomogenous bacterium Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499
Laboratory trials with *insecticides,* **mineral** oil and their combination to reduce aphid transmission of non-persistent viruses [to plants]. 101727
Controlling photolability of **N-(alpha-trichloromethylbenzyl)aniline** *insecticides.* 102702
The structure of piperenone **[natural** *insecticides,* an insect antifeeding substance from Piper futokadzura]. 102621
Possibilities for replacing the organic chlorine preparations with other **non-cumulative** *insecticides* in the control of pea pests [Bruchus pisorum, Acyrthosiphon pisi]. 102429
Mercury, cadmium, zinc, copper and **organochlorine** *insecticide* levels in small mammals trapped in a wheat field. 102686
Accumulation and excretion of certain **organochlorine** *insecticides* in broiler breeder hens. 102701
Effect of performance of a low level mixture of **organochlorine** *insecticides* in broiler breeder feed. 102706
Electrochemical reduction and anaerobic degradation of lindane [**Organochlorine** *insecticides].* 102707
Organochlorine *insecticides* and polychlorinated biphenyls in cod from Norwegian fjords [Residues, DDT]. 102747
Residues of **organochlorine** *insecticides* in some fishes and birds in the Gezira of Sudan. 102758
Testing new **organophosphoric** *insecticides* against the pine geometrid [Bupalis piniarius]. 102513
Purification of extracts in the determination of **organophosphoric** *insecticides* in tissues and organs of animals. 102742
Effects of Temefos, an **organophosphorous** *insecticide,* on survival and escape behaviour of the marsh fiddler crab Uca pugnax. 102748
Safety evaluation of chemicals in food: toxicological data profiles for pesticides. 1. Carbamate and **organophosphorus** *insecticides* used in agriculture and public health. 094819
New **organophosphorus** *insecticide* Ortene [O,S-dimethyl-Nacetylamidothiophosphate acetate] (review of literature). 102248
Formothion **[Organophosphorus** *insecticides,* residues, toxicity]. 102633
Effect of small Valexone [phoxim] doses on calf organisms **[Organophosphorus** *insecticides,* toxicity]. 102677
Crystal and molecular structure of **organophosphorus** *insecticides.* 3. Azinphos-methyl. 102703
Determination of residues of Valexon [phoxim] in milk and animal tissues **[Organophosphorus** *insecticides].* 102732
The determination of dichlorvos **[organophosphorus** *insecticide]* in milk by using classical and square-wave polarograph. 102744
Analytical methods for Sumithion [O,O-dimethyl O-(3-methyl-4-nitrophenyl) phosphorothioate] in technical products and formulated materials **[Organophosphorus** *insecticide].* 102765
Chemistry of Sumithion [fenitrothion, **organophosphorus** *insecticide].* 102766
Formulation of Sumithion **[Organophosphorus** *insecticide].* 102767
Residue analysis of Sumithion **[Organophosphorus** *insecticide].* 102768
Sensitivity of honeybees to [the *aphicide]* **Pirimor** [Pyrimicarb, toxicity]. 103274
Analysis of *insecticides* in **poisoned** honeybee samples. 103293
Study of the effectiveness of new **Polish** *insecticides* for control of the cabbage maggot, Hylemya (Phorbia) brassicae Bche. 102465
In vitro inhibition of lactic acid dehydrogenase by *insecticidal* **polychlorinated** hydrocarbons. 2. Inhibition by dieldrin and related compounds. 102710
Studies and observations on the influence of *insecticides* on the **process** of autoxidation. IX. Infrared spectroscopic evaluation of lipid autoxidation. 102689
X-ray crystal structures of two **pyrethroid** *insecticides:* cis-3-phenoxybenzyl 3-(2,2-dibromovinyl)-2,2-dimethylcyclopropanecarboxylate and the 3-(2,2-dichlorovinyl) analogue. 102717
Pirimiphos-methyl *[Insecticides,* **residue** analysis in crops, food products]. 102644
Dispersal and recovery of natural pyrethrum micro droplets in banana plantation *[Insecticide* **residues,** drift, Aedes control]. 102561
Mecarbam *[Insecticide* **residues,** decontamination]. 102637
Phenthoate *[Insecticides,* **residues].** 102642
Plurality in the determinism of organophosphorus teratogenic effects *[Insecticide* **residues** in quail embryos]. 102688
Factors affecting the stability of Dimilin in water and thepersistence of Dimilin in field waters *[Insecticides,* **residues].** 102708
Metabolism of the *insecticide* **SD** 8280, 2-chloro-1-(2,4-dichlorophenyl)vinyl dimethyl phosphate, following its application to rice. 102344
Degradation of the *insecticide* **SD** 8280, 2-chloro-1-(2, 4-dichlorophenyl)vinyl dimethyl phosphate, in soils [Residues]. 102754
Laboratory and field evaluation of **seven** *insecticides* for control of the alfalfa stem nematode, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936. 101970
Residues of [the *insecticide]* **sevin** and Fozalone in leaves and berries of grapevine. 102743
Factors affecting ULV [ultra low volume, *insecticide]* **spray** deposition [Cotton]. 102321
ULV [ultra low volume] research techniques and priorities *[Insecticide* **spraying].** 102244
Aerial ULV [ultra low volume, *insecticide]* **spraying** [on cotton]. 102320
Application of *insecticides* against **sugarbeet** root aphid [Pemphigus fuscicornis]. 102337
Sensitivity to insect growth regulators (juvenile hormone analogues) in *insecticide-resistant* and **susceptible** stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Ultraviolet irradiation of fenitrothion *[insecticide]* and the **synthesis** of the photolytic oxidation products. 102716
The changing status of corn virus diseases: potential value of a **systemic** *insecticide* [Graminella nigrifrons and Rhopalosiphum maidis as insect vectors]. 102308
Interaction of the **systemic** *insecticide* BI-58 and the plant in the treatment of coniferous trees to control the pine weevil [Hylobius abietis]. 102510
Pirimiphos-ethyl *[Insecticides,* **toxicity,** residues]. 102643
Prothoate *[Insecticides,* **toxicity,** residues]. 102647
Pyrethrum *[Insecticide,* **toxicity,** residues]. 102648
Thiometion *[Aphicides,* **toxicity,** residues]. 102650
A study of the effects of DDVP [dichlorvos] (propoxure) on laboratory mouse *[Insecticides,* **toxicity].** 102676
Effect of organophosphate DDVP [dichlorvos] on acetylcholine synthesis of rat brain *[Insecticides,* **toxicity].** 102721
Action of **two** *insecticides:* lindane and dichlorvos on mice adrenal glands. 102672
Studies on effect of combined sprays of *insecticides* and **urea** on cotton. 102325
Economic, environmental and energy use implications of short-season cotton production: Texas Lower Rio Grande **Valley** *[Insecticides].* 094326
Insecticides of **vegetable** origin. 102236
Efficacy of some *insecticides* against the **weevil** of almond [Anthonomus amygdali, Prunus amygdalus]. 102431

INSECTS

Ecdysones in an **adult** *insect:* the termite queen [Macrotermes bellicosus]. 102840
Plant apparency [susceptibility to discovery by *insects]* **andchemical** defense. 102260
Union of Swiss Societies of Experimental biology, abstracts of the 8th annual meeting Fribourg, 9./10. April 1976 [Included domestic **animals** and *insects].* 096084
Glyceraldehyde-3-phosphate dehydrogenase [in plants, *insects* and **animals].** 099705
Discovery of *insect* **anti**—juvenile hormones in plants. 102267
The structure of piperenone [natural insecticides, an *insect* **antifeeding** substance from Piper futokadzura]. 102621
Psila rosae and Trioza **apicalis** *insect* pests of carrots. 102471
North Carolina **apple** *insects* and mites. 102389
Macrobenthos of lake Taltowisko [including **aquatic** *insects].* 103156
Control of *insects* **attacking** stored grain and peas and seed treatment for small grains. 102527
Using lights to **attract** *insects* for caged catfish. 102829
An emergence trap for **bark-dwelling** *insects,* its efficiency and effects on temperature [Cydia pomonella]. 102910
Snap **bean** *insect* pests. 102406
Insects that *bug* your **beans** [Soybeans, pests, control]. 102358
Beneficial *insects* of pecan. 100518
The physiological effects of ionic lanthanum on the *insect* **blood-brain** barrier [Periplaneta americana]. 102939
Insects that **bug** your beans [Soybeans, pests, control]. 102358
The tension/length relationship of an *insect* **(Calliphora** erythrocephala) supercontracting muscle. 102941
Cyclic AMP [adenosine monophosphate] during development and ageing of the *insect* **Ceratitis** capitata. 102926
Trend to integrated control [of *insects]* in **citrus** culture in southeastern France. 102453
Control of *insects* for **commercial** greenhouse operators [Ornamentals]. 102399

Symbiosis between coccids (Coccoidea, Margarodidae) and other *insects*. 1. **Components** of the symbiotic system in the highland of Costa Rica [Quercus]. 102835
Cotton plant and *insect* **constituents** that control boll weevil [Anthonomus grandis] behavior and development. 102361
Mathematical models of the sterile male technique of *insect* **control.** 102241
Insect **control** for alfalfa seed production. 102318
Social and economic aspects of ULV [ultra low volume] spraying [of pesticides to cotton for *insect* **control**]. 102322
Analysis of pheromones and other compounds **controlling** *insect* behavior [synthetic attractants]. 102220
Controlling *insect* behavior: theory and application. 102225
Neutral red: a specific vital dye for the *insect* **corpus** luteum [Anopheles maculipennis, Culex pipiens, Aedes aegypti]. 103054
Light traps [of **cotton** *insect* pests], what are they and how do they work. 102360
Current *insect* pests of spring oil producing plants. 102369
Wood **damaging** *insects* in the home [Camponotus, termites]. 102483
Anilin blue and silver nitrate for staining **developing** *insect* nerve tissue. 103106
Effects of some *insect* **development** inhibitors on mosquito larvae [Culex pipiens fatigans, Anopheles gambiae, Aedes aegypti, Anopheles quadrimaculatus]. 102609
An endocrine view of metamorphosis, polymorphism, and **diapause** in *insects*. 102957
Potential insect transmission of Scleroderris lagerbergii by scolytid beetles [Pinus banksiana, *insect* **disease** vectors]. 101559
A Moroccan isolate of turnip mosaic virus infectious to garden pea and other legumes [Aphids as *insect* **disease** vectors]. 101781
Maize streak epiphytotic in Nigeria [Cicadulina as *insect* **disease** vector]. 101786
1976 commercial fruit spray guide: weed, *insect*, and **disease** control. 101832
1976 weed, *insect*, and **disease** control guide for commercial vegetable growers. 101833
Insect and **disease** control for home-grown fruits and nuts. 101916
Insects and **diseases** of trees, Quebec, 1975. 102494
Biochemistry of **ecdysone** [in *insects*]. 102958
Insects as **factor** in general and human ecology in the Sudan[Pests, man and livestock]. 102601
The survey on the *insect* **fauna** in filature factories [Anthrenus verbasci, Attagenus piceus, Dermestes ater, silk pests]. 102542
Insect **flight** in relation to problems of pest control. 102273
Insect **flight.** 103110
Lability of the *[insect]* **flight** system: a context for functional adaptation. 103111
Radar observations of *insect* **flight.** 103112
The fossil record and *insect* **flight.** 103113
The muscles and sense organs involved in *insect* **flight.** 103114
[Insect] **flight** behaviour and features of the atmospheric environment. 103116
The evolution of *insect* **flight.** 103199
The fastest **flying** *insects*, within two weeks from Africa toScandinavia. 102837
Geobiocenologic units in studying phytophagous **forest** *insects*. 097889
Parasites of harmful **forest** *insects* in Moldavia [Natural control]. 102488
Apparatus for **general** *insect* anesthesia. 103122
Dmitrii Dmitrievich Romashov (on the 75th anniversary of his birth) *[Insect* **genetics].** 103095
Activity of *insect* **growth** regulators (juvenile hormone analogues) against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera; Noctuidae) [Integrated control programmes]. 102375
Sensitivity to *insect* **growth** regulators (juvenile hormone analogues) in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Control of house fly [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in rhinoceros dung with an *insect* **growth** regulator used as a feed additive. 102597
Method of sequential counting of the number of **hibernating** *bugs* of Eurygaster integriceps. 103105
Insects affecting **important** native shrubs of the northwestern United States. 102521
Herbicide (2,4-D) [2,4-dichlorophenoxyacetic acid] **increases** *insect* and pathogen pests on corn [Ostrinia nubilalis, Helminthosporium maydis]. 102367
Insect **infestations** in no-tillage corn cropping systems. 102307
Insect-plant **interactions:** nutrition and metabolism [Allelochemics]. 103090
Insect **invasion** and survival of Douglas fir [Pseudotsuga menziesii] stumps in New Zealand. 102500
Studies on the causes and the control of the spotted rice. II. On the bionomics and the control of the red-veined **leaf** *bug* [Stenodema rubrinerve]. 102293
Ichneumonoidea (Hymenoptera) parasitic upon **leaf-mining** *insects* of the orders Lepidoptera, Hymenoptera and Coleoptera. 102913
Lepidopterous *insects* from the Latvian SSR in biological relationship with the Norway spruce (Picea abies (L.) Karst.) [Forest pests]. 102489
Luring *insects* to their deaths [Sex pheromones]. 102259
Insects of **maize** leaves. 102357
Origin and morphogenesis of sensory neurons in an *insect* [**Manduca** sexta] antenna [Manduca sexta]. 102907
Insect [**Manduca** sexta] prothoracic glands; a role for cyclic AMP [adenosine monophosphate] in the stimulation of alpha-ecdysone secretion. 103048
A high affinity antiserum specific for the ecdysone nucleus [Radioimmunoassay, *insect* **materials**]. 102988
Wing movements and the generation of aerodynamic forces by some **medium-sized** *insects*. 103115
Developmental genetics of homoeosis [in Drosophila **melanogaster** and other *insects*]. 102783
Transport of ribosomal RNA into the oocytes of the **milkweed** *bug*, Oncopeltus fasciatus. 103024
Control of *insect* and **mite** pests of field crops (nonseed crops). 102298
Identification of *insect* and **mite** pests of field crops. 102299
Control of *insect* and **mite** pests of home and garden. 102394
Control of *insect* and **mite** pests of commercial bulbs [Ornamentals]. 102395
Control of *insect* and **mite** pests of ornamental trees, shrubs, and lawns for home owners. 102396
Control of *insect* and **mite** pests of commercial vegetables. 102397
Control of *insect* and **mite** pests of commercial small fruits. 102398
Achievements in the investigations on *[insect* and **mite]** storage pests [in Poland during last 30 years]. 102526
Control of *insect* and **mite** pests of man, livestock, and poultry. 102564
A paradoxical concentration effect in the toxicity of fentin acetate for *insects* [**Musca** domestica, Spodoptera littoralis]. 102923
A **new** *insect* Triassoblatta cargnini Pinto et Ornellas, sp. Nov., a Triassic blattoid from Santa Maria Formation, South Brazil. 103136
Phase shifting the circadian rhythms of **nocturnal** *insects* by temperature changes [Eurycotis floridana, Lampyris noctilucta, Photuris]. 103077
Non-methylated guanosine as the 5' terminus of capped mRNA from *insect* **oocytes** [Manduca sexta]. 102831
Biological control of *insects* on the **Ord** [River Irrigation Area]. I. Production of Sitotroga cerealella for mass rearing of Trichogramma wasps. 102961
Isolation of the *insect* **paralyzing** agent continue from Sarracenia flava. 099710
Protect hogs from external *[insect]* **parasites.** 102577
The hosts of Nemeritis canescens, a problem in the host specificity of *insect* **parasitoids.** 102917
Insect **pathological** investigations on Swedish Thysanura. I. Observations on Malamoeba locustae (Protozoa, Amoebidae) from Lepisma saccharina (Thysanura, Lepismatidae) [Field crop pests, biological control]. 103028
Pecan *insect* and disease recommendations. 102449
Pecan *insect* control test in 1975 with emphasis on yellow aphids [Monellia], spittlebugs [Clastoptera achatina] and weevils [Curculio caryae]. 102450
Pecan *insect* [pest] control studies in Georgia. 102451
Sexual trapping, a new method of crop protection *[Insect* **pest** control]. 102249
ULV [ultra low volume] spraying for cotton *[insect]* **pest** control. 102324
Cotton *[insect]* **pest** management. 102328
Formulation of a mathematical model for *insect* **pest** ecosystems: the cereal leaf beetle problem [Oulema melanopus and its principal parasite Tetrastichus julis]. 102336
Insect **[pest]** management in corn and sorghum based on field monitoring teams. 102353
Study aims at [pecan nut] casebearer [Acrobasis nuxvorella, Carya illinoensis, *insect* **pest** control]. 102445
Research on the morphology, biology and ecology of Eucosoma(Phaneta) conterminana H.-S. (Lepidoptera, Tortricidae *[Insect* **pest** control, lettuce]. 102462
Predicting forest *[insect]* **pest** impact, the key to control decisions. 102507
Conditions for entomological evaluations of breeding material in the field [Cereals, resistance to *insect* **pests**]. 099271
Illinois fruit calendar for growers of apples, peaches *[Insect* **pests].** 101103
Current plant sanitation of oil crops [Fungus diseases, *insect* **pests].** 101416
Estimation of chemical methods applied in the protection of medicinal plants [from fungus diseases, *insect* **pests** and weeds]. 101851
Grape diseases transmitted by animal vectors [Nematodes, *insect* **pests].** 102025
Achievements in biological control of *[insect]* **pests** [of plants] in Poland, 1945-1975, and prospects for the future. 102227
Combating *[insect]* **pests** by biological means. 102231
Physiological and biochemical bases of plant immunity to *[insect]* **pests.** 102240
Use of green lacewings [Chrysopa carnea] (Neuroptera: Chrysopidae) in biological control projects *[Insect* **pests].** 102245
Observations on Kraussaria angulifera (Orthoptera) in Katsina North, Northern Nigeria *[Insect* **pests** of crops]. 102253
Immunity of plants to *insect* **pests** and problems of the strategy and tactics of plant protection. 102269
Seasonal abundance, diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of *insect* **pests,** Spodoptera littoralis, soybeans, corn, cotton]. 102282
Studies on the causes and the control of the spotted rice. I. On the causing factors of the spotted rice occurred in the mountainous region of western part of Hiroshima Prefecture *[Insect* **pests].** 102292
[Insect] **pests** of rice in the Solomon Islands. 102306
Studies on harmfulness and control of timothy flies, Amaurosoma sp. [Phleum pratense, *insect* **pests].** 102352
Control of grass grub through agronomic practices *[Insect* **pests** in pasture]. 102355
Control of *insect* **pests** of cereals. 102356
Cole crops [cabbage, cauliflower, broccoli, Brussels sprouts] *insect* **pests.** 102404
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae *[Insect* **pests** of citrus trees, nuts and stored products]. 102437
New methods in controlling *[insect]* **pests** or fruit trees. 102467
Insects—**pests** of young stands and understory of pines under conditions of excessive humidity. 102509
Wirral's Pest Free Zones—all-inclusive concept of control [Animal and *insect* **pests].** 102752
Physics and *insect* **pheromones** [Lymantria dispar, trees, biological control of the gypsy moth]. 102486
Clouded and tarnished **plant** *bugs* [Neurocolpus nibulus, Lygus lineolaris] on cotton: a comparison of injury symptoms and damage on fruit parts. 102362
Plant *bugs* [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of infestation time, types of cotton injury, and significance of wild hosts near cotton. 102363
The defensive role of alkaloids in *insects* and **plants.** 102937
Abstracts of papers presented at the 1976 meetings of the Genetics Society of America, Salt Lake City, Utah, August 15-18, 1976 *[Insects,* **plants].** 102943
Biochemical interaction between **plants** and *insects*. 103088
Chemical messengers in *insects* and **plants** [Allomones, kairomones, pheromones]. 103089
Antifeeding activity of chlordimeform for **plant-sucking** *insects* [Nilaparvata lugens, Laodelphax striatellus]. 102224
Pollinating *insects* of fruit trees. 103082
The rule of flower constancy of *insects* **[Pollinators].** 103124
Evolution of the linear equation between fresh body weights and dry body weights in an *insect* **population** during a period of strong evaporation [Tomocerus minor]. 102844
Simulation models for genetic control alternatives [for *insect* **populations].** 102242
Attraction of *insects* of **potato** plants through use of artificial honeydews and aphid juice [Pest control, natural]. 102400
Potato *insect* pests. 102405
Potential *insect* transmission of Scleroderris lagerbergii by scolytid beetles [Pinus banksiana, insect disease vectors]. 101559
Development of methods for field distribution of eggs of the *insect* **predator** Chrysopa carnea Stephens [Biological control of Heliothis zea and Heliothis virescens, cotton]. 102287
Artificial diets for larvae of harmonia axyridis Pallas (Coleoptera: Coccinellidae), an *insect* **predator** of aphids and scale insects. 103091
Rangeland *insect-plant* associations on the Pawnee Site. 102804
Reconstructing ancient ecological conditions from *insect* **remains;** some problems and an experimental approach. 102914
Insect **resistance** and breeding strategies in sorghum. 099366
Efficiency of a trap for catching and **retaining** *insects* emerging from standing water. 103066
Artificial diets for larvae of harmonia axyridis Pallas (Coleoptera: Coccinellidae), an insect predator of aphids and **scale** *insects*. 103091
Role of *insect* **sex** pheromone in mating behavior. I. Theoretical consideration on release and diffusion of sex pheromone in the air [Hyphantria cunea]. 102826
Protection of Great Plains **shelterbelts** from *insects*, 102503
A novel method for the quantitative extraction of juvenile hormones from *insects* including the **silverfish,** Thermobia domestica. 102990
Aflatoxin contamination, fluorescence, and *insect* **[Sitophilus** oryzae] damage in corn infected with Aspergillus flavus before harvest. 101389
Proposal for a new term 'echeme' to replace 'chirp' in animal acoustics *[Insect* **song,** Chorthippus]. 103078
Occurrence and characterization of microsomal cytochrome P450 in several vertebrate and *insect* **species.** 096318
Suppression of the melon fly, Dacus cucurbitae Coquillett (Diptera: Tephritidae), on Kudaka Island with **sterile** *insect* relases. 102382
Immunohistological studies on the distribution of yolk proteins in the **stick** *insect* (Carausius morosus). 103004
Overwintering, survival, fecundity, and mating behavior of the rice **stink** *bug* [Oebalus pugnax, Echinocloa crusgalli]. 102803
Defensive substances from **stink** *bugs* of Cydnidae [Adrisa magna, Macroscytus japonensis, Aethus nigritus]. 102927
Study of **sucking** *insects*, pests of pear tree in Moldavia. 102423
Sweetcorn *insect* pests. 102407
Energetics and aerodynamics of flapping flight: a **synthesis** *[Insects]*. 103109
Control of flight and related behaviour by the central nervous **systems** of *insects*. 103108
Scanning electron microscopy of *insects:* **techniques** for the novice. 103117
Preservation of wood-based panels against fungi and *insects* and **testing** its efficiency. 098228
Life cycle, host plants and symptoms of damage of the **tomato** *bug*, Nesidiocoris tenuis Reut. (Hemiptera: Miridae), in Egypt. 102477

A new, lightweight, **transparent** *insect* cage [Vectors of Spiroplasma citri, the causative agent of stubborn disease of citrus, virus diseases]. 102384
Selectivity of yolk protein uptake: comparison of vitellogenins of **two** *insects* [Hyalophora cecropia, Blattella germanica]. 103015
Risk of injury from [Dutch] elm disease [Ceratocystis ulmi] in Denmark [Scolytus laevis as *insect* **vector,** Ulmus]. 101662
Will [Dutch] elm disease be able to spread in Denmark? [Scolytus as *insect* **vector** of Ceratostomella ulmi, Ulmus]. 102524
Prevalence and experimental transmission of bovine piroplasms in the Netherlands [Protozoan diseases, ticks as *insect* **vectors].** 097633
Sanitation: a practical protection against Dutch elm disease in Fredericton, New Brunswick [Ceratocystis ulmi, Ulmus americana, Scolytus multistriatus and Hylurgopinus rufipes as *insect* **vectors].** 101562
Host range of maize chlorotic dwarf virus [Graminella nigrifrons, *insect* **vectors].** 101785
The changing status of corn virus diseases: potential value of a systemic insecticide [Graminella nigrifrons and Rhopalosiphum maidis as *insect* **vectors].** 102308
The seasonal incidence of exodid ticks *[Insect* **vectors** of protozoan diseases of cattle, piroplasms, Ixodes ricinus, Haemaphysalis punctata]. 102613
The 5th Agricultural Aviation Congress, Sept. 1975 [on chemical control of pests, forest fires and *insect* **vectors].** 102679
Vineyard *insect* pests [Erythroneura comes, grapes]. 102392
Insect **viruses** and pest control: the search for alternatives. 102252
Insects **[Wales].** 103161
Male brooding behavior of the **water** *bug* Abedus herberti (Hemiptera: Belostomatidae). 102800
Inheritance of a naturally occurring mutation in a giant **water** *bug* [Abedus herberti]. 102985
Insects in and around **windbreaks.** 102523

INSEMINATION

Effect of semen dose, frequency of *insemination,* **age** and productivity of the male on duration and levels of fertility and hatchability in the turkey. 097006
Artificial *insemination* of cattle. 096852
Artificial *insemination* of sheep: technical and organisational aspects. 096923
Studies on the reproduction in the dog. VIII. **Artificial** *insemination* using the frozen semen. 096978
A smplified method of progeny testing A.I. **[Artificial** *insemination]* bulls for milk protein. 096990
Effects of **artificial** *insemination* administration on egg laying, health and fertility in White Leghorn chickens. 096999
Artificial *insemination* of rabbits—the technique and some biological problems. 097001
Partial replacement of chicken semen by turkey semen in **artificial** *insemination* of chickens. 097008
Trials on **artificial** *insemination* in Cameroon. I. Artificial insemination of Zebu cows in heat. 097035
Artificial *insemination* in the Netherlands [Dairy cattle]. 097066
Artificial *insemination* of [honey] bee queens. 103287
Rearing of drones for **artificial** *insemination* of honeybee queens. 103310
When should gilts be covered or *inseminated?* **[Breeding** swine]. 097042
Calving rate of cows **following** *insemination* after a 12-day treatment with silastic coils impregnated with progesterone. 096928
Development of the sheep species. Contribution of testing, *insemination* and **freezing** to genetics and research. 096835
Evaluation by the **heterospermic** *insemination* technique of the differential effect of freezing at -196 degrees Celsius on fertility of individual bull semen. 096957
Estrus control is essential for good results in **swine** *insemination.* 096981

INSENSITIVITY

Insensitivity of the **coyote** testis to orally administered cadmium. 097047

INSOLUBLE

Studies on factors of solubilization of *insoluble* **ovomucin** during thick [egg] white thinning. 095734

INSPECTION

Cow *inspection* 1973/1974. 096918
Dutch *inspection* report introduced in Spain [Black and White breed of dairy cattle]. 097068
Salmonella [enteritidis] in horses: a source of contamination of horsemeat in a packing plant under **federal** *inspection.* 094809
Poultry: one of the better *inspected* **food** products [Meat]. 094837
Reliability and accuracy of the **grade** *inspection* of wheat. 094813
Animal care, plant care, and food care—for consumer protection [U.s. Animal and Plant **Health** *Inspection* Service]. 094811
Coordinating laboratory **mastitis** *inspection* [Bacterial infections]. 097446
Professional standards and procedures of termite control specialists in making *inspections* and **reports** [Wood-destroyingorganisms]. 102501

INSPECTORS

The need for systematic training of **butter** *inspectors.* 094885

INSTABILITY

The **genetic** *instabilities* of the mating type locus in fission yeast [Schizosaccharomyces pombe]. 099344
Problems of a new international sugar agreement **[Price** *instability].* 094504

INSTANT

Energy load and *instantaneous* **intensity** of rainstorms at Samaru, northern Nigeria. 104417

INSTARS

Bionomy and morphology of the **development** *instars* of Copiumclavicorne (L.), Heteroptera, Tingidae. 102817
Studies on the growth of the silkworm, Bombyx mori L. V. Racial differences of the relative increase in body weight and silk gland weight in the **fifth** *instar* larvae. 103280
Description of the *third-instar* **larva** of Monopsyllus wagneri (Baker) (Siphonaptera: Ceratophyllidae). 103174
Ultrastructural changes of the posterior silk gland cells in the early **larval** *instars* of the silkworm, Bombyx mori. 103249
Hormonal control of the **nymphal** *instar* in Choleva angustataFab. (Coleoptera, Catopidae). 102845

INSTINCT

Rational exploitation of the **building** *instinct* of honeybees. 103309

INSTITUTIONS

The Botanical Experiment Station, an *institution* formed by F. **Chodat** [Switzerland]. 098473
Social, economic, and *institutional* **constraints** affecting production and the reservaton of agricultural land in the U.s.A. 094123
Procedure of replacing the teaching staff in [agricultural] higher **education** *institutions.* 094069
The results of a new admission to higher agricultural **educational** *institutions.* 094074
Training needs in 1890 [black land-grant] *institutions* **[Extension].** 094064
Improvement of qualification of the teaching staff [in the *institutions* of **higher** agricultural education]. 094068
The entomology library at the U. S. National Museum of Natural History **Smithsonian** *Institution,* Washington, D. C. 102789
Mechanical tenderization of meat in the HRI [Hotel, Restaurant and *Institutional]* **trade.** 095711

INSTRUMENTS

Instrumentation and **automation** of wastewater collection and treatment systems. 104559
Cell count in fresh and stored milk samples measured on the Fossomatic automatic cell **counting** *instrument.* 095603
Dairying as an *instrument* of **economic** and social change. 094305
Studies on the testing methods for physical properties of raw silk. 1. On the measuring conditions and *instruments* for **tenacity** and elongation of raw silk. 095511

INSUFFICIENCY

Chronic exocrine **pancreas** *insufficiency* in a cat. 097767
Dairy products: *insufficient* **recovery,** the will to make the market productive. 094592

INSULATION

Isolation and *insulation* of **special** cells [Algae]. 098945
Feed intake, metabolism and **thermal** *insulation* of bison, yak, Scottish Highland and Hereford calves during winter. 096631

INSULIN

Action of Scytalidium lignicolum acid proteases on *insulin* **B-chain** [Fungi]. 099464
Stimulation of growth by *insulin* in **Drosophila** enbryonic cells in vitro. 102936
Insulin and **jejunal** electrical activity in dogs and sheep. 096182
Insulin **levels** in the blood serum of intensively fattened cattle. 096595
Plasma *insulin* and growth hormone concentrations in pregnant sheep. I. Diurnal variations in mid and late pregnancy. 096844
Plasma *insulin* and growth hormone concentrations in pregnant sheep. II. Post-absorptive levels in mid and late pregnancy. 096845

INSURANCE

Particulars of social law in the sphere of agriculture as exemplified by agricultural **accident** *insurance.* 094656
Permanent intervention, an *insurance* for the **future** [Beef, prices]. 094595
Replanting coconuts in Jamaica through the Lethal **Yellowing** *Insurance* Regulations [Rehabilitation program]. 094657

INTAKE

Colostrum *intake* and mortality of dairy calves. 096645
Dietary *intake* and coronary risk factors in Peruvian Quechua Indians. 095122
Decreased dietary protein or **energy** *intake* and plasma growth hormone levels of the pregnant pig, its fetuses and developing progeny. 096713
Voluntary **feed** *intake,* growth, body composition and efficiency in the sheep: breed and sex differences. 096612
Feed *intake,* metabolism and thermal insulation of bison, yak, Scottish Highland and Hereford calves during winter. 096631
The effect of **feed** *intake* in late gestation on the body composition and survival of the neonatal pig. 096639
Relationship of **feed** *intake* and ration digestibility to estimated transmitting ability, body weight, and efficiency in first lactation [Cows]. 096710
Variation of some physiological parameters in chickens **following** *intake* of entomoxan. 096217
Intestinal bypass surgery for obesity decreases **food** *intake* and taste preferences. 094961
Effects of limited **food** *intake* on the obese-hyperglycemic syndrome [Mice]. 094977
Nutritional status of Head Start and nursery school children. I. **Food** *intake* and anthropometric measurements. 095132
Comparison of **forage** *intake* and digestibility by bison, yak and cattle. 096626
A comparative look at recommended **nutrient** *intakes.* 095203
Ascorbic acid and cholesterol: effect of graded **oral** *intakes* on cholesterol conversion to bile acids in guinea-pigs. 095057
Relationship of mineral status and *intake* to **periodontal** disease. 094965
Relationship of mineral status and *intake* to **periodontal** disease. 095003
Growth and nitrogen retention of children consuming all of the day's **protein** *intake* in one meal. 094991
Improvement of *intake* **rates** in problem Black soils. 103811
Effect of the chopping length of grass silage on **voluntary** *intake* by dairy cows. 096782

INTEGRATION

An *integrated* **approach** to farm management education. 094202
The construction and long term field use of inexpensive aerial and **aquatic** *integrating* photometers [Photosynthetically active radiation]. 098867
Integrated **blanching** and cooling [of vegetables] to reduce plant effluent. 095940
Integration of **chemical** and biological changes in foods and their influence on quality [Safety attributes]. 095501
Activity of insect growth regulators (juvenile hormone analogues) against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera; Noctuidae) *[Integrated* **control** programmes]. 102375
Trend to *integrated* **control** [of insects] in citrus culture in southeastern France. 102453
Effectiveness of *integrated* ways of **controlling** Canada thistle [Cirsium arvense] in the system of soil tillage for maize. 102087
Characterization of 2-mu um DNA of Saccharomyces cerevisiae by restriction fragment analysis and *integration* in an **Escherichia** coli plasmid [Yeast]. 099374
Integrated **field** and glasshouse screening for environmental sensitivity in cow pea (Vigna unguiculata). 100411
Integrated **fire** management on national parks. 097930
Integration of **fodder** production with intensive cropping systems. 100697
Integrated **investigation** of humus on granite of the Karkonosze Massif in Poland. 103677
Integrated **monitoring** of anesthetized and/or critically ill patients [Animals]. 097109
Progress on *integrated* **pest** management: Douglas-fir tussockmoth, gypsy moth, and southern pine beetle [Hemerocampa pseudotsugata, Porthetria dispar, Dendroctonus frontalis]. 102508
Integrated **protection** of fruit orchards from pests [in Moldavia]. 102419
Establishment of *integrated* **rabbit** farm. I. 094208
Charcoal metallurgy programation should be *integrated* in the **reforestation** plans [Forest conservation and legislation, Brazil]. 097966
Integrating **rural** development activities [in India]. 094221
Strategy for *integrated* **rural** development. 094222
Integrated **rural** development programs: a skeptical perspective. 094718
An *integrated* **separation,** aerobic treatment and sludge dewatering system for pig slurry. 104523
Problems of international **socialistic** *integration* of agriculture and industry. 094253

INTEGRATORS

A micropower, digital **temperature** *integrator.* 093962

INTELLIGENCE

Finite element analysis and the ITS *[Intelligent* **Terminal** System, in developing new agricultural equipment]. 103401

INTENSITY

Breeding *intensity,* breeding success, foundation cows. 096916
The *intensity* of **carbon** dioxide release as an indicator of alterations of soil biological activities under the influence of herbicides. 102773
Growth of pine [Pinus thunbergii] and birch [Betula platyphylla var. japonica] seedlings under lights with different spectral **compositions** and *intensities.* 100653
Intensity **dependence** of the fluorescence lifetime of in vivo chlorophyll excited by a picosecond light pulse [Measurements in Chlorella pyrenoidosa, Algae]. 099980

Fattening and slaughter performance results of young Black Pied bulls as influenced by **feeding** *intensity.* 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644
Method of forecasting a yield considering the **growth** *intensity* of plantings and the quality of products in commercial viticulture. 100455
Influx *intensity* of phosphorus 32 [isotope] in cotton plants and its outflow into reproductive organs after the desiccation by magnesium chlorate. 100228
Energy load and **instantaneous** *intensity* of rainstorms at Samaru, northern Nigeria. 104417
The influence of daylength, **light** *intensity* and temperature on the growth rates of planktonic blue-green algae. 099582
Fruit distribution and relative **light** *intensity* in the canopies of Satsuma mandarin orange trees. 100395
The effects of various *intensities* of **light** on the growth of four sources of black cherry. 100679
Analytical study of growth and reproduction in Amaranthus spinosus L. subjected to stress from reduced **light** *intensities.* 102123
Apparatus for determining the *intensity* of **photosynthesis** and respiration in plants. 099567
Intensity of **photosynthesis** of citrus plants under various temperaturs in relation to their frost resistance. 100585
Q/I *[quantity-intensity]* **potassium** relationships in Andosols of Tenerife Island. I. 103685
Q/I *[quantity-intensity]* **potassium** relationships in Vertisols and Brown Earths of Tenerife. II. 103686
A rough determination of sulphate **reduction** *intensity* compared with cystein-35S [sulfur isotopes] incorporation in leaves of soybean, peas and sunflower and in a mushroom mycelium culture. 100007
[Compartive study of] potassium Q/I *[quantity-intensity]* **relationship** in different soil types of Tenerife. IV. 103693
Comparative study of potassium Q/I *[quantity-intensity]* **relationships** in different soil types of Tenerife. III. 103673
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on **respiration** *intensity,* activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473
Competition between wheat (Triticum aestivum L.) and Chenopodium album L. under varying levels of soil moisture, nitrogen and **weed** *intensities.* 102120

INTENSIVE

The future of the British countryside **[Agricultural** *intensification].* 094163
Food [needs, *intensification* of **agriculture].** 094715
Implementing the organization of reproduction for *intensifying* **cattle** production in the Rostock district. 097052
The spatial distribution of excreta under *intensive* **cattle** grazing. 104040
Research on the contamination of agricultural products with preparations containing DDT in the conditions of *intensive* **chemization.** 102761
More *intensification* of **crop** production implies growing demands on amelioration personnel [Irrigation, East Germany]. 104284
Integration of fodder production with *intensive* **cropping** systems. 100697
Can *intensive* **cultural** management increase growth of slash pine [Pinus elliottii]? 098103
Intensive and **extensive** methods for qualitative increase of the production in sawmills with band saving machines for logs. 098213
Insulin levels in the blood serum of *intensively* **fattened** cattle. 096595
Behavior of potassium in *intensive* **fertilization** of sandy soil. 103900
Intensive **fiber** utilization and prescribed fire: effects on the microbial ecology of forests. 098869
Forage quality control of coarse feeds as a factor in the *intensification* [of **forage** crop production]. 096056
Problems of *intensification* of **forage** crop growing on arable lands. 100932
Increasing importance of irrigation for the **further** *intensification* of crop production in the German Democratic Republic and its resulting tasks for the mechanization of soil improvement works. 104328
Anatomo-biological method in breeding for developing models of soft winter wheat varieties of **highly** *intensive* type. 099244
Heterosis in onions grown in the conditions of *intensive* **irrigation** in the Lower Volga Region. 099084
Intensification of **lactic** fermentation in whey medium. 095670
Accepting the forage challenge *[Intensified* **Livestock** Feed Production Program, Kentucky]. 094762
Selection criteria for *intensive* **market** lamb production growth traits. 096935
Selection criteria for *intensive* **market** lamb production: carcass and growth traits. 096936
Intensive **methods** of growing grapevines in the Crimea. 101283
Intensification of **milk** production through the gradual introduction of new quality parameters [East Germany]. 094936
Effect of *intensive* **nutrition** of meadows on dry matter yields. The content and production of nitrogenous substances. 100293
A review of land clearing for site preparation for *intensive* **plantation** forestry. 098085
Analysis and evaluation of the working operation of **scything** *intensive* grass stands on mountain slopes. 100935
Results in the *intensification* of **sheep** breeding and production [East Germany]. 097055
Breeding of *intensive* **short-stem** varieties of wheat. 099246
Methods and results of breeding Mironovskaia wheat varieties of the *intensive* **type.** 099256
Early maturing spring wheat specimens of the *intensive* **type** in western Siberia. 100725
Results of testing spring wheat varieties of the *intensive* **type** in the foothill region of the Urals. 100726
Reserves of productivity of wheat varieties from Siberia and the physiological and morphological model of an *intensive* **variety.** 100189

INTERCALATION

Synthesis of the inner mitochondrial membrane and the *intercalation* of **respiratory** enzymes during the cell cycle of Chlorella [Fusca vacuolata, Algae]. 099823
The occurrence of *intercalary* and **uninterrupted** meristems in the internodes of tropical monocotyledons. 098878

INTERCELLULAR *see* CELLS

INTERCROPPING

Studies on *intercropping* of **compatible** crops with pigeonpea. 101191
Intercropping in **sugarcane** pays. 100822

INTERFERONS

Studies on the nature of the inhibition of the tumour forming ability of Walker carcinosarcoma cells in rats by **chick** *interferon.* 097727
Decreased *interferon* produced by leukocytes in marasmus [Disease in malnourished children]. 094955
Immune *interferon* production by lymphoid cells: role in the inhibition of herpesviruses [Cattle]. 097379
Suppression of *interferon* **production** [by L cells infected with Newcastle disease virus] by vitamin A. 097409

INTERGENERIC *see* GENERIC

INTERMITTENT

Pulmonary responses of rats to ambient levels of ozone. Effects of **7-day** *intermittent* or continuous exposure [Air pollution]. 104594
Intermittent **drainage** of the chest. 097110
Photochemical activities of etiochlorplasts isolated from plants greened under *intermittent* **light.** I. Absorption of oxygen [Wheat]. 100259
Photochemical activities of etiochloroplasts isolated from plants greened under *intermittent* **light.** II. Photobleaching of pigments [Wheat]. 100260

INTERNEURONS *see* NEURONS

INTERNODES

Origin of *internodal* **air** spaces in Hippuris vulgaris L. 099880
Changes in the resistance of the node of Nitellopsis obtusa, [Algae] caused by the damage of the *internodal* **cells.** 099496
The occurrence of intercalary and uninterrupted meristems in the *internodes* of **tropical** monocotyledons. 098878

INTERPLANTING

Components of soybean seed yield as influenced by canopy level and *interplant* **competition.** 100704

INTERRELATION

Certain *interrelations* between subsidization and the increase of production. 094552
Bovine **compositional** *interrelationships* [Muscles, fats]. 095697
Effect of dietary zinc and **copper** *interrelationships* on blood parameters of the rat. 095115
The coverage, scope and *interrelations* of **existing** agrarian legislation. 094699
Interrelations between **gluconeogenesis** and urea synthesis [in rat liver]. 096400
Prairie ant mound ecology: *interrelationships* of **microclimate,** soils and vegetation. 098801
Interrelation of **nitrogen** and phosphorus uptake to yield of wheat. 103997
Interrelation of **nutrition** level, water provision rate and stand density as factors determining the productivity of pea crops. 100454
Some **observed** *interrelationships* between the cover of aquatic vegetation and various physical properties of the water medium. 098815
Some aspects of **pathogen-host** *interrelations* in cotton wilt [Verticillium dahliae]. 101468
Problems of the gene and evolutional and genetic bases of *interrelations* of **plant-hosts** with their parasites and symbionts. 099278
Double induction—a new hypothesis of plant immunity (membrane aspects of *interrelations* between **potato** and Phytophthora infestans (Mont.) de Bary) [causal agent of blight]. 101460
Interrelationship between ways of **sowing,** plant density and yield of self-pollinated lines of maize. 100732
Interrelationship **studies** in okra (Abelmoschus esculentus Moench) [Cultivation]. 101121

INTERROWS

Effect of irrigation methods with various *interrow* **spacing** on the yield of cotton. 104408

INTERSECTION

Diameter measurement in the **line** *intersect* method [Logging residues, sampling]. 097981

INTERSEX

Androgen induction of *intersexuality* in **sheep.** 097045
A case of *intersexuality* in **Xiphinema** ingens Luc et Dalmasso (Nematoda, Longidoridae) [Collected from the olive rhizosphere]. 101955

INTERSTITIAL

Lung lymph and **free** *interstitial* fluid protein composition in sheep with edema. 097682

INTERTROPICAL *see* TROPICAL

INTERVERTEBRAL

Necrotizing myelopathy secondary to embolization of **herniated** *intervertebral* disk material in the dog. 097736

INTESTINES

Folate content of Iranian breads and the effect of their fiber content on the *intestinal* **absorption** of folic acid. 094958
Comparison of three techniques for *intestinal* **anastomosis** in Equidae [Horses]. 097165
Crabtree effect with the *intestine* of **Ascaris** suum [Swine]. 097307
Decomposition of soybean oligosaccharides by *intestinal* **bacteria.** VII. Alpha-galactosidase activity of a few other intestinal bacteria than Escherichia coli. 095224
Intestinal **bypass** surgery for obesity decreases food intake and taste preferences. 094961
Intestinal **calcium** transport: parathyroid hormone and adaptation to dietary calcium [Rats]. 096643
Effect of dicumarol on D-galactose absorption and oxygen consumption by the **chicken** *intestine* [Metabolism]. 096548
The medical fight to **control** *intestinal* worms in swine. 097443
Histological observations on the **developing** *intestine* of the bovine fetus. 096540
Effects of pyrimethamine and sulfadiazine on the *intestinal* **development** of Toxoplasma gondii in cats. 097218
Redescription of Coccidiascus legeri Chatton, 1913 (Nematosporaceae: Hemiascomycetidae), an intracellular parasitic yeastlike fungus from the *intestinal* **epithelium** of Drosophila melanogaster. 103030
Stool or *intestinal* **flora**—contribution to the microbiology of the intestinal organs [Animals, man]. 096484
Studies on the relationship between *intestinal* **flora** and cecal coccidiosis in chicken [Eimeria tenella, Clostridium perfringens]. 097484
Observations on the effects of weaning in the young pig. Clinical and histopathological studies of *intestinal* **function** and morphology [Acute inflammatory response and a reduction in plasma cell population]. 097762
A survey of *intestinal* **helminths** in stray and domestic dogs of Rutherford County, Tennessee. 097422
Analytical notes—hard- vs soft-water effects on the transfer of metallic **ions** from *intestine.* 104329
Rates of production of methane in the rumen and **large** *intestine* of sheep. 096269
The subcellular localization of calcium in vertebrate smooth muscle: calcium-containing and calcium-accumulating structures in muscle cells of **mouse** *intestine.* 096310
Investigations of the host specificity of *gastro-intestinal* **nematodes** of roe deer, sheep, and cattle. 097344
Stool or intestinal flora—contribution to the microbiology of the *intestinal* **organs** [Animals, man]. 096484
Intestinal **parasites** of the dog and the respective treatment. 097492
Concentration changes of bile acids in sequential segments of **pigeon** *intestine* and their relation to bile acid absorption. 096235
Intestinal **plasma** and blood loss in piglets infected with Strongyloides ransomi. 097656
Intestinal **polyps** with coccidial forms in a lamb. 097316
Studies into activity and properties of adenosine triphosphatase in some organs of swine (liver, cerebral and renal cortex, mucosa of **small** *intestine).* 096215
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and phosphorus in different tissues of swine (brain, lung, liver, kidney, **small** *intestine).* 096216
Embryogeny of the *intestine* in **swine.** 096576
Reo-like viruses in the *intestine* of **swine.** 097545
Electron microscope studies on developmental stages of Theileria parva (Theiler, 1904) in the *intestine* of the **tick** Hyalomma anatolicum excavatum (Koch, 1844). 102616
Intestinal **worms** in livestock [Cattle]. 097639
Lethal trait A 46 in [Black Pied Danish] cattle. *Intestinal* **zinc** absorption [Hereditary parakeratosis]. 097835

INTOXICATION

Cyanide *intoxication:* protection with chlorpromazine [Mice]. 097861

Intoxications of **forages** in the Irno valley and new relations between idioblast [cell] function and tumors [Polluted irrigation water toxicity]. 101828
An incident of **water** *intoxication* in calves. 097869

INTRACELLULAR *see* CELLS

INTRADERMAL *see* DERMATOLOGY

INTRADUCTAL *see* DUCTS

INTRAMAMMARY *see* MAMMARY

INTRAMUSCULAR *see* MUSCLE

INTRANUCLEAR *see* NUCLEAR

INTRAUTERINE *see* UTERUS

INTRAVENOUS
Effects of *intravenous* **injection** of FSH [follicle-stimulating hormone] on ovarian follicular cysts in dairy cows. 097740
The effects of *intravenous* **injection** of small amounts of copper sulphate in Nubian goats [Toxicity of inorganic copper]. 097816

INTRAVITELLIN *see* YOLKS

INULA
Psi-taraxasterol acetate from *Inula* **viscosa.** 099938

INVENTORIES
The use of LANDSAT data in a large area **crop** *inventory* experiment (LACIE) [Wheat, North America, remote sensing]. 100808
Processing remotely sensed **[forest** *inventory]* data for dimensional analysis. 097994
Cluster sampling with large-scale aerial photography in **forest** *inventories.* 097998
South Carolina livestock and poultry statistics. *Inventory* **numbers,** 1975-1976. Production and value of livestock and poultry products, 1974-1975. 094637
The American **prairie** *inventory:* a preliminary report. 098806
Resources *inventory,* land classification, and land-use planning: the relationships. 094168

INVERSION
Specification of [forest stand] density for the *inverse* **J-shaped** diameter distribution. 097984
Geographical variability in the **pericentric** *inversion* system of the grasshopper Trimerotropis pseudofasciata. 102889
Plant distribution in Newfoundland especially in relation to summer temperatures measured with the **sucrose** *inversion* method. 098592
Changes in resident bacteria, pH [hydrogen-ion concentration], sucrose, and *invert* **sugar** levels in sugarbeet roots during storage. 095767
Contribution to determination of *invert* **sugar** in technical sugar juices. 1. New photometric method with 4-amino-3-hydrazino-5-mercapto-1,2,4-triazol as colour reagent. 095847

INVERTASE
Eco-physiological regulation of *invertase* **activity** in pea pollen. 100462
Trehalase, *invertase,* and **amylase** activities in the black scale, Saissetia oleae, and their relation to host adaptability [Pest of olives and atrus]. 102435
A modified procedure for studying enzyme secretion in yeast [Saccharomyces] sphaeroplasts: subcellular **distribution** of *invertase.* 099625
A method for separating the various forms of *invertase* in **extracts** of single leaves or plants of wheat. 100142

INVERTEBRATES
Effect of hydrogen sulfide on fish and *invertebrates.* I. **Acute** and chronic toxicity studies. 094830
Chronic toxicity of atrazine [herbicide] to selected **aquatic** *invertebrates* and fishes [Residue analysis, water pollution]. 102680
Enzyme activities associated with an *invertebrate* **iridovirus:** nucleotide phosphohydrolase activity associated with iridescent virus type 6 (CIV) [Galleria mellonella]. 103045

INVESTMENTS
Financing pollution **abatement** *investments* on Michigan dairyfarms. 104629
Allowances of **capital** *investments* for the establishment of irrigated vineyards. 094456
Dairy systems analysis handbook [on labor use, *investments,* and **costs** and returns]. 094195
Foreign *investment* [policies] in Egypt: opportunities and obstacles. 094687
Estimated profitability of *investment* in **legume** pasture development in far north Queensland [Costs, returns]. 094453
Sensitivity of estimated financial returns on **timber** *investments* to data errors. 097985
Antitranspirants: an *investment* or an **unnecessary** expense [in propagation of plants]. 101040
Impacts of tax alternatives on forest **values** and *investment.* 098001

INVOLUTION
Postpartum **uterine** *involution* and ovarian activity in dairy cattle [Fertility, reproductive physiology]. 097000
Are changes in serum N-acetylhexosaminidase level associated with **uterine** *involution* in the cow? [Parturition]. 097027

IODIDE
Effect of the hydrogen-ion concentration of applied solution on radioactive sorption of *iodide* by **soils.** 103816

IODINE
Oxidative coupling of bromo- and *iodo-ferulic* **acid** derivatives: synthesis of (plus/minus)-veraguensin [Phyllanthus niruri]. 100011
Iodination of [spinach] chloroplasts. I. Properties of *iodinated* **chloroplasts.** 100371
Cane [sugarcane] starch. II. Starch components and their *iodine* **complex** spectra. 095805
Variations in the response of the thyroid gland of the rat to different low-iodine diets: correlation with *iodine* **content** of diet. 095047
Hand skeletal development among Ecuadorians living under conditions of *iodine* **deficiency** and endemic goiter. 095077
Variations in the response of the thyroid gland of the rat to different *low-iodine* **diets:** correlation with iodine content of diet. 095047
Content of *iodine* in **forages** from different soil and geographic zones in Moldavia. 096022
Content of *iodine* in **forages** and plants in the Moldavian SSR. 100223
Degradation and secretion of anthelminthic 131I *[iodine* **isotope]-rafoxanide** in cattle and sheep. 097235
Sorption of stearic acid and *iodine* as a **measure** of external surface of some typical Indian soils. 103661
Free and membrane-bound ribosomes. V. *Iodination* of **rabbit** reticulocyte polysomes. 096257
Iodination of **[spinach]** chloroplasts. I. Properties of iodinated chloroplasts. 100371
Refractometric method for the determination of the *iodine* **value** of buffalo milk fat. 095625
In **vitro** *iodination* of plant ribonucleic acids [Peas]. 100545

IONIZATION
Screening by negative **chemical** *ionization* mass spectrometry for environmental contamination with toxic [pesticide] residues: application to human urines. 102762
Atmospheric electricity and *ionized* **condition** of the air layer directly above the land surface as ecological factors of environment [for forest trees]. 098148
About the possibility of stimulating the system of restoration [after radiation injury] by low levels of *ionizing* **irradiation** [Experiments on pea seeds]. 102051
Biological and biochemical changes in the opium poppy (Papaver somniferum L.) under the effect of *ionizing* **radiation.** 099727

IPOMOEA
Ipomoea **carnea** Jacq. (Convolvulaceae) in Costa Rica. 098558
Development of leaf forms in *Ipomoea* **reptans** (Linn.) Poir. 099493
Today's weed *[Ipomoea* **turbinata].** 102214

IPS
Bark beetles *[Ips* **typographus]**—a risk to unbarked timber. 102519

IRIDACEAE
Cytological observations on some West Himalayan monocots. IV. Several families [Amaryllidaceae, *Iridaceae,* **Hypoxidaceae,** Dioscoreaceae, Juncaceae, Commelinaceae, Eriocaulaceae and Zingiberaceae]. 098958

IRIDESCENT
Effects of different temperatures on **Tipula** *iridescent* virus infection in galleria mellonella larvae. 103027
Enzyme activities associated with an invertebrate iridovirus: nucleotide phosphohydrolase activity associated with *iridescent* **virus** type 6 (CIV) [Galleria mellonella]. 103045

IRISES
Tall **bearded** *iris* [Cultivation]. 101036
Isoprenoid quinones and tocopherols in bulbs and leaves of *Iris* **hollandica;** occurrence of a new quinone. 100401

IRON
Gastrointestinal bleeding and *iron* **absorption** in the experimental blind loop syndrome [Malabsorption of both vitamin B12 and fat, rats]. 094960
Measurement of *iron* **absorption** from composite meals. 094963
Iron **absorption** from Southeast Asian rice-based meals. 094992
Phytate as a carrier for *iron:* a **breakthrough** in iron fortification of foods? 095404
Soil-pot tests with iron-deficiency susceptible soybeans and other plants to determine effectiveness of *iron* **chelates** in plant nutrition. 100160
Malabsorption of *iron* in **children** with iron deficiency. 095158
Iron **chlorosis** caused by MgCO3 [Magnesium carbonate, soybeans, kidney beans]. 101878
Electron cytochemical studies on glycerinated flight muscle of Locusta migratoria L. The **colloidal** *iron* reaction and Alcian blue binding. 102930
The evaluation of the waterlogging rate of the *iron-manganese* **concretions** in the soils of Neva River lowlands. 103856
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the plasma as well as the changes in the *iron* **contents** of the liver and the breast muscle matter of fattening turkeys. 096593
Determination of Fe, Cu, Ni, and Mn *[iron,* **copper,** nickel, manganese] in fats and oils by flameless atomic absorption spectroscopy. 095464
Changes in the hemoglobin level of the whole blood, in the *iron* and **copper** levels of the plasma as well as the changes in the iron contents of the liver and the breast muscle matter of fattening turkeys. 096593
Ability of an iron-efficient and an *iron-inefficient* **corn** inbred to take up 59Fe and FeSO4 [iron isotope, ferric sulfate] added to Yolo loam soil. 100148
Phosphorous levels on the ability of an iron-inefficient and an *iron-efficient* **corn** inbred to take up iron from nutrient solution. 100156
Malabsorption of iron in children with *iron* **deficiency.** 095158
Mucocutaneous fungal lesions and *iron* **deficiency** [Candida albicans]. 095179
Iron **deficiency** on corn root mitochondrial adenosine triphosphatase activity. 100153
Correction of *iron* **deficiency** in tomatoes grown hydroponically in sewage water. 101876
Iron **deficiency** in pecans. 101998
Desorption *iron-59,* cobalt-60, and strontium-90 [isotopes] from soil by plant extracts in the conditions of dynamic experiments [Radioactive contamination]. 104644
The isolation of a new, low-potential, *iron-containing* **electron-transfer** protein from rumen bacteria. 096228
Iron **enrichment** [in enriched flour and standardized baked goods]: bio-availability is the key. 095798
Sugar as a vehicle for *iron* **fortification:** further studies. 095005
Sugar as a vehicle for *iron* **fortification.** 095006
Phytate as a carrier for iron: a breakthrough in *iron* **fortification** of foods? 095404
The effects of *iron* and **glucose** treatments [for nutritional deficiencies] on the survival and performance of neanatal pigs. 097685
Effect of ozonation on the removal of *iron* from a **ground** water. 104528
Zinc **induced** *iron* deficiency in soybeans. 101881
Iron-phosphorous **interactions** in bush beans. 100154
Phosphorous levels on the ability of an *iron-inefficient* and an **iron-efficient** corn inbred to take up iron from nutrient solution. 100156
Ability of an *iron-efficient* and an **iron-inefficient** corn inbred to take up 59Fe and FeSO4 [iron isotope, ferric sulfate] added to Yolo loam soil. 100148
59Fe *[iron]* **isotope** dilution methods to determine labile Fe in soil and Fe uptake from fertilizer sources. 103934
Determination of copper, *iron,* and **manganese** in milk with flameless AAS [atomic absorption spectrophotometry] and a survey of the contents of these metals in Swedish market milk. 095618
Iron, **Manganese,** zinc and copper contents of some inorganicfertilizers. 104103
Phosphorous levels on the ability of an iron-inefficient and an iron-efficient corn inbred to take up *iron* from **nutrient** solution. 100156
Iron **[Nutrition].** 095108
Iron **oxide** as an iron source in potting-soil mixtures. 103927
Monocot-dicot variability in response to an *iron* **oxide-metallic** iron source [Maize, soybeans]. 103928
Metabolic changes associated with the prevention of chlorosis by the application of elemental sulphur and foliar sprays of sequestrene 138-Fe *[iron]* in **Pisum** sativum L. [Peas, deficiency disease]. 101842
Behavior of *iron-inefficient* **plants** when grown in combinations of calcareous and noncalcareous soils [Maize, soybeans]. 100149
Banding of sulfur and sulfuric acid in soil in which *iron-inefficient* **plants** were grown [Field crops]. 103921
Effect of change in water-air regime of heavy soils being drained on the amount of acid-soluble forms of *iron* and **productivity** of meadow plant community. 104243
A conspectus of research on *iron* **requirements** of man. 095145
Certain characteristics of the migration of Al and Fe [aluminum, *iron]* in **soddy-podzolic** soils in deciduous-spruce forests. 103803
Iron oxide as an *iron* **source** in potting-soil mixtures. 103927
Lime chlorosis on photosynthesis and transpiration of *iron-inefficient* **soybeans.** 101879
Chlorophyll concentrations in navel orange leaves in relation to *iron* **status,** leaf age, and season. 100469
High levels of four heavy metals on the *iron* **status** of plants [Kidney beans, toxicity]. 101877
Soil-pot tests with *iron-deficiency* **susceptible** soybeans and other plants to determine effectiveness of iron chelates in plant nutrition. 100160
Fungal ornithine esterases: relationship to *iron* **transport** [Fusarium roseum, Penicillium sp., Fungi]. 099536
Excess EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] in the nutrient solution on *iron* **uptake** by bush bean plants. 100152
Copper, *iron,* and **zinc** contents of mature human milk. 094982
Responses of Earlirose rice to *iron,* **zinc,** and BPDS [bathophenanthroline disulfonate] when grown on calcareous soil. 100158

IRRADIATION

Use of *X-ray* **analysis** in plant quarantine for assessment ofseed quality. 101953
Small **angle** *X-ray* scattering of woody plants. 099055
Hematological changes in *irradiated* **cattle:** a twelve-year study. 096529
The role of ATP [adenosine triphosphate] in the repair of DNA of *gamma-irradiated* **Chinese** hamster cells. 096531
Effect of *gamma-irradiation* of **cobalt-60** [isotope] on the mitotic activity and size of cells in the seedlings of Scotchpine (Pinus sylvestris L.). 100686
Investigation of cellulose fibre structure by means of new preparation technique. III. Some features of spruce tracheid structure in **contact** points with *rays.* 098324
Programming the corm raised freesia (Freesia X hybrida) crop. I. Heat treatments, duration of cooling treatment and *irradiation* during **cooling** treatment. 100591
Structure and stereochemistry of microlenin, a novel antitumour dimeric sesquiterpene lactone from Helenium microcephalum; *X-ray* **crystal** structure. 099661
X-ray **crystal** and molecular structure of acetylcolletotrichin (colletotrichin), a metabolite of Colletotrichum capsici [Fungi]. 099664
X-ray **crystal** structure of cytochalasin H, a potent new [11]cytochalasan toxin [Phomopsis, Fungi]. 099665
X-ray **crystal** structures of two pyrethroid insecticides: cis-3-phenoxybenzyl 3-(2,2-dibromovinyl)-2,2-dimethylcyclopropanecarboxylate and the 3-(2,2-dichlorovinyl) analogue. 102717
The rapid determination of trace elements in soils and plants by *X-ray* **fluorescence** analysis. 103782
Effect of **gamma** *rays* on growth and karyokinetic activity in Trigonella foenum-graecum L. 099157
Evaluation of the after-effect of **gamma** *irradiation* (Co-60)[cobalt isotope] on vegetative and generative development in soybean. 099415
Effect of **gamma** *rays* on mazzard cherries. 100430
Change of radiosensitivity of the seeds of Scotch pine (Pinus sylvestris) in relation to the duration of soaking [**Gamma** *irradiation,* mitotic activity, chromosomal abberations]. 100685
Gamma *irradiation* of the melon fly [Dacus cucurbitae]: laboratory studies of the sterility and sexual competitiveness of treated adults. 102378
Use of *X-ray* and **gamma-induced** mutants of lactic acid bacteria in the manufacture of dairy products. 095632
Study of the process of fixation of tea leaves by **infrared** *rays* in a moisture-saturated environment. 095534
About the possibility of stimulating the system of restoration [after radiation injury] by low levels of **ionizing** *irradiation* [Experiments on pea seeds]. 102051
Alteration of radiosensitivity of pea seeds exposed to low **levels** of *gamma-irradiation.* 100595
Stability of edible oils and fats to fluorescent **light** *irradiation.* 095469
Activity and the isoenzymatic composition of peroxidase in the ontogenesis of *irradiated* **maize** plants of different radiosensitivity. 099285
Effect of F-14 indene compound on the mutation process induced by *irradiation* in **mice** spermatogonia. 096921
Initial action of different levels of *gamma-rays* on **morphological** features of maize. 099421
The measurement of *irradiance* with **particular** reference to marine biology [Includes Algae]. 100004
Study of temperature conditions and lighting level created by DRL-250 lamps used for *irradiating* **plants** in greenhouses. 103376
Variability of certain maize loci as a result of *gamma-irradiation* of **pollen.** 099432
A proposal for the use of *irradiation* for the **preservation** of foods of animal origin. 095391
Effect of **presowing** *irradiation* of the seeds of kenaf on its growth, development and productivity. 100326
Use of *X-ray* **radiography** for studying seed quality in tropical forestry [Pests, disease, and damage]. 102034
Investigations on radio-sensitive and radio-resistant populations of Drosophila melanogaster. VII. High relative radio resistance to the induction of sex-linked recessive lethals in stage-7 oocytes of **RO** 14 *[irradiation].* 103056
Effect of different concentrations of F-57 on the frequencyof mutations induced by *irradiation* (300 **roentgens**) in mice. 096920
The stable effect of mortality in the progeny of *irradiated* [**Saccharomyces** ellipsoideus] yeast cells. 099378
Standards of spectral power distribution for measuring **spectral** *irradiance.* 094115
Mitotic recombination in cleavage divisions of Drosophila melanogaster. I. The effect of *X-rays* on **sperms** and spermatogonia of male parents. 102948
The problem of the effect of **storing** *irradiated* seeds with different level of ploidy on their viability. 099787
Irradiation **treatment** of fruits and vegetables. 095902
Localizaion study of the primordial germ cells in embryos of the Japanese quail by means of **ultraviolet** *irradiation.* 096281
Ultraviolet *irradiation* of fenitrothion [insecticide] and the synthesis of the photolytic oxidation products. 102716

IRRIGATION

Irrigating **alfalfa** for seed. 104302
Irrigating **alfalfa** seed for maximum yield. 104303
Simulation of soil water-crop yield systems: the potential for economic analysis [to evaluate **alternative** *irrigation* strategies]. 094330
Influence of *irrigation* and **application** of nitrogenous fertilizers on the composition and certain properties of wheat proteins. 100103
Irrigation—from **Army** Ordnance to agricultural research. 104276
Automation in *irrigation.* 103442
Automation in *irrigation.* 104315
Cool season annual pasture mixtures as affected by **autumn** *irrigation* and nematicide in the wiregrass area [Culture]. 100757
Cow-calf beef production on irrigated pasture and in drylot at Carrington *[Irrigation* **Branch** Station, grazing]. 096739
Soil structural **breakdown** under *irrigation.* 104248
Results of *irrigation* with **clear** and brackish water in the northern part of the German Democratic Republic. 104286
Study of the response of the proso **collection** to *irrigation.* 100120
Yield and quality of cuttings as related to *irrigation* in **combination** with fertilizers applied to rootstock bushes of grapevine. 104430
Effect of forest shelterbelts of fields on the yield of sugarbeets in **conditions** of *irrigation.* 097893
Quality of winter wheat grain effected by the treatment with chlorocholine chloride and urea in *irrigated* **conditions** of the Ukrainian steppe. 100132
Peculiarities of the uptake of nutrients by Bezostaia 1 andKavkaz winter wheat cultivars under **conditions** of *irrigation.* 100197
Performance of some local and introduced wheat and malting barley cultivars under *irrigated* **conditions** in Egypt. 100715
Time of application of nitrogenous fertilizers in winter wheat under the **conditions** of *irrigation.* 100738
Study of the action and iteraction of kidney bean fertilization and *irrigation* under the **conditions** of the Agricltural Research Institute Obrastsov Chiflik in Ruse. 100805
Application of different phosphorus fertilizers on winter wheat in the **conditions** of *irrigation.* 104055
Acidity of grapes and wine in the **conditions** of *irrigation.* 104423
About the principles of designing schemes of field experiments with fertilizers in *irrigated* **cotton** growing. 104043
Soil improvement and *irrigation* in **cotton** growing. 104413
The optimal regime of groundwater **[Cotton** *irrigation].* 104415
Response of sunflower plants (Helianthus annuus L.) to different regimes of humidity in the soil and effects of *irrigation* in **critical** periods of development. 104269
Experimental investigations in programming a yield of *irrigated* **crops.** 104307
Legume and grass mixtures for *irrigated* **cultivated** pastures in the Central-Chernozem zone. 100892
Experiences in the organization of a rational use of *irrigation* in 1975 in the **Dambeck** Cooperative Plant Production Section and conclusions for the 1976 irrigation period. 104282
International cooperation in **developing** *irrigation* equipment. 103448
Effect of *irrigation* on the **development** of the root system and the above-ground part of grapevine bushes. 104426
Problem of determining the raising of taxes for *irrigation* and **drainage** of farm lands. 094412
Drip *irrigation*—problems and solutions McBryde's experience. 103387
Flushing valve for **drip** *irrigation* tubes. 103388
Recommendations for avoiding plugging of **drip** *irrigation* tubing. 103389
Single-chamber **drip** *irrigation* laterals on various field slopes and contours. 103390
Drip *irrigation*—worldwide. 104254
Drip *irrigation* for agricultural crops. 104255
Optimizing strawberry yields with **drip** *irrigation* and plastic mulch. 104256
To drip or not to **drip** *[Irrigation].* 104277
Cultural practices for **drip** *irrigation* for Kauai [Sugarcane]. 104392
How **drip** *irrigation* affects [sugarcane] cultural practices at Oahu Sugar Company. 104394
The effect of **drip** *irrigation* on [sugarcane] cultural practices and equipment on Maui. 104395
More intensification of crop production implies growing demands on amelioration personnel *[Irrigation,* **East** Germany]. 104284
Application of fertilizers on cereals under *irrigation* in **eastern** Kazakhstan. 104056
Subsurface [drip] *irrigation*—**engineering** research. 103391
Soil nitrate loss during *irrigation:* **enhancement** by plant roots. 103665
Complex application of the Fregat circular sprinkler in 1975 *[Irrigation* **equipment,** East Germany]. 103429
Irrigation and *irrigation* **equipment.** 103437
Lime-induced chlorosis caused by **excess** *irrigation* water [Soybeans]. 101880
Experiences and results in the conduction of socialist competition for the effective use of **extensive** *irrigations* systems [Cost reduction, East Germany]. 094396
Crop and economic results of **extensive** *irrigation* in 1974 and conclusions for an effective use of irrigation in 1976 [Field crop yields, East Germany]. 104279
Yield and quality of green peas in the conditions of *irrigated* **farming** in Moldavia. 104259
Irrigation and **fertilizer** needs of wheat in clay loam soil of Tarai tract of Uttar Pradesh. 103998
Effect of *irrigation* and **fertilizers** on the quality of grapes and wine in the conditions of the south of the Odessa Region. 104425
Economic effectiveness of *irrigating* and **fertilizing** wheat, maize and sugarbeets. 104327
Crop and economic results of extensive irrigation in 1974 and conclusions for an effective use of *irrigation* in 1976 **[Field** crop yields, East Germany]. 104279
Managing the process of yield formation in an *irrigated* **field.** 104308
Irrigation of **field** crops. 104350
Experience of obtaining a yield of winter wheat according to a preset program on *irrigated* **fields** in the area between Volga and Don in the Volgagrad Region. 100796
Experience of using a method of optimal programming of maize yield on *irrigated* **fields** in the area between Volga and Don in the Volgograd Region. 100797
Experience of obtaining a yield of winter wheat according to a preset program on *irrigated* **fields** in the Gorodovik District of the Kalmyk Autonomous Soviet Socialist Republic. 104306
Effect of delay in **first** *irrigation,* methods of N [nitrogen] application and Cycocel in wheat on mixed Black soils. 100836
Developmental trends of *irrigation* in the seventh **five-year** plan of Bulgaria. 094719
Skip **furrow** *irrigation* for cotton. 104317
Increasing importance of *irrigation* for the **further** intensification of crop production in the German Democratic Republic and its resulting tasks for the mechanization of soil improvement works. 104328
Water management—with particular reference to obtaining water for *irrigation* of the **garden.** 104418
Effect of P [phosphorus], spacing and *irrigation* on the **grain** yield of mung [beans] after rice bean. 100842
Effect of timings and frequencies of *irrigation* on the **grain** yield of aestivum and durum wheats. 104322
A bioeconomic simulation analysis of regulating **groundwater** *irrigation* [Tax, income]. 104252
The contribution of agriculture to further increasing the effectiveness of amelioration measures *[Irrigation,* **groundwater** regulation, drainage, East Germany]. 104287
Foundations for the development of an optimal forecasting program of growing alfalfa for **hay** under *irrigation.* 100799
Studies on the *irrigation* for **herbage** grass. III. On the efficiency of water use by Sawa millet [Panicum crusgalli]. 104397
Effectiveness of *irrigating* **high-stemmed** vineyards in the Odessa Region along the Danube River. 104427
Cattleshed washing for manure and *irrigation* [in **India].** 103965
Experience of forecasting yields in the conditions of the **Ingulets** *irrigation* system. 104305
Heterosis in onions grown in the conditions of **intensive** *irrigation* in the Lower Volga Region. 099084
Irrigation and **irrigation** equipment. 103437
Trickle [or drip] *irrigation*—is it for you? 104273
A quantitative assessment of padi foliar diseases in the Tanjong **Karang** *irrigation* scheme, Selangor. 101952
Application of fertilizers in sugarbeets under *irrigation* in **Kirgizia.** 104052
Sunflower sowing period in *irrigated* **land** [Yields]. 100758
Effect of the collector-drainage network on the removal of nitrate nitrogen from *irrigated* **lands** in the Khorezm Region. 104409
Critical stages of *irrigation* for **lentil** under late sown upland conditions. 104321
Localized *irrigation,* towards a future way? [Equipment]. 103430
Effect of inorganic fertilizers and herbicides on the productivity of **maize** under *irrigation.* 100729
Programming yields of *irrigated* **maize** in Moldavia (relization and study on the electron model). 104311
Irrigation **management** services [Program of Bureau of Reclamation in cooperation with Agricultural Research Service]. 104388
Programming yields in *irrigated* **meadow** management. 104310
Degree of frost injuries and the character of the restoration of the root system of grapevine bushes in various **methods** of *irrigation.* 102059
Effect of *irrigation* **methods** with various interrow spacing on the yield of cotton. 104408
Effect of different methods of *irrigation* on the **moisture** condition of soil and the productivity of young vineyards. 104424
What's new in **orchard** *irrigation.* 104257
Contribution to the appropriate organization of *irrigation* with **partially** mobile sprinklers [East Germany]. 094229
Cow-calf beef production on *irrigated* **pasture** and in drylot at Carrington [Irrigation Branch Station, grazing]. 096739
An *irrigated* **pasture** system based on annual ryegrass sowings. 100950
Study on **pear** *irrigation* during the fruit-bearing period. 104290

Experiences in the organization of a rational use of irrigation in 1975 in the Dambeck Cooperative Plant Production Section and conclusions for the 1976 *irrigation* **period.** 104282
Center **pivot** *irrigation.* 103918
Intoxications of forages in the Irno valley and new relations between idioblast [cell] function and tumors [**Polluted** *irrigation* water toxicity]. 101828
Irrigation, a **prerequisite** for obtaining high cereal yields on light soils. 104283
Experiences and tasks for effective use of amelioration facilities for rising and stable yields in 1976 crop **production** *[Irrigations].* 104281
Effect of leaf shape on response of cotton to plant population, N [nitrogen] **rate,** and *irrigation.* 100705
Effect of the *irrigation* **regime** and fertilizers on the yield of cotton on cultivated meadow soils in the Fergana Valley. 104348
Irrigation **regime** of cotton in the Kara-Kalpak Autonomous Soviet Socialist Republic. 104410
Irrigation **regime** of fine fibered cotton of the 5904-I variety on newly developed lands in the Sherabad Steppe. 104411
Influence of the *irrigation* **regimen** in lucerne on the volume of yield and on the water economy. 104362
Water costs and competitive uses for water in Louisiana [**Rice** *irrigation,* residential use]. 094416
The different behaviour of rainfed rice and *irrigated* **rice** under water stress conditions. 1. Study of the factors of adaptation to drought. 100079
Biological control of insects on the Ord [**River** *Irrigation* Area]. I. Production of Sitotroga cerealella for mass rearing of Trichogramma wasps. 102961
Optimization of the structure of agrophytoecocoenoses and ways of growing farm crops in a **rotation** [under *irrigation].* 100800
Effect of *irrigation* and **row** spacing on summer moong [Mung beans]. 101186
Comparison of *irrigation* **schedules** based on pan evaporation and growth stages in winter wheat. 104251
Study on the suitability of soybean varieties for growing under *irrigation* as a **second** crop. 100806
Tension development in skinned glycerinated rabbit psoas fiber **segments** *irrigated* with soluble myosin fragments. 096253
Prognosis on the effect of *irrigation* on **soil** properties. 103769
Experiences in attaining programmed yields on *irrigated* **soils** [Field crops]. 100873
The contents of some mineral elements in hay of lucerne (Medicago X varia Martyn) cultivated on rendzina soil in conditions of **spray** *irrigation* and differentiated phosphorus. 100057
Seed coating, precision planting, and **sprinkler** *irrigation* for optimum stand establishment [Lettuce, onion, carrots, sugarbeets]. 101023
Evaluating water distributions of **sprinkler** *irrigation* systems. 103597
Compatibility of windbreaks and pivot *[irrigation]* **sprinklers.** 097906
Calculation theory of irrigation-drainage system parameters with **subsoil** *irrigation* (sluices). 104272
Experts cling to water myths *[Irrigation,* **Sudan].** 104358
Late **summer** *irrigation* and establishment of winter annual [forage] legumes in a Mediterranean-type climate. 100706
Calculation theory of *irrigation-drainage* **system** parameters with subsoil irrigation (sluices). 104272
Effective use of all *irrigations* **systems** in the Bitterfeld District. 104280
New trends in *irrigation* **systems.** 104353
Some problems of the level of water provision and the effectiveness of *irrigation* of **tea** plantations in Imeretia. 104406
Field accumulation of aflatoxin [by Aspergillus flavus] in cottonseed as influenced by *irrigation* **termination** dates andpink bollworm [Pectinophora gossypiella] infestation. 104258
High-frequency **trickle** *irrigation* and row spacing effects on yield and quality of potatoes. 101022
Drip *[irrigation]* **up-date** [Sugarcane]. 104393
Irrigation **usage** in Alabama. 104300
Economic analysis of N [nitrogen] fertilization of maize germplasms in Kulu **Valley.** I. *Irrigated.* 103967
The effect of increased application of nitrogen fertilizer and *irrigation* on **varieties** of grass, 1968-1971. 104149
Assurance of **vegetable** *irrigation,* an important contribution to fulfilling the main task. 104278
Allowances of capital investments for the establishment of *irrigated* **vineyards.** 094456
Effect of different levels of fertilizers on the yield of *irrigated* **vineyards.** 104161
Irrigation of **vineyards** in the conditions of the Lower Dniester region. 104428
Irrigation of **vineyards** on sandy and loamy-sandy soils in the south of the Ukraine. 104429
Economic efficiency of **washing** *irrigations* in the conditions of the Khorezm Region [Soil salinization, control]. 104407
Study of the technology of **washing** *irrigations* in the conditions of the Khorezm Region [Soil salinization control]. 104414
Flourine and *irrigation* **water** [Plant nutrition]. 099966
Salt tolerance of cotton and potential use of saline **water** for *irrigation.* 100168
Effect of saline **water** *irrigation* on chemical composition of 'Karchia' wheat in farmers fields. 100210
Quality of *irrigation* **water** of Chhata Tehsil (Mathura), Uttar Pradesh. 104247
Sodium hazard of stream waters in Tungabhadra River Valley Project (left bank) area *[Irrigation* **water** quality]. 104357
Hydrometeorological research during the decade 1964-1974 [Flood control, hydroelectric power, *irrigation,* **water** resources]. 104370
Utilization of *irrigation* **water** and groundwater by cotton crops with various depth of mineralized groundwater. 104416
Effect of various levels of fertilizers on the photosynthetic activity, yield and quality of the grain of tall- and short-stem cultivars of spring **wheat** under *irrigation.* 100193
Studies on scheduling of *irrigations* to **wheat** based on critical stages and climatic approach. 104326
Results from, and recommendations for, the *irrigation* of **winter** wheat varieties on a Black Clayey soil in the Thuringian Basin. 104285
Effect of timing and methods of *irrigation* on the **yield** and quality of grapes. 104422

ISOCITRATES

Affinity chromatography of NADP [nicotinamide adenine dinucleotide **phosphate]-specific** *isocitrate* dehydrogenase from the pupa of Bombyx mori. 103206

ISOELECTROFOCUSING *see* ELECTROFOCUSING

ISOENZYMES

Isoenzymes of **alkaline** phosphatase: reference values in young people and effects of protein diet. 095059
Effects of ethylene and 2,4-D [dichlorophenoxyacetic acid] on the activity of **cellulase** *isoenzymes* in abscission zones of the developing orange fruit. 100529
Intracellular localization, *isoenzyme* **composition,** and activity of apple o-diphenol oxidase. 095876
Activity and the *isoenzymatic* **composition** of peroxidase in the ontogenesis of irradiated maize plants of different radiosensitivity. 099285
Localisation of *peroxidase-isoenzyme* **group** G1 in the cell wall of tobacco tissues. 100289
Alkaline **phosphatase** *isoenzymes* in the dog. 096273

ISOFLAVONES

The occurrence of an isoflavene and the **corresponding** *isoflavone* in licorice root [Glycyrrhiza glabra]. 099672

ISOGENIC

Morphogenic effect of some dihydropyridines on the *isogenic* **line** 53-53-53 of Drosophila melanogaster. 102954
Isogenic **lines** of tomato except for some disease resistance genes. 099361
Differentiatin of populations of wheat brown rust in the USSR with the aid of a series of *isogenic* **lines** on the basis of the variety Thatcher. 101459

ISOMERS

Isomer of **antiaggregative** pheromone identified from male Douglas-fir beetle [Dendroctonus pseudotsugae]: 3-methylcyclohex-3-en-1-one [Pseudotsuga menziesii pests]. 103005
Characterization of **charge** *isomers* of yeast [Saccharomyces cerevisiae] phosphoglycerate kinase. Evidence for intracellular differences. 099462
Toxicological assessment of **hexachlorobiphenyl** *isomers* and 2,3,7,8-tetrachlorodibenzofuran in chicks. I. Relationship of chemical parameters. 097864
Toxicological assessment of **hexachlorobiphenyl** *isomers* and 2,3,7,8-tetrachlorodibenzofuran in chicks. II. Effects on drug metabolism and porphyrin accumulation. 097865

ISOMETRY

Isometric and **isotonic** length-tension relations and variations in cell length in longitudinal smooth muscle from rabbit urinary bladder. 096159
Isometric, **viruslike** particles in the green peach aphid, Myzus persicae. Their intracellular localization and distribution within the aphid body [Vectors of plant viruses]. 102436

ISOPENTYL

Induction of furano-terpene production and formation of the enzyme system from mevalonate to *isopentenyl* **pyrophosphate** in sweetpotato root tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572

ISOPODA

Porcellio spinicornis Say *(Isopoda)* **demography.** II. A comparison between field and laboratory data. 102873

ISOPODS

Feeding, energy flow and soil turnover in the **desert** *isopod,* Hemilepistus reaumuri. 103059
Terrestrial *isopods* from West Africa. 1. Family, Eubelidae, Budde-Lund, 1899 [New taxa]. 103193

ISOPRENOID

Isoprenoid **quinones** and tocopherols in bulbs and leaves of Iris hollandica; occurrence of a new quinone. 100401

ISOPROPYL

Residues of **atrazine** *(2-chloro-4-ethylamino-6-isopropylamino-s-triazine)* and its metabolites in chicken tissues [Pesticide residues in poultry and eggs]. 102714

ISOSPORA

Prevalence of coccidia [Eimeria, *Isospora]* in **domestic** mink in Wisconsin. 097417
Some problems of host and parasite interactions in the coccidia **[Eimeria,** *Isospora].* 097421

ISOTHERM

Activation energy and germination times for *isothermal* **seed** germination. 099843
Sorption *isotherms* for predicting potassium requirements of some Iowa soils. 103930

ISOTOPES

Fate of 2,2'-dichlorobiphenyl-14C [**carbon** *isotope,* degradation products] in carrots, sugarbeets, and soil under outdoorconditions. 094868
Determination of 14C [**carbon** *isotope]* content in fermentation alcohols. 095418
Metabolism of [4-14C] [**carbon** *isotope]* estrone by sheep erythrocytes around the time of parturition. 096284
Role of 1,5-14C [**carbon** *isotope]-cadaverine* in the biosynthesis of alkaloids in Anabasis aphylla. 099508
N.M.R. [Nuclear magnetic resonance] with stable isotopes in biosynthetic studies [**carbon-13** *isotope].* 099561
Interpretations of the 14 C [**carbon** *isotope]* method of measuring the total annual production of phytoplankton in a South Carolina estuary. 099575
Rate of transfer of C14 [**carbon** *isotope]* from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of malate and aspartate and disposal of the chloroplasts in C [carbon]-4 plants. 099996
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C [**carbon** *isotope]* in biomass of Chlamydomonas 137c strain. 100035
Distribution of 14C [**carbon** *isotope]* assimilates in the cowpea (Vigna unguiculata L.) in relation to fruit abscission and treatment with benzyladenine. 100091
Studies on the distribution of 14C [**carbon** *isotope]-malformin* A [a potent plant growth regulator produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543
DDT: the degradation of ring-labeled 14C [**carbon** *isotope]-DDT* to 14CO2 [carbon dioxide isotope] in the rat. 102687
Vertical distribution of Sr90 [strontium isotope] and Cs137 [**cesium** *isotope]* in bottom deposits of lakes and rivers. 104639
Evaluation of the after-effect of gamma irradiation **(Co-60)[cobalt** *isotope]* on vegetative and generative development in soybean. 099415
Influx intensity of phosphorus 32 *[isotope]* in **cotton** plants and its outflow into reproductive organs after the desiccation by magnesium chlorate. 100228
A method using aminoacylation of transfer ribonucleic acid (tRNA) from wheat embryo and *isotope* **dilution** for screening of genotypes with improved protein content and quality. 099307
New method of determining assimilable soil phosphorus in plants: extrapolation of kinetics of *isotopic* **dilution.** 099614
59Fe [iron] *isotope* **dilution** methods to determine labile Fe in soil and Fe uptake from fertilizer sources. 103934
14CO2 [carbon **dioxide** *isotope]* uptake and photosynthetic products of bean leaves after 0.5 or 10 hours pretreatment of plants with 100% O2 [oxygen] in light. 100618
DDT: the degradation of ring-labeled 14C [carbon isotope]-DDT to 14CO2 [carbon **dioxide** *isotope]* in the rat. 102687
Accumulation and biological action of strontium-90 *[isotope]* in the **early** phases of development of Pinus sylvestris L. [Radioactive contamination]. 104642
Use of *isotopes* to **explore** the physiology and biochemistry of photorespiration and its effects on crop yields [Wheat, maize]. 100207
Migration of stontium-90 and cesium-137 *[isotopes]* in **forest** soils [Radioactive contamination]. 104649
Isotope **geochemistry** of carbonate dissolution and reprecipitation in soils. 103824
Ulltrastructural autoradiographic study of the intracellular fixation of 3H **[hydrogen** *isotope]-acrolein* [in a unicellular alga, Dunaliella bioculata]. 099715
The preparation of 2,3 (3H)-GA29 **[hydrogen** *isotope,* gibberellic acid] and its metabolism by etiolated seedlings and germinating seeds of dwarf Pisum sativum (Meteor) [Peas]. 100492
Endogenous gibberellins of pine pollen. III. Conversion of 1,2-[3H]GA4 **[hydrogen** *isotope,* gibberellic acid] to gibberellins A1 and A34 in germinating pollen of Pinus attenuata Lemm. 100672
Uptake, distribution and metabolic fate of 3H **[hydrogen** *isotope]-triforine* in plants. I. Short-term experiments [Bean, tomato and barley seedlings]. 101516
Uptake, distribution and metabolic fate of 3H- **[hydrogen** *isotope]-triforine* in plants. II. Long-term experiments [Tomato and barley seedlings]. 101517
Degradation and secretion of anthelminthic 131I **[iodine** *isotope]-rafoxanide* in cattle and sheep. 097235

Ability of an iron-efficient and an iron-inefficient corn inbred to take up 59Fe and FeSO4 [**iron** *isotope*, ferric sulfate] added to Yolo loam soil. 100148
Experimental study of the accumulation of cesium-137 *[isotope]* by **lichens** from aqueous solutions (Cladonia rangiferina (L.) Web. as an example [Radioactive contamination]. 104648
28Mg [**magnesium** *isotope]* kinetics in ewes fed normal or tetany prone grass. 096672
Application of *spectral-isotopic* **methods** to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Effect of gamma-irradiation of cobalt-60 *[isotope]* on the **mitotic** activity and size of cells in the seedlings of Scotchpine (Pinus sylvestris L.). 100686
Application of 15N [**nitrogen** *isotope]* pulsed fourier transform nuclear magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Non-uniformity of 15N [**nitrogen** *isotope]* labelling in plantmaterial. 099675
15N [**nitrogen** *isotopes]* absorption and translocation by Satsuma mandarin orange trees. III. Behaviour of nitrogen supplied in early spring. 100397
15N [**nitrogen** *isotope]* absorption and translocation by Satsuma mandarin orange trees. IV. Behaviour of nitrogen supplied in early summer. 100398
Field experiment with 15N [**nitrogen** *isotope]* on the efficiency of fertilizer utilization by wheat. II. Rate and time of application. 103995
The effects of changes in thyroid function on testis 32P [**phosphorus** *isotope]* uptake and the response to gonadotropin inthe chick. 096366
Absorption of P32 [**phosphorus** *isotope]-labelled* tobacco mosaic virus by isolated tobacco protoplasts and deproteinization of the virus in them. 101798
Dispersal and mating in the field by male pink bollworm, Pectinophora gossypiella [cotton pest] labeled with 32P [**phosphorus** *isotope].* 102300
Labelling of adult European cherry fruit flies (Rhagoletis cerasi L.) by **phosphorus** 32 *[isotope].* 102412
Effect of the water-soluble substance from forest litter on the absorption of **radioactive** *isotopes* in soil [Contamination]. 104647
Absorption and translocation of 86Rb [**rubidium** *isotope]* in relation with leaf senescence [Tobacco]. 100140
Biological action of strontium-90 *[isotope]* on the **seedlings** of pine (Pinus sylvestris L.) in relation to vertical distribution of radionuclide in soil [Radiation injuries]. 104643
Desorption iron-59, cobalt-60, and strontium-90 *[isotopes]* from **soil** by plant extracts in the conditions of dynamic experiments [Radioactive contamination]. 104644
N.M.R. [Nuclear magnetic resonance] with **stable** *isotopes* in biosynthetic studies [carbon-13 isotope]. 099561
Migration of Sr90 [**strontium** *isotope]* in soil-plant cover of subarctic tundra. 098855
Vertical distribution of Sr90 [**strontium** *isotope]* and Cs137 [cesium isotope] in bottom deposits of lakes and rivers. 104639
A rough determination of sulphate reduction intensity compared with cystein-35S [**sulfur** *isotopes]* incorporation in leaves of soybean, peas and sunflower and in a mushroom mycelium culture. 100007
Effect of soil moisture content on the performance of strontium-90, cesium-137, and cerium-144 *[isotopes]* in the **system** soil—solution [Radioactive contamination]. 104645
Effect of soil moisture on the performance of strontium-90, cesium-137, and cerium-144 *[isotopes]* in the **system** soil-plant [Radioactive contamination]. 104646
The role of organic matter and soil moisture in the process of cesium-137 and cerium-144 *[isotopes]* **transfer** from soil into a solution [Radioactive contamination]. 104650

ISOZYMES

Amylase *isozymes* in the mosquito, Culex tritaeniorhynchus. 102859
Erythrocyte 6-phosphogluconate **dehydrogenase** *isozymes* in the Japanese quail (Coturnix coturnix japonica). 096533
Isozymes of **glutamate** dehydrogenase from oat leaves: properties and light effect on synthesis. 100273
Organelle-specific *isozymes* of aspartate-alpha-ketoglutarate transaminase in spinach leaves. 100547

IVY

Changes in the amount of complex lipids in the seeds and in the pericarp during the development of *ivy* **fruit** (Hedera helix). 100525

IXODES

The influence of various factors on fluid secretion by in vitro salivary glands of ixodid tick [Dermacentor andersoni, Ixodes ricinus, *Ixodes* **hexagonus,** Dermacentor reticulatus]. 102983
Isolation of a spotted fever group rickettsia from the Pacific coast tick, *Ixodes* **pacificus,** in Oregon. 102548
The role of hosts and environmental factors in the natural dissemination of ticks: studies on a Swiss population of *Ixodes* **ricinus** (Linne, 1758). 102570
The seasonal incidence of exodid ticks [Insect vectors of protozoan diseases of cattle, piroplasms. *Ixodes* **ricinus,** Haemaphysalis punctata]. 102613
The influence of various factors on fluid secretion by in vitro salivary glands of ixodid tick [Dermacentor andersoni, *Ixodes* **ricinus,** Ixodes hexagonus, Dermacentor reticulatus]. 102983
Viral isolates from *ixodid* **ticks** of wild animals in Kenya. 102571

IXODIDAE

Differential variation of parthenogenetic and bisexual Haemaphysalis longicornis **(Acari:** *Ixodidae).* 102593
Changes in lymphatic fluid draining an area of inflammation induced by feeding Rhipicephalus sanguineus (Acarina: *Ixodidae)* on the **dog.** 102580
New distribution record for Dermacentor hunteri Bishopp (Acari: *Ixodidae)* [in **Mexico].** 102586
Seasonal and regional abundance of **ticks** *(Ixodidae)* on hares (Leporidae) in Kenya. 102588

IXODOIDEA

The subgenus **Persicargas** *(Ixodoidea:* Argasidae: Argas). 25. Effect of temperature on diapause termination in female Argas (Persicargas) arboreus Kaiser, Hoogstraal and Kohls. 102922
Keterah virus infections in four species of Argas **ticks** *(Ixodoidea:* Argasidae). 102583

JACKETS

The **"strait** *jacket"* [malformation] syndrome in the chick. I. A morphological analysis. 096364

JANUS

Morphogenesis of the chick embryo foot as studied by *Janus* **green** B-induced malformations. 096448

JAW

Proposal and description of ATCC [American Type Culture Collection] 13683 and ATCC 12102 as neotype strains of Actinomyces bovis Harz 1877 [from *jaw* **sarcoma** of cattle] and Actinomyces israelii (Kruse) Lachner-Sandoval 1898 respectively. 097385

JEJUNUM

Simultaneous recording of circular and longitudinal muscle contractions of the **canine** *jejunum.* 096502
Insulin and *jejunal* **electrical** activity in dogs and sheep. 096182
The association between acidification and electrogenic events in the rat **proximal** *jejunum.* 096467

JELLY

Royal *jelly* for grafting of [honeybee] larvae. 103258

JOHNSONGRASS

Effect of different ways of treatment with dalapon on the nitrogen and nucleic metabolism in the leaves of cotton and *Johnsongrass* [**Sorghum** halepense]. 102195

JOWAR *see* DURRA

JUGLANS

Weed control in black walnut *[Juglans* **nigra]** plantations. 102208
Variability of the English walnut *[Juglans* **regia]** in the progeny of the parent tree. 099434
Cacopaurus pestis Thorne, 1943 (Nematoda: Criconematoidea) in Spain. [Nematode of *Juglans* **regia].** 101959
Longidoroidea (Thorne, 1935) n. Rank. (Nematoda: Dorylaimina) with the description of Xiphinema neoamericanus n. sp. from India and proposal of a new name for Xiphinema americanum sensu Carvalho (1956) non Cobb, 1913 [collected from soil around roots of *Juglans* **regia].** 101971
Mycoplasmalike organism found in the phloem of bunch-diseased **walnuts** *[Juglans].* 101750
Mosaic disease of **walnuts** *[Juglans].* 101751

JUICES

Corrosion of tinplate by **citrus** *juices.* 095924
Determination of the fruit content in milk drinks made of cultured and butter milks with added **fruit** *juices.* 095620
Contribution to determination of invert sugar in technical **sugar** *juices.* 1. New photometric method with 4-amino-3-hydrazino-5-mercapto-1,2,4-triazol as colour reagent. 095847
Reaction partners in the carbonyl-amino reaction in technical **sugar** *juices.* 095851
Enzymic colour formation in beet [sugarbeets] and cane **[sugarcane]** *juices.* 095806

JUJUBE

A witches'-broom [mycoplasma] disease of *jujube* from **India** [Graft-transmissible diseases]. 101783

JUNCACEAE

Cytological observations on some West Himalayan monocots. IV. Several families [Amaryllidaceae, Iridaceae, Hypoxidaceae, Dioscoreaceae, *Juncaceae,* **Commelinaceae,** Eriocaulaceae and Zingiberaceae]. 098958

JUNIPERS

Sierra *junipers* [Juniperus occidentalis]. 098672

JUNIPERUS

Range extension of three conifers [Pinus aristata, Pinus flexilis, *Juniperus* **occidentalis]** and a dwarf mistletoe in the Panamint Moutains, Death Valley National Monument. 098651
Sierra junipers *[Juniperus* **occidentalis].** 098672
The structure of isocedrolic acid isolated from *Juniperus* **squamata** Lamb. 100633

JURASSIC

Additions to the *Jurassic* **flora** of Dhokuti in the Rajmahal Hills, India. 098482
Sogdianopsis admirabilis, a possible representative of the flowering plants from the **Middle** *Jurassic* deposits of Gissar Range. 098733

JUTE

Corchorus **acutangulus:** a new plant infested by cotton grey weevil Myllocerus undecimpustulatus maculosus Desb. [Weed control, natural]. 102266
First report of a tetraploid species of *Corchorus* from **Africa.** 099152
Acrocercops sp. On Urena lobata L. **(Congo** *jute).* 102364
Fine structure and mechanical properties of *jute* **differently** dried after retting. 095819
Performance of different varieties of *jute* under **north** Bihar conditions. 100853
Response of **Olitorius** *jute* to nitrogen and spacings. 104015
Effect of dates of planting and row spacings on the seed yield of *jute* **varieties.** 100833

JUVENILE

Effect of altozar, a *juvenile-hormone* **analogue,** on Coccinella septempunctata Linnaeus [Predator of Lipaphis erysimi, biological control]. 102390
Discovery of insect **anti**—*juvenile* hormones in plants. 102267
The role of *juvenile* **hormone** in larval duration and spermiogenesis in relation to phase variation in the tobacco cutworm, Spodoptera litura (Lepidoptera: Noctuidae). 102285
Juvenile **hormone** activity of ethyl 7,11, dichloro farnesoate on Dysdercus cingulatus F. [Cotton]. 102345
Age-related susceptibility of Tribolium castaneum (Herbst) to synthetic C18 *juvenile* **hormone.** 102534
Synthesis of bioactive compounds. A structure-activity study of aryl terpenes as *juvenile* **hormone** mimics [Oulema melanopus, oviposition]. 102960
Juvenile **hormone** regulation of cyclic AMP [adenosine monophosphate] and cAMP phosphodiesterase activity in Oncopeltus fasciatus. 103006
A novel method for the quantitative extraction of *juvenile* **hormones** from insects including the silverfish, Thermobia domestica. 102990
A comparison of apple and pear seedlings with reference to the *juvenile* **period** II. Mode of inheritance. 099164
A comparison of apple and pear seedlings with reference to the *juvenile* **period.** I. Seedling growth and yield. 100407
Activity of insect growth **regulators** *(juvenile* hormone analogues) against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera: Noctuidae) [Integrated control programmes]. 102375
Sensitivity to insect growth **regulators** *(juvenile* hormone analogues) in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Effect of bleached kraft mill effluent on the survival of **starved** *juvenile* coho salmon (Oncorhynchus kisutch). 104535

KAEMPFEROL

Kaempferol **3-rhamnosylxyloside** from Euonymus alatus. 099910

KALANCHOE

The leaves fall of *Kalanchoe* **pinnata** Pers. 099588

KALE

Anatomical characteristics of the epidermis in some cultivars of Brassica oleracea L. Distribution and structure of stomata in the cotyledons [Brussels sprouts, **kohlrabi,** *kale].* 098889
Pollen-wall proteins: quantitative cytochemistry of the origins of intine and exine enzymes in Brassica oleracea [acephala, **marrow-stem** *kale].* 100488
Estimation of S-methylcysteine **sulphoxide** *(kale* anaemia factor) and its distribution among Brassica forage and root crops. 096017

KALOTERMES

New research on ultrastructure and biology of some symbiotic flagellates of termites *[Kalotermes* **flavicollis** host of Microrhopalodina inflata]. 102816

KAOLINITE

Role of water in the hydrolysis of parathion and methylparathion **[insecticide]** on *kaolinite.* 102715

KARYOLOGY

Quantitative *karyology* of some species of Luzula. 098676

KARYOMORPHOLOGICAL

Karyomorphological **studies** on some cherry trees in Japan. 099005

KARYOTYPES
Cytotaxonomy of Malvaceae. I. Chromosome number and *karyotype* **analysis** of Hibiscus, Azanza and Urena. 098962
The *karyotype* of the **Australian** swamp buffalo (Bubalus bubalis) [Chromosomes]. 096288
Karyotype **differences** in the crenaticeps-group of Atractomorpha (Orthoptera, Acridoidea, Pyrgomorphidae). 102891
A new translocation in barley resulting in a cytologically **market** *karyotype* [Chromosomal mutations]. 099348
Cyto-embryological studies in a garden Aloe (a hybrid between Aloe abyssinica Lam. and Aloe ferox Mill.?). II. *Karyotype* and **mitotic** anomalies [Chromosomes]. 098953
Effect of 2, 4, 5-trichlorophenoxyacetic acid on the *karyotype* of the **sheep.** 096219
Karyotypes of **three** species of Lepidoptera including an investigation of B-chromosomes in Pieris [Pieris napi, Pieris rapae]. 102901
Karyotypes of **two** species of the genus Goebelia (Schrenk) Bunge. 098540
The *karyotypes* of **two** species [Milvus migrans and Accipiter badius] of Falconiformes. 098970

KENAF
Effect of presowing irradiation of the seeds of *kenaf* on its **growth,** development and productivity. 100326
Inheritance of morphology characters of *kenaf* **hybrids** depending on the choosing of pairs. 099447
Breeding for high fibre yield in **Mesta** *[Kenaf].* 099316
Components of error in field experiments with cotton, groundnuts, *kenaf* and **sesame** in the central Sudan rainlands. I. Field and atatistical methods; increasing percision by replication and its cost. 100771
Components of error in field experiments with cotton, groundnuts, *kenaf* and **sesame** in the central Sudan rainlands. II. variation in plant measurements through the season and a discussion of surface drainage as a source of variation. 104274

KENNELS
Relationship of the **Danish** *Kennel* Club to practicing veterinarians. 097147

KERATOCONJUNCTIVITIS
Bacteriologic and vaccination studies in a field epizootic of infectious **bovine** *keratoconjunctivitis* in calves. 097221

KERNELS
The presence of Fusarium moniliforme Sheld. Within maize (Zea mays L.) *kernels* as a **phytopathological** and mycotoxicological problem in Italy. I. 101538
Conditions affecting production of a protein isolate from lupin **seed** *kernels.* 095824
Modified milling procedure for separating endosperm and nonendosperm portions of the **wheat** *kernel* for protein and lysine analysis. 095758

KETOGLUTARATE
Differential properties of two molecular forms of *4-aminobutyrate-2-ketoglutarate* **transaminase** (GABAT) from pig brain. 096341
Organelle-specific isozymes of *aspartate-alpha-ketoglutarate* **transaminase** in spinach leaves. 100547

KETONES
Plasma lipids, *ketone* **bodies,** and glucose concentrations in calves fed high- and low-fat milk replacers. 096709
Extractive components from the nutmeg of Myrisitica simarumA. DC: the structure of *lignan-ketone:* **otobanone.** 099709

KETOSIS
Ketosis in **high-yielding** dairy cows. 097723
Observations on the incidence of *Ketosis* and **puerperal** neurosis in cattle, related to feeding corn (forage or silage) [Metabolic diseases]. 097715

KETTLES
Don't let your **fry** *kettles* idle. 095326

KIDNEYS
Results from *kidney* **bean** breeding at the Agricltural Research Institute Obraztsov Chiflik in Ruse after 1965. 099304
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point *[kidney]* **bean** embryo respiration [Maize, wheat, sugarbeet]. 099947
Acetylcholine and synthesis of ethylene in etiolated *[kidney]* **bean** tissues. 100522
Effect of lincocin treatment on the greening process in *[kidney]* **bean** (Phaseolus vulgaris) leaves. 100527
Study of the action and iteraction of *kidney* **bean** fertilization and irrigation under the conditions of the Agricltural Research Institute Obrastsov Chiflik in Ruse. 100805
Rationalizing the system of soil cultivation in *kidney* **bean** growing. 104193
Meristem culture in Phaseolus vulgaris *[Kidney* **beans].** 098886
Induced polyploidy in legumes. III. Phaseolus vulgaris L. *[Kidney* **beans,** varieties, meiotic chromosomes]. 098965
Interspecific hybridization between Phaseolus vulgaris and Phaseolus coccineus *[Kidney* **beans,** scarlet runner beans]. 099071
Enzymic nature of the protein moiety of protochlorophyllide holochrome [Barley, *kidney* **beans].** 099945
Amino acid patterns of *kidney* **beans** grown under different S[sulfur] and K [potassium] regimes. 100345
The influence of chlorocholine chloride (CCC) on the growth and leaf pigment content of Phaseolus vulgaris L. *[Kidney* **beans,** mustard] and Sinapis alba L. 100364
Aminoacylation of Phaseolus vulgaris *[kidney* **beans]** cytoplasmic, chloroplastic and mitochondrial tRNAsPro and tRNAsLys by homologous and heterologous enzymes. 100368
The I-D fluorescence transient: An indicator of rapid energy distribution changes in photosynthesis *[Kidney* **beans].** 100378
The distribution of the protein phaseolin in the intact plant and cultured tissues of Phaseolus vulgaris L. *[Kidney* **beans].** 100516
Studies on the distribution of 14C [carbon isotope]-malformin A [a potent plant growth regulator produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. *[Kidney* **beans].** 100543
Experiments on root formation. The effects of IAA [indoleacetic acid] and kinetin on the anatomy of the petiole of Phaseolus vulgaris *[Kidney* **beans].** 100557
Comparative biochemical studies on populations inbreds and lines of Phaseolus vulgaris *[kidney* **beans].** Activity and multiple molecular forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Comparative biochemical studies on populations, inbreds and lines of Phaseolus vulgaris *[kidney* **beans].** 2. Multiple molecular forms of acid phosphatase and esterase. 100562
Plantlet morphogenesis and the control of callus growth and root induction of Phaseolus vulgaris *[kidney* **beans]** with the addition of a bean seed extract. 100617
Inheritance of resistance to angular leaf spot [Isariopsis griseola] in Phaseolus vulgaris L *[Kidney* **beans].** 101322
Potential sources of resistance to halo blight [Pseudomonasphaseolicola] of *[kidney]* **beans.** 101675
Virulence of hungarian and standard strains of Pseudomonas phaseolicola on *[kidney]* **beans** (Phaseolus vulgaris L.). 101676
Calcium nutrition in Phaseolus vulgaris *[kidney* **beans]** in relation to its resistance to Erwinia carotovora. 101698
Induced mutation in *[kidney]* **beans** (Phaseolus vulgaris) to obtain varieties resistant to golden mosaic virus. 2. 101722
High levels of four heavy metals on the iron status of plants *[Kidney* **beans,** toxicity]. 101877
Iron chlorosis caused by MgCO3 [Magnesium carbonate, soybeans, *kidney* **beans].** 101878
Fertilization of *kidney* **beans** with micro- and macronutrient fertilizers. 103963
Use of immunofluorescence to elucidate microepidemiology and to carry out microplaque titration of virus of infectious bovine rhinotracheitis on primary **calf** *kidney* cells. 097239
The effects of cyclic AMP [adenosine monophosphate], hormones and ions on the conversion of 25-hydroxycholecalciferol (25-HCC) to 1,25-dihydroxycholecalciferol (1,25-DHCC) in isolated **chick** *kidney* tubules. 096388
Effect of guanyl nucleotides on parathyroid hormone-responsive adenylate cyclase in **chick** *kidney.* 096452
Microneutralization test for determination of Newcastle disease antibodies in reconstituted frozen secondary **chicken** *kidney* cells. 097536
Accumulation of calcium in *kidney* and **decrease** of calcium in serum of rats treated with tin chloride. 097818
The postnatal development of gluconeogenic enzymes in **guinea-pig** *kidney* cortex. 096359
An ultrastructural study of the liver, *kidney* and **myocardium** in the fatty liver and kidney syndrome in the fowl. 097761
A horse with **one** *kidney,* partially obstructed ureter, and contralateral urogenital anomalies. 097732
Uric acid excretion by the **pig** *kidney.* 096187
Storage of mannose-containing material in cultured human mannosidosis cells and metabolic correction by **pig** *kidney* alpha-mannosidase. 096373
Cooperative interactions of tetrahydrofolate with purified **pig** *kidney* serine transhydroxymethylase and loss of this cooperativity in L1210 tumors and in tissues of mice bearing these tumors. 097756
A pseudorabies virus-specific sulfated moiety [**Rabbit** *kidney* cells]. 097667
Active accumulation of cadmium into the *kidney* of **rats.** 097850
Cost of production update for 1975 on sweetcorn for processing; **red** *kidney,* dry beans, apples for fresh and processing. 094370
Registration of a new **red** *kidney* bean [Variety]. 101052
A new approach to breeding for root-rot resistant light **red** *kidney* beans. 101317
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and phosphorus in different tissues of swine (brain, lung, liver, *kidney,* **small** intestine). 096216
A role for biotin in fatty liver and *kidney* **syndrome** in chicks [caused by rations which are simultaneously low in biotin, protein and fat]. 096740
An ultrastructural study of the liver, kidney and myocardium in the fatty liver and *kidney* **syndrome** in the fowl. 097761
Growth of heart, lungs and *kidneys* in the **wild** relatives of domestic sheep. 096583

KIDS *see* GOATS

KILN
Study on the effect of **cement** *kiln* dust as potassium fertilizer on rice and soybean. 104131
Mixed hardwood kiln drying experiment. 5. *Kiln* **drying** of hardwoods grown in northeast part of Taiwan. 098195
Kiln **heating** and heat recovery from wood waste. 098182

KINASES
Increased plasma **creatine** *kinase* activity in rabbits: effect of systematically repeated blood sampling. 096349
Characterization of charge isomers of yeast [Saccharomyces cerevisiae] **phosphoglycerate** *kinase.* Evidence for intracellular differences. 099462
Phosphorylation and **protein** *kinase* activities of chromosomal non histone proteins from chick embryo fibroblasts. 096260
Isolation of stimulatory modulator of guanosine 3':5'-monophosphate-dependent **protein** *kinase* from mammalian heart devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Guanosine 3':5'-monophosphate-dependent **protein** *kinase* from silkworm [Bombyx mori], properties of a catalytic fragment obtained by limited proteolysis. 103246
Regulation of **pyruvate** *kinase* and phosphoenolpyruvate carboxykinase activity in adult Fasciola hepatica (Trematoda). 097384
Mutants of Aspergillus nidulans [Fungi] lacking **pyruvate** *kinase.* 099218

KINEMATICS
Kinematics of **liquid** movement in the reservoir of a hydrodynamic mixer [Sprayers]. 103529
Effect of *kinematic* **parameters** of a mounted device on the indices of a unit including a wheel tractor. 103616

KINETINS
Kinetin-induced tuberization of potato in vitro: on the mode of **action** of *kinetin.* 100541
Experiments on root formation. The effects of IAA [indoleacetic acid] and *kinetin* on the **anatomy** of the petiole of Phaseolus vulgaris [Kidney beans]. 100557
Nitrate, ammonium and *kinetin* **effects** on growth and enzyme activities of Paul's Scarlet Rose callus. 100534
Kinetin-induced **tuberization** of potato in vitro: on the mode of action of kinetin. 100541

KITCHENS
Good housekeeping in **commercial** *kitchens.* 095349

KNOBS
Electron microscopic study of the membranes of bull spermatozoa and spermatids, with reference to the postacrosomal cap and the **basal** *knobs.* 096909

KNOTS
Breeding beans for *root-knot* **nematode** [Meloidogyne incognita] **resistance.** 101843
Additional host records of the *root-knot* **nematode,** Meloidogyne incognita in north India. 101885
The *root-knot* **nematode** on commercial plantings of tuberose in India. 101887
Effects of the Bi locus in cucumber on reproduction, attraction, and response of the plant to infection by the *southernroot-knot* **nematode** [Meloidogyne incognita]. 101921
Relationships of initial population densities of Meloidogyne incognita and Meloidogyne hapla to yield of tomato *[Root-knot* **nematode].** 101935
Efficacy of pyroxychlor in controlling Pythium polymorphon in the Pythium polymorphon-Meloidogyne Hapla root disease complex of celery *[Root-knot* **nematode,** systemic fungicide]. 102015
Reaction of peach rootstocks to Italian population of two species of *root-knot* **nematodes** (Meloidogyne Goeldi). 101978
Studies on the systemic action of some chemical in the control of *root-knot* **nematodes** [Meloidogyne incognita, tomatoes]. 101982
Control of *root-knot* **nematodes** [Meloidogyne] on tobacco with oxamyl through transplant water. 102012
Efficiency of methyl bromide and ethylene oxide in elimination of *root-knot* **nematodes** [Meloidogyne javanica, Meloidogyne hapla] on host plants [Tomatoes]. 102016
Distribution and identity of *root-knot* **nematodes** (Meloidogyne spp.) on cotton and sugar beet in the syrian Arab Republic and the Republic of Lebanon. 102061
Scanning electron microscopic observations of Duboscqia penetrans **parasitizing** *root-knot* larvae [Meloidogyne incognita]. 101937

KOCHIA
Effect of sodium chloride on the content of thiolic compounds and melanin in a culture of the tissue of a sterile fungus [Mycelia sterilia] isolated from tissue of **American** *Kochia.* 099991

KOHLRABI
Anatomical characteristics of the epidermis in some cultivars of Brassica oleracea L. Distribution and structure of stomata in the cotyledons [Brussels sprouts, *kohlrabi,* **kale].** 098889

KOSTROMA
Effect of soil properties and fertilizers on the yield of unretted straw and seeds of fiber flax in the *Kostroma* **Region.** 104072

KRAFT
The extensional behavior of commercial softwood **bleached** *kraft* pulps. 098422
Effect of **bleached** *kraft* mill effluent on the survival of starved juvenile coho salmon (Oncorhynchus kisutch). 104535
Ultimate disposal of biological sludges—a novel concept [**Bleached** *kraft* wholemill effluent]. 104624
Engineering properties of black liquors in process design and development of *kraft* **chemical** recovery units. 098287
Influence of pine wood macrostructure on *kraft* **process.** 098318
Organic compounds of *kraft* **process** waste waters. I. Fatty and resin acids [Pollution control]. 104588
Organic compounds of *kraft* **process** waste waters. II. Oxyacids and lactones [Pollution control]. 104589

LABELING
Labelling of **acrosomes** in mouse spermatozoa by L-[1-3H]fucose. 096962
Labelling of **adult** European cherry fruit flies (Rhagoletis cerasi L.) by phosphorus 32 [isotope]. 102412
Serologic testing with *enzyme-labeled* **antibodies** (ELA) [to several animal diseases]. 097547
DDT: the degradation of *ring-labeled* 14C **[carbon** isotope]-DDT to 14CO2 [carbon dioxide isotope] in the rat. 102687
Fluorogenic *labeling* of organophosphate pesticides with dansyl chloride. Application to residue analysis by high-pressure liquid chromatography and thin-layer chromatography. 102720
Coordination of **food** *labeling.* 094889
Late *labelled* regions in polytene chromosomes of salivary gland cells in some speciesof the virilis group of Drosophilaand their interspecific hybrids. 102947
Movement of *labelled* **metabolites** from mitochondria to plastids during development [in oats]. 100290
Digestive utilisation of *sulfur-labelled* **methionine,** Methionine hydroxy analog and sodium sulfate in goat rumen. 096279
Absorption of P32 **[phosphorus** *isotope]-labelled* tobacco mosaic virus by isolated tobacco protoplasts and deproteinization of the virus in them. 101798
Dispersal and mating in the field by male pink bollworm, Pectinophora gossypiella [cotton pest] *labeled* with 32P **[phosphorus** isotope]. 102300
Non-uniformity of 15N [nitrogen isotope] *labelling* in **plantmaterial.** 099675
Private *labeling* of milk and the impact on market structure. 094616
Apolar movement of zeatin through Coleus petioles and Pisum [pea] roots as estimated by bioassay and **radioactive** *labeling.* 099472
Investigation of heterogenous surface reactions in soil-solution systems by means of **radioisotope** *labelling.* I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657

LABIATAE
Investigation of flavonoid fraction of some crude drug plantfrom the **family** *Labiatae* (Herba Serpylli L., Herba Thymi L., Herba Majoranae L., Herba Origani L.) [Thymus. 099733
Classification of the leaf epidermis features of the mint family, *Labiatae* **Juss.** 098609

LABIDURA
Seasonal abundance, diel periodicity and habitat preference of the striped **earwig** *Labidura* riparia in the coastal plainof South Carolina [Potential predator of insect pests, Spodoptera littoralis, soybeans, corn, cotton]. 102282

LABIUM
On the fascicle of blood-sucking Diptera, in addition a description of the maxillary glands in Phlebotomus papatasi, together with the musculature of the *labium* and **pulsatory** organ of both the latter species and also of some other Diptera. 103036

LABOR
Labor **aspects** of partial and total summer feeding [of cattle]. 094209
Is **cheap** *labor* too expensive? 095298
New regulation about the procedure of consideration of *labor* **conflicts** [in agriculture]. 094729
Analysis of employment conditions for full-time hired **farm** *labor* on eastern Iowa hog farms. 094310
The big [cattle] **herds-management** and *labour.* 094218
The **hourly** *labor* supply response of agricultural workers. 094332
Prospective lettuce harvest mechanization: **impact** on *labor.* 103459
Internal farm reserves for **increasing** *labor* productivity in grape growing. 094357
Proposals for the scientific organization of *labor* in the **industrial** production of heifers on pasture as shown by a unit with 4,480 heads. 1. Presentation of production. 094352
Dairy systems analysis handbook [on *labor* use, **investments,** and costs and returns]. 094195
Proposals for the exact determination and comparison of the effectiveness of **live** *labor* in industrially organized units and enterprises of livestock production. I. Presentation of problem and proposals for organization of employees [East Germany]. 094351
Calculation of the available working time per worker as a basis for the organization of *labor* in **livestock** production units [East Germany]. 094340
Labor **management** in a large-scale livestock farm. 094264
Scientific organization and norm setting of **management** *labor* [in agriculture]. 094271
Efficiency of advanced forms of *labor* **management** in growing maize. 100731
New *labor* book for collective farm members. 094267
Automation and mechanization of *labor-consuming* **operations** in protected cultivation of vegetables. 094219
Opportunities for the development of *labour* **organization** methodology [in agriculture]. 094233
Division of *labor* in the **organization** of the graduated production of specialized farms of industrial swine production of the vertical Weimar/Apolda Pork Cooperative Union. 094341
About economic valuations of forest crops as a **product** of *labor.* 097622
Utilization of fixed capital and *labor* **productivity** in tea-growing state farms in the subtropical zone of the Georgian SSR. 094337
Education among the communist rural population **relative** to *labor.* 094016
An analysis of different methods and techniques of the tending of pine thickets from the view point of the **required** *labour.* 098004
Labor **requirements** for managing and spreading fertilizer [Equipment]. 103647
Tendencies of *labour* **safety** in the poultry industry. 095730
Complete ration can **save** *labor* and improve nutrition [Cattle]. 096777
Labour **saving** piggery equipment: feeding. 103402
Authority, efficiency, and agricultural organization in medieval England and beyond: a hypothesis *[Labor* **services].** 094255
Efficient methods and practices of *labor* (for **training** and retraining of operators of machine milking of cows). 103474
Employment situation for landscape **workers** *[Labor].* 094355

LABYRINTH
Ultrastructural localization of acid phosphatase and thiamine pyrophosphatase activities and of phosphotungstic staining at low pH [hydrogen-ion concentration] in the **placental** *labyrinth* of the cat. 096372

LAC
New record of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the *lac* **predator,** Eublemma amabilis Moore (Noctuidae: Lepidoptera) [Field crop pests, natural control]. 102365
Structural investigation of *lac* **resin.** X. Structure and stereo-chemistry of methyl laccolate gamma-lactone and its epimer [obtained by esterification of the gum resulting from the alkaline fission of shellac]. 098289

LACCASE
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on polyacrylamide gel of soluble protein and *laccase* from the **mycelium** of Coriolus versicolor [Fungi]. 099497
Kinetic studies of Rhus **vernicifera** *laccase:* Evidence for multi-electron transfer and an oxygen intermediate in the reoxidation reaction. 099545

LACTALBUMINS
The role of *alpha-lactalbumin* in the **primary** phase of chymosin action on heated casein micelles. 095589

LACTARIUS
The structure of lactarorufin B -3,8-ether 14-p bromobenzoate [a metabolite of the **mushroom** *Lactarius* rufus]. 100017
Scanning electron microscopy of *Lactarius* **spores.** 099026

LACTATES
Complete amino acid sequence of the heme-binding core in bakers' yeast [Saccharomyces cerevisiae] cytochrome b2 *(L-(+)-lactate* **dehydrogenase.** 099553
Lactate and **malate** dehydrogenase activities during the ontogeny of the Mongolian gerbil, rat, mouse, and rabbit. 096316
Metabolism of ethanol and *lactate* in **tissues** of woody plants differing with respect to their resistance of oxygen deficiency [Salix alba, Populus petrowskiana]. 100684

LACTATION
Variations in the susceptibility of lactating and *non-lactating* **bovine** udders to infection when infused with Escherichia coli. 097405
Comparison of binding proteins of glucocorticoids in mammary tissue and in blood sera from *lactating* **cows.** 096442
Response of *lactating* **dairy** cows to abomasal infusion of amino acids. 096445
Beet pulp and faba beans in rations for *lactating* **dairy** cows. 096625
Protected fat in rations for *lactating* **dairy** cows. 096637
Persistent cecal dilatation in a *lactating* **dairy** cow. 097718
Isolation and characteristics of mRNPs [Messenger Ribonucleoprotein particles] associated with bound polyribosomes from the **ewe** *lactating* mammary gland. 096258
Relationship of **first** *lactation* performance to lifetime production and economic efficiency [Cows]. 096444
Relationship of feed intake and ration digestibility to estimated transmitting ability, body weight, and efficiency in **first** *lactation* [Cows]. 096710
Studies on the effect of calving age, calving month and herd level on the **first** *lactation* yield [Dairy cattle sire evaluation]. 096984
The incorporation of long-chain fatty acids into glycerides in the liver and mammary tissue homogenates of *lactating* **goats.** 096535
Cellular studies of mammary tissue from cows hormonally induced into *lactation:* **histology** and ultrastructure. 096441
Feeding dairy cattle during the different stages of *lactation* and the **importance** of inspecting feed concentrates. 096653
Cellular studies of mammary tissue form cows hormonally induced into *lactation:* **lactose** and fatty acid synthesis. 096440
Reproduction of sows in function of various lengths of *lactation.* 3. **Length** of life, reform. 097031
Variations in the susceptibility of *lactating* and **non-lactating** bovine udders to infection when infused with Escherichia coli. 097405
Effect of hormones on lipogenesis in mammary explants taken from rabbits at different stages of **pregnancy** and *lactation.* 096587
The effects of dietary fatty acids and cholesterol on the milk lipids of *lactating* **women** and the plasma cholesterol of breast-fed infants. 095009
Energy expenditure and consumption of mature, pregnant, and *lactating* **women.** 095128

LACTIC
The effect of some bacterial metabolic products on *lactic* **acid** bacteria [Pasteurized milk contaminants]. 095551
The flavor of cultured milk products *[Lactic* **acid].** 095601
Use of natural stabilizers in milk products *[Lactic* **acid].** 095607
Use of X-ray and gamma-induced mutants of *lactic* **acid** bacteria in the manufacture of dairy products. 095632
In vitro inhibition of *lactic* **acid** dehydrogenase by insecticidal polychlorinated hydrocarbons. 2. Inhibition by dieldrin and related compounds. 102710
Intensification of *lactic* **fermentation** in whey medium. 095670
Lactic **flora** in cheeses from Swiss pastures. 095595

LACTOBACILLUS
Studies on the mechanism of acetion and diacetyl biosynthesis by microorganisms. III. Production of acetoin and diacetyl by *Lactobacillus* **bulgaricus** [Dairy products]. 095658
Study of yeast [Saccharomyces cerevisiae] in presence of culture of *Lactobacillus* **delbruckii.** 099509

LACTOGLOBULINS
Inhibition of casein proteolysis by thermally induced complex of **kappa-casein** with *beta-lactoglobulin.* 095669

LACTONES
Structural investigation of lac resin. X. Structure and stereo-chemistry of methyl **laccolate** *gamma-lactone* and its epimer [obtained by esterification of the gum resulting from the alkaline fission of shellac]. 098289
Immunologic evidence that the gene for *L-gulono-gamma-lactone* **oxidase** is not expressed in animals subject to scurvy [Ascorbic acid]. 095202
Organic compounds of kraft process waste waters. II. Oxyacids and *lactones* **[Pollution** control]. 104589
Structure and stereochemistry of microlenin, a novel antitumour dimeric **sesquiterpene** *lactone* from Helenium microcephalum; X-ray crystal structure. 099661

LACTOSE
Symptom response to lactose-reduced milk in *lactose-intolerant* **adults.** 095007
A nutritious alternative for the *lactose-intolerant* **consumer.** 095361
Cellular studies of mammary tissue form cows hormonally induced into lactation: *lactose* and **fatty** acid synthesis. 096440
Utilization of a low-lactose milk *[Lactose* **intolerance].** 094969
Relationship of *lactose* **intolerance** to milk intolerance in young children. 095002
Lactose **malabsorption** in Mexican-American children. 094993
Utilization of a *low-lactose* **milk** [Lactose intolerance]. 094969
Symptom response to *lactose-reduced* **milk** in lactose-intolerant adults. 095007
Utilization of a *low-lactose* **milk.** 095012
Reduction of *lactose* of **milk** by entrapped beta-galactosidase. IV. Results of long-term experiments on pilot plant. 095624
Preparation and use of beta-D-galactosidase for hydrolysis of *lactose* in **milk.** 095672

LACTUCA
Automatic monitoring of a circadian rhythm of change in light transmittance in Ulva *[lactuca* **latissima].** 099942
Circadian rhythms of chloroplast orientation and photosynthetic capacity in Ulva *[lactuca* **latissima].** 099943
The nitrate and protein content of **lettuce** *(Lactuca* sativa var. capitata (Butterhead salat) grown under different conditions. 095950
Check on the existence of the complementary genes for the [heart forming] of summer **lettuce** *(Lactuca* sativa). 099381
Influence of different cytokinins on the germination of **lettuce** *(Lactuca* sativa) and celery (Apium graveolens) seeds. 100533
Mixed infections by lettuce and cucumber mosaic viruses in *Lactuca* spp. in **Sicily.** 101771

LAGENARIA
Studies on **gourd** *(Lagenaria* vulgaris) dryer. I. 095931
Mycoplasmalike bodies observed in the plants of bottle gourd, chayote and balsam-pear *[Lagenaria* **leucantha,** Sechium edule, Momordica charantia] with witches'-broom [disease] in Taiwan. 101787

LAGERSTROEMIA
Effect of photoperiod and temperature on growth and flowering in *Lagerstroemia* **indica** L. 100586

LAGOONS
Lagoons and **oxidation** ponds [Waste treatment]. 104560

LAGOPUS
Pseudomonas aeruginosa. II. Occurrence in Arctic foxes **(Alopex** *lagopus)* on a Danish fur farm [Bacterial infections]. 097461
Regulation of sclerotium production by primary metabolites in Coprinus cinereus (=C. *lagopus* **sensu** Lewis) [Fungi]. 100030

LAMBING
Raising Romney [sheep] *lambing* **percentages.** 096998
Oestrous activity and *lambing* **rates** in ewes following varying periods of association with vasectomized rams prior to the commencement of the mating period. 096853
Duration of the *lambing* **season** and maternal behaviour in oestrous synchronized ewes lambed indoors. 096925

LAMBS
Flaked, formed and frozen lamb products: A formed meat system for restructuring **boneless** *lamb* derived from a variety oflamb cuts. 095709
Border disease-like syndrome in **California** *lambs.* 097508
Livestock health [Sheep, *lambs,* **cattle].** 097091
Studies of lesions produced in the brains of colostrum **deprived** *lambs* by Clostridium welchii (Clostridium perfringens) type D toxin. 097401
The common diarrhoeas of sheep in Britain [Colibacillosis and *lamb* **dysentery].** 097666
Adenovirus infection in *lambs.* I. **Epizootiology** of the disease. 097673
Infection caused by Salmonella typhimurium of **fattening** *lambs.* 097364
Prostaglandins in the circulation of the **fetal** *lamb.* 096527
Intestinal polyps with coccidial **forms** in a *lamb.* 097316
The experimental infection of specific pathogen **free** *lambs* with Mycoplasma ovipneumoniae. 097606
Flaked, formed and **frozen** *lamb* products: A formed meat system for restructuring boneless lamb derived from a variety oflamb cuts. 095709
Studies on the effects of feeding formaldehyde-treated fishmeal on **growing** *lambs.* 3. In vivo production of ammonia, total nitrogen and volatile fatty acids. 096689
Preliminary results using metabolites and in vitro grown larvae of Ostertagia circumcincta to **immunise** *lambs* against oral challenge. 097605
Experimental investigation of the postparturient rise of faecal egg count of Ostertagia circumcincta as a source of **infection** for *lambs.* 097655
Biological controls in mixed trichostrongyle **infections** *[Lambs].* 097463
Selection criteria for intensive **market** *lamb* production growth traits. 096935
Selection criteria for intensive **market** *lamb* production: carcass and growth traits. 096936
The Dam Line [rams]—sires for mothers of **meat** *lambs.* 097026
Comparison of three parameters about relationships between milk and growth of *lambs* of the **Merino** campinesa breed. 096218
Effect of feeding treated groundnut-cake with urea-molassesimpregnated wheat straw on growth rate and utilization of nutrients in **Nali** *lambs.* 096684
Sleep cycles of fetal and **neonatal** *lambs.* 096282
Perirenal adipose-tissue development in the **neonatal** *lamb.* 096590
Glycogen and alkaline phosphatase in the liver of fetuses and **newborn** *lambs* and piglets. 096582
Goitre [enlargement of the thyroid gland] in the **newborn** *lamb.* 097680
Ostertagia circumcincta infection in *lambs* **originating** from larvae which survived the winter. 097658
The exploitation of transmissible plasmids to study the pathogenesis of Escherichia coli diarrhoea [in calves, **piglets,** *lambs].* 097629
Producing *lamb* meat [Care and maintenance of animals]. 096139
Blade tenderization of wholesale cuts from **ram** *lambs* and kid goats. 095696
The **right** *lamb* to the right market. 094489
Age-dependent mechanical and biochemical responses to glucagon **[Sheep,** *lambs].* 096177
The structure of isocedrolic acid isolated from Juniperus **squamata** *Lamb.* 100633
Bilateral adrenalectomy of *lambs* in **utero:** effects on maternal hormone levels at induced parturition. 096944

LAMELLA
Differentiaion of **chloroplast** *lamellae.* Onset of cation regulation of excitation energy distribution [Pea seedlings]. 100360
Differentiation of **chloroplast** *lamellae.* Light harvesting efficiency and grana development [Etiolated pea plants]. 100361

LAMENESS
Forelimb *lameness* in young, rapidly growing dogs. 097833

LAMINARIA
Comparative study of long distance transport of various radioelements in the thallus of *Laminaria* **digitata** (Linne) Lamourous [Algae]. 099607
Light and the ecology of *Laminaria* **hyperborea.** II. [Algae]. 098861
New and interesting marine algae from the Shetland Isles. II. Hollow and solid **stiped** *Laminaria* (Simplices). 098551

LAND
Current juridical difficulties of applying agricultural warrants *[Land* **administration].** 094716
Social, economic, and institutional constraints affecting production and the reservaton of **agricultural** *land* in the U.s.A. 094123
Two methods for preserving **agricultural** *land* at the urban fringe: Use-value assessment and transferable development rights. 094125
Whatcom County agriculture: trends in **agricultural** *land* usage. 094141
The incidence of property taxes on **agricultural** *land.* 094444
Grasslands birds and **agricultural** *land-use* [Pasture land isused both for grazing and for hay-making]. 100692
Studies on heavy metal pollution in **agricultural** *land.* 1. Movement of cadmium in paddy soils and absorption of cadmium by rice plants. 104463
Complex mechanization of *land* **amelioration** works. 103445
Implications of the *Land* **Amendment** Act 1975. 094776
Land **application** of wastewater. 104561
Design considerations for treatment of meatpacking plant wastewater by *land* **application.** 104608
Determination of optimal relation of sizes of a single ridge on **arable** *land* in the conditions of the least effect of the wind flow. 104239
Training needs in 1890 **[black** *land-grant]* institutions [Extension]. 094064
Hydrologic relationships to *land* **capability** evaluations [Watersheds]. 097929
Application of *land* **capability** surveys in forestry. 097973
[Forest] *land* **capability** assessment by habitat types. 098044
Land-use **change** and the water balance—an example of an evapotranspiration simulation model. 104341
Resources inventory, *land* **classification,** and land-use planning: the relationships. 094168
Land **classification** systems: the needs of land use planners [Forestry and outdoor recreation]. 098027
A review of *land* **clearing** for site preparation for intensive plantation forestry. 098085
A *land* **consolidation** project containing a site for a factory in the case of Ohnohara-cho. I. An investigation report onrural plant and living in rural areas. 094182
Land **development** practices restricted on Christchurch's Port Hills. 104226
The influence of **drainage** *land* reclamation in central Chernozem zone on river runoff characteristics and floodplain components. 104244
THe use of remote sensing imagery for **environmental** *land* use and flood hazard mapping [Vegetation]. 104338
Fallow *land* and its use. 094136
Interest in renting **[farm]** *land.* 094134
How to proceed in the protection of **farm** *land* [Soil conservation, land utilization]. 094165
More **food** from the *land.* 094281
More **food** from the *land.* 094282
Environmental objectives in **forest** *land* management. 097957
The legal framework: trends in statutes and the courts **[Forest** *land* use]. 098038
Land **fund** of Cambodia and its agricultural utilization. 094184
ABRO [Animal Breeding Research Organization] farms—Rhydyglafes. The potential for improvement of **hill** *land* [Pasture management, sheep stocking]. 100956
Sunflower sowing period in **irrigated** *land* [Yields]. 100758
Much interest in marsh cultivation in Trondelag *[Land* use]. 094161
Subdivisions out in the county can be expensive: an update *[Land* use]. 094183
Changes in cloddiness of Egyptian calcareous soils with increasing period of *land* use. 103695
An hierarchical goal programming approach to *environmental-land* use **management.** 094150
More food from your *land* **[Management].** 094301
Fire ecology questions survey: Candid expressions of research needs by *land* **managers** and scientists in western North America. 097945
Some thoughts on determining use value of agricultural property in **Oklahoma** *[Land].* 094121
The value of assistance to *land* **owners** [Agricultural conservation program]. 094770
Reclaiming parcels of *land* as a **part** of technical land development. 104212
Grasslands birds and agricultural land-use **[Pasture** *land* isused both for grazing and for hay-making]. 100692
Food, *land* and **people** in the modern world. II. The Rhodesian picture [Agricultural production]. 094314
Effect of *land* use **period** on the aggregation of desert calcareous soils. 103655
Land classification systems: the needs of *land* use **planners** [Forestry and outdoor recreation]. 098027
Organizational arrangements for county *[land* use] **planning.** 094126
A search for new approaches to *[land* use] **planning** in Washington. 094139
Resources inventory, land classification, and *land-use* **planning:** the relationships. 094168
Farming in the heart of the USA. Large proportion [of *land]* under **plow.** 094745
Land use: a **public** and private matter. 094144
Innovation technology transfer and nomadic pastoral societies *[Land* use, **rangeland** management]. 094248
Fifty years of rural landscape planning in the netherlands *[Land* **Reallotment** Act]. 094162
Plot enlargement in **reallotment** [of *land].* 094210
Study on the soil erosion of **reclaimed** *land* in Shorenji. 2. Problems of land reclamation works. 104221
Study on the soil erosion of **reclaimed** *land* in Shorenji. 3. On the disaster of the farm lands before disposition for substitute lots and the management of these farms lands. 104222
Automation in the designing of *land* **reclamation.** 094164
Study on the soil erosion of reclaimed land in Shorenji. 2. Problems of *land* **reclamation** works. 104221
Land **reclamation** and the life environments. 104598
Rights and obligations under the emancipation decree (P.D. 27) and related issuances *[Land* **reform].** 094698
The problem of economic use of *land* **resource** of Kashka-Darya Region. 094185
Trophic classification of lakes using LANDSAT-1 (ERTS-1) *[Land* **Satellite** One, Earth Resources Technology Satellite One] multispectral scanner data [Remote sensing]. 104479
Land **subsidence** and associated externalities in the coastal area of Texas. 094177
Atmospheric electricity and ionized condition of the air layer directly above the *land* **surface** as ecological factors of environment [for forest trees]. 098148
An agricultural value tax as an alternative to *land* use **tax** or market value tax on land. 094440
Reclaiming parcels of land as a part of **technical** *land* development. 104212
Peasantry in the modern world: a **transformed** *land* [North Korea]. 094158
Experience with *land* **treatment** of food processing wastewater. 104611
Cropland holds its own *[Land* use, **urbanization].** 094127
How to proceed in the protection of farm land [Soil conservation, *land* **utilization].** 094165
Matters of national importance *[Land* **utilization,** legislation]. 094777
Planning criterion of grassland development. II. Effects of inclination of ground and grassland development technique on *land* **utilization** and outbreak of landslide [Soil conservation]. 104171
Implications of watershed development on *land* **value** and landowner attitudes. 094138
Are *land* **values** poised for another boom? 094137

LANDOWNERS
Implications of watershed development on land value and *landowner* **attitudes.** 094138
Whole-tree chipping as viewed by the tree farmer and the **industrial** *landowner.* 098057
The rights and obligations of the *landowner* and the **tenant** in leasehold under existing presidential issuances. 094702

LANDRACE
Results of a crossing experiment with **Belgian** *Landrace.* Pietrain and Large White. I. Breeding results. 097032
Study on pork quality of the pig breeds [Polish Large White, Swedish Large White, Bulgarian White, *Landrace]* **raised** in Bulgaria. 095725

LANDSCAPING
The forest border as a *landscape* **component**—its structure, functions, preservation and development by means of silviculture [Conservation, recreation]. 098067
Agricultural production or *landscape* **conservation.** 094135
Industry uses of prairie grasses for erosion **control** and *landscaping.* 101170
Protective plantings [of hedges] in the **cultivated** *landscape.* 100910
Influence of the physics of windbreaks on the *landscape* **[Damage].** 102055
Dare to be different *[Landscaping].* 101117
Landscape **design** with prairie plants. 101171
Ancient Egypt, *landscape,* **flora** and agriculture. 094083

The Japanese **garden** *[Landscaping].* 101168
What to do with that bank *[Landscape* **gardening].** 101039
Geochemical peculiarities of the *landscapes* of **Leningrad** Region and their agricultural uses. 103851
Agricultural college has **new** *landscape* design courses. 101122
Structure of *landscape* **preferences:** a study based on large dams viewed in their landscape setting. 101208
Fifty years of **rural** *landscape* planning in the netherlands [Land Reallotment Act]. 094162
Structure of landscape preferences: a study based on large dams viewed in their *landscape* **setting.** 101208
Living environment and extension of green spaces [Seed production, collection and storage for *landscaping* with **shade** trees]. 101272
Living environment and extension of green spaces [Seed storage and preparation for *landscaping* with **shade** trees]. 101273
Forest ecosystem and *landscape* **succession** in moderate climates. 098828
Comparison of fall and spring transplanting of woody plants *[Landscaping,* **varieties].** 101242
Employment situation for *landscape* **workers** [Labor]. 094355
Relationship between Gasteromycetes and *landscape* **zones** andthe latitudinal belts of mountains in Kazakhstan [Geographic distribution]. 098542

LANDSLIDE

A study of *landslides* on **concave** slopes [Forests]. 104203
Studies on **mountain** *landslide* fromations by heavy rain in July 1972 in Amakusa district. 104170
Planning criterion of grassland development. II. Effects of inclination of ground and grassland development technique on land utilization and outbreak of *landslide* **[Soil** conservation]. 104171
Changes in *landslide* **vegetation** at Lake Thomson, Fiordland, New Zealand. 098826

LANOSTEROL

The metabolism of cycloartenol, *lanosterol,* **24-methylenecholesterol** and fucosterol in Chlorella ellipsoidea [Algae]. 099916

LANTANA

Triterpenes of toxic and non-toxic taxa of *Lantana* **camara.** 099714
Lantana can be a **killer** [Toxicity, cattle]. 097803

LANTHANUM

The effect of vitamin D3 on *lanthanum* **absorption:** suggestive evidence for a shunt path [Chicks]. 096387
The physiological effects of **ionic** *lanthanum* on the insect blood-brain barrier [Periplaneta americana]. 102939
Effect of uranyl acetate on microbial fixation of nitrogen in presence of *lanthanum* **sulphate.** 103861

LAODELPHAX

Antifeeding activity of chlordimeform for plant-sucking insects [Nilaparvata lugens, *Laodelphax* **striatellus].** 102224

LAPAROTOMY

Experimental biological engineering to synchronise ovulation in gilts. II. Effect of *laparotomy* on **ovarian** finding following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867

LARCHES

The protection [from pests] of *larch* **cones** and seeds on seed stand plots in the North-West [of the USSR]. 098142
On dioxane lignins of **Siberian** *larch* [Larix sibirica]. 098343
Study of delignification and changes in carbohydrate content of *larch* **wood** during sulphite pulping. I. Study of Larix dahurica delignification with sulphite liquor. 098365

LARIX

Comparative studies of magnesium-bisulphite and sulphate cooking processes of *Larix* **dahurica.** I. Comparative cooks of wood from different parts of a tree along its height. 098301
Comparative studies of magnesium-bisulphite and sulphate cooking processes of *Larix* **dahurica.** II. Comparative cooks of wood from blends of various Larix dahurica samples. 098302
Study of delignification and changes in carbohydrate content of larch wood during sulphite pulping. I. Study of *Larix* **dahurica** delignification with sulphite liquor. 098365
Fomes annosus: mortality rates in young trees *[Larix* **decidua,** Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, Betula] underplanted among pine. 101439
Studies on the weed vegetation at the early stage of plantation. II. Vegetational transition on *Larix* **leptolepis** forests planted every year in Sasa (Sasa paniculata) area. 098099
Studies on the constituents of the annual shoots of *Larix* **leptolepis** Gordon. II. Abscisic acid in the dormant period. 100654
On dioxane lignins of Siberian larch *[Larix* **sibirica].** 098343

LARVAE

On systematic relations of Oomorphus concolor (Sturm) (Coleoptera, Chrysomelidae), with descriptions of its *larva* and of an **aberrant** Cryptocephaline larva from Australia. 103180
Studies of Aedes triseriatus oviposition attractants produced by *larvae* of **Aedes** triseriatus and Aedes atropalpus (Diptera: Culicidae). 102589
Larvae of **African** allodapine bees. 4. Halterapis, Compsomelissa, Macrogalea, and a key to African genera. 103168
Percentage of ecdysone circulating in last *larval* **ages** and induction of nymphal diapause in Pieris brassicae. 102849
Living conditions of dragonfly [Odonata] *larvae* in **Arctic** regions. 103104
Role of oesophageal connectives in cuticular melanization in *larvae* of the **armyworm,** Leucania separata Walker (Lepidoptera: Noctuidae). 102827
Increase in respiratory rate during feeding in *larvae* of the **armyworm,** Spodoptera exempta. 103076
The genetics of **black** *larva,* an autosomal recessive lethal mutation located on chromosome 3 in the mosquito Anopheles albimanus. 102865
Studies on the in vivo cellular reactions and fate of injected bacteria in Galleria mellonella and Pieris **brassicae** *larvae.* 103032
Heat resistance of **Calliphoridae** *larvae* in relation to develoment of rearing temperature [Callitroga macellaria, Lucilia cuprina, Calliphora vinina]. 103001
Transplacental migration of Toxocara **canis** *larvae* in experimentally infected mice. 097420
The dispersal of **Chironomidae** *larvae:* a review. 102975
History of scientific study on a *larval* **color** polymorphism in the genus Chlosyne (Nymphalidae). 103042
Assimilation by Lucilia illustris (Diptera) *larvae* in **constant** and changing temperatures. 103063
On systematic relations of Oomorphus concolor (Sturm) (Coleoptera, Chrysomelidae), with descriptions of its larva and of an aberrant **Cryptocephaline** *larva* from Australia. 103180
Anatomy, histology, and *post-larval* **development** of the reproductive systems of the sugarbeet root maggot [Tetanops myopaeformis, pest control]. 102278
Endocrine interactions controlling the *larval* **diapause** of the southwestern corn borer, Diatraea grandiosella. 102334
Photoperiodic and thermoperiodic interactions in the regulation of the *larval* **diapause** of Diatraea grandiosella. 103011
Isolation of infective **Dictyocaulus** *larvae* from herbage [Livestock parasites]. 097657
Myiasis in man and other animals [by the *larvae* of **dipterousinsects]** in Trinidad and Tobago (1972-73). 102615
The role of juvenile hormone in *larval* **duration** and spermiogenesis in relation to phase variation in the tobacco cutworm, Spodoptera litura (Lepidoptera: Noctuidae). 102285
Ultrastructural changes of the posterior silk gland cells in the **early** *larval* instars of the silkworm, Bombyx mori. 103249
Haemolymphal activation of protyrosinase and the site of synthesis of haemolymph protoyrosinase in *larvae* of the **fleshfly,** Sarcophaga barbata. 103000
Investigations of fishery byproducts utilization: ruminant feeding and **fly** *larva* protein production. 096741
Incidence of hydatid cyst [due to *larval* **form** of Echinococcus granulosus] in bovines and histopathological changes of pulmonary tissue in hydatidosis. 097374
Polar lipids of parasitic helminths. II. Polar lipids of Echinococcus **granulosus** *larvae* and Moniezia benedeni. 097644
Preliminary results using metabolites and in vitro **grown** *larvae* of Ostertagia circumcincta to immunise lambs against oral challenge. 097605
Artificial diets for *larvae* of **harmonia** axyridis Pallas (Coleoptera: Coccinellidae), an insect predator of aphids and scale insects. 103091
Royal jelly for grafting of **[honeybee]** *larvae.* 103258
A mechanism of pathogenicity of Beauveria brassiana [Fungi] on *larvae* of the **imported** fire ant, Solenopsis richteri. 102246
Nutrient reserves in starving black carpet beetle [Attagenus megatoma] *larvae* **infected** with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
Studies on the growth of the silkworm, Bombyx mori L. V. Racial differences of the relative increase in body weight and silk gland weight in the fifth **instar** *larvae.* 103280
The *larva* of the **lake** fly Chaoborus pallidipes Theobold (Diptera: Chaoboridae) from Kenya. 103183
Use of feeding rate as an indicator of caloric value in some **lepidopterous** *larvae.* 103061
Rectal chloride epithelia and osmoregulatory salt uptake by the endgut of Zygoptera and Anisoptera **libella** *larvae* [Coenagrion puella, Aeshna cyana]. 103012
Hormonal regulation of the secretion of mucoproteins by cells of the salivary glands of Drosophila **melanogaster** *larvae* during the period of metamorphosis. 103102
Studies on the role of microorganisms in alimentation of Galleria **mellonella** *larvae* [Pests, Apis mellifera]. 102819
Effects of different temperatures on Tipula iridescent virus infection in galleria **mellonella** *larvae.* 103027
Conservation in the soil of three germs pathogenic to Melolontha **melolontha** *larvae* (Coleoptera: Scarabaeidae) [Biological control]. 102234
Energy, matter and nitrogen utilization by the *larvae* of the **monarch** butterfly Danaus plexippus. 103067
Ultrastructural changes in the cell surface of Coelomomycespunctatus [Fungi] infecting **mosquito** *larvae* [Anopheles quadrimaculatus, biological control]. 098930
Copepods as essential hosts for the development of a Coelomomyces [fungi] parasitizing **mosquito** *larvae* [Opifex fuscus, Aedes australis]. 102581
Effects of some insect development inhibitors on **mosquito** *larvae* [Culex pipiens fatigans, Anopheles gambiae, Aedes aegypti, Anopheles quadrimaculatus]. 102609
Investigation of maturation requirements for Ostertagia ostertagi and Cooperia **oncophora** *larvae* [Calves]. 097290
Studies on the development and chemotherapy of *larvae* of **Parascaris** equorum (Nematoda: Ascaridoidea) in experimentally and naturally infected foals. 097419
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of **parasitized** *larvae* of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
New example of correlation between the presence of a gregarine belonging to the genus Ancyrophora Leger 1892 and alimentation of the host [in *larvae* of **Perlidae:** Dinocras megacephala]. 102847
Jaws and digestive tube of **Planipennia** *larvae.* 102815
Paralysis in chickens caused by *larvae* of the **poultry** tick, Argas persicus. 102555
Effect of dose of cytoplasmic polyhedrosis virus on infection, mortality, development rate, and *larval* and **pupal** weights of the pink bollworm [Pectinophora gossypiella]. 102335
Host-parasite relationship. 2. Cholinesterase activity of the *larvae* of the **rice** moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
Scanning electron microscopic observations of Duboscqia penetrans parasitizing **root-knot** *larvae* [Meloidogyne incognita]. 101937
The behaviour of the **seed-collecting** *larvae* of a carabid beetle (Coleoptera). 103037
Descriptions of the *larvae* of **Spodoptera** sunia and Spodoptera latifascia with a key to the mature Spodoptera larvae of the eastern United States (Lepidoptera: Noctuidae). 103138
Effect of pyrantel tartrate on the third **stage** *larvae* of Ascaridia galli [in fowls]. 097599
Variability of biometric characters in second **stage** *larvae* of the citrus nematode, Tylenchulus semipenetrans Cobb, 1913. 101987
Partial purification of antigens collected during in vitro cultivation of the *larval* **stages** of Taenia pisiformis [Rabbits]. 097466
Ostertagia circumcincta infection in lambs originating from *larvae* which **survived** the winter. 097658
Description of the **third-instar** *larva* of Monopsyllus wagneri (Baker) (Siphonaptera: Ceratophyllidae). 103174
Radiosensitivity of the flesh fly, Sarcophaga bullata (Parker), **throughout** *larval* and pupal life. 103087
Differential egg cannibalism among *larvae* of **Tribolium** castaneum as influenced by the antennapedia mutation. 102862
Neoascaris **vitulorum** *larvae* in the colstrum/milk of buffaloes. 097321
The role of predators in the **young** *larval* mortality of the pine-moth, Dendrolimus spectabilis Butler. 102497

LARVICIDES

Laboratory and field experiments with methoxychlor as a *larvicide* for **Simuliidae** (Diptera) [Pesticide residues]. 102685

LARYNGOTRACHEITIS

The effect of **infectious** *laryngotracheitis* virus on the bursa of Fabricius of young chickens. 097403

LARYNX

A study of **expiratory** *laryngeal* motoneurons [Cats]. 096468

LASERS

Study of conformational changes of chloroplasts by the method of **television** *laser* microscopy [Peas]. 100581

LASIOCAMPIDAE

A chemical trail from the silk of the eastern tent caterpillar Malacosoma americanum **(Lepidoptera:** *Lasiocampidae).* 102963

LASIODERMA

Experimental tobacco fumigation under partial vacuum with ethylene oxide against *Lasioderma* **serricorne.** 102531

LASIOGLOSSUM

Mating behaviour in halictine bees (Hymenoptera: halictidae). II. Microterritorial and patrolling behavior in males of *Lasioglossum* **robweri.** 103125

LASPEYRESIA
Control of pecan weevil [Curculio caryae], shuckworm *[Laspeyresia* **caryana]** and aphid in South Carolina. 102447
Foliar insecticides for control of pecan weevil [Curculio caryae] and hickory shuckworm *[Laspeyresia* **caryana].** 102448
Trial in the control of the flight of the apple **moth** *Laspeyresia* pomonella L. by pheromone traps. 102411
Equipment to aid in manual sorting of adult codling moths *[Laspeyresia* **pomonella]** by sex [Horticultural plants]. 102385
Biology of Trichogramma cacoecia pallida Meyer in Moldavia [Biological control of *Laspeyresia* **pomonella].** 102417
Sex ratios in adult populations of codling moth (Lepidoptera: Olethreutidae) *[Laspeyresia* **pomonella].** 102973

LATENCY
Distribution of [nematode] Longidorus attenuatus Hooper in Apulian artichoke fields and its relationship with artichoke **Italian** *latent* virus. 101761
Nematode [Longidorus attenuatus] trasmission of the causal agent of chicory chlorotic ringspot, a strain of artichoke **Italian** *latent* virus. 101762
Specific association of artichoke **Italian** *latent* virus withthe odontostyle of its vector,[the nematode] Longidorus attenuatus. 101763
Partial resistance of barley to leaf rust, Puccinia hordei. III. The inheritance of the host plant effect on *latent* **period** in four cultivars. 099202
The threshold value of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for **producing** *latent* and acute soft rot infection of potato stalks and tubers. 101677

LATERAL
Tests of the limiting visual resolution of the DCMD **[descending** *contralateral* movement detector] system of the lubber grasshopper [Romalea microptera] to rectangular. 103019
Vertical and *lateral* **distribution** of stable flies [Stomoxyscalcitrans] in northwestern Florida. 102591
An analysis of cell proliferation in the apical meristem of *lateral* **roots** of Vicia faba L. [Broadbeans]. 100087
Cap formation during the elongation of *lateral* **roots** of Vicia faba L. [Broadbeans]. 100088
Lateral **stability** of frame-steered vehicles [Logging equipment]. 098405
A horse with one kidney, partially obstructed ureter, and *contralateral* **urogenital** anomalies. 097732

LATEX
Latex **agglutination** test for three plant viruses [Tobacco mosaic virus, potato virus X and Y]. 101723
Isolation of ingenol from the **irritant** *latex* of Euphorbia serrata L. 099688
Rate of metabolite accumulation into *latex* of **lettuce** and proposed association with tipburn injury. 101924
Separation of chymopapain from **papaya** *latex* (Carica papaya)on Amberlite IR-120 (Hg2+) [mercury ion]. 100489
The preparation of soil micromonoliths with **vinyl** *latex.* 103692

LATHYRUS
Infection rate of peavine *[Lathyrus]* by **Ascochyta** depending on the phase of development of plants and on the utilization of provocative conditions. 101346
Character of displaying selective fertilization in self-fertilized lines and hybrids of *Lathyrus* **sativus.** 099388
Photoperiodic reaction of peavine *[Lathyrus]* **varietal** specimens. 100117

LATITUDE
Relationship between Gasteromycetes and landscape zones **andthe** *latitudinal* belts of mountains in Kazakhstan [Geographic distribution]. 098542

LAUNDERING
Researchers tackle fabric softener **stains** *[Laundering].* 095239

LAURELS
A preliminary study of a virgin forest tract of the Cumberland Plateau in *Laurel* **County,** Kentucky. 098839

LAURUS
Dynamics of root dying-off and alteration of its average length (root coefficient) in the seedlings of bay *[Laurus* **nobilis].** 099998

LAVANDULA
Climate, production and **longevity** of *Lavandula.* 101010

LAWN
Control of insect and mite pests of ornamental trees, shrubs, and *lawns* for **home** owners. 102396
Fertilizing pecan trees in the **home** *lawn.* 104035
Physiology of seed germination in **Korean** *lawn* grass (Zoysia japonica Steud.). 100570
Mowing *lawn* grasses. 101225

LAWS
Remedies and procedures under the **agrarian** *laws.* 094697
Economics as an input in **environmental** *law:* Anderson v. Atlas Chemical Industries, Inc. 104596
Law **[Federal** Water Pollution Control Act Amendments of 1972]. 104562
The new 1975 **food** *law.* 094744
Rheograms for *power-law* **[food]** fluids using coaxial cylinder viscometers and a template method. 095420
Forests in the municipal jurisdiction of Granichen (Aargau); a description of **forest** *laws* and management to 1809; a contribution to the history of forestry in Aargau. 097963
A manager's guide to the equal employment **opportunity** *laws.* 095293
Law **prescriptions** in the protection of the forest. 098006
Capital gains treatment of timber: **present** *law* and proposed changes. 098021
Glenn Tussey: **Public** *Law* 480's new mentor and USDA, the role, the program and the future [Interview]. 094774
Particulars of **social** *law* in the sphere of agriculture as exemplified by agricultural accident insurance. 094656
A decade of progress in **water** *law.* 104364
A review of Oregon's **winery** *laws* and regulations. 095870

LAYERING
An ultrastructural study of spermatogenesis in Anthoceros laevis L. [Hepaticeae] with particular reference to the *multilayered* **structure.** 098904

LAYERS
Atmospheric electricity and ionized condition of the **air** *layer* directly above the land surface as ecological factors of environment [for forest trees]. 098148
Mechanism of action of gibberellins [on nucleic acid metabolism in both **aleurone** *layers* and in other plant systems]. 099777
Maturity interaction and **black** *layer* occurrence in opaque-2 and normal hybrids in maize (Zea mays L.). 099198
Black *layer* signals maturity [Maize, sorghum]. 100181
Flora of variegated [soil] *layers* in the **central** Kazakhstan. 098613
Quantitative determination of vitamin D3, 7-dehydrocholesterol and its photoderivaties by means of *thin-layer* **chromatography.** 095019
Investigation on some steroid hormones and their conjugates in pollen of Pinus nigra Ar. Separating steroids by *thin-layer* **chromatography.** 100626
Fluorogenic labeling of organophosphate pesticides with dansyl chloride. Application to residue analysis by high-pressure liquid chromatography and *thin-layer* **chromatography.** 102720
Determinaton of [the herbicide] picloram residues in water and fruit by the method of *thin-layer* **chromatography.** 102735
Studies on the relations between elongation of raw silk and properties of fabrics. IV. Relation between the raw silk ofdifferent elongation depending on the part of **cocoon** *layer* and the quality of fabrics. 095516
Limited **feeding** [of *layers].* 096743
Performance of Red X Rock sex-linked females in reverse and conventional laying cages of varying **heights** *[Layers].* 096118
Investigation of cellulose fibre structure by means of new preparation technique. IV. **Inner** *layer* structure of spruce tracheid secondary wall. 098325
Structural features of the eggshells of White Leghorn, **line** 6-E, *layers.* 096599
Evaluation of phak (rice-mill feed) in *layer* **mashes.** 096687
Effectiveness of the methods of increasing the depth of the **plowing** *layer* in soddy-podzolic loamy-sandy soils with various applications of fertilizers. 104183
To study the effect of feeding ad-lib, once-a-day and twicea-day on egg production, feed consumption per dozen eggs and per kilogram weight of eggs **produced** in *layers.* 096693
Electron microprobe analysis as a test of the correlation of west blacktail ash with Mount St. Helens **pyroclastic** *layer* T [Soils]. 103814
Relative movement of water and salts in **surface** *layers* of soil under varying soil water regime. 103660
An empirical equation for **thin** *layer* drying of rough rice with heated air. 095826
Use of high fructose syrups in **white** *layer* cake. 095406

LAYING
An occurrence of avian influenza virus infection in *laying* **chickens.** 097248
Mortality and production characteristics of *laying* **chickens** fed high- and low-erucic acid rapseed oils. 097747
Performance of Red X Rock sex-linked females in reverse and **conventional** *laying* cages of varying heights [Layers]. 096118
Raw and heated full fat soybeans in *laying* **diets** [poultry]. 096761
Effects of artificial insemination administration on **egg** *laying,* health and fertility in White Leghorn chickens. 096999
The egg and you [Cholesterol content, breeding chickens to *lay* **eggs** with less cholesterol]. 095728
Technologic equipment for the management of *laying* **hens** effects favourably the share of eggs with damaged shell [Poultry, housing]. 096100
Pesticide residues in eggs and chicks from *laying* **hens** fed low levels of several chlorinated hydrocarbon pesticides. 096759
The true metabolizable energy values of several feedingstuffs measured with roosters, *laying* **hens,** turkeys and broiler hens. 096769
Effect of citrinin, a mycotoxin produced by Penicillium citrinum, on *laying* **hens** and young broiler chicks. 097840
Vitamin D metabolism: physiological regulation in *egg-laying* **Japanese** quail. 096188
Cycloleucine and methyl-alpha-D-glucoside transport in tissue sections of magnum mucosa of *laying* **Japanese** quail as affected by egg formation cycle. 096598

LAYOUTS
Farm supply store: merchandising and *layout* **[Agribusiness].** 103576
Kinetic study of crystallization of plastic fats. I. *Layout* of **solidification** curves by large band nuclear magnetic resonance. 095521

LEACHING
Effect of nitrogenous fertilizers on the yield of hemp on *leached* **Chernozem** in the central foothill region of the Caucasus. 104070
Methods of determining nitrogen in soil for the diagnosis of plant provision with this element on *leached* **Chernozems** inKuban'. 104079
Computed *leaching* of pesticides from soil as influenced by high rainfall, plant growth and time of application. 102622
Effects of temperature shocks, hydration and *leaching* on the **subsequent** germination of uredospores of Puccinia striiformis [Fungi]. 100026
Sulfur *leaching* and lysimeter characterization [in grazed pastures]. 103828

LEAD
Teratogenicity of *lead* **acetate** in Microtus ochrogaster (prairie voles). 097870
Lead and **cadmium** content of foodstuffs. 1. Lead and cadmiumcontent of spices and table salt. 094943
Chronic *lead* poisoning in horses. 097844
Geochemical controls of *lead* **concentration** in stream water and sediments. 104486
Breeding system and population structure of Armeria maritima (Mill.) Willd. on a *zinc-lead* mine. 099356
Determination of *lead* **levels** in beef randomly selected from supermarkets. 094938
Heavy metal contents (cadmium, *lead,* **mercury)** in some wild waterfowl species. 104498
Some aspects of *lead* **pollution** [in drinking water and air] in Rio de Janeiro. 104482
Determination of *lead* **sorption** capacities of selected Illinois soils using titration curves. 103725
Roadside hay harvests. Is *lead* **[toxicity]** a threat? 096002
Lead **toxicosis** in cattle. 097848
Variations in the *lead,* **zinc** and calcium content of Dendrobaena rubida (Oligochaeta) in a base metal mining area [Soil contamination]. 104484

LEAFHOPPERS
On the host-symbiont-cycle of a *leafhopper* **(Euscelis** plebejus) endosymbiosis. 102933
Sucking inhibitory action of aromatic amines for the rice plant- and *leafhoppers* **(Homoptera:** Delphacidae, Deltocephalidae). 102284
Effects of salicylic acid on probing and oviposition of the rice plant- and *leafhoppers* **[Nilaparvata** lugens] (Homoptera: Delphacidae and Deltocephalidae). 102283
Multiplication of vesicular stomatitis virus in the *leafhopper* **Peregrinus** maidis (Ashm.), a vector of a plant rhabdovirus [Maize mosaic virus]. 101759

LEAFSPOT
Fungicide tolerance in **Cercospora** *leafspot* fungi [Peanuts, Georgia]. 101510
Timing from start to finish! A key issue in *leafspot* **control** [Cercospora, peanuts, Georgia]. 101512
Genetic pathogenicity of *leafspot* **disease** [Pyrenophora teres, Pyrenophora graminea, barley]. 101661

LEAFWORMS
Sensitivity to insect growth regulators (juvenile hormone analogues) in insecticide-resistant and susceptible stains of [Egyptian **cotton** *leafworm]* Spodoptera littoralis (Boisd.). 102376

LEAKAGE
Variation in germination and amino **acid** *leakage* of seeds with temperature related to membrane phase change. 099949

LEASING
The private nonindustrial forest resource: forest industry: *leasing* and other **corporate** approaches. 098040
The rights and obligations of the landowner and the tenant in *leasehold* under **existing** presidential issuances. 094702

North Dakota **farm** *leasing* in 1975. 094166
Rural *leases* [Legislation, France]. 094758

LEATHER

Chrome *leather* waterproofing by treatment with aldehydes and carboxylic acids. II. Effects of some chemicals and tanning, greasing and dyeing products. 095682
Making dried **fruit** *leather*. 095063
Practical aspects of fatliquoring [Incorporating **oils** into the *leather*]. 095694
Leather **surface** yield and the main factors for improving it. 095684

LEAVES

Chlorophyll concentrations in navel orange leaves in relation to iron status, *leaf* **age,** and season. 100469
Factors affecting discharge, germination and viability of spores of Microcyclus ulei [**Agent** *leaf* blight of Hevea brasiliensis]. 101647
The requirements of epiphytic bacteria Pseudobacterium lacticum 392 [isolated from **alfalfa** *leaves*] in amino acids and vitamins of the B group. 099744
The unifacial leaf of monocotyledons and its interpretation: the *leaf* of **Allium** cepa L. [Onions]. 098923
Factors influencing ascocarp formation in Polystigma ochraceum [cause of **almond** *leaf* blight]. 101648
1975 *leaf* **analysis** results on small fruit crops. 103893
Shoot morphology of a one-year oak tree [Quercus] and *leaf* **anatomy** of Betula pendula Roth. in regions of Karaganda and Leningrad. 099054
Inheritance of *leaf* **angle** in Triticum aestivum L. [Wheat]. 099191
Inheritance of resistance to **angular** *leaf* spot [Isariopsis griseola] in Phaseolus vulgaris L [Kidney beans]. 101322
Angular *leaf* spot incidence on cotton varieties sown in different periods [Xanthomonas malvacearum]. 101712
Influence of the nutritional state of cotton plants on the response to infection with Xanthomonas malvacearum (E.f. Smith) Dowson [**Angular** *leaf* spot]. 101714
Variation in the mineral composition of **apple** *leaves*. II. Variation among the apple orchards and evaluation of their nutrient substance reserves. 100449
Induced budding in root-tips and **attached** *leaves* of Heloniopsis orientalis (Liliaceae). 100549
Bacterial *leaf* nodule symbiosis in angiosperms with emphasis on Rubiaceae and Myrsinaceae. 099580
An epiphytotic of **bacterial** *leaf* and flower spot [Xanthomonas nigromaculans zinniae] of Zinnia. 101701
Classification and virulence of rice **bacterial** *leaf* blight pathogen, Xanthomonas oryzae. 101709
Composition and activity of the peroxidases in the gum, *leaves* and **bark** of Fagara [Zanthoxylum] coco of different ages. 100628
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by wheat and **barley** *leaves* injured by fumigation with sulphur dioxide. 101995
Effect of zinc on the content of gibberellin-like substances in **bean** *leaves*. 100575
14CO2 [carbon dioxide isotope] uptake and photosynthetic products of **bean** *leaves* after 0.5 or 10 hours pretreatment of plants with 100% O2 [oxygen] in light. 100618
Effect of eosin Y on the formation of local lesions and on the accumulation of callose in 'Samsun NN' tobacco and French **bean** *leaves* inoculated with tobacco mosaic virus. 101764
Ecology and nutritional energetics of the *leaf* **beetle** Gonioctena pallida L. in the Siberian taiga and forest tundra. 103103
Residues of [the insecticide] sevin and Fozalone in *leaves* and **berries** of grapevine. 102743
Methodology of sampling the *leaves* of **black** currant for the diagnosis of its fertilizer requirements. 100501
Leaf **blight** of cotton caused by Macrophomina phaseolina. 101404
Leaf **blight** of cowpea (Vigna sinensis Endl.) caused by Sclerotium rolfsii Sacc. 101405
Leaf **blight** of green gram [mung beans] caused by Curvulariaeragrostidis. 101406
Ultrastructure and chemistry of Clarkia elegans leaf wax: acomparative study with **Brassica** *leaf* waxes. 099950
Ecological studies on the control of **broad** *leaf* dock, Rumexobtusifolius L., in the grassland. I. Some properties of germination. 102090
Ecological studies on the control of **broad** *leaf* dock, Rumexobtusifolius L., in the grassland. II. Some properties of regrowing habits. 102091
Ecological studies on the control of **broad** *leaf* dock, Rumexobtusifolius L., in the Grassland. III. Chemical control of broad leaf dock in the heavily snowing regions. 102092
Methodological approach to the study of genetic bases of wheat resistance to **brown** *leaf* rust [Puccinia triticina]. 099275
Brown *leaf* rust [Puccinia dispersa] effect on functional activity of nucleic acids of rye. 101414
Histochemical investigations of wheat varieties different in their resistance to **brown** *leaf* rust [Puccinia triticina Erikss.]. 101461
Alteration of the quantity and quality of proteins in the leaves of winter wheat infected with the pathogen of **brown** *leaf* rust [Puccinia triticina]. 101611
The pyruvic acid and carbohydrate metabolism in adult plants and *leaf* **buds** of Bryophyllum daigremontianum. 100612
Constants for **calculating** *leaf* area of wheat. 098997
Fungus diseases affecting the *leaves* and **canes** of raspberries in Idaho. 101393
The peculiarity of the respiratory metabolism of the Jerusalem artichoke (Helianthus tuberosus L.) *leaves* in **case** of combined effect of the inhibitors. 100611
Ultrastructure of *leaf* **cells** of some cultivated plants infected with plant viruses. 101734
Formulation of a mathematical model for insect pest ecosystems: the **cereal** *leaf* beetle problem [Oulema melanopus and its principal parasite Tetrastichus julis]. 102336
Ultrastructure of the *leaves* of **Chenopodium** quinoa Willd. Infected with apple chlorotic leaf spot virus. 101729
Nutrient element accumulation in mazzard **cherry** *leaves* as influenced by the rootstock. 100438
Seed transmission of **cherry** *leaf* roll virus in black cherry (Prunus serotina Ehrh.). 101824
Growth of young silkworm caterpillars feeding on the *leaves* of the **Chinese** elms Ulmus pumila L. and Ulmus parvifolia Jacq. 103253
Ultrastructure of the leaves of Chenopodium quinoa Willd. Infected with apple **chlorotic** *leaf* spot virus. 101729
Extraction and determination of nitrate in **citrus** *leaves*. 100351
Changes in the free amino acids of **citrus** *leaves* in relation to citrus greening [of musambi] and citrus canker [on kinnow]. 101886
The extractives of Japanese Cladrastis species. V. Chemical constituents from the *leaves* of **Cladrastis** platycarpa Makino. 099965
Studies on the nitrogen metabolism in Satsuma mandarin orange trees. IV. Movements of proline in the *leaves* **concurrent** with the sprouting of spring shoots and their early growth. 100396
Hydrogen peroxide and acetic acid for preparing epidermal peels from **conifer** *leaves*. 099042
Identification and location of genes **controlling** *leaf* hairing in young plants of soft wheat. 099231
Efficiency of certain insecticides in **controlling** *leaf* curl disease in chillies. 102468
Connection of 2,4-D with proteins of **corn** *leaves*. 100311
Effect of nicotinic acid on the light-dependent electroresponse of **corn** *leaves*. 100314
Nitrogen concentrations of **cotton** *leaves*, buds, and bolls in relation to age and nitrogen fertilization. 100067
Aftereffect of defoliants on the content of total and protein nitrogen in **cotton** *leaves* during the initial phases of development. 100327
Effect of different ways of treatment with dalapon on the nitrogen and nucleic metabolism in the *leaves* of **cotton** and Johnsongrass [Sorghum halepense]. 102195
Mating, longevity, fertility and fecundity of the **cotton** *leaf-worm*, Spodoptera littoralis (Boisd.) (Lepidoptera: Noctuidae). 102346
Hypersensitive reaction of **cowpea** *leaves* to cucumber mosaic virus. 101806
Participation of petiole and veins in metabolism of glycolate in Virginia **creeper** *leaves* [Parthenocissus tricuspidata]. 099616
The hygroscopic movement of the *leaves* of **Dawsonia** and someother Polytrichaceae [Musci]. 098915
Carbon, nitrogen, and phosphorus dynamics during *leaf* **decay** in nutrient-enriched steam microecosystems. 104288
N2 [nitrogen] fixation associated with **decaying** *leaves* of the red mangrove (Rhizophora mangle). 103706
Borya nitida Labill.—an Australian species in the Liliaceae with **desiccation-tolerant** *leaves*. 099522
Utilization of **detached** *leaves* in benzimidazole for hybrid analysis of the resistance of wheat to brown rust. 099117
Contribution to the Musci systematics on the basis of comparative studies on *leaf* **development.** 098568
Shoot apex organisation and *leaf* **development** in Ricinus communis L. 099028
A *leaf* **disease** [Cladosporium martianoffinum] of poplar [Populus alba] from Kashmir. 101395
Observations on the Cercospora [henningsii] *leaf-spot* **disease** of cassava (Manihot esculenta). 101503
Cell **division** in *leaves*. 098981
Effect of the content of coarse and **dry** *leaves* in the raw material from mechanized harvesting on the condition of the product during tea storage. 095533
Plastid pigments content of **eggplant** *leaves* as dependent on fertilizer application. 100439
Ultrastructure and chemistry of Clarkia **elegans** *leaf* wax: acomparative study with Brassica leaf waxes. 099950
Concerning the sinuous shape of *leaf* **epidermal** cells [Dryopteris, Pteridophyta]. 099019
Classification of the *leaf* **epidermis** features of the mint family, Labiatae Juss. 098609
Dedifferentiation of tannin cells in **excised** *leaf* fragments of Cyclamen persicum Mill. cultured in vitro. 100614
Influence of temperature on nitrate metabolism and *leaf* **expansion** in soybean (Glycine max L. Merr.) seedlings. 100279
The effect of phytoncides, root and *leaf* **extracts** of some [woody] plants on the growth of Fomes annosus mycelium in culture. 101452
The *leaves* **fall** of Kalanchoe pinnata Pers. 099588
Contribution of **flag** *leaf* to grain yield in rice. 100830
Comparative studies of the infection of **flag** *leaves* and seedling leaves of wheat by Erysiphe graminis. 101540
Development of *leaf* **forms** in Ipomoea reptans (Linn.) Poir. 099493
A **fossil** *leaf* of Akaniaceae from Paleocene beds in Argentina. 098579
The ultrastructural basis of chloride tolerance in the *leaf* of **Frankenia** [grandifolia]. 098884
Regulation of *leaf* and **fruit** senescence by gibberellic acid. 099778
Intraspecies differentiation of the pathogen of *leaf* and **fruit** mold [Cladosporium fulvm] of tomatoes and methods of studying their resistance. 101642
Role of gibberellins in abscission of *leaves* and **fruits.** 099784
Contents of plastid pigments in **grape** *leaves* in high- and low-trained grapevines. 100427
Changes in the fine structure of spore cases in Plasmopara viticola due to phytoncid activity in **grape** *leaves*. 101663
Evidence for chlorophyll esterified with geranyl-geraniol in newly **greened** *leaves* [Aesculus hippocastanum]. 100366
Ontogenesis of photosynthetic membranes in the plastids of Cattleya sp. *leaves* **grown** in the light. 099533
Aboveground biomass allocation, *leaf* **growth,** and photosynthesis patterns in tundra plant forms in arctic Alaska. 098834
Water storage in *leaves* of **herbaceous** plants in the humid zone. 099985
Technical note: an **improved** *leaf* disk technique for biotests. 098456
Changes with age in the status of water and tissue characteristics in **individual** *leaves* of Vicia faba L. [Broadbeans]. 100089
EMS [ethyl methane sulphonate] and MMS [mehtyl methane sulphonate] **induced** *leaf* mutations in peas. 099151
Physiology of powdery mildew [Erysiphe cichoracearum] **infected** *leaves* of Abelmoschus esculentus. I. Respiration and photosynthesis. 101541
Application of systemic fungicides against *leaf* **infection** with wilt [Verticillium dahliae] simultaneously with defoliation of cotton. 101644
The shoot apex [Cell division, *leaf* **initiation**]. 098991
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the *leaf* **injuries** of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Ichneumonoidea (Hymenoptera) parasitic upon *leaf-mining* **insects** of the orders Lepidoptera, Hymenoptera and Coleoptera. 102913
Isoprenoid quinones and tocopherols in bulbs and *leaves* of **Iris** hollandica; occurrence of a new quinone. 100401
A new flavan glycoside from Buckleya **lanceolata** *leaves*. 099901
The effect of *leaf* **loss** on yields and on other diseases of peanuts [Research in Alabama]. 101997
Effect of some plant diseases on the **loss** of *leaves*. 102062
Release of water and nucleic acids from **maize** *leaves* repeatedly subjected to high pressures. 100299
Insects of **maize** *leaves*. 102357
Dendrophthoe falcata (Linn. F.) Etting—a parasite on the *leaf* of **Mangifera** indica Linn. 102098
Relationships between *leaf* **mass** and disease progress in foliar diseases. 102066
The resistance of black currant varieties to *leaf* **mite,** Anthocoptes ribis (Masse). 102428
A **new** *leaf* spot disease of Plumeria acutifolia caused by Alternaria alternata. 101398
Resistance to yellow-berry in Triticum durum [wheat] varieties, as related to protein synthesis and *leaf* **nitrate** reductase activity. 101903
Studies on **notched** *leaf* disease of Gladiolus caused by tobacco rattle virus (TRV). 101721
Isozymes of glutamate dehydrogenase from **oat** *leaves:* properties and light effect on synthesis. 100273
Macromolecular synthesis in **oat** *leaf* protoplasts. 100274
Changes in ribonuclease activity in **oat** *leaves* infected with Puccinia coronata avenae. 101633
Role of saponins in antifungal resistance. V. Enzymatic activation of avenacosides [Extracts of **oat** *leaves*]. 101670
Chlorophyll concentrations in navel **orange** *leaves* in relation to iron status, leaf age, and season. 100469
Significance of *leaf* **orientation** for energy input in sunflower. 100242
Formation of a delta 9-dodecenoic dibasic acid from linoleic acid by young **pea** *leaves*. 100537
Relationship between soil test values and analysis of **pecan** *leaves* taken at three dates. 103929
Pod and *leaf* **photosynthesis** and disease incidence in soybean (Glycine max (L.) Merr.) with potassium fertilization. 100157
The influence of chlorocholine chloride (CCC) on the growth and *leaf* **pigment** content of Phaseolus vulgaris L. [Kidney beans, mustard] and Sinapis alba L. 100364
Anatomy and essential oil of the *leaves* of **Piper** regnellii (Miq.) C.dC. var. regnellii. 098894
Water deficiency in meadow **plant** *leaves* depending upon conditions of the environment. 100332
Studies on the causes and the control of the spotted rice. II. On the bionomics and the control of the **red-veined** *leaf* bug [Stenodema rubrinerve]. 102293
Transport of amides of dicarboxylic amino acids from the roots to the *leaves* and **renewal** of proteins in different organs of corn seedlings. 100319

The fine structure of dehydrated and **reviving** *leaves* of Borya nitida Labill.—a desiccation-tolerant plant. 098888
Influence of buds and *leaves* on the **rooting** of rose cuttings. 100511
Isoelectrofocusing of peroxidases of the *leaves* and **roots** of wheat plants infected with stem rust. 101615
Structure of the epidermis in *leaves* of some **rosa** species from Kazakhstan. 098543
Erwinia chrysanthemi associated with *leaf* **rot** in Aechmea fasciata. 101692
Partial resistance of barley to *leaf* **rust,** Puccinia hordei. III. The inheritance of the host plant effect on latent period in four cultivars. 099202
The genetics of seedling resistance to *leaf* **rust,** Puccinia hordei Otth. in some spring barley cultivars. 099213
Pathogenic specialization in Puccinia recondita f. Sp. Tritici in N.w.f.p. [North West Frontier Province of Pakistan, *leaf* **rust** disease of wheat]. 101312
Ribonuclease activity in **rye** *leaves* affected by brown stem rust [Puccinia dispersa]. 101415
Analysis of **seasonal** *leaf* fall in north temperate deciduous forests. 098837
Roles of the cer-j and cer-p loci in determining the epicuticular wax composition on barley **seedling** *leaves*. 099239
Comparative studies of the infection of flag leaves and **seedling** *leaves* of wheat by Erysiphe graminis. 101540
Absorption and translocation of 86Rb [rubidium isotope] in relation with *leaf* **senescence** [Tobacco]. 100140
Release of barley-mildew conidia [Erysiphe graminis] from **shaken** *leaves*. 101656
Effect of *leaf* **shape** on response of cotton to plant population, N [nitrogen] rate, and irrigation. 100705
Fine anatomy of Cercosporella herpotrichoides Fron in *leaf* **sheathes** of wheat. Observations on the penetration points of host cell walls. 101363
Effect of [the defoliant] butylkaptax and magnesium chlorate on *leaf* **shedding** of fine-fibered cotton [Harvesting aid]. 101001
Effect of different duration of illumination on chlorophyll content in *leaves* of **short,** medium, and long-day plants. 099699
Single *leaf* and canopy photosynthesis in a ryegrass [Loliumperenne] sward. 100097
A method for separating the various forms of invertase in extracts of **single** *leaves* or plants of wheat. 100142
Epicuticular wax of Agropyron **smithii** *leaves*. 100268
A rough determination of sulphate reduction intensity compared with cystein-35S [sulfur isotopes] incorporation in *leaves* of **soybean,** peas and sunflower and in a mushroom mycelium culture. 100007
Organelle-specific isozymes of aspartate-alpha-ketoglutarate transaminase in **spinach** *leaves*. 100547
Chloroplast replication and chloroplast DNA synthesis in **spinach** *leaves*. 100559
Immediate photocontrol of peroxidase activity and correlation between **spinach** *leaves*. 100566
Photoperiodism and chlorophyll content of **spinach** *leaves* (Spinacia oleracea, ver. Nobel). 100567
Infection rate of vetch by *leaf* **spot** [Ascochyta punctata] with various methods of infection. 101345
A report of *leaf* **spot** diseases on some vegetable, fodder and ornamental plants. 101400
Helminthosporium [gossypii] *leaf* **spot** on cotton. 101402
Leaf **spot** disease of Rauwolfia serpentina caused by Corynespora cassilicola (Berk. & Curt.) Wei from Manipur. 101407
Leaf **spot** of cacao [Colletotrichum gloeosporioides]. 101408
Noxiousness of Cercospora beticola Sacc. *[Leaf* **spot,** sugarbeets]. 101575
A *leaf* **spot** disease of wheat caused by Pyrenophora trichostoma. 101618
Fusarium [lateritium] *leaf* **spot** of Celosia argentea L. In Nigeria. 101650
The role of sugarbeet in feeding. 3. **Sugarbeet** *leaves*. 096795
Effect of paraquat [a herbicide and preharvest desiccant] on carbon assimilation and transport by **sugarcane** *leaves* in white light and darkness. 102171
Leaf **surface** imprinting—a new, easy and cheap method. 098455
Growth and productivity of *leaf* **surface** of the bolgar [grape] variety relative to stem height. 100435
Productivity of using soil moisture and the development of *leaf* **surface** as effected by different planting density of grapevine bushes. 100613
The structure of an arabinogalactan from the *leaves* of **Symplocos** spicata. 099941
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in **tangerine** *leaves* [Insecticides, control of citrus Aleyrodidae moth]. 102473
Study of the process of fixation of **tea** *leaves* by infrared rays in a moisture-saturated environment. 095534
Localization of aluminium in **tea** *leaves*. 099921
Studies on the origin of some hydrolytic enzymes associated with the *leaves* and **tentacles** of Drosera species and their role in heterotrophic nutrition. 099881
Measurement of crop temperature by *leaf* **thermocouple,** infrared thermometry and remotely sensed thermal imagery [Alfalfa, maize]. 100066
Leaf **tissue** of Fissidens [Musci]. 098908
Distribution of essential oils in *leaf* **tissue** of an F2 population of Citrus [as related to inheritance]. 099176
Seasonal fluctuation of nutrients in soil and *leaf* **tissue** of the heather, Calluna vulgaris (Hull) L. 099801
Cell concentration as a factor in precursor incorporation by **tobacco** *leaf* protoplasts or separated cells. 100284
Genecological studies of *leaf* **tolerance** in groundsel (Senecio vulgaris L.). 099357
Water stress in plants. I. Abscisic acid level in **tomato** *leaves* after a long period of wilting. 102007
Morphological, cultural and biochemical characterization of Xanthomonas vesicatoria (Doidge) Dowson samples [Bacterial blight, **tomatoes** *leaves]*. 101686
Growth of tobacco in the field as affected by removal of *leaves* at **transplanting.** 100743
Delayed senescence in [Festuca pratensis] *leaves* **treated** with the protein synthesis inhibitor MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methylpropionamide]. 100282
A comparison of pathogenicity of Puccinia recondita **tritici[wheat** *leaf* rust] in Europe, the United States, and Canada. 101544
The influence of fluoride, malonic and pyruvic acids on the respiratory metabolism and the metabolism of dicarboxylic and tricarboxylic acids in **two-year-old** *leaves* of chicory. 100610
The **unifacial** *leaf* of monocotyledons and its interpretation: the leaf of Allium cepa L. [Onions]. 098923
Unifoliolate *leaf*: a mutant in cowpeas. 099331
Origin and the evolutionary role of *purple-leaf* **variations** of forest trees. 098155
Productivity of silkworm [Bombyx mori] fed with *leaves* of different **varieties** and forms of mulberry [Morus]. 103243
Effect of lincocin **treatment** on the greening process in [kidney] bean (Phaseolus **vulgaris)** *leaves*. 100527
Measurement of *leaf* **water** potential with a thermocouple psychrometer. 100009
Water stress induced alterations of the stomatal response to decreases in *leaf* **water** potential [Cotton]. 100265
Effects of oligochromatic lights on lipid composition of plastids in dark grown **wheat** *leaves*. 100141
Utilization of the data of analysis of winter **wheat** *leaves* for the refinement of agrochemical interpretative maps. 100234
Phosphorus metabolism in the *leaves* of **winter** wheat from various ecological groups. 100116
Formation of *leaves* in **winter** wheat plants of different age. 100127
Alteration of the quantity and quality of proteins in the *leaves* of **winter** wheat infected with the pathogen of brown leaf rust [Puccinia triticina]. 101611
Anatomy and essential oil of the *leaves* of the **Xylopia** frutescens Aublet. 098893
Chlorophyll content of tomato **yellow** *leaf* curl virus-infected tomatoes in relation to virus resistance. 101770
Tomato **yellow** *leaf* curl virus. 101776

LECITHIN

Lecithin **agar** for detection of microbial phospholipases [Reactions in egg yolk]. 094808
A convenient laboratory method for preparative **defatting** of *lecithins*. 095430
Comparison of fatty acids content in soybean and **rape** *lecithins*. 095800

LECYTHIDACEAE

Placentation in *Lecythidaceae* **[Placenta** formation]. 098895
Vascularization and nature of androecious **structures** in *Lecythidaceae*. 098897

LEEKS

Formation of generative cells in pollen grains of Allium cepa L. and Allium porrum L. **[Onions,** *leeks]*. 100387
Peculiarities of the microsporogenesis and development of pollen grains in Allium **porrum** L. *[Leeks]*. 100602
Investigations on *leek* **seed** production. III. Effect of date and mode of seed plant harvesting on seed yield and quality. 101145
Synthesis and flavor evaluation of several alkylfuranones found in Allium species (onions, **shallots,** and *leeks)*. 095920

LEGAL

How to proceed in the event of [honeybee] injuries produced by chemicals *[Legal* **aspects].** 103300
Legal **forms** of agricultural associations. 094707
The *legal* **framework:** trends in statutes and the courts [Forest land use]. 098038
Legal **phases** of farmer cooperatives. 094717
Use of *legal* **units** of measure [in agricultural technology]. 094120

LEGHORNS *see* CHICKENS

LEGISLATION

What about OSHA [Occupational Safety and Health **Act]?** *[Legislation]*. 094772
The coverage, scope and interrelations of existing **agrarian** *legislation*. 094699
Fiscal treatment of the agricultural **association** *[Legislation]*. 094706
Charcoal metallurgy programation should be integrated in the reforestation plans [Forest conservation and *legislation*. **Brazil].** 097966
Is the liquid manure bureaucracy **coming?** *[Legislation]*. 094655
Current *legislation* relating to Great Plains shelterbelts. 094768
Bacteriological control of meat. Proposals relative to the amendment of the **existing** *legislation*. 094827
Nutrition supervision in **Finland** *[Legislation]*. 094753
Current information on Swedish **food** *legislation*. 094748
Food *legislation* in Denmark. 094749
Food *legislation* and orders in Norway. 094750
Rural leases *[Legislation*. **France].** 094758
Human aspects of the agricultural syndical association [Social **organization,** *legislation]*. 094050
Local and state **protective** *legislation* for beer. 094675
Protection of water **purity** by *legislation*. 104265
Matters of national importance [Land **utilization,** *legislation]*. 094777
[Legislation on] **wages** in collective and state farms. 094732

LEGS

Evaluation of the collection entries of red and forage beets for resistance to bacterial black rot and fungus **black** *leg*. 101681
Resistence of several potato varieties against **black** *leg*. Erwinia carotovora, after injuring the tubers and inoculation. 101684
Fatty acid oxidation by the *leg* **muscles** of Cybister [confusu] beetle during vigorous exercise. 102900
Importance and establishment of herds with **sound** *legs* and hoofs in industrial dairy units. 096133

LEGUMES

Occurrence of micromycetes on grasses and *legumes* at different **altitudes** in Kashkadar'inskaya region. 098824
A Moroccan isolate of turnip mosaic virus infectious to garden pea and other *legumes* **[Aphids** as insect disease vectors]. 101781
Legumes and **Australian** agriculture, Farrer Memorial Oration, 1975. 100876
Seed size and planting time as preliminary factors on seedling emergence of some *legume* **crops** [Beans and cowpeas]. 101046
Evaluation of environment salt tolerance of selected grasses and *legumes* **[Field** crops]. 100054
[Fungus and bacterial] diseases of **forage** *legumes*, silage and root crops. 101359
Manuring of *grass-legume* **forage** mixtures. 103999
Make *legume* **forages** yield more. 100874
Current state and outlook for **grain** *legume* crops in Bulgaria and related scientific problems awaiting resolution. 094704
Studies on the productivity of Bulgarian and foreign varieties of **grain** *legumes* [Field beans, soybean, spring feed pea and chick pea]. 100804
The use of the collection of the "plant resources" section as initial material for the breeding of some **grain** *legumes*. 100807
The potential of Phaseolus coccineus [scarlet runner beans]as a **grain** *legume* in Great Britain. 101054
Results from trials for chemical weed control in **grain** *legumes*. 102112
Legume and **grass** [forage] mixtures for drained lands. 100891
Legume and **grass** mixtures for irrigated cultivated pastures in the Central-Chernozem zone. 100892
Legume and **grass** mixtures for cultivated pastures in the area east of the Volga River. 100893
Legume and **grass** mixtures for lowland meadows in the Urals. 100894
Legume and **grass** mixtures for dryland farming in Kazakhstan. 100895
Legume and **grass** mixtures for the northern Kazakhstan. 100896
Legume and **grass** mixtures for haylands on slopes [in Kirghizia]. 100897
Late summer irrigation and establishment of winter annual [forage] *legumes* in a **Mediterranean-type** climate. 100706
Estimated profitability of investment in *legume* **pasture** development in far north Queensland [Costs, returns]. 094453
Induced polyploidy in *legumes*. III. **Phaseolus** vulgaris L. [Kidney beans, varieties, meiotic chromosomes]. 098965
Virus diseases of *legume* **plants** in Indonesia. 2. Soybean stunt virus. 101744
Vegetative growth of nineteen tropical and sub-tropical pasture grasses and *legumes* in **relation** to temperature. 100328
Galactomannans and a galactoglucomannan in *legume* **seed** endosperms: structural requirements for beta-mannanase hydrolysis. 099907
Preinoculation of *legume* **seed** [with Rhizobium]. 100877
Deoxyribonucleic acid, ribonucleic acid, protein and uncombined amino acid content of *legume* **seeds** during embryogeny. 100090
Water uptake and germination of *leguminous* **seeds** [chickpeas, broadbeans] under changing external water potential in osmotic solutions. 100491
Register of Australian herbage plant cultivars [Varieties]. B. *Legumes*. 12. **Stylo,** Stylosanthes hamata (L) Taub (Caribbean stylo) cv. Verano. 100878
Functional properties of **ten** *legume* flours. 095777

Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera **wild** *leguminous* seeds in normal albino rats. 095098
Amino acid composition of **wild** *legumes* [Cassia tora, Cesalpinia bounducella]. 099681

LEGUMINOSAE
Use of *Leguminosae* for **building** up soil fertility in dry tropical soils [Nitrogen fixation]. 103796
Search for sources and a possibility of isolation of L-dopafrom domestic crude drug plant materials [Euphorbiaceae, **Gramineae,** *Leguminosae].* 099737
Determination of cyanoglucosides of plant tissues by the modified picric acid technique. I. Changes in the cynoglucoside content of some *Leguminosae* and **Gramineae** species in the early phases of germination. 100061
Studies in *Leguminosae.* 24. **Notes** on the Indo-Burmese species of Derris [New taxa]. 098636

LEISHMANIASIS
Laboratory tests in **canine** *leishmaniasis.* I. Application to diagnosis, prognosis and treatment verification in natural disease [Leishmania]. 097618

LEMNACEAE
Calibrating duckweeds: light, clocks, metabolism, flowering special characteristics of *Lemnaceae* may **offer** unique insights into plant development. 099979
Effect of some herbicides on photosynthesis of Spirodela **polyrrhiza** *(Lemnaceae).* 102071

LEMONS
Mitotic cycle in the root meristem cells of Citrus limon Burm *[lemons],* **Citrus** reticulata Blanco [mandarin oranges] and Citrus sinensis X Poncirus trifoliata. 100402
Effect of immunizing substances on pathological changes caused by the fungus Phoma tracheinhila in the tissues of **Gruzinskii** *lemon* [Mal secco disease]. 101616
Lemon **juice** particulates. Some effects of juice processing. 095917
Up-to-date status and prospects of studying the problems of infectional drying-off of *lemons* **(mal** secco disease) [Phomatracheiphila]. 101617
Nuclear DNA synthesis in meristematic root tip cells of some Citrus species *[Lemons,* **mandarin** oranges] autoradiography and microspectrophotometry. 100403
On the antagonism of the effect of gibberelline and retardants on the flowering and fruiting of *lemon* **plants.** 100571
Foliar analysis for the diagnosis of nitrogen nutrition of *lemon* **trees.** 104077

LENDING
The influence of farm **mortgage** *loan* terms on farm real estate values. 094445
A simulation analysis of alternative target price and *loan* **rate** combinations. 094439

LENSES
Reiteration frequency of delta-crystallin DNA in lens and non-lens tissues of chick embryos. Delta-crystallin gene is not amplified during *lens* **cell** differentiation. 096427
Subunit composition of delta-crystallin from embryonic **chick** *lens.* Analysis of methionine-containing tryptic peptides and cyanogen bromide peptides. 096429
Reiteration frequency of delta-crystallin DNA in *lens* and **non-lens** tissues of chick embryos. Delta-crystallin gene is not amplified during lens cell differentiation. 096427
Identification of uncommon amino acids in the lentil **seed** *(Lens* culinaris Med.). 100412
Reiteration frequency of delta-crystallin DNA in lens and *non-lens* **tissues** of chick embryos. Delta-crystallin gene is not amplified during lens cell differentiation. 096427

LENTILS
Study of the qualitites and productivity of local and **introduced** *lentil* varieties. 101175
Critical stages of irrigation for *lentil* under **late** sown upland conditions. 104321
Diseases of specialty crops in Saskatchewan. II. Notes on field pea in 1973-74 and on *lentil* in 1973. 101382
Effect of fungal staling growth products on growth behaviour of *[lentil]* **rhizosphere** microfungi [Trichoderma harzianum, Aspergillus flavus, Penicillium rubrum]. 099708
Geoperception in the *lentil* **root** cap. 100531
Identification of uncommon amino acids in the *lentil* **seed** (Lens culinaris Med.). 100412
Spatial arrangement of some erythrocyte membrane receptor **sites** *[Lentils].* 100341

LEPIDOPTERA
A new case of twin species in a mimic butterfly Acracea encedon L. *(Lepidoptera,* **Acraeidae).** 102838
A chemical trail from the silk of the eastern tent caterpillar Malacosoma **americanum** *(Lepidoptera:* Lasiocampidae). 102963
High-resolution chromosome **analysis** in *Lepidoptera.* 102799
Prevention of superparasitation of Melandrium [album] flowers (Caryophyllaceae) by Hadena **[bicruris]** *(Lepidoptera).* 103060
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the rice moth Corcyra **cephalonica** *(Lepidoptera:* Pyralidae) [Biological control]. 102302
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice moth Corcyra **cephalonica** *(Lepidoptera:* Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
A new Mynes butterfly belonging to the Tellervo mimicry **complex** *(Lepidoptera:* Nymphalidae). 103175
The role of *Lepidoptera* in the **conditions** of a cotton-alfalfa crop rotation in Turkmenia. 102319
Mating tables: a method of studying the mating and the competitive behavior of *Lepidoptera* and **Diptera** in the field [Heliothis virescens, Heliothis zea, Cochliomyia hominivorax]. 102801
Establishment of a cell line (SCLd 135) from Lymantria **dispar** *(Lepidoptera)* ovaries. 102842
Studies of various behavior patterns in the hybrid between Papilio xuthus Linne and Papilio machaon hippocrates C. et R. **Felder** *(Lepidoptera:* Papilionidae). 102828
New record of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the lac predator, Eublemma amabilis Moore (Noctuidae: *Lepidoptera)* **[Field** crop pests, natural control]. 102365
Resistance of commercial rice varieties to Sitotroga cerealella (Olivier) *(Lepidoptera:* **Gelechiidae).** 102537
A review of the genus Horama Hubner and reestablishment of the genus Poliopastea **Hampson** *(Lepidoptera:* Ctenuchidae). 103198
Lepidopterous **insects** from the Latvian SSR in biological relationship with the Norway spruce (Picea abies (L.) Karst.) [Forest pests]. 102489
The effect of light on pupation site selection in Plodia **interpunctella** *(Lepidoptera:* Pyralidae). 102810
Factors governing the induction of diapause in Ephestia elutella and Plodia **interpunctella** *(Lepidoptera).* 103074
Karyotypes of three species of *Lepidoptera* including an **investigation** of B-chromosomes in Pieris [Pieris napi, Pieris rapae]. 102901
Use of feeding rate as an indicator of caloric value in some *lepidopterous* **larvae.** 103061
The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus **Linne** *(Lepidoptera:* Papilionidae) [Biological control, citrus pests]. 102383
The role of juvenile hormone in larval duration and spermiogenesis in relation to phase variation in the tobacco cutworm, Spodoptera **litura** *(Lepidoptera:* Noctuidae). 102285
Additions to the catalog of *Lepidoptera* from the **Lyons** region (fourth supplement). 103150
New Noctuidae from **Madagascar** *(Lepidoptera,* Noctuidae). 103151
The distribution of Lymantria dispar and Lymantria **monacha** *(Lepidoptera:* Lymantriidae) in Austria and West Germany [Biological control]. 102274
Sex ratios in adult populations of codling **moth** *(Lepidoptera:* Olethreutidae) [Laspeyresia pomonella]. 102973
Characteristic of sphinx **moths** *(Lepidoptera,* Sphingidae) from Turkmenia. 102243
Haemopoiesis in *Lepidoptera.* I. The **multiplication** of circulating haemocytes. 102872
Biology and ecology of the garden moth (Mamestra oleracea L., *Lepidoptera,* **Noctuidae)** [pest of sugarbeets in Bulgaria]. 102309
Mating, longevity, fertility and fecundity of the cotton leaf-worm, Spodoptera littoralis (Boisd.) *(Lepidoptera:* **Noctuidae).** 102346
Activity of insect growth regulators (juvenile hormone analogues) against the cotton bollworm, Heliothis armigera Hbn. *(Lepidoptera:* **Noctuidae)** [Integrated control programmes]. 102375
A gynandromorph of Agrotis segetum (Denis & Schiff.) *(Lepidoptera:* **Noctuidae).** 102971
Sex chromatin and chromosome **numbers** in *Lepidoptera.* 102864
Ichneumonoidea (Hymenoptera) parasitic upon leaf-mining insects of the **orders** *Lepidoptera,* Hymenoptera and Coleoptera. 102913
Pest status of Cactoblastis cactorum (Berg) *(Lepidoptera:* **Phycitidae)** and Dactylopius opuntiae (Cockerell) (Coccoidea: Dactylopiidae) in spineless Opuntia plantations in South Africa. 102332
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) *(Lepidoptera:* **Phycitidae** [Insect pests of citrus trees, nuts and stored products]. 102437
Control of the honeydew moth, Cryptoblabes gnidiella Mill. *(Lepidoptera:* **Phycitidae),** with Bacillus thuringiensis Berliner in avocado plantations. 102457
Biology, ecology and control of kadam defoliator Arthroschista hilaralis Walk (Pyralidae, *Lepidoptera)* in **plantations** in West Bengal. 102493
Descriptions of the larvae of Spodoptera sunia and Spodoptera latifascia with a key to the mature Spodoptera larvae of the eastern United **States** *(Lepidoptera:* Noctuidae). 103138
The influence of some carbohydrate diets as adult food or group interaction during immature stages on the programming of oviposition in the spotted bollworm, Earias fabia **Stoll** *(Lepidoptera:* Noctuidae). 102354
Research on the morphology, biology and ecology of Eucosoma(Phaneta) conterminana H.-S. *(Lepidoptera,* **Tortricidae** [Insect pest control, lettuce]. 102462
Role of oesophageal connectives in cuticular melanization in larvae of the armyworm, Leucania separata **Walker** *(Lepidoptera:* Noctuidae). 102827
Melezitase and maltase from the midgut of Sesamia inferens **Walker** *(Lepidoptera:* Insecta). 102931
Moth activity of Heliothis zea (Boddie) in **Wisconsin** *(Lepidoptera:* Noctuidae). 102247
Evidence of circadian rhythm of male responsiveness to female pheromones in Acrolepiopsis (Acrolepia) assectella **Zell.** *(Lepidoptera).* 102843

LEPISMATIDAE
Insect pathological investigations on Swedish Thysanura. I. Observations on Malamoeba locustae (Protozoa, Amoebidae) from Lepisma saccharina (Thysanura, *Lepismatidae)* **[Field** crop pests, biological control]. 103028

LEPISTA
The **genus** *Lepista* and the correct nomenclature [Fungi]. 098584
Concerning **Paxillus** *lepista* Fr. [Fungi, taxonomy]. 098582

LEPORIDAE
Seasonal and regional abundance of ticks (Ixodidae) on **hares** *(Leporidae)* in Kenya. 102588

LEPTINOTARSA
Estimation of the effectiveness of the preparations "Actellic 40 EC pyrimiphosmethyl] and PP 484" [pyrimidine phosphorothionian] in the control of Colorado **beetle** *(Leptinotarsa* decemlineata Say) on Solanum laciniatum Ait. 102238
Ecological research on the role of the pheasant (Phasianus colchicus L.) and the partridge (Perdix perdix L.) in the reduction of the Colorado potato **beetle** *(Leptinotarsa* decemlineata Say.) population [Natural control]. 102460
Resistance of potato varieties to Colorado potato beetle *[Leptinotarsa* **decemlineata].** 102427
Development of resistance to some insecticides in the Colorado potato beetle *[Leptinotarsa* **decemlineata].** 102441
Repellent and toxic effect of copper oxychloride on the Colorado potato beetle *[Leptinotarsa* **decemlineata].** 102443
Some toxicological properties of alternative insecticides in Colorado potato beetle *[Leptinotarsa* **decemlineata]** control in the light of laboratory experiments. 102463
Studies on the influence of some ecological factors on the developent of the Colorado potato beetle *[Leptinotarsa* **decemlineata]** resistance to DDT and lindane within the territories of the Great Poland and Warsaw provinces. 102464
Radioautographic study of protein synthesis during early embryogenesis of *Leptinotarsa* **decemlineata** Say (Coleoptera). 102852

LEPTINUS
Studies on the biology and distribution of *Leptinus* **testaceus** Muller within a community of mixed small mammal species. 102563

LEPTOSPHAERIA *see* SPHAERIACEAE

LEPTOSPIRA
Studies on leptospirosis in animals in Croatia. XIII. Incidence of carriers of *Leptospira* in **experimentally** infected pigs. 097649
Isolation of *leptospiral* **serotype** szwajizak from dairy cattle in Oregon. 097566

LEPTOSPIROSIS
Studies on *leptospirosis* in **animals** in Croatia. XIII. Incidence of carriers of Leptospira in experimentally infected pigs. 097649
The control of outbreaks of *leptospirosis* in **beef** cattle by simultaneous vaccination and treatment with dihydrostreptomycin. 097574
Serological study on **bovine** *leptospiroses* in Guadeloupe. 097281
Clinical and serological examinations for **canine** *leptospirosis* in the Vienna area [Austria]. 097489
Antileptospiral agglutinins in equine sera of **Minas Gerais** *[Leptospirosis].* 097469

LESIONS
Atherosclerotic *lesions* produced in baboons by feeding an atherogenic diet for four years. 095053
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in **atherosclerotic** *lesions* induced in swine by hypercholesterolemic diet and intimal trauma. 096674
Pathology of **chronic** *lesions* in the mammary glands of goats (Capra hircus). 2. Fibrocystic disease and intraductal carcinomas. 097726
Mucocutaneous **fungal** *lesions* and iron deficiency [Candida albicans]. 095179
Contribution to the study of the **hepatic** *lesions* causec by Distomum magnum (Fascioloides magna) in the deer (Cervus elaphus) [Fascioliasis]. 097302
Periarteritis in experimental Border disease of sheep. II. Morphology and **histochemistry** of the *lesion.* 097399
Oligogynophoria, a virus **induced** *lesion* in the groundnut, Arachis hypogaea L. 101749
Effect of eosin Y on the formation of **local** *lesions* and on the accumulation of callose in 'Samsun NN' tobacco and French bean leaves inoculated with tobacco mosaic virus. 101764
Lesions and **microorganisms** in aborted bovine fetuses with bovine viral diarrhea antibodies. 097532
Microscopic *lesions* suggestive of Marek's disease in a black francolin (Francolinus f. francolinus) [similar to those described in chickens]. 097262
Relative susceptibility of selected cultivars of potato to Pratylenchus penetrans *[Root-lesion* **nematode].** 101936

Neurologic *lesions* of velogenic viscerotropic Newcastle disease virus in parrots, budgerigars, and canaries. 097538
Studies of *lesions* **produced** in the brains of colostrum deprived lambs by Clostridium welchii (Clostridium perfringens) type D toxin. 097401
Lesions in the **ribosomes** of non-viable pea (Pisum arvense) embryonic axis tissue. 100372

LESPEDEZA
Lespedeza of Korea 2. Trichomes for an **identification** of the *Lespedeza*. 098717

LETHAL
Sterility and *lethality* in **crosses** involving two translocation heterozygotes [for control] of the German cockroach, Blattella germanica (L.). 102528
Studies on Drosophila radiosensitive strains. I. Isolation of radiosensitive strains, their frequencies of spontaneous **dominant** *lethals* and of X-chromosome non-disjunction. 102950
Dynamics of the expression of spontaneous **dominant** *lethal* mutations during the ontogenesis of Drosophila [melanogaster]. 103101
Dwarfing and *lethal* **genes** in apple progenies. 099177
Lethal **influence** of dried air on Sitophilus granarius L. (Coleoptera, Curculionidae). 102543
Genetics of **recessive** *lethality* in the fern, Osmunda regalis [Pteridophyta]. 099327
The genetics of black larva, an autosomal **recessive** *lethal* mutation located on chromosome 3 in the mosquito Anopheles albimanus. 102865
Investigations on radio-sensitive and radio-resistant populations of Drosophila melanogaster. VII. High relative radio resistance to the induction of sex-linked **recessive** *lethals* in stage-7 oocytes of RO 14 [irradiation]. 103056
Lethal **trait** A 46 in [Black Pied Danish] cattle. Intestinal zinc absorption [Hereditary parakeratosis]. 097835
UV **[ultraviolet]-induced** *lethal* sectoring and pure mutant clones in yeast [Saccharomyces cerevisiae]. 099350
Replanting coconuts in Jamaica through the *Lethal* **Yellowing** Insurance Regulations [Rehabilitation program]. 094657
Accumulation of antibiotic residues in the fruit of coconut palms treated with oxytetracycline for the control of *lethal* **yellowing.** 094895

LETHOCERUS
Is the chemomechanical energy transformation reversible? *[Lethocerus* **maximus].** 103072

LETTUCE
Influence of artificial rainfall and washing on the benomyl and thiophanate-methyl residue **content** in *lettuce*. 102756
Research on the morphology, biology and ecology of Eucosoma(Phaneta) conterminana H.-S. (Lepidoptera, Tortricidae [Insect pest **control,** *lettuce]*. 102462
Mixed infections by *lettuce* and **cucumber** mosaic viruses in Lactuca spp. in Sicily. 101771
The dynamics of [the nematicide] Fensulfothion residues in cucumbers for pickling and in **cutting** *lettuce*. 102657
Postharvest effect of modified levels of carbon monoxide, carbon dioxide, and oxygen on disorders and appearance of **head** *lettuce* [during transportation in controlled atmosphere]. 101923
Quality of **iceberg** *lettuce* in film overwraps during simulated export [Salability]. 094486
Virus diseases of vegetable crops in Apulia. XVII. A yellow mosaic of *lettuce* **induced** by chicory yellow mottle virus. 101778
The nitrate and protein content of *lettuce* **(Lactuca** sativa var. capitata (Butterhead salat) grown under different conditions. 095950
Influence of different cytokinins on the germination of *lettuce* **(Lactuca** sativa) and celery (Apium graveolens) seeds. 100533
Neutral red response as a measure of the pH [hydrogen-ion concentration] gradient across chloroplast membranes in the **light** *[Lettuce]*. 100416
The adequacy of the independence of markets assumption in interregional competition **models** *[Lettuce]*. 094619
Morphogenesis in *lettuce*. 100601
Proof of interactions between infections with *lettuce* **mosaic** virus and cucumber mosaic virus in fields of lettuce plants. 101780
Seed coating, precision planting, and sprinkler irrigation for optimum stand establishment *[Lettuce,* **onion,** carrots, sugarbeets]. 101023
Proof of interactions between infections with lettuce mosaic virus and cucumber mosaic virus in fields of *lettuce* **plants.** 101780
Rate of metabolite accumulation into latex of *lettuce* and **proposed** association with tipburn injury. 101924
Prospective *lettuce* harvest mechanization: impact on labor. 103459
Some physical and chemical properties of the *lettuce* **seed** endosperm. 100405
Effects of benomyl [fungicide] on alkanes and fatty alcohols of the surface wax of *lettuce* **seedlings.** 101667
Check on the existence of the complementary genes for the [heart forming] of **summer** *lettuce* (Lactuca sativa). 099381
Understanding *lettuce* [Culture, varieties]. 101038
Differential effects of cadmium on *lettuce* **varieties** [Phytotoxicity, from contaminated soils]. 101892
Control of **water** *lettuce*, Pistia stratiotes, with diquat and 2,4-D [Aquatic weeds, dichlorophenoxyacetic acid]. 102163

LEUCANIA
Role of oesophageal connectives in cuticular melanization in larvae of the armyworm, *Leucania* **separata** Walker (Lepidoptera: Noctuidae). 102827

LEUCANTHA
Mycoplasmalike bodies observed in the plants of bottle gourd, chayote and balsam-pear **[Lagenaria** *leucantha*, Sechium edule, Momordica charantia] with witches'-broom [disease] in Taiwan. 101787

LEUCINE
Effect of vitamin B6 on *leucine-induced* **changes** in human subjects. 094986
Leucine **incorporation** in the ganglia of praying mantids [Stagmatoptera biocellata] during a learning process. 103007

LEUCOCYTOZOON
Prevalence and distribution of *Leucocytozoon* **smithi** and Haemoproteus meleagridis in wild turkeys in South Carolina. 097435

LEUCOPENIA
Effect of **feline** *panleukopenia* virus infection and development of humoral and cellular immunity. 097314

LEUKEMIA
The laboratory diagnosis of **bovine** *leukemia* virus infection. 097552
Evidence for the multiple oncogenic potential of **cloned** *leukemia* virus: in vitro and in vivo studies with avian erythroblastosis virus [Chicks]. 097669
A comparison of the agar-gel diffusion and complement fixation tests for bovine **C-type** *(leukemia)* virus. 097496
Some considerations on pathologic and epizootiologic aspects of **feline** *leukemia*. 097620
The **feline** *leukemia* complex. 3. Atypical leukemias. 097809
Some characteristics of a myeloid and a **lymphoid** *leukaemia* of mice and their susceptibility toward cytostatic agents. 097648

LEUKOCYTES
Polymorphism of phosphoglucomutase in **cattle** *leucocytes*. 096859
Decreased interferon produced by *leukocytes* in **marasmus** [Disease in malnourished children]. 094955
Separation of **mononuclear** *leukocytes* and polymorphonuclear leukocytes from equine blood. 096286
Studies on age **specific** *leukocyte* and lymphocyte counts in normal Friesian, Red Danish and Jersey [dairy] cattle in Denmark [Blood profiles]. 096494
The occurrence of virus in *leukocytes* of **vaccinated** chickens following challenge with virulent Newcastle disease virus. 097269

LEUKOSIS
Chicken egg yolk enhances focus formation by subgroup B, C and D Rous sarcoma viruses [Assaying for **avian** *leukosis* virus antibodies]. 097408
Enzootic *leukosis* in cattle in Italy. Personal observations and experiments for experimental transmission [Virus]. 097304
Some observations on the epizootology and pathology of [avian] **lymphoid** *leucosis* and Marek's disease. 097450

LEVEILLULA
The powdery mildew of parsley caused by *Leveillula* **lanuginosa** (Fuck.) Golovin. 101537

LIBOCEDRUS
Fomes annosus as a factor in the management of recreational forests [Yosemite Valley, Pinus ponderosa, *Libocedrus* **decurrens].** 101436

LIBRARIES
Agricultural Stabilization and Conservation Service aerial photography—photo indexes [at the National **Agricultural** *Library]*. 093954
Management by objectives at the National **Agricultural** *Library*. 093956
USDA [U.S. Dept. Of Agriculture] radio and television archives established at NAL [National **Agricultural** *Library]*. 093957
The National Arboretum Library: NAL [National **Agricultural** *Library]* support aids research programs. 098441
The **entomology** *library* at the U. S. National Museum of Natural History Smithsonian Institution, Washington, D. C. 102789

LICE
Controlling *lice* [in mink]. 102560
A trial to combat **mixed** *louse* and tick infestation in poultry using Sumithion (R). 102610

LICHENS
The Fulgensietum fulgentis *[lichen]* **acssociation** in the Geneva region. 098850
Experimental study of the accumulation of cesium-137 [isotope] by *lichens* from **aqueous** solutions (Cladonia rangiferina (L.) Web. as an example [Radioactive contamination]. 104648
Influence of certain ecological factors on the content of various compounds in *lichens* **[Cladonia** alpestris, Cladonia mitis, Cladonia rangiferina, Hypogymnia physodes]. 098854
Frequency and distribution pattern of **corticolous** *lichens* at Gopalpur, Orissa. 098810
The *lichens* of **County** Carlow, Ireland. 098692
Fungi of **crustaceous** *lichens* in pure culture; their morphogenesis. 099602
Ecological physiology of the *lichen* **Hypogymnia** physodes. I. Some effects of constant water saturation. 099877
Ecological physiology of the *lichen* **Hypogymnia** physodes. II. Effects of wetting and drying cycles and the concept of 'physiological buffering'. 099878
Ecological physiology of the *lichen* **Hypogymnia** physodes. III. The importance of the rewetting phase. 099879
The uptake and metabolism of phosphate by the *lichen* **hypogymnia** physodes. 099883
Mapping of some *lichen* **indicators** of air pollution in Geneva. 104632
Lichens from the **Irtysh** strip-like pine forests in the Semipalatinsk Region. 098777
Role of the Bryophyta and *lichens* in **multidimensional** analysis applied to the floristical groups of Pinus sylvestris L. Woodlands, Pinus uncinata Mill. woodlands in the eastern Pyrenees, the Causses and the southwestern Alps range. 098781
Synthesis of nephroarctin and phenarctin [from *lichen* **Nephroma** arcticum]. 099825
The systematic **position** of *lichens*. 098508
Lichens from **spruce** [Picea] forests in the Latvian SSR. 098608
Brassicasterol in Cladonia gonecha and Stereocaulon **tomentosum** *[Lichens]*. 099903

LICORICE
The occurrence of an isoflavene and the corresponding isoflavone in *licorice* **root** [Glycyrrhiza glabra]. 099672

LIFETIME
Intensity dependence of the **fluorescence** *lifetime* of in vivo chlorophyll excited by a picosecond light pulse [Measurements in Chlorella pyrenoidosa, Algae]. 099980
Relationship of first lactation performance to *lifetime* **production** and economic efficiency [Cows]. 096444

LIGANDS
Energetics of *ligand* **binding** to proteins. 096169

LIGHT
The effect of *light* on **acid-soluble** polysaccharide accumulation in Sclerotium rolfsii Sacc. [Fungi]. 099633
Primary reactions of photosystem II at low pH [hydrogen-ion concentration]. 2. *Light-induced* **changes** of absorbance and electron spin resonance in spinach chloroplasts. 100375
Influence of *light* on **chromate** reduction in chlorophyll organisms studies by electronic paramagnetic resonance spectroscopy. 099612
Calibrating duckweeds: *light,* **clocks,** metabolism, flowering special characteristics of Lemnaceae may offer unique insights into plant development. 099979
Effect of impulsive **concentrated** *light* on the alteration of some characters in wheat [Radiomutants]. 099250
Study of assmilatory apparatus of the undergrowth in connection with *light* **conditions** under the canopy in the forest-steppe oak woods [Quercus, photosynthesis, solar radiation]. 100690
Experimental cow barns in *light* **construction.** 103338
Light **control** of anthocyanin biosynthesis in Zea [mays] seedlings [Maize]. 100255
Influence of the **daily** *light* cycle on the behavior of Argascooleyi (Acarina: Argasidae). 102582
Dynamic *light* scattering of bovine cornea. 096436
Light as an **ecological** factor: II, the 16th symposium of the British Ecological Society 26-28 March 1974. 098863
Light and the **ecology** of Laminaria hyperborea. II. [Algae]. 098861
Isozymes of glutamate dehydrogenase from oat leaves: properties and *light* **effect** on synthesis. 100273
Light **effects** on phenylalanine ammonia-lyase substrate levels and turnover rates in maize seedlings. 100283
Estimation of the *light-induced* **electrical** potential at the functional membrane of photosynthesis using a voltage-dependent ionophore [spinach chloroplasts]. 100414
Effect of nicotinic acid on the *light-dependent* **electroresponse** of corn leaves. 100314
Chloroplastid modifications in Marchantia polymorpha induced by a *light* **excess** [Hepaticae]. 099593
Stability of edible oils and fats to **fluorescent** *light* irradiation. 095469
Shade avoidance and shade tolerance in flowering plants. II. Effects of *light* on the **germination** of species of contrasted ecology. 098865
Ontogenesis of photosynthetic membranes in the plastids of Cattleya sp. leaves **grown** in the *light*. 099533
Light and the **growth** of ash [Fraxinus excelsior]. 098862

The effects of various intensities of *light* on the **growth** of four sources of black cherry. 100679
Differentiation of chloroplast lamellae. *Light* **harvesting** efficiency and grana development [Etiolated pea plants]. 100361
Light **induction** of polar growth in enucleated fragments of Acetabularia mediterranea [Algae]. 099984
Oxidation of lipid components isolated [pea] chloroplasts under the **influence** of *light*. 100579
Light-mediated **inhibition** of in vitro development of rudimentary embryos of Ilex opaca. 099476
Intracellular ATP [adenosine triphosphates] level and *light-induced* **inhibition** of respiration in a blue-green alga, Anabaena variabilis. 099919
The influence of daylength, *light* **intensity** and temperature on the growth rates of planktonic blue-green algae. 099582
Photochemical activities of etiochlorplasts isolated from plants greened under **intermittent** *light*. I. Absorption of oxygen [Wheat]. 100259
Photochemical activities of etiochloroplasts isolated from plants greened under **intermittent** *light*. II. Photobleaching of pigments [Wheat]. 100260
Some toxicological properties of alternative insecticides in Colorado potato beetle [Leptinotarsa decemlineata] control in the *light* of **laboratory** experiments. 102463
Neutral red response as a measure of the pH [hydrogen-ion concentration] gradient across chloroplast membranes in the *light* **[Lettuce].** 100416
Induction of resting spore germination in Entomophthora aphidis [Fungi] by **long-day** *light* conditions. 099623
Effect of *light* upon **membrane** potential, conductance, and ion fluxes in Riccia fluitans [Hepaticae]. 099840
14CO2 [carbon dioxide isotope] uptake and photosynthetic products of bean leaves after 0.5 or 10 hours pretreatment of plants with 100% O2 **[oxygen]** in *light*. 100618
Mathematical formulation of the relationship between photosynthesis and *light* for **phytoplankton.** 099851
Intensity dependence of the fluorescence lifetime of in vivo chlorophyll excited by a **picosecond** *light* pulse [Measurements in Chlorella pyrenoidosa, Algae]. 099980
Light and **plant** response in fresh water [Algae]. 098860
Polarized *light* sensitivity in arthropods. 103107
The effect of *light* on **pupation** site selection in Plodia interpunctella (Lepidoptera: Pyralidae). 102810
The development of the electroretinogram in normal and *light-deprived* **rabbits.** 096503
Analytical study of growth and reproduction in Amaranthus spinosus L. subjected to stress from **reduced** *light* intensities. 102123
On the trial production and the principle of device measuring **reflected** *light* for determining surface-sand water content [in forest soil]. 103773
Effect of *light* **regulation** in fur development and growth in mink. 096476
Fruit distribution and **relative** *light* intensity in the canopies of Satsuma mandarin orange trees. 100395
A new approach to breeding for root-rot **resistant** *light* red kidney beans. 101317
Light **soddy-podzolic** soils in the Moscow Region, their properties and fertility. 103755
Crop rotations on *light* **soils** in Byelorussia. 100784
Seed production of lupine on *light* **soils.** 100786
Effect of NPK [nitrogen, phosphorus, potassium] application on the yield of blackgram on *light* **soils.** 100841
Experience of reclamation of *light* **soils** with the application of peatr suspension. 103953
Results and tasks of investigations in increasing the fertility of *light* **soils** in Estonia. 104191
Irrigation, a prerequisite for obtaining high cereal yields on *light* **soils.** 104283
Effects of the spectral composition of *light* **sources** on the growth of a higher plant [Impatiens parviflora]. 100000
Phenolic compounds in cultures of tissues of tea plants and the effect of *light* on their **synthesis.** 099995
The role of applying organic fertilizers at different depth in increasing the fertility of *light* **texture** soils. 103956
Major ways of increasing the fertility of soddy-podzolic soils of *light* **texture.** 104185
Light-induced **transformations** of methoxychlor [insecticide] in aquatic systems. 102711
Automatic monitoring of a circadian rhythm of change in *light* **transmittance** in Ulva [lactuca latissima]. 099942
Light **traps** [of cotton insect pests], what are they and how do they work. 102360
Light-reactivation of **(Tris-washed)-DPIP** [2,6-dichlorophenol indophenol]-treated chloroplasts: manganese incorporation, chlorphyll fluorescence, action spectrum and oxygen evolution. 099920
The inhibitory action of cycloheximide on respiration of coleoptiles is relieved by *light* **[Triticum,** Avena]. 100263
Repair of deoxyribonucleic acid in **ultraviolet** *light-sensitive* and -resistant Dictyostelium discoideum strains [Fungi]. 099813
The physiology of sorghum seed development as affected by *light* and **water** stress. 100295
Effect of paraquat [a herbicide and preharvest desiccant] on carbon assimilation and transport by sugarcane leaves in **white** *light* and darkness. 102171
Utilization of *light* in **wide-space** potato stands [Photosynthesis]. 100572

LIGHTNING

Lightning **stroke** of cattle in modern stables. 097801

LIGHTWEIGHT

A *lightweight* **electronic** device for measurement of grazing time of cattle. 096820
A new, *lightweight,* **transparent** insect cage [Vectors of Spiroplasma citri, the causative agent of stubborn disease of citrus, virus diseases]. 102384

LIGNAN

Four **new** *lignans* from Aptosimum spinescens (Thunbg.). 100015
Extractive components from the nutmeg of Myrisitica simarumA. DC: the structure of *lignanketone:* **otobanone.** 099709
Aporphine alkaloids and *lignans* formed in **response** to injury of sapwood in Liriodendron tulipifera. 102008

LIGNINS

On the problem of sulphiting mechanism of p-hydroxybenzyl **alcohols** [from *lignin].* 098344
Magnetochemistry of *lignin.* I. **Ash** composition of industrial lignin samples and influence of cations on their magnetic properties. 098338
Investigation of lignin form deciduous wood species. I. Investigation of **aspen** *lignin.* 098328
Investigation of enzymatically destructed wood. XVII. Ultraviolet-spectra of *lignin* from **birch** wood. 098327
Microbial degradation of lignocellulose [by white-rot fungus, Polyporus versicolor]: the *lignin* **component** [Quercus albus, Acer rubrum, Typha latifola]. 098181
Infrared spectroscopy of wood and its main components. VI. Determination of *lignin* **content** an sulphate cellulose samples. 098320
On connection of morphological structure of spruce wood tracheids with *lignin* **content** in unbleached sulphite pulps. 098342
Infrared spectroscopy of wood and its main components. VII. Determination of *lignin* **content** in birch wood samples damaged by the fungus Fomitopsis pinicola. I. 101486
Ozonolysis activation strengthening of water solutions of *lignin* **derivatives** by high-frequency vibrations. 098347
Spectrophotometric **determination** of *lignin.* 098410
Studies on degradation mechanism of beta-ether bonds of *lignin* **dimeric** model compounds in acid medium. 098360
On **dioxane** *lignins* of Siberian larch [Larix sibirica]. 098343
Investigation of *lignin* **form** deciduous wood species. I. Investigation of aspen lignin. 098328
Study of the *lignin* **growth** stimulator effect on the Druzhbatomato variety. 100443
Studies of **hardwood** *lignin.* IV. Study of birch wood lignin. 098359
Magnetochemistry of lignin. I. Ash composition of **industrial** *lignin* samples and influence of cations on their magnetic properties. 098338
Lignin **influence** in styrol radiation polymerization in birch wood cell wall. 098336
Influence of *lignin* **isolation** on wood swelling and mechanical properties. 098315
Fluorescence characteristics of *lignin* **model** compounds. I. Styrene derivatives. 098178
Kinetics and mechanism of sulphiting of some dimer **model** *lignin* compounds. 098332
Reactions of *lignin* **model** compounds with diizocyanates. V. Spectral investigation. 098350
Changes in infrared spectra of *lignin* at its **modification.** III. Changes in infrared-spectrum of spruce MWL at methylation (within the range of 1500-1000 cm-1). 098297
On the problem of polymer formation at **oxidatonof** *lignin* model compounds in alkali media. 098345
Role of oxygen in molecular weight changes of *lignin* during **oxydative** delignification of wood. 098354
Revealing of active centres of *lignin* **preparations** interacting with water and aliphatic alcohols by infrared spectroscopy. 098351
Oxydation of *lignins* of **[pulping]** waste waters with ozone. 098346
Accumulation of carbohydrates and *lignin* in the **stems** of fiber flax stems with different resistance to lodging. 100325
On acid-basic interaction of *lignin* with **strong** acids. 098340
Role of acid-basic catalysis in conversion of elemental model compounds of *lignin* **structural** unit. 098352
Role of acid-basic catalysis in formation of polymer products at heating model compounds of *lignin* **structural** unit. 098353
Synthesis and reactions of hydroxylated stilbenes and their possible occurrence as chromophore precursor **structures** in *lignin.* 098376
Synthesis and reactions of hydroxylated stilbenes and their possible occurrence as chromophore precursor **structures** in *lignin.* 098377
On adsorption of *lignin* **substances** by cellulose in alkali pulping. 098341
Study of industrially obtained **sulphate** *lignin.* 098366
Investigation of **sulphate** *lignin* oxidation by means of gel chromatography. 098388
Influence of *lignin* on **thermochemical** polymerization of monomers. II. Influence of modified alkali birch wood lignin preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314
Long-term stability of **waste** *lignins* in aquatic systems. 2. Stability in saline water [Pulping]. 098413
Lignosulphonates and natural **water-soluble** *lignin* in the Lielupe River water. 098337
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali birch **wood** *lignin* preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314
Investigation of changes in chemical composition of **wood** *lignin* during its polycondensation with phenol and formaldehyde. 098329
Sorption of *lignin* by **wood** on treatment with black liquor. 098358
Studies of hardwood lignin. IV. Study of birch **wood** *lignin.* 098359

LIGNOCELLULOSE

Production of single-cell protein for animal feed from *lignocellulose* **wastes.** 096065
Microbial degradation of *lignocellulose* [by **white-rot** fungus, Polyporus versicolor]: the lignin component [Quercus albus, Acer rubrum, Typha latifola]. 098181

LIGNOSULFONIC

Removal of protein and fat from meat slaughtering and packing wastes using *lignosulfonic* **acid.** 095702

LIGUSTRUM

Powdery mildew [Microsphaera], a new disease of *Ligustrum* **japonicum.** 101560

LILIACEAE

Borya nitida Labill.—an Australian species in the *Liliaceae* with **desiccation-tolerant** leaves. 099522
Induced budding in root-tips and attached leaves of Heloniopsis **orientalis** *(Liliaceae).* 100549
Cytological observations on some West Himalayan monocots. II. Smilacaceae, *Liliaceae* and **Trilliaceae.** 098956

LILIES

New *lilies* are garden plants, not wildflowers [Lilium, varieties]. 101033

LILIUM

Lilium X **'Black** Beauty'—a potential bridging hybrid in Lilium [Overcoming hybrid sterility]. 099197
Analysis of stylar self-incompatibility competence by use of heat induced inactivation *[Lilium* **longiflorum].** 099410
Morphological changes and factors influencing shoot apex development of *Lilium* **longiflorum** Thumb. during forcing. 100480
Enzymes in biogenesis of plant cell wall polysaccharides enzyme characterization using tracer techniques *[Lilium,* **maize].** 099794
Lilium X 'Black Beauty'—a potential bridging hybrid in *Lilium* **[Overcoming** hybrid sterility]. 099197
New lilies are garden plants, not wildflowers *[Lilium,* **varieties].** 101033

LIMA

Race D of Phytophthora phaseoli [Blight of *lima* **beans].** 101561
Relative efficiency of nitrogenous fertilizers on *lima* **beans.** 104002
Metabolism of Na2 75SeO4 [sodium selenate] in Astragalus **bisulcatus** *lima* bean, and wheat: a comparative study [Incorporation of selenium]. 099834

LIMBS

Autoradiographic analysis of macromolecular syntheses in prospectively necrotic cells of the **chick** *limb* bud. II. Nucleic acids. 096338
Forelimb **lameness** in young, rapidly growing dogs. 097833
Orthopedic problems of the **lower** *limbs* [Fractures, dogs]. 097785
Congenital and acquired **rear** *limb* arthropathies. 097103

LIMES

Apply *lime* now. 104100
Cation-anion balance in *lime-induced* **chlorosis** [Soybeans]. 101875
Lime **chlorosis** on photosynthesis and transpiration of iron-inefficient soybeans. 101879
Lime-induced **chlorosis** caused by excess irrigation water [Soybeans]. 101880
The role of sowing lupine, application of fertilizers and *lime* in the **cultivation** of soddy-podzolic sandy and loamy-sandy soils. 103957
Lime **helps** establish crownvetch [Coronilla varia] on coal-breaker refuse. 104159
Effects of three nitrogen fertilizers and *lime* on pH **[hydrogen-ion** concentration] and exchangeable catton content at different depths in cropped soils at two sites in the Nigerian savanna. 104157
Lime: **materials,** their use and rates [Soil amendments]. 104036
Effect of *lime* and **molybdenum** on the yield of urad [Mungo beans]. 103975
Buffer pH [hydrogen-ion concentration] acidity in relation to nature of soil acidity and expression of *lime* **requirement.** 103922
Comparison of different methods of *lime* **requirement.** II. Response of paddy crop to liming. 104108
Behaviour of zinc in *lime* **soils.** II. Study of some factors affecting zinc migration in soils. 103671
Low pressure (hypobaric) **storage** of *limes.* 095922
Drainage and the **supply** of *lime.* 103792

Searching by Adalia bipunctata (L.) (Coleoptera: Coccinellidae) and escape behaviour of its aphid and cicadellid prey on *lime* (**Tilia** X vulgaris Hayne). 102393
Utilization of *lime-containing* **waste** from the Magnitogorsk metallurgical works for the reclamation of acid soils. 104094

LIMESTONE
Annual **agricultural** *liming* materials bulletin. 103913
Practical **considerations** on *liming*. 103936
Comparison of different methods of lime requirement. II. Response of paddy **crop** to *liming*. 104108
Soil acidity and *liming* in the **humid** tropics. 103935
Response of berseem [clover] to *liming* and different **intervals** of cutting. 100861
Influence of long-term fertilization and *liming* on the **microorganism** population in soddy-podzolic soils. 104107
Fertilizing, *liming*, and **soil** improvement of marshland. 104104

LIMOUSIN
A *Limousin* **cattle** breed is established in the United States. 096985

LINARIA
Honey plants [Euphorbia humifusa, Buxus sempervirens, *Linaria* **spuria,** Verbascum thapsus]. 101287

LINCOMYCIN
Prevention of swine dysentery with a combination of *lincomycin* and **spectinomycin** and resistance of swine dysentery to tylosin and sodium arsanilate. 097226

LINDANE
Action of two insecticides: *lindane* and **dichlorvos** on mice adrenal glands. 102672
Model study with pheasants on the carry over of the fungicide hexachlorobenzene, the **insecticide** *lindane* and the herbicide terbutryn. 102694
Electrochemical reduction and anaerobic degradation of *lindane* [**Organochlorine** insecticides]. 102707
Studies on the influence of some ecological factors on the developent of the Colorado potato beetle [Leptinotarsa decemlineata] resistance to DDT and *lindane* within the **territories** of the Great Poland and Warsaw provinces. 102464

LINEAR
Evolution of the *linear* **equation** between fresh body weights and dry body weights in an insect population during a period of strong evaporation [Tomocerus minor]. 102844
Estimation of sire's breeding value. V. Derivations of variance-covariance matrices of a solution of normal equations of a **mixed** *linear* model subject to selection bias. 097077
A *linear* **model** of the long-term dynamics of soil organic water. 103801
Estimation of sire's breeding value. VI. Different *linear* **prediction** methods discussed in the context of the breeding structure of the population. 097078
Standard formulation of *linear* **programming** matrixes as a basis for operational planning in the [agricultural] economic advisory field. 094215
Execution of the Dantzig-Wolfe's decomposition algorithm in the computer MSP 2A *[Linear* **programming].** 094646
A *linear* **programming** model and matrix generator for evaluating alternative beef-forage systems. 096798
A *non-linear* **programming** approach to floodplain management with non-structural alternatives. 104405
Some alternatives to *linear* **unbiased** estimation and traditional pretest procedures [used by most applied researchers in economics]. 094130

LININGS
The cell coat of Crithidia fasciculata [attached to the **cuticular** *lining* of the hindgut of Anopheles gambiae]. 102603

LINOLEIC
Breakdown of *linoleic* **acid** hydroperoxydes. Formation of volatile carbonyl compounds [Food]. 095539
Autoxidation in milk rich in *linoleic* **acid.** II. Modification of the initiation system and control of oxidation. 095579
Formation of a delta 9-dodecenoic dibasic acid from *linoleic* **acid** by young pea leaves. 100537
Improved procedures for the isolation of pure oleic, *linoleic,* and **linolenic** acids or their methyl esters from natural sources. 095485
Metal-requiring and non-metal-requiring catalysts in the autoxidation of **methyl** *linoleate.* 095467

LINOLENIC
Improved procedures for the isolation of pure oleic, linoleic, and *linolenic* **acids** or their methyl esters from natural sources. 095485

LINSEED
Studies on mixed cropping in Tarai region under unirrigatedconditions [Wheat, barley, chickpeas, *linseed,* **Brassica** juncea, mustard]. 100866
Sperm oil replacements from selectively hydrogenated soybean and *linseed* **esters:** special lubricants. 095815
Water **management** in *linseed.* 104319
Breeding better rape and *linseed* for **Western** Australia. 099318

LINYPHIIDAE
The spider fauna of Finland and east Fennoscandia. VI. *Linyphiidae.* 1. The **Linyphiinae** and Linyphiinae-like Micryphantinae [New taxa, Bolyphantes kilpisjaerviensis]. 103160

LIPAPHIS
Crop spraying schedules against rapeseeds and mustard pests *[Lipaphis* **erysimi].** 102371
Trials for standardization of aphid flight survey with yellow water pan trap. II. Suitable location of water trap for catching alate aphids [Myzus persicae, *Lipaphis* **erysimi,** Brevicoryne brassicae, Japanese radishes]. 102387
Effect of altozar, a juvenile-hormone analogue, on Coccinella septempunctata Linnaeus [Predator of *Lipaphis* **erysimi,** biological control]. 102390
Effect of temperature and humidity on the trapping of alate mustard aphid, *Lipaphis* **erysimi** (Kaltenbach). 102430
Some observations on aphidophagus coccinellid beetles *[Lipaphis* **erysimi]** in mustard cultivation. 102469

LIPASES
Milk **lipoprotein** *lipases:* a review. 095591
Lipoprotein *lipase* and uptake of chylomicron triacylglycerol and cholesterol by perfused rat mammary tissue. 096243

LIPIDS
Studies and observations on the influence of insecticides on the process of autoxidation. IX. Infrared spectroscopic evaluation of *lipid* **autoxidation.** 102689
Nutrition physiological aspects of deep frying fats and oils. 7. Effect of frying fats and oils on lipid metabolism and fatty acid composition of **body** *lipids.* 095230
The *lipids* of **buffalo** spermatozoa and seminal plasma. 096968
Comparative effects of fructose and glucose on the *lipid* and **carbohydrate** metabolism of perfused rat liver. 096656
Lipid-oxidation **catalyses** by substances in water on lipid-water interface. 095465
Relationships between *lipid* **changes** and plastid ultrastructural changes in senescing and regreening soybean cotyledons. 100221
Changes in **chloroplast** *lipids* during the development of photosynthetic activity in barley etio-chloroplasts. 100251
Changes in the amount of **complex** *lipids* in the seeds and in the pericarp during the development of ivy fruit (Hedera helix). 100525
Oxidation of *lipid* **components** isolated [pea] chloroplasts under the influence of light. 100579
Pearlmillet. I. Characterization by SEM [scanning electron microscopy], amino acid analysis, *lipid* **composition,** and prolamine solubility. 095788
Biomasses from fat by-products. III. *Lipid* **composition** of yeast cells [Candida lipolytica, Torulopsis holmii, feed fermentation]. 096046
Effects of oligochromatic lights on *lipid* **composition** of plastids in dark grown wheat leaves. 100141
Lipid **composition** of the normal and flight forms of adult cowpea weevils, Callosobruchus maculatus. 103008
Lipids in the **Cruciferae.** 095803
Analysis of *lipids* in **dairy** wastewaters. 104533
Lipids [in **foods,** nutritive value]. 095503
Lipid-oxidation catalyses by substances in water on *lipid-water* **interface.** 095465
Effect of some wheat mill-fractions on blood and **liver** *lipids* in cholesterol-fed rats [Atherosclerosis]. 095035
Recent results of clinical research on *lipid* **metabolism.** 095068
Nutrition physiological aspects of deep frying fats and oils. 7. Effect of frying fats and oils on *lipid* **metabolism** and fatty acid composition of body lipids. 095230
Lipolytic activity of the liver in sheep and swine fetuses and newborns *[Lipid* **metabolism].** 096585
Lipid **metabolism** in cytoplasmic droplets from freshly secreted milk [Goats]. 096589
The effects of dietary fatty acids and cholesterol on the **milk** *lipids* of lactating women and the plasma cholesterol of breast-fed infants. 095009
Composition of the **neutral** *lipids* of bovine neibomian secretions. 096460
Lipid **peroxides** in [ram] spermatozoa; formation, role of plasmalogen, and physiological significance. 098390
The effects of exposure to warm environments on bovine **plasma** *lipid* composition. 096542
Plasma *lipids,* ketone bodies, and glucose concentrations in calves fed high- and low-fat milk replacers. 096709
Polar *lipids* of parasitic helminths. I. Polar lipids of Fasciola hepatica and Paramphistomum microbothrium [From slaughtered animals]. 097643
Polar *lipids* of parasitic helminths. II. Polar lipids of Echinococcus granulosus larvae and Moniezia benedeni. 097644
Fatty acid composition of *lipids* of **soil** and epiphytic yeasts. 103799
Changes in the *lipids* of **soybeans** during storage and germination. 095796
Fatty acids and fatty aldehydes of buffalo seminal plasma and **sperm** *lipid.* 096958
Lipids of **spores** from Phycomyces [blakesleeanus, Fungi] in relation to heat-induced germination. 099532
Effect of ginseng extract on *lipid* and **sugar** metabolism. II. Nutritional states in rats. 095038

LIPOGENESIS
Time sequence of *lipogenic* **changes** in adipose tissue of rats when converted from ad libitum feeding to meal-eating. 095152
Effect of age, weaning and diet on swine adipose tissue and **liver** *lipogenesis.* 096697
Effect of hormones on *lipogenesis* in **mammary** explants taken from rabbits at different stages of pregnancy and lactation. 096587
Changes in *lipogenesis* during **[rabbit]** mammary-gland development. 096586

LIPOLYSIS
Lipolytic **activity** of the liver in sheep and swine fetuses and newborns [Lipid metabolism]. 096585
Lipolytic **fermentations** of stickwater [a by-product of the fish meal and oil industry] by Geotrichum candidum and Candida lipolytica [Yeasts]. 095994

LIPOMYCES
Cultivation of fodder yeasts on top peat hydrolysates [Candida, Sporobolomyces pararoseus, *Lipomyces* **lipoferus].** 095993

LIPOPOLYSACCHARIDE
Effects on body temperature produced by micro-injection of Salmonella **typhimurium** *lipopolysaccharide* into the third cerebral ventricle of the chicken. 097480

LIPOPROTEINS
J blood group **active** *lipoproteins* extracted from bovine erythrocytes. 096192
Factors influencing the size, composition and metabolism of very low **density** *lipoproteins* in the rat. 095172
Lipoprotein **lipase** and uptake of chylomicron triacylglycerol and cholesterol by perfused rat mammary tissue. 096243
Milk *lipoprotein* lipases: a review. 095591
Anorexia as the probable cause of **plasma** *alpha-lipoprotein* changes seen in avian erythroblastosis [Chickens]. 097710
Lipoproteins in **serum** of rat, mouse, gerbil, rabbit, pig and man studies by electrophoretical and immunological methods. 096317

LIPOXYGENASES
Potato *lipoxygenase.* 095879

LIQUIDATION
Veterinary regulations and *liquidation* of **centers** of honeybee infections. 103316

LIQUORS
Engineering properties of **black** *liquors* in process design and development of kraft chemical recovery units. 098287

LIRIODENDRON
Peroxyferolide: a cytotoxic germacranolide hydroperoxide from *Liriodendron* **tulipifera.** 099660
Four new N-acetylnoraporphine alkaloids from *Liriodendron* **tulipifera.** 100670
Aporphine alkaloids and lignans formed in response to injury of sapwood in *Liriodendron* **tulipifera.** 102008
Response of yellow-poplar *[Liriodendron* **tulipifera]** seedlings to simulated drought [Stress]. 102053

LISTERA
On the geographical distribution, ecology and distinctive features of *Listera* X **veltmanii** case [Canada, Michigan]. 098697

LISTERIA
Listeria **monocytogenes** in the equine. 097533

LITHOPS
Notes on *Lithops* **karasmontana.** 098669

LITTERS
Nutrient content of **broiler** *litter* [Ruminant feeds]. 096034
Water-soluble organic components of the *litter* in the **coniferous** forests of the Valdai hills. 103810
The number of feathers on the *litter;* another **criterion** for evaluating the adequacy of broiler diets. 097012
How to keep [poultry] **floor** *litter* in good condition. 096111
Preference decisions of domestic hens for wire or *litter* **floors.** 096205
Effect of the water-soluble substance from **forest** *litter* on the absorption of radioactive isotopes in soil [Contamination]. 104647
Studies on *litter* **fungi.** I. Mycoflora of Atlantia and Gymnosporia litter. 098841
Decomposition of natural and **simulated** *litter* in Oakville Prairie. 098797

A model of the effect of nutrition on *litter* **size** and weight in the pregnant ewe [Sheep]. 096610

LITTORAL

Aquatic and *littoral* **vegetation** of the lakes near Ostrow Lubelski against the background of habitat conditions. 098764

LIVER

A note on the determination of cobalt in **animal** *liver.* 096471
Extravascular cells within the perisinusoidal space of the **avian** *liver.* 096345
Hormonal control of vitellogenin synthesis in **avian** *liver* [Chickens]. 096485
Subcellular distribution of curium in **Beagle** *liver.* 096530
Content of 7-(alpha)-hydroxycholesterol in the gall bladder, *liver,* and **blood** of chick embryos and chicks. 096454
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the plasma as well as the changes in the iron contents of the *liver* and the **breast** muscle matter of fattening turkeys. 096593
Cytidine 5'-triphosphate synthetase of **calf** *liver.* Size, polymerization, and reaction stoichiometry. 096422
Significance of blood uric acid contents in the diagnosis of **canine** *liver* diseases. 097763
Preparation and compared analysis of **cat** *liver* microsomal fractions. 096261
Effect of maternal age on intercellular adhesion of embryonic **chick** *liver* cells. 096489
Cytosol 5'-nucleotidase from **chicken** *liver:* Purification and some properties. 096236
Nutritional status in nonalcoholic **chronic** *liver* disease. 095180
Growth in sheep. Pre- and post-weaning hormone changes and muscle and *liver* **development.** 096418
Basic mechanisms in *liver* **disease** [Dogs, cats]. 097687
Hepatic circulatory anatomy and its role in *liver* **disease.** 097694
Cyproterone-mediated stimulation of delta-aminolevulinic acid synthetase in chick **embryo** *liver* cells. 096329
Metabolism of the fungicide Denmert (S-n-butyl S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and Denmert sulfoxides in *liver* **enzyme** systems [Monilinia fructigena, residues]. 102620
Repletion studies on liver protein, glycogen content and *liver* **enzymes** by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal albino rats. 095098
A role for biotin in **fatty** *liver* and kidney syndrome in chicks [caused by rations which are simultaneously low in biotin, protein and fat]. 096740
An ultrastructural study of the liver, kidney and myocardium in the **fatty** *liver* and kidney syndrome in the fowl. 097761
Glycogen and alkaline phosphatase in the *liver* of **fetuses** and newborn lambs and piglets. 096582
Economic effectiveness of using anthelmintics against the chronic form of *liver* **fluke** [Fasciola hepatica] in sheep [Losses, costs, returns]. 097439
Anthelmintic activity of albendazole against *liver* **flukes,** tapeworms, lung and gastrointestinal roundworms [Animal health products]. 097333
Evaluation of bromosulphalein retention in dogs *[Liver* **function** tests]. 096547
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and phosphorus in different tissues of swine (brain, lung, *liver,* **kidney,** small intestine). 096216
An ultrastructural study of the *liver,* **kidney** and myocardium in the fatty liver and kidney syndrome in the fowl. 097761
Effect of some wheat mill-fractions on blood and *liver* **lipids** in cholesterol-fed rats [Atherosclerosis]. 095035
Effect of age, weaning and diet on swine adipose tissue and *liver* **lipogenesis.** 096697
The incorporation of long-chain fatty acids into glycerides in the *liver* and **mammary** tissue homogenates of lactating goats. 096535
Effect of dietary alpha tocopherol on *liver* **microsomes** and mitochondria of aging rats. 095147
Dieldrin and parathion interaction in the prostate and *liver* of the **mouse.** 097821
Diseases of the *liver* and **pancreas:** case studies. 097692
A kinetic study of **pig** *liver* glucose dehydrogenase. 096209
A structural study of **pig** *liver* glyceraldehyde-3-phosphate dehydrogenase. 096232
Isolation of a lectin from [bovine] *liver* **plasmamembrane** and its binding to cellular membrane receptors in vitro. 096355
On biochemical mechanism of triazine herbicides toxicity: effect on the gluconeogenic activity in **poultry** *liver.* 097867
Repletion studies on *liver* **protein,** glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal albino rats. 095098
Release of vitamin B12-binding protein from isolated **rat** *liver* perfused with a synthetic medium. 096166
A compartemental model for bilirubin kinetics in isolated perfused **rat** *liver.* 096292
Apparent KmS and apparent concentrations: an apparent conundrum **[Rat** *liver* citrate synthase]. 096395
Influence of glucagon on the metabolism of fructose, D-glyceraldehyde, and dihydroxyacetone in **rat** *liver.* 096399
Interrelations between gluconeogenesis and urea synthesis [in **rat** *liver].* 096400
Pyruvate carboxylase: intracellular localization and regulation [in **rat** *liver].* 096402
A comparison of the metabolic effects of bovine growth hormone and growth factor from Spirometra mansonoides on **rat** *liver* in vivo. 096475
Comparative effects of fructose and glucose on the lipid and carbohydrate metabolism of perfused **rat** *liver.* 096656
Food-induced changes in UV [ultraviolet]-absorption spectra of isolated chromatin from *liver* of **rats** under controlled feeding schedules. 095058
Lipolytic activity of the *liver* in **sheep** and swine fetuses and newborns [Lipid metabolism]. 096585
Studies into activity and properties of adenosine triphosphatase in some organs of **swine** *(liver,* cerebral and renal cortex, mucosa of small intestine). 096215

LIVERWORT *see* HEPATICAE

LIVERWORTS

Two recent **thalloid** *liverworts* [Lunularia cruciata, Riccia rechingeri] introduced to Hawaii. 098564

LIVESTOCK

Experiences gained in the management and planning of the activity of innovators in the field of *livestock* **breeding** and production [East Germany]. 094346
The spoilers [Genetic defects in **British** *livestock].* 097743
Some genetic defects in **British** *livestock* and their control[Sheep, cattle]. 097760
South **Carolina** *livestock* and poultry statistics. Inventory numbers, 1975-1976. Production and value of livestock and poultry products, 1974-1975. 094637
Intestinal worms in *livestock* **[Cattle].** 097639
[Livestock **disease]** diagnostic network helps stockmen in Nebraska. 097150
Some results from implementing the 1971-1975 breeding program *[Livestock,* **East** Germany]. 097058
An inside look at *livestock* **exporting.** 094521
Ragwort [Senecio jacobaea, Senecio aquaticus, poisonous to **farm** *livestock].* 102157
A review of hormonal influence on growth and **fattening** of *livestock.* 095704
Whey and whey products for *livestock* **[Feed,** swine]. 096031
Future trends in forage production and utilization *[Livestock* **feeding].** 096771
Use of animal dung in **feeding** *livestock;* present state of the problem. 096787
The economic value of **forage** for *livestock.* 094764
Operations of **for-hire** *livestock* trucking firms [Transportation]. 094464
Sodium supplementation of *livestock* **grazing** lucerne. 096775
Livestock **health** [Sheep, lambs, cattle]. 097091
Is solar heating feasible for *livestock* **housing?** 103332
Thoughts on cleaning in reference to choice of construction material for *livestock* **housing.** 103337
Animal resources of **India** [Includes *livestock].* 096128
The preparation and testing of **industrial** *livestock* units from the viewpoint of veterinary hygiene. 097206
Synthetic meat: is it a threat to our *livestock* **industries?** 095692
Accepting the forage challenge **[Intensified** *Livestock* Feed Production Program, Kentucky]. 094762
A new class for agricultural shows *[Livestock* **judging].** 096104
Some practical experience from **Lantmannen's** *livestock* research in Svalov [Swine]. 096130
Some experiences in preparing the roughage supply of **large** *livestock* units. 096815
Labor management in a **large-scale** *livestock* farm. 094264
Insects as factor in general and human ecology in the Sudan[Pests, **man** and *livestock].* 102601
Maximum results in production with minimum expenditure of feed *[Livestock* **management,** East Germany]. 094349
Storage and management of *livestock* **manure.** 104604
Livestock and **meat** statistics. Supplement for 1975. 094652
Midwest *livestock* producers rediscover the prairie grasses. 100789
Utilizing animal gene resources [Need for developing **new** *livestock* breeds for developing countries]. 097074
Can piroplasmas multiply in the human organism? *[Livestock* **parasites].** 097275
Isolation of infective Dictyocaulus larvae from herbage *[Livestock* **parasites].** 097657
Organic phosphate poisoning *[Livestock,* **pesticides].** 097775
Screwworm [Cochliomyia hominivorax] eradication: inadvertent selection for noncompetitive ecotypes during mass rearing *[Livestock* **pests].** 102612
South Carolina livestock and poultry statistics. Inventory numbers, 1975-1976. Production and value of *livestock* and **poultry** products, 1974-1975. 094637
Control of insect and mite pests of man, *livestock,* and **poultry.** 102564
Potential occupational health hazards of *livestock* **producers** working in animal confinement units. 094006
Calculation of the available working time per worker as a basis for the organization of labor in *livestock* **production** units [East Germany]. 094340
Effective forms in the cooperation of the Cooperative Crop Production Section with the *Livestock* **Production** Section of the Agricultural Producers' Cooperative for an adequate feed supply [East Germany]. 094342
Experiences and results in the use of the East German feed evaluation system for improving the effectiveness of *livestock* **production.** 094344
Proposals for the exact determination and comparison of the effectiveness of live labor in industrially organized units and enterprises of *livestock* **production.** I. Presentation of problem and proposals for organization of employees [East Germany]. 094351
Cost accounting in *livestock* **production** units. I. [East Germany]. 094449
Some tasks and results of the Coordinating Center of the Council for Mutual Economic Assistance for biological bases in *livestock* **production** [Five-Year Plan, programs, East Germany]. 094792
Tasks of *livestock* **production** in fulfilling the 1976 plan [Programs, East Germany]. 094793
Feed economy, a key to planned increase in *livestock* **production.** 096805
Windbreaks for *livestock* **protection** in the central Great Plains. 097921
Windbreaks for *livestock* **protection** in the southern Great Plains. 097922
Ideological-educational work in sectors of loose *livestock* **raising.** 094019
Livestock **raising** among the ancient Romans. 096140
Rational provision of feed with use of straw as a contribution to **raising** *livestock* production. 096811
Some aspects in the introduction of biotechnological procedures in the control of *livestock* **reproduction.** 097057
Water quality for *livestock:* **a review** of the CAST [Council for Agricultural Science and Technology] task force report. 104421
Cultivation of plants and use of *livestock* as **seen** from an economic viewpoint. 094160
Lessons from a survey of successful experiences in assisting the **smallholder** *livestock* producer. 094797
North Dakota crop and *livestock* **statistics.** Annual summary for 1974; revisions for 1973. 094640
Tick-borne *livestock* diseases and their vectors. 3. Australian methods of vaccination against anaplasmosis [Anaplasma marginale] and babesiosis [Babesia argentina, Babesia bigemina, Anaplasma marginale, cattle]. 102618
Tick-borne *livestock* diseases and their vectors. 2. Epizootiology of tick-borne diseases. 102619
Toxaphene: *livestock* **toxicity** & tissue residues. 097871
The cestocidal effect of complement in normal and immune sera in **vitro** *[Livestock].* 097467

LIVEWEIGHTS

Simulation of growth and production in sheep—model 1: A computer program to estimate energy and nitrogen utilisation, body composition and **empty** *liveweight* change, day by day forsheep of any age. 096611
Study on the optimal age and *liveweight* for **sow** impregnation with reference to their reproductive capacities. III. Study on the fattening and slaughter qualities of pigs born during different seasons of the year. 097087

LIZARDS

Schellackia landauae sp. Nov. (Eimeriorina: Lankesterellidae) in the **Brazilian** *lizard* Polychrus marmoratus (Iguanidae): experimental transmission by Culex pipiens fatigans. 102602

LOAMS

Irrigation and fertilizer needs of wheat in **clay** *loam* soil of Tarai tract of Uttar Pradesh. 103998
The problem of water supply and the development of grapevine root system in dryland conditions on **heavy** *loamy* soils in southern Ukraine [Soil moisture]. 103860
Model for predicting simultaneous movement of nitrate and water through a *loamy* **sand.** 103826
Practices of proper tillage of soddy-podzolic soils developing on sands and *loamy* **sands** in Byelorussia. 104189
Economic evaluation of soybean response to nitrogen on Calloway **silt** *loam* soil [Costs, returns]. 094379
Sandy and *loamy-sandy* **soddy-podzolic** soils in the Non-Chernozem Belt of the European part of the USSR. 103756
Major practices for increasing the fertility of sandy and *loamy-sandy* **soddy-podzolic** soils in the Vladimir Region [Dolomite as amendment, fertilizers, plantation plowing]. 103954
Effectiveness of the methods of increasing the depth of the plowing layer in **soddy-podzolic** *loamy-sandy* soils with various applications of fertilizers. 104183
Green manure application and reclamative cultivation of sandy and *loamy-sandy* **soddy-podzolic** soils in the foothill regions of the Urals. 104184
Phosphorus assimilation by clover and lucerne from soil phosphates of various genetic horizons of **sod-podzolic** *mean-sandy-loam* soils. 100175
Ways of sowing lupine on sandy and *loamy-sandy* **soils.** 100787
Agrotechnical and chemical practices for weed control in the plantings of yellow lupine on sandy and *loamy-sandy* **soils.** 102107
Agronomic and production characteristic of sandy and *loamy-sandy* **soils** from the Ukrainian Poles'ye. 103753
Diagnostic indices of the level of cultivation of soddy-podzolic sandy and *loamy-sandy* **soils.** 103754

The role of sowing lupine, application of fertilizers and lime in the cultivation of soddy-podzolic sandy and *loamy-sandy* **soils.** 103957
Wind erosion of soddy-podzolic sandy and *loamy-sandy* **soils** from Poles'ye. 104192
Irrigation of vineyards on sandy and *loamy-sandy* **soils** in the south of the Ukraine. 104429
Ability of an iron-efficient and an iron-inefficient corn inbred to take up 59Fe and FeSO4 [iron isotope, ferric sulfate] added to **Yolo** *loam* soil. 100148

LOBLOLLY
Six-state test of **Arkansas** *loblolly* pine [Pinus taeda, geographic variation, Cronartium fusiforme]. 098171
Yields of **direct-seeded** *loblolly* pine [Pinus taeda] at age 22 years. 098062
Performance of **large** *loblolly* and shortleaf pine [Pinus taeda, Pinus echinata] seedlings after 9 to 12 years [Cronartium fusiforme]. 098168
Relative susceptibility of slash, *loblolly* and **longleaf** pines [Pinus elliottii, Pinus taeda, Pinus palustris] to infection by Fomes annosus. 101447
Fusiform rust [Cronartium fusiforme] resistance of progeny from **natural** *Loblolly* [Pinus taeda] X Shortleaf [Pinus echinata] pine hybrids. 101587
Breeding and testing pitch [Pinus rigida] X *loblolly* **pine** [Pinus taeda] hybrids for the northeast. 098122
Growth of *loblolly* **pine** [Pinus taeda] from variously selected parents [Cronartium fusiforme, rust]. 098166
Disease incidence and disease severity in *loblolly* **pine** [Pinus taeda] planted over two soil hazard types [Fomes annosus]. 101434
Variation in infection [Fomes annosus] of *loblolly* **pine** [Pinus taeda] roots on high and low hazard sites in the southeastern United States. 101455
Fertilization effects on survival and early growth of **planted** *loblolly* pine [Pinus taeda] seedlings in the Ozarks. 100624

LOCOWEED
Effects of *locoweed* [**Astragalus** lentiginosus] toxin on rats. 097778

LOCUSTA
Rate of ecdysteroids and ovarian development in adult females of *Locusta* **migratoria.** 102853
Regulation of the ecdysone-ecdysterone conversion in *Locusta* **migratoria** L.: role of the corpora allata. 102854
Role of the phagocytose and evocation of soluble antibacterial factors in experimental immunization of *Locusta* **migratoria.** 102855
Electron cytochemical studies on glycerinated flight muscle of *Locusta* **migratoria** L. The colloidal iron reaction and Alcian blue binding. 102930
Quantitative studies on the release of locust *[Locusta* **migratoria** migratorioides] adipokinetic hormone. 103079
Purification and properties of oocyte vitellin from the migratory locust *[Locusta* **migratoria].** 103128

LOCUSTS
Changes in phospholipid contents in microsomal membranes in cortex of **black** *locust* [Robinia pseudoacacia] bark during dehardening. 099855
Relationship between **black** *locust* [Robinia pseudoacacia] seedling age and induction of cold hardiness. 100637
A new record of occurrence of the red mite, Eutrombidium trigonum hermann (Trombidiidae: Acarina) upon the **Bombay** *locust,* Patanga succincta Linn. (Acrididae: Orthoptera) [Natural control]. 102265
Forecasting infestations of tropical migrant pests: the **Desert** *Locust* [Schistocerca gregaria] and the African Armyworm [Spodoptera exempta]. 102272
Influence of an artificial nutrition with a meridic diet on several biological characters of the **desert** *locust* Schistocerca gregaria Forsk. 102846
The pattern of ecdysone levels during development in the **desert** *locust,* Schistocerca gregaria. 103022
Locustol [the *locust* **gregarization** pheromone] and its analogues. 103009
Quantitative studies on the release of *locust* [**Locusta** migratoria migratorioides] adipokinetic hormone. 103079
Purification and properties of oocyte vitellin from the **migratory** *locust* [Locusta migratoria]. 103128
Growth of *locust* [**Robinia** pseudoacacia], elm [Ulmus] and poplar [Populus] in protective plantings along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896

LODGEPOLE
Xylem in galls of *lodgepole* **pine** [Pinus contorta latifolia]caused by western gall rust, Endocronartium harknessii. 101378

LOESS
New *loess* profiles on the Sokal Range. 103702
An attempt to define the differentiation in *loess* **soil** processes on the Lublin Upland during the Holocene. 103700
Heavy minerals of Gaize [rock] and or *loess* in the **vicinityof** Lublin. 103701

LOGGING
Control of Typha angustata in *water-logged* **drains** [Influence of rice culture]. 102116
Mechanics of the H type cable crane composed of two sets ofendless Tyler skyline cranes *[Logging* **equipment].** 098291
Information from a study tour into Romania [Forest technology, *logging* **equipment).** 098372
Forwarders in thinning—an analysis of some of the factors affecting results *[Logging* **equipment].** 098404
Lateral stability of frame-steered vehicles *[Logging* **equipment].** 098405
Long booms in thinning *[Logging* **equipment].** 098407
Estimating two **indirect** *logging* costs caused by accelerated erosion. 098431
Lighting on *logging* **machines.** 098406
A study of *logging* **residue** at woods landings in Appalachia. 098432
Diameter measurement in the line intersect method *[Logging* **residues,** sampling]. 097981
Logging **residues** under different stand and harvesting condition. Rocky Mountains. 098433
Comparison of technologies of stem and assortment production in mature beech **stands** *[Logging].* 098371
Mechanized methods of forest thinning. II. Timber gathering techniques in **Swedish** *logging.* An old problem with new features. 098294
On the most appropriate places of tail trees in the Obihirorunning skyline **system** *[Logging].* 098292

LOGS
Maintenance **boosts** *log* chain life. 098200
Lumber potential for **cull** *logs* in the Pacific Northwest. 098224
Export *log* afforestation profitability 1973 [Pinus radiata]. 098106
Intensive and extensive methods for qualitative increase of the production in sawmills with band saving **machines** for *logs.* 098213
The exploitation of the forestry resources of Brazilian Amazonia and Colombia, and the medium-term outlook for imports of *logs* and **sawn** timber from these countries on the Frenctropical wood market. 097964
Investigation on hauling [of *logs]* on **tractor** paths; fundamentals and derivation of bases for calculations. 098183

LOLIUM
Use of the dye binding method for determination of protein content in grassland crops *[Lolium,* **clover].** 095844
The effect of formic acid on the fermentation of ryegrass *[Lolium]* **ensiled** at different stages of growth and dry matter levels. 096014
Selenium content of forage plants harvested in Finistere. Enrichment of ryegrass *[Lolium]* and **maize** by adding selenite to the soil. 100052
Studies on chemical quality and feeding value of Italian ryegrass *[Lolium* **multiflorum]** silage. I. Influence of growth stage of Italian ryegrass on fermentative quality and and feeding value of silage [Dairy cattle]. 095999
Nitrogen and Italian ryegrass *[Lolium* **multiflorum].** 3. Growth up to 14 weeks: yields, proportions, digestibilities and nitrogen contents of crop fractions, and tiller populations. 100217
Diferulic acid as a component of cell walls of *Lolium* **multiflorum.** 100266
Effect of inorganic fertilizers on the yield and quality of the seeds of Italian ryegrass *[Lolium* **multiflorum]** in the conditions of the Carpathian foothills. 104135
Effects of treating a peach orchard soil by chloropicrine or fumigation on the growth and mineral composition of ryegrass *[Lolium]* and **peach** trees planted in this soil [Nematode control]. 099460
Effect of ammonium to nitrate ratio on growth and anthocyanin development of perennial ryegrass *[Lolium* **perenne]** cultivars. 100063
Seedling growth of four grasses *[Lolium* **perenne,** Festuca arundinaceae, Holcus lanatus, Poa trivialis]. 100218
Sowing grassland. The influence of sowing depth and pressure on the development of English ryegrass *[Lolium* **perenne].** 100721
A system for exposing plants *[Lolium* **perenne]** to atmospheres contaning low concentrations of sulphur dioxide [Injury]. 101926
Sulphur-nitrogen interaction effects on the yield and composition of the protein-N, non-protein-N and soluble carbohydrates in perennial ryegrass *[Lolium* **perenne].** 104041
Pathogens occurring on ten varieties of ryegrass *[Lolium]* at **Rothamsted** in 1973-74. 101925
Studies on the successive cultivation of Italian **ryegrass** *(Lolium* multiflorum Lam.) and Rhodes grass (Chloris gayana Kunth) by sod-seeding method. 100880
Growth of perennial **ryegrass** *(Lolium* perenne L.) exposed to a low concentration of sulphur dioxide [Atmospheric pollutant]. 101927

LONGEVITY
Mating, *longevity,* **fertility** and fecundity of the cotton leaf-worm, Spodoptera littoralis (Boisd.) (Lepidoptera: Noctuidae). 102346
Climate, production and *longevity* of **Lavandula.** 101010

LONGIDORUS
The female gonad of [the nematode] *Longidorus* **africanus** Merny and the influence of the [plant] host on its development. 101985
Distribution of [nematode] *Longidorus* **attenuatus** Hooper in Apulian artichoke fields and its relationship with artichoke Italian latent virus. 101761
Nematode *[Longidorus* **attenuatus]** trasmission of the causal agent of chicory chlorotic ringspot, a strain of artichoke Italian latent virus. 101762
Specific association of artichoke Italian latent virus withthe odontostyle of its vector,[the nematode] *Longidorus* **attenuatus.** 101763

LONGITUDE
Simultaneous recording of circular and *longitudinal* **muscle** contractions of the canine jejunum. 096502
Isometric and isotonic length-tension relations and variations in cell length in *longitudinal* **smooth** muscle from rabbit urinary bladder. 096159
A *longitudinal* **study** of Escherichia coli in cows and calveswith special reference to the distribution of O-antigen types and antibiotic resistance. 097390

LONGLEAF
Vegetative response to twelve years of seasonal burning on a **Louisiana** *longleaf* pine [Pinus palustris] site. 098172
Correlations between branch characteristics and production of female strobili in *longleaf* **pine** [Pinus palustris, conelets, growth, flowering]. 100634
Mortality of *longleaf* **pine** [Pinus palustris] seedlings following a winter burn against brown-spot needle blight [Scirrhia acicola]. 101660
Relative susceptibility of slash, loblolly and *longleaf* **pines** [Pinus elliottii, Pinus taeda, Pinus palustris] to infection by Fomes annosus. 101447
Longleaf **seedlings** [Pinus palustris] survive fire in clearcut strips. 097946

LOPHODERMIUM
The effectiveness of benlate, topsin and polycarbacin in the control of pine needle cast *[Lophodermium* **pinastri]** in forest nurseries. 101608

LOQUATS
Pests of *loquats* and their **control.** 102474

LOUSE *see* LICE

LOWLANDS
Nitrogen fixation in the muskeg ecosystem of the James **Bay** *Lowlands,* Northern Ontario. 103718
Effect of the **Black-Pied** *Lowland* breed on the slaughter half in fattening young bulls. 097002
Can the *Lowland* **cattle** breed tolerate different regions? 096917
Supplementary records of butterflies in the Sacramento Valley and Suisun Marsh, *lowland* **central** California. 103189
Growth of Japanese cedar (Cryptomeria japonica Don.) in windbreaking shelterbelts in the **Colchis** *Lowland.* 098055
Development of the root system of a tea plant in various agro-reclamative conditions in the **Colchis** *Lowland.* 099997
Data bout the agrochemical characteristics of Podzolic soilfrom **Colchis** *Lowland.* 103831
Effect of inorganic fertilizers on the growth of the forest stand of the European planetree (Platanus orientalis L.) on slightley waterlogged soils from the **Colchis** *Lowland.* 104137
Analysis of field crop yields and processes of their formation in the conditions of **East-Slovakia** *lowland.* IV. Seasonal changes of the photosynthetic productivity of sunflower. 102348
Falling and poisoning of cattle from Solanum malacoxylon **inthe** *lowlands* of Mato Grosso. II. Complementary studies. 097838
Legume and grass mixtures for *lowland* **meadows** in the Urals. 100894
Characteristics of Scots pine [Pinus sylvestris] from the Zahorska **nizina** *lowland* according to the variability of the needles. 100656
A contribution to the north **Podlasie** *lowland* flora of Bryophyta [New taxa]. 098498
Sources and times of applcation of nitrogen for *lowland* **rice.** 104025
The evaluation of the waterlogging rate of the iron-manganese concretions in the soils of Neva **River** *lowlands.* 103856
Nuia and Halysis, two Ordovician enigmatic algae from the *lowlands* of **Saint** Lawrence. 098665

LOXOSTEGE
Toxicity of insecticides for the caterpillars of the beet webworm *[Loxostege* **sticticalis,** pest of various crops, trees and shrubs]. 102250

LUCERNES
Sodium supplementation of livestock **grazing** *lucerne.* 096775
Sodseeding winter cereals into *lucerne* [for **grazing].** 100696
The contents of some mineral elements in hay of *lucerne* (**Medicago** X varia Martyn) cultivated on rendzina soil in conditions of spray irrigation and differentiated phosphorus. 100057
Carbon metabolism of [Flavobacterium flavum] bacteria isolated from the Rhizosphere of *lucerne* and **oats.** 100244
Phosphorus assimilation by clover and *lucerne* from **soil** phosphates of various genetic horizons of sod-podzolic mean-sandy-loam soils. 100175

Influence of the irrigation regimen in *lucerne* on the **volume** of yield and on the water economy. 104362

LUCILIA
Effect of antibacterial inhibitors on protein synthesis in isolated flight muscle mitochondria of the **blowfly** *Lucilia* cuprina: phylogenetic implications. 102942
Heat resistance of Calliphoridae larvae in relation to develoment of rearing temperature [Callitroga macellaria, *Lucilia* **cuprina,** Calliphora vinina]. 103001
Assimilation by *Lucilia* **illustris** (Diptera) larvae in constant and changing temperatures. 103063
[Dermal] myiasis caused by *Lucilia* **sericata** (Meigen) in a rabbit. 102614
The synthesis of compound autosomes in the Australian **sheepblowfly** *Lucilia* cuprina. 102866

LUCIOLA
Neural mechanisms underlying spontaneous flashing and its modulation in the **firefly** *Luciola* lusitanica. 103127

LUFFA
Cytogenetic studies in an experimental **amphidiploid** in *Luffa*. 099142

LUMBER
Pressure-preservative treatment of **poplar** *lumber*. 098226
Lumber **potential** for cull logs in the Pacific Northwest. 098224
A *lumber* **recovery** study of ten hardwood sawmills in New York. 098179

LUNAR
Some notes on the *moonlight* **orchid** (Phalaenopsis amabilis Bl). 101096

LUNCH
Lunch is a **learning** experience at River Hills. 095308
Bicentennial projects: *lunch*, **learning,** and fun. 095372
Lunches for **pupils** given poor marks. 095266
School *lunch* utopia: no impossible dream. 095267
School *lunch* - is it 'worthwhile'? 095371
Nutrition and dentistry: a joint educational approach to snacks and *lunch* **time** treats. 095078

LUNGS
Studies into the effect of fly ash emission on broiler performance and health [Dust contamination of the **chicken** *lung*]. 097791
Metabolism in human **embryonic** *lung* cell cultures of three phenylurea herbicides; chlorotoluron, fluometuron, and metobromuron. 102712
A technique for study of *lung* **function** in birds [ducks] by blocking the primary bronchus. 096544
Anthelmintic activity of albendazole against liver flukes, tapeworms, *lung* and **gastrointestinal** roundworms [Animal health products]. 097333
Growth of heart, *lungs* and **kidneys** in the wild relatives of domestic sheep. 096583
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and phosphorus in different tissues of swine (brain, *lung,* **liver,** kidney, small intestine). 096216
Lung **lymph** and free interstitial fluid protein composition in sheep with edema. 097682

LUNGWORMS
Preliminary investigation of the life history of Filaroideshirthi Georgi and Anderson, 1975 *[Lungworm* **infection** of dogs]. 097317

LUNULARIA
Two recent thalloid liverworts *[Lunularia* **cruciata,** Riccia rechingeri] introduced to Hawaii. 098564

LUPINE
On the characterization of DNA in plant cells by metachromasia with uranyl ions [Onions, **broadbeans,** *lupine]*. 099615
Lupine in the **farming** of the western regions of the Ukraine. 100785
Study of the phenomenon of genetic complementation for the feature of alkaloid content in compound intervarietal hybrids of **forage** *lupine*. 099298
Seed production of *lupine* on **light** soils. 100786
Perennial *lupine* as a green manure on soddy-podzolic soils. 103955
Conditions affecting production of a protein isolate from *lupin* **seed** kernels. 095824
Studies on the influence of fungal communities of the soil affected with *"lupine* **sickness"** on the growth of the fungus Fusarium oxysporum Schl. [Pathogen of "damping off"]. 101580
Ways of **sowing** *lupine* on sandy and loamy-sandy soils. 100787
The role of **sowing** *lupine,* application of fertilizers and lime in the cultivation of soddy-podzolic sandy and loamy-sandy soils. 103957
A break for *lupins* **[Varieties].** 100722
Agrotechnical and chemical practices for weed control in the plantings of **yellow** *lupine* on sandy and loamy-sandy soils. 102107

LUPINUS
Alfalfa , a contribution to food sypply in the Andes. 2. Protein quality of Lupinus mutabilis compared to *Lupinus* **albus,** Lupinus luteus and soybeans. 095227

LUTEINIZATION
Inhibition of tonic secretion of *luteinizing* **hormone** by progesterone in immature female sheep. 096330
Plasma LH *[luteinizing* **hormone]** and progesterone concentrations in the turkey hen during the ovulatory cycle. 096513
Serum LH *[luteinizing* **hormone]** concentration following castration, steroid hormone and gonadotropin releasing hormone treatment in the male bovine. 096937
Plasma progestins, estradiol, and *luteinizing* **hormone** following prostaglandin F2 alpha injection [Dairy cattle]. 096941
Secretion of LH *[luteinizing* **hormone]** in rams exposed to two different photoperiods. 096964
Immunoreactive LRF *[luteinizing* **hormone-releasing** factor] neurosecretory pathways in mammals [Guinea pigs, rats, cats, mice]. 096146
Ultrastructural immunocytochemical localization of *luteinizing* **hormone-releasing** hormone (LH-RH) in the median eminence of the guinea pig. 096311
Increase in ovulation rate in sheep following administration of an LHRH *[luteinizing* **hormone-releasing** hormone] analogue. 096881
Hormonal changes associated with experimentally produced cystic ovaries in the cow *[Luteinizing* **hormones,** sterility]. 096959
The rectal temperature and **serum** *luteinizing* hormone concentration of heifers during estrus. 096887

LUZULA
Quantitative karyology of some **species** of *Luzula*. 098676

LYASES
Changes in polygalacturonase, **pectin** *lyase* and cellulase in tomato plants, associated with Fusarium [oxysporum] inoculation. 101525
Light effects on **phenylalanine** *ammonia-lyase* substrate levels and turnover rates in maize seedlings. 100283
The estimation of **phenylalanine** *ammonia-lyase* (PAL)-activity in intact cells of higher plant tissue. I. Parameters of the assay [Buckwheat]. 100291
The estimation of **phenylalanine** *ammonia-lyase* (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts [Buckwheat, strawberry, sunflower]. 100292
Properties of phenylalanyl-tRNA synthetase and **phenylalanine** *ammonia-lyase* of pine [Pinus elliottii] suspension cultures. 100668
Phenolic synthesis and **phenylalanine** *ammonia-lyase* activity in suspension cultures of Acer pseudoplatanus L. 100675

LYCIUM
Sodium relations in desert plants. 5. Cation balance when grown in solution culture and in the field in three species of *Lycium* from the **northern** Mojave Desert. 099982

LYCOPERSICON
Study of the hybrids of the first generation from the **combination** *Lycopersicon* esculentum Mill. X Solanum pennelli Corr. 099111
Influences of certain plant factors on the growth and fruiting of the lower axillary shoot of *Lycopersicon* **esculentum** Mill [Tomatoes]. 100355
Studies on foliar morphogenesis in *Lycopersicon* **esculentum** Mill. (Tomato) with special reference to aging phenomena. 100392
Effects of photoperiod and temperature on vegetative and reproductive responses of *Lycopersicon* **esculentum** Mill. [Tomatoes]. 100475
Association of earliness with some economic characters in twelve varieties of **tomato** *(Lycopersicon* esculentum, Mill). 101018
Inhibition of Colletotrichum coccodes (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some *Lycopersicon* **[tomato]** species in response to infection by the root parasitic complex. 101371
Determinant varieties of **tomatoes** *(Lycopersicon* esculentum var. vulgare) and their use in breeding. 099441

LYCOSIDAE
Searching behaviour and tactochemical orientation in males of the wolfspider Pardosa amentata (Cl.) **(Araneae,** *Lycosidae)*. 103084

LYE
Cleaning and *lye* **peeling** of tomatoes using rotating rubber discs. 095939

LYGAEIDAE
The African genus Hyalonysius Slater (Hemiptera, Heteroptera: *Lygaeidae)* [New Taxa]. 103173

LYGODIUM
Ultrastructure of flagella of spermatozoids of *Lygodium* **flexuosum** (L.) SW. 098948
Prothallic proliferations from isolated antheridia of *Lygodium* **japonicum** Schwartz gametophytes (Filicinae). 099617

LYGUS
Clouded and tarnished plant bugs [Neurocolpus nibulus, *Lygus* **lineolaris]** on cotton: a comparison of injury symptoms and damage on fruit parts. 102362
Plant bugs [Neurocolpus nubilus, *Lygus* **lineolaris]** in cotton. Importance of infestation time, types of cotton injury, and significance of wild hosts near cotton. 102363

LYMANTRIA
The distribution of *Lymantria* **dispar** and Lymantria monacha (Lepidoptera: Lymantriidae) in Austria and West Germany [Biological control]. 102274
The development of Blepharipa pratensis [a tachinid parasite] and its histopathological effects on the gypsy moth, *Lymantria* **dispar** [Biological control]. 102481
Improving a wasp parasite [Apanteles melanoscelus] to control the gypsy moth *[Lymantria* **dispar,** biological control]. 102485
Physics and insect pheromones *[Lymantria* **dispar,** trees, biological control of the gypsy moth]. 102486
Establishment of a cell line (SCLd 135) from *Lymantria* **dispar** (Lepidoptera) ovaries. 102842
The distribution of Lymantria dispar and *Lymantria* **monacha** (Lepidoptera: Lymantriidae) in Austria and West Germany [Biological control]. 102274

LYMANTRIIDAE
The distribution of Lymantria dispar and Lymantria monacha (Lepidoptera: *Lymantriidae)* in **Austria** and West Germany [Biological control]. 102274

LYMPH
Changes in *lymphatic* **fluid** draining an area of inflammation induced by feeding Rhipicephalus sanguineus (Acarina: Ixodidae) on the dog. 102580
Lung *lymph* and free interstitial fluid protein composition in sheep with edema. 097682
Culture of Anaplasma marginale in [bovine] *lymph* **node** cells. 097559
Lymphatic **tissue** response in chickens treated with tri-o-tolyl phosphate. 097823

LYMPHADENITIS
Tuberculous and Pseudotuberculous **cervical** *lymphadenitis* ofswine for slaughter in Pernambuco [Mycobacterium, Corynebacterium equi]. 097475

LYMPHOCYTES
Isolation of the fraction of *lymphocytes* from **catle** blood. 096557
Studies on age specific leukocyte and *lymphocyte* **counts** in normal Friesian, Red Danish and Jersey [dairy] cattle in Denmark [Blood profiles]. 096494
Lymphocyte **immunostimulation** in the diagnosis of mycobacterial and viral infections of cattle and swine. 097534
Lymphocyte **number** and function in protein malnutrition. 095175
Studies on the glycolipids of sheep thymus and of normal and concanavalin A-stimulated sheep **peripheral** *lymphocytes*. 096251
The antigen-inexperienced thymic suppressor cells: a class of *lymphocytes* in the **young** chicken thymus that inhibits antibody production and cell-mediated immune responses. 097331

LYMPHOID
Immune interferon production by *lymphoid* **cells:** role in the inhibition of herpesviruses [Cattle]. 097379
Some observations on the epizootology and pathology of [avian] *lymphoid* **leucosis** and Marek's disease. 097450
Some characteristics of a myeloid and a *lymphoid* **leukaemia** of mice and their susceptibility toward cytostatic agents. 097648
Effects of early cyclophosphamide treatment on *lymphoid* **organs** and its immune response in ducks [Salmonella pullorum]. 097478
Transplantation of bursal stem cells into cyclophosphamide-treated chicks. *Lymphoid* **repopulation** of splenic structures [Immunodeficiency]. 097623
Genetic and vaccination-induced resistance of chickens to lymphoid tumor transplants. 2. **Transmissible** *lymphoid* tumor of Olson. 097260
Genetic and vaccination-induced resistance of chickens to *lymphoid* **tumor** transplants. 1. Marek's disease tumor transplant (JMV). 097259
Genetic and vaccination-induced resistance of chickens to *lymphoid* **tumor** transplants. 2. Transmissible lymphoid tumor of Olson. 097260

LYMPHOSARCOMA
Bovine *lymphosarcoma* [with a possible viral agent]. 097387
Lymphosarcoma in a **rabbit.** 097683

LYOPHILIZATION
Maintenance of the properties of [the nitrogen fixing bacteria] Azotobacter chroococcum stored in a *lyophilized* **farm.** 103751
Plasmodium berghei: frozen-thawed, formalin-treated, and *lyophilized* **sporozoites** as vaccines in A/J mice. 097626
Residual moisture evaluation in *lyophilized* **vaccines** by Karl Fischer's method. Technique and causes of mistakes. 097613

LYSIMETRY
Sulfur leaching and *lysimeter* **characterization** [in grazed pastures]. 103828
Lysimetric and **chemical** investigations of pedological changes. 4. Mineral equilibria in relation to potassium and magnesium-enriched environment in the profile. 103825
The dynamics of the organic substance composition in *lysimetric* **solutions** of podzolic soil. 103849

LYSINE
Modified milling procedure for separating endosperm and nonendosperm portions of the wheat kernel for protein and *lysine* **analysis.** 095758
A modified method for determining **available** *lysine* in protein recovered from heat treated potato juice. 095866
Comparative study of the methods of determining the level of *lysine* in **barley** grain. 100305
Synthesis of elastin. A rapid formation of *lysine-derived* **crosslinks** by chick embryo aorta. 096421
A study of consumer attitudes about protein and *lysine* **enriched** breads. 094835
Protein, methionine, *lysine* and a **fermentation** residue as variables in diets of young turkeys. 096760
Characterisation of induced high protein and **high** *lysine* mutants in barley. 099335
Lysyl **hydroxylase:** Further purification and characterization of the enzyme from chick embryos and chick embryo cartilage. 096245
L-lysine an **important** amino acid in protein nutrition of poultry. 096744
Plasma and organ counts of 3H in normal or immune mice and sheep **injected** with *3H-epsilon-dinitrophenyl-lysine.* 097604
Electrophoretic spectra of zein and the fractional composition of protein in *high-lysine* **maize** mutants. 100126
Peculiarities of development of European corn borer [Ostrinia nubilalis] and Angoumois grain moth [Sitotroga cerealella] on *high-lysine* **maize.** 102312
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of minerals, vitamins, *lysine,* **methionine,** feed additives and corn oil [Goats]. 096662
Selection and characterization of cultured carrot and tobacco cells resistant to *lysine,* **methionine,** and proline analogs. 099134
Lysine **needs** of rapidly growing turkeys from 12-22 weeks of age. 096757
Properties of highly **purified** *lysyl* oxidase from embryonic chick cartilage. 096247
The role of *lysyl* **residue** in collagen structure with calcification and aging [Rats]. 096391

LYSIS
Algal *lysing* agents of freshwater habitats [Eutrophication]. 104641
Purification and properties of *lytic* **beta-1,3-glucanase** from Flavobacterium dormitator var. glucanolyticae [Fermentation process]. 095394
Lysis of **fungal** pathogens by tree produced enzymes—a possible disease resistance mechanism in trees. 101588
Germination-lysis as a **mechanism** for biological control of Thielaviopsis basicola pathogenic on soybean. 101374
Lysis of **Rous** sarcoma virus by antibody to chicken cells and complement. 097282

LYSOMES
Further studies of the surface epithelium covering preovulatory rabbit follicles with special reference to *lysosomal* **alterations.** 096306

LYSOZYMES
Estimation of tryptophyl and tyrosyl exposure in tryptophanrich proteins by ultraviolet difference spectrophotometry. [Hen] *lysozyme* and **[bovine]** chymotrypsinogen. 096419

LYTHRACEAE
Synthetic studies on *Lythraceae* **alkaloids.** V. Total synthesis of (plus/minus)-vertaline. 099671

MACADAMIA *see* PROTEACEAE

MACHAERANTHERA
Note on two new coumarin derivatives of *Machaeranthera* **scabrella** (Greene) Shinners. 099648

MACHINERY
Cooperation in construction of **agricultural** *machinery.* 103446
An outlined survey of recent research on **agricultural** *machinery* from the viewpoint of ergonomics [Safety engineering]. 103460
New developments at the **Agricultural** *Machinery* Exhibition RAI. 2. 103484
Scientifical-technical development is our principal interest **[Agricultural** *machinery,* research]. 103504
Application of methods of statistical modelling in the selection of optimal alternatives for utilization of **agricultural** *machinery.* 103514
Utilization of *machinery* **based** on a system of operational management of a machine and tractor fleet [on farms]. 103641
Development of the method of physical modelling of soil treatment processes in relation to soil canals **[Digging** *machinery].* 103612
Study of the deformation of soils and grounds as a result of pressing-in dies [Filling and **digging** *machinery].* 103630
Study of the resistance of soils and grounds during high velocities of shift [Tilling and **digging** *machinery].* 103633
High-pressure cleaners at the Agricultural *[Machinery* **Exhibition]** RAI 1976. 103482
Milking machines at the Agricultural *[Machinery* **Exhibition]** RAI, 1976. 103483
How to choose a precision chop [forage] harvester **[Farm** *machinery].* 103412
Methodology of studying the technological effectiveness of tractor and **farm** *machinery* constructions in relation with their unitization. 103532
The problem of reducing soil compaction caused by running systems of mobile **farm** *machinery.* 103637
The development of Polish and **foreign** *machinery* for plant protection treatments. 103415
An impact device for studying the damage rate of potato tubers [caused by **harvesting** *machinery].* 103606
Method of studying the damage rate of potato tubers as a result of mechanical action [of the **harvesting** *machinery].* 103620
Accepted standards and the variation of specific requirement in *machinery* for **mechanization** of plant industry. 103510
Forecasting operational technological effectiveness of [farm] *machinery* in the **phase** of its designing. 103526
Rice *machinery* development and mechanization research. 103593
[Farm] *machinery* **syndication** can reduce costs. 094297
About the movement of a particle in an inclined air flow in an aspirating chamber with cascades **[Threshing** *machinery].* 103604
The problem of joint operation of the working parts of active and passive action **[Tillage** *machinery].* 103553
Operation and technical service of the [farm] *machinery* and **tractor** fleet (Methodological draft for schools of qualification improvement of agricultural personnel). 103475
Ways of increasing the productivity of **unitized** *machinery* used in growing clean-cltivated crops. 103642

MACKEREL
Nickel-catalyzed hydrogenation: a study of the poisoning effect of halogen-containing compounds *[Mackerel* **oil].** 095468
The storage of *mackerel* **(Scomber** scombrus). Development of histamine and rancidity. 094881

MACLEAYA
Tissue cultures of alkaloid plants. V. Some morphogenetic abilities of long-term callus cultures of *Macleaya* **microcarpa.** 099535

MACROBENTHOS
Macrobenthos of **lake** Taltowisko [including aquatic insects]. 103156

MACROGLOBULINS
Study of the complex between porcine **plasmin** and *alpha2-macroglobulin.* 096252

MACROINVERTEBRATES
Freshwater *macroinvertebrates* [Water pollution]. 104555

MACROMOLECULES
General methods [for analysis of **carbohydrate** *macromolecules].* 095423
Macromolecular **components** of the vitelline membrane of hen's egg. II. Physicochemical properties of glycoprotein I. 095735
Permeability of ovarian follicles to **electron-dense** *macromolecules* [Sheep]. 096843
Enteric resorption of *macromolecular* **proteins** by animals and man. 096827
Autoradiographic analysis of *macromolecular* **syntheses** in prospectively necrotic cells of the chick limb bud. II. Nucleic acids. 096338
Nutritional regulation of *macromolecular* **synthesis** in muscle. 096773
Macromolecular **synthesis** in oat leaf protoplasts. 100274

MACRONUTRIENTS
Investigations into the **effect** *macronutrients* and of times of fertilization on the seed yield of China aster (Callistephus chinensis (L.) Nees). 103899
Investigation on the effect of *macronutrients* and times of **fertilization** on the yield of cut flowers of China aster (Callistephus chinensis (L.) Nees). 103896
Fertilization of kidney beans with micro- and *macronutrient* **fertilizers.** 103963
Foliar *macronutrient* concentrations and foliage retention in radiata pine [Pinus radiata] clones on four sites. 100659

MACRONYSSIDAE
Reproductive morphology of Ornithonyssus sylviarum (Canestrini and Fanzago) (Acari: *Macronyssidae)* **[Fowl** mite]. 102595

MACROPHAGES
Macrophage **function** in vitamin C-deficient guinea pigs. 094962
Agarose droplet method of *macrophage* **migration-inhibition** test for Newcastle disease virus in chickens. 097247

MACROPHOMINA
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of *Macrophomina* **phaseolina** [the fungus that causes charcoal rot on corn, sorghum, soybean, and other economic crop plants]. 101380
Leaf blight of cotton caused by *Macrophomina* **phaseolina.** 101404
Method for the determination of competitive saprophytic colonization of soil fungi *[Macrophomina* **phaseolina** of corn andsoybean]. 101652

MACROPHYTES
Stability of matter production of **submersed** *macrophytes* under a nitrate load as measured by carbon dioxide conversion [Frontinalis antipyretica, Musci]. 100041

MACROPTILIUM
Reaction of Phaseolus an *Macroptilium* **species** to a strain of cucumber mosaic virus. 101789

MACROPUS
Helvella *macropus* (Fr.) Karst. In Costa Rica [Fungi, taxonomy]. 098557

MACROSCOPY
Elimination of effects of *macroscopic* **environmental** variations by multiple regression equation [Forest trees measurement]. 097967
The mass outdoor culture of *macroscopic* **marine** algae [Gracilaria sp., Hypnea musciformis]. 101289

MACROSIPHUM
Studies on the injurious effect of the grain **aphid** *Macrosiphum* (Sitobion) avenae (F.) on winter wheat. 102286
Color responses of cereal aphids [Schizaphis graminum, *Macrosiphum* **avenae,** Rhopalosiphum]. 102280

MACROTERMES
Ecdysones in an adult insect: the termite queen *[Macrotermes* **bellicosus].** 102840
Studies on a population of large termite mounds in Uganda *[Macrotermes* **bellicosus,** Pseudacanthotermes]. 102915

MADEIRA
The genus Fossombronia in Portugal, *Madeira* and **Azores** [Hepaticae]. 098576
The technology of **producing** *Madeira* [wine] in the zone of Lower Dnieper sands. 095982

MAGGOTS
Apple *maggot* [Rhagoletis pomonella]: control in backyard situations. 102403
Study of the effectiveness of new Polish insecticides for control of the **cabbage** *maggot,* Hylemya (Phorbia) brassicae Bche. 102465
Anatomy, histology, and post-larval development of the reproductive systems of the sugarbeet **root** *maggot* [Tetanops myopaeformis, pest control]. 102278

MAGNESIUM
Kinetic studies of (Mg2+)ATPase *[magnesium* **adenosine** triphosphatase] in oat roots. 100253
Comparative study of the mineral composition (calcium, phosphorus, potassium and *magnesium)* of different **alfalfa** cultivars. 100298
Evaluation of various soil tests for **available** *magnesium* in western Nigeria. 103821
Ultrastructural localization of *magnesium* and **calcium** ions of active adenosine triphosphatase in spinal ganglion of sheep and goats. 096148
Iron chlorosis caused by MgCO3 *[Magnesium* **carbonate,** soybeans, kidney beans]. 101878
Influx intensity of phosphorus 32 [isotope] in cotton plants and its outflow into reproductive organs after the desiccation by *magnesium* **chlorate.** 100228
Effect of [the defoliant] butylkaptax and *magnesium* **chlorate** on leaf shedding of fine-fibered cotton [Harvesting aid]. 101001
Symptoms of *magnesium* **deficiency** in potatoes. 101855
Provision of dairy cattle with *magnesium* after **driving** them to the pasture. 1. Surveys on the occurrence of grass tetany and the effect of abetting factors. 097858
Provision of dairy cattle with *magnesium* after **driving** them to pasture. 2. Preventive measures [for the control of grass tetany]. 097859
Lysimetric and chemical investigations of pedological changes. 4. Mineral equilibria in relation to potassium and *magnesium-enriched* **environment** in the profile. 103825
Studies on calcium and magnesium metabolism in ruminants. I. Effects of calcium carbonate or sodium oxalate on the absorption and excretion of calcium and *magnesium* in **ewes.** 096457
Hybrid grain sorghum response to *magnesium* **fertilization.** 103944
Investigation of heterogenous surface reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg *[sodium-magnesium]* **ion** exchange process at low Na [sodium] concentrations. 103657
Kinetic studies of a (Na+ + K+ + Mg2+ [sodium, potassium, *magnesium* **ions])** ATPase in sugarbeet roots. II. Activation by Na+ and K+ [sodium, potassium ions]. 100254
28Mg *[magnesium* **isotope]** kinetics in ewes fed normal or tetany prone grass. 096672

Studies on calcium and *magnesium* **metabolism** in ruminants. I. Effects of calcium carbonate or sodium oxalate on the absorption and excretion of calcium and magnesium in ewes. 096457
Fluoride susceptibility of tomato plants as affected by *magnesium* **nutrition.** 100477
Relationship of dietary carbohydrate, *magnesium,* and **potassium** to grass tetany [Metabolic disorders of cattle]. 097856
Mineral metabolism in chicks on high dietary **pyridoxine** and *magnesium.* 096512
Soybean growth and composition as affected by K, Ca, and Mg [potassium, calcuim, *magnesium]* **rates** and corn rotation. 100161
Semiquantitative determination of **renal** *magnesium* excretion; a preliminary investigation [Hypomagnesemic tetany, deficiency diseases, cattle]. 097804
Studies into levels of dry matter, calcium, *magnesium,* **sodium,** potassium and phosphorus in different tissues of swine (brain, lung, liver, kidney, small intestine). 096216
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, *magnesium,* **sodium,** phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
The nature of compost H [hydrogen]-humus extracted by differnt salts of **sodium** and *magnesium.* 103890
Growth and composition of sudangrass [Sorghum sudanense] onhigh-calcium, *low-magnesium* **soil.** 100065
Application of *magnesium* **sulfate** to correct the effects of salinity produced by sodium chloride on the tomato plant [in soilless culture]. 100348
Comparative studies of *magnesium-bisulphite* and **sulphate** cooking processes of Larix dahurica. I. Comparative cooks of wood from different parts of a tree along its height. 098301
Comparative studies of *magnesium-bisulphite* and **sulphate** cooking processes of Larix dahurica. II. Comparative cooks of wood from blends of various Larix dahurica samples. 098302
Magnesium **supplementation** for the prevention of grass staggers [hypomagnesaemic tetany] in cattle. 096774

MAGNETIC

High-gradient *magnetic* separation a water-treatment alternative. 104333
Determination of solid and liquid components of palm oil as function of the crystallization condition by measurement of **nuclear** *magnetic* resonance. 095436
Microstructure of natural guayule rubber from 300-MHz [megahertz] **nuclear** *magnetic* resonance spectra. 095480
Fast determination of content in oil by **nuclear** *magnetic* resonance after drying of seeds in a microwave oven. 095520
Kinetic study of crystallization of plastic fats. I. Layout of solidification curves by large band **nuclear** *magnetic* resonance. 095521
Nuclear *magnetic* resonance spectrometry as a quick method of determination of oil content in rapeseed. 095812
N.M.R. [**Nuclear** *magnetic* resonance] with stable isotopes in biosynthetic studies [carbon-13 isotope]. 099561
Application of 15N [nitrogen isotope] pulsed fourier transform **nuclear** *magnetic* resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Magnetochemistry of lignin. I. Ash composition of industrial lignin samples and influence of cations on their *magnetic* **properties.** 098338
Comparison of **proton** *magnetic* resonance spectra of cell-wall mannans of Candida tropicalis [yeast] with its morphology. 098874

MAGNETISM

Influence of light on chromate reduction in chlorophyll organisms studies by **electronic** *paramagnetic* resonance spectroscopy. 099612
Interaction of *paramagnetic* **probes** with membranes of the chloroplasts of higher plants [Beans]. 100577
Electron-paramagnetic **resonance** investigation of nitrogen dioxide sorption of cellulose. 098205

MAHONIA

Embryogeny of Berberidaceae. Embryo development of *Mahonia* **aquifolium** Nutt. 098920

MAIZE

Selenium content of forage plants harvested in Finistere. Enrichment of ryegrass [Lolium] and *maize* by **adding** selenite to the soil. 100052
Yielding capacity of *maize* as **affected** by some agricultural practices. 100716
Yield of *corn* as **affected** by potassium on a Coastal Plain soil. 103933
Measurement of crop temperature by leaf thermocouple, infrared thermometry and remotely sensed thermal imagery [**Alfalfa,** *maize].* 100066
Method for the determination of competitive saprophytic colonization of soil fungi [Macrophomina phaseolina of *corn* **andsoybean].** 101652
Experiences in the drying, pelletization and feeding of whole *maize,* **barley** and alfalfa plants in the People's Republic of Bulgaria. 096803
Model trials for screening the H2O, CO2 and O2 [water, carbon dioxide, oxygen] permeatility of certain oil substances in regared to their suitability as antitranspirans [**Barley,** *maize].* 100105
Sclerotia populations of Sclerotinia sclerotiorum in different crop rotations [Beans, **beets,** *maize].* 101324
The effect of ethanol on meiotic chromosome **behavior** in *maize.* 099144
Studies on the chemical control of the *corn* **borer** Diatraea saccharalis Fab. on the maize crop (1973/74) [Argentina]. 102329
Breeding *corn* for increased oil content. 099364
Relation of gene action and type of tester in *maize* **breeding** procedures. 099369
Activity of oxidation-reduction enzymes in *maize* in **breeding.** 099385
Experimental atherosclerosis in rabbits fed cholesterol-free diets. 5. Comparison of peanut, *corn,* **butter,** and coconut oils. 095055
Root rot of *maize* **caused** by Fusarium moniliforme Sheldon. 101367
Yield losses in *corn* **caused** by Helminthosporium maydis raceT. 101570
The effect of precursors on the nutrient, water regimes of soil and the yield of *maize* in the **central** part of the steppe in the Ukrainian SSR. 100137
Variability of **certain** *maize* loci as a result of gamma-irradiation of pollen. 099432
Effect of plant density and fertilizers on the yield of green mass of *maize* on the **Chernozems** in the Volgograd Region. 100730
Host range of *maize* **chlorotic** dwarf virus [Graminella nigrifrons, insect vectors]. 101785
Genetic activity of new nitroso **compounds** in *maize.* 099401
Oviposition and development of Trogoderma granarium Everts (Coleoptera: Dermestidae) under different ecological **conditions** *[Maize].* 102532
Effect and aftereffect of fertilizers on the yield of *maize* in the **conditions** of the Azov upland. 103905
Seasonal abundance, diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South'Carolina [Potential predator of insect pests, Spodoptera littoralis, soybeans, *corn,* **cotton].** 102282
Studies on the chemical control of the corn borer Diatraea saccharalis Fab. on the *maize* **crop** (1973/74) [Argentina]. 102329
Maize **culture** on chalky soils in Champagne with photodegradable plastic films. 100747
Growing and using *maize* on the **dairy** farm. 100943
Effect of *maize* **density** on the yield of bean varieties having different growth habits. 101049
Water use by **dryland** *corn* as affected by maturity class and plant spacing. 100076
Choice of **early** *maize* varieties. 100945
Nutrient concentration of *corn* as **effected** by poultry manure. 100155
Effect of genetic polymorphism on catalase activity in *maize* **endosperm.** 099227
Field and laboratory evaluation of the resistance of self-pollinated lines and hybrids of *maize* to **European** corn borer [Ostrinia nubilalis]. 102310
Peculiarities of development of **European** *corn* borer [Ostrinia nubilalis] and Angoumois grain moth [Sitotroga cerealella] on high-lysine maize. 102312
Quick method of determining the resistance of *maize* to **European** corn borer [Ostrinia nubilalis]. 102313
A laboratory method for **evaluating** *maize* germplasm to Erwinia carotowora var. zeae. 101700
Application of Dialene [a mixture of dimethylamine salts of2,4-dichlorphenoxyacetic and 2-methoxy-3,6-dichlorbenzoic acids] in plantings of cereals and *maize* and on **fallows.** 102130
Initial action of different levels of gamma-rays on morphological **features** of *maize.* 099421
Observations on the incidence of Ketosis and puerperal neurosis in cattle, related to **feeding** *corn* (forage or silage) [Metabolic diseases]. 097715
Isofermentative composition of ovules of **fertile** *maize* plants and their sterile analogs. 100172
Mutual selectivity in **fertilization** of *maize.* 099392
Fluctuations of nitrogen fixation in a *maize* **field.** 103716
Ways of sound application of fertilizers in *maize* and other **field** crops. 103911
Productivity of early domestic and **foreign** *maize* hybrids. 100735
High **fructose** *corn* syrup new sweetener for the baker. 095403
Evolution of composition, digestibility and yield of *maize* in **function** of stage of maturity. 096783
Fodder yielding ability of *maize* **genotypes** under varying levels of nitrogen and population. II. Quality of green fodder. 104109
Complexation of phytate with proteins and cations in *corn* **germ** and oilseed meals. 095808
Corn **germplasm** base in the U.S.—Is it narrowing, widening, or static? 099365
Economic analysis of N [nitrogen] fertilization of *maize* **germplasms** in Kulu Valley. I. Irrigated. 103967
Residual Zn [zinc] availability related to growth and nutrient **gradients** in *corn.* 100071
Uptake of the major nutrients and the yield of *maize* **grain** as related to the application of fertilizers. 100138
The arsenic content of *corn* **grain** grown on a coastal plain soil [in Delaware] amended with poultry manure. 100162
The effect of hoeing on **grain** *corn* yield. 100971
Missouri crop performance, 1975. I. *Corn.* II. **Grain** sorghum. III. Soybeans [Varieties, yields]. 100979
Fertilizer efficiency for *corn* and **grain** sorghum. 104117
Change in the NPK [nitrogen, phosphorus, potassium] content of *maize* **grains** and recovery of fertilizers on a calcareous sandy soil. 103872
Efficiency of advanced forms of labor management in **growing** *maize.* 100731
Loaded and high-speed operation conditions for D-50 engine and MTZ-50 tractor used on major operations of **growing** *maize.* 103530
Reduction of the number of tillage operations in **growing** *maize* in the central zone of the Stavropol' Territory. 104169
Barren stalk of *corn* **grown** in organic soils of eastern North Carolina [Soilborn biotic diseases of unknown etiology]. 102011
Peculiarities of *maize* **growth** and development as related to the application of fertilizers. 100128
Nematodes and *maize* **growth** in Nigeria. II. Effects of some amendments on populations of Pratylenchus brachyurus and on the growth and production of maize (Zea mays) in Nigeria. 101973
Moth activity of **Heliothis** *zea* (Boddie) in Wisconsin (Lepidoptera: Noctuidae). 102247
Development of methods for field distribution of eggs of the insect predator Chrysopa carnea Stephens [Biological control of **Heliothis** *zea* and Heliothis virescens, cotton]. 102287
Para-hemigossypolone: a sequiterpenoid aldehyde quinone from Gossypium hirsutum [Cotton, Heliothis virescens, **Heliothis** *zea].* 102296
Mating tables: a method of studying the mating and the competitive behavior of Lepidoptera and Diptera in the field [Heliothis virescens, **Heliothis** *zea,* Cochliomyia hominivorax]. 102801
Selection for a diapause strain of the bollworm, **Heliothis** *zea.* 102986
Electrophoretic spectra of zein and the fractional composition of protein in **high-lysine** *maize* mutants. 100126
Peculiarities of development of European corn borer [Ostrinia nubilalis] and Angoumois grain moth [Sitotroga cerealella] on **high-lysine** *maize.* 102312
Sulphur nutrition of *maize* in **hill** application of fertilizers on common Chernozem. 100135
Aflatoxin problem in *corn* [used for **human** food and animal feed] and possible solutions [Aspergillus flavus, toxicity]. 094902
1974 West Virginia **hybrid** *corn* trials [Varieties, yields]. 100766
1975 West Virginia **hybrid** *corn* trials [Varieties, yields]. 100767
Effect of dates of sowing, rates of nitrogen and planting densities on grain yield of **hybrid** *maize* 'Ganga 101'. 100832
Dry matter accumulation in spring **hybrid** *maize* as affected by N P K [nitrogen, phosphorus, potassium] fertilization. 103966
Response of **hybrid** *maize* to different levels of nitrogen under varied soil moisture conditions. 104010
Simple **hybrids** of *maize.* 099428
Peculiarities of the structure and development of the root system in *maize* **hybrids** of different maturation period. 100130
Utilization of the major nutrients by *maize* **hybrids** in relation to applied fertilizers. 100139
Performance of *maize* **hybrids** grown in conventional row and randomly distributed planting patterns. 100707
Performance of *maize* **hybrids** in southern Rajasthan. 100854
Performance of *corn* **hybrids** exposed to corn viruses in Ohioin 1974. 101718
Performance of *corn* **hybrids** exposed to corn viruses in Ohioin 1975. 101719
Genetics effects and genetic effect X year interactions at three gene loci in sublines of a *maize* **inbred** line. 099141
Aflatoxin contamination, fluorescence, and insect [Sitophilus oryzae] damage in *corn* **infected** with Aspergillus flavus before harvest. 101389
New cultivars and hybrids released by the All-Union Scientific-Research **Institute** of *Maize.* 100733
Isolation of two protein factors from *maize* **involved** in poly U-dependent polyphenylalanine synthesis by maize ribosomes. 100288
Aspergillus flavus and aflatoxin in **Iowa** *corn* before harvest. 101610
Phosphorous levels on the ability of an iron-inefficient and an **iron-efficient** *corn* inbred to take up iron from nutrient solution. 100156
Ability of an iron-efficient and an **iron-inefficient** *corn* inbred to take up 59Fe and FeSO4 [iron isotope, ferric sulfate] added to Yolo loam soil. 100148
Activity and the isoenzymatic composition of peroxidase in the ontogenesis of **irradiated** *maize* plants of different radiosensitivity. 099285
Programming yields of **irrigated** *maize* in Moldavia (relization and study on the electron model). 104311
Effect of inorganic fertilizers and herbicides on the productivity of *maize* under **irrigation.** 100729
Release of water and nucleic acids from *maize* **leaves** repeatedly subjected to high pressures. 100299
Connection of 2,4-D with proteins of *corn* **leaves.** 100311
Effect of nicotinic acid on the light-dependent electroresponse of *corn* **leaves.** 100314
Insects of *maize* **leaves.** 102357
Enzymes in biogenesis of plant cell wall polysaccharides enzyme characterization using tracer techniques [**Lilium,** *maize].* 099794

Interrelationship between ways of sowing, plant density and yield of self-pollinated **lines** of *maize*. 100732
Maturity interaction and black layer occurrence in opaque-2 and normal hybrids in **maize** *(Zea* mays L.). 099198
Cytoplasmic effects on quantitative characters in **maize** *(Zea* mays L.) [Cytoplsm-gene interactions. 099412
Protein patterns of developing mitochondria at the onset of germination in **maize** *(Zea* mays L.). 100183
The presence of Fusarium moniliforme Sheld. Within **maize** *(Zea* mays L.) kernels as a phytopathological and mycotoxicological problem in Italy. I. 101538
Hyper-auxin induced by Ustilago maydis (DC) Cda on *Zea* may L. **[Maize].** II. Post-infection variations in IAA [indoleacetic acid] oxidase, peroxidase and polyphenoloxidase [Loose smut]. 101602
Nematodes and maize growth in Nigeria. II. Effects of some amendments on populations of Pratylenchus brachyurus and on the growth and production of **maize** *(Zea* mays) in Nigeria. 101973
Restriction endonuclease analysis of mitochondrial DNA from normal and Texas cytoplasmic **male-sterile** *maize*. 099383
Selection and development of inbred material for use in early **maturing** *corn* hybrids. 099370
Effects of ageing on the cell cycle in *Zea* **mays** [Corn]. 100092
The kinetics of 2-chlorcholine uptake by isolated root tips of *zea* **mays** L [Maize]. 100110
Wall hydroxyproline and growth of georeactive roots (Zea **mays** L.) *[Maize]*. 100180
Effect of abscisic acid at different levels of soil water potential on the transpiration of *Zea* **mays** [Maize]. 100252
Light control of anthocyanin biosynthesis in *Zea* **[mays]** seedlings [Maize]. 100255
Effects of gravity on the growth inhibitors of geo-stimulated roots of *Zea* **mays** L. [Maize]. 100286
Comparative population dynamics of Pratylenchus zeae and Hoplolaimus aegypti on maize, *Zea* **mays** [Nematodes]. 101840
Technology of **mechanized** *maize* growing on the fields of the Kominternovskaia large poultry farm [in the Odessa Region]. 100736
Evaluation of nutrition conditions of *maize* by **methods** of plant and soil diagnosis [Chemical composition]. 100227
Cytogenetic evidence for the origin of teosinte (Zea mays ssp. **mexicana)** *[Maize]*. 098603
Modeling *corn* production—estimating production under variable soil and climatic conditions [prediction of crop yields]. 100940
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in *maize* **monocultures.** I. NPK content of grains as affected by fertilizing. 103874
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in *maize* **monocultures.** II. Nutrient balance and recovery of fertilizers. 103875
Effect of type of fat on starch pastes containing glycerol **monostearate** *[Maize]*. 095784
Multiplication of vesicular stomatitis virus in the leafhopper Peregrinus maidis (Ashm.), a vector of a plant rhabdovirus *[Maize* **mosaic** virus]. 101759
Ultrastructural aspects of *maize* **mosaic** virus in the host cells. 101777
Forage properties of the silage made from Dneprovskii 320 **MV** *maize* hybrid. 095996
Growing-degree units for *corn* in the **North** Central Region [Climatology]. 100249
Insect infestations in **no-tillage** *corn* cropping systems. 102307
The frit fly [Oscinella frit] in agriculture **[Oats,** *maize].* 102289
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of minerals, vitamins, lysine, methionine, feed additives and *corn* **oil** [Goats]. 096662
Nutritive value of normal and **opaque-2** *maize* [Varieties]. 095043
Some biochemical characteristics of modified phenotype strains of **opaque-2** *(Zea* mays L.) [Maize, varieties]. 100169
Herbicide (2,4-D) [2,4-dichlorophenoxyacetic acid] increases insect and pathogen pests on *corn* **[Ostrinia** nubilalis, Helminthosporium maydis]. 102367
France's uptrend in *corn* **output** could be near end. 094533
Evaluation of systemic and non-systemic fungicides in vitro against Curvularia **pallescens** *[Maize]*. 101518
Some studies on the induction of haploid **parthenogensis** in *maize*. 099063
Study of physiological and genetic aspects of photosynthetic activity of plants *[Maize,* **peas].** 099261
Balance of nutrients in a sugarbeet crop rotation on a deep Chernozem in the northern part of the Ukrainian steppe [Wheat, *maize,* **peas].** 100122
Screening of different granular formulations against *maize* **pests** with special reference to maize stem borer, Chilo partelus Swinhoe. 102276
Response of *maize* to **phosphorus** and zinc under deep and shallow water table conditions. 104012
Effect of the optimization of growing conditions on the productivity of *maize* **photosynthesis.** 100125
Protect [1,8-naphthalic anhydride, to protect the *corn* **plant** from herbicidal injury, residue analysis]. 101839
Methodology of determining the strength of attachment of a seed by suction for the pneumatic sowing mechanism of a *maize* **planter.** 103416
Study of the effect on *maize* **plants** of humic acid obtained from manure by two extractants. I. Effect on the aerial parts. 100081
Study of the effect on *maize* **plants** of humic acid obtained from manture by two extractants. II. Effect on the roots. 100082
Effect of preceding winter crops, level of nitrogen fertilizer, distance between hills and method of harvesting on the yield of *maize* **plants.** 100713
Relationship between soil temperature and the transpiration of *maize* **plants.** 103659
Is it necessary to diminish the density of **population** of *maize?* 100946
Hyper-auxin induced by Ustilago maydis (DC) Cda on Zea may L. *[Maize].* II. **Post-infection** variations in IAA [indoleacetic acid] oxidase, peroxidase and polyphenoloxidase [Loose smut]. 101602
The behavior of various starch granules in KOH [potassium hydroxide] solutions [Rice, *corn,* **potatoes].** 095842
Determining the most profitable nitrogen fertilization for *corn* **production** [Production costs]. 094448
Seedling vigor and its effect on field **production** of *corn*. 100294
CORNMOD [a mathematical model] a dynamic simulator of *corn* **production.** 100700
The aftereffect of fertilizers on the nutrition and **productivity** of *maize*. 100136
Fertilizer N [nitrogen]: the key to **profitable** *corn* production with changing prices and production costs. 104118
Forecasting and **programming** *maize* yields in twice-a-season sowings [Water requirements]. 094238
Problems of **programming** *maize* yields. 094243
Split application of nitrogen in *maize* under **rainfed** condition. 104026
[Injurious] effect of soil salinization on the osmotic **regime** of *maize*. 101863
Microbiological and enzymatic activity of soil under *maize* in **relation** to fertilizers. 103908
Effect of simazine and atrazine [herbicides] on *maize* and their **residual** effects on succeeding rabi crops. 102117
Alteration of yield structure components in *maize* as a **result** of inbreeding. 099386
Mutational variability of *maize* as a **result** of seed storage. 099424
Isolation of two protein factors from maize involved in poly U-dependent polyphenylalanine synthesis by *maize* **ribosomes.** 100288
Ultrastructure of meristematic epidermal cells of *maize* **root** under water deficit conditions. 099032
Iron deficiency on *corn* **root** mitochondrial adenosine triphosphatase activity. 100153
Wall hydroxyproline and growth of georeactive **roots** *(Zea* mays L.) [Maize]. 100180
Changes in the protein content of *corn* **roots** at low above-freezing temperatures. 100241
Presence of zinc in glutamate dehydrogenase of *corn* **roots.** 100318
Antennal morphology of *[corn* **rootworm]** Diabrotica virgiferaadults (Coleoptera: Chrysomelidae). 102791
Soybean growth and composition as affected by K, Ca, and Mg [potassium, calcuim, magnesium] rates and *corn* **rotation.** 100161
The use of annual wind barriers *[corn* **rows** in a soybean field] for protecting row-crops. 100941
Yields of dithane S-31 treated maize in the absence of *maize* **rust,** (Puccinia polysora). 101507
Corn **rusts** [Puccinia sorghi, Puccinia polysora, Physopella zeae]: types, races and destructive potential. 101583
Quality of seeds from the first and **second** *maize* cobs. 100307
Progress of cytoplasmic and genetic sterility in hybrid **seed** *corn* production. 099367
Ion uptake in relation to the development of a root hypodermis *[Maize* **seedlings].** 100247
Light control of anthocyanin biosynthesis in Zea [mays] **seedlings** *[Maize].* 100255
Light effects on phenylalanine ammonia-lyase substrate levels and turnover rates in *maize* **seedlings.** 100283
Transport of amides of dicarboxylic amino acids from the roots to the leaves and renewal of proteins in different organs of *corn* **seedlings.** 100319
About an accelerated determination of protein quality in *[maize]* **seeds** [for breeding]. 100121
Effect of inbreeding on the alteration of some biochemical features of **self-pollinated** *maize* lines of different origin. 099289
Preserving properties of urea in *maize* **silage** production. 096023
Single and split application of fertilizers in *maize* for **silage** on ordinary Chernozems. 100231
The effect of nitrogen, phosphorus and potassium fertilizers on the yield and quality of *maize* **silage.** 103931
Simple *maize* hybrids synthesized from mutant sub-lines. 099429
A broader germplasm base in *corn* and **sorghum.** 099363
Effect of the D.L. Abscisin (Dormin) and other growth regulators on germination, growth and yield of *corn* and **sorghum.** 100083
Black layer signals maturity *[Maize,* **sorghum].** 100181
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that causes charcoal rot on *corn,* **sorghum,** soybean, and other economic crop plants]. 101380
Insect [pest] management in *corn* and **sorghum** based on field monitoring teams. 102353
Endocrine interactions controlling the larval diapause of the **southwestern** *corn* borer, Diatraea grandiosella. 102334
Provision rate and utilization of water by *maize* **sown** after different precursors in the southeastern regions of the Ukrainian steppe. 100131
Effectiveness of inorganic fertilizers in presowing application in *maize* **sown** after different precursors. 103906
Effect of microfertilizers on *maize* **sown** after sugarbeets on calcareous Chernozems. 104067
Mixed cropping of **soybean** with *maize*. 100852
Behavior of iron-inefficient plants when grown in combinations of calcareous and noncalcareous soils *[Maize,* **soybeans].** 100149
Monocot-dicot variability in response to an iron oxide-metallic iron source *[Maize,* **soybeans].** 103928
Study of virulent properties of ecogeographical populations of the pathogen of head smut of *maize* **[Sphacelotheca** reiliana]. 101360
Nitrate-N [nitrogen] and total N concentration relationships in several plant species *[Maize,* **spinach,** mustard, Festuca arundinacea]. 099470
Screening of different granular formulations against maize pests with special reference to *maize* **stem** borer, Chilo partelus Swinhoe. 102276
Genetic and breeding aspects of using cytoplasmic male **sterility** of *maize*. 099119
Maize **streak** epiphytotic in Nigeria [Cicadulina as insect disease vector]. 101786
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, *corn,* and **sudan** grass [Sorghum sudannese] grown in sand culture. 099676
Postharvest carbohydrate transformations and processed quality of high **sugar** *maize* genotypes. 094870
The chisel for preparing wheat, *maize* and **sugarbeet** soils in Oise. 103419
A problem of bull fatteners: make *maize* or **sugarbeets?** [Costs and returns]. 094423
Economic effectiveness of irrigating and fertilizing wheat, *maize* and **sugarbeets.** 104327
Resistance of F1 hybrids of **sweet** *corn* and their parental forms to common smut [Ustilago zeae]. 099102
Effect of mixed salinity and P [phosphorus] fertility on yield and microelement composition of tomato, **sweet** *corn* and sudangrass in sand culture. 103976
Tillage tests with **sweet** *corn* and snap beans—1975. 104165
Cytogenetic evidence for the origin of **teosinte** *(Zea* mays ssp. mexicana) [Maize]. 098603
Agronomic and biological characteristics of *maize* and **teosinte** [Euchlaena] hybrids. 099078
Presowing soil **tillage** for *maize*. 100734
Effectiveness of integrated ways of controlling Canada thistle [Cirsium arvense] in the system of soil **tillage** for *maize*. 102087
Yields of dithane S-31 **treated** *maize* in the absence of maize rust, (Puccinia polysora). 101507
Studies on the response of **two** *maize* germplasms to dates of planting and plant population. 100867
Development of a systems of practices promoting the production of preset yields [of winter wheat, sugarbeets and *maize]* on **typical** Chernozems in the Kursk Region. 100794
Evaluation of *maize* **varieties** for their potential as breeding populations. 099179
Protein quality improvement in *maize* **[Varieties,** breeding]. 099368
Some biochemical characteristics of modified phenotype strains of opaque-2 (Zea mays L.) *[Maize,* **varieties].** 100169
The changing status of *corn* **virus** diseases: potential value of a systemic insecticide [Graminella nigrifrons and Rhopalosiphum maidis as insect vectors]. 102308
Performance of corn hybrids exposed to *corn* **viruses** in Ohioin 1974. 101718
Performance of corn hybrids exposed to *corn* **viruses** in Ohioin 1975. 101719
Fermentation industry—sugar, pharmaceuticals, *corn* **[Wastewater** treatment]. 104554
Weeding *maize*. 102181
Eliminating pollution problems in the **wet** *corn* milling industry. 104468
The relation of quality standard commodity value and price conditions for **wheat** and *maize*. 094551
The development of a high protein isolate from selected *[corn* and **wheat]** distillers byproducts. 095833
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point [kidney] bean embryo respiration *[Maize,* **wheat,** sugarbeet]. 099947
Use of isotopes to explore the physiology and biochemistry of photorespiration and its effects on crop yields **[Wheat,** *maize].* 100207
Hydroxyproline content in cell walls of plants with different boron requirements [Broadbeans, sunflowers, *maize,* **wheat].** 100315
Effect and aftereffect of fertilizers on *maize* **yield** and its quality in the Central-Chernozem zone. 100124
Role of the structure of the stand in the formation of the *maize* **yield** [Spacing, density]. 100134
Experience of using a method of optimal programming of *maize* **yield** on irrigated fields in the area between Volga and Don in the Volgograd Region. 100797
Maturity interaction and black layer occurrence in opaque-2 and normal hybrids in *maize* **(Zea** mays L.). 099198
Cytoplasmic effects on quantitative characters in *maize* **(Zea** mays L.) [Cytoplsm-gene interactions. 099412
Protein patterns of developing mitochondria at the onset of germination in *maize* **(Zea** mays L.). 100183

The presence of Fusarium moniliforme Sheld. Within *maize* (**Zea** mays L.) kernels as a phytopathological and mycotoxicological problem in Italy. I. 101538
Comparative population dynamics of Pratylenchus zeae and Hoplolaimus aegypti on *maize*, **Zea** mays [Nematodes]. 101840
Nematodes and maize growth in Nigeria. II. Effects of some amendments on populations of Pratylenchus brachyurus and on the growth and production of *maize* (**Zea** mays) in Nigeria. 101973
Growth of broilers and quail fed Fusarium (Gibberella **zeae)-infected** *corn* and zearalenone (F-2). 096755

MALABSORPTION
Malabsorption of **iron** in children with iron deficiency. 095158
Lactose *malabsorption* in Mexican-American children. 094993
Gastrointestinal bleeding and iron absorption in the experimental blind loop syndrome *[Malabsorption* of both **vitamin** B12 and fat, rats]. 094960

MALACOSOMA
The eastern tent caterpillars *[Malacosoma* **americanum,** Malacosoma disstria]. 102251
A chemical trail from the silk of the eastern tent **caterpillar** *Malacosoma* americanum (Lepidoptera: Lasiocampidae). 102963
The eastern tent caterpillars [Malacosoma americanum, *Malacosoma* **disstria].** 102251

MALARIA
Malaria **eradication** and control from a global standpoint [by shortening the life of the Anopheles vector]. 102584
Viruslike particles in *malaria* **parasites** [from Anopheles stephensi, Aedes aegypti]. 102596

MALATE
Rate of transfer of C14 [carbon isotope] from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of *malate* and **aspartate** and disposal of the chloroplasts in C [carbon]-4 plants. 099996
Lactate and *malate* **dehydrogenase** activities during the ontogeny of the Mongolian gerbil, rat, mouse, and rabbit. 096316
The influence of exogenous nicotinamide adenine dinucleotide on the oxidation of *malate* by **Jerusalem** artichoke mitochondria. 100490
Phosphoenolpyruvate carboxylase from Setaria italica: inhibition by **oxalacetate** and *malate).* 100045

MALE
The potency of *male* **accessory** gland material in the mosquito (Aedes aegypti). 102940
Spermatophore of the mealworm beetle [Tenebrio molitor]: immunochemical characteristics suggest affinities with *male* **accessory** gland. 103017
Efficacy of diet and exercise in the reduction of serum cholesterol and triglyceride in free-living **adult** *males.* 094988
Postmating female odor in Heliconius butterflies: a *male-contributed* **antiaphrodisiac?** 103094
Serum LH [luteinizing hormone] concentration following castration, steroid hormone and gonadotropin releasing hormone treatment in the *male* **bovine.** 096937
Mycoplasma recovered from **bovine** *male* and female genitalia and aborted foeti. 097537
Male **brooding** behavior of the water bug Abedus herberti (Hemiptera: Belostomatidae). 102800
Creation of forms with **cytoplasmic** *male* sterility for obtaining heterotic hybrids of rye. 099081
Genetic and breeding aspects of using **cytoplasmic** *male* sterility of maize. 099119
Functional peculiarities of mitochondria in plants with **cytoplasmic** *male* sterility. 099292
Ultrastructure of the stamen cells from fertile and sterile (**cytoplasmic** *male* sterility) forms of sugarbeets of different ploidy level. 099301
Restriction endonuclease analysis of mitochondrial DNA from normal and Texas **cytoplasmic** *male-sterile* maize. 099383
Inheritance of **cytoplasmic** *male* sterility in closely related crossings of winter rye. 099391
Oxidation-reduction processes in wheat forms with **cytoplasmic** *male* sterility. 099393
Isomer of antiaggregative pheromone identified from *male* **Douglas-fir** beetle [Dendroctonus pseudotsugae]: 3-methylcyclohex-3-en-1-one [Pseudotsuga menziesii pests]. 103005
Sound production in Scolytidae: rivalry and premating stridulation of *male* **Douglas-fir** beetle [Dendroctonus pseudotsugae]. 103016
Further notes on the behavior of induced asymmetric in dyads in the *male* of **Drosophila** melanogaster. 103055
Effect of semen dose, frequency of insemination, age and productivity of the *male* on **duration** and levels of fertility and hatchability in the turkey. 097006
Cytophotometrical study of nuclear DNA in the different apical parts of the *male* **gametophyte** of Polytrichum formosum Hedw. during the reproductive phase [Musci]. 098907
Microsporogenesis and *male* **gametophyte** in Rauwolfia serpentina (L.) Benth. ex Kurz. 098946
Seasonal variations in nitrogen compounds during sexual maturation of the *male* **gametophytes** of Polytrichum formosum Hedw. [Muscidae]. 099597
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: egg hatch in females mated successively with normal and **gamma-sterilized** *males* and vice versa. 102807
Sexual behaviour following castration in experienced and **inexperienced** *male* rabbits. 097075
Mating behaviour in halictine bees (Hymenoptera: halictidae). II. Microterritorial and patrolling behavior in *males* of **Lasioglossum** robweri. 103125
A comparative study on anther development in *male-fertile* and **male-sterile** plants of Pelargonium crispum L'Her. ex Ait. 098972
C-banding in *male* **meiotic** cheomosomes of Poekilocerus pictus (Acrididae: Orthoptera). 103083
Peculiarities of cytoplasmic and **nuclear** *male* sterility in winter rye. 099096
Mitotic recombination in cleavage divisions of Drosophila melanogaster. I. The effect of X-rays on sperms and spermatogonia of *male* **parents.** 102948
Mitotic recombination in cleavage divisions of Drosophila melanogaster. II. The effect of ethylmethanesulphonate at different stages of spermatogenesis in *male* **parents.** 102949
Dispersal and mating in the field by *male* **pink** bollworm, Pectinophora gossypiella [cotton pest] labeled with 32P [phosphorus isotope]. 102300
A comparative study on anther development in male-fertile and *male-sterile* **plants** of Pelargonium crispum L'Her. ex Ait. 098972
Screwworm flies [Cochliomyia hominivorax] for *sterile-male* **releases:** laboratory observations of the quality of newer candidate strains. 102552
Evidence of circadian rhythm of *male* **responsiveness** to female pheromones in Acrolepiopsis (Acrolepia) assectella Zell. (Lepidoptera). 102843
Aggression and mating success in *male* **spider** mites. 103092
Mathematical models of the **sterile** *male* technique of insect control. 102241
Studies on the fruit flies of Karachi prior to the application of **sterile** *male* release technique. 102377
Study of heterosis and *male* **sterility** in winter rye. 099109
Study of *male* **sterility** in rye. 099110
Hormone-pheromone relationships of *male* **Tenebrio** molitor. 103003
Guarding, aggressive behavior, and mating success in *male* **twospotted** spider mites [Tetranychus urticae]. 102798
Estimation of the number of **wild** *males* with a mark-recapture method [Dacus cucurbitae]. 102380
Searching behaviour and tactochemical orientation in *males* of the **wolfspider** Pardosa amentata (Cl.) (Araneae, Lycosidae). 103084

MALEIC
Utilization of amino acids in the ruminant. 1. The protection of amino acids with *maleic* **anhydride** to prevent deamination in the rumen [Nutritional physiology]. 096173

MALFORMATION
Morphogenesis of the chick embryo foot as studied by Janus green **B-induced** *malformations.* 096448
The "strait jacket" *[malformation]* **syndrome** in the chick. I. A morphological analysis. 096364

MALFORMINS
Studies on the distribution of 14C [**carbon** *isotope]-malformin* A [a potent plant growth regulator produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543

MALIC
Metabolism of *malic* **dehydrogenase** and polyphenoloxidase in apples [during storage]. 095885
C4 grasses: an anatomical criterion for distinguishing between NADP [carbon]-malic enzyme species and PCK or NAD [nicotinamide adenine **denucleotide** *phosphate]-malic* enzyme species. 098887

MALNUTRITION
The bangle as a tool for **assessing** *malnutrition* of under-sixes [Children]. 095099
Protein and **calorie** *malnutrition* among preschool Navajo Indian children, a follow-up. 095001
Nutrition education in the context of early **childhood** *malnutrition* in low-resource communities. 095206
Decreased interferon produced by leukocytes in marasmus [Disease in *malnourished* **children].** 094955
The school health service as a means of entry into the inner-city family for the identification of *malnourished* **children.** 095010
Malnutrition and **drug** metabolism in man. 095176
Malnutrition and **drug** metabolism in man. 095177
Health and communicable disease in a rural African **environment** *[Malnutrition].* 095187
The etiology of *malnutrition* among **preschool** children in rural Costa Rica. 095049
Lymphocyte number and function in **protein** *malnutrition.* 095175
Functional significance of growth **retardation** in *malnutrition.* 094990
Dual role of environmental deprivation and *malnutrition* in **retarding** intellectual development. 094984
Incidence of *malnutrition* among **selected** preschool children. 095096

MALONATE
The influence of fluoride, *malonic* and **pyruvic** acids on the respiratory metabolism and the metabolism of dicarboxylic and tricarboxylic acids in two-year-old leaves of chicory. 100610
Correlations between various pathways of carbohydrates metabolism under conditions of in vivo administration of metabolis inhibitors. II. Metabolic inhibition by *malonate* **[Rabbits].** 096549

MALPIGHIAN
Fine structure of the *malpighian* **tubule** in Aedes aegypti. 102796
Studies on the *malpighian* **tubules** of the lesser grain borer, Rhizopertha dominica Fab. (Coleoptera: Bostrychidae). 103132

MALT
Performance of some local and introduced wheat and *malting* **barley** cultivars under irrigated conditions in Egypt. 100715
Great strides in *malting* **barley** yields. 100921
Malting and **brewing** [Cereal grains]. 095754
Effect of dates of sowing and rates and times of N [nitrogen] application on the grain yield and *malting* and **brewing** quality of 2-row barley. 100835
Purification of *malted-barley* **endo-beta-D-glucanases** by ion-exchange chromatography: some properties of an endo-barleybeta-D-glucanase. 095779
Purification and partial characterization of an endo-beta 1, 3-glucanase from **green** *malt.* 095475
Effect of barley variety, environment and malting technology on the amino acids of *malt.* II. 095775
Effects of nitrogen fertilizer on *malting* **quality** of widely varying barley cultivars. 095785
Effect of barley variety, environment and *malting* **technology** on the amino acids of malt. II. 095775

MALTASE
Melezitase and *maltase* from the **midgut** of Sesamia inferens Walker (Lepidoptera: Insecta). 102931

MALTOSE
THe influence of *maltose* and other **carbohydrates** on the feeding behaviour of Heteronychus arator (Scarabaeidae: Coleoptera). 102938
A reinvestigation of the reaction of *beta-maltose* **octaacetate** with phosphorus pentachloride. 095424

MALUS
A new fruit rot disease of *Malus* **pumila** [Penicillium claviforme]. 101396

MALVACEAE
Cytotaxonomy of *Malvaceae.* I. **Chromosome** number and karyotype analysis of Hibiscus, Azanza and Urena. 098962

MAMMALIA
Toxoplasma gondii antibodies in free-living **African** *mammals.* 097436
Chemical repellents can save crops [Birds and *mammals* **control].** 102060
A possible origin and adaptive significance of the mounting behaviour shown by some **female** *mammals* in oestrus. 096950
Hypoxia increases potassium efflux **fom** *mammalian* myocardium [Cat and guinea-pig papillary muscles, bovine Purkinje fibres]. 096348
Metabolic function of the digestive tract of embryos in *mammals* as a **form** of its participationin the processes of uterine nutrition. 096558
Immunoreactive LRF [luteinizing hormone-releasing factor] neurosecretory pathways in *mammals* **[Guinea** pigs, rats, cats, mice]. 096146
Isolation of stimulatory modulator of guanosine 3':5'-monophosphate-dependent protein kinase from *mammalian* **heart** devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Adrenal medulla gangliosides. A comparative study of some *mammals* **[Horse,** ox, sheep, swine]. 096315
Body weight and blood meal size in Triatoma protracta (Hemiptera: Reduviidae) *[Mammal* **hosts].** 102550
Fluroescence histochemistry and autoradiography of adrenergic nerves in the renal juxtaglomerular complex of *mammals* and **man,** with special regard to the efferent arteriole. 096305
Studies on the biology and distribution of Leptinus testaceus Muller within a community of mixed **small** *mammal* species. 102563
Mercury, cadmium, zinc, copper and organochlorine insecticide levels in **small** *mammals* trapped in a wheat field. 102686
Hormonal regulation of phosphoenolpyruvate carboxykinase (GTP) in *mammalian* **tissues.** 096398
Mammalian **toxicity** of helenalin, the toxic principle of Helenium microcephalum DC (smallhead sneezeweed) [Sheep, laboratory animals]. 097779

MAMMARY
Differentiation of streptococci recovered from **bovine** *intramammary* infections. 097519
Changes in lipogenesis during [rabbit] *mammary-gland* **development.** 096586
Effect of hormones on lipogenesis in *mammary* **explants** taken from rabbits at different stages of pregnancy and lactation. 096587

Effect of hormones on the activity of acetyl-coenzyme A carboxylase in explants of *mammary* **gland** from mid-pregnant rabbits. 096588
Cellular biology of milk secretion *[Mammary* **glands].** 096266
The investigation of cholinesterase localisation in *mammary* **glands** of goats and sheep. 096592
Pathology of chronic lesions in the *mammary* **glands** of goats (Capra hircus). 2. Fibrocystic disease and intraductal carcinomas. 097726
Acetate utilization by the isolated perfused **guinea-pig** *mammary* gland. 096438
Isolation and characteristics of mRNPs [Messenger Ribonucleoprotein particles] associated with bound polyribosomes from the ewe **lactating** *mammary* gland. 096258
Lipoprotein lipase and uptake of chylomicron triacylglycerol and cholesterol by perfused **rat** *mammary* tissue. 096243
Investigation of the **rudimentary** *mammary* gland of the cow under the electron microscope. 096584
Cellular studies of *mammary* **tissue** form cows hormonally induced into lactation: lactose and fatty acid synthesis. 096440
Cellular studies of *mammary* **tissue** from cows hormonally induced into lactation: histology and ultrastructure. 096441
Comparison of binding proteins of glucocorticoids in *mammary* **tissue** and in blood sera from lactating cows. 096442
The incorporation of long-chain fatty acids into glycerides in the liver and *mammary* **tissue** homogenates of lactating goats. 096535

MAMMILLARIA
Mammillaria **microcarpa** Engelmann. 098645
Some thoughts on **watering** *[Mammillaria].* 100495

MAN
Effects of solid food on blood levels of **alcohol** in *man.* 095214
Salmonellosis, an environmental problem affecting **animals** and *man.* 094905
Stool or intestinal flora—contribution to the microbiology of the intestinal organs **[Animals,** *man].* 096484
Solar radiation and heat balance in **animals** and *man.* 096562
Enteric resorption of macromolecular proteins by **animals** and *man.* 096827
Myiasis in *man* and other **animals** [by the larvae of dipterousinsects] in Trinidad and Tobago (1972-73). 102615
Incidence in Tanzania of CF antibody to Coxiella burneti in sera from *man,* **cattle,** sheep, goats and game. 097664
Mutual relation and dependence of salmonellosis in birds and *man* **[Chickens].** 097365
Sugar in the **diet** of *man.* 095223
Forestry in the year 2000: what *man* can **imagine,** man can do. 097928
Control of insect and mite pests of *man,* **livestock,** and poultry. 102564
Insects as factor in general and human ecology in the Sudan[Pests, *man* and **livestock].** 102601
Forestry in the year 2000: what man can imagine, *man* can do. 097928
Malnutrition and drug **metabolism** in *man.* 095176
Malnutrition and drug **metabolism** in *man.* 095177
Infectious diseases common to animal and *man* of **occupational** significance to agricultural workers. 097338
The distribution of O-antigen types of Escherichia coli in normal calves, compared with *man,* and their R **plasmid** carriage. 097393
Study on the antigenic structure and biochemical activity of isolated Salmonella gallinarum-pullorum strains. I. Decarboxylase activity of the Salmonella gallinarum-pullorum strains [Salmonellosis, **poultry,** *man].* 097369
A conspectus of research on iron **requirements** of *man.* 095145
Sewing *men's* pants: making the pattern fit. 095257
Fluroescence histochemistry and autoradiography of adrenergic nerves in the renal juxta-glomerular complex of mammals and *man,* with **special** regard to the efferent arteriole. 096305
Lipoproteins in serum of rat, mouse, gerbil, rabbit, pig and *man* **studies** by electrophoretical and immunological methods. 096317
Infection of *man* by **swine** vesicular disease virus. 097398
Selecting a *man's* **wardrobe** [Clothing]. 095248
Agriculture no longer a *"man's* **world"** [Education, women]. 094095

MANDARINS
Mitotic cycle in the root meristem cells of Citrus limon Burm [lemons], Citrus reticulata Blanco *[mandarin* **oranges]** and Citrus sinensis X Poncirus trifoliata. 100402
Nuclear DNA synthesis in meristematic root tip cells of some Citrus species [Lemons, *mandarin* **oranges]** autoradiography and microspectrophotometry. 100403
Fruit distribution and relative light intensity in the canopies of **Satsuma** *mandarin* orange trees. 100395
Studies on the nitrogen metabolism in **Satsuma** *mandarin* orange trees. IV. Movements of proline in the leaves concurrent with the sprouting of spring shoots and their early growth. 100396
15N [nitrogen isotopes] absorption and translocation by **Satsuma** *mandarin* orange trees. III. Behaviour of nitrogen supplied in early spring. 100397
15N [nitrogen isotope] absorption and translocation by **Satsuma** *mandarin* orange trees. IV. Behaviour of nitrogen supplied in early summer. 100398

MANDIBLES
Inhibition of sodium transport by antiotensin II in the main duct of the **rabbit** *mandibular* gland isolated and perfused in vitro. 096498
Removal of the parotid and *mandibular* **salivary** glands from a pony mare. 097769
Repair of a *mandibular* **symphyseal** fracture with a nylon cable tie band [Cats]. 097808

MANDUCA
Ecdysone 20-hydroxylase from the midgut of the tobacco **hornworm** *(Manduca* sexta L.). 102929
Flight energetics of sphinx moths: power input during hovering flight [Manduca sexta, *Manduca* **quinquimaculata,** Deilephila elpenor, Hyles lineata]. 102979
Non-methylated guanosine as the 5' terminus of capped mRNA from insect oocytes *[Manduca* **sexta].** 102831
Origin and morphogenesis of sensory neurons in an insect *[Manduca* **sexta]** antenna [Manduca sexta]. 102907
Structure and development of antennae in a moth, *Manduca* **sexta.** 102908
Flight energetics of sphinx moths: power input during hovering flight *[Manduca* **sexta,** Manduca quinquimaculata, Deilephila elpenor, Hyles lineata]. 102979
Ontogeny of electroantennogram responses in the moth, *Manduca* **sexta.** 103010
Insect *[Manduca* **sexta]** prothoracic glands; a role for cyclic AMP [adenosine monophosphate] in the stimulation of alpha-ecdysone secretion. 103048

MANGANESE
Assimilable *manganese* content in ten soils of the Duero River basin. 103670
The evaluation of the waterlogging rate of the *iron-manganese* **concretions** in the soils of Neva River lowlands. 103856
Determination of Fe, Cu, Ni, and Mn [iron, copper, nickel, *manganese]* in **fats** and oils by flameless atomic absorption spectroscopy. 095464
Light-reactivation of (Tris-washed)-DPIP [2,6-dichlorophenol indophenol]-treated chloroplasts: *manganese* **incorporation,** chlorphyll fluorescence, action spectrum and oxygen evolution. 099920
Determination of copper, iron, and *manganese* in **milk** with flameless AAS [atomic absorption spectrophotometry] and a survey of the contents of these metals in Swedish market milk. 095618
Manipulation of IAA [indoleacetic acid]-oxidase activity and auxin-deficiency symptoms in intact cotton plants with *manganese* **nutrition.** 100256
Studies on some factors affecting availability of soil manganese. 2. Effect of sulphur on **plant-available** *manganese* and its relation to other forms. 103699
Studies on some factors affecting availability of **soil** *manganese.* 1. Effect of sulphur on the status of soil manganese. 103698
Studies on some factors affecting availability of **soil** *manganese.* 2. Effect of sulphur on plant-available manganese and its relation to other forms. 103699
Manganese and **structuration** of the photosynthetic apparatus in Funaria hygrometrica [Musci]. 098909
Concentration of *manganese* in the **tissues** of cycling and anestrous ewes. 096889
Tracer experiments on the effect of micronutrients on the growth of Porphyra [Algae] plants. II. *Manganese-54* and **zinc-65** assimilation in relation to environmental factors. 099590
Chemical forms of *manganese* and **zinc** in phloem exudates [Castorbeans]. 099892
Oat response to *manganese* and **zinc.** 100070
Iron, *Manganese,* **zinc** and copper contents of some inorganicfertilizers. 104103

MANGIFERA
Dendrophthoe falcata (Linn. F.) Etting—a parasite on the leaf of *Mangifera* **indica** Linn. 102098
Occurrence of an unknown wild race of *Mangifera* in **Tripura** [Mangoes]. 098596

MANGOES
Role of tulsi plant (Ocimum sanctum) in control of *mango* **fruitfly,** Dacus correctus Bezzi (Tephritidae: Diptera). 102391
Occurrence of an unknown wild race of Mangifera in **Tripura** *[Mangoes].* 098596

MANGROVES
N2 [nitrogen] fixation associated with decaying leaves of the **red** *mangrove* (Rhizophora mangle). 103706

MANIHOT
Observations on the Cercospora [henningsii] leaf-spot disease of **cassava** *(Manihot* esculenta). 101503

MANNANASE
Purification and properties of a *beta-mannanase* from **alfalfa** seeds. 095772
Galactomannans and a galactoglucomannan in legume seed endosperms: structural requirements for *beta-mannanase* **hydrolysis.** 099907

MANNANS
Comparison of proton magnetic resonance spectra of **cell-wall** *mannans* of Candida tropicalis [yeast] with its morphology. 098874
Preparation of yeast [Saccharomyces cerevisiae] *mannan* **derivatives** by stearoylation and phosphorylation. 099670
Methylation and acetolysis of **extracellular** *D-mannans* from yeast. 099642

MANNITOL
Mannitol **production** in fungi during glucose catabolism. 099629
Mannitol in the **Rhodophyceae** [red algae]: a reappraisal. 099912

MANNOSES
Storage of *mannose-containing* **material** in cultured human mannosidosis cells and metabolic correction by pig kidney alpha-mannosidase. 096373

MANNOSIDASE
Storage of mannose-containing material in cultured human mannosidosis cells and metabolic correction by pig **kidney** *alpha-mannosidase.* 096373
Beta-mannosidase from the **mushroom** Polyporus sulfureus. 100486

MANPOWER
Development of *manpower* in **agriculture** in recent years. 094362
Determining carrying capacity with respect to *manpower* **[Planning,** agricultural structure]. 094214
More scientific research is needed **[Veterinary** *manpower].* 097210
Utilization of the fund of working time by *manpower* in **worker** professions in agriculture. 094367
Utilization of **worker-profession** *manpower* in agriculture. 094368

MANTEIDAE
Leucine incorporation in the ganglia of **praying** *mantids* [Stagmatoptera biocellata] during a learning process. 103007

MANUAL
Results of laboratory and field testing of a *manual* **electrical** apparatus for trellis trimming of tea bushes. 103595
An **improved** *manual* method for the determination of the cystine plus cysteine content of proteins [Dairy products]. 095613
Maple syrup **producers** *manual.* 098180
Information retrieval system "introduction" on *manual* **punched** cards [for the world collection of entries in the All-Union Institute of Plant Industry]. 098479
Automated and *manual* **pyruvate** determination in milk. 095614
Rapid *manual* determination of sulfur and phosphorus in plant material. 099677
Equipment to aid in *manual* **sorting** of adult codling moths [Laspeyresia pomonella] by sex [Horticultural plants]. 102385

MANUFACTURE
Change in phenolic substances during the *manufacture* and **aging** of wines. 095895
Manufacture of the **beehive** honey chamber. 103302
Optimum determination for **component** *manufacturing* on production lines in wood industry. 098214
Machines and equipment for post-harvest handling and storing of potatoes, *manufactured* in **Czechoslovakia** and the German Democratic Republic. 103498
Use of X-ray and gamma-induced mutants of lactic acid bacteria in the *manufacture* of **dairy** products. 095632
Use of deep frozen bacterial concertrations for the *manufacture* of different **mild** acid sour milk products. 095567
Newsprint *manufacture* in India—status. 098252
Powdered fats: *manufacturing,* **properties,** uses. 095526
Manufacture and **quality** control of tomato products. 095911
Manufacture of **semifinished** and ready-made feeds in industrial plants. 096058

MANURE
Animal *manure* for clover and pure grass. 104146
Effect of short-chain fatty acids extracted from beef **cattle** *manure* on germination and seedling development [Phytotoxicity, wheat, sorghum]. 103894
Virus-like injury to soybean induced by residual herbicide components present in **cow** *manure.* 102045
Generator of current impulses for the process of *manure* **dehelminthization.** 103527
Removal of *manure* and **design** of cow sheds. 103397
The effect of partial or complete replacement of **farmyard** *manure* on the growth and production of Cavendish banana. 103871
Effect of **farmyard** *manure,* straw, slurry and nitrogen, phosphorus, potassium on crop yields and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Effects of *manures,* **fertilizers** and topping on Virginia tobacco in north Bengal. 103989
On the influence of *manure* and **fertilizers** on the distribution and amounts of plant-available Cd [cadmium] in soils. 104142

Comparison of the effectiveness of inorganic fertilizers and *manure* in a **four-field** crop rotation including a clover-grass mixture (experiments of 1931-1974). 104058
Manuring of **grass-legume** forage mixtures. 103999
Perennial lupine as a **green** *manure* on soddy-podzolic soils. 103955
Green *manure* application and reclamative cultivation of sandy and loamy-sandy soddy-podzolic soils in the foothill regions of the Urals. 104184
Preliminary study on the use of amide content in wheat as an **indication** of *manuring.* 103920
Cattleshed washing for *manure* and **irrigation** [in India]. 103965
Is the **liquid** *manure* bureaucracy coming? [Legislation]. 094655
Problems of the disposal of **liquid** *manure* from large-capacity piggeries. 096098
Analysis and selection of a device for the separation of **liquid** *manure* into fractions. 103511
A close look at [**liquid** *manure]* spreaders. 103598
Different way to mix **liquid** *manure.* 104101
Requirements of environmental and water protection with the use of **liquid** *manure* in crop production [Pollution, East Germany]. 104485
Storage and management of **livestock** *manure.* 104604
Effect of **organic** *manure* and chemical fertilizers on opium poppy [Papaver]. III. Role of phosphate on the yield of opium, morphine and poppy seeds. 103983
Paunch *manure* as a feed supplement in channel catfish farming. 096039
A small-size generator of current impulses in an electrohydraulic device [Disinfection and dehelminthization of **pig** *manure].* 103360
Utilization of **poultry** *manure* as feed. 096649
Experiences in the use of centrifuged liquid **poultry** *manure* [as a feed additive] in slaughter cattle production of the Friedeburg State Farm [East Germany]. 096801
Nutrient concentration of corn as effected by **poultry** *manure.* 100155
The arsenic content of corn grain grown on a coastal plain soil [in Delaware] amended with **poultry** *manure.* 100162
Effect of **poultry** *manure* additions on the extractability of an added metal. 103926
Poultry *manure* and its value in modern agriculture. 104033
Use of **semi-liquid** *manure* from industrial animal production units. 104521
Yield and growth responses of [orchid hybrid] Aranda Wendy Scott [variety] to *manurial* **treatments** with NPK [nitrogen, phosphorus, potassium] and sawdust mulch. 104136
A long-term rotational and *manurial* **trial** in Uganda [Cynodon plectostachyum, Cloris gayana, velvetbeans]. 100770
Study of the effect on maize plants of humic acid obtained from *manure* by **two** extractants. I. Effect on the aerial parts. 100081

MAPLES

Bleaching mineral stains out of *maple* [**Acer**]. 098198
Sporulation from Eutypella [**parasitica**]-**cankered** *maples* [Acer saccharum] reduced by felling infected trees. 101564
Genetic variation in **red** *maple* [Acer rubrum] rootstocks. 098123
Dietary treatment of *maple* **sirup** urine disease (branched-chain ketoaciduria). 095123
Maple **syrup** producers manual. 098180

MAPPING

Morphometric microdensity studies of hard tissue sections, utilising optical density **contour** *maps* and associated area co-ordinated computerised data [Cats, bone]. 096382
THe use of remote sensing imagery for environmental land use and flood **hazard** *mapping* [Vegetation]. 104338
Utilization of the data of analysis of winter wheat leaves for the refinement of agrochemical **interpretative** *maps.* 100234
Mapping of some **lichen** indicators of air pollution in Geneva. 104632
Fine structure of the URA2 locus in Saccharomyces cerevisiae [yeasts]. II. Meiotic and **mitotic** *mapping* studies. 099342
Biogenesis of mitochondria: **molecular** *mapping* of the mitochondrial genome of yeast [Saccharomyces cerevisiae]. 099373
Biogenesis of mitochondria. XLI. **Physical** *mapping* of mitochondrial genetic markers in yeast [Saccharomyces cerevisiae]. 099334
The use of 'normal' and 'transformed' gynandromorphs in *mapping* the **primordial** germ cells and the gonadal mesoderm in Drosophila. 102970
Sampling & *mapping* **reservoirs** & [animal] vectors of human disease. 102573
Genetic evidence for mode of 2n pollen formation and **S-locus** *mapping* in potatoes. 099362
Better planning—better economics. **Soil** *mapping* and [its relationship to] plant cultivation should be determined for every farm. 103794
The content and method of small-scale **soil** *maps.* 103854
An objective rainfall interpolation and *mapping* **technique.** 104261
Mechanical pulps in newsprint: an economic key to the **treasure** *map.* 098251
The experience of developing a forest typology basis for a forestry according to data of *mapping* **types** of habitat and sois. 098051

MARCHANTIA

Isolation and identification of costunolide as a piscicidal component of *Marchantia* **polymorpha.** 099466
Polarity and localization of auxin movement in the hepatic, *Marchantia* **polymorpha.** 099477
Studies of spermatogenesis in the Hepaticae. V. Blepharoplast development in *Marchantia* **polymorpha.** 099478
Chloramphenicol and rifampicine effect on *Marchantia* **polymorpha** L. [Hepaticae]. 099592
Chloroplastid modifications in *Marchantia* **polymorpha** induced by a light excess [Hepaticae]. 099593

MAREK

In vitro biological differences between the pathogenic and **apathogenic** *Marek's* disease herpesvirus [Chick and duck embryos]. 097261
Relation between common antigen and membrane antigens associated with *Marek's* **disease** herpesvirus and turkey herpesvirus infections. 097241
A possible association between plaque type and pathogenicity of *Marek's* **disease** herpesvirus [Chicken embryo fibroblast. 097244
Genetic and vaccination-induced resistance of chickens to lymphoid tumor transplants. 1. *Marek's* **disease** tumor transplant (JMV). 097259
Microscopic lesions suggestive of *Marek's* **disease** in a black francolin (Francolinus f. francolinus) [similar to those described in chickens]. 097262
Natural resistance to *Marek's* **disease** at hatching in chickens lacking maternal antibody, and relationship between this early resistance and resistance acquired with age. 097263
Some observations on the epizootology and pathology of [avian] lymphoid leucosis and *Marek's* **disease.** 097450

MARES *see* HORSES

MARGARODIDAE

Symbiosis between coccids (Coccoidea, *Margarodidae)* and other **insects.** 1. Components of the symbiotic system in the highland of Costa Rica [Quercus]. 102835

MARIGOLDS

More than zinnias [Zinnia], earlier than *marigolds* [**Tagetes**]. 101032

MARINE

New and interesting *marine* **algae** from the Shetland Isles. II. Hollow and solid stiped Laminaria (Simplices). 098551
The *marine* **algae** of the eastern border counties of Scotland. 098555
The pathology of *marine* **algae** [Diseases of seaweeds and phytoplankton]. 101848
Pollen wall and stigma surface in the *marine* **angiosperms** Thalassia and Thalassodendron. 099013
Benthic *marine* algae from the southern coast of Sao Paulo State, southwest of Santos and the coast of Parana State. III. Rhodophyta (2): Cryptonemiales, Gigartinales and Rhodymeniales. 098524
The measurement of irradiance with particular reference to *marine* **biology** [Includes Algae]. 100004
Strawberry cultivar testing in **Canada's** *Maritime* Provinces. 101136
The amino acid composition of some **common** *marine* algae from Iceland [Rhodophyceae, Phaeophyceae, Chlorophyceae]. 099579
Marine and **estuarine** pollution. 104563
The mass outdoor culture of **macroscopic** *marine* algae [Gracilaria sp., Hypnea musciformis]. 101289
Extracellular alkaline phosphatase in **multicellular** *marine* algae and their utilization of glycerophosphate. 099894
Culture studies on the effects from borate pollution on the growth of *marine* **phytoplankters** [Algae]. 104534
Polymorphism of **selected** *marine* Chaetophoraceae (Chlorophyta) [Algae]. 098899
The problems of *marine* **soil** science. 103858
Synthesis of *marine* **terpenoids.** III. Synthesis of (plus/minus)-isocaespitol [Laurencia caespitosa, Algae]. 100016

MARKERS

Erythrocyte rosettes, a *marker* for **bovine** T cells. 096285
Biogenesis of mitochondria. XLI. Physical mapping of mitochondrial **genetic** *markers* in yeast [Saccharomyces cerevisiae]. 099334

MARKETING

Consumption data base finds new uses in *marketing,* **acquisition,** food safety decisions. 095289
The **apple** *marketing* game. 094467
Burley *marketing* and trade seen to be improving [Tobacco]. 094524
Towards a better orientation of **cereals** *[Marketing].* 094596
The "thirds" idea in *marketing* [**Commodity** futures trading, contracts, and on-farm storage]. 094601
Ultrahigh temperature production [of dairy products]—stateof-the-art and prognosis **concerning** *marketing.* 094568
Marketing by **content**—acceptance slow [Soybeans]. 094624
Current *marketing* and economic situation for trailing berries. 094478
Current *marketing* and economic situation for trailing berries in California. 094479
Marketing—also within the **dairy** industry. 094581
The new concepts in **egg** *marketing.* 094555
Economic impact of **federal** *marketing* orders—the Florida winter tomato case. 094611
Food *Marketing* Alert; a monthly food supply forecast in a capsule [Publications]. 094475
Daily commodities in Norway [**Food** *marketing].* 094574
Food *marketing* in the commonwealth Caribbean. 095291
Grain *marketing* [Statistics]. 094461
"Actionistis" [Brewing **industry,** *marketing].* 094491
Soy requires **innovative** *marketing.* 094625
Yoplait yogurt scores smashing success in the **middle** of the U. S. A. *[Marketing].* 094466
"Over-order" pricing in **milk** *marketing.* 094484
A look at future world sugar production [**Outlook,** *marketing].* 094602
CAP [Common Agricultural Policy] survival re-emerges as key issue [**Prices,** *marketing].* 094503
Sheep **production** and *marketing.* 096119
Changes in the *marketable* **qualities** of apple fruits from the Jonathan, Golden Delicious and Red Delicious varieties stored in controlled atmosphere. 095896
OCA [Ontario Cattlemen's Association] **rejects** *marketing* board [Beef cattle]. 094494
New strategy may ease beef **risks** *[Marketing].* 094506
Report of activity of the [French] National Potato Committee for the 1974-1975 seson [Production, *marketing,* **statistics].** 094586
The foliage plant boom: is it here to **stay?** *[Marketing].* 094514
Eggs: the most regular quotations. Chickens: the offer remains **strong** *[Marketing].* 094583
Optimizing **subindustry** *marketing* organizations: a network analysis approach [Cotton gins]. 094473
The one world of **sugar** *[Marketing].* 094603
Raw material or finished goods **supplier?** *[Marketing].* 094579
Feeder pig buyers at organized sales in **Tennessee** *[Marketing].* 094629
Production and *marketing* of **Virginia** tobacco in Andhra Pradesh, January—March 1975. 094556
A comparative regional analysis of the **wholesale** *marketing* margin for crushed cottonseed. 094609
Importance of location in the sale of dairy products in self-service shops *[Marketing,* **yoghurt,** whey cheese]. 094569

MARKETS

Know the short term development of **agricultural** *markets* in order to master them better. 094459
A *market* **analysis** of indoor potted flowering plants. 094512
The adequacy of the independence of *markets* **assumption** in interregional competition models [Lettuce]. 094619
A grower outlook on **caneberry** *markets.* 094476
[Social and economic] status of farmers in the countries ofthe [European] **Common** *Market.* 094077
AGREP—the **Common** *Market's* documentation service for the agricultural sector. 094118
A systems analysis of the hog-pork subsector *[Markets,* **computer** methods]. 094628
Corporate agriculture and *market* **control.** 094477
Effects of trade policies on competition between Florida and Mexico in the U.s. winter **cucumber** *market.* 094612
Are there new possibilities for berry **cultivation?** *[Markets].* 094549
A new translocation in barley resulting in a **cytologically** *market* karyotype [Chromosomal mutations]. 099348
The *market* for **dairy** products in the USA. 094567
Transportation to or from the central wholesale market of Gifu City and movement of loads in the *market* [of **farm** products]. 094604
Saudi Arabia—a **flourishing** *market* for U.S. Farm products. 094517
Food powers the growth at Central Soya [U.S. **Foreign** *markets].* 094510
Small **fruit** *markets* in January 1976. 094482
Will eastern wines have to change to **hold** their *market?* 094500
Influencing *supermarket* policies. 094894
Organization of *markets,* an **insturment** of policy of revenues in agriculture. 094465
Selection criteria for **intensive** *market* lamb production growth traits. 096935
Selection criteria for **intensive** *market* lamb production: carcass and growth traits. 096936
A econometric analysis of the demand for mutton and poultry in **Iran** *[Markets].* 094458
Brazil, Malaysia set to gain more of oil and **meal** *market.* 094523
Critical analysis of suggestions for settling the unequality on the European Community **milk** *market* with special regard to the interdependence of the European Community cattle. 094497
Orchids at the **open** *market.* 094573
Federal milk **order** *market* statistics; annual summary for 1975. 094650
Another green revolution: plant parenthood *[Market* for **ornamentals].** 094505
Honey production in Tennessee: *market* **outlets** and problems. 094630
The **pesticide** *market* in the Federal Republic of Germany. 102692

Comparison of methods of freshness assessment of wet fish. IV. Assessment of commercial fish at **port** *markets.* 095471
Plant protection **product** *market.* 102682
Dairy products: insufficient recovery, the will to make the *market* **productive.** 094592
Consumer attitudes to a ground beef-soy mixture on the **retail** *market.* 094560
The right lamb to the **right** *market.* 094489
Determination of lead levels in beef randomly **selected** from *supermarkets.* 094938
Private labeling of milk and the impact on *market* **structure.** 094616
The *marketed* **surplus** of a subsistence crop: paddy rice in Taiwan. 094474
Determination of copper, iron, and manganese in milk with flameless AAS [atomic absorption spectrophotometry] and a survey of the contents of these metals in **Swedish** *market* milk. 095618
An agricultural value tax as an alternative to land use tax or *market* **value** tax on land. 094440
Transportation to or from the central **wholesale** *market* of Gifu City and movement of loads in the market [of farm products]. 094604
The **wine** *market* and Oregon's place. 094483
The **wine** *market* in Greece. 094597
The **wine** *market* in Greece. 094598
The **wine** *market* in Greece. 094599
The exploitation of the forestry resources of Brazilian Amazonia and Colombia, and the medium-term outlook for imports of logs and sawn timber from these countries on the Frenctropical **wood** *market.* 097964
Field seed prices in the **world** *market*—unexpected rapid increase in price. 094626

MARKINGS

Study of a *track-marking* **device** in machines for applying fertilizers. 103629

MARROW

Aspiration of **bone** *marrow* using EDTA [ethylenediamine tetracetic acid] fortified serum [Smears]. 097135
Plasmodium berghei: antibody mediated reduction of oxygen consumption by infected mouse **bone** *marrow* cells. 097624
Pollen-wall proteins: quantitative cytochemistry of the origins of intine and exine enzymes in Brassica oleracea [acephala, *marrow-stem* **kale**]. 100488
Damping-off in cucurbitaceous plants in Egypt. IV. Studies on Rhizoctonia-damping-off of **vegetable** *marrow.* 101529

MARSDENIA

A new species of *Marsdenia* R. Br. **(Asclepiadaceae)** from south India. 098680

MARSHES

Much interest in *marsh* **cultivation** in Trondelag [Land use]. 094161
Chinese water chestnut [Eleocharis dulcis] 'the sweet delight of the *marsh'* **[Cultivation].** 101017
Effects of Temefos, an organophosphorous insecticide, on survival and escape behaviour of the *marsh* **fiddler** crab Uca pugnax. 102748
Fertilizing, liming, and soil **improvement** of *marshland.* 104104
Prairie *wetlands* since NEPA [National Environmental Policy Act]. 098803
Nitrogen for meadows in *marshland.* **Research** in the high ground of Trondelag. 104105
Revised *Marsh* Funnel calibrations for measuring [forest] fire retardant viscosity. 097939
Ecological adaptations of **salt** *marsh* grass, Distichlis spicata (Gramineae), and environmental factors affecting its growth and distribution. 098761
Non-structural carbohydrates in Spartina alterniflora Loisel [the dominant plant in the **salt** *marshes* along the eastern U.s. coast]. 099578
Midsummer standing crops of *wetland* **sedge** meadows along a transect from forest to prairie. 098813
Supplementary records of butterflies in the Sacramento Valley and **Suisun** *Marsh,* lowland central California. 103189
Impacts of construction activities in *wetlands* of the **United** States [Pollution of water, soils and aquatic environments]. 104478

MARSILEA

The blepharoplast of *Marsilea* **[vestita]:** its de novo formation and spindle association. 098999

MARSUPIALIA

Toxoplasmosis in **dasyurid** *marsupials.* 097437

MARTYNIACEAE

Floral biology of Proboscidea **louisianica** *(Martyniaceae)* [Oklahoma]. 099968

MASHES

Evaluation of phak (rice-mill feed) in **layer** *mashes.* 096687
Testing of sugar substitutes and **sugar** *mashes* for feeding honeybees. 103282

MASS

Seasonal dynamics of *masses* of **aerial** and subterranean organs in meadow-steppe plants. 098823
Relationship between red cell mass, body weight, lean **body** *mass,* and body cell mass in growing pigs and beagles. 096368
A simple technique for *mass* **cultivation** of Campylobacter fetus [for agglutination tests in diagnosing infection in animals and for vaccine preparation]. 097286
The *mass* outdoor **culture** of macroscopic marine algae [Gracilaria sp., Hypnea musciformis]. 101289
Field **desorption** *mass* spectrometry of commercial pesticides and mixtures of pesticides. 102709
Electronic microscopy of **dry** *mass* of nuclei and chloroplasts from rye. 098971
Analysis of T-2 toxin (and HT-2 toxin) [in milk] by *mass* **fragmentography.** 094866
Air-flow characteristics in **grain** *masses.* 095799
Transducer of the discharge of **grain** *mass* for automatic regulation of operating conditions for an electrostatic separator. 103556
Effect of plant density and fertilizers on the yield of **green** *mass* of maize on the Chernozems in the Volgograd Region. 100730
Screening by negative chemical **ionization** *mass* spectrometry for environmental contamination with toxic [pesticide] residues: application to human urines. 102762
Relationships between **leaf** *mass* and disease progress in foliar diseases. 102066
Mass **media** and problems of improving socio-political activity of rural workers. 094025
Control of muscle protein degradation and its role in accumulation of **muscle** *mass* [Meats]. 095708
Formostable wood and **plastic** *mass* materials. 098312
Technique of *mass* **producing** jackii poplar [Populus jackii] seed under greenhouse conditions. 098128
New Ruaton [Gardens Co.] is a step ahead of the foliage boom in England *[Mass* **production** of potted plants]. 101129
Screwworm [Cochliomyia hominivorax] eradication: inadvertent selection for noncompetitive ecotypes during *mass* **rearing** [Livestock pests]. 102612
Biological control of insects on the Ord [River Irrigation Area]. I. Production of Sitotroga cerealella for *mass* **rearing** of Trichogramma wasps. 102961
Mass **rearing** the Natal fruit fly Pterandrus rosa (Ksh.) (Diptera: Trypetidae). 102972
Constructive programme for **rural** *masses* of rural peoples federation in suppoort of Prime Minister's twenty points [India]. 094775
Determination of moisture and **saleable** *mass* (A.D. Weight) of baled flash dried pulps. 098285
Mass **spectrometric** sequencing of proteins. The structure ofsubunit I of monellin [Dioscoreophyllum comminsii]. 095883
Determination of warfarin in animal relicta and feedingstuffs by high-pressure liquid chromatography with confirmation of identity by *mass* **spectrometry.** 096435
Mass **transfer** and scale-up in fat hydrogenation. 095466
The *sparrow-mass* **trap** in practical use [Plant protection]. 101906

MASSECUITES

Split separation of crystals with **low-grade** *massecuites.* Trial in the 1975 campaign. 095853

MASTITIS

Bacterial *mastitis* in milk cows on small private farms. 097642
Quinaldofur, a new synthetic drug for the treatment of **[bovine]** *mastitis.* 097678
Mobilizing extension for *mastitis* **control.** 097567
Coordinating **laboratory** *mastitis* inspection [Bacterial infections]. 097446
Mastitis—**milking**—hygiene. 097177
Prevention of **mycoplasma** *mastitis* [Dairy cattle, antibiotics]. 097306
Quinaldofur, a new synthetic drug for the treatment of [bovine] *mastitis.* II. **Pharmacology,** residues, udder irritation and clinical efficacy. 097679
The role of delayed-type hypersensitivity and cell-mediated immunity in bovine **staphylococcal** *mastitis.* 097577
The increased resistance of mice to experimental **staphylococcal** *mastitis* following inoculation of endotoxin. 097608
Control of group B **streptococcal** *mastitis* [Dairy cattle, bacterial infections]. 097323
Detecting **subclinical** *mastitis.* 097180

MATCHING

Blood groups, typing and *cross-matching* of **animal** blood. 096274

MATERNAL

Effect of *maternal* **age** on intercellular adhesion of embryonic chick liver cells. 096489
Effects of peripherally induced anosmia on the selectivity of *maternal* **behaviour** in the ewe. 096280
Duration of the lambing season and *maternal* **behaviour** in oestrous synchronized ewes lambed indoors. 096925
Nutrition, infant behavior, and *maternal* **characteristics:** a pilot study in West Bengal, India. 094995
Some seed, seedling, and *maternal* **characters** as estimates of commercial performance in sweet potato breeding. 099321
Heterotic hybrids of cucumbers obtained from **complex** *maternal* forms. 099086
Polyploid and *maternal* **effects** on Rhizoctonia [solani] rootrot resistance in sugarbeet. 099204
Free and conjugated steroids in *maternal* and **fetal** plasma in the cow near term. 096879
The influence of *maternal* **food** supplements on birthweight in Guatemala. 095184
Bilateral adrenalectomy of lambs in utero: effects on *maternal* **hormone** levels at induced parturition. 096944
Natural resistance to Marek's disease at hatching in chickens **lacking** *maternal* antibody, and relationship between this early resistance and resistance acquired with age. 097263
Maternal **nutritional** requirements in relation to the subsequent development of teeth in children. 095160
Effects of **postnatal** *maternal* environment on reproduction of gilts. 096931
Effects of alterations in *maternal* **thyroid** metabolism on embryonic thyroid development in the chick. 096297
Foetal and placental ornithine decarboxylase activity in ther rat—effect of *maternal* **undernutrition.** 095141

MATHEMATICS

Mathematical **formulation** of the relationship between photosynthesis and light for phytoplankton. 099851
Mathematical **function** and soil fertility and fertilizer applcation. 103886
Use of *mathematical* **methods** and electronic computers for the creation of cognac blends [in Bulgaria]. 095967
Use of economic and *mathematical* **methods** for the reconstruction of low yielding forest stands [East Germany]. 098069
Mathematical **model** of plant organogenesis and the principle of limitation. 099790
Construction of a *mathematical* **model** of the temperature regime of plants. 099987
CORNMOD [a *mathematical* **model**] a dynamic simulator of corn production. 100700
Formulation of a *mathematical* **model** for insect pest ecosystems: the cereal leaf beetle problem [Oulema melanopus and its principal parasite Tetrastichus julis]. 102336
Mathematical **modelling** of the productive process and yield [Effect of environmental factors on crops]. 100195
Mathematical **models** of the sterile male technique of insect control. 102241
Application of *mathematical* **optimization** to forestry problems. 098066
Notes about cattle demography in Sahel. I. Theoretic representation and plan of a herd by a *mathematical* **pattern.** 096123
Notes about cattle demography in Sahel. II. Theoretic representation and plan of a herd by a *mathematical* **pattern** after a catastrophe. 096124

MATING

Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: fecundity as affected by *mating,* **adult** diet and artificial rearing. 102805
Our experience with different types of *mating* **beehives.** 103292
Sound production in Scolytidae: aggressive and *mating* **behavior** of the mountain pine beetle [Dendroctonus ponderosae]. 102480
Overwintering, survival, fecundity, and *mating* **behavior** of the rice stink bug [Oebalus pugnax, Echinocloa crusgalli]. 102803
Role of insect sex pheromone in *mating* **behavior.** I. Theoretical consideration on release and diffusion of sex pheromone in the air [Hyphantria cunea]. 102826
Mate-locating **behavior** of western North American butterflies. 103043
Mating **behaviour** as a fitness component in maintaining allozyme polymorphism in Drosophila melanogaster. 102952
Courtship **behaviour** in Meraporus graminicola (Hymenoptera) and other Pteromalinae. 103073
Mating **behaviour** in halictine bees (Hymenoptera: halictidae). II. Microterritorial and patrolling behavior in males of Lasioglossum robweri. 103125
Mating tables: a method of studying the *mating* and the **competitive** behavior of Lepidoptera and Diptera in the field [Heliothis virescens, Heliothis zea, Cochliomyia hominivorax]. 102801
Crepuscular *mating* aggregations in certain Ormia [Ormia dominicana, Ormia lineifrons] and Sitophaga [Sitophaga aurigera]. 102792
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: egg hatch in **females** *mated* successively with normal and gamma-sterilized males and vice versa. 102807
Influence of some external stimulations due to *mating* upon the **females** reproductive function in Acanthoscelides obtectus Say (Coleoptera, Bruchidae). II. Experimental study. 102814
Dispersal and *mating* in the **field** by male pink bollworm, Pectinophora gossypiella [cotton pest] labeled with 32P [phosphorus isotope]. 102300
Mating, **longevity,** fertility and fecundity of the cotton leaf-worm, Spodoptera littoralis (Boisd.) (Lepidoptera: Noctuidae). 102346
Regulation of sexual agglutinability in [the yeast] Saccharomyces cerevisiae of a and alpha types by sex-specific factors produced by their respective **opposite** *mating* types. 099927
Oestrous activity and lambing rates in ewes following varying periods of association with vasectomized rams prior to the commencement of the *mating* **period.** 096853
Are our **queen** *mating* stations appropriately arranged? [Apismellifera, Switzerland]. 103281
A chromosomal gene required for killer plasmid expression, *mating,* and **spore** maturation in Saccharomyces cerevisiae [Yeast]. 099372

Destruction of the pars intercerebralis in Drosophila melanogaster: effect on fertility and **stimulation** of *mating*. 102994
Guarding, aggressive behavior, and *mating* **success** in male twospotted spider mites [Tetranychus urticae]. 102798
Aggression and *mating* **success** in male spider mites. 103092
Mating **tables:** a method of studying the mating and the competitive behavior of Lepidoptera and Diptera in the field [Heliothis virescens, Heliothis zea, Cochliomyia hominivorax]. 102801
The genetic instabilities of the *mating* **type** locus in fission yeast [Schizosaccharomyces pombe]. 099344
A factor in cell-free extracts inactivating sexual agglutinability of a *mating* **type** in [the yeast] Saccharomyces cerevisiae. 099917

MATRICARIA

Sorption of moisture by crude drugs. III. Folium Menthae piperitae, Herba Thymi, Fructus Foeniculi, Anthodium Chamomillae [Mentha, Thymus, Foeniculum, *Matricaria* **cha.** 095450
Weed watch *[Matricaria* **maritima].** 102215

MATRICES

The binding by an NAD [nicotinamide adenine dinucleotide] **affinity** *matrix* of contaminating dehydrogenases in [beef heart] cytochrome c oxidase preparations. 095688
Interchain disulfide bonds at the COOH [oxalate]-terminal end of procollagen synthesized by *matrix-free* **cells** from chick embryonic tendon and cartilage. 096211
Report on computer programming. 3. Correlation **coefficient** *matrix* and scatter diagram [Forest management]. 097968
Hydrogeophysical equivalence of water salinity, porosity and *matrix* **conduction** in arenaceous aquifers. 104297
A linear programming model and *matrix* **generator** for evaluating alternative beef-forage systems. 096798
Standard formulation of linear **programming** *matrixes* as a basis for operational planning in the [agricultural] economic advisory field. 094215
Estimation of sire's breeding value. V. Derivations of **variance-covariance** *matrices* of a solution of normal equations of a mixed linear model subject to selection bias. 097077

MATURITY

Comparison of technologies of stem and assortment production in *mature* **beech** stands [Logging]. 098371
Effect of defaunation and faunation on acid concentrations in the rumen of the *mature* **bovine.** 096550
Influence of thyroid hormone on norepinephrine metabolism in rat **brain** during *maturation.* 096538
Morphological development of the apple from floral **budding** to *maturity.* 098976
One-stage method for isolation of [the insecticides] of DDT, DDE and DDD [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane] from fat of *maturing* **cheese** [Contamination]. 102779
Electron microscopic study of developing and *mature* **cleistothecia** of Sphaerotheca mors-uvae [Fungi]. 099049
Pig reticulocytes. II. Characterization of **density-fractionated** *maturing* reticulocytes. 096184
Some effects of tentoxin [phytotoxin produced by Alternariatenuis] on *mature* and **developing** chloroplasts. 101496
Study on the volatile aromatic substances of pear fruits and their changes in the pre-harvest period and at different stages of *maturity.* II. **Development** of the aromatic. 100446
Selection and development of inbred material for use in **early** *maturing* corn hybrids. 099370
Early *maturing* spring wheat specimens of the intensive type in western Siberia. 100725
Increased atmospheric humidity post pollination: a possible aid to the production of inbred line seed from *mature* **flowers** in the Brussels sprout (Brassica oleracea var. gemmifer. 099190
The porcine ovarian follicle. III. Development of chorionic gonadotropin receptors associated with increase in adenyl cyclase activity during **follicle** *maturation.* 096334
Fruit *maturity* dates for some pecan varieties and USDA selections. 101221
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and maturation of spores; development of the spore wall during *maturation* and **germination.** 101333
Studies of glutenin. VIII. Subunit composition at different stages of **grain** *maturity* [Wheat]. 095793
Copper, iron, and zinc contents of *mature* **human** milk. 094982
Maturity **interaction** and black layer occurrence in opaque-2 and normal hybrids in maize (Zea mays L.). 099198
Placement and broadcasting of NPK [nitrogen-phosphorus-potassium] fertilizer for **late** *maturing* potatoes. 104148
Studies on weight changes during brining and candying process of ber (Zizyphus jujuba) [jujub] at different *maturity* **levels.** 095863
Factors influencing bartlett **pear** *maturity* in 1975. 101059
Various times of sowing for **peas** for *maturity.* 101268
Peculiarities of the structure and development of the root system in maize hybrids of different *maturation* **period.** 100130
An examination of the quantity of water stored in *mature* **Pinus** sylvestris L. trees. 100650
Water use by dryland corn as affected by *maturity* class and **plant** spacing. 100076
Basal metabolic rate and work energy expenditure of *mature,* **pregnant** women. 095119
Energy expenditure and consumption of *mature,* **pregnant,** and lactating women. 095128
Application of fertilizers in *early-maturing* **red** clover in the Ukrainian Poles'ye. 104050
Investigation of *maturation* **requirements** for Ostertagia ostertagi and Cooperia oncophora larvae [Calves]. 097290
Changes in free amino acids, carbohydrates, and proteins of *maturing* **seeds** from various peanut (Arachis hypogaea L.) cultivars. 095783
Sexual *maturation* and productivity of Japanese quail fed graded concentrations of mercuric chloride. 096764
Seasonal variations in nitrogen compounds during **sexual** *maturation* of the male gametophytes of Polytrichum formosum Hedw. [Muscidae]. 099597
Reproductive behaviour and physiology of Tenebrio molitor (Coleoptera: Tenebrionidae). III. Histogenetic changes in the internal genitalia, mesenteron, and cuticle during **sexual** *maturation.* 102874
Promotion of flowering in the Pinaceae by gibberellins. I. **Sexually** *mature,* non-flowering grafts of Douglas-fir [Pseudotsuga menziesii]. 100667
Maturation of **Shumard** and white oak [Quercus shumardii, Quercus abla] acorns. 100636
Black layer **signals** *maturity* [Maize, sorghum]. 100181
Descriptions of the larvae of Spodoptera sunia and Spodoptera latifascia with a key to the *mature* **Spodoptera** larvae of the eastern United States (Lepidoptera: Noctuidae). 103138
A chromosomal gene required for killer plasmid expression, mating, and **spore** *maturation* in Saccharomyces cerevisiae [Yeast]. 099372
Ultrastructure and *maturation* of the **spores** of Funaria hygrometrica and Bryum capillare [Musci]. 098917
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and *maturation* of **spores;** development of the spore wall during maturation and germination. 101333
Genetic control of photoperiodic sensitivity and *maturity* in **spring** wheat within narrow limits of adaptation. 099184
Evolution of composition, digestibility and yield of maize in function of **stage** of *maturity.* 096783
Effect of ethrel spray on *maturation* of **Sultani** fig fruits [Varieties]. 100354
Dynamics of chemical substances during the *maturation* of different **varieties** of tangerines. 100584
Volatile aromatic substances in pear fruits and their changes during the preharvest period and at different stages of *maturity.* I. **Volatile** aromatic substances characteristic. 100450
Effect of temperature and hydrogen-ion concentration value on the rate of oxygen absorption and on the dynamics of oxidation-reduction potential during *maturing* of **wine** materials. 095973

MAXILLARY

Blood flow changes in the *submaxillary* **gland** of the rat on parasympathetic and sympathetic nerve stimulation. 096153
On the fascicle of blood-sucking Diptera, in addition a description of the *maxillary* **glands** in Phlebotomus papatasi, together with the musculature of the labium and pulsatory organ of both the latter species and also of some other Diptera. 103036
Structural and functional aspects of sense organs on the *maxillary* **palps** of Calliphora vicina. 103018

MAYETIOLA

Breeding wheat for resistance to the Hessian fly *[Mayetiola* **destructor].** 099270

MAZZARDS

Effect of gamma rays on *mazzard* **cherries.** 100430
Nutrient element accumulation in *mazzard* **cherry** leaves as influenced by the rootstock. 100438
Study in nursery of mahaleb and wild sweet cherry forms picked out for *mazzard* **cherry** rootstocks. 101156

MEADOWS

Primary productivity of several *meadow* **[Alchemilla,** Ranunculus, Calamagrostis] communities in the southern Urals. 098857
Comparative evaluation of operating parts of a machine for applying anhydrous **ammonia** on *meadows.* 103609
Timing of the application of nitrogenous fertilizers in cotton on *meadow* and **boggy-meadow** soils in the Zeravshan Valley. 104093
Recent captures of Anthocaris cethura **catalina** *Meadows.* 103188
Effect of the seeding rates and sowing dates on the yield of the first productive year in 3 varieties of *meadow* **clover** and their mixtures. 100936
Analysis of the [soil] mycoflora of a *meadow* as **compared** with that of a paddy field. 103708
Effect of the irrigation regime and fertilizers on the yield of cotton on **cultivated** *meadow* soils in the Fergana Valley. 104348
Effect of intensive nutrition of *meadows* on **dry** matter yields. The content and production of nitrogenous substances. 100293
Application of herbicides for the improvement of tussock **floodplain** *meadows* of the Ob' River. 102132
Content of nitrate nitrogen in crops in a *meadow* and **forage** crop rotation on peaty soils. 100224
Application of fertilizers in seed crops of *meadow* **grasses** in the Ukrainian Poles'ye. 104053
Programming yields in **irrigated** *meadow* management. 104310
Legume and grass mixtures for **lowland** *meadows* in the Urals. 100894
Nitrogen for *meadows* in **marshland.** Research in the high ground of Trondelag. 104105
Water deficiency in *meadow* **plant** leaves depending upon conditions of the environment. 100332
Effect of change in water-air regime of heavy soils being drained on the amount of acid-soluble forms of iron and productivity of *meadow* **plant** community. 104243
Transformation of sugars and amino acids during the chemical preservation of *meadow* **plants** [Silage]. 096024
Seasonal dynamics of masses of aerial and subterranean organs in *meadow-steppe* **plants.** 098823
Midsummer standing crops of wetland **sedge** *meadows* along a transect from forest to prairie. 098813
Timing of the application of nitrogenous fertilizers in cotton on meadow and *boggy-meadow* **soils** in the Zeravshan Valley. 104093

MEALS

Formulation of ready-made **balanced** *meals.* 095091
Blood *meal* variations within and between the east Asian andEuropean horse populations [Genetics]. 097076
Body weight and **blood** *meal* size in Triatoma protracta (Hemiptera: Reduviidae) [Mammal hosts]. 102550
A method for estimating **blood** *meal* volume in Aedes aegypti using a radioisotope. 102989
Attempts at the sterilization with ethylene oxide of **bone** *meal* contaminated with Salmonellae. 096007
Studies of glycemia and glucosuria in diabetics after **breakfast** *meals* of different composition. 094967
Processing & utilization of poultry **byproducts** *meal.* 095738
Measurement of iron absorption from **composite** *meals.* 094963
Crumbles **contra** *meal* for bacon pigs. Effect on daily gain, feed efficiency, carcass quality and on the oesophageal partof the stomach. 096601
Time sequence of lipogenic changes in adipose tissue of rats when converted from ad libitum **feeding** to *meal-eating.* 095152
Lipolytic fermentations of stickwater [a by-product of the **fish** *meal* and oil industry] by Geotrichum candidum and Candida lipolytica [Yeasts]. 095994
Determination of aflatoxins in **groundnut** *meals* by high performance liquid chromatography. 094939
Dimethylnitrosamine levels in untreated **herring** *meals.* 095482
Brazil, Malaysia set to gain more of oil and *meal* **market.** 094523
Factors influencing the duration and termination of diapause in the *Indian-meal* **moth,** Plodia interpunctella. 103075
Complexation of phytate with proteins and cations in corn germ and **oilseed** *meals.* 095808
Growth and nitrogen retention of children consuming all of the day's protein intake in **one** *meal.* 094991
Better **planning**—better *meals.* 095101
Penny Point's tips on stretching food dollars and *meal* **planning.** Let's play Shop and Save: 2 to 4 people can play. 095212
Amino acid digestibility studies of autoclaved **rapeseed** *meals* using an in vitro enzymatic procedure. 096016
A review of research on the use of low glucosinolate type **rapeseed** *meal* in rations for poultry. 096623
Evaluation of Tower **rapeseed** *meal* for young pigs. 096630
Iron absorption from Southeast Asian **rice-based** *meals.* 094992
Composition of the alfalfa **seed** *meal.* 096008
Research with **soy** *meal* [as a feed for fur bearing animals]. 096001
Soybean *meal* and urea compared as protein supplements in high-concentrate ration of milking cows and growing goats. 096665
Evaluation of protein quality of mixtures based on **sunflower** *meal* through rat assays. I. Growth studies. 095095
World oil, *meal* **supplies** seen tightening in 1977. 094548
Degradation of protolignin with metallic sodium in liquid ammonia [Picea jezoensis, **wood** *meal].* 098189

MEALWORMS

Spermatophore of the *mealworm* **beetle** [Tenebrio molitor]: immunochemical characteristics suggest affinities with male accessory gland. 103017

MEAT

Hydrolysed vegetable proteins—their flavour characteristics and applications in meat and *meat* **analogs.** 095576
Study on residues of **antibiotics** in *meats.* 094816
Selection of cooking method [of *meat]* **based** on research objectives. 095200
Evaluation of **boned** *meat* production and relative milk yield on basis of Hungarian Pied bulls' progeny testing. 096860
Changed economic results with the production of **bull** *meat* [Costs]. 094380
Levels of terminal pesticide residues in **Canadian** *meat.* 102769
Washing *[meat]* **carcasses** with chlorinated water. 095719
Surveys and control of Salmonella contamination of **chicken** *meat.* VIII. Experiments on oral inoculation of chicks with Salmonella sofia culture. 094879
No rhyme or reason in our *meat* **classification.** 094921
Proximate analysis, free amino acid, vitamin and mineral content of microwave **cooked** *meat.* 095143
Standardization of dry heat *[meat]* **cookery** methods. 095201
Identifying **cuts** of *meats.* 094863
Mechanically **deboned** *meats* yields and product characteristics. 095712
Polyamines and cancer *[Meat* **diets,** health hazards]. 095199
The guinea hen as a *meat* and **egg** producer. 096088
Use of **electronic** *meat* measuring equipment to measure cutout yield of beef carcasses. 095699
Methodology for sensory testing *[meat]* with **emphasis** on limitations of tests. 094910
Meat, **fish** and poultry processing wastes. 104564
Physico-chemical and bromatologic investigations on *meats* of the **Gargano** goats and the 40 to 60 percent calorie ratio of their components. 095676
Effect of **high** *meat* diet on bacterial flora and chemical components of human feces: a preliminary report [Health hazards]. 094909
Mechanical tenderization of *meat* in the **HRI** [Hotel, Restaurant and Institutional] trade. 095711
Meat **hygiene** regulations and the farmer. 094911
Competition in the *meat* **industry** to secure a good production [East Germany]. 094789
Meat **[industry]** in the U.S.A. [History]. 095700
Use of rotating biological contactor on *meat* **industry** wastewaters. 104616
Producing **lamb** *meat* [Care and maintenance of animals]. 096139
The Dam Line [rams]—sires for mothers of *meat* **lambs.** 097026
Bruising in cattle *[Meat* **losses].** 096137
Control of muscle protein degradation and its role in accumulation of muscle **mass** *[Meats].* 095708
Hydrolysed vegetable proteins—their flavour characteristics and applications in *meat* and **meat** analogs. 095576
Determination of methylnitrophos residues in *meat,* **milk** and eggs by the method of gas-liquid chromatography. 102731
Enrichment in Muller-Kauffmann's broth and Rappaport's broth from buffered peptone water in the isolation of Salmonellae from **minced** *meat.* 094872
Pale watery **pig** *meat* [pale soft exudative muscle]. Animals likely to produce this can be detected by their reaction to the anaesthetic halothane. 097759
Microbial interactions in foods: *meats,* **poultry** and dairy products. 095535
Effect of carbon dioxide and sodium chloride on oxidative stability of frozen mechanically deboned **poultry** *meat.* 095732
Products take up the slack **[Poultry** *meat,* eggs]. 095739
Physical and functional properties of heat pasteurized mechanically deboned **poultry** *meat.* 095744
Byproducts—possible new approaches *[Meat* **processing** industry]. 095721
Perspective on growth and development *[Meat* **production].** 095714
The role of a regulatory agency in food **production** *[Meat].* 095718
Effects of restricted feeding and ad libitum on *meat* **production** by Caserta swine. 096605
Study on *meat* **production** of Japanese Black and its crossbred F1 cattle [Hereford X B (HB), Charolais X B(CB) and Angus X B(AB), feed efficiency]. 096659
A new method of zootechnical and economical evaluation of feeding rations distributed to animals destined for *meat* **production.** 096780
Meat **productivity** of young bulls in combination crossing of the Slovakian Pied and Black Pied breeds (F11). 097003
Poultry: one of the better inspected food **products** *[Meat].* 094837
The microbiological role of nitrite in *meat* **products.** 094925
Can research make more and better use of animal *[meat]* **products?** 095707
Bacteriological control of *meat.* **Proposals** relative to the amendment of the existing legislation. 094827
Effect of delayed evisceration on the microbial **quality** of *meat.* 094805
Standard models of pork-colour [Grading, *meat* **quality].** 094818
Processing factors affecting *meat* **quality.** 095722
Circulation load test and *meat* **quality** of fattened pigs with known genetic origin. 096213
Estimate of the **rabbit** *meat* costs and contribution of the feeding costs. 094401
Meat: **range** of subdued intervention [Prices]. 094593
Comparison of enrichment procedures for fluorescent antibody and cultural detection of salmonellae in **raw** *meat* and poultry [Bacterial contamination]. 094803
USDA rules **redefine** *meat,* set nutrition levels for some products. 095279
One hundred years of federal-state partnership in *[meat]* **research.** 095713
Removal of protein and fat from *meat* **slaughtering** and packing wastes using lignosulfonic acid. 095702
Livestock and *meat* **statistics.** Supplement for 1975. 094652
Meat **stews.** 095386
Production and sale conditions for ox and **swine** *meat* [Demand]. 094636
Synthetic *meat:* is it a threat to our livestock industries? 095692
Flaked, formed and frozen lamb products: A formed *meat* **system** for restructuring boneless lamb derived from a variety oflamb cuts. 095709
A group experience in sensory evaluation *[Meat* **tasting].** 094907
Characteristics of muscle **tissue** *[Meat].* 095703
Biological interactions of muscle and adipose **tissues** *[Meat].* 095706
Heat **transfer** in *meat.* 095710
USSR's *meat* output down; last year's imports high. 094547
Study of *meat* **volatiles** associated with aroma generated in a D-glucose-hydrogen sulfide-ammonia model system. 095690
Gain forecast for **world** *meat* production this year [Trade]. 094534

MEATPACKING

Design considerations for treatment of *meatpacking* **plant** wastewater by land application. 104608

MECHANICS

Method of studying the damage rate of potato tubers as a result of *mechanical* **action** [of the harvesting machinery]. 103620
Preserving of moist grains by *mechanical* **aeration.** I. 095830
Preserving of moist grains by *mechanical* **aeration.** 2. 095831
Age-dependent *mechanical* and biochemical responses to glucagon [Sheep, lambs]. 096177
Content and methods of investigations of the *mechanics* of **agricultural** environments and materials [Mechanical properties of soil, modelling soil erosion, damage of potato tubers by machines]. 103610
A study of **anisotropic** *mechanical* properties on the WPC [wood plastic composite] material. 098408
Brood transport by young workers of Tapinoma erraticum (Formicidae, Dolichoderinae): role of *mechanical* and **chemotactic** stimuli from the brood. 102839
Sorption and desorption of caesium microquantities by soddypodzolic soils of various *mechanical* **composition.** 103737
Mechanically **deboned** meats yields and product characteristics. 095712
Cardiopulmonary effects of *mechanical* **distension** of the rumen in nonanesthetized sheep. 096189
Stand for a dynamic shift *[Mechanical* **effect** on deformationand destruction of soil, ground and other agricultural materials]. 103626
Mechanical **erosion** of soils on sloping lands in Byelorussia. 104179
Vibrational loading of *mechanically* **fastened** wood joints. 098429
Effect of carbon dioxide and sodium chloride on oxidative stability of **frozen** *mechanically* deboned poultry meat. 095732
A vertical deformer [for studying regularities of soil and **ground** *mechanical* resistance]. 103603
Semi-mechanical **harvest** of fruits (pears and apples) using automatic platforms. Results of observations made in work areas. 103409
Yield and quality of *mechanically* **harvested** strawberries. 101067
Mechanical **harvesting** up-date [Costs, sugarcane]. 094434
Mechanical **harvesting** of cherries. 103434
Mechanical **harvesting** of strawberries. 103563
Mechanical **incorporation** in soil of surface-applied pesticide granules. 102746
Conference summation **[International** *Mechanical* Pulping Conference]. 098242
Chemical and *mechanical* **maintenance** [Control of weeds in young windbreaks and shelterbelts]. 102180
Mechanical and **metabolic** effects of beta-receptor stimulators, the C-terminal octapeptide of cholecystokinin, and prostaglandin E2 on the isolated, depolarized sphincter of Oddi [Cats]. 096160
Mechanical **methods** of chaparral modification. 103405
Physical and functional properties of heat **pasteurized** *mechanically* deboned poultry meat. 095744
Fine structure and *mechanical* **properties** of jute differently dried after retting. 095819
Certain physical and *mechanical* **properties** of grapes [Wine making]. 095951
Influence of lignin isolation on wood swelling and *mechanical* **properties.** 098315
A three-pendulum adhesiometer [Physical and *mechanical* **properties** of soils, grounds and model materials]. 103602
Content and methods of investigations of the mechanics of agricultural environments and materials *[Mechanical* **properties** of soil, modelling soil erosion, damage of potato tubers by machines]. 103610
A device for determining physical and *mechanical* **properties** of soil and studying the movement of soil particles [Wind erosion]. 104236
Beloit-Jones TMP *[thermo-mechanical* **pulp]** pilot plant studies. 098241
Economic aspects of producing and using *mechanical* **pulp.** 098243
High grade graphic paper from *mechanical* **pulp.** 098247
Mechanical **pulp** in absorbent qualities [Creped products]. 098249
Mechanical **pulp** cleaning. 098250
What TMP *[thermo-mechanical* **pulp]** has meant to Bowaters Carolina Corporation. 098279
Steam related problems in *mechanical* **pulping.** 098265
Thermo-mechanical **pulping** at Hallsta Paper Mill. 098273
Thermo-mechanical **pulping** at Blandin Paper Co. 098274
Thermo-mechanical **pulping** at Publishers [Paper Co.]—Newberg [Oregon]. 098275
Cost comparison of *mechanical* **pulping** processes. 098400
Effluent characteristics and treatment of *mechanical* **pulping** effluents. 104511
Toxic constituents in *mechanical* **pulping** effluents. 104512
Toxic constituents in *mechanical* **pulping** effluents. 104513
Mechanical **pulps** in newsprint: an economic key to the treasure map. 098251
Refiner pilot plant as a way to evaluate full scale systems *[Mechanical* **pulps].** 098259
Effect of long lasting loading on *mechanical* **qualities** of wooden constructions for furniture making and building industries. 098212
Refiner *mechanical* pulps: end-use potential. 098258
Device for measuring shift *[Mechanical* **resistance** of soil and ground]. 103613
Experimental investigation of orange tree dynamics under *mechanical* **shaking** [Fruit harvesting]. 103457
Considerations on the distortion phenomenon and on the application of the *mechanical* **similitude** principle to the soil tool system [Tillage machine interactions]. 103582
Mechanical **tenderization** of meat in the HRI [Hotel, Restaurant and Institutional] trade. 095711
Endogenous prostaglandins and *mechanical* **tension** in canine trachealis muscle. 096180
Screening & cleaning—conventional & **thermal** *mechanical* pulps. 098261
Mechanical **transport** and automated handling of cheese at N. C.k. Meppel [Processing equipment]. 095642
Mechanics of the H **type** cable crane composed of two sets ofendless Tyler skyline cranes [Logging equipment]. 098291

MECHANIZATION

Prospective application of **agricultural** *mechanization* in practical farming. 094291
Agricultural *mechanization* in the United States. 1. 103481
Our experience from a school in the German Democratic Republic, at which staff of lower and medium qualification is trained **[Agricultural** *mechanization].* 103499
On the rationalization of **agricultural** *mechanization* in relation to structural reforms [Dairy farm operating costs]. 103585
Trends of development in the *mechanization* of **agriculture.** 103509
Mechanized **application** of inorganic fertilizers in field experiments [Potatoes, wheat]. 104078
The rate of injury of sunflower plants during the *mechanized* **care** of the crops. 101864
Post-harvest processing of grains at a seed-producing state farm at **Chrudim** *[Mechanization].* 103500
Complex *mechanization* of land amelioration works. 103445
Organization of the means of *mechanization* in **conditions** of a concentrated and specialized agricultural production. 094289
About possible methods of non clearcuttings in the taiga zone in connection with revealed prospects of *mechanization* of **[forest]** cutting work. 098411
The vineyard of tomorrow. Influence of *mechanization* on **grape** harvests. 103572
Prospective lettuce **harvest** *mechanization:* impact on labor. 103459
Effect of the content of coarse and dry leaves in the raw material from *mechanized* **harvesting** on the condition of the product during tea storage. 095533
Breeding of cucumbers for the fitness to *mechanized* **harvesting.** 099080
Commercial application of defoliants in the Samarkand Region [Cotton, *mechanized* **harvesting** aids]. 100998
Separation of potatoes from clods and stones—the main problem of the *mechanized* **harvesting.** 103506
Present problems of *mechanized* **hillside** ploughing in Czechoslovakia. 104211
Automation and *mechanization* of **labor-consuming** operations in protected cultivation of vegetables. 094219
Technology of *mechanized* **maize** growing on the fields of the Kominternovskaia large poultry farm [in the Odessa Region]. 100736
Principles of the *mechanization* **management** in specialized and concentrated agricultural production. 094290
Mechanized **methods** of forest thinning. II. Timber gathering techniques in Swedish logging. An old problem with new features. 098294
Mechanized **methods** of forest thinning. I. Future prospects. 103470
Modern *mechanization* of seed dressing. 103561

Accepted standards and the variation of specific requirement in machinery for *mechanization* of **plant** industry. 103510
On the *mechanization* of the **process** of presowing hardening of grain crops against drought [Pneumatic tansporter]. 103594
Theoretical considerations of an industrial field transport system for fruit **production** *[Mechanization].* 103410
Study of flows of documented information in the management of *mechanized* **production** in a farm. 103545
Mechanization and **rearing** moduli for milk producing herds: optimization study [for lower costs]. 103584
Rice machinery development and *mechanization* **research.** 103593
Increasing importance of irrigation for the further intensification of crop production in the German Democratic Republic and its resulting tasks for the *mechanization* of **soil** improvement works. 104328
Hidden costs of *mechanized* **[timber]** harvesting [Injuries totrees]. 102046
Studies on the *mechanization* of **transplanting** rice seedlings. 100740
The *mechanization* of **transport** in vinyl house. VII. Automatic operation of the inter-row transporting car. 103469
Interpretation of effectiveness of *mechanization* of **work** in agriculture. 103449

MECONIUM
A study on Salmonella transmission in pigs in an industrialcomplex. III. Salmonella finds in the placentae of the pig dams and in the *meconium* of their **piglets.** 097357

MEDICAGO
The scheme of phylogeny in the subgenus Falcago (Rchb.) Grossh. of the **genus** *Medicago* L. [Alfalfa]. 099115
The contents of some mineral elements in hay of **lucerne** *(Medicago* X varia Martyn) cultivated on rendzina soil in conditions of spray irrigation and differentiated phosphorus. 100057
Evaluation of some varieties of alfalfa, *Medicago* **sativa** (L.), for their resistance to the alfalfa stem nematode, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936, under laboratory conditions. 101966

MEDICAL
The veterinary service of the United States Air Force: its contributions to **comparative** *medical* research. 097172
Emergency *medical* services in a rural state. 094000
The *medical* **fight** to control intestinal worms in swine. 097443
The [veterinary] *medical* **history** redefined: idealism vs realism. 097129
An experiment in **rural** *medical* care. 093996
Nutrition education in the *medical* **school** curriculum: a proposal for action: a curriculum design. 095307
Nutrition education for *medical* **students:** I. What is it? Where has it been? Why should it be taught? 095311
Nutrition education for *medical* **students:** II. Who shall teach it? Within what framework? How? 095312
A brief history of the AVMA [American **Veterinary** *Medical* Association]. 097162
The ascent of **veterinary** *medical* education. 097169
Veterinary *medical* genetics. 097708
Mites of *medical* and **veterinary** importance in Iran. 102556

MEDICINE
Selection and management of the veterinary *[medicine]* **associate.** 097122
Differential diagnoses in **avian** *medicine.* III. Diseases of the respiratory system. 097194
Gentamycin in canine **clinical** *medicine* [Antibiotics, bacterial disease control]. 097305
Comparative *medicine:* an overview [as it relates to agricultural health and safety]. 093999
Comparative *medicine:* progress and prospects. 097164
Evaluation of anti-bacterial action of some *medicinal* **plants** used in the treatment of urinary tract infections. 099732
Some new records of fungi on *medicinal* **plants.** 101413
Estimation of chemical methods applied in the protection of *medicinal* **plants** [from fungus diseases, insect pests and weeds]. 101851
Veterinary implementation of **problem-oriented** *medicine* and records. 097133
Disease-medication **relationships** in altered taste sensitivity. 095125
Stability of stored serum creatine phosphokinase [in **veterinary** *medicine].* 096276
Clinical laboratory data: what; when; why. II. Multi-channel analyzer **[Veterinary** *medicine].* 097101
Clinical laboratory data: what; when; why. III. Clinical chemistry **[Veterinary** *medicine].* 097102
Electrodiagnostics in clinical **[veterinary]** *medicine.* 097104
Organized screening—a time-saving physical examination **[Veterinary** *medicine].* 097112
Our switch to problem-oriented records **[Veterinary** *medicine].* 097113
Clinical osmometry in **veterinary** *medicine.* 097136
Evolution of **veterinary** *medicine* in modern Greece. 097148
The complications of bones surgery in **veterinary** *medicine.* 097149
Development of equine **veterinary** *medicine* in the United States. 097166
The international influence of United States **veterinary** *medicine.* 097171
Committee report. Biological security, ecology and environment **[Veterinary** *medicine].* 097193
Treatment of the traumatized client **[Veterinary** *medicine].* 097787

MEDULLA
Adrenal *medulla* gangliosides. A comparative study of some mammals [Horse, ox, sheep, swine]. 096315
Occurrence of rabies virus in the *medulla* and **medulla** oblongata of naturally infected horses and its absence from other areas of the central nervous system and other tissues. 097471

MEGACEPHALA
New example of correlation between the presence of a gregarine belonging to the genus Ancyrophora Leger 1892 and alimentation of the host [in larvae of Perlidae: **Dinocras** *megacephala].* 102847

MEGALOPTERA
Distribution, including new state records, of fishflies in **Kentucky** *(Megaloptera:* Corydalidae). 098681

MEGATERIUM
Bacillus *megaterium* as a possible source of protein. 095166

MEGATOMA
Nutrient reserves in starving black carpet beetle **[Attagenus** *megatoma]* larvae infected with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029

MEIOSIS
A new look on the role of the diffuse stage in problems of plant and **animal** *meiosis.* 099238
Accessory chromosomes and their *meiotic* **behaviour** in hybrids of grain sorghum and Johnson grass [Sorghum halepense]. 098950
The effect of ethanol on *meiotic* **chromosome** behavior in maize. 099144
Induced polyploidy in legumes. III. Phaseolus vulgaris L. [Kidney beans, varieties, *meiotic* **chromosomes].** 098965
Gametangial *meiosis* in Phytophthora capsici [Fungi]. 098928
Cytogenetic effects of 5-fluorouracil. V. **Induced** *meiotic* abnormalities in Tradescantia paludosa. 099126
Mitosis and *meiosis* in **interspecific** hybrids of wheat. 099423
C-banding in **male** *meiotic* cheomosomes of Poekilocerus pictus (Acrididae: Orthoptera). 103083
Fine structure of the URA2 locus in Saccharomyces cerevisiae [yeasts]. II. *Meiotic* and **mitotic** mapping studies. 099342
Spindle apparatus fine structure during *meiosis* in **Mnium** hornum L. [Musci]. 098913
Comparative processes of cell wall genesis during mitosis and *meiosis* in **Platyhypnidium** riparioides (Hedw.) Dix (Hypnaceae) [Musci]. 098906

MELAMPSORA
Flax rust *[Melampsora* **lini]** resistance involving the K gene: an ultrastructural survey. 101373
Effect of aerial chemical care of young stands [with 2,4-dichlorophenoxyacetic acid] on the incidence of pine trees infected with trunk rust, *Melampsora* **lini** (A. Br.) Rostr. 101605
The problem of different virulence of local populations of the pathogen of flax **rust** *Melampsora* lini (Ehrenb.) Lev. 101643

MELANDRIUM
Prevention of superparasitation of *Melandrium* **[album]** flowers (Caryophyllaceae) by Hadena [bicruris] (Lepidoptera). 103060

MELANINS
Use of mutants to establish (+)-scytalone as an intermediate in *melanin* **biosynthesis** by Verticillium dahliae [Fungi]. 099635
Effect of sodium chloride on the content of thiolic compounds and *melanin* in a **culture** of the tissue of a sterile fungus [Mycelia sterilia] isolated from tissue of American Kochia. 099991
Pentaketide metabolites of Verticillium dahliae [Fungi]: Identification of (+)-scytalone as a natural **precursor** to *melanin.* 100012

MELANISM
Role of oesophageal connectives in **cuticular** *melanization* in larvae of the armyworm, Leucania separata Walker (Lepidoptera: Noctuidae). 102827

MELANOPLUS
Consumption and utilization of various host plants by *Melanoplus* **bivittatus** (Say) and Melanoplus femurrubrum (DeGeer) (Orthoptera: Acrididae). 102230

MELANOPUS
Formulation of a mathematical model for insect pest ecosystems: the cereal leaf beetle problem **[Oulema** *melanopus* and its principal parasite Tetrastichus julis]. 102336
Synthesis of bioactive compounds. A structure-activity study of aryl terpenes as juvenile hormone mimics **[Oulema** *melanopus,* oviposition]. 102960

MELANOXYLON
Diospyros *melanoxylon-its* problems of cultivation. 098095

MELIA
Chemical examination of timbers of *Melia* **species.** 098203

MELIGETHES
Actual problems in the development of resistance to pesticides in pests of cultivated plants as exemplified by the rape blossom beetles *[Meligethes* **aeneus,** Ceutorrhynchus] and some species of aphids. 102349

MELILOTUS
Burning a protected tallgrass prairie to suppress sweetclover, *Melilotus* **alba** Desr. 102108
Analysis of the **genus** *Melilotus* [sweetclover] by the methods of numerical taxonomy. 098653

MELIORATION
Melioration of **sandy** soils. 104200

MELOIDOGYNE
Studies on the distribution of the **genus** *Meloidogyne* on theisland of Crete [Nematodes]. 102068
Activity of indolyl-3-acetic acid oxidase and peroxidase in roots of carrot infested with *Meloidogyne* **hapla** Chitw. 101827
Parasitism of Beta vulgaris [beets] by *Meloidogyne* **hapla** and Heterodera schachtii alone and in combination [Nematodes]. 101934
Relationships of initial population densities of Meloidogyne incognita and *Meloidogyne* **hapla** to yield of tomato [Root-knot nematode]. 101935
[The nematode] *Meloidogyne* **hapla** on Actinidia chinensis in Italy. 101992
Efficiency of methyl bromide and ethylene oxide in elimination of root-knot nematodes [Meloidogyne javanica, *Meloidogyne* **hapla]** on host plants [Tomatoes]. 102016
Breeding beans for root-knot nematode *[Meloidogyne* **incognita]** resistance. 101843
Additional host records of the root-knot nematode, *Meloidogyne* **incognita** in north India. 101885
Effects of the Bi locus in cucumber on reproduction, attraction, and response of the plant to infection by the southernroot-knot nematode *[Meloidogyne* **incognita].** 101921
Relationships of initial population densities of *Meloidogyne* **incognita** and Meloidogyne hapla to yield of tomato [Root-knot nematode]. 101935
Scanning electron microscopic observations of Duboscqia penetrans parasitizing root-knot larvae *[Meloidogyne* **incognita].** 101937
Some effects of Aldicarb on the life cycle and pathogenicity of [the nematode] *Meloidogyne* **incognita** in potato roots. 101981
Studies on the systemic action of some chemical in the control of root-knot nematodes *[Meloidogyne* **incognita,** tomatoes]. 101982
Effect of Indigofera hirsuta on Belonolaimus longicaudatus, *Meloidogyne* **incognita,** and Meloidogyne javanica and subsequent crop yields [Biological control of nematodes, cover crops]. 102014
Efficiency of methyl bromide and ethylene oxide in elimination of root-knot nematodes *[Meloidogyne* **javanica,** Meloidogyne hapla] on host plants [Tomatoes]. 102016
Life cycle, pathogenicity, histopathology, and host range of race 5 of the barley root-know nematode *[Meloidogyne* **naasi].** 101931
Reaction of peach rootstocks to Italian population of two species of root-knot **nematodes** *(Meloidogyne* Goeldi). 101978
Distribution and identity of root-knot **nematodes** *(Meloidogyne* spp.) on cotton and sugar beet in the syrian Arab Republic and the Republic of Lebanon. 102061
Studies on the resistance of two varieties of tomato to [the nematodes] *Meloidogyne* spp. and **Phytophthora** parasitica. 101983
Efficacy of pyroxychlor in controlling Pythium polymorphon in the **Pythium** *polymorphon-Meloidogyne* Hapla root disease complex of celery [Root-knot nematode, systemic fungicide]. 102015
Development of a computer-simulation model for a plant-nematode system *[Meloidogyne-grapevine* **system].** 101928
Control of root-knot nematodes *[Meloidogyne]* on **tobacco** with oxamyl through transplant water. 102012

MELOLONTHA
Conservation in the soil of three germs pathogenic to *Melolontha* **melolontha** larvae (Coleoptera: Scarabaeidae) [Biological control]. 102234

MELONGENA *see* SOLANUM

MELONS
Mycoflora associated with *melon* **(Cucumis** melo L.) seeds. 101409
A strain of cucumber mosaic virus (CMV) isolated from watermelon and *melon* **cultivated** in Campania (Italy). 101796
Gamma irradiation of the *melon* **fly** [Dacus cucurbitae]: laboratory studies of the sterility and sexual competitiveness of treated adults. 102378

Suppression of the *melon* **fly,** Dacus cucurbitae Coquillett (Diptera: Tephritidae), on Kudaka Island with sterile insect relases. 102382
Resistance of varietal specimens of *melon* to **Fusarium** wilt in Uzbekistan. 101089

MELTING
Calcium and phosphorus metabolism in steers when fed a supplement of *melted* **calcium** polyphosphate and receiving intramuscular injections of vitamins A,D and E. 096722
Drawings of combs by honeybees on foundation made of *melted* and **extracted** wax. 103265

MEMBRANES
Ultrastructural study of separated cell and **acrosomal** *membranes* from bull spermatozoa. 096906
Relation between common antigen and *membrane* **antigens** associated with Marek's disease herpesvirus and turkey herpesvirus infections. 097241
Electron microscopic study of the *membranes* of **bull** spermatozoa and spermatids, with reference to the postacrosomal cap and the basal knobs. 096909
The dependence of the electrical resistance of the **cell** *membrane* and the cell sap of Characeae [Algae] on the season. 099498
Effects of external electrical fields on **cell** *membranes* [Valonia utricularia, Algae]. 099556
Sugar and polyol permeability of Salmonella and osmophilic yeast [Saccharomyces rouxii, Schizosaccharomyces pombe] **cell** *membranes* measured by turbidimetry, and its relation to heat resistance. 099805
Calcium ions protect beet root **cell** *membranes* against thermally induced changes. 100524
Isolation of a lectin from [bovine] liver plasmamembrane and its binding to **cellular** *membrane* receptors in vitro. 096355
Main chemical components of rye **chloroplast** *membranes.* 100173
Neutral red response as a measure of the pH [hydrogen-ion concentration] gradient across **chloroplast** *membranes* in the light [Lettuce]. 100416
Interaction of paramagnetic probes with *membranes* of the **chloroplasts** of higher plants [Beans]. 100577
Effects of **differentiated** *membranes* on the developmental program of the cellular slime mold [Dictyostelium discoideum]. 099693
The use of *membrane* **electrical** noise in the study of Characean electrophysiology [Chara braunii, Algae]. 099835
RNA polymerase from tobacco necrosis virus infected and uninfected tobacco. Purification of the *membrane-associated* **enzyme.** 101817
Spatial arrangement of some **erythrocyte** *membrane* receptor sites [Lentils]. 100341
Detection of wild yeasts in the brewery. VIII. The use of *membrane* **filtration** technique and microcolony method. 095411
Estimation of the light-induced electrical potential at the **functional** *membrane* of photosynthesis using a voltage-dependent ionophore [spinach chloroplasts]. 100414
Physiological activity of water beetle [Dytiscidae, Gyrinidae] defensive agents. II. Absorption of selected anesthetic steroids and norsesquiterpenes across **gill** *membranes* of the minnow Pimephales promelas Raf. 102966
Double induction—a new hypothesis of plant **immunity** *(membrane* aspects of interrelations between potato and Phytophthora infestans (Mont.) de Bary) [causal agent of blight]. 101460
Changes in phospholipid contents in **microsomal** *membranes* in cortex of black locust [Robinia pseudoacacia] bark during dehardening. 099855
Synthesis of the inner **mitochondrial** *membrane* and the intercalation of respiratory enzymes during the cell cycle of Chlorella [Fusca vacuolata, Algae]. 099823
Changes in the permeability of the inner **mitochondrial** *membrane* associated with plastid development [Oats]. 100285
Assembly of the **motochondrial** *membrane* system. XVI. Modifies form of the ATPase [adenosinetriphosphatase] proteolipid in oligomycin-resistant mutants of Saccharomyces cerevisiae [Yeasts]. 099717
Evaluation of avian **mycoplasma** *membranes* as antigens [Mycoplasma gallisepticum and Mycoplasma synoviae, chickens]. 097258
Tubular connections between the external **nuclear** *membrane,* the endoplasic reticulum and dictyosomes of Cystoseira stricta (Pheophyta, Fucale [Algae]). 098925
Mitotic cell studies based on in vivo observations. VIII. The evolution of mitotic spindles in eukaryota: a negation of the breakdown of the **nuclear** *membrane* [in higher plant and animal cells]. 098967
Water transport across **peritrophic** *membranes* of Calliphora erythrocephala. VII. 102896
The effect of storage factors on *membrane* **permeability** and sugar content of potatoes and decay by Erwinia carotovora var. atroseptica and Fusarium roseum var. sambucinum. 095865
Variation in germination and amino acid leakage of seeds with temperature related to *membrane* **phase** change. 099949
Ontogenesis of **photosynthetic** *membranes* in the plastids of Cattleya sp. leaves grown in the light. 099533
Initial stages of differentiation of [rabbit] thymocytes in the **plasma** *membrane.* 096325
Electrophoretic characterization of proteins in the **plasma** *membrane* of porcine spermatozoa. 096956
Inhibition of the development of Dictyostelium discoideum [Fungi] by isolated **plasma** *membranes.* 099694
Fragility of **plasma** *membranes* in Saccharomyces cerevisiae enriched with different sterols [Yeasts]. 099808
Effect of light upon *membrane* **potential,** conductance, and ion fluxes in Riccia fluitans [Hepaticae]. 099840
Quantitative variations of the total, free and *membrane-bound* **ribosomal** material during the culture cycle of healthy and tumorous Parthenocissus tricusipidata L. cell suspensions. 099022
Free and *membrane-bound* **ribosomes.** V. Iodination of rabbit reticulocyte polysomes. 096257
Positive and negative **root** *membrane* potentials. 099483
Evolution of aurosomes in rabbit **synovial** *membrane.* 097772
Thyroid-stimulating hormone binding to beef **thyroid** *membranes.* Role of N-acetylneuraminic acid. 096431
Macromolecular components of the **vitelline** *membrane* of hen's egg. II. Physicochemical properties of glycoprotein I. 095735

MEMORY
Memory **aide** for using rotary cultivators in the intertropical zone. 103489
In *memoriam:* **Beniamino** Peyronel (1890-1975) [Phytopathologists, Italy]. 102009
Gunnar Sundblad in *memoriam* **[Cellulose** scientists]. 098412
Zodion pearsoni, sp. Nov. In *memoriam* [of **Donald** L. Pearson, new taxa, entomologists, United States]. 103140
In *memoriam:* **Herman** Veldhuis [Veterinarians]. 097207
Prominent specialist in USSR agrometeorology (In *memory* of N. N. **IAkovlev).** 093977
In *memoriam:* **Israel** Reichert (1891-1975) [Phytopathologists, Israel]. 102010
In *memoriam:* **Kai** Jensen, 1907-1976 [Veterinarians]. 097144
In *memoriam:* **Mogens** V. Andreasen, 1924-1976 [Veterinarians]. 097145
In *memoriam,* **Prof.** Dr. Med. Vet. Habil. H. J. Christoph, Leipzig [Veterinarians]. 097189
A. I. Tolmachev—investigator of high mountain regions (In *memory* of his **seventieth** birthday) [Botanists]. 098481
In *memoriam:* **Svend** Moller, 1892-1976 [Veterinarians]. 097146

MENINGITIS
Meningeal **haemorrhage** and congestion associated with the perinatal mortality of foals. 097768
Patho-anatomical studies of *meningo-leuco-encephalitis* in **maedi** [pulmonary adenomatosis] of sheep and goats. 097725

MENTHA
Effects of nitrogen and row spacing on the yield and quality of essential oil in Japanese mint *[Mentha* **arvensis].** 101301
Stimulation of growth of **pepermint** *(Mentha* piperita) by phosfon, a growth retardant. 099898
Control of weeds with the preparation "Sinbar [terbacil] inplantings of *Mentha* **piperita** L. 102105
Effect of nitrogenous fertilizers on the fresh herb, oil yield and oil content of *Mentha* **[piperita** vulgaris]. 103980
Studies on optimum time of **planting** *Mentha* [piperita]. 101302
Chemical composition of essential oil from *Mentha* **spicata** L. Subsp. longifolia (L) Tacik. 099728
Essential oil of two chemotypes of *Mentha* **suaveolens** duringontogenesis. 099906
Sorption of moisture by crude drugs. III. Folium Menthae piperitae, Herba Thymi, Fructus Foeniculi, Anthodium Chamomillae *[Mentha,* **Thymus,** Foeniculum, Matricaria cha. 095450

MENUS
Menu **claims** found erroneous. 095284
Sausages cold cuts and *menu* **opportunities.** 095332
Menu **planning** in the Nutrition Program for the Elderly. 095322

MERCAPTO
Contribution to determination of invert sugar in technical sugar juices. 1. New photometric method with *4-amino-3-hydrazino-5-mercapto-1,2,4-triazol* as **colour** reagent. 095847

MERCERIZATION
Investigation of super-moleclar structure of *mercerized* and **regenerated** cellulose by alcoholysis with amyl alcohol. 098330

MERCHANDISE
Creative *merchandising* with glass. 095324
Merchandising **ideas** for deep-fried fish and seafood. 095329
Farm supply store: *merchandising* and **layout** [Agribusiness]. 103576
Merchandising will **sell** more soup. 095330

MERCURY
The behavior of heavy metals in soil-crop system. IV. The distribution and its change of *mercury* in **bed** sediments of river [Water contamination]. 104626
The behavior of heavy metals in soil-crop system. V. Contaminated bodies of *mercury* in **bed** sediments of river [Water polllution]. 104627
Mercury, **cadmium,** zinc, copper and organochlorine insecticide levels in small mammals trapped in a wheat field. 102686
Sexual maturation and productivity of Japanese quail fed graded concentrations of *mercuric* **chloride.** 096764
Contamination of the habitat and animals with chloroorganic insecticides, **chlorodiphenyls** and *mercury.* 102661
Mercury **content** of mushrooms. 094944
Separation of chymopapain from papaya latex (Carica papaya)on Amberlite IR-120 (Hg2+) *[mercury* **ion].** 100489
Effect of selenium and *mercury* on **survival** of chick embryos. 097841
Heavy metal contents (cadmium, lead, *mercury)* in some **wild** waterfowl species. 104498

MERGERS
Approaches and problems in *merging* **cooperatives.** 094250

MERINOS *see* **SHEEP**

MERISTEMS
Failure to observe mitotic rhythmicity in **Allium** *meristems* [Onions]. 098932
The root apex **[Apical** *meristem,* cell division]. 098990
An analysis of cell proliferation in the **apical** *meristem* of lateral roots of Vicia faba L. [Broadbeans]. 100087
Ultrastructural study of the nucleolar cycle in *meristematic* **cells** of Allium cepa [Onions]. 099008
Meristem **culture** in Phaseolus vulgaris [Kidney beans]. 098886
Ultrastructure of *meristematic* **epidermal** cells of maize root under water deficit conditions. 099032
Mitotic cycle in the **root** *meristem* cells of Citrus limon Burm [lemons], Citrus reticulata Blanco [mandarin oranges] and Citrus sinensis X Poncirus trifoliata. 100402
Nuclear DNA synthesis in *meristematic* **root** tip cells of some Citrus species [Lemons, mandarin oranges] autoradiography and microspectrophotometry. 100403
Effects of trifluralin [herbicide] on **root** *meristems* of Allium sativum L. [Garlic]. 102099
Action of gibberellic acid on cell proliferation in the subapical **shot** *meristem* of watermelon seedlings. 100347
Demonstration of two types of acid phosphatase activity in the **stem** *meristem* of spinach. 100565
The occurrence of intercalary and **uninterrupted** *meristems* in the internodes of tropical monocotyledons. 098878

MERMITHIDAE
A review of the mermithid parasites (Nematoda: *Mermithidae)* **described** from North American mosquitoes (Diptera: Culicidae) with descriptions of three new species. 102869

MEROMYOSIN
Fluroescence study of epsilon-ADP [adenosine diphosphate] bound to rabbit F-actin: structural change in the adenine subsite of F-actin under the influence of **heavy** *meromyosin.* 096354

MESENCHYMOMA
A study of the influence of **mesonephric** *mesenchyme* on the Wolffian duct in birds using heterospecific [quali-chick and quail-duck] associations. 096447

MESH
The effect of sample and *mesh* **size** on micro-Kjeldahl nitrogen determination [Wheat, guar]. 104031

MESODERM
The use of 'normal' and 'transformed' gynandromorphs in mapping the primordial germ cells and the **gonadal** *mesoderm* in Drosophila. 102970

MESOPHYLL
Distribution of enzymes related to C3 and C4 [carbon] pathway of photosynthesis between *mesophyll* and **bundle** sheath cells of Panicum hians and Panicum milioides. 099918
Factors influencing the growth and division of **pea** *mesophyll* protoplasts. 100530
Callus induction and plant regeneration from *mesophyll* **protoplasts** of Nicotiana sylvestris [Tobacco]. 100333

METABOLISM
Glucose, pyruvate, and **acetate** *metabolism* by developing soybean seeds. 100272
Special diets for infants inborn errors of amino **acid** *metabolism.* 095194
Organic **acid** *metabolism* of yeasts during fermentation of alcoholic beverages a review. 095474
Pantothenic **acid** *metabolism* in chicks during early ontogenesis. 096207
Amino **acid** *metabolism* in the piglet: influence of level of protein and of methionine in the diet on tissue uptake and in vivo oxidation. 096267
The influence of extract of orange peel on the growth and ascorbic **acid** *metabolism* of young guinea-pigs. 096719

Mechanism of action of gibberellins [on nucleic **acid** *metabolism* in both aleurone layers and in other plant systems]. 099777
Induction of abnormal fatty **acid** *metabolism* and essential fatty acid deficiency in rats by dietary DDT. 102656
Effect of nitrogen nutrition on **alkaloid** *metabolism* in plants. 099530
Insect-plant interactions: nutrition and *metabolism* **[Allelochemics].** 103090
The *metabolism* of the **antibacterial** agent bronopol (2-bromo2-nitropropane-1,3-diol) given orally to rats and dogs. 097811
Metabolism of **avian** twitch and tonus muscle [Quail, guineahen, broiler chicken]. 096313
The effect of some **bacterial** *metabolic* products on lactic acid bacteria [Pasteurized milk contaminants]. 095551
Basal *metabolic* rate and work energy expenditure of mature, pregnant women. 095119
Wyerone epoxide as a phytoalexin in Vicia faba [broadbeans]and its *metabolism* by **Botrytis** cinerea and Botrytis fabae in vitro. 101523
Chronic effects of parathyroid hormone infused in dogs at near-physiological rates **[Calcium** *metabolism].* 096377
Quantitative aspects of **calcium** *metabolism* and homeostasis [Rats]. 096384
Comparative effects of fructose and glucose on the lipid and **carbohydrate** *metabolism* of perfused rat liver. 096656
The pyruvic acid and **carbohydrate** *metabolism* in adult plants and leaf buds of Bryophyllum daigremontianum. 100612
Carbohydrate *metabolism* and frost hardiness in pine and spruce [Pinus sylvestris, Picea abies] seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
The peculiarities of **carbohydrate** *metabolism* in spruce stands. 100681
Correlations between various pathways of **carbohydrates** *metabolism* under conditions of in vivo administration of metabolis inhibitors. II. Metabolic inhibition by malonate [Rabbits]. 096549
Metabolism of [4-14C] **[carbon** isotope] estrone by sheep erythrocytes around the time of parturition. 096284
Carbon *metabolism* of [Flavobacterium flavum] bacteria isolated from the Rhizosphere of lucerne and oats. 100244
Regulation of **cell** *metabolism* by mitochondrial transport systems. 096403
Metabolic **changes** in plastome dependent inactivated pollen from Oenothera. 100044
Metabolic **changes** associated with the prevention of chlorosis by the application of elemental sulphur and foliar sprays of sequestrene 138-Fe [iron] in Pisum sativum L. [Peas, deficiency disease]. 101842
Study of the effect of calcium on the procollagen-proline-hydroxylase stage of **collagen** *metabolism* [Chick enbryos]. 096262
Storage of mannose-containing material in cultured human mannosidosis cells and *metabolic* **correction** by pig kidney alpha-mannosidase. 096373
The *metabolism* of **cycloartenol,** lanosterol, 24-methylenecholesterol and fucosterol in Chlorella ellipsoidea [Algae]. 099916
The influence of fluoride, malonic and pyruvic acids on the respiratory metabolism and the *metabolism* of **dicarboxylic** and tricarboxylic acids in two-year-old leaves of chicory. 100610
Hormonal control of **diglyceride** *metabolism* during vitellogenesis in the cockroach, Eublaberus posticus. 103002
Observations on the incidence of Ketosis and puerperal neurosis in cattle, related to feeding corn (forage or silage) *[Metabolic* **diseases].** 097715
Dairy: milk fever [parturient paresis] in dairy cows *[Metabolic* **diseases].** 097792
Relationship of dietary carbohydrate, magnesium, and potassium to grass tetany *[Metabolic* **disorders** of cattle]. 097856
Some *metabolic* **disorders** affecting the carotenoid-linked haemolymph proteins in Rhynchosciara americana (Diptera, Sciaridae). 102935
Malnutrition and **drug** *metabolism* in man. 095176
Malnutrition and **drug** *metabolism* in man. 095177
Toxicological assessment of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in chicks. II. Effects on **drug** *metabolism* and porphyrin accumulation. 097865
Metabolizable energy values of some poultry feeds determined by various methods and their estimation using *metabolizability* of the **dry** matter. 096758
Metabolic **effect** of a carbohydrate mixture during amino acid infusions [Nutrition study]. 095229
Mechanical and *metabolic* **effects** of beta-receptor stimulators, the C-terminal octapeptide of cholecystokinin, and prostaglandin E2 on the isolated, depolarized sphincter of Oddi [Cats]. 096160
A comparison of the *metabolic* **effects** of bovine growth hormone and growth factor from Spirometra mansonoides on rat liver in vivo. 096475
Energy *metabolism* in highly productive cows. 096495
Metabolizable **energy** values of some poultry feeds determined by various methods and their estimation using metabolizability of the dry matter. 096758
Effect of chlorocholine chloride on **energy** *metabolism* and the state of water in winter wheat during the process of hardening. 100312
Inborn **errors** of *metabolism.* 095065
Metabolism of **ethanol** and lactate in tissues of woody plants differing with respect to their resistance of oxygen deficiency [Salix alba, Populus petrowskiana]. 100684
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its *metabolism* by **etiolated** seedlings and germinating seeds of dwarf Pisum sativum (Meteor) [Peas]. 100492
Extrarenal *metabolism* of high doses of 25-(OH)-D3: a new active metabolite [of vitamin D3, rats]. 096381
Antibiotics in animal rearing **[Feeding,** *metabolism].* 096564
Calibrating duckweeds: light, clocks, *metabolism,* **flowering** special characteristics of Lemnaceae may offer unique insights into plant development. 099979
Influence of glucagon on the *metabolism* of **fructose,** D-glyceraldehyde, and dihydroxyacetone in rat liver. 096399
Metabolic **function** of the digestive tract of embryos in mammals as a form of its participationin the processes of uterine nutrition. 096558
Metabolism of the **fungicide** Denmert (S-n-butyl S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and Denmert sulfoxides in liver enzyme systems [Monilinia fructigena, residues]. 102620
A possible role for pyrophosphate in the control of hepatic **glucose** *metabolism.* 096394
Some comparative observations on the relative contributions of alternate pathways in the *metabolism* of **glucose** by Candida utilis [Yeasts]. 099632
Participation of petiole and veins in *metabolism* of **glycolate** in Virginia creeper leaves [Parthenocissus tricuspidata]. 099616
Heptachlor *metabolism* and the dynamics of its residues in soil and plants. 102737
Metabolism in **human** embryonic lung cell cultures of three phenylurea herbicides; chlorotoluron, fluometuron, and metobromuron. 102712
Uptake, distribution and *metabolic* fate of 3H **[hydrogen** isotope]-triforine in plants. I. Short-term experiments [Bean, tomato and barley seedlings]. 101516
Uptake, distribution and *metabolic* fate of 3H- **[hydrogen** isotope]-triforine in plants. II. Long-term experiments [Tomato and barley seedlings]. 101517
Metabolism of **IAA** [indoleacetic acid] in normal and autonomous cultures of plant tissues. 099993
Metabolism of **indole-3-acetic** acid. II. Oxindole pathway in Parthenocissus tricuspidata crown-gall tissue cultures. 101708
Correlations between various pathways of carbohydrates metabolism under conditions of in vivo administration of metabolis inhibitors. II. *Metabolic* **inhibition** by malonate [Rabbits]. 096549
Metabolism of the **insecticide** SD 8280, 2-chloro-1-(2,4-dichlorophenyl)vinyl dimethyl phosphate, following its application to rice. 102344
Nonoxidative enzymes in the *metabolism* of **insecticides.** 102678
Effect of dicumarol on D-galactose absorption and oxygen consumption by the chicken **intestine** *[Metabolism].* 096548
Recent results of clinical research on **lipid** *metabolism.* 095068
Nutrition physiological aspects of deep frying fats and oils. 7. Effect of frying fats and oils on **lipid** *metabolism* and fatty acid composition of body lipids. 095230
Lipolytic activity of the liver in sheep and swine fetuses and newborns **[Lipid** *metabolism].* 096585
Lipid *metabolism* in cytoplasmic droplets from freshly secreted milk [Goats]. 096589
Factors influencing the size, composition and *metabolism* of very **low** density lipoproteins in the rat. 095172
Studies on calcium and **magnesium** *metabolism* in ruminants. I. Effects of calcium carbonate or sodium oxalate on the absorption and excretion of calcium and magnesium in ewes. 096457
Metabolism of **malic** dehydrogenase and polyphenoloxidase in apples [during storage]. 095885
The effects of selenium on the *metabolism* of **methionine** in sheep. 096299
Effects, uptake, and *metabolism* of **methoxychlor,** mirex, and 2,4-D in seaweeds [Ulva, Enteromorpha, Rhodymenia, toxicity]. 102681
Effects of 1,1,1-trichloroethane administered by different routes and in different solvents on barbiturate hypnosis and *metabolism* in **mice.** 097822
Mineral *metabolism* in chicks on high dietary pyridoxine and magnesium. 096512
Parathyroid glands in *metabolism* of **mineral** substances in bulls fed with pulp. 096559
Studies on the *metabolism,* **mode** of action and pharmacology of vitamin D and related analogs. 095088
Metabolism of a **new** herbicide, tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in mouse, rat, rabbit, dog, duck, and fish. 097824
Influence of temperature on **nitrate** *metabolism* and leaf expansion in soybean (Glycine max L. Merr.) seedlings. 100279
Studies on the **nitrogen** *metabolism* in Satsuma mandarin orange trees. IV. Movements of proline in the leaves concurrent with the sprouting of spring shoots and their early growth. 100396
Study of **nitrogenous** *metabolism* of the Aleppo pine (Pinus halepensis Mill.) ornithine transcarbamylase and the ornithine cycle. 100630
Influence of thyroid hormone on **norepinephrine** *metabolism* in rat brain during maturation. 096538
Effect of different ways of treatment with dalapon on the nitrogen and **nucleic** *metabolism* in the leaves of cotton and Johnsongrass [Sorghum halepense]. 102195
Pig reticulocytes. I. Transitory glucose **permeability** and *metabolism.* 096183
Metabolism of **phaseollin** by different races of colletotrichum lindemuthianum [a pathogen of beans]. 101498
The uptake and *metabolism* of **phosphate** by the lichen hypogymnia physodes. 099883
Calcium and **phosphorus** *metabolism* in steers when fed a supplement of melted calcium polyphosphate and receiving intramuscular injections of vitamins A,D and E. 096722
Phosphorus *metabolism* in the leaves of winter wheat from various ecological groups. 100116
Vitamin D *metabolism:* **physiological** regulation in egg-laying Japanese quail. 096188
Effect of temperature acclimation on activities of serum and hepatic enzymes of the rat [Biochemical and **physiological** *metabolism].* 096198
Inhibition of the *metabolism* of **phytomacetous** fungi [Aspergillus niger] and yeast fungi by natrium dehydrated acetate and by preventol. 099954
Relationship between gibberellins and **[plant]** *metabolism.* 099779
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1973. Physiology and biochemistry of microelements; participation of microelements in the *metabolism* of **plants.** 099863
The effect of *metabolic* **poisons** on ATP [adenosine 5'-triphosphate] level and on active phosphate uptake in Chlorella pyrenoidosa [Algae]. 099899
The influence of prostaglandin F-2alpha on **pregnenolone** *metabolism* by the autotransplanted ovary of the ewe. 096966
Effect of feeding a carbohydrate-free diet on the growth and *metabolism* of **preruminant** kids. 096657
Effect of substrate on *metabolic* **production** by Alternaria alternata [Sorghum]. 101327
Protein *metabolism* in preimplanted mouse ova. 096900
A comparison of the inhibition of the *metabolism* of **ram** and rabbit spermatozoa by alpha-chlorohydrin in vitro. 097044
Role of anion transport in the **regulation** of *metabolism.* 096404
Cytochrome c oxidase [terminal oxidase in **respiratory** *metabolism].* 099702
Changes of **respiratory** *metabolism* and cell ultrastructure in roots of wheat during dehydration. 100310
The influence of fluoride, malonic and pyruvic acids on the **respiratory** *metabolism* and the metabolism of dicarboxylic and tricarboxylic acids in two-year-old leaves of chicory. 100610
The peculiarity of the **respiratory** *metabolism* of the Jerusalem artichoke (Helianthus tuberosus L.) leaves in case of combined effect of the inhibitors. 100611
Respiratory *metabolism* of the centipede Nadabius coloradensis (Cockerell): influence of temperature, season and starvation. 102895
Milk protein quantity and quality in low-birthweight infants = 1. *Metabolic* **responses** and effects on growth. 095193
Metabolism in **senescent** and stored tissues [of plants]. 099763
Metabolism of Na2 **75SeO4** [sodium selenate] in Astragalus bisulcatus lima bean, and wheat: a comparative study [Incorporation of selenium]. 099834
Metabolism of **serine** in growing rats and chicks at various dietary protein levels. 096607
Investigation of enzymes of **sucrose** *metabolism* in fodder beet roots in connection with conditions of nitrogen nutrition [Fertilizers]. 100316
Effect of ginseng extract on lipid and **sugar** *metabolism.* II. Nutritional states in rats. 095038
Process of reduction division and the *metabolism* in **sugarbeets** in relation with mutagenesis. 099425
Feed intake, *metabolism* and **thermal** insulation of bison, yak, Scottish Highland and Hereford calves during winter. 096631
Effects of alterations in maternal **thyroid** *metabolism* on embryonic thyroid development in the chick. 096297
Biosynthesis, *metabolism,* **transport** and distribution of gibberellins [in plants]. 099773
The effect of the duration of starvation of the assay bird [rooster] on **true** *metabolizable* energy values. 096768
The **true** *metabolizable* energy values of several feedingstuffs measured with roosters, laying hens, turkeys and broiler hens. 096769
The effect of disodium ethane-1-hydroxy-1, 1-diphosphonate on the *metabolism* of **vitamin** D [Rats, chicks]. 096385

METABOLITES

Rate of *metabolite* **accumulation** into latex of lettuce and proposed association with tipburn injury. 101924
Extrarenal metabolism of high doses of 25-(OH)-D3: a new **active** *metabolite* [of vitamin D3, rats]. 096381
Crystal and molecular structure of compactin, a new **antifungal** *metabolite* from Penicillium brevicompactum. 099824
Residues of atrazine (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its *metabolites* in **chicken** tissues [Pesticide residues in poultry and eggs]. 102714
X-ray crystal and molecular structure of acetylcolletotrichin (colletotrichin), a *metabolite* of **Colletotrichum** capsici [Fungi]. 099664
Uptake of **exogenous** *metabolites* by virus-transformed cells: changes induced by temperature and pH [hydrogen-ion concentration, chick embryos]. 097233
Movement of **labelled** *metabolites* from mitochondria to plastids during development [in oats]. 100290

The structure of lactarorufin B -3,8-ether 14-p bromobenzoate [a *metabolite* of the **mushroom** Lactarius rufus]. 100017
Pentaketide *metabolites* of Verticillium dahliae [Fungi]: Identification of (+)-scytalone as a natural precursor to melanin. 100012
Metabolites of **3-phenyl-5-methyl-1,2,4-oxadiazole** (PMO) [antitussive agents added to tobacco] in rats, dogs, and mice. 096415
Dioxathion [acaricide and insecticide] *metabolites,* **photoproducts,** and oxidative degradation products. 102705
Regulation of sclerotium production by **primary** *metabolites* in Coprinus cinereus (=C. lagopus sensu Lewis) [Fungi]. 100030
Bitter substances of apples. III. Identification and physical and chemical properties of **secondary** *metabolites* of the fungus Trichothecium roseum. 101573
Bitter substances of apples. II. Formation kinetics of **secondary** *metabolites* in saprophytic cultivation of the fungus Trichothecium roseum. 101574
Vitamin D: the discovery of its *metabolites* and their **therapeutic** applications. 095195
Estimation of combined residues of carbofuran (furadan) and its **toxic** *metabolites* by enzymatic method [Insecticides]. 102759
Some characteristics of new tissue-binding proteins for *metabolites* of **vitamin** D other than 1,25-dihydroxybitamin D [Chicks]. 095023
Preliminary results using *metabolites* and in **vitro** grown larvae of Ostertagia circumcincta to immunise lambs against oral challenge. 097605

METACARPAL

Fractures of the *metacarpal* **(metatarsal)** bones [Dogs]. 097784

METALLURGY

Charcoal *metallurgy* programation should be integrated in the reforestation plans [Forest conservation and legislation, Brazil]. 097966
Utilization of lime-containing waste from the **Magnitogorsk** *metallurgical* works for the reclamation of acid soils. 104094

METALS

Variations in the lead, zinc and calcium content of Dendrobaena rubida (Oligochaeta) in a **base** *metal* mining area [Soil contamination]. 104484
Metal-requiring and *non-metal-requiring* **catalysts** in the autoxidation of methyl linoleate. 095467
Metals, **detergents** and sterilizers [for cleaning food and dairy equipment]. 095447
Effect of poultry manure additions on the **extractability** of an added *metal.* 103926
Metal-containing **flavoprotein** dehydrogenases [Mitochondrialrespiratory chain]. 096336
High levels of four **heavy** *metals* on the iron status of plants [Kidney beans, toxicity]. 101877
Heavy *metal* relationships in a Pennsylvania soil. 103742
Estimation of pollution by **heavy** *metals* in the Somme river by analysis of aquatic bryophytes. 104457
Studies on **heavy** *metal* pollution in agricultural land. 1. Movement of cadmium in paddy soils and absorption of cadmium by rice plants. 104463
Heavy *metal* contents (cadmium, lead, mercury) in some wild waterfowl species. 104498
Heavy *metals* and related trace elements [Water pollution]. 104557
The behavior of **heavy** *metals* in soil-crop system. IV. The distribution and its change of mercury in bed sediments of river [Water contamination]. 104626
The behavior of **heavy** *metals* in soil-crop system. V. Contaminated bodies of mercury in bed sediments of river [Water polllution]. 104627
Toxic **heavy** *metal* effects in submerged plants [as an indicator of water pollution]. 104656
Activation of pepsin (EC 3.4.4.1) by *heavy-metal* **ions** including a contribution to the mode of action of copper slphate in pig nutrition. 096655
Analytical notes—hard- vs soft-water effects on the transfer of *metallic* **ions** from intestine. 104329
Monocot-dicot variability in response to an **iron** *oxide-metallic* iron source [Maize, soybeans]. 103928
Metal-requiring and **non-metal-requiring** catalysts in the autoxidation of methyl linoleate. 095467
The energy supply of *metal* **silos.** 103336
Slugde-borne *metal* uptake by soybeans as a function of soil cation exchange capacity. 100159
Degradation of protolignin with *metallic* **sodium** in liquid ammonia [Picea jezoensis, wood meal]. 098189
Determination of copper, iron, and manganese in milk with flameless AAS [atomic absorption spectrophotometry] and a survey of the contents of these *metals* in **Swedish** market milk. 095618

METAMORPHOSIS

Hormonal regulation of the secretion of mucoproteins by cells of the salivary glands of Drosophila melanogaster larvae during the **period** of *metamorphosis.* 103102
An endocrine view of *metamorphosis,* **polymorphism,** and diapause in insects. 102957

METATARSUS

Fractures of the **metacarpal** *(metatarsal)* bones [Dogs]. 097784

METAXENIA

Metaxenia in **interspecific** honeylocust [Gleditsia] crosses. 099329

METEOROLOGY

Dependence of barley yield and the fractional composition of grain proteins from fetilizers and *meteorological* **conditions.** 100225
Effect of *meteorological* **conditions** on flowering and fruiting of grapevines. I. The effect of temperature on flowering and fruiting. 100431
Effectiveness of herbicide action in relation to the peculiarities of the soil and *meteorological* **conditions.** 102197
Recently published papers [on agricultural and **forest** *meteorology].* 093964
Agricultural and **forest** *meteorology* [World food supply]. 093978
Studies on the *micrometeorology* of the **mulched** soil surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with low Albedo. 1. 104227
Studies on the *micrometeorology* of the **mulched** soil surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with low albedo. 2. 104228
Studies on the *micrometeorology* of the **mulched** soil surface of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 1. 104229
Studies on the *micrometeorology* of the **mulched** soil surface of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 2. 104230
An off-line data acquisition system for *micrometeorological* **observation.** 094086

METERS

An analog water **discharge** *meter* for use in runoff-plot experiments. 104249
The new Swedish milk **flow** *meter* [Processing equipment]. 095655
Study of **low-volume** *metering* of a working liquid in sprayers with a turbine pump. 103546
Design of a capacitance-type sensor with sectional electrodes [**Moisture** *meter,* water content of bulk material]. 095492

METHANE

An EMS [**ethyl** *methanesulfonate]* induced dominant mutation for pollen sterility in Petunia. 099127
EMS [**ethyl** *methane* sulphonate] and MMS [mehtyl methane sulphonate] induced leaf mutations in peas. 099151
Gibberellic acid protection against EMS [**ethyl** *methane* sulphonate] and MMS [methyl methane sulphonate] induced damage to chromosomes in Pisum sativum L. [Peas, mutation]. 099158
EMS [ethyl methane sulphonate] and MMS [**mehtyl** *methane* sulphonate] induced leaf mutations in peas. 099151
Gibberellic acid protection against EMS [ethyl methane sulphonate] and MMS [**methyl** *methane* sulphonate] induced damage to chromosomes in Pisum sativum L. [Peas, mutation]. 099158
Inhibition of *methane* **production** in the rumen: a review. 096546
Rates of production of *methane* in the **rumen** and large intestine of sheep. 096269

METHANEARSONIC

Woollyleaf bursage [Franseria tomentosa] control with **monosodium** *methanearsonate* and tillage. 102077

METHANOL

Influence of moisture content on polymerization of monomers in wood. IV. Comparison of copolymerisation of styrene withacrylonitrile in birch wood in presence of **water** and *methanol.* 098316

METHANOLYSIS

The sterochemistry of calf spleen NAD [Nicotinamide adenine dinucleotide]-glycohydrolase-catalyzed **NAD** *methanolysis.* 096360

METHIONINE

Partial purification of *methionine* **binding** protein from Aspergillus nidulans [Fungi] by affinity chromatography. 099547
Amino acid metabolism in the piglet: influence of level of protein and of *methionine* in the **diet** on tissue uptake and in vivo oxidation. 096267
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of minerals, vitamins, lysine, *methionine,* **feed** additives and corn oil [Goats]. 096662
A kinetic study of the bisulphite reduction of methionine sulphoxide to *methionine* [in **foods** and feeds]. 095481
Digestive utilisation of sulfur-labelled methionine, *Methionine* **hydroxy** analog and sodium sulfate in goat rumen. 096279
Relation between *methionine* and **inorganic** sulphate in broiler **rations.** 096762
Pyridoxalphosphate-dependent ethylene production from *methionine* by **isolated** [spinach] chloroplasts. 100417
Protein, *methionine,* **lysine** and a fermentation residue as variables in diets of young turkeys. 096760
Selection and characterization of cultured carrot and tobacco cells resistant to lysine, *methionine,* and **proline** analogs. 099134
Methionine **requirement** of developing turkeys from 8-12 weeks of age. 096511
The effects of selenium on the metabolism of *methionine* in **sheep.** 096299
Digestive utilisation of **sulfur-labelled** *methionine,* Methionine hydroxy analog and sodium sulfate in goat rumen. 096279
A kinetic study of the bisulphite reduction of *methionine* **sulphoxide** to methionine [in foods and feeds]. 095481
Possible role of *methionine* in the **synthesis** of the chicken globin chains. 096221
Subunit composition of delta-crystallin from embryonic chick lens. Analysis of *methionine-containing* **tryptic** peptides and cyanogen bromide peptides. 096429

METHOXY

Application of Dialene [a mixture of dimethylamine salts of2,4-dichlorphenoxyacetic and *2-methoxy-3,6-dichlorbenzoic* **acids**] in plantings of cereals and maize and on fallows. 102130
Synthesis and insecticidal and acaricidal properties of some *5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl* **phosphorus** esters. III. [Musca domestica, Calandra granaria, Aphis fabae, Tetranychus urticae]. 102256

METHOXYCHLOR

Light-induced transformations of *methoxychlor* **[insecticide]** in aquatic systems. 102711
Laboratory and field experiments with *methoxychlor* as a **larvicide** for Simuliidae (Diptera) [Pesticide residues]. 102685
Effects, uptake, and metabolism of *methoxychlor,* **mirex,** and 2,4-D in seaweeds [Ulva, Enteromorpha, Rhodymenia, toxicity]. 102681
The effect of the technological process on level of DDT, DDE, DDD and DMDT [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane, *methoxychlor]* **residues** in Kortowski cheese [Contamination]. 102780

METHYL

Gas-liquid chromatography of ethyl ester artifacts formed during the prepatation of fatty **acid** *methyl* esters. 095479
MCPB *[2-methyl-4-chlorophenoxybutyric* **acid,** herbicides, residues]. 102636
Synthesis of *methyl* **alpha** and beta-maltotriosides and aryl beta-maltotriosides. 095427
A comparison of the bronchodilator activity of (plus/minus) 11-deoxy prostaglandin E1 with its *15-methyl* **analogue,** (doxaprost [Guinea pigs, cats]. 096525
The synthesis of **angular** *methyl* substituted bicyclic enones via a unique regioselective enamine annulation reaction [Cyperus rotundus, Vetivera zizanoides, essential oil]. 100013
Formation of organic peroxides from *methyl* **beta-D-glucopyranoside** in alkaline hydrogen peroxide solutions [Degradation of cellulose]. 098202
Efficiency of *methyl* **bromide** and ethylene oxide in elimination of root-knot nematodes [Meloidogyne javanica, Meloidogyne hapla] on host plants [Tomatoes]. 102016
Evaluation of chlorpyrifos and *chlorpyrifos-methyl* for **control** of Dermestes maculatus Deg. (Coleoptera: Dermestidae) on sheepskins. 102535
Synthesis of *(plus/minus)-methyl* **2,5-dimethyl-3-vinylhex-4-3-enoate** (methyl santolinate) [Artemesia tridentada tridentada]. 099663
Improved procedures for the isolation of pure oleic, linoleic, and linolenic acids or their *methyl* **esters** from natural sources. 095485
Separation of *methyl* **ethers** of xylose, glucose and some other sugars by liquid chromatography. 098290
Proof of *2,3-dihydro-3,5-dihydroxy-6-methyl-4H-pyran-4-one* in **foods.** Studies on the Maillard reaction. XI. 095541
Vitavax *[5,6-dihydro-2-methyl-1,4-oxathiin-3-carboxanilide,* **fungicides,** residues]. 102653
The use of *methyl* **green-pyronin** staining after glutaraldehyde fixation and paraffin or araldite embedding [Chick and mouse embryonic tissues]. 096570
Pirimiphos-methyl **[Insecticides,** residue analysis in crops, food products]. 102644
Crystal and molecular structure of organophosphorus **insecticides.** 3. *Azinphos-methyl.* 102703
Structural investigation of lac resin. X. Structure and stereo-chemistry of *methyl* **laccolate** gamma-lactone and its epimer [obtained by esterification of the gum resulting from the alkaline fission of shellac]. 098289
Metal-requiring and non-metal-requiring catalysts in the autoxidation of *methyl* **linoleate.** 095467
Delayed senescence in [Festuca pratensis] leaves treated with the protein synthesis inhibitor **MDMP** *[2-(4-methyl-2,6-dinitroanilino)-N-methylpropionamide].* 100282
Gibberellic acid protection against EMS [ethyl methane sulphonate] and MMS *[methyl* **methane** sulphonate] induced damage to chromosomes in Pisum sativum L. [Peas, mutation]. 099158
Analytical methods for Sumithion **[O,O-dimethyl** *O-(3-methyl-4-nitrophenyl)* phosphorothioate] in technical products and formulated materials [Organophosphorus insecticide]. 102765
Prostaglandin 1X synthesis of *(plus/minus)-15-methyl-11-deoxy* **PGE1** [prostaglandin E1] (doxaprost) a potent bronchodilator and its C-15-epimer [Guinea pigs]. 096526
Synthesis and insecticidal and acaricidal properties of some *5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl* **phosphorus** esters. III. [Musca domestica, Calandra granaria, Aphis fabae, Tetranychus urticae]. 102256

Metabolites of *3-phenyl-5-methyl-1,2,4-oxadiazole* **(PMO)** [antitussive agents added to tobacco] in rats, dogs, and mice. 096415
MDMP *[2-(4-methyl-2,6-dinitroanilino)-N-methyl* **propionamide]** action: degradative effects on polyribosomes from wheat roots and the inhibition of protein initiation. 100220
Influence of artificial rainfall and washing on the benomyl and *thiophanate-methyl* **residue** content in lettuce. 102756
Mechanisms of *methyl-carbon* **transfer** from S-methylcysteine to pectin in Chinese cabbage (Brassica pekinensis Rupr.). 100542
Cycloleucine and *methyl-alpha-D-glucoside* **transport** in tissue sections of magnum mucosa of laying Japanese quail as affected by egg formation cycle. 096598
Studies into prenatal toxic action of *parathion-methyl* in **Wistar** rats and comparison with prenatal toxicity of cyclophosphamide and trypan blue. 097790

METHYLATION
Methylation and **acetolysis** of extracellular D-mannans from yeast. 099642
Formation of dimethylnitrosamine from pesticides **carrying** *methylated* tertiary aminogroups in the presence of nitrite at pH 3 [hydrogen-ion concentration]. 102690
Identification of *methylated* and **ethylated** cellulose hydrolysis products as its alditolacetates by gas-liquid chromatograhy. 098313
Non-methylated **guanosine** as the 5' terminus of capped mRNA from insect oocytes [Manduca sexta]. 102831
Changes in infrared spectra of lignin at its modification. III. Changes in infrared-spectrum of spruce MWL at *methylation* (within the **range** of 1500-1000 cm-1). 098297

METHYLCYSTEINE
Mechanisms of methyl-carbon transfer from *S-methylcysteine* to **pectin** in Chinese cabbage (Brassica pekinensis Rupr.). 100542
Estimation of *S-methylcysteine* **sulphoxide** (kale anaemia factor) and its distribution among Brassica forage and root crops. 096017

METHYLENE
The effect of storage temperature on the second **day** *methylene-blue* test [Milk spoilage]. 094893
Effect of selected inhibitors and *methylene-blue* on a **possible** phosphogluconate pathway in washed boar sperm. 096930

METHYLMETHACRYLATE
Studies on the chemical testing method for the special processing raw silk. 1. On the properties of raw silk grafted with *methylmethacrylate* and **styrene.** 095513

METHYLNITROPHOS
Determination of *methylnitrophos* **residues** in meat, milk and eggs by the method of gas-liquid chromatography. 102731

METHYLUREA
N-nitroso-N-methylurea **resistance** of sunflower cytoplasmic chlorophyll mutants induced by this agent. 099405

METOBROMURON
Metabolism in human embryonic lung cell cultures of three phenylurea herbicides; chlorotoluron, **fluometuron,** and *metobromuron.* 102712

METRIC
Equations and Fortran IV program for the 1976 *metric* **version** of the forest fire weather index. 097887

METRIOPTERA
The song of *Metrioptera* **azami** (Finot) (Orthoptera, Tettigoniidae), and new localities for the species. 103038

METRITIS
Effects of intrauterine infusion of gentamicin sulfate on bovine fertility *[Metritis,* **dairy** cattle]. 097764

MEVALONATE
Induction of furano-terpene production and formation of the enzyme system from *mevalonate* to **isopentenyl** pyrophosphate in sweetpotato root tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572

MEVINPHOS
Acute toxicity for *mevinphos* to **gerbils.** 097860

MICA
The dissolution of *micas* [in **soils**] by fulvic acid. 103749

MICE
Action of two insecticides: lindane and dichlorvos on *mice* **adrenal** glands. 102672
Plasmodium berghei: heat-treated sporozoite vaccination of **A/J** *mice:* comparison of routes of injection. 097625
Plasmodium berghei: frozen-thawed, formalin-treated, and lyophilized sporozoites as vaccines in **A/J** *mice.* 097626
Biotransformation, sex hormones, and toxicity of two volatile **anesthetics** in *mice.* 097820
Cooperative interactions of tetrahydrofolate with purified pig kidney serine transhydroxymethylase and loss of this cooperativity in L1210 tumors and in tissues of *mice* **bearing** these tumors. 097756
Immunoreactive LRF [luteinizing hormone-releasing factor] neurosecretory pathways in mammals [Guinea pigs, rats, **cats,** *mice].* 096146
Chromosomal DNA replication: retarded fork progression and altered initiation in cells infected with mengovirus or Newcastle disease virus [Infection of *mouse* L **cells].** 097668
Cyanide intoxication: protection with **chlorpromazine** *[Mice].* 097861
Myodystrophy, a new myopathy on **chromosome** 8 of the *mouse.* 095821
Genes on **chromosome** 3 of the *mouse.* 096947
Studies on shortening of the estrous cycle in 4-day **cyclic** *mice.* V. Occurrence of 3-day estrous cycle after the single injection of estradiol. 096977
Metabolites of 3-phenyl-5-methyl-1,2,4-oxadiazole (PMO) [antitussive agents added to tobacco] in rats, **dogs,** and *mice.* 096415
The use of methyl green-pyronin staining after glutaraldehyde fixation and paraffin or araldite embedding [Chick and *mouse* **embryonic** tissues]. 096570
Effect of stress on the quantitative levels of certain **enzymes** in *mice.* 096596
The increased resistance of *mice* to **experimental** staphylococcal mastitis following inoculation of endotoxin. 097608
Further studies on *mice* **genetically** selected for high and low phagocytic activity. 097081
Lipoproteins in serum of rat, *mouse,* **gerbil,** rabbit, pig and man studies by electrophoretical and immunological methods. 096317
On the effects in vitro of follicle stimulating hormone (FSH) and actinomycin D on the amounts of nucleic acids of the **immature** *mouse* ovaries. 097037
Plasma and organ counts of 3H in normal or **immune** *mice* and sheep injected with 3H-epsilon-dinitrophenyl-lysine. 097604
Antisera from *mice,* their **importance** to serological investigations with phytopathogenic viruses. 101726
The mouse inoculation test in rabies diagnosis: early diagnosis in *mice* during the **incubation** period. 097295
Transplacental migration of Toxocara canis larvae in experimentally **infected** *mice.* 097420
Plasmodium berghei: antibody mediated reduction of oxygen consumption by **infected** *mouse* bone marrow cells. 097624
The *mouse* **inoculation** test in rabies diagnosis: early diagnosis in mice during the incubation period. 097295
The subcellular localization of calcium in vertebrate smooth muscle: calcium-containing and calcium-accumulating structures in muscle cells of *mouse* **intestine.** 096310
A study of the effects of DDVP [dichlorvos] (propoxure) on **laboratory** *mouse* [Insecticides, toxicity]. 102676
Dieldrin and parathion interaction in the prostate and **liver** of the *mouse.* 097821
Effects of 1,1,1-trichloroethane administered by different routes and in different solvents on barbiturate hypnosis and **metabolism** in *mice.* 097822
Murine cytomegalovirus glomerulonephritis: clinical and ultrastructural **observations** *[Mice].* 097225
Fine structure of baroreceptor terminals in the carotid sinus of guinea **pigs** and *mice.* 096304
The **pregnant** *mouse* as a model of abortive chlamydiosis of sheep. 097279
Protein metabolism in **preimplanted** *mouse* ova. 096900
Embryonic and postnatal growth of rat and *mouse.* IV. **Prenatal** growth of organs and tissues: age determination, and general growth pattern. 096144
Lactate and malate dehydrogenase activities during the ontogeny of the Mongolian gerbil, rat, *mouse,* and **rabbit.** 096316
Metabolism of a new herbicide, tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in *mouse,* **rat,** rabbit, dog, duck, and fish. 097824
Embryotoxic and antimitotic properties of parbendazole, mebendazole and cambendazole [Anthelmintics, sheep, **rats,** *mice].* 097797
Toxicology of vindesine (Desacetyl vinblastine amide) in *mice,* **rats,** and dogs. 097831
Endosulfan-induced neurotoxicity in **rats** and *mice.* 102669
Fetal toxicity of toxaphene in **rats** and *mice.* 102670
A histological study of embryonic death caused by heterozygosity for the T26H **reciprocal** *mouse* translocation. 096943
Effect of different concentrations of F-57 on the frequencyof mutations induced by irradiation (300 **roentgens)** in *mice.* 096920
The effects of cuprizone toxidity on the incubation period of **scrapie** in *mice.* 097404
SKeletal muscle cellularity in *mice* **selected** for large bodysize and in controls. 096369
Absence of antibodies to double-stranded RNA and DNA in the sera of scrapie-infected **sheep** and *mice.* 097414
Effect of F-14 indene compound on the mutation process induced by irradiation in *mice* **spermatogonia.** 096921
Labelling of acrosomes in *mouse* **spermatozoa** by L-[1-3H]fucose. 096962
Some characteristics of a myeloid and a lymphoid leukaemia of *mice* and their **susceptibility** toward cytostatic agents. 097648
Effects of limited food intake on the obese-hyperglycemic **syndrome** *[Mice].* 094977
Effect of dietary selenium on tumor induction by an oncogenic **virus** *[Mice].* 097799

MICELLE
The role of alpha-lactalbumin in the primary phase of chymosin action on heated **casein** *micelles.* 095589
Casein *micelles* in sterilized skim milk. 095616
Synthetic **casein** *micelles.* 095638

MICROANATOMY *see* ANATOMY

MICROBES
Antimicrobial **activities** of the essential oils of Artemisiaabsinthium Linn, Artemisia vestitia Wall, and Artemisia vulgaris Linn [against bacteria and fungi]. 099796
The production of antimicrobial compounds by British marinealgae. III. Distribution of *antimicrobial* **activity** within the algal thallus. 099585
Perennation of Sphaerotheca mors-uvae [Fungi] as cleistothecia with particular reference to *microbial* **activity.** 100029
Microbes—**cleaner-uppers** for polluted waters. 104599
The production of *antimicrobial* **compounds** by British marinealgae. III. Distribution of antimicrobial activity within the algal thallus. 099585
The production of *antimicrobial* **compounds** by British marinealgae. II. Seasonal variation in production of antibiotics. 099586
Dye reduction method for estimating bacterial counts in ground beef *[Microbial* **contamination].** 094804
Microbial **cultures** as feed additives [for ruminant diets]. 096636
Microbial **degradation** of lignocellulose [by white-rot fungus, Polyporus versicolor]: the lignin component [Quercus albus, Acer rubrum, Typha latifola]. 098181
Microbial **degradation** of oil spills enhanced by a slow-release fertilizer. 104449
Microbial **degration** of 1-naphthol [the major chemical and biological breakdown product of the insecticide carbaryl]. 102662
Rhizosphere and nonrhizosphere microflora of Egyptian henbane [Hyoscyamus muticus] under saline conditions. I. *Microbial* **density** and activity as affected by salinization level and duration. 098762
Intensive fiber utilization and prescribed fire: effects on the *microbial* **ecology** of forests. 098869
Role of *microbial* **enzymes** in flavor development in foods. 095409
Enhancement of cheese flavors with *microbial* **esterases.** 095559
Methodology in soil *[microbial]* **examination.** 103834
Effect of uranyl acetate on *microbial* **fixation** of nitrogen in presence of lanthanum sulphate. 103861
About the common theory of the *antimicrobial* **immunity** of plants (conjugated evolution of the pathogen and plant). 101456
The chemistry of some *microbially* **induced** flavor defects in milk and dairy foods [Streptococcus lactis var. maltigenes]. 094814
Fog as a vehicle for dispersal of a *microbial* **insecticide** [the entomogenous bacterium Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499
Microbial **interactions** in foods: meats, poultry and dairy products. 095535
Models of *microbial* **interactions** in the soil. 103732
Microbial **manipulation** and plant performance [Rhizosphere]. 100006
Chemical composition of *microbial* **matter** in the rumen [Sheep]. 096472
Studies on some *microbial* **milk-clotting** enzymes for cheese making and their effect on cow milk casein. 095628
Termites-mighty munchers **need** *microbes.* 102498
Lecithin agar for detection of *microbial* **phospholipases** [Reactions in egg yolk]. 094808
Microbial **polysaccharides** [Includes fungi]. 099637
Solacasine, a new steroidal alkaloid from Solaum pseudocapsicum **possessing** *antimicrobial* activity. 099713
Production of single cell protein from agricultural and food processing wastes [to **produce** *microbial* protein suitable for animal feeds]. 096020
Effect of delayed evisceration on the *microbial* **quality** of meat. 094805
Influence of different levels of selenium on protein synthese by **rumen** *microbes* in vitro [Cattle, buffaloes]. 096482
Synthesis of **ruminal** *microbial* protein and volatile fatty acid production in vitro. 096446
Antimicrobial **substances** in certain members of Solanaceae. IV. Detection of active principles in pepper plant. 100619
Antimicrobial **substances** in certain members of Solanaceae. V. Detection of active principles in potato plant. 100620
Seasonal incidence of *microbes* on the **surface** of first year needles of Norway spruce [Picea abies]. 101657

MICROBIOLOGISTS
Ryodi Nakazawa, 1878-1974 *[Microbiologists,* **fermentation].** 095399

MICROBIOLOGY
Microbiological **detection** of Nifurprazine in body fluids and tissues of cattle [Bacillus subtilis, Bacillus cereus mycoides]. 097675
Microbiology—**detection** of bacterial pathogens and their occurrence [in polluted water]. 104567
Microbiology—**detection,** occurrence, and removal of viruses [from polluted water]. 104568
Microbiological and **enzymatic** activity of soil under maize in relation to fertilizers. 103908
General *microbiology* at the Department of Plant Biology of the University of Geneva. 099973
Use of yeasts at the laboratory of **general** *microbiology.* 099976
Microbiological **hazards** of international [food] trade. 094923
Incidence of Salmonella spp., Clostridium botulinum, and Vibrio parahaemolyticus in an estuary *[Microbiological* **indicators** of pollution]. 104448
Stool or intestinal flora—contribution to the *microbiology* of the **intestinal** organs [Animals, man]. 096484
Pathological and *microbiological* **observations** made on spontaneous cases of acute neonatal calf diarrhea. 097292
Microbiological **quality** of frozen fried chicken products obtained from a retail store. 094899
The *microbiological* **role** of nitrite in meat products. 094925
Trends and innovations in **rumen** *microbiology.* 096563
The physical environment in **soil** *microbiology:* an attempt to extend principles of microbiology to soil microorganisms. 103733
Effects of pure paraquat dichloride, "Gramoxone W", and formulation additives on **soil** *microbiological* activities. 1. Estimations of soil biomass in laboratory-treated soil. 103862
Effects of pure paraquat dichloride, "Gramoxone W" and formulation additives on **soil** *microbiological* activities. 2. Effects on respiration, organic matter mineralization, and nitrification in laboratory-treated soil. 103863
ICMSF [International Commission on *Microbiological* **Specificatons** for Foods] methods studies. VII. Indicator tests as substitutes for direct testing of dried foods and feeds for Salmonella. 094823
Chemical and *microbiological* **studies** on Mish [Dairy products]. 095548
Microbiological **studies** of Porphyra plants. IV. On the relation between the growth of the Porphyra plants [Algae] cultivated in the sea and the bacterial flora accompaying the plants [Symbiosis]. 098779
Microbiological **studies** on phytopathogenic bacteria. III. Production of D-galactonic acid, 2-keto-D-galactonic acid, L-arabonic acid, and D-xylonic acid by Erwinia milletiae. 101697
Microbiology of **waste** treatment. 104566
Microbiology of **water** [pollution]. 104565
Microbiology—**waterborne** outbreaks [by pollution]. 104569

MICROBOTHRIUM
Polar lipids of parasitic helminths. I. Polar lipids of Fasciola hepatica and **Paramphistomum** *microbothrium* [From slaughtered animals]. 097643

MICROCLIMATE
[Wind] **barrier-induced** *microclimate* and its influence on growth and yield of winter wheat. 100942
Effects of windbreaks on the *microclimate,* **energy** balance and water use efficiency of crops growing on the Great Plains. 097907
Polymer materials and the regulation of *microclimate* in **fruit-tree** growing [Protected cultivation, mulching]. 101215
Effect of *microclimate* on some **fungus** diseases of high-and low-trained grapevines [Oidium tuckeri, Botrytis cinerea]. 101427
Feasibility of *microclimate* **modification** for control of white mold [Sclerotinia sclerotiorum] disease of bean. 101321
Automatic regulation of hydraulic outwash of droppings and the *microclimate* in **poultry** houses. 103363
Air-flow [circulation] patterns in vineyard **rows** *[Microclimate].* 098759
Prairie ant mound ecology: interrelationships of *microclimate,* **soils** and vegetation. 098801
Synthesis of an optimal system of automatic regulation of the *microclimate* in **vegetable** storehouses. 103398

MICROCOCCACEAE
Survey of some *Micrococcaceae* in **commercial** honey. 094817

MICROCOCCUS
The detection and identification of Pediococcus and *Micrococcus* in **berweries,** using a serological method [spoilage yeasts and bacteria]. 094878

MICROCOSMS
Sediment-water *microcosms* for assessment of nutrient interactions in aquatic ecosystems [Lakes, reservoirs, algal assay]. 104496

MICROCTONUS
The biology of *Microctonus* **caudatus** (Thomson), a braconid parasite of the ground beetle Harpalus rufipes (Degeer). 102916

MICROCYSTS
The effect of ammonia on fruiting body size and *microcyst* **formation** in the cellular slime molds [Polysphondylium pallidum, Dictyostelium discoideum]. 099695

MICROELEMENTS
Effect of mixed salinity and P [phosphorus] fertility on yield and *microelement* **composition** of tomato, sweet corn and sudangrass in sand culture. 103976
Microelement **content** in hen eggs at commercial brooders. 096326
Microelement **content** of some Cuban soils. 103658
Effect of *microelements* on **grapevine** [yield]. 104068
Effect of *microelements* on the **growth** of apple trees in a nursery. 100498
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1973. Physiology and biochemistry of microelements; participation of *microelements* in the **metabolism** of plants. 099863
Provision rate with *microelements* of **newly-born** calves. 096725
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1973. Physiology and biochemistry of *microelements;* **participation** of microelements in the metabolism of plants. 099863
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1974. Physiology and biochemistry of *microelements* in **plants.** 099862
Brief review of the results of investigations of the **problem** *"Microelements* in plant and animal husbandry" in 1973. Physiology and biochemistry of microelements; participation of microelements in the metabolism of plants. 099863
Major trends of scientific investigations in the sphere of *microelements* in 1976-1980 **[Role** in plant and animal physiology]. 099864
Effectiveness of new kinds and forms of microfertilizers (on the basis of research work of the laboratory of *microelements* of the **Scientific-Research** Institute of Fertilizers and Insecticides-fungicides). 104106
Utilization of the atomic-absorption method for the determination of the content of *microelements* in the **soil** and plants. 103791
Feed defluorinated phosphates as a **source** of *microelements.* 096724
Results of scientific works in **studying** *microelements* [in soils] in the Nakhichevan' Autonomous Soviet Socialist Republic. 103800
The mobile forms of *microelements* in the **sward** Podzol soilsof the central part of the south taiga subzone. 103857
Comparison of the effects of high levels of DTPA [diethylene triamine pentaacetic acid] and EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] on *microelement* **uptake** in bush beans. 100151

MICROFERTILIZERS
Effectiveness of new kinds and forms of *microfertilizers* (on the **basis** of research work of the laboratory of microelements of the Scientific-Research Institute of Fertilizers and Insecticides-fungicides). 104106
Effect of *microfertilizers* on **maize** sown after sugarbeets on calcareous Chernozems. 104067
Effect of *microfertilizers* on **rice** plants. 104069

MICROFIBRIL
Synthesis of **beta-1,3-glucan** *microfibrils* by a cell-free extract from Phytophthora cinnamomi [Fungi]. 099521

MICROFLORA
Microflora of **Egyptian** henbane [Hyoscyamus muticus] under saline conditions. II. Physiological activity of Actinomycetes as affected by salinization and duration. 099490
Microflora of **Galleria** mellonella L. [Pests, Apis mellifera]. 102818
Rhizosphere and **nonrhizosphere** *microflora* of Egyptian henbane [Hyoscyamus muticus] under saline conditions. I. Microbial density and activity as affected by salinization level and duration. 098762
Effect of inorganic fertilizers on the *microflora* as **related** to the quality and degree of soil salinization. 104150
Effect of foliar application of urea on rhizosphere and **rhizoplane** *microflora* of wheat. 103915
Study on the root and **rhizosphere** *microflora* of some flowering bulbs [Hyacinthus orientalis, Tulipa gesneriana, Narcisus poeticus]. 103750
Effect of molybdenum on the **rhizosphere** *microflora* of cotton plant in virgin calcareous soil. 103889
Effect of benomyl on the **soil** *microflora* and yield of cotton [Wilt control]. 101489
Effect of the natural **soil** *microflora* and soil supplementations on the biological control of "bakanae" disease of rice [Fusarium moniliforme]. 101626
The effect of some herbicides on the weed flora and **soil** *microflora* in the onion crop (Allium cepa L.), and the persistence of their residues in the soil. 102121
Effect of herbicides on the **soil** *microflora.* 102139
Effect of mixtures of herbicides on the **soil** *microflora* and yield of sugarbeets. 102140

MICROFOSSILS *see* FOSSILS

MICROLEPIDOPTERA
A zoocecidia of Polygonum convolvulus flowers **[caused** by a *Microlepidoptera].* 102229

MICROMETEOROLOGICAL *see* METEOROLOGY

MICROMETEOROLOGY *see* METEOROLOGY

MICROMORPHOLOGICAL *see* MORPHOLOGY

MICROMYCETES *see* FUNGUS

MICRONUTRIENTS *see* NUTRIENTS

MICROORGANISMS
Lesions and *microorganisms* in **aborted** bovine fetuses with bovine viral diarrhea antibodies. 097532
Studies on the role of *microorganisms* in **alimentation** of Galleria mellonella larvae [Pests, Apis mellifera]. 102819
Nitrogen fixation with free-living **[bacterial]** *microorganisms.* 103846
Microorganisms in **dried** foods: their significance, limitation and enumeration. 094876
Thermal selection of seeds of field crops according to their viability as a method for increasing resistance to semi-pathogenic **[fungal]** *microorganisms.* 101473
The occurrence of an **intraerythrocytic** *microorganism* Neitziella rezendei gen. nov. sp. nov. (Microtatobiotes, Rickettsiales) of poultry in Brazil. 097215
Effect of small amounts of fluoride on the activation of several [bacterial] *microorganisms* **[Milk,** fermentation]. 095604
Amino acid and fatty acid composition of *microorganisms* **passing** into the abomasum of sheep. 096477
Purification and physicochemical properties of superoxide dismutase from two **photosynthetic** *microorganisms* [Spirulina platensis, Algae, Rhodopseudomonas spheroides, bacteria]. 099549
[Polish] studies on the genetic information in *microorganisms,* **plants,** and animals for the improvement of their useful characteristics. 099355
Influence of long-term fertilization and liming on the *microorganism* **population** in soddy-podzolic soils. 104107
The role of *microorganisms* in **poultry** taints. 094926
Studies on the mechanism of acetion and diacetyl biosynthesis by *microorganisms.* III. **Production** of acetoin and diacetyl by Lactobacillus bulgaricus [Dairy products]. 095658
Lysogeny in Streptococcus bovis **[Rumen** *microorganisms].* 096291
Production of plant hormones by **[soil]** *microorganisms.* 099484
Ratio of *microorganisms* in the **soil** treated with benlate and carbathion for the control of lodging of pine seedlings [caused by fungi]. 101607
Continuously variable amplitude contrast microscopy for the detection and study of *microorganisms* in **soil.** 103704
The physical environment in soil microbiology: an attempt to extend principles of microbiology to **soil** *microorganisms.* 103733
Volatile organic compounds and *microorganisms* **[Soil].** 103734
Viewing the invisible prairie **[Soil** *microorganisms].* 103760
Vibrio parahaemolyticus and seafoods **[Spoilage** *microorganisms].* 094928

MICROPLITIS
Baculovirus-like particles in the reproductive tracts of female parasitoid wasps [Cardiochiles nigriceps, *Microplitis* **croceipes,** Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295
The function of the anal vesicle in respiration and excretion in the braconid wasp, *Microplitis* **croceipes.** 103021

MICROPOLYSPORA
Hypersensitivity pneumonitis: experimental production in calves with antigens of *Micropolyspora* **faeni.** 097289

MICROSCOPY
Continuously variable amplitude **contrast** *microscopy* for the detection and study of microorganisms in soil. 103704
Pearlmillet. I. Characterization by SEM [scanning **electron** *microscopy],* amino acid analysis, lipid composition, and prolamine solubility. 095788
An **electron** *microscopic* study on the type I pneumocyte in the cat: differentiation. 096174
Electron *microscopic* study on the gel of the central part of the corpus vitreum in the Ox. 096303
Intercellular bridges of chick blastoderm studied by scanning and transmission **electron** *microscopy.* 096350
Investigation of the rudimentary mammary gland of the cow under the **electron** *microscope.* 096584
Electron *microscopic* study of the membranes of bull spermatozoa and spermatids, with reference to the postacrosomal cap and the basal knobs. 096909
Morphology, morphometry and **electron** *microscopy* of HeLa cells infected with bovine Mycoplasma. 097300
An **electron** *microscope* study of Bacteroides nodusus [isolated from cases of ovine foot rot]: ultrastructure of organisms from primary isolates and different colony types. 097392
Electron *microscope* study of experimental enteric infection in neonatal dogs with a canine coronavirus. 097441

Studies on genera Mallomonas and Synura, and other plankton in freshwater with the **electron** *microscope*. X. The genus Paraphysomonas (Chrysophyceae) in Japan [Algae, new taxa]. 098554
Gloeomonas or Chlamydomonas? **Electron** *microscopic* studies on Gloeomonas simulans. 098674
Scanning **electron** *microscope* study of the porosity of the stem hyalodermis of two peat mosses (Sphagnum palustre L. and Spagnum centrale Jens.) [Musci]. 098912
Differential Giemsa staining in plants. II. Morphological changes in chromosome structure observed with interference contrast and scanning **electron** *microscopy* [Tulipa]. 098938
Development of Dictyostelium discoideum: a study by scanning **electron** *microscopy*. 099012
Coating artefacts on pollen and other biological objects in scanning **electron** *microscopy*. 099025
Scanning **electron** *microscopy* of Lactarius spores. 099026
Electron *microscopic* study of developing and mature cleistothecia of Sphaerotheca mors-uvae [Fungi]. 099049
High voltage **electron** *microscopical* analysis of chromosomal number in the slime mold Echinostelium minutum de Bary. 099147
Purification and **electron** *microscopy* of the Nigerian okra mosaic virus. 101767
Scanning **electron** *microscopic* observations of Duboscqia penetrans parasitizing root-knot larvae [Meloidogyne incognita]. 101937
Electron *microscope* studies on developmental stages of Theileria parva (Theiler, 1904) in the intestine of the tick Hyalomma anatolicum excavatum (Koch, 1844). 102616
Whole mount **electron** *microscopy* of poyltene chromosmes from Drosophila melanogaster. 102867
High voltage **electron** *microscopy* of th optic meuropile of the housefly, Musca domestica. 102881
Scanning **electron** *microscopy* of insects: techniques for the novice. 103117
Colonization of soil by Arthrobacter and Pseudomonas under varying conditions of water and nutrient availability as studied by plate counts and transmission **electron** *microscopy*. 103703
Electronic *microscopy* of dry mass of nuclei and chloroplasts from rye. 098971
Electron-microscope **examination** of the intracellular development of cyanophage A-4 (L) [Anabaena variabilis, Algae]. 099051
Fluorescence *microscopic* investigations on the localisation of acridone alkaloids in the organs of Ruta graveolens. 099934
Demonstration of mycoplasmalike organisms in the phloem of trees with pear decline or proliferation symptoms by **fluorescence** *microscopy?* 101779
Study of conformational changes of chloroplasts by the method of television **laser** *microscopy* [Peas]. 100581
Microscopic **lesions** suggestive of Marek's disease in a black francolin (Francolinus f. francolinus) [similar to those described in chickens]. 097262
Scanning *microscopy* of pituitary vascular casts. 096176
Microscopic **slides** showing wood destruction [of Picea abies] by [the red rot fungus] Fomes annosus. 101445
Chemical reagents in the hand of the mycologist. 2. Some dyes for *microscopic* **study** [of fungi]. 099056
A *microscopical* **study** of the development of a spore-like stage in the life cycle of the root-nodule endophyte of Alnus glutinosa (L.) Gaertn. 100662

MICROSOME

Occurrence and characterization of *microsomal* **cytochrome** P450 in several vertebrate and insect species. 096318
The influence of **hepatic** *microsomal* amidopyrine demethylase activity on halothane hepatotoxicity in the horse. 097817
Influence of starvation and **hepatic** *microsomal* enzyme. Induction on the mobilization of DDT residues in rats. 102775
Fatty acid desaturase system of yeast [Saccharomyces cerevisiae] *microsomes*. **Involvement** of cytochrome b5-containing electron-transport chain. 099517
Effect of dietary alpha tocopherol on **liver** *microsomes* and mitochondria of aging rats. 095147
Preparation and compared analysis of cat **liver** *microsomal* fractions. 096261
Changes in phospholipid contents in *microsomal* **membranes** in cortex of black locust [Robinia pseudoacacia] bark during dehardening. 099855
Fetal and neonatal development of the *microsomal* **monooxygenase** system. 096327

MICROSPECTROPHOTOMETRY *see* SPECTROPHOTOMETRY

MICROSPHAERA

Powdery mildew *[Microsphaera],* a **new** disease of Ligustrum japonicum. 101560

MICROSPORES

Transmission **electron** *microspore* study of the spore wall architecture in the genus Inocybe (Agaricales, Basidiomycetes) [Fungi]. 098924

MICROSPORIDIA

Dosage effect study of the *microsporidian* **Octosporea** muscaedomesticae in the adult black blowfly Phormia regina, with reference to the reproductive cycle of the pathogen. 103026
Ultrastructure of some stages of the *microsporidia* **Octosporea** muscaedomesticae Flu, a parasite of Ceratitis capitata (Wiedemann) (Diptera, Trypetidae). 103041
Staining of the nuclei of *microsporidian* **spores** [Parasites of Mamestra brassicae]. 103031

MICROSPOROCYTES *see* SPOROCYTES

MICROSPOROGENESIS *see* SPOROGENESIS

MICROTOMY

The macrotome: a new approach to *sectioning* **large** plant specimens. 098477

MICROTUS

Teratogenicity of lead acetate in *Microtus* **ochrogaster** (prairie voles). 097870
The density and destructiveness of common **vole** *(Microtus* arvalis Pall.) on cultivated fields in Poland in 1974 and the forecast for 1975. 101856
Bioenergetic parameters of experimental groups of common **voles** *(Microtus* arvalis (Pall. 1779) [Rodent pests, field crops]. 101891

MICROWAVE

Proximate analysis, free amino acid, vitamin and mineral content of *microwave* **cooked** meat. 095143
Fast determination of content in oil by nuclear magnetic resonance after drying of seeds in a *microwave* **oven.** 095520
Volatile flavor components of beef boiled conventionally and by *microwave* **radiation.** 095691
Microwave **system** hikes hospital production 150%. 095345
Microwave **versus** water-bath precooking of turkey rolls. 095742

MIDGUT

The effect of temperature and crowding on *midgut* **amylolytic** activity in Tenebrio molitor adults. 103020
Development of a nuclear polyhedrosis virus in *midgut* **cells** and penetration of the virus into the hemocoel of the armyworm, Pseudaletia unipuncta [Pest of products]. 102533
Melezitase and maltase from the *midgut* of **Sesamia** inferens Walker (Lepidoptera: Insecta). 102931
Ecdysone 20-hydroxylase from the *midgut* of the **tobacco** hornworm (Manduca sexta L.). 102929

MIGRANTS

Forecasting infestations of **tropical** *migrant* pests: the Desert Locust [Schistocerca gregaria] and the African Armyworm [Spodoptera exempta]. 102272
The *migrant* **worker,** his health and safety. 094010

MIGRATION

Certain characteristics of the *migration* of **Al** and Fe [aluminum, iron] in soddy-podzolic soils in deciduous-spruce forests. 103803
Migration **flows** [of rural population] and economic conditions in the Dominican Republic. 094079
Migration with **honeybee** colonies to nectar sources. 103304
Wound healing in the cornea of the chick embryo. III. The influence of pore size of millipore filters on the *migration* of **isolated** epithelial sheets in culture. 097720
Agarose droplet method of **macrophage** *migration-inhibition* test for Newcastle disease virus in chickens. 097247
Plant indication of the main routes of **salt** *migration* in the Ustyurt desert. 098856
Migration of **Sr90** [strontium isotope] in soil-plant cover of subarctic tundra. 098855
Migration of **stontium-90** and cesium-137 [isotopes] in forest soils [Radioactive contamination]. 104649
Transplacental *migration* of Toxocara canis larvae in experimentally infected mice. 097420
Behaviour of zinc in lime soils. II. Study of some factors affecting **zinc** *migration* in soils. 103671

MIGRATORY

Purification and properties of oocyte vitellin from the *migratory* **locust** [Locusta migratoria]. 103128
A survey of *migratory* **nematodes,** especially Pratylenchus penetrans, in root-stocks of roses in Danish plant nurseries. 102047
Cost of rearing sheep and goats under *migratory* and **stationary** conditions. 094411

MILDEW

Mildew **already** in southern France [Grapes]. 101592
Release of *barley-mildew* **conidia** [Erysiphe graminis] from shaken leaves. 101656
Methods of developing new varieties of grapevine with complex resistace to **downy** *mildew,* powdery mildew, grey mould, Phylloxera. 099277
Alteration in the composition of proteins in onions (Alliumcepa L.) as a result of infection with Peronospora destructor **[Downy** *mildew].* 101339
Study of the resistance of onions to **downy** *mildew* [Peronospora destructor]. 101357
An inoculation technique for identifying resistance to sorghum **downy** *mildew* [Sclerospora sorghi]. 101546
Mildew **(Plasmopara)** of the sunflower: a policy to be followed in seed imports and improved products. 101391
Initial material for breeding barley for resistance to **powdery** *mildew* [Erysiphe graminis]. 099090
Methods of developing new varieties of grapevine with complex resistace to downy mildew, **powdery** *mildew,* grey mould, Phylloxera. 099277
Evaluation of the entries of the world collection of spring wheat for resistance to rust fungi and **powdery** *mildew.* 101341
Initial material of winter wheat for breeding for resistance to brown rust and **powdery** *mildew.* 101347
Race-specific resistance of barley to **powdery** *mildew* [Erysiphe graminis]. 101349
Selection of small-fruited cucumbers resistant to **powdery** *mildew* (Sphaerotheca fuliginea Poll.). 101428
Effectiveness of fungicides against **powdery** *mildew* of apples [Podosphaera leucotricha]. 101490
New host records for **powdery** *mildews* [Oidium, Oidiopsis] in Israel. 101526
The **powdery** *mildew* of parsley caused by Leveillula lanuginosa (Fuck.) Golovin. 101537
Physiology of **powdery** *mildew* [Erysiphe cichoracearum] infected leaves of Abelmoschus esculentus. I. Respiration and photosynthesis. 101541
Powdery *mildew* [Microsphaera], a new disease of Ligustrum japonicum. 101560
Always *mildew* in **southern** France [Grapes]. 101591
Investigation on peach cultivar susceptibility to *mildew* **Sphaerotheca** pannosa (Wallr) Lev. 101600

MILK

Affinity chromatographic isolation of *milk* **acid** phosphatase. 095612
Influence of components of the medium on the *milk-curdling* **activity** of certain actinomycetes [Proteolytic enzymes]. 095552
Cost and returns of producing grade A *milk* in **Alabama.** 094403
Determination of residues of Valexon [phoxim] in *milk* and **animal** tissues [Organophosphorus insecticides]. 102732
Milch **animals** and diseases of uterus [Cattle]. 097721
Bavarian *milk* supply, Nurnberg, controlled from a distance. 095568
Technology of *milk* and **beef** production on an industrial basis (methodological drafting for schools of qualification improvement). 094272
Quality forage for *milk* and **beef** production [Cattle]. 096042
Experiences and results of pasture management in the Karl-Marx-Stadt district [Effects of grazing on *milk* and **beef** production]. 100995
Concentrations and activities of prostaglandins of the F-series in bovine tissue, **blood,** and *milk*. 096443
Abnormal flavor of **bovine** *milk*. 094824
Enzymic methods for estimation of the somatic cell count in **bovine** *milk*. 1. Development of assay techniques and a study of their usefulness in evaluating the somatic cell content of milk. 095582
Influence of temperature on the electrical conductivity of **buffalo** *milk*. 095584
Refractometric method for the determination of the iodine value of **buffalo** *milk* fat. 095625
Rennet clotting time of **buffalo** *milk* as affected by heat treatments. 095626
Chemical composition and some properties of modified **buffaloes'** *milk* for infant feeding. 095617
Neoascaris vitulorum larvae in the *colstrum/milk* of **buffaloes.** 097321
Studies on **buffalo's** *milk*. 12. The sterols. 095627
Mutability and heritability of udder dimensions and *milkability* in the **Bulgarian** Red cattle. 097084
The bacterial content of farm **bulk** *milk* tanks. 094825
Cleaning **bulk** *milk* tanks: comparing three systems. 095564
Determination of the fruit content in milk drinks made of cultured and **butter** *milks* with added fruit juices. 095620
The effect of estrus on *milk* and **butterfat** yields in Friesian. 097090
Sour colostrum dilutions compared to whole *milk* for **calves.** 096711
Studies on the somatic **cells** of *milk*. 095546
Study on the annual fluctuation of certain **characteristics** of *milk*. 095573
An introductory study of the proteolytic system of Streptococcus cremoris strain HP [Starters, *milk,* **cheese].** 095635
The determination of dichlorvos [organophosphorus insecticide] in *milk* by using **classical** and square-wave polarograph. 102744
Synthetic peptides for chymosin and pepsin assays: pH [hydrogen-ion concentration] effect and pepsin independent-determination in mixtures [Assay of *milk* **clotting** enzymes]. 095592
The identification of zeatin glucoside from **coconut** *milk*. 100262
Critical analysis of suggestions for settling the unequality on the European **Community** *milk* market with special regard to the interdependence of the European Community cattle. 094497
Automatic analysers in food control. II. Determination of *milk* **components** with automatic analyzer. 094831
Characteristics of edible fluids of animal origin: *milk* **[Composition,** nutritive value]. 095657

Application of modified nitrate test for evaluation of hygienic quality of *milk* **[Contamination].** 094948
Enzymic methods for estimation of the somatic cell count in bovine milk. 1. Development of assay techniques and a study of their usefulness in evaluating the somatic cell **content** of *milk*. 095582
Studies on some microbial milk-clotting enzymes for cheese making and their effect on **cow** *milk* casein. 095628
Species composition of lactobacteria in raw and pasteurized **cow's** *milk* for white brine cheese. 095674
Utilization of sodium acetate for increasing fat content of *milk* in **cows** [Feed supplements]. 096726
Bacterial mastitis in *milk* **cows** on small private farms. 097642
The flavor of **cultured** *milk* products [Lactic acid]. 095601
Funnel-shaped teats **give** more *milk* than **cylindrical** teats [Cattle]. 096081
The chemistry of some microbially induced flavor defects in *milk* and **dairy** foods [Streptococcus lactis var. maltigenes]. 094814
Some aspects of chemical hygiene of *milk* and **dairy** products. 094915
Automated and manual pyruvate **determination** in *milk*. 095614
The role of the combination of sucrose and *milk* in **diabetes** mellitus. 094968
Determination of the fruit content in *milk* **drinks** made of cultured and butter milks with added fruit juices. 095620
The effect of amino acid or nonfat **dry** *milk* supplementation on nutritive value of cornflakes and oatmeal [Rats]. 095139
Alternatives to nonfat **dry** *milk*. 095555
Determination of methylnitrophos residues in meat, *milk* and **eggs** by the method of gas-liquid chromatography. 102731
Reduction of lactose of *milk* by **entrapped** beta-galactosidase. IV. Results of long-term experiments on pilot plant. 095624
Composition of **ewe's** *milk*. 095580
Casein studies in **ewe's** *milk*. IV. Determination of the chemical and physicochemical characteristics of gamma-casein. 095673
Relationship between changes in analytic procedures and bacterial growth in *milk* in **farm** and dairy tanks using continuous and discontinuous piping. 095606
Studies on minor fatty acids in *milk* **fat.** 2. Minor fatty acids in human milk. 095167
Effect of feeding fat to dairy cows receiving a fat-deficient basal diet. II. Fatty acid composition of the *milk* **fat.** 096705
The economic impact of expanding the **Federal** *Milk* Order into northern New England. 094627
Federal *milk* order market statistics; annual summary for 1975. 094650
Effect of small amounts of fluoride on the activation of several [bacterial] microorganisms *[Milk,* **fermentation].** 095604
Dairy: *milk* **fever** [parturient paresis] in dairy cows [Metabolic diseases]. 097792
The Aseptic Compak [for **filling** *milk* in cardboard cartons, dairy processing equipment]. 095644
Determination of copper, iron, and manganese in *milk* with **flameless** AAS [atomic absorption spectrophotometry] and a survey of the contents of these metals in Swedish market milk. 095618
Milk and **food** hygiene. 094886
Heat stability of **forewarmed** *milks:* influence of kappa-casein, serum proteins and divalent cations. 095583
Payment of *milk* in **France** (1970-1972) [Prices]. 094594
Study of calcium and phosphorus content of **goat's** *milk*. 095675
Norms used for the hygiene and the techonology of *milk* **[Grading].** 094829
Comparison of three parameters about relationships between *milk* and **growth** of lambs of the Merino campinesa breed. 096218
Changes of free amino acids in *milk* by **heat** treatment, deepfreezing, and refrigeration. 095560
On the occurrence of isopeptide bonds in **heat** *milk* protein. 095665
Energy displacement and possibilities of adequate energy supply in cattle with **high** *milk* performances [Feeding]. 096737
Controversy on **homogenized** *milk*. 095566
Determination of nicotine concentrations in **human** *milk*. 094974
Copper, iron, and zinc contents of mature **human** *milk*. 094982
Studies on minor fatty acids in milk fat. 2. Minor fatty acids in **human** *milk*. 095167
Human *milk* in premature infant feeding: summary of a workshop. 095191
Private labeling of *milk* and the **impact** on market structure. 094616
Can one "live also tomorrow from milk"? *[Milk* **industry,** outlook]. 094740
Milk proteinases. VII. Fractionation of components of the proteinase **inhibitor** in *milk*. 095622
Relationship of lactose intolerance to *milk* **intolerance** in young children. 095002
Milk **intolerances.** 095178
Experimental project **involving** *milk* production-cattle feeding. 096652
Preparation and use of beta-D-galactosidase for hydrolysis of **lactose** in *milk*. 095672
Symptom response to **lactose-reduced** *milk* in lactose-intolerant adults. 095007
The effects of dietary fatty acids and cholesterol on the *milk* **lipids** of lactating women and the plasma cholesterol of breast-fed infants. 095009
Milk **lipoprotein** lipases: a review. 095591
Plasma lipids, ketone bodies, and glucose concentrations in calves fed high- and **low-fat** *milk* replacers. 096709
Utilization of a **low-lactose** *milk* [Lactose intolerance]. 094969
Utilization of a **low-lactose** *milk*. 095012
Maintaining *milk* product quality during storage, warehousing and distribution. 095663
Determination of copper, iron, and manganese in milk with flameless AAS [atomic absorption spectrophotometry] and a survey of the contents of these metals in Swedish **market** *milk*. 095618
"Over-order" pricing in *milk* **marketing.** 094484
Analysis of T-2 toxin (and HT-2 toxin) [in *milk]* by **mass** fragmentography. 094866
Detecting oestrus by **measuring** *milk* temperatures of dairy cows during milking. 096992
Studies on some **microbial** *milk-clotting* enzymes for cheese making and their effect on cow milk casein. 095628
Can one "live also tomorrow from *milk"?* **[Milk** industry, outlook]. 094740
Investigation of aflatoxin B1, B2, G1, G2, and M1 in *milk* and **milk** products. 094942
Studies on vitamin B2 of the *milk* and **milk** products. VIII. The relationship between phosphatase activity and riboflavin of the milk. 095213
Relationship between thermal treatments of *milk* and **molecular** hysteresis of the milk protein system. 095666
New *milk* desserts from New Zealand. 095643
The effect of some bacterial metabolic products on lactic acid bacteria **[Pasteurized** *milk* contaminants]. 095551
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. Bottling **pasteurized** *milk*. 095647
Carotene and immunoglobulin concentrations in the colostrum and *milk* of **pasture-fed** cows. 096439
Column switching techniques in the liquid chromatographic analysis of organochlorine **pesticides** in *milk*. 102719
Isolation of the free fat of *milk* **powder** for the determination of oxidative changes. 095621
An improved method for the determination of the reducing capacity of *milk* **powder** [Flavor]. 095634
The growing problem: *milk* **powder** [in feeds]. 096033
New vacuum equipment for the **powdered** *milk* industry [Processing]. 095599
Polarographic determination of the whey protein percentage in *milk* **powders.** 095623
What **price** *milk* in Europe: [European Economic Community]. 094490
A brief survey of plant coagulants *[Milk* **processing].** 095562
Control during **processing** *[Milk].* 095661
Costs of **producing** *milk* in the United States, 1974. 094390
The identification of superior *[milk]* **producing** cows (the 115-plus list). 096873
Mechanization and rearing moduli for *milk* **producing** herds: optimization study [for lower costs]. 103584
Milk **production** on an industrial basis (methodological draft for **faculties of qualification** improvement). 094266
Some aspects in the rationalization of *milk* **production** [East Germany]. 094353
The main factors of modernization in the *milk* **production** and their influence on the development of machine milking. 094738
Intensification of *milk* **production** through the gradual introduction of new quality parameters [East Germany]. 094936
Milk **production** of the Simmental cow with its first calf. 096076
Evaluation of *milk* **production** per unit live weight in cattle breeding. 097050
Control of net contents in the packaging of *milk* **products.** 094826
Residues of herbicide **products** in *milk*. 094914
[Quality] control by the laboratory *[Milk* **products].** 094934
Investigation of aflatoxin B1, B2, G1, G2, and M1 in milk and *milk* **products.** 094942
Studies on vitamin B2 of the milk and *milk* **products.** VIII. The relationship between phosphatase activity and riboflavin of the milk. 095213
Recombined milk and *milk* **products.** 095563
Use of natural stabilizers in *milk* **products** [Lactic acid]. 095607
Determination of hexamethylenetetramine and volatile aldehydes in cheese and other *milk* **products.** 095619
Control during processing *[Milk* **products].** 095662
Influence of time of calving and alternate base price scale on *milk* **profits.** 094570
Milk **protein** quantity and quality in low-birthweight infants = 1. Metabolic responses and effects on growth. 095193
Relationship between thermal treatments of milk and molecular hysteresis of the *milk* **protein** system. 095666
A smplified method of progeny testing A.I. [Artificial insemination] bulls for *milk* **protein.** 096990
Milk **proteinases.** VII. Fractionation of components of the proteinase inhibitor in milk. 095622
Differential thermal analysis of *milk* **proteins.** 095547
Experience and results in the introduction of measures ensuring quality in **raw** *milk* production [East Germany]. 094935
First results and conclusions regarding the influence of feeding on the suitability of **raw** *milk* for cheese making. 095664
Impairment of **raw** *milk* quality by feed quality. 096806
Recombined *milk* and milk products. 095563
Evaluation of boned meat production and **relative** *milk* yield on basis of Hungarian Pied bulls' progeny testing. 096860
Studies on vitamin B2 of the milk and milk products. VIII. The relationship between phosphatase activity and **riboflavin** of the *milk*. 095213
Autoxidation in *milk* **rich** in linoleic acid. II. Modification of the initiation system and control of oxidation. 095579
Lipid metabolism in cytoplasmic droplets from freshly **secreted** *milk* [Goats]. 096589
Cellular biology of *milk* **secretion** [Mammary glands]. 096266
Casein micelles in sterilized **skim** *milk*. 095616
Use of deep frozen bacterial concertrations for the manufacture of different mild acid **sour** *milk* products. 095567
New technological possibilities for **sour** *milk* processing. 095633
Bioavailability of zinc in *milk* and **soy** protein-based infant formulas. 095146
Enterocolitis in low-birth-weight infants associated with *milk* and **soy** protein intolerance. 095157
The effect of storage temperature on the second day methylene-blue test *[Milk* **spoilage].** 094893
Milk **stamps** can save you money - through vending. 095269
Modifications of the protein part of *milk* in **sterilization** by friction. 095596
Cell count in fresh and **stored** *milk* samples measured on the Fossomatic automatic cell counting instrument. 095603
Milk **sugar** poisons honey bees. 103211
The new **Swedish** *milk* flow meter [Processing equipment]. 095655
Tank *milk* in the future. 095556
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The ultra-high **temperature** *milk* section. 095648
Freezing point of *milk:* **theory,** determination, variation and its importance in establishing mixes with water. 095605
Dairies should not underestimate **traditional** *milk* and food trade. 094498
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The *milk* **treatment** department. 095649
Breeding for persistency of *milk* **yield** [Cattle]. 096096
Relationship of the relative pedigree quality of *milk* **yield** to various standards of herd productivity. 096109
Effect of feeding fat to dairy cows receiving a fat-deficient basal diet. I. *Milk* **yield** and composition. 096704
Increased *[milk]* **yield** by more European countries as a result of crosses with American cattle breeds. 096919

MILKING

Pressure stabilization in the sub-teat space of the *milking* **apparatus.** 103538
The effectiveness of methods for **cleaning** *milking* machines. 103488
Examinations on factors influencing the feed conversion efficiency of *milking* **cows.** 096614
Soybean meal and urea compared as protein supplements in high-concentrate ration of *milking* **cows** and growing goats. 096665
Detecting oestrus by measuring milk temperatures of dairy **cows** during *milking.* 096992
Automatic door opener [adapted to the automatic cup remover] increases throughput *[Milking* **equipment].** 103423
Automation of cleaning systems *[Milking* **equipment].** 103424
A control system for cow exit in rotary **herringbone** *milking* system. 103422
The main factors of modernization in the milk production and their influence on the development of **machine** *milking.* 094738
Efficient methods and practices of labor (for training and retraining of operators of **machine** *milking* of cows). 103474
Milking **machines** at the Agricultural [Machinery Exhibition] RAI, 1976. 103483
Milking **machines** helping Roquefort. 103487
Milking **machines.** 103571
Mastitis—*milking*—hygiene. 097177
How to improve working conditions in your *milking* **parlor** [Building maintenance]. 103346
Milking **parlours** and dairies. 103350
Dairy: cleaning and sanitizing **pipeline** *milking* machines and bulk tanks. 095554
Forty bail **rotary** *milker.* 103425
Which *milking* **system** is best? 095557
Experience in assuring udder health by insepcting the *milking* **technique.** 097203

MILKWEED

Milkweed **[Asclepiadaceae]** cardenolides and their comparative processing by monarch butterflies (Danaus plexippus L.). 099964
Transport of ribosomal RNA into the oocytes of the *milkweed* **bug,** Oncopeltus fasciatus. 103024

MILLERS
Characterization of Xanthomonas **corylina** *(Miller* et al.) Starr and Burkholder responsible for bacteriosis of the hazel tree [Corylus] recently observed in France. 101674
Monoterpene variability on balsam fir (Abies balsamea (L.) *Miller)* **provenances.** 098125

MILLET
Use of chemical mutagenesis for the production of *millet* **forms** with an increased protein content. 099407
Multielement uptake by vegetables and *millet* **grown** in pots on fly ash amended soil. 099803
Soybean, sorghum and *millet* for the **Maryborough** area. 101008
Effect of nitrogen fertilization on the productivity of sorghum-Sudan grass [Sorhum vulgare sudanense] cultivars and *millet* in **Rio** Grande do Sul, Brazil. 104156
Studies on the irrigation for herbage grass. III. On the efficiency of water use by **Sawa** *millet* [Panicum crusgalli]. 104397
Response of Navane (fox **tail** *millet)* to N [nitrogen] and P [phosphorus] application. 104014
A study on the biological characteristics and the high yield variety of "Yang **Tsung** *millet* (Setaria italica)". 100752

MILLING
Baking studies on the *pin-milled* and **air-classified** flour from four hard red spring wheat varieties. 095780
Eliminating pollution problems in the wet **corn** *milling* industry. 104468
Air pollution control in the **dry** *milling* industry [Flour dust]. 104467
Analytical and cookie baking characteristics of flours from several *milling* and **grinding** methods. 095768
Modified *milling* procedure for separating endosperm and nonendosperm portions of the wheat kernel for protein and lysine analysis. 095758
An alkali degradation test and an alocholic alkali bran-staining test for determining the approximate degree of *milling* of **rice.** 095820
Determination of chromium in several proposed standard samples and of zinc and chromium in **wheat** *milling* and beet sugar refining samples. 095809

MILLIPEDE
Two new **cave** *millipeds* of the genus Prionomatis from Kyushu, southwest Japan [Prionomatis araii, Prionomatis minutissimum]. 103145
Digestive enzymes of the **desert** *millipede* Orthoporus ornatus (Girard) (Diplopoda: Spirostreptidae). 102894
The *milliped* **family** Conotylidae (Diplopoda, Chordeumida): revision of the genus Taiyutyla, with notes on recently proposed data [New taxa]. 103135
Millipedes **[Peridontopyge]** on groundnuts, Arachis hypogaea. 102341

MILLS
Economic impact analysis of effluent guidelines: animal feed, breakfast cereal and wheat starch segments of the **grain** *mills* industry [Water pollution]. 104610

MIMICRY
Synthesis of bioactive compounds. A structure-activity study of aryl terpenes as juvenile **hormone** *mimics* [Oulema melanopus, oviposition]. 102960
A non-penetrating thiol **reagent** *mimics* cytochalasin A inhibition of secretory protein synthesis [Achlya ambisexualis, Myxomycetes]. 099523
A new Mynes butterfly belonging to the **Tellervo** *mimicry* complex (Lepidoptera: Nymphalidae). 103175

MIMOSA
Use of woods from essential Brazilian forests in cellulose production: *Mimosa* **bracatinga,** Cecropia species, Tabebuia cassinoides and Joannesia princeps [Properties]. 098232

MINERALOGY
Soils of the humid zone of Spain. VIII. Soil with **fragipan.** 2. *Mineralogy.* 103690
Plasma infusion—a pedological process of significance in the humid tropics **[Soil** *mineralogy].* 103683

MINERALS
Bleaching *mineral* stains out of maple [Acer]. 098198
The formation of **bone** *mineral* [In vitro systems]. 096389
A study of certain environmental factors and *mineral* **chelation** on the reproductive performance of young and yearling turkey hens. 097005
A study on the **clay** *minerals* of soils in [South] Korea. 103819
Effects of treating a peach orchard soil by chloropicrine or fumigation on the growth and *mineral* **composition** of ryegrass [Lolium] and peach trees planted in this soil [Nematode control]. 099460
Comparative study of the *mineral* **composition** (calcium, phosphorus, potassium and magnesium) of different alfalfa cultivars. 100298
Variation in the *mineral* **composition** of apple leaves. II. Variation among the apple orchards and evaluation of their nutrient substance reserves. 100449
Different levels of soil organic matter in desert soil and nitrogen fertilizer on yields and *mineral* **composition** of barley grown in the soil. 103924
Proximate analysis, free amino acid, vitamin and *mineral* **content** of microwave cooked meat. 095143
Nutrient solutions [for use in research on *mineral* **deficiencies** under controlled conditions of plants]. 102043
The contents of some *mineral* **elements** in hay of lucerne (Medicago X varia Martyn) cultivated on rendzina soil in conditions of spray irrigation and differentiated phosphorus. 100057
Lysimetric and chemical investigations of pedological changes. 4. *Mineral* **equilibria** in relation to potassium and magnesium-enriched environment in the profile. 103825
Retention and utilization of *minerals* by the **fattening** calf. 096832
Investigations of organic and *mineral* **fertilization** on different fruit growing sites in the German Democratic Republic. I. Studies on fruit-growing sites in the northern counties of the German Democratic Republic. 103898
Effect of *mineral* **fertilizer** application on cucumber seed yield and seed qualities. 103949
The influence of *mineral* **fertilizer** addition on the group and fractional composition of organic substance in peat composts from upper and lower peat. 104160
Vegetative growth, yield and quality of cauliflowers relative to [the application of] *mineral* **fertilizers.** 103951
Heavy *minerals* of Gaize [rock] and or loess in the vicinityof Lublin. 103701
Effects of pure paraquat dichloride, "Gramoxone W" and formulation additives on soil microbiological activities. 2. Effects on respiration, organic **matter** *mineralization,* and nitrification in laboratory-treated soil. 103863
Mineral **metabolism** in chicks on high dietary pyridoxine and magnesium. 096512
Vitamins and *minerals* **[Nutrients,** food fortification]. 095197
Effect of fertilizers and soil moisture on absorption of water and *mineral* **nutrients** by the grapevine. 100429
What can *minerals* do for you? **[Nutrition].** 095112
Mineral **nutrition** and morphine production in Papaver somniferum [Drug plants]. 099896
Radiation regime and the utilization of solar energy by barley crops under different levels of *mineral* **nutrition.** 100201
Study of *mineral* **nutrition** of Pelargonium on sand culture and nutritive solution. 100521
Effect of salts on the growth and *mineral* **nutrition** of cabbage (Brassica oleracea) in soil and sand culture. 100556
Regulation of growth character and productivity of potato under the *mineral* **nutrition** programming in hydroponics. 100609
Mineral **nutrition** of Macadamia [intergrifolia]. I. External and internal nitrogen and sulphur requirements of seedlings. 100687
Soil substrates and *mineral* **nutrition** of vegetables in protected cultivation. 101090
Laboratory trials with insecticides, *mineral* **oil** and their combination to reduce aphid transmission of non-persistent viruses [to plants]. 101727
Seasonal changes in *minerals,* **protein,** and yield of tall fescue [Festuca elatior] forage as influenced by nitrogen and potassium fertilization. 100321
The requirements of Fomes anosus for different organic and *mineral* **sources** of nutrition [Plants]. 101454
Relationship of *mineral* **status** and intake to periodontal disease. 094965
Relationship of *mineral* **status** and intake to periodontal disease. 095003
Parathyroid glands in metabolism of *mineral* **substances** in bulls fed with pulp. 096559
Supply of *mineral* **substances** for cattle [Feed]. 096824
Examination in seven large-scale cattle units on *mineral* **supplement** by winter feeding. 096613
Response by calves grazing kikuyugrass [Pennisetum clandestinum] pastures to grain and *mineral* **supplements.** 096821
Diet calcium and pH [hydrogen-ion concentration] **versus** *mineral* balance in Holstein cows 84 days pre- to 2 days postpartum. 096706
Regulating **vitamins** and *minerals.* 095274
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of *minerals,* **vitamins,** lysine, methionine, feed additives and corn oil [Goats]. 096662

MINIATURE
Quantitative morphological studies into heart of **Berlin** *miniature* swine. 1. Absolute and relative heart weight. 096214
Blood groups and serum protein polymorphisms in the PitmanMoore and Ohmini strains of *miniature* **pigs** [Genetics]. 096857
Erythrocyte macrocytosis in *miniature* **poodles** [Dogs]. 097713

MINING
Sowing forage herbaceous plants on **abandoned** *open-mining* sites [Hungarian sainfoin]. 100901
Preliminary data on soil pollution from nearby **abandoned** *mining* operations. 104605
Revegetation of **acid** *mining* wastes in central Idaho. 104242
Coal and **coal** *mine* drainage [Waste treatment]. 104546
Ichneumonoidea (Hymenoptera) parasitic upon *leaf-mining* **insects** of the orders Lepidoptera, Hymenoptera and Coleoptera. 102913
Variations in the lead, zinc and calcium content of Dendrobaena rubida (Oligochaeta) in a base **metal** *mining* area [Soil contamination]. 104484
Use of waste pyrites from *mine* **operations** [in Colorado] on highly calcareous soil [Soybeans, banding of fertilizers]. 103932
Breeding system and population structure of Armeria maritima (Mill.) Willd. on a **zinc-lead** *mine.* 099356

MINKS
Salmonellosis of **American** *mink.* 097647
How are things in the nesting **box?** *[Mink].* 096083
Castrating *minks.* 097064
Opinion and facts concerning control of Aleutian [virus] **disease** *[Minks].* 097640
Summer vaccinations [Infectious **diseases,** *minks].* 097641
Prevalence of coccidia [Eimeria, Isospora] in **domestic** *mink* in Wisconsin. 097417
Ensilaging green **feeds** for *minks.* 096063
Ensilaging green **feeds** for *minks.* 096064
Effect of light regulation in fur development and **growth** in *mink.* 096476
Controlling **lice** [in *mink].* 102560
Feeding and nursing **problems** *[Minks].* 096825
The weight of *mink* **pups.** 096493
Hepatozoon sp. Infection in *mink* from **southwestern** Ontario. 097431
Studies on the innervation of the endometrium [Laboratory animals, *minks,* **swine].** 096308
Whelping *minks* [Parturition]. 097065

MINORITY
Senegal river: the needs of the population before the interests of a *minority* **[Sudan-Sahelian** climate, drought, farming possibilities]. 094190

MINT
Classification of the leaf epidermis features of the *mint* **family,** Labiatae Juss. 098609
Effects of nitrogen and row spacing on the yield and quality of essential oil in **Japanese** *mint* [Mentha arvensis]. 101301
A control trial against the rust of *mint* **[Puccinia** menthae]. 101480

MIRABILIS
Preliminary study of ecdysterone action on the molting cycle of **Pisaura** *mirabilis* (Aranea, Pisauridae). 102851

MIREX
Effects, uptake, and metabolism of methoxychlor, *mirex,* and 2,4-D in **seaweeds** [Ulva, Enteromorpha, Rhodymenia, toxicity]. 102681

MIRIDAE
Life cycle, host plants and symptoms of damage of the tomato bug, Nesidiocoris tenuis Reut. (Hemiptera: *Miridae),* in **Egypt.** 102477
Neotropical *Miridae.* 192. Description of two new subgenera and species of the genus Notholopus Bergroth (Hemiptera). 103196

MISCANTHUS
Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. VI. Germination behaviors of three native species of **genus** *Miscanthus;* Miscanthus sacchar. 100960
Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. VII. Field experiments on the seeding practices of *Miscanthus* **sinensis** and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these grasses by artificial seeding. 100961

MISTLETOE
Range extension of three conifers [Pinus aristata, Pinus flexilis, Juniperus occidentalis] and a **dwarf** *mistletoe* in the Panamint Moutains, Death Valley National Monument. 098651
American chestnut [Castanea dentata], a new host in California for the *mistletoe* **Phoradendron** villosum. 102172

MITE
Weight losses of groundnuts (Arachis hypogaea L.) from infestation by the *mites* **Acarus** siro L. and Tyrophagus putrescentiae (Schrank). 102539
Spruce **bud** *mite* (Trisetacus piceae Roiv.) (Acarina, Eriophyoidea)—a pest of buds of Norway spruce [Picea abies]. 102520
Four-legged *mites* (Acarina, Eriophyoidea)—pests of citrus on the Black Sea coast in the Caucasus. 102475
Reproductive morphology of Ornithonyssus sylviarum (Canestrini and Fanzago) (Acari: Macronyssidae) **[Fowl** *mite].* 102595
Studies on the ovicidal activity of some insecticides and acaricides on the winter eggs of the European red **fruit** *mite* (Panonychus ulmi (Koch) Ehara). 102414
Intergroup variability of a taxonomical characters of **gall** *mites* Eriopyes laevis (Nal., 1898). 103202
Significance of intraspecies taxons in the systematics of **grapevine** *mites* (Acarina, Eryophyidae). 102422
North Carolina apple **insects** and *mites.* 102389
The resistance of black currant varieties to **leaf** *mite,* Anthocoptes ribis (Masse). 102428
Mites of **medical** and veterinary importance in Iran. 102556

Mites of **mushroom** cultures. 102452
Myobiid *mites* (Acarina, Myobiidae) parasitic on bats in Japan. I. Genus Calcarmyobia [japonica] Radford 1952 [New taxa]. 102553
Nasal *mites* of the subfamily Speleognathinae (Ereynetidae) from birds in Texas. 102594
Cenopalpus spinosus (Donnadieu) Pritchard & Baker and Cenopalpus musai n. sp. (Acari, Phytoptipalpidae) [Plant **parasitic** *mites].* 103203
Control of insect and *mite* **pests** of field crops (nonseed crops). 102298
Identification of insect and *mite* **pests** of field crops. 102299
Control of insect and *mite* **pests** of home and garden. 102394
Control of insect and *mite* **pests** of commercial bulbs [Ornamentals]. 102395
Control of insect and *mite* **pests** of ornamental trees, shrubs, and lawns for home owners. 102396
Control of insect and *mite* **pests** of commercial vegetables. 102397
Control of insect and *mite* **pests** of commercial small fruits. 102398
Control of insect and *mite* **pests** of man, livestock, and poultry. 102564
A new record of occurrence of the **red** *mite,* Eutrombidium trigonum hermann (Trombidiidae: Acarina) upon the Bombay locust, Patanga succincta Linn. (Acrididae: Orthoptera) [Natural control]. 102265
Biomass of **soil** *mites* (Acari) in Arctic coastal tundra. 103064
Trapping of the **spider** *mite* Tetranychus urticae by glandular hairs on the wild potato Solanum berthaultii. 102459
Spruce **spider** *mite* [Oligonychus ununguis]—pest of spruce [Picea] understorey. 102490
Guarding, aggressive behavior, and mating success in male twospotted **spider** *mites* [Tetranychus urticae]. 102798
Aggression and mating success in male **spider** *mites.* 103092
Achievements in the investigations on [insect and *mite]* **storage** pests [in Poland during last 30 years]. 102526
The **Varroa** *mite* and the development of agents for its control [Apis mellifera, pests]. 103261
The study of the phototaxis of **water** *mites* (Hydracarina) innatural conditions. 102820
Possibility of rearing **wheat** *mite* (Aceria tritici Shev.) (Acarina, Eriophyoidea) on aerial bulbs of garlic [to study its biology]. 102372

MITICIDE

Vendex, an **effective** *miticide* [for ornamental plants, deciduous fruits, and citrus]; progress report. 102409

MITIS

Influence of certain ecological factors on the content of various compounds in lichens [Cladonia alpestris, **Cladonia** *mitis,* Cladonia rangiferina, Hypogymnia physodes]. 098854

MITOCHONDRIA

Effect of dietary alpha tocopherol on liver microsomes and *mitochondria* of **aging** rats. 095147
The influence of exogenous nicotinamide adenine dinucleotide on the oxidation of malate by Jerusalem **artichoke** *mitochondria.* 100490
Characteristics of external NADH [reduced nicotinamide-adenine dinucleotide] oxidation by **beetroot** *mitochondria* [Beets]. 100276
Evolution of **chloroplasts** and *mitochondria.* 099359
Effect of troponin component TN-C [rabbit skeletal muscle] on the inhibition of adenosine triphosphatase activities of *mitochondria* and **chloroplasts** by troponin component TN-I [beef heart mitochondria]. 099719
Comparative biochemical studies on populations inbreds and lines of Phaseolus vulgaris [kidney beans]. Activity and multiple molecular forms of cytochrome oxidase. Some considerations on *mitochondrial* **complementarity.** 100561
Comparative studies on [beef heart] *mitochondrial* **coupling** factor B and FB. 096223
Bromodeoxyuridine 5'-monophosphate incorporation into yeast nuclear and *mitochondrial* **deoxyribonucleic** acid. 099807
Protein patterns of **developing** *mitochondria* at the onset of germination in maize (Zea mays L.). 100183
Restriction endonuclease analysis of *mitochondrial* **DNA** from normal and Texas cytoplasmic male-sterile maize. 099383
Biogenesis of mitochondria. XLI. Physical mapping of *mitochondrial* **genetic** markers in yeast [Saccharomyces cerevisiae]. 099334
Mitochondrial **genetic** damage induced in yeast [Saccharomyces cerevisiae]. 099343
Biogenesis of mitochondria: molecular mapping of the *mitochondrial* **genome** of yeast [Saccharomyces cerevisiae]. 099373
Effect of troponin component TN-C [rabbit skeletal muscle] on the inhibition of adenosine triphosphatase activities of mitochondria and chloroplasts by troponin component TN-I [beef **heart** *mitochondria].* 099719
Functional change in **hepatic** *mitochondria* of swine fed ethylchlorophenoxyisobutyrate. 097862
Properties of [mung] bean **hypocotyl** *mitochondria* isolated in a sucrose-phosphate medium. 100580
Synthesis of the **inner** *mitochondrial* membrane and the intercalation of respiratory enzymes during the cell cycle of Chlorella [Fusca vacuolata, Algae]. 099823
Changes in the permeability of the **inner** *mitochondrial* membrane associated with plastid development [Oats]. 100285
Biogenesis of *mitochondria:* **molecular** mapping of the mitochondrial genome of yeast [Saccharomyces cerevisiae]. 099373
Effect of antibacterial inhibitors on protein synthesis in isolated flight **muscle** *mitochondria* of the blowfly Lucilia cuprina: phylogenetic implications. 102942
Functional peculiarities of *mitochondria* in **plants** with cytoplasmic male sterility. 099292
Movement of labelled metabolites from *mitochondria* to **plastids** during development [in oats]. 100290
Isolation of chick **renal** *mitochondrial* ferredoxin active in the 25-hydroxyvitamin D3-1alpha-hydroxylase system. 096424
Effect of vitamin A and its derivatives on *mitochondrial* **respiration** [Rats]. 095018
Iron deficiency on corn **root** *mitochondrial* adenosine triphosphatase activity. 100153
Nicotinamide nucleotide **transhydrogenase** *[Mitochondria].* 096337
Regulation of cell metabolism by *mitochondrial* **transport** systems. 096403
Aminoacylation of Phaseolus vulgaris [kidney beans] cytoplasmic, chloroplastic and *mitochondrial* **tRNAsPro** and tRNAsLys by homologous and heterologous enzymes. 100368
Effect of 2,4 dinitrophenol on *mitochondria* of **Vigna** sinensis cv. serido [Cowpeas, varieties]. 100379
Biogenesis of *mitochondria.* **XLI.** Physical mapping of mitochondrial genetic markers in yeast [Saccharomyces cerevisiae]. 099334

MITOSIS

Change of radiosensitivity of the seeds of Scotch pine (Pinus sylvestris) in relation to the duration of soaking [Gamma irradiation, *mitotic* **activity,** chromosomal abberations]. 100685
Effect of gamma-irradiation of cobalt-60 [isotope] on the *mitotic* **activity** and size of cells in the seedlings of Scotchpine (Pinus sylvestris L.). 100686
Mitotic **anomalies** observed in the fibroblasts of the chick embryo cultured in vitro with 80 percent of oxygen. 096147
Cyto-embryological studies in a garden Aloe (a hybrid between Aloe abyssinica Lam. and Aloe ferox Mill.?). II. Karyotype and *mitotic* **anomalies** [Chromosomes]. 098953
Mitotic **cell** studies based on in vivo observations. VIII. The evolution of mitotic spindles in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and animal cells]. 098967
Modifications and errors of *mitotic* **cell** division in relation to differentiation [Chromosomes]. 098983
The visible events of *mitotic* **cell** division. 098992
Squash method for the *mitotic* **chromosomes** of grasses [Digitaria]. 098947
Duration of the *mitotic* **cycle** in species of Eu-Sorghums. 098935
Mitotic **cycle** in the root meristem cells of Citrus limon Burm [lemons], Citrus reticulata Blanco [mandarin oranges] and Citrus sinensis X Poncirus trifoliata. 100402
Mitosis in **Dunaliella** [bimaculata, Algae]. 099007
Fine structure of the URA2 locus in Saccharomyces cerevisiae [yeasts]. II. Meiotic and *mitotic* **mapping** studies. 099342
Comparative processes of cell wall genesis during *mitosis* and **meiosis** in Platyhypnidium riparioides (Hedw.) Dix (Hypnaceae) [Musci]. 098906
Mitosis and **meiosis** in interspecific hybrids of wheat. 099423
Failure to **observe** *mitotic* rhythmicity in Allium meristems [Onions]. 098932
Embryotoxic and *antimitotic* **properties** of parbendazole, mebendazole and cambendazole [Anthelmintics, sheep, rats, mice]. 097797
Mitotic **recombination** in cleavage divisions of Drosophila melanogaster. I. The effect of X-rays on sperms and spermatogonia of male parents. 102948
Mitotic **recombination** in cleavage divisions of Drosophila melanogaster. II. The effect of ethylmethanesulphonate at different stages of spermatogenesis in male parents. 102949
Mitotic cell studies based on in vivo observations. VIII. The evolution of *mitotic* **spindles** in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and animal cells]. 098967

MIXING

Experience of statistical evaluation of interaction between trees in pure **amd** *mixed* symusia of pine and spruce [Picea]. 098059
Host animal efficacy and laboratory potency tests for non specific bacterins, *mixed* **bacterins,** and bacterial antiserums. 097564
Effect of delay in first irrigation, methods of N [nitrogen] application and Cycocel in wheat on *mixed* **Black** soils. 100836
A trial to **combat** *mixed* louse and tick infestation in poultry using Sumithion (R). 102610
Selection for *mixed* **cropping** [Breeding program for pasture plants]. 099208
Mixed **cropping** of soybean with maize. 100852
Studies on *mixed* **cropping** in Tarai region under unirrigatedconditions [Wheat, barley, chickpeas, linseed, Brassica juncea, mustard]. 100866
Forage yield of rape in *mixed* **cultivations** for the production of winter forage [Brassica napus oleifera]. 100781
Effect of spawn from *mixed* **culture** of mycelia between different strains of Agaricus bisporus (Lang) Sing. on mushroom yield. 101249
Freezing point of milk: theory, determination, variation and its importance in **establishing** *mixes* with water. 095605
Development of *mixed* **feed** production [East Germany]. 096055
A circular distributor with a controlled structure *[Mixed* **feed** production]. 103359
First results on the determination of temperature stability of additives in *mixed* **feeds** under practical conditions. 096027
Semi-quantitative rapid determination method of alkane yeasts in *mixed* **feeds.** 096028
Mixed **hardwood** kiln drying experiment. 5. Kiln drying of hardwoods grown in northeast part of Taiwan. 098195
Kinematics of liquid movement in the reservoir of a **hydrodynamic** *mixer* [Sprayers]. 103529
Additive effect of some agrochemical indices in *mixing* **individual** samples of soddy-podzolic soils. 103784
Industrial *mixed* feeds for swine in 1976/77 [East Germany]. 096809
Eimeria acervulina, Eimeria brunetti, and Eimeria maxima: pathogenic effects of single or *mixed* **infections** with low doses of oocysts in chickens. 097332
Mixed **infections** by lettuce and cucumber mosaic viruses in Lactuca spp. in Sicily. 101771
Mixed **inoculations** with effective and ineffective strains of Rhizobium leguminosarum. 103771
Estimation of sire's breeding value. V. Derivations of variance-covariance matrices of a solution of normal equations of a *mixed* **linear** model subject to selection bias. 097077
Different way to *mix* **liquid** manure. 104101
Determination of major parameters and operation regimes of **paddle** *mixers* for the preparation of enriched peaty-silty fertilizers. 103521
Plant viruses with *mixed* **phenotypes** [Reconstitution]. 101742
Soil/air/water relationships in container [nursery] production **[Potting** *mix].* 103669
Effectiveness of the use of industrially **produced** *mixed* feeds in sheep rations. 096694
P [phosphorus] fertility and *mixed* **salinity** on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Effect of *mixed* **salinity** and P [phosphorus] fertility on yield and microelement composition of tomato, sweet corn and sudangrass in sand culture. 103976
Studies on the biology and distribution of Leptinus testaceus Muller within a community of *mixed* **small** mammal species. 102563
Tips on **tank** *mixing* pesticides. 102675
Mixing and **transport** [of pollutants]. 104570
Biological controls in *mixed* **trichostrongyle** infections [Lambs]. 097463
Mixed-up **values** in experiments. 094641

MIXTURES

How to deal with a *mixture* of **age** and experience in the classroom. 095316
Synthetic peptides for chymosin and pepsin assays: pH [hydrogen-ion concentration] effect and pepsin independent-determination in *mixtures* **[Assay** of milk clotting enzymes]. 095592
Evaluation of protein quality of *mixtures* **based** on sunflower meal through rat assays. I. Growth studies. 095095
Consumer attitudes to a ground **beef-soy** *mixture* on the retail market. 094560
Inoculation of barley with *mixtures* of **buff** and brown teliospores as an aid to screening for resistance to Ustilago nuda. 101556
Metabolic effect of a **carbohydrate** *mixture* during amino acid infusions [Nutrition study]. 095229
Effect of the seeding rates and sowing dates on the yield of the first productive year in 3 varieties of meadow **clover** and their *mixtures.* 100936
Comparison of the effectiveness of inorganic fertilizers and manure in a four-field crop rotation including a **clover-grass** *mixture* (experiments of 1931-1974). 104058
Oxidation of beer: 2-trans-nonenal and 2-trans-6-cis-nonadienal as decomposition products from a *mixture* of **colneleic** and colnelenic acids. 095413
Application of Dialene [a *mixture* of **dimethylamine** salts of2,4-dichlorphenoxyacetic and 2-methoxy-3,6-dichlorbenzoic acids] in plantings of cereals and maize and on fallows. 102130
Legume and grass [forage] *mixtures* for **drained** lands. 100891
A study on Salmonella transmission in pigs in an industrialcomplex. I. Salmonella finds in faecal samples and **fodder** *mixtures.* 097355
Manuring of grass-legume **forage** *mixtures.* 103999
Legume and **grass** *mixtures* for irrigated cultivated pastures in the Central-Chernozem zone. 100892
Legume and **grass** *mixtures* for cultivated pastures in the area east of the Volga River. 100893
Legume and **grass** *mixtures* for lowland meadows in the Urals. 100894
Legume and **grass** *mixtures* for dryland farming in Kazakhstan. 100895
Legume and **grass** *mixtures* for the northern Kazakhstan. 100896
Legume and **grass** *mixtures* for haylands on slopes [in Kirghizia]. 100897
Use of **herbicidal** *mixtures* in tomatoes grown directly from seed. 102104
Herbicide *mixtures* in sugarbeet planting. 102142
Effect of *mixtures* of **herbicides** on the soil microflora and yield of sugarbeets. 102140
Effect of performance of a low **level** *mixture* of organochlorine insecticides in broiler breeder feed. 102706

Behavior of Tetranychus urticae toward essential **oil** *mixtures* from strawberry foliage. 102434
Fungicidal properties of polycarbacine and copper **oxychloride** *mixtures.* 101491
Cool season annual **pasture** *mixtures* as affected by autumn irrigation and nematicide in the wiregrass area [Culture]. 100757
Field desorption mass spectrometry of commercial pesticides and *mixtures* of **pesticides.** 102709
Iron oxide as an iron source in **potting-soil** *mixtures.* 103927
Study of chemical composition of extractives in unbleached sulphite pulp obtained from sound and *mixture* of **sound** and rotten aspen wood. 098363
Study of the effect of *admixtures* on the **toxicity** of technical chlorophos for house flies. 102599

MNIUM

Spindle apparatus fine structure during meiosis in *Mnium* **hornum** L. [Musci]. 098913

MOBILITY

Electrophoretic *mobility* and enhanced infectivity of a mutant of cowpea mosaic virus. 101812
The problem of reducing soil compaction caused by running systems of *mobile* **farm** machinery. 103637
The *mobile* **forms** of microelements in the sward Podzol soilsof the central part of the south taiga subzone. 103857
Study of **molecular** *mobility* of cellulose-water system. 098367
Contribution to the appropriate organization of irrigation with **partially** *mobile* sprinklers [East Germany]. 094229
The AAEA [American Agricultural Economics Association] membership: employment and *mobility* **patterns.** 094131
Control of a *mobile* **pest:** the imported fire ant [Solenopsisgeminata]. 102270
Mobile **phosphorus** in plants [Wheat, clover]. 100212
Automatic determination of *mobile* **phosphorus** and exchangeable potassium in soil extracts. 103785

MOBILIZATION

Influence of starvation and hepatic microsomal enzyme. Induction on the *mobilization* of **DDT** residues in rats. 102775
Mobilizing **extension** for mastitis control. 097567

MODALITIES

Modality of the **diffusion** of Ceratocystis fimbriata in the tissues of planetree [Platanus]. 101603

MODEL

The pregnant mouse as a *model* of **abortive** chlamydiosis of sheep. 097279
Regulation of potassium absorption in barley roots. An **allosteric** *model.* 100280
Pathogenesis of atherosclerosis; some advances from using **animal** *models* [Solid diets]. 095056
Composition and properties of tar obtained at cellolignin thermolysis. VII. Determination of acid groups in compounds isolated from resin after birch wood thermolysis, and in *model* **aromatic** oxyacids. 098306
Models in **biological** wastewater treatment: objectives, results, applicability. 104506
Structure of agricultural simulators: a philosophical view *[Model* **building].** 093967
The effect of Ca2+ [calcium ion] on the metarhodopsin I-II transition. II. *Model* **calculations** and hypothesis on a molecular mechanism of visual excitation [Bovine rod outer segments]. 096505
Study of dynamic qualities of a T-270 **caterpillar** *tractor-model.* 103544
Experimental study of the effect of weight on tractive indices of a *model* of a **caterpillar** tractor of 50 KN class. 103619
Vertical transmission as an unrecognized problem in transmission of infection [using **cattle** as a *model].* 097353
Chemical *models* for plant wax morphogenesis [Eucalyptus saligna, Eucalyptus globulus]. 100663
A **compartemental** *model* for bilirubin kinetics in isolated perfused rat liver. 096292
The adequacy of the independence of markets assumption in interregional **competition** *models* [Lettuce]. 094619
Development of a **computer-simulation** *model* for a plant-nematode system [Meloidogyne-grapevine system]. 101928
A *model* of **consumer** goods characteristics [Hedonic prices, quality]. 094468
Studies of agricultural systems on the basis of plant community. **Control** *model.* I. 098816
Estimation of gain isoquants and a **decison** *model* application for swine production. 094203
Anatomo-biological method in breeding for **developing** *models* of soft winter wheat varieties of highly intensive type. 099244
Kinetics and mechanism of sulphiting of some **dimer** *model* lignin compounds. 098332
Studies on degradation mechanism of beta-ether bonds of lignin **dimeric** *model* compounds in acid medium. 098360
Complex **dynamic** *model* "weather—yield" [for agrometeorological forecasting]. 094046
A *model* of the **effect** of nutrition on litter size and weight in the pregnant ewe [Sheep]. 096610
Programming yields of irrigated maize in Moldavia (relization and study on the **electron** *model).* 104311
Role of acid-basic catalysis in conversion of **elemental** *model* compounds of lignin structural unit. 098352
A spatial **equilibrium** *model* for plant location and interregional trade [Soybean industry in India]. 094664
Evapotranspiration *model* tested for soybean and sorghum. 100064
A *model* of **forgut** activity in the blowfly Phormia regina Meigen. III. Analysis of crop-valve function during the crop-emptying process. 102868
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. **General** *model* formation and demarcation. 095646
Role of acid-basic catalysis in formation of polymer products at **heating** *model* compounds of lignin structural unit. 098353
Studies on the hydraulic characteristics of the chute type dissipator: **hydraulic** *model* test of spillway of Fuwahokubu flood control dam. 103392
Regional **input-output** *models* adjusted by import-export survey data. 094618
Fluorescence characteristics of **lignin** *model* compounds. I. Styrene derivatives. 098178
On the problem of polymer formation at oxidatonof **lignin** *model* compounds in alkali media. 098345
Reactions of **lignin** *model* compounds with diizocyanates. V. Spectral investigation. 098350
Estimation of sire's breeding value. V. Derivations of variance-covariance matrices of a solution of normal equations of a mixed **linear** *model* subject to selection bias. 097077
A **linear** *model* of the long-term dynamics of soil organic water. 103801
A three-pendulum adhesiometer [Physical and mechanical properties of soils, grounds and *model* **materials].** 103602
Mathematical *model* of plant organogenesis and the principle of limitation. 099790
Construction of a **mathematical** *model* of the temperature regime of plants. 099987
Mathematical *modelling* of the productive process and yield [Effect of environmental factors on crops]. 100195
CORNMOD [a **mathematical** *model]* a dynamic simulator of corn production. 100700
Mathematical *models* of the sterile male technique of insect control. 102241
Formulation of a **mathematical** *model* for insect pest ecosystems: the cereal leaf beetle problem [Oulema melanopus and its principal parasite Tetrastichus julis]. 102336
Models of **microbial** interactions in the soil. 103732
Reserves of productivity of wheat varieties from Siberia and the physiological and **morphological** *model* of an intensive variety. 100189
The horse as a *model* for **national** individual identification of animals [for disease control]. 097197
Optimization *models* for regional air pollution control. 104507
Particle *model* method for stress analysis of soil. II. A numerical method for unconstrained nonlinear optimization problems. 103783
Peptide sweeteners: a *model* for **peptide** and taste receptor interactions. 095494
Development of the method of **physical** *modelling* of soil treatment processes in relation to soil canals [Digging machinery]. 103612
Physical *modelling* of the processes of soil wind erosion. 104241
Model for **predicting** simultaneous movement of nitrate and water through a loamy sand. 103826
A linear **programming** *model* and matrix generator for evaluating alternative beef-forage systems. 096798
Population **projection** *models* for South Dakota: 1980, 1985 and 1990. 094643
Evaluation of water **quality** *models:* a management guide for planners. 104400
Possibilities in *modelling* of **recent** soil genesis under natural conditions. 103847
A dynamic **regional** *model* for evaluating resource development programs [Manitoba]. 094661
The deletion of variables from **regression** *models* based on tests of significance: a statistical and moral issue [Statistics, agricultural economics]. 094648
[Forest] research in New Zealand: a *model* for **research** program coordination. 097938
The potential for systems and *modelling* **research** in pasture science in South Africa. 100703
Remarks on the preparation of water **resources** *models.* 104431
A **sequential** *model* of the farm firm growth process [Beef, computer simulation]. 094663
An approach to synthesis of **sericin** *model* poly-alpha-amino acid [Raw silk]. 095529
Simulation of growth and production in **sheep**—*model* 1: A computer program to estimate energy and nitrogen utilisation, body composition and empty liveweight change, day by day forsheep of any age. 096611
Rotational grazing in a continuously growing pasture: a **simple** *model.* 100702
Evaluation of a *model* for **simulating** monthly water yields from small watersheds. 104404
A grazing lands **simulation** *model.* 100783
Simulation *models* for genetic control alternatives [for insect populations]. 102242
Land-use change and the water balance—an example of an evapotranspiration **simulation** *model.* 104341
Content and methods of investigations of the mechanics of agricultural environments and materials [Mechanical properties of soil, *modelling* **soil** erosion, damage of potato tubers by machines]. 103610
Standard *models* of pork-colour [Grading, meat quality]. 094818
Statistical *models* of optimization of the processes of photosynthesis. 099572
Application of methods of **statistical** *modelling* in the selection of optimal alternatives for utilization of agricultural machinery. 103514
Some data on food behavior. First results of a *model* **study.** 095052
The breeding aim in cattle breeding from the point of view of the dairy industry; a *model* **study.** 097089
Model **study** with pheasants on the carry over of the fungicide hexachlorobenzene, the insecticide lindane and the herbicide terbutryn. 102694
Underground waters of the Lower Hutt—a *model* **study.** 104342
A double coil [calf thymus] chromatin **sub-unit** *model.* 096256
Study of meat volatiles associated with aroma generated in a D-glucose-hydrogen **sulfide-ammonia** *model* system. 095690
Calcification of collagenous material in vitro as a *model* **system** for biological calcification. 096375
Effect of time, temperature, and reactant ratio on pyrazine formation in *model* **systems** [Food]. 095455
Accuracy of the slope factors estimated by the digital **terrain** *model* [Forest topography]. 097999
Development of a **theoretical** *model* of an ideal variety of rice. 099249
Energy transfer in photosynthesis [A **theoretical** *model].* 099541
A **time-varying** *model* for calcium metabolsim including diurnal variations [Rats]. 096374
Model **trials** for screening the H2O, CO2 and O2 [water, carbon dioxide, oxygen] permeatility of certain oil substances in regared to their suitability as antitranspirans [Barley, maize]. 100105
Models of **two** types of auditory interneurons in the cricket (Gryllus bimaculatus Deg.). 103051
Properdine research. 4. In **vitro** *model* experiments on the action of bovine properdine upon Escherichia coli. 097236

MODULI

Mechanization and **rearing** *moduli* for milk producing herds: optimization study [for lower costs]. 103584

MOHAIR

Mohair [**produced** by the Angora goat]. 095720

MOIETY

Primary structure of bovine plasma high-molecular-weight kininogen. The amino acid sequence of a glycopeptide portion (fragment 1) following the C-terminus of the **bradykinin** *moiety.* 096420
Enzymic nature of the **protein** *moiety* of protochlorophyllide holochrome [Barley, kidney beans]. 099945
A pseudorabies virus-specific **sulfated** *moiety* [Rabbit kidney cells]. 097667

MOISTURE

Moisture **absorption** by fertilizers during storage. 104080
Effect of different methods of irrigation on the *moisture* **condition** of soil and the productivity of young vineyards. 104424
Effect of NPK [nitrogen, phosphorus, potassium], method of N application and *moisture* **conservation** practices on wheat yield under rainfed conditions. 103982
Loss of structure in freeze-dried [orange juice] carbohydrates solutions: effect of temperature, *moisture* **content** and composition. 095929
The relationship between *moisture* **content** and equilibrium relative humidity of dried figs. 095933
Influence of *moisture* **content** on polymerization of monomers in wood. IV. Comparison of copolymerisation of styrene withacrylonitrile in birch wood in presence of water and methanol. 098316
Remote measurement of *moisture* **content** in bulk grain using an air extraction technique. 103340
Determination of the *moisture* **content** of fertilizers by the extraction-chromatographic method. 104062
Effect of *moisture* **content** and porosity in compost at filling on the fermentation of compost during peak heating and yield of cultivated mushroom, Agaricus bisporus (Lange) Sing. 104125
Sorption of *moisture* by **crude** drugs. III. Folium Menthae piperitae, Herba Thymi, Fructus Foeniculi, Anthodium Chamomillae [Mentha, Thymus, Foeniculum, Matricaria cha. 095450
Sorption of *moisture* by **crude** drugs. IV. Folium Salviae, Rhizoma Calami, Herba Basilici, Inflorescentia Crataegi [Salvia, Acorus calamus, Occimum basilicum, Crataegus]. 095451
Frequency and *moisture* **dependence** of the dielectric properties of hard red winter wheat. 100215
Study of the process of fixation of tea leaves by infrared rays in a *moisture-saturated* **environment.** 095534
A correlation study between collembolan population and *moisture* **gradient** at Varanasi Forest, India [Collembola]. 103766
Preserving of *moist* **grains** by mechanical aeration. I. 095830
Preserving of *moist* **grains** by mechanical aeration. 2. 095831
Effects of *moisture* on the **hardness** of selected commercial wood-base panel materials. 098220

Effect of controlled atmosphere storage on aflatoxin production [by the Aspergillus flavus] in **high** *moisture* peanuts (groundnuts). 095828
An assessment of three measures of **long-term** *moisture* deficiency before critical [forest] fire periods. 097953
Design of a capacitance-type sensor with sectional electrodes *[Moisture* **meter,** water content of bulk material]. 095492
Effect of diurnal variation of soil temperature on *moisture* **movement** in the rhizosphere. 103761
Development of an *intermediate-moisture* **processed** cheese food product. 095571
Soil moisture extraction by wheat crop as influenced by *moisture* **regime** and soil reaction. 103765
Residual *moisture* evaluation in lyophilized vaccines by Karl Fischer's method. Technique and causes of mistakes. 097613
Determination of *moisture* and **saleable** mass (A.D. Weight) of baled flash dried pulps. 098285
The effect of **soil** *moisture* depletion on sugarbeet production in calcareous soils. 100086
Crop quality and nutrient uptake by dryland wheat crop as influenced by available **soil** *moisture* status. 100208
Effect of **soil** *moisture* regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, phosphorus, potassium, calcium] uptake by berseem fodder [Egyptian clover]. 100211
Effect of fertilizers and **soil** *moisture* on absorption of water and mineral nutrients by the grapevine. 100429
Effect of **soil** *moisture* and fertilizers on the rate of photosynthesis of grapevines. 100432
Productivity of using **soil** *moisture* and the development of leaf surface as effected by different planting density of grapevine bushes. 100613
Effect of **soil** *moisture* regimes, plant population and nitrogen levels on yield attributes and their contribution towards the root yield of sugarbeet. 100845
Development and nutrition of [the wild oat] Avena ludoviciana Dur. in experimental pots in response to **soil** *moisture*. 102078
Competition between wheat (Triticum aestivum L.) and Chenopodium album L. under varying levels of **soil** *moisture*, nitrogen and weed intensities. 102120
Soil *moisture* extraction by wheat crop as influenced by moisture regime and soil reaction. 103765
The weight method of determining **soil** *moisture* content. 103790
The methodology of sampling for the determination of **soil** *moisture* content in fruit-bearing vineyards. 103859
The problem of water supply and the development of grapevine root system in dryland conditions on heavy loamy soils in southern Ukraine **[Soil** *moisture].* 103860
Effect of N [nitrogen] levels and **soil** *moisture* regimes on the yield of dwarf wheat. 103978
Response of hybrid maize to different levels of nitrogen under varied **soil** *moisture* conditions. 104010
The soil conservation of sloping grassland. II. The change of **soil** *moisture* in a sloping grassland. 104172
Effect of compost, straw mulches, and deep plow on **soil** *moisture* conservation in newly reclaimed uplands. 104223
Effect of **soil** *moisture* content on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil—solution [Radioactive contamination]. 104645
Effect of **soil** *moisture* on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil-plant [Radioactive contamination]. 104646
The role of organic matter and **soil** *moisture* in the process of cesium-137 and cerium-144 [isotopes] transfer from soil into a solution [Radioactive contamination]. 104650
A correlation between the forest phytocoenosis biomass and the **total** *moisture* consumption from the soil aeration zone. 098789
MUSAT: SRA *[moisture* **utilization** in semi-arid tropics: summer rainfall agriculture] project. A data base serving agriculture in the semi-arid tropics. 094104
Fallow [soil] *moisture* and **wheat** yields in the northwest. 100693
Wood *moisture* and decay problems in recently constructed, single-family houses. 098430

MOLAR

Studies on the ruminal concentration of total volatile fatty acids (VFA's) and **ther** *molar* proportions in African cattle, sheep and goats. 096478

MOLASSES

An evaluation of **cane** *molasses* in turkey rations. 096617
Citric acid fermentation in Egypt. V. The use of *molasses* as **raw** material for citric acid fermentation. 095761

MOLD

Production of aciduric amylases by *molds* **[Aspergillus,** Penicillium, Rhizopus]. 099491
Bush **bean** *mold* control [Sclerotinia sclerotiorum, Botrytis cinerea]. 101325
Mould **deterioration** of cocoa during processing and storage in Nigeria. 101502
Intraspecies differentiation of the pathogen of leaf and **fruit** *mold* [Cladosporium fulvm] of tomatoes and methods of studying their resistance. 101642
Effect of tetrahydroquinoline derivatives on the growth of *mold* **fungi** [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. N-alkyl substituted THQ and their nitro derivatives. 099870
Methods of developing new varieties of grapevine with complex resistace to downy mildew, powdery mildew, **grey** *mould,* Phylloxera. 099277
The influence of atmospheric gases on growth and toxin production of sterigmatocystin and **patulin-producing** *molds.* 094947
A new concept for the taxonomy of the family Dictyostelliaceae (cellular **slime** *molds).* 098489
5' terminal nucleotide sequences of the messenger RNAs of Dictyostelium discoideum **[Slime** *mold].* 099145
High voltage electron microscopical analysis of chromosomal number in the **slime** *mold* Echinostelium minutum de Bary. 099147
Primer dependency of glycogen synthetase during differentiation in Dictyostelium discoideum **[Slime** *mold].* 099538
Effects of differentiated membranes on the developmental program of the cellular **slime** *mold* [Dictyostelium discoideum]. 099693
The effect of ammonia on fruiting body size and microcyst formation in the cellular **slime** *molds* [Polysphondylium pallidum, Dictyostelium discoideum]. 099695
DNA, RNA and protein synthesis during germination of spores in the cellular **slime** *mold* Dictyostelium discoideum. 099706
Differentiation for aggregation in the cellular **slime** *moulds:* the emergence of autonomously signalling cells in Dictyostelium discoideum [Fungi]. 099821
Snow *molds* on winter cereals in northern Saskatchewan in 1974 [Typhula, Sclerotinia borealis, Fusarium nivale, wheat, rye]. 101386
The nature and control of **snow** *mold* of fine turfgrass [Agrostis palustris] in southern Ontario [caused by Fusarium nivale and Typhula spp.]. 101387
Alterations in RNA and protein synthesis associated with steroid hormone-induced sexual morphogenesis in the **water** *mold* Achlya [Ambisexualis]. 099692
Bean canopy structure influences **white** *mold* [Sclerotinia sclerotiorum] disease development. 101318
Feasibility of microclimate modification for control of **white** *mold* [Sclerotinia sclerotiorum] disease of bean. 101321

MOLECULES

Molecular **biology** of structural protein in plant viruses. 101756
Molecular and **crystal** structure of eupolauramine, a novel type of alkaloid from Eupomatia laurina. 099826
Molecular **events** of the cell cycle: a preparation for division [DNA, RNA, proteins]. 099752
Relationship between thermal treatments of milk and *molecular* **hysteresis** of the milk protein system. 095666
Phosphorylation of a **low** *molecular* weight polypeptide in beef heart Na+, K+-ATPase [sodium ions, potassium ions, adenosine triphosphatase] preparations. 096212
Biogenesis of mitochondria: *molecular* **mapping** of the mitochondrial genome of yeast [Saccharomyces cerevisiae]. 099373
The effect of Ca2+ [calcium ion] on the metarhodopsin I-II transition. II. Model calculations and hypothesis on a *molecular* **mechanism** of visual excitation [Bovine rod outer segments]. 096505
Study of *molecular* **mobility** of cellulose-water system. 098367
Comparative biochemical studies on populations inbreds and lines of Phaseolus vulgaris [kidney beans]. Activity and **multiple** *molecular* forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Comparative biochemical studies on populations, inbreds and lines of Phaseolus vulgaris [kidney beans]. 2. **Multiple** *molecular* forms of acid phosphatase and esterase. 100562
Primary structure of bovine **plasma** *high-molecular-weight* kininogen. The amino acid sequence of a glycopeptide portion (fragment 1) following the C-terminus of the bradykinin moiety. 096420
X-ray crystal and *molecular* **structure** of acetylcolletotrichin (colletotrichin), a metabolite of Colletotrichum capsici [Fungi]. 099664
Crystal and *molecular* **structure** of compactin, a new antifungal metabolite from Penicillium brevicompactum. 099824
Crystal and *molecular* **structure** of organophosphorus insecticides. 3. Azinphos-methyl. 102703
Correlation of teratogenicity and *molecular* **structure:** ethylenethiourea and related compounds [Pesticide residues in rats]. 102774
Differential properties of **two** *molecular* forms of 4-aminobutyrate-2-ketoglutarate transaminase (GABAT) from pig brain. 096341
Role of oxygen in *molecular* **weight** changes of lignin during oxydative delignification of wood. 098354
Phenylalanyl-tRNA synthetase from wheat germ. Purification, *molecular* **weight,** structure, properties. 100112

MOLES

Mole **control** [Plant pests]. 101948

MOLLUSCICIDE

Chromatographic determination of [the *molluscicide]* **metaldehyde** residues in water and in cabbage. 094882

MOLLUSKS

Occurrence and causes of seed discoloration in commercial seed lots of white mustard (Sinapis alba) **[Alternaria** *tenuis].* 101309
The genetics of black larva, an autosomal recessive lethal mutation located on chromosome 3 in the mosquito **Anopheles** *albimanus.* 102865
Structural and functional aspects of sense organs on the maxillary palps of **Calliphora** *vicina.* 103018
Tropical yams and their potential. 3. **Dioscorea** *alata* [Culture]. 101016
Chemical investigation of **Fagonia** *cretica.* 099729
Today's weed **[Ipomoea** *turbinata].* 102214
Life cycle, host plants and symptoms of damage of the tomato bug, **Nesidiocoris** *tenuis* Reut. (Hemiptera: Miridae), in Egypt. 102477
Genetic pathogenicity of leafspot disease **[Pyrenophora** *teres,* Pyrenophora graminea, barley]. 101661
Biological control of *mollusc* **vectors** of schistosomiasis [Schistosoma mansoni]. 097273

MOLT

Changes in the free amino acid pattern of haemolymph of the common Indian scorpion Palamnaeus **bengalensis** during *moulting.* 102925
Preliminary study of ecdysterone action on the *molting* **cycle** of Pisaura mirabilis (Aranea, Pisauridae). 102851

MOLYBDENUM

Molybdenum **fertilizers** as a factor of increasing the yield of forage crops (analytical review). 104081
Transport of *molybdenum* in **mountainous** streams, Colorado [Water pollution, cattle toxicity]. 104487
Effect of *molybdenum* on the **rhizosphere** microflora of cotton plant in virgin calcareous soil. 103889
Effect of lime and *molybdenum* on the **yield** of urad [Mungo beans]. 103975

MOMORDICA

Mycoplasmalike bodies observed in the plants of bottle gourd, chayote and balsam-pear [Lagenaria leucantha, Sechium edule, *Momordica* **charantia]** with witches'-broom [disease] in Taiwan. 101787
Natural polyploids in Cucurbitaceae. I. Cytogenetical studies in **triploid** *Momordica* dioica Roxb. 099143

MONARCH

Milkweed [Asclepiadaceae] cardenolides and their comparative processing by *monarch* **butterflies** (Danaus plexippus L.). 099964
Energy, matter and nitrogen utilization by the larvae of the *monarch* **butterfly** Danaus plexippus. 103067

MONELLIA

Pecan insect control test in 1975 with emphasis on yellow aphids *[Monellia],* **spittlebugs** [Clastoptera achatina] and weevils [Curculio caryae]. 102450

MONEY

Where else can you get that much for your *money?* **[Agricultural** research]. 093952
No *money* to **build?** improvise. 095303
Depositing *money* and the procedure of payments by farm enterprises (Methodological drafts for faculties of qualification improvement). 094414
Changing cow business: how much *money* **needed?** [Finances]. 094424
Milk stamps can save you *money* - through **vending.** 095269

MONIEZIA

Polar lipids of parasitic helminths. II. Polar lipids of Echinococcus granulosus larvae and *Moniezia* **benedeni.** 097644

MONILINIA

The aggressivity of the *Monilinia* **cinerea** (Schroet.) Honey and Monilinia fructigena (Schroet.) Honey populations in the center of origin of fruit trees from the family Rosaceae and on the borders of areas. 101470
Metabolism of the fungicide Denmert (S-n-butyl S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and Denmert sulfoxides in liver enzyme systems *[Monilinia* **fructigena,** residues]. 102620

MONITORING

Automatic *monitoring* of a circadian rhythm of change in light transmittance in Ulva [lactuca latissima]. 099942
Accuracy of band dendrometers [used to *monitor* **changes** in diameter growth of trees]. 098063
The methodology of evaluating criterial parameters of the fluid jet from the *monitor* in **chemical** protection of generative organs of coniferous trees. 103590
Continuous *monitoring,* automated analysis, and sampling procedures [in water pollution control]. 104547
Animals as *monitors* of **environmental** quality [Death caused by forage contamination]. 097814

Prairie ecosystems are essential for **environmental** *monitoring.* 098802
A method for *monitoring* **eutrophication** in rivers. 104606
Insect [pest] management in corn and sorghum based on **field** *monitoring* teams. 102353
Monitoring **infectious** bursal disease (IBD) antibodies by agar gel precipitin (AGP): a comparative study [Virus diseases, chickens]. 097594
Integrated *monitoring* of anesthetized and/or critically ill patients [Animals]. 097109
A comparison of methods for *monitoring* **viremia** in a bluetongue virus infected bovine. 097497

MONKEYS
Atherogenic hyperlipoproteinemia induced by cholesterol feeding in the **Patas** *monkey.* 095022
Dietary disaccharides in experimental atherosclerosis in **rhesus** *monkeys.* 095054
Dieldrin toxicity and successive discrimination reversal in **squirrel** *monkeys* (Saimiri sciureus). 102723

MONOAMINES
The reaction of sulfhydryl reagents with bovine **hepatic** *monoamine* oxidase: evidence for the presence of two cysteine residues essential for activity. 096255

MONOCHAETIA
Resinous canker disease of Cupressaceae caused by *Monochaetia* **unicornis** (Cke. & Ell.) Sacc. II. Physiologic characters of the causal fungus. 101361

MONOCOTYLEDONS
The unifacial leaf of *monocotyledons* and its **interpretation:** the leaf of Allium cepa L. [Onions]. 098923
The occurrence of intercalary and uninterrupted meristems in the internodes of **tropical** *monocotyledons.* 098878

MONOCULTURES
Some consequences of **cereal** *monoculture* on Gaeumannomyces graminis (Sacc.) Arx & Olivier and the take-all disease. 101368
Fungi and the decrease of cereal cyst-nematode populations in **cereal** *monoculture.* 101872
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in **maize** *monocultures.* I. NPK content of grains as affected by fertilizing. 103874
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in **maize** *monocultures.* II. Nutrient balance and recovery of fertilizers. 103875

MONOGENETIC
Monogenic **control** of resistance in the tomato to the tobacco flea beetle [Epitrix hirtipennis]: probable repellance by foliage volatiles. 099199

MONOGLYCERIDES
Use of diacetyltartaric acid esters of *monoglycerides* in **breadmaking.** 095405

MONOMER
Influence of lignin on thermochemical polymerization of *monomers.* II. **Influence** of modified alkali birch wood lignin preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314
Influence of moisture content on polymerization of *monomers* in **wood.** IV. Comparison of copolymerisation of styrene withacrylonitrile in birch wood in presence of water and methanol. 098316
Thermochemical polymerization of *monomers* in **wood.** I. Influence of swelling agents on the polymerization of styrene in birch wood. 098370

MONOPHOSPHATES
The effects of cyclic AMP [**adenosine** *monophosphate],* hormones and ions on the conversion of 25-hydroxycholecalciferol (25-HCC) to 1,25-dihydroxycholecalciferol (1,25-DHCC) in isolated chick kidney tubules. 096388
Isolation of stimulatory modulator of guanosine 3':5'-monophosphate-dependent protein kinase from mammalian heart devoid of inhibitory modulator of **adenosine** *3':5'-monophosphate-dependent* protein kinase [Dogs]. 096425
Cyclic AMP [**adenosine** *monophosphate]-induced* elongation of pollen tubes in Tradescantia paludosa. 099528
Cyclic AMP [**adenosine** *monophosphate]* during development and ageing of the insect Ceratitis capitata. 102926
Juvenile hormone regulation of cyclic AMP [**adenosine** *monophosphate]* and cAMP phosphodiesterase activity in Oncopeltus fasciatus. 103006
Insect [Manduca sexta] prothoracic glands; a role for cyclic AMP [**adenosine** *monophosphate]* in the stimulation of alpha-ecdysone secretion. 103048
Bromodeoxyuridine *5'-monophosphate* incorporation into yeast nuclear and mitochondrial deoxyribonucleic acid. 099807
Terpenoid induction in sweetpotato roots by **cyclic-3',5'-adenosine** *monophosphate.* 100343
Isolation of stimulatory modulator of **guanosine** *3':5'-monophosphate-dependent* protein kinase from mammalian heart devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Guanosine *3':5'-monophosphate-dependent* protein kinase from silkworm [Bombyx mori], properties of a catalytic fragment obtained by limited proteolysis. 103246

MONOPOLY
Monopolistic **trends** in production and the status of farmers in the USA. 094157

MONOSODIUM
Woollyleaf bursage [Franseria tomentosa] control with *monosodium* **methanearsonate** and tillage. 102077

MONOSOME
Study of the effect of some factors on the percentage of 41chromosome plants in the progeny of *monosomic* **lines** of [the wheat] Chinese Spring. 099297

MONOTERPENES
Within-tree variation of *monoterpene* **composition** and yield in slash pine [Pinus elliottii] clones and families [Genetic variation]. 098081
Monoterpene **variability** on balsam fir (Abies balsamea (L.) Miller) provenances. 098125

MONOXIDE
Postharvest effect of modified levels of **carbon** *monoxide,* carbon dioxide, and oxygen on disorders and appearance of head lettuce [during transportation in controlled atmosphere]. 101923

MONTANE
Adaptability of Trifolium ambiguum Bieb. [White clover] to a **Victorian** *montane* environment. 100875

MOONLIGHT *see* **LUNAR**

MOOR
Grassland yield after reclamation of deep **low** *moor* according to the follow-up measures. 104181

MORAXELLA *see* **BRUCELLACEAE**

MORMONIELLA *see* **NASONIA**

MORPHACTIN
Modification of flowering pattern and sex expression in Carica papaya by *morphactin,* **ethephon** and TIBA [triiodobenzoic acid]. 100615
Influence of *morphactin* IT 3456 on the **growth** and anatomic structure of Vicia faba L. (Faba vulgaris Mnch.), variety 'Hangdown [Broadbeans]. 100055
Influence of *morphactins* on **stomatal** opening and transpiration [of plants]. 099531

MORPHINE
Morphine and **codeine** in poppy seed [Papaver somniferum, alkaloids]. 095459
Effect of organic manure and chemical fertilizers on opium poppy [Papaver]. III. Role of phosphate on the yield of opium, *morphine* and **poppy** seeds. 103983
Mineral nutrition and *morphine* **production** in Papaver somniferum [Drug plants]. 099896

MORPHOGENETIC
Tissue cultures of alkaloid plants. V. Some *morphogenetic* **abilities** of long-term callus cultures of Macleaya microcarpa. 099535
Cyclic-AMP and *morphogenesis* of **Acetabularia** [mediterranea, Algae]. 099697
Effect of histone on *morphogenesis* of **chick** embryonic constituents. III. The histone fractions. 096363
Morphogenesis of the **chick** embryo foot as studied by Janus green B-induced malformations. 096448
Fungi of crustaceous lichens in pure **culture;** their *morphogenesis.* 099602
Morphogenic **effect** of nitrosomethylurea and nitrosoethylurea [in Drosophila melanogaster]. 102953
Morphogenic **effect** of some dihydropyridines on the isogenic line 53-53-53 of Drosophila melanogaster. 102954
Morphogenic **effects** of alpha-factor on Saccharomyces cerevisiae a cells [Yeasts]. 099812
Nucleolar ontogenesis in the uterine chick germ correlated with *morphogenetic* **events.** 096339
Effects of cytochalasin B on the *morphogenesis* of **explantedearly** chick embryos. 097813
Studies on **foliar** *morphogenesis* in Lycopersicon esculentum Mill. (Tomato) with special reference to aging phenomena. 100392
Features of *morphogenesis* and **formation** of potential and actual productivity of wheat. 100187
Study on the *morphogenesis* of **fruit** buds in some pear varieties. 098980
Morphogenesis and **growth** kinetics of Geotrichum candidum [Fungi] in continuous culture. 100028
Morphogenesis in **lettuce.** 100601
Net *morphogenesis* and characteristics of the surface of muskmelon fruit. 098998
Effects of temperature on the *morphogenesis* of the **oocytes** in Bombyx mori L. 103234
On the structure and *morphogenesis* of **picornaviruses.** 097309
Plantlet *morphogenesis* and the control of callus growth and root induction of Phaseolus vulgaris [kidney beans] with the addition of a bean seed extract. 100617
Morphogenesis in **roses** in protected cultivation. 100390
Origin and *morphogenesis* of **sensory** neurons in an insect [Manduca sexta] antenna [Manduca sexta]. 102907
Alterations in RNA and protein synthesis associated with steroid hormone-induced **sexual** *morphogenesis* in the water mold Achlya [Ambisexualis]. 099692
Chemical models for plant **wax** *morphogenesis* [Eucalyptus saligna, Eucalyptus globulus]. 100663

MORPHOLOGY
Observations on the effects of weaning in the young pig. Clinical and histopathological studies of intestinal function and *morphology* [**Acute** inflammatory response and a reduction in plasma cell population]. 097762
The "strait jacket" [malformation] syndrome in the chick. I. A *morphological* **analysis.** 096364
Effect of chlorocholine chloride and nitrogen on some *morphological,* **anatomical** and cytological characteristics of Giza155 wheat [Variety]. 098882
Morphological and **anatomical** aspects of roughness in GoldenDelicious apples. 098975
The *morphological,* **anatomical** and cytological effects of gibberellins [Plant growth and development, promotion of stem elongation]. 099785
Antennal *morphology* of [corn rootworm] Diabrotica virgiferaadults (Coleoptera: Chrysomelidae). 102791
Effect of growing conditions on the *morphological* and **biological** features of tomatoes. 100383
Research on the *morphology,* **biology** and ecology of Eucosoma(Phaneta) conterminana H.-S. (Lepidoptera, Tortricidae [Insect pest control, lettuce]. 102462
Connection between *morphological* and **biosynthetic** activity of Trichothecium roseum [Fungi] and its polynuclear conidia. 099860
Anatomical responses of root tips to boron deficiency. III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on *morphology* of **cell** wall and its related organelles. 102031
Morphological **changes** in ovaries of the mufflon (Ovis ammoncycloceros) during gestation [compared to domestic sheep]. 097063
Differential Giemsa staining in plants. II. *Morphological* **changes** in chromosome structure observed with interference contrast and scanning electron microscopy [Tulipa]. 098938
Morphological **changes** and factors influencing shoot apex development of Lilium longiflorum Thumb. during forcing. 100480
Relationship between physiological and *morphological* **characteristics** and yield of nondormant alfalfa clones. 099471
Physicochemical and *micromorphological* **characteristics** of a complex soil profile of intergrades of Andosol and Oligotrophic Brown Earth. 103682
Genetic behaviour of some *morphologic* **characters** in barley and their genetic relations. 099062
Inheritance of *morphology* **characters** of kenaf hybrids depending on the choosing of pairs. 099447
Proposal for a *micromorphological* **classification** of soil materials. I. A classification of the related distributions of fine and coarse particles—a discussion. 103747
A simplified method for the isolation of Bacteroides nodusus from ovine foot-rot and studies on its **colony** *morphology* and serology. 097391
Morphological, **cultural** and biochemical characterization of Xanthomonas vesicatoria (Doidge) Dowson samples [Bacterial blight, tomatoes leaves]. 101686
Anatomo-morphological and **cytological** features of some species of the genus Russula Pers. ex S. F. Gray [Fungi]. 098532
Morphology and **cytology** of Ravenelia hobsoni Cooke [Fungi, parasites of Pongamia glabra]. 098968
Morphological **development** of the apple from floral budding to maturity. 098976
Bionomy and *morphology* of the **development** instars of Copiumclavicorne (L.), Heteroptera, Tingidae. 102817
Developmental *morphology* of the inflorescence and perigynium in Coix. 099018
Initial action of different levels of gamma-rays on *morphological* **features** of maize. 099421
On the susceptibility of swine (Sus scrofa domesticus) to heart disease. A comparative and **functional** *morphological* study. 097774
Observations on some *morphological* and **functional** features in "Richard" apple spurs on "seedling" and "M9" rootstocks. 099033
Soils of the humid zone of Spain. VIII. Soils with fragipan. 1. *Morphology* and **general** characteristics. 103689
Periarteritis in experimental Border disease of sheep. II. *Morphology* and **histochemistry** of the lesion. 097399
Evolutionary and *morphological* **indices** of the cutaneous covering of sheep and their use in selection. 097061
Study of the morpho-physiology of the grapevine. III. Dynamics of growth of **individual** *morphological* structures of grape shoots relative to the onset and course of the cycle of organogenesis. 098979
Reserves of productivity of wheat varieties from Siberia and the physiological and *morphological* **model** of an intensive variety. 100189
Morphology, **morphometry** and electron microscopy of HeLa cells infected with bovine Mycoplasma. 097300

Growth, cytopathogenicity and *morphology* of **Mycoplasma** gallisepticum and mycoplasma gallinarum in tracheal explants [Chick embryos]. 097397
The effect of sugars and polyols on the heat resistance and *morphology* of **osmophilic** yeasts [Saccharomyces rouxii and Schizosaccharomyces pombe]. 099806
Morphological **peculiarities** of the embryo in wild species of barley [Hordeum]. 098890
Some *morphological* **peculiarities** of the pollen from highland grasses [Phleum pratense, Dactylis glomerata, Bromus inermis]. 098892
Population *morphology* of forest trees. 099046
Effects of prostaglandins on the ovine corpus luteum: blood flow, secretion of **progesterone** and *morphology*. 096878
Studies on the variation and *morphology* of the **Ptilonyssus** "sairae" complex (Acarina: Rhinonyssinae) from North American passeriform birds. 102590
Quantitative *morphological* studies into heart of Berlin miniature swine. 1. Absolute and relative heart weight. 096214
Reproductive *morphology* of Ornithonyssus sylviarum (Canestrini and Fanzago) (Acari: Macronyssidae) [Fowl mite]. 102595
Shoot *morphology* of a one-year oak tree [Quercus] and leaf anatomy of Betula pendula Roth. in regions of Karaganda and Leningrad. 099054
Anesthetization of *morphologically* **smillar** species with carbon dioxide for separation and culture [Nematodes extracted from soil, reared on alfalfa]. 103776
On connection of *morphological* **structure** of spruce wood tracheids with lignin content in unbleached sulphite pulps. 098342
Effect of physical and chemical mutagens on the anatomical and *morphological* **structure** of sugarbeets. 099419
A *morphological-anatomic* **study** of Actaea spicata L. And Actaea erythrocarpa Fisch, during ontogenesis. 099014
A *morphological* **study** of spermatogenesis in Drosophila, with special reference to encysted germ cells. 102821
Micromorphologic **study** of a Vertisols catena in Seville Province (southern Spain). 103678
Micromorphological **study** of soils developed on crystalline rocks in the Sierra de Gata area. 103679
Sex expression and **tail** *morphology* of female progenies of smooth-tail and crenate-tail females of Pratylenchus penetrans [Nematodes, reared on alfalfa]. 101938
Morphology and **taxonomy** of Vizella interrupta (Ascomycetes: Vizellaceae) [Fungi]. 098728
Chromosome transmission and *morphology* of **three** primary trisomics in soybeans (Glycine max). 099136
The genetics of the Mediterranean fruitfly, Ceratitis capitata: **three** *morphological* mutations [for ecological studies and genetic control]. 102811
Purification and *morphology* of the **tomato** golden mosaic virus [Bemisia tabaci, vectors]. 101800
Changes in the *morphological* **traits** of the Likorishko Byalo 7 cabbage variety under the influence of the nutritional area size [Spacing]. 098978
Influence of ethionine [poisoning] on the **ultrastructural** *morphology* of the porcine hepatocyte. 097789
The secretory apparatus of the bryales: *morphological*, **ultrastructural** and cytochemical studies [Bryophyta]. 098916
Effect of ecological conditions on *morphological* **variation** of seeds of Altai species of genus Aconitum L. 098853
Cytogenetics of cultivated Bougainvilleas [Bougainvillea]. I. *Morphological* **variation.** 099030
Morphological **variation** in Pratylenchus penetrans [Nematodes, plant host effects]. 101932
Comparison of proton magnetic resonance spectra of cell-wall mannans of Candida tropicalis [**yeast**] with its *morphology*. 098874

MORPHOMETRIC

Morphometric **microdensity** studies of hard tissue sections, utilising optical density contour maps and associated area co-ordinated computerised data [Cats, bone]. 096382

MORTALITY

Colostrum intake and *mortality* of **dairy** calves. 096645
Effect of dose of cytoplasmic polyhedrosis virus on infection, *mortality*, **development** rate, and larval and pupal weights of the pink bollworm [Pectinophora gossypiella]. 102335
The role of predators in the young **larval** *mortality* of the pine-moth, Dendrolimus spectabilis Butler. 102497
Mortality of **longleaf** pine [Pinus palustris] seedlings following a winter burn against brown-spot needle blight [Scirrhia acicola]. 101660
Meningeal haemorrhage and congestion associated with the **perinatal** *mortality* of foals. 097768
Mortality and **production** characteristics of laying chickens fed high- and low-erucic acid rapseed oils. 097747
The stable effect of *mortality* in the **progeny** of irradiated [Saccharomyces ellipsoideus] yeast cells. 099378
Fomes annosus: *mortality* **rates** in young trees [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, Betula] underplanted among pine. 101439

MORTGAGE

The influence of **farm** *mortgage* loan terms on farm real estate values. 094445

MORUS

Productivity of silkworm [Bombyx mori] fed with leaves of different varieties and forms of **mulberry** *[Morus]*. 103243
The overall analysis on non-mulberry *[Morus]* **sericulture** inSoutheast Asian countries. 103285

MOSAIC

Analysis of **alfalfa** *mosaic* virus 17S RNA translational products. 101811
Soil transmission of Petunia **asteroid** *mosaic* strain of tomato bushy stunt virus. 101774
A non-citrus host for **citrus** *mosaic* virus [Hibiscus rosasinensis]. 101745
Electrophoretic mobility and enhanced infectivity of a mutant of **cowpea** *mosaic* virus. 101812
Research on the **cucumber** *mosaic* (Cucumis virus 1 (Doolittle) Smith). 101733
Mixed infections by lettuce and **cucumber** *mosaic* viruses in Lactuca spp. in Sicily. 101771
Proof of interactions between infections with lettuce mosaic virus and **cucumber** *mosaic* virus in fields of lettuce plants. 101780
Reaction of Phaseolus an Macroptilium species to a strain of **cucumber** *mosaic* virus. 101789
A strain of **cucumber** *mosaic* virus (CMV) isolated from watermelon and melon cultivated in Campania (Italy). 101796
Hypersensitive reaction of cowpea leaves to **cucumber** *mosaic* virus. 101806
Turnip mosaic and **cucumber** *mosaic* viruses in cultivated static in southern Germany. 101821
Simultaneous transmission of broadbean wilt and **cucumber** *mosaic* viruses by single Myzus persicae (Sulz.). 101825
Natural occurrence of **dasheen** *mosaic* virus in Egyptian taro, Colocasia antiquorum. 101788
A *mosaic* **disease** of soybean at Kanpur, India. 099382
Studies on forecasting of *mosaic* **disease** occurrence on Japanese radishes. I. Occurrence of mosaic disease on Japanese radish and types of its causal viruses in Hiroshima Prefecture. 101735
Mosaic **disease** of walnuts [Juglans]. 101751
Mosaic **disease** of a drug plant, trianthema portulacastrum L. 101769
Studies on a *mosaic* **disease** of Urd bean (Phaseolus mungo L.). 101775
Mosaic-like **distribution** of potassium trichloroacetate residues in soil [Herbicides]. 102772
Induced mutation in [kidney] beans (Phaseolus vulgaris) to obtain varieties resistant to **golden** *mosaic* virus. 2. 101722
Purification and morphology of the tomato **golden** *mosaic* virus [Bemisia tabaci, vectors]. 101800
Proof of interactions between infections with **lettuce** *mosaic* virus and cucumber mosaic virus in fields of lettuce plants. 101780
Multiplication of vesicular stomatitis virus in the leafhopper Peregrinus maidis (Ashm.), a vector of a plant rhabdovirus [**Maize** *mosaic* virus]. 101759
Ultrastructural aspects of **maize** *mosaic* virus in the host cells. 101777
Purification and electron microscopy of the Nigerian **okra** *mosaic* virus. 101767
Changes in amino acids and amides induced by **papaya** *mosaic* virus in papaya plants. 101746
Relation of tape-like inclusions of **pea** *mosaic* virus with the endoplasmatic reticulum and dictyosomas of the cells of a host-plant. 101808
Screening soybean varieties and hybrids for resistance to **soybean** *mosaic* virus. 101801
Effects of drying on the transmissibility of wheat spindle **streak** *mosaic* virus in soils from wheat fields in Ontario. 101738
Reconstitution of helical viruses other than TMV [tobacco rattle virus, barley **stripe** *mosaic* virus, winter wheat mosaic virus, potato virus]. 101743
Interactions between TMV [**tobacco** *mosaic* virus] isolates, temperature, allelic condition and combination of the Tm resistance genes in tomato. 099360
Latex agglutination test for three plant viruses [**Tobacco** *mosaic* virus, potato virus X and Y]. 101723
Assembly of **tobacco** *mosaic* virus in vitro. 101741
Experience of tomato vaccination with strains of **tobacco** *mosaic* virus of low pathogenicity. 101755
A procedure for specifically selecting temperature sensitive mutants of **tobacco** *mosaic* virus. 101760
Effect of eosin Y on the formation of local lesions and on the accumulation of callose in 'Samsun NN' tobacco and French bean leaves inoculated with **tobacco** *mosaic* virus. 101764
Seedborne **tobacco** *mosaic* virus commercial sources of tomato seed. 101790
The measurement of coefficient of [**tobacco** *mosaic]* virus diffusion using analytical ultracentrifuge. 101795
Absorption of P32 [phosphorus isotope]-labelled **tobacco** *mosaic* virus by isolated tobacco protoplasts and deproteinization of the virus in them. 101798
Tobacco *mosaic* virus (TMV). Effects of infection with strains of TMV on the yields of unproctected tomato plants and of plants protected with attenuated strains of TMV as compared to varieties resistant to TMV. 101805
Formation of antivirus substances in tomato plants infected with **tobacco** *mosaic* virus. 101807
Occurrence of short particles in beans infected with the cowpea strain of TMV [**tobacco** *mosaic* virus]. I. Purification and characterization of short particles. 101814
Occurrence of short particles in beans infected with the cowpea strain of TMV [**tobacco** *mosaic* virus]. II. Evidence that short particles contain the cistron for coal-protein. 101815
The relationship between soil-borne wheat mosaic virus and **tobacco** *mosaic* virus. 101818
A Moroccan isolate of **turnip** *mosaic* virus infectious to garden pea and other legumes [Aphids as insect disease vectors]. 101781
Turnip *mosaic* and cucumber mosaic viruses in cultivated static in southern Germany. 101821
A *mosaic* [**virus**] disease of Heliotropium indicum L. [A common weed in cultivated fields]. 101819
Mosaic [**virus**] disease of Chinese shoe flower (Hibiscus rosa-sinensis L.). 101823
Observations on the soil-borne **wheat** *mosaic* virus in Italy. 101736
Reconstitution of helical viruses other than TMV [tobacco rattle virus, barley stripe mosaic virus, winter **wheat** *mosaic* virus, potato virus]. 101743
Studies of virus disease of wheat caused by winter **wheat** *mosaic* virus. 101794
The relationship between soil-borne **wheat** *mosaic* virus and tobacco mosaic virus. 101818
Effect of infection with bean **yellow** *mosaic* virus on nucleic acid content of azak treated broadbean (Vicia faba L.) plants. 101720
Studies on the development of the root system of grapevines infected with **yellow** *mosaic* [Fanleaf]. 101752
Virus diseases of vegetable crops in Apulia. XVII. A **yellow** *mosaic* of lettuce induced by chicory yellow mottle virus. 101778

MOSQUITOES

Mosquito **abatement** for pest control specialists [Anophels, Aedes, Culex]. 102608
The potency of male accessory gland material in the *mosquito* (**Aedes** aegypti). 102940
Development and fine structure of Pleistophora sp. (Cnidospora: Microsporidia) in the *mosquito*, **Aedes** sierrensis [Biological control]. 103025
A review of the mermithid parasites (Nematoda: Mermithidae) described from North **American** *mosquitoes* (Diptera: Culicidae) with descriptions of three new species. 102869
The genetics of black larva, an autosomal recessive lethal mutation located on chromosome 3 in the *mosquito* **Anopheles** albimanus. 102865
Arbovirus surveillance in six states during 1972 [Equines, *mosquitoes*, **biting** flies]. 097217
Comparative biology of the Wyoming and Louisiana populations of Reesimermis nielseni, parasitic nematode of *mosquitoes* [**C-lex** pipiens quinquefasciatus, Culiseta inornata]. 103039
Amylase isozymes in the *mosquito*, **Culex** tritaeniorhynchus. 102859
Structure of the pedicel and connective peduncles of the ovariole in **culicid** *mosquitos*. Additional new traits for determination of physiological age [Culex pipiens, Aedes aegypti, Anopheles maculipennis atroparvus]. 103052
A report on the *mosquitoes* [**Culicidae**] collected during an epidemic of encephalitis in Burdwan and Bankura districts, West Bengal [Culicidae]. 102575
Genetics, cytogenetics and **evolution** of *mosquitoes*. 102785
Ultrastructural changes in the cell surface of Coelomomycespunctatus [Fungi] **infecting** *mosquito* larvae [Anopheles quadrimaculatus, biological control]. 098930
Effects of some insect development inhibitors on *mosquito* **larvae** [Culex pipiens fatigans, Anopheles gambiae, Aedes aegypti, Anopheles quadrimaculatus]. 102609
Development of different strains of Plasmodium vivax in twospecies of Anopheles [**maculatus** *mosquitoes]*. 102547
Susceptibility of nontarget organisms to Nosema algerae (Microsporida: Nosematidae), a **parasite** of *mosquitoes*. 102579
Copepods as essential hosts for the development of a Coelomomyces [fungi] **parasitizing** *mosquito* larvae [Opifex fuscus, Aedes australis]. 102581
Use of a controlled-release material for control of **ricefield** *mosquitoes*. 102554

MOSS

Developmental effects of zeatin, ribosyl-zeatin, and Agrobacterium tumefaciens B6 on **certain** *mosses* [Musci]. 101707
Appliance for **cultivating** *moss* protonemata in liquid media. 099970
Morphogenetical expression types observed during reactivation of secondary initial cells of the leafy **gametophyte** of *mosses*. 098910
Cell permeability and regulation of intracellular sodium concentration in a halophytic and a **glycophytic** *moss* [Grimmia maritima, Grimmia pulvinata]. 099876
Mosses as **gradual** ecological indicators of sulfur dioxide pollution in the industrial area between the Rhine and the Ruhr. 104465
15 years of carographic registration of *mosses* [**Musci**] in Saxony—retrospect and prospects. 098736
Scanning electron microscope study of the porosity of the stem hyalodermis of two **peat** *mosses* (Sphagnum palustre L. and Spagnum centrale Jens.) [Musci]. 098912
Regulation of the differentiation in the *moss* **protonema** [Funaria hygrometrica, Musci]. 099596
Cutin acids from bryophytes: an omega-1 hydroxy alkanoic acid in two liverwort species [Conocephalum conicum, Astarella lindenbergiana, **Sphagnum** *moss]*. 099904
The chalcophilous or **vitriolic** *mosses*. 098575

MOTHERS

Compensatory possibilities of the biological **complex** *"embryo-mother"* [Heifers]. 096556

Nutritional status of **expectant** *mothers* belonging to two different income levels. 095097
The Dam Line [rams]—sires for *mothers* of **meat** lambs. 097026
Breast-feeding is nature's way of **saying** *mother* knows best. 095225

MOTHS

Moth **activity** of Heliothis zea (Boddie) in Wisconsin (Lepidoptera: Noctuidae). 102247
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus **Aleyrodidae** *moth].* 102473
Trial in the control of the flight of the **apple** *moth* Laspeyresia pomonella L. by pheromone traps. 102411
Distribution and dispersal in populations capable of resource depletion. A field study on **Cinnabar** *moth* [Tyria jacobaeae]. 103058
Analysis of electroantennogram in the studies of attractants of **codling** *moth* [Carpocapra pomonella]. 102268
Equipment to aid in manual sorting of adult **codling** *moths* [Laspeyresia pomonella] by sex [Horticultural plants]. 102385
Sex ratios in adult populations of **codling** *moth* (Lepidoptera: Olethreutidae) [Laspeyresia pomonella]. 102973
Cryptoses choloepi: a **coprophagous** *moth* that lives on a sloth. 102611
The role of predators in the young larval mortality of the *pine-moth,* **Dendrolimus** spectabilis Butler. 102497
Electronic flash affects **flying** *moths* [Euproctis chrysorrhoea, Prunus maritima, causing a momentary disorientation]. 102221
Control of **fruit** *moth* in mountainous forests of Uzbekistan. 102439
Biology and ecology of the **garden** *moth* (Mamestra oleracea L., Lepidoptera, Noctuidae) [pest of sugarbeets in Bulgaria]. 102309
Peculiarities of development of European corn borer [Ostrinia nubilalis] and Angoumois **grain** *moth* [Sitotroga cerealella] on high-lysine maize. 102312
The development of Blepharipa pratensis [a tachinid parasite] and its histopathological effects on the **gypsy** *moth,* Lymantria dispar [Biological control]. 102481
Improving a wasp parasite [Apanteles melanoscelus] to control the **gypsy** *moth* [Lymantria dispar, biological control]. 102485
Physics and insect pheromones [Lymantria dispar, trees, biological control of the **gypsy** *moth].* 102486
Sex and the single **gypsy** *moth* [Porthetria dispar] or matingdisruption for gypsy moth population manipulation. 102505
Progress on integrated pest management: Douglas-fir tussockmoth, **gypsy** *moth,* and southern pine beetle [Hemerocampa pseudotsugata, Porthetria dispar, Dendroctonus frontalis]. 102508
Control of the **honeydew** *moth,* Cryptoblabes gnidiella Mill. (Lepidoptera: Phycitidae), with Bacillus thuringiensis Berliner in avocado plantations. 102457
Factors influencing the duration and termination of diapause in the **Indian-meal** *moth,* Plodia interpunctella. 103075
Structure and development of antennae in a *moth,* **Manduca** sexta. 102908
Ontogeny of electroantennogram responses in the *moth,* **Manduca** sexta. 103010
Electroantennographic and field resonses of the **pea** *moth,* Cydia migricana, to sex attractants and related compounds. 102456
Measures of controlling the **pine-resin-gall** *moth* [Petrova resinella] and their ecologic basis. 102511
Entomophages of the **processionary** *moth* [Thaumetopoea processionea] in Moldavia [Pest of oak trees, natural control]. 102487
The silk **producing** *moths* [Bombyx mori] in Indonesia. 103233
The tolerance of developmental stages of four stored **product** *moths* to phosphine [Ephestia, Plodia interpunctella]. 102538
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the **rice** *moth* Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the **rice** *moth* Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
Effect of some physiological and environmental factors on the production and release of sex pheromone by the females of the **rice** *moth,* Corcyra cephalonica (Stainton). 102326
Characteristic of **sphinx** *moths* (Lepidoptera, Sphingidae) from Turkmenia. 102243
Flight energetics of **sphinx** *moths:* power input during hovering flight [Manduca sexta, Manduca quinquimaculata, Deilephila elpenor, Hyles lineata]. 102979
Flight energetics in **sphinx** *moths:* heat production and heat loss in Hyles lineata during free flight. 102980
Southwestern pine **tip** *moth* [Rhyacionia neomexicana] damage to ponderosa pine reproduction. 102525

MOTIVATION

Objectives, *motives,* **business** style, and personal history—how they relate to managerial success. 094329

MOTLEY

Occurrence of mottle and redleaf components of **carrot** *motley* dwarf disease in British Columbia [Vector aphid, Cavariella aegopodii]. 101739

MOTONEURONS

Inhibition of extensor **gamma** *motoneurons* by antagonistic primary and secondary spindle afferents [Cats]. 096497
A study of expiratory **laryngeal** *motoneurons* [Cats]. 096468
Horseradish peroxidase localization of masticatory **muscle** *motoneurons* in cat. 096469

MOTORS

The ecological effects of physical damage from *motor* **boats** on turtle grass [Thalassia testudinum] beds in southern Florida. 098769
On the projection of the first somatic sensory area to the *motor* **cortex** of the cat. 096591
Dynamics of an asynchronous drive during additions of load **[Electric** *motors].* 103367
A *motor* **lorry** for the transports of poultry droppings AP-TH-PV3S. 103490
Effect of a low-carbohydrate diet and alcohol on **perceptual** *motor* skill. 095126
Directions to improve the *motor* **saws.** 098207
Motor and **secretory** effects of nerves on the parotid gland of the rat. 096161
Motor and **sensory** fibres of neck muscle nerves in the cat. 096298

MOTTLE

Occurrence of *mottle* and **redleaf** components of carrot motley dwarf disease in British Columbia [Vector aphid, Cavariella aegopodii]. 101739
Identification and characterisation of a severe strain of pepper **veinal** *mottle* virus isolated from pepper (Capsicum annuum and Capsicum frutescens) in Nigeria. 101766
Virus diseases of vegetable crops in Apulia. XVII. A yellow mosaic of lettuce induced by chicory **yellow** *mottle* virus. 101778

MOUFFLON

On the helminth fauna of the *moufflon* (**Ovis** aries musimon) compared with those of domestic sheep (Ovis aries dom.) and deer (Capreolus capreolus, Cervus elaphus) in the Netherlands. 097346

MOUNDS

Prairie **ant** *mound* ecology: interrelationships of microclimate, soils and vegetation. 098801
Studies on a population of large **termite** *mounds* in Uganda [Macrotermes bellicosus, Pseudacanthotermes]. 102915

MOUNTAINS

Development of agriculture and forestry in *mountainous* **area** in Gifu Prefecture, Japan: a case of Kashimomura. 094312
Winter dormancy in seedlings of *mountain* **beech** (Nothofagus solandri var. cliffortioides) near timber line. 100658
An abnormal behavioural trait in **Bernese** *Mountain* Dogs (Berner Sennenhund); a preliminary report. 096568
New and rare liverwort [Hepaticae] species of the Sadecki **Beskid** *mountains.* 098502
Studies on the phenology of *mountain* **biocenoses.** II. The problem of comparative phenology. 098767
Varroa javobsonii crossed the **Carparthian** *Mountains* [Apis mellifera pests, Hungary]. 103252
Expansion of the area of tea growing in *mountainous* **conditions** of the Western [Soviet] Geogia at the present time. 101307
On the correct scientific name of *mountain* **devilpepper** of Misiones (Rauwolfia sellowii, Apocynaceae) [Nomenclature]. 098522
Peculiarities of the formation of surface water flow on **eroded** *mountainous* slopes in the Crimea. 104207
Control of fruit moth in *mountainous* **forests** of Uzbekistan. 102439
A. I. Tolmachev—investigator of **high** *mountain* regions (In memory of his seventieth birthday) [Botanists]. 098481
Relationship between Gasteromycetes and landscape zones andthe latitudinal belts of *mountains* in **Kazakhstan** [Geographic distribution]. 098542
Studies on *mountain* **landslide** fromations by heavy rain in July 1972 in Amakusa district. 104170
Classification of quaking aspen [Populus tremuloides] stands in the Black Hills and Bear **Lodge** *Mountains.* 098064
Late Pleistocene flora at Katy (**Pieniny** *Mountains,* West Carpathians). 098486
Thysanoptera of the **Pieprzowe** *Mountains.* 103141
Weevils (Curculionidae, Coleoptera) of the **Pieprzowe** *Mountains* near Sandomierz. 103142
Sound production in Scolytidae: aggressive and mating behavior of the *mountain* **pine** beetle [Dendroctonus ponderosae]. 102480
Economic impact of *mountain* **pine** beetle [Dendroctonus ponderosae] on outdoor recreation. 102517
Compilation of analyses of rocks taken from the *mountain* **region** for the purpose of assessing forest site capacity (information article with reference data) [East Germany]. 098175
Studies on the causes and the control of the spotted rice. I. On the causing factors of the spotted rice occurred in the *mountainous* **region** of western part of Hiroshima Prefecture [Insect pests]. 102292
Logging residues under different stand and harvesting condition. **Rocky** *Mountains.* 098433
The **Rocky** *Mountain* columbine [Aquilegia caerulea]. 101037
Outbreaks of the western spruce budworm [Choristoneura occidentalis] in the American northern **Rocky** *Mountain* area from 1922 through 1971 [Picea]. 102522
2,6-dichlorophenol, the sex pheromone of the **Rocky** *Mountain* wood tick, Dermacentor andersoni Stiles and the American dog tick, Dermacentor variabilis (Say). 102578
Analysis and evaluation of the working operation of scything intensive grass stands on *mountain* **slopes.** 100935
Transport of molybdenum in *mountainous* **streams,** Colorado [Water pollution, cattle toxicity]. 104487
Bryopogon tatarkiewiczii, a new species of Lichenes from the **Tatra** *mountains.* 098499
Flora of the Ketmen' and **Terskei-Alatau** *mountain* ridges. 098612
Characteristics of agricultural cooperative in *mountainous* **village** in Gifu Prefecture, Japan: a case study in Kashimomura. 094311

MOUNTING

A possible origin and adaptive significance of the *mounting* **behaviour** shown by some female mammals in oestrus. 096950
Study of the mechanisms of *mounting* and **deepening** colters of grain. 103631
Effect of kinematic parameters of a *mounted* **device** on the indices of a unit including a wheel tractor. 103616
Study of the force effect of a **plow** *mounted* on T-150K tractor with the utilization of an electronic computer. 103547
Analysis of the operation of a regulated hydro-mounted system in a *semi-mounted* **plowing** unit. 103608
Pink bollworm [Pectinophora gossypiella] **resistance** *mounts* [Pesticides, cotton]. 102674
A **semi-** *mounted* six-farrow plough 6-PHX-35-H. 103491
Semi-mounted **tipping** trailers for trucks in farm haulage. 103505

MOUTH

Routine titration of *foot-and-mouth* **disease** virus suspensions by analytical ultracentrifugation. 1. Sedimentation method. 097237
Report on the outbreak and control of *foot-and-mouth* **disease** in Perlis. 097280
Foot-and-mouth **disease** in wildlife with particular reference to the African buffalo (Syncerus caffer). 097342
Application of immuno-peroxidase techniques for the detection of *foot-and-mouth* **disease** virus antigens. 097557
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, vesicular exanthema of swine, vesicular stomatitis and *foot-and-mouth* **disease.** 097558
Foot-and-mouth **disease** in white-tailed deer: clinical signs and transmission in the laboratory. 097563
The situation for epizootic diseases [in Sweden and the world at large, **especially** *foot-and-mouth* disease and rabies]. 097438

MOVEMENT

Study of the *movement* of the **air** flow in the zone of the inlet opening of a suction nozzle [Pneumatic fertilizer loader]. 103548
Apolar *movement* of zeatin through Coleus petioles and Pisum [pea] roots as estimated by bioassay and radioactive labeling. 099472
Polarity and localization of **auxin** *movement* in the hepatic, Marchantia polymorpha. 099477
Studies on heavy metal pollution in agricultural land. 1. *Movement* of **cadmium** in paddy soils and absorption of cadmium by rice plants. 104463
Women in **Chipko** *movement* [Forest conservation]. 097995
Changes in gibberellic actvity of twining shoots of Ipomoeapurpurea related to the **circumnutation** *movement.* 099606
Tests of the limiting visual resolution of the DCMD [descending **contralateral** *movement* detector] system of the lubber grasshopper [Romalea microptera] to rectangular. 103019
Stability of *movement* of the **dibbler's** disk selection in vertical plane. 103625
The *movement* of **2,4-dichlorophenoxy** acetic acid in root segments of Pisum sativum L. [Peas]. II. Immobilisation and oscillations in uptake and transport. 100552
Vocational education in agriculture and the career **education** *movement.* 094057
The **hygroscopic** *movement* of the leaves of Dawsonia and someother Polytrichaceae [Musci]. 098915
Meatless wonders?: there's talk of beef strains being 'mongrelized'; parallel seen in **industry** *movement* to current meattype swine [Breeding]. 096986
Movement of **labelled** metabolites from mitochondria to plastids during development [in oats]. 100290
Kinematics of **liquid** *movement* in the reservoir of a hydrodynamic mixer [Sprayers]. 103529
Transportation to or from the central wholesale market of Gifu City and *movement* of **loads** in the market [of farm products]. 094604
Determination of theoretical dependencies of the **material** *movement* in a pneumatic pipeline considering friction [Air dryer]. 103519

Effect of diurnal variation of soil temperature on **moisture** *movement* in the rhizosphere. 103761
On the *move* in **Munich** [Equipment show]. 103567
Ordering of *movement* of **organisms** in a suspension of Chlamydomonas reinhardii Dang. [Algae]. 099994
About the *movement* of a **particle** in an inclined air flow in an aspirating chamber with cascades [Threshing machinery]. 103604
A new extraction method for benomyl residues in soil and its application in *movement* and **persistence** studies. 101514
Movement of **pneumatically** transported material through a pipeline [Discharging-loading device]. 103533
Population *movements* of adult Brachyptera risi (Plecoptera). 103070
Equipment for chemical treatment of **potatoes** *moving* into storage. 103581
Studies on the nitrogen metabolism in Satsuma mandarin orange trees. IV. *Movements* of **proline** in the leaves concurrent with the sprouting of spring shoots and their early growth. 100396
Relative *movement* of water and salts in surface layers of soil under varying soil water regime. 103660
Poliovirus survival and *movement* in a **sandy** forest soil [Wastewater residuals]. 104450
Model for predicting **simultaneous** *movement* of nitrate and water through a loamy sand. 103826
Analysis of the *movement* of **soil** particles over the rotational operation device in the process of lifting and turning over a furrow slice. 103512
A device for determining physical and mechanical properties of soil and studying the *movement* of **soil** particles [Wind erosion]. 104236
The problem of recording the velocity of *movement* of a **tillage** implement in designing its working surface. 103552
Wing *movements* and the generation of aerodynamic forces by some medium-sized insects. 103115

MOWER
Utilization of a **drum** *mower*. 103433
Mowing **lawn** grasses. 101225
Rotary *mower* ZTR-165. 103503

MUCOPOLYSACCHARIDE
Changes in **acid** *mucopolysaccharides* during the development of the blowfly, Calliphora erythrocephala. 102991
Identification of the *mucopolysaccharides* in **catecholamine-containing** subcellular particle fractions from various rat, cat and ox tissues. 096156

MUCOPROTEINS
Hormonal regulation of the secretion of *mucoproteins* by **cells** of the salivary glands of Drosophila melanogaster larvae during the period of metamorphosis. 103102

MUCOR
An endo-(1 to 6)-beta-D-glucanase from *Mucor* **hiemalis** [Fungi]. 099641

MUCORALES
A new acephalous species of Piptocephalis [minuta] *(Mucorales)* **[Fungi].** 098629
New technique for the isolation of **mycoparasitic** *Mucorales* [Fungi]. 098480

MUCOSA
Vitamin B6 nutriture of children with acute celiac disease, celiac disease in remission, and of children with normal **duodenal** *mucosa*. 094971
Sephadex G100-separation of the mucicrinic and the mucimitiginic factors from an extract of [porcine] **duodenal** *mucosa*. 096352
Cycloleucine and methyl-alpha-D-glucoside transport in tissue sections of **magnum** *mucosa* of laying Japanese quail as affected by egg formation cycle. 096598
Studies into activity and properties of adenosine triphosphatase in some organs of swine (liver, cerebral and renal cortex, *mucosa* of **small** intestine). 096215

MUCUS
Concentration of alkaline phosphatase amylase and glucose in **cervical** *mucus* of fertile and infertile cows during oestrum. 096996
Cervical *mucus* changes in infertile ewes previously exposed to oestrogenic subterranean clover. 097028
Bacteriological examinations of **cervical** *mucus* samples of mares within the framework of a survey on breeding hygiene in the warm blooded horses of the Hanover race, 1971-1975. 097488

MUD
Response of sugarcane to filter **press** *mud* and N, P, and K [nitrogen, phosphorus, potassium]. I. Effect on sugarcane yield and sucrose content. 103883
Response of sugarcane to filter **press** *mud* and N, P, and K [nitrogen, phosphorus, potassium] fertilizers. II. Effects on plant composition and soil chemical properties. 103884

MULBERRY
Productivity of silkworm [Bombyx mori] fed with leaves of different varieties and forms of *mulberry* **[Morus].** 103243
The overall analysis on *non-mulberry* **[Morus]** sericulture inSoutheast Asian countries. 103285

MULCH
Studies on the micrometeorology of the mulched soil surface of the rows. II. The effects of mulching or *no-mulching* by the **adiabatic** plate. 1. 104229
Studies on the micrometeorology of the mulched soil surface of the rows. II. The effects of mulching or *no-mulching* by the **adiabatic** plate. 2. 104230
Investigations on the effect of *mulching* with **black** polythene sheeting on tulip and gladiolus development and crop yields. 103897
Polymer materials and the regulation of microclimate in fruit-tree growing [Protected **cultivation,** *mulching].* 101215
Effect of *mulches* on the **growth** and yield of rabi crops in the Mahanadi delta. 104198
Chopper of grapevine [Production of *mulching* **material** for erosion control]. 103643
Effects of *mulching* **materials** on the growth of Narcissus, 1969-1973. 101264
Studies on the micrometeorology of the mulched soil surface of the rows. II. The effects of *mulching* or **no-mulching** by the adiabatic plate. 1. 104229
Studies on the micrometeorology of the mulched soil surface of the rows. II. The effects of *mulching* or **no-mulching** by the adiabatic plate. 2. 104230
Optimizing strawberry yields with drip irrigation and **plastic** *mulch*. 104256
Yield and growth responses of [orchid hybrid] Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, potassium] and **sawdust** *mulch*. 104136
Studies on the micrometeorology of the *mulched* **soil** surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with low Albedo. 1. 104227
Studies on the micrometeorology of the *mulched* **soil** surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with low albedo. 2. 104228
Studies on the micrometeorology of the *mulched* **soil** surface of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 1. 104229
Studies on the micrometeorology of the *mulched* **soil** surface of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 2. 104230
Effect of compost, **straw** *mulches,* and deep plow on soil moisture conservation in newly reclaimed uplands. 104223
Studies on the micrometeorology of the mulched soil surface of the rows. I. An example of using **two** *mulching* materials, one with high albedo, the other with low Albedo. 1. 104227
Studies on the micrometeorology of the mulched soil surface of the rows. I. An example of using **two** *mulching* materials, one with high albedo, the other with low albedo. 2. 104228

MULES
Modified shears help *mules* **operation.** 096121

MULL
Bryum micro-erythrocarpum C. *Mull.* & **Kindb.** And Bryum ruderale Crundw. & Nyh. in the Fontainebleau forest [Musci]. 098689

MULTICELLULAR *see* CELLS

MULTILAYERED *see* LAYERING

MULTIPLE
Mutations in Neurospora crassa [Fungi] which **affect** *multiple* amino acid transport systems. 099546
The matter of the *multiple-story* **beehive** in apiculture. 103314
Productive [honeybee] colonies belong in *multiple-story* **beehives.** 103226
Wintering of honeybees in *multiple-story* **beehives.** 103318
Multiple **cropping:** some lessons [India]. 100825
Production potential and economics of different crop sequences at Rudrur *[Multiple* **cropping].** 100860
Short-duration pulses to fit into *multiple* **cropping.** 101182
Multiple **cropping** of vegetables [India]. 101229
Occurrence of *multiple* **forms** of bull and ram acrosin during proenzyme activation and inhibition of activation by p-nitrophenyl p'-guanidinobenzoate. 096915
Comparative biochemical studies on populations inbreds and lines of **Phaseolus vulgaris** [kidney beans]. Activity and *multiple* **molecular** forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Comparative biochemical studies on populations, inbreds and lines of Phaseolus vulgaris [kidney beans]. 2. *Multiple* **molecular** forms of acid phosphatase and esterase. 100562
Evidence for the *multiple* **oncogenic** potential of cloned leukemia virus: in vitro and in vivo studies with avian erythroblastosis virus [Chicks]. 097669
Inhibition of *multiple* **ovulation** in hypophysectomized hens treated with gonadotrophins. 096961
Elimination of effects of macroscopic environmental variations by *multiple* **regression** equation [Forest trees measurement]. 097967
Application of algal assays to define the effects of wastewater effluents upon algal growth in *multiple* use **river** systems [for the control or prevention of eutrophication]. 104493

MULTIVALENT *see* VALENCE

MUNGBEAN
Properties of *[mung]* **bean** hypocotyl mitochondria isolated in a sucrose-phosphate medium. 100580
Yield potential of some *mung* **bean** (Phaseolus aureus) selections in Fiji. 101127
The involvement of the protonmotive ubiquinone cycle in the respiratory chain of higher plants and its relation to the branchpoint of the alternate pathway *[Mung* **beans].** 100418
Studies on the proteins of green gram *[Mung* **beans].** 100460
Inhibition of ethylene production by cobaltous ion *[Mung* **beans,** apples]. 100546
Partial characterization of a protease inhibitor which inhibits the major endopeptidase present in the cotyledons of *mung* **beans.** 100548
Effect of P [phosphorus], spacing and irrigation on the grain yield of *mung* **[beans]** after rice bean. 100842
Effect of irrigation and row spacing on summer moong *[Mung* **beans].** 101186
Effect of seed soaking in ascorbic acid, succinic acid and cycocel on the yield of moong *[Mung* **beans].** 101187
Leaf blight of green gram *[mung* **beans]** caused by Curvulariaeragrostidis. 101406
Effects of salt stress on growth, nodulation and nitrogen fixation in cowpea and *mung* **beans.** 102006
Studies on seed coat toxicity to rhizobia of urid (Phaseolus mungo) [mungo beans], *mung* **[beans]** (Phaseolus aureus), and soybean (Glycine max). 102070
Response of moong *[mung* **beans]** to graded levels of N [nitrogen] and P [phosphorus]. 104013
Production of **summer** *mung* under low, intermediate and high level of technology. 100461

MUNGO
Mutation frequency in relation to M1 sterility *[Mungo* **beans,** cowpeas]. 099153
Adaptability in black gram (Phaseolus mungo L.) *[Mungo* **beans,** genotype X environment interaction]. 099221
Studies on seed coat toxicity to rhizobia of urid (Phaseolus mungo) *[mungo* **beans],** mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070
Effect of lime and molybdenum on the yield of urad *[Mungo* **beans].** 103975
Effect of P, N [phosphorus, nitrogen] and inoculum on root, nodulation and yield of gram *[Mungo* **beans].** 103984
Response of black gram *[mungo* **beans]** varieties to fertility levels. 104003
Some diseases of *mungo,* **peanut** and soybean. 101835
Adaptability in black gram **(Phaseolus** *mungo* L.) [Mungo beans, genotype X environment interaction]. 099221
Studies on a mosaic disease of Urd bean **(Phaseolus** *mungo* L.). 101775
Studies on seed coat toxicity to rhizobia of urid **(Phaseolus** *mungo)* [mungo beans], mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070

MURINE
Murine **cytomegalovirus** glomerulonephritis: clinical and ultrastructural observations [Mice]. 097225

MUSCA
Face fly *[Musca* **autumnalis]:** a new cattle pest in Louisiana. 102600
Synthesis and insecticidal and acaricidal properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl phosphorus esters. III. *[Musca* **domestica,** Calandra granaria, Aphis fabae, Tetranychus urticae]. 102256
Synthesis, insecticidal and acaricidal properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and 6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl phosphorus esters. II. *[Musca* **domestica,** Aphis fabae, Tetranychus urticae]. 102257
Life cycle and behavior of [the parasitoid] Muscidifurax zaraptor (Hymenoptera: Pteromalidae) *[Musca* **domestica,** biological control]. 102551
Fly *[Musca* **domestica,** Stomoxys calcitrans] control around dairy farms. 102565
Control of house fly *[Musca* **domestica]** and stable fly [Stomoxys calcitrans] breeding in rhinoceros dung with an insect growth regulator used as a feed additive. 102597
About the rate of development and loss of resistence of house flies *[Musca* **domestica]** to chlorophos. 102598
Automatic aerosol dispensers and flies *[Musca* **domestica,** costs]. 102606
High voltage electron microscopy of th optic meuropile of the housefly, *Musca* **domestica.** 102881
A paradoxical concentration effect in the toxicity of fentin acetate for insects *[Musca* **domestica,** Spodoptera littoralis]. 102923
The large pigment cell of the compound eye of the house **fly** *Musca* domestica, fine structure and cytoarchitectural associations. 102883

MUSCADINE
The origin and development of *muscadine* **grape** varieties. 101137

MUSCAT
About the chemical composition and nature of aromatic substances in *muscat* **wines.** 095969

MUSCI
Stability of matter production of submersed macrophytes under a nitrate load as measured by carbon dioxide conversion [Frontinalis **antipyretica,** *Musci].* 100041

Ultrastructure and maturation of the spores of Funaria hygrometrica and Bryum **capillare** *[Musci].* 098917
Bryophytes and overevolution: comparative study of **Ephemeropsis** *(Musci)* and Metzgeriopsis [Hepaticae]. 098567
Leaf tissue of **Fissidens** *[Musci].* 098908
Bryum micro-erythrocarpum C. Mull. & Kindb. And Bryum ruderale Crundw. & Nyh. in the Fontainebleau **forest** *[Musci].* 098689
Vegetative cycle of Aulacomnium androgynum Schwagr. From in vitro cultures of **gemmae** *[Musci].* 099598
Generalized distance (D2) among Himalayan populations of **Gymnostomum** *[Musci].* 098691
Biometrical research in Dicranum scoparium **Hedw.** *[Musci].* 099591
Bryophyta flora of the Sierra de Codes [**Hepatacae,** *Musci].* 098688
Spindle apparatus fine structure during meiosis in Mnium **hornum** L. *[Musci].* 098913
Manganese and structuration of the photosynthetic apparatus in Funaria **hygrometrica** *[Musci].* 098909
Regulation of the differentiation in the moss protonema [Funaria **hygrometrica,** *Musci].* 099596
Comparative processes of cell wall genesis during mitosis and meiosis in Platyhypnidium riparioides (Hedw.) Dix **(Hypnaceae)** *[Musci].* 098906
The localities of Leptodon smithii (Hedw.) Mohr in northern France. Phytogeographical **interest** *[Musci].* 098577
The bryogeographical situation of the Samoa **Islands** *[Musci].* 098574
Scanning electron microscope study of the porosity of the stem hyalodermis of two peat mosses (Sphagnum palustre L. and Spagnum centrale **Jens.)** *[Musci].* 098912
Developmental effects of zeatin, ribosyl-zeatin, and Agrobacterium tumefaciens B6 on certain **mosses** *[Musci].* 101707
Bryological excursion to the "sand-pit of the hare" *[Musci](December* 17, 1972). 098566
Modern problems of bryological **nomenclature** *[Musci].* 098569
Effects of the phytochrome on the development of the bryophytes protonemata [Tetraphis **pellucida,** *Musci].* 099594
Cytophotometrical study of nuclear DNA in the different apical parts of the male gametophyte of Polytrichum formosum Hedw. during the reproductive **phase** *[Musci].* 098907
Taxonomic studies on the species Bryum in Poland. Sect. Erythrocarpa Kindb. and sect. Anaglyphodon **Philibert** *[Musci].* 098504
The amphigenous bryoflora of French **Polynesia** *[Musci].* 098573
On the epicuticular waxes of the sporogone of some **Polytrichaceae** *[Musci].* 098911
The hygroscopic movement of the leaves of Dawsonia and someother **Polytrichaceae** *[Musci].* 098915
Caryological prospection in a Bryum argenteum L. **Population** *[Musci].* 098905
Intercellular exchange problems in the bryophytes protonemata: evidence for transfer phenomena [Ceratodon **purpureus,** *Musci].* 099595
15 years of carographic registration of mosses *[Musci]* in **Saxony**—retrospect and prospects. 098736
The effect of human activity on the bryoflora *[Musci]* in **southwestern** Germany. 098782
A bryological evaluation of the Polynesian **subkingdom** *[Musci].* 098565
Contribution to the *Musci* **systematics** on the basis of comparative studies on leaf development. 098568
Three *Musci* (Holleriaceae) new for the Malagasy Republic [Calyptochaeta asplenoides, Adelothecium bogotense, Distichophyllum rakotomariae]. 098694
Contribution to the study of *Musci* **vegetation** of some formations of Corsican shrubs. 098690

MUSCIDAE

Seasonal variations in nitrogen compounds during sexual maturation of the male gametophytes of Polytrichum formosum **Hedw.** *[Muscidae].* 099597

MUSCIDIFURAX

Life cycle and behavior of [the parasitoid] *Muscidifurax* **zaraptor** (Hymenoptera: Pteromalidae) [Musca domestica, biological control]. 102551

MUSCLE

Biological interactions of *muscle* and **adipose** tissues [Meat]. 095706
Enzymological studies on hereditary **avian** *muscular* dystrophy [Chickens]. 096423
Taenia saginata cysticerci in *muscles* of **beef** cattle. 097229
Genus crotaliar. XXVI. Pyrrolizidine alkaloids for the preparation of *neuro-muscular* **blocking** agents. 099797
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the plasma as well as the changes in the iron contents of the liver and the **breast** *muscle* matter of fattening turkeys. 096593
Myogenesis *[Muscle* **cell** differentiation, chick embryos]. 096519
The subcellular localization of calcium in vertebrate smooth muscle: calcium-containing and calcium-accumulating structures in *muscle* **cells** of mouse intestine. 096310
Pale watery pig meat [pale soft **exudative** *muscle].* Animals likely to produce this can be detected by their reaction to the anaesthetic halothane. 097759
Bovine compositional interrelationships *[Muscles,* **fats].** 095697
Electron cytochemical studies on glycerinated **flight** *muscle* of Locusta migratoria L. The colloidal iron reaction and Alcian blue binding. 102930
Effect of antibacterial inhibitors on protein synthesis in isolated **flight** *muscle* mitochondria of the blowfly Lucilia cuprina: phylogenetic implications. 102942
Musculature of the **head** appendages of Tenebrio molitor (Coleoptera: Tenebrionidae). 102802
Chemical sensitivity of the **hyperneural** *nerve-muscle* preparation of the American cockroach [Periplaneta americana]. 102993
On the fascicle of blood-sucking Diptera, in addition a description of the maxillary glands in Phlebotomus papatasi, together with the *musculature* of the **labium** and pulsatory organ of both the latter species and also of some other Diptera. 103036
Fatty acid oxidation by the **leg** *muscles* of Cybister [confusu] beetle during vigorous exercise. 102900
Growth in sheep. Pre- and post-weaning hormone changes and *muscle* and **liver** development. 096418
Simultaneous recording of circular and **longitudinal** *muscle* contractions of the canine jejunum. 096502
Control of muscle protein degradation and its role in accumulation of *muscle* **mass** [Meats]. 095708
Horseradish peroxidase localization of **masticatory** *muscle* motoneurons in cat. 096469
Motor and sensory fibres of **neck** *muscle* nerves in the cat. 096298
Action of sympathetic nerves on inner and **outer** *muscle* of sheep carotid artery, and effect of pressure on nerve distribution. 096464
Hypoxia increases potassium efflux fom mammalian myocardium [Cat and guinea-pig **papillary** *muscles,* bovine Purkinje fibres]. 096348
Postnatal *muscle* growth [Animals]. 095715
Control of *muscle* **protein** degradation and its role in accumulation of muscle mass [Meats]. 095708
A catheptic protease active in ultimate pH [hydrogen-ion concentration] of **[rabbit]** *muscle.* 096171
Calcium and phosphorus metabolism in steers when fed a supplement of melted calcium polyphosphate and **receiving** *intramuscular* injections of vitamins A,D and E. 096722
The *muscles* and **sense** organs involved in insect flight. 103114
Effect of heat treatment on the ATPase [adenosine triphosphatase] activity of various sarcoplasmic reticulum preparations [Rabbit **skeletal** *muscle].* 096343
Utilization of ascorbic acid curing post-embryonic development of chick **skeletal** *muscle.* 096353
SKeletal *muscle* cellularity in mice selected for large bodysize and in controls. 096369
Mechanism of an active transport of calcium. Ethoxyformylation of sarcoplasmic reticulum vesicles [Rabbit **skeletal** *muscles].* 096426
A Ca2+ [calcium ion]-activated protease possibly involved in myofibrillar protein turnover: Subcellular localization of the protease in porcine **skeletal** *muscle.* 096432
Halothane-induced rigidity and associated glycolytic and energy phosphate changes in red and white fibres of **skeletal** *muscle* of the pig. 096437
Physiological and biochemical alterations in **skeletal** *muscle* with exercise training [Rats]. 096520
Amino-acid sequence of tropomyosin-binding component of rabbit **skeletal** *muscle* troponin. 096521
Effect of troponin component TN-C [rabbit **skeletal** *muscle]* on the inhibition of adenosine triphosphatase activities of mitochondria and chloroplasts by troponin component TN-I [beef heart mitochondria]. 099719
Isometric and isotonic length-tension relations and variations in cell length in longitudinal **smooth** *muscle* from rabbit urinary bladder. 096159
The subcellular localization of calcium in vertebrate **smooth** *muscle:* calcium-containing and calcium-accumulating structures in muscle cells of mouse intestine. 096310
Population dynamics of arterial **smooth** *muscle* cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
The effect of caffeine on excitation-contraction coupling in skeletal and **smooth** *muscle* [Periplaneta americana]. 102982
Anatomy and development of the **somatic** *musculature* of the nematode Ascaris [Swine, horses]. 097407
The tension/length relationship of an insect (Calliphora erythrocephala) **supercontracting** *muscle.* 102941
Nutritional regulation of macromolecular **synthesis** in *muscle.* 096773
Characteristics of *muscle* **tissue** [Meat]. 095703
Metabolism of avian twitch and **tonus** *muscle* [Quail, guineahen, broiler chicken]. 096313
Endogenous prostaglandins and mechanical tension in canine **trachealis** *muscle.* 096180
Gain in weight of the *musculature* of **wild** sheep during the fetal period [compared to domestic sheep]. 096581

MUSEUMS

The entomology library at the U. S. **National** *Museum* of Natural History Smithsonian Institution, Washington, D. C. 102789
The Milwaukee **Public** *Museum* plants a wild idea [A demonstration yard of native plants]. 098460

MUSHROOMS

Fungal toxicity of benomyl and BCM to some edible fungi and pathogenic organisms causing major diseases of *mushroom* **Agaricus** bisporus (Lange) Sing. 101597
Diseases and plagues of *mushrooms.* II. **Bacterial** disease. 1. Literature and research. 101678
Diseases and plagues of *mushrooms.* II. **Bacterial** disease. 2. Bacterial disease in practice. 101679
Mercury **content** of *mushrooms.* 094944
Studies on mushroom flavours. 1. Organoleptic significance of constituants of the **cultivated** *mushroom,* Agaricus bisporus. 095986
Comparative study of the chemical composition of two **cultivated** *mushroom* strains (Agaricus bisporus L.). 100426
Effect of moisture content and porosity in compost at filling on the fermentation of compost during peak heating and yield of **cultivated** *mushroom,* Agaricus bisporus (Lange) Sing. 104125
Some experiments on the composting method of straw of rice var. IR667 (Tongil) as growing substrate of **cultivated** *mushroom* Agaricus bisporus (Lange) Sing. 104128
Delayed release nutrient supplement for *mushroom* **culture.** 101069
Mites of *mushroom* **cultures.** 102452
Studies on mushroom flavours. 3. Some flavour compounds in fresh, canned and dried **edible** *mushrooms.* 095988
Studies on *mushroom* **flavours.** 1. Organoleptic significance of constituants of the cultivated mushroom, Agaricus bisporus. 095986
Studies on *mushroom* **flavours.** 2. Flavour compounds in Coprinus comatus. 095987
Studies on *mushroom* **flavours.** 3. Some flavour compounds in fresh, canned and dried edible mushrooms. 095988
Identification of volatile compounds in seven edible **fresh** *mushrooms.* 100339
Tests for gyromitrin, a poisonous compound in false morel *[mushroom]* **Gyromitra** esculenta. 094946
The structure of lactarorufin B -3,8-ether 14-p bromobenzoate [a metabolite of the *mushroom* **Lactarius** rufus]. 100017
A rough determination of sulphate reduction intensity compared with cystein-35S [sulfur isotopes] incorporation in leaves of soybean, peas and sunflower and in a *mushroom* **mycelium** culture. 100007
Studies on the cultivation of **oyster** *mushroom,* Pleurotus ostreatus (Fr.) Quel. using rice straw as growing substrate. I. Experiments on the development of growing substrates. 104129
Survey on the distribution and environment at the habitat of the **[pine** *mushroom]* Tricholoma matsutake (Ito et Imai) Sing. in Korea. 098845
Beta-mannosidase from the *mushroom* **Polyporus** sulfureus. 100486
Competing and parasitic fungi [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of edible **wood-inhabiting** *mushrooms* [grown on straw and sawdust substrates]. 101673
Effect of spawn from mixed culture of mycelia between different strains of Agaricus bisporus (Lang) Sing. on *mushroom* **yield.** 101249

MUSKEG

Nitrogen fixation in the *muskeg* **ecosystem** of the James Bay Lowlands, Northern Ontario. 103718

MUSKMELONS

Net morphogenesis and characteristics of the surface of *muskmelon* **fruit.** 098998

MUSSEL

Handling and storage of **blue** *mussels* in shell. 095509

MUSTARD

Effect of temperature and humidity on the trapping of **alate** *mustard* aphid, Lipaphis erysimi (Kaltenbach). 102430
Some observations on aphidophagus coccinellid beetles [Lipaphis erysimi] in *mustard* **cultivation.** 102469
Nitrate-N [nitrogen] and total N concentration relationships in several plant species [Maize, spinach, *mustard,* **Festuca** arundinacea]. 099470
Make the rabi oilseeds *[mustard,* **groundnut,** sunflower] pay more. 101177
The increase of seed fertility of Brassicoraphanus through cytological irregularity [Radishes, **Japanese** *mustard].* 099214
Studies on mixed cropping in Tarai region under unirrigatedconditions [Wheat, barley, chickpeas, linseed, Brassica **juncea,** *mustard].* 100866
Sunflower seed cake and *mustard* **oil** cake as substitutes for groundnut cake in poultry rations. 096745
Crop spraying schedules against rapeseeds and *mustard* **pests** [Lipaphis erysimi]. 102371
Effect of nitrogen, phosphorus and potash on the yield of *mustard* in **Rajasthan.** 103979
Winter crops [wheat, barley, sunflower and *mustard]* in **saturated** soils of Sunderbans. 100827
The influence of chlorocholine chloride (CCC) on the growth and leaf pigment content of Phaseolus vulgaris L. [Kidney beans, *mustard]* and **Sinapis** alba L. 100364

Occurrence and causes of seed discoloration in commercial seed lots of **white** *mustard* (Sinapis alba) [Alternaria tenuis]. 101309
Cultivation of different, special crops [Rape, **yellow** *mustard]*. 100907

MUTAGENESIS

Mutants of sweet pepper induced by **chemical** *mutagens*. 099232
Forms of gladiolus produced by treatment with **chemical** *mutagens*. 099347
Variability of varieties and forms of buckwheat in M1 [generation] as a result of exposure to **chemical** *mutagens*. 099396
Use of **chemical** *mutagenesis* for the production of millet forms with an increased protein content. 099407
Effect of physical and **chemical** *mutagens* on the anatomical and morphological structure of sugarbeets. 099419
About the role of genotype and the mutagenic factor in **experimental** *mutagenesis* of wheat. 099242
Response of spring wheat to the **exposure** to *mutagens*. 099427
About the role of genotype and the *mutagenic* **factor** in experimental mutagenesis of wheat. 099242
Study of the effect of some *mutagenes* on the **field** bean seeds. 099305
Process of reduction division and the metabolism in sugarbeets in **relation** with *mutagenesis*. 099425
Mutagenic **selectivity** of carcinogenic nitroso compounds. III. N,alpha-acetoxymethyl-N-methylnitrosamine [Drosophila melanogaster]. 102886
Division delay and DNA degradation after *mutagen* **treatment** of the yeast, Saccharomyces cerevisiae. 099341
Genetic control of nutation process in Aspergillus nidulans[Fungi]. II. Study of **ultraviolet-induced** *mutagenesis* in uvs strains. 099229

MUTANTS

Mutants of **Aspergillus** nidulans [Fungi] lacking pyruvate kinase. 099218
N-nitroso-N-methylurea resistance of sunflower cytoplasmic **chlorophyll** *mutants* induced by this agent. 099405
Electrophoretic mobility and enhanced infectivity of a *mutant* of **cowpea** mosaic virus. 101812
Unifoliolate leaf: a *mutant* in **cowpeas.** 099331
Two segregating **cytoplasmic** *mutants* of barley. 099240
Aneuploids from a **desynaptic** *mutant* in soybeans (Glycine max (L.) Merr.). 099155
Use of *mutants* to **establish** (+)-scytalone as an intermediate in melanin biosynthesis by Verticillium dahliae [Fungi]. 099635
Effect of different types of mutations on the development of the organism in the homo- and heterozygous states (taking as an **example** *mutants* of Pisum sativum L.) [Peas]. 099400
Studies on the **female-sterile** *mutant* rudimentary of Drosophila melanogaster. I. An analysis of the rudimentary wing phenotype. 102909
Use of X-ray and **gamma-induced** *mutants* of lactic acid bacteria in the manufacture of dairy products. 095632
Alterations of the phospholipids in a rhythmically **growing** *mutant* of Podospora anserina (Ascomycetes) [Fungi]. 099527
Yield and quality of grain of spring wheat **hybrids** and *mutants*. 099433
Spectral properties of system **I-deficient** *mutants* of Chlamydomonas reinhardi [Algae]: Possible occurrence of uphill energy transfer. 099552
Quality of grain of **induced** *mutants* of wheat. 099426
Characterisation of induced high protein and high **lysine** *mutants* in barley. 099335
Electrophoretic spectra of zein and the fractional composition of protein in high-lysine **maize** *mutants*. 100126
Reproducibility of vitamin assays with *mutants* of **Neurospora** crassa [Fungi] maintained by freeze-drying. 099631
Assembly of the motochondrial membrane system. XVI. Modifies form of the ATPase [adenosinetriphosphatase] proteolipid in **oligomycin-resistant** *mutants* of Saccharomyces cerevisiae [Yeasts]. 099717
UV [ultraviolet]-induced lethal sectoring and **pure** *mutant* clones in yeast [Saccharomyces cerevisiae]. 099350
Temperature-sensitive changes in surface modulating assemblies of fibroblasts transformed by *mutants* of **Rous** sarcoma virus. 097585
A procedure for specifically selecting temperature **sensitive** *mutants* of tobacco mosaic virus. 101760
Ternopol multifoliate form of red clover **[Spontaneous** *mutant]*. 099337
Isolation and characteristics of **streptomycin-resistant** *mutants* in Rhizobium japonica [Nodule bacteria]. 103832
Simple maize hybrids synthesized from *mutant* **sub-lines.** 099429
Mutants of **sweet** pepper induced by chemical mutagens. 099232
Role of **temperature-sensitive** *mutants* in persistent infections initiated with vesicular stomatitis virus. 097425
Temperature-sensitive *mutants* of vesicular stomatitis virus are conditionally defective particles that interfere with and are rescued by wild-type virus. 097426
Characterization of a **temperature-sensitive** *mutant* of Saccharomyces cerevisiae [yeasts] that undergoes uncontrolled protein synthesis. 099627
Protein synthesis following infection of the blue-green alga Plectonema boryanum with the temperate virus SPl and its **ts** *mutants*. 101816
Technological and biochemical characteristic of hybrids—**wheat** *mutants*. 099431

MUTATION

Study on the hereditary variation in native aboriginal breeds of farm animals. I. *Mutability* in the **activity** of some plasma enzymes and hematologic indexes in Bulgarian Grey cattle of southeast Bulgaria. 097086
Differential egg cannibalism among larvae of Tribolium castaneum as influenced by the **antennapedia** *mutation*. 102862
Mutation **breeding** of Chrysanthemum morifolium Ram. Using in vivo and in vitro adventitious bud techniques. 099200
Mutation **breeding** of autotetraploid Achimenes cultivars. 099201
A new translocation in barley resulting in a cytologically market karyotype **[Chromosomal** *mutations]*. 099348
Distribution of non-complementing and polarly **complementing** *mutations* within ade2 locus of yeast Saccharomyces cerevisiae. 099226
Effect of different types of *mutations* on the **development** of the organism in the homo- and heterozygous states (taking as an example mutants of Pisum sativum L.) [Peas]. 099400
An EMS [ethyl methanesulfonate] induced **dominant** *mutation* for pollen sterility in Petunia. 099127
Mutation **frequency** in relation to M1 sterility [Mungo beans, cowpeas]. 099153
Effect of different concentrations of F-57 on the **frequencyof** *mutations* induced by irradiation (300 roentgens) in mice. 096920
Observations on *mutation* in **Gasteria** liliputana v. Poellnitz. 099336
Radioprotective effect of F-57 preparation in the cell culture of the Chinese **hamster** *[Mutations]*. 096922
Mutability and **heritability** of udder dimensions and milkability in the Bulgarian Red cattle. 097084
Induced *mutation* in [kidney] beans (Phaseolus vulgaris) to obtain varieties resistant to golden mosaic virus. 2. 101722
EMS [ethyl methane sulphonate] and MMS [mehtyl methane sulphonate] induced **leaf** *mutations* in peas. 099151
The genetics of black larva, an autosomal recessive **lethal** *mutation* located on chromosome 3 in the mosquito Anopheles albimanus. 102865
Dynamics of the expression of spontaneous dominant **lethal** *mutations* during the ontogenesis of Drosophila [melanogaster]. 103101
The genetics of the Mediterranean fruitfly, Ceratitis capitata: three **morphological** *mutations* [for ecological studies and genetic control]. 102811
Mutations in **Neurospora** crassa [Fungi] which affect multiple amino acid transport systems. 099546
Inheritance of a naturally **occurring** *mutation* in a giant water bug [Abedus herberti]. 102985
Wrinkled rachis and husk—an EMS induced true breeding **panicle** *mutation* in rice. 101797
Gibberellic acid protection against EMS [ethyl methane sulphonate] and MMS [methyl methane sulphonate] induced damage to chromosomes in Pisum sativum L. **[Peas,** *mutation]*. 099158
Effect of F-14 indene compound on the *mutation* **process** induced by irradiation in mice spermatogonia. 096921
Protection of Drosophila spermatogonia from **radiation-induced** *mutations*. 102955
Cis-dominant **regulatory** *mutations* affecting the formation of glucose-repressible alcohol dehydrogenase (ADHII) in Saccharomyces cerevisiae [Yeasts]. 099865
Is DDT [dithiothreitol] a means to improve the *mutation* **spectrum** of vegetatively propagated plants? [Achimenes]. 099193
Allelism of **spontaneous** *mutations* which affect viability in the 2 chromosome of LA Drosophila melanogaster strain. 102944
Mutational **variability** of maize as a result of seed storage. 099424
Visible *mutation* induction in Mormoniella by low frequency ultrasonic **energy.** 102987

MUTTON

Weight loss [in the processing of **carcasses,** *mutton]*. 095724
Phenotypic and genotypic parameters of fleece weight of *Mutton* **Merino** sheep at different ages. 097085
A econometric analysis of the demand for *mutton* and **poultry** in Iran [Markets]. 094458

MYCELIA

The effect of phytoncides, root and leaf extracts of some [woody] plants on the growth of Fomes **annosus** *mycelium* in culture. 101452
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on polyacrylamide gel of soluble protein and laccase from the *mycelium* of **Coriolus** versicolor [Fungi]. 099497
Hypoxylon mammatum ascospore germination and *mycelial* **growth** on bark and wood media from young branches of trembling aspen [Populus tremuloides]. 101377
The influence of soil biological factors on the *mycelial* **growth** of Fomes annosus [Trees]. 101453
A rough determination of sulphate reduction intensity compared with cystein-35S [sulfur isotopes] incorporation in leaves of soybean, peas and sunflower and in a **mushroom** *mycelium* culture. 100007
A particulate chitin synthase from Aspergillus flavus Link [Fungi]: the properties, location, and levels of activity in *mycelium* and **regenerating** protoplast preparations. 099626
Effect of sodium chloride on the content of thiolic compounds and melanin in a culture of the tissue of a sterile fungus *[Mycelia* **sterilia]** isolated from tissue of American Kochia. 099991
Effect of spawn from mixed culture of *mycelia* between different **strains** of Agaricus bisporus (Lang) Sing. on mushroom yield. 101249
Germination of spores and growth of *mycelia* in **wood** extracts of different individuals of Picea abies. 101440

MYCOBACTERIACEAE

Lymphocyte immunostimulation in the diagnosis of *mycobacterial* and **viral** infections of cattle and swine. 097534

MYCOBACTERIUM

Tuberculosis in brood sows and pigs slaughtered in Iowa *[Mycobacterium* **avium].** 097230
Avarian tuberculosis on small farms in Aguas Mornas, Santa Catarina *[Mycobacterium* **avium].** 097470
Bovine bacillus tuberculosis *[Mycobacterium* **bovis]** of dairycattle treated by Mycobacterium chelonei and anergics of bovine tuberculosis. 097274
Tuberculous and Pseudotuberculous cervical lymphadenitis ofswine for slaughter in Pernambuco *[Mycobacterium,* **Corynebacterium** equi]. 097475
Aggregation and anticomplementary activity of an antigen used in the complement fixation test for Johne's disease *[Mycobacterium* **johnei,** in cattle and sheep]. 097596
Presumptive paratuberculosis *[Mycobacterium* **paratuberculosis]** in a Virginia white-tailed deer. 097434
Paratuberculosis in cattle *[Mycobacterium* **tuberculosis].** 097442

MYCOFLORA *see* FUNGUS

MYCOLOGISTS

Chemical reagents in the hand of the *mycologist*. 2. Some **dyes** for microscopic study [of fungi]. 099056

MYCOLOGY

History and activity of the **Geneva** *Mycological* Society. 098471
Methods used for the preservation of the Fungus Collection of the **Phytopathological** *Mycological* Section of the Biological Institute of Sao Paulo. 098478

MYCOPLASMA

Pneumonia and arthritis in gnotobiotic calves following inoculation with *Mycoplasma* **agalactiae** subsp bovis. 097665
Evaluation of **avian** *mycoplasma* membranes as antigens [Mycoplasma gallisepticum and Mycoplasma synoviae, chickens]. 097258
Mycoplasmalike **bodies** observed in the plants of bottle gourd, chayote and balsam-pear [Lagenaria leucantha, Sechium edule, Momordica charantia] with witches'-broom [disease] in Taiwan. 101787
Morphology, morphometry and electron microscopy of HeLa cells infected with **bovine** *Mycoplasma*. 097300
Production of antiserums in horses to *mycoplasmas* of **bovine** origin and their use in growth-inhibition and fluorescent-antibody tests. 097542
Submission of specimens for **bovine** *mycoplasma* examination-duration of survival under various conditions. 097549
Infertility of cattle **caused** by *mycoplasmas*. 097336
A witches'-broom *[mycoplasma]* **disease** of jujube from India [Graft-transmissible diseases]. 101783
The resistance of fruit and berry crops to virus and *mycoplasma* **diseases.** 101758
Growth, cytopathogenicity and morphology of Mycoplasma gallisepticum and *mycoplasma* **gallinarum** in tracheal explants [Chick embryos]. 097397
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of *Mycoplasma* **gallinarum** in chicks, turkey poults, tracheal organ cultures and embryonated fowl eggs. 097595
Evaluation of avian mycoplasma membranes as antigens *[Mycoplasma* **gallisepticum** and Mycoplasma synoviae, chickens]. 097258
Growth, cytopathogenicity and morphology of *Mycoplasma* **gallisepticum** and mycoplasma gallinarum in tracheal explants [Chick embryos]. 097397
A comparison of the virulence of three strains of *Mycoplasma* **gallisepticum** and one strain of Mycoplasma gallinarum in chicks, turkey poults, tracheal organ cultures and embryonated fowl eggs. 097595
Bovine infertility associated with *Mycoplasma* **infection.** 097301
Prevention of *mycoplasma* **mastitis** [Dairy cattle, antibiotics]. 097306
Pathology of goats and sheep experimentally infected with *Mycoplasma* **mycoides** var. capri. 097454

Immunoglobulin classes in genital secretions of *mycoplasma-infected* and **normal** heifers. 097380
Mycoplasmalike **organism** found in the phloem of bunch-diseased walnuts [Juglans]. 101750
Citrus dieback [caused by *mycoplasma-like* **organisms,** transmitted by Toxoptera citricidus]. 101717
Demonstration of *mycoplasmalike* **organisms** in the phloem of trees with pear decline or proliferation symptoms by fluorescence microscopy? 101779
The experimental infection of specific pathogen free lambs with *Mycoplasma* **ovipneumoniae.** 097606
Mycoplasma **recovered** from bovine male and female genitalia and aborted foeti. 097537
A survey of T *mycoplasmas* in **ruminants.** 097501
Effect of route of Newcastle disease vaccination on the incidence of airsacculitis in chickens infected with *Mycoplasma* **synoviae.** 097254
Efficacy of chlortetracycline against *Mycoplasma* **synoviae** isolated in two periods [Chickens]. 097255
Evaluation of avian mycoplasma membranes as antigens [Mycoplasma gallisepticum and *Mycoplasma* **synoviae,** chickens]. 097258
Serologic studies with *Mycoplasma* **synoviae** in experimentally inoculated chickens. 097266
An anamnestic response to challenge with **virulent** *Mycoplasma* mycoides subsp. mycoides of cattle immune to contagious bovine pleuropneumonia. 097395

MYCOPLASMOSIS

Immune response to **genital** *mycoplasmosis* in bulls. 097630

MYCORRHIZA

The biology of *mycorrhiza* in the **Ericaceae.** VI. The effects of mycorrhizal infection and concentration of ammonium nitrogen on growth of cranberry (Vaccinium macrocarpon Ait.) in sand culture. 100515
Studies on **eucalypt** *mycorrhizas.* I. A method of Mycorrhiza induction in Eucalyptus gummifera (Gaertn. & Hochr.) by Pisolithus tinctorius (Pers.) Coker & Couch [Fungi]. 100625
Quantitative aspects of the association of Cenococcum graniforme *[mycorrhizae]* with **Fagus** grandifolia in Indiana. 098791
Studies on eucalypt mycorrhizas. I. A method of *Mycorrhiza* **induction** in Eucalyptus gummifera (Gaertn. & Hochr.) by Pisolithus tinctorius (Pers.) Coker & Couch [Fungi]. 100625
The biology of mycorrhiza in the Ericaceae. VI. The effects of *mycorrhizal* **infection** and concentration of ammonium nitrogen on growth of cranberry (Vaccinium macrocarpon Ait.) in sand culture. 100515
Development of *mycorrhizal* **infections** from Endogone spores and infected root segments. 101645
A field survey of *mycorrhizas* in **New** Zealand ferns. 099875
Spore dispersal of Endogonaceae [Fungi] by worms, ants, wasps, and birds **[Vesicular-arbuscular** *mycorrhiza].* 099624

MYCOSIS

Bovine *mycotic* abortion: serology as an aid in diagnosis. 097509

MYCOSPHAERELLACEAE

Tolerance of *Venturia* **pirina** to benzimidazole fungicides [Pear scab]. 101568
Epidemology of apple **scab** *(Venturia* inaequalis) on Lar Ambri and Duda Ambri [varieties]. 101477

MYCOTOXICOSIS

Mycotoxicoses of **domestic** animals and their diagnosis. 097846

MYCOTOXINS

Identification and determination of the *mycotoxins* **(aflatoxins)** in various species of oil seed and their toxicity [Edible oil contamination]. 094812
Mycotoxins in **animal** feeds. 096050
Mycotoxins in **dairy** products [Food contamination]. 094884
Mycotoxins in **food** [Contamination]. 094924
Mycotoxins in **foodstuffs.** VI. Formation of sterigmatocystin in bread by Aspergillus versicolor [Fungi]. 094945
Teratological evaluation of zearalenone administered orally to the rat **[Fusarium,** *mycotoxin].* 097796
Bovine hemorrhagic syndrome related to T-2 *mycotoxin* **[Fusarium** tricinctum]. 097843
Effect of citrinin, a *mycotoxin* **produced** by Penicillium citrinum, on laying hens and young broiler chicks. 097840
Studies on the production of *mycotoxins* and their **quantitative** determination. 5. On the synthesis of ochratoxin A and penicillic acid by Aspergillus ochraceus [Fungi] in. 094888

MYELIN

The protein composition of **bovine** *myelin-free* axons. 096254

MYELOID

Some characteristics of a *myeloid* and a **lymphoid** leukaemia of mice and their susceptibility toward cytostatic agents. 097648

MYELOPATHY

Necrotizing *myelopathy* secondary to embolization of herniated intervertebral disk material in the dog. 097736
Necrotizing *myelopathy* in a cat. 097737

MYELOPROLIFERATIVE

Myeloproliferative **disorders** and associated leukemias in the cat: pathogenesis diagnosis, cytology, therapy and control. 097697

MYIASIS

[Dermal] *myiasis* **caused** by Lucilia sericata (Meigen) in a rabbit. 102614
Natural and acquired resistance in rodent hosts to *myiasis* by **Cuterebra** fontinella (Diptera: Cuterebridae). 102585
Myiasis in **man** and other animals [by the larvae of dipterousinsects] in Trinidad and Tobago (1972-73). 102615

MYLITTA

Early stages of Phyciodes pallida, Phycoides orseis, and **Phycoides** *mylitta* (Nymphalidae). 103187

MYOBIIDAE

Myobiid **mites** (Acarina, Myobiidae) parasitic on bats in Japan. I. Genus Calcarmyobia [japonica] Radford 1952 [New taxa]. 102553

MYOCARDIA

An ultrastructural study of the liver, kidney and *myocardium* in the **fatty** liver and kidney syndrome in the fowl. 097761
Coffee, *myocardial* **infarction,** and sudden death. 095164
Hypoxia increases potassium efflux fom **mammalian** *myocardium* [Cat and guinea-pig papillary muscles, bovine Purkinje fibres]. 096348
Fatty acid and prostaglandin composition of left **ventricular** *myocardium* from dexamethasone-treated dogs with severe low output syndrome (LOS). 097758

MYOFIBRIL

A Ca2+ [calcium ion]-activated protease possibly involved in *myofibrillar* **protein** turnover: Subcellular localization of the protease in porcine skeletal muscle. 096432

MYOGLOBIN

Comparison of the amino acid sequence of pig **heart** *myoglobin* with other ungulate myoglobins. 096234
The determination of hemoglobin and *myoglobin* **residues** as a parameter for testing heat exposure in back bacon. 094822
Comparison of the amino acid sequence of pig heart myoglobin with other **ungulate** *myoglobins.* 096234

MYOPATHY

Myodystrophy, a **new** *myopathy* on chromosome 8 of the mouse. 095821

MYOPORACEAE

Systematic palynology of tribe Leucophylleae (Scrophulariaceae) and **selected** *Myoporaceae.* 1. 098679

MYOSIN

The effect of phosphorylation of [chicken] **gizzard** *myosin* on actin activation. 096227
Tension development in skinned glycerinated rabbit psoas fiber segments irrigated with **soluble** *myosin* fragments. 096253

MYRIOPODA

Cephalic segmental organs of Scutigerella **(Symphyla,** *Myriapoda).* 103129

MYROSINASES

Properties and function of **plant** *myrosinases* [Cruciferae, enzymes]. 099792

MYXOMYCETES

A non-penetrating thiol reagent mimics cytochalasin A inhibition of secretory protein synthesis [Achlya **ambisexualis,** *Myxomycetes].* 099523

MYZUS

Trials for standardization of aphid flight survey with yellow water pan trap. II. Suitable location of water trap for catching alate aphids *[Myzus* **persicae,** Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387
Isometric, viruslike particles in the green peach aphid, *Myzus* **persicae.** Their intracellular localization and distribution within the aphid body [Vectors of plant viruses]. 102436
Evaluation of some systemic granular insecticides against *Myzus* **persicae** Sulzer on potatoes [Vectors of viruses]. 102458
Simultaneous transmission of broadbean wilt and cucumber mosaic viruses by **single** *Myzus* persicae (Sulz.). 101825

NADP

C4 grasses: an anatomical criterion for distinguishing between *NADP* **[carbon]-malic** enzyme species and PCK or NAD [nicotinamide adenine denucleotide phosphate]-malic enzyme species. 098887
Affinity chromatography of *NADP* **[nicotinamide** adenine dinucleotide phosphate]-specific isocitrate dehydrogenase from the pupa of Bombyx mori. 103206

NAPHTHALENEACETIC

Respiration and NADH *[naphthaleneacetic* **acid** dehydrogenase]-oxidation of the roots of flood-tolerant and flood-intolerant Senecio species as affected by anaerobiosis. 099897

NAPHTHOL

Microbial degration of *1-naphthol* [the **major** chemical and biological breakdown product of the insecticide carbaryl]. 102662

NAPHTHOQUINONE

The biosynthesis of the *naphthoquinone* **7-methyljuglone** [Drosera capensis]. 099534

NARCISSUS

Storage of *Narcissus* **bulbs** for field planting. 095949
Effects of planting density and research with 1 and 2 year **crops** of *Narcissus.* 101265
Effects of mulching materials on the growth of *Narcissus,* 1969-1973. 101264

NARINGENIN

A high-pressure liquid chromatographic method for the resolution and quantitation of naringin and *naringenin* **rutinoside** in grapefruit juice. 095915

NARINGIN

A high-pressure liquid chromatographic method for the resolution and quantitation of *naringin* and **naringenin** rutinoside in grapefruit juice. 095915

NASAL

Occurrence and significance of *nasal* **bot** [Cephenemyia stimulator] infestation in roe bucks (Capreolus capreolus). 102569
Fibrillation of tropoelastin induced by proteoglycan **[Bovine** *nasal* cartilage]. 096346
Nasal **mites** of the subfamily Speleognathinae (Ereynetidae) from birds in Texas. 102594
Neoplasms of the *nasal* **passages** and paranasal sinuses in domesticated animals as reported by 13 veterinary colleges. 097684
Sodium- and potassium-activated adenosine triphosphatase of the *nasal* **salt** gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
Studies on the epizootiology of *nasal* **schistosomiasis** [Schistosoma nasale] of bovines. 1. Prevalence and incidence of infection. 097451
Nasal **tumors** of dogs. Surgical excision by dorsal approach. 097698
Nasal **tumors/surgical** biopsy. 097699

NASONIA

Visible mutation induction in *Mormoniella* by **low** frequency ultrasonic energy. 102987

NATAL *see* BIRTH

NATRIUM *see* SODIUM

NAVEL

Chlorophyll concentrations in *navel* **orange** leaves in relation to iron status, leaf age, and season. 100469

NAVICULA

Studies on the comparative ultrastructure and pigments content of the chromatophores of *Navicula* **ostrearia** (Gaillon) Bory [Algae] cultured in optimal and deficient media. 098922

NECK

Motor and sensory fibres of *neck* **muscle** nerves in the cat. 096298

NECROSIS

A presumptive diagnosis of **avian** *necrotic* enteritis in the fowl (Gallus gallus domesticus) from Assam (India). 097245
Seventh supplementary list of wheat varieties classified according to their genotype for **hybrid** *necrosis* and geographical distribution of Ne-genes. 099210
Necrotizing **myelopathy** secondary to embolization of herniated intervertebral disk material in the dog. 097736
Necrotizing **myelopathy** in a cat. 097737
Autoradiographic analysis of macromolecular syntheses in **prospectively** *necrotic* cells of the chick limb bud. II. Nucleic acids. 096338
Occurrence on rose of a virus belonging to **Prunus** *necrotic* ringspot group (NRSV), indexing methods on indicators. 101773
Study on the properties of two strains of the *necrotic* **ringspot** virus (NRV) isolated from almond trees (Prunus amygdalus Stokes) grown in Bulgaria. 101753
Olpidium brassicae [vector of] **tobacco** *necrosis* virus, and Pythium spp. in relation to rusty root of carrots in Ontario and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
Augusta disease in tulips. Field experiments concerning **tobacco** *necrosis* virus and its [fungus] vector Olpidium brassicae. 101803

RNA polymerase from **tobacco** *necrosis* virus infected and uninfected tobacco. Purification of the membrane-associated enzyme. 101817

NECTAR

When do we begin to prepare honeybee colonies for the *nectar* **flow**? 103317
Study on the *nectar* and **honey** productivity of red raspberry (Rubus idaeus L.) and European blackberry (Rubus fructicosus L.). 101158
Evaluation of sample size in investigation on *nectar* **secretion** of plants. 099961
Comparison of population of red clover with short corollas with common cultivated varieties *[Nectar* **secretion,** bee pollination]. 100297
The soybean and its *nectar* **secretion.** 100329
Migration with honeybee colonies to *nectar* **sources.** 103304

NECTARINES

Fruit growth and **cracking** in *nectarines.* 101922
Controlled atmosphere storage of Eastern-grown **peaches** and *nectarines.* 095934

NECTRIA

Production of *Nectria* **coccinea** perithecia in culture on a natural medium [Agent of Betula bark disease]. 101654

NEEDLE

Discosia [pini] *needle* **blight** of Pinus densiflora Sieb. Et Zucc. and Pinus thunbergii Parl. 101485
Mortality of longleaf pine [Pinus palustris] seedlings following a winter burn against **brown-spot** *needle* blight [Scirrhia acicola]. 101660
Epiphytology of a *needle* **cast** fungus, Lophodermella morbida, in ponderosa pine [Pinus ponderosa] plantations in western Oregon. 101421
Synthesis of the crank-rocker mechanism of the *needle* **gear** in a binding apparatus of a hay baler. 103634
Dependence between the content of nutrients in the *needles* and the **growth** of pine trees. 100655
The effectiveness of benlate, topsin and polycarbacin in the control of **pine** *needle* cast [Lophodermium pinastri] in forest nurseries. 101608
The ultrastructure of the host-parasite interface in the *needles* of **Pinus** nigra infected with Lophodermella sulcigena. 101316
Characteristics of Scots pine [Pinus sylvestris] from the Zahorska nizina lowland according to the **variability** of the *needles.* 100656
Seasonal incidence of microbes on the surface of first **year** *needles* of Norway spruce [Picea abies]. 101657

NEMATOCIDE

Nematicidal **activity** of secondary and tertiary alkyl amides and amines [Panagrellus redivirus, plant pathogenic nematodes]. 101893
Experiments for the control of the cereal cyst nematode (Heterodera **avenae**) with *nematocides.* 101904
Reducing severity of ozone damage to tobacco and beans by combining benomyl or carboxin with **contact** *nematicides* [Air pollution injuries]. 102019
Influence of DD [dichloropropane, dichloropropene] *nematocide* [used to **control** Heterodera schachtii] on biological value of some vegetables [Cabbage, Brussels sprouts and red beets]. 101853
Investigations on the stimulating and *nematocidal* **effect** of hexachlorbutadien. 101908
The dynamics of [the *nematicide]* **Fensulfothion** residues in cucumbers for pickling and in cutting lettuce. 102657
Efficacy of **systemic** *nematicides* in the control of Heterodera gottingiana on peas. 101964
Effect of **three** *nematicidal* soil treatments on the growth of tobacco plants. 100246
Behavior of **two** *nematicides* in the control of nematodes in a strawberry nursery. 101958
Cool season annual pasture mixtures as affected by autumn irrigation and *nematicide* in the **wiregrass** area [Culture]. 100757

NEMATODE

Observations on development of the gonad and on reproduction in *[nematode]* **Aphelenchus** avenae [in relation to time and feeding periods on Rhizoctonia solani]. 101933
Anatomy and development of the somatic musculature of the *nematode* **Ascaris** [Swine, horses]. 097407
Potential [plant] hosts of **burrowing** *nematode* [Radopholus similis] in Fiji. 101897
Occurence and control of *nematodes* affecting **carrot** crops in Cyprus [Paratylenchus neoamblycephalus, Pratylenchus thornei]. 101975
Dichloropropene-dichloropropane to control Heterodera carotae *[Nematodes,* **carrots**]. 101962
Fungi and the decrease of **cereal** *cyst-nematode* populations in cereal monoculture. 101872
An Italian biotype of the **citrus** *nematode* [Tylenchulus semipenetrans]. 101956
Variability of biometric characters in second stage larvae of the **citrus** *nematode,* Tylenchulus semipenetrans Cobb, 1913. 101987
Furnaria maryanneae n. Sp. And Proleptonchus weischeri n. Sp. (Nematoda: Dorylaimida) from Europe and new synonyms in Leptonchoidea *[Nematodes* **collected** from wooded areas in West Germany]. 103777
Host plants, distribution, and ecological associations of Hoplolaimus **columbus** *[Nematodes].* 101930
Parasitism of Beta vulgaris [beets] by Meloidogyne hapla and Heterodera schachtii alone and in **combination** *[Nematodes].* 101934
Effects of treating a peach orchard soil by chloropicrine or fumigation on the growth and mineral composition of ryegrass [Lolium] and peach trees planted in this soil *[Nematode* **control**]. 099460
Preliminary field experiments on the use of Nefusan [dazomet] in potato root eelworm (Heterodera rostochiensis Woll.) **control** *[Nematodes].* 102023
Effect of Indigofera hirsuta on Belonolaimus longicaudatus, Meloidogyne incognita, and Meloidogyne javanica and subsequent crop yields [Biological control of *nematodes,* **cover** crops]. 102014
Studies on the distribution of the genus Meloidogyne on theisland of **Crete** *[Nematodes].* 102068
Cacopaurus pestis Thorne, 1943 *(Nematoda:* **Criconematoidea**) in Spain. [Nematode of Juglans regia]. 101959
Breeding for resistance to cereal **cyst** *nematode* in wheat. 099169
Cereal **cyst** *nematode,* Heterodera avenae Woll., in France: damage, biological characteristics and prospects of control. 101868
Cereal **cyst** *nematode* [Heterodera avenae] and N [nitrogen] fertilization. 101869
Experiments for the control of the cereal **cyst** *nematode* (Heterodera avenae) with nematocides. 101904
A case of intersexuality in Xiphinema ingens Luc et **Dalmasso** *(Nematoda,* Longidoridae) [Collected from the olive rhizosphere]. 101955
Susceptibility of three onion varieties to Ditylenchus **dipsaci** *[Nematodes].* 101984
Carcharolaimus banaticus n. Sp. *(Nematoda:* **Discolaimidae**) and its ecology [in a vegetation succession in Deliblato Sands, Banat, Yugoslavia]. 101960
Nematode **disease** in pecan culture. 101999
Production of onion seedlings free from **Ditylenchus** *dipsaci[Nematodes].* 101977
Reproduction of of [the *nematode]* **Ditylenchus** dipsaci in onion varieties. 101979
Weed hosts of [the *nematode]* **Ditylenchus** dipsaci in Apulia. 101988
Furnaria maryanneae n. Sp. And Proleptonchus weischeri n. Sp. *(Nematoda:* **Dorylaimida**) from Europe and new synonyms in Leptonchoidea [Nematodes collected from wooded areas in West Germany]. 103777
Longidoroidea (Thorne, 1935) n. Rank. *(Nematoda:* **Dorylaimina**) with the description of Xiphinema neoamericanus n. sp. from India and proposal of a new name for Xiphinema americanum sensu Carvalho (1956) non Cobb, 1913 [collected from soil around roots of Juglans regia]. 101971
Studies on the development and chemotherapy of larvae of Parascaris **equorum** *(Nematoda:* Ascaridoidea) in experimentally and naturally infected foals. 097419
Anesthetization of morphologically smillar species with carbon dioxide for separation and culture *[Nematodes* **extracted** from soil, reared on alfalfa]. 103776
Two semi-automatic elutriators for **extracting** *nematodes* and certain fungi from soil. 103778
Xiphidorus yepesara n. Gen., n. Sp. (Nemata: Longidoridae) from Brazil *[Nematode* **fauna** from soil around roots of passion fruit]. 101989
A contribution to the knowledge of the [plant parasitic] *nematode* **fauna** in pine seed-beds of the Forest Experimental Farm, Siemianice, district Kepno. 102022
Heterodera hordecalis—a cyst **forming** *nematode* that attacks grain and grasses—found in Sweden. 102054
Investigations of the host specificity of **gastro-intestinal** *nematodes* of roe deer, sheep, and cattle. 097344
Tumors in Trichodorus pachydermus? **[Grapevine,** *nematodes].* 101986
Breeding potato varieties resistant to *nematodes* **[Heterodera** rostochiensis]. 099269
Characters and specificity of two biological races of [the *nematode]* **Heterodera** on Dianthus caryophyllus. 101961
[The *nematode]* **Heterodera** fici on Ficus carica [figs] in Basilicata. 101990
Nematodes as **indicators** of river pollution [in Italy]. 104601
Grape diseases transmitted by animal vectors *[Nematodes,* **insect** pests]. 102025
Cacopaurus pestis Thorne, 1943 (Nematoda: Criconematoidea) in Spain. *[Nematode* of **Juglans** regia]. 101959
Asperula arvensis L., new host for Heterodera gottingiana **Liebscher** *[Nematodes].* 101957
Distribution of *[nematode]* **Longidorus** attenuatus Hooper in Apulian artichoke fields and its relationship with artichoke Italian latent virus. 101761
Nematode **[Longidorus** attenuatus] trasmission of the causal agent of chicory chlorotic ringspot, a strain of artichoke Italian latent virus. 101762
The female gonad of [the *nematode]* **Longidorus** africanus Merny and the influence of the [plant] host on its development. 101985
Observations on the parasitic activity of the *nematode* **Macroposthonia** xenoplax on grape vine roots. 102064
Nematodes and **maize** growth in Nigeria. II. Effects of some amendments on populations of Pratylenchus brachyurus and on the growth and production of maize (Zea mays) in Nigeria. 101973
Comparative population dynamics of Pratylenchus zeae and Hoplolaimus aegypti on maize, Zea **mays** *[Nematodes].* 101840
Preliminary studies on the ultrastructure of the female gonad of Xiphinema index and Xiphimena **mediterraneum** *(Nematoda:* Longidoridae) [reared on grapevine and olive tree respectively]. 101976
Some effects of Aldicarb on the life cycle and pathogenicity of [the *nematode]* **Meloidogyne** incognita in potato roots. 101981
Studies on the resistance of two varieties of tomato to [the *nematodes]* **Meloidogyne** spp. and Phytophthora parasitica. 101983
[The *nematode]* **Meloidogyne** hapla on Actinidia chinensis in Italy. 101992
A survey of **migratory** *nematodes,* especially Pratylenchus penetrans, in root-stocks of roses in Danish plant nurseries. 102047
Occurrence, host range and histopathology of Radopholus similis in ginger (Zingiber **officinale**) *[Nematodes].* 102017
Criconemoides species associated with golf course turf in **Ohio** *[Nematodes].* 102013
A review of the mermithid **parasites** *(Nematoda:* Mermithidae) described from North American mosquitoes (Diptera: Culicidae) with descriptions of three new species. 102869
A preliminary survey of plant **parasitic** *nematodes* in Pulau Pinang. 101951
Comparative biology of the Wyoming and Louisiana populations of Reesimermis nielseni, **parasitic** *nematode* of mosquitoes [C-lex pipiens quinquefasciatus, Culiseta inornata]. 103039
Nematicidal activity of secondary and tertiary alkyl amides and amines [Panagrellus redivirus, plant **pathogenic** *nematodes].* 101893
Application of hexachlorobutadiene in combination with polymers and superphosphate for the control of Phylloxera and *nematodes* **[Pests** of grapevine]. 102416
Morphological variation in Pratylenchus penetrans *[Nematodes,* **plant** host effects]. 101932
Fine structure of the esophagus of Pratylenchus penetrans **[Plant-parasitic** *nematodes].* 101929
Plant-parasitic *nematodes* associated with sugarcane in Barbados. 102018
Role of amino acids in plant tissue response to Heterodera rostochiensis. II. Effect of proline and hydroxyproline **[Potatoes,** *nematodes].* 101980
Evaluation of citrus, hybrids, and relatives as hosts of [the *nematode]* **Pratylenchus** coffeae, with comments on other hosts. 101965
[The *nematode]* **Pratylenchus** minyus on Egyptian clover in Apulia. 101991
Effect of nature and density of separating liquids on *nematodes* during the **process** of extraction [from soil and plant tissue] by the centrifugation-flotation method. 101963
Sex expression and tail morphology of female progenies of smooth-tail and crenate-tail females of Pratylenchus penetrans *[Nematodes,* **reared** on alfalfa]. 101938
Root phenolic contents of resistant and suceptible soybean cultivars infeced with Rotylenchulus **reniformis** *[Nematodes].* 101841
Gene pool and the prospects of breeding plants for **resistance** to *nematodes.* 099272
Causes of plant **resistance** to *nematodes.* 101909
[Present] status and prospects of breeding varieties of farm crops **resistant** to *nematodes.* 099283
Intrauterine embryogenesis in Pratylenchus minyus Sher et Allen **[Root** *nematode* of wheat]. 101969
Response of [tobacco] root cells to the feeding by the ectoparasitic **root-infesting** *nematode* Trichodorus similis [a vector of tobacco rattle virus]. 102067
Breeding beans for **root-knot** *nematode* [Meloidogyne incognita] resistance. 101843
Additional host records of the **root-knot** *nematode,* Meloidogyne incognita in north India. 101885
The **root-knot** *nematode* on commercial plantings of tuberose in India. 101887
Relationships of initial population densities of Meloidogyne incognita and Meloidogyne hapla to yield of tomato **[Root-knot** *nematode].* 101935
Reaction of peach rootstocks to Italian population of two species of **root-knot** *nematodes* (Meloidogyne Goeldi). 101978
Studies on the systemic action of some chemical in the control of **root-knot** *nematodes* [Meloidogyne incognita, tomatoes]. 101982
Control of **root-knot** *nematodes* [Meloidogyne] on tobacco with oxamyl through transplant water. 102012
Efficacy of pyroxychlor in controlling Pythium polymorphon in the Pythium polymorphon-Meloidogyne Hapla root disease complex of celery **[Root-knot** *nematode,* systemic fungicide]. 102015
Efficiency of methyl bromide and ethylene oxide in elimination of **root-knot** *nematodes* [Meloidogyne javanica, Meloidogyne hapla] on host plants [Tomatoes]. 102016
Distribution and identity of **root-knot** *nematodes* (Meloidogyne spp.) on cotton and sugar beet in the syrian Arab Republic and the Republic of Lebanon. 102061
Life cycle, pathogenicity, histopathology, and host range of race 5 of the barley **root-know** *nematode* [Meloidogyne naasi]. 101931
Relative susceptibility of selected cultivars of potato to Pratylenchus penetrans **[Root-lesion** *nematode].* 101936
Biogeography of free-living **soil** *nematodes* from the perspective of plate tectonics. 103820

Effects of the Bi locus in cucumber on reproduction, attraction, and response of the plant to infection by the **southernroot-knot** *nematode* [Meloidogyne incognita]. 101921
The occurrence of Ditylenchus dipsaci *[nematode]* on **spinachplant.** 101918
Crossing in **stem** *nematodes* and caryotypes of their different races. 101911
Evaluation of some varieties of alfalfa, Medicago sativa (L.), for their resistance to the alfalfa **stem** *nematode*, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936, under laboratory conditions. 101966
Laboratory and field evaluation of seven insecticides for control of the alfalfa **stem** *nematode*, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936. 101970
Behavior of two nematicides in the control of *nematodes* in a **strawberry** nursery. 101958
Controlling **sugarbeet** *nematodes* pays off. 101873
Development of a computer-simulation model for a *plant-nematode* **system** [Meloidogyne-grapevine system]. 101928
Vertical distribution of **three** *nematode* species [Belonolaimus longicaudatus, Pratylenchus brachyurus, and Trichodorus christiei] in relation to certain soil properties. 103779
Infectivity and pathogenicity of three Italian population of [the *nematode]* **Tylenchulus** semipenetrans Cobb on citrus and other hosts [Olive, grapevine]. 101967
Influence of three rootstocks on the yield and on the infestation of [the *nematode]* **Tylenchulus** semipenetrans on two citrus varieties in Algeria. 101968
Observations on the vertical distribution of [the *nematode]* **Tylenchulus** semipenetrans Cobb in volcanic soil [planted with sour orange, Citrus aurantium]. 101974
Specific association of artichoke Italian latent virus withthe odontostyle of its **vector,[the** *nematode]* Longidorus attenuatus. 101763
Meloidogne naasi *[nematode* of **wheat** and barley] in southern Italy and Malta. 101972

NEMERITIS

The hosts of *Nemeritis* **canescens,** a problem in the host specificity of insect parasitoids. 102917

NEOASCARIS

Neoascaris **vitulorum** larvae in the colstrum/milk of buffaloes. 097321

NEODIPRION

Optimization of a method for counting the cocoons of the rusty pine **sawfly** *Neodiprion* sertifer (Hymenoptera, Diprionidae). 102518
Interactions between Pleolophus basizonus and Lophyroplectus luteator (Hymenoptera: Ichneumonidae), two parasites of *Neodiprion* **sertifer** (Hymenoptera: Diprionidae) [Forest pests, biological control]. 102482

NEONATAL *see* BIRTH

NEOPLASIA

Equine *neoplasia*, a ten year survey. 097753

NEOPLASM

Neoplasms of the **nasal** passages and paranasal sinuses in domesticated animals as reported by 13 veterinary colleges. 097684

NEOPLASTIC *see* PLASTICS

NEOTROPICAL *see* TROPICAL

NEPA

Prairie wetlands since *NEPA* **[National** Environmental Policy Act]. 098803

NEPETA

Studies on biomass accumulation of *Nepeta* **ruderalis** Buch-Ham, a common weed of winter season. 102089

NEPHRITIS

Research on *nephritis-nephrosis* **disease** in poultry in Slovenia [Isolation of the virus]. 097645

NEPHROMA

Synthesis of nephroarctin and phenarctin [from **lichen** *Nephroma* arcticum]. 099825

NEPHROSIS

Research on *nephritis-nephrosis* **disease** in poultry in Slovenia [Isolation of the virus]. 097645

NERINE

Two potexviruses in Nerine [sarnienis and *Nerine* **manselli,** ornamentals]. 101765

NERVES

Baroreceptor effects on renal and **adrenal** *nerve* activity [Rabbits]. 096179
Fluroescence histochemistry and autoradiography of **adrenergic** *nerves* in the renal juxtaglomerular complex of mammals and man, with special regard to the efferent arteriole. 096305
Some effects of positively charged surface groups on cell aggregation [Embryonic **chick** *neural* retina cells]. 096433
Vitamin B12 levels and *nerve* **conduction** velocities in patients undergoing maintenance hemodialysis. 094970
Action of sympathetic nerves on inner and outer muscle of sheep carotid artery, and effect of pressure on *nerve* **distribution.** 096464
Nerve **growth** in cockroaches (Periplaneta americana) with rotated ganglia. 102932
Chemical sensitivity of the **hyperneural** *nerve-muscle* preparation of the American cockroach [Periplaneta americana]. 102993
Anilin blue and silver nitrate for staining developing **insect** *nerve* tissue. 103106
Neural **mechanisms** underlying spontaneous flashing and its modulation in the firefly Luciola lusitanica. 103127
Motor and sensory fibres of neck **muscle** *nerves* in the cat. 096298
Motor and secretory effects of *nerves* on the **parotid** gland of the rat. 096161
Reduction of **renal** *nerve* activity by volume expansion in conscious cats. 096500
Blood flow changes in the submaxillary gland of the rat on parasympathetic and **sympathetic** *nerve* stimulation. 096153
Action of **sympathetic** *nerves* on inner and outer muscle of sheep carotid artery, and effect of pressure on nerve distribution. 096464
In vitro response of ovine and bovine uterine arteries to prostaglandin F2 alpha and periarterial **sympathetic** *nerve* stimulation. 096880

NERVOUS

Occurrence of rabies virus in the medulla and medulla oblongata of naturally infected horses and its absence from other areas of the **central** *nervous* system and other tissues. 097471
Tests with the ERA rabies virus in Brazil. I. Distribtuion of the virus in inoculated cattle and inclusion formation in the **central** *nervous* system. 097474
Control of flight and related behaviour by the **central** *nervous* systems of insects. 103108
The feeding and *nervous* **system** diseases in cattle. 096671

NEST

Biology of Siteroptes cerealium Kirchner (Acarina, Pyemotidae), associated with sweet **bees** *nests,* Halictus senilis Ev. (Hymenoptera, Halictidae). 102790
How are things in the *nesting* **box?** [Mink]. 096083
Swarming of honeybee colonies and carbon dioxide and oxygen **concentrations** in the *nests.* 103276
Discriminant function analysis: a possible aid in determining the impact of forest management on **woodpecker** *nesting* habitat. 097982

NETTLE

The population dynamics of the **stinging** *nettle* aphid, Microlophium carnosum (Bukt.). 102919

NETWORK

Optimizing subindustry marketing organizations: a *network* **analysis** approach [Cotton gins]. 094473
Effect of the **collector-drainage** *network* on the removal of nitrate nitrogen from irrigated lands in the Khorezm Region. 104409
[Livestock disease] **diagnostic** *network* helps stockmen in Nebraska. 097150
The deformation characteristics of polymer reinforced **fiber** *networks* [Board materials]. 098421
System of *network* **planning** as applied to growing farm crops. 094246

NEURAMINIDASES

Attenuation of pathogenicity of fowl plague virus by recombination with other influenza A viruses nonpathogenic for fowl: nonexclusive dependence of pathogenicity on hemagglutinin and *neuraminidase* of the **virus.** 097423

NEUROCOLPUS

Clouded and tarnished plant bugs *[Neurocolpus* **nibulus,** Lygus lineolaris] on cotton: a comparison of injury symptoms and damage on fruit parts. 102362
Plant bugs *[Neurocolpus* **nubilus,** Lygus lineolaris] in cotton. Importance of infestation time, types of cotton injury, and significance of wild hosts near cotton. 102363

NEUROGENESIS

Autoradiographical study of **postnatal** *neurogenesis* in the periventricular regions of the avian brain [Chicks]. 096321

NEUROHYPOPHYSIAL

Ultrastructural changes in the **rat** *neurohypophysis* after a prolonged protein-free diet. 095069

NEUROLOGY

Neurologic **lesions** of velogenic viscerotropic Newcastle disease virus in parrots, budgerigars, and canaries. 097538

NEURONS

Adrenergic *neuron* blocking action of dehydrocorydaline isolated from Corydalis bulbosa. 099636
Changes of the fluorescence of **aminergic** *neurons* after systemic administration of various drugs in the intracerebellum in the adult chicken (Gallus domesticus). 096150
Models of two types of **auditory** *interneurons* in the cricket (Gryllus bimaculatus Deg.). 103051
Functional characteristics of two central **auditory** *neurons* of the cricket [Gryllus bimaculatus] (Orthoptera, Gryllidae). 103053
Response pattern of cutaneous **postganglionic** *neurones* to the hindlimb on spinal cord heating and cooling in the cat. 096501
Origin and morphogenesis of **sensory** *neurons* in an insect [Manduca sexta] antenna [Manduca sexta]. 102907

NEUROPATHOLOGY

Neuropathology of **experimental** swine vesicular disease in pigs. 097603

NEUROPTERA

Use of green lacewings [Chrysopa carnea] *(Neuroptera:* **Chrysopidae)** in biological control projects [Insect pests]. 102245
Feeding specialization of the main species of green lacewings *[Neuroptera,* **Chrysopidae]** spread in Adzharia [Citrus pests, biological control]. 102472

NEUROSECRETION

Immunoreactive LRF [luteinizing hormone-releasing factor] *neurosecretory* **pathways** in mammals [Guinea pigs, rats, cats, mice]. 096146

NEUROSPORAS

Evidence for nuclear restriction of supersuppressor gene products in *Neurospora* **[crassa,** Fungi] heterokaryons. 099139
Mutations in *Neurospora* **crassa** [Fungi] which affect multiple amino acid transport systems. 099546
Reproducibility of vitamin assays with mutants of *Neurospora* **crassa** [Fungi] maintained by freeze-drying. 099631
Isolation and identification of the conidial germination factors of *Neurospora* **crassa** [Fungi]. 099810
Compartmental behavior of ornithine in *Neurospora* **crassa** [Fungi]. 099817
Histones of *Neurospora* **crassa** [Fungi]. 099818
Comparison of ultraviolet and blacklight for the induction of nutritional independence at two loci in *Neurospora* **crassa[Fungi,** genetics]. 099349

NEUROTOXIC

Endosulfan-induced *neurotoxicity* in rats and mice. 102669

NEUROTOXIN

Analysis of Blue cheese for [the *neurotoxin]* **roquefortine** and other alkaloids from Penicillium roqueforti [Fungi]. 094865

NEUTRALIZATION

The surface nature of proteins of a bovine **enterovirus,** before and after *neutralization.* 097410
Steam volatile aroma constituents of roasted coffee: *neutral* **fraction.** 095543
Composition of the *neutral* **lipids** of bovine neibomian secretions. 096460
Plaque *neutralization* test reactors to bluetongue and EHD [epizootic hemorrhagic disease] viruses in the southeastern U.S.a. 097348
Plaque *neutralization* test to assay serums for eastern and western equine encephalomyelitis antibody titer. 097541
Neutral **protease** activity of Rous sarcoma (RSV) transformed chick embryo fibroblasts. 097394
Neutral **red** response as a measure of the pH [hydrogen-ion concentration] gradient across chloroplast membranes in the light [Lettuce]. 100416
Neutral **red:** a specific vital dye for the insect corpus luteum [Anopheles maculipennis, Culex pipiens, Aedes aegypti]. 103054

NEWBORN *see* BIRTH

NEWCASTLE

Aerosol vaccination against *Newcastle* **disease.** II. Effect of vaccine diluents [Chickens]. 097246
Agarose droplet method of macrophage migration-inhibition test for *Newcastle* **disease** virus in chickens. 097247
Competition between nonplaquing and plaquing strains of *Newcastle* **disease** virus as affected by temperature [Chicken embryo fibroblasts]. 097250
Effect of route of *Newcastle* **disease** vaccination on the incidence of airsacculitis in chickens infected with Mycoplasma synoviae. 097254
Observations on the transmissibility of lentogenic strains of *Newcastle* **disease** virus: significance of variables [Chickens]. 097264
Avian reservoirs of *Newcastle* **disease** [a major infection ofpoultry]. 097341
Newcastle **disease** in the pheasant, Phasianus colchicus, in Britain. 097345
Suppression of interferon production [by L cells infected with *Newcastle* **disease** virus] by vitamin A. 097409
Efficacy of intratracheal administration of *Newcastle* **disease** vaccine in day-old chicks. 097481
Hemagglutination and hemagglutination-inhibition tests with *Newcastle* **disease** virus-microtiter technique. 097522

Microneutralization test for determination of *Newcastle* **disease** antibodies in reconstituted frozen secondary chicken kidney cells. 097536
Detection of *Newcastle* **disease** virus by complement-fixation. 097561
Chromosomal DNA replication: retarded fork progression and altered initiation in cells infected with mengovirus or *Newcastle* **disease** virus [Infection of mouse L cells]. 097668
Study of immune response of chickens to *Newcastle* **(Ranikhet)** disease vaccine. 097476
The occurrence of virus in leukocytes of vaccinated chickens following challenge with **virulent** *Newcastle* disease virus. 097269
Neurologic lesions of velogenic **viscerotropic** *Newcastle* disease virus in parrots, budgerigars, and canaries. 097538

NEWSPRINT

Mechanical pulps in *newsprint:* an **economic** key to the treasure map. 098251
A laboratory study of the behavior of thermomechanical pulp in *newsprint* **furnishes.** 098238
Newsprint **manufacture** in India—status. 098252
Empirical comparison between cold soda chemi-groundwood pulp (C-CGP) and hot sulfite chemi-groundwood pulp (H-CGP) in the *newsprint* **mill.** 098244
Will TMP [thermomechanical pulp] replace groundwood or chemical **pulp** in *newsprint?* 098280

NICKEL

Comparisons of carcinogenicities of *nickel* **compounds** in rats. 097851
Nickel-catalyzed **hydrogenation:** a study of the poisoning effect of halogen-containing compounds [Mackerel oil]. 095468
Determination of Fe, Cu, Ni, and Mn [iron, copper, *nickel,* **manganese**] in fats and oils by flameless atomic absorption spectroscopy. 095464
Sebertia acuminata: a hyperaccumulator of *nickel* from New Caledonia. 099981

NICOTIANA

Alkaloid spectrum during ripening of *Nicotiana* **rustica** [tobacco] seeds. 100101
Callus induction and plant regeneration from mesophyll protoplasts of *Nicotiana* **sylvestris** [Tobacco]. 100333
In vitro production of haploid plants from anthers of *nicotiana* **tabacum** [tobacco] cultivar Goiano-IAC-70. 099120
Interspecific hybridization by protoplast fusion in *Nicotiana* **[Tobacco].** Confirmation and extension. 099328
Effect of different nitrogenous fertilisers on the yield and quality of flue-cured **tobacco** *(Nicotiana* tabacum L.) var. virginia Gold. 104034

NICOTINAMIDE

The binding by an NAD *[nicotinamide* **adenine** dinucleotide] affinity matrix of contaminating dehydrogenases in [beef heart] cytochrome c oxidase preparations. 095688
The sterochemistry of calf spleen NAD *[Nicotinamide* **adenine** dinucleotide]-glycohydrolase-catalyzed NAD methanolysis. 096360
C4 grasses: an anatomical criterion for distinguishing between NADP [carbon]-malic enzyme species and PCK or NAD *[nicotinamide* **adenine** denucleotide phosphate]-malic enzyme species. 098887
Specificity for *nicotinamide* **adenine** dinucleotide and nicotinamide adenine dinucleotide phosphate of nitrate reductase from the salt-tolerant alga Dunaliella parva. 099948
Affinity chromatography of NADP *[nicotinamide* **adenine** dinucleotide phosphate]-specific isocitrate dehydrogenase from the pupa of Bombyx mori. 103206
Nitrate reductase and nitrite activity in dark-grown radish seedlings: relationto the supply of NADPH *[nicotinamide-adenine* **dinucleotide** phosphate]. 100535
The influence of **exogenous** *nicotinamide* adenine dinucleotide on the oxidation of malate by Jerusalem artichoke mitochondria. 100490
Nicotinamide **nucleotide** transhydrogenase [Mitochondria]. 096337
Characteristics of external NADH **[reduced** *nicotinamide-adenine* dinucleotide] oxidation by beetroot mitochondria [Beets]. 100276

NICOTINE

Determination of *nicotine* **concentrations** in human milk. 094974

NICOTINIC

Effect of *nicotinic* **acid** on the light-dependent electroresponse of corn leaves. 100314

NIGHT

Runs of *night* **frost** recorded for the vegetative period [of plants] in Poland. 094098
Phase shifting the circadian rhythms of *nocturnal* **insects** by temperature changes [Eurycotis floridana, Lampyris noctilucta, Photuris]. 103077
The effect of photoperiod on *night* **respiration** of a short day flowering plant, Chenopodium polyspermum L. 099620
Overcoming interspecific imcompatibility and the improvement of the capacity for interspecific crosses among *night* **shade** species [Solanum laciniatum X Solanum aviculare]. 099234

NIGHTSHADE

Investigation of the process for the extraction of glycoalkaloids from **lobed** *nightshade* [Solanum]. 099887

NILAPARVATA

Antifeeding activity of chlordimeform for plant-sucking insects *[Nilaparvata* **lugens,** Laodelphax striatellus]. 102224
Effects of salicylic acid on probing and oviposition of the rice plant- and leafhoppers *[Nilaparvata* **lugens]** (Homoptera: Delphacidae and Deltocephalidae). 102283
Synoptic weather conditions inducing long-distance immigration of planthoppers, Sogatella furcifera Horvath and *Nilaparvata* **lugens** Stal [Pest of growing rice]. 102297
Effects of nutrient compounds on sucking response of the brown planthopper, *Nilaparvata* **lugens** (Homoptera: Delphacidae). 102825

NITELLA

Continual intravitam perfusion of the vacuolar sap of *Nitella* **[flexilis]** cells [Algae]. 099988

NITRATES

Nitrate, **ammonium** and kinetin effects on growth and enzyme activities of Paul's Scarlet Rose callus. 100534
Investigations on the *nitrate* **charge** of valley dams [Water pollution, East Germany]. 104653
Extraction and determination of *nitrate* in **citrus** leaves. 100351
Injuries from feeding feeds **containing** *nitrates* and their prevention [Toxicity to cattle]. 097857
Nitrate **content** in winter season fodders [Toxicity]. 096009
Dissimilatory *nitrate* and nitrite reduction under aerobic conditions by an aerobically and anaerobically grown Alcaligenes sp. and by activated sludge. 104529
Are nitrite and *nitrate* **food** additives hazardous to health? 095136
Results of green fodder analyses for *nitrate* in 1975 in the **Frankfurt** on the Oder area. 096059
Resistance to yellow-berry in Triticum durum [wheat] varieties, as related to protein synthesis and **leaf** *nitrate* reductase activity. 101903
Stability of matter production of submersed macrophytes under a *nitrate* **load** as measured by carbon dioxide conversion [Frontinalis antipyretica, Musci]. 100041
Influence of temperature on *nitrate* **metabolism** and leaf expansion in soybean (Glycine max L. Merr.) seedlings. 100279
Application of **modified** *nitrate* test for evaluation of hygienic quality of milk [Contamination]. 094948
Nitrates and **nitrites** as components of the normal environment: part one of two parts. 095071
Nitrate-N **[nitrogen]** and total N concentration relationships in several plant species [Maize, spinach, mustard, Festuca arundinacea]. 099470
Physiological studies on the nitrogen nutrition of wheat plant. I. The effect of different levels of nitrogen supply on the total nitrogen, available ammonia and *nitrate* **nitrogen** contents of various plant organs. 100084
Content of *nitrate* **nitrogen** in crops in a meadow and forage crop rotation on peaty soils. 100224
N-Serve and its potential use in northern Idaho [for the conversion of ammonium nitrogen to *nitrate* **nitrogen** by inhibiting the activity of Nitrosomonas soil bacteria]. 103938
Effect of the collector-drainage network on the removal of *nitrate* **nitrogen** from irrigated lands in the Khorezm Region. 104409
Atomic absorptiometric determination of *nitrate* in **plant** material. 100008
The *nitrate* and **protein** content of lettuce (Lactuca sativa var. capitata (Butterhead salat) grown under different conditions. 095950
Effect of ammonium to *nitrate* **ratio** on growth and anthocyanin development of perennial ryegrass [Lolium perenne] cultivars. 100063
Decryptification of *nitrate* **reductase** activity in the yeast Candida utilis. 099685
Specificity for nicotinamide adenine dinucleotide and nicotinamide adenine dinucleotide phosphate of *nitrate* **reductase** from the salt-tolerant alga Dunaliella parva. 099948
Nitrate **reductase** and its relationship to protein and yield characteristic of Triticale. 100177
In vitro studies of *nitrate* **reductase** activity in cotton cotyledons. Effects of Dowex 1-Cl and BSA [N, O-bis (trimethylsilyl)-acetamide]. 100278
Nitrate **reductase** and nitrite activity in dark-grown radish seedlings: relationto the supply of NADPH [nicotinamide-adenine dinucleotide phosphate]. 100535
Nitrate **reduction** in the subsoil. I. Introductory studies of the nitrate reduction in the subsoil, and its influence on ground water quality. 103838
Nitrate **reduction** in the subsoil. II. General description of boring profiles, and chemical investigations on the profile cores. 103839
Nitrate **reduction** in the subsoil. III. Nitrate reduction experiments with subsoil samples. 103840
Nitrate **reduction** in the subsoil. IV. Some physical properties of the subsoil, their influence on chemical interchange in the soil, and on ground water quality. 103841
Nitrate **reduction** during Kjeldahl digestion of [soil drainage] water samples by the perchlorate method. 104268
Anilin blue and **silver** *nitrate* for staining developing insect nerve tissue. 103106
The relation of wheat nitrate reductase and **soil** *nitrate* to flour quality. 095794
Soil *nitrate* loss during irrigation: enhancement by plant roots. 103665
Nitrate **uptake** during recovery from nitrogen deficiency [Wheat]. 100257
Model for predicting simultaneous movement of *nitrate* and **water** through a loamy sand. 103826
The relation of **wheat** *nitrate* reductase and soil nitrate to flour quality. 095794

NITRIC

Influence of *nitric* **acid** pulping on gaseous products composition. 098317
Investigation of the composition of gaseous products formed at *nitric* **acid** cooking of wood. 098331

NITRITES

Nitrite-reducing **activity** of modified cytochrome c-553 from the red alga Porphyra yezoensis Ueda. 099922
Nitrate reductase and *nitrite* **activity** in dark-grown radish seedlings: relationto the supply of NADPH [nicotinamide-adenine dinucleotide phosphate]. 100535
Ferredoxin-sepharose affinity chromatography for the purification of **assimilatory** *nitrite* reductase [Spinach]. 100415
Nitrates and *nitrites* as **components** of the normal environment: part one of two parts. 095071
Formation of dimethylnitrosamine from pesticides carrying methylated tertiary aminogroups in the presence of *nitrite* at pH 3 **[hydrogen-ion** concentration]. 102690
The microbiological role of *nitrite* in **meat** products. 094925
Are *nitrite* and **nitrate** food additives hazardous to health? 095136
N-nitrosopyrrolidine collected as a volatile during heat-induced formation in *nitrite-containing* **pork.** 095689
Dissimilatory nitrate and *nitrite* **reduction** under aerobic conditions by an aerobically and anaerobically grown Alcaligenes sp. and by activated sludge. 104529

NITRO

Effect of tetrahydroquinoline derivatives on the growth of mold fungi [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. N-alkyl substituted THQ and their *nitro* **derivatives.** 099870

NITROGEN

Nitrification **ability** of common Chernozem in relation to cultural practices. 103710
Utilization of phosphates by potatoes depending on the form and way of applying the **accompanying** *nitrogenous* fertilizer. 100508
Effect of levels and sources of nitrogen on wheat. II. Pattern of dry matter and *nitrogen* **accumulation.** 103973
The biology of mycorrhiza in the Ericaceae. VI. The effects of mycorrhizal infection and concentration of **ammonium** *nitrogen* on growth of cranberry (Vaccinium macrocarpon Ait.) in sand culture. 100515
N-Serve and its potential use in northern Idaho [for the conversion of **ammonium** *nitrogen* to nitrate nitrogen by inhibiting the activity of Nitrosomonas soil bacteria]. 103938
Scientists trace **ancient** *nitrogen* in deep Nebraska soils. 103740
Methods of obtaining new **anionotropic** *nitrogen-containing* cellulose derivatives. 098437
Effect of time of *nitrogen* **application** on amino-nitrogen composition of roots and xylem sap of apple. 100528
Effect of dates of sowing and rates and times of N *[nitrogen]* **application** on the grain yield and malting and brewing quality of 2-row barley. 100835
Effect of delay in first irrigation, methods of N *[nitrogen]* **application** and Cycocel in wheat on mixed Black soils. 100836
Effect of N *[nitrogen]* **application** on different varieties of oilseed crops under saline-cum-high water table conditions. 103977
Effect of rates and methods of *nitrogen* **application** on yield and yield attributes of rainfed barley. 103985
Effect of water regimes, levels and methods of *nitrogen* **application** on growth and yield of rice. 103988
The efficacy of different methods of N *[nitrogen]* **application** in sunflower. 104032
Nodulating and non-nodulating Lee Soybean isolines response to **applied** *nitrogen.* 100068
Effectiveness of herbicides in the control of weeds in cotton plantings in relation to the level of **applied** *nitrogen* on soddy-sierozem soils in the Samarkand Region. 102198
Method of biological control and the forecast of the effectiveness of **applying** *nitrogenous* fertilizers. 103960
A study on the effect of certain phenolic acids and fumaric acid in soil on the development of paddy seedlings and *nitrogen-fixing* **bacteria.** 100049
Invalidity of the acetylene reduction assay in alkane-utilizing, *nitrogen-fixing* **bacteria** [isolated from soil]. 103705
Reduction of acetylene by stationary cultures of free-living Rhizobium sp. under atmospheric oxygen levels *[Nitrogenfixing* **bacteria.** 103719
Concentrations of *nitrifying* **bacteria** in sewages, effluents, and receiving stream and resistance of these organisms to chlorination. 104446
Nitrogenous and **biological** index of soil fertility and the programming of wheat yield. 100196
Economic evaluation of soybean response to *nitrogen* on **Calloway** silt loam soil [Costs, returns]. 094379
Utilization of exogenous pyrimidines as a source of *nitrogen* by **cells** of the yeast Rhodotorula glutinis. 099815

Gas chromatographic separation of herbicides of major interest in Canada, with electrolytic conductivity detection in the *nitrogen* and **chlorine** modes [Residue analysis]. 102127
Effect of time of nitrogen application on *amino-nitrogen* **composition** of roots and xylem sap of apple. 100528
Changes in *nitrogen* **compounds** of hen egg white powder resulting from technological addition of "Pancreatin". 095750
Seasonal variations in *nitrogen* **compounds** during sexual maturation of the male gametophytes of Polytrichum formosum Hedw. [Muscidae]. 099597
Nitrogen **concentrations** of cotton leaves, buds, and bolls in relation to age and nitrogen fertilization. 100067
Nitrogen and Italian ryegrass [Lolium multiflorum]. 3. Growth up to 14 weeks: yields, proportions, digestibilities and *nitrogen* **contents** of crop fractions, and tiller populations. 100217
Nitrate uptake during recovery from *nitrogen* **deficiency** [Wheat]. 100257
Methods of **determining** *nitrogen* in soil for the diagnosis of plant provision with this element on leached Chernozems inKuban'. 104079
Contribution to the study of the development of Iranian Dough [dairy beverage] during its preservation. I. **Development** of *nitrogen*. 095594
Electron-paramagnetic resonance investigation of *nitrogen* **dioxide** sorption of cellulose. 098205
Sensitivity of surface temperature and atmospheric temperature to perturbations in the stratospheric concentration of ozone and *nitrogen* **dioxide.** 104531
Response of wheat to levels and methods of application of *nitrogen* under **dryland** conditions. 104023
A comparison of *nitrogen* and **energy** determination of fresh and oven dried poultry excreta [Digestion test]. 096691
Relationship between digestibility and **faecal** *nitrogen* in sheep and cows offered herbage ad libitum. 096703
Effect of different *nitrogenous* **fertilisers** on the yield and quality of flue-cured tobacco (Nicotiana tabacum L.) var. virginia Gold. 104034
Nitrogenous **fertilisers** for cereal production. 104037
Nitrogen concentrations of cotton leaves, buds, and bolls in relation to age and *nitrogen* **fertilization.** 100067
The time of incipient growth and *[nitrogen]* **fertilization** of grass. 100322
Effect of *nitrogen* **fertilization** and harvesting season on the fiber and cellulose production of a cultivar and hybrids of hemp. I. 100750
Cereal cyst nematode [Heterodera avenae] and N *[nitrogen]* **fertilization.** 101869
Influence of *nitrogen* **fertilization** level on the growth behaviour of Golden Delicious apple variety. 103950
Economic analysis of N *[nitrogen]* **fertilization** of maize germplasms in Kulu Valley. I. Irrigated. 103967
Economics of *nitrogen* **fertilization** of sorghum. 103968
Effect of *nitrogen* **fertilization** and row spacing on the yield of hybrid pearlmillet. 103981
Influence of N *[nitrogen]* **fertilization** and planting methods on yield and N uptake in sugarcane. 103996
Response of dwarf wheat varieties to *nitrogen* **fertilization.** 104007
Response of sugarbeet to *nitrogen* **fertilization** and its economics. 104022
Nitrogen **fertilization** and biological thought. 104102
Effect of *nitrogen* **fertilization** on the productivity of sorghum-Sudan grass [Sorhum vulgare sudanense] cultivars and millet in Rio Grande do Sul, Brazil. 104156
Effect of *nitrogen* **fertilization** on yield and quality of sugarbeet with different plant densities. 104162
Effects of *nitrogen* **fertilizer** on malting quality of widely varying barley cultivars. 095785
Effect of preceding winter crops, level of *nitrogen* **fertilizer,** distance between hills and method of harvesting on the yield of maize plants. 100713
Nitrogen **fertilizer** on frequently harvested Brussels sprouts. 103901
Different levels of soil organic matter in desert soil and *nitrogen* **fertilizer** on yields and mineral composition of barley grown in the soil. 103924
Placement and broadcasting of NPK *[nitrogen-phosphorus-potassium]* **fertilizer** for late maturing potatoes. 104148
The effect of increased application of *nitrogen* **fertilizer** and irrigation on varieties of grass, 1968-1971. 104149
Economic analysis of research with grain produced with different *nitrogen* **fertilizers** for slaughter swine. 096048
Grain produced with different *nitrogen* **fertilizers** for slaughter swine. 096049
Influence of irrigation and application of *nitrogenous* **fertilizers** on the composition and certain properties of wheat proteins. 100103
Time of application of *nitrogenous* **fertilizers** in winter wheat under the conditions of irrigation. 100738
Effect of *nitrogenous* **fertilizers** on the fresh herb, oil yield and oil content of Mentha [piperita vulgaris]. 103980
Relative efficiency of *nitrogenous* **fertilizers** on lima beans. 104002
Suitability of *nitrogenous* **fertilizers** for wheat in salt affected soils. 104029
Effect of *nitrogenous* **fertilizers** on the yield of hemp on leached Chernozem in the central foothill region of the Caucasus. 104070
Timing of the application of *nitrogenous* **fertilizers** in cotton on meadow and boggy-meadow soils in the Zeravshan Valley. 104093
Foliar application of *nitrogenous* **fertilizers** to barley. 104147
Effectiveness of various forms of *nitrogenous* **fertilizers** on drift soils. 104152
Conversion of acetylene reduction rates to *nitrogen* **fixation** rates in natural populations of blue-green algae [Aphanizomenon sp., Anabaena sp.]. 099487
Regulation of *nitrogen* **fixation** by Rhizobia [root nodule bacteria] export of fixed N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Effect of bean variety on nodule development and *nitrogen* **fixation** using a number of strains of Rhizobium phaseoli of Brazillian origin. 100359
Effects of salt stress on growth, nodulation and *nitrogen* **fixation** in cowpea and mung beans. 102006
Nitrogen **fixation** by intact annual rangeland species in soil [Clover, Bromus mollis]. 103664
N2 *[nitrogen]* **fixation** associated with decaying leaves of the red mangrove (Rhizophora mangle). 103706
Fluctuations of *nitrogen* **fixation** in a maize field. 103716
Nitrogen **fixation** in the muskeg ecosystem of the James Bay Lowlands, Northern Ontario. 103718
Response to inoculation *[nitrogen* **fixation]** in soybean and its residual effect on wheat. 103764
Use of Leguminosae for building up soil fertility in dry tropical soils *[Nitrogen* **fixation].** 103796
Nitrogen **fixation** with free-living [bacterial] microorganisms. 103846
Resistance to antibiotics in Rhizobium trifolii and its relation to *nitrogen* **fixation.** 103864
Maintenance of the properties of [the *nitrogen* **fixing** bacteria] Azotobacter chroococcum stored in a lyophilized farm. 103751
Effect of topping and *nitrogen* on **flue-cured** tobacco. III. Suckers, plant height and time of flowering. 100699
Selection problems in choice of different types of commercial fertilizers. The use of more *nitrogen* for **grain.** 104098
Effect of time of application of *nitrogen* on the **growth** and yield of dwarf wheat varieties. 103987
Studies on the split application of *nitrogen* to **hybrid** pearlmillet under rainfed conditions. 104027
Response of different bajra [pearlmillet] **hybrids** to *nitrogen*. 104005
Effect of different levels of N *[nitrogen]* on **incidence** of stem borer and grain yield of rice. 103971
Effect of P, N [phosphorus, *nitrogen]* and **inoculum** on root, nodulation and yield of gram [Mungo beans]. 103984
Sulphur-nitrogen **interaction** effects on the yield and composition of the protein-N, non-protein-N and soluble carbohydrates in perennial ryegrass [Lolium perenne]. 104041
Mineral nutrition of Macadamia [intergrifolia]. I. External and **internal** *nitrogen* and sulphur requirements of seedlings. 100687
Application of 15N *[nitrogen* **isotope]** pulsed fourier transform nuclear magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Non-uniformity of 15N *[nitrogen* **isotope]** labelling in plantmaterial. 099675
15N *[nitrogen* **isotope]** absorption and translocation by Satsuma mandarin orange trees. IV. Behaviour of nitrogen supplied in early summer. 100398
Field experiment with 15N *[nitrogen* **isotope]** on the efficiency of fertilizer utilization by wheat. II. Rate and time of application. 103995
15N *[nitrogen* **isotopes]** absorption and translocation by Satsuma mandarin orange trees. III. Behaviour of nitrogen supplied in early spring. 100397
Nitrogen and **Italian** ryegrass [Lolium multiflorum]. 3. Growth up to 14 weeks: yields, proportions, digestibilities and nitrogen contents of crop fractions, and tiller populations. 100217
Fertilizer N *[nitrogen]:* the **key** to profitable corn production with changing prices and production costs. 104118
Effects of pure paraquat dichloride, "Gramoxone W" and formulation additives on soil microbiological activities. 2. Effects on respiration, organic matter mineralization, and *nitrification* in **laboratory-treated** soil. 103863
Effect of soil moisture regimes, plant population and *nitrogen* **levels** on yield attributes and their contribution towards the root yield of sugarbeet. 100845
Effects of dates of sowing, seed rates and *nitrogen* **levels** on dwarf wheat Kalyansona. 100849
Effect of N *[nitrogen]* **levels** and soil moisture regimes on the yield of dwarf wheat. 103978
Response of Pennisetum pedicellatum to *nitrogen* **levels.** 104016
Effect of *nitrogen* **levels** on the yield of tea plantations of different vigor on Podzolic soils. 104138
Sources and times of application of *nitrogen* for **lowland** rice. 104025
Split application of *nitrogen* in **maize** under rainfed condition. 104026
Nitrogen for **meadows** in marshland. Research in the high ground of Trondelag. 104105
Studies on the *nitrogen* **metabolism** in Satsuma mandarin orange trees. IV. Movements of proline in the leaves concurrent with the sprouting of spring shoots and their early growth. 100396
Study of *nitrogenous* **metabolism** of the Aleppo pine (Pinus halepensis Mill.) ornithine transcarbamylase and the ornithine cycle. 100630
The effect of sample and mesh size on **micro-Kjeldahl** *nitrogen* determination [Wheat, guar]. 104031
Effect of chlorocholine chloride and *nitrogen* on some **morphological,** anatomical and cytological characteristics of Giza155 wheat [Variety]. 098882
Nitrogen for **newly** evolved varieties of barley. 104000
Regulation of nitrogen fixation by Rhizobia [root nodule bacteria] export of fixed N2 *[nitrogen]* as **NH4** [Ammonium ions]. 099550
Physiological studies on the nitrogen nutrition of wheat plant. 1. The effect of different levels of nitrogen supply on the total nitrogen, available ammonia and **nitrate** *nitrogen* contents of various plant organs. 100084
Content of **nitrate** *nitrogen* in crops in a meadow and forage crop rotation on peaty soils. 100224
N-Serve and its potential use in northern Idaho [for the conversion of ammonium nitrogen to **nitrate** *nitrogen* by inhibiting the activity of Nitrosomonas soil bacteria]. 103938
Effect of the collector-drainage network on the removal of **nitrate** *nitrogen* from irrigated lands in the Khorezm Region. 104409
Protein and **non-protein** *nitrogen* fractions of some Egyptianmilks. I. Protein nitrogen fractions. 095549
Protein and **non-protein** *nitrogen* fractions of some Egyptianmilks. II. Non-protein nitrogen fractions. 095550
Influence of carbohydrate solubility on **non-protein** *nitrogen* utilization in the ruminant. 096699
Effect of different ways of treatment with dalapon on the *nitrogen* and **nucleic** metabolism in the leaves of cotton and Johnsongrass [Sorghum halepense]. 102195
Effect of *nitrogen* **nutrition** on alkaloid metabolism in plants. 099530
Physiological studies on the *nitrogen* **nutrition** of wheat plant. 1. The effect of different levels of nitrogen supply on the total nitrogen, available ammonia and nitrate nitrogen contents of various plant organs. 100084
Physiological studies on the *nitrogen* **nutrition** of wheat plant. II. The effect of different levels of nitrogen supply on the phosphorus content of various plant organs. 100085
Investigation of enzymes of sucrose metabolism in fodder beet roots in connection with conditions of *nitrogen* **nutrition** [Fertilizers]. 100316
Foliar diagnosis of *nitrogen* **nutrition** of carrots [Chemicalcomposition]. 100500
Foliar analysis for the diagnosis of *nitrogen* **nutrition** of lemon trees. 104077
Yield and quality of grain of Bezostaiai winter wheat as related to the level of *nitrogen* **nutrition** and water supply ofplants. 104095
Relationship of *nitrogen* **nutriton** of 'Early Black' cranberry to vegetative growth, fruit yield and quality. 104038
Changes in total N *[nitrogen],* **organic** matter, available P [phosphorus], and bulk densities of a cultivated soil 8 years after tame pastures were established. 103662
Synergic action of sulfur dioxide and *nitrogen* **oxides** on some plants: study in artificial conditions [Tomatoes, Petunia hybrida, Pelargonium hortorum]. 099461
Chemotaxonomy of the Papillionaceae. I. Quantative study of 33 species. Dry weight and *nitrogen* **percentage** of different protein families. 098704
Effect of sett number, row spacing and *nitrogen* on the **performance** of sugarcane. 100844
Responses of Opuntia polyacantha to water and *nitrogen* **perturbations** in the shortgrass prairie. 102109
Response of dwarf and tall wheats to *nitrogen,* **phosphate** and potash. 104006
Determination of *nitrogen,* **phosphorus** and potassium in plants from one weight sample. 099847
Seedling vigor of some important range species as affected by *nitrogen* and **phosphorus.** 100073
Removal of *nitrogen,* **phosphorus** and potassium by a planned yield of farm crops in a rotation. 100202
Effect of soil moisture regimes, *nitrogen* and **phosphorus** on N, P, K and Ca [nitrogen, phosphorus, potassium, calcium] uptake by berseem fodder [Egyptian clover]. 100211
Effect of *nitrogen* and **phosphorus** on percentage of crown tissue and quality of sugarbeets. 100245
Effect of *nitrogen,* **phosphorus** and potassium fertilization on grain yield and phosphorus content of gram (Cicer arietinum Linn.) [chickpeas]. 100413
Biomass accumulation and the removal of *nitrogen,* **phosphorus** and potassium by spruce [Picea] transplants. 100641
Effect of *nitrogen,* **phosphorus,** date of sowing and seed rate on yield of dwarf wheat in Rajasthan. 100839
Effect of NPK *[nitrogen,* **phosphorus,** potassium] application on the yield of blackgram on light soils. 100841
Nitrogen, **phosphorus** and potassium balance in arable soils from the Vladimir Region. 103789
Change in the NPK *[nitrogen,* **phosphorus,** potassium] content of maize grains and recovery of fertilizers on a calcareous sandy soil. 103872
Effect of NPK *[nitrogen,* **phosphorus,** potassium] fertilizers on yield in maize monocultures. I. NPK content of grains as affected by fertilizing. 103874
Effect of NPK *[nitrogen,* **phosphorus,** potassium] fertilizers on yield in maize monocultures. II. Nutrient balance and recovery of fertilizers. 103875

Response of sugarcane to filter press mud and N, P, and K *[nitrogen,* **phosphorus,** potassium]. I. Effect on sugarcane yield and sucrose content. 103883
Response of sugarcane to filter press mud and N, P, and K *[nitrogen,* **phosphorus,** potassium] fertilizers. II. Effects on plant composition and soil chemical properties. 103884
Effect of farmyard manure, straw, slurry and *nitrogen,* **phosphorus,** potassium on crop yields and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Effect of *nitrogen,* **phosphorus** and potassium on yields, protein contents and nutrient levels in soybeans, field peas and fababeans. 103925
The effect of *nitrogen,* **phosphorus** and potassium fertilizers on the yield and quality of maize silage. 103931
Dry matter accumulation in spring hybrid maize as affected by N P K *[nitrogen,* **phosphorus,** potassium] fertilization. 103966
Effect of *nitrogen,* **phosphorus** and potash on the yield of mustard in Rajasthan. 103979
Effect of NPK *[nitrogen,* **phosphorus,** potassium], method of N application and moisture conservation practices on wheat yield under rainfed conditions. 103982
Interrelation of *nitrogen* and **phosphorus** uptake to yield of wheat. 103997
Nodulation pattern in soybean as affected by rates of *nitrogen* and **phosphorus.** 104001
Response of moong [mung beans] to graded levels of N *[nitrogen]* and P **[phosphorus].** 104013
Response of Navane (fox tail millet) to N *[nitrogen]* and P **[phosphorus]** application. 104014
Response of potato to *nitrogen* and **phosphorus** fertilization. 104018
The effect of N & P *[nitrogen,* **phosphorus]** fertilization on the yield of green herb and alkaloid content of Belladona [Atropa belladonna]. 104030
Nitrogenous and **phosphorus** fertilizers in potato growing. 104082
Yield and growth responses of [orchid hybrid] Aranda Wendy Scott [variety] to manurial treatments with NPK *[nitrogen,* **phosphorus,** potassium] and sawdust mulch. 104136
Response of soybean varieties to graded doses of *nitrogen* and **phosphorus.** 104145
Carbon, *nitrogen,* and **phosphorus** dynamics during leaf decay in nutrient-enriched steam microecosystems. 104288
Response of potato (Solanum tuberosum) to varying levels ofirrigation and NPK *[nitrogen,* **phosphorus,** potassium] fertilization. 104325
Changes in the partition of *nitrogen* and **phosphorus** in stored pig slurry. 104538
Bioconversion of Barex 210 (an acrylonitrile copolymer) *nitrogen* for **plant** utilization [Oat seedlings]. 100216
Effect of dates of sowing, rates of *nitrogen* and **planting** densities on grain yield of hybrid maize 'Ganga 101'. 100832
Structure of yield in hybrid, high-bred and local sorghums as influenced by *nitrogen* and **population** levels. 100865
Fodder yielding ability of maize genotypes under varying levels of *nitrogen* and **population.** II. Quality of green fodder. 104109
Seasonal changes in minerals, protein, and yield of tall fescue [Festuca elatior] forage as influenced by *nitrogen* and **potassium** fertilization. 100321
Effects of *nitrogen* and **potassium** on the boron content of the strawberry plant. 100350
Effect of late-season top dressing of N (and K) *[nitrogen* and **potassium]** applied to conifer [Picea sitchensis] transplants in the nursery on their survival and growth on British forest sites. 103964
Dependence of the yield and quality of early cabbage in vegetable crop rotation from the forms of *nitrogenous* and **potassium** fertilizers. 104060
Effect of uranyl acetate on microbial fixation of *nitrogen* in **presence** of lanthanum sulphate. 103861
Determining the most **profitable** *nitrogen* fertilization for corn production [Production costs]. 094448
Protein and non-protein nitrogen fractions of some Egyptianmilks. I. **Protein** *nitrogen* fractions. 095549
Aftereffect of defoliants on the content of total and **protein** *nitrogen* in cotton leaves during the initial phases of development. 100327
Old and new experiences with *nitrogen* **provision** [fixation] from the air [by agricultural crops]. 099850
Effect of leaf shape on response of cotton to plant population, N *[nitrogen]* **rate,** and irrigation. 100705
Effect of different N *[nitrogen]-carriers,* their **rate** and time of application on the yield of wheat. 103970
The effect of the concentration of glucose and asparagine and of the *carbon/nitrogen* **ratio** of the medium on fruiting body production by Coprinus congregatus [Fungi]. 099873
Growth and sporulation of Pyricularia oryzae Cav. On different *carbon/nitrogen* **ratios** in a synthetic medium, the rice blast causing agent. 101628
Nitrogen **removal** [from water] by biological denitrification. 104516
Growth and *nitrogen* **retention** of children consuming all of the day's protein intake in one meal. 094991
Effect of various level of nitrogenous substances on the digestibility and retention of nutrients in pigs given plant diet. I. Digestibility of organic nutrients and *nitrogen* **retention.** 096742
Absorption of fertilizer and soil nitrogen by rice plants under the various cultural conditions of different paddy fields. III. Relationship between kinds of rice seedlings and absorption of *nitrogen* by **rice** plants and general discussion. 100323
Effects of *nitrogen* and **row** spacing on the yield and quality of essential oil in Japanese mint [Mentha arvensis]. 101301
Response of celery to *nitrogen* and **row** spacings. 104004
Effect of date of planting, spacing, levels of *nitrogen* and **size** of tuber on the yield of seed potato. 101185
Absorption of fertilizer and **soil** *nitrogen* by rice plants under the various cultural conditions of different paddy fields. III. Relationship between kinds of rice seedlings and absorption of nitrogen by rice plants and general discussion. 100323
Effect of *nitrogen* and **soil** type on grain yield of rice. 100840
Soil *nitrogen* parameters signifying its nitrogen supplying power. 103697
The determination of *nitrogen* in **soils** by rapid high-temperature Kjeldahl digestion and autoanalysis. 103728
Growth characteristics of Acer pseudoplatanus L. Cells grown in chemostat culture in the presence of urea alone as a **source** of *nitrogen.* 100674
Sulphur-coated urea as a *nitrogen* **source** for cotton. 103912
Response of Olitorius jute to *nitrogen* and **spacings.** 104015
Effect of cycloheximide on the process of reorganization of the biosynthesis of Chlorella [Algae] cells induced by *nitrogen* **starvation.** 099989
Effect of various level of *nitrogenous* **substances** on the digestibility and retention of nutrients in pigs given plant diet. I. Digestibility of organic nutrients and nitrogen retention. 096742
Effect of intensive nutrition of meadows on dry matter yields. The content and production of *nitrogenous* **substances.** 100293
Response of rice varieties to *nitrogen* during **summer** season. 104019
Processed poultry waste compared with uric acid, sodium urate, urea and biuret as *nitrogen* **supplements** for beef cattle fed forage diets. 096700
15N [nitrogen isotopes] absorption and translocation by Satsuma mandarin orange trees. III. Behaviour of *nitrogen* **supplied** in early spring. 100397
15N [nitrogen isotope] absorption and translocation by Satsuma mandarin orange trees. IV. Behaviour of *nitrogen* **supplied** in early summer. 100398
Change of the compound of chloroplast proteins and aminotransferase activity in plants with different fixation type of carbon dioxide depending on *nitrogen* **supply.** 100036
Physiological studies on the nitrogen nutrition of wheat plant. 1. The effect of different levels of *nitrogen* **supply** on the total nitrogen, available ammonia and nitrate nitrogen contents of various plant organs. 100084
Physiological studies on the nitrogen nutrition of wheat plant. II. The effect of different levels of *nitrogen* **supply** on the phosphorus content of various plant organs. 100085
Soil nitrogen parameters signifying its *nitrogen* **supplying** power. 103697
Sources of *nitrogen* **supporting** growth and embryogenesis in cultured wild carrot [Daucus carota] tissue. 100536
Effect of three levels of *nitrogen* and **three** spacings on grain yield of two varieties of rice. 103986
Effects of **three** *nitrogen* fertilizers and lime on pH [hydrogen-ion concentration] and exchangeable catton content at different depths in cropped soils at two sites in the Nigerian savanna. 104157
Studies on the effects of feeding formaldehyde-treated fishmeal on growing lambs. 3. In vivo production of ammonia, **total** *nitrogen* and volatile fatty acids. 096689
Nitrate-N *[nitrogen]* and **total** N concentration relationships in several plant species [Maize, spinach, mustard, Festuca arundinacea]. 099470
Use of ammonia electrode for **total** *nitrogen* determination in plants. 099678
Physiological studies on the nitrogen nutrition of wheat plant. 1. The effect of different levels of nitrogen supply on the **total** *nitrogen,* available ammonia and nitrate nitrogen contents of various plant organs. 100084
Influence of plants on *nitrogen* **transformation** in soils. 103759
Effect of levels and sources of N *[nitrogen]* on its **uptake** and utilisation by dwarf wheats. 103974
Fertilizer use in rainfed crops. Grain yield and *nitrogen* **uptake.** 103994
A practical method of estimation of blood **urea** *nitrogen* and its application to nutritional evaluation of dairy cows. 096712
A laboratory study on the pattern and mode of **urea** *nitrogen* transformation in the soil. 103888
Simulation of growth and production in sheep—model 1: A computer program to estimate energy and *nitrogen* **utilisation,** body composition and empty liveweight change, day by day forsheep of any age. 096611
Energy, matter and *nitrogen* **utilization** by the larvae of the monarch butterfly Danaus plexippus. 103067
Response of hybrid maize to different levels of *nitrogen* under **varied** soil moisture conditions. 104010
Competition between wheat (Triticum aestivum L.) and Chenopodium album L. under varying levels of soil moisture, *nitrogen* and **weed** intensities. 102120
Effect of levels and sources of *nitrogen* on **wheat.** I. Yield components, yield and fertilizer efficiency. 103972
Effect of levels and sources of *nitrogen* on **wheat.** II. Pattern of dry matter and nitrogen accumulation. 103973
Response of dwarf **wheat** to *nitrogen.* 104008
Influence of reseeding and *nitrogen* on the **yield** and botanic composition of grassland. Second report of trials at gilze, 1971-1974 [Cultivation on sandy soil]. 104121
Effects of *nitrogen* and **zinc** application on zinc uptake of wheat. 103990

NITROPHENOL

Analytical methods for Sumithion **[O,O-dimethyl** *O-(3-methyl-4-nitrophenyl)* phosphorothioate] in technical products and formulated materials [Organophosphorus insecticide]. 102765
Occurrence of multiple forms of bull and ram acrosin during proenzyme activation and inhibition of activation by *p-nitrophenyl* **p'-guanidinobenzoate.** 096915

NITROSAMINE

A survey of fish products for **volatile** *N-nitrosamines.* 094880

NITROSO

Mutagenic selectivity of **carcinogenic** *nitroso* compounds. III. N,alpha-acetoxymethyl-N-methylnitrosamine [Drosophila melanogaster]. 102886
Genetic activity of **new** *nitroso* compounds in maize. 099401
N-nitroso-N-methylurea **resistance** of sunflower cytoplasmic chlorophyll mutants induced by this agent. 099405

NITROSOETHYLUREA

Morphogenic effect of nitrosomethylurea and *nitrosoethylurea* [in **Drosophila** melanogaster]. 102953

NITROSOMETHYLUREA

Morphogenic effect of *nitrosomethylurea* and **nitrosoethylurea** [in Drosophila melanogaster]. 102953

NITROSOMONAS

N-Serve and its potential use in northern Idaho [for the conversion of ammonium nitrogen to nitrate nitrogen by inhibiting the activity of *Nitrosomonas* **soil** bacteria]. 103938

NITZSCHIA

Examination of diatom type material: *nitzschia* **delicatissimaCleve,** Thalassiosira minuscula Krasske, and Cyclotella nana Hustedt. 098550

NOCTUIDAE

Activity of insect growth regulators (juvenile hormone analogues) against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera; *Noctuidae)* **[Integrated** control programmes]. 102375
Moth activity of Heliothis zea (Boddie) in Wisconsin **(Lepidoptera:** *Noctuidae).* 102247
The role of juvenile hormone in larval duration and spermiogenesis in relation to phase variation in the tobacco cutworm, Spodoptera litura **(Lepidoptera:** *Noctuidae).* 102285
Mating, longevity, fertility and fecundity of the cotton leaf-worm, Spodoptera littoralis (Boisd.) **(Lepidoptera:** *Noctuidae).* 102346
The influence of some carbohydrate diets as adult food or group interaction during immature stages on the programming of oviposition in the spotted bollworm, Earias fabia Stoll **(Lepidoptera:** *Noctuidae).* 102354
Role of oesophageal connectives in cuticular melanization in larvae of the armyworm, Leucania separata Walker **(Lepidoptera:** *Noctuidae).* 102827
A gynandromorph of Agrotis segetum (Denis & Schiff.) **(Lepidoptera:** *Noctuidae).* 102971
Descriptions of the larvae of Spodoptera sunia and Spodoptera latifascia with a key to the mature Spodoptera larvae of the eastern United States **(Lepidoptera:** *Noctuidae).* 103138
New Noctuidae from Madagascar **(Lepidoptera,** *Noctuidae).* 103151
New record of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the lac predator, Eublemma amabilis **Moore** *(Noctuidae:* Lepidoptera) [Field crop pests, natural control]. 102365
New *Noctuidae* from Madagascar (Lepidoptera, Noctuidae). 103151
Biology and ecology of the garden moth (Mamestra oleracea L., Lepidoptera, *Noctuidae)* **[pest** of sugarbeets in Bulgaria]. 102309
[The herbicide] Kotoran against a *noctuid* **[Scotia** segetum, pest of cotton, weeds as intermediate host plants]. 102374

NOCTURNAL *see* NIGHT

NODE

Distribution of acid phosphatase in chick **Hensen's** *node* [Embryology]. 096323
Culture of Anaplasma marginale in [bovine] **lymph** *node* cells. 097559
Changes in the resistance of the *node* of **Nitellopsis** obtusa, [Algae] caused by the damage of the internodal cells. 099496
Development and [genetic] control of the number of flowers per *node* in **Pisum** sativum L. [Peas]. 099066
Compared outgrowth rate of *nodal* **roots** in three rice varieties (Oryza sativa L.). 100078

NODULES

Effectiveness of cross inoculation of clover with various strains of *nodular* **bacteria.** 100238
Isolation and characteristics of streptomycin-resistant mutants in Rhizobium japonica *[Nodule* **bacteria].** 103832

Effect of bean variety on *nodule* **development** and nitrogen fixation using a number of strains of Rhizobium phaseoli of Brazillian origin. 100359
A microscopical study of the development of a spore-like stage in the life cycle of the *root-nodule* **endophyte** of Alnus glutinosa (L.) Gaertn. 100662
Bacterial **leaf** *nodule* symbiosis in angiosperms with emphasis on Rubiaceae and Myrsinaceae. 099580
Effects of salt stress on growth, *nodulation* and **nitrogen** fixation in cowpea and mung beans. 102006
Nodulation **pattern** in soybean as affected by rates of nitrogen and phosphorus. 104001
The structure and development of Trifolium subterraneum L. **root** *nodules* [Rhizobium]. I. In [subterraneau clover] plants grown at optimal root temperatures. 099000
The structure and development of Trifolium subterraneum L. **root** *nodules* [Rhizobium]. II. In [subterranean clover] plants grown at sub-optimal root temperatures. 099001
Regulation of nitrogen fixation by Rhizobia [**root** *nodule* bacteria] export of fixed N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Root *nodulation* and root nodule activity of Desmodium glabellum (Michx.) DC [Red clover]. 100302
Effect of P, N [phosphorus, nitrogen] and inoculum on root, *nodulation* and **yield** of gram [Mungo beans]. 103984

NOISE

Observations of *noise* **absorption** by [forest] stands located along highways. 097942
Studies on the noise reduction by plants. I. Experimental tests of traffic noise and *noise* **attenuation** effects on shrubs. 104539
The use of membrane **electrical** *noise* in the study of Characean electrophysiology [Chara braunii, Algae]. 099835
Environmental *noise* management. 104504
The proposed OSHA [Occupational Safety and Health Administration] regulation for agricultural employee **occupational** *noise* exposure. 104434
The service of industrial toxicology in analyzing the air and *noise* **protection.** 104634
Studies on the *noise* **reduction** by plants. I. Experimental tests of traffic noise and noise attenuation effects on shrubs. 104539
Residential **traffic** *noise* control using tree-shrub-barrier combinations [Windbreaks]. 104622

NOMADISM

Innovation technology transfer and *nomadic* **pastoral** societies [Land use, rangeland management]. 094248

NOMENCLATURE

On the correct scientific name of mountain devilpepper of Misiones (Rauwolfia sellowii, **Apocynaceae)** *[Nomenclature].* 098522
Modern problems of **bryological** *nomenclature* [Musci]. 098569
Terminology of **chemical** releasing stimuli in intraspecific and interspecific interactions [Synomone, apneumone, chemical communication]. 102967
The genus Lepista and the **correct** *nomenclature* [Fungi]. 098584
Clarifying the *nomenclature* of the **red-stemmed** dogwood [Cornus, cultivars]. 101041
Nomenclatural **revision** of the West Indian species of Schomburgkia (Orchidaceae). 098580
Cattle allotypes: a review and **suggested** *nomenclature.* 096858
The problem of **unified** *terminology* and classification of machines and apparatuses for controlling pests, diseases and weeds in forests. 103591

NOMOGRAPHY

Nomogram for **determining** the productivity of a plowing unit considering the variational character of the external load. 103534
Generalized *nomographic* solution of Hooghoudt equations [Drainage]. 104289

NONALCOHOLIC *see* ALCOHOL

NONAQUEOUS *see* AQUEOUS

NONCALCAREOUS *see* CALCAREOUS

NONDORMANT *see* DORMANCY

NONFAT *see* FATS

NONHOMOLOGOUS *see* HOMOLOGY

NONHOST *see* HOST

NONTARGET *see* TARGET

NOODLE

Colorimetric determination of cholesterol in **egg** *noodles.* 095536

NORADRENALINE

Factors determining the rate of relaxation of rabbit aortic strips after an **exposure** to *noradrenaline.* 096491
Prostaglandin-mediated inhibition of *noradrenaline* **release:** its resistance to variations in rate or prostaglandin synthesis [Rabbits]. 096165

NOREPINEPHRINE

Influence of thyroid hormone on *norepinephrine* **metabolism** in rat brain during maturation. 096538

NORMALIZATION

BVD [bovine virus diarrhea] virus in commercial fetal calf serum and *'normal'* and **aborted** fetuses. 097511
Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in *normal* **albino** rats. 095098
Metabolism of IAA [indoleacetic acid] in *normal* and **autonomous** cultures of plant tissues. 099993
Role of divalent cations in bactericidal action of *normal* **bovine** serum to Brucella abortus strain 19. 097634
The distribution of O-antigen types of Escherichia coli in *normal* **calves,** compared with man, and their R plasmid carriage. 097393
Effects of alpha-adrenergic blockade on sodium excretion in *normal* and **chronic** salt retaining dogs. 096296
Studies on the glycolipids of sheep thymus and of *normal* and **concanavalin** A-stimulated sheep peripheral lymphocytes. 096251
Studies on the central venous pressure in the dog. II. Changes of central venous pressure following fluid transfusion. I. Infusion of dextran 70 and lactated Ringer's solution to *normal* **dogs.** 096534
Vitamin B6 nutriture of children with acute celiac disease, celiac disease in remission, and of children with *normal* **duodenal** mucosa. 094971
A comparison of the daily energy needs of the *normal* and **dwarf** broiler breeder hen. 096746
Characterization of the adenosinetriphosphatase and calsequestrin isolated from sarcoplasmic reticulum of *normal* and **dystrophic** chickens. 096283
Nitrates and nitrites as components of the *normal* **environment:** part one of two parts. 095071
Estimation of sire's breeding value. V. Derivations of variance-covariance matrices of a solution of *normal* **equations** of a mixed linear model subject to selection bias. 097077
Localization of vitellogenin and serum albumin in hepatic parenchymal cells of *normal* and **estradiol** treated immature chickens. 096244
28Mg [magnesium isotope] kinetics in **ewes fed** *normal* or tetany prone grass. 096672
Lipid composition of the *normal* and **flight** forms of adult cowpea weevils, Callosobruchus maculatus. 103008
Studies on age specific leukocyte and lymphocyte counts in *normal* **Friesian,** Red Danish and Jersey [dairy] cattle in Denmark [Blood profiles]. 096494
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: egg hatch in females mated successively with *normal* and **gamma-sterilized** males and vice versa. 102807
Immunoglobulin classes in genital secretions of mycoplasma-infected and *normal* **heifers.** 097380
Maturity interaction and black layer occurrence in opaque-2 and *normal* **hybrids** in maize (Zea mays L.). 099198
An evaluation of calculated and measured serum osmolality in *normal* and **hyperosmolemic** dogs. 097712
The cestocidal effect of complement in *normal* and **immune** sera in vitro [Livestock]. 097467
Plasma and organ counts of 3H in *normal* or **immune** mice and sheep injected with 3H-epsilon-dinitrophenyl-lysine. 097604
Cystine aminopeptidase (oxytocinase) activity in plasma and tissues of *normal* and **infected** pregnant cattle [with Aspergillus fumigatus]. 097223
The development of the electroretinogram in *normal* and **light-deprived** rabbits. 096503
The relase of prostaglandin F2alpha as reflected by 15-keto-13,14-dihydroprostaglandin F2alpha in the peripheral circulation during *normal* **luteolysis** in heifers. 096528
A behavioural comparison of gnotobiotic with *normal* **neonate** pigs, indicating stress in the former. 096201
Nutritive value of *normal* and **opaque-2** maize [Varieties]. 095043
Normal **parturition** in the mare. 096894
Environmental effects on the percentage of stainable and **presumed** *normal* pollen in Aster (Compositae). 099473
Electrophoresis of serum proteins in the *normal* **rabbit.** 096532
A simple method to estimate sterile: *normal* **ratios** based on hatchability on eggs [Dacus cucurbitae]. 102824
Restriction endonuclease analysis of mitochondrial DNA from *normal* and **Texas** cytoplasmic male-sterile maize. 099383
The use of *'normal'* and **'transformed'** gynandromorphs in mapping the primordial germ cells and the gonadal mesoderm in Drosophila. 102970
Studies on the appearance of a hepatic copper-binding protein in *normal* and **zinc-deficient** rats. 095026

NOSEMA

Susceptibility of nontarget organisms to *Nosema* **algerae** (Microsporida: Nosematidae), a parasite of mosquitoes. 102579
Resistance of the honey bee to *Nosema* **disease** in relation to chimozine. 103220
Occurrence of *nosema* **disease** in honeybee queen [Apis mellifera]. 103271
Relations between the average length of survival of adult bees (Apis mellifera L.) and the frequency of diseases, **especially** *nosema,* during the spring season. 103250

NOSEMATIDAE

Susceptibility of nontarget organisms to Nosema algerae (Microsporida: *Nosematidae),* a **parasite** of mosquitoes. 102579

NOSTOC

The infection process and ultrastructure of the *Gunnera-Nostoc* [**Algae**] symbiosis. 099882

NOTHOFAGUS

Winter dormancy in seedlings of mountain **beech** *(Nothofagus* solandri var. cliffortioides) near timber line. 100658

NOTOCACTUS

Germination ability of the **genus** *Notocactus.* 100493

NOZZLES

Distribution of a liquid by fan **deflector-type** *nozzles* and some conditions for their utilization in a field rod of a sprayer. 103522
A method of counting droplets [from agricultural **spraying** *nozzles].* 103452
Study of the movement of the air flow in the zone of the inlet opening of a **suction** *nozzle* [Pneumatic fertilizer loader]. 103548

NUCLEAR

Kinetic study of crystallization of plastic fats. I. Layout of solidification curves by large **band** *nuclear* magnetic resonance. 095521
Connection between morphological and biosynthetic activity of Trichothecium roseum [Fungi] and its *polynuclear* **conidia.** 099860
Cytophotometrical study of *nuclear* **DNA** in the different apical parts of the male gametophyte of Polytrichum formosum Hedw. during the reproductive phase [Musci]. 098907
The ontogenesis of the endosperm in Delphinium ajacis L.: Problem of the regulation of the chromosome number and of the quantity of *intranuclear* **DNA.** 099621
Nuclear **DNA** synthesis in meristematic root tip cells of some Citrus species [Lemons, mandarin oranges] autoradiography and microspectrophotometry. 100403
Bean breeding program at CENA [Centro de **Energia** *Nuclear* na Agricultura]. 099069
Tubular connections between the **external** *nuclear* membrane, the endoplasic reticulum and dictyosomes of Cystoseira stricta (Pheophyta, Fucale [Algae]). 098925
Determination of solid and liquid components of palm oil as function of the crystallization condition by measurement of *nuclear* **magnetic** resonance. 095436
Microstructure of natural guayule rubber from 300-MHz [megahertz] *nuclear* **magnetic** resonance spectra. 095480
Fast determination of content in oil by *nuclear* **magnetic** resonance after drying of seeds in a microwave oven. 095520
Nuclear **magnetic** resonance spectrometry as a quick method of determination of oil content in rapeseed. 095812
N.M.R. *[Nuclear* **magnetic** resonance] with stable isotopes in biosynthetic studies [carbon-13 isotope]. 099561
Peculiarities of cytoplasmic and *nuclear* **male** sterility in winter rye. 099096
Mitotic cell studies based on in vivo observations. VIII. The evolution of mitotic spindles in eukaryota: a negation of the breakdown of the *nuclear* **membrane** [in higher plant and animal cells]. 098967
Nuclear **methods** for detecting root activity [Barley, in screening of genotypes]. 099310
Defective development after puncturing the periplasm of *nuclear* **multiplication** stage Drosophila [melanogaster] embryos. 102904
Chemical characterization studies of the *nuclear* **polyhedrosis** virus of Porthetria dispar [Forest pests, biological control]. 102495
Development of a *nuclear* **polyhedrosis** virus in midgut cells and penetration of the virus into the hemocoel of the armyworm, Pseudaletia unipuncta [Pest of products]. 102533
Acquisition of the envelope of *nuclear* **polyhedrosis** viruses in the Chinese oak silkworm, Antheraea pernyi Guer-Min, and the Japanese giant silkworm, Dictyoploca japonica Butler. 103222
Evidence for *nuclear* **restriction** of supersuppressor gene products in Neurospora [crassa, Fungi] heterokaryons. 099139
Nuclear **status** of Hygrocybe conica (Scop. Ex Fr.) Kummer. 098617
Nuclear **syntheses** of RNA into the adult ovary of Tenebrio molitor: quantitative study. 102848
Nuclear **techniques** for determining biomass production, evaporation and transpiration, root development and nutritional value [in plant breeding]. 099311
Some *nuclear* **techniques** applicable for physiological characterization of plant material [Strawberries]. 100459
Application of 15N [nitrogen isotope] pulsed fourier **transform** *nuclear* magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654

Litterfall in a Douglas-fir [Pseudotsuga menziesii] forest near the **Trojan** *Nuclear* Power Station, Oregon. 098831
Bromodeoxyuridine 5'-monophosphate incorporation into **yeast** *nuclear* and mitochondrial deoxyribonucleic acid. 099807

NUCLEIC

Nucleic **acid** sequence relationships among "slow" viruses of sheep. 097671
Mechanism of action of gibberellins [on *nucleic* **acid** metabolism in both aleurone layers and in other plant systems]. 099777
The influence of growing temperature on the amino acid and *nucleic* **acid** concentrations of potato tubers. 100483
Effect of infection with bean yellow mosaic virus on *nucleic* **acid** content of azak treated broadbean (Vicia faba L.) plants. 101720
Autoradiographic analysis of macromolecular syntheses in prospectively necrotic cells of the chick limb bud. II. *Nucleic* **acids.** 096338
On the effects in vitro of follicle stimulating hormone (FSH) and actinomycin D on the amounts of *nucleic* **acids** of the immature mouse ovaries. 097037
Release of water and *nucleic* **acids** from maize leaves repeatedly subjected to high pressures. 100299
Brown leaf rust [Puccinia dispersa] effect on functional activity of *nucleic* **acids** of rye. 101414
Effect of different ways of treatment with dalapon on the nitrogen and *nucleic* **metabolism** in the leaves of cotton and Johnsongrass [Sorghum halepense]. 102195

NUCLEOLUS

Histochemical and autoradiographic investigations on the *nucleolus* in **chicken** ovopoesis. 096195
Ultrastructural study of the *nucleolar* **cycle** in meristematic cells of Allium cepa [Onions]. 099008
Ultrastructural modifications of the nucleus and *nucleolus* of **Euglena** gracilis Z [Algae] during the cell cycle. 098926
Nucleolar **ontogenesis** in the uterine chick germ correlated with morphogenetic events. 096339
The effect of cycloheximide on hepatic RNA synthesis and *nucleolar* **size** in rats force-fed a threonine-devoid diet. 095151

NUCLEOPHILIC

Studies on the influence of substituted groups nature in p-substituted cellulose benzenesulphonate on mechanism of *nucleophilic* **substitution** of sulphonyloxygroups by acetoxylons. 098361

NUCLEOTIDASES

Cytosol *5'-nucleotidase* from chicken liver: Purification and some properties. 096236

NUCLEOTIDES

Guanylate cyclase: Existence of different forms and their regulation by *nucleotides* in **calf** uterus. 096241
Effect of **guanyl** *nucleotides* on parathyroid hormone-responsive adenylate cyclase in chick kidney. 096452
Nicotinamide *nucleotide* transhydrogenase [Mitochondria]. 096337
Enzyme activities associated with an invertebrate iridovirus: *nucleotide* **phosphohydrolase** activity associated with iridescent virus type 6 (CIV) [Galleria mellonella]. 103045
Novel activity of **potato** *nucleotide* pyrophosphatase. 100373
Adenosine and **related** *nucleotides* as sporulation-inducing factors in Alternaria tomato [Pathogenic fungi]. 099465
5' terminal *nucleotide* sequences of the messenger RNAs of Dictyostelium discoideum [Slime mold]. 099145

NUCLEUS

Electronic microscopy of dry mass of *nuclei* and **chloroplasts** from rye. 098971
Frequency following response to the cat **cochlear** *nuclei* to multicomponent sound signals. 096455
Investigation of RNA transport from *nucleus* to **cytoplasm** in Acetabularia mediterranea [Algae]. 099983
A high affinity antiserum specific for the **ecdysone** *nucleus* [Radioimmunoassay, insect materials]. 102988
In vitro transcription by **isolated** *nuclei* of Rhynchosciara americana salivary glands. Characteristics of incorporation and inhibition by alpha-amanitin. 102890
Staining of the *nuclei* of **microsporidian** spores [Parasites of Mamestra brassicae]. 103031
Ultrastructural modifications of the *nucleus* and **nucleolus** of Euglena gracilis Z [Algae] during the cell cycle. 098926
Chromatin subunits visualized in common ultrathin sections of Helianthus **[sunflower]** *nuclei.* 098973

NURSERIES

Treatment of soil with thiazone [3,5-dimethyl-1,2,3,5-tetrahydro-1,3,5-thiadiazinethione-2] and carbathione [vapam] for the control of lodging of **conifers** in *nurseries.* 102028
Greenhouse **container** *nurseries* for better trees. 101236
Nursery **evaluation** of a pitch pine [Pinus rigida] provenance trial. 098126
Planting material **[Forest** *nurseries].* 098089
Pythium sylvaticum in Canadian **forest** *nurseries* [Damping-off, Pinus resinosa]. 101385
The effectiveness of benlate, topsin and polycarbacin in the control of pine needle cast [Lophodermium pinastri] in **forest** *nurseries.* 101608
About the simazine residues in the soil of the Tikhvin **Forest** *Nursery.* 102770
The application of micronutrient fertilizers in **forest** *nurseries* of the taiga zone. 104132
The display of negative properties of some forms of fertilizers during the germination of pine and spruce seeds [in **forest** *nurseries].* 104134
Growing **grafted** *nursery* grapevines in controlled conditions of the rooting medium. 101279
Development of the French **grape** *nursery.* 101241
The effect of certain fungicides on growth of **grapevines** in the *nursery.* 101429
Studies on grafting chestnuts (Castanea sativa Mill.) in the *nursery.* I. **Growth** of seedlings and time of grafting on dormant buds. 101153
[Grapevine] *nurseries* in the **Hungarian** People's Republic. 101282
Lodging of seedlings of conifers in the *nurseries* of the **Leningrad** province [due chiefly to Fusarium spp.]. 101606
Study in *nursery* of **mahaleb** and wild sweet cherry forms picked out for mazzard cherry rootstocks. 101156
The *nursery* in **Maine-et-Loire.** Angers: first French center for the production of young plants [Horticulture]. 101227
Results of the Fifth International Winter Wheat **Performance** *Nursery* grown in 1973 [Varieties, yields]. 100962
Zinc deficiency in *nursery-grown* **Pinus** radiata seedlings. 101954
A survey of migratory nematodes, especially Pratylenchus penetrans, in root-stocks of roses in Danish **plant** *nurseries.* 102047
Windrift **Prairie** *Nursery:* story of a small commercial enterprise. 101173
Nursery **production** potential [for shelterbelt planting]. 098117
Soil/air/water relationships in container *[nursery]* **production** [Potting mix]. 103669
Bare **root** *nursery* production and needs [Fraxinus pennsylvanica lanceolata, soil conservation]. 098113
Nutritional status of Head Start and *nursery* **school** children. I. Food intake and anthropometric measurements. 095132
Frequency of control plots in **screening** *nurseries* for protein content [Wheat, barley, planting distance]. 100769
Behavior of two nematicides in the control of nematodes in a **strawberry** *nursery.* 101958
Effect of late-season top dressing of N (and K) [nitrogen and potassium] applied to conifer [Picea sitchensis] transplants in the *nursery* on their **survival** and growth on British forest sites. 103964
The export of Dutch **tree** *nursery* products during the period1964-1974. 094488
Effect of microelements on the growth of apple **trees** in a *nursery.* 100498

NURSERYMEN

Hardwood *nurseryman's* guide [Seedlings]. 098071

NURSING

Why *nurse* **calves** the first 2-3 weeks? [Feeding]. 096732
Pregnancy and *nursing* **period** in the Arctic fox. 096899
Feeding and *nursing* **problems** [Minks]. 096825

NUTATION

Genetic control of *nutation* **process** in Aspergillus nidulans[Fungi]. II. Study of ultraviolet-induced mutagenesis in uvs strains. 099229

NUTMEG

Extractive components from the *nutmeg* of **Myrisitica** simarumA. DC: the structure of lignan-ketone: otobanone. 099709

NUTRIENTS

Modeling pesticides and *nutrients* on **agricultural** lands. 102749
Culture of the [rust] fungus Puccinia triticina Erikss. On an **artificial** *nutrient* medium. 101458
Nutrient **assessments** as a basis for lake management priorities [Water resources]. 104301
Colonization of soil by Arthrobacter and Pseudomonas under varying conditions of water and *nutrient* **availability** as studied by plate counts and transmission electron microscopy. 103703
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in maize monocultures. II. *Nutrient* **balance** and recovery of fertilizers. 103875
Total and yield-forming uptake of *nutrients* by **barley** and clover plants. 100232
Peculiarities of the uptake of *nutrients* by **Bezostaia** 1 andKavkaz winter wheat cultivars under conditions of irrigation. 100197
Effects of *nutrient* **compounds** on sucking response of the brown planthopper, Nilaparvata lugens (Homoptera: Delphacidae). 102825
Nutrient **concentration** of corn as effected by poultry manure. 100155
Nutrient **content** of broiler litter [Ruminant feeds]. 096034
Nutrient **cycling** in the Douglas-fir [Pseudotsuga menziesii menziesii] type: silvicultural implications. 098130
Nutrient **cycling** in the slash pine [Pinus elliottii] ecosystem: silvicultural implication. 098131
Nutrient **element** accumulation in mazzard cherry leaves as influenced by the rootstock. 100438
Seasonal dynamics of tall shrubs in northeastern Minnesota: biomass and *nutrient* **element** changes. 100638
Feed *nutrients*—a cost study. 094408
Response of late sown wheat to placement of *micronutrients* along with **fertilizers.** 104011
The application of *micronutrient* **fertilizers** in forest nurseries of the taiga zone. 104132
Vitamins and minerals *[Nutrients,* **food** fortification]. 095197
Nutrient **gains** to adjacent ecosystems during a forest fire: an evaluation. 098790
Residual Zn [zinc] availability related to growth and *nutrient* **gradients** in corn. 100071
Tracer experiments on the effect of *micronutrients* on the **growth** of Porphyra [Algae] plants. II. Manganese-54 and zinc-65 assimilation in relation to environmental factors. 099590
Influence of temperature, pH [hydrogen-ion concentration] and *nutrients* on the **growth** of Fomes annosus isolates [Pinus pinaster]. 101442
Study of the requirements of young spruce [Picea] plants **inmajor** *nutrients.* 100648
Sediment-water microcosms for assessment of *nutrient* **interactions** in aquatic ecosystems [Lakes, reservoirs, algal assay]. 104496
Effect of nitrogen, phosphorus and potassium on yields, protein contents and *nutrient* **levels** in soybeans, field peas and fababeans. 103925
Seasonal variation of algal biomass production potential and *nutrient* **limitation** in Yaquina Bay, Oregon [Water pollution, paper mill wastes]. 104495
Balance of the **major** *nutrients* in cropping and the alteration of agrochemical indices of soils. 099846
Uptake of the **major** *nutrients* and the yield of maize grain as related to the application of fertilizers. 100138
Utilization of the **major** *nutrients* by maize hybrids in relation to applied fertilizers. 100139
Rentention, losses and utilization efficiencies of **major** *nutrients* in tea culture under South Indian conditions. 104114
Optimization of the composition of the *nutrient* **medium** for the biosynthesis of glucoamylase by a submerged culture of Endomycopsis bispora [Fungi]. 099506
Effect of fertilizers and soil moisture on absorption of water and **mineral** *nutrients* by the grapevine. 100429
Effect of feeding treated groundnut-cake with urea-molassesimpregnated wheat straw on growth rate and utilization of *nutrients* in **Nali** lambs. 096684
Dependence between the content of *nutrients* in the **needles** and the growth of pine trees. 100655
Effect of various level of nitrogenous substances on the digestibility and retention of nutrients in pigs given plant diet. I. Digestibility of **organic** *nutrients* and nitrogen retention. 096742
The provision of grazing cattle with *micronutrients* from **plant** species of permanent grassland. 096816
Utilization of *nutrients* by **plants** [of field crops] in a rotation with fertilizer application according to a planned yield. 100204
A comparative look at **recommended** *nutrient* intakes. 095203
Nutrient **recycling** and the stability of ecosystems: implications for forest management in the southeastern U.s. 098844
Genotype X fertilizer interactions in slash pine [Pinus elliottii elliottii]: growth and [fertilizer] *nutrient* **relations.** 103943
Delayed **release** *nutrient* supplement for mushroom culture. 101069
Nutrient **reserves** in starving black carpet beetle [Attagenus megatoma] larvae infected with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
Seasonal fluctuation of *nutrients* in **soil** and leaf tissue of the heather, Calluna vulgaris (Hull) L. 099801
Amount of active [plant] *nutrients* in **soils** of spruce [Picea] plantings. 103752
Determination of bacterial cholinesterase activity on **solid** *nutrient* media [Soils, Arthobacter simplex cholinesterasus]. 103798
Excess EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] in the *nutrient* **solution** on iron uptake by bush bean plants. 100152
Phosphorous levels on the ability of an iron-inefficient and an iron-efficient corn inbred to take up iron from *nutrient* **solution.** 100156
Formulation of *nutrient* **solutions** and cultivation of plants in water culture. 100018
Screening of rice cultivars for tolerance to Al [aluminum]toxicity in *nutrient* **solutions** as compared with a field screening method. 101837
Nutrient **solutions** [for use in research on mineral deficiencies under controlled conditions of plants]. 102043
Carbon, nitrogen, and phosphorus dynamics during leaf decay in *nutrient-enriched* **steam** microecosystems. 104288
Nutrient **studies** on some soils from Eungella and East Funnel Creek, Mackay Hinterland, Queensland. 103845
Variation in the mineral composition of apple leaves. II. Variation among the apple orchards and evaluation of their *nutrient* **substance** reserves. 100449

Balance of *nutrients* in a **sugarbeet** crop rotation on a deep Chernozem in the northern part of the Ukrainian steppe [Wheat, maize, peas]. 100122
Crop quality and *nutrient* **uptake** by dryland wheat crop as influenced by available soil moisture status. 100208
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, potassium on crop yields and *nutrient* **uptake** in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Nutrient **uptake** by Chlorella vulgaris and Anacystis nidulans isolated from the effluent of a fertilizer factory [Algae]. 104519
The effect of precursors on the *nutrient,* **water** regimes of soil and the yield of maize in the central part of the steppe in the Ukrainian SSR. 100137
Effect of *micronutrients* on the **yield** production and technological value of sugarbeets [ammonium sulphate]. 104115

NUTRITION

Amino **acid** *nutrition* of some commercial cheese whey starters in relation to their growth in peptone-supplemented whey media. 095577
Comment on **algal** *nutritional* bioassays of Lake Wylie, North Carolina [Water eutrophication]. 099746
Algal *nutritional* bioassays of Lake Wylie, North Carolina [Water pollution]. 104491
A *nutritious* **alternative** for the lactose-intolerant consumer. 095361
Program and abstracts of papers for the second joint meeting of the American Institute of *Nutrition,* the **American** Society for Clinical Nutrition and the Nutrition Society of Canada, Michigan State University, East Lansing, Michigan, August 8-11, 1976. 095148
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of *nutrition* **andsoil** reduction on the leaf injuries of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Single-cell protein and New Zealand [Human and **animal** *nutrition].* 095076
Common salt [sodium chloride] requirements of domestic **animals** *[Nutrition].* 096823
Some features of **apricot** *nutrition.* 100507
Changes in the morphological traits of the Likorishko Byalo 7 cabbage variety under the influence of the *nutritional* **area** size [Spacing]. 098978
Influence of an **artificial** *nutrition* with a meridic diet on several biological characters of the desert locust Schistocerca gregaria Forsk. 102846
Nutritional **aspects** of high-altitude exposure in women. 094996
Study of the **balanced** *nutrition* of forage plants according to Homes method [Fertilizers]. 103887
Nutrition **behavior:** exploring its sociological influences. 095080
Nutrition **beliefs:** more fashion than fact. 095066
Recent findings on *nutritional* **biochemistry** for preventing puerperal paresis and lying down of dairy cows. 097766
Antinutritive factors contained in the seeds of broadbeans (Vicia faba). V. Influence on the protein catabolism of **broilers** *[Nutrition].* 096785
Calcium translocation in Tillandsia balbisiana Schult. **(Bromeliaceae)** *[Nutrition].* 099587
Calcium *[Nutrition].* 095103
Calcium *nutrition* of the sugarbeet. 100150
Calcium *nutrition* in Phaseolus vulgaris [kidney beans] in relation to its resistance to Erwinia carotovora. 101698
Nutrition **camp** - a method for human nutrition research. 095374
Teddy Roosevelt **campaigns** for good *nutrition.* 095221
Utilization of field by-products in **cattle** *nutrition.* 096616
Chlorinated hydrocarbons in body fat of poultry. III. The effect of *nutrition* on **chlorinated** hydrocarbon pesticide [insecticide] content in reserve fat of fattening geese [Contamination]. 102778
Program and abstracts of papers for the second joint meeting of the American Institute of Nutrition, the American Society for **Clinical** *Nutrition* and the Nutrition Society of Canada, Michigan State University, East Lansing, Michigan, August 8-11, 1976. 095148
Digestion in steers, sheep, and rabbits as measures of **clover** *nutritive* value. 096618
The **Comprehensive** *Nutrition* Action Program in Arizona. 095378
Evaluation of *nutrition* **conditions** of maize by methods of plant and soil diagnosis [Chemical composition]. 100227
The future of textured vegetable protein (TVP) production in Guyana: agricultural and *nutritional* **considerations.** 095030
Analysis of *nutrition* **curriculum** guides at the K-12 level. 095153
Protein- and amino-acid concentration by newborn rats under **defective** *nutrition.* 095231
The effects of iron and glucose treatments [for *nutritional* **deficiencies**] on the survival and performance of neanatal pigs. 097685
"Swollen face", a periodontal disease of cattle *[Nutritional* **deficiency,** Panicum maximum, Brazil]. 097746
Nutrition and **dentistry:** a joint educational approach to snacks and lunch time treats. 095078
Studies on the *nutritional* **diagnosis** of wheat. 100145
Nutrition **diagnosis** of fiber flax, oats and buckwheat. 100229
Nutrition **diagnosis** of cucumbers grown on an artificial substrate. 100502
Nutrition **diagnosis** of cucumber vines grown on gravel in greenhouses. 100503
Nutrition **diagnosis** of young stone fruit trees. 100504
Nutrition **diagnosis** of chrysanthemum. 100505
Effect of *nutrition* **education** on the nutritional status of low-income pregnant women of Mexican descent. 094985
Nutrition **education** and training. II. 095028
Nutrition **education** and training. Part II. 095029
Our *nutrition* **education** opportunities. 095082
Dash of fun makes *nutrition* **education** easy to swallow. 095114
Paraprofessionals: critical job requirements [Kentucky Expanded Food and *Nutrition* **Education** Program]. 095142
Nutrition **education:** higher education. 095204
Nutrition **education** at the university level. 095205
Nutrition **education** in the context of early childhood malnutrition in low-resource communities. 095206
Nutrition **education** is as easy as 1, 2...9. 095219
Nutrition **education:** talk of the town. 095220
Nutrition **education** in the medical school curriculum: a proposal for action: a curriculum design. 095307
Nutrition **education** for medical students: I. What is it? Where has it been? Why should it be taught? 095311
Nutrition **education** for medical students: II. Who shall teach it? Within what framework? How? 095312
Effects of substances of a cytokinin nature on growth of plants and accumulation of *nutritive* **elements** in them [Pumpkins]. 100576
Ecology and *nutritional* **energetics** of the leaf beetle Gonioctena pallida L. in the Siberian taiga and forest tundra. 103103
Differential effects of high dietary levels of vitamin A onthe vitamin **E-selenium** *nutrition* of young and adult chickens. 096714
A practical method of estimation of blood urea nitrogen and its application to *nutritional* **evaluation** of dairy cows. 096712
Growth of Fusarium moniliforme [fungi] on carob aqueous extract and *nutritional* **evaluation** of its biomass [Rats]. 099513
Preliminary clinical and anthropometric findings from the first Health and *Nutrition* **Examination** Survey, USA, 1971-1972. 095000
Nutrition and **family** planning: concepts and approaches for home economics teachers. 095079
Influences of some conditions of *nutrition* and **fertilization** on the technological quality of sugarbeets. 103865
Evaluation of protein and *nutritive* **fiber** content of cultivated Russian-thistle [Salsola weed used as forage]. 095991
Nutrition and the **food** supply during the revolutionary period. 095073
Nutrition and the **food** supply during the Revolutionary period. 095261
Importance of endosperm for *nutrition* of **Fraxinus** pennsylvanica seedlings. 100651
Nutrition of **fruit** crops and the forecast of the effectiveness of fertilizers. 100506
Estimation of maintenance requirements of animals from balance data *[Nutrition,* **goats].** 096686
Food choices and *nutritional* **health** of preadolescent girls. 095020
Studies on the origin of some hydrolytic enzymes associated with the leaves and tentacles of Drosera species and their role in **heterotrophic** *nutrition.* 099881
Care of children with conditions characterized by **high** *nutritional* risks. 095120
Dietary fiber in **human** *nutrition* and disease. 094908
Protein methods for cereal breeders as related to **human** *nutritional* requirements (PAG guideline No. 16, cereal breeders' protein methods). 094949
The concept of essential amino acids in **human** *nutrition* - a need for reassessment. 095100
Teeth, fluorine, and **human** *nutrition.* 095161
Sodium and potassium [in **human** *nutrition].* 095182
Nutrition camp - a method for **human** *nutrition* research. 095374
Complete ration can save labor and **improve** *nutrition* [Cattle]. 096777
Better *nutrition* and **improved** management accelerate animal production. 096608
Comparison of ultraviolet and blacklight for the induction of *nutritional* **independence** at two loci in Neurospora crassa[Fungi, genetics]. 099349
The positive aspects of technology for the consumer [Food **industry,** *nutrition].* 095032
Nutrition, **infant** behavior, and maternal characteristics: a pilot study in West Bengal, India. 094995
Current concepts in **infant** *nutrition.* 095044
Effect of **intensive** *nutrition* of meadows on dry matter yields. The content and production of nitrogenous substances. 100293
Iron *[Nutrition].* 095108
Potentially useful criteria for **judging** *nutritional* adequacy [Rats]. 094964
Potentially useful criteria for **judging** *nutritional* adequacy. 094999
Keeping *nutrition* in mind. 095218
Nutritional **knowledge** and attitudes of registered nurses. 095131
Curriculum materials and *nutritional* **learning** at the high school level. 095154
Developing indices of *nutritional* **level** from anthropometric measurements on women and young children. 094978
Interrelation of *nutrition* **level,** water provision rate and stand density as factors determining the productivity of pea crops. 100454
A model of the effect of *nutrition* on **litter** size and weight in the pregnant ewe [Sheep]. 096610
Fluoride susceptibility of tomato plants as affected by **magnesium** *nutrition.* 100477
Manipulation of IAA [indoleacetic acid]-oxidase activity and auxin-deficiency symptoms in intact cotton plants with **manganese** *nutrition.* 100256
Foetal and placental ornithine decarboxylase activity in ther rat—effect of **maternal** *undernutrition.* 095141
Maternal *nutritional* requirements in relation to the subsequent development of teeth in children. 095160
Insect-plant interactions: *nutrition* and **metabolism** [Allelochemics]. 103090
Mineral *nutrition* and morphine production in Papaver somniferum [Drug plants]. 099896
Radiation regime and the utilization of solar energy by barley crops under different levels of **mineral** *nutrition.* 100201
Study of **mineral** *nutrition* of Pelargonium on sand culture and nutritive solution. 100521
Effect of salts on the growth and **mineral** *nutrition* of cabbage (Brassica oleracea) in soil and sand culture. 100556
Regulation of growth character and productivity of potato under the **mineral** *nutrition* programming in hydroponics. 100609
Mineral *nutrition* of Macadamia [intergrifolia]. I. External and internal nitrogen and sulphur requirements of seedlings. 100687
Soil substrates and **mineral** *nutrition* of vegetables in protected cultivation. 101090
What can **minerals** do for you? *[Nutrition].* 095112
Use of urea in the *nutrition* of **monogastric** animals. I. Partial or complete substitution of soybeans for urea in a rabbit ration. 096788
Effect of **nitrogen** *nutrition* on alkaloid metabolism in plants. 099530
Physiological studies on the **nitrogen** *nutrition* of wheat plant. 1. The effect of different levels of nitrogen supply on the total nitrogen, available ammonia and nitrate nitrogen contents of various plant organs. 100084
Physiological studies on the **nitrogen** *nutrition* of wheat plant. II. The effect of different levels of nitrogen supply on the phosphorus content of various plant organs. 100085
Investigation of enzymes of sucrose metabolism in fodder beet roots in connection with conditions of **nitrogen** *nutrition* [Fertilizers]. 100316
Foliar diagnosis of **nitrogen** *nutrition* of carrots [Chemicalcomposition]. 100500
Foliar analysis for the diagnosis of **nitrogen** *nutrition* of lemon trees. 104077
Yield and quality of grain of Bezostaiai winter wheat as related to the level of **nitrogen** *nutrition* and water supply ofplants. 104095
Nutrition and **nonnutrition** components of demand for food items. 094952
The fatty acid pattern of infants and small children under the influence of **oral** *nutrition.* 095233
A preliminary study on the role of **organic** *nutrition* on flower and pod shedding in soybeans. 103919
Study of pharmaco-kinetics of carbohydrates as a basis for their application in **parenteral** *nutrition.* 095232
Nutrition: does the **physician** know enough? 095208
Nutrition **physiological** aspects of deep frying fats and oils. 7. Effect of frying fats and oils on lipid metabolism and fatty acid composition of body lipids. 095230
Utilization of amino acids in the ruminant. 1. The protection of amino acids with maleic anhydride to prevent deamination in the rumen *[Nutritional* **physiology].** 096173
Activation of pepsin (EC 3.4.4.1) by heavy-metal ions including a contribution to the mode of action of copper slphate in **pig** *nutrition.* 096655
The role of nutritionists in food and *nutrition* **planning.** 095292
Flourine and irrigation water **[Plant** *nutrition].* 099966
Soil-pot tests with iron-deficiency susceptible soybeans and other plants to determine effectiveness of iron chelates in **plant** *nutrition.* 100160
Spots on rice seeds **[Plant** *nutritional* deficiencies]. 102044
Guide to soils and **plant** *nutrition.* 3. [Salt and alkalinity, cation and anion exchange, phosphate fixation]. 103818
The requirements of Fomes anosus for different organic and mineral sources of *nutrition* **[Plants].** 101454
Preharvest *nutrition* and postharvest physiology of apples [Storage]. 100458
Nutritional **problems** of India—a developing nation. 095222
The aftereffect of fertilizers on the *nutrition* and **productivity** of maize. 100136
Menu planning in the *Nutrition* **Program** for the Elderly. 095322
Health **promoting** *nutrition,* a requirement of today. 095050
Some physicochemical and *nutritional* **properties** of castorbeans (Ricinus communis) protein [Feeding tests with weanling rats]. 095116
What can **protein** do for you? *[Nutrition].* 095113
L-lysine an important amino acid in **protein** *nutrition* of poultry. 096744
The influences of level of *nutrition* during **rearing** on puberty and reproductive performance in Japanese Black cattle heifers. 096660
Effect of water erosion on physical properties and *nutritional* **regime** of common Chernozems. 104168

Nutritional **regulation** of macromolecular synthesis in muscle. 096773
Nutritional **requirements** of Valeriana officinalis L. 099735
Nutrition-related **research** at USDA's Eastern Regional Research Center. 095377
Tests on **ruminant** *nutrition* with vetch (Vicia sativa Vi-45). 096786
You **score** with *nutrition.* 095087
Influence of ascorbic acid on **selenium** *nutrition* in the chick. 096716
Weight control program for university students conducted by *nutrition* **seniors.** 095134
Nutrition **services** for pregnant teen-agers. 095376
USDA rules redefine meat, **set** *nutrition* levels for some products. 095279
Nutritious **snacks** that kids will love. 095384
Program and abstracts of papers for the second joint meeting of the American Institute of Nutrition, the American Society for Clinical Nutrition and the *Nutrition* **Society** of Canada, Michigan State University, East Lansing, Michigan, August 8-11, 1976. 095148
Study of mineral nutrition of Pelargonium on sand culture and *nutritive* **solution.** 100521
Nutrition and **somatomedin.** I. Effect of fasting and refeeding on serum somatomedin activity and cartilage growth activity in rats. 095046
Relationship between the diseases produced by the fungus Micosphaerella fragariae and the *nutritive* **state** of the strawberry plant. 101315
Influence of the *nutritional* **state** of cotton plants on the response to infection with Xanthomonas malvacearum (E.f. Smith) Dowson [Angular leaf spot]. 101714
Effect of ginseng extract on lipid and sugar metabolism. II. *Nutritional* **states** in rats. 095038
Biochemical assessment of the *nutritional* **status** of low income pregnant women of Mexican descent. 094981
Effect of nutrition education on the *nutritional* **status** of low-income pregnant women of Mexican descent. 094985
Nutritional **status** of a population sample in Macon County, Alabama. 094997
Upper arm anthropometric indicators of *nutritional* **status.** 095011
Nutritional **status** of expectant mothers belonging to two different income levels. 095097
Nutritional **status** of Head Start and nursery school children. I. Food intake and anthropometric measurements. 095132
Nutritional **status** in nonalcoholic chronic liver disease. 095180
Nutrition: **students** drink up. 095383
Metabolic effect of a carbohydrate mixture during amino acid infusions *[Nutrition* **study].** 095229
Sulphur *nutrition* of maize in hill application of fertilizers on common Chernozem. 100135
Nutrition **supervision** in Finland [Legislation]. 094753
Parsley, its life and times *[Nutritive* and **therapeutic** value]. 094950
Metabolic function of the digestive tract of embryos in mammals as a form of its participationin the processes of **uterine** *nutrition.* 096558
Cashew nut, a **valuable** *nutritive* food product. 095090
Nutritive **value** of normal and opaque-2 maize [Varieties]. 095043
The effect of amino acid or nonfat dry milk supplementation on *nutritive* **value** of cornflakes and oatmeal [Rats]. 095139
On the *nutritive* **value** of various starches for the albino rat. 095159
Lipids [in foods, *nutritive* **value].** 095503
Characteristics of edible fluids of animal origin: milk [Composition, *nutritive* **value].** 095657
Nutritive **value** of potato-based silages for dairy bulls. 096707
Contribution to the determination of the *nutritive* **value** of forages. III. Estimation of the digestibility and the energy value by means of nylon bags digestibility. 096781
Nutritive **value** of red clover hay and common vetch hay for growing pigs and rats. 096796
Nutritive **value** of soybean hay for growing pigs. 096797
Experiences in the introduction of the German Democratic Republic feed evaluation system on the Schwaneberg State Farm *[Nutritive* **value].** 096804
Nuclear techniques for determining biomass production, evaporation and transpiration, root development and *nutritional* **value** [in plant breeding]. 099311
Vitamin C *[Nutrition].* 095110
Water *[Nutrition].* 095111
Nutrition **week:** an effective learning experience in the school community. 095081
Try a little fitness for fun: *nutrition* **week** project in an urban community. 095084
Development and *nutrition* of [the **wild** oat] Avena ludoviciana Dur. in experimental pots in response to soil moisture. 102078
Current problems of the **world** *nutrition* situaction and its places in international class discussion. 094679
Zinc *nutrition* of preschool children in the Denver Head Start program. 094973
Zinc *nutrition* of preschool children in the Denver Head Start program. 095015

NUTRITIONISTS

Family *nutritionist* on the primary health care team. 095155
The role of *nutritionists* in **food** and nutrition planning. 095292

NUTS

India's drive to **boost** *cashew* exports hurt by raw nut supply problems. 094536
Cashew *nut,* a valuable nutritive food product. 095090
The **common** *cashew* tree [Anacarelium occidentales], a [source of] wealth to be explored [in Angola]. 101244
Insect and disease control for home-grown **fruits** and *nuts.* 101916
There's more to macadamias [Macadamia ternifolia, *nuts]* than the **munch.** 101027
Cashew **nut,** a valuable nutritive food product. 095090
Study aims at **[pecan** *nut]* casebearer [Acrobasis nuxvorella, Carya illinoensis, insect pest control]. 102445
Storage aspects of **processed** *cashewnuts.* 095909
Performance of clonally **propagated** *cashew* [Anacardium occidentale] as compared with seedling progenies. 101212
India's drive to boost cashew exports hurt by **raw** *nut* supply problems. 094536
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae [Insect pests of citrus trees, *nuts* and **stored** products]. 102437

NYLON

Studies on beer haze formation. II. Dimeric flavanoids observed in profiles of beer: *nylon* 66 **adsorbates.** 095477
Contribution to the determination of the nutritive value of forages. III. Estimation of the digestibility and the energy value by means of *nylon* **bags** digestibility. 096781
Repair of a mandibular symphyseal fracture with a *nylon* **cable** tie band [Cats]. 097808
Nylon: the **extensible** food film. 095443

NYMPHAEA

The organization of the vascular system in the stems of the Nymphaeaceae. I. *Nymphaea* **subgenera** Castalia and Hydrocallis. 098879

NYMPHAEACEAE

The organization of the vascular system in the stems of the *Nymphaeaceae.* I. **Nymphaea** subgenera Castalia and Hydrocallis. 098879

NYMPHALIDAE

Why do California tortoiseshells migrate? *[Nymphalis* **californica].** 103044
History of scientific study on a larval color polymorphism in the genus **Chlosyne** *(Nymphalidae).* 103042
A new Mynes butterfly belonging to the Tellervo mimicry complex **(Lepidoptera:** *Nymphalidae).* 103175
Early stages of Phyciodes pallida, Phycoides orseis, and Phycoides **mylitta** *(Nymphalidae).* 103187

NYMPHS

Percentage of ecdysone circulating in last larval ages and induction of *nymphal* **diapause** in Pieris brassicae. 102849
Hormonal control of the *nymphal* **instar** in Choleva angustataFab. (Coleoptera, Catopidae). 102845
Population dynamics of Brachyptera **risi** *nymphs* (Plecoptera). 103069

NYSSA

An unusual black gum *[Nyssa* **sylvatica]** swamp in Maine. 098847

OAK

Note on dendrochronology of **antique** *oaks* [Quercus] of Eyzin-Pinet (Isere). 098192
Intraspecific variability of the northern **Caucasus** *oaks* [Quercus] and its significance in breeding. 098152
Acquisition of the envelope of nuclear polyhedrosis viruses in the **Chinese** *oak* silkworm, Antheraea pernyi Guer-Min, and the Japanese giant silkworm, Dictyoploca japonica Butler. 103222
Study of the population structure of **durmast** *oak* (Quercus petraea Liebl.). 098161
Certain features of the population structure of **English** *oak[Quercus* robur] in the conditions of the northeastern part of its habitat area. 098149
Some problems of intraspecific variability of **English** *oak* [Quercus robur] and the methodology of its study. 098159
Seasonal dynamics of the phytomass of a herbaceous ground cover in a **forest-steppe** *oak* forest in relation to the dynamics of photosynthesis and ecologic factors. 100023
Study of assmilatory apparatus of the undergrowth in connection with light conditions under the canopy in the **forest-steppe** *oak* woods [Quercus, photosynthesis, solar radiation]. 100690
Shoot morphology of a **one-year** *oak* tree [Quercus] and leaf anatomy of Betula pendula Roth. in regions of Karaganda and Leningrad. 099054
The drying out of *oak* **[Quercus]** in plantings from the Voroshilovgrad Region. 097899
Phlebia chrysocrea causes a heart rot of *oaks* **[Quercus]** andother hardwoods. 101558
Viruses and virus-like diseases in *oaks* **(Quercus** robur and Quercus sessiliflora). 101822
Weeding northern **red** *oak* [Quercus rubra] plantations on theCmberland Plateau [Tennessee]. 102210
Entomophages of the processionary moth [Thaumetopoea processionea] in Moldavia [Pest of *oak* **trees,** natural control]. 102487
Maturation of Shumard and **white** *oak* [Quercus shumardii, Quercus abla] acorns. 100636

OASIS

Wind erosion in the **Bukhara** *Oasis.* 104235

OATS

Repeatability of regression stability indexes for grain yield of *oats* **(Avena** sativa L.) [Genetic crosses]. 099206
The influence of source of photosynthate and sink size on grain yield in *oats* **(Avena** sativa L.). 100099
Critical period in the ontogenesis of cereals in relation to temperature conditions **[Barley,** *oats].* 100185
1975 report on Experiment Station variety tests—small grains: wheat, *oats,* **barley** [Yields]. 100756
Nutrition diagnosis of fiber flax, *oats* and **buckwheat.** 100229
Classification of **Canadian** *oat* cultivars by quantifying thesize-shape of their 'seed': a step towards automatic identification. 100749
Development of a seedling screening test for predicting relative grain protein **content** in *oats.* 099175
Counteraction of phytochrome to the IAA [indole-acetic acid]-induced hydrogen ion excretion in Avena coleoptile **cylinders** *[Oats].* 100281
Changes in the permeability of the inner mitochondrial membrane associated with plastid **development** *[Oats].* 100285
Fluxes of gibberellic and abscisic acids, together with that of adenosine 3',5'-cyclic phosphate, across plastid envelopes during **development** *[Oats].* 100287
Movement of labelled metabolites from mitochondria to plastids during **development** [in *oats].* 100290
A possible role of hydroxyproline-protein in oxygen-sensitive **growth** *[Oats].* 100270
Macromolecular synthesis in *oat* **leaf** protoplasts. 100274
Isozymes of glutamate dehydrogenase from *oat* **leaves:** properties and light effect on synthesis. 100273
Changes in ribonuclease activity in *oat* **leaves** infected with Puccinia coronata avenae. 101633
Role of saponins in antifungal resistance. V. Enzymatic activation of avenacosides [Extracts of *oat* **leaves].** 101670
Development of rust fungi [Puccinia coronata] in *oat* **leavestreated** with blasticidin S, a protein synthesis inhibitor. 101634
Carbon metabolism of [Flavobacterium flavum] bacteria isolated from the Rhizosphere of **lucerne** and *oats.* 100244
The frit fly [Oscinella frit] in agriculture *[Oats,* **maize].** 102289
The genetics of **naked** *oats* (Avena nuda L.). 099212
Interactions among roots of *oat* **populations** heterogeneous for reaction to Helminthosporium victoriae. 101501
The effect of amino acid or nonfat dry milk supplementation on nutritive value of cornflakes and *oatmeal* **[Rats].** 095139
Oat **response** to manganese and zinc. 100070
Kinetic studies of (Mg2+)ATPase [magnesium adenosine triphosphatase] in *oat* **roots.** 100253
Bioconversion of Barex 210 (an acrylonitrile copolymer) nitrogen for plant utilization *[Oat* **seedlings].** 100216
Esters of indole-3-acetic acid from Avena *[oat]* **seeds.** 100277
The activity of ascorbic acid and catechol oxidase, the rate of photosynthesis and respiration as related to plant organs, stage of development and copper supply *[Oats,* **sunflowers].** 100056
Development and nutrition of [the **wild** *oat]* Avena ludoviciana Dur. in experimental pots in response to soil moisture. 102078
Wild *oats* [Avena fatua]—again and again [Grain]. 102149
New spraying methods for [control of] **wild** *oats* [Avena fatua, grain]. 102153
Wild *oats* [Avena fatua, grain]. 102155
Wild *oats* [Avena sativa]—old and new remedies. 102165
Spread of **wild** *oats* [Avena sativa] in Norrland [Field crops]. 102191
Wild *oats* [Avena fatua] in Vasterbotten and Norrboten counties. 102192

OBESITY

Childhood antecedents of **adult** *obesity* - do chubby infants become obese adults? 095168
Intestinal bypass surgery for *obesity* **decreases** food intake and taste preferences. 094961
Effects of physical activity on weight reduction in *obese* **middle-aged** women. 094987
Personality characteristics in *obesity:* **relation** of MMPI profile and age of onset of obesity to success in weight reduction. 094998
Effects of limited food intake on the *obese-hyperglycemic* **syndrome** [Mice]. 094977
Graduate students and faculty learn behavior **therapy** of *obesity.* 095156

OCCUPATIONS

Respiratory problems **[Agricultural** *occupational* diseases]. 094007
A *career* for you in **agricultural** and extension education at Mississippi State University. 094054
Influences on goals of young people in rural **Appalachia** *[Occupations].* 094116
Occupationally-related **diseases** of Illinois veterinarians. 094003
Vocational education in agriculture and the *career* **education** movement. 094057

The proposed OSHA [Occupational Safety and Health Administration] regulation for agricultural **employee** *occupational* noise exposure. 104434
Biostatistics in agriculture [Health of rural residents andof the **farming** *occupation].* 093997
Potential *occupational* health hazards of livestock producers working in animal confinement units. 094006
NIOSH's [National Institute for *Occupational* **Safety** and Health] expanding role in agricultural safety and health. 094002
The *Occupational* **Safety** and Health Act (OSHA) and agriculture. 094682
What about OSHA *[Occupational* **Safety** and Health Act]? [Legislation]. 094772
The proposed OSHA *[Occupational* **Safety** and Health Administration] regulation for agricultural employee occupational noise exposure. 104434
Infectious diseases common to animal and man of *occupational* **significance** to agricultural workers. 097338

OCHRATOXIN
Studies on the production of mycotoxins and their quantitative determination. 5. On the synthesis of *ochratoxin* A and **penicillic** acid by Aspergillus ochraceus [Fungi] in. 094888

OCIMUM
Role of tulsi **plant** *(Ocimum* sanctum) in control of mango fruitfly, Dacus correctus Bezzi (Tephritidae: Diptera). 102391

ODONATA
Ultrastructure of th aortic diverticula of the adult dragonfly Sympetrum **danae** *(Odonata:* Anisoptera). 102885
Effects of photoperiod and temperature on abnormal wing-pad development in two species of *Odonata* **[Enalagma** hageni, Enallagma aspersum]. 102870
Living conditions of dragonfly *[Odonata]* **larvae** in Arctic regions. 103104

ODONTOSCHISMA
Sporophyte development and taxonomic position of the **genus** *Odontoschisma* Dum. [Hepaticae]. 098572

ODOR
Measuring **boar** *odor* in fat of swine using a radioimmuno test. 2. Duration of eliminating odor stores after castration. 096597
Postmating **female** *odor* in Heliconius butterflies: a male-contributed antiaphrodisiac? 103094
Odor **pollution** control [Sugar industry]. 104625

OEBALUS
Overwintering, survival, fecundity, and mating behavior of the rice stink bug *[Oebalus* **pugnax,** Echinocloa crusgalli]. 102803

OENOTHERA
Metabolic changes in plastome dependent inactivated **pollen** from *Oenothera.* 100044

OIDIUM
Oidium, why it is **advised** to treat it early [Grapes]. 101593
New host records for powdery mildews *[Oidium,* **Oidiopsis]** in Israel. 101526
Effect of microclimate on some fungus diseases of high-and low-trained grapevines *[Oidium* **tuckeri,** Botrytis cinerea]. 101427

OIL
Effects of *oil* on the **amphipod** Gammarus oceanicus [Water pollution]. 104480
On the mechanism of pyrogenic action of ricin [the toxic protein of **castor** *oil* seeds]. 099711
Model trials for screening the H2O, CO2 and O2 [water, carbon dioxide, oxygen] permeatility of **certain** *oil* substances in regared to their suitability as antitranspirans [Barley, maize]. 100105
Inhibition of growth and aflatoxin production of Aspergillus parasiticus [Fungi] by **citrus** *oils.* 094940
Experimental atherosclerosis in rabbits fed cholesterol-free diets. 5. Comparison of peanut, corn, butter, and **coconut** *oils.* 095055
The effects of oils and *oil* **components** on algae: a review. 101865
Oil **content** in seeds of fiber flax varieties. 095773
Nuclear magnetic resonance spectrometry as a quick method of determination of *oil* **content** in rapeseed. 095812
Effect of nitrogenous fertilizers on the fresh herb, oil yield and *oil* **content** of Mentha [piperita vulgaris]. 103980
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of minerals, vitamins, lysine, methionine, feed additives and **corn** *oil* [Goats]. 096662
Current plant sanitation of *oil* **crops** [Fungus diseases, insect pests]. 101416
Oil **degradation** in soil. 103707
Identification and determination of the mycotoxins (aflatoxins) in various species of oil seed and their toxicity **[Edible** *oil* contamination]. 094812
Natural alcohols of **edible** *oils* and fats and control of purity. 094930
Stability of **edible** *oils* and fats to fluorescent light irradiation. 095469
Nutrition physiological aspects of deep frying fats and *oils.* 7. **Effect** of frying fats and oils on lipid metabolism and fatty acid composition of body lipids. 095230
Vinegar weed [Trichostema lanceolatum] volatile constituents **[Essential** *oils].* 095460
Volatile halogen compounds in the alga Asparagopsis taxiformis (Rhodophyta) **[Essential** *oil].* 095462
Anatomy and **essential** *oil* of the leaves of the Xylopia frutescens Aublet. 098893
Anatomy and **essential** *oil* of the leaves of Piper regnellii (Miq.) C.dC. var. regnellii. 098894
Distribution of **essential** *oils* in leaf tissue of an F2 population of Citrus [as related to inheritance]. 099176
New terpene derivatives, constituents of the **essential** *oil* of Cascarille. 099599
Chemical composition of **essential** *oil* from Mentha spicata L. Subsp. longifolia (L) Tacik. 099728
Antimicrobial activities of the **essential** *oils* of Artemisiaabsinthium Linn, Artemisia vestitia Wall, and Artemisia vulgaris Linn [against bacteria and fungi]. 099796
Essential *oil* of two chemotypes of Mentha suaveolens duringontogenesis. 099906
The synthesis of angular methyl substituted bicyclic enones via a unique regioselective enamine annulation reaction [Cyperus rotundus, Vetivera zizanoides, **essential** *oil].* 100013
Ascertainment of the seeding date of dill (Anethum graveolens L.) grown for **essential** *oil.* 101297
Effects of nitrogen and row spacing on the yield and quality of **essential** *oil* in Japanese mint [Mentha arvensis]. 101301
Behavior of Tetranychus urticae toward **essential** *oil* mixtures from strawberry foliage. 102434
Studies on rancidity of *oils* and **fats.** On the autoxidation of phospholipids. 094896
Biochemical studies on the *oil* and **fatty** acids of plantago seeds. 095397
Biodegradability of **fatty** *oils:* a case study [Water pollution]. 104607
Determination of Fe, Cu, Ni, and Mn [iron, copper, nickel, manganese] in fats and *oils* by **flameless** atomic absorption spectroscopy. 095464
Resistance of *oil* **flax** to Fusarium. 099452
[Oil] **flax** varieties from Argentina as initial material for breeding. 099458
Substitutability of fractionated beef tallow for other fats and *oils* in the **food** and confectionery industries: an economic evaluation. 095695
Production of certified seeds of *oil* and **forage** rape. 100762
Practical aspects of fatliquoring **[Incorporating** *oils* into the leather]. 095694
Breeding corn for **increased** *oil* content. 099364
Lipolytic fermentations of stickwater [a by-product of the fish meal and *oil* **industry]** by Geotrichum candidum and Candida lipolytica [Yeasts]. 095994
Adsorption of synthetic humic acids at air-water and *oil-water* **interfaces.** II. 103652
Winter rape, a well **known** *oil* and honeybee plant. 101308
Nutrition physiological aspects of deep frying fats and oils. 7. Effect of frying fats and *oils* on **lipid** metabolism and fatty acid composition of body lipids. 095230
Experimental automation concentration of the unsaponifiable matter in *oils* by **liquid-liquid** extraction. 095519
Nickel-catalyzed hydrogenation: a study of the poisoning effect of halogen-containing compounds **[Mackerel** *oil].* 095468
Brazil, Malaysia set to gain more of *oil* and **meal** market. 094523
Laboratory trials with insecticides, **mineral** *oil* and their combination to reduce aphid transmission of non-persistent viruses [to plants]. 101727
Sunflower seed cake and **mustard** *oil* cake as substitutes for groundnut cake in poultry rations. 096745
Fast determination of content in *oil* by **nuclear** magnetic resonance after drying of seeds in a microwave oven. 095520
The effects of *oils* and **oil** components on algae: a review. 101865
An empirical investigation into the cooperative olive societies in Cyprus—some lessons to be learned **[Olive** *oil* extraction, processing]. 095860
Analysis of carotenes in crude **palm** *oil.* 095432
Determination of solid and liquid components of **palm** *oil* as function of the crystallization condition by measurement of nuclear magnetic resonance. 095436
Palm *oil:* technology and use. II. 095524
Sex differentiation in *oil* **palm** [Elaeis guineensis]: effects of growth regulators. 099323
Thiobarbiturate number of some **plant** *oils* [Field crops]. 095801
The Geneva society of lovers of cacti and *oil* **plants.** 098474
Cultivation of *oil-bearing* **plants.** 100982
Environmental factors influencing the rate of hydrocarbon oxidation in temperate lakes *[Oil* **pollution].** 104447
Cytology of **pongam** *oil* tree, Derris indica (Lamk.) Bennet. 098941
Evaluation of indigenous and exotic varieties of sesame (Sesamum indicum L.) for *oil* and **protein** content. 100990
Mortality and production characteristics of laying chickens fed high- and low-erucic acid **rapseed** *oils.* 097747
Experimental canine atherosclerosis and its pevention. The dietary induction of severe coronary, cerebral, aortic, and iliac atherosclerosis and its prevention by **safflower** *oil.* 097741
Study of a **sardine** *oil* from Morocco. 095527
Identification and determination of the mycotoxins (aflatoxins) in various species of *oil* **seed** and their toxicity [Edible oil contamination]. 094812
Triglyceride composition of Amoora rohituka **seed** *oil.* 095470
Removal of waxes from sunflower **seed** *oil* by miscella refining and winterization. 095814
The application of **silicone** *oil* sprays as antitranspirants for ornamental plants. 100363
Investigation of the *oil* from **Silybum** marianum (L.) Gaertn. Fruits. 099734
Correlation of gas chromatographic profiles and organoleptic scores of different fats and *oils* after **simulated** deep fat frying. 095463
Homogeneous selective catalytic hydrogenation of **soybean** *oil.* 095797
Genotypical peculiarities of *oil-bearing* **species** and varieties of the family Brassicaceae in the content and quality ofoil in the seeds. 099445
Sperm *oil* replacements from selectively hydrogenated soybean and linseed esters: special lubricants. 095815
Microbial degradation of *oil* **spills** enhanced by a slow-release fertilizer. 104449
Current insect pests of **spring** *oil* producing plants. 102369
Fractionation of **tall** *oil* as as example of optimization of conventional packed columns. 095438
Palm-oil: **technology** and uses. 095525
Volatile constituents of Moroccan **thyme** *oil.* 095461
Studies in acidolysis [of a natural **triglyceride** *oil* with free fatty acids]. 095440
Identification of volatiles from extracted commercial **tuna** *oil* with a high docosahexaenoic acid content. 095484
Rapid colorimetric determination of free fatty acids [in **vegetable** *oil].* 095813
Pretreatment of **vegetable** *oil* refinery wastewater. 104614
World *oil,* meal supplies seen tightening in 1977. 094548
Variability in the Deli dura breeding population of the oilpalm (Elaeis guineensis Jacq.). II. Within bunch components of *oil* **yield.** 095491
Effect of nitrogenous fertilizers on the fresh herb, *oil* **yield** and oil content of Mentha [piperita vulgaris]. 103980
Ablation of the inflorescences on **young** *oil* palms. Special case of dry zones. 101305

OILPALM
Variability in the Deli dura breeding population of the *oilpalm* **(Elaeis** guineensis Jacq.). II. Within bunch components of oil yield. 095491
The influence of potassium on the resistance of *oilpalms* to **Fusarium.** 101509

OILSEED
Bright future for **British** *oilseed* rape [production]. 094680
Effect of N [nitrogen] application on different varieties of *oilseed* **crops** under saline-cum-high water table conditions. 103977
Complexation of phytate with proteins and cations in corn germ and *oilseed* **meals.** 095808
Make the **rabi** *oilseeds* pay more [Cultivation]. 100813
Make the **rabi** *oilseeds* [mustard, groundnut, sunflower] pay more. 101177

OKRA
Interrelationship studies in *okra* **(Abelmoschus** esculentus Moench) [Cultivation]. 101121
Purification and electron microscopy of the **Nigerian** *okra* mosaic virus. 101767
Okra **[Recipes].** 095109

OLEACEAE
In vitro associations of cambium tissues of some plant species belonging to *Oleaceae* **family.** 098921

OLEANOLIC
Pericarp saponins of Akebia quinata Decne. I. Glycosides of hederagenin and *oleanolic* **acid.** 099669

OLEIC
Improved procedures for the isolation of **pure** *oleic,* linoleic, and linolenic acids or their methyl esters from natural sources. 095485

OLETHREUTIDAE
Sex ratios in adult populations of codling moth (Lepidoptera: *Olethreutidae)* **[Laspeyresia** pomonella]. 102973

OLFACTORY
Application of "subjective gustometry and *olfactory"* for **determination** of reaction kinetics during sensorical changes in technological processes [Formation of cooked flavour in apple juice]. 095983

OLIGOMERIC
Composition and properties of tar obtained at cellolignin thermolysis. V. Isolation of *oligomeric* **compounds.** 098304
Composition and properties of tar obtained at cellolignin thermolysis. VI. Gel-chromatographic study of *oligomeric* **compounds** of lignocarbohydrate nature. 098305
Composition and properties of tar obtained at cellolignin thermolysis. VIII. On the nature of *oligomeric* **compounds** of lignocarbohydrate character. 098307
Studies on the *oligomeric* **structure** of yeast [Saccharomycescerevisiae] phosphofructokinase by means of cross-linking diimidoesters. 099525

OLIGOMYCIN
Assembly of the motochondrial membrane system. XVI. Modifies form of the ATPase [adenosinetriphosphatase] proteolipid in *oligomycin-resistant* **mutants** of Saccharomyces cerevisiae [Yeasts]. 099717

OLIGONYCHUS
Spruce spider mite *[Oligonychus* **ununguis]**—pest of spruce [Picea] understorey. 102490

OLIGOSACCHARIDE
Relation of certain infrared bands to conformational changes of cellulose and **cellulose** *oligosaccharides.* 095426
Chemical synthesis and modification of *oligosaccharides,* **polysaccharides,** glycoproteins, enzymes, and glycolipids. 095422
Decomposition of **soybean** *oligosaccharides* by intestinal bacteria. VII. Alpha-galactosidase activity of a few other intestinal bacteria than Escherichia coli. 095224

OLIGOTROPHIC
Physicochemical and micromorphological characteristics of a complex soil profile of intergrades of Andosol and *Oligotrophic* **Brown** Earth. 103682

OLIVES
Trehalase, invertase, and amylase activities in the black scale, Saissetia oleae, and their relation to host adaptability [Pest of *olives* and **atrus].** 102435
An empirical investigation into the **cooperative** *olive* societies in Cyprus—some lessons to be learned [Olive oil extraction, processing]. 095860
Vibratory harvesting of pendulous fruits: the fruit stem separation **dynamics** of *olives.* 103586
Reproductive behavior and physiology of Dacus oleae *[olive* **fruit** fly]: fecundity as affected by mating, adult diet and artificial rearing. 102805
Reproductive behavior and physiology of Dacus oleae *[olive* **fruit** fly]: sperm depletion in the female. 102806
Reproductive behavior and physiology of Dacus oleae *[olive* **fruit** fly]: egg hatch in females mated successively with normal and gamma-sterilized males and vice versa. 102807
Infectivity and pathogenicity of three Italian population of [the nematode] Tylenchulus semipenetrans Cobb on citrus and other hosts *[Olive,* **grapevine].** 101967
An empirical investigation into the cooperative olive societies in Cyprus—some lessons to be learned *[Olive* **oil** extraction, processing]. 095860
A case of intersexuality in Xiphinema ingens Luc et Dalmasso (Nematoda, Longidoridae) [Collected from the *olive* **rhizosphere].** 101955
Effect of growth substances on fruit-set in a partly **self-incompatible** *olive* cultivar [Variety]. 100472
The possibilities of expanding commercial cultivation of *olives* in the **south-western** part of Turkmenia. 101259
Preliminary studies on the ultrastructure of the female gonad of Xiphinema index and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on grapevine and *olive* **tree** respectively]. 101976

OLPIDIUM
Olpidium **brassicae** [vector of] tobacco necrosis virus, and Pythium spp. in relation to rusty root of carrots in Ontario and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
Augusta disease in tulips. Field experiments concerning tobacco necrosis virus and its [fungus] **vector** *Olpidium* brassicae. 101803

ONCOGENIC
Evidence for the **multiple** *oncogenic* potential of cloned leukemia virus: in vitro and in vivo studies with avian erythroblastosis virus [Chicks]. 097669
Effect of dietary selenium on tumor induction by an *oncogenic* **virus** [Mice]. 097799

ONCOPELTUS
Juvenile hormone regulation of cyclic AMP [adenosine monophosphate] and cAMP phosphodiesterase activity in *Oncopeltus* **fasciatus.** 103006
Transport of ribosomal RNA into the oocytes of the milkweed bug, *Oncopeltus* **fasciatus.** 103024

ONCOPHORA
Investigation of maturation requirements for Ostertagia ostertagi and **Cooperia** *oncophora* larvae [Calves]. 097290

ONIONS
Alteration in the composition of proteins in *onions* **(Alliumcepa** L.) as a result of infection with Peronospora destructor [Downy mildew]. 101339
Readily soluble proteins and peroxidase of the heterotic hybrids, sterile and fertile **analogs** of *onions.* 099101
Research on the residues and dynamics of disappearance of trichloronat in *onion* after **application** of Phytosol in the form of seed dressing [Hylemya antiqua, control]. 102461
On the characterization of DNA in plant cells by metachromasia with uranyl ions *[Onions,* **broadbeans,** lupine]. 099615
Seed coating, precision planting, and sprinkler irrigation for optimum stand establishment [Lettuce, *onion,* **carrots,** sugarbeets]. 101023
The unifacial leaf of monocotyledons and its interpretation: the leaf of Allium **cepa** L. *[Onions].* 098923
Ultrastructural study of the nucleolar cycle in meristematic cells of Allium **cepa** *[Onions].* 099008
Gibberellic acid as a gametocide for the **common** *onion* (Allium cepa L.). II. The effect of GA 4/7. 099186
Synthesis and flavor evaluation of some alkylthiophenes. Volatile **components** of *onion.* 095919
The effect of some herbicides on the weed flora and soil microflora in the *onion* **crop** (Allium cepa L.), and the persistence of their residues in the soil. 102121
Study of the resistance of *onions* to **downy** mildew [Peronospora destructor]. 101357
Drying for a better *onion.* 095861
Heterosis in *onions* **grown** in the conditions of intensive irrigation in the Lower Volga Region. 099084
Idaho fertilizer **guide:** *onions.* 103937
Better storage of *onions* with **irragiation.** 095881
Formation of generative cells in pollen grains of Allium cepa L. and Allium porrum L. *[Onions,* **leeks].** 100387
Lifting *onions* with a rod weeder. 103403
Failure to observe mitotic rhythmicity in Allium **meristems** *[Onions].* 098932
Differential Giemsa staining of heterochromatic regions in the chromosomes of Vicia faba [broadbeans], Allium cepa *[onions]* and **Paeonia** tenuifolia. 099044
Onion **production** in Fiji. 101125
Production of *onion* **seedlings** free from Ditylenchus dipsaci[Nematodes]. 101977
Synthesis and flavor evaluation of several alkylfuranones found in Allium **species** *(onions,* shallots, and leeks). 095920
Susceptibility of **three** *onion* varieties to Ditylenchus dipsaci [Nematodes]. 101984
Biological features of *onion* **varieties** in the first year of life in the conditions of the Tashkent Region. 100381
Reproduction of of [the nematode] Ditylenchus dipsaci in *onion* **varieties.** 101979
Biology of seed germination of **wild** *onion* [Allium] species. 099568
Onions. **Yield** and storage quality as influenced by time of transplanting. 101267

ONTOGENY
Ontogenesis of **angiospermous** embryo sacs strengthens the taxonomical interpretation of their phylogenic origin. 098588
The role of the temperature factor in *ontogenesis* of **bean** plants. 100582
Critical period in the *ontogenesis* of **cereals** in relation to temperature conditions [Barley, oats]. 100185
Variations of PTA [hydrochloric phosphotungstic]-retaining cell coat components on bursal stem cells during **chicken** *ontogeny.* 096462
Dynamics of the expression of spontaneous dominant lethal mutations during the *ontogenesis* of **Drosophila** [melanogaster]. 103101
Pantothenic acid metabolism in chicks during **early** *ontogenesis.* 096207
Ontogeny of **electroantennogram** responses in the moth, Manduca sexta. 103010
The *ontogenesis* of the **endosperm** in Delphinium ajacis L.: Problem of the regulation of the chromosome number and of the quantity of intranuclear DNA. 099621
A morphological-anatomic study of Actaea spicata L. And Actaea erythrocarpa **Fisch,** during *ontogenesis.* 099014
Activity and the isoenzymatic composition of peroxidase in the *ontogenesis* of **irradiated** maize plants of different radiosensitivity. 099285
Lactate and malate dehydrogenase activities during the *ontogeny* of the **Mongolian** gerbil, rat, mouse, and rabbit. 096316
Nucleolar *ontogenesis* in the uterine chick germ correlated with morphogenetic events. 096339
Ontogenesis of **photosynthetic** membranes in the plastids of Cattleya sp. leaves grown in the light. 099533
Effect of paratypic conditions on the anlage and development of wool density in the *ontogeny* of **sheep.** 096574
5-methylcytosine content of wheat DNA during different **stages** of *ontogenesis.* 100243
Dynamics of growth of shoots and ripening of grapes in separate **stages** of *ontogeny.* 100428

OOCYTE
Effects of temperature on the morphogenesis of the *oocytes* in **Bombyx** mori L. 103234
Non-methylated guanosine as the 5' terminus of capped mRNA from **insect** *oocytes* [Manduca sexta]. 102831
Transport of ribosomal RNA into the *oocytes* of the **milkweed** bug, Oncopeltus fasciatus. 103024
Investigations on radio-sensitive and radio-resistant populations of Drosophila melanogaster. VII. High relative radio resistance to the induction of sex-linked recessive lethals in **stage-7** *oocytes* of RO 14 [irradiation]. 103056
Purification and properties of *oocyte* **vitellin** from the migratory locust [Locusta migratoria]. 103128

OOGENESIS
Hormonal control of diglyceride metabolism during *vitellogenesis* in the **cockroach,** Eublaberus posticus. 103002
Rhythms of *vitellogenesis* and **ovulation** in photoperiod LD 12:12 in Drosophila melanogaster. 103013
Messenger ribonucleoprotein particles in **silkmoth** *oogenesis.* 102905

OPAQUE
Nutritive value of normal and *opaque-2* **maize** [Varieties]. 095043
Maturity interaction and black layer occurrence in *opaque-2* and **normal** hybrids in maize (Zea mays L.). 099198
Some biochemical characteristics of modified phenotype strains of *opaque-2* **(Zea** mays L.) [Maize, varieties]. 100169

OPERCULELLA
Effect of various physical factors of the environment on the incidence of foot **blight** *Operculella* padwickii] of gram (Cicer artietinum L.) [Chickpeas]. 101479

OPILIONES
THe opilionid genera Sabacon and Tomicomerus in **America** *(Opiliones,* Troguloidea, Ischyropsalidae) [New taxa]. 103165

OPIUM
Effect of organic manure and chemical fertilizers on opium poppy [Papaver]. III. Role of phosphate on the yield of *opium,* **morphine** and poppy seeds. 103983
Biological and biochemical changes in the *opium* **poppy** (Papaver somniferum L.) under the effect of ionizing radiation. 099727
Effect of organic manure and chemical fertilizers on *opium* **poppy** [Papaver]. III. Role of phosphate on the yield of opium, morphine and poppy seeds. 103983

OPTICS
Water-dispersible, *optically-clear* **carotenoid** [food] colors. 095444
Responses of Phycomyces **indicating** *optical* excitation of the lowest triplet state of riboflavin [Algae]. 099957
Evaluation of screens by *optical* **measurements** [Pulps, shives analysis]. 098245
High voltage electron microscopy of th *optic* **meuropile** of the housefly, Musca domestica. 102881
Solubility profile, intrinsic viscosity, and *optical* **rotation** studies of acid precipitated soy protein and of commercial soy isolate. 095811
Morphometric microdensity studies of hard tissue sections, **utilising** *optical* density contour maps and associated area co-ordinated computerised data [Cats, bone]. 096382

OPTIMIZATION
Study on the *optimal* **age** and liveweight for sow impregnation with reference to their reproductive capacities. III. Study on the fattening and slaughter qualities of pigs born during different seasons of the year. 097087
Application of methods of statistical modelling in the selection of *optimal* **alternatives** for utilization of agricultural machinery. 103514
Agrometeorological aspects of the *optimization* of **calculation** schemes for programming a yield on the basis of limiting factors. 094236
Ways of *optimization* of **cereal** yields in the fields of the Krasnaia niva collective farm in the Kabardino-Balkar Autonomous Soviet Socialist Republic. 100801
Optimization of the **composition** of the nutrient medium for the biosynthesis of glucoamylase by a submerged culture of Endomycopsis bispora [Fungi]. 099506
Ways of *optimizing* the **conditions** of the formation of winter wheat grain yield [Programming the effect of environmentalfactors]. 100206
Fractionation of tall oil as as example of *optimization* of **conventional** packed columns. 095438
Major principles of *optimal* **[crop]** yield programming [considering the effect of environmental factors]. 094239
Studies on the comparative ultrastructure and pigments content of the chromatophores of Navicula ostrearia (Gaillon) Bory [Algae] cultured in *optimal* and **deficient** media. 098922
Biological filter **design** *optimization* [Process for the removal of dissolved and non-settleable organic matter from liquid wastes]. 104503
Foundations for the development of an *optimal* **forecasting** program of growing alfalfa for hay under irrigation. 100799
Toward *optimal* use of **forest** resources. 098043
Effect of the *optimization* of **growing** conditions on the productivity of maize photosynthesis. 100125
Bases for a systemic analysis and the *optimization* of **machine-and-tractor** units. 103517
Application of **mathematical** *optimization* to forestry problems. 098066
Optimization of a **method** for counting the cocoons of the rusty pine sawfly Neodiprion sertifer (Hymenoptera, Diprionidae). 102518
Optimization **models** for regional air pollution control. 104507
Particle model method for stress analysis of soil. II. A numerical method for unconstrained **nonlinear** *optimization* problems. 103783
Determination of the *optimal* **number** of field experiments with fertilizers. 104061
Optimal **operation** conditions for a T-150K tractor used for spring field operations. 103536
Thermomechanical pulping—a **preliminary** *optimization.* 098272

Statistical models of *optimization* of the **processes** of photosynthesis. 099572
Genetic and phenotypic parameters for a profit function and selection method for *optimizing* **profit** in dairy cattle. 096940
Experience of using a method of *optimal* **programming** of maize yield on irrigated fields in the area between Volga and Don in the Volgograd Region. 100797
The *optimal* **regime** of groundwater [Cotton irrigation]. 104415
Determination of *optimal* **relation** of sizes of a single ridge on arable land in the conditions of the least effect of the wind flow. 104239
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. I. In [subterraneau clover] plants grown at *optimal* **root** temperatures. 099000
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. II. In [subterranean clover] plants grown at *sub-optimal* **root** temperatures. 099001
Optimizing **strawberry** yields with drip irrigation and plastic mulch. 104256
Optimization of the **structure** of agrophytoecocoenoses and ways of growing farm crops in a rotation [under irrigation]. 100800
Mechanization and rearing moduli for milk producing herds: *optimization* **study** [for lower costs]. 103584
Optimizing **subindustry** marketing organizations: a network analysis approach [Cotton gins]. 094473
Synthesis of an *optimal* **system** of automatic regulation of the microclimate in vegetable storehouses. 103398
Calculation of an *optimal* **yield** of grapes according to the chemical composition of the organs of a grapevine bush. 100453

OPTIMUM

Optimum **combinations** of groundwood fractions for maximum sheet strength. 098254
Studies on the *optimum* **conditions** of extraction of silicon species from plants with water. III. On the stability of silicon species in extracts from Equisetum arvense Herb. 099940
Electrical method of **detecting** *optimum* time to inseminate. 097070
Optimum **determination** for component manufacturing on production lines in wood industry. 098214
Investigations on the respiration of fruits in some quince varieties aimed at establishing an *optimum* **picking** date. 100437
Optimum **planting** interval as affected by size distribution in potato yield. 101013
Optimum **protein** level in calf starter rations. 096646
Optimum **ram/ewe** ratios. 097016
Seed coating, precision planting, and sprinkler irrigation for *optimum* **stand** establishment [Lettuce, onion, carrots, sugarbeets]. 101023
Studies on *optimum* **time** of planting Mentha [piperita]. 101302
Windbreak design for *optimum* **wind** erosion control. 097919

OPUNTIA

Growth forms of *Opuntia* **compressa** (Cactaceae) in Florida sandridge habitats. 100399
Responses of *Opuntia* **polyacantha** to water and nitrogen perturbations in the shortgrass prairie. 102109
Pest status of Cactoblastis cactorum (Berg) (Lepidoptera: Phycitidae) and Dactylopius opuntiae (Cockerell) (Coccoidea: Dactylopiidae) in **spineless** *Opuntia* plantations in South Africa. 102332

ORAL

Acute *oral* toxicity of hexachlorocyclohexane (BHC) in albino rats [Chlorinated hydrocarbon insecticide]. 102700
Insensitivity of the coyote testis to *orally* **administered** cadmium. 097047
Teratological evaluation of zearalenone **administered** *orally* to the rat [Fusarium, mycotoxin]. 097796
Preliminary results using metabolites and in vitro grown larvae of Ostertagia circumcincta to immunise lambs against *oral* **challenge.** 097605
Ascorbic acid and cholesterol: effect of **graded** *oral* intakes on cholesterol conversion to bile acids in guinea-pigs. 095057
Surveys and control of Salmonella contamination of chicken meat. VIII. Experiments on *oral* **inoculation** of chicks with Salmonella sofia culture. 094879
The fatty acid pattern of infants and small children under the influence of *oral* **nutrition.** 095233
The metabolism of the antibacterial agent bronopol (2-bromo2-nitropropane-1,3-diol) given *orally* to **rats** and dogs. 097811

ORANGES

Canned and **bottled** *orange* juice. 095039
Chrysanthemum in directed culture. Influence of long days preceding short days on flowering of Chrysanthemum morifolium cultivar Neptune, Bravo and *Orange* **Bowl.** 100520
Effects of air and soil temperatures on vegetative growth of **citrus** *[Oranges].* 100473
Prospects of further expansion of *orange* **cultivation** in different ecological conditions of the Western [Soviet] Georgia. 101257
Effects of ethylene and 2,4-D [dichlorophenoxyacetic acid] on the activity of cellulase isoenzymes in abscission zones of the **developing** *orange* fruit. 100529
Orange **juice** frozen, canned, bottled, cartoned, and fresh. 095040
Loss of structure in freeze-dried *[orange* **juice**] carbohydrates solutions: effect of temperature, moisture content and composition. 095929
Fruit distribution and relative light intensity in the canopies of Satsuma **mandarin** *orange* trees. 100395
Studies on the nitrogen metabolism in Satsuma **mandarin** *orange* trees. IV. Movements of proline in the leaves concurrent with the sprouting of spring shoots and their early growth. 100396
15N [nitrogen isotopes] absorption and translocation by Satsuma **mandarin** *orange* trees. III. Behaviour of nitrogen supplied in early spring. 100397
15N [nitrogen isotope] absorption and translocation by Satsuma **mandarin** *orange* trees. IV. Behaviour of nitrogen supplied in early summer. 100398
Mitotic cycle in the root meristem cells of Citrus limon Burm [lemons], Citrus reticulata Blanco **[mandarin** *oranges]* and Citrus sinensis X Poncirus trifoliata. 100402
Nuclear DNA synthesis in meristematic root tip cells of some Citrus species [Lemons, **mandarin** *oranges]* autoradiography and microspectrophotometry. 100403
Chlorophyll concentrations in **navel** *orange* leaves in relation to iron status, leaf age, and season. 100469
The influence of extract of *orange* **peel** on the growth and ascorbic acid metabolism of young guinea-pigs. 096719
The Sunkist adventure **[Processing** *oranges].* 095914
Determination of the fruit juice content of *orange* **products.** 095910
Separation of zygotic from nucellar **sour** *orange* seedlings by means of biological tests. 100564
Observations on the vertical distribution of [the nematode] Tylenchulus semipenetrans Cobb in volcanic soil [planted with **sour** *orange,* Citrus aurantium]. 101974
Experimental investigation of *orange* **tree** dynamics under mechanical shaking [Fruit harvesting]. 103457

ORCHARDGRASS

Orchardgrass **[Dactylis]** produces a big crop. 100925

ORCHARDS

Variation in the mineral composition of apple leaves. II. Variation among the **apple** *orchards* and evaluation of their nutrient substance reserves. 100449
First results of the effect of benomyl on Fusicoccum amygdali Del. in *orchard* **conditions.** 101576
Observations on the behavior of the Granny Smith apple variety in *orchards* in the **French** Mediterranean region. 101234
Chemical and biological preparations for the control of pests and diseases of plants in collective and private owned **fruit** *orchards:* Chemicals for the control of fungus diseases of plants. 101487
Virus-like problems in Oregon stone **fruit** *orchards.* 101724
Protection of a **fruit** *orchard* from pests and diseases in the autumn-winter period. 101940
Integrated protection of **fruit** *orchards* from pests [in Moldavia]. 102419
Effect of pesticides on the harmful entomofauna of the Crimean **fruit** *orchards.* 102442
What's new in *orchard* **irrigation.** 104257
Behavior of the Granny Smith [apple] variety in *orchards* of the **Loire** valley. 101233
Effects of treating a **peach** *orchard* soil by chloropicrine or fumigation on the growth and mineral composition of ryegrass [Lolium] and peach trees planted in this soil [Nematode control]. 099460
Action of some intervening factors in the *orchard* on the **preservation** of apples and pears in cold rooms. 095941
Disposing of *orchard* **prunings.** 101056
Can the fruit grower be assured of an adequate supply of **reliable** *orchard* help? 094206
The protection of [Polish] *orchards* during last 30 **years** and future prospects. 101859

ORCHIDACEAE

Registration of orchid hybrids—the name of the **game** *[Orchidaceae].* 099354
Nomenclatural revision of the West Indian species of **Schomburgkia** *(Orchidaceae).* 098580

ORCHIDS

Yield and growth responses of *[orchid* **hybrid]** Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, potassium] and sawdust mulch. 104136
Registration of *orchid* **hybrids**—the name of the game [Orchidaceae]. 099354
The distribution of **Larat** *orchid* (Dendrobium phalaenopsis) in Indonesia. 098559
Some notes on the **moonlight** *orchid* (Phalaenopsis amabilis Bl). 101096
Orchids at the **open** market. 094573
Two **swamp** *orchids* [Phaius grandifolius]. 098686

ORGANELLES

Sn-Glycerol-3-phosphate transacylase activity in Euglena **gracilis** *organelles* [Algae]. 099520
Anatomical responses of root tips to boron deficiency. III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on morphology of cell wall and its **related** *organelles.* 102031

ORGANIC

Organic **acid** metabolism of yeasts during fermentation of alcoholic beverages a review. 095474
Organic **acid** accumulation in attached and detached tomato fruits. 100481
Determination of *organic* **acids** in black alkaline solutions after rough aspen wood pulping. 098311
Post-infection changes in apples due to Aspergillus niger van Tiegh. II. *Organic* **acids.** 101534
Chromatographic determination of [the insecticide] Famophos[O, O-dimethyl-O-(4-dimethylsulfsamoyl)-thiophosphate] in the tissues and *organs* of **animals.** 102726
Purification of extracts in the determination of organophosphoric insecticides in tissues and *organs* of **animals.** 102742
The role of **applying** *organic* fertilizers at different depth in increasing the fertility of light texture soils. 103956
Genetic parameters of *organ* and **body** weights in the Japanese quail. 097007
Growth and callus formation of tissue cultures derived from various **carrot** *organs* studied on the cultivar Perfekcja. 100337
Water pollution by *organic* **chemicals.** 104621
Toxicities of "excessively" **chlorinated** *organic* compounds. 104456
Possibilities for replacing the *organic* **chlorine** preparations with other non-cumulative insecticides in the control of pea pests [Bruchus pisorum, Acyrthosiphon pisi]. 102429
Organic **compounds** of kraft process waste waters. I. Fatty and resin acids [Pollution control]. 104588
Organic **compounds** of kraft process waste waters. II. Oxyacids and lactones [Pollution control]. 104589
Organic **compounds** of sulphate cellulose waste waters. III. Phenols [Pollution control]. 104590
Transport of amides of dicarboxylic amino acids from the roots to the leaves and renewal of proteins in different *organs* of **corn** seedlings. 100319
Plasma and *organ* **counts** of 3H in normal or immune mice and sheep injected with 3H-epsilon-dinitrophenyl-lysine. 097604
Testosterone secretion by the early fetal pig testes in *organ* **culture.** 096883
Callus initiation and *organ* **differentiation** from shoot tip cultures of Colocasia esculenta [Taro]. 099021
Enzymatic activity of fetal **digestive** *organs* and placenta in wild sheep of Turkmenia [compared to domestic sheep]. 096579
Beware synthetic blood and bone *[Organic* **fertilizers].** 103867
Organic **fertilizers** show bright promise. 103870
Control over the preparation and storage of *organic* **fertilizers** in the Krasnodar Territory. 104059
Effect of inorganic and *organic* **fertilizers** on the yield of early potatoes on sandy soils in the Bryansk Region. 104066
Development of **generative** *organs* of Norway spruce [Picea abies] in the climatic conditions of the Latvian SSR. 100642
The methodology of evaluating criterial parameters of the fluid jet from the monitor in chemical protection of **generative** *organs* of coniferous trees. 103590
The crop as an *organ* of **glyceride** absorption in the American cockroach, Periplaneta americana L. 102875
Calculation of an optimal yield of grapes according to the chemical composition of the *organs* of a **grapevine** bush. 100453
Effects of decomposition rate of compost materials on the change of *organic* and **inorganic** substances and growth status of Chinese cabbage. 104127
Stool or intestinal flora—contribution to the microbiology of the **intestinal** *organs* [Animals, man]. 096484
Application of histochemistry to a **living** *organ:* Polyglucose histochemically synthesized in the paraboloid of the chickaccessory cone in vivo by phosphorylase and branching glycosyltransferase. 096370
Effects of early cyclophosphamide treatment on **lymphoid** *organs* and its immune response in ducks [Salmonella pullorum]. 097478
Effect of *organic* **manure** and chemical fertilizers on opium poppy [Papaver]. III. Role of phosphate on the yield of opium, morphine and poppy seeds. 103983
Changes in total N [nitrogen], *organic* **matter,** available P [phosphorus], and bulk densities of a cultivated soil 8 years after tame pastures were established. 103662
Organic **matter** study of Andosols of the Massif Central in France and of Tenerife. 103680
Contribution of *organic* **matter** and clay to the cation exchange capacity of soils in the savanna zone of Nigeria. 103723
Organic **matter** in the soils of the Zhizdra River valley. 103809
Effects of pure paraquat dichloride, "Gramoxone W" and formulation additives on soil microbiological activities. 2. Effects on respiration, *organic* **matter** mineralization, and nitrification in laboratory-treated soil. 103863
The role of *organic* **matter** and soil moisture in the process of cesium-137 and cerium-144 [isotopes] transfer from soil into a solution [Radioactive contamination]. 104650
The requirements of Fomes anosus for different *organic* and **mineral** sources of nutrition [Plants]. 101454
Investigations of *organic* and **mineral** fertilization on different fruit growing sites in the German Democratic Republic. I. Studies on fruit-growing sites in the northern counties of the German Democratic Republic. 103898

Autolysis in axon terminals of a new **neurohaemal** *organ* in the cockroach Periplaneta americana. 103118
Biological filter design optimization [Process for the removal of dissolved and **non-settleable** *organic* matter from liquid wastes]. 104503
Effect of various level of nitrogenous substances on the digestibility and retention of nutrients in pigs given plant diet. I. Digestibility of *organic* **nutrients** and nitrogen retention. 096742
A preliminary study on the role of *organic* **nutrition** on flower and pod shedding in soybeans. 103919
Role of **perisympathetic** *organs* and dynamics of secretion of the bursicon in Tenebrio molitor. 103014
Formation of *organic* **peroxides** from methyl beta-D-glucopyranoside in alkaline hydrogen peroxide solutions [Degradation of cellulose]. 098202
Organic **phosphate** poisoning [Livestock, pesticides]. 097775
Organic **phosphorus** in noncultivated soils of Tenerife. 103681
The activity of ascorbic acid and catechol oxidase, the rate of photosynthesis and respiration as related to **plant** *organs*, stage of development and copper supply [Oats, sunflowers]. 100056
Physiological studies on the nitrogen nutrition of wheat plant. 1. The effect of different levels of nitrogen supply on the total nitrogen, available ammonia and nitrate nitrogen contents of various **plant** *organs*. 100084
Physiological studies on the nitrogen nutrition of wheat plant. II. The effect of different levels of nitrogen supply on the phosphorus content of various **plant** *organs*. 100085
Phenol-induced inactivation of phosphoglucomutase (EC 2.7. 5.1) in extracts from different *organs* of the **potato** plant. 100367
On the fascicle of blood-sucking Diptera, in addition a description of the maxillary glands in Phlebotomus papatasi, together with the musculature of the labium and **pulsatory** *organ* of both the latter species and also of some other Diptera. 103036
Studies on the accessory **reproductive** *organs* in the drake. 4. Effects of androgen on the ejaculatory groove region of the drake. 097010
Influx intensity of phosphorus 32 [isotope] in cotton plants and its outflow into **reproductive** *organs* after the desiccation by magnesium chlorate. 100228
Changes in body weight and **reproductive** *organs* of Tingis ampliata H.-S. (Heteroptera: Tingidae). 103034
Fluorescence microscopic investigations on the localisation of acridone alkaloids in the *organs* of **Ruta** graveolens. 099934
Cephalic **segmental** *organs* of Scutigerella (Symphyla, Myriapoda). 103129
Structural and functional aspects of **sense** *organs* on the maxillary palps of Calliphora vicina. 103018
The muscles and **sense** *organs* involved in insect flight. 103114
A linear model of the long-term dynamics of **soil** *organic* water. 103801
Chemical evaluation of vegetables grown with conventional or *organic* **soil** [fertilizer] amendments. 103923
Different levels of **soil** *organic* matter in desert soil and nitrogen fertilizer on yields and mineral composition of barley grown in the soil. 103924
Barren stalk of corn grown in *organic* **soils** of eastern North Carolina [Soilborn biotic diseases of unknown etiology]. 102011
The effect of freezing and *organic* **solvents** on viability of chlorophyllous fern spores [Equisetum arvense, Osmunda japonica]. 099691
The dynamics of the *organic* **substance** composition in lysimetric solutions of podzolic soil. 103849
The change of the *organic* **substance** of forest soils under the effect of fertilizers [applied] in cultivated and natural pine stands. 104133
The influence of mineral fertilizer addition on the group and fractional composition of *organic* **substance** in peat composts from upper and lower peat. 104160
Seasonal dynamics of masses of aerial and **subterranean** *organs* in meadow-steppe plants. 098823
Studies into activity and properties of adenosine triphosphatase in some *organs* of **swine** (liver, cerebral and renal cortex, mucosa of small intestine). 096215
The effect of root rot [Fusarium] on the development of **thegenerative** *organs* of alfalfa. 101358
Embryonic and postnatal growth of rat and mouse. IV. Prenatal growth of *organs* and **tissues**: age determination, and general growth pattern. 096144
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, turkey poults, **tracheal** *organ* cultures and embryonated fowl eggs. 097595
Variability of **vegetative** *organs* of some interspecies hybrids of birch [Betula] in the first generation. 098163
Volatile *organic* compounds and microorganisms [Soil]. 103734
Water-soluble *organic* components of the litter in the coniferous forests of the Valdai hills. 103810
Residues of chlorinated hydrocarbons in *organs* of **wildlife** species. 102698

ORGANISM

Age transformation of the energy exchange in the *organism* of **broilers.** 096553
Effect of small Valexone [phoxim] doses on **calf** *organisms* [Organophosphorus insecticides, toxicity]. 102677
Tolerance of Leptosphaeria nodorum [**causal** *organism* of glume blotch disease of wheat] to an organoamercurial compound. 101659
Concentrations of nitrifying bacteria in sewages, effluents, and receiving stream and resistance of these *organisms* to **chlorination.** 104446
Influence of light on chromate reduction in **chlorophyll** *organisms* studies by electronic paramagnetic resonance spectroscopy. 099612
Hemodialysis culture—new look at an old technique [to grow **disease** *organisms].* 097178
The short-term toxicity of some feed additives to different **freshwater** *organisms.* 095998
Effect of different types of mutations on the development of the *organism* in the **homo-** and heterozygous states (taking as an example mutants of Pisum sativum L.) [Peas]. 099400
Can piroplasmas multiply in the **human** *organism?* [Livestock parasites]. 097275
Citrus dieback [caused by **mycoplasma-like** *organisms,* transmitted by Toxoptera citricidus]. 101717
Mycoplasmalike *organism* found in the phloem of bunch-diseased walnuts [Juglans]. 101750
Demonstration of **mycoplasmalike** *organisms* in the phloem of trees with pear decline or proliferation symptoms by fluorescence microscopy? 101779
Susceptibility of **nontarget** *organisms* to Nosema algerae (Microsporida: Nosematidae), a parasite of mosquitoes. 102579
Fungal toxicity of benomyl and BCM to some edible fungi and **pathogenic** *organisms* causing major diseases of mushroom Agaricus bisporus (Lange) Sing. 101597
An electron microscope study of Bacteroides nodusus [isolated from cases of ovine foot rot]: ultrastructure of *organisms* from **primary** isolates and different colony types. 097392
Endotoxic activity of **rough** *organisms* of Brucella species. 097378
Ordering of movement of *organisms* in a **suspension** of Chlamydomonas reinhardii Dang. [Algae]. 099994

ORGANOCHLORINE

Accumulation and excretion of **certain** *organochlorine* insecticides in broiler breeder hens. 102701
Mercury, cadmium, zinc, copper and *organochlorine* **insecticide** levels in small mammals trapped in a wheat field. 102686
Effect of performance of a low level mixture of *organochlorine* **insecticides** in broiler breeder feed. 102706
Electrochemical reduction and anaerobic degradation of lindane *[Organochlorine* **insecticides].** 102707
Organochlorine **insecticides** and polychlorinated biphenyls in cod from Norwegian fjords [Residues, DDT]. 102747
Residues of *organochlorine* **insecticides** in some fishes and birds in the Gezira of Sudan. 102758
Column switching techniques in the liquid chromatographic analysis of *organochlorine* **pesticides** in milk. 102719
Dynamics of storage of *organochlorine* **pollutants** [pesticides] in herring gulls. 102683

ORGANOGENESIS

Study of the morpho-physiology of the grapevine. III. Dynamics of growth of individual morphological structures of grape shoots relative to the onset and course of the **cycle** of *organogenesis.* 098979
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of *organogenic* **elements** in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Effect of temperature conditions on duration of stages of *organogenesis* in **grapes.** 100433
Mathematical model of **plant** *organogenesis* and the principle of limitation. 099790
Ultrastructural changes of embryonic cells during *organogenesis* in the **silkworm,** Bombyx mori. I. The gonad. 103247

ORGANOLEPTIC

Correlation of gas chromatographic profiles and *organoleptic* **scores** of different fats and oils after simulated deep fat frying. 095463
Studies on mushroom flavours. 1. *Organoleptic* **significance** of constituants of the cultivated mushroom, Agaricus bisporus. 095986

ORGANOPHOSPHATES

Effect of *organophosphate* **DDVP** [dichlorvos] on acetylcholine synthesis of rat brain [Insecticides, toxicity]. 102721
Inhibition of Mallard [duck] salt gland function by DDE **[dichlorodiphenyldichloroethylene]** and *organophosphates.* 102693
Fluorogenic labeling of *organophosphate* **pesticides** with dansyl chloride. Application to residue analysis by high-pressure liquid chromatography and thin-layer chromatography. 102720

ORGANOPHOSPHORUS

The determination of dichlorvos *[organophosphorus* **insecticide]** in milk by using classical and square-wave polarograph. 102744
Effects of Temefos, an *organophosphorous* **insecticide,** on survival and escape behaviour of the marsh fiddler crab Uca pugnax. 102748
Analytical methods for Sumithion [O,O-dimethyl O-(3-methyl-4-nitrophenyl) phosphorothioate] in technical products and formulated materials *[Organophosphorus* **insecticide].** 102765
Chemistry of Sumithion [fenitrothion, *organophosphorus* **insecticide].** 102766
Formulation of Sumithion *[Organophosphorus* **insecticide].** 102767
Residue analysis of Sumithion *[Organophosphorus* **insecticide].** 102768
Safety evaluation of chemicals in food: toxicological data profiles for pesticides. 1. Carbamate and *organophosphorus* **insecticides** used in agriculture and public health. 094819
Formothion *[Organophosphorus* **insecticides,** residues, toxicity]. 102633
Effect of small Valexone [phoxim] doses on calf organisms *[Organophosphorus* **insecticides,** toxicity]. 102677
Crystal and molecular structure of *organophosphorus* **insecticides.** 3. Azinphos-methyl. 102703
Determination of residues of Valexon [phoxim] in milk and animal tissues *[Organophosphorus* **insecticides].** 102732
Purification of extracts in the determination of *organophosphoric* **insecticides** in tissues and organs of animals. 102742
New *organophosphorus* insecticide Ortene [O,S-dimethyl-Nacetylamidothiophosphate acetate] (review of literature). 102248
Testing **new** *organophosphoric* insecticides against the pine geometrid [Bupalis piniarius]. 102513
Plurality in the determinism of *organophosphorus* **teratogenic** effects [Insecticide residues in quail embryos]. 102688

ORIENTATION

Changing faces of students result in **agriculture** *orientation* course [University of Nebraska College of Agriculture]. 093988
Towards a better *orientation* of **cereals** [Marketing]. 094596
Circadian rhythms of **chloroplast** *orientation* and photosynthetic capacity in Ulva [lactuca latissima]. 099943
Significance of **leaf** *orientation* for energy input in sunflower. 100242
Veterinary implementation of *problem-oriented* **medicine** and records. 097133
Foraging and homing flight of the honeybee [Apis mellifera]: some general **problems** of *orientation.* 103286
Our switch to *problem-oriented* **records** [Veterinary medicine]. 097113
Let's make the point: the mystery of the **social** *orientation* of Apis mellifera bees. 103205
Searching behaviour and **tactochemical** *orientation* in males of the wolfspider Pardosa amentata (Cl.) (Araneae, Lycosidae). 103084

ORNAMENTAL

Did you know? 3. *[Ornamental* **berry** plants]. 101203
Control of insect and mite pests of commercial **bulbs** *[Ornamentals].* 102395
Propagating **Fuchsia** *[Ornamentals].* 101166
Fit the plant to the soil: *[Ornamental]* **gardening** on sand. 101112
Speaking abouts the parks of the city of **Geneva** *[Ornamentals].* 101253
Ornamental **hedges** for Idaho [Culture]. 101114
Two potexviruses in Nerine [sarnienis and Nerine **manselli,** *ornamentals].* 101765
Another green revolution: plant parenthood **[Market** for *ornamentals].* 094505
Control of insects for commercial greenhouse **operators** *[Ornamentals].* 102399
Acclimatization is the process of adapting [an *ornamental]* **plant** to an environment different from the one which the plant was grown. 101128
Ancymidol [Plant growth regulators, *ornamental* **plants].** 100353
The application of silicone oil sprays as antitranspirants for *ornamental* **plants.** 100363
Perennials for summer bloom *[Ornamental* **plants].** 101034
A report of leaf spot diseases on some vegetable, fodder and *ornamental* **plants.** 101400
Snow damage prevention: heat, adequate structure *[Ornamental* **plants].** 101898
Response of *ornamental* **plants** to chlorine contamination in the atmosphere [Air pollution injuries]. 102020
Vendex, an effective miticide [for *ornamental* **plants,** deciduous fruits, and citrus]; progress report. 102409
How to transplant *[ornamental]* **trees** and shrubs. 101113
Control of insect and mite pests of *ornamental* **trees,** shrubs, and lawns for home owners. 102396
Warm season, *ornamental* **turfgrasses** [Varieties]. 101124
Corydalis cashmiriana **[Varieties,** *ornamentals].* 101162
Fritillaria—a beautiful collector's object **[Varieties,** *ornamentals].* 101163
Geum triflorum **[Varieties,** *ornamentals].* 101164
Studies on the acceleration of flowering in **woody** *ornamentals* by low temperature treatments. VI. The factors involved in flower formation in Forsythia viridissima Lindl. 100587
Problems of virus control in *ornamental* **woody** plants. 101725

ORNITHINE
Study of nitrogenous metabolism of the Aleppo pine (Pinus halepensis Mill.) ornithine transcarbamylase and the *ornithine* **cycle.** 100630
Fungal *ornithine* esterases: relationship to iron transport [Fusarium roseum, Penicillium sp., Fungi]. 099536
Compartmental behavior of *ornithine* in **Neurospora** crassa [Fungi]. 099817
Foetal and **placental** *ornithine* decarboxylase activity in ther rat—effect of maternal undernutrition. 095141
Study of nitrogenous metabolism of the Aleppo pine (Pinus halepensis Mill.) *ornithine* **transcarbamylase** and the ornithine cycle. 100630

ORNITHODOROS
How to reduce foothills abortion [Epizootic bovine abortion, *Ornithodoros* **coriaceus,** vector]. 097283
Protease activity in **female** *Ornithodoros* tholozani ticks. 102782
The role of wild pigs in the epidemiology of African swine **fever** *[Ornithodoros].* 097351
Isolation of a Solado-like virus (Hughes group) from *Ornithodorus* **maritimus** ticks in Ireland. 102567

ORNITHOGALUM
Foot and bulb rot [Sclerotium rolfsii] of *Ornithogalum* **virens.** 101401

ORNITHONYSSUS
Reproductive morphology of *Ornithonyssus* **sylviarum** (Canestrini and Fanzago) (Acari: Macronyssidae) [Fowl mite]. 102595

ORNITHOSIS
Cooperative state-federal **turkey** *ornithosis* task force, Texas, 1974. 097251

OROBANCHACEAE
Factors affecting dormancy, germinaton, and seedling development of Aeginetia **indica** L. *(Orobanchaceae).* 099474

OROBANCHE
Broom rape *[Orobanche]* **parasitic** on caraway [Carum carvi]. 102084
Quantitative detection of seed of branched broomrape *[Orobanche* **ramosa]** in California tomato soils [Parastic plants]. 102173

ORTHOPEDICS
Orthopedic **problems** of the lower limbs [Fractures, dogs]. 097785
Orthopedic **problems** of the carpal joint [Dogs]. 097786

ORTHOPORUS
Digestive enzymes of the desert **millipede** *Orthoporus* ornatus (Girard) (Diplopoda: Spirostreptidae). 102894

ORTHOPTERA
Consumption and utilization of various host plants by Melanoplus bivittatus (Say) and Melanoplus femurrubrum (DeGeer) *(Orthoptera:* **Acrididae).** 102230
C-banding in male meiotic cheomosomes of Poekilocerus pictus **(Acrididae:** *Orthoptera).* 103083
Observations on Kraussaria **angulifera** *(Orthoptera)* in Katsina North, Northern Nigeria [Insect pests of crops]. 102253
Karyotype differences in the crenaticeps-group of **Atractomorpha** *(Orthoptera,* Acridoidea, Pyrgomorphidae). 102891
Population cytogenetics of the genus **Caledia** *(Orthoptera:* Acridinae). II. Variation in the pattern of C-banding. 102892
Functional characteristics of two central auditory neurons of the cricket [Gryllus bimaculatus] *(Orthoptera,* **Gryllidae).** 103053
Phillidae, a taxonomical revision of the genus Phyllium Ill. **(Insecta** *Orthoptera,* Phasmatoptera). 103204
A new record of occurrence of the red mite, Eutrombidium trigonum hermann (Trombidiidae: Acarina) upon the Bombay locust, Patanga succincta Linn. (Acrididae: *Orthoptera)* **[Natural** control]. 102265
Cytology of Brazilian **phaneropteridae** *(Orthoptera-tettigonioidea):* a species with neo XY sex determining mechanism. 102861
Song modification in the *Orthoptera.* I. **Proclamation** songs of Platycleis spp. (Tettigoniidae). 103080
The song of Metrioptera azami (Finot) *(Orthoptera,* **Tettigoniidae),** and new localities for the species. 103038

ORYCTES
Studies on the use of Metarhizium anisopliae to **control** *oryctes* rhinoceros [Coconut beetle, biological control]. 102402
Studies on the susceptibility of *Oryctes* **rhinoceros** to someentomogenous fungi [Coconut pests, biological control]. 102401

ORYZA
Differentiation in calli originated from isolated protoplasts of **rice** *(Oryza* sativa L.) through plating technique. 099340
Host-pathogen equilibrium between **rice** *(Oryza* sativa L.) and its pathogen Pyricularia oryzae Cav. 101403
Compared outgrowth rate of nodal roots in three rice **varieties** *(Oryza* sativa L.). 100078

ORYZALIN
Oryzalin **[Herbicides,** toxicity, residues]. 102641

OSCILLATION
Analysis of *oscillation* **effects** arising at glucose heating in alkali. 098295
The movement of 2,4-dichlorophenoxy acetic acid in root segments of Pisum sativum L. [Peas]. II. Immobilisation and *oscillations* in **uptake** and transport. 100552

OSCINELLA
Identificaion in barley varieties of features correlating with resistance to frit **fly** *[Oscinella].* 102311
The frit fly *[Oscinella* **frit]** in agriculture [Oats, maize]. 102289

OSMIUM
Studies of *osmium* **deposits** in the carotid body of the cat. 096561

OSMOMETRY
Clinical *osmometry* in veterinary medicine. 097136

OSMOSIS
[Injurious] effect of soil salinization on the *osmotic* **regime** of maize. 101863
Polygalacturonic acid trans-eliminase in the *osmotic* **shock** fluid of Erwinia rubrifaciens: characterization of the purified enzyme and its effect on plant cells. 101694
Water uptake and germination of leguminous seeds [chickpeas, broadbeans] under changing external water potential in *osmotic* **solutions.** 100491

OSMUNDA
The effect of freezing and organic solvents on viability of chlorophyllous fern spores [Equisetum arvense, *Osmunda* **japonica].** 099691
Genetics of recessive lethality in the fern, *Osmunda* **regalis** [Pteridophyta]. 099327

OSTERTAGIA
Preliminary results using metabolites and in vitro grown larvae of *Ostertagia* **circumcincta** to immunise lambs against oral challenge. 097605
Experimental investigation of the postparturient rise of faecal egg count of *Ostertagia* **circumcincta** as a source of infection for lambs. 097655
Ostertagia **circumcincta** infection in lambs originating from larvae which survived the winter. 097658
Investigation of maturation requirements for *Ostertagia* **ostertagi** and Cooperia oncophora larvae [Calves]. 097290

OSTRINIA
Field and laboratory evaluation of the resistance of self-pollinated lines and hybrids of maize to European corn borer *[Ostrinia* **nubilalis].** 102310
Peculiarities of development of European corn borer *[Ostrinia* **nubilalis]** and Angoumois grain moth [Sitotroga cerealella] on high-lysine maize. 102312
Quick method of determining the resistance of maize to European corn borer *[Ostrinia* **nubilalis].** 102313
Herbicide (2,4-D) [2,4-dichlorophenoxyacetic acid] increases insect and pathogen pests on corn *[Ostrinia* **nubilalis,** Helminthosporium maydis]. 102367

OULEMA
Formulation of a mathematical model for insect pest ecosystems: the cereal leaf beetle problem *[Oulema* **melanopus** and its principal parasite Tetrastichus julis]. 102336
Synthesis of bioactive compounds. A structure-activity study of aryl terpenes as juvenile hormone mimics *[Oulema* **melanopus,** oviposition]. 102960

OUTBREAK
Isolation and properties of reovirus from cattle in an *outbreak* of **acute** respiratory disease. 097453
The synoptic weather in relation to an *outbreak* of the **African** armyworm, Spodoptera exempta (Wlk.) [Infestation of grasslands in Rhodesia]. 102333
Diagnostic features of recent prsudorabies (Aujesky's disease) *outbreaks* in **central** United States. 097518
Report on the *outbreak* and **control** of foot-and-mouth disease in Perlis. 097280
Outbreak of **edema** disease in swine in Concordia, Santa Catarina [Escherichia coli]. 097472
Planning criterion of grassland development. II. Effects of inclination of ground and grassland development technique on land utilization and *outbreak* of **landslide** [Soil conservation]. 104171
The control of *outbreaks* of **leptospirosis** in beef cattle by simultaneous vaccination and treatment with dihydrostreptomycin. 097574
A new method for the isolation of Salmonellae from dry milkduring a **salmonellosis** *outbreak* [Food contamination]. 094848
Microbiology—**waterborne** *outbreaks* [by pollution]. 104569
Outbreaks of the **western** spruce budworm [Choristoneura occidentalis] in the American northern Rocky Mountain area from 1922 through 1971 [Picea]. 102522

OVA
Blastocyst expansion and hatching of **bovine** *ova* cultured in vitro. 096927
Protein metabolism in preimplanted **mouse** *ova.* 096900

OVALBUMIN
Allergic bronchoconstriction and its drug-induced reversal in anesthetized, *ovalbumin-sensitized* **cats.** 096537
Effects of estrogen and progesterone on transcription, chromatin and *ovalbumin* **gene** expression in the chick oviduct. 096875
The *ovalbumin* **gene.** Partial purification of the coding strand [Chickens]. 096938

OVARY
Postpartum uterine involution and *ovarian* **activity** in dairy cattle [Fertility, reproductive physiology]. 097000
Nuclear syntheses of RNA into the **adult** *ovary* of Tenebrio molitor: quantitative study. 102848
The influence of prostaglandin F-2alpha on pregnenolone metabolism by the **autotransplanted** *ovary* of the ewe. 096966
Cell death in *ovarian* **chambers** of Drosophila melanogaster. 102969
Dynamic studies of prostaglandin F-2alpha in the *utero-ovarian* **circulation** of the sheep. 096953
Hormonal changes associated with experimentally produced **cystic** *ovaries* in the cow [Luteinizing hormones, sterility]. 096959
Rate of ecdysteroids and *ovarian* **development** in adult females of Locusta migratoria. 102853
Study of the athresis of follicules in the *ovary* of **female** rabbit. 096507
Experimental biological engineering to synchronise ovulation in gilts. II. Effect of laparotomy on *ovarian* **finding** following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867
Experimental biological engineering to synchronise ovulation in gilts. III. Onset of ovulation, *ovarian* **findings** and fertilization following metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868
Permeability of *ovarian* **follicles** to electron-dense macromolecules [Sheep]. 096843
Ring canals in the *ovarian* **follicles** of Aedes aegypti. 102808
Messenger RNA synthesis, transport, and storage in silkmoth [Actias luna and Antheraea polyphemus] *ovarian* **follicles.** 102906
Effects of intravenous injection of FSH [follicle-stimulating hormone] on *ovarian* **follicular** cysts in dairy cows. 097740
Establishment of a cell line (SCLd 135) from Lymantria dispar **(Lepidoptera)** *ovaries.* 102842
On the effects in vitro of follicle stimulating hormone (FSH) and actinomycin D on the amounts of nucleic acids of the immature **mouse** *ovaries.* 097037
Morphological changes in *ovaries* of the **mufflon** (Ovis ammoncycloceros) during gestation [compared to domestic sheep]. 097063
The **porcine** *ovarian* follicle. III. Development of chorionic gonadotropin receptors associated with increase in adenyl cyclase activity during follicle maturation. 096334
The preleptotene chromosome condensation and decondensation in the *ovary* of the **sheep** embryo. 096864
Features of follicular development in swine and **sheep** *ovaries* during gestation. 097062
Adenylyl cyclase activities in *ovarian* **tissues.** I. Homogenization and conditions of assay in graafian follicles and corpora lutea of rabbits, rats, and pigs: regulation by ATP [adenosine triphosphate], and some comparative properties. 096328

OVEN
A comparison of nitrogen and energy determination of fresh and *oven* **dried** poultry excreta [Digestion test]. 096691
Fast determination of content in oil by nuclear magnetic resonance after drying of seeds in a **microwave** *oven.* 095520

OVERFEEDING *see* **FEEDING**

OVICIDE
Studies on the *ovicidal* **activity** of some insecticides and acaricides on the winter eggs of the European red fruit mite (Panonychus ulmi (Koch) Ehara). 102414

OVIDUCT
Effects of estrogen and progesterone on transcription, chromatin and ovalbumin gene expression in the **chick** *oviduct.* 096875
Partial purification of a progesterone-inducible messenger RNA (avidin) from **hen** *oviduct.* 096331
Partial purification of a progesterone-inducible messenger RNA (avidin) from **hen** *oviduct.* 096902
Blood flow to the uterine **tube** *(oviduct)* of the early pregnant and pseudopregnant rabbit. 096854

OVINE

In vitro response of *ovine* and **bovine** uterine arteries to prostaglandin F2 alpha and periarterial sympathetic nerve stimulation. 096880

Effects of Aureo-S-700R on sporulation, viability and infectivity of *ovine* **coccidial** oocysts. 097464

Effects of prostaglandins on the *ovine* **corpus** luteum: blood flow, secretion of progesterone and morphology. 096878

An electron microscope study of Bacteroides nodusus [isolated from cases of *ovine* **foot** rot]: ultrastructure of organisms from primary isolates and different colony types. 097392

Ovine **foot** rot [Bacteriodes nodusus]: a review. 097568

A simplified method for the isolation of Bacteroides nodusus from *ovine* **foot-rot** and studies on its colony morphology and serology. 097391

Studies on pituitary prolactin, 39. Reaction of the *ovine* **hormone** with hydrogen peroxide. 096250

The economically most **important** *ovine* infectious abortions and their control. 097494

Carbohydrate components of the glycopeptides of *ovine* **lutropin.** 096233

Bacteriocins of Streptococcus bovis [Bovine and *ovine* **rumen** bacteria]. 096289

OVIPOSITION

Oviposition and **development** of Trogoderma granarium Everts (Coleoptera: Dermestidae) under different ecological conditions [Maize]. 102532

Synthesis of bioactive compounds. A structure-activity study of aryl terpenes as juvenile hormone mimics [Oulema **melanopus,** *oviposition].* 102960

Selection for body weight at eight weeks of age. II. Ovulation and *oviposition* **patterns** [Poultry]. 097009

Effects of salicylic acid on probing and *oviposition* of the **rice** plant- and leafhoppers [Nilaparvata lugens] (Homoptera: Delphacidae and Deltocephalidae). 102283

The influence of some carbohydrate diets as adult food or group interaction during immature stages on the programming of *oviposition* in the **spotted** bollworm, Earias fabia Stoll (Lepidoptera: Noctuidae). 102354

Studies of Aedes **triseriatus** *oviposition* attractants produced by larvae of Aedes triseriatus and Aedes atropalpus (Diptera: Culicidae). 102589

OVIS

On the helminth fauna of the **moufflon** *(Ovis* aries musimon) compared with those of domestic sheep (Ovis aries dom.) and deer (Capreolus capreolus, Cervus elaphus) in the Netherlands. 097346

Morphological changes in ovaries of the **mufflon** *(Ovis* ammoncycloceros) during gestation [compared to domestic sheep]. 097063

A comparative study of the histogenesis of placenta in wild **sheep** *(Ovis* ammon cycloceros L.) and the domestic Romanov breed. 096572

On the helminth fauna of the moufflon (Ovis aries musimon) compared with those of domestic **sheep** *(Ovis* aries dom.) and deer (Capreolus capreolus, Cervus elaphus) in the Netherlands. 097346

OVULATION

Plasma LH [luteinizing hormone] and progesterone concentrations in the turkey hen during the *ovulatory* **cycle.** 096513

Inhibition of **multiple** *ovulation* in hypophysectomized hens treated with gonadotrophins. 096961

Experimental biological engineering to synchronise ovulation in gilts. III. Onset of *ovulation,* **ovarian** findings and fertilization following metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868

Selection for body weight at eight weeks of age. II. *Ovulation* and **oviposition** patterns [Poultry]. 097009

Rhythms of vitellogenesis and *ovulation* in **photoperiod** LD 12:12 in Drosophila melanogaster. 103013

Increase in *ovulation* **rate** in sheep following administration of an LHRH [luteinizing hormone-releasing hormone] analogue. 096881

Experimental biological engineering to **synchronise** *ovulation* in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867

Experimental biological engineering to **synchronise** *ovulation* in gilts. III. Onset of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868

OVULE

Callus induction by (2-chloroethyl) phosphonic acid on cultured **cotton** *ovules.* 100250

Isofermentative composition of *ovules* of **fertile** maize plants and their sterile analogs. 100172

Studies on overcoming self-incompatibility by means of testtube fertilization and development of **fertilized** *ovules* into viable seeds in Petunia hybrida. 099339

Development of **unpollinated** *ovules* of quaking aspen [Populus tremuloides]. 100677

OWNERSHIP

Access problems unique to patterns of **alternate** *ownership* [of forest lands]. 098020

Are the **forest** *owners* willing to work in forests outside their own farms? 098058

Control of insect and mite pests of ornamental trees, shrubs, and lawns for **home** *owners.* 102396

The value of assistance to **land** *owners* [Agricultural conservation program]. 094770

"Miscellaneous *owners":* expectations and reality [Forest economics]. 098029

Providing [forest] management services to private, **non-industrial** *owners:* the role of consultant. 098033

Chemical and biological preparations for the control of pests and diseases of plants in collective and **private** *owned* fruit orchards: Chemicals for the control of fungus diseases of plants. 101487

The extension education approach in reaching **woodland** *owners.* 097933

Forestry incentives program: cost sharing as an incentive for small private **woodland** *owners.* 098026

OXALATE

Interchain disulfide bonds at the COOH *[oxalate]-terminal* end of **procollagen** synthesized by matrix-free cells from chick embryonic tendon and cartilage. 096211

Studies on calcium and magnesium metabolism in ruminants. I. Effects of calcium carbonate or **sodium** *oxalate* on the absorption and excretion of calcium and magnesium in ewes. 096457

OXATHIIN

Vitavax *[5,6-dihydro-2-methyl-1,4-oxathiin-3-carboxanilide,* **fungicides,** residues]. 102653

OXEN

Adrenal medulla gangliosides. A comparative study of some mammals [Horse, *ox,* **sheep,** swine]. 096315

Production and sale conditions for *ox* and **swine** meat [Demand]. 094636

Identification of the mucopolysaccharides in catecholamine-containing subcellular particle fractions from various rat, cat and *ox* **tissues.** 096156

Electron microscopic study on the gel of the central part of the corpus **vitreum** in the *Ox.* 096303

OXIDASES

Activity of indolyl-3-acetic **acid** *oxidase* and peroxidase in roots of carrot infested with Meloidogyne hapla Chitw. 101827

Auxin dependence and **auxin** *oxidase* of cultured sycamore cells [Platanus]. 100632

Phenols as inductors of some **Basidiomycetes** *oxidases.* II. Electrophoresis on polyacrylamide gel of soluble protein and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497

The activity of ascorbic acid and **catechol** *oxidase,* the rate of photosynthesis and respiration as related to plant organs, stage of development and copper supply [Oats, sunflowers]. 100056

Comparative biochemical studies on populations inbreds and lines of Phaseolus vulgaris [kidney beans]. Activity and multiple molecular forms of **cytochrome** *oxidase.* Some considerations on mitochondrial complementarity. 100561

Comparison of fungal **glucose** *oxidases* [Aspergillus niger, Penicillium glaucum]. Chemical, physicochemical and immunological studies. 099540

Relative efficiencies of a soluble and immobilized two-enzyme system of **glucose** *oxidase* and catalase [Aspergillus niger, Fungi]. 099551

Manipulation of IAA **[indoleacetic** *acid]-oxidase* activity and auxin-deficiency symptoms in intact cotton plants with manganese nutrition. 100256

Immunologic evidence that the gene for **L-gulono-gamma-lactone** *oxidase* is not expressed in animals subject to scurvy [Ascorbic acid]. 095202

Properties of highly purified **lysyl** *oxidase* from embryonic chick cartilage. 096247

The reaction of sulfhydryl reagents with bovine hepatic **monoamine** *oxidase:* evidence for the presence of two cysteine residues essential for activity. 096255

Intracellular localization, isoenzyme composition, and activity of apple **o-diphenol** *oxidase.* 095876

Hyper-auxin induced by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA [indoleacetic acid] *oxidase,* **peroxidase** and polyphenoloxidase [Loose smut]. 101602

The ultrastructural localization of **polyphenol** *oxidase* in chloroplasts of Brassica napus cv. Zephyr [Rape]. 100334

The binding by an NAD [nicotinamide adenine dinucleotide] affinity matrix of contaminating dehydrogenases in [beef heart] cytochrome c *oxidase* **preparations.** 095688

Cytochrome c *oxidase* **[terminal** oxidase in respiratory metabolism]. 099702

OXIDATION

Respiration and NADH [naphthaleneacetic **acid** *dehydrogenase]-oxidation* of the roots of flood-tolerant and flood-intolerant Senecio species as affected by anaerobiosis. 099897

Fatty **acid** *oxidation* by the leg muscles of Cybister [confusu] beetle during vigorous exercise. 102900

Oxidized **acids** and new chemical species [Fats]. 095523

Effect of an addition of reducing and *oxidizing* **agents** on the amino acid composition of Egyptian barley wort. 095762

Oxidation of **beer:** 2-trans-nonenal and 2-trans-6-cis-nonadienal as decomposition products from a mixture of colneleic and colnelenic acids. 095413

Characteristics of external NADH [reduced nicotinamide-adenine dinucleotide] *oxidation* by **beetroot** mitochondria [Beets]. 100276

Lipid-oxidation **catalyses** by substances in water on lipid-water interface. 095465

Isolation of the free fat of milk powder for the determination of *oxidative* **changes.** 095621

Autoxidation in milk rich in linoleic acid. II. Modification of the initiation system and **control** of *oxidation.* 095579

Oxidative **coupling** of bromo- and iodo-ferulic acid derivatives: synthesis of (plus/minus)-veraguensin [Phyllanthus niruri]. 100011

Dioxathion [acaricide and insecticide] metabolites, photoproducts, and *oxidative* **degradation** products. 102705

Activity of *oxidation-reduction* **enzymes** in maize in breeding. 099385

Rate of growth and activity of *oxidizing* **enzymes** of different Fomes annosa strains [Pinus]. 101446

Environmental factors influencing the rate of **hydrocarbon** *oxidation* in temperate lakes [Oil pollution]. 104447

Investigation of sulphate **lignin** *oxidation* by means of gel chromatography. 098388

Oxydation of **lignins** of [pulping] waste waters with ozone. 098346

Oxidation of **lipid** components isolated [pea] chloroplasts under the influence of light. 100579

The influence of exogenous nicotinamide adenine dinucleotide on the *oxidation* of **malate** by Jerusalem artichoke mitochondria. 100490

Ultraviolet irradiation of fenitrothion [insecticide] and the synthesis of the **photolytic** *oxidation* products. 102716

Lagoons and *oxidation* **ponds** [Waste treatment]. 104560

Effect of temperature and hydrogen-ion concentration value on the rate of oxygen absorption and on the dynamics of *oxidation-reduction* **potential** during maturing of wine materials. 095973

Oxidation-reduction **processes** in wheat forms with cytoplasmic male sterility. 099393

Effect of carbon dioxide and sodium chloride on *oxidative* **stability** of frozen mechanically deboned poultry meat. 095732

Carboxins [systemic fungicides]: powerful selective inhibitors of **sucinate** *oxidation* in animal tissues. 102659

Amino acid metabolism in the piglet: influence of level of protein and of methionine in the diet on tissue uptake and in **vivo** *oxidation.* 096267

OXIDE

Attempts at the sterilization with **ethylene** *oxide* of bone meal contaminated with Salmonellae. 096007

Efficiency of methyl bromide and **ethylene** *oxide* in elimination of root-knot nematodes [Meloidogyne javanica, Meloidogyne hapla] on host plants [Tomatoes]. 102016

Experimental tobacco fumigation under partial vacuum with **ethylene** *oxide* against Lasioderma serricorne. 102531

Iron *oxide* as an iron source in potting-soil mixtures. 103927

Monocot-dicot variability in response to an **iron** *oxide-metallic* iron source [Maize, soybeans]. 103928

Synergic action of sulfur dioxide and **nitrogen** *oxides* on some plants: study in artificial conditions [Tomatoes, Petunia hybrida, Pelargonium hortorum]. 099461

OXINDOLE

Metabolism of indole-3-acetic acid. II. *Oxindole* **pathway** in Parthenocissus tricuspidata crown-gall tissue cultures. 101708

A unique series of **pseudo** *oxindole* alkaloids [Corynanthe]. 099651

OXYCHLORIDE

Fungicidal properties of polycarbacine and **copper** *oxychloride* mixtures. 101491

Repellent and toxic effect of **copper** *oxychloride* on the Colorado potato beetle [Leptinotarsa decemlineata]. 102443

OXYGEN

Effect of temperature and hydrogen-ion concentration value on the rate of *oxygen* **absorption** and on the dynamics of oxidation-reduction potential during maturing of wine materials. 095973

Reduction of acetylene by stationary cultures of free-living Rhizobium sp. under **atmospheric** *oxygen* levels [Nitrogenfixing bacteria. 103719

Swarming of honeybee colonies and carbon dioxide and *oxygen* **concentrations** in the nests. 103276

Effect of dicumarol on D-galactose absorption and *oxygen* **consumption** by the chicken intestine [Metabolism]. 096548

Plasmodium berghei: antibody mediated reduction of *oxygen* **consumption** by infected mouse bone marrow cells. 097624

Analysis of the *oxygen* **consumption** of Periplaneta americanaat constant and diurnally alternating temperatures. 103057

Metabolism of ethanol and lactate in tissues of woody plants differing with respect to their resistance of *oxygen* **deficiency** [Salix alba, Populus petrowskiana]. 100684
Photosynthesis in a reconstituted chloroplast system from spinach: some factors affecting CO2 [carbon **dioxide]-dependent** *oxygen* evolution with fructose-1,6-biphosphate as substrate. 100374
Postharvest effect of modified levels of carbon monoxide, carbon dioxide, and *oxygen* on **disorders** and appearance of head lettuce [during transportation in controlled atmosphere]. 101923
Light-reactivation of (Tris-washed)-DPIP [2,6-dichlorophenol indophenol]-treated chloroplasts: manganese incorporation, chlorphyll fluorescence, action spectrum and *oxygen* **evolution.** 099920
A possible role of hydroxyproline-protein in *oxygen-sensitive* **growth** [Oats]. 100270
Kinetic studies of Rhus vernicifera laccase: Evidence for multi-electron transfer and an *oxygen* **intermediate** in the reoxidation reaction. 099545
14CO2 [carbon dioxide isotope] uptake and photosynthetic products of bean leaves after 0.5 or 10 hours pretreatment of plants with 100% O2 *[oxygen]* in **light.** 100618
Role of *oxygen* in **molecular** weight changes of lignin during oxydative delignification of wood. 098354
Effect of the *oxygen* **partial** pressure on the development of the embryo of Capsella bursa-pastoris cultivated in vitro. 099610
Mitotic anomalies observed in the fibroblasts of the chick embryo cultured in vitro with 80 **percent** of *oxygen.* 096147
Model trials for screening the H2O, CO2 and O2 [water, carbon dioxide, *oxygen]* **permeatility** of certain oil substances in regared to their suitability as antitranspirans [Barley, maize]. 100105
Factors affecting the ADP/O *[adenosine-5'-diphosphate/oxygen]* **ratio** in isolated chloroplasts [Peas, spinach]. 100369
Oxygen **requirement** for acetylene reducton by pure cultures of Rhizobia [Rhizobium japonicum and Rhizobium]. 103772
Oxygen **sag** and stream [water] purification. 104572
Oxygen uptake and **tissue** *oxygen* tension during adrenergic stimulation in canine subcutaneous adipose tissue. 096163
Oxygen **uptake** by Nanorchestes antarcticus (Acari). 103068
Photochemical activities of etiochlorplasts isolated from plants greened under intermittent light. I. Absorption of *oxygen* **[Wheat].** 100259
Inhibition by ammonium chloride of the *oxygen* **yield** of photosynthesis [Spinach, Chlorella pyrenoidosa, Algae]. 099543

OXYTETRACYCLINE

East Coast fever. 3. Chemoprophylactic immunization of cattle using *oxytetracycline* and a **combination** of theilerial strains. 097654
Accumulation of antibiotic residues in the fruit of coconut palms treated with *oxytetracycline* for the **control** of lethal yellowing. 094895

OXYTROPIS

The classification of *Oxytropis* **immersa** (Baker) Bge formation in eastern Pamir. 098872

OYSTERS

Studies on the cultivation of *oyster* **mushroom,** Pleurotus ostreatus (Fr.) Quel. using rice straw as growing substrate. I. Experiments on the development of growing substrates. 104129

OZONE

Sensitivity of pea cultivars to *ozone* **[Air** pollution injuries]. 102021
Differential foliar sensitivity of soybean cultivars to *ozone* **associated** with differential enzyme activities [Pollutioninjuries]. 102005
Reducing severity of *ozone* **damage** to tobacco and beans by combining benomyl or carboxin with contact nematicides [Air pollution injuries]. 102019
Pulmonary responses of rats to ambient levels of *ozone.* **Effects** of 7-day intermittent or continuous exposure [Air pollution]. 104594
Sensitivity of surface temperature and atmospheric temperature to perturbations in the stratospheric concentration of *ozone* and **nitrogen** dioxide. 104531
Oxydation of lignins of [pulping] waste **waters** with *ozone.* 098346

PACKAGING

The aseptically operating form-, fill- and seal machine TFA 240 from Hofliger & Karg *[Packaging* of **dairy** products]. 095645
Physicochemical properties of some **flexible** *packaging* materials used in food packaging. 095454
Protecting the freezing of citrus fruits with *packaging* **materials** during transportation and distribution in a cold district. 095930
Control of net contents in the *packaging* of **milk** products. 094826
Studies on the care and storage of raw silk. 5. On the preventive effect of the **outer** *packaging* of corrugated fiberboard box on the dewfall phenomenon. 095517
Flexible [food] *packaging:* **outlook** to 1981. 095442
Vacuum *packaging* [Beef]. 095723

PACKING

The occurrence and growth of Clostridium spp. In *vacuum-packed* **bacon** with particular reference to Clostridium perfringens (welchii) and Clostridium botulinum. 094877
Financing a **centralized** *peach-packing* [cooperative] facility in southeastern Missouri. 094438
Fractionation of tall oil as as example of optimization of **conventional** *packed* columns. 095438
Packing **media:** what's best? [for storage of dormant scions of the pecan, Carya illinoensis]. 101219
Salmonella [enteritidis] in horses: a source of contamination of horsemeat in a *packing* **plant** under federal inspection. 094809
Heat transfer characteristics of rectangular *[carton-packed* **spinach]** products. 095945
Economic evaluation of fruits and **vegetables** *packing* house project Assiut. 095867
Removal of protein and fat from meat slaughtering and *packing* **wastes** using lignosulfonic acid. 095702

PADDLE

Determination of major parameters and operation regimes of *paddle* **mixers** for the preparation of enriched peaty-silty fertilizers. 103521

PADDOCK

Fertility of Merino ewes. 1. The effect of ram-ewe ratio and *paddock* **size.** 2. Ram-seeking activity and the duration of heat. 096997

PADDY

Effect of dates of transplanting and spacings on the yield of **Aman** *paddy.* 100773
Comparison of different methods of lime requirement. II. Response of *paddy* **crop** to liming. 104108
Studies on the dairy farming using river-terrace and *paddy* **field.** IV. Farm management investigation in the Nagan riverside region, Kaizucho, Gifu Prefecture, Japan, 1973-74. 094313
Analysis of the [soil] mycoflora of a meadow as compared with that of a *paddy* **field.** 103708
Absorption of fertilizer and soil nitrogen by rice plants under the various cultural conditions of different *paddy* **fields.** III. Relationship between kinds of rice seedlings and absorption of nitrogen by rice plants and general discussion. 100323
Indigenous *paddy* varieties in eastern Rajasthan. 100821
The marketed surplus of a subsistence crop: *paddy* **rice** in Taiwan. 094474
Varietal differences of *paddy* **rice** to fertilizer response under different cultural conditions in Korea. 100977
A study on the effect of certain phenolic acids and fumaric acid in soil on the development of *paddy* **seedlings** and nitrogen-fixing bacteria. 100049
Occurrence of Seira cinerea Yosii (Collembola: Entomobryidae) on wheat and *paddy* **seedlings.** 102366
Constant drying rate of a **single** *paddy* grain [Rice]. 095827
Studies on heavy metal pollution in agricultural land. 1. Movement of cadmium in *paddy* **soils** and absorption of cadmium by rice plants. 104463
Pattern of dormancy breaking in seeds of few *paddy* **varieties.** 100167
Studies on the drainage in the low and **wet** *paddy* field area. I. The tendency of pump drainage and the runoff analysis on Shizusato region in Ohgaki, Gifu Prefecture. 104396

PADS

Effects of photoperiod and temperature on **abnormal** *wing-pad* development in two species of Odonata [Enalagma hageni, Enallagma aspersum]. 102870
Making **pressing** *pads* [Sewing]. 095237

PAECILOMYCES

Effect of polyethyleneimine on certain fungi [Aspergillus, Chaetomium, *Paecilomyces,* **Penicillum].** 099869

PAEONIA

Differential Giemsa staining of heterochromatic regions in the chromosomes of Vicia faba [broadbeans], Allium cepa [onions] and *Paeonia* **tenuifolia.** 099044

PAINTS

Interior *paints* and finishes. 095255

PAIRING

New proposal for structure of *special-pair* **chlorophyll.** 099956
Ectopic *pairing* and evolution of 5S ribosomal RNA genes in the chromosomes of Drosophila funebris. 102887
Analysis of the spatial organization of Drosophila melanogaster genome based on **ectopic** *pairing* of polytene chromosomes. 102945
Spontaneous formation of translocation and **nonhomologous** *pairing* of chromosomes in Drosophila melanogaster. I. Production and genetic analysis of females containing Y-2 semitranslocations. 103098
Spontaneous formation of translocations and **nonhomologous** *pairing* of chromosomes in Drosophila melanogaster. II. Genetic analysis of b pr individuals and study of distribution over the cultures of individuals with semitranslocations Y2. 103099
The performance of groundnut under *paired* **row** culture and two levels of fertility. 100870

PAIRS

Inheritance of morphology characters of kenaf hybrids depending on the **choosing** of *pairs.* 099447

PALATABILITY *see* TASTE

PALEOBOTANY

Botanical and pollen analytical investigations on the Heidenweg in Biel Lake [Ecology, plant **associations,** *paleobotany].* 098774
Two species of Alethopteris from Iowa Coal **Balls** *[Paleobotany].* 098684
The question about the establishment of Picea schrenkiana Fisch. et Mey. **[Coniferae,** *paleobotany].* 098548

PALEOCENE

A fossil leaf of Akaniaceae from *Paleocene* **beds** in Argentina. 098579

PALEOZOIC

Chemotaxonomy of some **problematic** *Palaeozoic* plants. 098695

PALM

Accumulation of antibiotic residues in the fruit of **coconut** *palms* treated with oxytetracycline for the control of lethal yellowing. 094895
Analysis of carotenes in **crude** *palm* oil. 095432
Studies on some intergeneric hybridization in **date** *palm,* (Phoenix dactylifera L.). 099064
Determination of solid and liquid components of *palm* **oil** as function of the crystallization condition by measurement of nuclear magnetic resonance. 095436
Palm **oil:** technology and use. II. 095524
Sex differentiation in **oil** *palm* [Elaeis guineensis]: effects of growth regulators. 099323
Ablation of the inflorescences on young **oil** *palms.* Special case of dry zones. 101305
Palm-oil: **technology** and uses. 095525

PALYNOLOGY

Palynological **analysis** of the postglacial lacustrine deposits of Agoraie di Mezzo Lake (Ligurian Apennines). 098507
Historical aspects of the northern Canadian treeline *[Palynological* **studies].** 098509
Systematic *palynology* of tribe Leucophylleae (Scrophulariaceae) and selected Myoporaceae. 1. 098679
Palynology of **Tertiary** sediments in southern Senegal. 098677
Triassic *palynology* of the Carnarvon basin, Western Australia. 098696

PANAGRELLUS

Nematicidal activity of secondary and tertiary alkyl amides and amines *[Panagrellus* **redivirus,** plant pathogenic nematodes]. 101893

PANCREAS

Comparative properties of canine hepatic and *pancreatic* **amylase.** 096275
Diseases of the liver and *pancreas:* **case** studies. 097692
Canine inslinoma [neoplastic growth of the Beta **cells** of the *pancreas].* 097728
Epidemiology, etiology, clinical features, and diagnosis of **chronic** *pancreatic* fibrosis. 097750
Chronic **exocrine** *pancreas* insufficiency in a cat. 097767
Secretion of new digestive enzyme by *pancreas* with **minimal** transit time [Rabbits]. 096185

PANELS

Exterior structural **composite** *panels* with southern pine veneer faces and cores of southern hardwood flakes. 098221
Studies on the exfoliation of silk fibers. 5. On the relation between the falling of dye and swelling in the exfoliation **defect** *panels.* 095510
Preliminary evaluation of two tongue-and-groove joints for five-ply structural sandwich **wood** *panels* for floors. 098225
Preservation of **wood-based** *panels* against fungi and insects and testing its efficiency. 098228

PANICLE

Wrinkled rachis and husk—an EMS induced true **breeding** *panicle* mutation in rice. 101797

PANICUM

Studies on the irrigation for herbage grass. III. On the efficiency of water use by Sawa millet *[Panicum* **crusgalli].** 104397
A review of **guineagrass** *(Panicum* maximum) for the wet tropics of Australia. 101007
Distribution of enzymes related to C3 and C4 [carbon] pathway of photosynthesis between mesophyll and bundle sheath cells of *Panicum* **hians** and Panicum milioides. 099918
A new adventitous species in Adzharia *[Panicum* **lanuginosum].** 098747
Evaluation of cultivars of *Panicum* on the **Lilongwe** plain, Malawi. 101005
"Swollen face", a periodontal disease of cattle [Nutritional deficiency, *Panicum* **maximum,** Brazil]. 097746
Analysis and estimation of the net radiation above a *Panicum* **maximum** culture in a humid equatorial zone. 098832
Distribution of enzymes related to C3 and C4 [carbon] pathway of photosynthesis between mesophyll and bundle sheath cells of Panicum hians and *Panicum* **milioides.** 099918

PANLEUKOPENIA *see* LEUCOPENIA

PANONYCHUS

Studies on the ovicidal activity of some insecticides and acaricides on the winter eggs of the European red fruit **mite** *(Panonychus* ulmi (Koch) Ehara). 102414

PANTOTHENIC

Pantothenic **acid** metabolism in chicks during early ontogenesis. 096207

PAPAVER

Study of *Papaver* **bracteatum** under several environmental conditions. 100569
Fungus and bacterial diseases of poppy *[Papaver]* in the **Leningrad** Region. 101641
Biological and biochemical changes in the opium **poppy** *(Papaver* somniferum L.) under the effect of ionizing radiation. 099727
Diseases and pests of **poppy** *[Papaver].* 101941
Effect of organic manure and chemical fertilizers on opium poppy *[Papaver].* III. **Role** of phosphate on the yield of opium, morphine and poppy seeds. 103983
Morphine and codeine in poppy seed *[Papaver* **somniferum,** alkaloids]. 095459
Dipeptidase activity in *Papaver* **somniferum** L., cv. "Dubsky" seedlings. 099529
Mineral nutrition and morphine production in *Papaver* **somniferum** [Drug plants]. 099896
Poppy *[Papaver]* **(variability,** classification, evolution). 098723

PAPAYAS

Separation of chymopapain from papaya latex **(Carica** *papaya)on* Amberlite IR-120 (Hg2+) [mercury ion]. 100489
Modification of flowering pattern and sex expression in **Carica** *papaya* by morphactin, ethephon and TIBA [triiodobenzoic acid]. 100615
Separation of chymopapain from *papaya* **latex** (Carica papaya)on Amberlite IR-120 (Hg2+) [mercury ion]. 100489
Preliminary studies on *papaya* selection in **Malaysia** [Breeding]. 099338
Changes in amino acids and amides induced by *papaya* **mosaic** virus in papaya plants. 101746

PAPER

Thermomechanical pulping—**Abitibi** *Paper* Company Ltd., Beaupre Division. 098276
Paper and **allied** products [Water pollution control]. 104573
Thermo-mechanical pulping at **Blandin** *Paper* Co. 098274
A summary of investigations carried out at the Cellulose and Paper Branch [Forest Research Institute] on suitability of agricultural residues for pulp, *paper* and **board.** 098283
Rapid determination of chlorine in wood, pulp and *paper* by **combustion** in flask. 098190
The St. Regis *[Paper]* **company** history program [of its management policies]. 098395
Long-term prospects for pulp and *paper* **development** in Scandinavia. 098381
Reduction of water consumption and fiber losses at **Eker** *Paper* Mill [Minimum freshwater volume required for producing different paper grades]. 098383
Investigation of grape skin polysaccharides by chromatography of DEAE [diethylaminoethyl] cellulose and *paper* **electrophoresis.** 095877
Reduction of water consumption and fiber losses at Eker Paper Mill [Minimum freshwater volume required for producing different *paper* **grades].** 098383
High grade **graphic** *paper* from mechanical pulp. 098247
Thermo-mechanical pulping at **Hallsta** *Paper* Mill. 098273
Sawdust as a raw material for the pulp and *paper* **industry.** 098384
Environmental constraints on the pulp and *paper* **industry** [Pollution]. 104602
Cross-link wet-stiffening of *paper:* the **mechanism** [tested on paperboard from unbleached southern pine]. 098417
Seasonal variation of algal biomass production potential and nutrient limitation in Yaquina Bay, Oregon [Water pollution, *paper* **mill** wastes]. 104495
Thermo-mechanical pulping at Publishers *[Paper* Co.]—**Newberg** [Oregon]. 098275
Structural features of [tropical] hardwoods and their influence on *paper* **properties.** 098420
Discussion on the *paper* of "The **relation** between tillering capacity and cumulative temperature and its application in wheat culture". 100144

PAPERBOARD *see* FIBERBOARD

PAPILIO

The coloration of Papilio zalmoxis and *Papilio* **antimachus,** and the discovery of Tyndall blue in butterflies [Sexual dimorphism]. 103086
Studies of various behavior patterns in the hybrid between Papilio xuthus Linne and *Papilio* **machaon** hippocrates C. et R. Felder (Lepidoptera: Papilionidae). 102828
The status of the swallowtail butterfly *[Papilio* **machaon** britannicus] in Britain. 102921
The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of *Papilio* **xuthus** Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
Studies of various behavior patterns in the hybrid between *Papilio* **xuthus** Linne and Papilio machaon hippocrates C. et R. Felder (Lepidoptera: Papilionidae). 102828
The coloration of *Papilio* **zalmoxis** and Papilio antimachus, and the discovery of Tyndall blue in butterflies [Sexual dimorphism]. 103086

PAPILIONIDAE

The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: *Papilionidae)* **[Biological** control, citrus pests]. 102383
The status of the *swallowtail* **butterfly** [Papilio machaon britannicus] in Britain. 102921
Studies of various behavior patterns in the hybrid between Papilio xuthus Linne and Papilio machaon hippocrates C. et R. Felder **(Lepidoptera:** *Papilionidae).* 102828

PAPILLOMA

A modification of the Glynne-Lemmerzahl method for testing resistance of potato varieties to *wart* **disease,** Synchytrium endobioticum (Schilb.) Perc. 101578

PAPRIKA

Spectrophotometrical determination of yellow and **red** *paprika* pigments. 095985

PARAFFIN

The use of methyl green-pyronin staining after glutaraldehyde fixation and *paraffin* or **araldite** embedding [Chick and mouse embryonic tissues]. 096570
Sex chromatin determination in formalin-fixed, *paraffin-embedded* **tissues** of rats. 097825

PARAKERATOSIS

Lethal trait A 46 in [Black Pied Danish] cattle. Intestinal zinc absorption **[Hereditary** *parakeratosis].* 097835

PARALYSIS

Paralysis in **chickens** caused by larvae of the poultry tick, Argas persicus. 102555
Dairy: milk fever **[parturient** *paresis]* in dairy cows [Metabolic diseases]. 097792
Recent findings on nutritional biochemistry for preventing **puerperal** *paresis* and lying down of dairy cows. 097766

PARAMAGNETIC *see* MAGNETISM

PARAMETRY

The determination of hemoglobin and myoglobin residues as a *parameter* for **testing** heat exposure in back bacon. 094822

PARAMPHISTOMUM

Polar lipids of parasitic helminths. I. Polar lipids of Fasciola hepatica and *Paramphistomum* **microbothrium** [From slaughtered animals]. 097643

PARAQUAT

Studies of the **herbicide** *paraquat.* I. Effects on the cell cycle and DNA synthesis in Vicia faba [Broadbeans]. 102096
Effect of *paraquat* [a **herbicide** and preharvest desiccant] on carbon assimilation and transport by sugarcane leaves in white light and darkness. 102171
Effects of **pure** *paraquat* dichloride, "Gramoxone W", and formulation additives on soil microbiological activities. 1. Estimations of soil biomass in laboratory-treated soil. 103862
Effects of **pure** *paraquat* dichloride, "Gramoxone W" and formulation additives on soil microbiological activities. 2. Effects on respiration, organic matter mineralization, and nitrification in laboratory-treated soil. 103863

PARASARCOPHAGA

Embryonic photoperiodic sensitivity in two species of fleshflies, *Parasarcophaga* **similis** and Boettcherisca septentrionalis. 102998

PARASCARIS

Studies on the development and chemotherapy of larvae of *Parascaris* **equorum** (Nematoda: Ascaridoidea) in experimentally and naturally infected foals. 097419

PARASITES

Observations on the *parasitic* **activity** of the nematode Macroposthonia xenoplax on grape vine roots. 102064
Studies on Pythium oligandrum, an **aggressive** *parasite* of other fungi. 101658
Myobiid mites (Acarina, Myobiidae) *parasitic* on **bats** in Japan. I. Genus Calcarmyobia [japonica] Radford 1952 [New taxa]. 102553
Schistosomiasis in the Nile basin [including Schistosoma **bovis** *parasitic* in cattle]. 097448
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) *parasitized* by **Bracon** hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
The biology of Microctonus caudatus (Thomson), a **braconid** *parasite* of the ground beetle Harpalus rufipes (Degeer). 102916
Observations on chytridiaceous parasites of phanerogams. XXV. Physoderma johnsii Sparrow, a *parasite* of **Caltha** palustris L. 101314
Broom rape [Orobanche] *parasitic* on **caraway** [Carum carvi]. 102084
Studies on Theileleriidae (Sporozoa) *[parasites* of **cattle]** in Tanzania. II. Serological characterization of Haematoxenus veliferus. 097638
Ultrastructure of some stages of the microsporidia Octosporea muscaedomesticae **Flu,** a *parasite* of **Ceratitis** capitata (Wiedemann) (Diptera, Trypetidae). 103041
Observations on **chytridiaceous** *parasites* of phanerogams. XXV. Physoderma johnsii Sparrow, a parasite of Caltha palustris L. 101314
The host-parasite relationship between Vigna sesquipedalis [summer vegetable in southern China] and Uromyces appendiculatus. I. Development of *parasitic* **colonies** and the pattern of photosynthesis. 101543
Coccidia (Eimeriidae) *parasitic* of [the **domestic** rabbit] Oryctolagus cuniculus domestica (L.); biomorphology and differentiation of Eimeria matsubayashii, Tsunoda 1952, in Sp. 097616
Biological control of blight **[Endothia** *parasitica]* may revive the chestnut [Castanea]. 101422
Chestnut blight **[Endothia** *parasitica]* research at the Station [Castanea]. 101423
Severity of natural **Endothia** *parasitica* infection on Chinese chestnut [Castanea mollissima]. 101563
Breeding for resistance to chestnut blight **[Endothia** *parasitica]* at the University of Tennessee. 101585
Survival, growth, and resistance to chestnut blight **[Endothia** *parasitica]* of chestnut hybrids and selected families of Chinese chestnut, 20 years after establishment. 101589
Partial synthesis of festuclavine [isolated from **ergot** *parasitizing* on grasses Agropyrum and Phalaris, from a culture of Claviceps gigantea and from Aspergillus fumigatus, Fungi]. 101390
Species of [plant] *parasitic* **fungi** that are rare and new for Poland. 098503
Counting techniques for Trichoderma viride conidia dispersed in barley flour inoculants [Biological control of *parasitic* **fungi].** 101552
Competing and *parasitic* **fungi** [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of edible wood-inhabiting mushrooms [grown on straw and sawdust substrates]. 101673
Cooperative Scandinavian project concerning **gastrointestinal** *parasites* of cattle [Worms]. 097324
Parasites of **harmful** forest insects in Moldavia [Natural control]. 102488
Polar lipids of *parasitic* **helminths.** I. Polar lipids of Fasciola hepatica and Paramphistomum microbothrium [From slaughtered animals]. 097643
Polar lipids of *parasitic* **helminths.** II. Polar lipids of Echinococcus **granulosus** larvae and Moniezia benedeni. 097644
On the acclimatization in Italy of Leptomastix dactylopii (How.). **Important** *parasite* of Planococcus citri (Risso) [Citrus bacterial diseases, biological control]. 101693
Protect hogs from external **[insect]** *parasites.* 102577
Some problems of host and *parasite* **interactions** in the coccidia [Eimeria, Isospora]. 097421
The ultrastructure of the *host-parasite* **interface** in the needles of Pinus nigra infected with Lophodermella sulcigena. 101316
Internal *parasite* control with Ruelene Wormer Drench [Cattle]. 097487
Control of **internal** *parasites* of sheep and cattle. 097586
Intestinal *parasites* of the dog and the respective treatment. 097492
Redescription of Coccidiascus legeri Chatton, 1913 (Nematosporaceae: Hemiascomycetidae), an **intracellular** *parasitic* yeastlike fungus from the intestinal epithelium of Drosophila melanogaster. 103030
New record of Dinothrombium sp. (Trombidiidae: Acarina) *parasitic* on the **lac** predator, Eublemma amabilis Moore (Noctuidae: Lepidoptera) [Field crop **pests,** natural control]. 102365
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of *parasitized* **larvae** of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Dendrophthoe falcata (Linn. F.) Etting—a *parasite* on the **leaf** of Mangifera indica Linn. 102098
Ichneumonoidea (Hymenoptera) *parasitic* upon **leaf-mining** insects of the orders Lepidoptera, Hymenoptera and Coleoptera. 102913
Can piroplasmas multiply in the human organism? **[Livestock** *parasites].* 097275
Isolation of infective Dictyocaulus larvae from herbage **[Livestock** *parasites].* 097657
Viruslike particles in **malaria** *parasites* [from Anopheles stephensi, Aedes aegypti]. 102596
Staining of the nuclei of microsporidian spores *[Parasites* of **Mamestra** brassicae]. 103031
Sporulation from Eutypella *[parasitica]-cankered* **maples** [Acer saccharum] reduced by felling infected trees. 101564
A review of the **mermithid** *parasites* (Nematoda: Mermithidae) described from North American mosquitoes (Diptera: Culicidae) with descriptions of three new species. 102869
Host plants and *parasitism* in some **middle-European** Rhinanthoideae (Scrophulariaceae). 098675
Copepods as essential hosts for the development of a Coelomomyces [fungi] *parasitizing* **mosquito** larvae [Opifex fuscus, Aedes australis]. 102581
Susceptibility of nontarget organisms to Nosema algerae (Microsporida: Nosematidae), a *parasite* of **mosquitoes.** 102579
Comparative biology of the Wyoming and Louisiana populations of Reesimermis nielseni, *parasitic* **nematode** of mosquitoes [C-lex pipiens quinquefasciatus, Culiseta inornata]. 103039
Fine structure of the esophagus of Pratylenchus penetrans *[Plant-parasitic* **nematodes].** 101929
Plant-parasitic **nematodes** associated with sugarcane in Barbados. 102018
A **new** *parasitic* ciliate Cyathodinium indiae n. Sp., from the guinea pig, India. 097320
Main directions in research of **obligate** *parasites* Peronospora [Fungi] Cda. in the USSR. 101665

Scanning electron microscopic observations of Duboscqia **penetrans** *parasitizing* root-knot larvae [Meloidogyne incognita]. 101937
Phialophora *parasitica* associated with disease conditions in various trees. 101653
Observations on the mode of infection of **Phytophthora** *parasitica* var nicotianae on young roselle [Hibiscus sabdariffa] roots. 101504
Fungicidal control of betelvine wilt [**Phytophthora** *parasitica,* betel pepper]. 101519
Studies on the resistance of two varieties of tomato to [the nematodes] Meloidogyne spp. and **Phytophthora** *parasitica.* 101983
A preliminary survey of **plant** *parasitic* nematodes in Pulau Pinang. 101951
A contribution to the knowledge of the [**plant** *parasitic]* nematode fauna in pine seed-beds of the Forest Experimental Farm, Siemianice, district Kepno. 102022
Cenopalpus spinosus (Donnadieu) Pritchard & Baker and Cenopalpus musai n. sp. (Acari, Phytoptipalpidae) [**Plant** *parasitic* mites]. 103203
Morphology and cytology of Ravenelia hobsoni Cooke [Fungi, *parasites* of **Pongamia** glabra]. 098968
Formulation of a mathematical model for insect pest ecosystems: the cereal leaf beetle problem [Oulema melanopus and its **principal** *parasite* Tetrastichus julis]. 102336
Tracer techniques for the study of host *[plant]-parasite* **relations** [Infection by Uromyces phaseoli, viruses, breeding of disease resistant varieties]. 101914
The *host-parasite* **relationship** between Vigna sesquipedalis [summer vegetable in southern China] and Uromyces appendiculatus. I. Development of parasitic colonies and the pattern of photosynthesis. 101543
Host-parasite **relationship.** 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Host-parasite **relationship.** 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
Inhibition of Colletotrichum coccodes (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon [tomato] species in response to infection by the **root** *parasitic* complex. 101371
Parabronema longispiculatum n. Sp., a **stomach** *parasite* of the African elephant (Loxodonta africana Blumenbach, 1797). 097612
Problems of the gene and evolutional and genetic bases of interrelations of plant-hosts with their *parasites* and **symbionts.** 099278
The development of Blepharipa pratensis [a **tachinid** *parasite]* and its histopathological effects on the gypsy moth, Lymantria dispar [Biological control]. 102481
The effect of host aggregation on *parasitism* by **Trichogramma** papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
Interactions between Pleolophus basizonus and Lophyroplectus luteator (Hymenoptera: Ichneumonidae), **two** *parasites* of Neodiprion sertifer (Hymenoptera: Diprionidae) [Forest pests, biological control]. 102482
Parasitism of Beta **vulgaris** [beets] by Meloidogyne hapla and Heterodera schachtii alone and in combination [Nematodes]. 101934
Improving a **wasp** *parasite* [Apanteles melanoscelus] to control the gypsy moth [Lymantria dispar, biological control]. 102485
Effects of two cotton varieties on levels of boll **weevil** *parasitism* (Coleoptera: Curculionidae) [Biological control]. 102301
Helminth infections in cattle *[Parasitic* **worms].** 097325

PARASITOIDEA

Biological and ecological studies of the *parasitoid* **Chelonus** inanitus (L) (Hymenoptera: Braconidae) in Israel. II. releases of adults in a cotton field. 102330
The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an **egg** *parasitoid* of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
Baculovirus-like particles in the reproductive tracts of **female** *parasitoid* wasps [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295
Life cycle and behavior of [the *parasitoid]* **Muscidifurax** zaraptor (Hymenoptera: Pteromalidae) [Musca domestica, biological control]. 102551

PARATHION

Dieldrin and *parathion* **interaction** in the prostate and liver of the mouse. 097821
Role of water in the hydrolysis of *parathion* and **methylparathion** [insecticide] on kaolinite. 102715
Studies into prenatal toxic action of *parathion-methyl* in **Wistar** rats and comparison with prenatal toxicity of cyclophosphamide and trypan blue. 097790

PARATHYROID *see* THYROID

PARATUBERCULOSIS

Paratuberculosis in **cattle** [Mycobacterium tuberculosis]. 097442
Presumptive paratuberculosis **[Mycobacterium** *paratuberculosis]* in a Virginia white-tailed deer. 097434

PARATYLENCHUS

Occurence and control of nematodes affecting carrot crops in Cyprus *[Paratylenchus* **neoamblycephalus,** Pratylenchus thornei]. 101975

PARBENDAZOLE

Embryotoxic and antimitotic properties of *parbendazole,* **mebendazole** and cambendazole [Anthelmintics, sheep, rats, mice]. 097797

PARDOSA

Searching behaviour and tactochemical orientation in males of the **wolfspider** *Pardosa* amentata (Cl.) (Araneae, Lycosidae). 103084

PARENCHYMA

Localization of vitellogenin and serum albumin in **hepatic** *parenchymal* cells of normal and estradiol treated immature chickens. 096244
Occurrence of transfer cells in **vascular** *parenchyma* of Hieracium florentinum roots. 098929

PARENT

Resistance of F1 hybrids of sweet corn and their *parental* **forms** to common smut [Ustilago zeae]. 099102
Composition and biological value of grain proteins in a three-species Triticale (2n=42) and in its *parental* **forms.** 099248
Inbred lines with dominant incompatibility alleles for use as *parents* of F1 **hybrid** Brussels sprouts. 099189
Studies on the forage sorghum breeding utilizing the cytoplasmic malesterile lines. I. Effect of the *parental* **lines** on the green forage yield of hybrids. 099124
Mitotic recombination in cleavage divisions of Drosophila melanogaster. I. The effect of X-rays on sperms and spermatogonia of **male** *parents.* 102948
Mitotic recombination in cleavage divisions of Drosophila melanogaster. II. The effect of ethylmethanesulphonate at different stages of spermatogenesis in **male** *parents.* 102949
Growth of loblolly pine [Pinus taeda] from variously **selected** *parents* [Cronartium fusiforme, rust]. 098166
Variability of the English walnut [Juglans regia] in the progeny of the *parent* **tree.** 099434
The estimation of cross yield using early generation and *parental* **yields** in dry beans (Phaseolus vulgaris L.). 099211

PARENTERAL

Study of pharmaco-kinetics of carbohydrates as a basis for their application in *parenteral* **nutrition.** 095232

PARESIS *see* PARALYSIS

PARKS

Speaking abouts the *parks* of the **city** of Geneva [Ornamentals]. 101253
Anthrax epizootics in wildlife in the Etosha **National** *Park,* South West Africa. 097339
National *parks* in Poland. 097890
Integrated fire management on **national** *parks.* 097930
The vascular flora of the Gros Morne **National** *Park* coastal plain, in Newfoundland. 098700
Culverts and trypanosome transmission in the Serengete **National** *Park* (Tanzania). III. Studies on the genus Auchmeromyia Brauer and bergenstamm (Diptera: Calliphoridae). 103133
A need for strength and vigilance. The future of the **national** *parks.* II. 104471
Future of the **national** *parks* [of England and Wales]: proposals for reform. I. 104472
A list of the butterflies of the Willow River **State** *Park,* Wisconsin. 103185
Prairie management and restoration in the **state** *parks* of Texas. 104508
The usage of Goose Lake Prairie **State** *Park* [Recreation]. 104510
Methods and results of an analysis of machine and **tractor** *parks* in agricultural cooperatives, state farms and their cooperative department of crop production. 103450

PARODIA

Cactus album. 20. *Parodia* **maxima.** 098666

PAROTID

Motor and secretory effects of nerves on the *parotid* **gland** of the rat. 096161
Removal of the *parotid* and **mandibular** salivary glands from a pony mare. 097769

PARSLEY

The powdery mildew of *parsley* **caused** by Leveillula lanuginosa (Fuck.) Golovin. 101537
Variability of the chemical composition of some herbs [and] flavoring vegetables] from the region north of the Arctic Circle *[Parsley,* **dill,** parsnip, celery]. 099573
Parsley, its **life** and times [Nutritive and therapeutic value]. 094950

PARSNIPS

Variability of the chemical composition of some herbs [and] flavoring vegetables] from the region north of the Arctic Circle [Parsley, dill, *parsnip,* **celery].** 099573

PARTHENOCARPY

Breeding *parthenocarpic* pickling cucumbers (Cucumis sativusL.): necessity, genetical possibilities, environmental influences and selection criteria. 099171

PARTHENOCISSUS

Participation of petiole and veins in metabolism of glycolate in Virginia creeper leaves *[Parthenocissus* **tricuspidata].** 099616
Metabolism of indole-3-acetic acid. II. Oxindole pathway in *Parthenocissus* **tricuspidata** crown-gall tissue cultures. 101708
Quantitative variations of the total, free and membrane-bound ribosomal material during the culture cycle of healthy and **tumorous** *Parthenocissus* tricusipidata L. cell suspensions. 099022

PARTHENOGENESIS

Genetic polymorphism and evolution in *parthenogenetic* **animals.** VI. Diploid and triploid Polydrosus mollis (Coeloptera: Curculionidae). 102951
Differential variation of *parthenogenetic* and **bisexual** Haemaphysalis longicornis (Acari: Ixodidae). 102593
Competition in connection with **geographic** *parthenogenesis.* Theory and examples, including some original observations on Nemasoma varicorne C. L. Koch (Diplopoda: Blaniulidae). 103035
Fecundity and *parthenogenesis* of the **yellowheaded** spruce sawfly, Pikonema alaskensis [Picea glauca]. 102479

PARTICLES

Baculovirus-like *particles* in the reproductive tracts of female parasitoid wasps [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295
Proposal for a micromorphological classification of soil materials. I. A classification of the related distributions of fine and **coarse** *particles*—a discussion. 103747
Temperature-sensitive mutants of vesicular stomatitis virus are conditionally **defective** *particles* that interfere with and are rescued by wild-type virus. 097426
About the movement of a *particle* in an **inclined** air flow in an aspirating chamber with cascades [Threshing machinery]. 103604
Particle **model** method for stress analysis of soil. II. A numerical method for unconstrained nonlinear optimization problems. 103783
Isolation and characteristics of mRNPs [Messenger **Ribonucleoprotein** *particles]* associated with bound polyribosomes from the ewe lactating mammary gland. 096258
Messenger **ribonucleoprotein** *particles* in silkmoth oogenesis. 102905
Particle **shape** of asparagus virus 2. 101728
Occurrence of **short** *particles* in beans infected with the cowpea strain of TMV [tobacco mosaic virus]. I. Purification and characterization of short particles. 101814
Occurrence of **short** *particles* in beans infected with the cowpea strain of TMV [tobacco mosaic virus]. II. Evidence that short particles contain the cistron for coal-protein. 101815
Analysis of the movement of **soil** *particles* over the rotational operation device in the process of lifting and turning over a furrow slice. 103512
A device for determining physical and mechanical properties of soil and studying the movement of **soil** *particles* [Wind erosion]. 104236
The relation between visibility and the size-number distribution of airborne **soil** *particles* [Soil erosion by wind]. 104530
Identification of the mucopolysaccharides in catecholamine-containing **subcellular** *particle* fractions from various rat, cat and ox tissues. 096156
Determination of acid-labile sulfide in **subchloroplast** *particles* containing Triton X-100 [Spinach photosystem I]. 100352
Isometric, **viruslike** *particles* in the green peach aphid, Myzus persicae. Their intracellular localization and distribution within the aphid body [Vectors of plant viruses]. 102436
Viruslike *particles* in malaria parasites [from Anopheles stephensi, Aedes aegypti]. 102596

PARTICULATE

A *particulate* **chitin** synthase from Aspergillus flavus Link [Fungi]: the properties, location, and levels of activity in mycelium and regenerating protoplast preparations. 099626
Lemon **juice** *particulates.* Some effects of juice processing. 095917

PARTITION

Hydrophobic **affinity** *partition* of spinach chloroplasts in aqueous two-phase systems. 100370
Changes in the *partition* of **nitrogen** and phosphorus in stored pig slurry. 104538

PARTRIDGES

Ecological research on the role of the pheasant (Phasianus colchicus L.) and the *partridge* (**Perdix** perdix L.) in the reduction of the Colorado potato beetle (Leptinotarsa decemlineata Say.) population [Natural control]. 102460

PARTURITION *see* BIRTH

PASPALUM

Role of Azotobacter paspali in association with *Paspalum* **notatum.** 099804
Exotic grass [Festuca arundinacea, *Paspalum]* **yields** under southern pines [Pinus elliottii, Pinus taeda]. 098165

PASSIVE
The problem of joint operation of the working parts of active and *passive* **action** [Tillage machinery]. 103553
Application of the *passive* **fluorescent** antibody technique to the sero-diagnosis of animal virus diseases. 097505
Influence of environment on *passive* **immunity** in calves. 097406
Boophilus microplus: *passive* **transfer** of resistance in cattle. 102592

PASTE
Effect of type of fat on **starch** *pastes* containing glycerol monostearate [Maize]. 095784

PASTEURELLA
Studies on *Pasteurella* **multocida.** III. In vitro assay for cell-mediated immunity [Turkeys]. 097268

PASTEURIZATION
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. **Bottling** *pasteurized* milk. 095647
Species composition of lactobacteria in raw and *pasteurized* **cow's** milk for white brine cheese. 095674
Physical and functional properties of **heat** *pasteurized* mechanically deboned poultry meat. 095744
The effect of some bacterial metabolic products on lactic acid bacteria *[Pasteurized* **milk** contaminants]. 095551

PASTURES
Deferred grazing of Mediterranean **annual** *pasture* for increased winter sheep production [Computer simulation]. 100701
Cool season **annual** *pasture* mixtures as affected by autumn irrigation and nematicide in the wiregrass area [Culture]. 100757
Berberis in the improvement of **bee** *pastures.* 101303
Creation of forage supplies for beef **cattle** *pasture* management]. 100886
Productive low oestrogen sub **clover** *pastures* in the southern wheatbelt [on sheep fertility, subterranean clover cultivars]. 100695
Carotene and immunoglobulin concentrations in the colostrum and milk of *pasture-fed* **cows.** 096439
Legume and grass mixtures for irrigated **cultivated** *pastures* in the Central-Chernozem zone. 100892
Legume and grass mixtures for **cultivated** *pastures* in the area east of the Volga River. 100893
A new creation in *pasture* **cultivation**—Tsao Ku Lun. 100751
Recent advances in *pasture* **development** in the Peruvian tropics. 101009
The natural history of a Michigan field [Forest and *pasture* **ecology].** 098807
Brigalow [Acacia harpophylla] *pasture* **establishment** and maintenance. 100951
Farm *pasture* fencing. 103386
Response by calves grazing kikuyugrass [Pennisetum clandestinum] *pastures* to **grain** and mineral supplements. 096821
A note on the yield and composition of Setaria sphacelata *[Pasture* **grass].** 100872
Sulfur leaching and lysimeter characterization [in **grazed** *pastures].* 103828
Rotational grazing in a continuously **growing** *pasture:* a simple model. 100702
A re-examination of published data on the fluoride content of *pastures* **[Hazards** to grazing animals]. 100768
Cow-calf beef production on **irrigated** *pasture* and in drylot at Carrington [Irrigation Branch Station, grazing]. 096739
An **irrigated** *pasture* system based on annual ryegrass sowings. 100950
Grasslands birds and agricultural land-use *[Pasture* **land** isused both for grazing and for haymaking]. 100692
Estimated profitability of investment in **legume** *pasture* development in far north Queensland [Costs, returns]. 094453
Implication of economic pressures on *pasture* **management** for beef production [Costs]. 094454
Agricultural activity on the Falkland Islands *[Pasture* **management,** sheep and cattle industry]. 096070
Pasture **management** systems and animal production [Rotational grazing pattern]. 100944
Brigalow [Acacia harpophylla] in Queensland *[Pasture* **management].** 100952
ABRO [Animal Breeding Research Organization] farms—Rhydyglafes. The potential for improvement of hill land *[Pasture* **management,** sheep stocking]. 100956
Experiences and results of *pasture* **management** in the Karl-Marx-Stadt district [Effects of grazing on milk and beef production]. 100995
Maintenance fertilizer requirements *[Pasture* **management].** 104158
Environment-dependent logistic equations applied to **natural** *pasture* growth curves. 100059
Experiments in husbandry conditions of Oxfendazole, a new anthelmintic for controlling gastrointestinal strongylosis **oflambs** on *pasture.* 097617
Some solutions for the degradation of **permanent** *pastures* [Fertilizer use]. 100911
Control of grass grub through agronomic practices [Insect **pests** in *pasture].* 102355
Namoi woolly pod, a versatile vetch for the tablelands *[Pasture* **plant].** 100694
Selection for mixed cropping [Breeding program for *pasture* **plants].** 099208
Provision of dairy cattle with magnesium after driving them to *pasture.* 2. **Preventive** measures [for the control of grass tetany]. 097859
Spring grass is just ahead: what's your grazing system? *[Pasture* **productivity].** 100912
The potential for systems and modelling research in *pasture* **science** in South Africa. 100703
The viable seed contents of ant-hill and *pasture* **soil.** 099884
When eastern Merinos do not advance [Sheep, *pasture,* **stocking** rate]. 096095
Vegetative growth of nineteen tropical and **sub-tropical** *pasture* grasses and legumes in relation to temperature. 100328
Provision of dairy cattle with magnesium after driving them to the *pasture.* 1. **Surveys** on the occurrence of grass tetany and the effect of abetting factors. 097858
Lactic flora in cheeses from **Swiss** *pastures.* 095595
Changes in total N [nitrogen], organic matter, available P [phosphorus], and bulk densities of a cultivated soil 8 years after **tame** *pastures* were established. 103662
Control of chickweed (Drymaria cordata) in declining **tropical** *pastures.* 102206
Proposals for the scientific organization of labor in the industrial production of heifers on *pasture* as shown by a **unit** with 4,480 heads. 1. Presentation of production. 094352
Autumn control of *pasture* **weeds.** 102162

PATANGA
A new record of occurrence of the red mite, Eutrombidium trigonum hermann (Trombidiidae: Acarina) upon the Bombay locust, *Patanga* **succincta** Linn. (Acrididae: Orthoptera) [Natural control]. 102265

PATHOGENESIS
Studies on the anemia in experimental African trypanosomiasis. II. The *pathogenesis* of the **anemia** in calves infected with Trypanosoma congolense. 097219
In vitro biological differences between the *pathogenic* and **apathogenic** Marek's disease herpesvirus [Chick and duck embryos]. 097261
Some *pathogenic* **aspects** of Fusarium oxysporum f. Sp. Pisi isolated from the seeds of pea and effectiveness of systemic fungicide dressings. 101604
Pathogenesis of **atherosclerosis;** some advances from using animal models [Solid diets]. 095056
Germination-lysis as a mechanism for biological control of Thielaviopsis **basicola** *pathogenic* on soybean. 101374
A mechanism of *pathogenicity* of **Beauveria** brassiana [Fungi] on larvae of the imported fire ant, Solenopsis richteri. 102246
Pathogenicity of **Bipolaris** (Helminthosporium) setariae and Bipolaris maydis races T and O to carnation, geranium and snapdragon [Dianthus caryophyllus, Pelargonium domesticum, Antirrhinum majus]. 101557
Role of platelets in the *pathogenesis* of **canine** endotoxin shock. 097382
Myeloproliferative disorders and associated leukemias in the cat: *pathogenesis* **diagnosis,** cytology, therapy and control. 097697
Eimeria acervulina, Eimeria brunetti, and Eimeria maxima: *pathogenic* **effects** of single or mixed infections with low doses of oocysts in chickens. 097332
The exploitation of transmissible plasmids to study the *pathogenesis* of **Escherichia** coli diarrhoea [in calves, piglets, lambs]. 097629
Attenuation of *pathogenicity* of **fowl** plague virus by recombination with other influenza A viruses nonpathogenic for fowl: nonexclusive dependence of pathogenicity on hemagglutinin and neuraminidase of the virus. 097423
Thermal selection of seeds of field crops according to their viability as a method for increasing resistance to *semi-pathogenic* **[fungal]** microorganisms. 101473
Adenosine and related nucleotides as sporulation-inducing factors in Alternaria tomato *[Pathogenic* **fungi].** 099465
Pathogenic **fungi** in the collections of Umbelliferae vegetables. 101348
Phytoalexins and their protective role in the resistance of plants to *pathogenic* **fungi.** 101463
Pathogenic **fungi** as indicators for the identification of diversification in plants [Forest trees]. 101640
Occurrence and *pathogenicity* of **Fusarium** species in cerealsin Finland. 101366
Genetic *pathogenicity* of leafspot disease [Pyrenophora teres, Pyrenophora graminea, barley]. 101661
Conservation in the soil of three **germs** *pathogenic* to Melolontha melolontha larvae (Coleoptera: Scarabaeidae) [Biological control]. 102234
Attenuation of pathogenicity of fowl plague virus by recombination with other influenza A viruses nonpathogenic for fowl: nonexclusive dependence of *pathogenicity* on **hemagglutinin** and neuraminidase of the virus. 097423
Life cycle, *pathogenicity,* **histopathology,** and host range of race 5 of the barley root-know nematode [Meloidogyne naasi]. 101931
Pathogenicity and **host** range of the falcon herpesvirus [Includes poultry]. 097347
Problems of the biochemistry of *pathogenesis* and the **immunity** of plants. 099786
Experience of tomato vaccination with strains of tobacco mosaic virus of **low** *pathogenicity.* 101755
A possible association between plaque type and *pathogenicity* of **Marek's** disease herpesvirus [Chicken embryo fibroblast. 097244
Some effects of Aldicarb on the life cycle and *pathogenicity* of [the **nematode]** Meloidogyne incognita in potato roots. 101981
Fungal toxicity of benomyl and BCM to some edible fungi and *pathogenic* **organisms** causing major diseases of mushroom Agaricus bisporus (Lange) Sing. 101597
Dextranase production by certain **plant** *pathogenic* fungi [Rhizoctonia bataticola, Sclerotium oryzae, Fusarium oxysporum f. melonis]. 099686
Nematicidal activity of secondary and tertiary alkyl amides and amines [Panagrellus redivirus, **plant** *pathogenic* nematodes]. 101893
A comparison of *pathogenicity* of **Puccinia** recondita tritici[wheat leaf rust] in Europe, the United States, and Canada. 101544
The effect of Bacillus subtilis and Penicillium patulum on in vitro growth and *pathogenicity* of **Rhizoctonia** solani and Phytophthora cryptogea. 101699
Sex genetics and the *pathogenicity* of **smut** fungi [Ustilaginales]. 101467
Pathogenic **specialization** in Puccinia recondita f. Sp. Tritici in N.w.f.p. [North West Frontier Province of Pakistan, leaf rust disease of wheat]. 101312
Studies about the *pathogenicity* of **Taphrina** deformans (Berk.) Tul. 101542
Infectivity and *pathogenicity* of **three** Italian population of [the nematode] Tylenchulus semipenetrans Cobb on citrus and other hosts [Olive, grapevine]. 101967
Reticuloendotheliosis group **virus** *pathogenic* to chicken isolated from material infected with turkey herpesvirus (HVT). 097265

PATHOGENS
Microbiology—detection of **bacterial** *pathogens* and their occurrence [in polluted water]. 104567
Metabolism of phaseollin by different races of colletotrichum lindemuthianum [a *pathogen* of **beans].** 101498
Classification and virulence of rice bacterial leaf **blight** *pathogen,* Xanthomonas oryzae. 101709
Alteration of the quantity and quality of proteins in the leaves of winter wheat infected with the *pathogen* of **brown** leaf rust [Puccinia triticina]. 101611
Dosage effect study of the microsporidian Octosporea muscaedomesticae in the adult black blowfly Phormia regina, with reference to the reproductive **cycle** of the *pathogen.* 103026
Studies on the influence of fungal communities of the soil affected with "lupine sickness" on the growth of the fungus Fusarium oxysporum Schl. *[Pathogen* of **"damping** off"]. 101580
Host-pathogen **equilibrium** between rice (Oryza sativa L.) and its pathogen Pyricularia oryzae Cav. 101403
The problem of different virulence of local populations of the *pathogen* of **flax** rust Melampsora lini (Ehrenb.) Lev. 101643
Behavior of selected **food-borne** *pathogens* in raw ground beef. 094918
Study of the spread urea of the *pathogens* of **fruit** tree bacterial diseases in the USSR. 101682
Lysis of **fungal** *pathogens* by tree produced enzymes—a possible disease resistance mechanism in trees. 101588
Study of virulent properties of ecogeographical populations of the *pathogen* of **head** smut of maize [Sphacelotheca reiliana]. 101360
Some aspects of *pathogen-host* **interrelations** in cotton wilt [Verticillium dahliae]. 101468
Vertical resistance of potatoes to the *pathogen* of **late** blight [Phytophthora infestans] and the formation of phytoalexins. 101474
Intraspecies differentiation of the *pathogen* of **leaf** and fruit mold [Cladosporium fulvm] of tomatoes and methods of studying their resistance. 101642
Results of breeding sunflower for group immunity to the major [fungal] *pathogens* by the **method** of interspecific hybridization. 099279
Pathogens **occurring** on ten varieties of ryegrass [Lolium] at Rothamsted in 1973-74. 101925
Herbicide (2,4-D) [2,4-dichlorophenoxyacetic acid] increases insect and *pathogen* **pests** on corn [Ostrinia nubilalis, Helminthosporium maydis]. 102367
Fungal spores of the urban atmosphere of Pavia; results obtained by the Petri dish reaction test [Fungi taxonomy, **plant** *pathogens].* 098701
Study of physiological races of Colletotrichum lindemuthianum [Fungi, **plant** *pathogens]:* extra and intracellular polygalacturonases produced by beta and delta races cultivated in vitro. 099619
About the common theory of the antimicrobial immunity of plants (conjugated evolution of the *pathogen* and **plant).** 101456
Host-pathogen equilibrium between rice (Oryza sativa L.) and its *pathogen* **Pyricularia** oryzae Cav. 101403
The problem of evaluating the resistance of winter wheat to the *pathogens* of **root** rots. 101472
Grapevine immunity to Phylloxera and *pathogens* of **root** rots. 102425
Root *pathogens* as agents predisposing ponderosa pine and white fir [Abies concolor] to bark beetles [Scolytidae, Fomes annosus]. 102492
Study of the race composition of **rust** *pathogens* of bread cereals in the general problem of developing resistant varieties. 099281
Dicellomyces scirpi (Basidiomycetes) *[pathogen* of **Scirpus** sylvaticus], new to Britain. 101646
Methods of race differentiation of cereal **smut** *pathogens* [Ustilaginales]. 101462
The experimental infection of **specific** *pathogen* free lambs with Mycoplasma ovipneumoniae. 097606

Reaction of chemomutants of cotton to infection by the *pathogen* of **Verticillium** [dahliae] wilt. 101614

PATHOLOGY

Some observations on the epizootology and *pathology* of **[avian]** lymphoid leucosis and Marek's disease. 097450
Pathology **[Beans,** bibliography]. 101844
Bone *pathology* in hypervitaminosis D. An experimental study in young pigs. 097717
Effect of immunizing substances on *pathological* **changes** caused by the fungus Phoma tracheinhila in the tissues of Gruzinskii lemon [Mal secco disease]. 101616
Pathology of **chronic** lesions in the mammary glands of goats (Capra hircus). 2. Fibrocystic disease and intraductal carcinomas. 097726
Report of cost estimate survey of **clinical** *pathology* and [animal] diagnostic laboratories. 097137
Pathology of **goats** and sheep experimentally infected with Mycoplasma mycoides var. capri. 097454
Insect *pathological* investigations on Swedish Thysanura. I. Observations on Malamoeba locustae (Protozoa, Amoebidae) from Lepisma saccharina (Thysanura, Lepismatidae) [Field crop pests, biological control]. 103028
The *pathology* of **marine** algae [Diseases of seaweeds and phytoplankton]. 101848
Pathological and **microbiological** observations made on spontaneous cases of acute neonatal calf diarrhea. 097292
Plant *pathology:* achievements of the Konkan Krishi Vidyapeeth. 102002
History of **plant** *pathology* in Brazil. 102039
Nagayoshi, Oshima, 1927-1976 **[Plant** *pathologists,* United States]. 102760
Contribution to **tree** *pathology.* II. On Aureobasidium pullulans in plane trees [Acer pseudoplatanus, Epicoccum nigrum, Platanus]. 101601

PATHOPHYSIOLOGY

Pathophysiology of **disc** disease [Dogs]. 097700

PATHWAYS

Some comparative observations on the relative contributions of **alternate** *pathways* in the metabolism of glucose by Candida utilis [Yeasts]. 099632
The involvement of the protonmotive ubiquinone cycle in the respiratory chain of higher plants and its relation to the branchpoint of the **alternate** *pathway* [Mung beans]. 100418
Correlations between various *pathways* of **carbohydrates** metabolism under conditions of in vivo administration of metabolis inhibitors. II. Metabolic inhibition by malonate [Rabbits]. 096549
Pathways for **chloride** and sodium transport across toad skin. 096164
Correlation and *path* **coefficient** analysis of the characters affecting the yield of the sunflower (Helianthus annuus L.) [Varieties]. 100976
Evaluating **ground-water** *paths* using hydraulic conductivities. 104293
Immunoreactive LRF [luteinizing hormone-releasing factor] **neurosecretory** *pathways* in mammals [Guinea pigs, rats, cats, mice]. 096146
Metabolism of indole-3-acetic acid. II. **Oxindole** *pathway* in Parthenocissus tricuspidata crown-gall tissue cultures. 101708
Rapid propagation of changes in velocity of translocation among the **phloem** *pathway* of Helianthus annuus L. [Sunflowers]. 100095
Effect of selected inhibitors and methylene-blue on a possible **phosphogluconate** *pathway* in washed boar sperm. 096930
Photosynthetic activities of isolated bundle sheath cells in relation to differing mechanisms of C4 *pathway* **photosynthesis.** 099519
Distribution of enzymes related to C3 and C4 [carbon] *pathway* of **photosynthesis** between mesophyll and bundle sheath cells of Panicum hians and Panicum milioides. 099918
Effects of anaerobic conditions on the **photosynthetic** *pathway* of Anacystis [nidulans] and Chlorella [vulgaris, Algae]. 100043
Reparation of the enzyme activity of the *pathways* or **respiration** in the roots of wheat and rice seedlings after influence of anoxia. 100330
The effect of vitamin D3 on lanthanum absorption: suggestive evidence for a **shunt** *path* [Chicks]. 096387
Pathways **strewn** with plant pigments [Antirrhinum majus, genetics]. 099358
Water transport through plant tissue: the apoplasm and **symplasm** *pathways.* 099845
Investigation on hauling [of logs] on **tractor** *paths;* fundamentals and derivation of bases for calculations. 098183

PATTERNS

The fatty **acid** *pattern* of infants and small children under the influence of oral nutrition. 095233
Amino **acid** *patterns* of kidney beans grown under different S[sulfur] and K [potassium] regimes. 100345
Changes in the free amino **acid** *pattern* of haemolymph of the common Indian scorpion Palamnaeus bengalensis during moulting. 102925
Access problems unique to *patterns* of **alternate** ownership [of forest lands]. 098020
Attraction, **attack** *patterns* [on Pinus taeda] and seasonal activity of the black turpentine beetle [Dendroctonus terebrans]. 102478
Studies of various **behavior** *patterns* in the hybrid between Papilio xuthus Linne and Papilio machaon hippocrates C. et R. Felder (Lepidoptera: Papilionidae). 102828
Population cytogenetics of the genus Caledia (Orthoptera: Acridinae). II. Variation in the *pattern* of **C-banding.** 102892
Certain *patterns* of chromatin in displacement during ultracentrifugation of plant cells [Broadbeans]. 099346
Changing *patterns* of professional education in colleges and universities - 1964 and 1974. 095310
Habitat and phenetic variation in Phymata americana Melin (Heteroptera: Phymatidae). II. Climate and temporal variation in **color** *pattern.* 103201
Patterns of **consumption** of food additives. 095074
Patterns of **consumption** of food additives. 095075
Phytophthora cinnamomi in the Brisbane Ranges: *patterns* of **disease** extension. 101331
Frequency and **distribution** *pattern* of corticolous lichens at Gopalpur, Orissa. 098810
Influence of size and shape of quadrate upon **distribution** *pattern* of grass weight and number of samples necessary for estimation of grass weight on grassland. 100744
Related **distribution** *patterns* in soils and their significance. 103687
Pattern of **dormancy** breaking in seeds of few paddy varieties. 100167
Effect of levels and sources of nitrogen on wheat. II. *Pattern* of **dry** matter and nitrogen accumulation. 103973
The *pattern* of **ecdysone** levels during development in the desert locust, Schistocerca gregaria. 103022
Emergence *pattern* of egg-adapted avian encephalomyelitis virus by alternating passage in chickens and embryos. 097257
Sewing men's pants: making the *pattern* **fit.** 095257
Modification of **flowering** *pattern* and sex expression in Carica papaya by morphactin, ethephon and TIBA [triiodobenzoic acid]. 100615
Pasture management systems and animal production [Rotational **grazing** *pattern].* 100944
Embryonic and postnatal growth of rat and mouse. IV. Prenatal growth of organs and tissues: age determination, and general **growth** *pattern.* 096144
Ecological studies on burley tobacco in Japan and Korea. III. **Growth** *pattern,* yield and quality of burley tobaccos grown at five locations in 1974. 100742
Notes about cattle demography in Sahel. I. Theoretic representation and plan of a herd by a **mathematical** *pattern.* 096123
Notes about cattle demography in Sahel. II. Theoretic representation and plan of a herd by a **mathematical** *pattern* after a catastrophe. 096124
The nature of the **mimetic** *patterns* of the brassolid genera, Caligo and Eryphanis. 102918
The AAEA [American Agricultural Economics Association] membership: employment and **mobility** *patterns.* 094131
A laboratory study on the *pattern* and **mode** of urea nitrogen transformation in the soil. 103888
Nodulation *pattern* in soybean as affected by rates of nitrogen and phosphorus. 104001
Separation of potato spindle tuber viroid ribonucleic acid from Scopolia sinensis into three infectious forms and the purfication and **oligonucleotide** *pattern* of fraction II RNA. IX. 101737
Selection for body weight at eight weeks of age. II. Ovulation and **oviposition** *patterns* [Poultry]. 097009
Aboveground biomass allocation, leaf growth, and **photosynthesis** *patterns* in tundra plant forms in arctic Alaska. 098834
The host-parasite relationship between Vigna sesquipedalis [summer vegetable in southern China] and Uromyces appendiculatus. I. Development of parasitic colonies and the *pattern* of **photosynthesis.** 101543
Performance of maize hybrids grown in conventional row and randomly distributed **planting** *patterns.* 100707
Grassland use *patterns* and **prairie** bird populations in Missouri. 100788
Protein *patterns* of developing mitochondria at the onset of germination in maize (Zea mays L.). 100183
The *pattern* of **reproductive** development in Chenopodium rubrum L. 099324
Response *pattern* of cutaneous postganglionic neurones to the hindlimb on spinal cord heating and cooling in the cat. 096501
Seasonal *patterns* of root growth capacity in western yellow pines [Pinus]. 100680
Extension **staffing** *patterns:* clientele views. 094062
Anatomic and **topographic** *patterns* of development of the cutaneous covering of sheep during intrauterine life. 096573
Ultrastructural *patterns* of RNA synthesis during early embryogenesis of Drosophila melanogaster. 102880
Air-flow [circulation] *patterns* in **vineyard** rows [Microclimate]. 098759
Rural settlements and their *patterns* in the **western** Trans-Yamuna tract of Uttar Pradesh. 094107
Wind *patterns* and soil erosion on the Great Plains. 104218

PATULIN

Teratogenicity of patulin and *patulin* **adducts** formed with cysteine [Chicken embryos]. 094810
The influence of atmospheric gases on growth and toxin production of sterigmatocystin and *patulin-producing* **molds.** 094947
Teratogenicity of *patulin* and **patulin** adducts formed with cysteine [Chicken embryos]. 094810

PAXILLUS

Concerning *Paxillus* lepista Fr. [Fungi, taxonomy]. 098582

PEACHES

Inheritance of *peach* **anther** color. 099235
Financing a **centralized** *peach-packing* [cooperative] facility in southeastern Missouri. 094438
Investigation on *peach* **cultivar** susceptibility to mildew Sphaerotheca pannosa (Wallr) Lev. 101600
Controlled atmosphere storage of **Eastern-grown** *peaches* and nectarines. 095934
Preliminary studies on Meet **Ghamr** *peach* [variety] fruits storage. 095868
Isometric, viruslike particles in the **green** *peach* aphid, Myzus persicae. Their intracellular localization and distribution within the aphid body [Vectors of plant viruses]. 102436
Illinois fruit calendar for growers of apples, *peaches* **[Insect** pests]. 101103
Firmness of *peaches* **measured** nondestructively [Grading]. 094869
Effects of treating a *peach* **orchard** soil by chloropicrine or fumigation on the growth and mineral composition of ryegrass [Lolium] and peach trees planted in this soil [Nematode control]. 099460
Change of gibberellin and abscisic acid content during fruit development of Prunus **persica** *[Peaches].* 100540
Quality attributes of *peaches* for **processing.** 095880
Effects of evaporative cooling during dormancy on **'Redhaven'** *peach* wood and fruit bud hardiness. 100474
Reaction of *peach* **rootstocks** to Italian population of two species of root-knot nematodes (Meloidogyne Goeldi). 101978
Fungicides used for control of *peach* **scab** [Cladosporium carpophilum] may affect bacterial wilt [Xanthomonas pruni]. 101689
Effects of treating a peach orchard soil by chloropicrine or fumigation on the growth and mineral composition of ryegrass [Lolium] and *peach* **trees** planted in this soil [Nematode control]. 099460
Observations on feathers [axillary buds of the shoot] formation in *peach* **trees.** 3rd contribution. 100563
Varietal behavior of *peach* **trees** regarding Fusicoccum amygdali Del. 1974-1975 results. 101577
Pavies, *peaches* **[varieties]** adapted to preservation. 095942
Inheritance of fruit coloring in the first hybrid progeny of some *peach* **varieties.** 099236
Behavior of Pavies *[peach]* **varieties** in Costieres du Gard since 1963. 101232
Hydraircooling: a new precooling method with special application for **waxed** *peaches.* 095921

PEAKS

Effect of moisture content and porosity in compost at filling on the fermentation of compost during *peak* **heating** and yield of cultivated mushroom, Agaricus bisporus (Lange) Sing. 104125

PEANUTS

An economic evaluation of **alternative** *peanut* policies [Prices]. 094469
Changes in free amino acids, carbohydrates, and proteins of maturing seeds from various *peanut* **(Arachis** hypogaea L.) cultivars. 095783
Systemic uptake and translocation of bavistin and calixin in *peanut* **(Arachis** hypogaea L.) seedlings. 101521
Experimental atherosclerosis in rabbits fed cholesterol-free diets. 5. Comparison of *peanut,* **corn,** butter, and coconut oils. 095055
The impact of the **direct** *peanut* price support program on farm income and government cost. 094785
Tune-up with crop rotation *[Peanuts,* **Florida].** 100934
Fungicide tolerance in Cercospora leafspot fungi *[Peanuts,* **Georgia].** 101510
Timing from start to finish! A key issue in leafspot control [Cercospora, *peanuts,* **Georgia].** 101512
Isolation, identification and biological activities of growth **inhibitors** in *peanut.* 100058
Low-sodium *peanut* butter [Diets]. 095138
Effect of controlled atmosphere storage on aflatoxin production [by the Aspergillus flavus] in high **moisture** *peanuts* (groundnuts). 095828
Effect of liquid calcium sources on *peanut* **productivity** in Virginia. 103916
The effect of leaf loss on yields and on other diseases of *peanuts* **[Research** in Alabama]. 101997
Pod rot complex [Pythium myriotylum, Rhizoctonia solani, Sclerotium **rolfsii,** *peanuts].* 101511
Recipe for *peanut* **seed** success. 100933
Growing season and location effects on water uptake and drying rates of *peanut* **seeds** from genotypes resistant and susceptible to invasion by Aspergillus flavus Lk. ex. Fr. 101313
Some diseases of mungo, *peanut* and **soybean.** 101835
Correct identification of foliage diseases *[Peanuts,* **Texas].** 101996

Herbicide X insecticide interaction varies with variety, soil **type** *[Peanuts].* 102106

PEARL

Results of studying the biology of [grape] varieties Bulgarian Riesling and *Pearl* of **Thrace** in the Chirpan region. 100440

PEARLMILLET

Study of amylases of germinating bajra (Pennisetum typhoides) *[pearlmillet]* and **barley** (Hordeum vulgare) varieties. 100109
The utility of covariance of combining ability in plant **breeding** *[Pearlmillet].* 099414
Pearlmillet. I. **Characterization** by SEM [scanning electron microscopy], amino acid analysis, lipid composition, and prolamine solubility. 095788
Fertilizer studies on bajar *[pearlmillet]* under **dryland** conditions. 103993
The nature of alkaloids of **ergoty** *pearlmillet* or bajra and its comparison with alkaloids of ergoty rye and ergoty wheat [Claviceps]. 101638
Relationship between heterozygosity and performance in respect of yield **factors** in *pearlmillet.* 099225
Chiasma frequencies in primary trisomics of *pearlmillet* **[Genetics].** 099135
Effect of nitrogen fertilization and row spacing on the yield of **hybrid** *pearlmillet.* 103981
Studies on the split application of nitrogen to **hybrid** *pearlmillet* under rainfed conditions. 104027
Response of different bajra *[pearlmillet]* **hybrids** to nitrogen. 104005
Occurrence of Ephelis oryzae **Syd.** On *pearlmillet.* 101411
Bajra *[pearlmillet]* **transplanting** compensates for delayed sowing. 100817

PEARS

Big freeze. We now know more about the damage a hard freezedoes and what growers can do to save more trees **[Apples,** *pears].* 101829
Factors influencing **bartlett** *pear* maturity in 1975. 101059
Action of some intervening factors in the orchard on the preservation of apples and *pears* in **cold** rooms. 095941
Demonstration of mycoplasmalike organisms in the phloem of trees with *pear* **decline** or proliferation symptoms by fluorescence microscopy? 101779
Proceedings of the 1974 APDW [Apple and *Pear* **Disease** Workers] workshop on crown rot [Phytophthora cactorum] of apple trees [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
Study on the volatile aromatic substances of *pear* **fruits** and their changes in the pre-harvest period and at different stages of maturity. II. Development of the aromatic. 100446
Volatile aromatic substances in *pear* **fruits** and their changes during the preharvest period and at different stages of maturity. I. Volatile aromatic substances characteristic. 100450
Semi-mechanical harvest of **fruits** *(pears* and apples) using automatic platforms. Results of observations made in work areas. 103409
Size prediction of apples and *pears*—to **hand** thin or not to thin [Culture]. 101062
Factors **influencing** *bartlett* pear maturity in 1975. 101059
Study on *pear* **irrigation** during the fruit-bearing period. 104290
Mycoplasmalike bodies observed in the plants of bottle gourd, chayote and *balsam-pear* **[Lagenaria** leucantha, Sechium edule, Momordica charantia] with witches'-broom [disease] in Taiwan. 101787
Flowering of *pears* in the **Leningrad** Region as related to the effective temperatures. 100386
Effects of boron and succinic acid 2,2-dimethyl hydrazide (SADH) on fruitfulness and storage behavior of **'Magness'** *pears.* 100422
General Leclerc, a **new** *pear* variety. 101132
What's all the interest in **red** *pears?* [Varieties]. 101065
Tolerance of Venturia pirina to benzimidazole fungicides *[Pear* **scab].** 101568
A comparison of apple and *pear* **seedlings** with reference to the juvenile period. II. Mode of inheritance. 099164
A comparison of apple and *pear* **seedlings** with reference to the juvenile period. I. Seedling growth and yield. 100407
Psyllids—pests of *pear* **tree** in Moldavia and their control. 102421
Study of sucking insects, pests of *pear* **tree** in Moldavia. 102423
Effectiveness of bee pollination of *pear* **trees.** 100434
Study on the morphogenesis of fruit buds in some *pear* **varieties.** 098980
Growth regulators on **young** *pear* trees for earlier production. 101060

PEAS

Heterosis and combining **ability** in *pea.* 099223
In vitro iodination of plant ribonucleic **acids** *[Peas].* 100545
Effects of cyanide and ethylene on the respiration of cyanide—sensitive and cyanide-resistant plant tissues *[Peas,* **Annona** cherimola]. 099944
Effects of antibiotics on feeding and development of the *pea* **aphid,** Acyrthosiphon pisum (Harris) (Homoptera, Aphididae). 102388
Application of Pirimor [5,6-dimethyl-2-dimethylamino-4-pirimidinyldimethyl-carbamate] to control the *pea* **aphid** [Acyrthosiphon pisum]. 102438
Potential for *pea* **bean** (navy bean) production in Georgia [Culture]. 101246
Immunological study of the initial material for **breeding** *peas,* peavine and forage vetch in the conditions of the TambovRegion. 099088
Results from *chick-pea* **breeding** and from the studies on the applied agricultural practices at the Agricultural Research Institute "Obraztsov Chiflik" in Ruse following 1965. 101174
Studies on the productivity of Bulgarian and foreign varieties of grain legumes [Field beans, soybean, spring feed pea and **chick** *pea].* 100804
Investigation of *[pea]* **chloroplast** structure by the freezing-replacement method. 100578
Oxidation of lipid components isolated *[pea]* **chloroplasts** under the influence of light. 100579
A study on the effect of photophosphorylation rate in *pea* **chloroplasts** due to some environmental factors. 100607
Integrated field and glasshouse screening for environmental sensitivity in **cow** *pea* (Vigna unguiculata). 100411
Interrelation of nutrition level, water provision rate and stand density as factors determining the productivity of *pea* **crops.** 100454
Sensitivity of *pea* **cultivars** to ozone [Air pollution injuries]. 102021
Influence of cotyledon excision and sucrose on root formation in *pea* **cuttings.** 100532
Metabolic changes associated with the prevention of chlorosis by the application of elemental sulphur and foliar sprays of sequestrene 138-Fe [iron] in Pisum sativum L. *[Peas,* **deficiency** disease]. 101842
Effectivity of the selection by the length of the root system at the initial period of *pea* **development.** 100457
Some pathogenic aspects of Fusarium oxysporum f. Sp. Pisi isolated from the seeds of *pea* and **effectiveness** of systemic fungicide dressings. 101604
Comparative effectiveness of growing field crops [and *peas]* on **eroded** soils in the steppe of the Ukrainian SSR. 104167
Differentiation of chloroplast lamellae. Light harvesting efficiency and grana development **[Etiolated** *pea* plants]. 100361
Studies on the productivity of Bulgarian and foreign varieties of grain legumes [Field beans, soybean, spring **feed** *pea* and chick pea]. 100804
Studies on the water consumption and the conditions of natural water supply of the spring **feed** *pea* in the region of the Agricultural Research Institute Obraztov Chiflik. 104313
Diseases of specialty crops in Saskatchewan. II. Notes on **field** *pea* in 1973-74 and on lentil in 1973. 101382
Effect of nitrogen, phosphorus and potassium on yields, protein contents and nutrient levels in soybeans, **field** *peas* and fababeans. 103925
A Moroccan isolate of turnip mosaic virus infectious to **garden** *pea* and other legumes [Aphids as insect disease vectors]. 101781
Efficacy of systemic nematicides in the control of Heterodera **gottingiana** on *peas.* 101964
Yield and quality of **green** *peas* in the conditions of irrigated farming in Moldavia. 104259
Display of heterosis and transgression in certain characteristics determining the productivity in *pea* **hybridization.** 099303
The movement of 2,4-dichlorophenoxy acetic acid in root segments of Pisum sativum L. *[Peas].* II. **Immobilisation** and oscillations in uptake and transport. 100552
Study of physiological and genetic aspects of photosynthetic activity of plants **[Maize,** *peas].* 099261
Balance of nutrients in a sugarbeet crop rotation on a deep Chernozem in the northern part of the Ukrainian steppe [Wheat, **maize,** *peas].* 100122
Various times of sowing for *peas* for **maturity.** 101268
Factors influencing the growth and division of *pea* **mesophyll** protoplasts. 100530
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its metabolism by etiolated seedlings and germinating seeds of dwarf Pisum sativum **(Meteor)** *[Peas].* 100492
Study of conformational changes of chloroplasts by the method of television laser **microscopy** *[Peas].* 100581
Relation of tape-like inclusions of *pea* **mosaic** virus with the endoplasmatic reticulum and dictyosomas of the cells of a host-plant. 101808
Electroantennographic and field resonses of the *pea* **moth,** Cydia migricana, to sex attractants and related compounds. 102456
Gibberellic acid protection against EMS [ethyl methane sulphonate] and MMS [methyl methane sulphonate] induced damage to chromosomes in Pisum sativum L. *[Peas,* **mutation].** 099158
EMS [ethyl methane sulphonate] and MMS [mehtyl methane sulphonate] induced leaf **mutations** in *peas.* 099151
Lesions in the ribosomes of **non-viable** *pea* (Pisum arvense) embryonic axis tissue. 100372
Factors affecting the estimation of the relative amount of chromophore and chromophore area by the two-wavelength method of Patau and **Ornstein** *[Peas].* 100452
Possibilities for replacing the organic chlorine preparations with other non-cumulative insecticides in the control of *pea* **pests** [Bruchus pisorum, Acyrthosiphon pisi]. 102429
T-21, a new arhar **[pigeon** *peas]* for Punjab [Varieties]. 101184
Cytogenetical evolution in the genus **Pisum** *[Peas].* 098954
Application of prometryne in *pea* **plantings.** 102134
Eco-physiological regulation of invertase activity in *pea* **pollen.** 100462
The character of radiosensitivity change of seeds [of *peas]* in the **process** of imbibition and germination [Radiation injuries]. 100596
The place of Pisum formosum (Stev.) Alef. In the tribe Vicieae Bronn according to the data of the immunochemical analysis of **proteins** *[Peas].* 098521
The assessment of fungicides for control of *pea* **root** rot [Aphanomyces euteiches, Fusarium solani, Pythium ultimum, Rhizoctonia solani] in the field. 101567
Apolar movement of zeatin through Coleus petioles and Pisum *[pea]* **roots** as estimated by bioassay and radioactive labeling. 099472
Duration of the cell cycles in the shoot apex and in the axillary buds of Pisum **sativum** L. *[Peas].* 098919
Development and [genetic] control of the number of flowers per node in Pisum **sativum** L. *[Peas].* 099066
Effect of different types of mutations on the development of the organism in the homo- and heterozygous states (taking as an example mutants of Pisum **sativum** L.) *[Peas].* 099400
An investigation of *pea* **seed** albumins. 095886
Control of insects attacking stored grain and *peas* and **seed** treatment for small grains. 102527
Differentiaion of chloroplast lamellae. Onset of cation regulation of excitation energy distribution *[Pea* **seedlings].** 100360
Alteration of radiosensitivity of *pea* **seeds** exposed to low levels of gamma-irradiation. 100595
About the possibility of stimulating the system of restoration [after radiation injury] by low levels of ionizing irradiation [Experiments on *pea* **seeds].** 102051
Evaluation of **southern** *pea* varieties in Arkansas. 101073
Coronet, a new **southern** *pea* variety. 101245
Factors affecting the ADP/O [adenosine-5'-diphosphate/oxygen] ratio in isolated chloroplasts *[Peas,* **spinach].** 100369
A rough determination of sulphate reduction intensity compared with cystein-35S [sulfur isotopes] incorporation in leaves of soybean, *peas* and **sunflower** and in a mushroom mycelium culture. 100007
A loop-structure in the serological classification system of tymoviruses *[Peas,* **tobacco].** 101810
Spring and **winter** *pea* variety yield trials—1975. 101169
Formation of a delta 9-dodecenoic dibasic acid from linoleic acid by **young** *pea* **leaves.** 100537

PEASANTS

Los olvidados: *peasants,* the **forgotten** class, are kept in a position of inferiority by powerful interests, which fear their organization [Rural development]. 093960
A say in the matter; community enterprises can help raise the *peasant's* **living** standard as well as facilitate his participation in the decision-making process [Empresas Comunitarias Campesinas]. 093958

PEAT

The influence of mineral fertilizer addition on the group and fractional composition of organic substance in *peat* **composts** from upper and lower peat. 104160
Cultivation of fodder yeasts on top *peat* **hydrolysates** [Candida, Sporobolomyces pararoseus, Lipomyces lipoferus]. 095993
The influence of mineral fertilizer addition on the group and fractional composition of organic substance in peat composts from upper and **lower** *peat.* 104160
Climatic variations of Upper Holocene in Kerguelen Islands: from a *peat* **section** of the Dante Plain (south coast) [Pollen]. 098587
Radiobiological determination of assimilable phosphate supply in *peat-bog* **soils.** 103735
Scanning electron microscope study of the porosity of the stem hyalodermis of **two** *peat* mosses (Sphagnum palustre L. and Spagnum centrale Jens.) [Musci]. 098912
Heterotrophic complexes and the structure of the **underlying** *peat* deposits in slope mires [Vegetation, Leningrad-Novgorod regions boundary]. 098873

PEAVINE

Immunological study of the initial material for breeding peas, *peavine* and **forage** vetch in the conditions of the TambovRegion. 099088
Photoperiodic reaction of *peavine* **[Lathyrus]** varietal specimens. 100117
Infection rate of *peavine* **[Lathyrus]** by Ascochyta depending on the phase of development of plants and on the utilization of provocative conditions. 101346

PECANS

Australia **adopts** *pecan* [Carya illinoensis]. 101217
Feeding damage of the **black** *pecan* aphid [Tinocallis caryaefoliae]. 102415
Future of *pecans* **[Carya** illinoensis] looks great in California. 101218
Packing media: what's best? [for storage of dormant scions of the *pecan,* **Carya** illinoensis]. 101219
Nematode disease in *pecan* **culture.** 101999
Iron **deficiency** in *pecans.* 101998
Fertilizing *pecan* trees in the home lawn. 104035
Growing *pecans* [Carya illinoensis] in New Mexico. 101104
Pecan **insect** and disease recommendations. 102449
Pecan **insect** control test in 1975 with emphasis on yellow aphids [Monellia], spittlebugs [Clastoptera achatina] and weevils [Curculio caryae]. 102450
Pecan **insect** [pest] control studies in Georgia. 102451
Beneficial **insects** of *pecan.* 100518
Relationship between soil test values and analysis of *pecan* **leaves** taken at three dates. 103929
Scab [Fusicladium effusum] susceptibility of some **newer** *pecan* cultivars. 101513

Study aims at *[pecan* **nut]** casebearer [Acrobasis nuxvorella, Carya illinoensis, insect pest control]. 102445
Germination study and seedling *[pecans]* **performance.** 100519
Registering **pesticides** for *pecans.* 102750
Variety-growth regulator effects on *pecan* **rootstocks.** 100509
Fruit maturity dates for some *pecan* **varieties** and USDA selections. 101221
Control of *pecan* **weevil** [Curculio caryae], shuckworm [Laspeyresia caryana] and aphid in South Carolina. 102447
Foliar insecticides for control of *pecan* **weevil** [Curculio caryae] and hickory shuckworm [Laspeyresia caryana]. 102448
A method of determining the presence of *pecan* **weevils** [Curculio caryae] with burlap bands. 102446
Weed control in **young** *pecans.* 102167

PECTINOPHORA
Improved method of holding cotton bolls for detecting pink bollworms *[Pectinophora* **gossypiella].** 102288
Dispersal and mating in the field by male pink bollworm, *Pectinophora* **gossypiella** [cotton pest] labeled with 32P [phosphorus isotope]. 102300
Effect of dose of cytoplasmic polyhedrosis virus on infection, mortality, development rate, and larval and pupal weights of the pink bollworm *[Pectinophora* **gossypiella].** 102335
Pink bollworm *[Pectinophora* **gossypiella]** resistance mounts [Pesticides, cotton]. 102674
Field accumulation of aflatoxin [by Aspergillus flavus] in cottonseed as influenced by irrigation termination dates andpink bollworm *[Pectinophora* **gossypiella]** infestation. 104258

PECTINS
Mechanisms of methyl-carbon transfer from S-methylcysteine to *pectin* in **Chinese** cabbage (Brassica pekinensis Rupr.). 100542
Changes in polygalacturonase, *pectin* **lyase** and cellulase in tomato plants, associated with Fusarium [oxysporum] inoculation. 101525
Extraction of *pectins* from **sunflower** heads. 095776

PECTOBACTERIUM
The threshold value of infection with *Pectobacterium* **carotovorum** var. atrosepticum (van Hall) Dowson for producing latent and acute soft rot infection of potato stalks and tubers. 101677

PEDICEL
Structure of the *pedicel* and **connective** peduncles of the ovariole in culicid mosquitos. Additional new traits for determination of physiological age [Culex pipiens, Aedes aegypti, Anopheles maculipennis atroparvus]. 103052

PEDIOCOCCUS
The detection and identification of *Pediococcus* and **Micrococcus** in berweries, using a serological method [spoilage yeasts and bacteria]. 094878

PEDOGENESIS
Saturated hydraulic conductivity in *pedogenetic* **characterization** of Podzols with fragipans in Quebec. 103748
Contemporary *pedogenetic* processes in a ferrallitic soil in Uganda. I. Identification. 103745

PEELS
Hydrogen peroxide and acetic acid for preparing **epidermal** *peels* from conifer leaves. 099042
Cleaning and **lye** *peeling* of tomatoes using rotating rubber discs. 095939
The influence of extract of **orange** *peel* on the growth and ascorbic acid metabolism of young guinea-pigs. 096719
Genetic and environmental effects involved in the determination of the "hollowness" character in *peeling* **tomatoes.** 099222

PELARGONIUM
Certification of *Pelargonium.* 101223
A comparative study on anther development in male-fertile and male-sterile plants of *Pelargonium* **crispum** L'Her. ex Ait. 098972
Pathogenicity of Bipolaris (Helminthosporium) setariae and Bipolaris maydis races T and O to carnation, geranium and snapdragon [Dianthus caryophyllus, *Pelargonium* **domesticum,** Antirrhinum majus]. 101557
Current data on the problem of **edema** of *Pelargonium.* 102000
Viroses of *Pelargonium* in **France.** State of research and possibilities of sanitary selection. 101768
Synergic action of sulfur dioxide and nitrogen oxides on some plants: study in artificial conditions [Tomatoes, Petunia hybrida, *Pelargonium* **hortorum].** 099461
Cell wall regeneration and colony formation from isolated single geranium *[Pelargonium* **hortorum]** protoplasts in microculture. 100404
First results of 18 months of experimentation on a stock culture of *Pelargonium.* I-II. 101224
Phenol compounds of *Pelargonium* **roseum** Hort. 099507
Study of mineral nutrition of *Pelargonium* on **sand** culture and nutritive solution. 100521

PELLETIZATION
Ground, *pelleted* and **chopped** barley straw and protein levels in the diet of wintering beef cows. 096634
Recent results in the use of *pellets* **containing** straw in the feeding of beef cattle. 096812
Barley straw in *pelleted* **diets** for steers. 096624
Experiences in the drying, *pelletization* and **feeding** of whole maize, barley and alfalfa plants in the People's Republic of Bulgaria. 096803
Response of pigeonpea to **inoculation** and *pelleting.* 101190
Hints for the production of straw pellets in drying works and *pelleting* **plants.** 096057
Storage of dried and *pelleted* **[sugar]beet** pulp in silos. 095854

PEMPHIGUS
Application of insecticides against sugarbeet root aphid *[Pemphigus* **fuscicornis].** 102337

PENETRATION
Research on the structure of the groundnut seed coat and its influence of the *penetration* of **Aspergillus** flavus. 101508
Fine anatomy of Cercosporella herpotrichoides Fron in leaf sheathes of wheat. Observations on the *penetration* points of **host** cell walls. 101363
A *non-penetrating* **thiol** reagent mimics cytochalasin A inhibition of secretory protein synthesis [Achlya ambisexualis, Myxomycetes]. 099523
Development of a nuclear polyhedrosis virus in midgut cells and *penetration* of the **virus** into the hemocoel of the armyworm, Pseudaletia unipuncta [Pest of products]. 102533

PENICILLIC
Studies on the production of mycotoxins and their quantitative determination. 5. On the synthesis of ochratoxin A and *penicillic* **acid** by Aspergillus ochraceus [Fungi] in. 094888

PENICILLIN
Application of 15N [nitrogen isotope] pulsed fourier transform nuclear magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into *penicillin* G **[Penicillium** chrysogenum, Fungi]. 099654

PENICILLIUM
Crystal and molecular structure of compactin, a new antifungal metabolite from *Penicillium* **brevicompactum.** 099824
Application of 15N [nitrogen isotope] pulsed fourier transform nuclear magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G *[Penicillium* **chrysogenum,** Fungi]. 099654
Adenosine triphosphate sulfurylase from *Penicillium* **chrysogenum** [Fungi]. Steady state kinetics of the forward and reverse reactions. 099816
Effect of citrinin, a mycotoxin produced by *Penicillium* **citrinum,** on laying hens and young broiler chicks. 097840
A new fruit rot disease of Malus pumila *[Penicillium* **claviforme].** 101396
Effect of tetrahydroquinoline derivatives on the growth of mold fungi [Aspergillus niger, Aspergillus fumigatus, *Penicillium* **cyclopium].** II. N-alkyl substituted THQ and their nitro derivatives. 099870
Relationships of *Penicillium* **[Fungi]** species based on their long-chain fatty acids. 100031
Synthetic medium for biosynthesis of dextranase by *Penicillium* **funiculosum** [Fungi]. 099510
Comparison of fungal glucose oxidases [Aspergillus niger, *Penicillium* **glaucum].** Chemical, physicochemical and immunological studies. 099540
The effect of Bacillus subtilis and *Penicillium* **patulum** on in vitro growth and pathogenicity of Rhizoctonia solani and Phytophthora cryptogea. 101699
Production of aciduric amylases by molds [Aspergillus, *Penicillium,* **Rhizopus].** 099491
Analysis of Blue cheese for [the neurotoxin] roquefortine and other alkaloids from *Penicillium* **roqueforti** [Fungi]. 094865
Biosynthesis of flavors by *Penicillium* **roqueforti** [Blue cheese]. 095558
Effect of fungal staling growth products on growth behaviour of [lentil] rhizosphere microfungi [Trichoderma harzianum, Aspergillus flavus, *Penicillium* **rubrum].** 099708
Fungal ornithine esterases: relationship to iron transport [Fusarium roseum, *Penicillium* **sp.,** Fungi]. 099536
N alpha-acetylfusarinines: isolation, characterization, and properties *[Penicillium* **sp.,** hydroxamic acids, Fungi]. 099537

PENIOPHORA
Fomes annosus (Fr.) Cooke, *Peniophora* **gigantea** (Fr.) Massee, and other fungi colonising stumps of Pinus sylvestris L. 098236
The influence of environment upon the physiology of *Peniophora* **gigantea** on Pinus teada [stumps]. 098237

PENNISETUM
Study of amylases of germinating **bajra** *(Pennisetum* typhoides) [pearlmillet] and barley (Hordeum vulgare) varieties. 100109
Response by calves grazing kikuyugrass *[Pennisetum* **clandestinum]** pastures to grain and mineral supplements. 096821
Response of *Pennisetum* **pedicellatum** to nitrogen levels. 104016

PENS
Efficiacy of monensin against turkey coccidiosis in laboratory and *floor-pen* **experiments** [Eimeria adenoides, Eimeria meleagrimitis, Eimeria gallopavonis]. 097256
Farrowing *pens* adaptable for the rearing of piglets. 103356
Experimentally transmitted marble spleen disease in *pen-raised* **wild** turkeys [Virus diseases]. 097428

PENSTEMON
Fly [Allograpta, Hylemya alcathoe] pollination of *Penstemon* **davidsonii** and Penstemon procerus (Scrophulariaceae). 103047
Response of *Penstemon* **fruticosus** to fertilization [Ground covers]. 100606
Fly [Allograpta, Hylemya alcathoe] pollination of Penstemon davidsonii and *Penstemon* **procerus** (Scrophulariaceae). 103047

PENTACHLORIDE
A reinvestigation of the reaction of beta-maltose octaacetate with **phosphorus** *pentachloride.* 095424

PENTACHLORONITROBENZENE
The nature of inhibitory activity of *pentachloronitrobenzene* to **sclerotia** of Sclerotium rolfsii Sacc. [Isolated from infected sugarbeet roots]. 101672

PENTATOMIDAE
Hemiptera of the Sudan, with remarks on some species of theadjacent countries. 5. *Pentatomidae* **[New** taxa]. 103148
Effects of photoperiod on a population of Euschistus tristigmus (Hemiptera: *Pentatomidae)* from **Storrs,** Connecticut. 102793

PENTOBARBITAL
Studies on the electroencephalogram in ruminants. VI. Electroencephalographic studies on the anesthesia with *pentobarbital* and **ketamine** hydrochloride in goats. 097176

PENTOSANS
Hydrolysis of *pentosans* in **bagasse** pith [Sugarcane]. 095817
Recent developments on wheat **flour** *pentosans.* 095769

PENTOSES
Rate of transfer of C14 [carbon isotope] from dicarboxylic acids to the *pentose* **phosphate** cycle as a function of the ratio of malate and aspartate and disposal of the chloroplasts in C [carbon]-4 plants. 099996

PEPPER
Bacterial canker of **bell** *pepper* caused by Corynebacterium michiganense. 101702
Fungicidal control of betelvine wilt [Phytophthora parasitica, **betel** *pepper].* 101519
Identification and characterisation of a severe strain of pepper veinal mottle virus isolated from *pepper* **(Capsicum** annuum and Capsicum frutescens) in Nigeria. 101766
How to force bunchy type of *peppers* **(enlarged** variety selection). 100496
Pepper weevil [Anthonomus eugenii] control on **hot** *pepper.* 102432
Antimicrobial substances in certain members of Solanaceae. IV. Detection of active principles in *pepper* **plant.** 100619
Red *peppers*—a new promising crop of greenhouse vegetable growing. 101088
Mutants of **sweet** *pepper* induced by chemical mutagens. 099232
Defoliation of *pepper* **transplants** in transit by endogenously-evolved ethylene. 101196
Identification and characterisation of a severe strain of *pepper* **veinal** mottle virus isolated from pepper (Capsicum annuum and Capsicum frutescens) in Nigeria. 101766
Pepper **weevil** [Anthonomus eugenii] control on hot pepper. 102432

PEPSIN
Synthetic peptides for chymosin and *pepsin* **assays:** pH [hydrogen-ion concentration] effect and pepsin independent-determination in mixtures [Assay of milk clotting enzymes]. 095592
Activation of *pepsin* **(EC** 3.4.4.1) by heavy-metal ions including a contribution to the mode of action of copper slphate in pig nutrition. 096655
Synthetic peptides for chymosin and pepsin assays: pH [hydrogen-ion concentration] effect and *pepsin* **independent-determination** in mixtures [Assay of milk clotting enzymes]. 095592

PEPTIDES
Steric arrangement of **sweet** and bitter taste of amino **acids** and *peptides.* 095544
Some **bitter** *peptides* from rennet-treated casein. A method for their purification, utilizing chromatographic separation on silica gel. 095637
Subunit composition of delta-crystallin from embryonic chick lens. Analysis of methionine-containing tryptic peptides and cyanogen **bromide** *peptides.* 096429
Peptide substrates for chymosin (rennin): Kinetic studies with *peptides* of different **chain** length including parts of the sequence 101-112 of bovine kappa-casein. 096246
Relations between structure and bitter taste of amino acids and peptides. II. *Peptides* and their **derivatives.** 095542
Identification and partial characterisation of the non-collagenous amino- and carboxyl-terminal **extension** *peptides* of cartilage procollagen [Chick embryos]. 096224

Removal of amino-terminal and carboxy-terminal **extension** *peptides* from procollagen during synthesis of chick embryo tendon collagen. 096225
Relations between structure and bitter taste of amino acids and *peptides*. II. **Peptides** and their derivatives. 095542
Amino acids, *peptides*, and **proteins** [in foods]. 095496
Peptide **substrates** for chymosin (rennin): Kinetic studies with peptides of different chain length including parts of the sequence 101-112 of bovine kappa-casein. 096246
Peptide **sweeteners:** a model for peptide and taste receptor interactions. 095494
Synthetic *peptides* for chymosin and pepsin assays: pH [hydrogen-ion concentration] effect and pepsin independent-determination in mixtures [Assay of milk clotting enzymes]. 095592
Peptide sweeteners: a model for *peptide* and **taste** receptor interactions. 095494
Subunit composition of delta-crystallin from embryonic chick lens. Analysis of methionine-containing **tryptic** *peptides* and cyanogen bromide peptides. 096429

PEPTONE

Enrichment in Muller-Kauffmann's broth and Rappaport's broth from **buffered** *peptone* water in the isolation of Salmonellae from minced meat. 094872
Amino acid nutrition of some commercial cheese whey starters in relation to their growth in *peptone-supplemented* **whey** media. 095577

PERCHLORATES

Effectiveness of **ammonium** *perchlorate* in fattening cattle [Feed supplement]. 096723
Nitrate reduction during Kjeldahl digestion of [soil drainage] water samples by the *perchlorate* **method.** 104268

PERCOLATION

Methods to **reduce** *percolation* loss [of water] in the farm ponds. 104324

PERCUTANEOUS *see* CUTANEOUS

PERDIX

Ecological research on the role of the pheasant (Phasianus colchicus L.) and the **partridge** *(Perdix* perdix L.) in the reduction of the Colorado potato beetle (Leptinotarsa decemlineata Say.) population [Natural control]. 102460

PEREGRINUS

Multiplication of vesicular stomatitis virus in the **leafhopper** *Peregrinus* maidis (Ashm.), a vector of a plant rhabdovirus [Maize mosaic virus]. 101759

PERENNIAL

Effectiveness of levels and ways of applying dalapon to **control** *perennial* weeds in cotton plantings in the conditions of the Golodnaya Step'. 102200
Chemical desiccation of grain sorghum [by **controlling** *perennial* weeds]. 102075
Reduction of experimental error in *perennial* **crops,** using adjustment by neighbouring plots [Tea, fruit]. 101294
Perennial **grass** [Agropyron elongatum] barriers for wind erosion control, snow management and crop production. 104215
Energy productivity of *perennial* **grasses** with calculated levels of fertilizers for obtaining a planned yield of hay. 100194
Stand quality in a planned yield of hay of *perennial* **grasses.** 100203
Perennial **lupine** as a green manure on soddy-podzolic soils. 103955
Epicuticular wax of Agropyron intermedium [a drought **resistant** *perennial* grass]. 100267
Effect of ammonium to nitrate ratio on growth and anthocyanin development of *perennial* **ryegrass** [Lolium perenne] cultivars. 100063
Growth of *perennial* **ryegrass** (Lolium perenne L.) exposed to a low concentration of sulphur dioxide [Atmospheric pollutant]. 101927
Sulphur-nitrogen interaction effects on the yield and composition of the protein-N, non-protein-N and soluble carbohydrates in *perennial* **ryegrass** [Lolium perenne]. 104041
Yield [of *perennial* **silage** crops] depends on the number of cuttings in te previous year. 100902
Seed production of *perennial* **stylo** [Stylosanthes guyanensis]. 100698
Perennials for **summer** bloom [Ornamental plants]. 101034
Prospects of growing greens and *perennial* **vegetable** crops in the Murmansk Region. 101086
Glyphosphate—new potential control of *perennial* **weeds.** 102151
Glyphosphate—new potential for control of *perennial* **weeds.** 102164
Effectiveness of dalapon against *perennial* **weeds** in the conditions of the Karshi Steppe. 102199
Propagation techniques on the horizon *[Perennial* **woody** plants]. 098118

PERFUSION

Continual **intravitam** *perfusion* of the vacuolar sap of Nitella [flexilis] cells [Algae]. 099988
A compartemental model for bilirubin kinetics in **isolated** *perfused* rat liver. 096292
Acetate utilization by the **isolated** *perfused* guinea-pig mammary gland. 096438
Changes in the sensitivity to hypoxia and glucose deprivation in the **isolated** *perfused* rabbit heart during perinatal development. 096496
Release of vitamin B12-binding protein from isolated rat **liver** *perfused* with a synthetic medium. 096166
Lipoprotein lipase and uptake of chylomicron triacylglycerol and cholesterol by *perfused* **rat** mammary tissue. 096243
Comparative effects of fructose and glucose on the lipid and carbohydrate metabolism of *perfused* **rat** liver. 096656
Inhibition of sodium transport by antiotensin II in the main duct of the rabbit mandibular gland isolated and *perfused* in **vitro.** 096498

PERIARTERITIS

Periarteritis in **experimental** Border disease of sheep. II. Morphology and histochemistry of the lesion. 097399

PERICARP

Changes in the amount of complex lipids in the seeds and in the *pericarp* during the **development** of ivy fruit (Hedera helix). 100525
Pericarp **saponins** of Akebia quinata Decne. I. Glycosides of hederagenin and oleanolic acid. 099669

PERIDINIUM

Apparent amitosis in the binucleate **dinoflagellate** *Peridinium* balticum [Algae]. 099820
Some observations on dinoflagellate *[Peridinium* **penardii]** population density during a bloom in a California reservoir [Algae]. 099852

PERIDROMA

A worldwide, annotated bibliography of the variegated cutworm, *Peridroma* **saucia** (Hubner). 102261

PERINATAL *see* BIRTH

PERINEUM

Responses of the preputial gland and *perineal* **complex** of neonatally castrated and androgenized rats to testosterone during adult life in presence and absence of pituitary. 097013

PERIODONTAL

Relationship of mineral status and intake to *periodontal* **disease.** 094965
Relationship of mineral status and intake to *periodontal* **disease.** 095003
"Swollen face", a *periodontal* **disease** of cattle [Nutritional deficiency, Panicum maximum, Brazil]. 097746

PERIPHERAL

The relase of prostaglandin F2alpha as reflected by 15-keto-13,14-dihydroprostaglandin F2alpha in the *peripheral* **circulation** during normal luteolysis in heifers. 096528
Production of temperature signal in the *peripherally* **denervated** spinal cord of the dog. 096351
Effects of *peripherally* **induced** anosmia on the selectivity of maternal behaviour in the ewe. 096280
Peripheral **plasma** progesterone in the ewe: its application to the diagnosis of early pregnancy following oestrus synchronization treatment. 096926
Studies on the glycolipids of sheep thymus and of normal and concanavalin A-stimulated **sheep** *peripheral* lymphocytes. 096251

PERIPLANETA

The crop as an organ of glyceride absorption in the American cockroach, *Periplaneta* **americana** L. 102875
The ocellus of the cockroach, *Periplaneta* **americana** (Blattariae). Receptory area. 102884
The physiological effects of ionic lanthanum on the insect blood-brain barrier *[Periplaneta* **americana].** 102939
The effect of caffeine on excitation-contraction coupling in skeletal and smooth muscle *[Periplaneta* **americana].** 102982
Chemical sensitivity of the hyperneural nerve-muscle preparation of the American cockroach *[Periplaneta* **americana].** 102993
Transpiration measurements in two cockroach species: *Periplaneta* **americana** and Blaberus trapezoideus. 103023
Fine structure of the rectum in cockroaches (Dictyoptera): general organization and intercellular junctions *[Periplaneta* **americana,** Blatta orientalis, Supella supellectilium, Blaberus craniifer]. 103120
Analysis of the oxygen consumption of *Periplaneta* **americanaat** constant and diurnally alternating temperatures. 103057
Functional characteristics of stretch receptors of flight apparatus of **cockroach** *Periplaneta* americana. 102976
Autolysis in axon terminals of a new neurohaemal organ in the **cockroach** *Periplaneta* americana. 103118
Nerve growth in **cockroaches** *(Periplaneta* americana) with rotated ganglia. 102932

PERITHECIUM

Production of Nectria **coccinea** *perithecia* in culture on a natural medium [Agent of Betula bark disease]. 101654

PERITONITIS

Feline **infectious** *peritonitis:* diagnosis and experimental reproduction of the disease. 097592

PERITROPHIC

Water transport across *peritrophic* **membranes** of Calliphora erythrocephala. VII. 102896

PERLIDAE

New example of correlation between the presence of a gregarine belonging to the genus Ancyrophora Leger 1892 and alimentation of the host [in larvae of *Perlidae:* **Dinocras** megacephala]. 102847

PERMEABILITY

Cell *permeability* and regulation of intracellular sodium concentration in a halophytic and a glycophytic moss [Grimmia maritima, Grimmia pulvinata]. 099876
Pig reticulocytes. I. Transitory **glucose** *permeability* and metabolism. 096183
Changes in the *permeability* of the **inner** mitochondrial membrane associated with plastid development [Oats]. 100285
The effect of storage factors on **membrane** *permeability* and sugar content of potatoes and decay by Erwinia carotovora var. atroseptica and Fusarium roseum var. sambucinum. 095865
Permeability of **ovarian** follicles to electron-dense macromolecules [Sheep]. 096843
Sugar and **polyol** *permeability* of Salmonella and osmophilic yeast [Saccharomyces rouxii, Schizosaccharomyces pombe] cell membranes measured by turbidimetry, and its relation to heat resistance. 099805

PERONOSPORA

Alteration in the composition of proteins in onions (Alliumcepa L.) as a result of infection with *Peronospora* **destructor** [Downy mildew]. 101339
Study of the resistance of onions to downy mildew *[Peronospora* **destructor].** 101357
Main directions in research of obligate **parasites** *Peronospora* [Fungi] Cda. in the USSR. 101665

PEROXIDASES

Immediate photocontrol of *peroxidase* **activity** and correlation between spinach leaves. 100566
Localisation of *peroxidase-isoenzyme* **group** G1 in the cell wall of tobacco tissues. 100289
Composition and activity of the *peroxidases* in the **gum,** leaves and bark of Fagara [Zanthoxylum] coco of different ages. 100628
Readily soluble proteins and *peroxidase* of the **heterotic** hybrids, sterile and fertile analogs of onions. 099101
Horseradish *peroxidase* localization of masticatory muscle motoneurons in cat. 096469
Influence of naphthoquinones on the in vitro activity of the *peroxidase* of **horseradish** [Armoracia rusticana]. 099504
A brominating and **hydroxylating** *peroxidase* from the red alga Cystoclonium purpureum. 099888
Isoelectrofocusing of *peroxidases* of the **leaves** and roots of wheat plants infected with stem rust. 101615
Activity and the isoenzymatic composition of *peroxidase* in the **ontogenesis** of irradiated maize plants of different radiosensitivity. 099285
Hyper-auxin induced by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA [indoleacetic acid] oxidase, *peroxidase* and **polyphenoloxidase** [Loose smut]. 101602
Activity of indolyl-3-acetic acid oxidase and *peroxidase* in **roots** of carrot infested with Meloidogyne hapla Chitw. 101827
Application of *immuno-peroxidase* **techniques** for the detection of foot-and-mouth disease virus antigens. 097557
Cytochrome c *peroxidase* **[Yeasts].** 099703

PEROXIDES

Studies on pituitary prolactin, 39. Reaction of the ovine hormone with **hydrogen** *peroxide.* 096250
Formation of organic peroxides from methyl beta-D-glucopyranoside in **alkaline hydrogen** *peroxide* solutions [Degradation of cellulose]. 098202
The brightening response of western hemlock [Tsuga heterophylla] refiner groundwood to **hydrogen** *peroxide.* 098268
Hydrogen *peroxide* and acetic acid for preparing epidermal peels from conifer leaves. 099042
Lipid *peroxides* in [ram] spermatozoa; formation, role of plasmalogen, and physiological significance. 098390
Formation of **organic** *peroxides* from methyl beta-D-glucopyranoside in alkaline hydrogen peroxide solutions [Degradation of cellulose]. 098202

PERSEA

Control by the embryosac over pollen tube growth in the style of the **avocado** *(Persea* americana Mill.). 100514

PERSICARGAS

The subgenus Persicargas (Ixodoidea: Argasidae: Argas). 25. Effect of temperature on diapause termination in female **Argas** *(Persicargas)* arboreus Kaiser, Hoogstraal and Kohls. 102922

PERSONALITY

Personality **characteristics** in obesity: relation of MMPI profile and age of onset of obesity to success in weight reduction. 094998

Change in the structure of free time and problems of its use in forming the *personality* of the **modern** rural worker. 094011

PERSONNEL

Operation and technical service of the [farm] machinery and tractor fleet (Methodological draft for schools of qualification improvement of **agricultural** *personnel).* 103475
More intensification of crop production implies growing demands on **amelioration** *personnel* [Irrigation, East Germany]. 104284
The role of [management] *personnel* in **carrying** out the agrarian policy of the Party. 094730
Relationship of *personnel* **characteristics** to fire prevention effectiveness. 097947
From the experience of Socialist countries: training and retraining of [agricultural] *personnel* [in **Eastern** Europe]. 094067
Goals of planning the education process and problems of qualification improvement [of **management** *personnel* and specialists in agriculture]. 094261
On the basis of conclusions from practice [Training **management** *personnel* for agriculture]. 094268
Some problems of training [agricultural] *personnel* for **professions** requiring a large number of workers. 094072
Training and retraining of [agricultural] *personnel* during the **tenth** Five-Year-Plan. 094075
Urgent problems of **training** *personnel* for water resources management. 104346

PESTICIDES

Programme advocated to measure impact of **agricultural** *pesticides.* 102623
Pesticides and **avifauna.** 102671
More information is needed about disappearing disease. You can help! [Honey **Bee** *Pesticides/Diseases* Research Laboratory]. 103212
Benzimidazole *pesticides:* analysis and transformations. 101515
British *Pesticide* [Safety Precautions] Scheme based upon cooperation. 102751
Safety evaluation of chemicals in food: toxicological data profiles for *pesticides.* 1. **Carbamate** and organophosphorus insecticides used in agriculture and public health. 094819
Formation of dimethylnitrosamine from *pesticides* **carrying** methylated tertiary aminogroups in the presence of nitrite at pH 3 [hydrogen-ion concentration]. 102690
The California experience [Diseases **caused** by *pesticides].* 094846
Major rules for the application of agricultural **chemicals** *[Pesticides].* 102738
Field desorption mass spectrometry of **commercial** *pesticides* and mixtures of pesticides. 102709
Social and economic aspects of ULV [ultra low volume] spraying [of *pesticides* to **cotton** for insect control]. 102322
Pink bollworm [Pectinophora gossypiella] resistance mounts *[Pesticides,* **cotton].** 102674
Determination of the "coefficient of evaporation" of **drops** of *pesticides.* 102734
Some epidemiologic experiences in the health **effects** of *pesticides.* 094844
Pesticides and the **environent:** simm-triazines [Herbicides, residues]. 104593
Pesticides and the **environment:** Heterocyclic compounds (analytic review). 102739
Pesticides and the **environment:** Ethers of carbamic acids (analytical review). 102740
Pesticides and the **environment:** arsenic compounds (review of literature). 102741
Pesticides and **environmental** quality in Illinois. 104462
Field spraying **equipment** [of *pesticides].* 103436
Automated system of administration over the provision of farm production with chemicals **[Fertilizers,** *pesticides].* 094274
Provision of farm production with chemicals: tenth Five-Year-Plan period **[Fertilizers,** *pesticides].* 104087
The provision of farm production with chemicals in the tenth Five-Year-Plan period **[Fertilizers,** *pesticides].* 104090
Degradation of carbaryl *[pesticide]* **following** thermal processing [Green beans]. 102704
Effect of *pesticides* on the **harmful** entomofauna of the Crimean fruit orchards. 102442
Dynamics of storage of organochlorine pollutants *[pesticides]* in **herring** gulls. 102683
Pesticide residues in eggs and chicks from laying hens fed low levels of several chlorinated **hydrocarbon** *pesticides.* 096759
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on chlorinated **hydrocarbon** *pesticide* [insecticide] content in reserve fat of fattening geese [Contamination]. 102778
The development of *pesticide* use and the **hygienic** work conditions [Toxicity hazards, safety measures]. 102665
The role of *pesticides* in the **increasing** scale of fertilizer application in farm cropping. 102145
The development of the *pesticide* **industry** in Poland after the second World War. 102664
Cholinesterase **inhibitors** *[Pesticides].* 097780
Organic phosphate poisoning **[Livestock,** *pesticides].* 097775
The *pesticide* **market** in the Federal Republic of Germany. 102692
Tips on tank **mixing** *pesticides.* 102675
Field desorption mass spectrometry of commercial pesticides and **mixtures** of *pesticides.* 102709
Modeling *pesticides* and nutrients on agricultural lands. 102749
An appropriate material and technical basis of provision of chemicals for each farm [Fertilizers, *pesticides,* **Molodechno** Region]. 104045
Possibilities of including the **morestan** *pesticide* into an integral system of control of whitefly (Trialeurodes vaporariorum Westw.) on greenhouse tomatoes. 102413
The application of cell cultures for preliminary eliminatory evaluation of toxic action of **new** *pesticides.* 102663
Column switching techniques in the liquid chromatographic analysis of **organochlorine** *pesticides* in milk. 102719
Fluorogenic labeling of **organophosphate** *pesticides* with dansyl chloride. Application to residue analysis by high-pressure liquid chromatography and thin-layer chromatography. 102720
Better prospects for *pesticides* **[Outlook].** 102624
Forecasting the **persistence** of *pesticides.* 102736
Actual problems in the development of resistance to *pesticides* in **pests** of cultivated plants as exemplified by the rape blossom beetles [Meligethes aeneus, Ceutorrhynchus] and some species of aphids. 102349
Statistics on acute exposure from agricultural chemicals *[Pesticides* **poisoning].** 094845
Updating treatment of *pesticide* **poisoning.** 094847
Governmental limitation on crop **production** *pesticide* regulations and you. 102655
Registering *pesticides* for pecans. 102750
Environmental Protection Agency as an adversary to agriculture *[Pesticide* **regulations].** 102764
Pesticide **residues** in eggs and chicks from laying hens fed low levels of several chlorinated hydrocarbon pesticides. 096759
The problem of *pesticide* **residues** in foreign and Polish investigations. 102666
Laboratory and field experiments with methoxychlor as a larvicide for Simuliidae (Diptera) *[Pesticide* **residues].** 102685
Pesticide **residues** in wildlife as an indicator of environmental pollution. 102695
Residues of atrazine (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its metabolites in chicken tissues *[Pesticide* **residues** in poultry and eggs]. 102714
Screening by negative chemical ionization mass spectrometry for environmental contamination with toxic *[pesticide]* **residues:** application to human urines. 102762
Correlation of teratogenicity and molecular structure: ethylenethiourea and related compounds *[Pesticide* **residues** in rats]. 102774
Protection of honey bees from *pesticides* **[Residues].** 103245
Sloughing guard for sequential depth soil [for *pesticide]* **sampling.** 102625
Computed leaching of *pesticides* from **soil** as influenced by high rainfall, plant growth and time of application. 102622
Hygienic norm setting for *pesticides* in the **soil** [Residue limits]. 104592
Toxicity of *pesticides* **sprayed** over plant aerial parts to Diaeretiella rapae (Hymenoptera: Aphididae) under laboratory conditions. 102235
Starch-encapsulated *pesticides* for slow release. 102722
Mechanical incorporation in soil of **surface-applied** *pesticide* granules. 102746
Levels of **terminal** *pesticide* residues in Canadian meat. 102769
A method for detection of direct effect of *pesticide* **treatments** on [crop] yields in field experiments. 102660
U.S. Government regulations for *pesticide* **uses** with specialemphasis on analytical chemical aspects. 102651

PESTS

Hooked trichomes: a physical plant barrier to a major **agricultural** *pest* [Empoasca fabae, beans]. 102470
Microflora of Galleria mellonella L. *[Pests,* **Apis** mellifera]. 102818
Studies on the role of microorganisms in alimentation of Galleria mellonella larvae *[Pests,* **Apis** mellifera]. 102819
Know your **asparagus** *pests.* 101894
Combating [insect] *pests* by **biological** means. 102231
Spruce bud mite (Trisetacus piceae Roiv.) (Acarina, Eriophyoidea)—a *pest* of **buds** of Norway spruce [Picea abies]. 102520
Face fly [Musca autumnalis]: a new **cattle** *pest* in Louisiana. 102600
The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, **citrus** *pests].* 102383
Feeding specialization of the main species of green lacewings [Neuroptera, Chrysopidae] spread in Adzharia **[Citrus** *pests,* biological control]. 102472
Studies on the susceptibility of Oryctes rhinoceros to someentomogenous fungi **[Coconut** *pests,* biological control]. 102401
New and little known entomophages of spruce **cone** *pests* [Natural control]. 102512
Resistance of the ship rat, Rattus rattus L. To warfarin [Stored foods; *pest* **control].** 095488
Insect viruses and *pest* **control:** the search for alternatives. 102252
Insect flight in relation to problems of *pest* **control.** 102273
Anatomy, histology, and post-larval development of the reproductive systems of the sugarbeet root maggot [Tetanops myopaeformis, *pest* **control].** 102278
ULV [ultra low volume] spraying for cotton [insect] *pest* **control.** 102324
Insects that bug your beans [Soybeans, *pests,* **control].** 102358
Attraction of insects of potato plants through use of artificial honeydews and aphid juice *[Pest* **control,** natural]. 102400
Pecan insect *[pest]* **control** studies in Georgia. 102451
Mosquito abatement for *pest* **control** specialists [Anophels, Aedes, Culex]. 102608
Measures for **controlling** *pests* and diseases of vegetable crops in greenhouses. 101862
Investigation of remaining means of **controlling** *pests* of Danish fruit. 101900
The problem of unified terminology and classification of machines and apparatuses for **controlling** *pests,* diseases and weeds in forests. 103591
Dispersal and mating in the field by male pink bollworm, Pectinophora gossypiella [**cotton** *pest]* labeled with 32P [phosphorus isotope]. 102300
ULV [ultra low volume] formulations [for **cotton** *pest* control in Africa]. 102323
The effects ULV [ultra low volume] spray on *pests* of **cotton** and their natural enemies [Aphis gossypii, Dysdercus superstitiosus and predators, Chilmines lunata and spiders]. 102342
Defoliants and granulated insecticides for the control of **cotton** *pests.* 102373
[The herbicide] Kotoran against a noctuid [Scotia segetum, *pest* of **cotton,** weeds as intermediate host plants]. 102374
Rats resistant to anticoagulants **[Crop** *pest* control]. 101836
New record of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the lac predator, Eublemma amabilis Moore (Noctuidae: Lepidoptera) [Field **crop** *pests,* natural control]. 102365
Insect pathological investigations on Swedish Thysanura. I. Observations on Malamoeba locustae (Protozoa, Amoebidae) from Lepisma saccharina (Thysanura, Lepismatidae) [Field **crop** *pests,* biological control]. 103028
The ecology and economic importance of the Rufous-bellied rat, Lophuromys sikapusi sikapusi in Ibadan, Nigeria *[Pests* of **crops].** 101993
Toxicity of insecticides for the caterpillars of the beet webworm [Loxostege sticticalis, *pest* of various **crops,** trees and shrubs]. 102250
Actual problems in the development of resistance to pesticides in *pests* of **cultivated** plants as exemplified by the rape blossom beetles [Meligethes aeneus, Ceutorrhynchus] and some species of aphids. 102349
The use of the fungus Beauveria bassiana (Bals.) Vuill for the [biological] control of a **curculionid** *pest* of pine trees. 102515
The utilization of attracting traps for the protection of forest stands from a **curculionid** *pest* of pine trees. 102516
Spray defences for potatoes [Weed, *pest* and **disease** control]. 101847
Use of X-ray radiography for studying seed quality in tropical forestry *[Pests,* **disease,** and damage]. 102034
Up-to-date condition and prospects of breeding potatoes for resistance to major **diseases** and *pests.* 099282
Chemical and biological preparations for the control of *pests* and **diseases** of plants in collective and private owned fruit orchards: Chemicals for the control of fungus diseases of plants. 101487
The role of geographic factor in the resistance of apple varieties to *pest* and **diseases.** 101912
Protection of a fruit orchard from *pests* and **diseases** in the autumn-winter period. 101940
Principal problems of the immunity of plants of *pests* and **diseases.** 102030
Concentrations and application rate of preparations for the control of *pests* and **diseases** of plants. 102729
Chipmunk control *[Pests* of **economic** plants]. 101947
Four-legged mites (Acarina, **Eriophyoidea)**—*pests* of citrus on the Black Sea coast in the Caucasus. 102475
Scientific and technical progress in plant industry and the resistance of plants to *pests* **[Field** crops]. 102315
The estimation of losses caused [in Poland] by more important diseases and *pests* in 1974 and **forecast** of their occurrence in 1975. 101857
Plasma amino acids of the red-backed vole, Clethrionomys rufocanus bedfordiae (Thomas) **[Forest** *pests].* 097888
Interactions between Pleolophus basizonus and Lophyroplectus luteator (Hymenoptera: Ichneumonidae), two parasites of Neodiprion sertifer (Hymenoptera: Diprionidae) **[Forest** *pests,* biological control]. 102482
Lepidopterous insects from the Latvian SSR in biological relationship with the Norway spruce (Picea abies (L.) Karst.) **[Forest** *pests].* 102489
Chemical characterization studies of the nuclear polyhedrosis virus of Porthetria dispar **[Forest** *pests,* biological control]. 102495
Electrophoretic and serological characterization of Porthetria dispar polyhedron protein **[Forest** *pests,* biological control]. 102496
The 5th Agricultural Aviation Congress, Sept. 1975 [on chemical control of *pests,* **forest** fires and insect vectors]. 102679
Biology and management of stone **fruit** *pests* [Syneta albida, Rhagoletis indifferens]. 102379
New methods in controlling [insect] *pests* or **fruit** trees. 102467
Empirical analysis of variable temperature regimes on life stage development and population growth of tetranychus mcdanieli (Acarina: Tetranychidae) **[Fruit** *pests].* 102794
Application of hexachlorobutadiene in combination with polymers and superphosphate for the control of Phylloxera and nematodes *[Pests* of **grapevine].** 102416

Synoptic weather conditions inducing long-distance immigration of planthoppers, Sogatella furcifera Horvath and Nilaparvata lugens Stal *[Pest* of **growing** rice]. 102297
Set guns for voles is not a matter of luck **[Horticulture,** *pests].* 101950
Predicting forest [insect] *pest* **impact,** the key to control decisions. 102507
Assessment & evaluation of plant protection progress. 5. **Important** *pests* of major crops, their status and distribution [India]. 102001
Effect of varying plant density on growth, yield and *pest* **incidence** in cotton. 100848
Conditions for entomological evaluations of breeding material in the field [Cereals, resistance to **insect** *pests].* 099271
Illinois fruit calendar for growers of apples, peaches **[Insect** *pests].* 101103
Current plant sanitation of oil crops [Fungus diseases, **insect** *pests].* 101416
Estimation of chemical methods applied in the protection of medicinal plants [from fungus diseases, **insect** *pests* and weeds]. 101851
Grape diseases transmitted by animal vectors [Nematodes, **insect** *pests].* 102025
Physiological and biochemical bases of plant immunity to **[insect]** *pests.* 102240
Use of green lacewings [Chrysopa carnea] (Neuroptera: Chrysopidae) in biological control projects **[Insect** *pests].* 102245
Sexual trapping, a new method of crop protection **[Insect** *pest* control]. 102249
Observations on Kraussaria angulifera (Orthoptera) in Katsina North, Northern Nigeria **[Insect** *pests* of crops]. 102253
Immunity of plants to **insect** *pests* and problems of the strategy and tactics of plant protection. 102269
Seasonal abundance, diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of **insect** *pests,* Spodoptera littoralis, soybeans, corn, cotton]. 102282
Studies on the causes and the control of the spotted rice. I. On the causing factors of the spotted rice occurred in the mountainous region of western part of Hiroshima Prefecture **[Insect** *pests].* 102292
Formulation of a mathematical model for **insect** *pest* ecosystems: the cereal leaf beetle problem [Oulema melanopus and its principal parasite Tetrastichus julis]. 102336
Studies on harmfulness and control of timothy flies, Amaurosoma sp. [Phleum pratense, **insect** *pests].* 102352
Control of grass grub through agronomic practices **[Insect** *pests* in pasture]. 102355
Control of **insect** *pests* of cereals. 102356
Light traps [of cotton **insect** *pests],* what are they and how do they work. 102360
Current **insect** *pests* of spring oil producing plants. 102369
Vineyard **insect** *pests* [Erythroneura comes, grapes]. 102392
Cole crops [cabbage, cauliflower, broccoli, Brussels sprouts] **insect** *pests.* 102404
Potato **insect** *pests.* 102405
Snap bean **insect** *pests.* 102406
Sweetcorn **insect** *pests.* 102407
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae **[Insect** *pests* of citrus trees, nuts and stored products]. 102437
Study aims at [pecan nut] casebearer [Acrobasis nuxvorella, Carya illinoensis, **insect** *pest* control]. 102445
Research on the morphology, biology and ecology of Eucosoma(Phaneta) conterminana H.-S. (Lepidoptera, Tortricidae **[Insect** *pest* control, lettuce]. 102462
Psila rosae and Trioza apicalis **insect** *pests* of carrots. 102471
Wirral's Pest Free Zones—all-inclusive concept of control [Animal and **insect** *pests].* 102752
Insects—*pests* of young stands and understory of pines under conditions of excessive humidity. 102509
Progress on **integrated** *pest* management: Douglas-fir tussockmoth, gypsy moth, and southern pine beetle [Hemerocampa pseudotsugata, Porthetria dispar, Dendroctonus frontalis]. 102508
The protection [from *pests]* of **larch** cones and seeds on seed stand plots in the North-West [of the USSR]. 098142
Screwworm [Cochliomyia hominivorax] eradication: inadvertent selection for noncompetitive ecotypes during mass rearing **[Livestock** *pests].* 102612
Pests of **loquats** and their control. 102474
Screening of different granular formulations against **maize** *pests* with special reference to maize stem borer, Chilo partelus Swinhoe. 102276
Insects as factor in general and human ecology in the *Sudan[Pests,* **man** and livestock]. 102601
An advanced method for economic threshold determination: a positive approach [Cotton, Pseudatomoscelis seriatus, *pest* **management** system]. 094322
Cotton [insect] *pest* **management.** 102328
Insect *[pest]* **management** in corn and sorghum based on field monitoring teams. 102353
Varroa javobsonii crossed the Carparthian Mountains [Apis **mellifera** *pests,* Hungary]. 103252
The Varroa mite and the development of agents for its control [Apis **mellifera,** *pests].* 103261
Isomer of antiaggregative pheromone identified from male Douglas-fir beetle [Dendroctonus pseudotsugae]: 3-methylcyclohex-3-en-1-one [Pseudotsuga **menziesii** *pests].* 103005
Forecasting infestations of tropical **migrant** *pests:* the Desert Locust [Schistocerca gregaria] and the African Armyworm [Spodoptera exempta]. 102272
Control of insect and **mite** *pests* of field crops (nonseed crops). 102298
Identification of insect and **mite** *pests* of field crops. 102299
Control of insect and **mite** *pests* of home and garden. 102394
Control of insect and **mite** *pests* of commercial bulbs [Ornamentals]. 102395
Control of insect and **mite** *pests* of ornamental trees, shrubs, and lawns for home owners. 102396
Control of insect and **mite** *pests* of commercial vegetables. 102397
Control of insect and **mite** *pests* of commercial small fruits. 102398
Control of insect and **mite** *pests* of man, livestock, and poultry. 102564
Control of a **mobile** *pest:* the imported fire ant [Solenopsisgeminata]. 102270
Integrated protection of fruit orchards from *pests* [in **Moldavia].** 102419
Crop spraying schedules against rapeseeds and **mustard** *pests* [Lipaphis erysimi]. 102371
Diuraphis muhlei Born.—a **new** *pest* on the seed plantings oftimothy [Phleum pratene] in Poland. 102351
Entomophages of the processionary moth [Thaumetopoea processionea] in Moldavia *[Pest* of **oak** trees, natural control]. 102487
Trehalase, invertase, and amylase activities in the black scale, Saissetia oleae, and their relation to host adaptability *[Pest* of **olives** and atrus]. 102435
Herbicide (2,4-D) [2,4-dichlorophenoxyacetic acid] increases insect and **pathogen** *pests* on corn [Ostrinia nubilalis, Helminthosporium maydis]. 102367
Possibilities for replacing the organic chlorine preparations with other non-cumulative insecticides in the control of **pea** *pests* [Bruchus pisorum, Acyrthosiphon pisi]. 102429
Study of sucking insects, *pests* of **pear** tree in Moldavia. 102423
Mole control **[Plant** *pests].* 101948
Report on the occurrence of important diseases and *pests* on **plants** cultivated in Austria in 1974. 102004
Achievements in biological control of [insect] *pests* [of **plants**] in Poland, 1945-1975, and prospects for the future. 102227
Diseases and *pests* of **poppy** [Papaver]. 101941
Development of a nuclear polyhedrosis virus in midgut cells and penetration of the virus into the hemocoel of the armyworm, Pseudaletia unipuncta *[Pest* of **products].** 102533
Psyllids—*pests* of pear tree in Moldavia and their control. 102421
[Insect] *pests* of **rice** in the Solomon Islands. 102306
Bioenergetic parameters of experimental groups of common voles (Microtus arvalis (Pall. 1779) **[Rodent** *pests,* field crops]. 101891
The survey on the insect fauna in filature factories [Anthrenus verbasci, Attagenus piceus, Dermestes ater, **silk** *pests].* 102542
The little flour beetles [as *pests* of] **slaughter** chickens. 102559
The biology of Dioryctria abietella Schiff *[pest* of **spruce** cones]. 102514
Pest **status** of Cactoblastis cactorum (Berg) (Lepidoptera: Phycitidae) and Dactylopius opuntiae (Cockerell) (Coccoidea: Dactylopiidae) in spineless Opuntia plantations in South Africa. 102332
Achievements in the investigations on [insect and mite] **storage** *pests* [in Poland during last 30 years]. 102526
Nutrient reserves in starving black carpet beetle [Attagenus megatoma] larvae infected with the eugregarine Pyxinia frenzeli *[Pest* of **stored** products]. 103029
Biology and ecology of the garden moth (Mamestra oleracea L., Lepidoptera, Noctuidae) *[pest* of **sugarbeets** in Bulgaria]. 102309
Results of combined action of seasonal colonization of Cryptolaemus and aborigenous entomophages against Chloropulvinaria floccifera in Western [Soviet] Georgia **[Tea** *pest,* biological control]. 102271
Research on the species composition of weevils (Ceuthorrhynchus spp.) and on the causes of increase of infestation of winter rape by these *pests* on the **territory** of Rzeszow province. 102290
Spruce spider mite [Oligonychus **ununguis]**—*pest* of spruce [Picea] understorey. 102490
Ecosystem management: a framework for **urban** *pest* control. 102226
Cyanox against the *pests* of **vegetable** crops in the Krasnodar Territory [O-p-cyanophenyl O,O-dimethyl phosphorothiate]. 102440
Pests of **vegetables** and their control. 3. Potato [India]. 102454
Achievements and prospects of the control of diseases, *pests* and **weeds** of potatoes [in the world]. 101849
Estimation of losses caused by diseases, *pests* and **weeds** as the basis of planning, managing and balancing of control measures on the basis of studies carried out during 30 years. 101852
Wirral's *Pest* Free Zones—all-inclusive concept of control [Animal and insect pests]. 102752

PETASITES

Fukinotoxin, a new pyrrolizidine alkaloid from *Petasites* **japonicus.** 099668

PETIOLES

Apolar movement of zeatin through **Coleus** *petioles* and Pisum [pea] roots as estimated by bioassay and radioactive labeling. 099472
Experiments on root formation. The effects of IAA [indoleacetic acid] and kinetin on the anatomy of the *petiole* of **Phaseolus** vulgaris [Kidney beans]. 100557
Participation of *petiole* and **veins** in metabolism of glycolate in Virginia creeper leaves [Parthenocissus tricuspidata]. 099616

PETROLEUM

Petroleum **processing** wastes [Water pollution]. 104574

PETUNIA

Soil transmission of *Petunia* **asteroid** mosaic strain of tomato bushy stunt virus. 101774
Studies on overcoming self-incompatibility by means of testtube fertilization and development of fertilized ovules into viable seeds in *Petunia* **hybrida.** 099339
Synergic action of sulfur dioxide and nitrogen oxides on some plants: study in artificial conditions [Tomatoes, *Petunia* **hybrida,** Pelargonium hortorum]. 099461
An EMS [ethyl methanesulfonate] induced dominant mutation for pollen **sterility** in *Petunia.* 099127

PEUCEDANUM

Naturally occurring terpene derivatives. LIV. New terpene aldehyde esters from *Peucedanum* **luxurians** Tamamsch. 099647

PHAEOPHYCEAE

The amino acid composition of some common marine algae from Iceland [Rhodophyceae, *Phaeophyceae,* **Chlorophyceae].** 099579

PHAGOCYTIC

Further studies on mice genetically selected for high and **low** *phagocytic* activity. 097081

PHAIUS

Two swamp orchids *[Phaius* **grandifolius].** 098686

PHALAENOPSIS

The distribution of Larat orchid **(Dendrobium** *phalaenopsis)* in Indonesia. 098559
Some notes on the moonlight **orchid** *(Phalaenopsis* amabilis Bl). 101096

PHALARIS

Partial synthesis of festuclavine [isolated from ergot parasitizing on grasses Agropyrum and *Phalaris,* from a **culture** of Claviceps gigantea and from Aspergillus fumigatus, Fungi]. 101390
Localisation of concanavalin A binding sites on the stigma surface of a **grass** species *[Phalaris* **minor].** 100239

PHANEROGAM

Observations on chytridiaceous parasites of *phanerogams.* XXV. **Physoderma** johnsii Sparrow, a parasite of Caltha palustris L. 101314

PHARMACEUTICS

Fermentation industry—sugar, *pharmaceuticals,* **corn** [Wastewater treatment]. 104554
Ultrasounds in *pharmaceutical* **science.** II. [Their effect on plants]. 099739
Veterinary *pharmaceuticals.* 097154

PHARMACOLOGY

Anesthetic hazards. II. *Pharmacologic* **effects** [Animals]. 097093
Identification of noradrenergic and serotonergic fibers in the median eminence : a radioautographic, *pharmacological* and **microspectrofluorimetric** study [Ducks]. 096196
Quinaldofur, a new synthetic drug for the treatment of [bovine] mastitis. II. *Pharmacology,* **residues,** udder irritation and clinical efficacy. 097679
Studies on the metabolism, mode of action and *pharmacology* of **vitamin** D and related analogs. 095088

PHARMACOTHERAPY

Pharmacotherapy of **cardiac** drugs. 097701

PHASEOLLIN

Metabolism of *phaseollin* by different **races** of colletotrichum lindemuthianum [a pathogen of beans]. 101498

PHASEOLUS

Studies on seed coat toxicity to rhizobia of urid (Phaseolus mungo) [mungo beans], mung [beans] *(Phaseolus* **aureus),** and soybean (Glycine max). 102070
Effect of lincocin treatment on the greening process in [kidney] **bean** *(Phaseolus* vulgaris) leaves. 100527
Yield potential of some mung **bean** *(Phaseolus* aureus) selections in Fiji. 101127
Studies on a mosaic disease of Urd **bean** *(Phaseolus* mungo L.). 101775
The estimation of cross yield using early generation and parental yields in dry **beans** *(Phaseolus* vulgaris L.). 099211
Factors affecting Fusarium [solani phaseoli] foot and root rot of *Phaseolus* **beans.** 101320
Virulence of hungarian and standard strains of Pseudomonas phaseolicola on [kidney] **beans** *(Phaseolus* vulgaris L.). 101676
Induced mutation in [kidney] **beans** *(Phaseolus* vulgaris) to obtain varieties resistant to golden mosaic virus. 2. 101722
Phaseolus **calcaratus** [rice beans] and its problem in the breeding system [Varieties]. 099122
Interspecific hybridization between Phaseolus vulgaris and *Phaseolus* **coccineus** [Kidney beans, scarlet runner beans]. 099071

The potential of *Phaseolus* **coccineus** [scarlet runner beans]as a grain legume in Great Britain. 101054
Adaptability in black **gram** *(Phaseolus* mungo L.) [Mungo beans, genotype X environment interaction]. 099221
Reaction of *Phaseolus* an **Macroptilium** species to a strain of cucumber mosaic virus. 101789
A method for **selfing** *Phaseolus* coccineus (Lam.) [Scarlet runner beans, pollination]. 100358
Selection pressures in the domestication of *Phaseolus* **species.** 099072
Studies on seed coat toxicity to rhizobia of **urid** *(Phaseolus* mungo) [mungo beans], mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070
Comparative evolution of pulse crops *[Phaseolus,* **Vigna].** 098602
Meristem culture in *Phaseolus* **vulgaris** [Kidney beans]. 098886
Induced polyploidy in legumes. III. *Phaseolus* **vulgaris** L. [Kidney beans, varieties, meiotic chromosomes]. 098965
Interspecific hybridization between *Phaseolus* **vulgaris** and Phaseolus coccineus [Kidney beans, scarlet runner beans]. 099071
The influence of chlorocholine chloride (CCC) on the growth and leaf pigment content of *Phaseolus* **vulgaris** L. [Kidney beans, mustard] and Sinapis alba L. 100364
Aminoacylation of *Phaseolus* **vulgaris** [kidney beans] cytoplasmic, chloroplastic and mitochondrial tRNAsPro and tRNAsLys by homologous and heterologous enzymes. 100368
The distribution of the protein phaseolin in the intact plant and cultured tissues of *Phaseolus* **vulgaris** L. [Kidney beans]. 100516
Studies on the distribution of 14C [carbon isotope]-malformin A [a potent plant growth regulator produced by the fungus Aspergillus niger] in major fractions of *Phaseolus* **vulgaris** L. [Kidney beans]. 100543
Experiments on root formation. The effects of IAA [indoleacetic acid] and kinetin on the anatomy of the petiole of *Phaseolus* **vulgaris** [Kidney beans]. 100557
Comparative biochemical studies on populations inbreds and lines of *Phaseolus* **vulgaris** [kidney beans]. Activity and multiple molecular forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Comparative biochemical studies on populations, inbreds and lines of *Phaseolus* **vulgaris** [kidney beans]. 2. Multiple molecular forms of acid phosphatase and esterase. 100562
Plantlet morphogenesis and the control of callus growth and root induction of *Phaseolus* **vulgaris** [kidney beans] with the addition of a bean seed extract. 100617
Inheritance of resistance to angular leaf spot [Isariopsis griseola] in *Phaseolus* **vulgaris** L [Kidney beans]. 101322
Calcium nutrition in *Phaseolus* **vulgaris** [kidney beans] in relation to its resistance to Erwinia carotovora. 101698

PHASES

Hydrophobic affinity partition of spinach chloroplasts in **aqueous** *two-phase* systems. 100370
Forecasting operational technological effectiveness of [farm] machinery in the *phase* of its **designing.** 103526
Infection rate of peavine [Lathyrus] by Ascochyta depending on the *phase* of **development** of plants and on the utilization of provocative conditions. 101346
Determination of cyanoglucosides of plant tissues by the modified picric acid technique. I. Changes in the cynoglucoside content of some Leguminosae and Gramineae species in the **early** *phases* of germination. 100061
Accumulation and biological action of strontium-90 [isotope] in the **early** *phases* of development of Pinus sylvestris L. [Radioactive contamination]. 104642
Genetic effects of the **gas** *phase* of cigarette smoke on Saccharomyces cerevisiae [Yeasts]. 099128
Effects of periods of drought during different *phases* of **growth** of sunflower (Helianthus annuus L.) cultivated in the greenhouse. 100164
Aftereffect of defoliants on the content of total and protein nitrogen in cotton leaves during the **initial** *phases* of development. 100327
Legal *phases* of farmer cooperatives. 094717
The occurrence of a porphyrodiscus simulans batt. *Phase* in the **life** history of Ahnfeltia plicata (Huds.) Fries [Algae]. 099584
Composition of the product of algal [Chlorella vulgaris] culture in the **liquid** *phase* of animal slurry. 099842
Phase-locked **loop** technique to record resonance frequency of plant tissue [Avena]. 100258
Variation in germination and amino acid leakage of seeds with temperature related to **membrane** *phase* change. 099949
The role of alpha-lactalbumin in the **primary** *phase* of chymosin action on heated casein micelles. 095589
Cytophotometrical study of nuclear DNA in the different apical parts of the male gametophyte of Polytrichum formosum Hedw. during the **reproductive** *phase* [Musci]. 098907
Separation of carbonyl compounds by **reverse** *phase* liquid chromatography [in the cheese fat]. 095659
Ecological physiology of the lichen Hypogymnia physodes. III. The importance of the **rewetting** *phase.* 099879
Phase **shifting** the circadian rhythms of nocturnal insects by temperature changes [Eurycotis floridana, Lampyris noctilucta, Photuris]. 103077
Solid *phase* bovine thrombin: preparation and properties. 096248
The role of juvenile hormone in larval duration and spermiogenesis in relation to *phase* **variation** in the tobacco cutworm, Spodoptera litura (Lepidoptera: Noctuidae). 102285

PHEASANTS

Model study with *pheasants* on the **carry** over of the fungicide hexachlorobenzene, the insecticide lindane and the herbicide terbutryn. 102694
Marble spleen [virus induced] disease in *pheasants* in **Michigan.** 097535
Newcastle disease in the *pheasant,* **Phasianus** colchicus, in Britain. 097345
Ecological research on the role of the *pheasant* **(Phasianus** colchicus L.) and the partridge (Perdix perdix L.) in the reduction of the Colorado potato beetle (Leptinotarsa decemlineata Say.) population [Natural control]. 102460

PHENANTHRENE

Semi-synthesis of aristolochic acids and their homologues. I. Degradation of glaucine to *3,4,6,7-tetramethoxy-phenanthrene-1-carboxylic* **acid**—a study on the yield. 099738

PHENOLOGY

Studies on the phenology of mountain biocenoses. II. The problem of **comparative** *phenology.* 098 /67
Preliminary observations on transplanting and a *phenological* **index** of seagrasses. 101290
Studies on the *phenology* of **mountain** biocenoses. II. The problem of comparative phenology. 098767

PHENOLS

A study on the effect of **certain** *phenolic* acids and fumaric acid in soil on the development of paddy seedlings and nitrogen-fixing bacteria. 100049
Identification of salsolinol as a *phenolic* **component** in powedred cocoa and cocoa-based products. 095458
Effect of different technological processes on the stability and *phenolic* **composition** of red table wines. 095955
Phenol **compounds** from sunflower protein isolates. 095764
Phenolic **compounds** in extracts from Calluna vulgaris (L.) Hull. 099482
Phenol **compounds** of Pelargonium roseum Hort. 099507
Phenolic **compounds** derived from shikimate [Biosynthesis]. 099563
Phenolic **compounds** in cultures of tissues of tea plants and the effect of light on their synthesis. 099995
About the role of ascorbic acid and *phenolic* **compounds** in the resistance of roses to rust [Phragmidium disciflorum, Phragmidium tuberculatum]. 101338
Investigation of changes in chemical composition of wood lignin during its polycondensation with *phenol* and **formaldehyde.** 098329
High-frequency pressing of *phenolic-bonded* **hardboards.** 098223
Phenol-induced **inactivation** of phosphoglucomutase (EC 2.7. 5.1) in extracts from different organs of the potato plant. 100367
Phenolics and **indol** derivatives as preselection indices for the growth of Prunus trees. 100616
Phenols as **inductors** of some Basidiomycetes oxidases. II. Electrophoresis on polyacrylamide gel of soluble protein and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497
Accumulation of *phenols* and **phytoalexins** in citrus tissues inoculated with Phytophthora citrophthora (Sm & Sm.) Leoniam. 101619
Production of *phenols* and **phytoalexins** in hypocotyls of bean infected with Fusarium solani f. phaseoli (Burk.) Snyd. and Hans. 101630
Organic compounds of sulphate cellulose waste waters. III. *Phenols* **[Pollution** control]. 104590
Exoenzymic activity of alpha-amylase immobilized on a *phenol-formaldehyde* **resin.** 095425
Root *phenolic* contents of resistant and suceptible soybean cultivars infeced with Rotylenchulus reniformis [Nematodes]. 101841
Change in *phenolic* **substances** during the manufacture and aging of wines. 095895
Effect of the degree of mincing and sulfitation of pulp on the dynamics of *phenolic* **substances** and the quality of wines of the white portwine type. 095975
Phenolic **synthesis** and phenylalanine ammonia-lyase activity in suspension cultures of Acer pseudoplatanus L. 100675

PHENOTYPES

Phenotype **correlations** of protein components in wheat and rye seeds. 100174
Phenotypic and **genotypic** parameters of fleece weight of Mutton Merino sheep at different ages. 097085
Plant viruses with **mixed** *phenotypes* [Reconstitution]. 101742
Some biochemical characteristics of **modified** *phenotype* strains of opaque-2 (Zea mays L.) [Maize, varieties]. 100169
Genetic and *phenotypic* **parameters** for a profit function and selection method for optimizing profit in dairy cattle. 096940
Studies on the female-sterile mutant rudimentary of Drosophila melanogaster. I. An analysis of the rudimentary **wing** *phenotype.* 102909

PHENOXY

Synthesis, insecticidal and acaricidal properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and *6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl* **phosphorus** esters. II. [Musca domestica, Aphis fabae, Tetranychus urticae]. 102257

PHENYL

Synthesis, insecticidal and acaricidal properties of some 5alkoxy-, *5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl* and **6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl** phosphorus esters. II. [Musca domestica, Aphis fabae, Tetranychus urticae]. 102257
Metabolites of *3-phenyl-5-methyl-1,2,4-oxadiazole* **(PMO)** [antitussive agents added to tobacco] in rats, dogs, and mice. 096415
Effect of *N-phenyl-N'-(4-pyridyl)* **urea** on shoot formation in tobacco pith disk and callus cultured in vitro. 100271

PHENYLALANINE

Light effects on *phenylalanine* **ammonia-lyase** substrate levels and turnover rates in maize seedlings. 100283
The estimation of *phenylalanine* **ammonia-lyase** (PAL)-activity in intact cells of higher plant tissue. I. Parameters of the assay [Buckwheat]. 100291
The estimation of *phenylalanine* **ammonia-lyase** (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts [Buckwheat, strawberry, sunflower]. 100292
Properties of phenylalanyl-tRNA synthetase and *phenylalanine* **ammonia-lyase** of pine [Pinus elliottii] suspension cultures. 100668
Phenolic synthesis and *phenylalanine* **ammonia-lyase** activity in suspension cultures of Acer pseudoplatanus L. 100675

PHENYLALANYL

Isolation and characterization of seryl- and *phenylalanyl-tRNA* **synthetase** from the yeast [Saccharomyces cerevisiae]. 099741
Phenylalanyl-tRNA **synthetase** from wheat germ. Purification, molecular weight, structure, properties. 100112
Properties of *phenylalanyl-tRNA* **synthetase** and phenylalanine ammonia-lyase of pine [Pinus elliottii] suspension cultures. 100668

PHENYLHYDRAZINE

Accessory spleens in domestic rabbits (Oryctolagus cuniculus). II. Increased frequency in hematological diseases and experimental **induction** with *phenylhydrazine.* 096567

PHEROMONES

Alkylpyrazine **alarm** *pheromones* in primitive ants with small colonial units [Hypoponera opacior, Pomera pennsylvanica]. 102897
Isomer of **antiaggregative** *pheromone* identified from male Douglas-fir beetle [Dendroctonus pseudotsugae]: 3-methylcyclohex-3-en-1-one [Pseudotsuga menziesii pests]. 103005
Bark **beetle** *pheromones:* production of verbenone by a mycangial fungus of Dendroctonus frontalis. 102964
Analysis of *pheromones* and other **compounds** controlling insect behavior [synthetic attractants]. 102220
Mechanism of *pheromone* **effects** [Apis mellifera]. 103291
Evidence of circadian rhythm of male responsiveness to **female** *pheromones* in Acrolepiopsis (Acrolepia) assectella Zell. (Lepidoptera). 102843
Locustol [the locust **gregarization** *pheromone]* and its analogues. 103009
Pheromones in the **honeybee** society. 103305
Physics and **insect** *pheromones* [Lymantria dispar, trees, biological control of the gypsy moth]. 102486
Chemical messengers in insects and plants [Allomones, **kairomones,** *pheromones].* 103089
Hormone-pheromone **relationships** of male Tenebrio molitor. 103003
Luring insects to their deaths **[Sex** *pheromones].* 102259
Effect of some physiological and environmental factors on the production and release of **sex** *pheromone* by the females of the rice moth, Corcyra cephalonica (Stainton). 102326
2,6-dichlorophenol, the **sex** *pheromone* of the Rocky Mountain wood tick, Dermacentor andersoni Stiles and the American dog tick, Dermacentor variabilis (Say). 102578
Role of insect **sex** *pheromone* in mating behavior. I. Theoretical consideration on release and diffusion of sex pheromone in the air [Hyphantria cunea]. 102826
Fire ant [Solenopsis] **trail** *pheromones:* analysis of speciesspecificity after gas chromatographic fractionation. 102999
Trail-following *pheromones* of the Rhinotermitidae: approaches to their authentication and specificity. 102968
Trial in the control of the flight of the apple moth Laspeyresia pomonella L. by *pheromone* **traps.** 102411

PHIALOPHORA

Breeding for resistance to *Phialophora* **cinerescens** (Wr.) van Beyma in glasshouse carnations (Dianthus caryophyllus L.). 099170
Phialophora **parasitica** associated with disease conditions in various trees. 101653

PHLEBOTOMUS
On the fascicle of blood-sucking Diptera, in addition a description of the maxillary glands in *Phlebotomus* **papatasi,** together with the musculature of the labium and pulsatory organ of both the latter species and also of some other Diptera. 103036
Studies on cutaneous leishmanias in Khuzestan, Iran. II. The status of **sandflies** *[Phlebotomus].* 102557

PHLEUM
Diuraphis muhlei Born.—a new pest on the seed plantings oftimothy *[Phleum* **pratene**] in Poland. 102351
Some morphological peculiarities of the pollen from highland grasses *[Phleum* **pratense,** Dactylis glomerata, Bromus inermis]. 098892
Biological ativity of extracts from Calluna vulgaris (L.) Hull. on the growth and germination [of red clover and *Phleum* **pratense** seedlings]. 100080
Studies on harmfulness and control of timothy flies, Amaurosoma sp. *[Phleum* **pratense,** insect pests]. 102352
Intrapopulation variability of the chemical composition in **timothy** *[Phleum].* 099093

PHLOEM
Mycoplasmalike organism found in the *phloem* of **bunch-diseased** walnuts [Juglans]. 101750
Chemical forms of manganese and zinc in *phloem* **exudates** [Castorbeans]. 099892
Rapid propagation of changes in velocity of translocation among the *phloem* **pathway** of Helianthus annuus L. [Sunflowers]. 100095
Correlation between anatomic traits of wood and *phloem* in the **Pinaceae.** 099015
Demonstration of mycoplasmalike organisms in the *phloem* of **trees** with pear decline or proliferation symptoms by fluorescence microscopy? 101779

PHLOMIS
Taxonomic review of Jerusalem sages *[Phlomis]* from **Kazakhstan** and [Soviet] Central Asia. 098545

PHOMA
Centipedegrass [Eremochloa ophiuroides] seed treatments andlight-temperature effects on germination [Curvularia, *Phoma,* **Alternaria,** Fusarium]. 101549
Effect of immunizing substances on pathological changes caused by the **fungus** *Phoma* tracheinhila in the tissues of Gruzinskii lemon [Mal secco disease]. 101616
Resistance of carrot varieties to brown rot *[Phoma* **rostrupii]** and white rot [Sclerotinia]. 101351

PHOMOPSIS
X-ray crystal structure of cytochalasin H, a potent new [11]cytochalasan toxin *[Phomopsis,* **Fungi].** 099665
Notes on phytotoxic activty of *Phomopsis* **viticola** (Sacc.) Sacc. [The causal agent of "dead arm" disease of grapevine]. 101532

PHORADENDRON
American chestnut [Castanea dentata], a new host in California for the **mistletoe** *Phoradendron* villosum. 102172

PHORMIA
A model of forgut activity in the **blowfly** *Phormia* regina Meigen. III. Analysis of crop-valve function during the crop-emptying process. 102868
Dosage effect study of the microsporidian Octosporea muscaedomesticae in the adult black **blowfly** *Phormia* regina, with reference to the reproductive cycle of the pathogen. 103026

PHORMIDIUM
Decomposition of the herbicide simazine in cultures of algae [Chlorella vulgaris, Chloridella simplex, Anabaena variabilis, *Phormidium* **foveolarium**]. 102159

PHORODON
The biology of the hop **aphid** *(Phorodon* humuli Schr.). 102258

PHOSFON
Stimulation of growth of pepermint (Mentha piperita) by *phosfon,* a **growth** retardant. 099898

PHOSPHATASES
Affinity chromatographic isolation of milk **acid** *phosphatase.* 095612
Importance of SH groups in catalysis by bovine brain **acid** *phosphatase.* 096242
Distribution of **acid** *phosphatase* in chick Hensen's node [Embryology]. 096323
Ultrastructural localization of **acid** *phosphatase* and thiamine pyrophosphatase activities and of phosphotungstic staining at low pH [hydrogen-ion concentration] in the placental labyrinth of the cat. 096372
Repression of the **acid** *phosphatase* of Saccharomyces bisporus [yeasts] in relation to the polyphosphate content of the cells. 099630
Properties and biosynthesis of cell wall-bound **acid** *phosphatase* in Aspergllus niger [Fungi]. 099924
Comparative biochemical studies on populations, inbreds and lines of Phaseolus vulgaris [kidney beans]. 2. Multiple molecular forms of **acid** *phosphatase* and esterase. 100562
Demonstration of two types of **acid** *phosphatase* activity in the stem meristem of spinach. 100565
Host-parasite relationship. 1. Alkaline and **acid** *phosphatase* distribution in the silk glands of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Studies on vitamin B2 of the milk and milk products. VIII. The relationship between *phosphatase* **activity** and riboflavin of the milk. 095213
Dynamics of *phosphatase* **activity** in soil and root tissue of winter wheat as a result of fertilizer application. 100123
Isoenzymes of **alkaline** *phosphatase:* reference values in young people and effects of protein diet. 095059
Alkaline *phosphatase* isoenzymes in the dog. 096273
A note on the localization of **alkaline** *phosphatase* in thirty-day-old sheep foetuses. 096408
Glycogen and **alkaline** *phosphatase* in the liver of fetuses and newborn lambs and piglets. 096582
Concentration of **alkaline** *phosphatase* amylase and glucose in cervical mucus of fertile and infertile cows during oestrum. 096996
Repressible **alkaline** *phosphatase* in Aspergillus niger [Fungi]. 099712
Extracellular **alkaline** *phosphatase* in multicellular marine algae and their utilization of glycerophosphate. 099894
A kinetic analysis of the dephosphorylation, by bovine spleen **phosphoprotein** *phosphatase* (EC 3.1.3.16) of a phosphopeptide derived from beta-casein. 096230
Glucose-6-phosphatase-phosphotransferase: **roles** and regulation in relation to gluconeogenesis. 096396

PHOSPHATES
The effect of metabolic poisons on ATP [adenosine 5'-triphosphate] level and on **active** *phosphate* uptake in Chlorella pyrenoidosa [Algae]. 099899
Studies on wheat fertilization with urea **ammonium** *phosphate.* 104028
Physico-chemical properties of soil under *phosphate* **application** in Stylosanthes humilis. 103763
Radiobiological determination of **assimilable** *phosphate* supply in peat-bog soils. 103735
Analysis of [the herbicide, defoliant and dessicant] **bipyridyl** *phosphate.* 102129
The chemistry of **calcium** *phosphate* precipitation in cane [sugarcane] juice clarification. 095807
The nature of powers efficiency in the formation or rennet and acid coagula and the role of calcium, *phosphate* and **citrate** in coagulum formation. 095631
Application of hexachlorobutadiene in combination with polymers and *superphosphate* for the **control** of Phylloxera and nematodes [Pests of grapevine]. 102416
Fluxes of gibberellic and abscisic acids, together with that of adenosine **3',5'-cyclic** *phosphate,* across plastid envelopes during development [Oats]. 100287
Application of feed **defluorinated** *phosphates* in the diets of broiler chicks. 096721
Feed **defluorinated** *phosphates* as a source of microelements. 096724
Glyceraldehyde-3-phosphate **dehydrogenase** [in plants, insects and animals]. 099705
C4 grasses: an anatomical criterion for distinguishing between NADP [carbon]-malic enzyme species and PCK or NAD [nicotinamide adenine **denucleotide** *phosphate]-malic* enzyme species. 098887
Metabolism of the insecticide SD 8280, 2-chloro-1-(2,4-dichlorophenyl)vinyl **dimethyl** *phosphate,* following its application to rice. 102344
Degradation of the insecticide SD 8280, 2-chloro-1-(2, 4-dichlorophenyl)vinyl **dimethyl** *phosphate,* in soils [Residues]. 102754
Specificity for nicotinamide adenine dinucleotide and nicotinamide adenine **dinucleotide** *phosphate* of nitrate reductase from the salt-tolerant alga Dunaliella parva. 099948
Nitrate reductase and nitrite activity in dark-grown radish seedlings: relationto the supply of NADPH [nicotinamide-adenine **dinucleotide** *phosphate].* 100535
Affinity chromatography of NADP [nicotinamide adenine **dinucleotide** *phosphate]-specific* isocitrate dehydrogenase from the pupa of Bombyx mori. 103206
Halothane-induced rigidity and associated glycolytic and **energy** *phosphate* changes in red and white fibres of skeletal muscle of the pig. 096437
Implications of *phosphate* **fertilizer** price rises for wheat farming. 104039
Effect of *phosphate* **fertilizer** on rice in soils derived from basalt. 104126
Efficient use of *phosphatic* **fertilizers** for wheat. 103992
Guide to soils and plant nutrition. 3. [Salt and alkalinity, cation and anion exchange, *phosphate* **fixation**]. 103818
Partial purification and some properties of **glucose** *6-phosphate* dehydrogenase from Eimeria stiedai (Lindemann, 1865) Kisskalt & Hartmann, 1907 (Protozoa: Coccidia) [Rabbits]. 097308
Regular application of *superphosphate* in **high** levels on deep Chernozem. 104088
The uptake and metabolism of *phosphate* by the **lichen** hypogymnia physodes. 099883
A structural study of pig **liver** *clyceraldehyde-3-phosphate* dehydrogenase. 096232
Properties of [mung] bean hypocotyl mitochondria isolated in a *sucrose-phosphate* **medium.** 100580
Differential response of bean varieties to **ordinary** *superphosphate.* 103891
Organic *phosphate* poisoning [Livestock, pesticides]. 097775
Rate of transfer of C14 [carbon isotope] from dicarboxylic acids to the **pentose** *phosphate* cycle as a function of the ratio of malate and aspartate and disposal of the chloroplasts in C [carbon]-4 plants. 099996
Response of dwarf and tall wheats to nitrogen, *phosphate* and **potash.** 104006
Utilization of *phosphates* by **potatoes** depending on the form and way of applying the accompanying nitrogenous fertilizer. 100508
Studies on the biosynthesis of cyclitols. 33. Preparation of highly **purified** *myo-Inositol-1-phosphate* synthase from bull testicles; comparison with the corresponding enzyme from rat testicles. 096995
Differential photometric method of determining aluminum in **rock** *phosphates,* fertilizers and extractive phosphoric acid. 104063
Phosphorus assimilation by clover and lucerne from **soil** *phosphates* of various genetic horizons of sod-podzolic mean-sandy-loam soils. 100175
Sn-Glycerol-3-phosphate **transacylase** activity in Euglena gracilis organelles [Algae]. 099520
Diagnosis of **triorthocresyl** *phosphate* poisoning in cattle. 097845
Lymphatic tissue response in chickens treated with **tri-o-tolyl** *phosphate.* 097823
Evidence for **two** *phosphate* tramsport systems in Candida tropicalis [Yeasts]. 099554
Effect of **urea** *phosphate* and liquid ammonium polyphosphate on the yield of barley and rye in a crop rotation. 104073
Determination of trace amounts of *phosphate* in **water** extracts of soils. 103724
Effect of organic manure and chemical fertilizers on opium poppy [Papaver]. III. Role of *phosphate* on the **yield** of opium, morphine and poppy seeds. 103983

PHOSPHATIDES
Determination of *phosphatides* in **cocoa** products. 095435

PHOSPHINE
Estimation of *phosphine* **concentrations** in air [Fumigants]. 104517
The tolerance of developmental stages of four stored product moths to *phosphine* **[Ephestia,** Plodia interpunctella]. 102538

PHOSPHODIESTERASES
Juvenile hormone regulation of cyclic AMP [adenosine monophosphate] and **cAMP** *phosphodiesterase* activity in Oncopeltus fasciatus. 103006
Properties of ribonuclease, *phosphodiesterase,* and **decyclizing** phosphodiesterase from rape (Brassica napus L.) pollen. 100147

PHOSPHOENOLPYRUVATE
Hormonal regulation of *phosphoenolpyruvate* **carboxykinase** (GTP) in mammalian tissues. 096398
Phosphoenolpyruvate **carboxykinase** and renal gluconeogenesis. 096401
Regulation of pyruvate kinase and *phosphoenolpyruvate* **carboxykinase** activity in adult Fasciola hepatica (Trematoda). 097384
Phosphoenolpyruvate **carboxylase** from Setaria italica: inhibition by oxalacetate and malate). 100045

PHOSPHOFRUCTOKINASE
Studies on the oligomeric structure of yeast [Saccharomycescerevisiae] *phosphofructokinase* by **means** of cross-linking diimidoesters. 099525

PHOSPHOGLUCOMUTASE
Polymorphism of *phosphoglucomutase* in **cattle** leucocytes. 096859
Phenol-induced inactivation of *phosphoglucomutase* **(EC** 2.7. 5.1) in extracts from different organs of the potato plant. 100367

PHOSPHOGLUCONATE
Erythrocyte *6-phosphogluconate* dehydrogenase isozymes in the Japanese quail (Coturnix coturnix japonica). 096533
Effect of selected inhibitors and methylene-blue on a **possible** *phosphogluconate* pathway in washed boar sperm. 096930

PHOSPHOGLYCERIC
Characterization of charge isomers of yeast [Saccharomyces cerevisiae] *phosphoglycerate* **kinase.** Evidence for intracellular differences. 099462

PHOSPHOKINASES
Stability of stored serum **creatine** *phosphokinase* [in veterinary medicine]. 096276

PHOSPHOLIPASES
Lecithin agar for detection of **microbial** *phospholipases* [Reactions in egg yolk]. 094808

PHOSPHOLIPIDS
Studies on rancidity of oils and fats. On the **autoxidation** of *phospholipids.* 094896
Changes in *phospholipid* **contents** in microsomal membranes in cortex of black locust [Robinia pseudoacacia] bark during dehardening. 099855
The effect of a long-term excess of pyridoxine on the fatty acid composition of the **major** *phospholipids* in the rat. 095150

Alterations of the *phospholipids* in a **rhythmically** growing mutant of Podospora anserina (Ascomycetes) [Fungi]. 099527

PHOSPHONIC

Callus induction by (2-chloroethyl) *phosphonic* **acid** on cultured cotton ovules. 100250

PHOSPHOROTHIONATE

Analytical methods for Sumithion [O,O-dimethyl O-(3-methyl-4-nitrophenyl) *phosphorothioate]* in **technical** products and formulated materials [Organophosphorus insecticide]. 102765

PHOSPHORUS

Response of Navane (fox tail millet) to N [nitrogen] and P *[phosphorus]* **application.** 104014
The dynamics of the content of **assimilated** *phosphorus* and potassium in plants and soil of bilberry associations in the Central Roztocze. 099499
Phosphorus **assimilation** by clover and lucerne from soil phosphates of various genetic horizons of sod-podzolic mean-sandy-loam soils. 100175
Effect of aldicarb on growth and radio-carbon (14C) and *radio-phosphorus* (32P) **assimilation** by Rhizobium japonicum. 102745
Changes in total N [nitrogen], organic matter, available P *[phosphorus],* and **bulk** densities of a cultivated soil 8 years after tame pastures were established. 103662
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, *phosphorus,* **chlorine**] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Effects of water hardness, *phosphorus* **concentration** and sample pretreatment on the algal assay procedure—bottle test [using Selenastrum capricornutum]. 099750
Study of calcium and *phosphorus* **content** of goat's milk. 095675
Physiological studies on the nitrogen nutrition of wheat plant. II. The effect of different levels of nitrogen supply on the *phosphorus* **content** of various plant organs. 100085
Effect of nitrogen, phosphorus and potassium fertilization on grain yield and *phosphorus* **content** of gram (Cicer arietinum Linn.) [chickpeas]. 100413
Effect of nitrogen, *phosphorus,* **date** of sowing and seed rate on yield of dwarf wheat in Rajasthan. 100839
The contents of some mineral elements in hay of lucerne (Medicago X varia Martyn) cultivated on rendzina soil in conditions of spray irrigation and **differentiated** *phosphorus.* 100057
Carbon, nitrogen, and *phosphorus* **dynamics** during leaf decay in nutrient-enriched steam microecosystems. 104288
Differential photometric method of determining aluminum in rock phosphates, fertilizers and **extractive** *phosphoric* acid. 104063
P *[phosphorus]* **fertility** and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Effect of mixed salinity and P *[phosphorus]* **fertility** on yield and microelement composition of tomato, sweet corn and sudangrass in sand culture. 103976
Response of potato to nitrogen and *phosphorus* **fertilization.** 104018
The effect of N & P [nitrogen, *phosphorus]* **fertilization** on the yield of green herb and alkaloid content of Belladona [Atropa belladonna]. 104030
Placement and broadcasting of NPK *[nitrogen-phosphorus-potassium]* **fertilizer** for late maturing potatoes. 104148
Application of different *phosphorus* **fertilizers** on winter wheat in the conditions of irrigation. 104055
Nitrogenous and *phosphorus* **fertilizers** in potato growing. 104082
Phosphorus **fertilizers** and the yield of spring wheat in the arid steppe of the North Kazakhstan. 104084
Effect of dietary calcium and *phosphorus* on the **incidence** of atrophic rhinitis in pigs. 097738
Iron-phosphorous **interactions** in bush beans. 100154
The effects of changes in thyroid function on testis 32P *[phosphorus* **isotope]** uptake and the response to gonadotropin inthe chick. 096366
Influx intensity of *phosphorus* 32 **[isotope]** in cotton plants and its outflow into reproductive organs after the desiccation by magnesium chlorate. 100228
Dispersal and mating in the field by male pink bollworm, Pectinophora gossypiella [cotton pest] labeled with 32P *[phosphorus* **isotope].** 102300
Labelling of adult European cherry fruit flies (Rhagoletis cerasi L.) by *phosphorus* 32 **[isotope].** 102412
Absorption of P32 *[phosphorus* **isotope]-labelled** tobacco mosaic virus by isolated tobacco protoplasts and deproteinization of the virus in them. 101798
Phosphorous **levels** on the ability of an iron-inefficient and an iron-efficient corn inbred to take up iron from nutrient solution. 100156
Intraspecific differences in growth of beans at stress **levels** of *phosphorus.* 100479
Response of pigeonpea to dates of planting and *phosphorus* **levels.** 100862
The nature of the *phosphorus* **linkage** in component I, a phosphoprotein isolated from the blood serum of des-treated cockerels. 096517
Calcium and *phosphorus* **metabolism** in steers when fed a supplement of melted calcium polyphosphate and receiving intramuscular injections of vitamins A,D and E. 096722
Phosphorus **metabolism** in the leaves of winter wheat from various ecological groups. 100116
Synthesis and insecticidal and acaricidal properties of some **5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl** *phosphorus* esters. III. [Musca domestica, Calandra granaria, Aphis fabae, Tetranychus urticae]. 102256
Mobile *phosphorus* in plants [Wheat, clover]. 100212
Automatic determination of **mobile** *phosphorus* and exchangeable potassium in soil extracts. 103785
Seedling vigor of some important range species as affected by **nitrogen** and *phosphorus.* 100073
Effect of soil moisture regimes, nitrogen and *phosphorus* on N, P, K and Ca **[nitrogen,** phosphorus, potassium, calcium] uptake by berseem fodder [Egyptian clover]. 100211
Effect of P, N *[phosphorus,* **nitrogen]** and inoculum on root, nodulation and yield of gram [Mungo beans]. 103984
Nodulation pattern in soybean as affected by rates of **nitrogen** and *phosphorus.* 104001
Response of moong [mung beans] to graded levels of N **[nitrogen]** and P *[phosphorus].* 104013
Response of soybean varieties to graded doses of **nitrogen** and *phosphorus.* 104145
Organic *phosphorus* in noncultivated soils of Tenerife. 103681
Synthesis, insecticidal and acaricidal properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and **6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl** *phosphorus* esters. II. [Musca domestica, Aphis fabae, Tetranychus urticae]. 102257
A reinvestigation of the reaction of beta-maltose octaacetate with *phosphorus* **pentachloride.** 095424
Effect of nitrogen and *phosphorus* on **percentage** of crown tissue and quality of sugarbeets. 100245
Rapid manual determination of sulfur and *phosphorus* in **plant** material. 099677
Effect of nitrogen, *phosphorus* and **potash** on the yield of mustard in Rajasthan. 103979
Determination of nitrogen, *phosphorus* and **potassium** in plants from one weight sample. 099847
Removal of nitrogen, *phosphorus* and **potassium** by a planned yield of farm crops in a rotation. 100202
Effect of soil moisture regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, *phosphorus,* **potassium,** calcium] uptake by berseem fodder [Egyptian clover]. 100211
Comparative study of the mineral composition (calcium, *phosphorus,* **potassium** and magnesium) of different alfalfa cultivars. 100298
Effect of nitrogen, *phosphorus* and **potassium** fertilization on grain yield and phosphorus content of gram (Cicer arietinum Linn.) [chickpeas]. 100413
Biomass accumulation and the removal of nitrogen, *phosphorus* and **potassium** by spruce [Picea] transplants. 100641
Effect of NPK [nitrogen, *phosphorus,* **potassium]** application on the yield of blackgram on light soils. 100841
Nitrogen, *phosphorus* and **potassium** balance in arable soils from the Vladimir Region. 103789
Change in the NPK [nitrogen, *phosphorus,* **potassium]** content of maize grains and recovery of fertilizers on a calcareous sandy soil. 103872
Effect of NPK [nitrogen, *phosphorus,* **potassium]** fertilizers on yield in maize monocultures. I. NPK content of grains as affected by fertilizing. 103874
Effect of NPK [nitrogen, *phosphorus,* **potassium]** fertilizers on yield in maize monocultures. II. Nutrient balance and recovery of fertilizers. 103875
Response of sugarcane to filter press mud and N, P, and K [nitrogen, *phosphorus,* **potassium].** I. Effect on sugarcane yield and sucrose content. 103883
Response of sugarcane to filter press mud and N, P, and K [nitrogen, *phosphorus,* **potassium]** fertilizers. II. Effects on plant composition and soil chemical properties. 103884
Effect of farmyard manure, straw, slurry and nitrogen, *phosphorus,* **potassium** on crop yields and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Effect of nitrogen, *phosphorus* and **potassium** on yields, protein contents and nutrient levels in soybeans, field peas and fababeans. 103925
The effect of nitrogen, *phosphorus* and **potassium** fertilizers on the yield and quality of maize silage. 103931
Dry matter accumulation in spring hybrid maize as affected by N P K [nitrogen, *phosphorus,* **potassium]** fertilization. 103966
Effect of NPK [nitrogen, *phosphorus,* **potassium],** method of N application and moisture conservation practices on wheat yield under rainfed conditions. 103982
Response of rice to P *[phosphorus]* and K **[potassium]** in relation to time of application. 104020
Effectiveness on *phosphorus* and **potassium** fertilizers in cotton crops as related to the content of phosphorus and potassium in soils. 104075
Yield and growth responses of [orchid hybrid] Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, *phosphorus,* **potassium]** and sawdust mulch. 104136
Response of potato (Solanum tuberosum) to varying levels ofirrigation and NPK [nitrogen, *phosphorus,* **potassium]** fertilization. 104325
New method of determining assimilable **soil** *phosphorus* in plants: extrapolation of kinetics of isotopic dilution. 099614
Changes of the **soil** *phosphorus* status in long-term field experiments. II. 103873
Effect of P *[phosphorus],* **spacing** and irrigation on the grain yield of mung [beans] after rice bean. 100842
Can you **spare** *phosphoric* fertilizing? 104143
Changes in the partition of nitrogen and *phosphorus* in **stored** pig slurry. 104538
Dynamics of *phosphorus-containing* **substances** and winter hardiness of amygdalaceous fruit cultures. 100573
Comparison of Ca, P, and S [calcium, *phosphorus,* and **sulfur]** levels in predentine and tendon [Rats]. 096379
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and *phosphorus* in different **tissues** of swine (brain, lung, liver, kidney, small intestine). 096216
Interrelation of nitrogen and *phosphorus* **uptake** to yield of wheat. 103997
Response of maize to *phosphorus* and **zinc** under deep and shallow water table conditions. 104012

PHOSPHORYLASES

Application of histochemistry to a living organ: Polyglucose histochemically synthesized in the paraboloid of the chickaccessory cone in vivo by *phosphorylase* and **branching** glycosyltransferase. 096370

PHOSPHORYLATION

The effect of *phosphorylation* of **[chicken]** gizzard myosin on actin activation. 096227
Probes of **initial** *phosphorylation* events in ATP [adenosine triphosphate] synthesis by [spinach] chloroplasts. 100487
Phosphorylation of a **low** molecular weight polypeptide in beef heart Na+, K+-ATPase [sodium ions, potassium ions, adenosine triphosphatase] preparations. 096212
Sodium- and potassium-activated adenosine triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the *phosphorylating* **polypeptide.** 096428
Phosphorylation and **protein** kinase activities of chromosomal non histone proteins from chick embryo fibroblasts. 096260
Preparation of yeast [Saccharomyces cerevisiae] mannan derivatives by **stearoylation** and *phosphorylation.* 099670

PHOSPHOTRANSFERASES

Glucose-6-phosphatase-phosphotransferase: **roles** and regulation in relation to gluconeogenesis. 096396

PHOTO

Agricultural Stabilization and Conservation Service aerial **photography**—*photo* indexes [at the National Agricultural Library]. 093954

PHOTOCHEMISTRY

Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. I. Changes in the *photochemical* **activities** [Algae]. 099889
Photochemical **activities** of etiochlorplasts isolated from plants greened under intermittent light. I. Absorption of oxygen [Wheat]. 100259
Photochemical **activities** of etiochloroplasts isolated from plants greened under intermittent light. II. Photobleaching of pigments [Wheat]. 100260
Inhibition of **chloroplast** *photochemical* reactions with 2-chloromercuri 4,6-dinitrophenol [Euphorbia hirta]. 099518
Photolysis of **hexachlorobenzene** [an environmental contaminant]. 104524
Study of the structure of *photochemical* **hydration** products of chlorophyll and its derivatives. 099701
Ultraviolet irradiation of fenitrothion [insecticide] and the synthesis of the *photolytic* **oxidation** products. 102716

PHOTOELECTRIC

A *photoelectric* **seed** counting detector. 103455
A *photoelectric* **sensor** for distinguishing between plant material and soil. 103454

PHOTOGRAPHY

Agricultural Stabilization and Conservation Service **aerial** *photography*—photo indexes [at the National Agricultural Library]. 093954
What's going on up there **[Aerial** *photography].* 093966
Cluster sampling with large-scale **aerial** *photography* in forest inventories. 097998
The accuracy of establishing the boundaries of taxation sites according to spectral **aerial** *photographs* of the scale 1:10,000. 098050
The trustworthiness of deciphering taxation indicators of northern forests according to spectral and panchromatic **aerial** *photographs.* 098053
Hemispherical *photography,* topography and plant distribution. 098859

PHOTOLYSIS *see* PHOTOCHEMISTRY

PHOTOMETRY

Differential *photometric* method of determining aluminum in rock phosphates, fertilizers and extractive phosphoric acid. 104063
Contribution to determination of invert sugar in technical sugar juices. 1. **New** *photometric* method with 4-amino-3-hydrazino-5-mercapto-1,2,4-triazol as colour reagent. 095847

PHOTOMORPHOGENESIS

Aspects of *photomorphogenesis* in the **brown** alga Dictyota dichotoma. 100042

PHOTOPERIODISM

Effect of *photoperiod* upon **age** and maintenance of sexual development in female Coturnix coturnix japonica [Japanese quail]. 096510
Ahemeral *photoperiods* for chicken hens. 096509
Photoperiodism and **chlorophyll** content of spinach leaves (Spinacia oleracea, ver. Nobel). 100567
Carbohydrate metabolism and frost hardiness in pine and spruce [Pinus sylvestris, Picea abies] seedlings grown at **differnt** *photoperiods* and thermoperiods [Injuries]. 100666
Embryonic *photoperiodic* sensitivity in two species of fleshflies, Parasarcophaga similis and Boettcherisca septentrionalis. 102998
Rhythms of vitellogenesis and ovulation in *photoperiod* **LD** 12:12 in Drosophila melanogaster. 103013
Analysis of the possibility of developing early varieties of sunflower by the *photoperiodic* **method.** 099437
The effect of *photoperiod* on **night** respiration of a short day flowering plant, Chenopodium polyspermum L. 099620
Effects of *photoperiod* on a **population** of Euschistus tristigmus (Hemiptera: Pentatomidae) from Storrs, Connecticut. 102793
Photoperiodic **reaction** of peavine [Lathyrus] varietal specimens. 100117
Trophic regularities of *photoperiodism* in **relation** with the control of plant productivity. 099771
The possible role of auxin in **reversing** *photoperiodic* induction of flowering in a short-day plant, Chenopodium rubrum L. 100047
Genetic control of *photoperiodic* **sensitivity** and maturity in spring wheat within narrow limits of adaptation. 099184
Factors affecting the flowering of Andropogon gayanus Kunth. Responses to *photoperiod,* **temperature** and growth regulators. 100093
Effects of *photoperiod* and **temperature** on vegetative and reproductive responses of Lycopersicon esculentum Mill. [Tomatoes]. 100475
Effect of *photoperiod* and **temperature** on growth and flowering in Lagerstroemia indica L. 100586
Effects of *photoperiod* and **temperature** regimens on the biology of European and United States alfalfa weevil [Hypera postica] populations. 102281
Effects of *photoperiod* and **temperature** on abnormal wing-pad development in two species of Odonata [Enalagma hageni, Enallagma aspersum]. 102870
Photoperiodic and **thermoperiodic** interactions in the regulation of the larval diapause of Diatraea grandiosella. 103011
Secretion of LH [luteinizing hormone] in rams exposed to **two** different *photoperiods.* 096964

PHOTOPHOSPHORYLATION

A study on the effect of *photophosphorylation* **rate** in pea chloroplasts due to some environmental factors. 100607

PHOTORESPIRATION *see* RESPIRATION

PHOTOSYNTHESIS

Field measurements of energy in the 0.4-0.7 micron range II *[Photosynthetically* **active** radiation]. 094114
The construction and long term field use of inexpensive aerial and aquatic integrating photometers *[Photosynthetically* **active** radiation]. 098867
A comparison of experimental and theoretical spectra for *photosynthetically* **active** radiation at various atmospheric turbidies. 099469
Ways of increasing the coefficient of utilization of *photosynthetically* **active** radiation in growing potatoes. 100456
Photosynthetic **activities** of isolated bundle sheath cells in relation to differing mechanisms of C4 pathway photosynthesis. 099519
Study of physiological and genetic aspects of *photosynthetic* **activity** of plants [Maize, peas]. 099261
Evolution of *photosynthetic* **activity** of Chlorella rubescensChodat [Algae] in synchronous culture. 099971
Effect of various levels of fertilizers on the *photosynthetic* **activity,** yield and quality of the grain of tall- and short-stem cultivars of spring wheat under irrigation. 100193
Changes in chloroplast lipids during the development of *photosynthetic* **activity** in barley etio-chloroplasts. 100251
Manganese and structuration of the *photosynthetic* **apparatus** in Funaria hygrometrica [Musci]. 098909
Changes in the reactivity of the *photosynthetic* **apparatus** in heterotrophic ageing cultures of Scenedesmus obliquus. I. Changes in the photochemical activities [Algae]. 099889
Changes in the reactivity of the *photosynthetic* **apparatus** in heterotrophic ageing cultures of Scenedesmus obliquus. II. Changes in ultrastructure and pigment composition [Algae]. 099890
Changes in the reactivity of the *photosynthetic* **apparatus** in heterotrophic ageing cultures of Scenedesmus obliquus. III. Recovery of the photosynthetic capacity in aged cells [Algae]. 099891
Effect of hybridization on structure and function of the *photosynthesis* **apparatus** in cotton. 100313
Single leaf and **canopy** *photosynthesis* in a ryegrass [Loliumperenne] sward. 100097
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. III. Recovery of the *photosynthetic* **capacity** in aged cells [Algae]. 099891
Circadian rhythms of chloroplast orientation and *photosynthetic* **capacity** in Ulva [lactuca latissima]. 099943
The physiology of rooting Populus cuttings. I. **Carbohydrates** and *photosynthesis.* 100669
Intensity of *photosynthesis* of **citrus** plants under various temperaturs in relation to their frost resistance. 100585
Photosynthetic **coefficient** and intravitam excreta of the blue-green alga Anacystis nidulans. 099871
The effects of inhibition of **cotyledon** *photosynthesis* on seedling development in Cucumis sativus L. [Cucumbers]. 100357
Seasonal dynamics of the phytomass of a herbaceous ground cover in a forest-steppe oak forest in relation to the dynamics of *photosynthesis* and **ecologic** factors. 100023
Function in *photosynthesis.* 099760
Effect of soil moisture and fertilizers on the rate of *photosynthesis* of **grapevines.** 100432
Effect of salinity on the *photosynthesis* of the **halophyte** Salicornia rubra and Distichlis stricta. 099893
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The *photosynthetic* **incorporation** of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
The I-D fluorescence transient: An indicator of rapid energy distribution changes in *photosynthesis* **[Kidney** beans]. 100378
Pod and **leaf** *photosynthesis* and disease incidence in soybean (Glycine max (L.) Merr.) with potassium fertilization. 100157
Mathematical formulation of the relationship between *photosynthesis* and **light** for phytoplankton. 099851
Effect of the optimization of growing conditions on the productivity of **maize** *photosynthesis.* 100125
Ontogenesis of *photosynthetic* **membranes** in the plastids of Cattleya sp. leaves grown in the light. 099533
Distribution of enzymes related to C3 and C4 [carbon] pathway of *photosynthesis* between **mesophyll** and bundle sheath cells of Panicum hians and Panicum milioides. 099918
Photosynthetic activities of isolated bundle sheath cells in relation to differing mechanisms of C4 **pathway** *photosynthesis.* 099519
Effects of anaerobic conditions on the *photosynthetic* **pathway** of Anacystis [nidulans] and Chlorella [vulgaris, Algae]. 100043
The host-parasite relationship between Vigna sesquipedalis [summer vegetable in southern China] and Uromyces appendiculatus. I. Development of parasitic colonies and the **pattern** of *photosynthesis.* 101543
Aboveground biomass allocation, leaf growth, and *photosynthesis* **patterns** in tundra plant forms in arctic Alaska. 098834
Photosynthetic **performance** and substance production by higher aquatic plants, as exemplified by Typha latifolia and Typha angustifolia. 100040
Functions of carotenoids other than in *photosynthesis* **[Photoprotection** in algae, fungi and green plants]. 099761
Photosynthetic **potential** and the productivity of cereals. 100198
Statistical models of optimization of the **processes** of *photosynthesis.* 099572
Theory of *photosynthetic* **productivity** of plants and effective trends in breeding for increased productivity. 099265
Analysis of field crop yields and processes of their formation in the conditions of East-Slovakia lowland. IV. Seasonal changes of the *photosynthetic* **productivity** of sunflower. 102348
14CO2 [carbon dioxide isotope] uptake and *photosynthetic* **products** of bean leaves after 0.5 or 10 hours pretreatment of plants with 100% O2 [oxygen] in light. 100618
Effect of CuSO4 [copper sulfate] on the *photosynthetic* **rate** of phytoplankton in four Danish lakes [Algae]. 099885
Application of spectral-isotopic methods to a study of the variability of *photosynthetic* **rate** and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Pigment changes and *photosynthetic* **rates** under selected wavelengths in the growing tips of Eucheuma isiforme (C. Agardh) J. Agardh var denudatum Cheney during vegetative growth [Algae]. 099581
Photosynthesis in a **reconstituted** chloroplast system from spinach: some factors affecting CO2 [carbon dioxide]-dependent oxygen evolution with fructose-1,6-biphosphate as substrate. 100374
Apparatus for determining the intensity of *photosynthesis* and **respiration** in plants. 099567
The activity of ascorbic acid and catechol oxidase, the rate of *photosynthesis* and **respiration** as related to plant organs, stage of development and copper supply [Oats, sunflowers]. 100056
Physiological characteristics of *photosynthesis* and **respiration** in stems of Populus tremuloides Michx. 100673
Physiology of powdery mildew [Erysiphe cichoracearum] infected leaves of Abelmoschus esculentus. I. **Respiration** and *photosynthesis.* 101541
The electron theory of catalysis applied to *photosynthesis-a* **resume** of the work done during the last ten years. 099673
The influence of source of *photosynthate* and **sink** size on grain yield in oats (Avena sativa L.). 100099
Study of assmilatory apparatus of the undergrowth in connection with light conditions under the canopy in the forest-steppe oak woods [Quercus, *photosynthesis,* **solar** radiation]. 100690
Inhibition by ammonium chloride of the oxygen yield of *photosynthesis* **[Spinach,** Chlorella pyrenoidosa, Algae]. 099543
Effect of some herbicides on *photosynthesis* of **Spirodela** polyrrhiza (Lemnaceae). 102071
Effect of pH [hydrogen-ion concentration] of the medium on the rate of assimilation of carbon and activity of certain enzymes of *photosynthesis* in **Spirulina** [platensis, Algae]. 099990
Utilization of light in wide-space potato **stands** *[Photosynthesis].* 100572
Theoretical studies on the kinetics of matter production and *photosynthesis* **[Sunflowers].** 100308
Energy transfer in *photosynthesis* [A **theoretical** model]. 099541
Lime chlorosis on *photosynthesis* and **transpiration** of iron-inefficient soybeans. 101879
Release of extracellular matter during *photosynthesis* by a **Trichodesmium** bloom [Algae]. 099689
Purification and physicochemical properties of superoxide dismutase from **two** *photosynthetic* microorganisms [Spirulina platensis, Algae, Rhodopseudomonas spheroides, bacteria]. 099549
Estimation of the light-induced electrical potential at the functional membrane of *photosynthesis* using a **voltage-dependent** ionophore [spinach chloroplasts]. 100414

PHOTOSYSTEMS

Primary reactions of *photosystem* II at **low** pH [hydrogen-ion concentration]. 2. Light-induced changes of absorbance and electron spin resonance in spinach chloroplasts. 100375
Regeneration of *photosystem* II and **phycobilin** pigments in photoorganotrophically grown Anabaena variabilis [Algae]. 099926
Null potential voltammetry—an approach to the study of **plant** *photosystems.* 099557
Determination of acid-labile sulfide in subchloroplast particles containing Triton X-100 **[Spinach** *photosystem* I]. 100352

PHOTOTAXIS *see* PHOTOTROPISM

PHOTOTROPISM

The study of the *phototaxis* of **water** mites (Hydracarina) innatural conditions. 102820

PHOTURIS

Phase shifting the circadian rhythms of nocturnal insects by temperature changes [Eurycotis floridana, Lampyris **noctilucta,** *Photuris].* 103077

PHRAGMIDIUM

About the role of ascorbic acid and phenolic compounds in the resistance of roses to rust *[Phragmidium* **disciflorum,** Phragmidium tuberculatum]. 101338

PHRAGMITES

Economic development of reed *[Phragmites* **communis]** thicketsin the south-east of Kazakhstan [Source of cattle forage]. 096006

PHYCITIDAE

Control of the honeydew moth, Cryptoblabes gnidiella Mill. (Lepidoptera: *Phycitidae),* with **Bacillus** thuringiensis Berliner in avocado plantations. 102457
Pest status of Cactoblastis cactorum (Berg) (Lepidoptera: *Phycitidae)* and **Dactylopius** opuntiae (Cockerell) (Coccoidea: Dactylopiidae) in spineless Opuntia plantations in South Africa. 102332
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: *Phycitidae* **[Insect** pests of citrus trees, nuts and stored products]. 102437

PHYCOMYCES

Lipids of spores from *Phycomyces* **[blakesleeanus,** Fungi] in relation to heat-induced germination. 099532
Responses of *Phycomyces* **indicating** optical excitation of the lowest triplet state of riboflavin [Algae]. 099957

PHYCOMYCETES

Chalk brood, a fungus disease *[Phycomycetes]* of **[honey]** bees. 103228
Chalk brood *[Phycomycetes]:* **possible** method of control and its consequences [Honey bees]. 103229

PHYCOMYCOSIS

Subcutaneous zygomycosis in horses *[Phycomycosis,* **Hyphomyces** destruens]. 097473

PHYLLANTHUS

Storage studies of pressed juice from amla [Indian gooseberry] *(Phyllanthus* **emblica).** 095912
Oxidative coupling of bromo- and iodo-ferulic acid derivatives: synthesis of (plus/minus)-veraguensin *[Phyllanthus* **niruri].** 100011

PHYLLOTAXY

Abnormal *phyllotaxy* in Calotropis procera R. Br. 099463

PHYLLOXERA

Propects of development of rootstock cultivation of grapevines in the conditions of **infestation** with *Phylloxera.* 102420
Methods of developing new varieties of grapevine with complex resistace to downy mildew, powdery mildew, grey **mould,** *Phylloxera.* 099277
Application of hexachlorobutadiene in combination with polymers and superphosphate for the control of *Phylloxera* and **nematodes** [Pests of grapevine]. 102416
Grapevine immunity to *Phylloxera* and **pathogens** of root rots. 102425
Cytochemical features of tumor formation on the roots of grapevine varieties with different **resistance** to *Phylloxera.* 102418

PHYLOGENY

The genome constitution and *phylogeny* of **Elymus** ambiguus. 099058
Taxonomy and *phylogeny* of the **genus** Secale L [including rye]]. 098520
Effect of antibacterial inhibitors on protein synthesis in isolated flight muscle mitochondria of the blowfly Lucilia cuprina: *phylogenetic* **implications.** 102942
Relationships within the melanogaster species subgroup of the genus Drosophila (Sophophora). II. *Phylogenetic* **relationships** between six species based upon polytene chromosome banding sequences. 103085
The scheme of *phylogeny* in the **subgenus** Falcago (Rchb.) Grossh. of the genus Medicago L. [Alfalfa]. 099115
Expected asymmetry of *phylogenetic* **trees.** 099409

PHYMATOTRICHUM

Effects of crop residues in soil on *Phymatotrichum* **[omnivorum]** root rot of cotton. 101495

PHYSARUM

Effects of extremely low frequency electromagnetic fields on *Physarum* **polycephalum** [Fungi]. 099962

PHYSICOCHEMISTRY

Casein studies in ewe's milk. IV. Determination of the chemical and *physicochemical* **characteristics** of gamma-casein. 095673
Comparison of fungal glucose oxidases [Aspergillus niger, Penicillium glaucum]. Chemical, *physicochemical* and **immunological** studies. 099540
Work with a view to preparing Harde soils for cultivation in north Cameroon. Results *[Physicochemical* **improvement].** 104164
Physicochemical and **micromorphological** characteristics of a complex soil profile of intergrades of Andosol and Oligotrophic Brown Earth. 103682
Some *physicochemical* and **nutritional** properties of castorbeans (Ricinus communis) protein [Feeding tests with weanling rats]. 095116
Physicochemical **properties** of some flexible packaging materials used in food packaging. 095454
Macromolecular components of the vitelline membrane of hen's egg. II. *Physicochemical* **properties** of glycoprotein I. 095735
Purification and *physicochemical* **properties** of superoxide dismutase from two photosynthetic microorganisms [Spirulina platensis, Algae, Rhodopseudomonas spheroides, bacteria]. 099549

PHYSICS

Physics and **insect** pheromones [Lymantria dispar, trees, biological control of the gypsy moth]. 102486
Contribution of the Society of *Physics* and **Natural** Sciences to Geneva botany. 098469
Influence of the *physics* of **windbreaks** on the landscape [Damage]. 102055

PHYSIOLOGY

Microflora of Egyptian henbane [Hyoscyamus muticus] under saline conditions. II. *Physiological* **activity** of Actinomycetes as affected by salinization and duration. 099490
Physiological **activity** of water beetle [Dytiscidae, Gyrinidae, Coleoptera] defensive agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Physiological **activity** of water beetle [Dytiscidae, Gyrinidae] defensive agents. II. Absorption of selected anesthetic steroids and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966
Structure of the pedicel and connective peduncles of the ovariole in culicid mosquitos. Additional new traits for determination of *physiological* **age** [Culex pipiens, Aedes aegypti, Anopheles maculipennis atroparvus]. 103052
A *physiological* **analysis** of wood fiber yield. 098391
Major trends of scientific investigations in the sphere of microelements in 1976-1980 [Role in plant and **animal** *physiology].* 099864
Investigations on some biological and *physiological* **behaviours** of apple trees with overmoistening of the root-zone soil. 100436
Physiological and **biochemical** alterations in skeletal muscle with exercise training [Rats]. 096520
Physiological and **biochemical** peculiarities of cucumbers and tomatoes grown in plastic film-covered greenhouses [Varieties]. 100603
Physiological and **biochemical** bases of plant immunity to [insect] pests. 102240
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1974. *Physiology* and **biochemistry** of microelements in plants. 099862
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1973. *Physiology* and **biochemistry** of microelements; participation of microelements in the metabolism of plants. 099863
Use of isotopes to explore the *physiology* and **biochemistry** of photorespiration and its effects on crop yields [Wheat, maize]. 100207
Ecological physiology of the lichen Hypogymnia physodes. II. Effects of wetting and drying cycles and the concept of *'physiological* **buffering'.** 099878
Physiological **characteristics** of photosynthesis and respiration in stems of Populus tremuloides Michx. 100673
Some nuclear techniques applicable for *physiological* **characterization** of plant material [Strawberries]. 100459
Resinous canker disease of Cupressaceae caused by Monochaetia unicornis (Cke. & Ell.) Sacc. II. *Physiologic* **characters** of the causal fungus. 101361
Physiological selection **criteria** in forage grasses [For usein a breeding programme]. 099312
The effect of high temperatures on some aspects of the *physiology* and **cultivation** of the tea bush, Camellia sinensis, in North East India. 100003
Reproductive behavior and *physiology* of **Dacus** oleae [olive fruit fly]: fecundity as affected by mating, adult diet and artificial rearing. 102805
Reproductive behavior and *physiology* of **Dacus** oleae [olive fruit fly]: sperm depletion in the female. 102806
Reproductive behavior and *physiology* of **Dacus** oleae [olive fruit fly]: egg hatch in females mated successively with normal and gamma-sterilized males and vice versa. 102807
Physiology of **development** and productivity of plants. 099770
Blossom-end rot of tomatoes *[Physiological* **diseases].** 101882
Ecological *physiology* of the lichen Hypogymnia physodes. I. Some effects of constant water saturation. 099877
Ecological *physiology* of the lichen Hypogymnia physodes. II. Effects of wetting and drying cycles and the concept of 'physiological buffering'. 099878
Ecological *physiology* of the lichen Hypogymnia physodes. III. The importance of the rewetting phase. 099879
Influx of herbicides and their *physiological* **effect** on cotton varieties. 102203
The *physiological* **effects** of ionic lanthanum on the insect blood-brain barrier [Periplaneta americana]. 102939
Physiological and **environmental** characteristics affecting the adaptation of sunflower culture. 100165
Effect of some *physiological* and **environmental** factors on the production and release of sex pheromone by the females of the rice moth, Corcyra cephalonica (Stainton). 102326
The *physiological* **functions** of phytochrome [in lower and higher plants]. 099768
Study of *physiological* and **genetic** aspects of photosynthetic activity of plants [Maize, peas]. 099261
Hybrid grass-clump dwarfness in wheat: *physiology* and **genetics.** 099187
Physiology and **genetics** of ear emergence in barley and wheat. IX. Effect of low temperature during dark period on time of heading in barley. 100248
Fundamental principles of the study of seeds *[Physiology,* **germination].** 099601
Study of the *morpho-physiology* of the **grapevine.** III. Dynamics of growth of individual morphological structures of grape shoots relative to the onset and course of the cycle of organogenesis. 098979
The **growth** *physiology* of coleoptiles in continuous-record vessels: anomalous kinetics of cycloheximide action on auxin-controlled growth [Wheat]. 100261
Change of some *physiological* **indices** in wheat varieties with different resistance under extreme conditions. 100113
Eucalyptus in the Sunda **Isles** *[Physiology].* 100627
Effect of temperature acclimation on activities of serum and hepatic enzymes of the rat [Biochemical and *physiological* **metabolism].** 096198
Relationship between *physiological* and **morphological** characteristics and yield of nondormant alfalfa clones. 099471
Reserves of productivity of wheat varieties from Siberia and the *physiological* and **morphological** model of an intensive variety. 100189
Nutrition *physiological* aspects of deep frying fats and oils. 7. Effect of frying fats and oils on lipid metabolism and fatty acid composition of body lipids. 095230
Utilization of amino acids in the ruminant. 1. The protection of amino acids with maleic anhydride to prevent deamination in the rumen **[Nutritional** *physiology].* 096173
Variation of some *physiological* **parameters** in chickens following intake of entomoxan. 096217
The influence of environment upon the *physiology* of **Peniophora** gigantea on Pinus teada [stumps]. 098237
Betalains **[Plant** *physiology* and biochemistry]. 099754
The structure and properties of phytochrome **[Plant** *physiology].* 099769
Plant *physiology.* 099974
Perspectives in **postharvest** *physiology* [Fruits and vegetables]. 095903
Preharvest nutrition and **postharvest** *physiology* of apples [Storage]. 100458
Physiology of **powdery** mildew [Erysiphe cichoracearum] infected leaves of Abelmoschus esculentus. I. Respiration and photosynthesis. 101541
Seed presoaking technique and its effects on the yield and *physiological* **processes** of the plant [Wheat]. 100970
Culture, *physiology* and **quality** [Beans, bibliography]. 101048
Study of *physiological* **races** of Colletotrichum lindemuthianum [Fungi, plant pathogens]: extra and intracellular polygalacturonases produced by beta and delta races cultivated in vitro. 099619
Chronic effects of parathyroid hormone infused in dogs at *near-physiological* **rates** [Calcium metabolism]. 096377
Vitamin D metabolism: *physiological* **regulation** in egg-laying Japanese quail. 096188
Eco-physiological **regulation** of invertase activity in pea pollen. 100462
Some problems of *physiology* in **relation** with breeding for productivity [Wheat]. 099260
Reproductive *physiological* responses of cattle to exogenous prostaglandin F2 alpha. 096942
Postpartum uterine involution and ovarian activity in dairy cattle [Fertility, **reproductive** *physiology].* 097000
The *physiology* of **rooting** Populus cuttings. I. Carbohydrates and photosynthesis. 100669
Physiology of **seed** germination in Korean lawn grass (Zoysia japonica Steud.). 100570
Lipid peroxides in [ram] spermatozoa; formation, role of plasmalogen, and *physiological* **significance.** 098390
The *physiology* of **sorghum** seed development as affected by light and water stress. 100295
Evaluation of the relation between some characteristics of worker bees [Apis mellifera], used for characterizing their condition and *physiological* **state.** 103268
Physiological **studies** on the nitrogen nutrition of wheat plant. 1. The effect of different levels of nitrogen supply on the total nitrogen, available ammonia and nitrate nitrogen contents of various plant organs. 100084
Physiological **studies** on the nitrogen nutrition of wheat plant. II. The effect of different levels of nitrogen supply on the phosphorus content of various plant organs. 100085
Physiological **studies** on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Physiological **studies** on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by wheat and barley leaves injured by fumigation with sulphur dioxide. 101995
Breeding-genetic and *physiological-biochemical* **study** of sorghum sterile analogs. 099387
The problem of **studying** *physiological* and biochemical features of potential [genetic] and agronomic productivity of plants [Cereals]. 100191
Reproductive behaviour and *physiology* of **Tenebrio** molitor (Coleoptera: Tenebrionidae). III. Histogenetic changes in the internal genitalia, mesenteron, and cuticle during sexual maturation. 102874

PHYSODERMA

Observations on chytridiaceous parasites of phanerogams. XXV. *Physoderma* **johnsii** Sparrow, a parasite of Caltha palustris L. 101314

PHYTHIUM

Phytophthora and *Phythium* **species** and the diseases caused by them in the area of the South Pacific Commission [Distribution of plant diseases]. 101419

PHYTOALEXINS

Accumulation of phenols and *phytoalexins* in **citrus** tissues inoculated with Phytophthora citrophthora (Sm & Sm.) Leoniam. 101619
Vertical resistance of potatoes to the pathogen of late blight [Phytophthora infestans] and the **formation** of *phytoalexins.* 101474
Production of phenols and *phytoalexins* in **hypocotyls** of bean infected with Fusarium solani f. phaseoli (Burk.) Snyd. and Hans. 101630
Phytoalexins and their **protective** role in the resistance of plants to pathogenic fungi. 101463

PHYTOCHEMISTRY

Phytochemical **study** of Trigonella occulta delile seeds. 099800

PHYTOCHROMES

Phytochrome-induced **changes** of beta-fructosidase activity in radish cotyledons. 100551
Effects of the *phytochrome* on the **development** of the bryophytes protonemata [Tetraphis pellucida, Musci]. 099594
Counteraction of *phytochrome* to the **IAA** [indole-acetic acid]-induced hydrogen ion excretion in Avena coleoptile cylinders [Oats]. 100281

The physiological functions of *phytochrome* [in **lower** and higher plants]. 099768
The structure and properties of *phytochrome* **[Plant** physiology]. 099769

PHYTOCLIMATOLOGY
Effect of the rootstock and *phytoclimate* on the **yield** of grapevines. 101142

PHYTOCOENOSES
Bryophytes as indicators of environmental factors in **forest** *phytocoenoses.* 098780

PHYTOCOENOSIS
A correlation between **forest** *phytocoenosis* biomasses with total groundwater evaporation in Polesye. 098788
A correlation between the **forest** *phytocoenosis* biomass and the total moisture consumption from the soil aeration zone. 098789
Phytocoenotic **relations**—a factor in yields of bread cereals. 100199

PHYTOHORMONES
Study on the amount of **endogenous** *phytohormones* in sap exudation and hibernating buds of grapevines. 100445
Axenical cultivation of Saintpaulia ionantha H. Wendl. On a *phytohormone-free* **medium.** 101071

PHYTOMASS
Phytomass of the **above-ground** part of a sedge-reed drained spruce [Picea] forest stand of the second and seventh age classes. 100646
Seasonal dynamics of the *phytomass* of a **herbaceous** ground cover in a forest-steppe oak forest in relation to the dynamics of photosynthesis and ecologic factors. 100023

PHYTOPATHOGENS
Microbiological studies on *phytopathogenic* **bacteria.** III. Production of D-galactonic acid, 2-keto-D-galactonic acid, L-arabonic acid, and D-xylonic acid by Erwinia milletiae. 101697
Phytopathogens from the **genus** Erwinia—producers of asparaginase. 101690
Antisera from mice, their importance to serological investigations with *phytopathogenic* **viruses.** 101726

PHYTOPATHOLOGISTS
Homage to *phytopathologists,* **A.A.** Bitancourt [Brazil]. 102040
Homage to *phytopathologists:* C. C. **Allison** [U.S.]. 102041
In memoriam: Israel Reichert (1891-1975) *[Phytopathologists,* **Israel].** 102010
In memoriam: Beniamino Peyronel (1890-1975) *[Phytopathologists,* **Italy].** 102009
Karl Martin **Silberschmidt.** (31-8-1903—02-4-1973) *[Phytopathologists].* 102042

PHYTOPATHOLOGY
Continuous flow transfer **chamber** [used in *phytopathology].* 102037
Trends of *phytopathology* **development** in Poland in the last 30 years. 101861

PHYTOPHAGOUS
Geobiocenologic units in **studying** *phytophagous* forest insects. 097889
Predaceous ants [Crematogaster clariventris, Crematogaster buchneri] (Hymenoptera: Formicidae) *phytophagous* on **Theobroma** cacao in Nigeria. 102254

PHYTOPHTHORA
Proceedings of the 1974 APDW [Apple and Pear Disease Workers] workshop on crown rot *[Phytophthora* **cactorum]** of apple trees [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
Gametangial meiosis in *Phytophthora* **capsici** [Fungi]. 098928
Synthesis of beta-1,3-glucan microfibrils by a cell-free extract from *Phytophthora* **cinnamomi** [Fungi]. 099521
Jarrah forests could be destroyed *[Phytophthora* **cinnamomi].** 101330
Phytophthora **cinnamomi** in the Brisbane Ranges: patterns of disease extension. 101331
Accumulation of phenols and phytoalexins in citrus tissues inoculated with *Phytophthora* **citrophthora** (Sm & Sm.) Leoniam. 101619
The effect of Bacillus subtilis and Penicillium patulum on in vitro growth and pathogenicity of Rhizoctonia solani and *Phytophthora* **cryptogea.** 101699
Reaction of strawberry seedlings inoculated with race composites of *Phytophthora* **fragariae** Hickman. 101484
Development of inbreeding lines of potatoes with high starch content and resistant to late blight *[Phytophthora* **infestans].** 099288
Double induction—a new hypothesis of plant immunity (membrane aspects of interrelations between potato and *Phytophthora* **infestans** (Mont.) de Bary) [causal agent of blight]. 101460
Revealing immunochemically similar protein components of the causal agent of potato blight *[Phytophthora* **infestans]** andits host-plant by using monospecific sera. 101466
The character of late blight *[Phytophthora* **infestans]** resistance display in potato tubers. 101471
Vertical resistance of potatoes to the pathogen of late blight *[Phytophthora* **infestans]** and the formation of phytoalexins. 101474
The influence of pre-sprouting, spraying and defoliating of potatoes on the infection with potato late blight *[Phytophthora* **infestans].** 101582
Role of environmental factors in the change of the resistance of potato phytophtorosis *[Phytophthora* **infestans].** 101613
The variability of hypersensitivity reaction of the Solanumtubersum [potato] tubers to *Phytophthora* **infestans.** 101666
Effect of virus infection on the resistance of potatoes to late blight *[Phytophthora* **infestans].** 101754
Observations on the mode of infection of *Phytophthora* **parasitica** var nicotianae on young roselle [Hibiscus sabdariffa] roots. 101504
Fungicidal control of betelvine wilt *[Phytophthora* **parasitica,** betel pepper]. 101519
Studies on the resistance of two varieties of tomato to [the nematodes] Meloidogyne spp. and *Phytophthora* **parasitica.** 101983
Race D of *Phytophthora* **phaseoli** [Blight of lima beans]. 101561
Phytophthora and **Phythium** species and the diseases caused by them in the area of the South Pacific Commission [Distribution of plant diseases]. 101419
Rapid determination of supersensitivity of **potatoes** to *Phytophthora.* 101350
Recovery of *Phytophthora* **species** from old, badly decayed, infected tissues of Hevea brasiliensis. 101655

PHYTOPLANKTONS
Phytoplankton **[Algae]** of the Lake of Geneva (new species). 098708
Effect of CuSO4 [copper sulfate] on the photosynthetic rate of *phytoplankton* in four **Danish** lakes [Algae]. 099885
Eutrophication and control of *phytoplankton* **development** [in water resources]. 104652
The relationship of laboratory algal assays to measurements of **indigenous** *phytoplankton* in Long Lake, Washington [Water pollution]. 104497
Factors **influencing** *phytoplankton* growth and succession in Farmoor Reservoir [Algae]. 099724
Effect of heated waters on the *phytoplankton* in the **Ivan'kovo** Reservoir. 100021
Mathematical formulation of the relationship between photosynthesis and **light** for *phytoplankton.* 099851
Phytoplankton [of the **Nile** system]: composition, development and productivity. 099866
Preliminary observations on seasonal abundance of cladoceran genera in Kinjher Lake with notes on T *Y-phytoplankton* **production** [Algae]. 098760
Phytoplankton **production** in the rivers Thames and Kennet at Reading during 1970 [Algae, solar radiation]. 098864
The pathology of marine algae [Diseases of **seaweeds** and *phytoplankton].* 101848
Interpretations of the 14 C [carbon isotope] method of measuring the total annual production of *phytoplankton* in a **South** Carolina estuary. 099575
Track autoradiography: a method for the determination of *phytoplankton* **species** productivity. 099854
Phytoplankton **succession** and primary production in Babine Lake, British Columbia. 098811

PHYTOSOCIOLOGY
Pioneer vegetation of Mount Vesuvius: *phytosociological* and **evolutionary** aspects. 098772
Analysis of the *phytosociological* **system** of synantropic associations on the basis of Czekanowski's differential diagnosis. 098763

PHYTOTOXIC
Notes on *phytotoxic* **activty** of Phomopsis viticola (Sacc.) Sacc. [The causal agent of "dead arm" disease of grapevine]. 101532
Phytotoxic **effects** of extracts of Canada thistle [Cirsium arvense] and leafy spurge [Euphorbia esula, economic crops]. 102184

PHYTOTOXICITY
Differential effects of cadmium on lettuce varieties *[Phytotoxicity,* from **contaminated** soils]. 101892
Effect of short-chain fatty acids extracted from beef cattle manure on germination and seedling development *[Phytotoxicity,* **wheat,** sorghum]. 103894

PHYTOTOXINS
Some effects of tentoxin *[phytotoxin* **produced** by Alternariatenuis] on mature and developing chloroplasts. 101496

PICEA
Development of generative organs of Norway spruce *[Picea* **abies]** in the climatic conditions of the Latvian SSR. 100642
Reproductive ability of Norway spruce *[Picea* **abies]** in the Latvian SSR. 100647
Carbohydrate metabolism and frost hardiness in pine and spruce [Pinus sylvestris, *Picea* **abies]** seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
Current research on Fomes annosus in France *[Picea* **abies,** Pinus pinaster, Pseudotsuga menziensii, Abies alba]. 101432
Effects of extractives from spruce *[Picea* **abies]** roots on extracellular enzymes of Fomes annosus (Fr.) Cke. 101435
Germination of spores and growth of mycelia in wood extracts of different individuals of *Picea* **abies.** 101440
Microscopic slides showing wood destruction [of *Picea* **abies]** by [the red rot fungus] Fomes annosus. 101445
Fomes annosus butt-rot of Norway-spruce *[Picea* **abies]** in the CSSR [Czechoslovakia] and influence of various factors on its distribution. 101522
Seasonal incidence of microbes on the surface of first year needles of Norway spruce *[Picea* **abies].** 101657
Spruce bud mite (Trisetacus piceae Roiv.) (Acarina, Eriophyoidea)—a pest of buds of Norway spruce *[Picea* **abies].** 102520
Effect of climatic factors on the width of spruce *[Picea]* **annual** rings. 100643
Outbreaks of the western spruce budworm [Choristoneura occidentalis] in the American northern Rocky Mountain **area** from 1922 through 1971 *[Picea].* 102522
Spruce *[Picea]* **bark** beetles (Coleoptera, Scolytidae) in the Latvian SSR. 102491
Research on the resistance of different species of *Picea* against **Fomes** annosus. 101448
Phytomass of the above-ground part of a sedge-reed drained spruce *[Picea]* **forest** stand of the second and seventh age classes. 100646
Lichens from spruce *[Picea]* **forests** in the Latvian SSR. 098608
Fecundity and parthenogenesis of the yellowheaded spruce sawfly, Pikonema alaskensis *[Picea* **glauca].** 102479
Methods and prospects of breeding spruce *[Picea]* for **increasing** its productivity. 098084
Degradation of protolignin with metallic sodium in liquid ammonia *[Picea* **jezoensis,** wood meal]. 098189
Introduced species of spruce *[Picea]* in **Latvia.** 098083
Quantitative evaluation of site potential for spruce and fir *[Picea* **mariana,** Abies balsamea] in Newfoundland. 097983
Ash composition of plants in the northern taiga forest of the Urals [Pinus siberica, Pinus sylvestris, *Picea* **obovata].** 100682
About the effect of inorganic fertilizers on the increment of spruce *[Picea]* and **pine** [Pinus]. 103952
Growth and productivity of spruce *[Picea]* **plantings** of forest and agricultural soils. 097986
Amount of active [plant] nutrients in soils of spruce *[Picea]* **plantings.** 103752
Study of the requirements of young spruce *[Picea]* **plants** inmajor nutrients. 100648
The question about the establishment of *Picea* **schrenkiana** Fisch. et Mey. [Coniferae, paleobotany]. 098548
Influence of fungi in the rhizospheres of pine [Pinus] and spruce *[Picea]* on the **seed** germination of these trees. 100657
Fomes annosus butt rot. Losses in a young second rotation stand of Sitka spruce *[Picea* **sitchensis].** 101437
Fomes annosus: mortality rates in young trees [Larix decidua, Pseudotsuga menziesii, *Picea* **sitchensis,** Fagus sylvatica, Betula] underplanted among pine. 101439
Effect of late-season top dressing of N (and K) [nitrogen and potassium] applied to conifer *[Picea* **sitchensis]** transplants in the nursery on their survival and growth on British forest sites. 103964
Experience of statistical evaluation of interaction between trees in pure amd mixed symusia of pine and **spruce** *[Picea].* 098059
Effect of the seed yield on the width of annual rings in the Norway **spruce** *(Picea* abies (L.) Karst.). 100644
Root sponge [Fomitopsis annos] in stands and natural forests of **spruce** *[Picea].* 101430
Investigations concerning the fungus [Fomes annosus] retarding action of wood from the Norway **spruce** *(Picea* abies Karst.). 101444
Anatomical aspect of 2,4,5-trichorophenoxyacetic acid] and dalapon [herbicides] toxic action on Norway **spruce** *(Picea* abies seedlings. 102095
Lepidopterous insects from the Latvian SSR in biological relationship with the Norway **spruce** *(Picea* abies (L.) Karst.) [Forest pests]. 102489
A planted spruce *[Picea]* **stand** responds to correct treatment. 098147
Growth rate of young spruce *[Picea]* **stands** of artificial origin. 097987
Productivity and persistence of over-stocked young spruce *[Picea]* **stands** in a Hylocomium type forest plant [community]. 097989
The growth rate of spruce *[Picea]* **stands.** 097990
Investigations of the variability of some indices of productivity of spruces *[Picea]* with different **timing** of flushing. 097988
Biomass accumulation and the removal of nitrogen, phosphorus and potassium by spruce *[Picea]* **transplants.** 100641
Spruce spider mite [Oligonychus ununguis]—pest of spruce *[Picea]* **understorey.** 102490

PICKLES
Etiology and control of fruit rot [Rhizoctonia solani, Pythium aphanidermatum] of cucumber in single **harvesting** for *pickles.* 101554

PICKLING
Breeding *pickling* cucumbers for resistance to cucumber beetles [Coleoptera]. 099241
The dynamics of [the nematicide] Fensulfothion residues in cucumbers for *pickling* and in **cutting** lettuce. 102657
Breeding **parthenocarpic** *pickling* cucumbers (Cucumis sativusL.): necessity, genetical possibilities, environmental influences and selection criteria. 099171

PICLORAM

Chemical injections for thinning pole-size hardwoods in the Ozarks *[Picloram,* **2,4-dichlorophenoxyacetic** acid]. 102209
Observations on the use of *Tordon* 101 in **Msasa/MuNhondo** woodlands [Bush control]. 102188
Chromatographic determination of *picloram* **residues** in objects of plant origin. 102727
Determinaton of [the herbicide] *picloram* **residues** in water and fruit by the method of thin-layer chromatography. 102735

PICORNAVIRUSES

On the structure and **morphogenesis** of *picornaviruses.* 097309

PICTUS

C-banding in male meiotic cheomosomes of **Poekilocerus** *pictus* (Acrididae: Orthoptera). 103083

PIED

Fattening and slaughter performance results of young **Black** *Pied* bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644
Meat productivity of young bulls in combination crossing of the Slovakian Pied and **Black** *Pied* breeds (F11). 097003
Comparative study of the results of crossing Bulgarian Brown cows with Dutch **Black** *Pied* bulls. 097083
Lethal trait A 46 in [**Black** *Pied* Danish] cattle. Intestinal zinc absorption [Hereditary parakeratosis]. 097835
Productivity and acclimatization of the *Black-Pied* **cattle** of Danish origin in southern Slovakia. 096108
Evaluation of boned meat production and relative milk yield on basis of **Hungarian** *Pied* bulls' progeny testing. 096860
Effect of the *Black-Pied* **Lowland** breed on the slaughter half in fattening young bulls. 097002
Meat productivity of young bulls in combination crossing of the **Slovakian** *Pied* and Black Pied breeds (F11). 097003

PIEDMONT

Biomass response to [forest] **fertilization** in the *Piedmont.* 104120
The beef cow-calf enterprise in the **Georgia** *Piedmont:* a case study in conspicuous production. 094331
A *piedmont* **tree** farm [Reforestation]. 098072

PIERIDAE

The genetics of subspecific phenoptype differences in Pieris occidentalis Reakirt and of variation in Pieris Occidentalis nelsoni W. H. **Edwards** *(Pieridae).* 103191

PIERIS

Percentage of ecdysone circulating in last larval ages and induction of nymphal diapause in *Pieris* **brassicae.** 102849
Photoreception, pigment and diapause of *Pieris* **brassicae.** 102850
Studies on the in vivo cellular reactions and fate of injected bacteria in Galleria mellonella and *Pieris* **brassicae** larvae. 103032
Karyotypes of three species of Lepidoptera including an investigation of B-chromosomes in Pieris *[Pieris* **napi,** Pieris rapae]. 102901
The genetics of subspecific phenoptype differences in *Pieris* **occidentalis** Reakirt and of variation in Pieris Occidentalis nelsoni W. H. Edwards (Pieridae). 103191
Karyotypes of three species of Lepidoptera including an investigation of B-chromosomes in *Pieris* [**Pieris** napi, Pieris rapae]. 102901

PIGEONPEAS

Studies on intercropping of compatible **crops** with *pigeonpea.* 101191
Response of *pigeonpea* to **dates** of planting and phosphorus levels. 100862
Response of *pigeonpea* to **fertilizers** under rainfed conditions. 104017
Response of *pigeonpea* to **inoculation** and pelleting. 101190
Effect of variety, row spacing and plant **population** on *pigeonpea.* 101189
Studies on the performance of *pigeonpea* **varieties** to dates of planting and row spacing. 101192

PIGEONS

Effects of seasonal and social factors on testicular activity and hormone levels in **domestic** *pigeons.* 096945
Concentration changes of bile acids in sequential segments of *pigeon* **intestine** and their relation to bile acid absorption. 096235
T-21, a new arhar *[pigeon* **peas]** for Punjab [Varieties]. 101184

PIGMENTS

Anthocyanin *pigments* in foods [Fruits and vegetables]. 095899
Studies on **betalain** *pigments* of Centrospermae plants with special reference to a violet red pigment in Salicornia europeaea L. 099856
Influence of diet on the induction of hepatic **ceroid** *pigment* in rats by polychlorinated biphenyls. 097863
Pigment **changes** and photosynthetic rates under selected wavelengths in the growing tips of Eucheuma isiforme (C. Agardh) J. Agardh var denudatum Cheney during vegetative growth [Algae]. 099581
The major **chloroplast** *pigments* of Chlorobotrys regularis (West) Bohlin (Eustigmatophyceae) and Ophiocytium majus Naegeli (Xanthophyceae) [Algae]. 098900
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. II. Changes in ultrastructure and *pigment* **composition** [Algae]. 099890
Studies on the comparative ultrastructure and *pigments* **content** of the chromatophores of Navicula ostrearia (Gaillon) Bory [Algae] cultured in optimal and deficient media. 098922
Photoreception, *pigment* and **diapause** of Pieris brassicae. 102850
Pigments [in **foods].** 095505
Removal of *pigment* **glands** (gossypol) from cottonseed [Development of the Liquid Cyclone Process for producing a deglanded, edible flour]. 095790
The **large** *pigment* cell of the compound eye of the house fly Musca domestica, fine structure and cytoarchitectural associations. 102883
The influence of chlorocholine chloride (CCC) on the growth and **leaf** *pigment* content of Phaseolus vulgaris L. [Kidney beans, mustard] and Sinapis alba L. 100364
Miscellaneous *pigments* [of plants]. 099764
Spectrophotometrical determination of yellow and red **paprika** *pigments.* 095985
Regeneration of photosystem II and **phycobilin** *pigments* in photoorganotrophically grown Anabaena variabilis [Algae]. 099926
Pathways strewn with **plant** *pigments* [Antirrhinum majus, genetics]. 099358
Contents of **plastid** *pigments* in grape leaves in high- and low-trained grapevines. 100427
Plastid *pigments* content of eggplant leaves as dependent on fertilizer application. 100439
Characterization of major **plastid** *pigments* in skin of 'mission' fig fruits. 100468
Studies on betalain pigments of Centrospermae plants with special reference to a violet **red** *pigment* in Salicornia europeaea L. 099856
Chemical and enzymatic degradation of the cell walls of Helminthosporium spiciferum [Fungi]. The protective **role** of *pigments.* 099628
Characterization of the [humic type] *pigment* from [the **soil** fungus] Eurotium echinula Delacr. II. Physical methods. 099479
Characterization of the [humic type] *pigment* from [the **soil** fungus] Eurotium echinulatum Delacr. III. Degradative methods. 099480
Characterization of the [humic type] *pigment* from [the **soil** fungus] Eurotium echinulatum Delacr. I. Analytical data. 103672
Effect of acetone on production of aflatoxins and **versicolorin** *pigments* by resting cell cultures of Aspergillus parasiticus. 101494
Photochemical activities of etiochloroplasts isolated from plants greened under intermittent light. II. Photobleaching of *pigments* **[Wheat].** 100260

PIGS

Ascorbic acid and cholesterol: effect of graded oral intakes on cholesterol conversion to bile **acids** in *guinea-pigs.* 095057
Use of vaccines in the production of **baby** *pigs* [Infectious diseases]. 097444
Crumbles contra meal for **bacon** *pigs.* Effect on daily gain, feed efficiency, carcass quality and on the oesophageal partof the stomach. 096601
Study on the optimal age and liveweight for sow impregnation with reference to their reproductive capacities. III. Study on the fattening and slaughter qualities of *pigs* **born** during different seasons of the year. 097087
Differential properties of two molecular forms of 4-aminobutyrate-2-ketoglutarate transaminase (GABAT) from *pig* **brain.** 096341
Study on pork quality of the *pig* **breeds** [Polish Large White, Swedish Large White, Bulgarian White, Landrace] raised in Bulgaria. 095725
A two year survey of Escherichia coli serogroups associatedwith colibacillosis in *pigs* and **calves.** 097500
Growth of the *pig:* **changes** in red cell and plasma volumes. 096367
A study on Salmonella transmission in pigs in an industrialcomplex. III. Salmonella finds in the placentae of the *pig* **dams** and in the meconium of their piglets. 097357
Slow recovery for **Danish** *pig* industry [Swine]. 094681
A study on Salmonella transmission in pigs in an industrialcomplex. II. Salmonella finds in killed and **dead** *pigs.* 097356
Bacterial competition as a means of preventing neonatal **diarrhea** in *pigs.* 097377
Studies with faba beans and cassava in *pigs'* **diets.** 096638
Neuropathology of experimental swine vesicular **disease** in *pigs.* 097603
A comparison between the various stages of a **diversified** *pig* production system concerning individual enterprises. 094369
A transferrin variant Tf I in crosses of the wild and **domestic** *pigs.* 096855
Changes of the body temperature, pulse and respiration frequencies of *pigs* after an **extreme** heat load with respect to the breed. 096506
Study of the time of using feed-preparing machines on *pig* **farms** in relation with planning technical services. 103550
Circulation load test and meat quality of **fattened** *pigs* with known genetic origin. 096213
Immunoreactive growth hormone levels in *pigs* **fed** protein or energy restricted diets during the postweaning period. 096715
Feeder *pig* buyers at organized sales in Tennessee [Marketing]. 094629
Testosterone secretion by the early **fetal** *pig* testes in organ culture. 096883
The secretory ameloblast of the *mini-pig* **foetus.** 096309
Relationship between red cell mass, body weight, lean body mass, and body cell mass in **growing** *pigs* and beagles. 096368
Effects of feeding protein, recovered from industrial waste water ("Alwa-protein"), to **growing** *pigs.* 096602
Nutritive value of red clover hay and common vetch hay for **growing** *pigs* and rats. 096796
Nutritive value of soybean hay for **growing** *pigs.* 096797
Macrophage function in vitamin C-deficient **guinea** *pigs.* 094962
Hepatic 7alpha-hydroxylation of cholesterol in ascorbate-supplemented **guinea** *pigs.* 095144
Immunoreactive LRF [luteinizing hormone-releasing factor] neurosecretory pathways in mammals [**Guinea** *pigs,* rats, cats, mice]. 096146
Blockade of histamine-induced contractions of **guinea** *pig* ileum by beta-haloalkylamines. 096294
Fine structure of baroreceptor terminals in the carotid sinus of **guinea** *pigs* and mice. 096304
Ultrastructural immunocytochemical localization of luteinizing hormone-releasing hormone (LH-RH) in the median eminence of the **guinea** *pig.* 096311
A comparison of the bronchodilator activity of (plus/minus) 11-deoxy prostaglandin E1 with its 15-methyl analogue, (doxaprost [**Guinea** *pigs,* cats]. 096525
Prostaglandin 1X synthesis of (plus/minus)-15-methyl-11-deoxy PGE1 [prostaglandin E1] (doxaprost) a potent bronchodilator and its C-15-epimer [**Guinea** *pigs].* 096526
Estrogens in tissues of **guinea** *pig* embryos. 096560
A new parasitic ciliate Cyathodinium indiae n. Sp., from the **guinea** *pig,* India. 097320
Experimental poisoning from Pseudocalymma elegans [Bignoniaceae] in rabbits and **guinea** *pigs* [Plants poisonous to cattle]. 097837
Comparison of the amino acid sequence of *pig* **heart** myoglobin with other ungulate myoglobins. 096234
Humoral **immunity** in the *pig.* 097663
A study on Salmonella transmission in *pigs* in an **industrialcomplex.** I. Salmonella finds in faecal samples and fodder mixtures. 097355
A study on Salmonella transmission in *pigs* in an **industrialcomplex.** II. Salmonella finds in killed and dead pigs. 097356
A study on Salmonella transmission in *pigs* in an **industrialcomplex.** III. Salmonella finds in the placentae of the pig dams and in the meconium of their piglets. 097357
Studies on leptospirosis in animals in Croatia. XIII. Incidence of carriers of Leptospira in experimentally **infected** *pigs.* 097649
Intestinal plasma and blood loss in *piglets* **infected** with Strongyloides ransomi. 097656
Amino acid metabolism in the *piglet:* **influence** of level of protein and of methionine in the diet on tissue uptake and in vivo oxidation. 096267
Uric acid excretion by the *pig* **kidney.** 096187
The postnatal development of gluconeogenic enzymes in *guinea-pig* **kidney** cortex. 096359
Storage of mannose-containing material in cultured human mannosidosis cells and metabolic correction by *pig* **kidney** alpha-mannosidase. 096373
Glycogen and alkaline phosphatase in the liver of fetuses and newborn **lambs** and *piglets.* 096582
The exploitation of transmissible plasmids to study the pathogenesis of Escherichia coli diarrhoea [in calves, *piglets,* **lambs].** 097629
Enterprise "Novy svet": experience of management [of a **large-scale** *pig* farm]. 094259
Experiences and further opportunities of the **large-scale** *pig* units. 096071
A kinetic study of *pig* **liver** glucose dehydrogenase. 096209
A structural study of *pig* **liver** clyceraldehyde-3-phosphate dehydrogenase. 096232
Lipoproteins in serum of rat, mouse, gerbil, rabbit, *pig* and **man** studies by electrophoretical and immunological methods. 096317
Sow-pig **management** at farrowing. 096893
A small-size generator of current impulses in an electrohydraulic device [Disinfection and dehelminthization of *pig* **manure].** 103360
A study on Salmonella transmission in pigs in an industrialcomplex. III. Salmonella finds in the placentae of the pig dams and in the **meconium** of their *piglets.* 097357
Blood groups and serum protein polymorphisms in the PitmanMoore and Ohmini strains of **miniature** *pigs* [Genetics]. 096857
Halothane-induced rigidity and associated glycolytic and energy phosphate changes in red and white fibres of skeletal **muscle** of the *pig.* 096437
The effects of iron and glucose treatments [for nutritional deficiencies] on the survival and performance of **neanatal** *pigs.* 097685
Postpartum changes in protein fractions in sow colostrum and **neonatal** *piglet's* blood serum. 096278
The effect of feed intake in late gestation on the body composition and survival of the **neonatal** *pig.* 096639
A behavioural comparison of gnotobiotic with normal **neonate** *pigs,* indicating stress in the former. 096201

Irreproducible results and the breeding of *pigs* (or **nondegenerate** limit random variables in biology). 096884
Activation of pepsin (EC 3.4.4.1) by heavy-metal ions including a contribution to the mode of action of copper slphate in *pig* **nutrition.** 096655
The "barker" (neonatal respiratory distress) syndrome [of genetic origin] in the *pig:* its **occurrence** in the field. 097771
Susceptibility of **one-toed** *pigs* to certain diseases exotic to the United States. 097573
Effects of various ambient temperatures and of heating and cooling the hypothalamus and cervical spinal cord on antidiuretic hormone secretion and urinary **osmolality** in *pigs.* 096466
Hypoxia increases potassium efflux fom mammalian myocardium [Cat and *guinea-pig* **papillary** muscles, bovine Purkinje fibres]. 096348
Acetate utilization by the isolated **perfused** *guinea-pig* mammary gland. 096438
Effect of various level of nitrogenous substances on the digestibility and retention of nutrients in *pigs* given **plant** diet. I. Digestibility of organic nutrients and nitrogen retention. 096742
Decreased dietary protein or energy intake and plasma growth hormone levels of the **pregnant** *pig,* its fetuses and developing progeny. 096713
Investigations concerning improvements in analysing data from *pig* **producer** associations. 096143
Investigations concerning the organization of provenance tests of *pigs* in **producer** association. 097088
Genetic effect of variation in size and number of groups in *pig* **progeny** testing. 096983
Cooperative interactions of tetrahydrofolate with **purified** *pig* kidney serine transhydroxymethylase and loss of this cooperativity in L1210 tumors and in tissues of mice bearing these tumors. 097756
The fate of ME7 scrapie infection in rats, *guinea-pigs* and **rabbits.** 097607
Influence of Fortigro (Carbadox) [in the feed] on the reduction of ascarid infection in **rats** and *piglets.* 097440
Weaner production *[Pig* **rearing].** 096093
Farrowing pens adaptable for the **rearing** of *piglets.* 103356
Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in graafian follicles and corpora lutea of rabbits, rats, and *pigs:* **regulation** by ATP [adenosine triphosphate], and some comparative properties. 096328
Plasma adrenocorticosteroid levels in protein and energy **restricted** *pigs.* 096717
Pig **reticulocytes.** I. Transitory glucose permeability and metabolism. 096183
Pig **reticulocytes.** II. Characterization of density-fractionated maturing reticulocytes. 096184
Effect of dietary calcium and phosphorus on the incidence of atrophic **rhinitis** in *pigs.* 097738
Chlamydial antibodies in *pigs* in **Scotland.** 097661
Training your *pig* to **show.** 096091
Tuberculosis in brood sows and *pigs* **slaughtered** in Iowa [Mycobacterium avium]. 097230
An integrated separation, aerobic treatment and sludge dewatering system for *pig* **slurry.** 104523
Subaortic **stenosis** in the *pig.* 097770
Changes in the partition of nitrogen and phosphorus in **stored** *pig* slurry. 104538
Gastric secretion and fermentation in the **suckling** *pig.* 096268
Determination of vanilmandelic acid in *pig* **urine** and chicken feces by gas-liquid chromatography. 096191
In vitro differentiation ane pH [hydrogen-ion concentration] sensitivity of field and cell culture-attenuated strains of transmissible gastroenteritis **virus** *[Piglets].* 097381
Pale **watery** *pig* meat [pale soft exudative muscle]. Animals likely to produce this can be detected by their reaction to the anaesthetic halothane. 097759
Feeding and management of the **weaned** *pig.* 096632
Weaned *pigs:* simple diet may be adequate. 096675
Fattening Large **White** *pigs* at raised dietary protein level. 096829
The role of **wild** *pigs* in the epidemiology of African swine fever [Ornithodoros]. 097351
Feed efficiency and carcass composition in Large White **Yorkshire** *pigs* at different live weights to determine the economic slaughter weight. 096688
Evaluation of Tower rapeseed meal for **young** *pigs.* 096630
The influence of extract of orange peel on the growth and ascorbic acid metabolism of **young** *guinea-pigs.* 096719
Bone pathology in hypervitaminosis D. An experimental study in **young** *pigs.* 097717
Observations on the effects of weaning in the **young** *pig.* Clinical and histopathological studies of intestinal function and morphology [Acute inflammatory response and a reduction in plasma cell population]. 097762

PIGSTY

Problems of the disposal of liquid manure from **large-capacity** *piggeries.* 096098

PIGWEED

Sensitivity of *pigweed* **plants** [Amaranthus] to Crotilin [chlorocrotyl ester of 2,4-dichlorophenoxyacetic acid]. 102144

PILOT

Reduction of lactose of milk by entrapped beta-galactosidase. IV. Results of long-term experiments on *pilot* **plant.** 095624
Beloit-Jones TMP [thermo-mechanical pulp] *pilot* **plant** studies. 098241
Refiner *pilot* plant as a way to evaluate full scale systems [Mechanical pulps]. 098259
Nutrition, infant behavior, and maternal characteristics: a *pilot* **study** in West Bengal, India. 094995

PIMEPHALES

Chronic toxicity of guthion to the fathead **minnow** *(Pimephales* promelas Rafinesque. 102668
Physiological activity of water beetle [Dytiscidae, Gyrinidae, Coleoptera] defensive agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the **minnow** *Pimephales* promelas Raf. 102965
Physiological activity of water beetle [Dytiscidae, Gyrinidae] defensive agents. II. Absorption of selected anesthetic steroids and norsesquiterpenes across gill membranes of the **minnow** *Pimephales* promelas Raf. 102966

PINACEAE

Promotion of flowering in the *Pinaceae* by **gibberellins.** I. Sexually mature, non-flowering grafts of Douglas-fir [Pseudotsuga menziesii]. 100667
Correlation between anatomic traits of wood and **phloem** in the *Pinaceae.* 099015

PINEAL

Prolactin-releasing and release-inhibiting factor activities in the bovine, rat, and **human** *pineal* gland: in vitro and in vivo studies. 096332

PINEAPPLES

Purification and characterization of a proteinase from *pineapple* **fruit,** fruit bromelain FA2. 095923

PINK

Effect of dose of cytoplasmic polyhedrosis virus on infection, mortality, development rate, and larval and pupal weights of the *pink* **bollworm** [Pectinophora gossypiella]. 102335
Pink **bollworm** [Pectinophora gossypiella] resistance mounts [Pesticides, cotton]. 102674
Improved method of holding cotton bolls for **detecting** *pink* bollworms [Pectinophora gossypiella]. 102288
Dispersal and mating in the field by **male** *pink* bollworm, Pectinophora gossypiella [cotton pest] labeled with 32P [phosphorus isotope]. 102300
Facing up to your *pink-eye* **problem** [Moraxella bovis, cattle]. 097587

PINNATA

The leaves fall of **Kalanchoe** *pinnata* Pers. 099588

PINUS

Study of nitrogenous metabolism of the **Aleppo** *pine* (Pinus halepensis Mill.) ornithine transcarbamylase and the ornithine cycle. 100630
Relations between tree growth and climate in **aleppo** *pines* (Pinus halepensis Mill.). 100665
Biosynthesis of fomannosin from 1,2-13C-acetate [Wood rot fungus, Fomes **annosus,** *Pinus].* 101637
Range extension of three conifers *[Pinus* **aristata,** Pinus flexilis, Juniperus occidentalis] and a dwarf mistletoe in the Panamint Moutains, Death Valley National Monument. 098651
Endogenous gibberellins of pine pollen. III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to gibberellins A1 and A34 in germinating pollen of *Pinus* **attenuata** Lemm. 100672
Potential insect transmission of Scleroderris lagerbergii by scolytid beetles *[Pinus* **banksiana,** insect disease vectors]. 101559
Diplodia [pinea] tip **blight** of *pine.* 101418
An evaluation of five methods estimating biomass of an evenaged plantation of *Pinus* **caribaea** L. 098015
Blending of celluloses of Eucalyptus saligna and *Pinus* **caribaea** var. caribaea. 098229
Search for non corrosive chemicals for increasing resin yield from **chirpine** *(Pinus* roxburghii Sargent). 098282
Insects—pests of young stands and understory of *pines* under **conditions** of excessive humidity. 102509
[Pinus] **contorta** for Norway is big goal: series of research projects in the spring. 098112
Xylem in galls of lodgepole pine *[Pinus* **contorta** latifolia]caused by western gall rust, Endocronartium harknessii. 101378
The role of predators in the young larval mortality of the *pine-moth,* **Dendrolimus** spectabilis Butler. 102497
Preparation and some properties of polypeptide elongation factors from the pollen of *Pinus* **densiflora** Sieb. et Zucc. 100622
Effects of artificial shading on the growth of forest trees. II. Differences in growth of *Pinus* **densiflora** seedlings during a growing season under shading. 100652
Discosia [pini] needle blight of *Pinus* **densiflora** Sieb. Et Zucc. and Pinus thunbergii Parl. 101485
Development of disease and dynamic of *pine* **dieback** caused by Fomes annosus (Fr.) Cooke during 1971 and 1972 at Deliblato Sand [Yugoslavia]. 101433
Site preparation improves survival and growth of **direct-seeded** *pines* [Pinus elliottii, Pinus taeda]. 098170
Performance of large loblolly and shortleaf pine [Pinus taeda, *Pinus* **echinata]** seedlings after 9 to 12 years [Cronartium fusiforme]. 098168
Fusiform rust [Cronartium fusiforme] resistance of progeny from natural Loblolly [Pinus taeda] X Shortleaf *[Pinus* **echinata]** pine hybrids. 101587
Fomes annosus in Australia [Pinus radiata, *Pinus* **elliotii,** Araucaria cunninghamii]. 101438
Within-tree variation of monoterpene composition and yield in slash pine *[Pinus* **elliottii]** clones and families [Genetic variation]. 098081
Can intensive cultural management increase growth of slash pine *[Pinus* **elliottii]?** 098103
Nutrient cycling in the slash pine *[Pinus* **elliottii]** ecosystem: silvicultural implication. 098131
Exotic grass [Festuca arundinacea, Paspalum] yields under southern pines *[Pinus* **elliottii,** Pinus taeda]. 098165
Site preparation improves survival and growth of direct-seeded pines *[Pinus* **elliottii,** Pinus taeda]. 098170
Variability of slash pine *[Pinus* **elliottii]** wood in the radial direction [Wood properties, fibers]. 098233
Properties of phenylalanyl-tRNA synthetase and phenylalanine ammonia-lyase of pine *[Pinus* **elliottii]** suspension cultures. 100668
Relative susceptibility of slash, loblolly and longleaf pines *[Pinus* **elliottii,** Pinus taeda, Pinus palustris] to infection by Fomes annosus. 101447
Genotype X fertilizer interactions in slash pine *[Pinus* **elliottii** elliottii]: growth and [fertilizer] nutrient relations. 103943
Range extension of three conifers [Pinus aristata, *Pinus* **flexilis,** Juniperus occidentalis] and a dwarf mistletoe in the Panamint Moutains, Death Valley National Monument. 098651
Global radiation beneath the canopy and in the clearing of a suburban hardwood **forest** *[Pinus].* 097872
An analysis of Collembola communities in different *pine* **forest** environments. 103155
Estimating water yield differences between hardwood and *pine* **forests:** an application of net precipitation data. 097954
Testing new organophosphoric insecticides against the *pine* **geometrid** [Bupalis piniarius]. 102513
Inheritance of resin acids in an interspecific white pine cross [Pinus strobus X *Pinus* **griffithii].** 099377
Ultrastructure of resin ducts in *Pinus* **halepensis** development, possible sites of resin synthesis, and mode of its elimination from the protoplast. 100623
Changes in the ultrastructure of **hot-water-treated** *pine* wood during sulphate cooking process. 098299
Fusiform rust [Cronartium fusiforme] resistance of progeny from natural Loblolly [Pinus taeda] X Shortleaf [Pinus echinata] *pine* **hybrids.** 101587
Geographical variations in **jack** *pine* (Pinus banksiana). 098146
Yields of direct-seeded **loblolly** *pine* [Pinus taeda] at age 22 years. 098062
Breeding and testing pitch [Pinus rigida] X **loblolly** *pine* [Pinus taeda] hybrids for the northeast. 098122
Growth of **loblolly** *pine* [Pinus taeda] from variously selected parents [Cronartium fusiforme, rust]. 098166
Six-state test of Arkansas **loblolly** *pine* [Pinus taeda, geographic variation, Cronartium fusiforme]. 098171
Fertilization effects on survival and early growth of planted **loblolly** *pine* [Pinus taeda] seedlings in the Ozarks. 100624
Disease incidence and disease severity in **loblolly** *pine* [Pinus taeda] planted over two soil hazard types [Fomes annosus]. 101434
Variation in infection [Fomes annosus] of **loblolly** *pine* [Pinus taeda] roots on high and low hazard sites in the southeastern United States. 101455
Xylem in galls of **lodgepole** *pine* [Pinus contorta latifolia]caused by western gall rust, Endocronartium harknessii. 101378
Vegetative response to twelve years of seasonal burning on a Louisiana **longleaf** *pine* [Pinus palustris] site. 098172
Correlations between branch characteristics and production of female strobili in **longleaf** *pine* [Pinus palustris, conelets, growth, flowering]. 100634
Relative susceptibility of slash, loblolly and **longleaf** *pines* [Pinus elliottii, Pinus taeda, Pinus palustris] to infection by Fomes annosus. 101447
Mortality of **longleaf** *pine* [Pinus palustris] seedlings following a winter burn against brown-spot needle blight [Scirrhia acicola]. 101660
Grazing potential of **Louisiana** *pine* forest-ranges [Cow-calf units]. 098060
An examination of the quantity of water stored in **mature** *Pinus* sylvestris L. trees. 100650
Measures of controlling the *pine-resin-gall* **moth** [Petrova resinella] and their ecologic basis. 102511
Sound production in Scolytidae: aggressive and mating behavior of the **mountain** *pine* beetle [Dendroctonus ponderosae]. 102480
Economic impact of **mountain** *pine* beetle [Dendroctonus ponderosae] on outdoor recreation. 102517
Survey on the distribution and environment at the habitat of the *[pine* **mushroom]** Tricholoma matsutake (Ito et Imai) Sing. in Korea. 098845

The change of the organic substance of forest soils under the effect of fertilizers [applied] in cultivated and **natural** *pine* stands. 104133
The effectiveness of benlate, topsin and polycarbacin in the control of *pine* **needle** cast [Lophodermium pinastri] in forest nurseries. 101608
Investigation on some steroid hormones and their conjugates in pollen of *Pinus* **nigra** Ar. Separating steroids by thin-layer chromatography. 100626
Designing the urban forestscape [Street tree planting, *Pinus* **nigra**]. 101202
The ultrastructure of the host-parasite interface in the needles of *Pinus* **nigra** infected with Lophodermella sulcigena. 101316
Zinc deficiency in **nursery-grown** *Pinus* radiata seedlings. 101954
Variations of the wood characteristics and cellulose properties of *Pinus* **oocarpa** according to the age of the forest stand. 098234
Longleaf seedlings *[Pinus* **palustris]** survive fire in clearcut strips. 097946
Vegetative response to twelve years of seasonal burning on a Louisiana longleaf pine *[Pinus* **palustris]** site. 098172
Correlations between branch characteristics and production of female strobili in longleaf pine *[Pinus* **palustris,** conelets, growth, flowering]. 100634
Relative susceptibility of slash, loblolly and longleaf pines [Pinus elliottii, Pinus taeda, *Pinus* **palustris**] to infection by Fomes annosus. 101447
Mortality of longleaf pine *[Pinus* **palustris]** seedlings following a winter burn against brown-spot needle blight [Scirrhia acicola]. 101660
Behaviour of isolated cells from two gymnosperms, cultured in vitro: Taxus baccata L. and *Pinus* **pinaster** Sol. 100629
Current research on Fomes annosus in France [Picea abies, *Pinus* **pinaster,** Pseudotsuga menziensii, Abies alba]. 101432
Influence of temperature, pH [hydrogen-ion concentration] and nutrients on the growth of Fomes annosus isolates *[Pinus* **pinaster]**. 101442
Geographical variations in jack **pine** *(Pinus* banksiana). 098146
Study of nitrogenous metabolism of the Aleppo **pine** *(Pinus* halepensis Mill.) ornithine transcarbamylase and the ornithine cycle. 100630
Change of radiosensitivity of the seeds of Scotch **pine** *(Pinus* sylvestris) in relation to the duration of soaking [Gamma irradiation, mitotic activity, chromosomal abberations]. 100685
About the effect of inorganic fertilizers on the increment of spruce [Picea] and **pine** *[Pinus].* 103952
Biological action of strontium-90 [isotope] on the seedlings of **pine** *(Pinus* sylvestris L.) in relation to vertical distribution of radionuclide in soil [Radiation injuries]. 104643
Decline of *Pinus* **pinea** associated with the presence of Verticicladiella sp. (Preliminary note). 101483
Relations between tree growth and climate in aleppo **pines** *(Pinus* halepensis Mill.). 100665
Seasonal patterns of root growth capacity in western yellow **pines** *[Pinus].* 100680
Growth of *pine* **[Pinus** thunbergii] and birch [Betula platyphylla var. japonica] seedlings under lights with different spectral compositions and intensities. 100653
Influence of fungi in the rhizospheres of *pine* **[Pinus]** and spruce [Picea] on the seed germination of these trees. 100657
Properties of phenylalanyl-tRNA synthetase and phenylalanine ammonia-lyase of *pine* **[Pinus** elliottii] suspension cultures. 100668
About the effect of inorganic fertilizers on the increment of spruce [Picea] and *pine* **[Pinus].** 103952
Biological action of strontium-90 [isotope] on the seedlings of *pine* **(Pinus** sylvestris L.) in relation to vertical distribution of radionuclide in soil [Radiation injuries]. 104643
Nursery evaluation of a **pitch** *pine* [Pinus rigida] provenance trial. 098126
Endogenous gibberellins of *pine* **pollen.** III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to gibberellins A1 and A34 in germinating pollen of Pinus attenuata Lemm. 100672
Epiphytology of a needle cast fungus, Lophodermella morbida, in **ponderosa** *pine* [Pinus ponderosa] plantations in western Oregon. 101421
Fomes annosus as a factor in the management of recreational forests [Yosemite Valley, *Pinus* **ponderosa,** Libocedrus decurrens]. 101436
Root pathogens as agents predisposing **ponderosa** *pine* and white fir [Abies concolor] to bark beetles [Scolytidae, Fomes annosus]. 102492
Southwestern pine tip moth [Rhyacionia neomexicana] damage to **ponderosa** *pine* reproduction. 102525
Environmental variables influencing the increment of *Pinus* **radiata.** 2. Effects of seasonal drought on height and diameter increment. 098010
Export log afforestation profitability 1973 *[Pinus* **radiata].** 098106
Case for improving wood density in **radiata** *pine* [Pinus radiata]. 098379
Foliar macronutrient concentrations and foliage retention in **radiata** *pine* [Pinus radiata] clones on four sites. 100659
Soil temperatures and growth of rooted cuttings of **radiata** *pine* [Pinus radiata]. 100660
Fomes annosus in Australia *[Pinus* **radiata,** Pinus elliotii, Araucaria cunninghamii]. 101438
Influence of root exudates of **red** *pine* [Pinus resinosa] on the germination of conidia of Fomes annosus. 101441
Soil preparation in [forest] stand establishment [by **region,** *Pinus].* 104194
Pythium sylvaticum in Canadian forest nurseries [Damping-off, *Pinus* **resinosa].** 101385
Influence of root exudates of red pine *[Pinus* **resinosa]** on the germination of conidia of Fomes annosus. 101441
Breeding and testing pitch *[Pinus* **rigida]** X loblolly pine [Pinus taeda] hybrids for the northeast. 098122
Nursery evaluation of a pitch pine *[Pinus* **rigida]** provenance trial. 098126
Electrical grade papers from *Pinus* **roxburghii** Sargent. 098286
Optimization of a method for counting the cocoons of the **rusty** *pine* sawfly Neodiprion sertifer (Hymenoptera, Diprionidae). 102518
Growth rates of eighty **scotch** *pine* [Pinus sylvestris] populations at fourteen years in Maryland. 098124
Change of radiosensitivity of the seeds of **Scotch** *pine* (Pinus sylvestris) in relation to the duration of soaking [Gamma irradiation, mitotic activity, chromosomal abberations]. 100685
Effect of gamma-irradiation of cobalt-60 [isotope] on the mitotic activity and size of cells in the seedlings of **Scotchpine** *(Pinus* sylvestris L.). 100686
The temperature variation of the canopy and trunk of **Scots** *pine* [Pinus sylvestris] and its relation to the net input of radiation and to air temperature. 097943
Characteristics of **Scots** *pine* [Pinus sylvestris] from the Zahorska nizina lowland according to the variability of the needles. 100656
A contribution to the knowledge of the [plant parasitic] nematode fauna in *pine* **seed-beds** of the Forest Experimental Farm, Siemianice, district Kepno. 102022
Studies on Fomes annosus and the infection of *pine* **seedlings.** 101450
Ratio of microorganisms in the soil treated with benlate and carbathion for the control of lodging of *pine* **seedlings** [caused by fungi]. 101607
Performance of large loblolly and **shortleaf** *pine* [Pinus taeda, Pinus echinata] seedlings after 9 to 12 years [Cronartium fusiforme]. 098168
Ash composition of plants in the northern taiga forest of the Urals *[Pinus* **siberica,** Pinus sylvestris, Picea obovata]. 100682
Within-tree variation of monoterpene composition and yield in **slash** *pine* [Pinus elliottii] clones and families [Genetic variation]. 098081
Can intensive cultural management increase growth of **slash** *pine* [Pinus elliottii]? 098103
Nutrient cycling in the **slash** *pine* [Pinus elliottii] ecosystem: silvicultural implication. 098131
Variability of **slash** *pine* [Pinus elliottii] wood in the radial direction [Wood properties, fibers]. 098233
Genotype X fertilizer interactions in **slash** *pine* [Pinus elliottii elliottii]: growth and [fertilizer] nutrient relations. 103943
Southern *pine* site-index computing program. 098061
Genetically improved varieties of **southern** *pines* for use in Alabama. 098082
Exotic grass [Festuca arundinacea, Paspalum] yields under **southern** *pines* [Pinus elliottii, Pinus taeda]. 098165
Exterior structural composite panels with **southern** *pine* veneer faces and cores of southern hardwood flakes. 098221
Cross-link wet-stiffening of paper: the mechanism [tested on paperboard from unbleached **southern** *pine].* 098417
Fatty and waxy components of **southern** *pine* bark—amounts present as free extractives. 100688
Progress on integrated pest management: Douglas-fir tussockmoth, gypsy moth, and **southern** *pine* beetle [Hemerocampa pseudotsugata, Porthetria dispar, Dendroctonus frontalis]. 102508
Southwestern *pine* tip moth [Rhyacionia neomexicana] damage to ponderosa pine reproduction. 102525
Experience of statistical evaluation of interaction between trees in pure amd mixed symusia of *pine* and **spruce** [Picea]. 098059
Influence of fungi in the rhizospheres of pine *[Pinus]* and **spruce** [Picea] on the seed germination of these trees. 100657
Carbohydrate metabolism and frost hardiness in *pine* and **spruce** [Pinus sylvestris, Picea abies] seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
The display of negative properties of some forms of fertilizers during the germination of *pine* and **spruce** seeds [in forest nurseries]. 104134
Influence of the cleanings on killing of *pine* **stands** by Fomes annosa. 101443
The effect of temperature regime of **storing** *pine* and spruce seeds on their sowing qualities. 098140
Rate of growth and activity of oxidizing enzymes of different Fomes annosa **strains** *[Pinus].* 101446
Lichens from the Irtysh **strip-like** *pine* forests in the Semipalatinsk Region. 098777
Inheritance of resin acids in an interspecific white pine cross *[Pinus* **strobus** X Pinus griffithii]. 099377
Large outdoor cage tests with eastern white pine *[Pinus* **strobus]** being tested in field plots for white pine weevil [Pissodes strobi] resistance. 102504
Weevil [Pissodes strobi]—induced resin crystallization related to resin acids in eastern white pine *[Pinus* **strobus].** 102506
The temperature variation of the canopy and trunk of Scots pine *[Pinus* **sylvestris]** and its relation to the net input of radiation and to air temperature. 097943
Growth rates of eighty scotch pine *[Pinus* **sylvestris]** populations at fourteen years in Maryland. 098124
Fomes annosus (Fr.) Cooke, Peniophora gigantea (Fr.) Massee, and other fungi colonising stumps of *Pinus* **sylvestris** L. 098236
Role of the Bryophyta and lichens in multidimensional analysis applied to the floristical groups of *Pinus* **sylvestris** L. Woodlands, Pinus uncinata Mill. woodlands in the eastern Pyrenees, the Causses and the southwestern Alps range. 098781
Stem sway affects ring width and compression wood formation in exposed root bases *[Pinus* **sylvestris].** 100640
Characteristics of Scots pine *[Pinus* **sylvestris]** from the Zahorska nizina lowland according to the variability of the needles. 100656
Carbohydrate metabolism and frost hardiness in pine and spruce *[Pinus* **sylvestris,** Picea abies] seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
Ash composition of plants in the northern taiga forest of the Urals [Pinus siberica, *Pinus* **sylvestris,** Picea obovata]. 100682
Resistance of *Pinus* **sylvestris** to the root rot [Fomes annosus]. 101449
Accumulation and biological action of strontium-90 [isotope] in the early phases of development of *Pinus* **sylvestris** L. [Radioactive contamination]. 104642
The effect of the way of growing forest trees on the development of the root **system** of the *pine.* 098139
Yields of direct-seeded loblolly pine *[Pinus* **taeda]** at age 22 years. 098062
Breeding and testing pitch [Pinus rigida] X loblolly pine *[Pinus* **taeda]** hybrids for the northeast. 098122
Exotic grass [Festuca arundinacea, Paspalum] yields under southern pines [Pinus elliottii, *Pinus* **taeda].** 098165
Growth of loblolly pine *[Pinus* **taeda]** from variously selected parents [Cronartium fusiforme, rust]. 098166
Performance of large loblolly and shortleaf pine *[Pinus* **taeda,** Pinus echinata] seedlings after 9 to 12 years [Cronartium fusiforme]. 098168
Site preparation improves survival and growth of direct-seeded pines [Pinus elliottii, *Pinus* **taeda].** 098170
Six-state test of Arkansas loblolly pine *[Pinus* **taeda,** geographic variation, Cronartium fusiforme]. 098171
Fertilization effects on survival and early growth of planted loblolly pine *[Pinus* **taeda]** seedlings in the Ozarks. 100624
Disease incidence and disease severity in loblolly pine *[Pinus* **taeda]** planted over two soil hazard types [Fomes annosus]. 101434
Relative susceptibility of slash, loblolly and longleaf pines [Pinus elliottii, *Pinus* **taeda,** Pinus palustris] to infection by Fomes annosus. 101447
Variation in infection [Fomes annosus] of loblolly pine *[Pinus* **taeda]** roots on high and low hazard sites in the southeastern United States. 101455
Fusiform rust [Cronartium fusiforme] resistance of progeny from natural Loblolly *[Pinus* **taeda]** X Shortleaf [Pinus echinata] pine hybrids. 101587
Attraction, attack patterns [on *Pinus* **taeda]** and seasonal activity of the black turpentine beetle [Dendroctonus terebrans]. 102478
The influence of environment upon the physiology of Peniophora gigantea on *Pinus* **teada** [stumps]. 098237
An analysis of different methods and techniques of the tending of *pine* **thickets** from the view point of the required labour. 098004
Growth of pine *[Pinus* **thunbergii]** and birch [Betula platyphylla var. japonica] seedlings under lights with different spectral compositions and intensities. 100653
Discosia [pini] needle blight of Pinus densiflora Sieb. Et Zucc. and *Pinus* **thunbergii** Parl. 101485
Dependence between the content of nutrients in the needles and the growth of *pine* **trees.** 100655
Effect of aerial chemical care of young stands [with 2,4-dichlorophenoxyacetic acid] on the incidence of *pine* **trees** infected with trunk rust, Melampsora lini (A. Br.) Rostr. 101605
The use of the fungus Beauveria bassiana (Bals.) Vuill for the [biological] control of a curculionid pest of *pine* **trees.** 102515
The utilization of attracting traps for the protection of forest stands from a curculionid pest of *pine* **trees.** 102516
Role of the Bryophyta and lichens in multidimensional analysis applied to the floristical groups of Pinus sylvestris L. Woodlands, *Pinus* **uncinata** Mill. woodlands in the eastern Pyrenees, the Causses and the southwestern Alps range. 098781
Fomes annosus: mortality rates in young trees [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, Betula] **underplanted** among *pine.* 101439
Interaction of the systemic insecticide BI-58 and the plant in the treatment of coniferous trees to control the *pine* **weevil** [Hylobius abietis]. 102510
Inheritance of resin acids in an interspecific **white** *pine* cross [Pinus strobus X Pinus griffithii]. 099377

Large outdoor cage tests with eastern **white** *pine* [Pinus strobus] being tested in field plots for white pine weevil [Pissodes strobi] resistance. 102504
Weevil [Pissodes strobi]—induced resin crystallization related to resin acids in eastern **white** *pine* [Pinus strobus]. 102506
Influence of *pine* **wood** macrostructure on kraft process. 098318
Alterations of protein amino acid composition of *pine* **wood** (Pinus sylvestris L.) during formation process. 100631
Seasonal patterns of root growth capacity in western **yellow** *pines* [Pinus]. 100680
Injuries to **young** *pine* stand caused by elks in the Leningrad province. 097941

PIPELINES
Movement of pneumatically transported material through a *pipeline* **[Discharging-loading** device]. 103533
Relationship between changes in analytic procedures and bacterial growth in milk in farm and dairy tanks using continuous and **discontinuous** *piping*. 095606
Determination of theoretical dependencies of the material movement in a **pneumatic** *pipeline* considering friction [Air dryer]. 103519
Dairy: cleaning and **sanitizing** *pipeline* milking machines and bulk tanks. 095554

PIPER
The structure of piperenone [natural insecticides, an insect antifeeding substance from *Piper* **futokadzura].** 102621
Anatomy and essential oil of the leaves of *Piper* **regnellii** (Miq.) C.dC. var. regnellii. 098894

PIPTOCEPHALIS
A new acephalous species of *Piptocephalis* **[minuta]** (Mucorales) [Fungi]. 098629

PIROPLASM
Prevalence and experimental transmission of **bovine** *piroplasms* in the Netherlands [Protozoan diseases, ticks as insect vectors]. 097633
The seasonal incidence of exodid ticks [Insect vectors of protozoan diseases of cattle, *piroplasms*, **Ixodes** ricinus, Haemaphysalis punctata]. 102613

PISAURIDAE
Preliminary study of ecdysterone action on the molting cycle of Pisaura mirabilis **(Aranea,** *Pisauridae).* 102851

PISOLITHUS
Studies on eucalypt mycorrhizas. I. A method of Mycorrhiza induction in Eucalyptus gummifera (Gaertn. & Hochr.) by *Pisolithus* **tinctorius** (Pers.) Coker & Couch [Fungi]. 100625

PISSODES
Large outdoor cage tests with eastern white pine [Pinus strobus] being tested in field plots for white pine weevil *[Pissodes* **strobi]** resistance. 102504
Weevil *[Pissodes* **strobi]**—induced resin crystallization related to resin acids in eastern white pine [Pinus strobus]. 102506

PISTACHIO
Spring budding of *pistachio* **[Pistacia** vera] in the south ofTadzhikistan. 101258
Carbohydrate levels in the *pistachio* as **related** to alternate bearing. 100464

PISTACIA *see* ANACARDIACEAE

PISTIA
Control of water lettuce, *Pistia* **stratiotes,** with diquat and 2,4-D [Aquatic weeds, dichlorophenoxyacetic acid]. 102163

PISTON
The compressive wafering of rice straw. I. Wafering of rice straw by low **speed** *piston* method. 096019

PISUM
Effects of antibiotics on feeding and development of the pea aphid, **Acyrthosiphon** *pisum* (Harris) (Homoptera, Aphididae). 102388
Application of Pirimor [5,6-dimethyl-2-dimethylamino-4-pirimidinyldimethyl-carbamate] to control the pea aphid **[Acyrthosiphon** *pisum].* 102438
The role of predator-prey size ratio in determining the efficiency of capture by Anthocoris nemorum and the escape reactions of its prey, **Acyrthosiphon** *pisum*. 102920
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its metabolism by etiolated seedlings and germinating seeds of **dwarf** *Pisum* sativum (Meteor) [Peas]. 100492
The place of *Pisum* **formosum** (Stev.) Alef. In the tribe Vicieae Bronn according to the data of the immunochemical analysis of proteins [Peas]. 098521
Cytogenetical evolution in the **genus** *Pisum* [Peas]. 098954
Apolar movement of zeatin through Coleus petioles and *Pisum* **[pea]** roots as estimated by bioassay and radioactive labeling. 099472
Lesions in the ribosomes of non-viable **pea** *(Pisum* arvense) embryonic axis tissue. 100372
Duration of the cell cycles in the shoot apex and in the axillary buds of *Pisum* **sativum** L. [Peas]. 098919
Development and [genetic] control of the number of flowers per node in *Pisum* **sativum** L. [Peas]. 099066
Gibberellic acid protection against EMS [ethyl methane sulphonate] and MMS [methyl methane sulphonate] induced damage to chromosomes in *Pisum* **sativum** L. [Peas, mutation]. 099158
Effect of different types of mutations on the development of the organism in the homo- and heterozygous states (taking as an example mutants of *Pisum* **sativum** L.) [Peas]. 099400
The movement of 2,4-dichlorophenoxy acetic acid in root segments of *Pisum* **sativum** L. [Peas]. II. Immobilisation and oscillations in uptake and transport. 100552
Metabolic changes associated with the prevention of chlorosis by the application of elemental sulphur and foliar sprays of sequestrene 138-Fe [iron] in *Pisum* **sativum** L. [Peas, deficiency disease]. 101842

PITCH
Nursery evaluation of a *pitch* **pine** [Pinus rigida] provenance trial. 098126
Breeding and **testing** *pitch* [Pinus rigida] X loblolly pine [Pinus taeda] hybrids for the northeast. 098122

PITH
Hydrolysis of pentosans in **bagasse** *pith* [Sugarcane]. 095817
Effect of N-phenyl-N'-(4-pyridyl) urea on shoot formation in **tobacco** *pith* disk and callus cultured in vitro. 100271

PITS
Some problems of the theory of *pit* making **[Dibblers,** erosion contro]. 103624
Bryological excursion to the *"sand-pit* of the **hare"** [Musci](December 17, 1972). 098566

PITUITARY
Responses of the preputial gland and perineal complex of neonatally castrated and androgenized rats to testosterone during adult life in presence and **absence** of *pituitary*. 097013
Studies on *pituitary* **prolactin,** 39. Reaction of the ovine hormone with hydrogen peroxide. 096250
Scanning microscopy of *pituitary* **vascular** casts. 096176

PIVOT
Center *pivot* irrigation. 103918
Compatibility of windbreaks and *pivot* **[irrigation]** sprinklers. 097906

PLACENTA
Placentation in Lecythidaceae *[Placenta* **formation].** 098895
Ultrastructural localization of acid phosphatase and thiamine pyrophosphatase activities and of phosphotungstic staining at low pH [hydrogen-ion concentration] in the *placental* **labyrinth** of the cat. 096372
Transplacental **migration** of Toxocara canis larvae in experimentally infected mice. 097420
Foetal and *placental* **ornithine** decarboxylase activity in ther rat—effect of maternal undernutrition. 095141
A study on Salmonella transmission in pigs in an industrialcomplex. III. Salmonella finds in the *placentae* of the **pig** dams and in the meconium of their piglets. 097357
A comparative study of the histogenesis of *placenta* in **wild** sheep (Ovis ammon cycloceros L.) and the domestic Romanov breed. 096572
Enzymatic activity of fetal digestive organs and *placenta* in **wild** sheep of Turkmenia [compared to domestic sheep]. 096579

PLAGIOCHILA
Sex chromosomes of *Plagiochila* **praemorsa** Stephani and the status of structural sex chromosomes in hepatics [Hepaticae]. 099125

PLAGUE
Exaltation of chickens embryo adapted modified live **duck** *plague* vaccine virus. 097376
Diagnosis of duck virus enteritis **(duck** *plague).* 097516
Attenuation of pathogenicity of **fowl** *plague* virus by recombination with other influenza A viruses nonpathogenic for fowl: nonexclusive dependence of pathogenicity on hemagglutinin and neuraminidase of the virus. 097423
Variability of the virus of classical **fowl** *plague* exposed to ultraviolet radiation. 097635
Encephalitis—today's **health** *plague* [St. Louis Encephalitis, Culex pipiens, Culex restuans]. 102607

PLAINS
Role of windbreaks in Great *Plains* **agriculture:** current and future. 097915
Biological reserves of New Zealand. 2. Bryophytes of Bankside reserve, **canterbury** *plains*. 098825
Windbreaks for livestock protection in the **central** Great *Plains*. 097921
The vascular flora of the Gros Morne National Park **coastal** *plain,* in Newfoundland. 098700
The arsenic content of corn grain grown on a **coastal** *plain* soil [in Delaware] amended with poultry manure. 100162
Response of tomato to pH [hydrogen-ion concentration] of a **coastal** *plain* soil. 100482
Calibration of selected [water] infiltration equations for the Georgia **Coastal** *Plain* [Soils]. 103709
Cation exchange capacity and base saturation of imperfectly drained surface **Coastal** *Plain* soils. 103722
Yield of corn as affected by potassium on a **Coastal** *Plain* soil. 103933
Shelterbelt renovation in the Great *Plains* **[Conifers,** planting]. 098120
Better plants for [soil] **conservation** in the Great *Plains*. 104214
Action needed to discourage removal of trees [windbreaks] that shelter **cropland** in the Great *Plains*. 097905
Climatic variations of Upper Holocene in Kerguelen Islands: from a peat section of the **Dante** *Plain* (south coast) [Pollen]. 098587
Wind patterns and soil **erosion** on the Great *Plains*. 104218
Utilization of the collection of tomato entries for breeding purposes in the conditions of the Volgo-Akhtuba **flood** *plain*. 099455
Colonialism in the Great *Plains* **[Grassland** ecology]. 098796
Effects of windbreaks on the microclimate, energy balance and water use efficiency of crops **growing** on the Great *Plains*. 097907
Analyzing the feasibility of rural rental apartments in the Great *Plains:* a **guide** for local decisionmakers [Housing]. 093953
Evaluation of cultivars of Panicum on the **Lilongwe** *plain,* Malawi. 101005
Rice growing in the **M'Bos** *plain* (west Cameroon): an example of the relations between the physical environment, agricultural experiments and development. 100709
A diagnostic survey of bovine viral infections in the **Northern** *Plains* states. 097498
Soil temperature and plant growth in the **northern** Great *Plains*. 099788
Tree and shrub species for [soil, water and wildlife] conservation use in the **northern** Great *Plains*. 104217
Shelterbelts on the Great *Plains:* **proceedings** of the symposium, Denver, Colorado April 20-22, 1976. 097916
State forest service **programs** on the Great *Plains*. 098017
Studies on structure in plant communities. VII. Field and experimental analyses of Atriplex vesicaria populations from the **Riverine** *Plain* of New South Wales. 098773
The fossil Alnus pollen [in central **Russian** *plain].* 098734
Characteristics of the clay in soddy-carbonate and soddy-podzolic soils in the western and eastern regions of the **Russian** *plain*. 103805
Current legislation relating to Great *Plains* **shelterbelts.** 094768
Protection of Great *Plains* **shelterbelts** from insects. 102503
Introduction of the problems [concerning shelterbelts in the Great *Plains,* **soil** erosion]. 097912
Windbreaks for livestock protection in the **southern** Great *Plains*. 097922
Extension educational programs on windbreaks and shelterbelts in the Great *Plains* **States.** 097908
Ecofallow: a reduced tillage **system** for the Great *Plains*. 104245
Great *Plain* **windbreak** history: an overview. 097910

PLANE
Contribution to tree pathology. II. On Aureobasidium pullulans in *plane* **trees** [Acer pseudoplatanus, Epicoccum nigrum, Platanus]. 101601
Stability of movement of the dibbler's disk selection in **vertical** *plane*. 103625

PLANETREE
Effect of inorganic fertilizers on the growth of the forest stand of the **European** *planetree* (Platanus orientalis L.) on slightley waterlogged soils from the Colchis Lowland. 104137
Modality of the diffusion of Ceratocystis fimbriata in the tissues of *planetree* **[Platanus].** 101603

PLANIPENNIA
Jaws and digestive tube of *Planipennia* **larvae.** 102815

PLANKTON
The influence of daylength, light intensity and temperature on the growth rates of *planktonic* **blue-green** algae. 099582
Contribution to the knowledge of the Dinoflagellata and Tintinnidae of the Antartica. I. *Plankton* **collected** in December 1969 [Algae]. 098607
A checklist of *planktonic* **diatoms** and dinoflagellates [Algae] from Helgoland and List (Sylt), German bight. 098525
Planktonic **diatoms** and silica in Loch Leven, Kinross, Scotland: a one month silica budget [Algae]. 099725
Studies on genera Mallomonas and Synura, and other *plankton* in **freshwater** with the electron microscope. X. The genus Paraphysomonas (Chrysophyceae) in Japan [Algae, new taxa]. 098554

PLANOCOCCUS
On the acclimatization in Italy of Leptomastix dactylopii (How.). Important parasite of *Planococcus* **citri** (Risso) [Citrus bacterial diseases, biological control]. 101693

PLANTAGO
Derivatives of *Plantago* **ovata** seed husk. II. Methoxyl derivatives. 100649
Biochemical studies on the oil and fatty acids of *plantago* **seeds.** 095397

PLANTATIONS
An enemy of **Araucaria** *plantations* in the Ivory Coast [Bats]. 097876
Control of the honeydew moth, Cryptoblabes gnidiella Mill. (Lepidoptera: Phycitidae), with Bacillus thuringiensis Berliner in **avocado** *plantations*. 102457
Dispersal and recovery of natural pyrethrum micro droplets in **banana** *plantation* [Insecticide residues, drift, Aedes control]. 102561
Use of "soil diagnosis" for the estimation of fertilizer requirements of Ivory Coast **cocoa** *plantations*. 103917
An evaluation of five methods estimating biomass of an **evenaged** *plantation* of Pinus caribaea L. 098015
A review of land clearing for site preparation for **intensive** *plantation* forestry. 098085
Weed control in black walnut [Juglans **nigra**] *plantations*. 102208
Pest status of Cactoblastis cactorum (Berg) (Lepidoptera: Phycitidae) and Dactylopius opuntiae (Cockerell) (Coccoidea: Dactylopiidae) in spineless **Opuntia** *plantations* in South Africa. 102332
Major practices for increasing the fertility of sandy and loamy-sandy soddy-podzolic soils in the Vladimir Region [Dolomite as amendment, fertilizers, *plantation* **plowing**]. 103954
Catalase activity in the soil under a **tea** *plantation* as affected by herbicides. 103830
Effect of nitrogen levels on the yield of **tea** *plantations* of different vigor on Podzolic soils. 104138
Some problems of the level of water provision and the effectiveness of irrigation of **tea** *plantations* in Imeretia. 104406
Weeding northern red oak [Quercus rubra] *plantations* on **theCmberland** Plateau [Tennessee]. 102210
Multipurpose [timber] **tree** *plantations*. 098116
Studies on the weed vegetation at the early stage of *plantation*. II. **Vegetational** transition on Larix leptolepis forests planted every year in Sasa (Sasa paniculata) area. 098099
Biology, ecology and control of kadam defoliator Arthroschista hilaralis Walk (Pyralidae, Lepidoptera) in *plantations* in **West** Bengal. 102493
Epiphytology of a needle cast fungus, Lophodermella morbida, in ponderosa pine [Pinus ponderosa] *plantations* in **western** Oregon. 101421

PLANTHOPPERS
Effects of nutrient compounds on sucking response of the **brown** *planthopper*, Nilaparvata lugens (Homoptera: Delphacidae). 102825
Synoptic weather conditions inducing long-distance immigration of *planthoppers*, **Sogatella** furcifera Horvath and Nilaparvata lugens Stal [Pest of growing rice]. 102297

PLANTING
Shelterbelt renovation in the Great Plains **[Conifers,** *planting]*. 098120
Effect of *planting* **date** on the development of Freesia hybrida. 101140
Effect of dates of sowing, rates of nitrogen and *planting* **densities** on grain yield of hybrid maize 'Ganga 101'. 100832
Productivity of using soil moisture and the development of leaf surface as effected by different *planting* **density** of grapevine bushes. 100613
Effects of *planting* **density** and research with 1 and 2 year crops of Narcissus. 101265
Biological aspects of *planting* and **direct** seeding in forestry. 098086
Work study aspects of *planting* and **direct** seeding in forestry. 098094
Frequency of control plots in screening nurseries for protein content [Wheat, barley, *planting* **distance**]. 100769
Performance of maize hybrids grown in conventional row and randomly **distributed** *planting* patterns. 100707
Techniques for tree **establishment** *[Planting]*. 098121
Effect of time of *planting* and **fertilisation** on garlic [Yield]. 101188
Storage of Narcissus bulbs for **field** *planting*. 095949
Ergonomic aspects of *planting* **machines** [for forest trees]. 103440
Planting **material** [Forest nurseries]. 098089
Studies on optimum time of *planting* **Mentha** [piperita]. 101302
Effect of *planting* **method** on varieties of safflower. 100843
Influence of N [nitrogen] fertilization and *planting* **methods** on yield and N uptake in sugarcane. 103996
New *planting* methods in forestry. 098110
Optimum *planting* interval as affected by size distribution in potato yield. 101013
Response of pigeonpea to dates of *planting* and **phosphorus** levels. 100862
Studies on the response of two maize germplasms to dates of *planting* and **plant** population. 100867
Seed coating, **precision** *planting*, and sprinkler irrigation for optimum stand establishment [Lettuce, onion, carrots, sugarbeets]. 101023
Effect of dates of *planting* and **row** spacings on the seed yield of jute varieties. 100833
Studies on the performance of pigeonpea varieties to dates of *planting* and **row** spacing. 101192
Nursery production potential [for **shelterbelt** *planting]*. 098117
Effect of date of *planting*, **spacing,** levels of nitrogen and size of tuber on the yield of seed potato. 101185
Herbicide mixtures in **sugarbeet** *planting*. 102142
Seed size and *planting* **time** as preliminary factors on seedling emergence of some legume crops [Beans and cowpeas]. 101046
Operational aspects in the production of forest **tree** *planting* material. 098088
Statement for Canada on [forest] **tree** *planting* and direct seeding. 098090
Designing the urban forestscape [Street **tree** *planting*, Pinus nigra]. 101202
Planting [**Vegetable** gardens, culture]. 101119
Practical aspects in the *planting* of **windbreaks**. 098173

PLAQUE
Plaque **neutralization** test reactors to bluetongue and EHD [epizootic hemorrhagic disease] viruses in the southeastern U.S.a. 097348
Plaque **neutralization** test to assay serums for eastern and western equine encephalomyelitis antibody titer. 097541
A possible association between *plaque* **type** and pathogenicity of Marek's disease herpesvirus [Chicken embryo fibroblast. 097244

PLASM
Evaluation of the **germ** *plasm* collection of safflower, Carthamus tinctorius L. VII. Variability of capitulum width and outer involucral bracts' dimensions. 099181

PLASMA
Plasma **adrenocorticosteroid** levels in protein and energy restricted pigs. 096717
Anorexia as the probable cause of *plasma* **alpha-lipoprotein** changes seen in avian erythroblastosis [Chickens]. 097710
Plasma **amino** acids of the red-backed vole, Clethrionomys rufocanus bedfordiae (Thomas) [Forest pests]. 097888
Structural requirements for steroid binding and quenching of albumin fluorescence in **bovine** *plasma* albumin. 096249
Erythrophillc proteins of **bovine** *plasma*. 096344
Primary structure of **bovine** *plasma* high-molecular-weight kininogen. The amino acid sequence of a glycopeptide portion (fragment 1) following the C-terminus of the bradykinin moiety. 096420
The effects of exposure to warm environments on **bovine** *plasma* lipid composition. 096542
Observations on the effects of weaning in the young pig. Clinical and histopathological studies of intestinal function and morphology [Acute inflammatory response and a reduction in *plasma* **cell** population]. 097762
The effects of dietary fatty acids and cholesterol on the milk lipids of lactating women and the *plasma* **cholesterol** of breast-fed infants. 095009
Changes in the weight of the adrenal glands and in the concentration of *plasma* **corticosterone** in perinatal rats after prenatal treatment with oestradiol benzoate. 096451
Study on the hereditary variation in native aboriginal breeds of farm animals. I. Mutability in the activity of some *plasma* **enzymes** and hematologic indexes in Bulgarian Grey cattle of southeast Bulgaria. 097086
Free and conjugated steroids in maternal and **fetal** *plasma* in the cow near term. 096879
Decreased dietary protein or energy intake and *plasma* **growth** hormone levels of the pregnant pig, its fetuses and developing progeny. 096713
A kinetic study of the inhibition of human and bovine trypsins and chymotrypsins by the inter-alpha-inhibitor from **human** *plasma*. 096231
Increased *plasma* creatine kinase activity in rabbits: effect of systematically repeated blood sampling. 096349
Plasma **infusion**—a pedological process of significance in the humid tropics [Soil mineralogy]. 103683
Plasma **insulin** and growth hormone concentrations in pregnant sheep. I. Diurnal variations in mid and late pregnancy. 096844
Plasma **insulin** and growth hormone concentrations in pregnant sheep. II. Post-absorptive levels in mid and late pregnancy. 096845
Intestinal *plasma* and blood loss in piglets infected with Strongyloides ransomi. 097656
Inhibition of the development of Dictyostelium discoideum [Fungi] by **isolated** *plasma* membranes. 099694
Plasma **LH** [luteinizing hormone] and progesterone concentrations in the turkey hen during the ovulatory cycle. 096513
Plasma **lipids,** ketone bodies, and glucose concentrations in calves fed high- and low-fat milk replacers. 096709
Initial stages of differentiation of [rabbit] thymocytes in the *plasma* **membrane.** 096325
Electrophoretic characterization of proteins in the *plasma* **membrane** of porcine spermatozoa. 096956
Fragility of *plasma* **membranes** in Saccharomyces cerevisiae enriched with different sterols [Yeasts]. 099808
Plasma and **organ** counts of 3H in normal or immune mice and sheep injected with 3H-epsilon-dinitrophenyl-lysine. 097604
Peripheral *plasma* progesterone in the ewe: its application to the diagnosis of early pregnancy following oestrus synchronization treatment. 096926
The probable role of Babesia argentina esterase in the in vitro activation of *plasma* **prekallikrein** [Calves]. 097660
Plasma **progestins,** estradiol, and luteinizing hormone following prostaglandin F2 alpha injection [Dairy cattle]. 096941
Seasonal changes in the *plasma* **retinol-binding** holoprotein concentration of sheep. 096270
Loss of acrosin from bovine spermatozoa following cold shock: protective effects of **seminal** *plasma*. 096895
Fatty acids and fatty aldehydes of buffalo **seminal** *plasma* and sperm lipid. 096958
The lipids of buffalo spermatozoa and **seminal** *plasma*. 096968
Uterine secretion-like proteins in the **seminal** *plasma* of the rabbit. 096971
Some biochemical and immunological properties of proteins of bull and ram **seminal** *plasma*, and possibilities of their practical utilization in animal reproduction. 097082
Plasma **steroid** tendency, social environment and Eimeria necatrix infection [Chickens]. 097483
Diurnal variation of *plasma* **testosterone** in wild stallions. 096877
Plasma **thyroxine** concentrations in ewes and their fetuses during the last six weeks of pregnancy. 097029
Cystine aminopeptidase (oxytocinase) activity in *plasma* and **tissues** of normal and infected pregnant cattle [with Aspergillus fumigatus]. 097223
Growth of the pig: changes in red cell and *plasma* **volumes.** 096367
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the *plasma* as **well** as the changes in the iron contents of the liver and the breast muscle matter of fattening turkeys. 096593

PLASMIN
Study of the complex between **porcine** *plasmin* and alpha2-macroglobulin. 096252

PLASMODIOPHORA
Studies on the clubroot of cruciferous plants. I. Susceptibility and resistance to clubroot [caused by *Plasmodiophora* **brassicae**] of the cruciferous vegetable species and. 101596

PLASMODIUM
Plasmodium **berghei:** antibody mediated reduction of oxygen consumption by infected mouse bone marrow cells. 097624
Plasmodium **berghei:** heat-treated sporozoite vaccination of A/J mice: comparison of routes of injection. 097625
Plasmodium **berghei:** frozen-thawed, formalin-treated, and lyophilized sporozoites as vaccines in A/J mice. 097626
Development of different strains of *Plasmodium* **vivax** in twospecies of Anopheles [maculatus mosquitoes]. 102547

PLASMOPARA
The growth of *Plasmopara* **[halstedii]** in susceptible and resistant sunflower plants. 101392
Mildew *(Plasmopara)* of the sunflower: a policy to be followed in seed imports and improved products. 101391
Changes in the fine structure of spore cases in *Plasmopara* **viticola** due to phytoncid activity in grape leaves. 101663

PLASTICS
Use of **acrylic** *plastic* as rhizotron windows [Rooting of cotton]. 100075
Condensate injury from **black** *plastic* [used to control day length in producing cut and potted Chrysanthemums]. 101899
Features of flowering and fruiting in cucumbers and tomatoes grown in *plastic* **covered** greenhouses in the south-east of the Russian Soviet Federative Socialist Republic. 100385
Promising varieties and hybrids of cucumbers and tomatoes for growing in winter-type and *plastic* **covered** greenhouses. 101085
Activated sludge degradation of adipic acid **esters** *[Plasticizers]*. 104444
Kinetic study of crystallization of *plastic* **fats.** I. Layout of solidification curves by large band nuclear magnetic resonance. 095521
Physiological and biochemical peculiarities of cucumbers and tomatoes grown in *plastic* **film-covered** greenhouses [Varieties]. 100603
Radish growing in unheated polyethylene *[plastic]* **greenhouses** in the Sandanski-Petrich region. 101151
Canine inslinoma *[neoplastic* **growth** of the Beta cells of the pancreas]. 097728
Formostable wood and *plastic* **mass** materials. 098312
Optimizing strawberry yields with drip irrigation and *plastic* **mulch.** 104256
Maize culture on chalky soils in Champagne with **photodegradable** *plastic* films. 100747
A study of anisotropic mechanical properties on the WPC [**wood** *plastic* composite] material. 098408

PLASTID
Ontogenesis of photosynthetic membranes in the *plastids* of **Cattleya** sp. leaves grown in the light. 099533
Effects of oligochromatic lights on lipid composition of *plastids* in **dark** grown wheat leaves. 100141
Changes in the permeability of the inner mitochondrial membrane associated with *plastid* **development** [Oats]. 100285
Movement of labelled metabolites from mitochondria to *plastids* during **development** [in oats]. 100290

Fluxes of gibberellic and abscisic acids, together with that of adenosine 3',5'-cyclic phosphate, across *plastid* **envelopes** during development [Oats]. 100287
The replication of *plastids* in **higher** plants [Chloroplasts]. 098988
Content of cytochromes b6 and f in *plastids* **isolated** in aqueous and nonaqueous media. 099698
Characterization of **major** *plastid* pigments in skin of 'mission' fig fruits. 100468
Contents of *plastid* **pigments** in grape leaves in high- and low-trained grapevines. 100427
Plastid **pigments** content of eggplant leaves as dependent on fertilizer application. 100439
Relationships between lipid changes and *plastid* **ultrastructural** changes in senescing and regreening soybean cotyledons. 100221

PLATANUS
Rhytisma acerinum [the cause of tar spot disease of *platanus,* **Acer** pseudoplatanus] as a biological indicator of [sulphur dioxide] pollution. 104481
Auxin dependence and auxin oxidase of cultured sycamore **cells** *[Platanus].* 100632
Contribution to tree pathology. II. On Aureobasidium pullulans in plane trees [Acer pseudoplatanus, Epicoccum **nigrum,** *Platanus].* 101601
Influence of cutting cycle and spacing on coppice sycamore *[Platanus* **occidentalis**] yield. 098167
Girdling and applying chemicals promote rapid rooting of sycamore *[Platanus* **occidentalis**] cuttings. 100689
Modality of the diffusion of Ceratocystis fimbriata in the tissues of **planetree** *[Platanus].* 101603
Effect of inorganic fertilizers on the growth of the forest stand of the European **planetree** *(Platanus* orientalis L.) on slightley waterlogged soils from the Colchis Lowland. 104137

PLATE
Studies on the micrometeorology of the mulched soil surface of the rows. II. The effects of mulching or no-mulching by the **adiabatic** *plate.* 1. 104229
Studies on the micrometeorology of the mulched soil surface of the rows. II. The effects of mulching or no-mulching by the **adiabatic** *plate.* 2. 104230
Development of a *serum-plate* **antigen** for detection of Salmonella infections in turkeys. 097515
Colonization of soil by Arthrobacter and Pseudomonas under varying conditions of water and nutrient availability as studied by *plate* **counts** and transmission electron microscopy. 103703
Plating and **cyanide** wastes [Water pollution]. 104575
Effect of suspending and *plating* **media** on the recovery of Salmonella gallinarum following freezing and thawing. 094875
A study of plate shear strength on *plate* of **plywood,** particleboard and hardboard with a hole. 098409
1976 IFMA **Silver** *Plate* Awards: meet Frances McGlone, R.D. 095259
Differentiation in calli originated from isolated protoplasts of rice (Oryza sativa L.) through *plating* **technique.** 099340
Biogeography of free-living soil nematodes from the perspective of *plate* **tectonics.** 103820

PLATEAU
A preliminary study of a virgin forest tract of the **Cumberland** *Plateau* in Laurel County, Kentucky. 098839
Influence of the clay fraction and its nature on the aggregation and physical parameters of basaltic soils of **Malwa** *Plateau.* 103762
Weeding northern red oak [Quercus rubra] plantations on **theCmberland** *Plateau* [Tennessee]. 102210

PLATELETS
Dietary essential fatty acids, prostaglandin formation and *platelet* **aggregation.** 095171
Role of *platelets* in the **pathogenesis** of canine endotoxin shock. 097382

PLATFORM
Semi-mechanical harvest of fruits (pears and apples) using **automatic** *platforms.* Results of observations made in work areas. 103409
The inclusion of a steel grating and drain on the **cow** *platform* of herringbone cow bails. 103331

PLEBEJUS
On the host-symbiont-cycle of a leafhopper **(Euscelis** *plebejus)* endosymbiosis. 102933

PLECOPTERA
Population dynamics of Brachyptera risi **nymphs** *(Plecoptera).* 103069
Population movements of adult Brachyptera **risi** *(Plecoptera).* 103070

PLECTONEMA
Protein synthesis following infection of the blue-green **alga** *Plectonema* boryanum with the temperate virus SPI and its ts mutants. 101816

PLEIOTROPIA
Inheritance of the gene of "single flower on the main stem" in tomatoes and its *pleiotropic* **effects.** 099089

PLEISTOCENE
A new flora near *Plio-Pleistocene* **boundary** in the south of Grands Causses (Escandorgue, Lunas, Herault). 098585
Early *Pleistocene* pollen-bearing sediments at Szaflary, West Carpathians, Poland. 098483
Pleistocene **flora** from karst near Krichev. 098601
Late *Pleistocene* flora at Katy (Pieniny Mountains, West Carpathians). 098486

PLEUROPNEUMONIA
An anamnestic response to challenge with virulent Mycoplasma mycoides subsp. mycoides of cattle immune to contagious **bovine** *pleuropneumonia.* 097395

PLEUROTUS
TRNA of the **fungus** *Pleurotus* ostreatus: Preparation and purification by the method of preparative gel electrophoresis. 099500
Studies on the cultivation of oyster mushroom, *Pleurotus* **ostreatus** (Fr.) Quel. using rice straw as growing substrate. I. Experiments on the development of growing substrates. 104129

PLEXIPPUS
Milkweed [Asclepiadaceae] cardenolides and their comparative processing by monarch butterflies **(Danaus** *plexippus* L.). 099964
Energy, matter and nitrogen utilization by the larvae of the monarch butterfly **Danaus** *plexippus.* 103067

PLODIA
The tolerance of developmental stages of four stored product moths to phosphine [Ephestia, *Plodia* **interpunctella].** 102538
The effect of light on pupation site selection in *Plodia* **interpunctella** (Lepidoptera: Pyralidae). 102810
Factors governing the induction of diapause in Ephestia elutella and *Plodia* **interpunctella** (Lepidoptera). 103074
Factors influencing the duration and termination of diapause in the Indian-meal moth, *Plodia* **interpunctella.** 103075

PLOTS
Frequency of **control** *plots* in screening nurseries for protein content [Wheat, barley, planting distance]. 100769
Device for treatment of **cotton** *plots* with defoliants and desiccants in field experiments using tractor sprayers. 103600
Plot **enlargement** in reallotment [of land]. 094210
Reconstruction of the Desna water flow stationary **[experimental** *plot,* soil erosion control]. 104208
An analog water discharge meter for use in *runoff-plot* **experiments.** 104249
Large outdoor cage tests with eastern white pine [Pinus strobus] being tested in **field** *plots* for white pine weevil [Pissodes strobi] resistance. 102504
Reduction of experimental error in perennial crops, using adjustment by **neighbouring** *plots* [Tea, fruit]. 101294
A hand-operated fluid drill for **small** *plot* experiments. 103427
The protection [from pests] of larch cones and seeds on seed **stand** *plots* in the North-West [of the USSR]. 098142

PLOWING
Deep *plowing* with the B 371 cultivator and the K 700 Soviet all-tire tractor for pulling. 103447
Study on the root system of the Kjustendilska Sinja plum variety grafted on a myrobalan plum root stock [in relation to *plowing* and **fertilizer** application]. 101159
Effectiveness of the methods of increasing the depth of the *plowing* **layer** in soddy-podzolic loamy-sandy soils with various applications of fertilizers. 104183
Major practices for increasing the fertility of sandy and loamy-sandy soddy-podzolic soils in the Vladimir Region [Dolomite as amendment, fertilizers, **plantation** *plowing].* 103954
Analysis of the operation of a regulated hydro-mounted system in a **semi-mounted** *plowing* unit. 103608
Effective unitizing and operation conditions of a T-150K **tractor** used for *plowing.* 103523
Nomogram for determining the productivity of a *plowing* **unit** considering the variational character of the external load. 103534

PLOWS
Unitizing conditions and the operation reliability of a T-150K tractor with an **attached** *plow.* 103557
Bagasse feeding with *plows* and **belt** conveyor [Processing]. 095836
Theoretical investigations of soil displacement by the *plow* **body.** 103555
Effect of compost, straw mulches, and **deep** *plow* on soil moisture conservation in newly reclaimed uplands. 104223
A study on the usability of **disc** *plough* with different disc angles in the soils of Egypt. 103406
Farming in the heart of the USA. Large proportion [of **land**] under *plow.* 094745
Study of the force effect of a *plow* **mounted** on T-150K tractor with the utilization of an electronic computer. 103547
A mutual comparison of the economy of the work of a share plough and a **rotary** *plough* when ploughing on a slope. 103592
A semi- mounted **six-farrow** *plough* 6-PHX-35-H. 103491
New **type** *plough* for developing countries. 103444

PLUGS
Recommendations for **avoiding** *plugging* of drip irrigation tubing. 103389

PLUMERIA
A new leaf spot disease of *Plumeria* **acutifolia** caused by Alternaria alternata. 101398

PLUMS
Bibliography of the international litrature on *plums* and **damsons.** 101025
Effect of some factors on the saccharification of **dry** *plums* during storage. 095897
Study on the root system of the Kjustendilska Sinja plum variety grafted on a **myrobalan** *plum* root stock [in relation to plowing and fertilizer application]. 101159
Pulpudeva—a **new** *plum* cultivar. 101150
Quantitative-anatomical studies of some species of *plums* **[Prunus].** 098891
Growth peculiarities of *plum* **shoots** in the foothill region of Crimea. 100388
Study on the root system of the Kjustendilska **Sinja** *plum* variety grafted on a myrobalan plum root stock [in relation to plowing and fertilizer application]. 101159
Heat resistance of *plum* **varieties** in the foothill region of Crimea. 100389

PLUTONIUM
Plutonium **hazard** in respirable dust on the surface of soil. 104636

PLYWOOD
A study of plate shear strength on plate of *plywood,* **particleboard** and hardboard with a hole. 098409

PNEUMATIC
The Amazone Jet (Bara) *pneumatic* **distributer** of fertilizer and microgranules. 103431
Study of the movement of the air flow in the zone of the inlet opening of a suction nozzle *[Pneumatic* **fertilizer** loader]. 103548
Determination of theoretical dependencies of the material movement in a *pneumatic* **pipeline** considering friction [Air dryer]. 103519
Methodology of determining the strength of attachment of a seed by suction for the *pneumatic* **sowing** mechanism of a maize planter. 103416
On the mechanization of the process of presowing hardening of grain crops against drought *[Pneumatic* **tansporter].** 103594
The operation of an **universal** *pneumatic* [seed] drill. 103636
Findings on the center of gravity coordinates of tractors with *pneumatic* **wheels.** 103583

PNEUMONIA
Pneumonia and **arthritis** in gnotobiotic calves following inoculation with Mycoplasma agalactiae subsp bovis. 097665
Hypersensitivity *pneumonitis:* experimental production in calves with antigens of Micropolyspora faeni. 097289
Calfhood diseases [Arthritis, *pneumonia,* **scours].** 097335

POA
Estimated costs of establishing and producing Kentucky bluegrass *[Poa* **pratensis**] seed in the Inland Pacific Northwest. (For large farms on which grass seed is a major enterprise). 094389
Seedling growth of four grasses [Lolium perenne, Festuca arundinaceae, Holcus lanatus, *Poa* **trivialis].** 100218

PODOCARPUS
The food reserves and ultrastructural relationships of the gametophyte and sporophyte tissues in *Podocarpus* **henkelii** seeds. 100046

PODOSPHAERA
Effectiveness of fungicides against powdery mildew of apples *[Podosphaera* **leucotricha].** 101490

PODS
Pod and **leaf** photosynthesis and disease incidence in soybean (Glycine max (L.) Merr.) with potassium fertilization. 100157
Pod **rot** complex [Pythium myriotylum, Rhizoctonia solani, Sclerotium rolfsii, peanuts]. 101511
A preliminary study on the role of organic nutrition on flower and *pod* **shedding** in soybeans. 103919
Namoi **woolly** *pod,* a versatile vetch for the tablelands [Pasture plant]. 100694

PODZOLS
Study of humic and fulvic acids extracted from a *Podzol.* I. **Analytical** characteristics. 103691
Saturated hydraulic conductivity in pedogenetic characterization of *Podzols* with **fragipans** in Quebec. 103748
Light *soddy-podzolic* soils in the Moscow Region, their properties and fertility. 103755
Sandy and **loamy-sandy** *soddy-podzolic* soils in the Non-Chernozem Belt of the European part of the USSR. 103756

Major practices for increasing the fertility of sandy and **loamy-sandy** *soddy-podzolic* soils in the Vladimir Region [Dolomite as amendment, fertilizers, plantation plowing]. 103954
Effectiveness of the methods of increasing the depth of the plowing layer in *soddy-podzolic* **loamy-sandy** soils with various applications of fertilizers. 104183
Green manure application and reclamative cultivation of sandy and **loamy-sandy** *soddy-podzolic* soils in the foothill regions of the Urals. 104184
Phosphorus assimilation by clover and lucerne from soil phosphates of various genetic horizons of *sod-podzolic* **mean-sandy-loam** soils. 100175
Diagnostic indices of the level of cultivation of *soddy-podzolic* **sandy** and loamy-sandy soils. 103754
The role of sowing lupine, application of fertilizers and lime in the cultivation of *soddy-podzolic* **sandy** and loamy-sandy soils. 103957
Effect of potassium fertilizers on the yield of potatoes on **sandy** *soddy-podzolic* soils. 104071
Practices for increasing the fertility of **sandy** *podzolic* soils in the Gor'ky Region. 104186
Results and prospects of investigations in increasing the fertility of **sandy** *soddy-podzolic* soils. 104190
Wind erosion of *soddy-podzolic* **sandy** and loamy-sandy soils from Poles'ye. 104192
Effectiveness of ammonium polyphosphate in row application in cereal crops on *soddy-podzolic* **soil.** 100226
The dynamics of the organic substance composition in lysimetric solutions of *podzolic* **soil.** 103849
Data bout the agrochemical characteristics of *Podzolic* **soilfrom** Colchis Lowland. 103831
Additive effect of some agrochemical indices in mixing individual samples of *soddy-podzolic* **soils.** 103784
Certain characteristics of the migration of Al and Fe [aluminum, iron] in *soddy-podzolic* **soils** in deciduous-spruce forests. 103803
Characteristics of the clay in soddy-carbonate and *soddy-podzolic* **soils** in the western and eastern regions of the Russian plain. 103805
Perennial lupine as a green manure on *soddy-podzolic* **soils.** 103955
Methodology of the development of balance systems of fertilizer application in crop rotations on *soddy-podzolic* **soils.** 103961
Effectiveness of carboammophoska and ammopolyphoska on *soddy-podzolic* **soils.** 104074
Influence of long-term fertilization and liming on the microorganism population in *soddy-podzolic* **soils.** 104107
Effect of nitrogen levels on the yield of tea plantations of different vigor on *Podzolic* **soils.** 104138
Major ways of increasing the fertility of *soddy-podzolic* **soils** of light texture. 104185
Practices of proper tillage of *soddy-podzolic* **soils** developing on sands and loamy sands in Byelorussia. 104189
The mobile forms of microelements in the **sward** *Podzol* soilsof the central part of the south taiga subzone. 103857
The problem of water regime of sandy soils of *soddy-podzolic* **type** in the Non-Chernozem Belt of the USSR. 103757

POISON

Tests for gyromitrin, a *poisonous* **compound** in false morel [mushroom] Gyromitra esculenta. 094946
Ragwort [Senecio jacobaea, Senecio aquaticus, *poisonous* to **farm** livestock]. 102157
The effect of **metabolic** *poisons* on ATP [adenosine 5'-triphosphate] level and on active phosphate uptake in Chlorella pyrenoidosa [Algae]. 099899
Experimental poisoning from Pseudocalymma elegans [Bignoniaceae] in rabbits and guinea pigs [**Plants** *poisonous* to cattle]. 097837
Milk **sugar** *poisons* honey bees. 103211

POISONING

Falling and *poisoning* of **cattle** from Solanum malacoxylon inthe lowlands of Mato Grosso. II. Complementary studies. 097838
Trends in methods for **detecting** *food-poisoning* toxins produced by Clostridium botulinum and Staphylococcus aureus. 094927
Some considerations in the treatment of **diazinon** *poisoned* goslings [Geese]. 097800
Nickel-catalyzed hydrogenation: a study of the *poisoning* **effect** of halogen-containing compounds [Mackerel oil]. 095468
Effect of trivalent and pentavalent arsenic on early developmental stages of the chick **embryo** *[Poisoning].* 097810
Experimental *poisoning* from Pseudocalymma elegans [Bignoniaceae] in rabbits and guinea pigs [Plants poisonous to cattle]. 097837
Some epidemiological peculiarities in two **food** *poisonings* caused by Salmonella enteritidis. 094855
Bacillus cereus **food** *poisoning.* 094922
Salmonella [**Food** *poisoning].* 094937
The effect of **herbicide** *poisoning* on higher aquatic plants. 102216
Analysis of insecticides in *poisoned* **honeybee** samples. 103293
Chronic **lead** *poisoning* in horses. 097844
Updating treatment of **pesticide** *poisoning.* 094847
Statistics on acute exposure from agricultural chemicals [**Pesticides** *poisoning].* 094845
Organic **phosphate** *poisoning* [Livestock, pesticides]. 097775
Diagnosis of triorthocresyl **phosphate** *poisoning* in cattle. 097845
The identification of **plant** *poisonings* in animals. 097847
Copper **sulphate** *poisoning* in horses. 097866
Influence of ethionine *[poisoning]* on the **ultrastructural** morphology of the porcine hepatocyte. 097789
Fluoroacetamide (1081) [rodenticide] *poisoning* in **wild** birds. 097832
Poisoning of **wild** geese by carbophenothion-treated winter wheat. 102757

POLAR

Contribution of the Industriia subsidiary farm in the expansion of protected cultivation of vegetables in the region beyone the *polar* **circle.** 101076
Light induction of *polar* **growth** in enucleated fragments of Acetabularia mediterranea [Algae]. 099984
Polar **lipids** of parasitic helminths. I. Polar lipids of Fasciola hepatica and Paramphistomum microbothrium [From slaughtered animals]. 097643
Polar **lipids** of parasitic helminths. II. Polar lipids of Echinococcus granulosus larvae and Moniezia benedeni. 097644

POLARIZATION

Polarized **light** sensitivity in arthropods. 103107
Polarity and **localization** of auxin movement in the hepatic, Marchantia polymorpha. 099477

POLAROGRAPHY

Polarographic **determination** of the whey protein percentage in milk powders. 095623
Determination of ronidazole in swine tissues by differential **pulse** *polarography* [Drug residues in edible animal tissues]. 094867

POLES

Fumigants [chloropicrin, Vapam, Vorlex] can stop internal decay of **Douglas-fir** *poles* for at least 5 years. 098222
Pole **house** for sheep—build it yourself. 103326
Wind erosion of soddy-podzolic sandy and loamy-sandy **soils** from *Poles'ye.* 104192
Chemical injections for **thinning** *pole-size* hardwoods in the Ozarks [Picloram, 2,4-dichlorophenoxyacetic acid]. 102209
Agronomic and production characteristic of sandy and loamy-sandy soils from the **Ukrainian** *Poles'ye.* 103753
Application of fertilizers in early-maturing red clover in the **Ukrainian** *Poles'ye.* 104050
Application of fertilizers in seed crops of meadow grasses in the **Ukrainian** *Poles'ye.* 104053
Practices for improving sandy soils in the **Ukrainian** *Poles'ye.* 104188
Poles and **wires** for fruit trees [Culture]. 101131

POLLEN

The fossil **Alnus** *pollen* [in central Russian plain]. 098734
Studies in the vegetational history of mid Wales. IV. *Pollen* **analyses** of some Pingo basins. 098830
Tertiary lacustrine formations from Kizilcahaman basin (Anatolia, Turkey): *pollen* **analysis,** palaeoclimatology and stratigraphy. 098590
Problems of subdivision of the Late Glacial era in the sandy region of northern Flanders in Belgium *[Pollen* **analysis].** 098678
Botanical and *pollen* **analytical** investigations on the Heidenweg in Biel Lake [Ecology, plant associations, paleobotany]. 098774
Coating artefacts on *pollen* and other **biological** objects in scanning electron microscopy. 099025
Climatic variations of Upper Holocene in Kerguelen Islands: from a peat section of the Dante Plain (south **coast)** *[Pollen].* 098587
Tapetal ultrastructural changes during *pollen* **development.** I. Studies on Antirrhinum maius. 098937
Fertility of *pollen* **form** various forms of sugarbeets in the process of flowering. 100192
Genetic evidence for mode of 2n *pollen* **formation** and S-locus mapping in potatoes. 099362
Variability of certain maize loci as a result of **gamma-irradiation** of *pollen.* 099432
Endogenous gibberellins of pine pollen. III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to gibberellins A1 and A34 in **germinating** *pollen* of Pinus attenuata Lemm. 100672
Analysis of the development of the *pollen* **grain** of Cedar ofLebanon [Cedrus libani] in cultivated plantings. 099039
Formation of generative cells in *pollen* **grains** of Allium cepa L. and Allium porrum L. [Onions, leeks]. 100387
Peculiarities of the microsporogenesis and development of *pollen* **grains** in Allium porrum L. [Leeks]. 100602
Some morphological peculiarities of the *pollen* from **highland** grasses [Phleum pratense, Dactylis glomerata, Bromus inermis]. 098892
Metabolic changes in plastome dependent **inactivated** *pollen* from Oenothera. 100044
Recognition of **interstadial** *pollen* spectra between the Mousterian and the Old Perigordian of the Grotte des Cottes (Vienne). 098589
The Holocene-Betsy cove **(Kerguelen island)** *[Pollen].* 098591
Some new species of spores and *pollens* of **Lower** Permian age from the San Gregorio Formation in Uruguay. 098495
Properties of ribonuclease, phosphodiesterase, and decyclizing phosphodiesterase from rape (Brassica **napus** L.) *pollen.* 100147
Environmental effects on the percentage of stainable and presumed **normal** *pollen* in Aster (Compositae). 099473
Eco-physiological regulation of invertase activity in **pea** *pollen.* 100462
Endogenous gibberellins of **pine** *pollen.* III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to gibberellins A1 and A34 in germinating pollen of Pinus attenuata Lemm. 100672
Preparation and some properties of polypeptide elongation factors from the *pollen* of **Pinus** densiflora Sieb. et Zucc. 100622
Investigation on some steroid hormones and their conjugates in *pollen* of **Pinus** nigra Ar. Separating steroids by thin-layer chromatography. 100626
Incompatibility of the *pollen* of **Pistachia** lentiscus for the pollination of Pistachia vera. 100424
Honey and *pollen* **plants** of N.S.W. [New South Wales]. 16. 098447
Early **Pleistocene** *pollen-bearing* sediments at Szaflary, West Carpathians, Poland. 098483
Pollen-wall **proteins:** quantitative cytochemistry of the origins of intine and exine enzymes in Brassica oleracea [acephala, marrow-stem kale]. 100488
Identification of main nucleolytic activities on the bee-gathered **rape** *pollen* (Brassica napus L.). 100146
Attempts to overcome interspecific incompatibility in Sesamum [indicum] by using **recognition** *pollen* [Sesame]. 099065
Studies on the biology of *pollen* formed by **sour** cherry flowers flowering in different stages of the blooming period [Comparison of 5 cultivars]. 100338
An EMS [ethyl methanesulfonate] induced dominant mutation for *pollen* **sterility** in Petunia. 099127
Effect of envorinomental fluctuations on the *pollen* **sterility** in homo- and heterozygotes of radish (Raphanus sativus L. Var. Radicola pers.). 099150
Pollen **substitutes** [for feeding honeybees]. 103306
Trinucleate *pollen* in the genus Populus. 098974
Control by the embryosac over *pollen* **tube** growth in the style of the avocado (Persea americana Mill.). 100514
Cyclic AMP [adenosine monophosphate]-induced elongation of *pollen* **tubes** in Tradescantia paludosa. 099528
Pollen **wall** and stigma surface in the marine angiosperms Thalassia and Thalassodendron. 099013
Electronmicroscopical study of **wheat** *pollen.* 099045

POLLENIA

Cluster flies *[Pollenia* **rudis,** homes]. 102529

POLLINATION

A method for selfing Phaseolus coccineus (Lam.) [Scarlet runner **beans,** *pollination].* 100358
Comparison of population of red clover with short corollas with common cultivated varieties [Nectar secretion, **bee** *pollination].* 100297
Effectiveness of **bee** *pollination* of pear trees. 100434
Pollination **[contracts]**—a team effort [Alfalfa seed crop growers, beekeepers]. 103244
Visitation of honeybee [Apis mellifera] to some species of **Cucurbitaceae** *[Pollination].* 103219
Self-pollination **effects** on seed and seedling traits in noble fir [Abies procera]. 100639
Pollination and **fertilization** [of fruit]. 099219
Practical applications of *pollination* and **fertilization** [of fruit]. 099220
The influence of **honeybee** *pollination* on sour cherry yield. 103251
Fruit products and **honeybees** *[Pollination].* 103297
Pollinating **insects** of fruit trees. 103082
Studies on fruit set in some sapota [Achras sapota] varieties in relation to intra and **inter-varietal** *pollination.* 100513
Interrelationship between ways of sowing, plant density and yield of *self-pollinated* **lines** of maize. 100732
Field and laboratory evaluation of the resistance of *self-pollinated* **lines** and hybrids of maize to European corn borer [Ostrinia nubilalis]. 102310
Effect of inbreeding on the alteration of some biochemical features of *self-pollinated* **maize** lines of different origin. 099289
Natural *cross-pollination* in tomatoes. 099059
Natural *cross-pollination* of cotton. 100106
Development of *unpollinated* **ovules** of quaking aspen [Populus tremuloides]. 100677
Fly [Allograpta, Hylemya alcathoe] *pollination* of **Penstemon** davidsonii and Penstemon procerus (Scrophulariaceae). 103047
Incompatibility of the pollen of Pistachia lentiscus for the *pollination* of **Pistachia** vera. 100424
Increased atmospheric humidity **post** *pollination:* a possible aid to the production of inbred line seed from mature flowers in the Brussels sprout (Brassica oleracea var. gemmifer. 099190
Improvement of [honey]bees for *pollination* of **red** clover. 103230

POLLINATORS
The rule of flower constancy of **insects** *[Pollinators].* 103124

POLLUTANTS
Growth of perennial ryegrass (Lolium perenne L.) exposed to a low concentration of sulphur dioxide [**Atmospheric** *pollutant].* 101927
The impact of **environmental** *pollutants* on wildlife: an overview. 104500
Thyroid changes in PCB [polychlorinated biphenyls]-dosed guillemots and their indication of one of the mechanisms of action of these **materials** *[Pollutants].* 104483
Dynamics of storage of **organochlorine** *pollutants* [pesticides] in herring gulls. 102683
Analysis of **trace** *pollutants* in the air by means of cryogenic gas chromatography. 104532
Mixing and **transport** [of *pollutants].* 104570

POLLUTION
Physiological studies on the mechanism of the occurrence of **air** *pollution* damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Physiological studies on the mechanism of the occurrence of **air** *pollution* damage in crops. III. Ethylene production by wheat and barley leaves injured by fumigation with sulphur dioxide. 101995
Reducing severity of ozone damage to tobacco and beans by combining benomyl or carboxin with contact nematicides [**Air** *pollution* injuries]. 102019
Response of ornamental plants to chlorine contamination in the atmosphere [**Air** *pollution* injuries]. 102020
Sensitivity of pea cultivars to ozone [**Air** *pollution* injuries]. 102021
A review of the literature on bryophytes with respect to **air** *pollution.* 103714
A preliminary investigation of aerosols in the atmosphere of Minia [**Air** *pollution].* 104439
Air *pollution* control in the dry milling industry [Flour dust]. 104467
Methodological problems on the economic evaluation of consequences of **air** *pollution.* 104489
Optimization models for regional **air** *pollution* control. 104507
Pulmonary responses of rats to ambient levels of ozone. Effects of 7-day intermittent or continuous exposure [**Air** *pollution].* 104594
A note on **air** *pollution,* property values and fiscal variables. 104595
Mapping of some lichen indicators of **air** *pollution* in Geneva. 104632
Spruce bark as an indicator of sulfur dioxide immission [for **air** *pollution* control]. 104655
Thermal effects *[Pollution* on **aquatic** ecosystems]. 104583
Atmospheric *pollution* of the Paris region by cadmium. 104440
Atmospheric *pollution* and urbanism. 104475
Impact of *pollution* on the **benthic** biocenosis of a canalized river in Belgium. 104460
Culture studies on the effects from **borate** *pollution* on the growth of marine phytoplankters [Algae]. 104534
Dangers of **cadmium** *pollution* of the environment. 104442
Impact of *pollution* on a **canalized** river in Belgium. 104461
Field evaluation of the algal assay procedure on surface waters of North **Carolina** *[Pollution].* 104494
Occurrence and distribution of drug resistant enterobacteria [Escherichia coli] in extra enteral habitats [Food **contamination,** *pollution].* 094892
Water characteristics *[Pollution* **control].** 104586
Organic compounds of kraft process waste waters. I. Fatty and resin acids *[Pollution* **control].** 104588
Organic compounds of kraft process waste waters. II. Oxyacids and lactones *[Pollution* **control].** 104589
Organic compounds of sulphate cellulose waste waters. III. Phenols *[Pollution* **control].** 104590
Pollution **control** in the United Kingdom. 104640
Mosses as gradual ecological indicators of sulfur **dioxide** *pollution* in the industrial area between the Rhine and the Ruhr. 104465
Rhytisma acerinum [the cause of tar spot disease of platanus, Acer pseudoplatanus] as a biological indicator of [sulphur **dioxide]** *pollution.* 104481
Requirements of environmental and water protection with the use of liquid manure in crop production *[Pollution,* **East** Germany]. 104485
Pollution **effects** on surface waters and ground waters. 104576
Eliminating *pollution* problems in the wet corn milling industry. 104468
Genetic consequences of the *pollution* of **environment.** 104501
Pesticide residues in wildlife as an indicator of **environmental** *pollution.* 102695
Anesthetic hazards. I. **Environmental** *pollution* [Animals]. 104443
Environmental *pollution* and chemistry. 104635
Marine and **estuarine** *pollution.* 104563
Financing *pollution* abatement investments on Michigan dairyfarms. 104629
Effects of *pollution* on **freshwater** fish. 104552
A *"pollution"* **game:** a theoretical and experimental study. 104502
Bacterial analysis in the water of the pools of Moulin-de-Vert, Verbois, **Geneva** *[Pollution].* 104631
Sister chromatid differentiation and exchanges in adult mudminnows (Umbra limi) after in vivo exposure to 5-bromodeoxyuridine *[Pollution* **hazards** study, rate in chick embryo]. 104470
Environmental **hazards** *[Pollution].* 104514
Estimation of *pollution* by **heavy** metals in the Somme river by analysis of aquatic bryophytes. 104457
Incidence of Salmonella spp., Clostridium botulinum, and Vibrio parahaemolyticus in an estuary [Microbiological **indicators** of *pollution].* 104448
Environmental constraints on the pulp and paper **industry** *[Pollution].* 104602
Intoxications of forages in the Irno valley and new relations between idioblast [cell] function and tumors *[Polluted* **irrigation** water toxicity]. 101828
Some aspects of **lead** *pollution* [in drinking water and air] in Rio de Janeiro. 104482
Studies on heavy **metal** *pollution* in agricultural land. 1. Movement of cadmium in paddy soils and absorption of cadmium by rice plants. 104463
Odor *pollution* control [Sugar industry]. 104625
Environmental factors influencing the rate of hydrocarbon oxidation in temperate lakes [**Oil** *pollution].* 104447
Microbiology—waterborne **outbreaks** [by *pollution].* 104569
Pollution from **pulp** wood cleaning. 104603
Effect of feedlots on water **quality** *[Pollution].* 104537
Nematodes as indicators of **river** *pollution* [in Italy]. 104601
The European seal as a bioindicator in **shoals** [of *pollution].* 104499
Preliminary data on **soil** *pollution* from nearby abandoned mining operations. 104605
Refineries and environment: causes of *pollution* and **treatment** systems. 104452
Requirements of the Federal **Water** *Pollution* Control Act Amendments of 1972. 094676
Minnesota's new water quality management program [Federal **Water** *Pollution* Control Act]. 094683
Chronic toxicity of atrazine [herbicide] to selected aquatic invertebrates and fishes [Residue analysis, **water** *pollution].* 102680
Aquatic and subaquatic bryophytes as bioindicators of **water** *pollution.* 104464
Impacts of construction activities in wetlands of the United States *[Pollution* of **water,** soils and aquatic environments]. 104478
Effects of oil on the amphipod Gammarus oceanicus [**Water** *pollution].* 104480
Transport of molybdenum in mountainous streams, Colorado [**Water** *pollution,* cattle toxicity]. 104487
Algal nutritional bioassays of Lake Wylie, North Carolina [**Water** *pollution].* 104491
Seasonal variation of algal biomass production potential and nutrient limitation in Yaquina Bay, Oregon [**Water** *pollution,* paper mill wastes]. 104495
The relationship of laboratory algal assays to measurements of indigenous phytoplankton in Long Lake, Washington [**Water** *pollution].* 104497
Bioassays-procedures and results [**Water** *pollution].* 104543
Biological filters [in **water** *pollution* control]. 104544
Continuous monitoring, automated analysis, and sampling procedures [in **water** *pollution* control]. 104547
Detergents [**Water** *pollution].* 104549
Economics [of **water** *pollution* control]. 104551
Freshwater macroinvertebrates [**Water** *pollution].* 104555
Heavy metals and related trace elements [**Water** *pollution].* 104557
Inorganics [**Water** *pollution].* 104558
Law [Federal **Water** *Pollution* Control Act Amendments of 1972]. 104562
Microbiology of **water** *[pollution].* 104565
Microbiology—detection of bacterial pathogens and their occurrence [in *polluted* **water].** 104567
Microbiology—detection, occurrence, and removal of viruses [from *polluted* **water].** 104568
Organics [**Water** *pollution].* 104571
Paper and allied products [**Water** *pollution* control]. 104573
Petroleum processing wastes [**Water** *pollution].* 104574
Plating and cyanide wastes [**Water** *pollution].* 104575
Steel industry wastes [**Water** *pollution* control]. 104580
Biodegradability of fatty oils: a case study [**Water** *pollution].* 104607
Economic impact analysis of effluent guidelines: animal feed, breakfast cereal and wheat starch segments of the grain mills industry [**Water** *pollution].* 104610
Water *pollution* by organic chemicals. 104621
Investigations on the nitrate charge of valley dams [**Water** *pollution,* East Germany]. 104653
Possibilities of appraising the degree of **water** *pollution* by using the enzyme method. 104654
Toxic heavy metal effects in submerged plants [as an indicator of **water** *pollution].* 104656
Microbes—cleaner-uppers for *polluted* **waters.** 104599

POLYACRYLAMIDE
The quantitative measurement of whey proteins using *polyacrylamide-gel* **electrophoresis.** 095588
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on *polyacrylamide* **gel** of soluble protein and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497

POLYAMIDES
Studies on beer haze formation. I. Gas chromatographic profiles of beer: *polyamide* **resin** adsorbates. 095476

POLYAMINES
Polyamines and **cancer** [Meat diets, health hazards]. 095199

POLYCARBACINE
Fungicidal properties of *polycarbacine* and **copper** oxychloride mixtures. 101491

POLYCHLORINATION
Acute, subacute, and residual effects of *polychlorinated* **biphenyl** (PCB) in rats. I. Biologic half-life in adipose tissue. 097819
Influence of diet on the induction of hepatic ceroid pigment in rats by *polychlorinated* **biphenyls.** 097863
Organochlorine insecticides and *polychlorinated* **biphenyls** in cod from Norwegian fjords [Residues, DDT]. 102747
Interactions between *polychlorinated* **biphenyls** (PCBs) and soil microfungi. Effects of Aroclor-1254 and other PCBs on Aspergillus flavus cultures. 104454
Thyroid changes in PCB *[polychlorinated* **biphenyls]-dosed** guillemots and their indication of one of the mechanisms of action of these materials [Pollutants]. 104483
In vitro inhibition of lactic acid dehydrogenase by **insecticidal** *polychlorinated* hydrocarbons. 2. Inhibition by dieldrin and related compounds. 102710

POLYCONDENSATION *see* CONDENSED

POLYCROSS *see* CROSS

POLYELECTROLYTES
Polyelectrolyte **persistence** in a municipal water supply. 104334

POLYETHYLENE
[Utilization of] used *polyethylene* **film** in farm production. 103345
Treponema pallidum infection in **subcutaneous** *polyethylene* chambers in rabbits. 097383
Radish growing in **unheated** *polyethylene* [plastic] greenhouses in the Sandanski-Petrich region. 101151

POLYGONUM
A zoocecidia of *Polygonum* **convolvulus** flowers [caused by a Microlepidoptera]. 102229
Polygonum **dumetorum** L. A new host for Puccinia polygoni-ambibii Pers. 101412
A new rust [Uredo khandalensis] on *Polygonum* **glabrum** from India. 101399
Polygonum **maritimum** L. A new record for India. 098626

POLYHEDROSIS
Effect of dose of **cytoplasmic** *polyhedrosis* virus on infection, mortality, development rate, and larval and pupal weights of the pink bollworm [Pectinophora gossypiella]. 102335
Chemical characterization studies of the **nuclear** *polyhedrosis* virus of Porthetria dispar [Forest pests, biological control]. 102495
Development of a **nuclear** *polyhedrosis* virus in midgut cells and penetration of the virus into the hemocoel of the armyworm, Pseudaletia unipuncta [Pest of products]. 102533
Acquisition of the envelope of **nuclear** *polyhedrosis* viruses in the Chinese oak silkworm, Antheraea pernyi Guer-Min, and the Japanese giant silkworm, Dictyopioca japonica Butler. 103222

POLYKETIDES
Biosynthesis of *polyketides* **[Fungi].** 099558

POLYMERASES
The influence of DNA binding protein on the substrate affinities of **DNA** *polymerase* from Ustilago maydis [Fungi]: one polymerase implicated in both DNA replication and repair. 099345
RNA *polymerase* from tobacco necrosis virus infected and uninfected tobacco. Purification of the membrane-associated enzyme. 101817
Yeast [Saccharomyces cerevisiae] *RNA-polymerase* B: a **zinc** protein. 099723

POLYMERIZATION
Influence of moisture content on *polymerization* of **monomers** in wood. IV. Comparison of copolymerisation of styrene withacrylonitrile in birch wood in presence of water and methanol. 098316
Lignin influence in styrol **radiation** *polymerization* in birch wood cell wall. 098336
Cytidine 5'-triphosphate synthetase of calf liver. Size, *polymerization,* and **reaction** stoichiometry. 096422
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali birch wood lignin preparations on **styrene** *polymerization* in DMSO [dimethyl sulfoxide] solution. 098314
Thermochemical polymerization of monomers in wood. I. Influence of swelling agents on the *polymerization* of **styrene** in birch wood. 098370
Influence of lignin on **thermochemical** *polymerization* of monomers. II. Influence of modified alkali birch wood lignin preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314

Thermochemical *polymerization* of monomers in wood. I. Influence of swelling agents on the polymerization of styrene in birch wood. 098370

POLYMERS
Amanita toxins bound to *biopolymers* [**Amanita** phalloides, Fungi]. 099886
Dependence of *[polymer]* **celnovocaine** solution viscosity on hydrogen-ion concentration of medium. 098310
Storage stability and quality of produce packaged in *polymeric* **films** [Fruits, vegetables]. 095906
On the problem of *polymer* **formation** at oxidatonof lignin model compounds in alkali media. 098345
Polymer **materials** and the regulation of microclimate in fruit-tree growing [Protected cultivation, mulching]. 101215
Role of acid-basic catalysis in formation of *polymer* **products** at heating model compounds of lignin structural unit. 098353
The deformation characteristics of *polymer* **reinforced** fiber networks [Board materials]. 098421
Application of hexachlorobutadiene in combination with *polymers* and **superphosphate** for the control of Phylloxera and nematodes [Pests of grapevine]. 102416
Contact area between *polymer* and **wood** in modified wood. 098308

POLYMORPHISM
Mating behaviour as a fitness component in maintaining **allozyme** *polymorphism* in Drosophila melanogaster. 102952
Geographic variation of the **chromosomal** *polymorphism* in Drosophila flavopilosa. 102863
History of scientific study on a larval **color** *polymorphism* in the genus Chlosyne (Nymphalidae). 103042
An endocrine view of metamorphosis, *polymorphism,* and **diapause** in insects. 102957
Effect of **genetic** *polymorphism* on catalase activity in maize endosperm. 099227
Genetic *polymorphism* and evolution in parthenogenetic animals. VI. Diploid and triploid Polydrosus mollis (Coeloptera: Curculionidae). 102951
Germination *polymorphism* in Grindelia squarrosa (Pursh) Dunal. 099020
Polymorphism and **glycoproteinic** character of lectins from Ricinus communis [castorbeans] purified by affinity chromatography. 099555
Separation of mononuclear leukocytes and *polymorphonuclear* **leukocytes** from equine blood. 096286
Polymorphism of **phosphoglucomutase** in cattle leucocytes. 096859
Blood groups and serum **protein** *polymorphisms* in the PitmanMoore and Ohmini strains of miniature pigs [Genetics]. 096857
Polymorphism of **selected** marine Chaetophoraceae (Chlorophyta) [Algae]. 098899

POLYNUCLEAR *see* NUCLEAR

POLYOLS
The effect of sugars and *polyols* on the **heat** resistance and morphology of osmophilic yeasts [Saccharomyces rouxii and Schizosaccharomyces pombe]. 099806
Sugar and *polyol* **permeability** of Salmonella and osmophilic yeast [Saccharomyces rouxii, Schizosaccharomyces pombe] cell membranes measured by turbidimetry, and its relation to heat resistance. 099805

POLYPEPTIDES
Preparation and some properties of *polypeptide* **elongation** factors from the pollen of Pinus densiflora Sieb. et Zucc. 100622
Fractionation and analysis of *polypeptides* of **Euglena** gracilis [Algae] chloroplasts. 099946
Sodium- and potassium-activated adenosine triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the **phosphorylating** *polypeptide.* 096428
Phosphorylation of a low molecular **weight** *polypeptide* in beef heart Na+, K+-ATPase [sodium ions, potassium ions, adenosine triphosphatase] preparations. 096212

POLYPHEMUS
Messenger RNA synthesis, transport, and storage in silkmoth [Actias luna and **Antheraea** *polyphemus]* ovarian follicles. 102906

POLYPHENOLOXIDASE
Metabolism of malic dehydrogenase and *polyphenoloxidase* in **apples** [during storage]. 095885
Hyper-auxin induced by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA [indoleacetic acid] oxidase, peroxidase and *polyphenoloxidase* [Loose **smut].** 101602

POLYPHENOLS
Polyphenolic **compounds** in the post-distillation waste of Herba Menthae piperitae. 095449
Polyphenols of **Eucalyptus** golbulus, Eucalyptus regnans and Eucalyptus deglupta. 098389
The ultrastructural localization of *polyphenol* **oxidase** in chloroplasts of Brassica napus cv. Zephyr [Rape]. 100334

POLYPHENYL
Isolation of two protein factors from maize involved in poly **U-dependent** *polyphenylalanine* synthesis by maize ribosomes. 100288

POLYPHOSPHATES
Effectiveness of **ammonium** *polyphosphate* in row application in cereal crops on soddy-podzolic soil. 100226
Effect of urea phosphate and liquid **ammonium** *polyphosphate* on the yield of barley and rye in a crop rotation. 104073
Calcium and phosphorus metabolism in steers when fed a supplement of melted **calcium** *polyphosphate* and receiving intramuscular injections of vitamins A,D and E. 096722
Repression of the acid phosphatase of Saccharomyces bisporus [yeasts] in relation to the *polyphosphate* **content** of the cells. 099630

POLYPLOIDS
A technique for the production of *polyploids* in **grasses.** 099166
Polyploid **hybrids** of industrial yeast races and prospects for their practical application [Saccharomyces cerevisiae, Saccharomyces carlsbergensis]. 099861
Induced *polyploidy* in legumes. III. Phaseolus vulgaris L. [Kidney beans, varieties, meiotic chromosomes]. 098965
Infraspecific *polyploidy* and gynodioecism in Ptilotus obovatus (Amaranthaceae). 099073
Polyploid and **maternal** effects on Rhizoctonia [solani] rootrot resistance in sugarbeet. 099204
Natural *polyploids* in Cucurbitaceae. I. Cytogenetical studies in triploid Momordica dioica Roxb. 099143
Method for **obtaining** *polyploids* of the genus Coffea [coffee] by localized treatments of buds with colchicine. 099131
Significance of **spontaneous** *polyploid* poplars in the USSR in breeding work. 098158
Differentiation of the first genomes from *polyploid* **wheat** species according to the data of the immunochemical analysis of the alcoholic fraction of grain protein. 099082

POLYPORUS
Beta-mannosidase from the **mushroom** *Polyporus* sulfureus. 100486
Microbial degradation of lignocellulose [by white-rot fungus, *Polyporus* **versicolor]:** the lignin component [Quercus albus, Acer rubrum, Typha latifola]. 098181

POLYRIBOSOMES
Isolation and characteristics of mRNPs [Messenger Ribonucleoprotein particles] associated with **bound** *polyribosomes* from the ewe lactating mammary gland. 096258
MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methyl propionamide] action: degradative effects on *polyribosomes* from **wheat** roots and the inhibition of protein initiation. 100220

POLYSACCHARIDES
The effect of light on **acid-soluble** *polysaccharide* accumulation in Sclerotium rolfsii Sacc. [Fungi]. 099633
Plant and **algal** *polysaccharides.* 099639
Glycoproteins, glycopeptides, and **animal** *polysaccharides.* 096302
Antitumor *polysaccharide* fraction from Sargassum thunbergii. 099666
Chemical synthesis and modification of oligosaccharides, *polysaccharides,* **glycoproteins,** enzymes, and glycolipids. 095422
Note on the isolation of sorghum **husk** *polysaccharides* and fractionation of hemicellulose B. 095787
Microbial *polysaccharides* [Includes fungi]. 099637
Ultrastructure of *polysaccharides* in **relation** to texture [Food quality]. 095452
Investigation of grape **skin** *polysaccharides* by chromatography of DEAE [diethylaminoethyl] cellulose and paper electrophoresis. 095877
Colonial variation in Xanthomonas campestris NRRL B-1459 and characterization of the *polysaccharide* from a **variant** strain [Xanthan gum production]. 095421
Enzymes in biogenesis of plant cell **wall** *polysaccharides* enzyme characterization using tracer techniques [Lilium, maize]. 099794

POLYSOMES
Free and membrane-bound ribosomes. V. Iodination of rabbit **reticulocyte** *polysomes.* 096257

POLYSPHONDYLIUM
The effect of ammonia on fruiting body size and microcyst formation in the cellular slime molds *[Polysphondylium* **pallidum,** Dictyostelium discoideum]. 099695

POLYSTICHUM
A new species of *Polystichum* **[garhwalicum]** from Garhwal Himalayas. 098630

POLYSTIGMA
Factors influencing ascocarp formation in *Polystigma* **ochraceum** [cause of almond leaf blight]. 101648

POLYTENE
Relationships within the melanogaster species subgroup of the genus Drosophila (Sophophora). II. Phylogenetic relationships between six species based upon *polytene* **chromosome** banding sequences. 103085
Some special forms of *polytene* **chromosomes** in two species of Diptera (Trypetidae and Rhagionidae) [Urophora cardui, Atherix ibis]. 102878
Analysis of the spatial organization of Drosophila melanogaster genome based on ectopic pairing of *polytene* **chromosomes.** 102945
Late labelled regions in *polytene* **chromosomes** of salivary gland cells in some speciesof the virilis group of Drosophilaand their interspecific hybrids. 102947

POLYTHENE
Investigations on the effect of mulching with **black** *polythene* sheeting on tulip and gladiolus development and crop yields. 103897

POLYTRICHUM
Cytophotometrical study of nuclear DNA in the different apical parts of the male gametophyte of *Polytrichum* **formosum** Hedw. during the reproductive phase [Musci]. 098907
Seasonal variations in nitrogen compounds during sexual maturation of the male gametophytes of *Polytrichum* **formosum** Hedw. [Muscidae]. 099597

POLYVINYLPYRROLIDONE
Effect of pH [hydrogen-ion concentration] on the elution ofcytokinins from *polyvinylpyrrolidone* **columns** [Extraction ofplant hormones]. 099829

POME
Harvesting date of *pome* **fruits.** 101133

POMEGRANATE
Fruit rot diseases of *pomegranate* **new** to Egypt [Aspergillus niger]. 101531

PONCIRUS
Mitotic cycle in the root meristem cells of Citrus limon Burm [lemons], Citrus reticulata Blanco [mandarin oranges] and Citrus sinensis X *Poncirus* **trifoliata.** 100402

POND
Methods to reduce percolation loss [of water] in the **farm** *ponds.* 104324
Fertilizing farm **fish** *ponds.* 096089
Lagoons and **oxidation** *ponds* [Waste treatment]. 104560
OARDC's [Ohio Agricultural Research & Development Center] solar-heated greenhouse **[Solar** *pond].* 103321

PONDEROSA
Epiphytology of a needle cast fungus, Lophodermella morbida, in *ponderosa* **pine** [Pinus ponderosa] plantations in western Oregon. 101421
Southwestern pine tip moth [Rhyacionia neomexicana] damage to *ponderosa* **pine** reproduction. 102525
Epiphytology of a needle cast fungus, Lophodermella morbida, in ponderosa pine **[Pinus** *ponderosa]* plantations in western Oregon. 101421
Fomes annosus as a factor in the management of recreational forests [Yosemite Valley, **Pinus** *ponderosa,* Libocedrus decurrens]. 101436
Root pathogens as agents **predisposing** *ponderosa* pine and white fir [Abies concolor] to bark beetles [Scolytidae, Fomes annosus]. 102492

PONGAMIA
Morphology and cytology of Ravenelia hobsoni Cooke [Fungi, parasites of *Pongamia* **glabra].** 098968

PONIES *see* HORSES

POPCORN
The temperture and duration of heating the grain of *popcorn* when **popping** it. 095774

POPLAR
Technique of mass producing **jackii** *poplar* [Populus jackii] seed under greenhouse conditions. 098128
Response of *yellow-poplar* **[Liriodendron** tulipifera] seedlings to simulated drought [Stress]. 102053
Pressure-preservative treatment of *poplar* **lumber.** 098226
Significance of spontaneous **polyploid** *poplars* in the USSR in breeding work. 098158
Growth of locust [Robinia pseudoacacia], elm [Ulmus] and *poplar* **[Populus]** in protective plantings along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896
The economy of *poplar* **[Populus]** in relation to the problem of production of timber in Italy. 097972
The influence of maintenance measures on the vitality and growth of *poplars* **[Populus]** in Madagascar. 098074
Poplar **[Populus]** culture. 098127
A leaf disease [Cladosporium martianoffinum] of *poplar* **[Populus** alba] from Kashmir. 101395
The role of introgressive hybridization in the formation of new **species** of *poplars.* 098162
Propogation of aspen or **trembling** *poplars* [Populus tremuloides]. 098144

POPPY
Biological and biochemical changes in the **opium** *poppy* (Papaver somniferum L.) under the effect of ionizing radiation. 099727

Effect of organic manure and chemical fertilizers on **opium** *poppy* [Papaver]. III. Role of phosphate on the yield of opium, morphine and poppy seeds. 103983
Poppy [**Papaver**] (variability, classification, evolution). 098723
Fungus and bacterial diseases of *poppy* [**Papaver**] in the Leningrad Region. 101641
Diseases and pests of *poppy* [**Papaver**]. 101941
Morphine and codeine in *poppy* **seed** [Papaver somniferum, alkaloids]. 095459
Effect of organic manure and chemical fertilizers on opium poppy [Papaver]. III. Role of phosphate on the yield of opium, morphine and *poppy* **seeds.** 103983

POPULATION

Sex ratios in **adult** *populations* of codling moth (Lepidoptera: Olethreutidae) [Laspeyresia pomonella]. 102973
Estimation of water quality of the Somme river by the studyof benthic **algal** *populations.* 104458
Biosystematic status of three **allopatric** *populations* of Aphytis maculicornis (Hymenoptera: Aphelinidae). 103158
Studies on genetics and management of **animal** *populations.* 096839
Grassland use patterns and prairie **bird** *populations* in Missouri. 100788
Variability in the Deli dura **breeding** *population* of the oilpalm (Elaeis guineensis Jacq.). II. Within bunch components of oil yield. 095491
Evaluation of maize varieties for their potential as **breeding** *populations.* 099179
Distribution and dispersal in *populations* **capable** of resource depletion. A field study on Cinnabar moth [Tyria jacobaeae]. 103058
Cellular composition of erythropoietic **cell** *populations* and aggregate cell cultures derived form early chick blastodiscs. 096569
Observations on the effects of weaning in the young pig. Clinical and histopathological studies of intestinal function and morphology [Acute inflammatory response and a reduction in plasma **cell** *population].* 097762
Folate levels among various *populations* in **central** Iran. 094959
Core sampling and flotation: two methods to reduce costs of a **Chironomid** *population* study. 103065
Distribution of essential oils in leaf tissue of an F2 *population* of **Citrus** [as related to inheritance]. 099176
A correlation study between **collembolan** *population* and moisture gradient at Varanasi Forest, India [Collembola]. 103766
Comparative *population* dynamics of Pratylenchus zeae and Hoplolaimus aegypti on maize, Zea mays [Nematodes]. 101840
The *population* **concept** [Taxonomy, cacti]. 098670
Fungi and the decrease of cereal **cyst-nematode** *populations* in cereal monoculture. 101872
Population **cytogenetics** of the genus Caledia (Orthoptera: Acridinae). II. Variation in the pattern of C-banding. 102892
Some observations on dinoflagellate [Peridinium penardii] *population* **density** during a bloom in a California reservoir [Algae]. 099852
Studies of *population* **differentiation** in Setaria grauca L. : responses of heading to day-length and temperature and their geographical variation. 098818
Population **dynamics** of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
Effects of temperature and host plants on *population* **dynamics** of the cotton fleahopper, Pseudatomoscelis seriatus. 102294
The *population* **dynamics** of the stinging nettle aphid, Microlophium carnosum (Bukt.). 102919
Population **dynamics** of Brachyptera risi nymphs (Plecoptera). 103069
Study of virulent properties of **ecogeographical** *populations* of the pathogen of head smut of maize [Sphacelotheca reiliana]. 101360
Effects of photoperiod on a *population* of **Euschistus** tristigmus (Hemiptera: Pentatomidae) from Storrs, Connecticut. 102793
Growth rates of eighty scotch pine [Pinus sylvestris] *populations* at **fourteen** years in Maryland. 098124
Comparative effects of p,p'-DDT and commercial DDT, in intravitellin injections, on the **germ** *population* of avian embryonic gonads [Chicks, quails]. 102673
Slaughtering yields and incidence of the average fifth/fourth percent ratio [of carcass rendering] in the permanent **goat** *population* of Gargano. 095716
Empirical analysis of variable temperature regimes on life stage development and *population* **growth** of tetranychus mcdanieli (Acarina: Tetranychidae) [Fruit pests]. 102794
Generalized distance (D2) among **Himalayan** *populations* of Gymnostomum [Musci]. 098691
The aggressivity of the Monilinia cinerea (Schroet.) Honey and Monilinia fructigena (Schroet.) **Honey** *populations* in the center of origin of fruit trees from the family Rosaceae and on the borders of areas. 101470
Blood meal variations within and between the east Asian andEuropean **horse** *populations* [Genetics]. 097076
Comparative biochemical studies on *populations* **inbreds** and lines of Phaseolus vulgaris [kidney beans]. Activity and multiple molecular forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Comparative biochemical studies on *populations,* **inbreds** and lines of Phaseolus vulgaris [kidney beans]. 2. Multiple molecular forms of acid phosphatase and esterase. 100562
Relationships of **initial** *population* densities of Meloidogyne incognita and Meloidogyne hapla to yield of tomato [Root-knot nematode]. 101935
Simulation models for genetic control alternatives [for **insect** *populations].* 102242
Evolution of the linear equation between fresh body weights and dry body weights in an **insect** *population* during a period of strong evaporation [Tomocerus minor]. 102844
Senegal river: the needs of the *population* before the **interests** of a minority [Sudan-Sahelian climate, drought, farming possibilities]. 094190
Infectivity and pathogenicity of three **Italian** *population* of [the nematode] Tylenchulus semipenetrans Cobb on citrus and other hosts [Olive, grapevine]. 101967
Reaction of peach rootstocks to **Italian** *population* of two species of root-knot nematodes (Meloidogyne Goeldi). 101978
Study of the genetic structure of **laboratory** *populations* of Drosophila by the quantitative character. 102956
Studies on a *population* of **large** termite mounds in Uganda [Macrotermes bellicosus, Pseudacanthotermes]. 102915
Structure of yield in hybrid, high-bred and local sorghums as influenced by nitrogen and *population* **levels.** 100865
The problem of different virulence of **local** *populations* of the pathogen of flax rust Melampsora lini (Ehrenb.) Lev. 101643
Comparative biology of the Wyoming and **Louisiana** *populations* of Reesimermis nielseni, parasitic nematode of mosquitoes [C-lex pipiens quinquefasciatus, Culiseta inornata]. 103039
Transplantation of bursal stem cells into cyclophosphamide-treated chicks. **Lymphoid** *repopulation* of splenic structures [Immunodeficiency]. 097623
Is it necessary to diminish the density of *population* of **maize?** 100946
Influence of long-term fertilization and liming on.the **microorganism** *population* in soddy-podzolic soils. 104107
Population **morphology** of forest trees. 099046
Sex and the single gypsy moth [Porthetria dispar] or matingdisruption for **gypsy moth** *population* manipulation. 102505
Population **movements** of adult Brachyptera risi (Plecoptera). 103070
Caryological prospection in a Bryum argenteum L. *Population* [**Musci**]. 098905
Variations in **natural** *populations* of Arabidopsis thaliana (L.) Heynh. 098624
Conversion of acetylene reduction rates to nitrogen fixation rates in **natural** *populations* of blue-green algae [Aphanizomenon sp., Anabaena sp.]. 099487
Ecological research on the role of the pheasant (Phasianus colchicus L.) and the partridge (Perdix perdix L.) in the reduction of the Colorado potato beetle (Leptinotarsa decemlineata Say.) *population* [**Natural** control]. 102460
The efficiency of stratified sampling in the estimation of parameters for a bivariate **norman** *population* [Fibre length within wool staples]. 094642
Interactions among roots of **oat** *populations* heterogeneous for reaction to Helminthosporium victoriae. 101501
Rainfall and fluctuating **plant** *populations* in relation to distributions and numbers of desert rodents in southern Nevada. 098836
Effect of leaf shape on response of cotton to **plant** *population,* N [nitrogen] rate, and irrigation. 100705
Effect of soil moisture regimes, **plant** *population* and nitrogen levels on yield attributes and their contribution towards the root yield of sugarbeet. 100845
Plant *population* requirement of triple-dwarf varieties of wheat. 100859
Studies on the response of two maize germplasms to dates of planting and **plant** *population.* 100867
Effect of variety, row spacing and **plant** *population* on pigeonpea. 101189
Effects of photoperiod and temperature regimens on the biology of European and United States alfalfa weevil [Hypera **postica**] *populations.* 102281
Nematodes and maize growth in Nigeria. II. Effects of some amendments on *populations* of **Pratylenchus** brachyurus and on the growth and production of maize (Zea mays) in Nigeria. 101973
Population **projection** models for South Dakota: 1980, 1985 and 1990. 094643
Fodder yielding ability of maize genotypes under varying levels of nitrogen and *population.* II. **Quality** of green fodder. 104109
Investigations on radio-sensitive and **radio-resistant** *populations* of Drosophila melanogaster. VII. High relative radio resistance to the induction of sex-linked recessive lethals in stage-7 oocytes of RO I4 [irradiation]. 103056
Comparison of *population* of **red** clover with short corollas with common cultivated varieties [Nectar secretion, bee pollination]. 100297
Development of social relationships and change of psychology of the **rural** *population.* 094012
Differential approach to various categories of the **rural** *population*—one of the most important conditions for increasing the effectiveness of ideological work. 094014
Education among the communist **rural** *population* relative to labor. 094016
Lawful education of the **rural** *population.* 094024
On the atheistic education of the **rural** *population* and the observance of Soviet holidays and ceremonies. 094027
Struggle for socialist culture of the life of the **rural** *population* as an important sector in ideological work. 094037
The effect of scientific and technical progress on social-class structure of the **rural** *population.* 094038
Migration flows [of **rural** *population]* and economic conditions in the Dominican Republic. 094079
Significance of selection in advanced hybrid generations and means of increasing the effectiveness of developing valuable winter **rye** *populations.* 099259
Nutritional status of a *population* **sample** in Macon County, Alabama. 094997
Sclerotia *populations* of Sclerotinia sclerotiorum in different crop rotations [Beans, beets, maize]. 101324
Estimation of sire's breeding value. VI. Different linear prediction methods discussed in the context of the breeding **structure** of the *population.* 097078
Certain features of the *population* **structure** of English oak[Quercus robur] in the conditions of the northeastern part of its habitat area. 098149
Phenogeographic analysis of the *population* **structure** of birch [Betula] in the northern Kazakhstan. 098156
Study of the *population* **structure** of durmast oak (Quercus petraea Liebl.). 098161
Breeding system and *population* **structure** of Armeria maritima (Mill.) Willd. on a zinc-lead mine. 099356
A *population* **study** of the Chironomidae (Diptera) of Lough Neagh. 103062
Population of **sugarcane** borers in cane crop at the time of harvest at Tandojam. 102275
The role of hosts and environmental factors in the natural dissemination of ticks: studies on a **Swiss** *population* of Ixodes ricinus (Linne, 1758). 102570
Biosystematic and evolutionary statuses of two **sympatric** *populations* of Aphytis mytilaspidis (Hymenoptera: Aphelinidae). 103157
Nitrogen and Italian ryegrass [Lolium multiflorum]. 3. Growth up to 14 weeks: yields, proportions, digestibilities and nitrogen contents of crop fractions, and **tiller** *populations.* 100217
Experimental study of *population* **variability** of creeping buttercup [Ranunculus repens]. 098721
Mechanisms of the *population* **variability** of the brown rust in wheat Puccinia recondita Rob. ex. Desm. f. sp. tritici. 101612
Studies on structure in plant communities. VII. Field and experimental analyses of Atriplex **vesicaria** *populations* from the Riverine Plain of New South Wales. 098773
Virulence heterogeneity of a predominantly avirulent western equine encephalitis **virus** *population* [Duck embryo cell cultures]. 097411
Differentiatin of *populations* of **wheat** brown rust in the USSR with the aid of a series of isogenic lines on the basis of the variety Thatcher. 101459
Can ectoparasites be a regulating factor for a **wildlife** *population?* [Arthropoda]. 102568

POPULUS

A leaf disease [Cladosporium martianoffinum] of poplar *[Populus* **alba]** from Kashmir. 101395
Poplar *[Populus]* **culture.** 098127
Proper cultivation needed for good survival and growth of planted cottonwood *[Populus* **deltoides].** 098169
Trinucleate pollen in the **genus** *Populus.* 098974
Water status and growth **initiation** in *Populus.* 100661
Technique of mass producing jackii poplar *[Populus* **jackii]** seed under greenhouse conditions. 098128
The influence of maintenance measures on the vitality and growth of poplars *[Populus]* in **Madagascar.** 098074
Metabolism of ethanol and lactate in tissues of woody plants differing with respect to their resistance of oxygen deficiency [Salix alba, *Populus* **petrowskiana].** 100684
Growth of locust [Robinia pseudoacacia], elm [Ulmus] and poplar *[Populus]* in **protective** plantings along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896
The economy of poplar *[Populus]* in **relation** to the problem of production of timber in Italy. 097972
The physiology of **rooting** *Populus* cuttings. I. Carbohydrates and photosynthesis. 100669
Classification of quaking aspen *[Populus* **tremuloides]** stands in the Black Hills and Bear Lodge Mountains. 098064
Propogation of aspen or trembling poplars *[Populus* **tremuloides].** 098144
Some interactions of fire, prairie and aspen *[Populus* **tremuloides]** in northwest Minnesota. 098805
Physiological characteristics of photosynthesis and respiration in stems of *Populus* **tremuloides** Michx. 100673
Development of unpollinated ovules of quaking aspen *[Populus* **tremuloides].** 100677
Hypoxylon mammatum ascospore germination and mycelial growth on bark and wood media from young branches of trembling aspen *[Populus* **tremuloides].** 101377

PORCELLIO

Porcellio **spinicornis** Say (Isopoda) demography. II. A comparison between field and laboratory data. 102873

PORCINE
Further studies on a highly purified glycoprotein from the intimal region of *porcine* **aorta.** 096240
Sephadex G100-separation of the mucicrinic and the mucimitiginic factors from an extract of *[porcine]* **duodenal** mucosa. 096352
Laboratory confirmation of *porcine* **enterovirus** infections. 097527
Antibody to *porcine,* **feline** and rat parvoviruses in various animal species. 097597
Influence of ethionine [poisoning] on the ultrastructural morphology of the *porcine* **hepatocyte.** 097789
Chemical and biologic studies of parathyroid hormone, proparathyroid hormone, and fragments of parathyroid hormone [Bovine, *porcine,* **human].** 096376
Parathyroid hormone: structure and immunoheterogeneity [Bovine, *porcine,* **human].** 096383
The *porcine* **ovarian** follicle. III. Development of chorionic gonadotropin receptors associated with increase in adenyl cyclase activity during follicle maturation. 096334
Study of the complex between *porcine* **plasmin** and alpha2-macroglobulin. 096252
Isolation and identification of **selected** *porcine* viruses. 097525
Distribution of the A blood-group activity in *porcine* **serum.** 096342
A Ca2+ [calcium ion]-activated protease possibly involved in myofibrillar protein turnover: Subcellular localization of the protease in *porcine* **skeletal** muscle. 096432
Electrophoretic characterization of proteins in the plasma membrane of *porcine* **spermatozoa.** 096956
Stress and *porcine* **stress** exudate problems in slaughter swine. 097854

PORES
Wound healing in the cornea of the chick embryo. III. The influence of *pore* **size** of millipore filters on the migration of isolated epithelial sheets in culture. 097720
Pore **volume** distribution and curve of water content versus suction of porous body. 1. Two boundary drying curves. 103827

PORK *see* SWINE

POROMETER
Tube solarimeter and **automatic** *porometer* [Measurement of solar radiation and stomatal resistance]. 100005

POROSITY
Pore volume distribution and curve of water content versus suction of *porous* **body.** 1. Two boundary drying curves. 103827
Influence of non-tillage of soil on *porosity* in **cereal** rotation. 104163
Effect of moisture content and *porosity* in **compost** at filling on the fermentation of compost during peak heating and yield of cultivated mushroom, Agaricus bisporus (Lange) Sing. 104125
Hydrogeophysical equivalence of water salinity, *porosity* and **matrix** conduction in arenaceous aquifers. 104297
Progress in simulation of contaminant transport in *porous* **media** [in water resources]. 104619
Scanning electron microscope study of the *porosity* of the **stem** hyalodermis of two peat mosses (Sphagnum palustre L. and Spagnum centrale Jens.) [Musci]. 098912
Changes in fibre cell **wall** *porous* structure in acid and alkali treatments. 098296

PORPHYRA *see* BANGIACEAE

PORPHYRINS
Toxicological assessment of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in chicks. II. Effects on drug metabolism and *porphyrin* **accumulation.** 097865

PORT
Land development practices restricted on **Christchurch's** *Port* Hills. 104226
Comparison of methods of freshness assessment of wet fish. IV. Assessment of commercial fish at *port* **markets.** 095471

PORTHETRIA
Chemical characterization studies of the nuclear polyhedrosis virus of *Porthetria* **dispar** [Forest pests, biological control]. 102495
Electrophoretic and serological characterization of *Porthetria* **dispar** polyhedron protein [Forest pests, biological control]. 102496
Sex and the single gypsy moth *[Porthetria* **dispar**] or matingdisruption for gypsy moth population manipulation. 102505
Progress on integrated pest management: Douglas-fir tussockmoth, gypsy moth, and southern pine beetle [Hemerocampa pseudotsugata, *Porthetria* **dispar,** Dendroctonus frontalis]. 102508

POSTGLACIAL *see* GLACIAL

POSTPARTUM *see* BIRTH

POTASH
Response of dwarf and tall wheats to nitrogen, **phosphate** and *potash.* 104006
Effect of nitrogen, phosphorus and *potash* on the **yield** of mustard in Rajasthan. 103979

POTASSIUM
Regulation of *potassium* **absorption** in barley roots. An allosteric model. 100280
Sodium- and *potassium-activated* **adenosine** triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
Effect of NPK [nitrogen, phosphorus, *potassium]* **application** on the yield of blackgram on light soils. 100841
Effect of late-season top dressing of N (and K) [nitrogen and *potassium]* **applied** to conifer [Picea sitchensis] transplants in the nursery on their survival and growth on British forest sites. 103964
Nitrogen, phosphorus and *potassium* **balance** in arable soils from the Vladimir Region. 103789
Effects of nitrogen and *potassium* on the **boron** content of the strawberry plant. 100350
Potassium **buffering** capacities in different soil types of Tenerife. V. 103684
Effect of soil moisture regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, phosphorus, *potassium,* **calcium**] uptake by berseem fodder [Egyptian clover]. 100211
Soybean growth and composition as affected by K, Ca, and Mg *[potassium,* **calcuim,** magnesium] rates and corn rotation. 100161
Yield and chemical composition of alfalfa as influenced by high rates of K [potassium] topdressed as KCl and K2SO4 *[potassium* **chloride,** potassium sulfate]. 100077
Yield of corn as affected by *potassium* on a **Coastal** Plain soil. 103933
Change in the NPK [nitrogen, phosphorus, *potassium]* **content** of maize grains and recovery of fertilizers on a calcareous sandy soil. 103872
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, *potassium* on **crop** yields and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Some effects of *potassium* **deficiency** on seedling development [Vegetables]. 100356
The effect of **dietary** *potassium* chloride on broiler yields. 096766
Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, *potassium].* I. **Effect** on sugarcane yield and sucrose content. 103883
Automatic determination of mobile phosphorus and **exchangeable** *potassium* in soil extracts. 103785
Pod and leaf photosynthesis and disease incidence in soybean (Glycine max (L.) Merr.) with *potassium* **fertilization.** 100157
Seasonal changes in minerals, protein, and yield of tall fescue [Festuca elatior] forage as influenced by nitrogen and *potassium* **fertilization.** 100321
Effect of nitrogen, phosphorus and *potassium* **fertilization** on grain yield and phosphorus content of gram (Cicer arietinum Linn.) [chickpeas]. 100413
Dry matter accumulation in spring hybrid maize as affected by N P K [nitrogen, phosphorus, *potassium]* **fertilization.** 103966
Response of potato (Solanum tuberosum) to varying levels ofirrigation and NPK [nitrogen, phosphorus, *potassium]* **fertilization.** 104325
Study on the effect of cement kiln dust as *potassium* **fertilizer** on rice and soybean. 104131
Placement and broadcasting of NPK *[nitrogen-phosphorus-potassium]* **fertilizer** for late maturing potatoes. 104148
Effect of NPK [nitrogen, phosphorus, *potassium]* **fertilizers** on yield in maize monocultures. I. NPK content of grains as affected by fertilizing. 103874
Effect of NPK [nitrogen, phosphorus, *potassium]* **fertilizers** on yield in maize monocultures. II. Nutrient balance and recovery of fertilizers. 103875
Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, *potassium]* **fertilizers.** II. Effects on plant composition and soil chemical properties. 103884
The effect of nitrogen, phosphorus and *potassium* **fertilizers** on the yield and quality of maize silage. 103931
Dependence of the yield and quality of early cabbage in vegetable crop rotation from the forms of nitrogenous and *potassium* **fertilizers.** 104060
Effect of *potassium* **fertilizers** on the yield of potatoes on sandy soddy-podzolic soils. 104071
Effectiveness on phosphorus and *potassium* **fertilizers** in cotton crops as related to the content of phosphorus and potassium in soils. 104075
Relationship of dietary carbohydrate, magnesium, and *potassium* to **grass** tetany [Metabolic disorders of cattle]. 097856
Studies on the yield increase of hop in Gang Won-Do. I. The effects of *potassium* on the **growth** and yield. 104130
Sodium and *potassium* [in **human** nutrition]. 095182
The behavior of various starch granules in KOH *[potassium* **hydroxide**] solutions [Rice, corn, potatoes]. 095842
Hypoxia **increases** *potassium* efflux fom mammalian myocardium [Cat and guinea-pig papillary muscles, bovine Purkinje fibres]. 096348
Behavior of *potassium* in **intensive** fertilization of sandy soil. 103900
Phosphorylation of a low molecular weight polypeptide in beef heart Na+, K+-ATPase [sodium ions, *potassium* **ions,** adenosine triphosphatase] preparations. 096212
Kinetic studies of a (Na+ + K+ + Mg2+ [sodium, potassium, magnesium ions]) ATPase in sugarbeet roots. II. Activation by Na+ and K+ [sodium, *potassium* **ions].** 100254
Comparative study of the mineral composition (calcium, phosphorus, *potassium* and **magnesium)** of different alfalfa cultivars. 100298
Lysimetric and chemical investigations of pedological changes. 4. Mineral equilibria in relation to *potassium* and **magnesium-enriched** environment in the profile. 103825
Effect of NPK [nitrogen, phosphorus, *potassium],* **method** of N application and moisture conservation practices on wheat yield under rainfed conditions. 103982
Studies into levels of dry matter, calcium, magnesium, sodium, *potassium* and **phosphorus** in different tissues of swine (brain, lung, liver, kidney, small intestine). 096216
Removal of nitrogen, phosphorus and *potassium* by a **planned** yield of farm crops in a rotation. 100202
The dynamics of the content of assimilated phosphorus and *potassium* in **plants** and soil of bilberry associations in the Central Roztocze. 099499
Determination of nitrogen, phosphorus and *potassium* in **plants** from one weight sample. 099847
Sorption isotherms for **predicting** *potassium* requirements of some Iowa soils. 103930
Comparative study of *potassium* **Q/I** [quantity-intensity] relationships in different soil types of Tenerife. III. 103673
[Compartive study of] *potassium* **Q/I** [quantity-intensity] relationship in different soil types of Tenerife. IV. 103693
Amino acid patterns of kidney beans grown under different S[sulfur] and K *[potassium]* **regimes.** 100345
Response of rice to P [phosphorus] and K *[potassium]* in **relation** to time of application. 104020
Q/I [quantity-intensity] *potassium* **relationships** in Andosols of Tenerife Island. I. 103685
Q/I [quantity-intensity] *potassium* **relationships** in Vertisols and Brown Earths of Tenerife. II. 103686
The *potassium* **requirement** for growth and embryogenesis in wild carrot [Daucus carota] suspension cultures. 099900
The influence of *potassium* on the **resistance** of oilpalms to Fusarium. 101509
Yield and growth responses of [orchid hybrid] Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, *potassium]* and **sawdust** mulch. 104136
Sodium and *potassium.* 095183
Effectiveness on phosphorus and potassium fertilizers in cotton crops as related to the content of phosphorus and *potassium* in **soils.** 104075
Rapid analysis of *potassium* **sorbate** in dried prunes by ultraviolet or colorimetric procedures. 095918
Biomass accumulation and the removal of nitrogen, phosphorus and *potassium* by **spruce** [Picea] transplants. 100641
Yield and chemical composition of alfalfa as influenced by high rates of K [potassium] topdressed as KCl and K2SO4 [potassium chloride, *potassium* **sulfate].** 100077
Mosaic-like distribution of *potassium* **trichloroacetate** residues in soil [Herbicides]. 102772
Effect of nitrogen, phosphorus and *potassium* on **yields,** protein contents and nutrient levels in soybeans, field peas and fababeans. 103925

POTATOES
Resistance of *potatoes* to **aphids**—vectors of viruses. 102426
Determination of residues of dinitroorthocresol in the crops [of grapes, **apples** and *potatoes].* 102730
Revealing immunochemically similar protein components of the causal agent of *potato* **blight** [Phytophthora infestans] andits host-plant by using monospecific sera. 101466
Agronomical characteristic of the Chilean forms of Solanum chilotanum *[Potatoes,* **breeding].** 099079
Breeding *potato* varieties resistant to nematodes [Heterodera rostochiensis]. 099269
Up-to-date condition and prospects of **breeding** *potatoes* for resistance to major diseases and pests. 099282
Separation of *potatoes* from **clods** and stones—the main problem of the mechanized harvesting. 103506
Resistance of potato varieties to **Colorado** *potato* beetle [Leptinotarsa decemlineata]. 102427
Development of resistance to some insecticides in the **Colorado** *potato* beetle [Leptinotarsa decemlineata]. 102441
Repellent and toxic effect of copper oxychloride on the **Colorado** *potato* beetle [Leptinotarsa decemlineata]. 102443
Ecological research on the role of the pheasant (Phasianus colchicus L.) and the partridge (Perdix perdix L.) in the reduction of the **Colorado** *potato* beetle (Leptinotarsa decemlineata Say.) population [Natural control]. 102460
Some toxicological properties of alternative insecticides in **Colorado** *potato* beetle [Leptinotarsa decemlineata] control in the light of laboratory experiments. 102463
Studies on the influence of some ecological factors on the developent of the **Colorado** *potato* beetle [Leptinotarsa decemlineata] resistance to DDT and lindane within the territories of the Great Poland and Warsaw provinces. 102464
Effect of copper on *potatoes* in the **conditions** of the Komi Autonomous Soviet Socialist Republic. 100497
Chemical weed **control** in *potatoes.* 102175
A comparison of AC 92,553, CGA-24705, and FMC 25213 in combination with metribuzin for weed **control** in *potatoes.* 102179
The behavior of various starch granules in KOH [potassium hydroxide] solutions [Rice, **corn,** *potatoes].* 095842

Crop development and water loss—a case study over a *potato* **crop** [Evapotranspiration]. 100344
Differential susceptibility of *potato* **cultivars** to four herbicides [Injury]. 101838
50 percent [allocation] of the clay [soil] area to potatoes? Economic aspects of expansion of *potato* **cultivation** with the aid of soil disinfection and AM varieties in clay tillage. 094308
Test on starchy varieties *[Potato* **cultivation].** 101231
Prospects of growing, harvesting and post-harvest handling of *potatoes* in the **Czech** Socialist Republic. 095937
The effect of storage factors on membrane permeability and sugar content of *potatoes* and **decay** by Erwinia carotovora var. atroseptica and Fusarium roseum var. sambucinum. 095865
Symptoms of magnesium **deficiency** in *potatoes.* 101855
Price variability in **Delaware** *potatoes.* 094492
Fertilizer application in **early** *potatoes* in the south of the Khmel'nitskaia Region. 100499
Effect of inorganic and organic fertilizers on the yield of **early** *potatoes* on sandy soils in the Bryansk Region. 104066
50 percent [allocation] of the clay [soil] area to *potatoes?* **Economic** aspects of expansion of potato cultivation with the aid of soil disinfection and AM varieties in clay tillage. 094308
Economic effectiveness of applying inorganic fertilizers in *potatoes* in the **farms** of the Moscow Region. 104064
Utilization of phosphates by *potatoes* depending on the **form** and way of applying the accompanying nitrogenous fertilizer. 100508
Alternative working methods applied in stations for the **grading** of *potatoes.* 095935
Deliveries and installations of *potato* **grading** lines. 103494
Ways of increasing the coefficient of utilization of photosynthetically active radiation in **growing** *potatoes.* 100456
Nitrogenous and phosphorus fertilizers in *potato* **growing.** 104082
Development of inbreeding lines of *potatoes* with **high** starch content and resistant to late blight [Phytophthora infestans]. 099288
Identification of the trisomic series in diploid Solanum tuberosum L., group tuberosum. I. Chromosome **identification** *[Potatoes].* 099188
Some preliminary studies on the performance of **important** *potato* varieties under warm climate at Mirpurkhas. 101019
Pests of vegetables and their control. 3. *Potato* **[India].** 102454
"Vae soli", misfortune to those who are alone *[Potato* **industry,** organization]. 094759
The influence of pre-sprouting, spraying and defoliating of *potatoes* on the **infection** with potato late blight [Phytophthora infestans]. 101582
High **input** *potato* growing pays best [Profits]. 094393
Potato **insect** pests. 102405
Bulk storing of *potatoes.* **Interpretation** of a condensation problem. 095859
Designing of **large-capacity** *potato* stores. 103354
The influence of pre-sprouting, spraying and defoliating of potatoes on the infection with *potato* **late** blight [Phytophthora infestans]. 101582
Effect of virus infection on the resistance of *potatoes* to **late** blight [Phytophthora infestans]. 101754
Potato **lipoxygenase.** 095879
Machines and equipment for post-harvest handling and storing of *potatoes,* **manufactured** in Czechoslovakia and the German Democratic Republic. 103498
Genetic evidence for mode of 2n pollen formation and S-locus **mapping** in *potatoes.* 099362
Placement and broadcasting of NPK [nitrogen-phosphorus-potassium] fertilizer for late **maturing** *potatoes.* 104148
Regulation of growth character and productivity of *potato* under the **mineral** nutrition programming in hydroponics. 100609
Equipment for chemical treatment of *potatoes* **moving** into storage. 103581
Report of activity of the [French] **National** *Potato* Committee for the 1974-1975 seson [Production, marketing, statistics]. 094586
Role of amino acids in plant tissue response to Heterodera rostochiensis. II. Effect of proline and hydroxyproline *[Potatoes,* **nematodes].** 101980
Research with **new** *potato* varieties at Sor-Ostland, 1975. 101214
Response of *potato* to **nitrogen** and phosphorus fertilization. 104018
Novel activity of *potato* **nucleotide** pyrophosphatase. 100373
Vertical resistance of *potatoes* to the **pathogen** of late blight [Phytophthora infestans] and the formation of phytoalexins. 101474
On the problem of hybridogenic origin of *potato* **pentaploid** species (Solanum semidemissum Juz. 2n=60). 099233
Rapid determination of supersensitivity of *potatoes* to **Phytophthora.** 101350
Double induction—a new hypothesis of plant immunity (membrane aspects of interrelations between *potato* and **Phytophthora** infestans (Mont.) de Bary) [causal agent of blight]. 101460
Role of environmental factors in the change of the resistance of *potato* **phytophtorosis** [Phytophthora infestans]. 101613
Phenol-induced inactivation of phosphoglucomutase (EC 2.7. 5.1) in extracts from different organs of the *potato* **plant.** 100367
Antimicrobial substances in certain members of Solanaceae. V. Detection of active principles in *potato* **plant.** 100620
Application of desiccants in *potato* **plantings.** 101198
Dynamics of the dispersal of aphids on *potato* **plants** in the conditions of the Poltava Region. 102386
Attraction of insects of *potato* **plants** through use of artificial honeydews and aphid juice [Pest control, natural]. 102400
Relative susceptibility of selected cultivars of *potato* to **Pratylenchus** penetrans [Root-lesion nematode]. 101936
High-frequency trickle irrigation and row spacing effects on yield and **quality** of *potatoes.* 101022
Investigations and research concerning soil-borne viruses. I. *Potato* **rattle** virus. 2. 101804
Preliminary field experiments on the use of Nefusan [dazomet] in *potato* **root** eelworm (Heterodera rostochiensis Woll.) control [Nematodes]. 102023
Some effects of Aldicarb on the life cycle and pathogenicity of [the nematode] Meloidogyne incognita in *potato* **roots.** 101981
Effect of fertilization on yield and specific gravity of Abnaki, Katahdin, and Sioux grown continuously and in two-year **rotation** *[Potatoes].* 104123
Effect of potassium fertilizers on the yield of *potatoes* on **sandy** soddy-podzolic soils. 104071
How hardy are **seed** *potatoes* this year? 095938
Effect of date of planting, spacing, levels of nitrogen and size of tuber on the yield of **seed** *potato.* 101185
Nutritive value of *potato-based* **silages** for dairy bulls. 096707
Geographical distribution of aboriginal forms of *potatoes* **[Solanum** species] from Peru [determined] on the basis of tuber characteristics. 098518
The chlorogonoplasts in the seeds and tubers of *potato,* **solanum** tuberosum L., as indicator of resistance to the Streptomyces [Scabies] infection. 101310
Response of *potato* **(Solanum** tuberosum) to varying levels ofirrigation and NPK [nitrogen, phosphorus, potassium] fertilization. 104325
On the biological activity of IAA [indoleacetic acid] conjugates [using tissues of tobacco, *potato* and **soybean].** 100108
Separation of *potato* **spindle** tuber viroid ribonucleic acid from Scopolia sinensis into three infectious forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737
The threshold value of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for producing latent and acute soft rot infection of *potato* **stalks** and tubers. 101677
Principal conditions in the **storing** of *potatoes.* 095936
Some seed, seedling, and maternal characters as estimates of commercial performance in **sweet** *potato* breeding. 099321
Results of **testing** *potato* varieties for resistance to diseases. 101465
Evaluation of *potato* **texture** by taste and by appearance. 095864
Reducing vert [Verticillium Wilt] and increasing yield of *potatoes* in the **Treasure** Valley. 101394
A modified method for determining available lysine in protein recovered from heat **treated** *potato* juice. 095866
The influence of growing temperature on the amino acid and nucleic acid concentrations of *potato* **tubers.** 100483
Homologous inhibitors from *potato* **tubers** of serine endopeptidases and metallocarboxypeptidases. 100558
[Fungal and bacterial] diseases of *potato* **tubers** [in storage] and their control [Comparisons of varietal resistance]. 101337
The character of late blight [Phytophthora infestans] resistance display in *potato* **tubers.** 101471
The variability of hypersensitivity reaction of the Solanumtubersum *[potato]* **tubers** to Phytophthora infestans. 101666
Laboratory method of bacteriocide estimation on the basis of Erwinia test [Soft rots of *potato* **tubers].** 101680
An impact device for studying the damage rate of *potato* **tubers** [caused by harvesting machinery]. 103606
Content and methods of investigations of the mechanics of agricultural environments and materials [Mechanical properties of soil, modelling soil erosion, damage of *potato* **tubers** by machines]. 103610
Method of studying the damage rate of *potato* **tubers** as a result of mechanical action [of the harvesting machinery]. 103620
Study of the collection of *potato* **varieties** in the conditions of the Ukrainian forest-steppe. 101091
Descriptive cards of *potato* **varieties** inscribed in the 1976 catalog [France]. 101230
A modification of the Glynne-Lemmerzahl method for testing resistance of *potato* **varieties** to wart disease, Synchytrium endobioticum (Schilb.) Perc. 101578
Resistence of several *potato* **varieties** against black leg, Erwinia carotovora, after injuring the tubers and inoculation. 101684
Translocation of the potato viruses Yn and Yo in some *potato* **varieties.** 101792
Resistance of *potato* **varieties** to Colorado potato beetle [Leptinotarsa decemlineata]. 102427
Variation in symptoms caused by potato virus M on the *potato* **variety** Uran. 101793
Evaluation of some systemic granular insecticides against Myzus persicae Sulzer on *potatoes* **[Vectors** of viruses]. 102458
Latex agglutination test for three plant viruses [Tobacco mosaic virus, *potato* **virus** X and Y]. 101723
Epidemiology of *potato* **virus** diseases [in Poland]. 101731
Reconstitution of helical viruses other than TMV [tobacco rattle virus, barley stripe mosaic virus, winter wheat mosaic virus, *potato* **virus].** 101743
Detection of *potato* **virus** M and potato virus S on test plants. 101791
Variation in symptoms caused by *potato* **virus** M on the potato variety Uran. 101793
Translocation of the *potato* **viruses** Yn and Yo in some potato varieties. 101792
Natural occurrence of *potato* on **virus-Y** Datura metei. 101748
Kinetin-induced tuberization of *potato* in **vitro:** on the mode of action of kinetin. 100541
Vegetative propagation of Solanum tuberosum L. In **vitro** *[Potatoes].* 100554
Spray defences for *potatoes* **[Weed,** pest and disease control]. 101847
Mechanized application of inorganic fertilizers in field experiments *[Potatoes,* **wheat].** 104078
Utilization of light in **wide-space** *potato* stands [Photosynthesis]. 100572
Trapping of the spider mite Tetranychus urticae by glandular hairs on the **wild** *potato* Solanum berthaultii. 102459
Achievements and prospects of the control of diseases, pests and weeds of *potatoes* [in the **world].** 101849
Optimum planting interval as affected by size distribution in *potato* **yield.** 101013

POTENCY

Prostaglandin 1X synthesis of (plus/minus)-15-methyl-11-deoxy PGE1 [prostaglandin E1] (doxaprost) a *potent* **bronchodilator** and its C-15-epimer [Guinea pigs]. 096526
Dimethylnitrosamine and nitrosopyrrolidine *[potent* **chemical** carcinogens] in fumes produced during the frying of bacon. 094838
Host animal efficacy and **laboratory** *potency* tests for non specific bacterins, mixed bacterins, and bacterial antiserums. 097564
The *potency* of **male** accessory gland material in the mosquito (Aedes aegypti). 102940
X-ray crystal structure of cytochalasin H, a *potent* **new** [11]cytochalasan toxin [Phomopsis, Fungi]. 099665
Studies on the distribution of 14C [carbon isotope]-malformin A [a *potent* **plant** growth regulator produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543

POULTRY

Electrohydraulic processing of chlorella for increasing its digestability [Protein-vitamin supplement for farm **animals** and *poultry].* 096035
Comparison of enrichment procedures for fluorescent antibody and cultural detection of salmonellae in raw meat and *poultry* **[Bacterial** contamination]. 094803
The occurrence of an intraerythrocytic microorganism Neitziella rezendei gen. nov. sp. nov. (Microtatobiotes, Rickettsiales) of *poultry* in **Brazil.** 097215
Effect of dietary aflatoxin [produced by the fungus Aspergillus flavus] on fertility, hatchability, and progeny performance of *broiler* **breeder** hens [Aflatoxicosis]. 096642
Estimating daily nurient requirements for *broiler* **breeder** hens. 096676
Accumulation and excretion of certain organochlorine insecticides in *broiler* **breeder** hens. 102701
Effect of performance of a low level mixture of organochlorine insecticides in *broiler* **breeder** feed. 102706
Experiences and results of socialist cooperation in *poultry* **breeding** [East Germany]. 094345
The etiology and epidemiology of salmonellosis in Bulgaria for the 1966-1970 period [Contact mechanism in people engaged in animal and *poultry* **breeding].** 094858
Genetic and breeding aspects of the expectable development in *poultry* **breeding.** 096861
Processing & utilization of *poultry* **byproducts** meal. 095738
Metabolism of avian twitch and tonus muscle [Quail, guineahen, *broiler* **chicken].** 096313
Effective breeding methods to improve the fattening and slaughter performance of **chicken** *broilers.* 097049
Dermatitis produced by Rhodotorula glutins [yeast] in *broiler-age* **chickens.** 097252
Application of feed defluorinated phosphates in the diets of *broiler* **chicks.** 096721
Professional risk of Salmonella infection in a *poultry* **combine.** 097368
Increased bone strengh in **coop-reared** *broilers* provided flouridated water [to mitigate bone fragility]. 096756
Allometry in poultry, regression of body weight on body condormation traits in some *broiler* **crosses.** 096479
Microbial interactions in foods: meats, *poultry* and **dairy** products. 095535
Effect of carbon dioxide and sodium chloride on oxidative stability of frozen mechanically **deboned** *poultry* meat. 095732
Physical and functional properties of heat pasteurized mechanically **deboned** *poultry* meat. 095744
Raw and heated full fat soybeans in laying **diets** *[poultry].* 096761
The number of feathers on the litter; another criterion for evaluating the adequacy of *broiler* **diets.** 097012

Poultry **diseases** diagnosed in Canadian laboratories for theyear 1974. 097202
Report of the subcommittee on avian influenza to the committee on transmissible **diseases** of *poultry*. 097572
A comparison of nitrogen and energy determination of fresh and oven **dried** *poultry* excreta [Digestion test]. 096691
A motor lorry for the transports of *poultry* **droppings** AP-TH-PV3S. 103490
A comparison of the daily energy needs of the normal and **dwarf** *broiler* breeder hen. 096746
Chlorinated hydrocarbons in body fat of *poultry*. III. The **effect** of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in reserve fat of fattening geese [Contamination]. 102778
Studies on the effect of the alteration in the internal environment of *poultry* **egg** on embryonic growth. VI. Hatching weight and water content in chicks from partially albumen -removed eggs. 096571
Evaluation of waste activated sludge (citrus) as a poultry feed ingredient. 2. Quality and flavor of *broilers*, **egg** yolk color and egg flavor. 096754
Residues of atrazine (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its metabolites in chicken tissues [Pesticide residues in *poultry* and **eggs**]. 102714
Eradicate rats & snakes from your *poultry* **farm.** 096110
How to control rats in a *poultry* **farm.** 096114
Development of partnership in *poultry* **farming** into industrial cooperatives: Ishii Agricultural Cooperative for Broiler Raising in Tokushima Prefecture. 094338
Which is more profitable, buffalo-rearing or *poultry* **farming?** 094430
UP [Uttar Pradesh] *poultry* [**farming**] in a crisis. 096116
Stress factors in *poultry* **farming.** 096508
Experiences in improving feed economy in *broiler* **fattening.** 096802
Improved performance in *broiler* **fattening** through a new directed concentration of energy in the feed. 096808
Evaluation of activated citrus sludge as a *poultry* **feed** ingredient. 096038
Recovery of activated sludge for *poultry* **feed** engineering aspects. 096040
Formulation of biologically nearly full value starter-finisher **feed** for *broilers*. 096615
Evaluation of waste activated sludge (citrus) as a *poultry* **feed** ingredient. 2. Quality and flavor of broilers, egg yolk color and egg flavor. 096754
Metabolizable energy values of some *poultry* **feeds** determined by various methods and their estimation using metabolizability of the dry matter. 096758
Study of effect of various sulfate levels on *broilers* **[Feedsupplements].** 096789
Aflatoxicosis [Aspergillus **flavus**] in *poultry*. 097839
Factors influencing the health and economic viability of a *poultry* **flock.** 097182
How to keep *[poultry]* **floor** litter in good condition. 096111
Drying bagasse using *boiler* **flue** gas. 095837
Objective color values of non-frozen and **frozen** *broiler* breasts and thighs. 095743
Importance of breeding work to feed utilization within the egg production sector *[Poultry* **genetics].** 096908
Broiler **growth** promoting effect of a chemotherapeutic agent, BV 9391. 096412
The true metabolizable energy values of several feedingstuffs measured with roosters, laying hens, turkeys and *broiler* **hens.** 096769
Pathogenicity and host range of the falcon **herpesvirus** [Includes *poultry]*. 097347
Automatic regulation of hydraulic outwash of droppings and the microclimate in *poultry* **houses.** 103363
Solar energy *[Poultry* **houses,** heating]. 103385
Technologic equipment for the management of laying hens effects favourably the share of eggs with damaged shell *[Poultry,* **housing].** 096100
Poultry **housing:** how important. 103383
Demand for **Hungarian** *poultry* rising at home, overseas. 094528
Comparative characteristics of the electrophoretic spectrum of protein of blood serum in heterosis of *poultry* **hybrids.** 096555
Will Denmark stay out in the cold? *[Poultry* **industry,** exports]. 094588
Tendencies of labour safety in the *poultry* **industry.** 095730
Toxic effect of feed **ingredients** *[Poultry]*. 097815
A econometric analysis of the demand for mutton and *poultry* in **Iran** [Markets]. 094458
Technology of mechanized maize growing on the fields of the Kominternovskaia **large** *poultry* farm [in the Odessa Region]. 100736
Effect of environment and dietary energy on caged **Leghorn** *pullet* performance [Poultry]. 096751
Experiences in the use of centrifuged **liquid** *poultry* manure [as a feed additive] in slaughter cattle production of the Friedeburg State Farm [East Germany]. 096801
Nutrient content of *broiler* **litter** [Ruminant feeds]. 096034
On biochemical mechanism of triazine herbicides toxicity: effect on the gluconeogenic activity in *poultry* **liver.** 097867
Control of insect and mite pests of man, **livestock,** and *poultry*. 102564
Study on the antigenic structure and biochemical activity of isolated Salmonella gallinarum-pullorum strains. I. Decarboxylase activity of the Salmonella gallinarum-pullorum strains [Salmonellosis, *poultry,* **man].** 097369
Utilization of *poultry* **manure** as feed. 096649
Nutrient concentration of corn as effected by *poultry* **manure.** 100155
The arsenic content of corn grain grown on a coastal plain soil [in Delaware] amended with *poultry* **manure.** 100162
Effect of *poultry* **manure** additions on the extractability of an added metal. 103926
Poultry **manure** and its value in modern agriculture. 104033
Products take up the slack *[Poultry* **meat,** eggs]. 095739
L-lysine an important amino acid in protein **nutrition** of *poultry*. 096744
Antinutritive factors contained in the seeds of broadbeans (Vicia faba). V. Influence on the protein catabolism of *broilers* **[Nutrition].** 096785
Poultry: **one** of the better inspected food products [Meat]. 094837
Age transformation of the energy exchange in the **organism** of *broilers*. 096553
Selection for body weight at eight weeks of age. II. Ovulation and oviposition **patterns** *[Poultry]*. 097009
Scientific feed formulation for better *poultry* **performance.** 096692
Effect of environment and dietary energy on caged Leghorn pullet **performance** *[Poultry]*. 096751
Studies into the effect of fly ash emission on *broiler* **performance** and health [Dust contamination of the chicken lung]. 097791
The distribution of salmonellosis among birds in the Shumenand Targovishte districts during the 1967-1970 **period** *[Poultry]*. 097372
Zeaxanthin as a *broiler* **pigmenter** [Feed additives]. 096770
How should *poultry* be **processed?** 095736
Processed *poultry* waste compared with uric acid, sodium urate, urea and biuret as nitrogen supplements for beef cattle fed forage diets. 096700
Meat, fish and *poultry* **processing** wastes. 104564
What does it cost to produce 1 kilogram of eggs? *[Poultry* **production** costs]. 094398
Protein and energy yield in *poultry* **production** [Feeding]. 096673
Selection as a tool for *poultry* **production.** 097004
Exchange of experiences: higher economic efficiency in the inland transportation of finished *[poultry-* **products.** II. 094487
Description and possible utilization of an analysis tool: the panel of consumers [Preferences for *poultry* **products].** 094582
South Carolina livestock and poultry statistics. Inventory numbers, 1975-1976. Production and value of livestock and *poultry* **products,** 1974-1975. 094637
Growth of *broilers* and **quail** fed Fusarium (Gibberella zeae)-infected corn and zearalenone (F-2). 096755
Development of partnership in poultry farming into industrial cooperatives: Ishii Agricultural Cooperative for *Broiler* **Raising** in Tokushima Prefecture. 094338
A review of research on the use of low glucosinolate type rapeseed meal in **rations** for *poultry*. 096623
Sunflower seed cake and mustard oil cake as substitutes for groundnut cake in *poultry* **rations.** 096745
Relation between methionine and inorganic sulphate in *broiler* **rations.** 096762
Infected feather follicles in cage **reared** *broilers*. 097482
Allometry in *poultry,* **regression** of body weight on body condormation traits in some broiler crosses. 096479
Recent developments in *poultry* **research** in India. 096090
Chlorine, acid, and heat treatments to eliminate **Salmonellaon** *broiler* carcasses. 094897
Poultry **sanitation.** 097183
Abstracts of papers presented at the Annual Meeting of the *Poultry* **Section** of the Southern Association of Agricultural Scientists. 096117
Attempts at curing a **selected** *poultry* flock from typhus-pullorosis [Salmonella infections]. 097360
Research on nephritis-nephrosis disease in *poultry* in **Slovenia** [Isolation of the virus]. 097645
South Carolina livestock and *poultry* **statistics.** Inventory numbers, 1975-1976. Production and value of livestock and poultry products, 1974-1975. 094637
A trial to combat mixed louse and tick infestation in *poultry* using **Sumithion** (R). 102610
The role of microorganisms in *poultry* **taints.** 094926
The effect of water soaking, brining and cooking procedure on **tenderness** of *broilers*. 095747
Paralysis in chickens caused by larvae of the *poultry* **tick,** Argas persicus. 102555
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, **turkey** *poults,* tracheal organ cultures and embryonated fowl eggs. 097595
Evaluating anticoccidials in *poultry* in the **United** States [Coccidiosis, Eimeria, protozoan diseases]. 097486
Aerobic treatment of *poultry* **wastes.** 104522
Performance of *broilers* on different **waterers** [Feeding equipment]. 096647
The effect of dietary potassium chloride on *broiler* **yields.** 096766
Effect of citrinin, a mycotoxin produced by Penicillium citrinum, on laying hens and **young** *broiler* chicks. 097840

POWDERS

Obtainment of crystalline rennin from *powdered* **enzyme** preparation. 095671
Powdered **fats:** manufacturing, properties, uses. 095526
Biochemical and technological aspects of production and storage of humanized baby **food** *powder*. 095545
New vacuum equipment for the *powdered* **milk** industry [Processing]. 095599
Isolation of the free fat of **milk** *powder* for the determination of oxidative changes. 095621
Polarographic determination of the whey protein percentage in **milk** *powders*. 095623
An improved method for the determination of the reducing capacity of **milk** *powder* [Flavor]. 095634
The growing problem: **milk** *powder* [in feeds]. 096033
Changes in nitrogen compounds of hen **egg white** *powder* resulting from technological addition of "Pancreatin". 095750
The effect of technological process and of "pancreatin" addition on proteins of **egg white** *powder*. 095751

POWDERY

Initial material for breeding barley for resistance to *powdery* **mildew** [Erysiphe graminis]. 099090
Methods of developing new varieties of grapevine with complex resistace to downy mildew, *powdery* **mildew,** grey mould, Phylloxera. 099277
Evaluation of the entries of the world collection of spring wheat for resistance to rust fungi and *powdery* **mildew.** 101341
Initial material of winter wheat for breeding for resistance to brown rust and *powdery* **mildew.** 101347
Race-specific resistance of barley to *powdery* **mildew** [Erysiphe graminis]. 101349
Selection of small-fruited cucumbers resistant to *powdery* **mildew** (Sphaerotheca fuliginea Poll.). 101428
Effectiveness of fungicides against *powdery* **mildew** of apples [Podosphaera leucotricha]. 101490
The *powdery* **mildew** of parsley caused by Leveillula lanuginosa (Fuck.) Golovin. 101537
Physiology of *powdery* **mildew** [Erysiphe cichoracearum] infected leaves of Abelmoschus esculentus. I. Respiration and photosynthesis. 101541
Powdery **mildew** [Microsphaera], a new disease of Ligustrum japonicum. 101560
New host records for *powdery* **mildews** [Oidium, Oidiopsis] in Israel. 101526

POWER

Power **brakes** for trailer safety [Tractor equipment]. 103568
Calculation of statical characteristics of sensors in systems of automatic regulation of *power* **conditions** for the operation of a tractor. 103518
Converting **engine** *power* into useful work. 103426
Power **expenditure** for operating a wheel tractor of the 1,4 TS class on a snow-covered road with a blocked drive of the driving wheels. 103537
Rheograms for *power-law* **[food]** fluids using coaxial cylinder viscometers and a template method. 095420
Single stage groundwood from a 12,000 H.P. **[Horse** *power],* 1500 and 1800 R.p.m. [Revolutions per minute] refiner. 098264
Hydrometeorological research during the decade 1964-1974 [Flood control, **hydroelectric** *power,* irrigation, water resources]. 104370
Analusis of the effect of a hydraulic magnifier of hitching weight of a tractor on the *power* **indices** of a unitized implement. 103607
Flight energetics of sphinx moths: *power* **input** during hovering flight [Manduca sexta, Manduca quinquimaculata, Deilephila elpenor, Hyles lineata]. 102979
Litterfall in a Douglas-fir [Pseudotsuga menziesii] forest near the Trojan **Nuclear** *Power* Station, Oregon. 098831
Vegetation from the lower reaches of the Ivan'kovo Reservoir and the effect of heated waters from the Konakovo State **Regional** *Power* Station on it. 100022
Power **regulator** for an electrode water-heater. 103374
Technical and economic basis for a type of hitching for farming a unit with K-701 tractors **saturated** with *power*. 103635
Standards of **spectral** *power* distribution for measuring spectral irradiance. 094115
Studies of fluid pressure relaxation mechanism of *power* **sprayer's** regulator. III. On the automatic utilization under the trial pressure regulating method. 103580
Soil nitrogen parameters signifying its nitrogen **supplying** *power*. 103697

PRAIRIE

The **American** *prairie* inventory: a preliminary report. 098806
Prairie **ant** mound ecology: interrelationships of microclimate, soils and vegetation. 098801
Some interactions of fire, *prairie* and **aspen** [Populus tremuloides] in northwest Minnesota. 098805
Grassland use patterns and *prairie* **bird** populations in Missouri. 100788
Plant communities of the **Blackland** *Prairie* of Texas. 098800
The **Blackland** *Prairie* of Texas: conservation of representative climax remnants. 100792
Windbreak studies on the **Canadian** *prairie* [Influence on wheat production]. 097920
Prairie **ecosystems** are essential for environmental monitoring. 098802
Midsummer standing crops of wetland sedge meadows along a transect from **forest** to *prairie*. 098813

Ecological study of **Friendly** *Prairie,* Missouri. 098798
Some effects of fire upon a tall **grass** *prairie* plant community in northwestern Iowa. 098804
Arthropod food chain energetics in a Missouri tall **grass** *prairie.* 102317
Midwest livestock producers rediscover the *prairie* **grasses.** 100789
Industry uses of *prairie* **grasses** for erosion control and landscaping. 101170
Sensing our *prairie* **heritage:** environmental education and community visions. 104509
Viewing the **invisible** *prairie* [Soil microorganisms]. 103760
The usage of Goose **Lake** *Prairie* State Park [Recreation]. 104510
Determination of groundwater inflow to *prairie* **lakes** using remote sensing. 104314
Prairie **management** and restoration in the state parks of Texas. 104508
Decomposition of natural and simulated litter in **Oakville** *Prairie.* 098797
Teratogenicity of lead acetate in Microtus **ochrogaster** *(prairie* voles). 097870
The *prairie* and its **people:** yesterday's history and today's challenges [Socioeconomic aspects]. 094045
Landscape design with *prairie* **plants.** 101171
Prelude to *prairie.* 100790
Rangeland—a **proper** *prairie* use. 100791
Acreage response to policy variables in the *prairie* **provinces.** 094665
Responses of Opuntia polyacantha to water and nitrogen perturbations in the **shortgrass** *prairie.* 102109
Effects of soil environment on root growth of agricultural crops in *prairie* **soils.** 103758
The floristic composition of *prairie* **stands** in southern Michigan. 098620
CERA [Conrad Environmental Research Area]: an outdoor biological laboratory [Dedicated to the study of the structure and function of **tallgrass** *prairie* and associated ecosystems]. 098795
Burning a protected **tallgrass** *prairie* to suppress sweetclover, Melilotus alba Desr. 102108
Prairie **wetlands** since NEPA [National Environmental Policy Act]. 098803
The evaluation, selection and increase of *prairie* **wildflowers** for conservation beautification. 101172
Windrift *Prairie* Nursery: story of a small commercial enterprise. 101173

PRATYLENCHUS

Nematodes and maize growth in Nigeria. II. Effects of some amendments on populations of *Pratylenchus* **brachyurus** and on the growth and production of maize (Zea mays) in Nigeria. 101973
Vertical distribution of three nematode species [Belonolaimus longicaudatus, *Pratylenchus* **brachyurus,** and Trichodorus christiei] in relation to certain soil properties. 103779
Evaluation of citrus, hybrids, and relatives as hosts of [the nematode] *Pratylenchus* **coffeae,** with comments on other hosts. 101965
A survey of migratory nematodes, **especially** *Pratylenchus* penetrans, in root-stocks of roses in Danish plant nurseries. 102047
Intrauterine embryogenesis in *Pratylenchus* **minyus** Sher et Allen [Root nematode of wheat]. 101969
[The nematode] *Pratylenchus* **minyus** on Egyptian clover in Apulia. 101991
Fine structure of the esophagus of *Pratylenchus* **penetrans** [Plant-parasitic nematodes]. 101929
Morphological variation in *Pratylenchus* **penetrans** [Nematodes, plant host effects]. 101932
Relative susceptibility of selected cultivars of potato to *Pratylenchus* **penetrans** [Root-lesion nematode]. 101936
Sex expression and tail morphology of female progenies of smooth-tail and crenate-tail females of *Pratylenchus* **penetrans** [Nematodes, reared on alfalfa]. 101938
Occurence and control of nematodes affecting carrot crops in Cyprus [Paratylenchus neoamblycephalus, *Pratylenchus* **thornei].** 101975
Tests of hosts of some stocks and fruit varieties in relation to *Pratylenchus* **vulnus** Allen and Jensen. 101826
Comparative population dynamics of *Pratylenchus* **zeae** and Hoplolaimus aegypti on maize, Zea mays [Nematodes]. 101840

PRECIPITATION

Solubility profile, intrinsic viscosity, and optical rotation studies of **acid** *precipitated* soy protein and of commercial soy isolate. 095811
Alkaline solubilization of *heat-precipitated* **cheese** whey protein. 095561
An indirect agar gel **diffusion** *precipitation* test for detecting rinderpest nonprecipitating antibody in cattle and zoological ruminant sera. 097503
Study of the time lag of **drop** *precipitation* in spraying field crops. 103549
Estimating water yield differences between hardwood and pine forests: an application of **net** *precipitation* data. 097954
The chemistry of calcium **phosphate** *precipitation* in cane [sugarcane] juice clarification. 095807

PRECIPITIN

Application of an agar **gel** *precipitin* test to the serodiagnosis of avian chlamydiosis [Chlamydia psittaci]. 097504
Monitoring infectious bursal disease (IBD) antibodies by agar **gel** *precipitin* (AGP): a comparative study [Virus diseases, chickens]. 097594

PRECOOLING *see* COOL

PREDATION

Predaceous **ants** [Crematogaster clariventris, Crematogaster buchneri] (Hymenoptera: Formicidae) phytophagous on Theobroma cacao in Nigeria. 102254
Differential **seed** *predation* on two species of Arctostaphylos [glandulosa, Arctostaphylos glauca] (Ericaceae). 098835

PREDATOR

The effects ULV [ultra low volume] spray on pests of cotton and their natural enemies [Aphis gossypii, Dysdercus superstitiosus and *predators,* **Chilmines** lunata and spiders]. 102342
Development of methods for field distribution of **eggs** of the **insect** *predator* Chrysopa carnea Stephens [Biological control of Heliothis zea and Heliothis virescens, cotton]. 102287
Artificial diets for larvae of harmonia axyridis Pallas (Coleoptera: Coccinellidae), an **insect** *predator* of aphids and scale insects. 103091
New record of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the **lac** *predator,* Eublemma amabilis Moore (Noctuidae: Lepidoptera) [Field crop pests, natural control]. 102365
Effect of altozar, a juvenile-hormone analogue, on Coccinella septempunctata Linnaeus *[Predator* of **Lipaphis** erysimi, biological control]. 102390
Seasonal abundance, diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina **[Potential** *predator* of insect pests, Spodoptera littoralis, soybeans, corn, cotton]. 102282
The role of *predator-prey* **size** ratio in determining the efficiency of capture by Anthocoris nemorum and the escape reactions of its prey, Acyrthosiphon pisum. 102920
The role of *predators* in the **young** larval mortality of the pine-moth, Dendrolimus spectabilis Butler. 102497

PREFABRICATED

Homemade building elements *[Prefabrication* of **cow** sheds]. 103396

PREGNANCY

Effects on *pregnant* **adolescents** of attending a special school. 095127
The composition of ruminal and abomasal fluid from catheterised fetal sheep during the last 50 **days** of *pregnancy.* 097030
Pregnancy **diagnosis** in ewes using etological reaction to estrogens and abortive activity of dioxy-diethyl-stilbestrol and estradiol benzoate. 096869
Blood flow to the uterine tube (oviduct) of the **early** *pregnant* and pseudopregnant rabbit. 096854
Peripheral plasma progesterone in the ewe: its application to the diagnosis of **early** *pregnancy* following oestrus synchronization treatment. 096926
A model of the effect of nutrition on litter size and weight in the *pregnant* **ewe** [Sheep]. 096610
Embryonic and postnatal growth of rat and mouse. IV. *Prenatal* **growth** of organs and tissues: age determination, and general growth pattern. 096144
Biochemical assessment of the nutritional status of low **income** *pregnant* women of Mexican descent. 094981
Cystine aminopeptidase (oxytocinase) activity in plasma and tissues of normal and **infected** *pregnant* cattle [with Aspergillus fumigatus]. 097223
Energy expenditure and consumption of mature, *pregnant,* and **lactating** women. 095128
Effect of hormones on lipogenesis in mammary explants taken from rabbits at different stages of *pregnancy* and **lactation.** 096587
Plasma insulin and growth hormone concentrations in pregnant sheep. I. Diurnal variations in mid and **late** *pregnancy.* 096844
Plasma insulin and growth hormone concentrations in pregnant sheep. II. Post-absorptive levels in mid and **late** *pregnancy.* 096845
Effect of nutrition education on the nutritional status of **low-income** *pregnant* women of Mexican descent. 094985
Experimental biological engineering to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS *[pregnant* **mare** serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867
Experimental biological engineering to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS *[pregnant* **mare** serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868
The *pregnant* **mouse** as a model of abortive chlamydiosis of sheep. 097279
Pregnancy and **nursing** period in the Arctic fox. 096899
Decreased dietary protein or energy intake and plasma growth hormone levels of the *pregnant* **pig,** its fetuses and developing progeny. 096713
Pregnancy and **progeny** in rats treated with prostaglandin A1. 096842
Blood flow to the uterine tube (oviduct) of the early pregnant and *pseudopregnant* **rabbit.** 096854
Effect of hormones on the activity of acetyl-coenzyme A carboxylase in explants of mammary gland from *mid-pregnant* **rabbits.** 096588
Plasma insulin and growth hormone concentrations in *pregnant* **sheep.** I. Diurnal variations in mid and late pregnancy. 096844
Plasma insulin and growth hormone concentrations in *pregnant* **sheep.** II. Post-absorptive levels in mid and late pregnancy. 096845
Nutrition services for *pregnant* **teen-agers.** 095376
Prostaglandin F2 alpha receptors in bovine corpora lutea **throughout** *pregnancy.* 096882
Studies into *prenatal* **toxic** action of parathion-methyl in Wistar rats and comparison with prenatal toxicity of cyclophosphamide and trypan blue. 097790
Changes in the weight of the adrenal glands and in the concentration of plasma corticosterone in perinatal rats after *prenatal* **treatment** with oestradiol benzoate. 096451
Plasma thyroxine concentrations in ewes and their fetuses during the last six **weeks** of *pregnancy.* 097029
Basal metabolic rate and work energy expenditure of mature, *pregnant* **women.** 095119

PREGNANE

The influence of prostaglandin F-2alpha on *pregnenolone* **metabolism** by the autotransplanted ovary of the ewe. 096966

PREMATURITY

Human milk in *premature* **infant** feeding: summary of a workshop. 095191

PRENATAL *see* PREGNANCY

PRESERVATION

Pavies, peaches [varieties] **adapted** to *preservation.* 095942
Two methods for *preserving* **agricultural** land at the urban fringe: Use-value assessment and transferable development rights. 094125
Preservation of the **apple** variety Granny Smith produced in Mediterranean climates. 095943
Action of some intervening factors in the orchard on the *preservation* of **apples** and pears in cold rooms. 095941
Experience in *preserving* **calf** health in conditions of induatrial production. 097204
Transformation of sugars and amino acids during the **chemical** *preservation* of meadow plants [Silage]. 096024
Preservation of **coarse** feed by ensilaging. 096030
Effects of temperature and time on the infectivity of **cryogenically** *preserved* samples of Anaplasma mariginal-infected erythrocytes [Calves]. 097224
Contribution to the study of the development of Iranian Dough [dairy beverage] during its *preservation.* I. **Development** of nitrogen. 095594
The forest border as a landscape component—its structure, functions, *preservation* and **development** by means of silviculture [Conservation, recreation]. 098067
Relations between quality of fruits and *preservation* **diseases.** 094842
A proposal for the use of irradiation for the *preservation* of **foods** of animal origin. 095391
The importance of and consequences of human intervention in the composition and *preservation* of the **forest,** especially in the Netherlands. 098108
Methods used for the *preservation* of the **Fungus** Collection of the Phytopathological Mycological Section of the Biological Institute of Sao Paulo. 098478
Preserving of **moist** grains by mechanical aeration. I. 095830
Preserving of **moist** grains by mechanical aeration. 2. 095831
Preserving **properties** of urea in maize silage production. 096023
A **structurally** *preserved* Corynepteris from the British Upper Carboniferous. 098586
Low **temperature** *preservation* of rabbit embryos. 096470
The fertility of deep frozen and room **temperature** *preserved* [bovine] semen in the tropics. 097080
A new determinate tomato variety [Vranya-123] for *preserving* of **unpeeled** whole fruits. 101138
Study of reproduction biology of forest herbs for the purpose of improving the chemical care of forest and *preserving* **useful** plant species. 100300
Preservation of **wood-based** panels against fungi and insects and testing its efficiency. 098228

PRESERVATIVES

Studies on the keeping quality of cut flowers. II. On the **floral** *preservative* 'Kagawa Solution' and its practical use for cut carnations. 095948
Bioassay of **residual** *preservative* protection in wood. 098219
Pressure-preservative **treatment** of poplar lumber. 098226

PRESSING

Brabender Farinograph, research extensometer, and Hilliff **chapatti** *press* as tools for standardization and objective assessment of chapatti dough [Wheat flour, India]. 095782
Study of the deformation of soils and grounds as a result of *pressing-in* **dies** [Filling and digging machinery]. 103630
Response of sugarcane to **filter** *press* mud and N, P, and K [nitrogen, phosphorus, potassium]. I. Effect on sugarcane yield and sucrose content. 103883
Response of sugarcane to **filter** *press* mud and N, P, and K [nitrogen, phosphorus, potassium] fertilizers. II. Effects on plant composition and soil chemical properties. 103884
Round ball **[hay]** *presses.* 103421
High-frequency *pressing* of phenolic-bonded hardboards. 098223
Storage studies of *pressed* **juice** from amla [Indian gooseberry] (Phyllanthus emblica). 095912
Making *pressing* **pads** [Sewing]. 095237

Influence of cell concentration, temperature, and *press* **performance** on flow characteristics and disintegration in the freeze-pressing of Saccharomyces cerevisiae with the X-press [Yeast]. 095408
Utilisation of *press* **water** from brewer's spent grains [Protein concentrates]. 095487
Press **wheels** help establish summer crops [Sorghum]. 103404
Influence of cell concentration, temperature, and press performance on flow characteristics and disintegration in the freeze-pressing of Saccharomyces cerevisiae with the *X-press* **[Yeast].** 095408

PRESSURE

An additive effect of cold exposure and hypoxia on pulmonary **artery** *pressure* in sheep. 096539
Straw disposal with *high-pressure* **balers.** 103507
High-pressure **cleaners** at the Agricultural [Machinery Exhibition] RAI 1976. 103482
Sowing grassland. The influence of sowing depth and *pressure* on the **development** of English ryegrass [Lolium perenne]. 100721
Selection *pressures* in the **domestication** of Phaseolus species. 099072
Implication of **economic** *pressures* on pasture management for beef production [Costs]. 094454
Excessive *pressure* drop through a bed of stored grain during aeration. 103339
Studies of **fluid** *pressure* relaxation mechanism of power sprayer's regulator. III. On the automatic utilization under the trial pressure regulating method. 103580
Release of water and nucleic acids from maize leaves repeatedly subjected to **high** *pressures.* 100299
High *pressure* liquid chromatography of benzimidazoles [Fungicide residues]. 102755
A *high-pressure* **liquid** chromatographic method for the resolution and quantitation of naringin and naringenin rutinoside in grapefruit juice. 095915
Determination of warfarin in animal relicta and feedingstuffs by *high-pressure* **liquid** chromatography with confirmation of identity by mass spectrometry. 096435
Fluorogenic labeling of organophosphate pesticides with dansyl chloride. Application to residue analysis by *high-pressure* **liquid** chromatography and thin-layer chromatography. 102720
Low *pressure* (hypobaric) storage of limes. 095922
Action of sympathetic nerves on inner and outer muscle of sheep carotid artery, and effect of *pressure* on **nerve** distribution. 096464
Effect of the oxygen **partial** *pressure* on the development of the embryo of Capsella bursa-pastoris cultivated in vitro. 099610
Atmospheric and *pressurized* **refining** of wood chips-laboratory scale studies [Pulps]. 098240
On the measurement of temperature and *pressure* in the **refining** zone of an open discharge refiner [Pulps]. 098253
A method of *pressure* **regulation** in solid-set sprinkler systems. 103453
Using finite elements to analyze **silo** *pressure.* 103324
Pressure **stabilization** in the sub-teat space of the milking apparatus. 103538
A *pressure* **transducer** [for soil compaction study]. 103649
Pressure-preservative **treatment** of poplar lumber. 098226
Studies of fluid pressure relaxation mechanism of power sprayer's regulator. III. On the automatic utilization under the **trial** *pressure* regulating method. 103580
Dependence of tractive indices of a caterpillar tractor from **unit** *pressure* on the soil when operating on slopes. 103611
Studies on the central **venous** *pressure* in the dog. II. Changes of central venous pressure following fluid transfusion. 1. Infusion of dextran 70 and lactated Ringer's solution to normal dogs. 096534

PRETREATMENT

14CO2 [carbon dioxide isotope] uptake and photosynthetic products of bean leaves after 0.5 or 10 **hours** *pretreatment* of plants with 100% O2 [oxygen] in light. 100618
Effects of water hardness, phosphorus concentration and **sample** *pretreatment* on the algal assay procedure—bottle test [using Selenastrum capricornutum]. 099750
Pretreatment of **vegetable** oil refinery wastewater. 104614

PREVENTION

Metabolic changes associated with the *prevention* of **chlorosis** by the application of elemental sulphur and foliar sprays of sequestrene 138-Fe [iron] in Pisum sativum L. [Peas, deficiency disease]. 101842
Prevention of **coronary** heart disease. 095181
Snow **damage** *prevention:* heat, adequate structure [Ornamental plants]. 101898
Utilization of amino acids in the ruminant. 1. The protection of amino acids with maleic anhydride to *prevent* **deamination** in the rumen [Nutritional physiology]. 096173
Selecting and treating Minnesota woods for fence posts **[Decay** *prevention].* 098211
Ronidazole in high concentrations in drinking water for treatment and *prevention* of **diarrhea** in swine dysentery. 097227
Studies on the care and storage of raw silk. 5. On the *preventive* **effect** of the outer packaging of corrugated fiberboard box on the dewfall phenomenon. 095517
Application of algal assays to define the effects of wastewater effluents upon algal growth in multiple use river systems [for the control or *prevention* of **eutrophication].** 104493
Preventing **facial** eczema by using zinc. 097757
Relationship of personnel characteristics to **fire** *prevention* effectiveness. 097947
Magnesium supplementation for the *prevention* of **grass** staggers [hypomagnesaemic tetany] in cattle. 096774
Calcium chloride for *prevention* of **horn** bud growth in calves. 097733
Prevention of **infectious** atrophic rhinitis in swine with the vaccination of sows with Bordetella bronchiseptica [Bacterial infections]. 097326
Preventive **measures** at [sugar]beet flumes. 095850
Provision of dairy cattle with magnesium after driving them to pasture. 2. *Preventive* **measures** [for the control of grass tetany]. 097859
Prevention of **mycoplasma** mastitis [Dairy cattle, antibiotics]. 097306
Vaccination of cows with an Escherichia coli bacterin for the *prevention* of **naturally** occurring diarrheal disease in their calves. 097231
Bacterial competition as a means of *preventing* **neonatal** diarrhea in pigs. 097377
Dry cow management [Feeding and the *prevention* of **problems].** 096679
Recent findings on nutritional biochemistry for *preventing* **puerperal** paresis and lying down of dairy cows. 097766
Experimental canine atherosclerosis and its pevention. The dietary induction of severe coronary, cerebral, aortic, and iliac atherosclerosis and its *prevention* by **safflower** oil. 097741
Conditions favourable for the contamination of killed healthy chickens with Salmonellae and manner of *preventing* it **[Slaughterhouses,** sanitation]. 094850
Prevention of **superparasitation** of Melandrium [album] flowers (Caryophyllaceae) by Hadena [bicruris] (Lepidoptera). 103060
Prevention of **swine** dysentery with a combination of lincomycin and spectinomycin and resistance of swine dysentery to tylosin and sodium arsanilate. 097226
Injuries from feeding feeds containing nitrates and their *prevention* **[Toxicity** to cattle]. 097857

PREWEANING *see* WEANING

PRICES

Agricultural *prices:* purchasing prices of agriculture [Statistics]. 094462
An "avoided catastrophe" perhaps, but with what future? **[Agricultural** *prices].* 094590
Consequences of floating the franc. 1. Increase of French **agricultural** *prices* by 1.4%. 2. Reestablishment of compensatory inflows. 094591
A suggestion for determining the *price* of **agricultural** intermediate products of plant origin. 094606
Influence of time of calving and alternate **base** *price* scale on milk profits. 094570
Permanent intervention, an insurance for the future **[Beef,** *prices].* 094595
Break-even *prices* show your chances of survival [Cattle]. 094600
Downwards with **cattle** *prices* in 1976? 094571
Prices and the **centralization** of net profit in agriculture. 094405
Structural and *price* **changes** in the swine industry. 094211
Fertilizer N [nitrogen]: the key to profitable corn production with **changing** *prices* and production costs. 104118
The relation of quality standard commodity value and *price* **conditions** for wheat and maize. 094551
The outlook for food supplies, **demand,** and *prices.* 094485
Impacts of **energy** *price* changes on food [processing] costs. 094386
Feed concentrates will be more **expensive** beginning 1 May [1976, *prices].* 094564
Gradual recovery in world sulphur demand—but **export** *prices* weaken. 104140
Psychic costs and **factor** *price* equalization. 094442
The **fair** *price* system in India. 095381
Estimating the structure of time lags between wholesale and **farm** *prices* for cottonseed. 094613
Cost components of **farm-retail** *price* spreads for selected foods. 094463
Prices of **fertilisers** and fertiliser raw materials. 103942
Implications of phosphate **fertilizer** *price* rises for wheat farming. 104039
Interaction of energy and **food** *prices* in less developed countries: comment. 094471
Interaction of energy and **food** *prices* in less developed countries: reply. 094472
Food *price* rises slowing in five world capitals. 094532
Payment of milk in **France** (1970-1972) *[Prices].* 094594
A model of consumer goods characteristics **[Hedonic** *prices,* quality]. 094468
Coffee outlook one of **high** *prices,* lower consumption. 094686
European Community council **hikes** 1976/77 *prices.* 094516
The role of *price* in the **improvement** of the assortment of grape wines. 094634
Field seed prices in the world market—unexpected rapid **increase** in *price.* 094626
Problems of a new international sugar agreement *[Price* **instability].** 094504
Selected [commodity] *prices* of **international** significance. 094518
Interregional *price* flexibilities: an application to the fed beef industry. 094614
Meat: range of subdued **intervention** *[Prices].* 094593
CAP [Common Agricultural Policy] survival re-emerges as key issue *[Prices,* **marketing].** 094503
Yes for plant protection, but no **matter** what *price!* 101890
What *price* **milk** in Europe: [European Economic Community]. 094490
New *price* for feed concentrates beginning 1 May [1976]. 094565
Clothing and textiles: supplied, *prices,* and **outlook** for 1975. 095234
"Over-order" *pricing* in milk marketing. 094484
The impact of the direct **peanut** *price* support program on farm income and government cost. 094785
An economic evaluation of alternative peanut **policies** *[Prices].* 094469
Economic bases for **procurement** *prices* in the farm production of the European socialist countries. 094584
Producer-processor *price* negotiations—can we have collaboration rather than conflict. 094481
Towards a reconstituted dairy industry [in New South Wales, *prices,* **production,** exports]. 094572
Agricultural prices: **purchasing** *prices* of agriculture [Statistics]. 094462
Cut output, **raise** *prices,* Australia's dairies ask. 094527
Impact of dryeration on grain elevator performance in a fluctuating energy situation [Elevator profits, energy savings, *price* **rationing,** quantity rationing]. 094375
Seemingly unrelated regression and **regional** *price* response functions: a study of U.s. apple production. 094608
An analysis of the effect of *price* on **residential** water demand: metropolitan Miami, Florida. 094441
Factors affecting the **sale** *price* of three breeds of performance tested boars. 094559
Field **seed** *prices* in the world market—unexpected rapid increase in price. 094626
Effect of seeding date and transplant age on the economic results obtained from greenhouse mid-early tomato production **[State** *prices,* production expenses, net profit and rentability rate]. 094402
Price **support** level and production costs for the 1976 flue-cured tobacco crop. 094450
A simulation analysis of alternative **target** *price* and loan rate combinations. 094439
Price **variability** in Delaware potatoes. 094492
Carnation [Dianthus caryophyllus] in Westland, Aalsmeer, and Roelofarendsveen; crop **year** 1974 *[Prices].* 094585

PRIMATES

Detection of tuberculosis in **non-human** *primates* with special reference to intradermal tuberculin testing [Mycobacteriumtuberculosis]. 097243

PRIMER *see* BOOKS

PRIMITIVE

Sensory structures on the venom apparatus of a *primitive* **ant** species [Paraponera clavata]. 102809
Alkylpyrazine alarm pheromones in *primitive* **ants** with small colonial units [Hypoponera opacior, Pomera pennsylvanica]. 102897
Volume of condensed chromatin in **developing** *primitive-line* erythrocytes of chick. 096340

PRIMULAS

The synthesis of flavonol 3-O-beta-gentiotriosides *[Primula* **sinensis].** 100538

PROBABILITY

Probability **evaluation** of the reliability of transmission chains [Stationary feeders]. 103539

PROBING

Probes of **initial** phosphorylation events in ATP [adenosine triphosphate] synthesis by [spinach] chloroplasts. 100487
Effects of salicylic acid on *probing* and **oviposition** of the rice plant- and leafhoppers [Nilaparvata lugens] (Homoptera: Delphacidae and Deltocephalidae). 102283
Interaction of **paramagnetic** *probes* with membranes of the chloroplasts of higher plants [Beans]. 100577
New herbicides [Methazole, **trademark** *PROBE].* 102212

PROBOSCIDEA

Floral biology of *Proboscidea* **louisianica** (Martyniaceae) [Oklahoma]. 099968

PROCTOTRUPOIDEA *see* SERPHOIDEA

PROFITS

High input potato growing pays **best** *[Profits].* 094393
Jayanthi [rice variety] **brings** more *profits.* 094409
Which is more *profitable,* **buffalo-rearing** or poultry farming? 094430
Fertilizer N [nitrogen]: the key to *profitable* **corn** production with changing prices and production costs. 104118
Does it pay to feed [Dairy cattle, **costs,** *profits].* 094391
Are soybean diseases **cutting** *profits?* 102033
Impact of dryeration on grain elevator performance in a fluctuating energy situation **[Elevator** *profits,* energy savings, price rationing, quantity rationing]. 094375
Genetic and phenotypic parameters for a *profit* **function** and selection method for optimizing profit in dairy cattle. 096940
Profit—making more and **keeping** more [Veterinary practice]. 097116
Profit—making more and **keeping** more [Veterinary practice]. 097117
Crop protection economics—today and tomorrow **[Losses,** *profit].* 094457

Influence of time of calving and alternate base price scale on **milk** *profits.* 094570
Effect of seeding date and transplant age on the economic results obtained from greenhouse mid-early tomato production [State prices, production expenses, **net** *profit* and rentability rate]. 094402
Prices and the centralization of **net** *profit* in agriculture. 094405
Determining the most *profitable* **nitrogen** fertilization for corn production [Production costs]. 094448
Genetic and phenotypic parameters for a profit function and selection method for **optimizing** *profit* in dairy cattle. 096940
Use of normatives in *profit* **planning** [Agriculture]. 094798
Chipping for *profit* in a **small** sawmill. 098199

PROGENY

Evaluation of boned meat production and relative milk yield on basis of Hungarian Pied **bulls'** *progeny* testing. 096860
Correlations between carcass value and subjective appraisal of carcasses of young bulls, an investigation **concerning** *progeny* tests. 095726
Decreased dietary protein or energy intake and plasma growth hormone levels of the pregnant pig, its fetuses and **developing** *progeny.* 096713
Inheritance of fruit coloring in the first **hybrid** *progeny* of some peach varieties. 099236
Inheritance of fruit size and shape in the first **hybrid** *progeny* of Jonathan, Delicious and Golden Delicious apple varieties. 099237
The stable effect of mortality in the *progeny* of **irradiated** [Saccharomyces ellipsoideus] yeast cells. 099378
Study of the effect of some factors on the percentage of 41chromosome plants in the *progeny* of **monosomic** lines of [the wheat] Chinese Spring. 099297
Fusiform rust [Cronartium fusiforme] resistance of *progeny* from **natural** Loblolly [Pinus taeda] X Shortleaf [Pinus echinata] pine hybrids. 101587
Variability of the English walnut [Juglans regia] in the *progeny* of the **parent** tree. 099434
Effect of dietary aflatoxin [produced by the fungus Aspergillus flavus] on fertility, hatchability, and *progeny* **performance** of broiler breeder hens [Aflatoxicosis]. 096642
Genetic effect of variation in size and number of groups in **pig** *progeny* testing. 096983
Pregnancy and *progeny* in **rats** treated with prostaglandin A1. 096842
A smplified method of *progeny* **testing** A.I. [Artificial insemination] bulls for milk protein. 096990
Seed productivity of the *progeny* of **triploid-diploid** crossings of winter rye. 099296

PROGESTERONE

Plasma LH [luteinizing hormone] and *progesterone* **concentrations** in the turkey hen during the ovulatory cycle. 096513
Inhibition of tonic secretion of luteinizing hormone by *progesterone* in **immature** female sheep. 096330
Calving rate of cows following insemination after a 12-day treatment with silastic coils **impregnated** with *progesterone.* 096928
Partial purification of a *progesterone-inducible* **messenger** RNA (avidin) from hen oviduct. 096331
Partial purification of a *progesterone-inducible* **messenger** RNA (avidin) from hen oviduct. 096902
Effects of prostaglandins on the ovine corpus luteum: blood flow, secretion of *progesterone* and **morphology.** 096878
Peripheral **plasma** *progesterone* in the ewe: its application to the diagnosis of early pregnancy following oestrus synchronization treatment. 096926
Plasma *progestins,* estradiol, and luteinizing hormone following prostaglandin F2 alpha injection [Dairy cattle]. 096941
Effects of estrogen and *progesterone* on **transcription,** chromatin and ovalbumin gene expression in the chick oviduct. 096875

PROGOITRIN

Progoitrin [the **main** thioglucoside of rapeseed] transformation products. I. 095839

PROGRAMMING

Report on **computer** *programming.* 3. Correlation coefficient matrix and scatter diagram [Forest management]. 097968
Report on **computer** *programming.* 4. 0-1 integer programming [Forest management]. 097969
Programming the **corn** raised freesia (Freesia X hybrida) crop. I. Heat treatments, duration of cooling treatment and irradiation during cooling treatment. 100591
The problem of forecasting and *programming* **[crop]** yields. 094247
Experience of **developing** *programming* of yields for the north-western zone of the Russian Soviet Federative Socialist Republic [Field and horticultural crops]. 100795
Ways of optimizing the conditions of the formation of winter wheat grain yield *[Programming* the **effect** of environmentalfactors]. 100206
Methods of *programming* and **evaluating** the effectiveness of soil amelioration measures. 104201
An hierarchical **goal** *programming* approach to environmental-land use management. 094150
Report on computer programming. 4. 0-1 **integer** *programming* [Forest management]. 097969
Standard formulation of **linear** *programming* matrixes as a basis for operational planning in the [agricultural] economic advisory field. 094215
Execution of the Dantzig-Wolfe's decomposition algorithm in the computer MSP 2A **[Linear** *programming].* 094646
A **linear** *programming* model and matrix generator for evaluating alternative beef-forage systems. 096798
Forecasting and *programming* **maize** yields in twice-a-season sowings [Water requirements]. 094238
Problems of *programming* **maize** yields. 094243
A **non-linear** *programming* approach to floodplain management with non-structural alternatives. 104405
Regulation of growth character and productivity of potato under the mineral **nutrition** *programming* in hydroponics. 100609
Experience of using a method of **optimal** *programming* of maize yield on irrigated fields in the area between Volga and Don in the Volgograd Region. 100797
The influence of some carbohydrate diets as adult food or group interaction during immature stages on the *programming* of **oviposition** in the spotted bollworm, Earias fabia Stoll (Lepidoptera: Noctuidae). 102354
Planned *programming:* application of a method for planning an agricultural enterprise located in the settlement of Luinga, municipality of Ambaca, district of Cuanza Norte, Angola [Beans, rice and sunflowers]. 094309
Nitrogenous and biological index of soil fertility and the *programming* of **wheat** yield. 100196
Agrometeorological aspects of the optimization of calculation schemes for *programming* a **yield** on the basis of limiting factors. 094236
Major principles of optimal [crop] **yield** *programming* [considering the effect of environmental factors]. 094239
Principles of [crop] **yield** *programming.* 094242
Experimental investigations in *programming* a **yield** of irrigated crops. 104307
Reclamation problems in [crop] **yield** *programming* [Water supply regulation]. 104312
Heterogeneity of recording weather conditions for *programming* **yields** of farm crops in various soil and climatic zones of the USSR. 094047
Controlling the crop structure in *programming* **yields** of cereals. 094237
Programming **yields** for the forest-steppe of the Lower Volga Region [Effect of environmental factors]. 094244
Prospects of using new indices of heat provision rate for *programming* **yields** of farm crops. 094245
Programming **yields** in irrigated meadow management. 104310
Programming **yields** of irrigated maize in Moldavia (relization and study on the electron model). 104311

PROGRAMS

Program and **abstracts** of papers for the second joint meeting of the American Institute of Nutrition, the American Society for Clinical Nutrition and the Nutrition Society of Canada, Michigan State University, East Lansing, Michigan, August 8-11, 1976. 095148
The Comprehensive Nutrition **Action** *Program* in Arizona. 095378
Afforestation *program* for Budapest and vicinity. 098079
Evaluation of a ghetto school **breakfast** *program.* 095375
Hybrid swine **breeding** *program* in the Leipzig district [East Germany]. 097051
Some results from implementing the 1971-1975 **breeding** *program* [Livestock, East Germany]. 097058
Bean **breeding** *program* at CENA [Centro de Energia Nuclear na Agricultura]. 099069
Selection for mixed cropping **[Breeding** *program* for pasture plants]. 099208
Use of tropical germplasm in a sorghum **breeding** *program* for both tropical and temperate areas. 099371
Irrigation management services *[Program* of **Bureau** of Reclamation in cooperation with Agricultural Research Service]. 104388
Simulation of growth and production in sheep—model 1: A **computer** *program* to estimate energy and nitrogen utilisation, body composition and empty liveweight change, day by day forsheep of any age. 096611
Applying GASP IV to agricultural systems **[Computer** *programs].* 103320
Southern pine site-index **computing** *program.* 098061
The value of assistance to land owners [Agricultural **conservation** *program].* 094770
Role of ASCS [Agricultural Stabilization and Conservation Service] in cost-sharing and renovation of windbreaks [Soil erosion **control,** *programs].* 094769
A weight **control** *program* for students using diet and behavior therapy. 095117
Weight **control** *program* for university students conducted by nutrition **seniors.** 095134
The use of traps baited with live females as a tool for improving **control** *programs* of the spiny bollworm, Earias insulana Boisd., in cotton fields. 102347
The history and development of bee disease **control** *programs* in the U.s. 103214
A dynamic regional model for evaluating resource **development** *programs* [Manitoba]. 094661
Northeast Brazil still lags behind rest of country **[Development** *programs].* 094688
Progress made in Rome toward formation of IFAD [International Fund for Agricultural **Development,** *programs].* 094689
Integrated rural **development** *programs:* a skeptical perspective. 094718
Effects of differentiated membranes on the **developmental** *program* of the cellular slime mold [Dictyostelium discoideum]. 099693
Some tasks and results of the Coordinating Center of the Council for Mutual Economic Assistance for biological bases in livestock production [Five-Year Plan, *programs,* **East** Germany]. 094792
Tasks of livestock production in fulfilling the 1976 plan *[Programs,* **East** Germany]. 094793
Paraprofessionals: critical job requirements [Kentucky Expanded Food and Nutrition **Education** *Program].* 095142
Extension **educational** *programs* on windbreaks and shelterbelts in the Great Plains States. 097908
Organization of **environmental** *programs* at the state level. 095380
Progress of the State-Federal Brucellosis **Eradication** *Program* [Cattle]. 097569
The status of the State-Federal Hog Cholera **Eradication** *Program.* 097578
The status of the State-Federal Tuberculosis **Eradication** *Program.* 097579
Guided analysis: an experiment in educational techniuc [in an **experimental** *program* at Oregon State University]. 093969
Reviewing county **extension** *programs.* 094063
Silviculture in the rural **extension** *program* [Angola]. 098134
Venezuela pushes **farm** *programs.* 094690
Florida's *program* against equine infectious anemia. 097562
Research priorities—**food** *programs:* a discussion. 094784
"Planning a **forage** *program* that works by putting it all together". 094304
Financing the **[forage]** *program.* 094431
Some trends in the economic status of animal husbandry in the USSR and foreign countries [Productive capacity, *programs,* **forecast].** 094757
Foundations for the development of an optimal **forecasting** *program* of growing alfalfa for hay under irrigation. 100799
Glenn Tussey: Public Law 480's new mentor and USDA, the role, the *program* and the **future** [Interview]. 094774
Methodology of preparing a *program* for **growing** farm crops with a complex yield structure [Winter wheat]. 094241
Prearranged herd **health** *program*—cow-calf enterprise [Beef cattle]. 097185
The St. Regis [Paper] company **history** *program* [of its management policies]. 098395
Do we need a **hybrid** *program?* [Swine]. 097039
Georgia's beef cattle **improvement** *program.* 096892
Forestry **incentives** *program:* cost sharing as an incentive for small private woodland owners. 098026
Minnesota's new water quality **management** *program* [Federal Water Pollution Control Act]. 094683
A look at cloud-seeding research [as a part of water **management** *program].* 104387
Equations and Fortran IV *program* for the 1976 **metric** version of the forest fire weather index. 097887
Food safety: fact or fiction? the need for a multi-discipline, **national** *program.* 095278
The United **Nations** *program* for the environment and agriculture. 104466
Menu planning in the **Nutrition** *Program* for the Elderly. 095322
The United States Department of Agriculture Emergency Animal Disease **Preparedness** *Program.* 097156
Experience of obtaining a yield of winter wheat according to a **preset** *program* on irrigated fields in the area between Volga and Don in the Volgagrad Region. 100796
Experience of obtaining a yield of winter wheat according to a **preset** *program* on irrigated fields in the Gorodovik District of the Kalmyk Autonomous Soviet Socialist Republic. 104306
Resource assessment and *program:* a **preview** of the forest and rangeland renewable resources planning act of 1974. 098035
Accepting the forage challenge [Intensified Livestock Feed **Production** *Program,* Kentucky]. 094762
An examination of major crop acreage response [Short-term prediction, government **production** *programs].* 094780
Nigeria's pulp mill projects demand massive **reafforestation** *programs.* 098177
Replanting coconuts in Jamaica through the Lethal Yellowing Insurance Regulations **[Rehabilitation** *program].* 094657
A reassessment of international **relief** *programs* [Sahel drought]. 094708
[Forest] research in New Zealand: a model for **research** *program* coordination. 097938
The National Arboretum Library: NAL [National Agricultural Library] support aids **research** *programs.* 098441
Federal activities [Agricultural health and **safety,** *programs].* 094703
State forest **service** *programs* on the Great Plains. 098017
Economic effects of the U.S. Food **Stamp** *Program;* calendar year 1972 and fiscal year 1974. 094659
Welfare benefits of the food **stamp** *program.* 094778
Zinc nutrition of preschool children in the Denver Head **Start** *program.* 094973
Zinc nutrition of preschool children in the Denver Head **Start** *program.* 095015
State experiment **station** *programs* [for shelterbelt research]. 097917

The impact of the direct peanut price **support** *program* on farm income and government cost. 094785
Help! my **training** *program* bombed... And it could happen to yours. 095315
The national sanitation **training** *program:* Canadian Restaurant Association's answer to safe and sanitary foodservice. 095356

PROJECTION

Projections of **acres,** yields, and production: four southern regions and the U.s. 094783
Projection of **agricultural** road profiles. 103344
Projection of **cotton** warehouse facilities for Oklahoma: a Markov process. 094617
On the *projection* of the **first** somatic sensory area to the motor cortex of the cat. 096591
Population *projection* models for South Dakota: 1980, 1985 and 1990. 094643

PROLACTIN

Studies on **pituitary** *prolactin,* 39. Reaction of the ovine hormone with hydrogen peroxide. 096250
Prolactin-releasing and **release-inhibiting** factor activities in the bovine, rat, and human pineal gland: in vitro and in vivo studies. 096332

PROLAMIN

Absence of carbohydrate in **celiac-toxic** *A-gliadin* [Wheat]. 095034
A cappelle-Desprez [wheat] *gliadin* of **high** moblity. 095822
Separation of glutenin from *gliadin* by **ultracentrifugation** [Wheat flour]. 095792
Aggregation behaviors of glutens, glutenins and *gliadins* from various **wheats.** 095757

PROLIFERATION

Embryo cell surfaces—lectin binding and **cell** *proliferation* [Chick embryo fibroblasts]. 096324
Population dynamics of arterial smooth muscle cells. V. **Cell** *proliferation* and cell death during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
A mechanism for the endocellular control of cell differentiation and **cell** *proliferation* [Plant endosperm]. 099010
An analysis of **cell** *proliferation* in the apical meristem of lateral roots of Vicia faba L. [Broad-beans]. 100087
Action of gibberellic acid on **cell** *proliferation* in the subapical shot meristem of watermelon seedlings. 100347
Demonstration of mycoplasmalike organisms in the phloem of trees with pear decline or *proliferation* **symptoms** by fluorescence microscopy? 101779

PROLINE

Selection and characterization of cultured carrot and tobacco cells resistant to lysine, methionine, and *proline* **analogs.** 099134
Role of amino acids in plant tissue response to Heterodera rostochiensis. II. Effect of *proline* and **hydroxyproline** [Potatoes, nematodes]. 101980
Studies on the nitrogen metabolism in Satsuma mandarin orange trees. IV. Movements of *proline* in the **leaves** concurrent with the sprouting of spring shoots and their early growth. 100396
Study of the effect of calcium on the *procollagen-proline-hydroxylase* **stage** of collagen metabolism [Chick enbryos]. 096262

PROMETRYNE

Application of *prometryne* in **pea** plantings. 102134

PROPAGANDA

The importance of *propaganda* of **scientific-technical** knowledge in the reconstruction of rural life. 094039

PROPAGATION

Fundamental studies on **artificial** *propagation* by seeding useful wild grasses in Japan. VI. Germination behaviors of three native species of genus Miscanthus; Miscanthus sacchar. 100960
Fundamental studies on **artificial** *propagation* by seeding useful wild grasses in Japan. VII. Field experiments on the seeding practices of Miscanthus sinensis and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these grasses by artificial seeding. 100961
Tissue culture, a new tool for *propagating* and **breeding** rape and other plants. 100777
Performance of **clonally** *propagated* cashew [Anacardium occidentale] as compared with seedling progenies. 101212
The living environment and the extension of the green covering [Trees, shrubs, *propagation* by **cuttings].** 101275
Propagating **Fuchsia** [Ornamentals]. 101166
Propagation of **Hyacinthus** orientalis by means of in vitro culture. 100568
Propagation of the **neuroid** action potential of the carnivorous plant Drosera. 100048
The living environment and **plant** *propagation.* 101274
Antitranspirants: an investment or an unnecessary expense [in *propagation* of **plants].** 101040
Rapid *propagation* of changes in velocity of translocation among the phloem pathway of Helianthus annuus L. [Sunflowers]. 100095
A test of **summer** *propagation* of various fruit tree stocks. 101250
Propagation **techniques** on the horizon [Perennial woody plants]. 098118
Vegetative *propagation* of Solanum tuberosum L. In vitro [Potatoes]. 100554
Vegetative culture—a method for rapid **vegetative** *propagation.* 101271
Is DDT [dithiothreitol] a means to improve the mutation spectrum of **vegetatively** *propagated* plants? [Achimenes]. 099193

PROPAZINE

Determination of *propazine* **[residues]** in soil by the spectrophotometric method. 102771

PROPHYLACTIC

Variation in the fluoride content of water and the *prophylaxis* of **caries.** 104271
Coccidiosis: immunity and the prospects for *prophylactic* **immunisation** [Chickens, Eimeria]. 097662

PROPYL

Effects of side chain modification on the activity of *propyl* **cyclohexaneacetate** as an attractant to the German cockroach [Blattella germanica]. 102997

PROSO

Study of the response of the *proso* **collection** to irrigation. 100120
Flowering biology of *proso* from various **ecogeographical** groups in the conditions of the Poltava Region. 100114
Results of breeding highly productive **varieties** of *proso.* 099395

PROSPECTS *see* **FORECAST**

PROSTAGLANDINS

In vitro response of ovine and bovine uterine arteries to *prostaglandin* F2 **alpha** and periarterial sympathetic nerve stimulation. 096880
Prostaglandin F2 **alpha** receptors in bovine corpora lutea throughout pregnancy. 096882
Prostaglandins in the **circulation** of the fetal lamb. 096527
Fatty acid and *prostaglandin* **composition** of left ventricular myocardium from dexamethasone-treated dogs with severe low output syndrome (LOS). 097758
A comparison of the bronchodilator activity of (plus/minus) **11-deoxy** *prostaglandin* E1 with its 15-methyl analogue, (doxaprost [Guinea pigs, cats]. 096525
Prostaglandin 1X synthesis of (plus/minus)-15-methyl-11-deoxy PGE1 *[prostaglandin* E1] **(doxaprost)** a potent bronchodilator and its C-15-epimer [Guinea pigs]. 096526
Endogenous *prostaglandins* and mechanical tension in canine trachealis muscle. 096180
Reproductive physiological responses of cattle to **exogenous** *prostaglandin* F2 alpha. 096942
The relase of *prostaglandin* **F2alpha** as reflected by 15-keto-13,14-dihydroprostaglandin F2alpha in the peripheral circulation during normal luteolysis in heifers. 096528
Dynamic studies of *prostaglandin* **F-2alpha** in the utero-ovarian circulation of the sheep. 096953
The influence of *prostaglandin* **F-2alpha** on pregnenolone metabolism by the autotransplanted ovary of the ewe. 096966
Effect of *prostaglandin* **F2alpha** on anestrous cows with persistent corpus luteum. 096973
Temporal changesin circulating steroids during *prostaglandin* **F2alpha** induced abortion in the rat and rabbit. 097018
Treatment of bovine pyometra with *prostaglandin* **F2alpha:** anevaluation of a field study [Dairy cows]. 097632
Plasma progestins, estradiol, and luteinizing hormone **following** *prostaglandin* F2 alpha injection [Dairy cattle]. 096941
Dietary essential fatty acids, *prostaglandin* **formation** and platelet aggregation. 095171
Concentrations and activities of *prostaglandins* of the **F-series** in bovine tissue, blood, and milk. 096443
Prostaglandin-mediated **inhibition** of noradrenaline release: its resistance to variations in rate or prostaglandin synthesis [Rabbits]. 096165
Mechanical and metabolic effects of beta-receptor stimulators, the C-terminal octapeptide of cholecystokinin, and *prostaglandin* E2 on the **isolated,** depolarized sphincter of Oddi [Cats]. 096160
Effects of *prostaglandins* on the **ovine** corpus luteum: blood flow, secretion of progesterone and morphology. 096878
Antagonism by antipyretics of the hyperthermic effect of a *prostaglandin* **precursor,** sodium arachidonate, in the cat. 096465
Pregnancy and progeny in rats treated with *prostaglandin* A1. 096842
Prostaglandin-mediated inhibition of noradrenaline release: its resistance to variations in rate or *prostaglandin* **synthesis** [Rabbits]. 096165
Prostaglandin 1X **synthesis** of (plus/minus)-15-methyl-11-deoxy PGE1 [prostaglandin E1] (doxaprost) a potent bronchodilator and its C-15-epimer [Guinea pigs]. 096526
The synchronization of oestrus and subsequent fertility in ewes following treatment with a **synthetic** *prostaglandin* analogue (ONO 453). 097019

PROSTATE

Non-specific granulomas of the *[prostate]* **gland** of the bull. 097714
Dieldrin and parathion interaction in the *prostate* and **liver** of the mouse. 097821

PROTEA

The identity of *Protea* **magnifica** Link. 098642

PROTEACEAE

Mineral nutrition of *Macadamia* **[intergrifolia].** I. External and internal nitrogen and sulphur requirements of seedlings. 100687
There's more to macadamias *[Macadamia* **ternifolia,** nuts] than the munch. 101027

PROTEASES

Action of Scytalidium lignicolum **acid** *proteases* on insulin B-chain [Fungi]. 099464
Protease **activity** in female Ornithodoros tholozani ticks. 102782
A **catheptic** *protease* active in ultimate pH [hydrogen-ion concentration] of [rabbit] muscle. 096171
Partial characterization of a *protease* **inhibitor** which inhibits the major endopeptidase present in the cotyledons of mung beans. 100548
A Ca2+ [calcium **ion]-activated** *protease* possibly involved in myofibrillar protein turnover: Subcellular localization of the protease in porcine skeletal muscle. 096432
Neutral *protease* activity of Rous sarcoma (RSV) transformed chick embryo fibroblasts. 097394
A Ca2+ [calcium ion]-activated protease possibly involved in myofibrillar protein turnover: Subcellular localization of the *protease* in **porcine** skeletal muscle. 096432
Analysis of protein bodies isolated from Lablab purpureus (L.) Sweet: Intracellular localisation of globulins, *proteases* and **trypsin** inhibitors. 099952

PROTECTION

Gibberellic **acid** *protection* against EMS [ethyl methane sulphonate] and MMS [methyl methane sulphonate] induced damage to chromosomes in Pisum sativum L. [Peas, mutation]. 099158
Utilization of amino acids in the ruminant. 1. The *protection* of **amino** acids with maleic anhydride to prevent deamination in the rumen [Nutritional physiology]. 096173
Coccidiosis; effects of high environmental temperatures on **anticoccidial** *protection* [Chickens, Eimeria acervulina]. 097477
Kakhovka experimental wave suppressor system [River **bank** *protection].* 104206
Protecting **beer** quality by distributor cold storage. 095414
The grounding of the selection of construction materials in designing machines for **chemical** *protection* of plants. 103589
The methodology of evaluating criterial parameters of the fluid jet from the monitor in **chemical** *protection* of generative organs of coniferous trees. 103590
Cyanide intoxication: *protection* with **chlorpromazine** [Mice]. 097861
Electric heating—a reliable method of *protecting* **citrus** trees from frosts. 102035
Animal care, plant care, and food care—for **consumer** *protection* [U.s. Animal and Plant Health Inspection Service]. 094811
Protect [1,8-naphthalic anhydride, to *protect* the **corn** plant from herbicidal injury, residue analysis]. 101839
Crop *protection* economics—today and tomorrow [Losses, profit]. 094457
Problems raised by **crop** *protection* of cereals. 101888
Sexual trapping, a new method of **crop** *protection* [Insect pest control]. 102249
Study of the preemergence cultivation of sugarbeets with small protection zones [without *protective* **disks].** 103632
Protection of **Drosophila** spermatogonia from radiation-induced mutations. 102955
Protective **effect** of forest shelterbelts in southern Ukraine in years of severe winters. 097898
Loss of acrosin from bovine spermatozoa following cold shock: *protective* **effects** of seminal plasma. 096895
Application of inorganic fertilizers: quality of yield and **environment** *protection.* 104046
Primary directions in solving problems of *protecting* the **environment.** 104490
Economic aspects of the **environment** *[Protection].* 104630
Environmental *Protection* Agency as an adversary to agriculture [Pesticide regulations]. 102764
Definition of dietary fiber and hypotheses that it is a *protective* **factor** in certain diseases. 094983
How to proceed in the *protection* of **farm** land [Soil conservation, land utilization]. 094165
State control over the *protection* of **farm** plants. 094731
Creation of *[protective]* **forest** plantings in the steppe zone of the Ukrainian SSR. 097892
Law prescriptions in the *protection* of the **forest.** 098006
More important problems of [Polish] **forest** *protection* in last 30 years. 101854
The utilization of attracting traps for the *protection* of **forest** stands from a curculionid pest of pine trees. 102516
Studies on the *protective* **frame** for agricultural tractors. Large type tractors in Hokkaido. 103466
Protecting the **freezing** of citrus fruits with packaging materials during transportation and distribution in a cold district. 095930
Overhead sprinklers considerations other than **frost** *protection.* 103407
Protection of a **fruit** orchard from pests and diseases in the autumn-winter period. 101940
Copper in the *protection* of **grapevine** [Fungus diseases, control]. 101482
Protect **hogs** from external [insect] parasites. 102577

Protection of **honey** bees from pesticides [Residues]. 103245
Method of *protecting* **honeybee** colonies from bears. 103303
Integrated *protection* of fruit orchards from pests [in Moldavia]. 102419
Calcium **ions** *protect* beet root cell membranes against thermally induced changes. 100524
Windbreaks for **livestock** *protection* in the central Great Plains. 097921
Windbreaks for **livestock** *protection* in the southern Great Plains. 097922
Estimation of chemical methods applied in the *protection* of **medicinal** plants [from fungus diseases, insect pests and weeds]. 101851
Protect [**1,8-naphthalic** anhydride, to protect the corn plant from herbicidal injury, residue analysis]. 101839
Why and how to *protect* the **natural** environment. 104477
The point of view of the Geneva Association for the *Protection* of **Nature** on the safekeeping of the flora and natural environments around Geneva. 104633
The service of industrial toxicology in analyzing the air and **noise** *protection*. 104634
The *protection* [from **pests**] of larch cones and seeds on seed stand plots in the North-West [of the USSR]. 098142
Protection of Great **Plains** shelterbelts from insects. 102503
Plant *protection* in strawberry cultures [Fungus diseases]. 101424
EPPO [European and Mediterranean **Plant** *Protection* Organization] recommendations on fumigation standards. 101871
The General Union of French Agricultural Cooperatives and its **plant** *protection* activity. 101889
Yes for **plant** *protection*, but no matter what price! 101890
Research results from the Horticultural **Plant** *Protection* Committee [Fruit]. 101901
The sparrow-mass trap in practical use [**Plant** *protection*]. 101906
Plant *protection* during cabbage growth. 101945
Assessment & evaluation of **plant** *protection* progress. 5. Important pests of major crops, their status and distribution [India]. 102001
Evaluation of farm management investigations lasting four years on **plant** *protecting* measures of farms and commercial gardens in Baden-Wurttemberg. 102063
Regional and local forcasting in **plant** *protection*. 102065
Immunity of plants to insect pests and problems of the strategy and tactics of **plant** *protection*. 102269
Plant *protection* product market. 102682
Costs of horticultural and **plant** *protection* products. 102691
The development of Polish and foreign machinery for **plant** *protection* treatments. 103415
Growth of locust [Robinia pseudoacacia], elm [Ulmus] and poplar [Populus] in *protective* **plantings** along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896
Protective **plantings** [of hedges] in the cultivated landscape. 100910
The *protection* of **[Polish]** orchards during last 30 years and future prospects. 101859
Sanitation: a **practical** *protection* against Dutch elm disease in Fredericton, New Brunswick [Ceratocystis ulmi, Ulmus americana, Scolytus multistriatus and Hylurgopinus rufipes as insect vectors]. 101562
Bioassay of residual **preservative** *protection* in wood. 098219
Demarcation of **reserve** *protection* areas. Methodology at thelot level. 104476
Chemical and enzymatic degradation of the cell walls of Helminthosporium spiciferum [Fungi]. The *protective* **role** of pigments. 099628
Phytoalexins and their *protective* **role** in the resistance of plants to pathogenic fungi. 101463
The use of annual wind barriers [corn rows in a soybean field] for *protecting* **row-crops.** 100941
Study of the preemergence cultivation of sugarbeets with **small** *protection* zones [without protective disks]. 103632
Local and **state** *protective* legislation for beer. 094675
The problems connected with **sugarbeet** *protection* [in Poland] in the past and in the future. 101858
Temporary **surface** *protection* of agricultural machines. 103508
Using chemicals to *protect* **Utah's** [honey] bees. 103289
Achievements in the *protection* of **vegetables** in Poland. 101850
Protection of **water** purity by legislation. 104265
Requirements of environmental and **water** *protection* with the use of liquid manure in crop production [Pollution, East Germany]. 104485
Protection of **windbreaks** from [tree] diseases. 102024

PROTEINASES

Production and some enzymatic properties of **alkaline** *proteinase* of Candida lipolytica [Yeasts]. 099468
Inactivation of yeast enzymes by *proteinase* A and B and **carboxypeptidase** from yeast [Saccharomyces cerevisiae]. 099740
Milk proteinases. VII. Fractionation of components of the *proteinase* **inhibitor** in milk. 095622
Studies on the *proteinase-A* **inhibitor** I A/3 from yeast [Saccharomyces cerevisiae]. 099742
Specificity of five **intracellular** *proteinases* of Neurosporacrassa [Fungi]. 099721
Milk *proteinases*. VII. Fractionation of components of the proteinase inhibitor in milk. 095622
Purification and characterization of a *proteinase* from **pineapple** fruit, fruit bromelain FA2. 095923

PROTEINS

Alterations of *protein* **amino** acid composition of pine wood (Pinus sylvestris L.) during formation process. 100631
Protein- and **amino-acid** concentration by newborn rats under defective nutrition. 095231
Non-protein **amino-acids,** cyanogenic glycosides, and glucosinolates [Constituents of higher plants]. 099562
Release of vitamin **B12-binding** *protein* from isolated rat liver perfused with a synthetic medium. 096166
Energetics of ligand **binding** to *proteins*. 096169
The effect of estrogen on calcium **binding** *protein* activity in odontogenic epithelium of the rat. 096386
Vitamin D-dependent calcium **binding** *protein* of rat renal cortex. 096392
Comparison of **binding** *proteins* of glucocorticoids in mammary tissue and in blood sera from lactating cows. 096442
The influence of DNA **binding** *protein* on the substrate affinities of DNA polymerase from Ustilago maydis [Fungi]: one polymerase implicated in both DNA replication and repair. 099345
Partial purification of methionine **binding** *protein* from Aspergillus nidulans [Fungi] by affinity chromatography. 099547
Protein **biosynthesis** in dormant and post-ripened embryos and seeds of Agrostemma githago. 099915
Comparative characteristics of the electrophoretic spectrum of *protein* of **blood** serum in heterosis of poultry hybrids. 096555
Analysis of *protein* **bodies** isolated from Lablab purpureus (L.) Sweet: Intracellular localisation of globulins, proteases and trypsin inhibitors. 099952
Protein **body** formation in cotyledons of developing cowpea (Vigna unguiculata) seeds. 100094
The surface nature of *proteins* of a **bovine** enterovirus, before and after neutralization. 097410
Protein synthesis with special reference to S-100 *protein* in **brain** slices from rats receiving a restrited protein supply. 096606
Rice **bran** *protein* concentrates obtained by wet alkaline extraction. 095791
Protein methods for cereal breeders as related to human nutritional requirements (PAG guideline No. 16, cereal **breeders'** *protein* methods). 094949
Some biochemical and immunological properties of *proteins* of **bull** and ram seminal plasma, and possibilities of their practical utilization in animal reproduction. 097082
Protein and **calorie** malnutrition among preschool Navajo Indian children, a follow-up. 095001
Antinutritive factors contained in the seeds of broadbeans (Vicia faba). V. Influence on the *protein* **catabolism** of broilers [Nutrition]. 096785
Complexation of phytate with *proteins* and **cations** in corn germ and oilseed meals. 095808
Production of single **cell** *protein* from agricultural and food processing wastes [to produce microbial protein suitable for animal feeds]. 096020
Problems and potential associated with the production of *protein* from **cellulosic** wastes [to produce food and energy products through fermentation]. 095490
Basic structure and possible changes of [vegetable] *proteins* as **chemical** entities. 095518
Carbonyl-amine reactions in *protein* **chemistry.** 095392
Change of the compound of **chloroplast** *proteins* and aminotransferase activity in plants with different fixation type of carbon dioxide depending on nitrogen supply. 100036
Occurrence of short particles in beans infected with the cowpea strain of TMV [tobacco mosaic virus]. II. Evidence that short particles contain the **cistron** for *coal-protein*. 101815
Phenotype correlations of *protein* **components** in wheat and rye seeds. 100174
The *protein* **composition** of bovine myelin-free axons. 096254
Utilisation of press water from brewer's spent grains *[Protein* **concentrates].** 095487
Protein **content** and amino acid composition of barleys from the world collection. 095789
Use of the dye binding method for determination of *protein* **content** in grassland crops [Lolium, clover]. 095844
The nitrate and *protein* **content** of lettuce (Lactuca sativa var. capitata (Butterhead salat) grown under different conditions. 095950
Changes in the *protein* **content** of corn roots at low above-freezing temperatures. 100241
Frequency of control plots in screening nurseries for *protein* **content** [Wheat, barley, planting distance]. 100769
Evaluation of indigenous and exotic varieties of sesame (Sesamum indicum L.) for oil and *protein* **content.** 100990
Effect of nitrogen, phosphorus and potassium on yields, *protein* **contents** and nutrient levels in soybeans, field peas and fababeans. 103925
Protein **conversion** in swine. 096790
Studies on the appearance of a hepatic **copper-binding** *protein* in normal and zinc-deficient rats. 095026
Connection of 2,4-D with *proteins* of **corn** leaves. 100311
An improved manual method for the determination of the cystine plus cysteine content of *proteins* **[Dairy** products]. 095613
Growth and nitrogen retention of children consuming all of the **day's** *protein* intake in one meal. 094991
The lability of aldimine crosslinks on dissolution of chicken bone collagen by *protein* **denaturants.** 096390
Protein **determination** in yeast [Candida tropicalis]. 095401
Isoenzymes of alkaline phosphatase: reference values in young people and effects of *protein* **diet.** 095059
Metabolism of serine in growing rats and chicks at various **dietary** *protein* levels. 096607
The effect of **dietary** *protein* concentration on the growth of kids. 096666
Decreased **dietary** *protein* or energy intake and plasma growth hormone levels of the pregnant pig, its fetuses and developing progeny. 096713
Fattening Large White pigs at raised **dietary** *protein* level. 096829
The effect of technological process and of "pancreatin" addition on *proteins* of **egg** white powder. 095751
The isolation of a new, low-potential, iron-containing **electron-transfer** *protein* from rumen bacteria. 096228
Protein and **energy** yield in poultry production [Feeding]. 096673
Plasma adrenocorticosteroid levels in *protein* and **energy** restricted pigs. 096717
Erythrophillc *proteins* of bovine plasma. 096344
Levels of *protein* and **essential** amino acids in Rhizoctonia solani Kuhn grown on wood pulp. 099955
Effects of age and season on yield of crude and **extractable** *proteins* from some edible plants [Vegetables]. 100409
Chemotaxonomy of the Papillionaceae. I. Quantative study of 33 species. Dry weight and nitrogen percentage of different *protein* **families.** 098704
Removal of *protein* and **fat** from meat slaughtering and packing wastes using lignosulfonic acid. 095702
A role for biotin in fatty liver and kidney syndrome in chicks [caused by rations which are simultaneously low in biotin, *protein* and **fat].** 096740
Inheritance of *protein* **features** in the grain of interspecific wheat hybrids. 099253
Immunoreactive growth hormone levels in pigs **fed** *protein* or energy restricted diets during the postweaning period. 096715
Repletion studies on liver protein, glycogen content and liver enzymes by **feeding** *protein* isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal albino rats. 095098
Some physicochemical and nutritional properties of castorbeans (Ricinus communis) *protein* **[Feeding** tests with weanling rats]. 095116
Effects of **feeding** *protein*, recovered from industrial waste water ("Alwa-protein"), to growing pigs. 096602
Factors affecting *protein* and **fibre** content in sunflower grits and possibilities of producing grits of low fibre content. 096052
Lung lymph and free interstitial **fluid** *protein* composition in sheep with edema. 097682
Experimental and theoretical aspcts of *protein* **folding.** 096170
Amino acids, peptides, and *proteins* [in **foods**]. 095496
Postpartum changes in *protein* **fractions** in sow colostrum and neonatal piglet's blood serum. 096278
Wheat albumin and **globulin** *proteins:* purothionin levels of stored flour. 095825
Factors influencing the utilization of high-grain urea diets by ruminants. II. Effect of *protein* **[Goats].** 096663
Differentiation of the first genomes from polyploid wheat species according to the data of the immunochemical analysis of the alcoholic fraction of **grain** *protein*. 099082
Development of a seedling screening test for predicting relative **grain** *protein* content in oats. 099175
Composition and biological value of **grain** *proteins* in a three-species Triticale (2n=42) and in its parental forms. 099248
Dependence of barley yield and the fractional composition of **grain** *proteins* from fetilizers and meteorological conditions. 100225
Studies on the *proteins* of **green** gram [Mung beans]. 100460
Studies on **groundnut** *proteins*. V. Physico-chemical properties of arachin prepared by different methods. 095760
A note on the effect of heat on the solubility and in vitro breakdown of **groundnut-cake** *proteins* [Ruminant rations]. 096010
Some metabolic disorders affecting the carotenoid-linked **haemolymph** *proteins* in Rhynchosciara americana (Diptera, Sciaridae). 102935
The development of a **high** *protein* isolate from selected [corn and wheat] distillers by-products. 095833
Possiblities of saving **high** *protein* concentrates in sow feeding. 096810
Characterisation of induced **high** *protein* and high lysine mutants in barley. 099335
Electrophoretic spectra of zein and the fractional composition of *protein* in **high-lysine** maize mutants. 100126
Phosphorylation and protein kinase activities of chromosomal non **histone** *proteins* from chick embryo fibroblasts. 096260
A method using aminoacylation of transfer ribonucleic acid (tRNA) from wheat embryo and isotope dilution for screening of genotypes with **improved** *protein* content and quality. 099307

Use of chemical mutagenesis for the production of millet forms with an **increased** *protein* content. 099407
Ecdysterone **induced** *proteins* in in vitro cultured sensitive clones of Drosophila melanogaster. 102841
MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methyl propionamide] action: degradative effects on polyribosomes from wheat roots and the inhibition of *protein* **initiation.** 100220
Conditions affecting production of a *protein* **isolate** from lupin seed kernels. 095824
Phosphorylation and *protein* **kinase** activities of chromosomal non histone proteins from chick embryo fibroblasts. 096260
Investigations of fishery byproducts utilization: ruminant feeding and fly **larva** *protein* production. 096741
Alteration of the quantity and quality of *proteins* in the **leaves** of winter wheat infected with the pathogen of brown leaf rust [Puccinia triticina]. 101611
Ground, pelleted and chopped barley straw and *protein* **levels** in the diet of wintering beef cows. 096634
Genetic analysis of hexaploid wheat, Triticum aestivum using intervarietal chromosome substitution **lines**—*protein* content and grain weight. 099182
Repletion studies on **liver** *protein*, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal albino rats. 095098
Amino acid supplementation of **low** *protein* turkey starting rations. 096748
A study of consumer attitudes about *protein* and **lysine** enriched breads. 094835
Modified milling procedure for separating endosperm and nonendosperm portions of the wheat kernel for *protein* and **lysine** analysis. 095758
Enteric resorption of **macromolecular** *proteins* by animals and man. 096827
Lymphocyte number and function in *protein* **malnutrition.** 095175
Changes in free amino acids, carbohydrates, and *proteins* of **maturing** seeds from various peanut (Arachis hypogaea L.) cultivars. 095783
Participation of *proteins* in **melanoidin-formation** reactions during the baking of bread. 095763
Protein **metabolism** in preimplanted mouse ova. 096900
Amino acid metabolism in the piglet: influence of level of *protein* and of **methionine** in the diet on tissue uptake and in vivo oxidation. 096267
Protein, **methionine,** lysine and a fermentation residue as variables in diets of young turkeys. 096760
Protein **methods** for cereal breeders as related to human nutritional requirements (PAG guideline No. 16, cereal breeders' protein methods). 094949
Production of single cell protein from agricultural and food processing wastes [to produce **microbial** *protein* suitable for animal feeds]. 096020
Synthesis of ruminal **microbial** *protein* and volatile fatty acid production in vitro. 096446
Milk *protein* quantity and quality in low-birthweight infants = 1. Metabolic responses and effects on growth. 095193
Differential thermal analysis of **milk** *proteins*. 095547
On the occurrence of isopeptide bonds in heat **milk** *protein*. 095665
Relationship between thermal treatments of milk and molecular hysteresis of the **milk** *protein* system. 095666
A smplified method of progeny testing A.I. [Artificial insemination] bulls for **milk** *protein*. 096990
Enzymic nature of the *protein* **moiety** of protochlorophyllide holochrome [Barley, kidney beans]. 099945
Isolation of stimulatory modulator of guanosine **3':5'-monophosphate-dependent** *protein* kinase from mammalian heart devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Guanosine **3':5'-monophosphate-dependent** *protein* kinase from silkworm [Bombyx mori], properties of a catalytic fragment obtained by limited proteolysis. 103246
Control of **muscle** *protein* degradation and its role in accumulation of muscle mass [Meats]. 095708
A Ca2+ [calcium ion]-activated protease possibly involved in **myofibrillar** *protein* turnover: Subcellular localization of the protease in porcine skeletal muscle. 096432
Protein **needs** and possible modifications of the American diet. 095133
Protein and *non-protein* **nitrogen** fractions of some Egyptianmilks. I. Protein nitrogen fractions. 095549
Protein and *non-protein* **nitrogen** fractions of some Egyptianmilks. II. Non-protein nitrogen fractions. 095550
Influence of carbohydrate solubility on *non-protein* **nitrogen** utilization in the ruminant. 096699
Aftereffect of defoliants on the content of total and *protein* **nitrogen** in cotton leaves during the initial phases of development. 100327
Protein and **non-protein** nitrogen fractions of some Egyptianmilks. I. Protein nitrogen fractions. 095549
Protein and **non-protein** nitrogen fractions of some Egyptianmilks. II. Non-protein nitrogen fractions. 095550
Sulphur-nitrogen interaction effects on the yield and composition of the *protein-N*, **non-protein-N** and soluble carbohydrates in perennial ryegrass [Lolium perenne]. 104041
What can *protein* do for you? **[Nutrition].** 095113
L-lysine an important amino acid in *protein* **nutrition** of poultry. 096744
Evaluation of *protein* and **nutritive** fiber content of cultivated Russian-thistle [Salsola weed used as forage]. 095991
Alteration in the composition of *proteins* in **onions** (Alliumcepa L.) as a result of infection with Peronospora destructor [Downy mildew]. 101339
Optimum *protein* level in calf starter rations. 096646
Transport of amides of dicarboxylic amino acids from the roots to the leaves and renewal of *proteins* in different **organs** of corn seedlings. 100319
A possible role of *hydroxyproline-protein* in **oxygen-sensitive** growth [Oats]. 100270
Modifications of the *protein* **part** of milk in sterilization by friction. 095596
Protein **patterns** of developing mitochondria at the onset of germination in maize (Zea mays L.). 100183
The place of Pisum formosum (Stev.) Alef. In the tribe Vicieae Bronn according to the data of the immunochemical analysis of *proteins* **[Peas].** 098521
The distribution of the *protein* **phaseolin** in the intact plant and cultured tissues of Phaseolus vulgaris L. [Kidney beans]. 100516
The changing climate for **plant** *protein* foods: 1965-1976. 095358
Electrophoretic characterization of *proteins* in the **plasma** membrane of porcine spermatozoa. 096956
Pollen-wall *proteins:* quantitative cytochemistry of the origins of intine and exine enzymes in Brassica oleracea [acephala, marrow-stem kale]. 100488
Electrophoretic and serological characterization of Porthetria dispar **polyhedron** *protein* [Forest pests, biological control]. 102496
Ultrastructural changes in the rat neurohypophysis after a **prolonged** *protein-free* diet. 095069
Evaluation of *protein* **quality** of mixtures based on sunflower meal through rat assays. I. Growth studies. 095095
Alfalfa , a contribution to food sypply in the Andes. 2. *Protein* **quality** of Lupinus mutabilis compared to Lupinus albus, Lupinus luteus and soybeans. 095227
Protein **quality** improvement in maize [Varieties, breeding]. 099368
About an accelerated determination of *protein* **quality** in [maize] seeds [for breeding]. 100121
High-protein **radiomutant** forms of spring barley. 099293
Rheological, chemical and microstructural studies of **rapeseed** *protein* dispersions. 095778
Effect of using rations differing in C/P *[calorie/protein]* **ratio** and protein source on the performance of Baladi White chicks. 096619
Immunochemistry of serum albumin. II. Isolation and characterization of a fragment from the first third of bovine serum albumin carrying almost all the antigenic **reactivity** of the *protein*. 097337
A modified method for determining available lysine in *protein* **recovered** from heat treated potato juice. 095866
Influence of *protein* **restriction** [diets] on immune response to alloantigens and homograft rejection. 095174
Protein synthesis with special reference to S-100 protein in brain slices from rats receiving a **restrited** *protein* supply. 096606
Molecular events of the cell cycle: a preparation for division [DNA, **RNA,** *proteins].* 099752
Cost efficiency of foods for **satisfying** *protein* needs. 095170
Uterine **secretion-like** *proteins* in the seminal plasma of the rabbit. 096971
A non-penetrating thiol reagent mimics cytochalasin A inhibition of **secretory** *protein* synthesis [Achlya ambisexualis, Myxomycetes]. 099523
The **seed** *protein* contents of some Cruciferae. 095804
Chemotaxonomy: critical analysis of the use of biochemical features from **seed** *proteins*. Example of variability from technical origin given by a kinetic study of the dialysis. 098703
Heat stability of forewarmed milks: influence of kappa-casein, **serum** *proteins* and divalent cations. 095583
Analysis of data of laboratory tests on dairy cows before and after parturition. II. **Serum** *protein* fractions. 096458
Electrophoresis of **serum** *proteins* in the normal rabbit. 096532
Blood groups and **serum** *protein* polymorphisms in the PitmanMoore and Ohmini strains of miniature pigs [Genetics]. 096857
Revealing immunochemically **similar** *protein* components of the causal agent of potato blight [Phytophthora infestans] andits host-plant by using monospecific sera. 101466
Single-cell *protein* and New Zealand [Human and animal nutrition]. 095076
Production of **single-cell** *protein* for animal feed from lignocellulose wastes. 096065
Readily **soluble** *proteins* and peroxidase of the heterotic hybrids, sterile and fertile analogs of onions. 099101
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on polyacrylamide gel of **soluble** *protein* and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497
Soluble *proteins* of Dieffenbachia [picta]. 100555
Sulphur-nitrogen interaction effects on the yield and composition of the protein-N, *non-protein-N* and **soluble** carbohydrates in perennial ryegrass [Lolium perenne]. 104041
Bacillus megaterium as a possible **source** of *protein*. 095166
Effect of using rations differing in C/P [calorie/protein] ratio and *protein* **source** on the performance of Baladi White chicks. 096619
Natural protoplast Dunaliella [Algae] as a **source** *protein*. 099515
Specification of the impact of socioeconomic factors on consumption of the animal and vegetable **sources** of *protein*. 094112
Utilization of **soy** *protein* in the European Community [Trade]. 094508
Bioavailability of zinc in milk and **soy** *protein-based* infant formulas. 095146
Enterocolitis in low-birth-weight infants associated with milk and **soy** *protein* intolerance. 095157
Functional properties of succinylated and acetylated **soy** *protein*. 095810
Solubility profile, intrinsic viscosity, and optical rotation studies of acid precipitated **soy** *protein* and of commercial soy isolate. 095811
Heat **steals** *protein* from silage. 096000
Molecular biology of **structural** *protein* in plant viruses. 101756
Mass spectrometric sequencing of *proteins*. The **structure** ofsubunit I of monellin [Dioscoreophyllum comminsii]. 095883
Phenol compounds from **sunflower** *protein* isolates. 095764
Electrohydraulic processing of chlorella for increasing its digestability *[Protein-vitamin* **supplement** for farm animals and poultry]. 096035
High urea premix as *protein* **supplement** for ruminants [Goats, cows]. 096664
Soybean meal and urea compared as *protein* **supplements** in high-concentrate ration of milking cows and growing goats. 096665
Location of the source of the soluble skin **surface** *proteins* of cattle by immunofluorescence. 096541
The complete amino acid sequences of both subunits of the **sweet** *protein* monellin [Dioscoreophyllum cuminsii]. 099743
Influence of different levels of selenium on *protein* **synthese** by rumen microbes in vitro [Cattle, buffaloes]. 096482
Protein **synthesis** in zinc deficient rats during tularemia. 095149
Protein **synthesis** with special reference to S-100 protein in brain slices from rats receiving a restrited protein supply. 096606
Alterations in RNA and *protein* **synthesis** associated with steroid hormone-induced sexual morphogenesis in the water mold Achlya [Ambisexualis]. 099692
DNA, RNA and *protein* **synthesis** during germination of spores in the cellular slime mold Dictyostelium discoideum. 099706
Water stress and *protein* **synthesis.** IV. Responses of a drought-tolerant plant [Tortula ruralis]. 099836
Delayed senescence in [Festuca pratensis] leaves treated with the *protein* **synthesis** inhibitor MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methylpropionamide]. 100282
Development of rust fungi [Puccinia coronata] in oat leavestreated with blasticidin S, a *protein* **synthesis** inhibitor. 101634
Protein **synthesis** following infection of the blue-green alga Plectonema boryanum with the temperate virus SPI and its ts mutants. 101816
Resistance to yellow-berry in Triticum durum [wheat] varieties, as related to *protein* **synthesis** and leaf nitrate reductase activity. 101903
Radioautographic study of *protein* **synthesis** during early embryogenesis of Leptinotarsa decemlineata Say (Coleoptera). 102852
Effect of antibacterial inhibitors on *protein* **synthesis** in isolated flight muscle mitochondria of the blowfly Lucilia cuprina: phylogenetic implications. 102942
Some characteristics of new **tissue-binding** *proteins* for metabolites of vitamin D other than 1,25-dihydroxybitamin D [Chicks]. 095023
On the mechanism of pyrogenic action of ricin [the **toxic** *protein* of castor oil seeds]. 099711
Estimation of tryptophyl and tyrosyl exposure in **tryptophanrich** *proteins* by ultraviolet difference spectrophotometry. [Hen] lysozyme and [bovine] chymotrypsinogen. 096419
Isolation of **two** *protein* factors from maize involved in poly U-dependent polyphenylalanine synthesis by maize ribosomes. 100288
Deoxyribonucleic acid, ribonucleic acid, *protein* and **uncombined** amino acid content of legume seeds during embryogeny. 100090
Characterization of a temperature-sensitive mutant of Saccharomyces cerevisiae [yeasts] that undergoes **uncontrolled** *protein* synthesis. 099627
Color binding method. Concerning an analytical method suitable for measuring the *protein* **value** of feeds. 096822
Vegetable *proteins* in foods. Regulatory aspects. 094916
The future of textured **vegetable** *protein* (TVP) production in Guyana: agricultural and nutritional considerations. 095030
Baked foods fortified with **vegetable** *protein*. 095402
Hydrolysed **vegetable** *proteins*—their flavour characteristics and applications in meat and meat analogs. 095576
Inhibition of avian sarcoma virus replication by glucosamine: a specific effect on the synthesis and processing of **viral** *proteins* [Chicken fibroblasts]. 097670
Early synthesis of Semliki forest **virus-specific** *proteins* in infected chicken cells. 097424
Effects of feeding protein, recovered from industrial waste **water** *("Alwa-protein")*, to growing pigs. 096602
Wheat *proteins*. 095756

Influence of irrigation and application of nitrogenous fertilizers on the composition and certain properties of **wheat** *proteins.* 100103
Synthesis and degradation of *proteins* during **wheat** endosperm development. 100269
Alkaline solubilization of heat-precipitated cheese **whey** *protein.* 095561
The quantitative measurement of **whey** *proteins* using polyacrylamide-gel electrophoresis. 095588
Polarographic determination of the **whey** *protein* percentage in milk powders. 095623
Avidin [Egg **white** *protein].* 095727
Treatment of Toprina [dried **yeast** *protein]* with rRNA and ribonucleases in the chicken. 096312
Feeding of rats with SCP concentrations (Toprina BP) [dried **yeast** *protein]:* hematological and hematochemical observations. 096670
Nitrate reductase and its relationship to *protein* and **yield** characteristic of Triticale. 100177
Seasonal changes in minerals, *protein,* and **yield** of tall fescue [Festuca elatior] forage as influenced by nitrogen and potassium fertilization. 100321
Immunohistological studies on the distribution of **yolk** *proteins* in the stick insect (Carausius morosus). 103004
Selectivity of **yolk** *protein* uptake: comparison of vitellogenins of two insects [Hyalophora cecropia, Blattella germanica]. 103015
Yeast [Saccharomyces cerevisiae] RNA-polymerase B: a **zinc** *protein.* 099723

PROTEOLYTIC
Characterization of the *proteolytic* **activity** and fractionation of the dipeptidases and aminopeptidases from Streptococcus thermophilus [Casein hydrolysates]. 095593
Characterization of *proteolytic* **activity** of enzyme preparations obtained from yeast biomass [Cheese making]. 095668
Inhibition of **casein** *proteolysis* by thermally induced complex of kappa-casein with beta-lactoglobulin. 095669
Influence of some chemical and physical factors on the *proteolysis* of **cheese** caseins. 095553
Influence of components of the medium on the milk-curdling activity of certain actinomycetes *[Proteolytic* **enzymes].** 095552
Effect of *proteolytic* **enzymes** on free and adsorbed catalase and on the catalase activity of soils. 103806
Guanosine 3':5'-monophosphate-dependent protein kinase from silkworm [Bombyx mori], properties of a catalytic fragment obtained by **limited** *proteolysis.* 103246
An introductory study of the *proteolytic* **system** of Streptococcus cremoris strain HP [Starters, milk, cheese]. 095635

PROTHORACIC *see* THORACIC

PROTOCHLOROPHYLLIDES
Enzymic nature of the protein moiety of *protochlorophyllide* **holochrome** [Barley, kidney beans]. 099945
Identification of N-terminal amino acids of *protochlorophyllide-holochrome* **subunits** of etiolated barley seedlings. 100171

PROTOLIGNIN
Degradation of *protolignin* with **metallic** sodium in liquid ammonia [Picea jezoensis, wood meal]. 098189

PROTONEMA
Regulation of the differentiation in the **moss** *protonema* [Funaria hygrometrica, Musci]. 099596

PROTONS
Comparison of *proton* **magnetic** resonance spectra of cell-wall mannans of Candida tropicalis [yeast] with its morphology. 098874

PROTOPLASTS
Release and regeneration of *protoplasts* from the **conidia** of Aspergillus flavus [Fungi]. 100032
Ultrastructure of resin ducts in Pinus halepensis development, possible sites of resin synthesis, and mode of its **elimination** from the *protoplast.* 100623
Interspecific hybridization by *protoplast* **fusion** in Nicotiana [Tobacco]. Confirmation and extension. 099328
Differentiation in calli originated from **isolated** *protoplasts* of rice (Oryza sativa L.) through plating technique. 099340
Macromolecular synthesis in oat **leaf** *protoplasts.* 100274
Cell concentration as a factor in precursor incorporation by tobacco **leaf** *protoplasts* or separated cells. 100284
Callus induction and plant regeneration from **mesophyll** *protoplasts* of Nicotiana sylvestris [Tobacco]. 100333
Factors influencing the growth and division of pea **mesophyll** *protoplasts.* 100530
Cell wall regeneration and colony formation from isolated single geranium [Pelargonium hortorum] *protoplasts* in **microculture.** 100404
Natural *protoplast* Dunaliella [Algae] as a source protein. 099515
A particulate chitin synthase from Aspergillus flavus Link [Fungi]: the properties, location, and levels of activity in mycelium and **regenerating** *protoplast* preparations. 099626
Protoplast **regeneration** and stem embryogenesis of haploid androgenetic rape. 100240
Isolation, fusion and multiplication of **sugarcane** *protoplasts* and comparison of sexual and parasexual hybridization. 099194
Uptake of single-stranded bacteriophage DNA by isolated **tobacco** *protoplasts.* 100335
Absorption of P32 [phosphorus isotope]-labelled tobacco mosaic virus by isolated **tobacco** *protoplasts* and deproteinization of the virus in them. 101798

PROTOZOA
Use of sentinel ducks in epizootiological studies of anatid **blood** *protozoa.* 097298
Partial purification and some properties of glucose 6-phosphate dehydrogenase from Eimeria stiedai (Lindemann, 1865) Kisskalt & Hartmann, 1907 *(Protozoa:* **Coccidia)** [Rabbits]. 097308
Evaluating anticoccidials in poultry in the United States [Coccidiosis, Eimeria, *protozoan* **diseases].** 097486
Prevalence and experimental transmission of bovine piroplasms in the Netherlands *[Protozoan* **diseases,** ticks as insect vectors]. 097633
The seasonal incidence of exodid ticks [Insect vectors of *protozoan* **diseases** of cattle, piroplasms, Ixodes ricinus, Haemaphysalis punctata]. 102613
Insect pathological investigations on Swedish Thysanura. I. Observations on Malamoeba **locustae** *(Protozoa,* Amoebidae) from Lepisma saccharina (Thysanura, Lepismatidae) [Field crop pests, biological control]. 103028
Role of bacteria and *protozoa* in the **removal** of Escherichiacoli from estuarine waters. 104451

PROVENTRICULUS
The influence of fiber in the diet on dilation (hypertrophy) of the *proventriculus* in **chickens.** 096648

PRUNES
Rapid analysis of potassium sorbate in **dried** *prunes* by ultraviolet or colorimetric procedures. 095918
The use of electrolytic conductance to assess differential sensitivity of **French** *prune* fruit to applied ethylene. 100484
Progress on fruit set of **'Italian'** *prune* [Culture]. 101061

PRUNING
Alternate-year *pruning* trials with 3 apple cultivars. 101263
The effect of cultural operations on the composition of the xylem sap of tea plants **recovering** from *pruning.* 101285
Fruit thinning, **summer** *pruning,* and storage quality of apples. 101074

PRUNUS
Efficacy of some insecticides against the weevil of almond [Anthonomus amygdali, *Prunus* **amygdalus].** 102431
Seed transmission of cherry leaf roll virus in black **cherry** *(Prunus* serotina Ehrh.). 101824
Electronic flash affects flying moths [Euproctis chrysorrhoea, *Prunus* **maritima,** causing a momentary disorientation]. 102221
Occurrence on rose of a virus belonging to *Prunus* **necrotic** ringspot group (NRSV), indexing methods on indicators. 101773
Change of gibberellin and abscisic acid content during fruit development of *Prunus* **persica** [Peaches]. 100540
Quantitative-anatomical studies of some species of **plums** *[Prunus].* 098891
Evaluation of animal hazards to spot-seeded black cherry *[Prunus* **serotina]** in central Tennessee. 102052
Phenolics and indol derivatives as preselection indices for the growth of *Prunus* **trees.** 100616
Study on the properties of two strains of the necrotic ringspot virus (NRV) isolated from almond **trees** *(Prunus* amygdalus Stokes) grown in Bulgaria. 101753

PSATHYROTES
Charles Wright's "El Paso" collections and the type locality for *Psathyrotes* **scaposa** (Compositae). 098463

PSEUDACANTHOTERMES
Studies on a population of large termite mounds in Uganda [Macrotermes **bellicosus,** *Pseudacanthotermes].* 102915

PSEUDALETIA
Development of a nuclear polyhedrosis virus in midgut cells and penetration of the virus into the hemocoel of the armyworm, *Pseudaletia* **unipuncta** [Pest of products]. 102533

PSEUDOBACTERIUM
The requirements of epiphytic **bacteria** *Pseudobacterium* lacticum 392 [isolated from alfalfa leaves] in amino acids and vitamins of the B group. 099744

PSEUDOGLEY
Growing spruce on *Pseudogley* **soils** in the Saxon hill country [Silviculture]. 098176

PSEUDOMONAS
Pseudomonas **aeruginosa.** II. Occurrence in Arctic foxes (Alopex lagopus) on a Danish fur farm [Bacterial infections]. 097461
Epidemiology of *Pseudomonas* **aeruginosa** septicemia in dairy calves in Washington. 097520
Resistance of coffee plants to *Pseudomonas* **garcae** [Bacterial halo of coffee]. 101715
Development of angular spot on cucumbers under field conditions *[Pseudomonas* **lachrymans].** 101696
Virulence of hungarian and standard strains of *Pseudomonas* **phaseolicola** on [kidney] beans (Phaseolus vulgaris L.). 101676
Development of Synechocystis aquatilis Sauv. [Algae] in the presence of *Pseudomonas* **putida** Migula. 099867
Ecological studies on the wildfire disease [caused by *Pseudomonas* **tabaci]** of tobacco. 101683
Colonization of soil by Arthrobacter and *Pseudomonas* under **varying** conditions of water and nutrient availability as studied by plate counts and transmission electron microscopy. 103703

PSEUDORABIES
Pseudorabies in **Indiana:** current status, laboratory confirmation, and epizootiologic considerations. 097570
Pseudorabies in **Iowa** swine: an increasing problem. 097544
A *pseudorabies* **virus-specific** sulfated moiety [Rabbit kidney cells]. 097667

PSEUDOSCORPIONIDA
A new genus and species of **chthoniid** *pseudoscorpion* [Mexichthonius unicus] from Mexico (Pseudoscorpionida, Chthoniidae). 103163

PSEUDOTSUGA
Current research on Fomes annosus in France [Picea abies, Pinus pinaster, *Pseudotsuga* **menziensii,** Abies alba]. 101432
Genetic resistance in Douglas-fir *[Pseudotsuga* **menziesii]** to damage by snowshoe hare and black-tailed deer. 097881
Nutrient cycling in the Douglas-fir *[Pseudotsuga* **menziesii** menziesii] type: silvicultural implications. 098130
The incidence of dwarfing in inbred Douglas fir *[Pseudotsuga* **menziesii].** 098135
Litterfall in a Douglas-fir *[Pseudotsuga* **menziesii]** forest near the Trojan Nuclear Power Station, Oregon. 098831
Effects of container density and plant water stress on growth and cold hardiness of Douglas-fir *[Pseudotsuga* **menziesii]** seedlings. 100635
Promotion of flowering in the Pinaceae by gibberellins. I. Sexually mature, non-flowering grafts of Douglas-fir *[Pseudotsuga* **menziesii].** 100667
Fomes annosus: mortality rates in young trees [Larix decidua, *Pseudotsuga* **menziesii,** Picea sitchensis, Fagus sylvatica, Betula] underplanted among pine. 101439
Insect invasion and survival of Douglas fir *[Pseudotsuga* **menziesii]** stumps in New Zealand. 102500
Isomer of antiaggregative pheromone identified from male Douglas-fir beetle [Dendroctonus pseudotsugae]: 3-methylcyclohex-3-en-1-one *[Pseudotsuga* **menziesii** pests]. 103005

PSILA
Psila **rosae** and Trioza apicalis insect pests of carrots. 102471

PSYCHOLOGY
Psychological **aspects** of dietary change. 095083
Development of social relationships and change of *psychology* of the **rural** population. 094012

PSYCHROMETER
Measurement of leaf water potential with a **thermocouple** *psychrometer.* 100009

PSYLLID
Psyllids—**pests** of pear tree in Moldavia and their control. 102421

PTERIDIUM
Ecology of bracken *[Pteridium* **aquilinum]** in central Siberia. 098852

PTERIDOPHYTA
Oreas martiana (Hopp. & Hornsch.) Brid. In Spitzbergen: a monotypic **genus** new to the European **Arctic)** *[Pteridophyta].* 098570
Concerning the sinuous shape of leaf epidermal cells **[Dryopteris,** *Pteridophyta].* 099019
The distribution of **European** *Pteridophytes:* a numerical analysis. 098671
Stomatal features of Hemionites arifolia (Burm.) **Moore** *[Pteridophyta].* 099029
Genetics of recessive lethality in the fern, Osmunda **regalis** *[Pteridophyta].* 099327

PTERIS
Pteris **excelsa** Gaud.—a new fern record for Jammu and Kashmir state. 098597

PTEROMALIDAE
African *Pteromalidae* (Hymenoptera): new taxa, synonymies and combinations. 103167
Life cycle and behavior of [the parasitoid] Muscidifurax zaraptor (Hymenoptera: *Pteromalidae)* **[Musca** domestica, biological control]. 102551

PUBERTY
A study of heat tolerance, growth rate and the onset of *puberty* in **Brahman,** Santa Gertrudis and Hereford heifers in a humid tropical climate: Fiji. 096362

Characterization of biological types of cattle. IV. Postweaning growth and *puberty* of **heifers** [by breed groups]. 096929
The influences of level of nutrition during rearing on *puberty* and **reproductive** performance in Japanese Black cattle heifers. 096660

PUCCINIA
Changes in ribonuclease activity in oat leaves infected with *Puccinia* **coronata** avenae. 101633
Development of rust fungi *[Puccinia* **coronata]** in oat leavestreated with blasticidin S, a protein synthesis inhibitor. 101634
Brown leaf rust *[Puccinia* **dispersa]** effect on functional activity of nucleic acids of rye. 101414
Ribonuclease activity in rye leaves affected by brown stem rust *[Puccinia* **dispersa].** 101415
About the resistance of winter wheat hybrids to rust **fungi** *[Puccinia].* 099417
Infection rate of spring wheat by rust **fungi** *[Puccinia].* 101639
Culture of the [rust] **fungus** *Puccinia* triticina Erikss. On an artificial nutrient medium. 101458
Resistance of the soft wheat collection from Australia to yellow rust *[Puccinia* **glumarum].** 101353
Genetic differentiation of wheat stem rust *[Puccinia* **graminis].** 101342
Growth of races 38 and 17, *Puccinia* **graminis** f. Sp. Tritici, on artificial media. 101376
The reaction of Thatcher wheat to Canadian races of stem rust *[Puccinia* **graminis** tritici]. 101388
Artificial infection of the causative agent of stem rust *[Puccinia* **graminis** tritici] of wheat with the hyperparasite Darluca filum (Fr.) Cast. 101493
Partial resistance of barley to leaf rust, *Puccinia* **hordei.** III. The inheritance of the host plant effect on latent period in four cultivars. 099202
The genetics of seedling resistance to leaf rust, *Puccinia* **hordei** Otth. in some spring barley cultivars. 099213
A control trial against the rust of mint *[Puccinia* **menthae].** 101480
Polygonum dumetorum L. A new host for *Puccinia* **polygoni-ambibii** Pers. 101412
Yields of dithane S-31 treated maize in the absence of maize rust, *(Puccinia* **polysora).** 101507
Corn rusts [Puccinia sorghi, *Puccinia* **polysora,** Physopella zeae]: types, races and destructive potential. 101583
Pathogenic specialization in *Puccinia* **recondita** f. Sp. Tritici in N.w.f.p. [North West Frontier Province of Pakistan, leaf rust disease of wheat]. 101312
A comparison of pathogenicity of *Puccinia* **recondita** tritici[wheat leaf rust] in Europe, the United States, and Canada. 101544
Loss in yield due to brown **rust** *(Puccinia* recondita Rob. Ex. Desm) on late sown wheat crop. 101478
Reaction of barley cultivars to "yellow **rust"** *(Puccinia* striiformis West.). 101536
Corn rusts *[Puccinia* **sorghi,** Puccinia polysora, Physopella zeae]: types, races and destructive potential. 101583
Cytological studies of *Puccinia* **striiformis** (Yellow rust of wheat). 099048
Effects of temperature shocks, hydration and leaching on the subsequent germination of uredospores of *Puccinia* **striiformis** [Fungi]. 100026
Puccinia **striiformis** in wheat and barley. 101332
Factors contributing to an epidemic of stripe rust *[Puccinia* **striiformis]** on wheat in the Sacramento Valley of California in 1974. 101555
Methodological approach to the study of genetic bases of wheat resistance to brown leaf rust *[Puccinia* **triticina].** 099275
Evaluation of initial material of winter wheat in breeding for resistance to brown rust *[Puccinia* **triticina].** 099291
Histochemical investigations of wheat varieties different in their resistance to brown leaf rust *[Puccinia* **triticina** Erikss.]. 101461
Alteration of the quantity and quality of proteins in the leaves of winter wheat infected with the pathogen of brown leaf rust *[Puccinia* **triticina].** 101611
Mechanisms of the population variability of the brown rust in **wheat** *Puccinia* recondita Rob. ex. Desm. f. sp. tritici. 101612

PUFF
RNA synthesis of *puff* **2-48BC** after experimental induction in Drosophila hydei [Chromosomes]. 102879
Changes in *puff* **spectrum** during the development of Drosophila virilis. 103100

PULEX
Integrity of ribosomal ribonucleic acids from aphids [Aphislabruni] and water fleas **[Daphnia** *pulex,* Galleria mellonella]. 102832

PULMONARY
Patho-anatomical studies of meningo-leuco-encephalitis in maedi *[pulmonary* **adenomatosis]** of sheep and goats. 097725
Effects of CO2 [carbon dioxide] on *pulmonary* **air** flow resistance in the duck. 096545
An additive effect of cold exposure and hypoxia on *pulmonary* **artery** pressure in sheep. 096539
Feline *pulmonary* and pleural diseases [Cats]. 097107
Pulmonary **responses** of rats to ambient levels of ozone. Effects of 7-day intermittent or continuous exposure [Air pollution]. 104594
Pulmonary **schistosomiasis** in sheep and goats due to Schistosoma indicum in India. 097400
Incidence of hydatid cyst [due to larval form of Echinococcus granulosus] in bovines and histopathological changes of *pulmonary* **tissue** in hydatidosis. 097374

PULP
Influence of nitric **acid** *pulping* on gaseous products composition. 098317
On adsorption of lignin substances by cellulose in **alkali** *pulping.* 098341
Kinetics of **alkaline** *pulping* of bamboo. 098288
Beet *pulp* and faba beans in rations for lactating dairy cows. 096625
Crill—the fine fraction of *pulp* **[Cellulosic** fibres]. 098284
Pulp **characterization** for process control purposes. 098257
Pulp **characterization** for process control purposes. 098402
Will TMP [thermomechanical pulp] replace groundwood or **chemical** *pulp* in newsprint? 098280
Empirical comparison between cold soda **chemi-groundwood** *pulp* (C-CGP) and hot sulfite chemi-groundwood pulp (H-CGP) in the newsprint mill. 098244
Tracing the loadstone [Groundwood **development,** *pulping].* 098278
Determination of moisture and saleable mass (A.D. Weight) of baled flash **dried** *pulps.* 098285
Effect of the degree of mincing and sulfitation of *pulp* on the **dynamics** of phenolic substances and the quality of wines of the white portwine type. 095975
Parathyroid glands in metabolism of mineral substances in bulls **fed** with *pulp.* 096559
Device for sulphitation of *pulp,* must and **[grape]** wine materials. 103644
The basic grinding mechanism: consideration and control **[Groundwood,** *pulp].* 098267
400 tonnes per day R.G.P. [Refiner **groundwood** *pulp]* mill. 098281
Wet-web strength of **groundwoods** *[Pulp].* 098416
Chemical composition of acid-soluble part of black alkaline solutions after **hardwood** *pulping.* 098300
The extensional behavior of commercial softwood bleached **kraft** *pulps.* 098422
Conference summation [International **Mechanical** *Pulping* Conference]. 098242
Economic aspects of producing and using **mechanical** *pulp.* 098243
High grade graphic paper from **mechanical** *pulp.* 098247
Mechanical *pulp* in absorbent qualities [Creped products]. 098249
Mechanical *pulp* cleaning. 098250
Mechanical *pulps* in newsprint: an economic key to the treasure map. 098251
Refiner **mechanical** *pulps:* end-use potential. 098258
Refiner pilot plant as a way to evaluate full scale systems **[Mechanical** *pulps].* 098259
Screening & cleaning—conventional & thermal **mechanical** *pulps.* 098261
Steam related problems in **mechanical** *pulping.* 098265
Cost comparison of **mechanical** *pulping* processes. 098400
Effluent characteristics and treatment of **mechanical** *pulping* effluents. 104511
Toxic constituents in **mechanical** *pulping* effluents. 104512
Toxic constituents in **mechanical** *pulping* effluents. 104513
Evaluation of the performance of a reject refiner *[Pulp* **mill,** shives]. 098246
Screening quotient—an index of performance for screening evaluation *[Pulp* **mill].** 098263
System analysis of refiner *[pulp]* **mill** operation. 098266
Multistage *pulping* process with bagasse. 095417
Nigeria's *pulp* mill projects demand massive reafforestation programs. 098177
Rapid determination of chlorine in wood, *pulp* and **paper** by combustion in flask. 098190
A summary of investigations carried out at the Cellulose and Paper Branch [Forest Research Institute] on suitability of agricultural residues for *pulp,* **paper** and board. 098283
Long-term prospects for *pulp* and **paper** development in Scandinavia. 098381
Sawdust as a raw material for the *pulp* and **paper** industry. 098384
Environmental constraints on the *pulp* and **paper** industry [Pollution]. 104602
Refining of preheated chips. The effect of some process variables on *pulp* **quality.** 098260
Effect of ethylene chlorohydrine upon wood components. III. *Pulping* **rate** and selectivity of action of ethylene chlorohydrine using beech wood. 098387
Importance of disc parallelism in single disc chip **refiner** *[Pulp].* 098248
On the measurement of temperature and pressure in the refining zone of an open discharge **refiner** *[Pulps].* 098253
A study of steam flow and self-pressurization in chip **refiners** *[Pulping].* 098239
The state of whole-tree utilization in Scandinavia [Harvesting of forest **residuals** and *pulping].* 098423
Evaluation of screens by optical measurements *[Pulps,* **shives** analysis]. 098245
Atmospheric and pressurized refining of wood chips-laboratory scale **studies** *[Pulps].* 098240
Storage of dried and pelleted **[sugar]beet** *pulp* in silos. 095854
Ultraviolet spectrophotometry of black liquor fractions after **sulfate** *pulping* of halocellulose. 098440
Influence of preliminary alkali treatment on birch wood impregnation and solubility of its components in acid **sulphite** *pulping.* 098319
On connection of morphological structure of spruce wood tracheids with lignin content in unbleached **sulphite** *pulps.* 098342
Study of chemical composition of extractives in unbleached **sulphite** *pulp* obtained from sound and mixture of sound and rotten aspen wood. 098363
Study of delignification and changes in carbohydrate content of larch wood during **sulphite** *pulping.* I. Study of Larix dahurica delignification with sulphite liquor. 098365
A laboratory study of the behavior of **thermomechanical** *pulp* in newsprint furnishes. 098238
Beloit-Jones TMP **[thermo-mechanical** *pulp]* pilot plant studies. 098241
Progress in **thermomechanical** *pulping.* 098256
Screening of **thermomechanical** *pulp.* 098262
The effect of chemical pre-impregnation on **thermomechanical** *pulping* of hardwoods. 098269
The status of **thermomechanical** *pulping* operations at Pejepscot. 098271
Thermomechanical *pulping*—a preliminary optimization. 098272
Thermo-mechanical *pulping* at Hallsta Paper Mill. 098273
Thermo-mechanical *pulping* at Blandin Paper Co. 098274
Thermo-mechanical *pulping* at Publishers [Paper Co.]—Newberg [Oregon]. 098275
Thermomechanical *pulping*—Abitibi Paper Company Ltd., Beaupre Division. 098276
To screen or not to screen and how it can be done with **thermomechanical** *pulp.* 098277
What TMP **[thermo-mechanical** *pulp]* has meant to Bowaters Carolina Corporation. 098279
Will TMP **[thermomechanical** *pulp]* replace groundwood or chemical pulp in newsprint? 098280
Thermomechanical *pulp* production. 098385
Thermomechanical *pulp*—a matter of fashion or a realistic fiber alternative? 098386
Oxydation of lignins of *[pulping]* **waste** waters with ozone. 098346
Long-term stability of waste lignins in aquatic systems. 2. Stability in saline **water** *[Pulping].* 098413
Determination of organic acids in black alkaline solutions after rough aspen **wood** *pulping.* 098311
Self sizing of **wood** *pulp.* 098415
Levels of protein and essential amino acids in Rhizoctonia solani Kuhn grown on **wood** *pulp.* 099955
Pollution from *pulp* **wood** cleaning. 104603

PULPWOOD
Pycnometer method for obtaining wood and bark chip densities [Heptane **displacement,** *pulpwood].* 098227
Comparative study of the woods of Eucalyptus saligna, Eucalyptus paniculata, Eucalyptus citriodora, Eucalyptus maculata and Eucalyptus tereticornis for sulfate cellulose production [Wood and *pulpwood* **properties].** 098230

PULSE
Comparative evolution of *pulse* **crops** [Phaseolus, Vigna]. 098602
Determination of ronidazole in swine tissues by **differential** *pulse* polarography [Drug residues in edible animal tissues]. 094867
Application of 15N [nitrogen isotope] *pulsed* **fourier** transform nuclear magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Intensity dependence of the fluorescence lifetime of in vivo chlorophyll excited by a picosecond **light** *pulse* [Measurements in Chlorella pyrenoidosa, Algae]. 099980
Changes of the body temperature, *pulse* and **respiration** frequencies of pigs after an extreme heat load with respect to the breed. 096506
Short-duration *pulses* to fit into multiple cropping. 101182

PULVERIZATION
Semi empiric theory of *pulverizing* **streamlets** of a low-viscosity liquid by an air flow [Sprayers]. 103541

PULVINATA
Cell permeability and regulation of intracellular sodium concentration in a halophytic and a glycophytic moss [Grimmia maritima, **Grimmia** *pulvinata].* 099876

PUMPKINS
Compounds with cytokinin activity in *pumpkin* **cotyledons.** 100365
Effects of substances of a cytokinin nature on growth of plants and accumulation of nutritive **elements** in them *[Pumpkins].* 100576
Effect of cytokinin on activities of a number of enzymes in **isolated** *pumpkin* cotyledons. 100574
Pumpkin **production** briefs. 101195
Effect of inbreeding on variability of cucurbits (Cucurbitamaxima Duch. and Cucurbita pepo L.) [Winter **squash,** *pumpkins].* 099228
Studies on the ses expression of flowers induced by day-length and temperature in *pumpkin* and **watermelon.** 100510

PUMPS
Studies on the drainage in the low and wet paddy field area. I. The tendency of *pump* **drainage** and the runoff analysis on Shizusato region in Ohgaki, Gifu Prefecture. 104396
Study of low-volume metering of a working liquid in sprayers with a **turbine** *pump.* 103546

PUPAE
Affinity chromatography of NADP [nicotinamide adenine dinucleotide phosphate]-specific isocitrate dehydrogenase from the *pupa* of **Bombyx** mori. 103206

Radiosensitivity of the flesh fly, Sarcophaga bullata (Parker), throughout larval and *pupal* **life.** 103087
Effect of dose of cytoplasmic polyhedrosis virus on infection, mortality, development rate, and larval and *pupal* **weights** of the pink bollworm [Pectinophora gossypiella]. 102335

PUPARIA
Interactions between ecdysone, bursicon, and other endocrines during *puparium* **formation** and adult emergence in flies [Diptera]. 102959

PURCHASING
Agricultural prices: *purchasing* **prices** of agriculture [Statistics]. 094462

PURIFICATION
Polymorphism and glycoproteinic character of lectins from Ricinus communis [castorbeans] *purified* by **affinity** chromatography. 099555
Study of the process of *purification* of **alkaline** oxyethylcellulose. 098438
Ferredoxin-sepharose affinity chromatography for the *purification* of **assimilatory** nitrite reductase [Spinach]. 100415
Purification of **carbohydrate-containing** effluents. 095495
Self-purification in **Chandigarh** waste water. 104520
Purification and **characterization** of a proteinase from pineapple fruit, fruit bromelain FA2. 095923
Sodium- and potassium-activated adenosine triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). *Purification,* **characterization,** and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
Occurrence of short particles in beans infected with the cowpea strain of TMV [tobacco mosaic virus]. I. *Purification* and **characterization** of short particles. 101814
Extraction, *purification* and **chemistry** of gibberellins [from the fungus Gibberella fujikuroi and higher plants]. 099774
Chlamydiosis of ruminants (cattle, sheep, goats). Experimental studies. I. Preparation of **concentrated** *purified* Chlamydia angigens. 097276
Purification and **electron** microscopy of the Nigerian okra mosaic virus. 101767
Polygalacturonic acid trans-eliminase in the osmotic shock fluid of Erwinia rubrifaciens: characterization of the *purified* **enzyme** and its effect on plant cells. 101694
Purification of **extracts** in the determination of organophosphoric insecticides in tissues and organs of animals. 102742
Lysyl hydroxylase: **Further** *purification* and characterization of the enzyme from chick embryos and chick embryo cartilage. 096245
Further studies on a **highly** *purified* glycoprotein from the intimal region of porcine aorta. 096240
Properties of **highly** *purified* lysyl oxidase from embryonic chick cartilage. 096247
Studies on the biosynthesis of cyclitols. 33. Preparation of **highly** *purified* myo-Inositol-1-phosphate synthase from bull testicles; comparison with the corresponding enzyme from rat testicles. 096995
Purification of **malted-barley** endo-beta-D-glucanases by ion-exchange chromatography: some properties of an endo-barleybeta-D-glucanase. 095779
RNA polymerase from tobacco necrosis virus infected and uninfected tobacco. *Purification* of the **membrane-associated** enzyme. 101817
TRNA of the fungus Pleurotus ostreatus: Preparation and *purification* by the **method** of preparative gel electrophoresis. 099500
Phenylalanyl-tRNA synthetase from wheat germ. *Purification,* **molecular** weight, structure, properties. 100112
Purification and **morphology** of the tomato golden mosaic virus [Bemisia tabaci, vectors]. 101800
Purification and **partial** characterization of an endo-beta 1, 3-glucanase from green malt. 095475
Partial *purification* and study of gamma-glutamyl transpeptidase of sheep brain cortex capillaries. 096259
Partial *purification* of a progesterone-inducible messenger RNA (avidin) from hen oviduct. 096331
Partial *purification* of a progesterone-inducible messenger RNA (avidin) from hen oviduct. 096902
The ovalbumin gene. **Partial** *purification* of the coding strand [Chickens]. 096938
Partial *purification* and some properties of glucose 6-phosphate dehydrogenase from Eimeria stiedai (Lindemann, 1865) Kisskalt & Hartmann, 1907 (Protozoa: Coccidia) [Rabbits]. 097308
Partial *purification* of antigens collected during in vitro cultivation of the larval stages of Taenia pisiformis [Rabbits]. 097466
Partial *purification* of methionine binding protein from Aspergillus nidulans [Fungi] by affinity chromatography. 099547
Purification and **physicochemical** properties of superoxide dismutase from two photosynthetic microorganisms [Spirulina platensis, Algae, Rhodopseudomonas spheroides, bacteria]. 099549
Cooperative interactions of tetrahydrofolate with *purified* **pig** kidney serine transhydroxymethylase and loss of this cooperativity in L1210 tumors and in tissues of mice bearing these tumors. 097756
Purification and **properties** of lytic beta-1,3-glucanase from Flavobacterium dormitator var. glucanolyticae [Fermentation process]. 095394
Purification and **properties** of a beta-mannanase from alfalfa seeds. 095772
Cytosol 5'-nucleotidase from chicken liver: *Purification* and some **properties.** 096236
Purification and **properties** of oocyte vitellin from the migratory locust [Locusta migratoria]. 103128
Methods of isolation, *purification* and **quantitation** of bovine immunoglobulins. A technical review. 097674
Experimental study on mechanisms of **soil** *purification.* 103738
Purification and **structure** of sheep haptoglobin. 096356
A *purification* of **trehalase** from Saccharomyces cerevisiae [Yeast]. 099486
Some bitter peptides from rennet-treated casein. A method for their *purification,* **utilizing** chromatographic separation on silica gel. 095637
Oxygen sag and stream **[water]** *purification.* 104572

PURKINJE
Hypoxia increases potassium efflux fom mammalian myocardium [Cat and guinea-pig papillary muscles, **bovine** *Purkinje* fibres]. 096348

PUSTULES
Infectious bovine **rhinotracheitis/infectious** *pustular* vulvovaginitis infectious [Cattle]. 097271

PYCNIDIOSPORES
Study of the germination of *pycnidiospores* of **Coniella** diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and maturation of spores; development of the spore wall during maturation and germination. 101333

PYGMY
Colitis cystica profunda in *pygmy* **goats.** 097739

PYRALIDAE
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: *Pyralidae)* **[Biological** control]. 102302
The effect of light on pupation site selection in Plodia interpunctella (Lepidoptera: *Pyralidae).* 102810
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: *Pyralidae)* **parasitized** by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
Biology, ecology and control of kadam defoliator Arthroschista hilaralis **Walk** *(Pyralidae,* Lepidoptera) in plantations in West Bengal. 102493

PYRANTEL
Effect of *pyrantel* **tartrate** on the third stage larvae of Ascaridia galli [in fowls]. 097599

PYRAZINES
Effect of time, temperature, and reactant ratio on *pyrazine* **formation** in model systems [Food]. 095455

PYRENOCHAETA
Inhibition of Colletotrichum coccodes (Wallr.) Hughes, *Pyrenochaeta* **lycopersici** Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon [tomato] species in response to infection by the root parasitic complex. 101371

PYRENOIDS
Inhibition by ammonium chloride of the oxygen yield of photosynthesis [Spinach, **Chlorella** *pyrenoidosa,* Algae]. 099543
The effect of metabolic poisons on ATP [adenosine 5'-triphosphate] level and on active phosphate uptake in **Chlorella** *pyrenoidosa* [Algae]. 099899
Intensity dependence of the fluorescence lifetime of in vivo chlorophyll excited by a picosecond light pulse [Measurements in **Chlorella** *pyrenoidosa,* Algae]. 099980
Effect of hexachlorobenzene on some growth parameters of **chlorella** *pyrenoidosa* [Algae]. 101866

PYRENOPHORA
Genetic pathogenicity of leafspot disease [Pyrenophora teres, *Pyrenophora* **graminea,** barley]. 101661
A leaf spot disease of wheat caused by *Pyrenophora* **trichostoma.** 101618

PYRETHROIDS
Allethrin (d-trans-allethrin) [and related **synthetic** *pyrethroids].* 102626

PYRETHRUM
Pyrethrum **[Insecticide,** toxicity, residues]. 102648
Dispersal and recovery of **natural** *pyrethrum* micro droplets in banana plantation [Insecticide residues, drift, Aedes control]. 102561

PYRGOMORPHIDAE
Karyotype differences in the crenaticeps-group of Atractomorpha (Orthoptera, **Acridoidea,** *Pyrgomorphidae).* 102891

PYRICULARIA
Fungicide evaluation for the control of the blast disease *[Pyricularia* **oryzae** conidia]. 101499
Fine structure of the rice blast. XII. The mode of pseudoinfection of *Pyricularia* **oryzae** Cav. to the non-host plants. 101594
Studies on the methods for evaluation of field resistance of rice varieties to blast disease *[Pyricularia* **oryzae].** 101598
Control of rice blast with several fungicides *[Pyricularia* **oryzae].** 101623
Growth and sporulation of *Pyricularia* **oryzae** Cav. On different carbon/nitrogen ratios in a synthetic medium, the rice blast causing agent. 101628
Study of the vegetative growth and sporulation of *Pyricularia* **oryzae** Cavara in different culture media. 101631
Susceptibility of some rice cultivars to *Pyricularia* **oryzaeCav.** [Blast disease] in four localities of the State of Sao Paulo. 101632
Fine structure of the rice blast. XIII. Ultrastructure of *Pyricularia* **oryzae-nonhost** interfaces. 101595
Host-pathogen equilibrium between rice (Oryza sativa L.) and its **pathogen** *Pyricularia* oryzae Cav. 101403

PYRIDOXINE
Mineral metabolism in chicks on high **dietary** *pyridoxine* and magnesium. 096512
The effect of a long-term excess of *pyridoxine* on the **fatty** acid composition of the major phospholipids in the rat. 095150
Vitaimin B6 deficiency in patients with a clinical syndromeincluding the carpal tunnel defect. Biochemical and clinical response to **therapy** with *pyridoxine.* 095215

PYRIDYL
Effect of *N-phenyl-N'-(4-pyridyl)* **urea** on shoot formation in tobacco pith disk and callus cultured in vitro. 100271

PYRIMIDINE
Utilization of **exogenous** *pyrimidines* as a source of nitrogen by cells of the yeast Rhodotorula glutinis. 099815
Estimation of the effectiveness of the preparations "Actellic 40 EC pyrimiphosmethyl] and PP 484" *[pyrimidine* **phosphorothionian]** in the control of Colorado beetle (Leptinotarsa decemlineata Say) on Solanum laciniatum Ait. 102238

PYRITES
Use of **waste** *pyrites* from mine operations [in Colorado] on highly calcareous soil [Soybeans, banding of fertilizers]. 103932

PYROLYSIS
Degradation of sucrose during heating and influence of amino acids on the *pyrolytic* **process** [Cognac]. 095873

PYROPHOSPHATES
A possible role for *pyrophosphate* in the **control** of hepatic glucose metabolism. 096394
Induction of furano-terpene production and formation of the enzyme system from mevalonate to **isopentenyl** *pyrophosphate* in sweetpotato root tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572
Novel activity of potato **nucleotide** *pyrophosphatase.* 100373
Ultrastructural localization of acid phosphatase and **thiamine** *pyrophosphatase* activities and of phosphotungstic staining at low pH [hydrogen-ion concentration] in the placental labyrinth of the cat. 096372

PYRROLIZIDINE
Genus crotaliar. XXVI. *Pyrrolizidine* **alkaloids** for the preparation of neuro-muscular blocking agents. 099797
Fukinotoxin, a **new** *pyrrolizidine* alkaloid from Petasites japonicus. 099668

PYRUS
The genus Scaphoidophytes Kirkaldy and description of one new species [Scaphoidophytes annae, **Scaphoidophytes** *pyrus].* 103139

PYRUVATES
Glucose, *pyruvate,* and **acetate** metabolism by developing soybean seeds. 100272
Pyruvate **carboxylase:** intracellular localization and regulation [in rat liver]. 096402
The regulation of *pyruvate* **carboxylase** activity in gluconeogenic tissues. 096406
Regulation of *pyruvate* **kinase** and phosphoenolpyruvate carboxykinase activity in adult Fasciola hepatica (Trematoda). 097384
Mutants of Aspergillus nidulans [Fungi] **lacking** *pyruvate* kinase. 099218
Automated and **manual** *pyruvate* determination in milk. 095614

PYRUVIC
The *pyruvic* **acid** and carbohydrate metabolism in adult plants and leaf buds of Bryophyllum daigremontianum. 100612

The influence of fluoride, malonic and *pyruvic* **acids** on the respiratory metabolism and the metabolism of dicarboxylic and tricarboxylic acids in two-year-old leaves of chicory. 100610

PYTHIUM

Etiology and control of fruit rot [Rhizoctonia solani, *Pythium* **aphanidermatum**] of cucumber in single harvesting for pickles. 101554
Efficacy of pyroxychlor in **controlling** *Pythium* polymorphon in the Pythium polymorphon-Meloidogyne Hapla root disease complex of celery [Root-knot nematode, systemic fungicide]. 102015
Olpidium brassicae [vector of] tobacco necrosis virus, and Pythium spp. in relation to rusty root of carrots in Ontario and Quebec [Pythium sulcatum, *Pythium* **irregulare**]. 101383
Pod rot complex *[Pythium* **myriotylum,** Rhizoctonia solani, Sclerotium rolfsii, peanuts]. 101511
Studies on *Pythium* **oligandrum,** an aggressive parasite of other fungi. 101658
Efficacy of pyroxychlor in controlling Pythium polymorphon in the *Pythium* **polymorphon-Meloidogyne** Hapla root disease complex of celery [Root-knot nematode, systemic fungicide]. 102015
Olpidium brassicae [vector of] tobacco necrosis virus, and *Pythium* spp. in **relation** to rusty root of carrots in Ontario and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
Pythium **sylvaticum** in Canadian forest nurseries [Damping-off, Pinus resinosa]. 101385
The assessment of fungicides for control of pea root rot [Aphanomyces euteiches, Fusarium solani, *Pythium* **ultimum,** Rhizoctonia solani] in the field. 101567

QUACKGRASS

Quackgrass **[Agropyron** repens] control in croplands. 102100

QUAIL

A study of the influence of mesonephric mesenchyme on the Wolffian duct in birds using heterospecific [quali-chick and *quail-duck]* **associations.** 096447
Quantitative aspects of the colonization of the gonads by germ cells in the *quail* **embryo** (Coturnix coturnix japonica). 096449
Plurality in the determinism of organophosphorus teratogenic effects [Insecticide residues in *quail* **embryos].** 102688
Growth of broilers and *quail* **fed** Fusarium (Gibberella zeae)-infected corn and zearalenone (F-2). 096755
The skeletal length-body weight or total bone length relationships of the **growing** *quail,* Cotrunix coturnix japonica. 096536
Metabolism of avian twitch and tonus muscle *[Quail,* **guineahen,** broiler chicken]. 096313
Vitamin D metabolism: physiological regulation in egg-laying **Japanese** *quail.* 096188
Localizaion study of the primordial germ cells in embryos of the **Japanese** *quail* by means of ultraviolet irradiation. 096281
Immunohistochemical localization of LH [lutenizing hormone]-producing cells in the adenohypophysis of the **Japanese** *Quail,* Coturnix coturnix japonica. 096307
Effect of photoperiod upon age and maintenance of sexual development in female Coturnix coturnix japonica [**Japanese** *quail].* 096510
Strain rate and temperature sensitivity of the crack initiation force in intact **Japanese** *quail* eggs. 096516
Erythrocyte 6-phosphogluconate dehydrogenase isozymes in the **Japanese** *quail* (Coturnix coturnix japonica). 096533
Cycloleucine and methyl-alpha-D-glucoside transport in tissue sections of magnum mucosa of laying **Japanese** *quail* as affected by egg formation cycle. 096598
Sexual maturation and productivity of **Japanese** *quail* fed graded concentrations of mercuric chloride. 096764
Studies on the sodium requirement of growing **Japanese** *quail.* 096765
Genetic parameters of organ and body weights in the **Japanese** *quail.* 097007

QUANTUM

Quantum **yield** and conformational changes during greening and bleaching of Chlorella prototheocoides [Algae]. 099925
The effect of mono- and divalent cations on the *quantum* **yields** for electron transport in [spinach] chloroplasts. 100377

QUARANTINE

Use of X-ray analysis in **plant** *quarantine* for assessment ofseed quality. 101953

QUENCHING

Structural requirements for steroid binding and *quenching* of **albumin** fluorescence in bovine plasma albumin. 096249

QUERCETIN

Flavanoids of Acacia suma **heartwood** *quercetin* and hyperin 3', 7-dimethyl ether. 098204

QUERCUS

Maturation of Shumard and white oak [Quercus shumardii, *Quercus* **abla]** acorns. 100636
Microbial degradation of lignocellulose [by white-rot fungus, Polyporus versicolor]: the lignin component *[Quercus* **albus,** Acer rubrum, Typha latifola]. 098181
Phlebia chrysocrea causes a heart rot of oaks *[Quercus]* **andother** hardwoods. 101558
Certain features of the population structure of **English** *oak[Quercus* robur] in the conditions of the northeastern part of its habitat area. 098149
Note on dendrochronology of antique oaks *[Quercus]* of **Eyzin-Pinet** (Isere). 098192
Fine structure of early endosperm in *Quercus* **gambelii.** 098963
Shoot morphology of a one-year oak tree *[Quercus]* and **leaf** anatomy of Betula pendula Roth. in regions of Karaganda and Leningrad. 099054
Study of the population structure of durmast **oak** *(Quercus* petraea Liebl.). 098161
Viruses and virus-like diseases in **oaks** *(Quercus* robur and Quercus sessiliflora). 101822
Study of assmilatory apparatus of the undergrowth in connection with light conditions under the canopy in the forest-steppe oak woods *[Quercus,* **photosynthesis,** solar radiation]. 100690
The drying out of oak *[Quercus]* in **plantings** from the Voroshilovgrad Region. 097899
Symbiosis between coccids (Coccoidea, Margarodidae) and other insects. I. Components of the symbiotic system in the highland of Costa **Rica** *[Quercus].* 102835
Some problems of intraspecific variability of English oak *[Quercus* **robur]** and the methodology of its study. 098159
Weeding northern red oak *[Quercus* **rubra]** plantations on theCmberland Plateau [Tennessee]. 102210
Viruses and virus-like diseases in oaks (Quercus robur and *Quercus* **sessiliflora).** 101822
Maturation of Shumard and white oak *[Quercus* **shumardii,** Quercus abla] acorns. 100636
Intraspecific variability of the northern Caucasus oaks *[Quercus]* and its **significance** in breeding. 098152

QUINCE

Investigations on the respiration of fruits in some *quince* **varieties** aimed at establishing an optimum picking date. 100437

QUINONE

Para-hemigossypolone: a sequiterpenoid **aldehyde** *quinone* from Gossypium hirsutum [Cotton, Heliothis virescens, Heliothis zea]. 102296
Isoprenoid *quinones* and tocopherols in bulbs and leaves of Iris hollandica; occurrence of a new quinone. 100401
Quinones: **nature,** distribution and biosynthesis [in plants]. 099766
Isoprenoid quinones and tocopherols in bulbs and leaves of Iris hollandica; occurrence of a **new** *quinone.* 100401

QUINONOID

Uncoupling of electron transport by **anionic** *quinonoid* redox indicator dyes [Spinach]. 100517

RABBITS

Baroreceptor effects on renal and adrenal nerve **activity** *[Rabbits].* 096179
Factors determining the rate of relaxation of *rabbit* **aortic** strips after an exposure to noradrenaline. 096491
Effects of supply and withdrawal of fluoride on the concentration of fluoride and glycosaminoglycans in cortical **bone** from *rabbits.* 096380
Positions and opportunities of our *rabbit* **breeding** research. 096862
Treponema pallidum infection in subcutaneous polyethylene **chambers** in *rabbits.* 097383
Partial purification and some properties of glucose 6-phosphate dehydrogenase from Eimeria stiedai (Lindemann, 1865) Kisskalt & Hartmann, 1907 (Protozoa: **Coccidia)** *[Rabbits].* 097308
Common *rabbit* diseases. 097159
Gastrointestinal control of sodium excretion in sodium-depleted **conscious** *rabbits.* 096181
Temporal relationships of barosensory attenuation in **conscious** *rabbits.* 096186
The measurement of production rates of volatile fatty acids in the caecum of the **conscious** *rabbit.* 096271
Effect of aflatoxin B1 and rubratoxin B on bacteriophage and *rabbit* **cornea** cells [Biological assays]. 095997
Metabolism of a new herbicide, tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in mouse, rat, *rabbit,* **dog,** duck, and fish. 097824
Accessory spleens in **domestic** *rabbits* (Oryctolagus cuniculus). I. Frequency, description, and genetic factors. 096566
Accessory spleens in **domestic** *rabbits* (Oryctolagus cuniculus). II. Increased frequency in hematological diseases and experimental induction with phenylhydrazine. 096567
Coccidia (Eimeriidae) parasitic of [the **domestic** *rabbit]* Oryctolagus cuniculus domestica (L.); biomorphology and differentiation of Eimeria matsubayashii, Tsunoda 1952, in Sp. 097616
Increased plasma creatine kinase activity in *rabbits:* **effect** of systematically repeated blood sampling. 096349
Low temperature preservation of *rabbit* **embryos.** 096470
Effects of adenosine on adrenergic neurotransmission; prejunctional inhibition and postjunctional **enhancement** *[Rabbits].* 096490
Fluroescence study of epsilon-ADP [adenosine diphosphate] bound to *rabbit* **F-actin:** structural change in the adenine subsite of F-actin under the influence of heavy meromyosin. 096354
Experimental atherosclerosis in *rabbits* **fed** cholesterol-free diets. 5. Comparison of peanut, corn, butter, and coconut oils. 095055
Study of the athresis of follicules in the ovary of **female** *rabbit.* 096507
Toxicity of delta9-tetrahydrocannabinol (THC) administered subcutaneously for 13 days to **female** *rabbits.* 097830
Cellular ion route in *rabbit* **gallbladder** epithelium. 096263
Hepatic **gluconeogenesis** in the *rabbit.* 096397
Tension development in skinned **glycerinated** *rabbit* psoas fiber segments irrigated with soluble myosin fragments. 096253
Experimental poisoning from Pseudocalymma elegans [Bignoniaceae] in *rabbits* and **guinea** pigs [Plants poisonous to cattle]. 097837
The fate of ME7 scrapie infection in rats, **guinea-pigs** and *rabbits.* 097607
Study of A100 allotypic specificity of *rabbit* **immunoglobulins.** The cross-reactivity between A100, a1 and a3. 097330
Blood hyperviscosity during Trypanosoma (Trypanozoon) brucei **infections** of *rabbits.* 097396
Establishment of **integrated** *rabbit* farm. I. 094208
Characterization of angiotensin receptors in *rabbit* **isolated** atria. 096295
The effects of methacholine and calcium deprivation on the release of the false transmitter, alpha-methyladrenaline, from the **isolated** *rabbit* heart. 096492
A pseudorabies virus-specific sulfated moiety *[Rabbit* **kidney** cells]. 097667
Seasonal and regional abundance of ticks (Ixodidae) on *hares* **(Leporidae)** in Kenya. 102588
The development of the electroretinogram in normal and **light-deprived** *rabbits.* 096503
Lymphosarcoma in a *rabbit.* 097683
Effect of phenformin and ethyloestrenol on blood fibrinolytic activity of *rabbits* **maintained** on high chloesterol diet. 095092
Sexual behaviour following castration in experienced and inexperienced **male** *rabbits.* 097075
Correlations between various pathways of carbohydrates metabolism under conditions of in vivo administration of metabolis inhibitors. II. Metabolic inhibition by **malonate** *[Rabbits].* 096549
Changes in lipogenesis during *[rabbit]* **mammary-gland** development. 096586
Inhibition of sodium transport by antiotensin II in the main duct of the *rabbit* **mandibular** gland isolated and perfused in vitro. 096498
Digestion in steers, sheep, and *rabbits* as **measures** of clover nutritive value. 096618
Estimate of the *rabbit* **meat** costs and contribution of the feeding costs. 094401
[Dermal] myiasis caused by Lucilia sericata **(Meigen)** in a *rabbit.* 102614
Effect of hormones on the activity of acetyl-coenzyme A carboxylase in explants of mammary gland from **mid-pregnant** *rabbits.* 096588
Lactate and malate dehydrogenase activities during the ontogeny of the Mongolian gerbil, rat, **mouse,** and *rabbit.* 096316
Bryological excursion to the "sand-pit of the *hare"* **[Musci](December** 17, 1972). 098566
A catheptic protease active in ultimate pH [hydrogen-ion concentration] of *[rabbit]* **muscle.** 096171
Electrophoresis of serum proteins in the **normal** *rabbit.* 096532
Changes in the sensitivity to hypoxia and glucose deprivation in the isolated **perfused** *rabbit* heart during perinatal development. 096496
Lipoproteins in serum of rat, mouse, gerbil, *rabbit,* **pig** and man studies by electrophoretical and immunological methods. 096317
Partial purification of antigens collected during in vitro cultivation of the larval stages of Taenia **pisiformis** *[Rabbits].* 097466
Uterine secretion-like proteins in the seminal **plasma** of the *rabbit.* 096971
Further studies of the surface epithelium covering **preovulatory** *rabbit* follicles with special reference to lysosomal alterations. 096306
Blood flow to the uterine tube (oviduct) of the early pregnant and **pseudopregnant** *rabbit.* 096854
Research on the relationship between yeasts and bacteria: Candida krusei, Candida tropicalis, Candida pseudotropicalis, Hansenula anomala and Corynebacterium pyogenes [Experimental genital **pyobacillosis** in *rabbits].* 097646
Temporal changesin circulating steroids during prostaglandin F2alpha induced abortion in the **rat** and *rabbit.* 097018
Method for the analysis of the entrainment between heart rate and ventilation **rate** *[Rabbits].* 096499
Use of urea in the nutrition of monogastric animals. I. Partial or complete substitution of soybeans for urea in a *rabbit* **ration.** 096788
Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in graafian follicles and corpora lutea of *rabbits,* **rats,** and pigs: regulation by ATP [adenosine triphosphate], and some comparative properties. 096328
The percutaneous absorption and disposition of the antibacterial agent bronopol in **rats** and *rabbits.* 097812
Rabbit **rearing** in France. 096073
Free and membrane-bound ribosomes. V. Iodination of *rabbit* **reticulocyte** polysomes. 096257
Effect of heat treatment on the ATPase [adenosine triphosphatase] activity of various sarcoplasmic reticulum preparations *[Rabbit* **skeletal** muscle]. 096343
Mechanism of an active transport of calcium. Ethoxyformylation of sarcoplasmic reticulum vesicles *[Rabbit* **skeletal** muscles]. 096426

Amino-acid sequence of tropomyosin-binding component of *rabbit* **skeletal** muscle troponin. 096521
Effect of troponin component TN-C *[rabbit* **skeletal** muscle] on the inhibition of adenosine triphosphatase activities of mitochondria and chloroplasts by troponin component TN-I [beef heart mitochondria]. 099719
Genetic resistance in Douglas-fir [Pseudotsuga menziesii] to damage by **snowshoe** *hare* and black-tailed deer. 097881
Inhibition of fertilization in vitro by treatment of rabbit spermatozoa with univalent isoantibodies to *rabbit* **sperm** hyaluronidase. 096960
A comparison of the inhibition of the metabolism of ram and *rabbit* **spermatozoa** by alpha-chlorohydrin in vitro. 097044
Effect of hormones on lipogenesis in mammary explants taken from *rabbits* at different **stages** of pregnancy and lactation. 096587
Evolution of aurosomes in *rabbit* **synovial** membrane. 097772
Prostaglandin-mediated inhibition of noradrenaline release: its resistance to variations in rate or prostaglandin **synthesis** *[Rabbits].* 096165
Artificial insemination of *rabbits*—the **technique** and some biological problems. 097001
Initial stages of differentiation of *[rabbit]* **thymocytes** in the plasma membrane. 096325
Secretion of new digestive enzyme by pancreas with minimal transit **time** *[Rabbits].* 096185
A method for the study of the inhibition of DNA synthesis by *rabbit* **tissue** extracts. 096293
Viability of horse embryos after storage and long-distance **transport** in the *rabbit.* 096972
Isometric and isotonic length-tension relations and variations in cell length in longitudinal smooth muscle from *rabbit* **urinary** bladder. 096159

RABIES

The mouse inoculation test in *rabies* **diagnosis:** early diagnosis in mice during the incubation period. 097295
The situation for epizootic diseases [in Sweden and the world at large, especially foot-and-mouth **disease** and *rabies].* 097438
Frequency of *rabies,* **distribution** and density of foxes [vectors of disease] studies in Baden-Württemberg. 097343
Tests with the **ERA** *rabies* virus in Brazil. I. Distribtuion of the virus in inoculated cattle and inclusion formation in the central nervous system. 097474
Vampire bats and their effect on cattle production in LatinAmerica [as a *rabies* **transmitter**]. 097672
Occurrence of *rabies* **virus** in the medulla and medulla oblongata of naturally infected horses and its absence from other areas of the central nervous system and other tissues. 097471
Assessment of fox control operations on **wildlife** *rabies.* 097340

RACE

Life cycle, pathogenicity, histopathology, and host range of *race* 5 of the **barley** root-know nematode [Meloidogyne naasi]. 101931
Characters and specificity of two **biological** *races* of [the nematode] Heterodera on Dianthus caryophyllus. 101961
The reaction of Thatcher wheat to **Canadian** *races* of stem rust [Puccinia graminis tritici]. 101388
Crossing in stem nematodes and **caryotypes** of their different *races.* 101911
Results from the breeding of the Hungarian Friesian **cattle** *race.* 097054
Studies in Festuca. 7. Chromosome atlas. 2. An appraisal of **chromosome** *race* [geographical] distribution and ecology, including Festuca pratensis var. apennina (De. 099161
Metabolism of phaseollin by different *races* of **colletotrichum** lindemuthianum [a pathogen of beans]. 101498
Reaction of strawberry seedlings inoculated with *race* **composites** of Phytophthora fragariae Hickman. 101484
Study of the *race* **composition** of rust pathogens of bread cereals in the general problem of developing resistant varieties. 099281
Study of physiological races of Colletotrichum lindemuthianum [Fungi, plant pathogens]: extra and intracellular polygalacturonases produced by beta and **delta** *races* cultivated in vitro. 099619
Corn rusts [Puccinia sorghi, Puccinia polysora, Physopella zeae]: types, *races* and **destructive** potential. 101583
Studies on the growth of the silkworm, Bombyx mori L. V. *Racial* **differences** of the relative increase in body weight and silk gland weight in the fifth instar larvae. 103280
Methods of *race* **differentiation** of cereal smut pathogens [Ustilaginales]. 101462
Bacteriological examinations of cervical mucus samples of mares within the framework of a survey on breeding hygiene in the warm blooded horses of the **Hanover** *race,* 1971-1975. 097488
Technique of tendon transplantation by insertion in the *race* **horse.** 097134
Sex ratio of offspring in domestic animals: *race* **horses** in Japan. 096976
Pathogenicity of Bipolaris (Helminthosporium) setariae and Bipolaris **maydis** *races* T and O to carnation, geranium and snapdragon [Dianthus caryophyllus, Pelargonium domesticum, Antirrhinum majus]. 101557
Study of **physiological** *races* of Colletotrichum lindemuthianum [Fungi, plant pathogens]: extra and intracellular polygalacturonases produced by beta and delta races cultivated in vitro. 099619
Race D of **Phytophthora** phaseoli [Blight of lima beans]. 101561
Growth of *races* 38 and 17, **Puccinia** graminis f. Sp. Tritici, on artificial media. 101376
Race-specific **resistance** of barley to powdery mildew [Erysiphe graminis]. 101349
Occurrence of an unknown **wild** *race* of Mangifera in Tripura [Mangoes]. 098596
Polyploid hybrids of industrial **yeast** *races* and prospects for their practical application [Saccharomyces cerevisiae, Saccharomyces carlsbergensis]. 099861

RACHIS *see* SPINE

RADAR

Radar **observations** of insect flight. 103112

RADIAL

The *radial* **clearance** between the case and blade of the soil rotary cultivator-thrower. 103554
Variability of slash pine [Pinus elliottii] wood in the *radial* **direction** [Wood properties, fibers]. 098233

RADIATION

Radiation **action** on bread making yeast Saccharomyces cerevisiae [Fermentative action]. 095841
Field measurements of energy in the 0.4-0.7 micron range II [Photosynthetically **active** *radiation].* 094114
The construction and long term field use of inexpensive aerial and aquatic integrating photometers [Photosynthetically **active** *radiation].* 098867
A comparison of experimental and theoretical spectra for photosynthetically **active** *radiation* at various atmospheric turbidies. 099469
Ways of increasing the coefficient of utilization of photosynthetically **active** *radiation* in growing potatoes. 100456
The temperature variation of the canopy and trunk of Scots pine [Pinus sylvestris] and its relation to the net input of *radiation* and to **air** temperature. 097943
Soil reflection coefficient and its consequences for soil temperature and plant growth *[Radiation* **balance**]. 103833
Radiation and **chemical** wood modification by steamphase inpregnation. 098349
Notes on Epidendrum (Encyclia) fragrans and **Epidendrum** *radiatum* [Descriptions]. 098663
Effects of **gamma** *radiation* on anthesis of Gladiolus x gandavensis van Houtte. 100394
Global *radiation* beneath the canopy and in the clearing of a suburban hardwood forest [Pinus]. 097872
The character of radiosensitivity change of seeds [of peas] in the process of imbibition and germination *[Radiation* **injuries**]. 100596
Biological action of strontium-90 [isotope] on the seedlings of pine (Pinus sylvestris L.) in relation to vertical distribution of radionuclide in soil *[Radiation* **injuries**]. 104643
About the possibility of stimulating the system of restoration [after *radiation* **injury**] by low levels of ionizing irradiation [Experiments on pea seeds]. 102051
Biological and biochemical changes in the opium poppy (Papaver somniferum L.) under the effect of **ionizing** *radiation.* 099727
Volatile flavor components of beef boiled conventionally and by **microwave** *radiation.* 095691
Protection of Drosophila spermatogonia from *radiation-induced* **mutations.** 102955
Analysis and estimation of the **net** *radiation* above a Panicum maximum culture in a humid equatorial zone. 098832
A spectroradiometer for measuring the spectral distribution of *radiation* in **plant** canopies. 099999
Radiation **regime** and the utilization of solar energy by barley crops under different levels of mineral nutrition. 100201
Solar *radiation* and heat balance in animals and man. 096562
Climate, topography and germination [**Solar** *radiation].* 098858
Phytoplankton production in the rivers Thames and Kennet at Reading during 1970 [Algae, **solar** *radiation].* 098864
Tube solarimeter and automatic porometer [Measurement of **solar** *radiation* and stomatal resistance]. 100005
Study of assmilatory apparatus of the undergrowth in connection with light conditions under the canopy in the forest-steppe oak woods [Quercus, photosynthesis, **solar** *radiation].* 100690
Lignin influence in **styrol** *radiation* polymerization in birch wood cell wall. 098336
Variability of the virus of classical fowl plague exposed to **ultraviolet** *radiation.* 097635

RADICALS

Application of fertilizers in *radical* **improvement** of grasslands in the Kokchetav Region. 104054
Formation of *free-radical* **products** by the reaction of dehydroascorbic acid with amino acids. 095456

RADIO

Effect of aldicarb on growth and radio-carbon (14C) and *radio-phosphorus* (32P) **assimilation** by Rhizobium japonicum. 102745
Investigations on radio-sensitive and *radio-resistant* **populations** of Drosophila melanogaster. VII. High relative radio resistance to the induction of sex-linked recessive lethals in stage-7 oocytes of RO I4 [irradiation]. 103056
Effect of aldicarb on growth and *radio-carbon* (14C) and **radio-phosphorus** (32P) assimilation by Rhizobium japonicum. 102745
Investigations on *radio-sensitive* and **radio-resistant** populations of Drosophila melanogaster. VII. High relative radio resistance to the induction of sex-linked recessive lethals in stage-7 oocytes of RO I4 [irradiation]. 103056
Experience with the management of operation of concentrated agricultural machines by mean of *radio* **stations.** 103496
USDA [U.S. Dept. Of Agriculture] *radio* and **television** archives established at NAL [National Agricultural Library]. 093957
Use of *radio* and **television** in [agricultural] extension work in the United States. 094119

RADIOACTIVITY

Accumulation and biological action of strontium-90 [isotope] in the early phases of development of Pinus sylvestris L. *[Radioactive* **contamination**]. 104642
Desorption iron-59, cobalt-60, and strontium-90 [isotopes] from soil by plant extracts in the conditions of dynamic experiments *[Radioactive* **contamination**]. 104644
Effect of soil moisture content on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil—solution *[Radioactive* **contamination**]. 104645
Effect of soil moisture on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil-plant *[Radioactive* **contamination**]. 104646
Experimental study of the accumulation of cesium-137 [isotope] by lichens from aqueous solutions (Cladonia rangiferina (L.) Web. as an example *[Radioactive* **contamination**]. 104648
Migration of stontium-90 and cesium-137 [isotopes] in forest soils *[Radioactive* **contamination**]. 104649
The role of organic matter and soil moisture in the process of cesium-137 and cerium-144 [isotopes] transfer from soil into a solution *[Radioactive* **contamination**]. 104650
Effect of the water-soluble substance from forest litter on the absorption of *radioactive* **isotopes** in soil [Contamination]. 104647
Apolar movement of zeatin through Coleus petioles and Pisum [pea] roots as estimated by bioassay and *radioactive* **labeling.** 099472
The measurement of plant polyadenylic acid by hybridisation with *radioactive* **polyuridylic** acid [Acer pseudoplatanus]. 100676
Effect of the hydrogen-ion concentration of applied solution on *radioactive* **sorption** of iodide by soils. 103816
Radioactive **wastes.** 104577

RADIOBIOLOGY

Radiobiological **determination** of assimilable phosphate supply in peat-bog soils. 103735

RADIOGRAPHY

Radiographic **diagnosis** of bone tumors and bone infection in the dog. 097118
Radiographic **examination** and functional evaluation of the respiratory system [Dogs]. 097119
Effect of different concentrations of F-57 on the frequencyof mutations induced by irradiation (300 *roentgens)* in **mice.** 096920
Special techniques in **veterinary** *radiography:* the femur. 097153
Use of **X-ray** *radiography* for studying seed quality in tropical forestry [Pests, disease, and damage]. 102034

RADIOISOTOPES

A method for estimating blood meal volume in Aedes **aegypti** using a *radioisotope.* 102989
Investigation of heterogenous surface reactions in soil-solution systems by means of *radioisotope* **labelling.** I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657

RADIONUCLIDES

Biological action of strontium-90 [isotope] on the seedlings of pine (Pinus sylvestris L.) in relation to vertical distribution of *radionuclide* in **soil** [Radiation injuries]. 104643

RADIOSENSITIVITY

The character of *radiosensitivity* **change** of seeds [of peas] in the process of imbibition and germination [Radiation injuries]. 100596
Radiosensitivity of the **flesh** fly, Sarcophaga bullata (Parker), throughout larval and pupal life. 103087
Radiosensitivity of the **genus** Citrus [Genetic effects]. 099408
Alteration of *radiosensitivity* of **pea** seeds exposed to low levels of gamma-irradiation. 100595
Activity and the isoenzymatic composition of peroxidase in the ontogenesis of irradiated maize **plants** of different *radiosensitivity.* 099285
Change of *radiosensitivity* of the **seeds** of Scotch pine (Pinus sylvestris) in relation to the duration of soaking [Gamma irradiation, mitotic activity, chromosomal abberations]. 100685

RADISHES

Phytochrome-induced changes of beta-fructosidase activity in *radish* **cotyledons.** 100551

Nitrate reductase and nitrite activity in **dark-grown** *radish* seedlings: relationto the supply of NADPH [nicotinamide-adenine dinucleotide phosphate]. 100535
Radish **growing** in unheated polyethylene [plastic] greenhouses in the Sandanski-Petrich region. 101151
The increase of seed fertility of Brassicoraphanus through cytological irregularity *[Radishes,* **Japanese** mustard]. 099214
Studies on forecasting of mosaic disease occurrence on **Japanese** *radishes.* I. Occurrence of mosaic disease on Japanese radish and types of its causal viruses in Hiroshima Prefecture. 101735
Trials for standardization of aphid flight survey with yellow water pan trap. II. Suitable location of water trap for catching alate aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, **Japanese** *radishes].* 102387
Lyubimi—a **new** *radish* variety for field production. 101146
Effect of envorinomental fluctuations on the pollen sterility in homo- and heterozygotes of *radish* **(Raphanus** sativus L. Var. Radicola pers.). 099150
Studies of chloroplasts in the inbred lines of *radish* **(Raphanus** sativus L. var. radicola Pers.) and their hybrid. 099162
Peculiarities of the chemical composition of *radishes* in the **region** north of the Arctic Circle. 100391

RADOPHOLUS

Potential [plant] hosts of burrowing nematode *[Radopholus* **similis]** in Fiji. 101897
Occurrence, host range and histopathology of *Radopholus* **similis** in ginger (Zingiber officinale) [Nematodes]. 102017

RAFOXANIDE

Degradation and secretion of anthelminthic 131I **[iodine** *isotope]-rafoxanide* in cattle and sheep. 097235

RAGWORT

Ragwort **[Senecio** jacobaea, Senecio aquaticus, poisonous to farm livestock]. 102157

RAILROADS

Approaches to the forests [by **road** and *rail].* 096393

RAIN

Influence of **artificial** *rainfall* and washing on the benomyl and thiophanate-methyl residue content in lettuce. 102756
Comments on the mechanism of soil **detachment** by *rainfall.* 103744
Store **excess** *rain* water [Drainage]. 104318
Rainfall and **fluctuating** plant populations in relation to distributions and numbers of desert rodents in southern Nevada. 098836
Studies on mountain landslide fromations by **heavy** *rain* in July 1972 in Amakusa district. 104170
Computed leaching of pesticides from soil as influenced by **high** *rainfall,* plant growth and time of application. 102622
Variations of *rainfall* in the **Ivory** Coast forest zone. 104267
An **objective** *rainfall* interpolation and mapping technique. 104261
Erodibility of selected Hawaii soils by *rainfall* **simulation.** 104166
MUSAT: SRA [moisture utilization in semi-arid tropics: **summer** *rainfall* agriculture] project. A data base serving agriculture in the semi-arid tropics. 094104

RAKING

Development of a tractor drawn **field** *rake.* 103443

RAMAN

Derbesia stage in the life history of Halicystis boergesenii Iyengar and *Raman* **(Chlorophyceae,** Derbesiales). 099609

RAMBOUILLET

Comparison of body weights of Gaddi, Poonchi and their crosses with *Rambouillet* **[Sheep].** 096411

RAMS

Occurrence of multiple forms of bull and *ram* **acrosin** during proenzyme activation and inhibition of activation by p-nitrophenyl p'-guanidinobenzoate. 096915
Fertility of Merino ewes. 1. The effect of ram-ewe ratio and paddock size. 2. *Ram-seeking* **activity** and the duration of heat. 096997
Infectious epidiymitis in *rams* and its **control.** 097386
Secretion of LH [luteinizing hormone] in *rams* **exposed** to two different photoperiods. 096964
The effect of the basal rations [wheat straw] on the tested foodstuff *[Rams,* **feeding].** 096621
Blade tenderization of wholesale cuts from *ram* **lambs** and kid goats. 095696
Mutation breeding of Chrysanthemum **morifolium** *Ram.* Using in vivo and in vitro adventitious bud techniques. 099200
Optimum *ram/ewe* ratios. 097016
A comparison of the inhibition of the metabolism of *ram* and **rabbit** spermatozoa by alpha-chlorohydrin in vitro. 097044
Fertility of Merino ewes. 1. The effect of *ram-ewe* **ratio** and paddock size. 2. Ram-seeking activity and the duration of heat. 096997
Some biochemical and immunological properties of proteins of bull and *ram* **seminal** plasma, and possibilities of their practical utilization in animal reproduction. 097082
The Dam Line *[rams]*—**sires** for mothers of meat lambs. 097026
Measurement of adenylate cyclase activity in *ram* **spermatozoa.** 096963
Lipid peroxides in *[ram]* **spermatozoa;** formation, role of plasmalogen, and physiological significance. 098390
Oestrous activity and lambing rates in ewes following varying periods of association with **vasectomized** *rams* prior to the commencement of the mating period. 096853

RANGELAND

Nitrogen fixation by intact **annual** *rangeland* species in soil [Clover, Bromus mollis]. 103664
Rangeland **insect-plant** associations on the Pawnee Site. 102804
Innovation technology transfer and nomadic pastoral societies [Land use, *rangeland* **management].** 094248
Why little bluestem [Andropogon scoparius] is a key plant in the composition of **Nebraska's** *rangelands.* 100793
Rangeland—a **proper** prairie use. 100791
Resource assessment and program: a preview of the forest and *rangeland* **renewable** resources planning act of 1974. 098035
Stocking rates for Colorado **sandhill** *rangeland* [Beed cattle]. 100948
A note on the significance of Eucalyptus populnea for buffel grass [Cenchrus ciliaris] production in infertile **semi-arid** *rangelands.* 101006
Blackbrush (Coleogyne ramosissima Torr.) on southwestern **Utah** *rangelands* [Range ecology]. 098846

RANGES

Role of the Bryophyta and lichens in multidimensional analysis applied to the floristical groups of Pinus sylvestris L. Woodlands, Pinus uncinata Mill. woodlands in the eastern Pyrenees, the Causses and the southwestern **Alps** *range.* 098781
Phytophthora cinnamomi in the **Brisbane** *Ranges:* patterns of disease extension. 101331
Factors of plant competition in seeding Pacific Northwest **bunchgrass** *ranges.* 100745
Herpesvirus encephalitis in *range* **calves.** 097523
Changes in infrared spectra of lignin at its modification. III. Changes in infrared-spectrum of spruce MWL at methylation (within the *range* of 1500-1000 **cm-1).** 098297
For rainfed areas—a *range* of **cowpea.** 100819
Blackbrush (Coleogyne ramosissima Torr.) on southwestern Utah rangelands *[Range* **ecology].** 098846
Range **extension** of three conifers [Pinus aristata, Pinus flexilis, Juniperus occidentalis] and a dwarf mistletoe in the Panamint Moutains, Death Valley National Monument. 098651
The **geographical** *range* and distribution of the genus Apis L. Bees. 103143
Sogdianopsis admirabilis, a possible representative of the flowering plants from the Middle Jurassic deposits of **Gissar** *Range.* 098733
Pathogenicity and **host** *range* of the falcon herpesvirus [Includes poultry]. 097347
Host *range* and thermal inactivation of a cowpea isolate of Sclerotium rolfsii. 101500
Host *range* of maize chlorotic dwarf virus [Graminella nigrifrons, insect vectors]. 101785
Life cycle, pathogenicity, histopathology, and **host** *range* of race 5 of the barley root-know nematode [Meloidogyne naasi]. 101931
Occurrence, **host** *range* and histopathology of Radopholus similis in ginger (Zingiber officinale) [Nematodes]. 102017
Seedling vigor of some **important** *range* species as affected by nitrogen and phosphorus. 100073
Field measurements of energy in the 0.4-0.7 **micron** *range* II [Photosynthetically active radiation]. 094114
Grazing potential of Louisiana **pine** *forest-ranges* [Cow-calf units]. 098060
New loess profiles on the **Sokal** *Range.* 103702
Meat: *range* of **subdued** intervention [Prices]. 094593
Determination of *ranges* of use for **thinning** combines with the aid of data presently available on forest conditions. 098434
Long *range* **trends** and forms of organization of work in agriculture. 094317

RANUNCULACEAE

Determination and differentiation of the procambium in the shoot apex of Clematis **vitalba** L. *(Ranunculaceae).* 099024

RANUNCULUS

The effect of storage temperature and sowing date on flowering of *Ranunculus* **asiaticus** seeds. 101072
New taxa of the *Ranunculus* **auricomus** complex in Finland. IV. 098488
Primary productivity of several meadow [Alchemilla, *Ranunculus,* **Calamagrostis]** communities in the southern Urals. 098857
Experimental study of population variability of creeping buttercup *[Ranunculus* **repens].** 098721

RAPE

Protoplast regeneration and stem embryogenesis of haploid **androgenetic** *rape.* 100240
Identification of main nucleolytic activities on the **bee-gathered** *rape* pollen (Brassica napus L.). 100146
Actual problems in the development of resistance to pesticides in pests of cultivated plants as exemplified by the *rape* **blossom** beetles [Meligethes aeneus, Ceutorrhynchus] and some species of aphids. 102349
Properties of ribonuclease, phosphodiesterase, and decyclizing phosphodiesterase from *rape* **(Brassica** napus L.) pollen. 100147
Tissue culture, a new tool for propagating and **breeding** *rape* and other plants. 100777
Broom *rape* [Orobanche] parasitic on caraway [Carum carvi]. 102084
B. S. 70-tora brown sarson for Uttar Pradesh *[Rape* **cultivation].** 100988
Production of certified seeds of oil and **forage** *rape.* 100762
Important root and stalk diseases of *rape* in **Germany.** 101905
Growing *rape* in foreign countries. 100931
Prospects of **growing** *rape.* 100996
Comparison of fatty acids content in soybean and *rape* **lecithins.** 095800
Breeding better *rape* and **linseed** for Western Australia. 099318
Forage yield of *rape* in **mixed** cultivations for the production of winter forage [Brassica napus oleifera]. 100781
Bright future for British **oilseed** *rape* [production]. 094680
Causes and role of diapause of *rape* **sawfly** (Athalia colibriChrist., Hymenoptera Tenthredinidae). 102350
Varieties of autumn yellow-seeded rape and autumn **turnip** *rape.* 100986
Winter *rape,* a well known oil and honeybee plant. 101308
Research on the species composition of weevils (Ceuthorrhynchus spp.) and on the causes of increase of infestation of **winter** *rape* by these pests on the territory of Rzeszow province. 102290
Cultivation of different, special crops *[Rape,* **yellow** mustard]. 100907
Varieties of autumn **yellow-seeded** *rape* and autumn turnip rape. 100986
The ultrastructural localization of polyphenol oxidase in chloroplasts of Brassica napus cv. **Zephyr** *[Rape].* 100334

RAPESEED

Amino acid digestibility studies of **autoclaved** *rapeseed* meals using an in vitro enzymatic procedure. 096016
Nuclear magnetic resonance spectrometry as a quick method of determination of oil **content** in *rapeseed.* 095812
Breeding and production of low **erucic** *rapeseed* in Europe. 100776
Microstructure of *rapeseed.* 098927
Rheological, chemical and microstructural studies of *rapeseed* **protein** dispersions. 095778
Evaluation of **Tower** *rapeseed* meal for young pigs. 096630
Progoitrin [the main thioglucoside of *rapeseed]* **transformation** products. I. 095839
A review of research on the use of low glucosinolate **type** *rapeseed* meal in rations for poultry. 096623

RAPHANUS

Effect of envorinomental fluctuations on the pollen sterility in homo- and heterozygotes of **radish** *(Raphanus* sativus L. Var. Radicola pers.). 099150
Studies of chloroplasts in the inbred lines of **radish** *(Raphanus* sativus L. var. radicola Pers.) and their hybrid. 099162
Trends in the breeding and cultivation of cruciferous crops [Brassica, *Raphanus,* **Sinapis].** 099306

RASPBERRIES

Crumbly fruit in *raspberries* **[Diseases** with various etiologies]. 101883
Fungus diseases affecting the leaves and canes of *raspberries* in **Idaho.** 101393
Effect of simazine and complete fertilizer on the yield and **quality** of *raspberries.* 102141
Study on the nectar and honey productivity of **red** *raspberry* (Rubus idaeus L.) and European blackberry (Rubus fructicosus L.). 101158
Studies on the growth and productivity of some *raspberry* **varieties.** 101155

RATIONS

The effect of the **basal** *rations* [wheat straw] on the tested foodstuff [Rams, feeding]. 096621
Amino acid supplementation of turkey **breeder** *rations.* 096749
Relation between methionine and inorganic sulphate in **broiler** *rations.* 096762
Complete *ration* can save labor and improve nutrition [Cattle]. 096777
Utilization of seaweeds in the **concentrate** *ration* of growing calves. 096690
Results of all-year use of semifinished feeds in *rations* for **dairy** cows. 096813
Effect of using *rations* **differing** in C/P [calorie/protein] ratio and protein source on the performance of Baladi White chicks. 096619
Relationship of feed intake and *ration* **digestibility** to estimated transmitting ability, body weight, and efficiency in first lactation [Cows]. 096710
Importance of straw quality for the use of straw in *rations* for **fattening** young bulls. 096807

A new method of zootechnical and economical evaluation of **feeding** *rations* distributed to animals destined for meat production. 096780
Influence of various levels of zinc and phytate in the *ration* on **growth** and some blood components in Dokki-4 chicks. 096620
Soybean meal and urea compared as protein supplements in **high-concentrate** *ration* of milking cows and growing goats. 096665
Beet pulp and faba beans in *rations* for **lactating** dairy cows. 096625
Protected fat in *rations* for **lactating** dairy cows. 096637
A review of research on the use of low glucosinolate type rapeseed meal in *rations* for **poultry.** 096623
Sunflower seed cake and mustard oil cake as substitutes for groundnut cake in **poultry** *rations.* 096745
Impact of dryeration on grain elevator performance in a fluctuating energy situation [Elevator profits, energy savings, **price** *rationing,* quantity rationing]. 094375
Use of urea in the nutrition of monogastric animals. I. Partial or complete substitution of soybeans for urea in a **rabbit** *ration.* 096788
A note on the effect of heat on the solubility and in vitro breakdown of groundnut-cake proteins [**Ruminant** *rations].* 096010
Influence of **ruminant** *ration* composition on digestibility [Sheep]. 096365
Effectiveness of the use of industrially produced mixed feeds in **sheep** *rations.* 096694
A role for biotin in fatty liver and kidney syndrome in chicks [caused by *rations* which are **simultaneously** low in biotin, protein and fat]. 096740
Optimum protein level in calf **starter** *rations.* 096646
Amino acid supplementation of low protein turkey **starting** *rations.* 096748
Effects of monensin and urea in finishing **steer** *rations.* 096698
A further study of the use of faba beans in **swine** *rations.* 096622
Testing *rations* for commercial rearing of cows. 096831
An evaluation of cane molasses in **turkey** *rations.* 096617

RATOON

Dissemination and control of *ratoon* **stunting** disease of sugarcane [in Brazil]. 101799

RATS

On the transmission of Salmonella **abortusovis** in *rats.* 097366
Adrenal cortex and avitaminosis A. II. Complementary in vivo and in vitro studies about inhibition of corticoidogenesis in the *rat.* III. **ACTH** [adrenocorticotropic hormone]glycemia response as a test of adrenal activity. 095016
Nutrition and somatomedin. I. Effect of fasting and refeeding on serum somatomedin activity and cartilage growth **activity** in *rats.* 095046
Potentially useful criteria for judging nutritional **adequacy** *[Rats].* 094964
Effect of dietary alpha tocopherol on liver microsomes and mitochondria of **aging** *rats.* 095147
The role of lysyl residue in collagen structure with calcification and **aging** *[Rats].* 096391
Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal **albino** *rats.* 095098
On the nutritive value of various starches for the **albino** *rat.* 095159
Acute oral toxicity of hexachlorocyclohexane (BHC) in **albino** *rats* [Chlorinated hydrocarbon insecticide]. 102700
Pulmonary responses of *rats* to **ambient** levels of ozone. Effects of 7-day intermittent or continuous exposure [Air pollution]. 104594
Responses of the preputial gland and perineal complex of neonatally castrated and **androgenized** *rats* to testosterone during adult life in presence and absence of pituitary. 097013
Electrophysiological evidence for sexual dimorphism and synaptic convergence in the preoptic and anterior hypothalamic **areas** of the *rat.* 096524
Evaluation of protein quality of mixtures based on sunflower meal through *rat* **assays.** I. Growth studies. 095095
Effect of temperature acclimation on activities of serum and hepatic enzymes of the *rat* [**Biochemical** and physiological metabolism]. 096198
Acute, subacute, and residual effects of polychlorinated biphenyl (PCB) in *rats.* I. **Biologic** half-life in adipose tissue. 097819
Growth of Fusarium moniliforme [fungi] on carob aqueous extract and nutritional evaluation of its **biomass** *[Rats].* 099513
Influence of thyroid hormone on norepinephrine metabolism in *rat* **brain** during maturation. 096538
Effect of organophosphate DDVP [dichlorvos] on acetylcholine synthesis of *rat* **brain** [Insecticides, toxicity]. 102721
Intestinal calcium transport: parathyroid hormone and adaptation to dietary **calcium** *[Rats].* 096643
Production of coccidiosis using oocysts, sporocysts, and sporozoites of Eimeria zuernii, Eimeria contorta, Eimeria nieschulzi *[Rats,* **calves].** 097297
Identification of the mucopolysaccharides in catecholamine-containing subcellular particle fractions from various *rat,* **cat** and ox tissues. 096156
Immunoreactive LRF [luteinizing hormone-releasing factor] neurosecretory pathways in mammals [Guinea pigs, *rats,* **cats,** mice]. 096146
Glucose consumption in *rat* **cerebral** cortex in normoxia, hypoxia and hypercapnia. 096155
Studies on the nature of the inhibition of the tumour forming ability of Walker carcinosarcoma cells in *rats* by **chick** interferon. 097727
The effect of disodium ethane-1-hydroxy-1, 1-diphosphonate on the metabolism of vitamin D *[Rats,* **chicks].** 096385
Effect of some wheat mill-fractions on blood and liver lipids in **cholesterol-fed** *rats* [Atherosclerosis]. 095035
Comparisons of carcinogenicities of nickel **compounds** in *rats.* 097851
How to **control** *rats* in a poultry farm. 096114
Food-induced changes in UV [ultraviolet]-absorption spectra of isolated chromatin from liver of *rats* under **controlled** feeding schedules. 095058
Time sequence of lipogenic changes in adipose tissue of *rats* when **converted** from ad libitum feeding to meal-eating. 095152
Protein synthesis in zinc **deficient** *rats* during tularemia. 095149
Induction of abnormal fatty acid metabolism and essential fatty acid deficiency in *rats* by **dietary** DDT. 102656
Teratological evaluation of FD&C Red no. 2—a collaborative government-industry study. V. Combined findings and **discussion** *[Rats].* 097829
Metabolites of 3-phenyl-5-methyl-1,2,4-oxadiazole (PMO) [antitussive agents added to tobacco] in *rats,* **dogs,** and mice. 096415
The metabolism of the antibacterial agent bronopol (2-bromo2-nitropropane-1,3-diol) given orally to *rats* and **dogs.** 097811
Toxicology of vindesine (Desacetyl vinblastine amide) in mice, *rats,* and **dogs.** 097831
The effect of estrogen on calcium binding protein activity in odentogenic **epithelium** of the *rat.* 096386
Eradicate *rats* & snakes from your poultry farm. 096110
Gastrointestinal bleeding and iron absorption in the experimental blind loop syndrome [Malabsorption of both vitamin B12 and **fat,** *rats].* 094960
Adenohypophyseal gonadotrophin concentration in thyroidectomized **female** *rats.* 096277
The effect of cycloheximide on hepatic RNA synthesis and nucleolar size in *rats* **force-fed** a threonine-devoid diet. 095151
Teratological evaluation of zearalenone administered orally to the *rat* [**Fusarium,** mycotoxin]. 097796
Motor and secretory effects of nerves on the parotid **gland** of the *rat.* 096161
The effect of dietary selenium and vitamin E on glutathioneperoxidase and **glutathione** in the *rat.* 095226
Metabolism of serine in **growing** *rats* and chicks at various dietary protein levels. 096607
The fate of ME7 scrapie infection in *rats,* **guinea-pigs** and rabbits. 097607
Quantitative aspects of calcium metabolism and **homeostasis** *[Rats].* 096384
Prolactin-releasing and release-inhibiting factor activities in the bovine, *rat,* and **human** pineal gland: in vitro and in vivo studies. 096332
A unique intracellular aberration related to hexachlorobenzene **ingestion** *[Rats].* 097776
Release of vitamin B12-binding protein from **isolated** *rat* liver perfused with a synthetic medium. 096166
Effects of gonadotrophins on the cumulus oophorus of **isolated** *rat* graafian follicles. 096849
DDT: the degradation of ring-labeled 14C [carbon isotope]-DDT to 14CO2 [carbon dioxide **isotope**] in the *rat.* 102687
Active accumulation of cadmium into the **kidney** of *rats.* 097850
Effect of ragi [flour] feeding on serum cholesterol **level** *[Rats].* 095093
Factors influencing the size, composition and metabolism of very low density **lipoproteins** in the *rat.* 095172
Apparent KmS and apparent concentrations: an apparent conundrum *[Rat* **liver** citrate synthase]. 096395
Influence of glucagon on the metabolism of fructose, D-glyceraldehyde, and dihydroxyacetone in *rat* **liver.** 096399
Interrelations between gluconeogenesis and urea synthesis [in *rat* **liver].** 096400
Pyruvate carboxylase: intracellular localization and regulation [in *rat* **liver].** 096402
A comparison of the metabolic effects of bovine growth hormone and growth factor from Spirometra mansonoides on *rat* **liver** in vivo. 096475
Variations in the response of the thyroid gland of the *rat* to different **low-iodine** diets: correlation with iodine content of diet. 095047
Embryotoxic and antimitotic properties of parbendazole, mebendazole and cambendazole [Anthelmintics, sheep, *rats,* **mice].** 097797
Endosulfan-induced neurotoxicity in *rats* and **mice.** 102669
Fetal toxicity of toxaphene in *rats* and **mice.** 102670
Embryonic and postnatal growth of *rat* and **mouse.** IV. Prenatal growth of organs and tissues: age determination, and general growth pattern. 096144
Lactate and malate dehydrogenase activities during the ontogeny of the Mongolian gerbil, *rat,* **mouse,** and rabbit. 096316
Lipoproteins in serum of *rat,* **mouse,** gerbil, rabbit, pig and man studies by electrophoretical and immunological methods. 096317
Ultrastructural changes in the *rat* **neurohypophysis** after a prolonged protein-free diet. 095069
Protein- and amino-acid concentration by **newborn** *rats* under defective nutrition. 095231
The effect of amino acid or nonfat dry milk supplementation on nutritive value of cornflakes and **oatmeal** *[Rats].* 095139
Effect of dietary zinc and copper interrelationships on blood **parameters** of the *rat.* 095115
Blood flow changes in the submaxillary gland of the *rat* on **parasympathetic** and sympathetic nerve stimulation. 096153
Antibody to porcine, feline and *rat* **parvoviruses** in various animal species. 097597
Lack of effect of dietary diethylstilbestrol on reproductive **performance** *[Rats].* 096720
Lipoprotein lipase and uptake of chylomicron triacylglycerol and cholesterol by **perfused** *rat* mammary tissue. 096243
A compartemental model for bilirubin kinetics in isolated **perfused** *rat* liver. 096292
Comparative effects of fructose and glucose on the lipid and carbohydrate metabolism of **perfused** *rat* liver. 096656
Changes in the weight of the adrenal glands and in the concentration of plasma corticosterone in **perinatal** *rats* after prenatal treatment with oestradiol benzoate. 096451
The effect of a long-term excess of pyridoxine on the fatty acid composition of the major **phospholipids** in the *rat.* 095150
Influence of Fortigro (Carbadox) [in the feed] on the reduction of ascarid infection in *rats* and **piglets.** 097440
Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in graafian follicles and corpora lutea of rabbits, *rats,* and **pigs:** regulation by ATP [adenosine triphosphate], and some comparative properties. 096328
Nutritive value of red clover hay and common vetch hay for growing **pigs** and *rats.* 096796
Influence of diet on the induction of hepatic ceroid pigment in *rats* by **polychlorinated** biphenyls. 097863
Cell-free synthesis of *rat* **preproinsulins:** characterization and partial amino acid sequence determination [Wheat germ extract]. 096522
Teratological evaluation of FD&C Red no. 2 [color additive]—a collaborative government-industry study. I. Introduction, experimental materials, and **procedures** *[Rats].* 097826
The association between acidification and electrogenic events in the *rat* **proximal** jejunum. 096467
Temporal changesin circulating steroids during prostaglandin F2alpha induced abortion in the *rat* and **rabbit.** 097018
Metabolism of a new herbicide, tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in mouse, *rat,* **rabbit,** dog, duck, and fish. 097824
The percutaneous absorption and disposition of the antibacterial agent bronopol in *rats* and **rabbits.** 097812
Protein synthesis with special reference to S-100 protein in brain slices from *rats* **receiving** a restrited protein supply. 096606
Vitamin D-dependent calcium binding protein of *rat* **renal** cortex. 096392
Correlation of teratogenicity and molecular structure: ethylenethiourea and related compounds [Pesticide **residues** in *rats].* 102774
Influence of starvation and hepatic microsomal enzyme. Induction on the mobilization of DDT **residues** in *rats.* 102775
Rats **resistant** to anticoagulants [Crop pest control]. 101836
Effect of vitamin A and its derivatives on mitochondrial **respiration** *[Rats].* 095018
The ecology and economic importance of the **Rufous-bellied** *rat,* Lophuromys sikapusi sikapusi in Ibadan, Nigeria [Pests of crops]. 101993
Feeding of *rats* with **SCP** concentrations (Toprina BP) [dried yeast protein]: hematological and hematochemical observations. 096670
Resistance of the **ship** *rat,* Rattus rattus L. To warfarin [Stored foods; pest control]. 095488
Role of follicle stimulating hormone and testosterone in the early stage of **spermatocytogenesis** in *rats.* 096975
Effect of ginseng extract on lipid and sugar metabolism. II. Nutritional **states** in *rats.* 095038
Increased resistance in the *rat* to **Strongyloides** ratti following immunization against Trichinella spiralis. 097416
Teratological evaluation of FD&C Red No. 2—a collaborative government-industry study. III. IBT's [Industrial Bio-Test Laboratories] **study** *[Rats].* 097827
Teratological evaluation of FD&C Red No. 2—a collabotative government-industry study. IV. NCTR's [National Center for Toxic Toxicological Research] **study** *[Rats].* 097828
Comparison of Ca, P, and S [calcium, phosphorus, and sulfur] levels in predentine and **tendon** *[Rats].* 096379
Studies on the biosynthesis of cyclitols. 33. Preparation of highly purified myo-Inositol-1-phosphate synthase from bull testicles; comparison with the corresponding enzyme from *rat* **testicles.** 096995
Foetal and placental ornithine decarboxylase activity in **ther** *rat*—effect of maternal undernutrition. 095141
Sex chromatin determination in formalin-fixed, paraffin-embedded **tissues** of *rats.* 097825
Effects of locoweed [Astragalus lentiginosus] **toxin** on *rats.* 097778
Physiological and biochemical alterations in skeletal muscle with exercise **training** *[Rats].* 096520
Pregnancy and progeny in *rats* **treated** with prostaglandin A1. 096842
Accumulation of calcium in kidney and decrease of calcium in serum of *rats* **treated** with tin chloride. 097818
A time-varying model for calcium metabolsim including diurnal **variations** *[Rats].* 096374

Extrarenal metabolism of high doses of 25-(OH)-D3: a new active metabolite [of **vitamin** D3, *rats].* 096381
Some physicochemical and nutritional properties of castorbeans (Ricinus communis) protein [Feeding tests with **weanling** *rats].* 095116
Anticancer effect of aflatoxin B1 after intratumor injection in the T8 epithelioma of **Wistar** *rats.* 097711
Studies into prenatal toxic action of parathion-methyl in **Wistar** *rats* and comparison with prenatal toxicity of cyclophosphamide and trypan blue. 097790
Studies on the appearance of a hepatic copper-binding protein in normal and **zinc-deficient** *rats.* 095026

RAUWOLFIA

On the correct scientific name of mountain devilpepper of **Misiones** *(Rauwolfia* sellowii, Apocynaceae) [Nomenclature]. 098522
Microsporogenesis and male gametophyte in *Rauwolfia* **serpentina** (L.) Benth. ex Kurz. 098946
Leaf spot disease of *Rauwolfia* **serpentina** caused by Corynespora cassilicola (Berk. & Curt.) Wei from Manipur. 101407

RAVENELIA

Morphology and cytology of *Ravenelia* **hobsoni** Cooke [Fungi, parasites of Pongamia glabra]. 098968

RAVINES

Gujarat *ravines* and their reclamation. 104196

RAYS *see* IRRADIATION

REACTIONS

Pale watery pig meat [pale soft exudative muscle]. Animals likely to produce this can be detected by their *reaction* to the **anaesthetic** halothane. 097759
The synthesis of angular methyl substituted bicyclic enones via a unique regioselective enamine **annulation** *reaction* [Cyperus rotundus, Vetivera zizanoides, essential oil]. 100013
Reaction of **barley** cultivars to "yellow rust" (Puccinia striiformis West.). 101536
A reinvestigation of the *reaction* of **beta-maltose** octaacetate with phosphorus pentachloride. 095424
Carbonyl-amine *reactions* in protein chemistry. 095392
Reaction partners in the **carbonyl-amino** *reaction* in technical sugar juices. 095851
Studies on the in vivo **cellular** *reactions* and fate of injected bacteria in Galleria mellonella and Pieris brassicae larvae. 103032
Study of the *reaction* of **cellulose** nitroalkenylation. 098439
Reaction of **chemomutants** of cotton to infection by the pathogen of Verticillium [dahliae] wilt. 101614
Colorimetric determination of furfural by **condensation** *reaction* with 2,4-dinitrophenylehydrazine [to determine food contamination]. 094821
Interaction between the hypothalamic **defence** *reaction* and cardiac ventricular receptor reflexes [Cats]. 096158
Formation of free-radical products by the *reaction* of **dehydroascorbic** acid with amino acids. 095456
Fungal spores of the urban atmosphere of Pavia; results obtained by the Petri **dish** *reaction* test [Fungi taxonomy, plant pathogens]. 098701
Lecithin agar for detection of microbial phospholipases *[Reactions* in **egg** yolk]. 094808
Electron-transfer *reactions* involving chlorophyll a and carotenoids. 099659
Digital densimetric method for the determination of **enzymatic** *reaction* rates [Food research]. 095540
The role of predator-prey size ratio in determining the efficiency of capture by Anthocoris nemorum and the **escape** *reactions* of its prey, Acyrthosiphon pisum. 102920
Pregnancy diagnosis in ewes using **etological** *reaction* to estrogens and abortive activity of dioxy-diethyl-stilbestrol and estradiol benzoate. 096869
Reaction of the **genetic** system determining the characteristic puffed in Drosophila virilis to various temperatures. 103097
Interactions among roots of oat populations heterogeneous for *reaction* to **Helminthosporium** victoriae. 101501
Synthesis and *reactions* of **hydroxylated** stilbenes and their possible occurrence as chromophore precursor structures in lignin. 098376
Synthesis and *reactions* of **hydroxylated** stilbenes and their possible occurrence as chromophore precursor structures in lignin. 098377
Hypersensitive *reaction* of cowpea leaves to cucumber mosaic virus. 101806
Secondary bacterial **hypersensitivity** *reactions* in canine skin [Dogs]. 097703
The variability of **hypersensitivity** *reaction* of the Solanumtubersum [potato] tubers to Phytophthora infestans. 101666
Electron cytochemical studies on glycerinated flight muscle of Locusta migratoria L. The colloidal **iron** *reaction* and Alcian blue binding. 102930
Application of "subjective gustometry and olfactory" for determination of *reaction* **kinetics** during sensorical changes in technological processes [Formation of cooked flavour in apple juice]. 095983
Reactions of **lignin** model compounds with diizocyanates. V. Spectral investigation. 098350
Proof of 2,3-dihydro-3,5-dihydroxy-6-methyl-4H-pyran-4-one in foods. Studies on the **Maillard** *reaction.* XI. 095541
Participation of proteins in **melanoidin-formation** *reactions* during the baking of bread. 095763
Studies on pituitary prolactin, 39. *Reaction* of the **ovine** hormone with hydrogen peroxide. 096250
Reaction **partners** in the carbonyl-amino reaction in technical sugar juices. 095851
Reaction of **peach** rootstocks to Italian population of two species of root-knot nematodes (Meloidogyne Goeldi). 101978
Reaction of **Phaseolus** an Macroptilium species to a strain of cucumber mosaic virus. 101789
Inhibition of chloroplast **photochemical** *reactions* with 2-chloromercuri 4,6-dinitrophenol [Euphorbia hirta]. 099518
Photoperiodic *reaction* of peavine [Lathyrus] varietal specimens. 100117
Primary *reactions* of photosystem II at low pH [hydrogen-ion concentration]. 2. Light-induced changes of absorbance and electron spin resonance in spinach chloroplasts. 100375
Kinetic studies of Rhus vernicifera laccase: Evidence for multi-electron transfer and an oxygen intermediate in the **reoxidation** *reaction.* 099545
Adenosine triphosphate sulfurylase from Penicillium chrysogenum [Fungi]. Steady state kinetics of the forward and **reverse** *reactions.* 099816
Soil moisture extraction by wheat crop as influenced by moisture regime and **soil** *reaction.* 103765
Cytidine 5'-triphosphate synthetase of calf liver. Size, polymerization, and *reaction* **stoichiometry.** 096422
Reaction of **strawberry** seedlings inoculated with race composites of Phytophthora fragariae Hickman. 101484
Effect of products of **sugar-amine** *reaction* on the quality of the color material used in the production of cognac. 095956
The *reaction* of **sulfhydryl** reagents with bovine hepatic monoamine oxidase: evidence for the presence of two cysteine residues essential for activity. 096255
Investigation of heterogenous **surface** *reactions* in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657
The *reaction* of **Thatcher** wheat to Canadian races of stem rust [Puccinia graminis tritici]. 101388

REACTORS

Alpha-galactosidase production [from soybean whey] and use in a **hollow-fiber** *reactor.* 095766
Plaque neutralization **test** *reactors* to bluetongue and EHD [epizootic hemorrhagic disease] viruses in the southeastern U.S.a. 097348

REAGENTS

Chemical *reagents* in the hand of the mycologist. 2. Some dyes for microscopic study [of fungi]. 099056
Contribution to determination of invert sugar in technical sugar juices. 1. New photometric method with 4-amino-3-hydrazino-5-mercapto-1,2,4-triazol as **colour** *reagent.* 095847
The reaction of **sulfhydryl** *reagents* with bovine hepatic monoamine oxidase: evidence for the presence of two cysteine residues essential for activity. 096255
A non-penetrating **thiol** *reagent* mimics cytochalasin A inhibition of secretory protein synthesis [Achlya ambisexualis, Myxomycetes]. 099523

REARING

Congenital and **acquired** *rear* limb arthropathies. 097103
Sex expression and tail morphology of female progenies of smooth-tail and crenate-tail females of Pratylenchus penetrans [Nematodes, *reared* on **alfalfa].** 101938
Anesthetization of morphologically smillar species with carbon dioxide for separation and culture [Nematodes extracted from soil, *reared* on **alfalfa].** 103776
Antibiotics in **animal** *rearing* [Feeding, metabolism]. 096564
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: fecundity as affected by mating, adult diet and **artificial** *rearing.* 102805
Increased bone strengh in *coop-reared* **broilers** provided flouridated water [to mitigate bone fragility]. 096756
Infected feather follicles in **cage** *reared* broilers. 097482
Contract **calf** *rearing:* a barometer of dairyfarmer attitudes. 094223
Results of using complete feeds in **calf** *rearing.* 096814
Use of a starter feed containing urea for *rearing* **calves.** 096833
Practical aspects of **chick** *rearing.* III. 096112
Practical aspects of **chick** *rearing.* II. 096113
Testing rations for **commercial** *rearing* of cows. 096831
Rearing of **drones** for artificial insemination of honeybee queens. 103310
Influence of *rearing* with all **forage** diet on the body weight gain and the feed efficiency in the followed fattening period in Holstein steers. 096658
Preliminary studies on the ultrastructure of the female gonad of Xiphinema index and Xiphimena mediterraneum (Nematoda: Longidoridae) *[reared* on **grapevine** and olive tree respectively]. 101976
Experience gained in improving the effectiveness of **heifer** *rearing.* 094343
Screwworm [Cochliomyia hominivorax] eradication: inadvertent selection for noncompetitive ecotypes during **mass** *rearing* [Livestock pests]. 102612
Biological control of insects on the Ord [River Irrigation Area]. I. Production of Sitotroga cerealella for **mass** *rearing* of Trichogramma wasps. 102961
Mass *rearing* the Natal fruit fly Pterandrus rosa (Ksh.) (Diptera: Trypetidae). 102972
Mechanization and *rearing* **moduli** for milk producing herds: optimization study [for lower costs]. 103584
Weaner production **[Pig** *rearing].* 096093
Farrowing pens adaptable for the *rearing* of **piglets.** 103356
Which is more profitable, *buffalo-rearing* or **poultry** farming? 094430
The influences of level of nutrition during *rearing* on **puberty** and reproductive performance in Japanese Black cattle heifers. 096660
The effect of diet on **queen** *rearing* by caged worker honeybees [Apis mellifera]. 102876
Rabbit *rearing* in France. 096073
Cost of *rearing* **sheep** and goats under migratory and stationary conditions. 094411
Economic **swine** *rearing* in Schleswig-Holstein. 096092
Experiences gained from fattening in forest at the Eberswalde **swine** *rearing* and fattening combine. 096800
Heat resistance of Calliphoridae larvae in relation to develoment of *rearing* **temperature** [Callitroga macellaria, Lucilia cuprina, Calliphora vinina]. 103001
Rearing **virus** free cats and dogs. 096125
Possibility of *rearing* **wheat** mite (Aceria tritici Shev.) (Acarina, Eriophyoidea) on aerial bulbs of garlic [to study its biology]. 102372

RECAPTURE *see* CAPTIVITY

RECEPTORS

Prostaglandin F2 **alpha** *receptors* in bovine corpora lutea throughout pregnancy. 096882
Characterization of **angiotensin** *receptors* in rabbit isolated atria. 096295
Cardiac *receptors* in ducks—a link between vasoconstriction and bradycardia during diving. 096154
The porcine ovarian follicle. III. Development of chorionic **gonadotropin** *receptors* associated with increase in adenyl cyclase activity during follicle maturation. 096334
Isolation of a lectin from [bovine] liver plasmamembrane and its binding to cellular **membrane** *receptors* in vitro. 096355
Spatial arrangement of some erythrocyte **membrane** *receptor* sites [Lentils]. 100341
Mechanical and metabolic effects of *beta-receptor* **stimulators,** the C-terminal octapeptide of cholecystokinin, and prostaglandin E2 on the isolated, depolarized sphincter of Oddi [Cats]. 096160
Functional characteristics of **stretch** *receptors* of flight apparatus of cockroach Periplaneta americana. 102976
Peptide sweeteners: a model for peptide and **taste** *receptor* interactions. 095494
Interaction between the hypothalamic defence reaction and cardiac **ventricular** *receptor* reflexes [Cats]. 096158

RECESSIVE

The genetics of black larva, an **autosomal** *recessive* lethal mutation located on chromosome 3 in the mosquito Anopheles albimanus. 102865
Genetics of *recessive* **lethality** in the fern, Osmunda regalis [Pteridophyta]. 099327
Recessive **nonsense-suppression** in yeast [Saccharomyces cerevisiae: further characterization of a defect in translation. 099720
Investigations on radio-sensitive and radio-resistant populations of Drosophila melanogaster. VII. High relative radio resistance to the induction of **sex-linked** *recessive* lethals in stage-7 oocytes of RO 14 [irradiation]. 103056

RECLAMATION

Utilization of lime-containing waste from the Magnitogorsk metallurgical works for the *reclamation* of **acid** soils. 104094
Total water management **[Bureau** of *Reclamation].* 104390
Irrigation management services [Program of Bureau of *Reclamation* in **cooperation** with Agricultural Research Service]. 104388
Grassland yield after *reclamation* of **deep** low moor according to the follow-up measures. 104181
Reclamation **effectiveness** of vertical drainage in the Golodnaya Step'. 104412
Automation in the designing of **land** *reclamation.* 094164
Study on the soil erosion of *reclaimed* **land** in Shorenji. 2. Problems of land reclamation works. 104221
Study on the soil erosion of *reclaimed* **land** in Shorenji. 3. On the disaster of the farm lands before disposition for substitute lots and the management of these farms lands. 104222
The influence of drainage **land** *reclamation* in central Chernozem zone on river runoff characteristics and floodplain components. 104244
Land *reclamation* and the life environments. 104598
Experience of *reclamation* of **light** soils with the application of peatr suspension. 103953
Growth of air-cured tobacco and change of chemical property of **newly** *reclaimed* field on the tertiary-derived soil. 103713

Effect of compost, straw mulches, and deep plow on soil moisture conservation in **newly** *reclaimed* uplands. 104223
Reclamation **problems** in [crop] yield programming [Water supply regulation]. 104312
Gujarat **ravines** and their *reclamation.* 104196
[Utilization of] Agropyron glaucum for the *reclamation* of **sloes.** 100903
Tunnel erosion **[Soil** *reclamation,* vegetative control]. 104225
History, present situation and prospects in utilisation of hilly, *erosion-reclaimed* **soils** in southern Moravia [Erosion control]. 104210
Application of the waste of chemical industry for the *reclamation* of **Solonetz** soils. 104347
Water *reclamation* and reuse. 104587

RECONSTRUCTION

Reconstructing **ancient** ecological conditions from insect remains; some problems and an experimental approach. 102914
Reconstruction of the **Desna** water flow stationary [experimental plot, soil erosion control]. 104208
Reconstructing **existing** vineyards of the Feteasca Alba variety by uprooting every other row and shaping in others in a high-stem form. 101152
Use of economic and mathematical methods for the *reconstruction* of **low** yielding forest stands [East Germany]. 098069
On the complex nature of the *reconstruction* of **rural** life and culture. 094028
The importance of propaganda of scientific-technical knowledge in the *reconstruction* of **rural** life. 094039

RECORDS

North Africa **anticipating** *near-record* wheat crops [Trade]. 094539
New **distribution** *record* for Dermacentor hunteri Bishopp (Acari: Ixodidae) [in Mexico]. 102586
Bicentennial bees: **early** *records* of honey bees in the eastern United States. IV. 103208
Pteris excelsa Gaud.—a new **fern** *record* for Jammu and Kashmir state. 098597
The **fossil** *record* and insect flight. 103113
Exilispora indica sp. Nov. (Sphaeriaceae)—a new **generic** *record* to India [Fungi]. 098595
A new **host** *record* of Pringsheimia sp. On sannhemp (Crotalaria juncea L.). 101397
New **host** *records* for powdery mildews [Oidium, Oidiopsis] in Israel. 101526
Additional **host** *records* of the root-knot nematode, Meloidogyne incognita in north India. 101885
How using *records* can **improve** a large herd [Dairy cows, estrus detection]. 096896
Veterinary implementation of problem-oriented **medicine** and *records.* 097133
Polygonum maritimum L. A **new** *record* for India. 098626
Chara socotrensis f. Nuda: a **new** *record* for West Bengal [Algae]. 098712
Some **new** *records* of fungi on medicinal plants. 101413
A **new** *record* of occurrence of the red mite, Eutrombidium trigonum hermann (Trombidiidae: Acarina) upon the Bombay locust, Patanga succincta Linn. (Acrididae: Orthoptera) [Natural control]. 102265
New *record* of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the lac predator, Eublemma amabilis Moore (Noctuidae: Lepidoptera) [Field crop pests, natural control]. 102365
Some **new** *records* of species of genus Xylocopa based on the collections in the zoological survey of Pakistan. 103134
A new species [Physoperinthus setosus] and a **new** *record* of termitophilous Staphylinidae (Coleoptera) associated with Fulleritermes Coaton in Rhodesia. 103166
Phytopathological *recordings* in Umbrian region for the year1975. 101917
Our switch to **problem-oriented** *records* [Veterinary medicine]. 097113
Phase-locked loop technique to *record* **resonance** frequency of plant tissue [Avena]. 100258
Record **seen** for East European grain [Production]. 094542
Distribution, including new **state** *records,* of fishflies in Kentucky (Megaloptera: Corydalidae). 098681
Supplementary *records* of butterflies in the Sacramento Valley and Suisun Marsh, lowland central California. 103189
A system for summarizing superior **tree** *records* and status information. 098019
U.S.-Mexican agricultural trade levels off after **two** *record-breaking* years. 094520
The growth physiology of coleoptiles in *continuous-record* **vessels:** anomalous kinetics of cycloheximide action on auxin-controlled growth [Wheat]. 100261

RECREATION

The family and its [outdoor] *recreational* **activies,** a theoretical perspective. 104628
Some problems in estimating the demand for outdoor *recreation:* **comment.** 104436
The forest border as a landscape component—its structure, functions, preservation and development by means of silviculture **[Conservation,** *recreation].* 098067
Land classification systems: the needs of land use planners **[Forestry** and outdoor *recreation].* 098027
Fomes annosus as a factor in the management of *recreational* **forests** [Yosemite Valley, Pinus ponderosa, Libocedrus decurrens]. 101436
The usage of Goose Lake Prairie State **Park** *[Recreation].* 104510
Economic impact of mountain pine beetle [Dendroctonus **ponderosae]** on outdoor *recreation.* 102517
Some problems in estimating the demand for outdoor *recreation:* **reply.** 104437
Largemouth bass growing fast in West Point **Reservoir** *[Recreation].* 104488
Estimation of natural and economic **resources** for *recreation.* 104651
Aesthetic and *recreational* **significance** of windbreaks. 097948
Windbreaks for *recreational* **uses.** 098018

RECTANGLE

Heat transfer characteristics of *rectangular* **[carton-packed** spinach] products. 095945
Tests of the limiting visual resolution of the DCMD [descending contralateral movement detector] system of the lubber grasshopper [Romalea **microptera]** to *rectangular.* 103019

RECTUM

Rectal **chloride** epithelia and osmoregulatory salt uptake by the endgut of Zygoptera and Anisoptera libella larvae [Coenagrion puella, Aeshna cyana]. 103012
Fine structure of the *rectum* in **cockroaches** (Dictyoptera): general organization and intercellular junctions [Periplaneta americana, Blatta orientalis, Supella supellectilium, Blaberus craniifer]. 103120
Surgical aspects of the cecum, colon, and *rectum* **[Small** animals]. 097124
The *rectal* **temperature** and serum luteinizing hormone concentration of heifers during estrus. 096887

RECYCLE

Recycling. 46. **Determination** of rate of fatty matter of cheeses. 095660
Nutrient *recycling* and the stability of ecosystems: implications for forest management in the southeastern U.s. 098844
Recycling of **swine** waste [for feed] by aerobic fermentation. 096066

RED

Genetic variation in red maple **[Acer** *rubrum]* rootstocks. 098123
Microbial degradation of lignocellulose [by white-rot fungus, Polyporus versicolor]: the lignin component [Quercus albus, **Acer** *rubrum,* Typha latifola]. 098181
The status of [the *red* **alga]** Ochtodes capensis (J. Agardh) J. Agardh (Rhizophyllidaceae, Gigartinales, Rhodophyta). 098643
A brominating and hydroxylating peroxidase from the *red* **alga** Cystoclonium purpureum. 099888
Nitrite-reducing activity of modified cytochrome c-553 from the *red* **alga** Porphyra yezoensis Ueda. 099922
Mannitol in the Rhodophyceae *[red* **algae]:** a reappraisal. 099912
On the *red* **algal** genera Grallatoria Howe and Callithamniella Feldmann-Mazoyer (Ceramiales) [New taxa]. 098553
Influence of DD [dichloropropane, dichloropropene] nematocide [used to control Heterodera schachtii] on biological value of some vegetables [Cabbage, Brussels sprouts and *red* **beets].** 101853
Belmont *red* [cattle] a promising breed for the tropics [Africander bulls, Hereford, Shorthorn crossings]. 097021
Udder and teat size of **Bulgarian** *Red* cows as affected by age. 096600
Mutability and heritability of udder dimensions and milkability in the **Bulgarian** *Red* cattle. 097084
Growth of the pig: changes in *red* **cell** and plasma volumes. 096367
Relationship between *red* **cell** mass, body weight, lean body mass, and body cell mass in growing pigs and beagles. 096368
The pattern of reproductive development in **Chenopodium** *rubrum* L. 099324
The possible role of auxin in reversing photoperiodic induction of flowering in a short-day plant, **Chenopodium** *rubrum* L. 100047
Subcellular distribution and some properties of homocarnosine-carnosine synthetase from **chick** *red* blood cells. 096319
Nutritive value of *red* **clover** hay and common vetch hay for growing pigs and rats. 096796
Ternopol multifoliate form of *red* **clover** [Spontaneous mutant]. 099337
Biological ativity of extracts from Calluna vulgaris (L.) Hull. on the growth and germination [of *red* **clover** and Phleum pratense seedlings]. 100080
Comparison of population of *red* **clover** with short corollas with common cultivated varieties [Nectar secretion, bee pollination]. 100297
Root nodulation and root nodule activity of Desmodium glabellum (Michx.) DC *[Red* **clover].** 100302
Improvement of [honey]bees for pollination of *red* **clover.** 103230
Density of Apoidea [including honeybees] necessary for goodpollination of *red* **clover.** 103264
Studies on age specific leukocyte and lymphocyte counts in normal Friesian, *Red* **Danish** and Jersey [dairy] cattle in Denmark [Blood profiles]. 096494
Cross-breeding experiment with **Danish** *Red* and West Flemish Red cattle. 096874
Shelter seeking and sucking behaviour of the *red* **deer** calf (Cervus elaphus) in a farmed situation. 096206
Changes in the marketable qualities of apple fruits from the Jonathan, Golden Delicious and *Red* **Delicious** varieties stored in controlled atmosphere. 095896
Clarifying the nomenclature of the *red-stemmed* **dogwood** [Cornus, cultivars]. 101041
Application of fertilizers in **early-maturing** *red* clover in the Ukrainian Poles'ye. 104050
Studies on the ovicidal activity of some insecticides and acaricides on the winter eggs of the **European** *red* fruit mite (Panonychus ulmi (Koch) Ehara). 102414
Teratological evaluation of **FD&C** *Red* no. 2 [color additive]—a collaborative government-industry study. I. Introduction, experimental materials, and procedures [Rats]. 097826
Teratological evaluation of **FD&C** *Red* No. 2—a collaborative government-industry study. III. IBT's [Industrial Bio-Test Laboratories] study [Rats]. 097827
Teratological evaluation of **FD&C** *Red* No. 2—a collabotative government-industry study. IV. NCTR's [National Center for Toxic Toxicological Research] study [Rats]. 097828
Teratological evaluation of **FD&C** *Red* no. 2—a collaborative government-industry study. V. Combined findings and discussion [Rats]. 097829
Autumn treatment of seed fields with *red* **fescue** (Festuca rubra). 100993
Cross-breeding experiment with Danish Red and West **Flemish** *Red* cattle. 096874
Evaluation of the collection entries of *red* and **forage** beets for resistance to bacterial black rot and fungus black leg. 101681
Rheological properties amino acid composition and bread quality of **hard** *red* winter wheat, rye and triticale. 095770
Baking studies on the pin-milled and air-classified flour from four **hard** *red* spring wheat varieties. 095780
Frequency and moisture dependence of the dielectric properties of **hard** *red* winter wheat. 100215
Roughrider: a winterhardy, high yielding **hard** *red* winter wheat variety. 100920
Cost of production update for 1975 on sweetcorn for processing; *red* **kidney,** dry beans, apples for fresh and processing. 094370
Studies on the causes and the control of the spotted rice. II. On the bionomics and the control of the *red-veined* **leaf** bug [Stenodema rubrinerve]. 102293
A new approach to breeding for root-rot resistant **light** *red* kidney beans. 101317
N2 [nitrogen] fixation associated with decaying leaves of the *red* **mangrove** (Rhizophora mangle). 103706
Genetic variation in *red* **maple** [Acer rubrum] rootstocks. 098123
Experiment on drying schedules of imported wood. I. *Red* **meranti** (Shorea spp.). 2. Ramin (Gonystylus spp.). 098194
Evolution of body shape of F1 generation crosses between **Metohija** *Red* and Jersey cattle breeds. 096885
A new record of occurrence of the *red* **mite,** Eutrombidium trigonum hermann (Trombidiidae: Acarina) upon the Bombay locust, Patanga succincta Linn. (Acrididae: Orthoptera) [Natural control]. 102265
Neutral *red* response as a measure of the pH [hydrogen-ion concentration] gradient across chloroplast membranes in the light [Lettuce]. 100416
Neutral *red:* a specific vital dye for the insect corpus luteum [Anopheles maculipennis, Culex pipiens, Aedes aegypti]. 103054
Registration of a **new** *red* kidney bean [Variety]. 101052
Weeding **northern** *red* oak [Quercus rubra] plantations on theCmberland Plateau [Tennessee]. 102210
Spectrophotometrical determination of yellow and *red* **paprika** pigments. 095985
What's all the interest in *red* **pears?** [Varieties]. 101065
Effect of fungal staling growth products on growth behaviour of [lentil] rhizosphere microfungi [Trichoderma harzianum, Aspergillus flavus, **Penicillium** *rubrum].* 099708
Red **peppers**—a new promising crop of greenhouse vegetable growing. 101088
Influence of root exudates of *red* **pine** [Pinus resinosa] on the germination of conidia of Fomes annosus. 101441
Study on the nectar and honey productivity of *red* **raspberry** (Rubus idaeus L.) and European blackberry (Rubus fructicosus L.). 101158
Performance of *Red* X **Rock** sex-linked females in reverse and conventional laying cages of varying heights [Layers]. 096118
The effect of restricted watering time on *Red* X **Rock** sexlinked females [Chickens]. 096767
Microscopic slides showing wood destruction [of Picea abies] by [the *red* **rot** fungus] Fomes annosus. 101445
Production characteristics of *Red* **Sindhis** [dairy cattle] at Bangalore. 096103
Genesis of Guadalquivir Valley (South Spain) *red* **soils:** evolution and degradation. 103676
Identification of the 1/29-translocation in the **Swedish** *Red* and White (SRB) cattle breed by utilization of new staining techniques. 096913
Effect of different technological processes on the stability and phenolic composition of *red* **table** wines. 095955
Studies on betalain pigments of Centrospermae plants with special reference to a **violet** *red* pigment in Salicornia europeaea L. 099856
Plasma amino acids of the *red-backed* **vole,** Clethrionomys rufocanus bedfordiae (Thomas) [Forest pests]. 097888
Halothane-induced rigidity and associated glycolytic and energy phosphate changes in *red* and **white** fibres of skeletal muscle of the pig. 096437

REDOX

Uncoupling of electron transport by anionic **quinonoid** *redox* indicator dyes [Spinach]. 100517

REDPEPPERS
Biological peculiarities of *redpeppers* **grown** in winter greenhouses. 100597
About the methods of evaluating collection material of cucumbers and *redpeppers* for **heat** resistance. 099076

REDUCTASES
The relation of wheat **nitrate** *reductase* and soil nitrate to flour quality. 095794
Decryptification of **nitrate** *reductase* activity in the yeast Candida utilis. 099685
Specificity for nicotinamide adenine dinucleotide and nicotinamide adenine dinucleotide phosphate of **nitrate** *reductase* from the salt-tolerant alga Dunaliella parva. 099948
Nitrate *reductase* and its relationship to protein and yield characteristic of Triticale. 100177
In vitro studies of **nitrate** *reductase* activity in cotton cotyledons. Effects of Dowex 1-Cl and BSA [N, O-bis (trimethylsilyl)-acetamide]. 100278
Nitrate *reductase* and nitrite activity in dark-grown radish seedlings: relationto the supply of NADPH [nicotinamide-adenine dinucleotide phosphate]. 100535
Resistance to yellow-berry in Triticum durum [wheat] varieties, as related to protein synthesis and leaf **nitrate** *reductase* activity. 101903
Ferredoxin-sepharose affinity chromatography for the purification of assimilatory **nitrite** *reductase* [Spinach]. 100415
Regulation of fungal [Achlya] **ribonucleotide** *reductase* by unusual dinucleotides. 099524

REDUCTION
Conversion of **acetylene** *reduction* rates to nitrogen fixation rates in natural populations of blue-green algae [Aphanizomenon sp., Anabaena sp.]. 099487
Invalidity of the **acetylene** *reduction* assay in alkane-utilizing, nitrogen-fixing bacteria [isolated from soil]. 103705
Bacterial degradation of ethylene and the **acetylene** *reduction* test [Soil bacteria]. 103717
Reduction of **acetylene** by stationary cultures of free-living Rhizobium sp. under atmospheric oxygen levels [Nitrogenfixing bacteria. 103719
Some remarks on the variance of total timber cutting areas estimated by **acreage** *reduction* method. 098293
Nitrite-reducing **activity** of modified cytochrome c-553 from the red alga Porphyra yezoensis Ueda. 099922
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition **andsoil** *reduction* on the leaf injuries of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Laboratory trials with insecticides, mineral oil and their combination to *reduce* **aphid** transmission of non-persistent viruses [to plants]. 101727
Influence of Fortigro (Carbadox) [in the feed] on the *reduction* of **ascarid** infection in rats and piglets. 097440
A kinetic study of the **bisulphite** *reduction* of methionine sulphoxide to methionine [in foods and feeds]. 095481
Increased dietary **calcium** *reduces* serum cholesterol, triglycerides in humans. 095067
An improved method for the determination of the *reducing* **capacity** of milk powder [Flavor]. 095634
Influence of light on **chromate** *reduction* in chlorophyll organisms studies by electronic paramagnetic resonance spectroscopy. 099612
Ecological research on the role of the pheasant (Phasianus colchicus L.) and the partridge (Perdix perdix L.) in the *reduction* of the **Colorado** potato beetle (Leptinotarsa decemlineata Say.) population [Natural control]. 102460
Determination of the available carbohydrate content of *carbohydrate-reduced* and **corresponding** non-reduced foods. 095419
Experiences and results in the conduction of socialist competition for the effective use of extensive irrigations systems **[Cost** *reduction.* East Germany]. 094396
[Farm] machinery syndication can *reduce* **costs.** 094297
Core sampling and flotation: two methods to *reduce* **costs** of a Chironomid population study. 103065
Diseases in *reduced* **cultivation** and direct drilling systems. 101870
Process of *reduction* **division** and the metabolism in sugarbeets in relation with mutagenesis. 099425
Dye *reduction* method for estimating bacterial counts in ground beef [Microbial contamination]. 094804
Mechanism of the **electrochemical** *reduction* of vitamin B 12r. 095024
Electrochemical *reduction* and anaerobic degradation of lindane [Organochlorine insecticides]. 102707
Activity of *oxidation-reduction* **enzymes** in maize in breeding. 099385
Reduction of **experimental** error in perennial crops, using adjustment by neighbouring plots [Tea, fruit]. 101294
Sporulation from Eutypella [parasitica]-cankered maples [Acer saccharum] *reduced* by **felling** infected trees. 101564
How to *reduce* **foothills** abortion [Epizootic bovine abortion, Ornithodoros coriaceus, vector]. 097283
Reducing **hatching** egg and hatchery contamination [Sanitation]. 096079
Reduction of **lactose** of milk by entrapped beta-galactosidase. IV. Results of long-term experiments on pilot plant. 095624
Analytical study of growth and reproduction in Amaranthus spinosus L. subjected to stress from *reduced* **light** intensities. 102123
Plasmodium berghei: antibody **mediated** *reduction* of oxygen consumption by infected mouse bone marrow cells. 097624
Symptom response to *lactose-reduced* **milk** in lactose-intolerant adults. 095007
Potentials of *reducing* the **net** production cost of grapes in Kuban. 094358
Characteristics of external NADH *[reduced* **nicotinamide-adenine** dinucleotide] oxidation by beetroot mitochondria [Beets]. 100276
Nitrate *reduction* in the subsoil. I. Introductory studies of the nitrate reduction in the subsoil, and its influence on ground water quality. 103838
Nitrate *reduction* in the subsoil. II. General description of boring profiles, and chemical investigations on the profile cores. 103839
Nitrate *reduction* in the subsoil. III. Nitrate reduction experiments with subsoil samples. 103840
Nitrate *reduction* in the subsoil. IV. Some physical properties of the subsoil, their influence on chemical interchange in the soil, and on ground water quality. 103841
Nitrate *reduction* during Kjeldahl digestion of [soil drainage] water samples by the perchlorate method. 104268
Dissimilatory nitrate and **nitrite** *reduction* under aerobic conditions by an aerobically and anaerobically grown Alcaligenes sp. and by activated sludge. 104529
Studies on the **noise** *reduction* by plants. I. Experimental tests of traffic noise and noise attenuation effects on shrubs. 104539
Reduction of the **number** of tillage operations in growing maize in the central zone of the Stavropol' Territory. 104169
The cow-index: a means of *reducing* the **odds** [Dairy cattle, genetic evaluation]. 097025
Effect of an addition of *reducing* and **oxidizing** agents on the amino acid composition of Egyptian barley wort. 095762
Methods to *reduce* **percolation** loss [of water] in the farm ponds. 104324
Integrated blanching and cooling [of vegetables] to *reduce* **plant** effluent. 095940
Observations on the effects of weaning in the young pig. Clinical and histopathological studies of intestinal function and morphology [Acute inflammatory response and a *reduction* in **plasma** cell population]. 097762
Effect of temperature and hydrogen-ion concentration value on the rate of oxygen absorption and on the dynamics of *oxidation-reduction* **potential** during maturing of wine materials. 095973
Oxidation-reduction **processes** in wheat forms with cytoplasmic male sterility. 099393
Where attention should be aimed in agriculture to *reduce* the **rate** of accidents. 094293
Reduction of **renal** nerve activity by volume expansion in conscious cats. 096500
Role of vitamin B12 in the *reduction* of **ribonucleotides** into deoxyribonucleotides in Drosophila [melonogaster] cells grown in vitro. 102833
Efficacy of diet and exercise in the *reduction* of **serum** cholesterol and triglyceride in free-living adult males. 094988
Reducing **severity** of ozone damage to tobacco and beans by combining benomyl or carboxin with contact nematicides [Air pollution injuries]. 102019
The problem of *reducing* **soil** compaction caused by running systems of mobile farm machinery. 103637
Agronomic consequences of *reduction* of **soil** working. 104173
Toward a general theory of plant antiherbivore chemistry [Toxins and *digestibility-reducing* **substances].** 102185
Determination of total sugars, sucrose and *reducing* **sugars** in coffee plants inoculated with Hemileia vastatrix Berk. And Br. [Rust]. 101624
A rough determination of **sulphate** *reduction* intensity compared with cystein-35S [sulfur isotopes] incorporation in leaves of soybean, peas and sunflower and in a mushroom mycelium culture. 100007
Reduced **symptoms** of anaphylaxis in chickens by ACTH [adrenocorticotropic hormone] or heat. 097748
Reduced **tillage** snap beans. 101050
Ecofallow: a *reduced* **tillage** system for the Great Plains. 104245
Increased **trade**—*reduced* growth. 094576
Reducing **vert** [Verticillium Wilt] and increasing yield of potatoes in the Treasure Valley. 101394
Reduction of **water** consumption and fiber losses at Eker Paper Mill [Minimum freshwater volume required for producing different paper grades]. 098383
Effects of physical activity on **weight** *reduction* in obese middle-aged women. 094987
Personality characteristics in obesity: relation of MMPI profile and age of onset of obesity to success in **weight** *reduction.* 094998

REDUVIID
Demonstration that Leptomonas pessoai Galvao, Oliveira, Carvalho & Veiga, 1970 [isolated from the *reduviid* **Zelus** leucogrammus], is a Herpetomonas. 103040

REDUVIIDAE
Body weight and blood meal size in Triatoma protracta (Hemiptera: *Reduviidae)* **[Mammal** hosts]. 102550

REEDS
Phytomass of the above-ground part of a *sedge-reed* **drained** spruce [Picea] forest stand of the second and seventh age classes. 100646
Reed **fescue** [Festuca arundinacea, varieties, breeding]. 100898
Giant *reed* (Arundo donax L.) as a forage-silage plant. 100980
Economic development of *reed* **[Phragmites** communis] thicketsin the south-east of Kazakhstan [Source of cattle forage]. 096006
Primary production in a shallow water lake with special reference to a *reed* **swamp.** 098838

REEFS
Nubrigyn **algal** *reefs* (Devonian), eastern Australia: allochthonous blocks and megabreccias. 098560

REFEEDING *see* FEEDING

REFINING
Utilization of the data of analysis of winter wheat leaves for the *refinement* of **agrochemical** interpretative maps. 100234
The effect of physical properties of the wood on **chip** *refining.* 098270
Refineries and **environment:** causes of pollution and treatment systems. 104452
Removal of waxes from sunflower seed oil by **miscella** *refining* and winterization. 095814
Pretreatment of vegetable **oil** *refinery* wastewater. 104614
Refining of **preheated** chips. The effect of some process variables on pulp quality. 098260
Atmospheric and **pressurized** *refining* of wood chips-laboratory scale studies [Pulps]. 098240
Determination of chromium in several proposed standard samples and of zinc and chromium in wheat milling and beet **sugar** *refining* samples. 095809
On the measurement of temperature and pressure in the *refining* **zone** of an open discharge refiner [Pulps]. 098253

REFLEX
Torsion of the **ileum** *reflex* of the spermatic funicle in the dog. 097719
Interaction between the hypothalamic defence reaction and cardiac ventricular **receptor** *reflexes* [Cats]. 096158

REFORESTATION
Brigalow [Acacia harpophylla] clearing and regrowth **control.** I. *[Reforestation].* 098133
A piedmont tree **farm** *[Reforestation].* 098072
Charcoal metallurgy programation should be integrated in the *reforestation* **plans** [Forest conservation and legislation, Brazil]. 097966

REFRACTOMETERS
Refractometric **method** for the determination of the iodine value of buffalo milk fat. 095625

REFRIGERATION
What risk of botulism from food stored at **conventional** *refrigeration* temperatures? 095353
Changes of free amino acids in milk by heat treatment, **deepfreezing,** and *refrigeration.* 095560
Precise *refrigeration* system specs require accurate use forecast. 095389
Pre-fab *refrigerated* buildings prove versatile and reliable. 095342

REGENERATION
Foundations of the method of **alkaline** *regeneration* of soil substitutes [Artifical growing substrates]. 100883
Investigation of super-moleclar structure of mercerized and *regenerated* **cellulose** by alcoholysis with amyl alcohol. 098330
Implements, machines and tractors for carrying out **forest** *regeneration* work in the zone of conifer forests in the Russian Soviet Federative Socialist Republic. 103588
Regeneration of **photosystem** II and phycobilin pigments in photoorganotrophically grown Anabaena variabilis [Algae]. 099926
Callus induction and **plant** *regeneration* from mesophyll protoplasts of Nicotiana sylvestris [Tobacco]. 100333
The effect of whole-tree chipping on site **preparation** and *regeneration.* 098145
A particulate chitin synthase from Aspergillus flavus Link [Fungi]: the properties, location, and levels of activity in mycelium and *regenerating* **protoplast** preparations. 099626
Protoplast *regeneration* and stem embryogenesis of haploid androgenetic rape. 100240
Release and *regeneration* of **protoplasts** from the conidia of Aspergillus flavus [Fungi]. 100032
The peculiarities of **vegetative** *regeneration* of herbaceous plants on plowed slices [on clearcut forest sites]. 100301
Cell **wall** *regeneration* and colony formation from isolated single geranium [Pelargonium hortorum] protoplasts in microculture. 100404
About certain results of *regeneration* of **young** stands of low value in forest districts of the north-western part of the Russian Soviet Federative Socialist Republic. 098136

REGIA
Variability of the English walnut **[Juglans** *regia]* in the progeny of the parent tree. 099434
Cacopaurus pestis Thorne, 1943 (Nematoda: Criconematoidea) in Spain. [Nematode of **Juglans** *regia].* 101959

Longidoroidea (Thorne, 1935) n. Rank. (Nematoda: Dorylaimina) with the description of Xiphinema neoamericanus n. sp. from India and proposal of a new name for Xiphinema americanum sensu Carvalho (1956) non Cobb, 1913 [collected from soil around roots of **Juglans** *regia].* 101971

REGINA

A model of forgut activity in the blowfly **Phormia** *regina* Meigen. III. Analysis of crop-valve function during the crop-emptying process. 102868
Dosage effect study of the microsporidian Octosporea muscaedomesticae in the adult black blowfly **Phormia** *regina,* with reference to the reproductive cycle of the pathogen. 103026

REGRESSION

Evaluation of the relation of effective factors with the yield of cotton by the method of *regressive* **analysis** in the case of the data of the Pakhtaaral State. 101003
Allometry in poultry, *regression* of **body** weight on body condormation traits in some broiler crosses. 096479
The deletion of variables from *regression* **models** based on tests of significance: a statistical and moral issue [Statistics, agricultural economics]. 094648
Elimination of effects of macroscopic environmental variations by **multiple** *regression* equation [Forest trees measurement]. 097967
Repeatability of *regression* **stability** indexes for grain yield of oats (Avena sativa L.) [Genetic crosses]. 099206
Seemingly **unrelated** *regression* and regional price response functions: a study of U.s. apple production. 094608

REGULATION

Politics vs science in food **additives** *regulation.* 095283
The proposed OSHA [Occupational Safety and Health Administration] *regulation* for **agricultural** employee occupational noise exposure. 104434
Gibberellic and abscisic acid-like substances and the *regulation* of **apple** shoot extension. 100478
Regulation of **aquatic** diptera [Culex] by Planaria [Dugesia dorotecephala, biological control]. 102566
The role of carbon compounds in the *regulation* of **asparaginase** biosynthesis by various species of the genus Erwinia. 101691
Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in graafian follicles and corpora lutea of rabbits, rats, and pigs: *regulation* by **ATP** [adenosine triphosphate], and some comparative properties. 096328
Automatic *regulation* of hydraulic outwash of droppings and the microclimate in poultry houses. 103363
Synthesis of an optimal system of **automatic** *regulation* of the microclimate in vegetable storehouses. 103398
Automatic *regulation* of drying conditions for hay. 103515
Calculation of statical characteristics of sensors in systems of **automatic** *regulation* of power conditions for the operation of a tractor. 103518
Electrical system for **automatic** *regulation* of the engine and hydrostatic transmission of MT3 tractor. 103524
Transducer of the discharge of grain mass for **automatic** *regulation* of operating conditions for an electrostatic separator. 103556
Regulation of the **blood** sugar content in experimental hyperglycemia in chick embryos. 096456
Differentiaion of chloroplast lamellae. Onset of **cation** *regulation* of excitation energy distribution [Pea seedlings]. 100360
Regulation of **cell** metabolism by mitochondrial transport systems. 096403
The ontogenesis of the endosperm in Delphinium ajacis L.: Problem of the *regulation* of the **chromosome** number and of the quantity of intranuclear DNA. 099621
Species **dependent** *regulation* of hepatic gluconeogenesis in higher animals. 096405
Regulation of the **differentiation** in the moss protonema [Funaria hygrometrica, Musci]. 099596
Regulation of the **ecdysone-ecdysterone** conversion in Locusta migratoria L.: role of the corpora allata. 102854
Eco-physiological *regulation* of invertase activity in pea pollen. 100462
Regulation of **feed.** 096021
Role of auxin in the *regulation* of **fruit** ripening [Postharvest biology]. 095905
Regulation of **fungal** [Achlya] ribonucleotide reductase by unusual dinucleotides. 099524
The contribution of agriculture to further increasing the effectiveness of amelioration measures [Irrigation, **groundwater** *regulation,* drainage, East Germany]. 104287
Regulation of **growth** character and productivity of potato under the mineral nutrition programming in hydroponics. 100609
Regulation of **herbicides:** the future. 094796
Hormonal *regulation* of phosphoenolpyruvate carboxykinase (GTP) in mammalian tissues. 096398
Hormonal *regulation* of the secretion of mucoproteins by cells of the salivary glands of Drosophila melanogaster larvae during the period of metamorphosis. 103102
Juvenile **hormone** *regulation* of cyclic AMP [adenosine monophosphate] and cAMP phosphodiesterase activity in Oncopeltus fasciatus. 103006
Private forest practices: **how** much *regulation?* 098030
Cell permeability and *regulation* of **intracellular** sodium concentration in a halophytic and a glycophytic moss [Grimmia maritima, Grimmia pulvinata]. 099876
Photoperiodic and thermoperiodic interactions in the *regulation* of the **larval** diapause of Diatraea grandiosella. 103011
Regulation of **leaf** and fruit senescence by gibberellic acid. 099778
Legislative *regulation* of interfarm cooperation. 094728
Effect of **light** *regulation* in fur development and growth in mink. 096476
Role of anion transport in the *regulation* of **metabolism.** 096404
Polymer materials and the *regulation* of **microclimate** in fruit-tree growing [Protected cultivation, mulching]. 101215
New *regulation* about the procedure of consideration of labor conflicts [in agriculture]. 094729
Regulation of **nitrogen** fixation by Rhizobia [root nodule bacteria] export of fixed N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Guanylate cyclase: Existence of different forms and their *regulation* by **nucleotides** in calf uterus. 096241
Nutritional *regulation* of macromolecular synthesis in muscle. 096773
Vitamin D metabolism: **physiological** *regulation* in egg-laying Japanese quail. 096188
Regulation of **potassium** absorption in barley roots. An allosteric model. 100280
A method of **pressure** *regulation* in solid-set sprinkler systems. 103453
The *regulation* of **pyruvate** carboxylase activity in gluconeogenic tissues. 096406
Regulation of **pyruvate** kinase and phosphoenolpyruvate carboxykinase activity in adult Fasciola hepatica (Trematoda). 097384
The function of up-river dams in the water **quality** *regulation* of valley dams. 104433
Pyruvate carboxylase: intracellular localization and *regulation* [in **rat** liver]. 096402
Glucose-6-phosphatase-phosphotransferase: roles and *regulation* in **relation** to gluconeogenesis. 096396
Regulation of **sclerotium** production by primary metabolites in Coprinus cinereus (=C. lagopus sensu Lewis) [Fungi]. 100030
Regulation of **sexual** agglutinability in [the yeast] Saccharomyces cerevisiae of a and alpha types by sex-specific factors produced by their respective opposite mating types. 099927
Rational management of confluences in the area of **stream** *regulation.* 104246
Planning the level of hydrotechnical reclamations for obtaining crop yields [Water **supply** *regulation].* 104309
Reclamation problems in [crop] yield programming [Water **supply** *regulation].* 104312
Private forest practices: how much *regulation* is **too** much? 098032
Regulation of the **utilization** of exogenous thyumidine by cells of the Chinese hamster in vitro. I. Inhibition of thymidine utilization under the action of extracts from cells in different stages of the cell-divison cycle. 096487

REGULATORS

Sex differentiation in oil palm [Elaeis guineensis]: effects of **growth** *regulators.* 099323
Succinic acid 2,2-dimethylhydrazide [Daminozide, plant **growth** *regulators,* residue analysis]. 099488
Effect of the D.L. Abscisin (Dormin) and other **growth** *regulators* on germination, growth and yield of corn and sorghum. 100083
Factors affecting the flowering of Andropogon gayanus Kunth. Responses to photoperiod, temperature and **growth** *regulators.* 100093
Use of chlormequat in grain fields **[Growth** *regulators].* 100236
Ancymidol [Plant **growth** *regulators,* ornamental plants]. 100353
A-Rest as a substitute for B-Nine in pot Chrysanthemum height control **[Growth** *regulators].* 100419
Cleridendron thomasoniae, Southern Bleeding Heart, tropical vine to pot plant **[Growth** *regulators].* 100451
Studies on the distribution of 14C [carbon isotope]-malformin A [a potent plant **growth** *regulator* produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543
Effect of SADH [succinic acid-2,2-dimethylhydrazide] and ethephon on Crossandra infundibuliformis 'Mona Wallhed' **[Growth** *regulators].* 100588
Growth *regulators* for fruit trees. IV. The effect of SADH [succinic acid-2,2-dimethylhydrazide] on the apple cultivar 'Cortland'. 100590
Growth *regulators* on young pear trees for earlier production. 101060
Use of **growth** *regulators* in stone fruit production. 101064
Activity of insect **growth** *regulators* (juvenile hormone analogues) against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera: Noctuidae) [Integrated control programmes]. 102375
Sensitivity to insect **growth** *regulators* (juvenile hormone analogues) in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Control of house fly [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in rhinoceros dung with an insect **growth** *regulator* used as a feed additive. 102597
Educators, *regulators,* **industry** discuss product developmentfood safety problems. 095277
Dormancy, growth, and their **natural** *regulators* in buds and seeds of Karelian birch [Retula verrucosa]. 100683
Control of abscission in cotton boll explants with **plant** *regulators.* 100107
Power *regulator* for an electrode water-heater. 103374
Studies of fluid pressure relaxation mechanism of power **sprayer's** *regulator.* III. On the automatic utilization under the trial pressure regulating method. 103580
Variety-growth *regulator* effects on pecan rootstocks. 100509

REHABILITATION

Rehabilitation and **betterment** [Water management]. 104389
Replanting coconuts in Jamaica through the Lethal Yellowing Insurance Regulations *[Rehabilitation* **program].** 094657

REHYDRATION *see* HYDRATION

REINFORCEMENT

The deformation characteristics of **polymer** *reinforced* fiber networks [Board materials]. 098421
The **positive** *reinforcement* approach to controlling employee absenteeism. 095297

RELAXATION

Temperature-jump-induced release of hydrogen ions from chloroplasts and its *relaxation* **characteristics** in the presence of ionophores [Spinach]. 100376
Studies of fluid **pressure** *relaxation* mechanism of power sprayer's regulator. III. On the automatic utilization under the trial pressure regulating method. 103580
Factors determining the rate of *relaxation* of **rabbit** aortic strips after an exposure to noradrenaline. 096491
Stress *relaxation* and energy requirements in compaction of unconsolidated [agricultural] materials. 103341

RENAL

Baroreceptor effects on *renal* and **adrenal** nerve activity [Rabbits]. 096179
Isolation of **chick** *renal* mitochondrial ferredoxin active in the 25-hydroxyvitamin D3-1alpha-hydroxylase system. 096424
Studies into activity and properties of adenosine triphosphatase in some organs of swine (liver, cerebral and *renal* **cortex,** mucosa of small intestine). 096215
Phosphoenolpyruvate carboxykinase and *renal* **gluconeogenesis.** 096401
Fluroescence histochemistry and autoradiography of adrenergic nerves in the *renal* **juxtaglomerular** complex of mammals and man, with special regard to the efferent arteriole. 096305
Semiquantitative determination of *renal* **magnesium** excretion; a preliminary investigation [Hypomagnesemic tetany, deficiency diseases, cattle]. 097804
Reduction of *renal* **nerve** activity by volume expansion in conscious cats. 096500
Vitamin D-dependent calcium binding protein of **rat** *renal* cortex. 096392

RENDZINA

The contents of some mineral elements in hay of lucerne (Medicago X varia Martyn) cultivated on *rendzina* **soil** in conditions of spray irrigation and differentiated phosphorus. 100057

RENIN

Renin **activity** in dog brain: enzymological similarity to cathepsin D. 096333

RENNET

The nature of powers efficiency in the formation or *rennet* and **acid** coagula and the role of calcium, phosphate and citrate in coagulum formation. 095631
Some bitter peptides from *rennet-treated* **casein.** A method for their purification, utilizing chromatographic separation on silica gel. 095637
Factors affecting bitter flavour in Gouda **cheese** *[Rennet].* 095636
Rennet **clotting** time of buffalo milk as affected by heat treatments. 095626

RENNIN

Peptide substrates for **chymosin** *(rennin):* Kinetic studies with peptides of different chain length including parts of the sequence 101-112 of bovine kappa-casein. 096246
Obtainment of **crystalline** *rennin* from powdered enzyme preparation. 095671

RENTS

On the problem of improving the mechanism of the distribution of the **differential** *rent* in agriculture. 094404
Analyzing the feasibility of **rural** *rental* apartments in the Great Plains: a guide for local decisionmakers [Housing]. 093953

REPELLENCY

Repellency of **N,N-diethyl-M-toluamide** (DEET) and 2-hydroxyethyl cyclohexanecarboxylate against the deer flies Chrysops atlanticus Pechuman and Chrysops flavidus Wiedemann. 102587

REPELLENTS

Biochemical parallelisms of *repellents* and **attractants** in higher plants and arthropods. 099963
Introductory research on the food attractants and *repellents* for the **beetles** of the granary weevil (Sitophilus granarius L.). 102541
Chemical *repellents* can save crops [Birds and mammals control]. 102060

Ultrasonic clicks produced by the peacock butterfly [Inachis io]: a **possible** *bat-repellent* mechanism. 102984
Repellent and **toxic** effect of copper oxychloride on the Colorado potato beetle [Leptinotarsa decemlineata]. 102443

REPLICATION
Chromosome structure in Chilocorus (Coleoptera: Coccinellidae). II. The **asynchronous** *replication* of constitutive heterochromatin. 102860
Replication of **bovine** coronavirus in cell line BEK-1 culture. 097242
Chloroplast *replication* and chloroplast DNA synthesis in spinach leaves. 100559
Components of error in field experiments with cotton, groundnuts, kenaf and sesame in the central Sudan rainlands. I. Field and atatistical methods; increasing percision by *replication* and its **cost.** 100771
Chromosomal **DNA** *replication:* retarded fork progression and altered initiation in cells infected with mengovirus or Newcastle disease virus [Infection of mouse L cells]. 097668
The influence of DNA binding protein on the substrate affinities of DNA polymerase from Ustilago maydis [Fungi]: one polymerase implicated in both **DNA** *replication* and repair. 099345
The *replication* of **plastids** in higher plants [Chloroplasts]. 098988
Inhibition of avian sarcoma **virus** *replication* by glucosamine: a specific effect on the synthesis and processing of viral proteins [Chicken fibroblasts]. 097670

REPOPULATION *see* POPULATION

REPRESSION
Repression of the **acid** phosphatase of Saccharomyces bisporus [yeasts] in relation to the polyphosphate content of the cells. 099630
Cis-dominant regulatory mutations affecting the formation of *glucose-repressible* **alcohol** dehydrogenase (ADHII) in Saccharomyces cerevisiae [Yeasts]. 099865
Repressible **alkaline** phosphatase in Aspergillus niger [Fungi]. 099712

REPRODUCTION
Reproductive **ability** of Norway spruce [Picea abies] in the Latvian SSR. 100647
Studies on the **accessory** *reproductive* organs in the drake. 4. Effects of androgen on the ejaculatory groove region of the drake. 097010
Changes in the corpus allatum vlume of female Spodoptera litura (Fabr.) related with **age** and *reproduction.* 102899
Analytical study of growth and *reproduction* in **Amaranthus** spinosus L. subjected to stress from reduced light intensities. 102123
Some biochemical and immunological properties of proteins of bull and ram seminal plasma, and possibilities of their practical utilization in **animal** *reproduction.* 097082
Effects of the Bi locus in cucumber on *reproduction,* **attraction,** and response of the plant to infection by the southernroot-knot nematode [Meloidogyne incognita]. 101921
Reproductive **behavior** and physiology of Dacus oleae [olive fruit fly]: fecundity as affected by mating, adult diet and artificial rearing. 102805
Reproductive **behavior** and physiology of Dacus oleae [olive fruit fly]: sperm depletion in the female. 102806
Reproductive **behavior** and physiology of Dacus oleae [olive fruit fly]: egg hatch in females mated successively with normal and gamma-sterilized males and vice versa. 102807
Reproductive **behaviour** and physiology of Tenebrio molitor (Coleoptera: Tenebrionidae). III. Histogenetic changes in the internal genitalia, mesenteron, and cuticle during sexual maturation. 102874
Reproductive **behaviour** of Sminthurus viridis (L.) (Collembola, Symphypleona). 103126
Study of *reproduction* **biology** of forest herbs for the purpose of improving the chemical care of forest and preserving useful plant species. 100300
Influence of sevin and rogor on the formation of *reproductive* **buds** in apples. 100512
Study on the optimal age and liveweight for sow impregnation with reference to their *reproductive* **capacities.** III. Study on the fattening and slaughter qualities of pigs born during different seasons of the year. 097087
The cell cycle and the control of **cellular** *reproduction* [Animals, plants]. 096850
Second educational and competitive show of the Elbaue Cattle Breeding and *Reproduction* **Center** [East Germany]. 097056
Dosage effect study of the microsporidian Octosporea muscaedomesticae in the adult black blowfly Phormia regina, with reference to the *reproductive* **cycle** of the pathogen. 103026
Reproduction in the **dairy** cow. 1. The sperm. 096911
The pattern of *reproductive* **development** in Chenopodium rubrum L. 099324
Management of *reproductive* **disorders** of dogs. 097696
Studies on the *reproduction* in the **dog.** VIII. Artificial insemination using the frozen semen. 096978
Feline infectious peritonitis: diagnosis and **experimental** *reproduction* of the disease. 097592
Influence of some external stimulations due to mating upon the **females** *reproductive* function in Acanthoscelides obtectus Say (Coleoptera, Bruchidae). II. Experimental study. 102814
Effects of postnatal maternal environment on *reproduction* of **gilts.** 096931
Industrial organization of *reproduction* for **high** performance at the Dedelow Breeding Center [Productive capacity, dairy cattle]. 097053
Implementing the organization of *reproduction* for **intensifying** cattle production in the Rostock district. 097052
Reproduction in **Lacombe** gilts. 096866
Some aspects in the introduction of biotechnological procedures in the control of **livestock** *reproduction.* 097057
Reproductive **morphology** of Ornithonyssus sylviarum (Canestrini and Fanzago) (Acari: Macronyssidae) [Fowl mite]. 102595
Observations on development of the gonad and on *reproduction* in **[nematode]** Aphelenchus avenae [in relation to time and feeding periods on Rhizoctonia solani]. 101933
Reproduction of of [the **nematode**] Ditylenchus dipsaci in onion varieties. 101979
Influx intensity of phosphorus 32 [isotope] in cotton plants and its outflow into *reproductive* **organs** after the desiccation by magnesium chlorate. 100228
Changes in body weight and *reproductive* **organs** of Tingis ampliata H.-S. (Heteroptera: Tingidae). 103034
Peculiarities of *reproducing* **partially** dioecious cucumber varieties. 099097
The influences of level of nutrition during rearing on puberty and *reproductive* **performance** in Japanese Black cattle heifers. 096660
Lack of effect of dietary diethylstilbestrol on *reproductive* **performance** [Rats]. 096720
A study of certain environmental factors and mineral chelation on the *reproductive* **performance** of young and yearling turkey hens. 097005
Cytophotometrical study of nuclear DNA in the different apical parts of the male gametophyte of Polytrichum formosum Hedw. during the *reproductive* **phase** [Musci]. 098907
Reproductive **physiological** responses of cattle to exogenous prostaglandin F2 alpha. 096942
Postpartum uterine involution and ovarian activity in dairy cattle [Fertility, *reproductive* **physiology**]. 097000
Southwestern pine tip moth [Rhyacionia neomexicana] damage to ponderosa **pine** *reproduction.* 102525
Relationship between capture and *reproduction* **rate** in Cyrtophora citricola Forskal (Araneae, Araneidae). 102830
Effects of photoperiod and temperature on vegetative and *reproductive* **responses** of Lycopersicon esculentum Mill. [Tomatoes]. 100475
Experimental studies on flowering and *reproduction* in **seagrasses** [Temperature, salinity, daylength]. 099516
Reproduction of **sows** in function of various lengths of lactation. 3. Length of life, reform. 097031
Studies on Indian Gracilaria [Algae]. II. The development of *reproductive* **structures** of Gracilaria corticata. 098898
Effect of feed regimes on body weight of turkey hens at 32 weeks of age and **subsequent** *reproductive* performance. 096752
Anatomy, histology, and post-larval development of the *reproductive* **systems** of the sugarbeet root maggot [Tetanops myopaeformis, pest control]. 102278
Baculovirus-like particles in the *reproductive* **tracts** of female parasitoid wasps [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295
Reproducibility of **vitamin** assays with mutants of Neurospora crassa [Fungi] maintained by freeze-drying. 099631

RESECTION
Primary bone tumors of the extremities of the dog—**block** *resection* of a distal ulnar tumor. 097702

RESEEDING *see* SEEDING

RESERVATION
Lichenes of the **Jata** *Reservation* near Lukow. 098501
Lichenes and Bryophyta of the **Omelno** *Reservation* near Radzyn Podlaski. 098500

RESERVE
Biological reserves of New Zealand. 2. Bryophytes of **Bankside** *reserve,* canterbury plains. 098825
Internal **farm** *reserves* for increasing labor productivity in grape growing. 094357
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in *reserve* **fat** of fattening geese [Contamination]. 102778
Opening up **feed** *reserves* by avoiding feed remnants [Dairy industry management, East Germany]. 094350
The **food** *reserves* and ultrastructural relationships of the gametophyte and sporophyte tissues in Podocarpus henkelii seeds. 100046
Forage *reserves* of grain cereals. 096026
Reserves of **increasing** the productivity of units in sowing cereals and clean-cultivated crops. 103622
Nutrient *reserves* in starving black carpet beetle [Attagenus megatoma] larvae infected with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
Reserves of **productivity** of wheat varieties from Siberia and the physiological and morphological model of an intensive variety. 100189
Demarcation of *reserve* **protection** areas. Methodology at thelot level. 104476
Alfalfa weevil [Hypera postica] effects on **root** *reserves,* development rate, and canopy structure of alfalfa. 102277
A simulation analysis of a *reserve* **stock** management policy for feed grains and wheat. 094321
Variation in the mineral composition of apple leaves. II. Variation among the apple orchards and evaluation of their nutrient **substance** *reserves.* 100449

RESERVOIRS
Sediment-water microcosms for assessment of nutrient interactions in aquatic ecosystems [Lakes, *reservoirs,* **algal** assay]. 104496
Avian *reservoirs* of Newcastle disease [a major infection ofpoultry]. 097341
Yeasts in bovine semen *[reservoir* for **bovine** uterine infection]. 097318
Some observations on dinoflagellate [Peridinium penardii] population density during a bloom in a **California** *reservoir* [Algae]. 099852
Studies on Plover **Cove** *Reservoir,* Hong Kong. III. A comparison of the species composition of diatom floras on different substrates, and the effects of environmental factors on their growth [Algae]. 098792
Reservoirs and their **environment.** 104266
Factors influencing phytoplankton growth and succession in **Farmoor** *Reservoir* [Algae]. 099724
Kinematics of liquid movement in the *reservoir* of a **hydrodynamic** mixer [Sprayers]. 103529
Effect of heated waters on the phytoplankton in the **Ivan'kovo** *Reservoir.* 100021
Vegetation from the lower reaches of the **Ivan'kovo** *Reservoir* and the effect of heated waters from the Konakovo State Regional Power Station on it. 100022
Sampling & **mapping** *reservoirs* & [animal] vectors of human disease. 102573
Largemouth bass growing fast in West **Point** *Reservoir* [Recreation]. 104488
Trichinosis: a world problem with extensive **sylvatic** *reservoirs* [Trichinella spiralis]. 097352
Wildlife *reservoirs* of dermatophilosis [Dermatophilus congolensis]. 102572

RESIDUES
Methidathion [Insecticide, **acaricide,** *residues].* 102639
A summary of investigations carried out at the Cellulose and Paper Branch [Forest Research Institute] on suitability of **agricultural** *residues* for pulp, paper and board. 098283
Succinic acid 2,2-dimethylhydrazide [Daminozide, plant growth regulators, *residue* **analysis].** 099488
Protect [1,8-naphthalic anhydride, to protect the corn plant from herbicidal injury, *residue* **analysis].** 101839
Gas chromatographic separation of herbicides of major interest in Canada, with electrolytic conductivity detection in the nitrogen and chlorine modes *[Residue* **analysis].** 102127
Pirimiphos-methyl [Insecticides, *residue* **analysis** in crops, food products]. 102644
2-aminobutane [Fungicides, toxicity, *residue* **analysis].** 102654
Chronic toxicity of atrazine [herbicide] to selected aquatic invertebrates and fishes *[Residue* **analysis,** water pollution]. 102680
Fluorogenic labeling of organophosphate pesticides with dansyl chloride. Application to *residue* **analysis** by high-pressure liquid chromatography and thin-layer chromatography. 102720
Residue **analysis** of Sumithion [Organophosphorus insecticide]. 102768
Accumulation of **antibiotic** *residues* in the fruit of coconut palms treated with oxytetracycline for the control of lethal yellowing. 094895
Study on *residues* of **antibiotics** in meats. 094816
Study of the *residues* of an **anti-Botrytis** fungicide, 26 019R.p. in grapes and wines, and their effects on alcoholic fermentation. 102763
Screening by negative chemical ionization mass spectrometry for environmental contamination with toxic [pesticide] *residues:* **application** to human urines. 102762
Residues of **atrazine** (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its metabolites in chicken tissues [Pesticide residues in poultry and eggs]. 102714
Benomyl [fungicide] *residues* in **bananas.** 102753
A new extraction method for **benomyl** *residues* in soil and its application in movement and persistence studies. 101514
Residues of **chlorinated** hydrocarbons in organs of wildlife species. 102698
Estimation of **combined** *residues* of carbofuran (furadan) and its toxic metabolites by enzymatic method [Insecticides]. 102759
Effects of **crop** *residues* in soil on Phymatotrichum [omnivorum] root rot of cotton. 101495
The reaction of sulfhydryl reagents with bovine hepatic monoamine oxidase: evidence for the presence of two **cysteine** *residues* essential for activity. 096255
Organochlorine insecticides and polychlorinated biphenyls in cod from Norwegian fjords *[Residues,* **DDT].** 102747
Influence of starvation and hepatic microsomal enzyme. Induction on the mobilization of **DDT** *residues* in rats. 102775
Determination of *residues* of **dinitroorthocresol** in the crops [of grapes, apples and potatoes]. 102730
Determination of ronidazole in swine tissues by differential pulse polarography **[Drug** *residues* in edible animal tissues]. 094867

Investigations into the uptake, translocation and *residue* **dynamics** on the growth retardant B-9 (succinic acid dimethylhydrazide) with the 'Altenburger Melonenkursche' cherry variety. 100362
Research on the *residues* and **dynamics** of disappearance of trichloronat in onion after application of Phytosol in the form of seed dressing [Hylemya antiqua, control]. 102461
The dynamics of [the nematicide] **Fensulfothion** *residues* in cucumbers for pickling and in cutting lettuce. 102657
Protein, methionine, lysine and a **fermentation** *residue* as variables in diets of young turkeys. 096760
Utilization of **forest** *residues*, a segment of the complete tree concept. 098397
The state of whole-tree utilization in Scandinavia [Harvesting of **forest** *residuals* and pulping]. 098423
Metabolism of the fungicide Denmert (S-n-butyl S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and Denmert sulfoxides in liver enzyme systems [Monilinia **fructigena,** *residues].* 102620
High pressure liquid chromatography of benzimidazoles **[Fungicide** *residues].* 102755
Mertect [2-(4'-Thiazolyl)benzimidazole, **fungicides,** *residues].* 102638
Validacin [Validamycin, **fungicides,** *residues].* 102652
Vitavax [5,6-dihydro-2-methyl-1,4-oxathiin-3-carboxanilide, **fungicides,** *residues].* 102653
Residues of **herbicide** products in milk. 094914
Balan [N-butyl-N-ethyl-alpha,alpha,alpha-trifluoro-2,6-dinitro-p-toluidine, **herbicides,** *residues].* 102627
Devrinol [2-(alpha-naphthoxy)-N,N-diethyl propionamide, **herbicides,** *residues].* 102629
MCPB [2-methyl-4-chlorophenoxybutyric acid, **herbicides,** *residues].* 102636
Sencor [Metribuzin, **herbicides,** *residues].* 102649
Determination of Ronite [S-ethylcyclohexyl-N-ethyltiocarbamate] in water, air, plants and biological objects **[Herbicides,** *residues].* 102733
Pesticides and the environent: simm-triazines **[Herbicides,** *residues].* 104593
Chromatographic analysis of **hormone** *residues* in food. 094874
Chlorinated **hydrocarbon** *residues* in the fish of Lake Tanganyika. 102667
Dispersal and recovery of natural pyrethrum micro droplets in banana plantation **[Insecticide** *residues,* drift, Aedes control]. 102561
Mecarbam **[Insecticide** *residues,* decontamination]. 102637
Plurality in the determinism of organophosphorus teratogenic effects **[Insecticide** *residues* in quail embryos]. 102688
Residues of [the **insecticide**] sevin and Fozalone in leaves and berries of grapevine. 102743
Phenthoate **[Insecticides,** *residues].* 102642
Factors affecting the stability of Dimilin in water and thepersistence of Dimilin in field waters **[Insecticides,** *residues].* 102708
The effect of the technological process on level of DDT, DDE, DDD and DMDT [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane, methoxychlor] *residues* in **Kortowski** cheese [Contamination]. 102780
Residue **levels** of dieldrin in Chondrostoma spp. From Guadalmellato River. 102658
Hygienic norm setting for pesticides in the soil *[Residue* **limits].** 104592
Diameter measurement in the line intersect method **[Logging** *residues,* sampling]. 097981
A study of **logging** *residue* at woods landings in Appalachia. 098432
Logging *residues* under different stand and harvesting condition. Rocky Mountains. 098433
The role of **lysyl** *residue* in collagen structure with calcification and aging [Rats]. 096391
Chromatographic determination of [the molluscicide] **metaldehyde** *residues* in water and in cabbage. 094882
Determination of **methylnitrophos** *residues* in meat, milk and eggs by the method of gas-liquid chromatography. 102731
Promacyl [Acaricide for the control of Boophilus **microplus,** *residues].* 102645
The determination of hemoglobin and **myoglobin** *residues* as a parameter for testing heat exposure in back bacon. 094822
Residues of **organochlorine** insecticides in some fishes and birds in the Gezira of Sudan. 102758
Pesticide *residues* in eggs and chicks from laying hens fed low levels of several chlorinated hydrocarbon pesticides. 096759
The problem of **pesticide** *residues* in foreign and Polish investigations. 102666
Laboratory and field experiments with methoxychlor as a larvicide for Simuliidae (Diptera) **[Pesticide** *residues].* 102685
Pesticide *residues* in wildlife as an indicator of environmental pollution. 102695
Residues of atrazine (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its metabolites in chicken tissues **[Pesticide** *residues* in poultry and eggs]. 102714
Levels of terminal **pesticide** *residues* in Canadian meat. 102769
Correlation of teratogenicity and molecular structure: ethylenethiourea and related compounds **[Pesticide** *residues* in rats]. 102774
Protection of honey bees from **pesticides** *[Residues].* 103245
Chromatographic determination of **picloram** *residues* in objects of plant origin. 102727
Determinaton of [the herbicide] **picloram** *residues* in water and fruit by the method of thin-layer chromatography. 102735
Amiphos [O,O-dimethyl-S-2-(acetamid)-ethyldithiophosphate acaricide] *residues* in **plants** and regulations for its application in farm production. 102725
About the **simazine** *residues* in the soil of the Tikhvin Forest Nursery. 102770
When it isn't one thing, it's another. Arsenate **soil** *residues* aren't the only reason apple replants fail [Diseases of unknown etiology]. 101831
The effect of some herbicides on the weed flora and soil microflora in the onion crop (Allium cepa L.), and the persistence of their *residues* in the **soil.** 102121
Heptachlor metabolism and the dynamics of its *residues* in **soil** and plants. 102737
Determination of propazine *[residues]* in **soil** by the spectrophotometric method. 102771
Degradation of the insecticide SD 8280, 2-chloro-1-(2, 4-dichlorophenyl)vinyl dimethyl phosphate, in **soils** *[Residues].* 102754
Residue **studies** on chlorinated hydrocarbons in eggs of wild birds. 102696
Residue **studies** on chlorinated hydrocarbons in carrion and healthy shot domestic wildlife [West Germany]. 102697
Influence of artificial rainfall and washing on the benomyl and **thiophanate-methyl** *residue* content in lettuce. 102756
Toxaphene: livestock toxicity & **tissue** *residues.* 097871
Chlorothalonil [Fungicides, **toxicity,** *residues].* 102628
Dinitramine [Herbicides, **toxicity,** *residues].* 102630
Dinobuton [Acaricides, fungicides, **toxicity,** *residues].* 102631
Ethirimol [Fungicides, **toxicity,** *residues].* 102632
Formothion [Organophosphorus insecticides, *residues,* **toxicity].** 102633
Isopropalin [Herbicides, **toxicity,** *residues].* 102634
Karbutilate [Herbicides, **toxicity,** *residues].* 102635
Metoxuron [Herbicides, **toxicity,** *residues].* 102640
Oryzalin [Herbicides, **toxicity,** *residues].* 102641
Pirimiphos-ethyl [Insecticides, **toxicity,** *residues].* 102643
Pronamide [Herbicides, **toxicity,** *residues].* 102646
Prothoate [Insecticides, **toxicity,** *residues].* 102647
Pyrethrum [Insecticide, **toxicity,** *residues].* 102648
Thiometon [Aphicides, **toxicity,** *residues].* 102650
Mosaic-like distribution of potassium **trichloroacetate** *residues* in soil [Herbicides]. 102772
Quinaldofur, a new synthetic drug for the treatment of [bovine] mastitis. II. Pharmacology, *residues,* **udder** irritation and clinical efficacy. 097679
Determination of *residues* of **Valexon** [phoxim] in milk and animal tissues [Organophosphorus insecticides]. 102732
Studies of the thyrotropin-releasing hormone. I. CNDO/2 studies of the conformations of the *residues* [in **vertebrates].** 096474
Poliovirus survival and movement in a sandy forest soil **[Wastewater** *residuals].* 104450

RESINS

Inheritance of *resin* **acids** in an interspecific white pine cross [Pinus strobus X Pinus griffithii]. 099377
Weevil [Pissodes strobi]—induced resin crystallization related to *resin* **acids** in eastern white pine [Pinus strobus]. 102506
Organic compounds of kraft process waste waters. I. Fatty and *resin* **acids** [Pollution control]. 104588
Composition and properties of tar obtained at cellolignin thermolysis. VII. Determination of acid groups in compounds isolated from *resin* after **birch** wood thermolysis, and in model aromatic oxyacids. 098306
Resinous **canker** disease of Cupressaceae caused by Monochaetia unicornis (Cke. & Ell.) Sacc. II. Physiologic characters of the causal fungus. 101361
Ultrastructure of *resin* **ducts** in Pinus halepensis development, possible sites of resin synthesis, and mode of its elimination from the protoplast. 100623
Chemistry of ayurvedic crude drugs. IV. **Guggulu** *(resin* from Commiphora mukul). 4. Absolute stereochemistry of mukulol. 100010
Search for non corrosive chemicals for **increasing** *resin* yield from chirpine (Pinus roxburghii Sargent). 098282
Weevil [Pissodes strobi]—**induced** *resin* crystallization related to resin acids in eastern white pine [Pinus strobus]. 102506
Structural investigation of **lac** *resin.* X. Structure and stereo-chemistry of methyl laccolate gamma-lactone and its epimer [obtained by esterification of the gum resulting from the alkaline fission of shellac]. 098289
Measures of controlling the *pine-resin-gall* **moth** [Petrova resinella] and their ecologic basis. 102511
Exoenzymic activity of alpha-amylase immobilized on a **phenol-formaldehyde** *resin.* 095425
Studies on beer haze formation. I. Gas chromatographic profiles of beer: **polyamide** *resin* adsorbates. 095476
Ultrastructure of resin ducts in Pinus halepensis development, possible sites of *resin* **synthesis,** and mode of its elimination from the protoplast. 100623
Discriminating method of difficulty for impregnation treatment of wood with **synthetic** *resin* by air comparison pycnometer. 096886
Studies on the production of impregnated wood with **synthetic** *resin* by an accelerator. 098191

RESONANCE

Electron-paramagnetic *resonance* investigation of nitrogen dioxide sorption of cellulose. 098205
Determination of solid and liquid components of palm oil as function of the crystallization condition by measurement of nuclear **magnetic** *resonance.* 095436
Microstructure of natural guayule rubber from 300-MHz [megahertz] nuclear **magnetic** *resonance* spectra. 095480
Fast determination of content in oil by nuclear **magnetic** *resonance* after drying of seeds in a microwave oven. 095520
Kinetic study of crystallization of plastic fats. I. Layout of solidification curves by large band nuclear **magnetic** *resonance.* 095521
Nuclear **magnetic** *resonance* spectrometry as a quick method of determination of oil content in rapeseed. 095812
Comparison of proton **magnetic** *resonance* spectra of cell-wall mannans of Candida tropicalis [yeast] with its morphology. 098874
N.M.R. [Nuclear **magnetic** *resonance]* with stable isotopes in biosynthetic studies [carbon-13 isotope]. 099561
Application of 15N [nitrogen isotope] pulsed fourier transform nuclear **magnetic** *resonance* spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Influence of light on chromate reduction in chlorophyll organisms studies by electronic **paramagnetic** *resonance* spectroscopy. 099612
Phase-locked loop technique to **record** *resonance* frequency of plant tissue [Avena]. 100258
Primary reactions of photosystem II at low pH [hydrogen-ion concentration]. 2. Light-induced changes of absorbance and electron **spin** *resonance* in spinach chloroplasts. 100375

RESPIRATION

Isolation and properties of reovirus from cattle in an outbreak of **acute** *respiratory* disease. 097453
Intracellular ATP [adenosine triphosphates] level and light-induced inhibition of *respiration* in a **blue-green** alga, Anabaena variabilis. 099919
Bovine *respiratory* disease (BRD) (shipping fever complex). 097868
The involvement of the protonmotive ubiquinone cycle in the *respiratory* **chain** of higher plants and its relation to the branchpoint of the alternate pathway [Mung beans]. 100418
The inhibitory action of cycloheximide on *respiration* of **coleoptiles** is relieved by light [Triticum, Avena]. 100263
Factors affecting *respiration* in **cut** roses. 100476
Effects of cyanide and ethylene on the *respiration* of **cyanide**—sensitive and cyanide-resistant plant tissues [Peas, Annona cherimola]. 099944
Upper *respiratory* **dead** space in the chicken: its fraction of the tidal volume. 096314
Pathophysiologic classification and a diagnostic system for *respiratory* **diseases.** 097114
Use of isotopes to explore the physiology and biochemistry of *photorespiration* and its **effects** on crop yields [Wheat, maize]. 100207
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point [kidney] bean **embryo** *respiration* [Maize, wheat, sugarbeet]. 099947
Respiration and **enzymatic** activity of wheat seeds with different germination capacity. 100118
Synthesis of the inner mitochondrial membrane and the intercalation of *respiratory* **enzymes** during the cell cycle of Chlorella [Fusca vacuolata, Algae]. 099823
The function of the anal vesicle in *respiration* and **excretion** in the braconid wasp, Microplitis croceipes. 103021
Changes of the body temperature, pulse and *respiration* **frequencies** of pigs after an extreme heat load with respect to the breed. 096506
Investigations on the *respiration* of **fruits** in some quince varieties aimed at establishing an optimum picking date. 100437
How to limit **infectious** *respiratory* diseases of calves. 097445
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on *respiration* **intensity,** activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473
Ecology of *respiratory* **losses** in teak and Cymbopogon grass with reference to deciduous forest and grassland. 098842
Cytochrome c oxidase [terminal oxidase in *respiratory* **metabolism].** 099702
Changes of *respiratory* **metabolism** and cell ultrastructure in roots of wheat during dehydration. 100310
The influence of fluoride, malonic and pyruvic acids on the *respiratory* **metabolism** and the metabolism of dicarboxylic and tricarboxylic acids in two-year-old leaves of chicory. 100610
The peculiarity of the *respiratory* **metabolism** of the Jerusalem artichoke (Helianthus tuberosus L.) leaves in case of combined effect of the inhibitors. 100611
Respiratory **metabolism** of the centipede Nadabius coloradensis (Cockerell): influence of temperature, season and starvation. 102895
Effect of vitamin A and its derivatives on **mitochondrial** *respiration* [Rats]. 095018
Respiration and **NADH** [naphthaleneacetic acid dehydrogenase]-oxidation of the roots of flood-tolerant and flood-intolerant Senecio species as affected by anaerobiosis. 099897
The "barker" **(neonatal** *respiratory* distress) syndrome [of genetic origin] in the pig: its occurrence in the field. 097771

The effect of photoperiod on **night** *respiration* of a short day flowering plant, Chenopodium polyspermum L. 099620
Effects of pure paraquat dichloride, "Gramoxone W" and formulation additives on soil microbiological activities. 2. Effects on *respiration*, **organic** matter mineralization, and nitrification in laboratory-treated soil. 103863
Physiology of powdery mildew [Erysiphe cichoracearum] infected leaves of Abelmoschus esculentus. I. *Respiration* and **photosynthesis.** 101541
Apparatus for determining the intensity of photosynthesis and *respiration* in **plants.** 099567
Respiratory **problems** [Agricultural occupational diseases]. 094007
Increase in *respiratory* **rate** during feeding in larvae of the armyworm, Spodoptera exempta. 103076
The activity of ascorbic acid and catechol oxidase, the rate of photosynthesis and *respiration* as **related** to plant organs, stage of development and copper supply [Oats, sunflowers]. 100056
Reparation of the enzyme activity of the pathways or *respiration* in the **roots** of wheat and rice seedlings after influence of anoxia. 100330
Physiological characteristics of photosynthesis and *respiration* in **stems** of Populus tremuloides Michx. 100673
Utilization of *respiratory* **substrates** by Anacystis nidulansricher [Algae]. 099690
Radiographic examination and functional evaluation of the *respiratory* **system** [Dogs]. 097119
Differential diagnoses in avian medicine. III. Diseases of the *respiratory* **system.** 097194

RESTIONACEAE
Alexgeorgea, a bizarre new genus of *Restionaceae* from **Western** Australia [Alexgeorgea subterranea, Alexgeorgea arenicola, new taxa]. 098511

RESTORATION
Principles on the environmentaly **correct** *restoration* of the privately cultivated forest injured by a storm in northwestern Germany [Conservation and management]. 098003
Transfer of *restorer* **genes** over a new genetic background in sunflower (Helianthus annuus L.). 099154
Problem of *restoring* and **increasing** the fertility of eroded soils. 104233
About the possibility of stimulating the system of *restoration* [after **radiation** injury] by low levels of ionizing irradiation [Experiments on pea seeds]. 102051
Degree of frost injuries and the character of the *restoration* of the **root** system of grapevine bushes in various methods of irrigation. 102059
Prairie management and *restoration* in the **state** parks of Texas. 104508
Possibilities of *restoration* of **weak** honeybee colonies. 103307

RESTRICTION
Restriction **endonuclease** analysis of mitochondrial DNA from normal and Texas cytoplasmic male-sterile maize. 099383
Effect of *restriction* **endonucleases** on infectivity of Rous sarcoma virus DNA. 097459
Immunoreactive growth hormone levels in pigs fed protein or **energy** *restricted* diets during the postweaning period. 096715
Plasma adrenocorticosteroid levels in protein and **energy** *restricted* pigs. 096717
Effects of *restricted* **feeding** and ad libitum on meat production by Caserta swine. 096605
Characterization of 2-mu um DNA of Saccharomyces cerevisiae by *restriction* **fragment** analysis and integration in an Escherichia coli plasmid [Yeast]. 099374
Evidence for **nuclear** *restriction* of supersuppressor gene products in Neurospora [crassa, Fungi] heterokaryons. 099139
Land development **practices** *restricted* on Christchurch's Port Hills. 104226
Influence of **protein** *restriction* [diets] on immune response to alloantigens and homograft rejection. 095174
The effect of *restricted* **watering** time on Red X Rock sexlinked females [Chickens]. 096767

RETARDANTS
A review of [forest fire] *retardant* **delivery** systems used in fixed-wing airtankers. 097886
Revised Marsh Funnel calibrations for measuring [forest] **fire** *retardant* viscosity. 097939
Thermal analysis of wooden and of **fire** *retardant* substances. 098217
On the antagonism of the effect of gibberelline and *retardants* on the **flowering** and fruiting of lemon plants. 100571
Stimulation of growth of pepermint (Mentha piperita) by phosfon, a **growth** *retardant*. 099898
Investigations into the uptake, translocation and residue dynamics on the **growth** *retardant* B-9 (succinic acid dimethylhydrazide) with the 'Altenburger Melonenkursche' cherry variety. 100362
Importance of coverage when applying **growth** *retardant* A-Rest [Azaleas]. 100420
How **growth** *retardants* affect seed Geranium varieties. 100560

RETARDATION
Investigations concerning the fungus [Fomes annosus] *retarding* **action** of wood from the Norway spruce (Picea abies Karst.). 101444
Chromosomal DNA replication: *retarded* **fork** progression and altered initiation in cells infected with mengovirus or Newcastle disease virus [Infection of mouse L cells]. 097668
Functional significance of **growth** *retardation* in malnutrition. 094990
Dual role of environmental deprivation and malnutrition in *retarding* **intellectual** development. 094984

RETENTION
Evaluation of **bromosulphalein** *retention* in dogs [Liver function tests]. 096547
Foliar macronutrient concentrations and **foliage** *retention* in radiata pine [Pinus radiata] clones on four sites. 100659
Growth and **nitrogen** *retention* of children consuming all of the day's protein intake in one meal. 094991
Effect of various level of nitrogenous substances on the digestibility and retention of nutrients in pigs given plant diet. I. Digestibility of organic nutrients and **nitrogen** *retention*. 096742
Retention and **utilization** of minerals by the fattening calf. 096832

RETICULATUS
The influence of various factors on fluid secretion by in vitro salivary glands of ixodid tick [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, **Dermacentor** *reticulatus]*. 102983

RETICULOCYTES
Pig reticulocytes. II. Characterization of density-fractionated **maturing** *reticulocytes*. 096184
Pig *reticulocytes*. I. Transitory glucose permeability and metabolism. 096183
Pig *reticulocytes*. II. Characterization of density-fractionated maturing reticulocytes. 096184
Free and membrane-bound ribosomes. V. Iodination of **rabbit** *reticulocyte* polysomes. 096257

RETICULUM
Tubular connections between the external nuclear membrane, the **endoplasic** *reticulum* and dictyosomes of Cystoseira stricta (Pheophyta, Fucale [Algae]). 098925
Relation of tape-like inclusions of pea mosaic virus with the **endoplasmatic** *reticulum* and dictyosomas of the cells of a host-plant. 101808
Characterization of the adenosinetriphosphatase and calsequestrin isolated from **sarcoplasmic** *reticulum* of normal and dystrophic chickens. 096283
Effect of heat treatment on the ATPase [adenosine triphosphatase] activity of various **sarcoplasmic** *reticulum* preparations [Rabbit skeletal muscle]. 096343
Mechanism of an active transport of calcium. Ethoxyformylation of **sarcoplasmic** *reticulum* vesicles [Rabbit skeletal muscles]. 096426

RETINA
Regional distribution of three ultrastructural retinula types in the *retina* of **Cataglyphis** bicolor Fabr. (Formicidae, Hymenoptera). 102882
Some effects of positively charged surface groups on cell aggregation [Embryonic chick **neural** *retina* cells]. 096433

RETINOL
Seasonal changes in the **plasma** *retinol-binding* holoprotein concentration of sheep. 096270

RETIREMENT
Complementary *retirement* of farmers. 094417

RETRAINING *see* TRAINING

RETRIEVAL
Information *retrieval* system "introduction" on manual punched cards [for the world collection of entries in the All-Union Institute of Plant Industry]. 098479
Rx [prescription] for veterinary information: **storage** and *retrieval*. 097120

REVACCINATION *see* VACCINATION

REVEGETATION *see* VEGETATION

REVERSIBILITY
Is the chemomechanical energy **transformation** *reversible?* [Lethocerus maximus]. 103072

REVOLUTION
Another **green** *revolution:* plant parenthood [Market for ornamentals]. 094505
A French village in the **industrial** *revolution*. 093950
Industrial *revolution*. 095271
Nutrition and the food supply during the *revolutionary* **period.** 095073
Nutrition and the food supply during the *Revolutionary* **period.** 095261

RHAGIONIDAE
Some special forms of polytene chromosomes in two species of Diptera (Trypetidae and *Rhagionidae)* **[Urophora** cardui, Atherix ibis]. 102878

RHAGOLETIS
Labelling of adult European cherry fruit **flies** *(Rhagoletis* cerasi L.) by phosphorus 32 [isotope]. 102412
Influence of site on the sum of critical developmental temperatures of the cherry fruit **fly** *(Rhagoletis* cerasi L.). 102455
Biology and management of stone fruit pests [Syneta albida, *Rhagoletis* **indifferens].** 102379
Apple maggot *[Rhagoletis* **pomonella]:** control in backyard situations. 102403

RHEOLOGY
Rheological, **chemical** and microstructural studies of rapeseed protein dispersions. 095778
Rheological **properties** amino acid composition and bread quality of hard red winter wheat, rye and triticale. 095770
The effects of selected sugars on the *rheological* **properties** of rehydrated vital gluten. 095834

RHESUS
Dietary disaccharides in experimental atherosclerosis in *rhesus* **monkeys.** 095054

RHINITIS
Prevention of infectious **atrophic** *rhinitis* in swine with the vaccination of sows with Bordetella bronchiseptica [Bacterial infections]. 097326
Purulent leptomeningitis in experimental swine **atrophic** *rhinitis*. 097455
Association of Bordetella bronchiseptica with the **atrophic** *rhinitis* complex of swine. 097507
Effect of dietary calcium and phosphorus on the incidence of **atrophic** *rhinitis* in pigs. 097738

RHINOCEROS
Control of house fly [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in *rhinoceros* **dung** with an insect growth regulator used as a feed additive. 102597
Studies on the susceptibility of **Oryctes** *rhinoceros* to someentomogenous fungi [Coconut pests, biological control]. 102401
Studies on the use of Metarhizium anisopliae to control **oryctes** *rhinoceros* [Coconut beetle, biological control]. 102402

RHINOTERMITIDAE
Trail-following pheromones of the *Rhinotermitidae:* **approaches** to their authentication and specificity. 102968

RHINOTRACHEITIS
Use of immunofluorescence to elucidate microepidemiology and to carry out microplaque titration of virus of infectious **bovine** *rhinotracheitis* on primary calf kidney cells. 097239
Infectious **bovine** *rhinotracheitis/infectious* pustular vulvovaginitis infectious [Cattle]. 097271
The isolation and characterization of a strain of infectious **bovine** *rhinotracheitis* virus from stillbirth in swine. 097294
Observations on the response of cattle to a skin test using infectious **bovine** *rhinotracheitis* (IBR) inactivated antigen. 097540
Infection and immunity in bovine **infectious** *rhinotracheitis*. 097415
Observations on recovery mechanisms from feline **viral** *rhinotracheitis*. 097291

RHIPICEPHALUS
The aggregation of questing ticks, Rhipicephalus pulchellus, on grass stems, with observations on *Rhipicephalus* **appendiculatus.** 103081
Changes in lymphatic fluid draining an area of inflammation induced by **feeding** *Rhipicephalus* sanguineus (Acarina: Ixodidae) on the dog. 102580
The aggregation of questing ticks, *Rhipicephalus* **pulchellus,** on grass stems, with observations on Rhipicephalus appendiculatus. 103081
Observations on naturally acquired hepatozoonosis of wild carnivores and dogs in the Republic of South Africa [Hepatozoon, *Rhipicephalus,* **vectors].** 097462

RHIZOBIA
Reduction of acetylene by stationary cultures of **free-living** *Rhizobium* sp. under atmospheric oxygen levels [Nitrogenfixing bacteria. 103719
Isolation and characteristics of streptomycin-resistant mutants in *Rhizobium* **japonica** [Nodule bacteria]. 103832
Effect of aldicarb on growth and radio-carbon (14C) and radio-phosphorus (32P) assimilation by *Rhizobium* **japonicum.** 102745
Oxygen requirement for acetylene reducton by pure cultures of Rhizobia *[Rhizobium* **japonicum** and Rhizobium]. 103772
Mixed inoculations with effective and ineffective strains of *Rhizobium* **leguminosarum.** 103771
Effect of bean variety on nodule development and nitrogen fixation using a number of strains of *Rhizobium* **phaseoli** of Brazillian origin. 100359
Oxygen requirement for acetylene reducton by pure cultures of *Rhizobia* **[Rhizobium** japonicum and Rhizobium]. 103772
Regulation of nitrogen fixation by *Rhizobia* **[root** nodule bacteria] export of fixed N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Preinoculation of legume **seed** [with *Rhizobium].* 100877
The structure and development of Trifolium subterraneum L. root nodules *[Rhizobium].* II. In **[subterranean** clover] plants grown at sub-optimal root temperatures. 099001
The structure and development of Trifolium subterraneum L. root nodules *[Rhizobium].* I. In **[subterraneau** clover] plants grown at optimal root temperatures. 099000
Resistance to antibiotics in *Rhizobium* **trifolii** and its relation to nitrogen fixation. 103864
Studies on seed coat toxicity to *rhizobia* of **urid** (Phaseolus mungo) [mungo beans], mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070

RHIZOCTONIA
Dextranase production by certain plant pathogenic fungi *[Rhizoctonia* **bataticola,** Sclerotium oryzae, Fusarium oxysporum f. melonis]. 099686
Polyploid and maternal effects on *Rhizoctonia* **[solani]** rootrot resistance in sugarbeet. 099204

Levels of protein and essential amino acids in *Rhizoctonia* **solani** Kuhn grown on wood pulp. 099955
Soybean seedling diseases associated with double cropping [Sclerotium folfsii, *Rhizoctonia* **solani**]. 101329
Research on the etiology and methods of control of foot-rot, a new, dangerous tobacco disease [caused by two soil fungi, Botrytis cinerea and *Rhizoctonia* **solani**]. 101336
In field survival of *Rhizoctonia* **solani** in soil and in diseased sugarbeets. 101381
Occurrence of collar rot *[Rhizoctonia* **solani**] of Fenugreek [Trigonella foenum-graecum] in Karnataka. 101410
Pod rot complex [Pythium myriotylum, *Rhizoctonia* **solani,** Sclerotium rolfsii, peanuts]. 101511
Biological control of cotton boll rot [Diplodia gossypina, Fusarium, Colletotrichum gossypii, *Rhizoctonia* **solani,** Achromobacter]. 101547
Etiology and control of fruit rot *[Rhizoctonia* **solani,** Pythium aphanidermatum] of cucumber in single harvesting for pickles. 101554
The assessment of fungicides for control of pea root rot [Aphanomyces euteiches, Fusarium solani, Pythium ultimum, *Rhizoctonia* **solani**] in the field. 101567
The effect of Bacillus subtilis and Penicillium patulum on in vitro growth and pathogenicity of *Rhizoctonia* **solani** and Phytophthora cryptogea. 101699
Observations on development of the gonad and on reproduction in [nematode] Aphelenchus avenae [in relation to time and feeding periods on *Rhizoctonia* **solani**]. 101933
Damping-off in cucurbitaceous plants in Egypt. IV. Studies on *Rhizoctonia-damping-off* of **vegetable** marrow. 101529

RHIZOID
The formation and ultrastructure of *rhizoids* on **protonemata** of Dryopteris borreri Newm. 100098

RHIZOMES
Shoot apex organization and origin of the *rhizome-borne* **roots** and their associated gaps in Dennstaedtia cicutaria. 098876

RHIZOMORPHS
Vertical distribution of Armillaria mellea [Fungi] *rhizomorphs* in **soil.** 100034

RHIZOPERTHA *see* RHYZOPERTHA

RHIZOPHORACEAE
N2 [nitrogen] fixation associated with decaying leaves of the red **mangrove** *(Rhizophora* mangle). 103706

RHIZOPUS
Production of aciduric amylases by molds [Aspergillus, **Penicillium,** *Rhizopus].* 099491

RHIZOSPHERE
Carbon metabolism of [Flavobacterium flavum] bacteria isolated from the *Rhizosphere* of **lucerne** and oats. 100244
Study on the root and *rhizosphere* **microflora** of some flowering bulbs [Hyacinthus orientalis, Tulipa gesneriana, Narcisus poeticus]. 103750
Effect of molybdenum on the *rhizosphere* **microflora** of cotton plant in virgin calcareous soil. 103889
Effect of fungal staling growth products on growth behaviour of [lentil] *rhizosphere* **microfungi** [Trichoderma harzianum, Aspergillus flavus, Penicillium rubrum]. 099708
Effect of diurnal variation of soil temperature on moisture **movement** in the *rhizosphere.* 103761
Rhizosphere and **nonrhizosphere** microflora of Egyptian henbane [Hyoscyamus muticus] under saline conditions. I. Microbial density and activity as affected by salinization level and duration. 098762
A case of intersexuality in Xiphinema ingens Luc et Dalmasso (Nematoda, Longidoridae) [Collected from the **olive** *rhizosphere].* 101955
Microbial manipulation and plant **performance** *[Rhizosphere].* 100006
Effect of foliar application of urea on *rhizosphere* and **rhizoplane** microflora of wheat. 103915

RHIZOSPHERES
Influence of fungi in the *rhizospheres* of **pine** [Pinus] and spruce [Picea] on the seed germination of these trees. 100657

RHIZOTRON
Use of acrylic plastic as *rhizotron* **windows** [Rooting of cotton]. 100075

RHODODENDRON
Rhododendron and **azalea** culture. 101207

RHODOPHYCEAE
The amino acid composition of some common marine algae from Iceland *[Rhodophyceae,* **Phaeophyceae,** Chlorophyceae]. 099579
Mannitol in the *Rhodophyceae* **[red** algae]: a reappraisal. 099912

RHODOPHYTA
Benthic marine algae from the southern coast of Sao Paulo State, southwest of Santos and the coast of Parana State. III. *Rhodophyta* (2): **Cryptonemiales,** Gigartinales and-Rhodymeniales. 098524
The status of [the red alga] Ochtodes capensis (J. Agardh) J. Agardh (Rhizophyllidaceae, **Gigartinales,** *Rhodophyta).* 098643
Volatile halogen compounds in the alga Asparagopsis **taxiformis** *(Rhodophyta)* [Essential oil]. 095462

RHODOPSEUDOMONAS
Purification and physicochemical properties of superoxide dismutase from two photosynthetic microorganisms [Spirulina platensis, Algae, *Rhodopseudomonas* **spheroides,** bacteria]. 099549

RHODOTORULA
Dermatitis produced by *Rhodotorula* **glutins** [yeast] in broiler-age chickens. 097252
Utilization of exogenous pyrimidines as a source of nitrogen by cells of the **yeast** *Rhodotorula* glutinis. 099815

RHOPALOSIPHUM
Color responses of cereal aphids [Schizaphis graminum, Macrosiphum **avenae,** *Rhopalosiphum].* 102280
The changing status of corn virus diseases: potential value of a systemic insecticide [Graminella nigrifrons and *Rhopalosiphum* **maidis** as insect vectors]. 102308

RHUS
Kinetic studies of *Rhus* **vernicifera** laccase: Evidence for multi-electron transfer and an oxygen intermediate in the reoxidation reaction. 099545

RHYACIONIA
Southwestern pine tip moth *[Rhyacionia* **neomexicana**] damage to ponderosa pine reproduction. 102525

RHYNCHOSCIARA
In vitro transcription by isolated nuclei of *Rhynchosciara* **americana** salivary glands. Characteristics of incorporation and inhibition by alpha-amanitin. 102890
Some metabolic disorders affecting the carotenoid-linked haemolymph proteins in *Rhynchosciara* **americana** (Diptera, Sciaridae). 102935

RHYTHM
Automatic monitoring of a **circadian** *rhythm* of change in light transmittance in Ulva [lactuca latissima]. 099942
Circadian *rhythms* of chloroplast orientation and photosynthetic capacity in Ulva [lactuca latissima]. 099943
Evidence of **circadian** *rhythm* of male responsiveness to female pheromones in Acrolepiopsis (Acrolepia) assectella Zell. (Lepidoptera). 102843
Phase shifting the **circadian** *rhythms* of nocturnal insects by temperature changes [Eurycotis floridana, Lampyris noctilucta, Photuris]. 103077
Rhythms of **vitellogenesis** and ovulation in photoperiod LD 12:12 in Drosophila melanogaster. 103013

RHYTISMA
Rhytisma **acerinum** [the cause of tar spot disease of platanus, Acer pseudoplatanus] as a biological indicator of [sulphur dioxide] pollution. 104481

RHYZOPERTHA
Studies on the malpighian tubules of the lesser grain borer, *Rhizopertha* **dominica** Fab. (Coleoptera: Bostrychidae). 103132

RIBOFLAVIN
Responses of Phycomyces indicating optical excitation of the lowest triplet state of *riboflavin* **[Algae].** 099957
Studies on vitamin B2 of the milk and milk products. VIII. The relationship between phosphatase activity and *riboflavin* of the **milk.** 095213

RIBONUCLEASE
Ribonuclease **activity** in rye leaves affected by brown stem rust [Puccinia dispersa]. 101415
Changes in *ribonuclease* **activity** in oat leaves infected with Puccinia coronata avenae. 101633
Treatment of Toprina [dried yeast protein] with rRNA and *ribonucleases* in the **chicken.** 096312
Properties of *ribonuclease,* **phosphodiesterase,** and decyclizing phosphodiesterase from rape (Brassica napus L.) pollen. 100147

RIBONUCLEIC
A method using aminoacylation of transfer ribonucleic **acid** *(tRNA)* from wheat embryo and isotope dilution for screening of genotypes with improved protein content and quality. 099307
Deoxyribonucleic acid, *ribonucleic* **acid,** protein and uncombined amino acid content of legume seeds during embryogeny. 100090
Ribonucleic **acid** and high temperature sensitivity in wheat. 100170
In vitro and in vivo translation of the *ribonucleic* **acids** of a cowpea strain of tobacco masaic virus. 101813
Preformed poly **(A)-containing** *RNA* in zoospores of Blastocladiella emersonii [Fungi]. 099548
Nuclear syntheses of *RNA* into the **adult** ovary of Tenebrio molitor: quantitative study. 102848
Site of **bacterial** *RNA* synthesis in eggplant [Escherichia coli, Agrobacterium tumefaciens] protophloem after a bacterial infection. 101710
Absence of antibodies to **double-stranded** *RNA* and DNA in the sera of scrapie-infected sheep and mice. 097414
TRNA of the **fungus** Pleurotus ostreatus: Preparation and purification by the method of preparative gel electrophoresis. 099500
The effect of cycloheximide on **hepatic** *RNA* synthesis and nucleolar size in rats force-fed a threonine-devoid diet. 095151
Studies on the organisation of the chicken genome and its expression during myogenesis in vitro [DNA reassociation, *DNA-RNA* **hybridization].** 096901
Transcriptional origin of Euglena chloroplast tRNAs [Algae, *tRNA-DNA* **hybridization].** 099376
Partial purification of a progesterone-inducible **messenger** *RNA* (avidin) from hen oviduct. 096331
Partial purification of a progesterone-inducible **messenger** *RNA* (avidin) from hen oviduct. 096902
Messenger *RNA* synthesis, transport, and storage in silkmoth [Actias luna and Antheraea polyphemus] ovarian follicles. 102906
Influence of pH [hydrogen-ion concentration] on the rate **ofribosomal** *ribonucleic* acid synthesis during sporulation in Saccharomyces cerevisiae [Yeasts]. 099809
In vitro iodination of **plant** *ribonucleic* acids [Peas]. 100545
The 24,000 Dalton subunit and the activity of yeast [Saccharomyces cerevisiae] *RNA* **polymerases.** 099526
RNA **polymerase** from tobacco necrosis virus infected and uninfected tobacco. Purification of the membrane-associated enzyme. 101817
Alterations in *RNA* and **protein** synthesis associated with steroid hormone-induced sexual morphogenesis in the water mold Achlya [Ambisexualis]. 099692
DNA, *RNA* and **protein** synthesis during germination of spores in the cellular slime mold Dictyostelium discoideum. 099706
Molecular events of the cell cycle: a preparation for division [DNA, *RNA,* **proteins].** 099752
Separation of potato spindle tuber viroid ribonucleic acid from Scopolia sinensis into three infectious forms and the purfication and oligonucleotide pattern of fraction II *RNA.* IX. 101737
Integrity of **ribosomal** *ribonucleic* acids from aphids [Aphislabruni] and water fleas [Daphnia pulex, Galleria mellonella]. 102832
Ectopic pairing and evolution of 5S **ribosomal** *RNA* genes in the chromosomes of Drosophila funebris. 102887
Evolution of 5S **ribosomal** *RNA* genes in the chromosomes of the virilis group of Drosophila. 102888
Transport of **ribosomal** *RNA* into the oocytes of the milkweed bug, Oncopeltus fasciatus. 103024
Calculation of absolute rates of *RNA* **synthesis,** accumulation, and degradation in tobacco callus in vivo. 100111
RNA **synthesis** of puff 2-48BC after experimental induction in Drosophila hydei [Chromosomes]. 102879
Ultrastructural patterns of *RNA* **synthesis** during early embryogenesis of Drosophila melanogaster. 102880
Isolation and characterization of seryl- and *phenylalanyl-tRNA* **synthetase** from the yeast [Saccharomyces cerevisiae]. 099741
Phenylalanyl-tRNA **synthetase** from wheat germ. Purification, molecular weight, structure, properties. 100112
Properties of *phenylalanyl-tRNA* **synthetase** and phenylalanine ammonia-lyase of pine [Pinus elliottii] suspension cultures. 100668
Mechanisms of suppression in Drosophila. IV. Specificity and properties of *tyrosyl-tRNA* **synthetase.** 102858
A method using aminoacylation of **transfer** *ribonucleic* acid (tRNA) from wheat embryo and isotope dilution for screening of genotypes with improved protein content and quality. 099307
Anticodon loop sequences of **transfer** *RNA* Ser/CGA and transfer RNA Ser/IGA from the posterior silkgland of Bombyx mori L. 103227
Analysis of alfalfa mosaic virus 17S *RNA* **translational** products. 101811
Investigation of *RNA* **transport** from nucleus to cytoplasm in Acetabularia mediterranea [Algae]. 099983
2-deoxy-D-glucose uptake by chick embryo cells: a biochemical indicator of genetic susceptibility to *RNA* **tumour** viruses. 097412
A **unique** *RNA* species involved in initiation of vesicular stomatitis virus RNA transcription in vitro. 097299

Separation of potato spindle tuber **viroid** *ribonucleic* acid from Scopolia sinensis into three infectious forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737
A unique RNA species involved in initiation of vesicular stomatitis **virus** *RNA* transcription in vitro. 097299
Yeast [Saccharomyces cerevisiae] *RNA-polymerase* B: a **zinc** protein. 099723

RIBONUCLEOPROTEINS

Isolation and characteristics of mRNPs **[Messenger** *Ribonucleoprotein* particles] associated with bound polyribosomes from the ewe lactating mammary gland. 096258
Messenger *ribonucleoprotein* particles in silkmoth oogenesis. 102905

RIBONUCLEOTIDES

Role of vitamin B12 in the reduction of *ribonucleotides* into **deoxyribonucleotides** in Drosophila [melonogaster] cells grown in vitro. 102833
Regulation of fungal [Achlya] *ribonucleotide* **reductase** by unusual dinucleotides. 099524

RIBOSOMES

Turnover of chloroplast and **cytoplasmic** *ribosomes* during gametogenesis in Chlamydomonas reinhardi [Algae]. 099696
Isolation of two protein factors from maize involved in poly U-dependent polyphenylalanine synthesis by **maize** *ribosomes*. 100288
Free and **membrane-bound** *ribosomes*. V. Iodination of rabbit reticulocyte polysomes. 096257
Quantitative variations of the total, free and **membrane-bound** *ribosomal* material during the culture cycle of healthy and tumorous Parthenocissus tricusipidata L. cell suspensions. 099022
Lesions in the *ribosomes* of **non-viable** pea (Pisum arvense) embryonic axis tissue. 100372
Integrity of *ribosomal* **ribonucleic** acids from aphids [Aphislabruni] and water fleas [Daphnia pulex, Galleria mellonella]. 102832
Ectopic pairing and evolution of 5S *ribosomal* **RNA** genes in the chromosomes of Drosophila funebris. 102887
Evolution of 5S *ribosomal* **RNA** genes in the chromosomes of the virilis group of Drosophila. 102888
Transport of *ribosomal* **RNA** into the oocytes of the milkweed bug, Oncopeltus fasciatus. 103024
Ribosomes and **translation** factors from isolated spinach chloroplasts. 099023

RICCIA

Effect of light upon membrane potential, conductance, and ion fluxes in *Riccia* **fluitans** [Hepaticae]. 099840
Two recent thalloid liverworts [Lunularia cruciata, *Riccia* **rechingeri]** introduced to Hawaii. 098564

RICE

The origin, evolution, cultivation, dissemination, and diversification of Asian and **African** *rices*. 098604
Metabolism of the insecticide SD 8280, 2-chloro-1-(2,4-dichlorophenyl)vinyl dimethyl phosphate, following its **application** to *rice*. 102344
Iron absorption from Southeast **Asian** *rice-based* meals. 094992
Classification and virulence of *rice* **bacterial** leaf blight pathogen, Xanthomonas oryzae. 101709
Scientific cultivation for high yields of wheat, **barley** and *rice*. 100754
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by sulphur dioxide fumigation **[Barley,** *rice].* 101994
Effect of P [phosphorus], spacing and irrigation on the grain yield of mung [beans] after *rice* **bean.** 100842
Phaseolus calcaratus *[rice* **beans]** and its problem in the breeding system [Varieties]. 099122
Fine structure of the *rice* **blast.** XII. The mode of pseudoinfection of Pyricularia oryzae Cav. to the non-host plants. 101594
Fine structure of the *rice* **blast.** XIII. Ultrastructure of Pyricularia oryzae-nonhost interfaces. 101595
Control of *rice* **blast** with several fungicides [Pyricularia oryzae]. 101623
Growth and sporulation of Pyricularia oryzae Cav. On different carbon/nitrogen ratios in a synthetic medium, the *rice* **blast** causing agent. 101628
Rice **bran** protein concentrates obtained by wet alkaline extraction. 095791
Studies on the occurrence and control of sheath rot of *rice* **caused** by Acrocylindrium oryzae Sawada. 101599
Resistance of **commercial** *rice* varieties to Sitotroga cerealella (Olivier) (Lepidoptera: Gelechiidae). 102537
Effect of biuret concentration in foliar sprayed urea on yield and **composition** of *rice*. 103969
The behavior of various starch granules in KOH [potassium hydroxide] solutions *[Rice,* **corn,** potatoes]. 095842
Phenetic similarity among dwarf [gene] *rice* **cultivars,** grown in two environments, as estimated by numerical taxonomic methods. 099067
Susceptibility of some *rice* **cultivars** to Pyricularia oryzaeCav. [Blast disease] in four localities of the State of Sao Paulo. 101632
Screening of *rice* **cultivars** for tolerance to Al [aluminum]toxicity in nutrient solutions as compared with a field screening method. 101837
Control of Typha angustata in water-logged drains [Influence of *rice* **culture].** 102116
Comparative study of plant growth in the *rice* **double** cropping system of Kedah State, West Malaysia. 100959
Responses of **Earlirose** *rice* to iron, zinc, and BPDS [bathophenanthroline disulfonate] when grown on calcareous soil. 100158
Search for B-1 aflatoxin and similar fluorescent compounds in 'Misso' **[Fermented** *rice* and soybean]. 094890
Improvement of the conditions of **floating** *rice* production in Mali (1963-1973). 100708
Effect of the natural soil microflora and soil supplementations on the biological control of "bakanae" disease of *rice* **[Fusarium** moniliforme]. 101626
Constant drying rate of a single paddy **grain** *[Rice].* 095827
Rice **growing** in the M'Bos plain (west Cameroon): an example of the relations between the physical environment, agricultural experiments and development. 100709
Application of Yalan in *rice* **growing** in Uzbekistan. 102194
Synoptic weather conditions inducing long-distance immigration of planthoppers, Sogatella furcifera Horvath and Nilaparvata lugens Stal [Pest of **growing** *rice].* 102297
Persistence of endrin [insecticide] in **Indian** *rice* soils under flooded conditions. 102713
Some experiments on the composting method of straw of *rice* var. **IR667** (Tongil) as growing substrate of cultivated mushroom Agaricus bisporus (Lange) Sing. 104128
The different behaviour of rainfed rice and **irrigated** *rice* under water stress conditions. 1. Study of the factors of adaptation to drought. 100079
Water costs and competitive uses for water in Louisiana *[Rice* **irrigation,** residential use]. 094416
Genetic analysis of the response to day **length** in *rice*. 099183
Sources and times of application of nitrogen for **lowland** *rice*. 104025
Rice **machinery** development and mechanization research. 103593
More *rice* through better **management.** 100774
More *rice* through better **management.** 100814
An alkali degradation test and an alocholic alkali bran-staining test for determining the approximate degree of **milling** of *rice*. 095820
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the *rice* **moth** Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the *rice* **moth** Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
Effect of some physiological and environmental factors on the production and release of sex pheromone by the females of the *rice* **moth,** Corcyra cephalonica (Stainton). 102326
Wrinkled rachis and husk—an EMS induced true breeding panicle **mutation** in *rice*. 101797
Differentiation in calli originated from isolated protoplasts of *rice* **(Oryza** sativa L.) through plating technique. 099340
Host-pathogen equilibrium between *rice* **(Oryza** sativa L.) and its pathogen Pyricularia oryzae Cav. 101403
The marketed surplus of a subsistence crop: **paddy** *rice* in Taiwan. 094474
Varietal differences of **paddy** *rice* to fertilizer response under different cultural conditions in Korea. 100977
Evaluation of **phak** *(rice-mill* feed) in layer mashes. 096687
Response of *rice* to P **[phosphorus]** and K [potassium] in relation to time of application. 104020
Effects of salicylic acid on probing and oviposition of the *rice* **plant-** and leafhoppers [Nilaparvata lugens] (Homoptera: Delphacidae and Deltocephalidae). 102283
Sucking inhibitory action of aromatic amines for the *rice* **plant-** and leafhoppers (Homoptera: Delphacidae, Deltocephalidae). 102284
Changes in argillic material in Chernozems **planted** to *rice*. 103804
Absorption of fertilizer and soil nitrogen by *rice* **plants** under the various cultural conditions of different paddy fields. III. Relationship between kinds of rice seedlings and absorption of nitrogen by rice plants and general discussion. 100323
A study on the cultivation and utilization of *rice* **plants** as fodder. 100879
Level of amino acids and post-infectional formation of antifungal substances in relation to susceptibility of *rice* **plants** against Helminthosporium oryzae at different. 101668
Effect of microfertilizers on *rice* **plants.** 104069
Studies on heavy metal pollution in agricultural land. 1. Movement of cadmium in paddy soils and absorption of cadmium by *rice* **plants.** 104463
The [wild] *rice* **problem** in Angola. 102186
Producing *rice* in Mississippi [Culture]. 100949
Analytical study for the possibilities of the *rice* **production** expansion in Arab Republic of Egypt. 094669
Studies on fertilizer requirement of selected new and **promising** *rice* varieties in coastal tract of Karnataka. 104110
Response of high yielding **Rabi** *rice* to fertilisers in cultivators' fields of Orissa. 104009
The different behaviour of **rainfed** *rice* and irrigated rice under water stress conditions. 1. Study of the factors of adaptation to drought. 100079
Rice. 095041
An empirical equation for thin layer drying of **rough** *rice* with heated air. 095826
Determining soil suitability for large **scale** *rice* production. 103651
Absorption of fertilizer and soil nitrogen by rice plants under the various cultural conditions of different paddy fields. III. Relationship between kinds of *rice* **seedlings** and absorption of nitrogen by rice plants and general discussion. 100323
Reparation of the enzyme activity of the pathways or respiration in the roots of wheat and *rice* **seedlings** after influence of anoxia. 100330
Spots on *rice* **seeds** [Plant nutritional deficiencies]. 102044
Estimation of critical limit for zinc in *rice* **soils.** 103726
Effect of phosphate fertilizer on *rice* in **soils** derived from basalt. 104126
[Insect] pests of *rice* in the **Solomon** Islands. 102306
Study on the effect of cement kiln dust as potassium fertilizer on *rice* and **soybean.** 104131
Studies on the causes and the control of the **spotted** *rice*. I. On the causing factors of the spotted rice occurred in the mountainous region of western part of Hiroshima Prefecture [Insect pests]. 102292
Studies on the causes and the control of the **spotted** *rice*. II. On the bionomics and the control of the red-veined leaf bug [Stenodema rubrinerve]. 102293
Overwintering, survival, fecundity, and mating behavior of the *rice* **stink** bug [Oebalus pugnax, Echinocloa crusgalli]. 102803
The compressive wafering of *rice* **straw.** I. Wafering of rice straw by low speed piston method. 096019
Studies on the cultivation of oyster mushroom, Pleurotus ostreatus (Fr.) Quel. using *rice* **straw** as growing substrate. I. Experiments on the development of growing substrates. 104129
Salt tolerance **studies** in *rice*. 100060
Planned programming: application of a method for planning an agricultural enterprise located in the settlement of Luinga, municipality of Ambaca, district of Cuanza Norte, Angola [Beans, *rice* and **sunflowers].** 094309
Bases for agricultural planning in Bento Valley [Culture of cotton, *rice,* **sunflowers** and bananas in Luanda Province]. 100955
Compared outgrowth rate of nodal roots in **three** *rice* varieties (Oryza sativa L.). 100078
Thiamine requirements of various plant cells in suspension culture [Soybeans, **tobacco,** *rice].* 100275
Studies on the mechanization of **transplanting** *rice* seedlings. 100740
Link analysis for the *rice* **transplanting** mechanism [Velocity]. 103463
Harvesting and drying studies with padi Bahagia and padi Jaya *[Rice* **varieties].** 100913
Studies on the methods for evaluation of field resistance of *rice* **varieties** to blast disease [Pyricularia oryzae]. 101598
Effect of three levels of nitrogen and three spacings on grain yield of two **varieties** of *rice*. 103986
Response of *rice* **varieties** to nitrogen during summer season. 104019
Jayanthi *[rice* **variety]** brings more profits. 094409
Development of a theoretical model of an ideal **variety** of *rice*. 099249
Comparative study of different methods of seeding on the yield of *rice* with and without **weeding.** 100829
Contribution of flag leaf to grain **yield** in *rice*. 100830
Effect of nitrogen and soil type on grain **yield** of *rice*. 100840
Effect of different levels of N [nitrogen] on incidence of stem borer and grain **yield** of *rice*. 103971
Effect of water regimes, levels and methods of nitrogen application on growth and **yield** of *rice*. 103988
Grow high **yielding** *rice* varieties. 100812

RICIN

On the mechanism of pyrogenic action of *ricin* [the **toxic** protein of castor oil seeds]. 099711

RICINUS

Some physicochemical and nutritional properties of **castorbeans** *(Ricinus* communis) protein [Feeding tests with weanling rats]. 095116
Temperature effect on affinity chromatography of two lectins from the seeds of *Ricinus* **communis** [Castorbeans]. 095396
Shoot apex organisation and leaf development in *Ricinus* **communis** L. 099028
Polymorphism and glycoproteinic character of lectins from *Ricinus* **communis** [castorbeans] purified by affinity chromatography. 099555
The role of hosts and environmental factors in the natural dissemination of ticks: studies on a Swiss population of **Ixodes** *ricinus* (Linne, 1758). 102570
The seasonal incidence of exodid ticks [Insect vectors of protozoan diseases of cattle, piroplasms, **Ixodes** *ricinus,* Haemaphysalis punctata]. 102613
The influence of various factors on fluid secretion by in vitro salivary glands of ixodid tick [Dermacentor andersoni, **Ixodes** *ricinus,* Ixodes hexagonus, Dermacentor reticulatus]. 102983

RICKETS
Diets and living conditions of Asian boys in Coventry with and without **signs** of *rickets.* 095025

RICKETTSIA
Isolation of a spotted fever **group** *rickettsia* from the Pacific coast tick, Ixodes pacificus, in Oregon. 102548

RICKETTSIALES
The occurrence of an intraerythrocytic microorganism Neitziella rezendei gen. nov. sp. nov. (Microtatobiotes, *Rickettsiales)* of **poultry** in Brazil. 097215

RIDGES
Woody plants selected by beavers in the **Appalachian** *Ridge* and Valley Province [Injuries]. 102058
Application of fertilizers on soils of the **Donets** *Ridge.* 104051
Flora of the Ketmen' and Terskei-Alatau **mountain** *ridges.* 098612
Determination of optimal relation of sizes of a **single** *ridge* on arable land in the conditions of the least effect of the wind flow. 104239
Classification of spruce and broadleaved-spruce forests in the southern part of the **Tikhvin** *Ridge* [in Leningrad and Novgorod provinces]. 098047

RIESLING *see* WINE

RIGID
Halothane-induced *rigidity* and associated glycolytic and energy phosphate changes in red and white fibres of skeletal muscle of the pig. 096437

RINDERPEST
Use of **attenuated** *rinderpest* tissue-culture vaccine in cattle. 097375
An indirect agar gel diffusion precipitation test for **detecting** *rinderpest* nonprecipitating antibody in cattle and zoological ruminant sera. 097503
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, *rinderpest,* **vesicular** exanthema of swine, vesicular stomatitis and foot-and-mouth disease. 097558
The **victory** over *rinderpest.* 097495
Experimental infection of white-tailed deer with *rinderpest* **virus.** 097427
Wildlife *rinderpest.* 097354

RINDS
Studies of *rind* **hardness** in sugarcane [Diatraea saccharalisresistance]. 102340

RING
Stem sway **affects** *ring* width and compression wood formation in exposed root bases [Pinus sylvestris]. 100640
Effect of climatic factors on the width of spruce [Picea] **annual** *rings.* 100643
Effect of the seed yield on the width of **annual** *rings* in the Norway spruce (Picea abies (L.) Karst.). 100644
Ring **canals** in the ovarian follicles of Aedes aegypti. 102808
DDT: the degradation of *ring-labeled* 14C **[carbon** isotope]-DDT to 14CO2 [carbon dioxide isotope] in the rat. 102687
Some conditions favouring the production of **growth** *rings* in Graphium Putredinis [Fungi]. 100033
Ring **structure** of avian egg yolk. 096514
Variability of growth and quality of Terminalia ivorensis wood; correlations between characters; evoluation of **width** *ofage-rings* and density components in function of age. 097965

RINGSPOT
Nematode [Longidorus attenuatus] trasmission of the causal agent of chicory **chlorotic** *ringspot,* a strain of artichoke Italian latent virus. 101762
Study on the properties of two strains of the **necrotic** *ringspot* virus (NRV) isolated from almond trees (Prunus amygdalus Stokes) grown in Bulgaria. 101753
Occurrence on rose of a virus belonging to Prunus **necrotic** *ringspot* group (NRSV), indexing methods on indicators. 101773

RIPENING
Effect of removing the growing point on yield, **early** *ripening* and quality of the tomato cultivar Triumph. 101141
Protein biosynthesis in dormant and *post-ripened* **embryos** and seeds of Agrostemma githago. 099915
Role of auxin in the regulation of **fruit** *ripening* [Postharvest biology]. 095905
Synthetic and degradative processes in **fruit** *ripening* [Postharvest biology]. 095908
Dynamics of growth of shoots and *ripening* of **grapes** in separate stages of ontogeny. 100428
Alkaloid spectrum during *ripening* of **Nicotiana** rustica [tobacco] seeds. 100101
Some changes in cherry fruits during the **preharvest** *ripening* period and after short-term storage. 100441
Increase of beta-fructofuranosidase content in tomato fruit during the *ripening* **process.** 100342
Influence of dates of tomato fruit harvesting and *ripening* on the **variations** of seed properties. 100608

RIVERS
Kakhovka experimental wave suppressor system *[River* **bank** protection]. 104206
Impact of pollution on the benthic biocenosis of a **canalized** *river* in Belgium. 104460
Impact of pollution on a **canalized** *river* in Belgium. 104461
Change in the number of business enterprises and industries in the *river* **clay** area of the central Netherlands during the period 1968-1973. 094169
The function of *up-river* **dams** in the water quality regulation of valley dams. 104433
Effectiveness of irrigating high-stemmed vineyards in the Odessa Region along the **Danube** *River.* 104427
Growth of birch [Betula] in field shelterbelts in the forest-steppe in the part of the Ukraine located to the west from the **Dnieper** *River.* 097895
Assimilable manganese content in ten soils of the **Duero** *River* basin. 103670
A method for monitoring **eutrophication** in *rivers.* 104606
Residue levels of dieldrin in Chondrostoma spp. From **Guadalmellato** *River.* 102658
Lunch is a learning experience at *River* **Hills.** 095308
Biological control of insects on the Ord *[River* **Irrigation** Area]. I. Production of Sitotroga cerealella for mass rearing of Trichogramma wasps. 102961
The structure of stands of southern taiga spruce forests located on upland plateaus between valleys in the region of the middle part of the **Kama** *River.* 098052
Vertical distribution of Sr90 [strontium isotope] and Cs137 [cesium isotope] in bottom deposits of **lakes** and *rivers.* 104639
Lignosulphonates and natural water-soluble lignin in the **Lielupe** *River* water. 098337
The evaluation of the waterlogging rate of the iron-manganese concretions in the soils of **Neva** *River* lowlands. 103856
Application of herbicides for the improvement of tussock floodplain meadows of the **Ob'** *River.* 102132
Studies on the dairy farming using *river-terrace* and **paddy** field. IV. Farm management investigation in the Nagan riverside region, Kaizucho, Gifu Prefecture, Japan, 1973-74. 094313
Nematodes as indicators of *river* **pollution** [in Italy]. 104601
The influence of drainage land reclamation in central Chernozem zone on *river* **runoff** characteristics and floodplain components. 104244
Senegal *river:* the needs of the population before the interests of a minority [Sudan-Sahelian climate, drought, farming possibilities]. 094190
Estimation of pollution by heavy metals in the **Somme** *river* by analysis of aquatic bryophytes. 104457
Estimation of water quality of the **Somme** *river* by the studyof benthic algal populations. 104458
Application of algal assays to define the effects of wastewater effluents upon algal growth in multiple use *river* **systems** [for the control or prevention of eutrophication]. 104493
Phytoplankton production in the *rivers* **Thames** and Kennet at Reading during 1970 [Algae, solar radiation]. 098864
Sodium hazard of stream waters in **Tungabhadra** *River* Valley Project (left bank) area [Irrigation water quality]. 104357
Evolution of bogs in the **Vasyugan** *river* basin. 103807
Legume and grass mixtures for cultivated pastures in the area east of the **Volga** *River.* 100893
The behavior of heavy metals in soil-crop system. IV. The distribution and its change of mercury in bed sediments of *river* **[Water** contamination]. 104626
The behavior of heavy metals in soil-crop system. V. Contaminated bodies of mercury in bed sediments of *river* **[Water** polllution]. 104627
A list of the butterflies of the **Willow** *River* State Park, Wisconsin. 103185
Organic matter in the soils of the **Zhizdra** *River* valley. 103809

ROACHES
Roach **control** in the food handling business. 2. Making crack and crevice treatments work. 102540

ROADS
Projection of **agricultural** *road* profiles. 103344
Road **building** in agriculture. 103380
The assessment of the damage to the surface of tar runways of **forest** *roads.* 098009
Approaches to the forests [by *road* and **rail].** 096393
Power expenditure for operating a wheel tractor of the 1,4 TS class on a **snow-covered** *road* with a blocked drive of the driving wheels. 103537

ROBINIA
Growth of locust *[Robinia* **pseudoacacia],** elm [Ulmus] and poplar [Populus] in protective plantings along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896
Changes in phospholipid contents in microsomal membranes in cortex of black locust *[Robinia* **pseudoacacia]** bark during dehardening. 099855
Relationship between black locust *[Robinia* **pseudoacacia]** seedling age and induction of cold hardiness. 100637

ROCK
Micromorphological study of soils developed on **crystalline** *rocks* in the Sierra de Gata area. 103679
Concerning fungi and actinomycestes of *rock* **encrustations.** 098594
Rock **gathering** machine and the procedure—gives new aspect to planning spring farm work. 103566
Heavy minerals of Gaize *[rock]* and or **loess** in the vicinityof Lublin. 103701
The *Rocky* **Mountain** columbine [Aquilegia caerulea]. 101037
2,6-dichlorophenol, the sex pheromone of the *Rocky* **Mountain** wood tick, Dermacentor andersoni Stiles and the American dog tick, Dermacentor variabilis (Say). 102578
Logging residues under different stand and harvesting condition. *Rocky* **Mountains.** 098433
Outbreaks of the western spruce budworm [Choristoneura occidentalis] in the American **northern** *Rocky* Mountain area from 1922 through 1971 [Picea]. 102522
Differential photometric method of determining aluminum in *rock* **phosphates,** fertilizers and extractive phosphoric acid. 104063
Performance of Red X *Rock* **sex-linked** females in reverse and conventional laying cages of varying heights [Layers]. 096118
The effect of restricted watering time on Red X *Rock* **sexlinked** females [Chickens]. 096767
Compilation of analyses of *rocks* **taken** from the mountain region for the purpose of assessing forest site capacity (information article with reference data) [East Germany]. 098175
Geographic distribution of soils with the bleached contact horizon on **two-membered** *rocks.* 103852

RODENTICIDES
Some aspects of *rodenticides* used in **India.** 102003
Fluoroacetamide (1081) *[rodenticide]* **poisoning** in wild birds. 097832

RODENTS
Rainfall and fluctuating plant populations in relation to distributions and numbers of **desert** *rodents* in southern Nevada. 098836
Natural and acquired resistance in *rodent* **hosts** to myiasis by Cuterebra fontinella (Diptera: Cuterebridae). 102585
Bioenergetic parameters of experimental groups of common voles (Microtus arvalis (Pall. 1779) *[Rodent* **pests,** field crops]. 101891

ROMALEA
Tests of the limiting visual resolution of the DCMD [descending contralateral movement detector] system of the lubber grasshopper *[Romalea* **microptera]** to rectangular. 103019

ROOFS
Static systems of hyperbolic paraboloid shaped **wooden** *roof* constructions. 098216

ROOMS
Action of some intervening factors in the orchard on the preservation of apples and pears in **cold** *rooms.* 095941
Disinfecting **storage** *rooms* [Vegetable diseases]. 101943
The fertility of deep frozen and *room* **temperature** preserved [bovine] semen in the tropics. 097080
What's right and wrong with your **training** *room* environment. 095320

ROOSTERS *see* FOWL

ROOTING
Use of acrylic plastic as rhizotron windows *[Rooting* of **cotton].** 100075
Growing grafted nursery grapevines in controlled conditions of the *rooting* **medium.** 101279
The physiology of *rooting* **Populus** cuttings. I. Carbohydrates and photosynthesis. 100669
Girdling and applying chemicals promote **rapid** *rooting* of sycamore [Platanus occidentalis] cuttings. 100689
Influence of buds and leaves on the *rooting* of **rose** cuttings. 100511
The influence of inorganic salts, sucrose and CEPA [2-chloroethylphosphonic acid] on *rooting* of **willow** [Salix] cuttings. 100621

ROOTS
Shoot and *root* **activities** during steady-state plant growth [Wheat]. 100096
The *root* **apex** [Apical meristem, cell division]. 098990
Induced budding in *root-tips* and **attached** leaves of Heloniopsis orientalis (Liliaceae). 100549
Bare *root* nursery production and needs [Fraxinus pennsylvanica lanceolata, soil conservation]. 098113
Regulation of potassium absorption in **barley** *roots.* An allosteric model. 100280
Life cycle, pathogenicity, histopathology, and host range of race 5 of the **barley** *root-know* nematode [Meloidogyne naasi]. 101931
Soil management for the control of **bean** *root* rot [Fusarium solani]. 101326
Investigation of enzymes of sucrose metabolism in fodder **beet** *roots* in connection with conditions of nitrogen nutrition [Fertilizers]. 100316
Calcium ions protect **beet** *root* cell membranes against thermally induced changes. 100524
Carbonic anhydrase activity in the *roots* of some **calcifuge** plants. 099604
Activity of indolyl-3-acetic acid oxidase and peroxidase in *roots* of **carrot** infested with Meloidogyne hapla Chitw. 101827

Changes in quality of **cassava** *roots* during storage [for animal and human consumption]. 096015
Comparative study on the *root* **cation** exchange capacity of different plants using acid-washing technique. 099489
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, potassium on crop yields and nutrient uptake in headed cabbage, *rooted* **cellery,** scorzonera and carrots. 103895
Response of [tobacco] *root* **cells** to the feeding by the ectoparasitic root-infesting nematode Trichodorus similis [a vector of tobacco rattle virus]. 102067
Fluorescent antibody staining for detection of **coconut** *root* wilt antigen. 101747
Iron deficiency on **corn** *root* mitochondrial adenosine triphosphatase activity. 100153
Changes in the protein content of **corn** *roots* at low above-freezing temperatures. 100241
Presence of zinc in glutamate dehydrogenase of **corn** *roots.* 100318
Estimation of S-methylcysteine sulphoxide (kale anaemia factor) and its distribution among Brassica forage and *root* **crops.** 096017
[Fungus and bacterial] diseases of forage legumes, silage and *root* **crops.** 101359
Soil temperatures and growth of *rooted* **cuttings** of radiata pine [Pinus radiata]. 100660
Nuclear methods for **detecting** *root* activity [Barley, in screening of genotypes]. 099310
Nuclear techniques for determining biomass production, evaporation and transpiration, *root* **development** and nutritional value [in plant breeding]. 099311
Dynamics of *root* **dying-off** and alteration of its average length (root coefficient) in the seedlings of bay [Laurus nobilis]. 099998
Response of [tobacco] root cells to the feeding by the **ectoparasitic** *root-infesting* nematode Trichodorus similis [a vector of tobacco rattle virus]. 102067
Study of the effect on maize plants of humic acid obtained from manture by two extractants. II. **Effect** on the *roots.* 100082
Isolation and identification of tubaic acid and beta-tubaic acid from Derris **[elliptica]** *roots.* 099467
A microscopical study of the development of a spore-like stage in the life cycle of the *root-nodule* **endophyte** of Alnus glutinosa (L.) Gaertn. 100662
Significant relationships in the analysis of *root-shoot* **equilibria.** 099495
Apolar movement of zeatin through Coleus petioles and Pisum [pea] *roots* as **estimated** by bioassay and radioactive labeling. 099472
Stem sway affects ring width and compression wood formation in **exposed** *root* bases [Pinus sylvestris]. 100640
Effects of extractives from spruce [Picea abies] *roots* on **extracellular** enzymes of Fomes annosus (Fr.) Cke. 101435
Influence of *root* **exudates** of red pine [Pinus resinosa] on the germination of conidia of Fomes annosus. 101441
Respiration and NADH [naphthaleneacetic acid dehydrogenase]-oxidation of the *roots* of **flood-tolerant** and flood-intolerant Senecio species as affected by anaerobiosis. 099897
Occurrence of transfer cells in vascular parenchyma of Hieracium **florentinum** *roots.* 098929
Influence of cotyledon excision and sucrose on *root* **formation** in pea cuttings. 100532
Experiments on *root* **formation.** The effects of IAA [indoleacetic acid] and kinetin on the anatomy of the petiole of Phaseolus vulgaris [Kidney beans]. 100557
Wall hydroxyproline and growth of **georeactive** *roots* (Zea mays L.) [Maize]. 100180
Effects of gravity on the growth inhibitors of **geo-stimulated** *roots* of Zea mays L. [Maize]. 100286
Cytochemical features of tumor formation on the *roots* of **grapevine** varieties with different resistance to Phylloxera. 102418
The problem of water supply and the development of **grapevine** *root* system in dryland conditions on heavy loamy soils in southern Ukraine [Soil moisture]. 103860
Root **growth** in cowpea (vigna unguiculata (L.) Walp.) seedlings. 100605
Seasonal patterns of *root* **growth** capacity in western yellow pines [Pinus]. 100680
Effects of soil environment on *root* **growth** of agricultural crops in prairie soils. 103758
Efficacy of pyroxychlor in controlling Pythium polymorphon in the Pythium polymorphon-Meloidogyne **Hapla** *root* disease complex of celery [Root-knot nematode, systemic fungicide]. 102015
Variation in infection [Fomes annosus] of loblolly pine [Pinus taeda] *roots* on **high** and low hazard sites in the southeastern United States. 101455
Ion uptake in relation to the development of a *root* **hypodermis** [Maize seedlings]. 100247
Important *root* and stalk diseases of rape in Germany. 101905
Plantlet morphogenesis and the control of callus growth and *root* **induction** of Phaseolus vulgaris [kidney beans] with the addition of a bean seed extract. 100617
Development of mycorrhizal infections from Endogone spores and **infected** *root* segments. 101645
The kinetics of 2-chlorcholine uptake by **isolated** *root* tips of zea mays L [Maize]. 100110
Longidoroidea (Thorne, 1935) n. Rank. (Nematoda: Dorylaimina) with the description of Xiphinema neoamericanus n. sp. from India and proposal of a new name for Xiphinema americanum sensu Carvalho (1956) non Cobb, 1913 [collected from soil around *roots* of **Juglans** regia]. 101971
An analysis of cell proliferation in the apical meristem of **lateral** *roots* of Vicia faba L. [Broadbeans]. 100087
Cap formation during the elongation of **lateral** *roots* of Vicia faba L. [Broadbeans]. 100088
The effect of phytoncides, *root* and **leaf** extracts of some [woody] plants on the growth of Fomes annosus mycelium in culture. 101452
Transport of amides of dicarboxylic amino acids from the *roots* to the **leaves** and renewal of proteins in different organs of corn seedlings. 100319
Dynamics of root dying-off and alteration of its average **length** *(root* coefficient) in the seedlings of bay [Laurus nobilis]. 099998
Geoperception in the **lentil** *root* cap. 100531
The occurrence of an isoflavene and the corresponding isoflavone in **licorice** *root* [Glycyrrhiza glabra]. 099672
Ultrastructure of meristematic epidermal cells of **maize** *root* under water deficit conditions. 099032
Mitotic cycle in the *root* **meristem** cells of Citrus limon Burm [lemons], Citrus reticulata Blanco [mandarin oranges] and Citrus sinensis X Poncirus trifoliata. 100402
Nuclear DNA synthesis in **meristematic** *root* tip cells of some Citrus species [Lemons, mandarin oranges] autoradiography and microspectrophotometry. 100403
Effects of trifluralin [herbicide] on *root* **meristems** of Allium sativum L. [Garlic]. 102099
Positive and **negative** *root* membrane potentials. 099483
Breeding beans for *root-knot* **nematode** [Meloidogyne incognita] resistance. 101843
Additional host records of the *root-knot* **nematode,** Meloidogyne incognita in north India. 101885
The *root-knot* **nematode** on commercial plantings of tuberose in India. 101887
Relationships of initial population densities of Meloidogyne incognita and Meloidogyne hapla to yield of tomato *[Root-knot* **nematode].** 101935
Relative susceptibility of selected cultivars of potato to Pratylenchus penetrans *[Root-lesion* **nematode].** 101936
Intrauterine embryogenesis in Pratylenchus minyus Sher et Allen *[Root* **nematode** of wheat]. 101969
Efficacy of pyroxychlor in controlling Pythium polymorphon in the Pythium polymorphon-Meloidogyne Hapla root disease complex of celery *[Root-knot* **nematode,** systemic fungicide]. 102015
Reaction of peach rootstocks to Italian population of two species of *root-knot* **nematodes** (Meloidogyne Goeldi). 101978
Studies on the systemic action of some chemical in the control of *root-knot* **nematodes** [Meloidogyne incognita, tomatoes]. 101982
Control of *root-knot* **nematodes** [Meloidogyne] on tobacco with oxamyl through transplant water. 102012
Efficiency of methyl bromide and ethylene oxide in elimination of *root-knot* **nematodes** [Meloidogyne javanica, Meloidogyne hapla] on host plants [Tomatoes]. 102016
Distribution and identity of *root-knot* **nematodes** (Meloidogyne spp.) on cotton and sugar beet in the syrian Arab Republic and the Republic of Lebanon. 102061
Compared outgrowth rate of **nodal** *roots* in three rice varieties (Oryza sativa L.). 100078
Root **nodulation** and root nodule activity of Desmodium glabellum (Michx.) DC [Red clover]. 100302
Effect of P, N [phosphorus, nitrogen] and inoculum on *root,* **nodulation** and yield of gram [Mungo beans]. 103984
Regulation of nitrogen fixation by Rhizobia *[root* **nodule** bacteria] export of fixed N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Root nodulation and *root* **nodule** activity of Desmodium glabellum (Michx.) DC [Red clover]. 100302
The structure and development of Trifolium subterraneum L. *root* **nodules** [Rhizobium]. I. In [subterraneau clover] plants grown at optimal root temperatures. 099000
The structure and development of Trifolium subterraneum L. *root* **nodules** [Rhizobium]. II. In [subterranean clover] plants grown at sub-optimal root temperatures. 099001
Kinetic studies of (Mg2+)ATPase [magnesium adenosine triphosphatase] in **oat** *roots.* 100253
Interactions among *roots* of **oat** populations heterogeneous for reaction to Helminthosporium victoriae. 101501
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. I. In [subterraneau clover] plants grown at **optimal** *root* temperatures. 099000
Inhibition of Colletotrichum coccodes (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon [tomato] species in response to infection by the *root* **parasitic** complex. 101371
Scanning electron microscopic observations of Duboscqia penetrans **parasitizing** *root-knot* larvae [Meloidogyne incognita]. 101937
Absorption of ions by different **parts** of the *root.* 099986
Xiphidorus yepesara n. Gen., n. Sp. (Nemata: Longidoridae) from Brazil [Nematode fauna from soil around *roots* of **passion** fruit]. 101989
Root **pathogens** as agents predisposing ponderosa pine and white fir [Abies concolor] to bark beetles [Scolytidae, Fomes annosus]. 102492
The assessment of fungicides for control of **pea** *root* rot [Aphanomyces euteiches, Fusarium solani, Pythium ultimum, Rhizoctonia solani] in the field. 101567
Root **phenolic** contents of resistant and suceptible soybean cultivars infeced with Rotylenchulus reniformis [Nematodes]. 101841
Soil nitrate loss during irrigation: enhancement by **plant** *roots.* 103665
Study on the root system of the Kjustendilska Sinja plum variety grafted on a myrobalan **plum** *root* stock [in relation to plowing and fertilizer application]. 101159
Some effects of Aldicarb on the life cycle and pathogenicity of [the nematode] Meloidogyne incognita in **potato** *roots.* 101981
Preliminary field experiments on the use of Nefusan [dazomet] in **potato** *root* eelworm (Heterodera rostochiensis Woll.) control [Nematodes]. 102023
Alfalfa weevil [Hypera postica] effects on *root* **reserves,** development rate, and canopy structure of alfalfa. 102277
A new approach to breeding for *root-rot* **resistant** light red kidney beans. 101317
Shoot apex organization and origin of the **rhizome-borne** *roots* and their associated gaps in Dennstaedtia cicutaria. 098876
Study on the *root* and **rhizosphere** microflora of some flowering bulbs [Hyacinthus orientalis, Tulipa gesneriana, Narcisus poeticus]. 103750
A survey of migratory nematodes, especially Pratylenchus penetrans, in *root-stocks* of **roses** in Danish plant nurseries. 102047
Factors affecting Fusarium [solani phaseoli] foot and *root* **rot** of Phaseolus beans. 101320
The effect of *root* **rot** [Fusarium] on the development of thegenerative organs of alfalfa. 101358
Root **rot** of maize caused by Fusarium moniliforme Sheldon. 101367
Resistance of Pinus sylvestris to the *root* **rot** [Fomes annosus]. 101449
Effects of crop residues in soil on Phymatotrichum [omnivorum] *root* **rot** of cotton. 101495
About the creation of infectious conditions for stinking smut [Tilletia caries, Tilletia foetida] and [Fusarium] *root* **rots** of wheat [Evaluation of varietal disease resistance]. 101457
The problem of evaluating the resistance of winter wheat to the pathogens of *root* **rots.** 101472
Grapevine immunity to Phylloxera and pathogens of *root* **rots.** 102425
Symptoms in *roots* **rub** inoculated with ten different viruses. 101820
Olpidium brassicae [vector of] tobacco necrosis virus, and Pythium spp. in relation to **rusty** *root* of carrots in Ontario and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
Observations on the mode of infection of Phytophthora parasitica var nicotianae on young roselle [Hibiscus **sabdariffa]** *roots.* 101504
The movement of 2,4-dichlorophenoxy acetic acid in *root* **segments** of Pisum sativum L. [Peas]. II. Immobilisation and oscillations in uptake and transport. 100552
Investigation of vital staining of **separated** *roots* of different species of plants as a function of their sensitivity to 2,4-D and its derivatives. 099992
Role of gibberellins in *root* and **shoot** growth. 099781
Investigations on some biological and physiological behaviours of apple trees with overmoistening of the *root-zone* **soil.** 100436
Soybean *root* development and soil water depletion. 100074
Root **sponge** [Fomitopsis annos] in stands and natural forests of spruce [Picea]. 101430
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. II. In [subterranean clover] plants grown at **sub-optimal** *root* temperatures. 099001
Changes in resident bacteria, pH [hydrogen-ion concentration], sucrose, and invert sugar levels in **sugarbeet** *roots* during storage. 095767
Kinetic studies of a (Na+ + K+ + Mg2+ [sodium, potassium, magnesium ions]) ATPase in **sugarbeet** *roots.* II. Activation by Na+ and K+ [sodium, potassium ions]. 100254
The nature of inhibitory activity of pentachloronitrobenzene to sclerotia of Sclerotium rolfsii Sacc. [Isolated from infected **sugarbeet** *roots].* 101672
Anatomy, histology, and post-larval development of the reproductive systems of the **sugarbeet** *root* maggot [Tetanops myopaeformis, pest control]. 102278
Application of insecticides against **sugarbeet** *root* aphid [Pemphigus fuscicornis]. 102337
Terpenoid induction in **sweetpotato** *roots* by cyclic-3',5'-adenosine monophosphate. 100343
Induction of furano-terpene production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in **sweetpotato** *root* tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572
The effect of the way of growing forest trees on the development of the *root* **system** of the pine. 098139
On some correlations between the development of the *root* **system** and overground part of a plant [Impatiens parviflora]. 099052
On the development of *root* **system** and the structure of semishrub Chamaenerion angustissimum (Hausskn.) Sosn. 099053
Development of the *root* **system** of a tea plant in various agro-reclamative conditions in the Colchis Lowland. 099997
Peculiarities of the *root* **system** development of short-stem varieties of spring wheat from the USA. 100115
Peculiarities of the structure and development of the *root* **system** in maize hybrids of different maturation period. 100130
Studies on the size and dispositon of the *root* **system** in low- and high-trained grapevines with varying inter-row distances. 100442
Effectivity of the selection by the length of the *root* **system** at the initial period of pea development. 100457
Study on the *root* **system** of the Kjustendilska Sinja plum variety grafted on a myrobalan plum root stock [in relation to plowing and fertilizer application]. 101159
Studies on the development of the *root* **system** of grapevines infected with yellow mosaic [Fanleaf]. 101752

Degree of frost injuries and the character of the restoration of the *root* **system** of grapevine bushes in various methods of irrigation. 102059
Effect of irrigation on the development of the *root* **system** and the above-ground part of grapevine bushes. 104426
Plant resistance to aluminum [toxicity] in relation to cation characteristics of the *root* **systems.** 100039
Effect of *root* **temperature** on growth and seed yield in cowpea (Vigna unguiculata). 100408
Anatomical responses of *root* **tips** to boron deficiency. III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on morphology of cell wall and its related organelles. 102031
Dynamics of phosphatase activity in soil and *root* **tissue** of winter wheat as a result of fertilizer application. 100123
Ionic relationships of soil and plant. VII. Relationships of *roots* and **tops** [Wheat]. 100053
Studies on the effectiveness of some new thioureido derivatives as a systemic fungicides *[Root* **treatment].** 101671
Observations on the parasitic activity of the nematode Macroposthonia xenoplax on grape **vine** *roots.* 102064
MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methyl propionamide] action: degradative effects on polyribosomes from **wheat** *roots* and the inhibition of protein initiation. 100220
Changes of respiratory metabolism and cell ultrastructure in *roots* of **wheat** during dehydration. 100310
Reparation of the enzyme activity of the pathways or respiration in the *roots* of **wheat** and rice seedlings after influence of anoxia. 100330
Isoelectrofocusing of peroxidases of the leaves and *roots* of **wheat** plants infected with stem rust. 101615
Effect of time of nitrogen application on amino-nitrogen composition of *roots* and **xylem** sap of apple. 100528
Effect of soil moisture regimes, plant population and nitrogen levels on yield attributes and their contribution towards the *root* **yield** of sugarbeet. 100845

ROOTSTOCKS

Laboratory method of forecasting relative resistance to chlorosis by **apple** *rootstocks.* 101939
Yield and quality of cuttings as related to irrigation in combination with fertilizers applied to *rootstock* **bushes** of grapevine. 104430
Study in nursery of mahaleb and wild sweet cherry forms picked out for mazzard **cherry** *rootstocks.* 101156
Propects of development of *rootstock* **cultivation** of grapevines in the conditions of infestation with Phylloxera. 102420
Effects of weed control method and *rootstock* on **flowering,** growth and yield of apple. 102125
Nutrient element accumulation in mazzard cherry leaves as **influenced** by the *rootstock.* 100438
Reaction of **peach** *rootstocks* to Italian population of two species of root-knot nematodes (Meloidogyne Goeldi). 101978
Variety-growth regulator effects on **pecan** *rootstocks.* 100509
Effect of the *rootstock* and **phytoclimate** on the yield of grapevines. 101142
Genetic variation in red maple [Acer **rubrum**] *rootstocks.* 098123
Observations on some morphological and functional features in "Richard" apple spurs on **"seedling"** and "M9" *rootstocks.* 099033
Influence of **three** *rootstocks* on the yield and on the infestation of [the nematode] Tylenchulus semipenetrans on two citrus varieties in Algeria. 101968

ROOTWORMS

Antennal morphology of **[corn** *rootworm]* Diabrotica virgiferaadults (Coleoptera: Chrysomelidae). 102791

RORIPPA

An apparatus for measurement of the effect of amplitude of temperature fluctuation upon the germination of seeds [Rumexsanguineus, *Rorippa* **islandica].** 099492

ROSA

A modified C-band technic for staining of diffuse **diplotenechromosomes** *[Rosa].* 099040
Mosaic [virus] disease of Chinese shoe flower **(Hibiscus** *rosa-sinensis* L.). 101823
Mass rearing the Natal fruit fly **Pterandrus** *rosa* (Ksh.) (Diptera: Trypetidae). 102972
Structure of the epidermis in leaves of some *rosa* **species** from Kazakhstan. 098543

ROSACEAE

The aggressivity of the Monilinia cinerea (Schroet.) Honey and Monilinia fructigena (Schroet.) Honey populations in the center of origin of fruit trees from the **family** *Rosaceae* and on the borders of areas. 101470

ROSELLE

Observations on the mode of infection of Phytophthora parasitica var nicotianae on **young** *roselle* [Hibiscus sabdariffa] roots. 101504

ROSES

'Sea foam' [variety] a **breakthrough** in *roses.* 101035
Jonespeltis splendidus (Verhoeff) in association with Austrothrips cochinchinensis Karny in the galls of **Calycopteris** *floribunda* Lamk. 102232
Factors affecting respiration in **cut** *roses.* 100476
Dark fixation of CO2 [carbon dioxide] by flowers of **cut** *roses.* 100550
Influence of buds and leaves on the rooting of *rose* **cuttings.** 100511
A survey of migratory nematodes, especially Pratylenchus penetrans, in root-stocks of *roses* in **Danish** plant nurseries. 102047
Curly top disease in *roses*—a **disease** of unknown etiology. 101846
Juvenility in **Hybrid** *Tea-roses.* 099195
Selection of **Hybrid** *Tea-rose* seedlings for cut flower yield. 101116
Wittia amazonica K. Schumann (syn. Wittia panamensis Britton and *Rose)* a **noteworthy** epiphytic cactus. 098646
Morphogenesis in *roses* in **protected** cultivation. 100390
Controlled environment for the commercial growing of *roses* in **Punjab.** 101193
About the role of ascorbic acid and phenolic compounds in the resistance of *roses* to **rust** [Phragmidium disciflorum, Phragmidium tuberculatum]. 101338
Nitrate, ammonium and kinetin effects on growth and enzyme activities of Paul's **Scarlet** *Rose* callus. 100534
Mini-roses **[Varieties].** 101031
Some types of *roses* **[Varieties].** 101252
Occurrence on *rose* of a **virus** belonging to Prunus necrotic ringspot group (NRSV), indexing methods on indicators. 101773
Cotton the "elegant **white** *rose"* of colonial America [History]. 100947

ROT

Fomes **annosus** *butt-rot* of Norway-spruce [Picea abies] in the CSSR [Czechoslovakia] and influence of various factors on its distribution. 101522
Study of chemical composition of extractives in unbleached sulphite pulp obtained from sound and mixture of sound and *rotten* **aspen** wood. 098363
Study of composition extractives in sound and *rotten* **aspen** wood. 098364
Core-rot: a **bacterial** disease [Erwinia chrysanthemi, Erwinia carotovora carotovora] of carrots. 101703
Black *rot* canker of apple. 1. Identification of the causal agent [Sphaeropsis malorum]. 101621
Evaluation of the collection entries of red and forage beets for resistance to bacterial **black** *rot* and fungus black leg. 101681
Blossom-end *rot* of tomatoes [Physiological diseases]. 101882
Biological control of cotton **boll** *rot* [Diplodia gossypina, Fusarium, Colletotrichum gossypii, Rhizoctonia solani, Achromobacter]. 101547
Resistance of carrot varieties to **brown** *rot* [Phoma rostrupii] and white rot [Sclerotinia]. 101351
Foot and **bulb** *rot* [Sclerotium rolfsii] of Ornithogalum virens. 101401
Fomes annosus **butt** *rot.* Losses in a young second rotation stand of Sitka spruce [Picea sitchensis]. 101437
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that causes **charcoal** *rot* on corn, sorghum, soybean, and other economic crop plants]. 101380
Study of the immunity of sunflower to **charcoal** *rot* (Sclerotium bataticola Taub.]. 101469
Occurrence of **collar** *rot* [Rhizoctonia solani] of Fenugreek [Trigonella foenum-graecum] in Karnataka. 101410
Proceedings of the 1974 APDW [Apple and Pear Disease Workers] workshop on **crown** *rot* [Phytophthora cactorum] of apple trees [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
The susceptibility of various varieties of greenhouse tomatoes to the occurrence of **dry** *rot* of fruit tops [caused by calcium and water supply deficiencies]. 101860
An electron microscope study of Bacteroides nodusus [isolated from cases of ovine **foot** *rot]:* ultrastructure of organisms from primary isolates and different colony types. 097392
Ovine **foot** *rot* [Bacteriodes nodusus]: a review. 097568
Cereal diseases in southern Italy. II. Fusarium roseum f. Sp. cerealis on durum wheat **[Foot** *rot].* 101527
Zearalenone production by isolates of Fusarium inducing **foot** *rot* disease of wheat in Italy. 101539
A new **fruit** *rot* disease of Malus pumila [Penicillium claviforme]. 101396
Fruit *rot* diseases of pomegranate new to Egypt [Aspergillus niger]. 101531
Etiology and control of **fruit** *rot* [Rhizoctonia solani, Pythium aphanidermatum] of cucumber in single harvesting for pickles. 101554
Microbial degradation of lignocellulose [by *white-rot* **fungus,** Polyporus versicolor]: the lignin component [Quercus albus, Acer rubrum, Typha latifola]. 098181
Gray *rot* [Botrytis cinerea] always in the first plan [Grapes]. 101417
Comparative study of the resistance of several varieties of grapes to **gray** *rot* (Botrytis cinerea Pers.). 101426
Grey *rot* [Botrytis cinerea] of tomatoes in the conditions of protected cultivation. 101344
Phlebia chrysocrea causes a **heart** *rot* of oaks [Quercus] andother hardwoods. 101558
Erwinia chrysanthemi associated with **leaf** *rot* in Aechmea fasciata. 101692
Research on the etiology and methods of control of *foot-rot,* a **new,** dangerous tobacco disease [caused by two soil fungi, Botrytis cinerea and Rhizoctonia solani]. 101336
A simplified method for the isolation of Bacteroides nodusus from **ovine** *foot-rot* and studies on its colony morphology and serology. 097391
Pod *rot* complex [Pythium myriotylum, Rhizoctonia solani, Sclerotium rolfsii, peanuts]. 101511
Microscopic slides showing wood destruction [of Picea abies] by [the **red** *rot* fungus] Fomes annosus. 101445
A new approach to breeding for *root-rot* **resistant** light red kidney beans. 101317
Factors affecting Fusarium [solani phaseoli] foot and **root** *rot* of Phaseolus beans. 101320
Soil management for the control of bean **root** *rot* [Fusarium solani]. 101326
The effect of **root** *rot* [Fusarium] on the development of thegenerative organs of alfalfa. 101358
Root *rot* of maize caused by Fusarium moniliforme Sheldon. 101367
Resistance of Pinus sylvestris to the **root** *rot* [Fomes annosus]. 101449
Effects of crop residues in soil on Phymatotrichum [omnivorum] **root** *rot* of cotton. 101495
The assessment of fungicides for control of pea **root** *rot* [Aphanomyces euteiches, Fusarium solani, Pythium ultimum, Rhizoctonia solani] in the field. 101567
Studies on the occurrence and control of **sheath** *rot* of rice caused by Acrocylindrium oryzae Sawada. 101599
The threshold value of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for producing latent and acute **soft** *rot* infection of potato stalks and tubers. 101677
Stem *rot,* a new disease on Chrysanthemum [morifolium] incited by Fusarium solani. 101566
Stem gumming and blight and **stem-end** *rot* of Texas cantaloups caused by Diplodia natalensis. 101565
Wet *rot* [Choanephora cucurbitarum] of sesame seedlings in India. 101609
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape **white** *rot.* iII. Formation and maturation of spores; development of the spore wall during maturation and germination. 101333
Resistance of carrot varieties to brown rot [Phoma rostrupii] and **white** *rot* [Sclerotinia]. 101351
Biosynthesis of fomannosin from 1,2-13C-acetate **[Wood** *rot* fungus, Fomes annosus, Pinus]. 101637

ROTARY

Forty **bail** *rotary* milker. 103425
Memory aide for using *rotary* **cultivators** in the intertropical zone. 103489
Effect of *rotary-drum-drier* **exit** temperature and length of pre-drying storage time on digestibility of dried grass cobs [Sheep]. 096701
A control system for cow exit in *rotary* **herringbone** milking system. 103422
Rotary **mower** ZTR-165. 103503
A mutual comparison of the economy of the work of a share plough and a *rotary* **plough** when ploughing on a slope. 103592
The radial clearance between the case and blade of the **soil** *rotary* cultivator-thrower. 103554

ROTATION

Use of *rotating* **biological** contactor on meat industry wastewaters. 104616
Influence of non-tillage of soil on porosity in **cereal** *rotation.* 104163
Economic effectiveness of the system of herbicides in a cereals-grass-row crops and **cereals-grass** *rotations* in the Central Urals. 102137
Soybean growth and composition as affected by K, Ca, and Mg [potassium, calcuim, magnesium] rates and **corn** *rotation.* 100161
Balance of nutrients in a sugarbeet **crop** *rotation* on a deep Chernozem in the northern part of the Ukrainian steppe [Wheat, maize, peas]. 100122
Content of nitrate nitrogen in crops in a meadow and forage **crop** *rotation* on peaty soils. 100224
Winter rye grain quality as related to the system of fertilizers in a **crop** *rotation.* 100235
Crop *rotations* on light soils in Byelorussia. 100784
Tune-up with **crop** *rotation* [Peanuts, Florida]. 100934
Bibliography on **crop** *rotation.* 100965
Sclerotia populations of Sclerotinia sclerotiorum in different **crop** *rotations* **[Beans,** beets, maize]. 101324
Eyespot [Cercosporella herpotrichoides] in winter wheat: effects of **crop** *rotation* and tillage, and the prediction of incidence. 101362
The role of Lepidoptera in the conditions of a cotton-alfalfa **crop** *rotation* in Turkmenia. 102319
Systematic application of fertilizers in **crop** *rotations.* 103910
Methodology of the development of balance systems of fertilizer application in **crop** *rotations* on soddy-podzolic soils. 103961
Comparison of the effectiveness of inorganic fertilizers and manure in a four-field **crop** *rotation* including a clover-grass mixture (experiments of 1931-1974). 104058
Dependence of the yield and quality of early cabbage in vegetable **crop** *rotation* from the forms of nitrogenous and potassium fertilizers. 104060
Effect of urea phosphate and liquid ammonium polyphosphate on the yield of barley and rye in a **crop** *rotation.* 104073

Removal of nitrogen, phosphorus and potassium by a planned yield of farm **crops** in a *rotation.* 100202
Utilization of nutrients by plants [of field crops] in a *rotation* with **fertilizer** application according to a planned yield. 100204
Nerve growth in cockroaches (Periplaneta americana) with *rotated* **ganglia.** 102932
Rotational **grazing** in a continuously growing pasture: a simple model. 100702
Pasture management systems and animal production *[Rotational* **grazing** pattern]. 100944
Optimization of the structure of agrophytoecocoenoses and ways of growing farm crops in a *rotation* [under **irrigation**]. 100800
A **long-term** *rotational* and manurial trial in Uganda [Cynodon plectostachyum, Cloris gayana, velvetbeans]. 100770
Analysis of the movement of soil particles over the *rotational* **operation** device in the process of lifting and turning over a furrow slice. 103512
Solubility profile, intrinsic viscosity, and **optical** *rotation* studies of acid precipitated soy protein and of commercial soy isolate. 095811
Cleaning and lye peeling of tomatoes using *rotating* **rubber** discs. 095939
Fomes annosus butt rot. Losses in a young **second** *rotation* stand of Sitka spruce [Picea sitchensis]. 101437
Effect of fertilization on yield and specific gravity of Abnaki, Katahdin, and Sioux grown continuously and in **two-year** *rotation* [Potatoes]. 104123

ROTYLENCHULUS

Root phenolic contents of resistant and suceptible soybean cultivars infeced with *Rotylenchulus* **reniformis** [Nematodes]. 101841

ROUGHAGE

Control, evaluation and **balancing** of *roughage.* 096799
The effects of castration and *roughage* **level** on the feedlot performance and carcass composition of cattle. 096640
Some experiences in preparing the *roughage* **supply** of large livestock units. 096815

ROUNDWORMS

Anthelmintic activity of albendazole against liver flukes, tapeworms, lung and **gastrointestinal** *roundworms* [Animal health products]. 097333

RUBBER

Microstructure of natural **guayule** *rubber* from 300-MHz [megahertz] nuclear magnetic resonance spectra. 095480
Cleaning and lye peeling of tomatoes using **rotating** *rubber* discs. 095939

RUBIACEAE

Rubiaceae. 1. **[Flora** of East Africa]. 098606
Galium **mexicanum** *(Rubiaceae)* of Central America and western North America. 098650
Bacterial leaf nodule symbiosis in angiosperms with emphasis on *Rubiaceae* and **Myrsinaceae.** 099580

RUBIDIUM

Absorption and translocation of 86Rb *[rubidium* **isotope]** in relation with leaf senescence [Tobacco]. 100140

RUBRATOXINS

Effect of aflatoxin B1 and *rubratoxin* B on **bacteriophage** and rabbit cornea cells [Biological assays]. 095997

RUBRUM *see* RED

RUBUS

Study on the nectar and honey productivity of red raspberry (Rubus idaeus L.) and European **blackberry** *(Rubus* fructicosus L.). 101158
The aroma of **cloudberries** *(Rubus* chamaemorus L.). 095989
Study on the nectar and honey productivity of red **raspberry** *(Rubus* idaeus L.) and European blackberry (Rubus fructicosus L.). 101158
The aroma of cloudberries (**Rubus** *chamaemorus* L.). 095989

RUMEN

Relationship between gas production and volatile fatty **acids** in the *rumen.* 096483
The isolation of a new, low-potential, iron-containing electron-transfer protein from *rumen* **bacteria.** 096228
Ultrastructure of *rumen* **bacterial** attachment to forage cell walls. 096208
Digestive utilisation of sulfur-labelled methionine, Methionine hydroxy analog and sodium sulfate in **goat** *rumen.* 096279
Rates of production of methane in the *rumen* and **large** intestine of sheep. 096269
Effect of defaunation and faunation on acid concentrations in the *rumen* of the **mature** bovine. 096550
Influence of different levels of selenium on protein synthese by *rumen* **microbes** in vitro [Cattle, buffaloes]. 096482
Trends and innovations in *rumen* **microbiology.** 096563
Lysogeny in Streptococcus bovis *[Rumen* **microorganisms].** 096291
Cardiopulmonary effects of mechanical distension of the *rumen* in **nonanesthetized** sheep. 096189
Utilization of amino acids in the ruminant. I. The protection of amino acids with maleic anhydride to prevent deamination in the *rumen* **[Nutritional** physiology]. 096173
Bacteriocins of Streptococcus bovis [Bovine and **ovine** *rumen* bacteria]. 096289
Inhibition of methane production in the *rumen:* a **review.** 096546
Characterization of Streptococcus bovis bacteriophages [in the *rumen* of **sheep** and cattle]. 096290
Chemical composition of microbial matter in the *rumen* **[Sheep].** 096472
Manipulation of fermentation in the *rumen* **[Sheep].** 096473
A note on the use of chlortetracycline as a possible agent to influence the activity of *rumen* **urease** [Cattle]. 096409
Activity of tall fescue [Festuca arundinacea] alkaloids andanalogues in in **vitro** *rumen* fermentation. 096414

RUMINANTS

Chlamydiosis of *ruminants* **(cattle,** sheep, goats). Experimental studies. I. Preparation of concentrated purified Chlamydia angigens. 097276
Microbial cultures as feed additives [for *ruminant* **diets].** 096636
Factors influencing the utilization of high-grain urea diets by *ruminants.* I. **Effect** of minerals, vitamins, lysine, methionine, feed additives and corn oil [Goats]. 096662
Factors influencing the utilization of high-grain urea diets by *ruminants.* II. **Effect** of protein [Goats]. 096663
Studies on calcium and magnesium metabolism in *ruminants.* I. **Effects** of calcium carbonate or sodium oxalate on the absorption and excretion of calcium and magnesium in ewes. 096457
Studies on the electroencephalogram in *ruminants.* VI. **Electroencephalographic** studies on the anesthesia with pentobarbital and ketamine hydrochloride in goats. 097176
Investigations of fishery byproducts utilization: *ruminant* **feeding** and fly larva protein production. 096741
Nutrient content of broiler litter *[Ruminant* **feeds].** 096034
High urea premix as protein supplement for *ruminants* **[Goats,** cows]. 096664
Ruminant **immunology:** The selection of healthier cattle and sheep by measuring their immune response [Antibodies]. 097593
Observations on epizootiology and distribution of Elaeophora schneideri in **Montana** *ruminants.* 097433
A vurvey of T **mycoplasmas** in *ruminants.* 097501
Tests on *ruminant* **nutrition** with vetch (Vicia sativa Vi-45). 096786
Utilization of amino acids in the *ruminant.* 1. The **protection** of amino acids with maleic anhydride to prevent deamination in the rumen [Nutritional physiology]. 096173
Influence of *ruminant* **ration** composition on digestibility [Sheep]. 096365
A note on the effect of heat on the solubility and in vitro breakdown of groundnut-cake proteins *[Ruminant* **rations].** 096010
The site of mangesium absorption from the *ruminant* **stomach** [Sheep]. 096272
Influence of carbohydrate solubility on non-protein nitrogen **utilization** in the *ruminant.* 096699
An indirect agar gel diffusion precipitation test for detecting rinderpest nonprecipitating antibody in cattle and **zoological** *ruminant* sera. 097503

RUNOFF

Studies on the drainage in the low and wet paddy field area. I. The tendency of pump drainage and the *runoff* **analysis** on Shizusato region in Ohgaki, Gifu Prefecture. 104396
An analog water discharge meter for use in *runoff-plot* **experiments.** 104249
The influence of drainage land reclamation in central Chernozem zone on **river** *runoff* characteristics and floodplain components. 104244
Urban *runoff* and combined sewer overflow [Water quality management]. 104345
Recognition and prediction of *runoff-producing* **zones** in humid regions. 104263

RURAL

Health and communicable disease in a *rural* **African** environment [Malnutrition]. 095187
Influences on goals of young people in *rural* **Appalachia** [Occupations]. 094116
Approaches to employment problems in *rural* **areas** of India. 094109
A land consolidation project containing a site for a factory in the case of Ohnohara-cho. I. An investigation report onrural plant and living in *rural* **areas.** 094182
The **changing** *rural* community [Cooperatives]. 093968
Education among the **communist** *rural* population relative to labor. 094016
Rural exodus in Japan. 2. Disorganization and reorganization of *rural* **communities.** 093993
The etiology of malnutrition among preschool children in *rural* **Costa** Rica. 095049
Los olvidados: peasants, the forgotten class, are kept in a position of inferiority by powerful interests, which fear their organization *[Rural* **development].** 093960
A farmer service *[Rural* **development].** 093990
Priorities in community services research for the northeast: a report of the ad hoc Committee on Community Services *[Rural* **development].** 094091
A simulation game teaching aid for *rural* **development.** 094110
Estimating the relative rurality of U.S. Counties *[Rural* **development].** 094111
The political economy of *rural* **development** in Latin America: an interpretation: comment. 094666
The political economy of *rural* **development** in Latin America: an interpretation: reply. 094667
Agriculture and *rural* **development:** the last quarter of the twentieth century. 094684
Studies on regional agricultural development: a case report of the *rural* **development** in the Kanto area. 094721
Plan to harness groundwater for *rural* **development.** 104399
Educating *rural* youth in general-Soviet cultural-life traditons. 094015
Aged persons in the *rural* **environment:** [Results of a surveyby] Local Center of Community Service. 094061
Rural **exodus** in Japan. 2. Disorganization and reorganization of rural communities. 093993
Silviculture in the *rural* **extension** program [Angola]. 098134
Guides for generation relations in city and *rural* **families** of the German Federal Republic [Sociology]. 093985
Strategy for **integrated** *rural* development. 094222
Integrated *rural* development programs: a skeptical perspective. 094718
Integrating *rural* development activities [in India]. 094221
The role of the *rural* **intelligensia** in communist education of the workers. 094041
Fifty years of *rural* **landscape** planning in the netherlands [Land Reallotment Act]. 094162
Rural **leases** [Legislation, France]. 094758
On the complex nature of the reconstruction of *rural* **life** and culture. 094028
Problems of communist education of workers and the increase of culture in *rural* **life.** 094033
Scientific-technical progress and problems of *rural* **life.** 094034
The importance of propaganda of scientific-technical knowledge in the reconstruction of *rural* **life.** 094039
The town as head of the village and its role in improving the culture of *rural* **life** [Communist party organization]. 094042
A new thought on *rural* **life.** 094093
Constructive programme for *rural* **masses** of rural peoples federation in suppoort of Prime Minister's twenty points [India]. 094775
An experiment in *rural* **medical** care. 093996
Change in the structure of free time and problems of its use in forming the personality of the **modern** *rural* worker. 094011
On international education in **multi-national** *rural* production collectives. 094026
The unity of economic-organizational and educational activity in the work of *rural* **party** organizations. 094043
Constructive programme for rural masses of *rural* **peoples** federation in suppoort of Prime Minister's twenty points [India]. 094775
Development of social relationships and change of psychology of the *rural* **population.** 094012
Differential approach to various categories of the *rural* **population**—one of the most important conditions for increasing the effectiveness of ideological work. 094014
Lawful education of the *rural* **population.** 094024
On the atheistic education of the *rural* **population** and the observance of Soviet holidays and ceremonies. 094027
Struggle for socialist culture of the life of the *rural* **population** as an important sector in ideological work. 094037
The effect of scientific and technical progress on social-class structure of the *rural* **population.** 094038
Migration flows [of *rural* **population]** and economic conditions in the Dominican Republic. 094079
The impact of property tax equalization on *rural* **property** in Oklahoma. 094180
Analyzing the feasibility of *rural* **rental** apartments in the Great Plains: a guide for local decisionmakers [Housing]. 093953
Biostatistics in agriculture [Health of *rural* **residents** andof the farming occupation]. 093997
Science, technology and the university in the development of the *rural* **sector** [of Angola]. 094773
Rural **settlements** and their patterns in the western Trans-Yamuna tract of Uttar Pradesh. 094107
Ideological-educational work and certain problems on raising the effectiveness of agricultural production *[Rural* **sociology].** 094018
Increasing the roles of leaders and specialists of agriculture in the education of workers *[Rural* **sociology].** 094021
On the work of councils of the elderly in combatting survivals of the past in daily life *[Rural* **sociology].** 094031
Emergency medical services in a *rural* **state.** 094000
Without losing its soul the continent must reinforce the structures of its **traditional** *rural* societies to enable them to meet the demands of the modern world. 093961
Voluntary *rural* savings capacities in Taiwan, 1960-70. 094377
Estimating costs of *rural* **water** systems. 094371
Increasing the social activity of the *rural* **woman.** 094022
Industrialization of agricultural production and problems of ideology-education work among *rural* **workers.** 094023
Mass media and problems of improving socio-political activity of *rural* **workers.** 094025

Political information of *rural* **workers.** 094032
Socio-economic planning in *rural* **workers'** collectives and problems of communist education of the workers. 094035
The role of cultural-instructive establishments in the communist education of *rural* **workers.** 094040

RUSSULA
Anatomo-morphological and cytological features of some species of the **genus** *Russula* Pers. ex S. F. Gray [Fungi]. 098532

RUST
Snap **bean** *rust* [Uromyces phaseoli]—a continued threat. 101636
Determination of total sugars, sucrose and reducing sugars in coffee plants inoculated with Hemileia vastatrix **Berk.** And Br. *[Rust].* 101624
Utilization of detached leaves in benzimidazole for hybrid analysis of the resistance of wheat to **brown** *rust.* 099117
Evaluation of initial material of winter wheat in breeding for resistance to **brown** *rust* [Puccinia triticina]. 099291
Genotypic composition of the clones of **brown** *rust* [Pucciniarecondita] in some Lr lines of wheat. 101343
Initial material of winter wheat for breeding for resistance to **brown** *rust* and powdery mildew. 101347
Differentiatin of populations of wheat **brown** *rust* in the USSR with the aid of a series of isogenic lines on the basis of the variety Thatcher. 101459
Loss in yield due to **brown** *rust* (Puccinia recondita Rob. Ex. Desm) on late sown wheat crop. 101478
Mechanisms of the population variability of the **brown** *rust* in wheat Puccinia recondita Rob. ex. Desm. f. sp. tritici. 101612
Corn *rusts* [Puccinia sorghi, Puccinia polysora, Physopella zeae]: types, races and destructive potential. 101583
Flax *rust* [Melampsora lini] resistance involving the K gene: an ultrastructural survey. 101373
The problem of different virulence of local populations of the pathogen of **flax** *rust* Melampsora lini (Ehrenb.) Lev. 101643
About the resistance of winter wheat hybrids to *rust* **fungi** [Puccinia]. 099417
Evaluation of the entries of the world collection of spring wheat for resistance to *rust* **fungi** and powdery mildew. 101341
Development of *rust* **fungi** [Puccinia coronata] in oat leavestreated with blasticidin S, a protein synthesis inhibitor. 101634
Infection rate of spring wheat by *rust* **fungi** [Puccinia]. 101639
Culture of the *[rust]* **fungus** Puccinia triticina Erikss. On an artificial nutrient medium. 101458
Fusiform *rust* [Cronartium fusiforme] resistance of progeny from natural Loblolly [Pinus taeda] X Shortleaf [Pinus echinata] pine hybrids. 101587
Growth of loblolly pine [Pinus taeda] from variously selected parents [Cronartium **fusiforme,** *rust].* 098166
Xylem in galls of lodgepole pine [Pinus contorta latifolia]caused by western **gall** *rust,* Endocronartium harknessii. 101378
Results of studying the genetics of wheat **immunity** to *rust.* 099280
Performance of selected snap bean varieties under *rust* **infestation.** 101323
Partial resistance of barley to **leaf** *rust,* Puccinia hordei. III. The inheritance of the host plant effect on latent period in four cultivars. 099202
The genetics of seedling resistance to **leaf** *rust,* Puccinia hordei Otth. in some spring barley cultivars. 099213
Methodological approach to the study of genetic bases of wheat resistance to brown **leaf** *rust* [Puccinia triticina]. 099275
Pathogenic specialization in Puccinia recondita f. Sp. Tritici in N.w.f.p. [North West Frontier Province of Pakistan, **leaf** *rust* disease of wheat]. 101312
Brown **leaf** *rust* [Puccinia dispersa] effect on functional activity of nucleic acids of rye. 101414
Histochemical investigations of wheat varieties different in their resistance to brown **leaf** *rust* [Puccinia triticina Erikss.]. 101461
A comparison of pathogenicity of Puccinia recondita tritici[wheat **leaf** *rust]* in Europe, the United States, and Canada. 101544
Alteration of the quantity and quality of proteins in the leaves of winter wheat infected with the pathogen of brown **leaf** *rust* [Puccinia triticina]. 101611
Yields of dithane S-31 treated maize in the absence of **maize** *rust,* (Puccinia polysora). 101507
A control trial against the *rust* of **mint** [Puccinia menthae]. 101480
"Canario PF-210": a **new** *rust* [Uromyces phaseoli typica] resistant bean variety for the Peruvian central coast. 101319
A **new** *rust* [Uredo khandalensis] on Polygonum glabrum from India. 101399
Study of the race composition of *rust* **pathogens** of bread cereals in the general problem of developing resistant varieties. 099281
About the role of ascorbic acid and phenolic compounds in the resistance of roses to *rust* [**Phragmidium** disciflorum, Phragmidium tuberculatum]. 101338
Collection of fiber flax entries as a source of **resistance** to *rust.* 099440
Genetic differentiation of wheat **stem** *rust* [Puccinia graminis]. 101342
The reaction of Thatcher wheat to Canadian races of **stem** *rust* [Puccinia graminis tritici]. 101388
Ribonuclease activity in rye leaves affected by brown **stem** *rust* [Puccinia dispersa]. 101415
Artificial infection of the causative agent of **stem** *rust* [Puccinia graminis tritici] of wheat with the hyperparasite Darluca filum (Fr.) Cast. 101493
Isoelectrofocusing of peroxidases of the leaves and roots of wheat plants infected with **stem** *rust.* 101615
Factors contributing to an epidemic of **stripe** *rust* [Puccinia striiformis] on wheat in the Sacramento Valley of California in 1974. 101555
Effect of aerial chemical care of young stands [with 2,4-dichlorophenoxyacetic acid] on the incidence of pine trees infected with **trunk** *rust,* Melampsora lini (A. Br.) Rostr. 101605
Cytological studies of Puccinia striiformis **(Yellow** *rust* of wheat). 099048
Resistance of the soft wheat collection from Australia to **yellow** *rust* [Puccinia glumarum]. 101353
Reaction of barley cultivars to **"yellow** *rust"* (Puccinia striiformis West.). 101536

RUTA
Fluorescence microscopic investigations on the localisation of acridone alkaloids in the organs of *Ruta* **graveolens.** 099934

RYE
Brown leaf rust [Puccinia dispersa] effect on functional activity of nucleic **acids** of *rye.* 101414
Genetically controlled chromosome breakage as an isolation barrier in the origin and maintenance of Secale **ancestrale** *[Rye].* 099140
Histochemical study of incompatibility in hybridization of **barley** with *rye.* 099389
Problems of **breeding** *rye* in Czechoslovakia and prospects ofusing heterosis. 099098
Significance of heterosis as a method of **breeding** *[Rye].* 099105
Main chemical components of *rye* **chloroplast** membranes. 100173
Electronic microscopy of dry mass of nuclei and **chloroplasts** from *rye.* 098971
Effect of urea phosphate and liquid ammonium polyphosphate on the yield of barley and *rye* in a **crop** rotation. 104073
Using *rye* in **diets** for assaying antibiotic growth promotion [Chickens]. 096736
Heterotic effect in **diploid** *rye.* 099085
The nature of alkaloids of ergoty pearlmillet or bajra and its comparison with alkaloids of **ergoty** *rye* and ergoty wheat [Claviceps]. 101638
Utilization of heterosis in *rye* in **Germany** (Democratic Republic). 099116
Rye for **[green]** forage in Rostov Region. 100900
Problems of using heterosis in *rye* in **Hungary.** 099099
Creation of forms with cytoplasmic male sterility for obtaining heterotic **hybrids** of *rye.* 099081
Methods of *rye* **improvement** in Romania. 099095
Ribonuclease activity in *rye* **leaves** affected by brown stem rust [Puccinia dispersa]. 101415
Taxonomy and phylogeny of the genus **Secale** L [including *rye]].* 098520
Comparison of selection based on yield of half sib progenies and of I1 lines per se in *rye* **(Secale** cereale L.). 099411
Phenotype correlations of protein components in wheat and *rye* **seeds.** 100174
Study of male **sterility** in *rye.* 099110
The process of vacuolization of the cells of the rootcap of the diploid and **tetraploid** *rye.* 099027
Tetraploid *rye* in the conditions of the forest-steppe zone in the Ukraine. 099112
The use of genome of *rye* in the **transformation** of plant heredity. 099398
Rheological properties amino acid composition and bread quality of hard red winter wheat, *rye* and **triticale.** 095770
Intergeneric hybrids [of **wheat** and *rye].* 099422
Promising practices of applying chlorcholine chloride in winter crops **[Wheat,** *rye].* 100230
Snow molds on winter cereals in northern Saskatchewan in 1974 [Typhula, Sclerotinia borealis, Fusarium nivale, **wheat,** *rye].* 101386
Manifestation of heterosis in **winter** *rye.* 099094
Peculiarities of cytoplasmic and nuclear male sterility in **winter** *rye.* 099096
Resistance to lodging in tetraploid varieties of **winter** *rye.* 099103
Somatic heterosis in **winter** *rye* hybrids. 099107
Study of heterosis in intervarietal hybrids of **winter** *rye.* 099108
Study of heterosis and male sterility in **winter** *rye.* 099109
The possibility of using heterosis in **winter** *rye* in the Leningrad Region. 099113
Significance of selection in advanced hybrid generations and means of increasing the effectiveness of developing valuable **winter** *rye* populations. 099259
Theoretical prerequisites for selecting productive hybrids and families of **winter** *rye.* 099264
Aneuploid composition of some varieties of tetraploid **winter** *rye.* 099286
Seed productivity of the progeny of triploid-diploid crossings of **winter** *rye.* 099296
Inheritance of cytoplasmic male sterility in closely related crossings of **winter** *rye.* 099391
Winter *rye* grain quality as related to the system of fertilizers in a crop rotation. 100235

RYEGRASS
An irrigated pasture system based on **annual** *ryegrass* sowings. 100950
Sowing grassland. The influence of sowing depth and pressure on the development of **English** *ryegrass* [Lolium perenne]. 100721
Control of smut (Ustilago perranans Rostr.) of **French** *ryegrass* (Arrhenatherum elatius L.) by seed treatment. 101579
Studies on chemical quality and feeding value of **Italian** *ryegrass* [Lolium multiflorum] silage. I. Influence of growth stage of Italian ryegrass on fermentative quality and and feeding value of silage [Dairy cattle]. 095999
Nitrogen and **Italian** *ryegrass* [Lolium multiflorum]. 3. Growth up to 14 weeks: yields, proportions, digestibilities and nitrogen contents of crop fractions, and tiller populations. 100217
Studies on the successive cultivation of **Italian** *ryegrass* (Lolium multiflorum Lam.) and Rhodes grass (Chloris gayana Kunth) by sod-seeding method. 100880
Effect of inorganic fertilizers on the yield and quality of the seeds of **Italian** *ryegrass* [Lolium multiflorum] in the conditions of the Carpathian foothills. 104135
The effect of formic acid on the fermentation of *ryegrass* **[Lolium]** ensiled at different stages of growth and dry matter levels. 096014
Effects of treating a peach orchard soil by chloropicrine or fumigation on the growth and mineral composition of *ryegrass* **[Lolium]** and peach trees planted in this soil [Nematode control]. 099460
Selenium content of forage plants harvested in Finistere. Enrichment of *ryegrass* **[Lolium]** and maize by adding selenite to the soil. 100052
Pathogens occurring on ten varieties of *ryegrass* **[Lolium]** at Rothamsted in 1973-74. 101925
Single leaf and canopy photosynthesis in a *ryegrass* **[Loliumperenne]** sward. 100097
Effect of ammonium to nitrate ratio on growth and anthocyanin development of **perennial** *ryegrass* [Lolium perenne] cultivars. 100063
Growth of **perennial** *ryegrass* (Lolium perenne L.) exposed to a low concentration of sulphur dioxide [Atmospheric pollutant]. 101927
Sulphur-nitrogen interaction effects on the yield and composition of the protein-N, non-protein-N and soluble carbohydrates in **perennial** *ryegrass* [Lolium perenne]. 104041

SACCHARIDES
Mono-, di-, and *tri-saccharides* and their **derivatives** [Sugars]. 099638

SACCHARIFICATION
Beta-glucosidase of Trichoderma [viride, fungi]: its biosynthesis and role in *saccharification* of **cellulose.** 099511
Effect of some factors on the *saccharification* of **dry** plums during storage. 095897

SACCHAROMYCES
Repression of the acid phosphatase of *Saccharomyces* **bisporus** [yeasts] in relation to the polyphosphate content of the cells. 099630
Polyploid hybrids of industrial yeast races and prospects for their practical application [Saccharomyces cerevisiae, *Saccharomyces* **carlsbergensis].** 099861
Influence of cell concentration, temperature, and press performance on flow characteristics and disintegration in the freeze-pressing of *Saccharomyces* **cerevisiae** with the X-press [Yeast]. 095408
Saccharomyces yeasts isolated in Japan. I. A numerical analysis of *Saccharomyces* **cerevisiae** and its allied species. 098506
Genetic effects of the gas phase of cigarette smoke on *Saccharomyces* **cerevisiae** [Yeasts]. 099128
Biogenesis of mitochondria. XLI. Physical mapping of mitochondrial genetic markers in yeast *[Saccharomyces* **cerevisiae].** 099334
Division delay and DNA degradation after mutagen treatment of the yeast, *Saccharomyces* **cerevisiae.** 099341
Fine structure of the URA2 locus in *Saccharomyces* **cerevisiae** [yeasts]. II. Meiotic and mitotic mapping studies. 099342
Mitochondrial genetic damage induced in yeast *[Saccharomyces* **cerevisiae].** 099343
UV [ultraviolet]-induced lethal sectoring and pure mutant clones in yeast *[Saccharomyces* **cerevisiae].** 099350
A chromosomal gene required for killer plasmid expression, mating, and spore maturation in *Saccharomyces* **cerevisiae** [Yeast]. 099372
Biogenesis of mitochondria: molecular mapping of the mitochondrial genome of yeast *[Saccharomyces* **cerevisiae].** 099373
Characterization of 2-mu um DNA of *Saccharomyces* **cerevisiae** by restriction fragment analysis and integration in an Escherichia coli plasmid [Yeast]. 099374
Characterization of charge isomers of yeast *[Saccharomyces* **cerevisiae]** phosphoglycerate kinase. Evidence for intracellular differences. 099462
A purification of trehalase from *Saccharomyces* **cerevisiae** [Yeast]. 099486
Study of yeast *[Saccharomyces* **cerevisiae]** in presence of culture of Lactobacillus delbruckii. 099509
Fatty acid desaturase system of yeast *[Saccharomyces* **cerevisiae]** microsomes. Involvement of cytochrome b5-containing electron-transport chain. 099517
The 24,000 Dalton subunit and the activity of yeast *[Saccharomyces* **cerevisiae]** RNA polymerases. 099526
Complete amino acid sequence of the heme-binding core in bakers' yeast *[Saccharomyces* **cerevisiae]** cytochrome b2 (L-(+)-lactate dehydrogenase. 099553
Fed batch culture of *Saccharomyces* **cerevisiae:** a perspective of computer control to enhance the productivity in bakers's yeast cultivation. 099565

The induced biosynthesis of 7-dehydrocholesterols in yeast *[Saccharomyces* **cerevisiae]:** potential sources of new provitamin D3 analogs. 099622
Characterization of a temperature-sensitive mutant of *Saccharomyces* **cerevisiae** [yeasts] that undergoes uncontrolled protein synthesis. 099627
Preparation of yeast *[Saccharomyces* **cerevisiae]** mannan derivatives by stearoylation and phosphorylation. 099670
Assembly of the motochondrial membrane system. XVI. Modifies form of the ATPase [adenosinetriphosphatase] proteolipid in oligomycin-resistant mutants of *Saccharomyces* **cerevisiae** [Yeasts]. 099717
Biochemical studies on the cytosine permease of *Saccharomyces* **cerevisiae** [Yeasts]. 099718
Recessive nonsense-suppression in yeast *[Saccharomyces* **cerevisiae:** further characterization of a defect in translation. 099720
Yeast *[Saccharomyces* **cerevisiae]** RNA-polymerase B: a zinc protein. 099723
Inactivation of yeast enzymes by proteinase A and B and carboxypeptidase from yeast *[Saccharomyces* **cerevisiae].** 099740
Isolation and characterization of seryl- and phenylalanyl-tRNA synthetase from the yeast *[Saccharomyces* **cerevisiae].** 099741
Studies on the proteinase-A inhibitor I A/3 from yeast *[Saccharomyces* **cerevisiae].** 099742
Fragility of plasma membranes in *Saccharomyces* **cerevisiae** enriched with different sterols [Yeasts]. 099808
Influence of pH [hydrogen-ion concentration] on the rate ofribosomal ribonucleic acid synthesis during sporulation in *Saccharomyces* **cerevisiae** [Yeasts]. 099809
Morphogenic effects of alpha-factor on *Saccharomyces* **cerevisiae** a cells [Yeasts]. 099812
Cell-free synthesis of ethyl acetate by extracts from *Saccharomyces* **cerevisiae** [Yeasts]. 099839
Polyploid hybrids of industrial yeast races and prospects for their practical application *[Saccharomyces* **cerevisiae,** Saccharomyces carlsbergensis]. 099861
Cis-dominant regulatory mutations affecting the formation of glucose-repressible alcohol dehydrogenase (ADHII) in *Saccharomyces* **cerevisiae** [Yeasts]. 099865
A factor in cell-free extracts inactivating sexual agglutinability of a mating type in [the yeast] *Saccharomyces* **cerevisiae.** 099917
Regulation of sexual agglutinability in [the yeast] *Saccharomyces* **cerevisiae** of a and alpha types by sex-specific factors produced by their respective opposite mating types. 099927
Synthesis of yeast histones in the cell cycle *[Saccharomyces* **cerevisiae].** 099958
The stable effect of mortality in the progeny of irradiated *[Saccharomyces* **ellipsoideus]** yeast cells. 099378
Taxonomy of the **genus** *Saccharomyces:* osidases and vitamin requirements [Yeasts]. 098660
Sugar and polyol permeability of Salmonella and osmophilic yeast *[Saccharomyces* **rouxii,** Schizosaccharomyces pombe] cell membranes measured by turbidimetry, and its relation to heat resistance. 099805
The effect of sugars and polyols on the heat resistance and morphology of osmophilic yeasts *[Saccharomyces* **rouxii** and Schizosaccharomyces pombe]. 099806
A modified procedure for studying enzyme secretion in yeast *[Saccharomyces]* **sphaeroplasts:** subcellular distribution of invertase. 099625
Influence of the enzyme preparation protoryzin P10x on the fermentation vigor and increase in biomass of the **yeast** *Saccharomyces* carlsbergensis r. 776 growing in beer wort. 095400
Radiation action on bread making **yeast** *Saccharomyces* cerevisiae [Fermentative action]. 095841
Distribution of non-complementing and polarly complementing mutations within ade2 locus of **yeast** *Saccharomyces* cerevisiae. 099226
Saccharomyces **yeasts** isolated in Japan. I. A numerical analysis of Saccharomyces cerevisiae and its allied species. 098506

SACCHARUM

Sporulation from Eutypella [parasitica]-cankered maples [**Acer** *saccharum]* reduced by felling infected trees. 101564
Studies on chemical weed control in **sugarcane** *(Saccharum* officinarum L.). 102161

SACS

Volatile constituents of dog (Canis familiaris) and coyote (Canis latrans) **anal** *sacs.* 096434
Ontogenesis of angiospermous **embryo** *sacs* strengthens the taxonomical interpretation of their phylogenic origin. 098588
Hematopoiesis in the **yolk** *sac* in some representatives of Sauropsida [Chick embryos]. 096220

SAFETY

NIOSH's [National Institute for Occupational Safety and Health] expanding role in **agricultural** *safety* and health. 094002
Overview of the problem **[Agricultural** *safety* and health]. 094005
The Colorado view [on **agricultural** *safety* and health]. 094008
The Iowa view [on **agricultural** *safety* and health]. 094009
Integration of chemical and biological changes in foods and their influence on quality *[Safety* **attributes].** 095501
Educators, regulators, industry discuss product **developmentfood** *safety* problems. 095277
Electrical *safety* at cattle sheds. 103395
An outlined survey of recent research on agricultural machinery from the viewpoint of ergonomics *[Safety* **engineering].** 103460
Safety **evaluation** of chemicals in food: toxicological data profiles for pesticides. 1. Carbamate and organophosphorus insecticides used in agriculture and public health. 094819
Safety **evaluation** of gentian violet [Gentiana] for breeder chickens. 096763
Food *safety:* fact or fiction? the need for a multi-discipline, national program. 095278
Consumption data base finds new uses in marketing, acquisition, **food** *safety* decisions. 095289
Openly confronting public anxieties over **food** *safety.* 095362
Comparative medicine: an overview [as it relates to agricultural **health** and *safety].* 093999
The migrant worker, his **health** and *safety.* 094010
Tendencies of **labour** *safety* in the poultry industry. 095730
Are your ice **machines** *safe?* 095339
The development of pesticide use and the hygienic work conditions [Toxicity hazards, *safety* **measures].** 102665
NIOSH's [National Institute for **Occupational** *Safety* and Health] expanding role in agricultural safety and health. 094002
The **Occupational** *Safety* and Health Act (OSHA) and agriculture. 094682
What about OSHA **[Occupational** *Safety* and Health Act]? [Legislation]. 094772
The proposed OSHA **[Occupational** *Safety* and Health Administration] regulation for agricultural employee occupational noise exposure. 104434
Studies on the *safety* of **operating** agricultural tractor. 103467
British Pesticide *[Safety* **Precautions]** Scheme based upon cooperation. 102751
Overview of agricultural health and *safety* **problems:** the Federal environmental view. 094004
Federal activities [Agricultural health and *safety,* **programs].** 094703
The national sanitation training program: Canadian Restaurant Association's answer to *safe* and **sanitary** foodservice. 095356
Health and *safety* **standards** for agriculture. 094001
Much risk involved in silo **storage** *[Safety].* 103348
Power brakes for **trailer** *safety* [Tractor equipment]. 103568

SAFFLOWER

Evaluation of the germ plasm collection of *safflower,* **Carthamus** tinctorius L. VII. Variability of capitulum width and outer involucral bracts' dimensions. 099181
Experimental canine atherosclerosis and its pevention. The dietary induction of severe coronary, cerebral, aortic, and iliac atherosclerosis and its prevention by *safflower* **oil.** 097741
Effect of planting method on **varieties** of *safflower.* 100843

SAGE

Taxonomic review of **Jerusalem** *sages* [Phlomis] from Kazakhstan and [Soviet] Central Asia. 098545

SAGEBRUSH

Karyosystematics of certain solonchak species of *sagebrush* **[Artemisia],** subgenus Seriphidium (Bess.) Rouy. 098539

SAHIWAL

Adaptability of 1/2 *Sahiwal* X 1/2 **Brown** Swiss cattle to subtropical conditions. 3. Body water distribution. 096410
A tick-resistant dairy [cattle] breed **[Friesian** X *Sahiwal].* 097020

SAINFOIN

Sowing forage herbaceous plants on abandoned open-mining sites **[Hungarian** *sainfoin].* 100901

SAINTPAULIA

Axenical cultivation of *Saintpaulia* **ionantha** H. Wendl. On a phytohormone-free medium. 101071
Growing african **violets** *[Saintpaulia].* 101194

SAISSETIA

Trehalase, invertase, and amylase activities in the black scale, *Saissetia* **oleae,** and their relation to host adaptability [Pest of olives and atrus]. 102435
On the black scales *[Saissetia]* of **southern** Europe (Homoptera: Coccoidea: Coccidae). 103170

SALICORNIA

Studies on betalain pigments of Centrospermae plants with special reference to a violet red pigment in *Salicornia* **europeaea** L. 099856
Effect of salinity on the photosynthesis of the **halophyte** *Salicornia* rubra and Distichlis stricta. 099893

SALICYLIC

Effects of *salicylic* **acid** on probing and oviposition of the rice plant- and leafhoppers [Nilaparvata lugens] (Homoptera: Delphacidae and Deltocephalidae). 102283

SALINITY

Effect of various levels of inorganic fertilizers in cotton crops with different degrees of *salinization* and **concentration** of soil solution. 104151
Rhizosphere and nonrhizosphere microflora of Egyptian henbane [Hyoscyamus muticus] under *saline* **conditions.** I. Microbial density and activity as affected by salinization level and duration. 098762
Microflora of Egyptian henbane [Hyoscyamus muticus] under *saline* **conditions.** II. Physiological activity of Actinomycetes as affected by salinization and duration. 099490
Hormonal control of germinaton under *saline* **conditions** of three halophytic taxa in the genus Suaeda. 099895
Experimental studies on flowering and reproduction in seagrasses [Temperature, *salinity,* **daylength].** 099516
Microflora of Egyptian henbane [Hyoscyamus muticus] under saline conditions. II. Physiological activity of Actinomycetes as affected by *salinization* and **duration.** 099490
Rhizosphere and nonrhizosphere microflora of Egyptian henbane [Hyoscyamus muticus] under saline conditions. I. Microbial density and activity as affected by *salinization* **level** and duration. 098762
P [phosphorus] fertility and **mixed** *salinity* on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Effect of **mixed** *salinity* and P [phosphorus] fertility on yield and microelement composition of tomato, sweet corn and sudangrass in sand culture. 103976
Effect of *salinity* on the **photosynthesis** of the halophyte Salicornia rubra and Distichlis stricta. 099893
Application of magnesium sulfate to correct the effects of *salinity* **produced** by sodium chloride on the tomato plant [in soilless culture]. 100348
[Injurious] effect of **soil** *salinization* on the osmotic regime of maize. 101863
Prediction of some soil properties through cracks formation of dryness. I. **Soil** *salinity* and alkalinity. 103696
Productivity of cotton as related to the levels of fertilizers and the degree of **soil** *salinization.* 104085
Effect of inorganic fertilizers on the microflora as related to the quality and degree of **soil** *salinization.* 104150
Economic efficiency of washing irrigations in the conditions of the Khorezm Region **[Soil** *salinization,* control]. 104407
Study of the technology of washing irrigations in the conditions of the Khorezm Region **[Soil** *salinization* control]. 104414
Causes of drying out of forest plantings on *saline* **soils** in the Crimean Region. 097891
Salinization of the **Soligorsk** region soils by "Beloruskalii" wastes. 103736
Effect of the ratios of mono- and bivalent cations with chloride and **sulfate** *salinization* on the development of plants and the content of inorganic elements in cotton. 103843
Long-term stability of waste lignins in aquatic systems. 2. Stability in *saline* **water** [Pulping]. 098413
Salt tolerance of cotton and potential use of *saline* **water** for irrigation. 100168
Effect of *saline* **water** irrigation on chemical composition of 'Karchia' wheat in farmers fields. 100210
Effect of N [nitrogen] application on different varieties of oilseed crops under *saline-cum-high* **water** table conditions. 103977
Hydrogeophysical equivalence of **water** *salinity,* porosity and matrix conduction in arenaceous aquifers. 104297

SALIVARY

In vitro transcription by isolated nuclei of Rhynchosciara **americana** *salivary* glands. Characteristics of incorporation and inhibition by alpha-amanitin. 102890
The *salivary* **gland** chromosomes of Anopheles jamesi. 102902
Late labelled regions in polytene chromosomes of *salivary* **gland** cells in some speciesof the virilis group of Drosophilaand their interspecific hybrids. 102947
The actions of some putative neurotransmitters on the cockroach [Nauphaeta cinerea] *salivary* **gland.** 102981
Hormonal regulation of the secretion of mucoproteins by cells of the *salivary* **glands** of Drosophila melanogaster larvae during the period of metamorphosis. 103102
Removal of the parotid and **mandibular** *salivary* glands from a pony mare. 097769
Cytochemical analysis of spontaneous asynapsis of homologous chromosomes of Drosophila **melanogaster** *saliva* glands. 103123
Effect of 5'-bromodeoxyuridine on the association of telomeric regions in Drosophila **virilis** *salivary* gland chromosomes. 102946
The influence of various factors on fluid secretion by in **vitro** *salivary* glands of ixodid tick [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, Dermacentor reticulatus]. 102983

SALIX

Metabolism of ethanol and lactate in tissues of woody plants differing with respect to their resistance of oxygen deficiency *[Salix* **alba,** Populus petrowskiana]. 100684
The influence of inorganic salts, sucrose and CEPA [2-chloroethylphosphonic acid] on rooting of willow *[Salix]* **cuttings.** 100621

SALMON

Effect of bleached kraft mill effluent on the survival of starved juvenile **coho** *salmon* (Oncorhynchus kisutch). 104535
Salmon **eggs:** bait and food [Preparing cavier for consumption]. 095061
Effect of bleached kraft mill effluent on the survival of starved **juvenile** *coho* salmon (Oncorhynchus kisutch). 104535

SALMONELLA

Attempts at disinfection of *salmonellosis* **abortions** in sheep. 097361
On the transmission of *Salmonella* **abortusovis** in rats. 097366
Salmonellosis of **American** mink. 097647
A study on *Salmonella* **anatum** strains [isolated from food]. 094849
Mutual relation and dependence of *salmonellosis* in **birds** and man [Chickens]. 097365
The distribution of *salmonellosis* among **birds** in the Shumenand Targovishte districts during the 1967-1970 period [Poultry]. 097372
Etiology and epizootology of *salmonellosis* in **Bulgaria** within the 1966-1970 period [Hygiene in animal husbandry and the food industry]. 094851
The etiology and epidemiology of *salmonellosis* in **Bulgaria** for the 1966-1970 period [Contact mechanism in people engaged in animal and poultry breeding]. 094858
Urgent problems of *salmonellosis* in **Bulgaria** [Public health]. 094860
Incidence of *Salmonella* spp., **Clostridium** botulinum, and Vibrio parahaemolyticus in an estuary [Microbiological indicators of pollution]. 104448
Attempts at the sterilization with ethylene oxide of bone meal **contaminated** with *Salmonellae*. 096007
Surveys and control of *Salmonella* **contamination** of chicken meat. VIII. Experiments on oral inoculation of chicks with Salmonella sofia culture. 094879
A new method for the isolation of *Salmonellae* from **dry** milkduring a salmonellosis outbreak [Food contamination]. 094848
Salmonella **Dublin** infection in feedlot calves. 097328
Salmonella **[enteritidis]** in horses: a source of contamination of horsemeat in a packing plant under federal inspection. 094809
Some epidemiological peculiarities in two food poisonings caused by *Salmonella* **enteritidis.** 094855
The epidemiology of large food salmonellosis caused by *Salmonella* **enteritidis** in the Ruse district in 1971. 094856
Salmonellosis, an **environmental** problem affecting animals and man. 094905
Epidemiological survey on **enzootic** *salmonellosis* in police dogs. 097491
ICMSF [International Commission on Microbiological Specificatons for Foods] methods studies. VII. Indicator tests as substitutes for direct testing of dried foods and **feeds** for *Salmonella*. 094823
A study on Salmonella transmission in pigs in an industrialcomplex. I. *Salmonella* **finds** in faecal samples and fodder mixtures. 097355
A study on Salmonella transmission in pigs in an industrialcomplex. II. *Salmonella* **finds** in killed and dead pigs. 097356
A study on Salmonella transmission in pigs in an industrialcomplex. III. *Salmonella* **finds** in the placentae of the pig dams and in the meconium of their piglets. 097357
Food *salmonellosis* caused by Salmonella gallinarum-pullorum. 094852
The epidemiology of large **food** *salmonellosis* caused by Salmonella enteritidis in the Ruse district in 1971. 094856
Salmonella **[Food** poisoning]. 094937
Evaluation of an automated fluorescent antibody procedure for detection of *Salmonella* in **foods** and feeds [Bacterial contamination]. 094806
Detection of *salmonellae* in **foods** - past, present, and future: activities and attitudes of the food industry. 095354
Effect of suspending and plating media on the recovery of *Salmonella* **gallinarum** following freezing and thawing. 094875
Food salmonellosis caused by *Salmonella* **gallinarum-pullorum.** 094852
Attempts at creating immunologic tolerance in hens to *Salmonella* **gallinarum-pullorum.** 097359
Study on the antigenic structure and biochemical activity of isolated Salmonella gallinarum-pullorum strains. I. Decarboxylase activity of the *Salmonella* **gallinarum-pullorum** strains [Salmonellosis, poultry, man]. 097369
Synovitis in chickens caused by *Salmonella* **gallinarum-pullorum.** 097370
Professional risk of *Salmonella* **infection** in a poultry combine. 097368
The control system in *salmonellosis* **infection** of domestic animals in Czechoslovakia. 097371
Attempts at curing a selected poultry flock from typhus-pullorosis *[Salmonella* **infections].** 097360
Development of a serum-plate antigen for detection of *Salmonella* **infections** in turkeys. 097515
Minimal medium recovery of thermally **injured** *Salmonella* senftenberg 4969 [Food contamination]. 094873
Study on the antigenic structure and biochemical activity of **isolated** *Salmonella* gallinarum-pullorum strains. I. Decarboxylase activity of the Salmonella gallinarum-pullorum strains [Salmonellosis, poultry, man]. 097369
Epizootiology and epidemiology of *salmonellosis* in **Italy** [Domestic animals, fodder, food products]. 097362
Conditions favourable for the contamination of killed healthy chickens with *Salmonellae* and **manner** of preventing it [Slaughterhouses, sanitation]. 094850
Enrichment in Muller-Kauffmann's broth and Rappaport's broth from buffered peptone water in the isolation of *Salmonellae* from **minced** meat. 094872
On the virulence of *Salmonella* **muenster** for chickens. 097367
Sugar and polyol permeability of *Salmonella* and **osmophilic** yeast [Saccharomyces rouxii, Schizosaccharomyces pombe] cell membranes measured by turbidimetry, and its relation to heat resistance. 099805
A new method for the isolation of Salmonellae from dry milkduring a *salmonellosis* **outbreak** [Food contamination]. 094848
The spread of the *Salmonellae* among **people** and animals in the Silistra district. 094859
Study on the antigenic structure and biochemical activity of isolated Salmonella gallinarum-pullorum strains. I. Decarboxylase activity of the Salmonella gallinarum-pullorum strains *[Salmonellosis,* **poultry,** man]. 097369
On some aspects of *salmonellosis* **[Public** health]. 094853
Effects of early cyclophosphamide treatment on lymphoid organs and its immune response in ducks *[Salmonella* **pullorum].** 097478
Comparison of enrichment procedures for fluorescent antibody and cultural detection of *salmonellae* in **raw** meat and poultry [Bacterial contamination]. 094803
Surveys and control of Salmonella contamination of chicken meat. VIII. Experiments on oral inoculation of chicks with *Salmonella* **sofia** culture. 094879
The role of the economic factors on the development of the epizootiological process with *salmonellosis* **[Swine].** 097373
A study on *Salmonella* **transmission** in pigs in an industrialcomplex. I. Salmonella finds in faecal samples and fodder mixtures. 097355
A study on *Salmonella* **transmission** in pigs in an industrialcomplex. II. Salmonella finds in killed and dead pigs. 097356
A study on *Salmonella* **transmission** in pigs in an industrialcomplex. III. Salmonella finds in the placentae of the pig dams and in the meconium of their piglets. 097357
A study on the mechanism of *salmonellosis* **transmission** in birds [Chickens, Salmonella typhimurium]. 097358
Experimental studies of Arizona bacteria and their distribution with *Salmonella* **typhimurium** in breeding turkey herds. 097363
Infection caused by *Salmonella* **typhimurium** of fattening lambs. 097364
Effects on body temperature produced by micro-injection of *Salmonella* **typhimurium** lipopolysaccharide into the third cerebral ventricle of the chicken. 097480
The etiological structure of *salmonellosis* in the **USSR** [Public health, food contamination]. 094857
On the distribution of the *Salmonellae* in the **Varna** district [Public health, animal health, food contamination]. 094854

SALSOLA

Radioprotective action of aqueous extracts of *Salsola* **arbuscula.** 099872
Evaluation of protein and nutritive fiber content of cultivated Russian-thistle *[Salsola* **weed** used as forage]. 095991

SALTS

Suitability of nitrogenous fertilizers for wheat in *salt* **affected** soils. 104029
Specificity for nicotinamide adenine dinucleotide and nicotinamide adenine dinucleotide phosphate of nitrate reductase from the *salt-tolerant* **alga** Dunaliella parva. 099948
Guide to soils and plant nutrition. 3. *[Salt* and **alkalinity,** cation and anion exchange, phosphate fixation]. 103818
Histochemical study of the stalked glandular hairs of the female Cannabis plants, using fast **blue** *salt.* 099935
Effects of alpha-adrenergic blockade on sodium excretion in normal and **chronic** *salt* retaining dogs. 096296
Common *salt* [sodium chloride] requirements of domestic animals [Nutrition]. 096823
The nature of compost H [hydrogen]-humus extracted by **differnt** *salts* of sodium and magnesium. 103890
Application of Dialene [a mixture of **dimethylamine** *salts* of2,4-dichlorphenoxyacetic and 2-methoxy-3,6-dichlorbenzoic acids] in plantings of cereals and maize and on fallows. 102130
Urine fluoride levels following ingestion of fluoridated **domestic** *salt* over three years. 095089
Evaluation of **environment** *salt* tolerance of selected grasses and legumes [Field crops]. 100054
Technological aspects about *salting* of **fish** for processing. 095448
Inhibition of Mallard [duck] *salt* **gland** function by DDE [dichlorodiphenyldichloroethylene] and organophosphates. 102693
The ultrastructure of Frankenia [grandifolia] *salt* **glands.** 098883
Effect of *salts* on the **growth** and mineral nutrition of cabbage (Brassica oleracea) in soil and sand culture. 100556
The influence of **inorganic** *salts,* sucrose and CEPA [2-chloroethylphosphonic acid] on rooting of willow [Salix] cuttings. 100621
Abstracts of papers presented at the 1976 meetings of the Genetics Society of America, *Salt* **Lake** City, Utah, August 15-18, 1976 [Insects, plants]. 102943
The Great *Salt* **Lake:** problems, potentials and pending decisions. 104419
Ecological adaptations of *salt* **marsh** grass, Distichlis spicata (Gramineae), and environmental factors affecting its growth and distribution. 098761
Non-structural carbohydrates in Spartina alterniflora Loisel [the dominant plant in the *salt* **marshes** along the eastern U.s. coast]. 099578
Plant indication of the main routes of *salt* **migration** in the Ustyurt desert. 098856
Sodium- and potassium-activated adenosine triphosphatase of the **nasal** *salt* gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
Rectal chloride epithelia and **osmoregulatory** *salt* uptake by the endgut of Zygoptera and Anisoptera libella larvae [Coenagrion puella, Aeshna cyana]. 103012
The effect of **soluble** *salts* on soil water availability. 103812
Effects of *salt* **stress** on growth, nodulation and nitrogen fixation in cowpea and mung beans. 102006
Relative movement of water and *salts* in **surface** layers of soil under varying **soil water regime.** 103660
Lead and cadmium content of foodstuffs. 1. Lead and cadmiumcontent of spices and **table** *salt.* 094943
Salt **tolerance** studies in rice. 100060
Salt **tolerance** of cotton and potential use of saline water for irrigation. 100168
Are you **worth** your *salt?* 095270

SALVIA

Sorption of moisture by crude drugs. IV. Folium Salviae, Rhizoma Calami, Herba Basilici, Inflorescentia Crataegi *[Salvia,* **Acorus** calamus, Occimum basilicum, Crataegus], 095451
Flavonoidal and other compounds of *Salvia* **aethiopis.** 099933

SAMPLING

Approximate *sampling* variance of adjusted 3P estimates [Monte Carlo simultion, forestry]. 097980
Increased plasma creatine kinase activity in rabbits: effect of systematically repeated **blood** *sampling.* 096349
Cluster *sampling* with large-scale aerial photography in forest inventories. 097998
Core *sampling* and flotation: two methods to reduce costs of a Chironomid population study. 103065
The methodology of *sampling* for the **determination** of soil moisture content in fruit-bearing vineyards. 103859
Methodology of *sampling* the **leaves** of black currant for the diagnosis of its fertilizer requirements. 100501
Sampling & **mapping** reservoirs & [animal] vectors of human disease. 102573
Sloughing guard for sequential depth soil [for **pesticide]** *sampling.* 102625
Continuous monitoring, automated analysis, and *sampling* **procedures** [in water pollution control]. 104547
Diameter measurement in the line intersect method [Logging **residues,** *sampling].* 097981
The efficiency of **stratified** *sampling* in the estimation of parameters for a bivariate norman population [Fibre length within wool staples]. 094642
Estimation of grain yield and growth characters of **wheat** by *sampling.* 100850

SAND

Change in the NPK [nitrogen, phosphorus, potassium] content of maize grains and recovery of fertilizers on a **calcareous** *sandy* soil. 103872
Fog **catchment** *sand* trenches constructed by trenebrionid beetles, Lepidochora, from the Namib Desert. 103093
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in *sand* **culture.** 099676
The biology of mycorrhiza in the Ericaceae. VI. The effects of mycorrhizal infection and concentration of ammonium nitrogen on growth of cranberry (Vaccinium macrocarpon Ait.) in *sand* **culture.** 100515
Study of mineral nutrition of Pelargonium on *sand* **culture** and nutritive solution. 100521
Effect of salts on the growth and mineral nutrition of cabbage (Brassica oleracea) in soil and *sand* **culture.** 100556
Effect of mixed salinity and P [phosphorus] fertility on yield and microelement composition of tomato, sweet corn and sudangrass in *sand* **culture.** 103976
Development of disease and dynamic of pine dieback caused by Fomes annosus (Fr.) Cooke during 1971 and 1972 at **Deliblato** *Sand* [Yugoslavia]. 101433
Carcharolaimus banaticus n. Sp. (Nematoda: Discolaimidae) and its ecology [in a vegetation succession in **Deliblato** *Sands,* Banat, Yugoslavia]. 101960
On the trial production and the principle of device measuring reflected light for **determining** *surface-sand* water content [in forest soil]. 103773
The technology of producing Madeira [wine] in the zone of Lower **Dnieper** *sands.* 095982
Poliovirus survival and movement in a *sandy* **forest** soil [Wastewater residuals]. 104450

Fit the plant to the soil: [Ornamental] **gardening** on *sand.* 101112
Bryological excursion to the *"sand-pit* of the **hare"** [Musci](December 17, 1972). 098566
Practices for **improving** *sandy* soils and their effect on agrochemical properties. 104187
Practices for **improving** *sandy* soils in the Ukrainian Poles'ye. 104188
Model for predicting simultaneous movement of nitrate and water through a **loamy** *sand.* 103826
Practices of proper tillage of soddy-podzolic soils developing on *sands* and **loamy** sands in Byelorussia. 104189
Ways of sowing lupine on *sandy* and **loamy-sandy** soils. 100787
Agrotechnical and chemical practices for weed control in the plantings of yellow lupine on *sandy* and **loamy-sandy** soils. 102107
Agronomic and production characteristic of *sandy* and **loamy-sandy** soils from the Ukrainian Poles'ye. 103753
Sandy and **loamy-sandy** soddy-podzolic soils in the Non-Chernozem Belt of the European part of the USSR. 103756
Major practices for increasing the fertility of *sandy* and **loamy-sandy** soddy-podzolic soils in the Vladimir Region [Dolomite as amendment, fertilizers, plantation plowing]. 103954
Green manure application and reclamative cultivation of *sandy* and **loamy-sandy** soddy-podzolic soils in the foothill regions of the Urals. 104184
Irrigation of vineyards on *sandy* and **loamy-sandy** soils in the south of the Ukraine. 104429
Practices for increasing the fertility of *sandy* **podzolic** soils in the Gor'ky Region. 104186
Problems of subdivision of the Late Glacial era in the *sandy* **region** of northern Flanders in Belgium [Pollen analysis]. 098678
Diagnostic indices of the level of cultivation of **soddy-podzolic** *sandy* and loamy-sandy soils. 103754
Sandy and *loamy-sandy* **soddy-podzolic** soils in the Non-Chernozem Belt of the European part of the USSR. 103756
Major practices for increasing the fertility of sandy and *loamy-sandy* **soddy-podzolic** soils in the Vladimir Region [Dolomite as amendment, fertilizers, plantation plowing]. 103954
The role of sowing lupine, application of fertilizers and lime in the cultivation of **soddy-podzolic** *sandy* and loamy-sandy soils. 103957
Effect of potassium fertilizers on the yield of potatoes on *sandy* **soddy-podzolic** soils. 104071
Effectiveness of the methods of increasing the depth of the plowing layer in **soddy-podzolic** *loamy-sandy* soils with various applications of fertilizers. 104183
Green manure application and reclamative cultivation of sandy and *loamy-sandy* **soddy-podzolic** soils in the foothill regions of the Urals. 104184
Results and prospects of investigations in increasing the fertility of *sandy* **soddy-podzolic** soils. 104190
Wind erosion of **soddy-podzolic** *sandy* and loamy-sandy soils from Poles'ye. 104192
Phosphorus assimilation by clover and lucerne from soil phosphates of various genetic horizons of **sod-podzolic** *mean-sandy-loam* soils. 100175
Behavior of potassium in intensive fertilization of *sandy* **soil.** 103900
Influence of reseeding and nitrogen on the yield and botanic composition of grassland. Second report of trials at gilze, 1971-1974 [Cultivation on *sandy* **soil].** 104121
Afforestation on *sandy* **soils** in Denmark. 098078
Ways of sowing lupine on sandy and *loamy-sandy* **soils.** 100787
Agrotechnical and chemical practices for weed control in the plantings of yellow lupine on sandy and *loamy-sandy* **soils.** 102107
Agronomic and production characteristic of sandy and *loamy-sandy* **soils** from the Ukrainian Poles'ye. 103753
Diagnostic indices of the level of cultivation of soddy-podzolic sandy and *loamy-sandy* **soils.** 103754
The problem of water regime of *sandy* **soils** of soddy-podzolic type in the Non-Chernozem Belt of the USSR. 103757
The role of sowing lupine, application of fertilizers and lime in the cultivation of soddy-podzolic sandy and *loamy-sandy* **soils.** 103957
Effect of inorganic and organic fertilizers on the yield of early potatoes on *sandy* **soils** in the Bryansk Region. 104066
Wind erosion of soddy-podzolic sandy and *loamy-sandy* **soils** from Poles'ye. 104192
Melioration of *sandy* **soils.** 104200
Windbarriers for erosion control [of *sandy* **soils**] in Texas [Cotton]. 104219
Windbreak removal [on *sandy* **soils**]. 104220
Irrigation of vineyards on sandy and *loamy-sandy* **soils** in the south of the Ukraine. 104429

SANDFLIES
Studies on cutaneous leishmanias in Khuzestan, Iran. II. The status of *sandflies* **[Phlebotomus].** 102557

SANDWICH
Preliminary evaluation of two tongue-and-groove joints for five-ply **structural** *sandwich* wood panels for floors. 098225

SANITATION
Reducing hatching egg and hatchery **contamination** *[Sanitation].* 096079
The yield of [forest] stands in relation to *sanitation* **cutting.** 098143
Report of the Committee on Food **Equipment** *Sanitary* Standards - 1975. 095346
The national sanitation training program: Canadian Restaurant Association's answer to safe and *sanitary* **foodservice.** 095356
Sanitation: **how** important is it? 095351
The effect of *sanitary* **landfills** on water quality in southern Indiana. 104361
The **national** *sanitation* training program: Canadian Restaurant Association's answer to safe and sanitary foodservice. 095356
Dairy: cleaning and *sanitizing* **pipeline** milking machines and bulk tanks. 095554
Current **plant** *sanitation* of oil crops [Fungus diseases, insect pests]. 101416
Poultry *sanitation.* 097183
Sanitation: a **practical** protection against Dutch elm disease in Fredericton, New Brunswick [Ceratocystis ulmi, Ulmus americana, Scolytus multistriatus and Hylurgopinus rufipes as insect vectors]. 101562
Viroses of Pelargonium in France. State of research and possibilities of *sanitary* selection. 101768
Conditions favourable for the contamination of killed healthy chickens with Salmonellae and manner of preventing it **[Slaughterhouses,** *sanitation].* 094850
Key to *sanitation,* **work** smarter, not harder better dishroom planning. 095350

SAP
The dependence of the electrical resistance of the cell membrane and the **cell** *sap* of Characeae [Algae] on the season. 099498
Study on the amount of endogenous phytohormones in *sap* **exudation** and hibernating buds of grapevines. 100445
Continual intravitam perfusion of the **vacuolar** *sap* of Nitella [flexilis] cells [Algae]. 099988
Effect of time of nitrogen application on amino-nitrogen composition of roots and **xylem** *sap* of apple. 100528
The effect of cultural operations on the composition of the **xylem** *sap* of tea plants recovering from pruning. 101285

SAPOGENINS
A high-performance liquid chromatographic analysis of the benzoate esters of *sapogenins* **isolated** from Agave. 099827

SAPONIFICATION
Experimental automation concentration of the *unsaponifiable* **matter** in oils by liquid-liquid extraction. 095519

SAPONINS
Role of *saponins* in **antifungal** resistance. V. Enzymatic activation of avenacosides [Extracts of oat leaves]. 101670
Pericarp *saponins* of Akebia quinata Decne. I. Glycosides of hederagenin and oleanolic acid. 099669

SAPOTA *see* ACHRAS

SAPROPEL
Local fertilizers for farmlands **[Utilization** of *sapropel].* 104096

SAPROPHYTIC
Method for the determination of **competitive** *saprophytic* colonization of soil fungi [Macrophomina phaseolina of corn andsoybean]. 101652
Bitter substances of apples. II. Formation kinetics of secondary metabolites in *saprophytic* **cultivation** of the fungus Trichothecium roseum. 101574

SAPWOOD
Aporphine alkaloids and lignans formed in response to injury of *sapwood* in **Liriodendron** tulipifera. 102008

SARCOMA
Inhibition of **avian** *sarcoma* virus replication by glucosamine: a specific effect on the synthesis and processing of viral proteins [Chicken fibroblasts]. 097670
Proposal and description of ATCC [American Type Culture Collection] 13683 and ATCC 12102 as neotype strains of Actinomyces bovis Harz 1877 [from **jaw** *sarcoma* of cattle] and Actinomyces israelii (Kruse) Lachner-Sandoval 1898 respectively. 097385
Lysis of **Rous** *sarcoma* virus by antibody to chicken cells and complement. 097282
Neutral protease activity of **Rous** *sarcoma* (RSV) transformed chick embryo fibroblasts. 097394
Chicken egg yolk enhances focus formation by subgroup B, C and D **Rous** *sarcoma* viruses [Assaying for avian leukosis virus antibodies]. 097408
Effect of restriction endonucleases on infectivity of **Rous** *sarcoma* virus DNA. 097459
Temperature-sensitive changes in surface modulating assemblies of fibroblasts transformed by mutants of **Rous** *sarcoma* virus. 097585
Soft **tissue** *sarcomas* [Dogs]. 097704

SARCOPHAGA
Haemolymphal activation of protyrosinase and the site of synthesis of haemolymph protoyrosinase in larvae of the fleshfly, *Sarcophaga* **barbata.** 103000
Radiosensitivity of the flesh fly, *Sarcophaga* **bullata** (Parker), throughout larval and pupal life. 103087

SARCOPHAGIDAE
Notes on Amblycoryphenes Townsend, 1918 (Diptera, *Sarcophagidae,* **Tephromyini)** [United States]. 103197

SARCOPLASMIC
Characterization of the adenosinetriphosphatase and calsequestrin isolated from *sarcoplasmic* **reticulum** of normal and dystrophic chickens. 096283
Effect of heat treatment on the ATPase [adenosine triphosphatase] activity of various *sarcoplasmic* **reticulum** preparations [Rabbit skeletal muscle]. 096343
Mechanism of an active transport of calcium. Ethoxyformylation of *sarcoplasmic* **reticulum** vesicles [Rabbit skeletal muscles]. 096426

SARCOPSYLLIDAE
Subcutaneous infection with *Dermatophilus* **congolensis** in a cat. 097402
Wildlife reservoirs of dermatophilosis *[Dermatophilus* **congolensis].** 102572
Dermatophilus **congolensis.** I. Its isolation from cattle and some morplological and physological aspects. 102604
Dermatophilus **congolensis.** II. A brain infusion medium for its isolation and culture. 102605

SARCOSPORIDIA
Diffusion and distribution of *Sarcosporidia* in **slaughtered** animals in Sardinia [Cattle, sheep, swine, horses, donkeys]. 097313

SARGASSUM
Antitumor polysaccharide fraction from *Sargassum* **thunbergii.** 099666

SARRACENIACEAE
Isolation of the insect paralyzing agent continue from *Sarracenia* **flava.** 099710
The *Sarracenia* **rubra** complex [in the southern United States]. 098699

SASA
Studies on the weed vegetation at the early stage of plantation. II. Vegetational transition on Larix leptolepis forests planted every year in *Sasa* **(Sasa** paniculata) area. 098099

SATSUMA
Fruit distribution and relative light intensity in the canopies of *Satsuma* **mandarin** orange trees. 100395
Studies on the nitrogen metabolism in *Satsuma* **mandarin** orange trees. IV. Movements of proline in the leaves concurrent with the sprouting of spring shoots and their early growth. 100396
15N [nitrogen isotopes] absorption and translocation by *Satsuma* **mandarin** orange trees. III. Behaviour of nitrogen supplied in early spring. 100397
15N [nitrogen isotope] absorption and translocation by *Satsuma* **mandarin** orange trees. IV. Behaviour of nitrogen supplied in early summer. 100398

SATURATION
Cation exchange capacity and **base** *saturation* of imperfectly drained surface Coastal Plain soils. 103722
Study of the process of fixation of tea leaves by infrared rays in a *moisture-saturated* **environment.** 095534
Saturated **hydraulic** conductivity in pedogenetic characterization of Podzols with fragipans in Quebec. 103748
Winter crops [wheat, barley, sunflower and mustard] in *saturated* **soils** of Sunderbans. 100827
Technical and economic basis for a type of hitching for farming a unit with K-701 **tractors** *saturated* with power. 103635
Ecological physiology of the lichen Hypogymnia physodes. I. Some effects of constant **water** *saturation.* 099877

SAUSAGE
Sausages **cold** cuts and menu opportunities. 095332
Bacteriological study of six types of *sausages* made in **Iran.** 094917

SAVANNAH
Effects of three nitrogen fertilizers and lime on pH [hydrogen-ion concentration] and exchangeable catton content at different depths in cropped soils at two sites in the **Nigerian** *savanna.* 104157
Contribution of organic matter and clay to the cation exchange capacity of soils in the *savanna* **zone** of Nigeria. 103723

SAWFLIES
Optimization of a method for counting the cocoons of the rusty **pine** *sawfly* Neodiprion sertifer (Hymenoptera, Diprionidae). 102518
Causes and role of diapause of **rape** *sawfly* (Athalia colibriChrist., Hymenoptera Tenthredinidae). 102350
Fecundity and parthenogenesis of the yellowheaded **spruce** *sawfly,* Pikonema alaskensis [Picea glauca]. 102479

Resistance of wheat [breeding material] to the European **stem** *sawfly* [Cephus pygmaeus]. 102314

SAWING
Causes of defective cutting by **frame** *saws.* 098209
Directions to improve the **motor** *saws.* 098207
The exploitation of the forestry resources of Brazilian Amazonia and Colombia, and the medium-term outlook for imports of logs and *sawn* **timber** from these countries on the Frenctropical wood market. 097964

SAWMILL
Intensive and extensive methods for qualitative increase of the production in *sawmills* with **band** saving machines for logs. 098213
A lumber recovery study of ten **hardwood** *sawmills* in New York. 098179
Yield and growth responses of [orchid hybrid] Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, potassium] and *sawdust* **mulch.** 104136
Survey of **portable** *sawmills.* 098436
Sawdust as a **raw** material for the pulp and paper industry. 098384
Chipping for profit in a **small** *sawmill.* 098199
Competing and parasitic fungi [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of edible wood-inhabiting mushrooms [grown on straw and *sawdust* **substrates].** 101673
Up-to-date technology of the working of deciduous wood in *sawmill* **workshop** halls. 098428

SAXIFRAGACEAE
Hydrangea [polonica] L. *(Saxifragaceae)* and **Schefflera** [dorofeevii] Forst. (Araliaceae) in the Tertiary of Poland. 098485

SCAB
Early determination of genotypes for **apple** *scab* resistance by forced flowering of test cross progenies. 099178
Epidemology of **apple** *scab* (Venturia inaequalis) on Lar Ambri and Duda Ambri [varieties]. 101477
Resistnace of introduced apple varieties to *scab* in the **conditions** of the Rostov Region. 101355
Scab **[Fusicladium** effusum] susceptibility of some newer pecan cultivars. 101513
Fungicides used for control of **peach** *scab* [Cladosporium carpophilum] may affect bacterial wilt [Xanthomonas pruni]. 101689
Tolerance of Venturia pirina to benzimidazole fungicides **[Pear** *scab].* 101568

SCABIES
The chlorogonoplasts in the seeds and tubers of potato, solanum tuberosum L., as indicator of resistance to the Streptomyces *[Scabies]* **infection.** 101310

SCALE
Cluster sampling with *large-scale* **aerial** photography in forest inventories. 097998
The relationship between the animal hygienics and technical development of *large-scale* **animal** husbandry. 096072
Trehalase, invertase, and amylase activities in the **black** *scale,* Saissetia oleae, and their relation to host adaptability [Pest of olives and atrus]. 102435
Animal health and management problems in *large-scale* **cattle** units. 097211
Atmospheric and pressurized refining of wood **chips-laboratory** *scale* studies [Pulps]. 098240
Several objectives of technical development and opportunities for control, and leading of production in *large-scale* **dairy** units. 094205
Mass transfer and *scale-up* in **fat** hydrogenation. 095466
The role of pesticides in the **increasing** *scale* of fertilizer application in farm cropping. 102145
On returns to *scale* and **input** substitutability in slave agriculture. 094226
Artificial diets for larvae of harmonia axyridis Pallas (Coleoptera: Coccinellidae), an insect predator of aphids and *scale* **insects.** 103091
Determining soil suitability for **large** *scale* rice production. 103651
Labor management in a *large-scale* **livestock** farm. 094264
Enterprise "Novy svet": experience of management [of a *large-scale* **pig** farm]. 094259
Experiences and further opportunities of the *large-scale* **pig** units. 096071
Influence of time of calving and alternate base **price** *scale* on milk profits. 094570
Critical analysis of *large-scale* **production** techniques of grain harvesting and cooperation in combine harvesting. 094735
The accuracy of establishing the boundaries of taxation sites according to spectral aerial photographs of the *scale* 1:10,000. 098050
Examination in **seven** *large-scale* cattle units on mineral supplement by winter feeding. 096613
Small *scale* wine making at Te Kauwhata Viticultural Research Station. 095890
The content and method of *small-scale* **soil** maps. 103854
Refiner pilot plant as a way to evaluate full *scale* **systems** [Mechanical pulps]. 098259

SCANNING
Pearlmillet. I. Characterization by SEM *[scanning* **electron** microscopy], amino acid analysis, lipid composition, and prolamine solubility. 095788
Scanning **electron** microscope study of the porosity of the stem hyalodermis of two peat mosses (Sphagnum palustre L. and Spagnum centrale Jens.) [Musci]. 098912
Differential Giemsa staining in plants. II. Morphological changes in chromosome structure observed with interference contrast and *scanning* **electron** microscopy [Tulipa]. 098938
Development of Dictyostelium discoideum: a study by *scanning* **electron** microscopy. 099012
Coating artefacts on pollen and other biological objects in *scanning* **electron** microscopy. 099025
Scanning **electron** microscopy of Lactarius spores. 099026
Scanning **electron** microscopic observations of Duboscqia penetrans parasitizing root-knot larvae [Meloidogyne incognita]. 101937
Scanning **electron** microscopy of insects: techniques for the novice. 103117
Scanning **microscopy** of pituitary vascular casts. 096176
Trophic classification of lakes using LANDSAT-1 (ERTS-1) [Land Satellite One, Earth Resources Technology Satellite One] **multispectral** *scanner* data [Remote sensing]. 104479
Intercellular bridges of chick blastoderm studied by *scanning* and **transmission** electron microscopy. 096350

SCARABAEIDAE
THe influence of maltose and other carbohydrates on the feeding behaviour of Heteronychus **arator** *(Scarabaeidae:* Coleoptera). 102938
Conservation in the soil of three germs pathogenic to Melolontha melolontha larvae (Coleoptera: *Scarabaeidae)* **[Biological** control]. 102234
Brood burrow construction and brood care by Heliocopris japetus (Klug) and Heliocopris hamadryas (Fabricius) **(Coleoptera,** *Scarabaeidae).* 102912
Chromosomes of Rutelinae. II. Genera Adorrhinyptia Arrow and Adoretus Cast. *(Scarabaeidae:* **Coleoptera).** 103153

SCATTERING
The *single-scattering* **albedo** of atmospheric aerosol particleas a function of relative humidity. 094060
Dynamic **light** *scattering* of bovine cornea. 096436
Small angle **X-ray** *scattering* of woody plants. 099055

SCELIONIDAE
Revisionary notes and keys to world genera of *Scelionidae* **(Hymenoptera:** Proctotrupoidea). 103192

SCENEDESMUS
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of *Scenedesmus* **obliquus.** I. Changes in the photochemical activities [Algae]. 099889
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of *Scenedesmus* **obliquus.** II. Changes in ultrastructure and pigment composition [Algae]. 099890
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of *Scenedesmus* **obliquus.** III. Recovery of the photosynthetic capacity in aged cells [Algae]. 099891

SCHEDULE
Experiment on **drying** *schedules* of imported wood. I. Red meranti (Shorea spp.). 2. Ramin (Gonystylus spp.). 098194
Food-induced changes in UV [ultraviolet]-absorption spectra of isolated chromatin from liver of rats under controlled **feeding** *schedules.* 095058
Comparison of **irrigation** *schedules* based on pan evaporation and growth stages in winter wheat. 104251
Studies on *scheduling* of **irrigations** to wheat based on critical stages and climatic approach. 104326
Apple **spray** *schedule*—1976. 101919
Stone fruit **spray** *schedule*—1976. 101920
Crop **spraying** *schedules* against rapeseeds and mustard pests [Lipaphis erysimi]. 102371

SCHEFFLERA
Hydrangea [polonica] L. (Saxifragaceae) and *Schefflera* **[dorofeevii]** Forst. (Araliaceae) in the Tertiary of Poland. 098485

SCHISTOCERCA
Forecasting infestations of tropical migrant pests: the Desert Locust *[Schistocerca* **gregaria]** and the African Armyworm [Spodoptera exempta]. 102272
The pattern of ecdysone levels during development in the desert locust, *Schistocerca* **gregaria.** 103022
Influence of an artificial nutrition with a meridic diet on several biological characters of the desert **locust** *Schistocerca* gregaria Forsk. 102846

SCHISTOSOMA
Schistosomiasis in the Nile basin [including *Schistosoma* **bovis** parasitic in cattle]. 097448
Pulmonary schistosomiasis in sheep and goats due to *Schistosoma* **indicum** in India. 097400
Biological control of mollusc vectors of schistosomiasis *[Schistosoma* **mansoni].** 097273
Studies on the epizootiology of nasal schistosomiasis *[Schistosoma* **nasale]** of bovines. 1. Prevalence and incidence of infection. 097451

SCHISTOSOMIASIS
Studies on the epizootiology of **nasal** *schistosomiasis* [Schistosoma nasale] of bovines. 1. Prevalence and incidence of infection. 097451
Schistosomiasis in the **Nile** basin [including Schistosoma bovis parasitic in cattle]. 097448
Pulmonary *schistosomiasis* in sheep and goats due to Schistosoma indicum in India. 097400
Biological control of mollusc vectors of *schistosomiasis* **[Schistosoma** mansoni]. 097273

SCHIZAPHIS
Color responses of cereal aphids *[Schizaphis* **graminum,** Macrosiphum avenae, Rhopalosiphum]. 102280

SCHIZOSACCHAROMYCES
The genetic instabilities of the mating type locus in fission yeast *[Schizosaccharomyces* **pombe].** 099344
Sugar and polyol permeability of Salmonella and osmophilic yeast [Saccharomyces rouxii, *Schizosaccharomyces* **pombe]** cell membranes measured by turbidimetry, and its relation to heat resistance. 099805
The effect of sugars and polyols on the heat resistance and morphology of osmophilic yeasts [Saccharomyces rouxii and *Schizosaccharomyces* **pombe].** 099806
Transport of glucose and glycine in *Schizosaccharomyces* **pombe** during the cell cycle [Yeasts]. 099814

SCHOOLS
Nutrition week: an effective learning experience in the *school* **community.** 095081
How do *school* **foodservice** employees feel about their work? 095302
Yale's new Dean *[School* of **Forestry** and Environmental Studies]—Hank Foster. 097874
Our experience from a *school* in the **German** Democratic Republic, at which staff of lower and medium qualification is trained [Agricultural mechanization]. 103499
Evaluation of a **ghetto** *school* breakfast program. 095375
The *school* **health** service as a means of entry into the inner-city family for the identification of malnourished children. 095010
Curriculum materials and nutritional learning at the **high** *school* level. 095154
School **lunch** utopia: no impossible dream. 095267
School **lunch** - is it 'worthwhile'? 095371
Nutrition education in the **medical** *school* curriculum: a proposal for action: a curriculum design. 095307
Nutritional status of Head Start and **nursery** *school* children. I. Food intake and anthropometric measurements. 095132
Implications of **public** *school* finance reform with local control [Taxation, Georgia]. 094376
Economic analysis of the activities of farm industries (Methodological draft for *schools* of **qualification** improvement). 094156
Technology of milk and beef production on an industrial basis (methodological drafting for *schools* of **qualification** improvement). 094272
Operation and technical service of the [farm] machinery and tractor fleet (Methodological draft for *schools* of **qualification** improvement of agricultural personnel). 103475
Economic means of production management in state farms (Methodological drafts for teachers in *schools* for **qualificationimprovement).** 094258
Effects on pregnant adolescents of attending a **special** *school.* 095127

SCIARIDAE
Some metabolic disorders affecting the carotenoid-linked haemolymph proteins in Rhynchosciara americana **(Diptera,** *Sciaridae).* 102935

SCIONS
Packing media: what's best? [for storage of **dormant** *scions* of the pecan, Carya illinoensis]. 101219

SCIRPUS
Dicellomyces scirpi (Basidiomycetes) [pathogen of *Scirpus* **sylvaticus],** new to Britain. 101646

SCIRRHIA
Mortality of longleaf pine [Pinus palustris] seedlings following a winter burn against brown-spot needle blight *[Scirrhia* **acicola].** 101660

SCLERODERRIS
Potential insect transmission of *Scleroderris* **lagerbergii** by scolytid beetles [Pinus banksiana, insect disease vectors]. 101559

SCLEROSPORA
An inoculation technique for identifying resistance to sorghum downy mildew *[Sclerospora* **sorghi].** 101546

SCLEROTINIA
Snow molds on winter cereals in northern Saskatchewan in 1974 [Typhula, *Sclerotinia* **borealis,** Fusarium nivale, wheat, rye]. 101386
Resistance of carrot varieties to brown rot [Phoma rostrupii] and white **rot** *[Sclerotinia].* 101351
Bean canopy structure influences white mold *[Sclerotinia* **sclerotiorum]** disease development. 101318

Feasibility of microclimate modification for control of white mold *[Sclerotinia* **sclerotiorum]** disease of bean. 101321
Sclerotia populations of *Sclerotinia* **sclerotiorum** in different crop rotations [Beans, beets, maize]. 101324
Bush bean mold control *[Sclerotinia* **sclerotiorum,** Botrytis cinerea]. 101325
Formation of apothecia in *Sclerotinia* **sclerotiorum.** 101476
Biology and control of *Sclerotinia* **sclerotiorum** in cauliflower and tomato crops in coastal New South Wales. 101548

SCLEROTIUM
Soybean seedling diseases associated with double cropping *[Sclerotium* **folfsii,** Rhizoctonia solani]. 101329
Effect of volatile inhibitors from natural and amended soils on germination of *sclerotia* of **Macrophomina** phaseolina [the fungus that causes charcoal rot on corn, sorghum, soybean, and other economic crop plants]. 101380
Dextranase production by certain plant pathogenic fungi [Rhizoctonia bataticola, *Sclerotium* **oryzae,** Fusarium oxysporum f. melonis]. 099686
Sclerotia **populations** of Sclerotinia sclerotiorum in different crop rotations [Beans, beets, maize]. 101324
Regulation of *sclerotium* **production** by primary metabolites in Coprinus cinereus (=C. lagopus sensu Lewis) [Fungi]. 100030
The effect of light on acid-soluble polysaccharide accumulation in *Sclerotium* **rolfsii** Sacc. [Fungi]. 099633
Foot and bulb rot *[Sclerotium* **rolfsii]** of Ornithogalum virens. 101401
Leaf blight of cowpea (Vigna sinensis Endl.) caused by *Sclerotium* **rolfsii** Sacc. 101405
Adaptation of *Sclerotium* **rolfsii** Sacc. To fungicides. 101497
Host range and thermal inactivation of a cowpea isolate of *Sclerotium* **rolfsii.** 101500
Pod rot complex [Pythium myriotylum, Rhizoctonia solani, *Sclerotium* **rolfsii,** peanuts]. 101511
The nature of inhibitory activity of pentachloronitrobenzene to sclerotia of *Sclerotium* **rolfsii** Sacc. [Isolated from infected sugarbeet roots]. 101672
Study of the immunity of sunflower to charcoal **rot** *(Sclerotium* bataticola Taub.]. 101469
The nature of inhibitory activity of pentachloronitrobenzene to *sclerotia* of **Sclerotium** rolfsii Sacc. [Isolated from infected sugarbeet roots]. 101672

SCOLYTIDAE
Sound production in *Scolytidae:* **aggressive** and mating behavior of the mountain pine beetle [Dendroctonus ponderosae]. 102480
Potential insect transmission of Scleroderris lagerbergii by *scolytid* **beetles** [Pinus banksiana, insect disease vectors]. 101559
Root pathogens as agents predisposing ponderosa pine and white fir [Abies concolor] to bark beetles *[Scolytidae,* **Fomes** annosus]. 102492
Spruce [Picea] bark beetles (Coleoptera, *Scolytidae)* in the **Latvian** SSR. 102491
Sound production in *Scolytidae:* **rivalry** and premating stridulation of male Douglas-fir beetle [Dendroctonus pseudotsugae]. 103016

SCOLYTUS
Will [Dutch] elm disease be able to spread in Denmark? *[Scolytus* as **insect** vector of Ceratostomella ulmi, Ulmus]. 102524
Risk of injury from [Dutch] elm disease [Ceratocystis ulmi] in Denmark *[Scolytus* **laevis** as insect vector, Ulmus]. 101662
Sanitation: a practical protection against Dutch elm disease in Fredericton, New Brunswick [Ceratocystis ulmi, Ulmus americana, *Scolytus* **multistriatus** and Hylurgopinus rufipes as insect vectors]. 101562

SCOPOLAMINE
Quantitative determination of total alkaloids and *scopolamine* in **Datura** ferox growing in Argentina. 099939

SCOPOLIA
Separation of potato spindle tuber viroid ribonucleic acid from *Scopolia* **sinensis** into three infectious forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737

SCORE
New *scoring* method in the sensory qualification of carbonated beverages. 094833
You *score* with **nutrition.** 095087
Correlation of gas chromatographic profiles and **organoleptic** *scores* of different fats and oils after simulated deep fat frying. 095463
Yoplait **yogurt** *scores* smashing success in the middle of the U. S. A. [Marketing]. 094466

SCORPIONS
Changes in the free amino acid pattern of haemolymph of the common **Indian** *scorpion* Palamnaeus bengalensis during moulting. 102925

SCREENING
Screening & **cleaning**—conventional & thermal mechanical pulps. 098261
Values of three **coagulation** *screening* tests of precolostral calves. 096287
Screening quotient—an index of performance for *screening* **evaluation** [Pulp mill]. 098263
Screening of rice cultivars for tolerance to Al [aluminum]toxicity in nutrient solutions as compared with a **field** *screening* method. 101837
A method using aminoacylation of transfer ribonucleic acid (tRNA) from wheat embryo and isotope dilution for *screening* of **genotypes** with improved protein content and quality. 099307
Nuclear methods for detecting root activity [Barley, in *screening* of **genotypes].** 099310
Integrated field and **glasshouse** *screening* for environmental sensitivity in cow pea (Vigna unguiculata). 100411
Screening of different **granular** formulations against maize pests with special reference to maize stem borer, Chilo partelus Swinhoe. 102276
Model trials for *screening* the **H2O,** CO2 and O2 [water, carbon dioxide, oxygen] permeatility of certain oil substances in regared to their suitability as antitranspirans [Barley, maize]. 100105
Chip quality evaluation: comparison of a combination slot screen-round **hole** *screen* with a round-hole screen classifier. 098399
To screen or not to *screen* and **how** it can be done with thermomechanical pulp. 098277
Screening by **negative** chemical ionization mass spectrometry for environmental contamination with toxic [pesticide] residues: application to human urines. 102762
Frequency of control plots in *screening* **nurseries** for protein content [Wheat, barley, planting distance]. 100769
Evaluation of *screens* by **optical** measurements [Pulps, shives analysis]. 098245
Organized *screening*—a time-saving physical examination [Veterinary medicine]. 097112
Estimating potential evapotranspiration from *screened* **pan** evaporation. 104250
Screening **quotient**—an index of performance for screening evaluation [Pulp mill]. 098263
Inoculation of barley with mixtures of buff and brown teliospores as an aid to *screening* for **resistance** to Ustilago nuda. 101556
Screening of **rice** cultivars for tolerance to Al [aluminum]toxicity in nutrient solutions as compared with a field screening method. 101837
Chip quality evaluation: comparison of a combination slot screen-round hole screen with a **round-hole** *screen* classifier. 098399
To *screen* or not to **screen** and how it can be done with thermomechanical pulp. 098277
Development of a **seedling** *screening* test for predicting relative grain protein content in oats. 099175
Chip quality evaluation: comparison of a combination **slot** *screen-round* hole screen with a round-hole screen classifier. 098399
Screening **soybean** varieties and hybrids for resistance to soybean mosaic virus. 101801
Evaluation of *screening* **techniques** and determination of criteria for assessing resistance to Corynebacterium michiganense in tomato [Bacterial canker]. 099180
Screening of **thermomechanical** pulp. 098262

SCREWWORM
Screwworm [**Cochliomyia** hominivorax] eradication: inadvertent selection for noncompetitive ecotypes during mass rearing [Livestock pests]. 102612
Screwworm **flies** [Cochliomyia hominivorax] for sterile-male releases: laboratory observations of the quality of newer candidate strains. 102552

SCROPHULARIACEAE
